## TATE THE CHOICE

F. C. Tate, the Haultain  
Candidate in Regina County  
--Sure of Success--Sinton  
His Opponent.

The Borden Club was packed to  
its full capacity last Thursday after-  
noon, when delegates from all parts  
of the Regina county constituency  
gathered to select a Haultain candi-  
date for the coming contest. The  
meeting was called to order shortly  
after two o'clock and S. Chivers  
Wilson elected to the chair. Only  
two names were placed in nomina-  
tion those of J. B. Hawkes of Bal-  
gonie, and F. C. Tate of Wascana.  
Both candidates made rousing  
speeches before the ballot was taken.  
A considerable time was taken in  
counting the ballots during which a  
splendid speech was delivered by Mr.  
G. S. Houston.

The result of the ballot showed in  
favor of Mr. Tate and Mr. Hawkes  
as once rose and moved that the  
unanimous tender of the convention  
be offered to Mr. Tate. At the same  
time Mr. Hawkes pledged himself to  
support the candidate and do all in  
his power to secure his election.  
Mr. Tate accepted the nomination  
and paid a tribute to Mr. Hawkes  
and his worth as a citizen and sup-  
porter of the Hon. F. W. G. Haultain.

The convention would have made  
no mistake no matter which man  
was selected. Mr. Hawkes has shown  
himself a very strong man in the  
past and with his support Mr. Tate  
who put up a very creditable fight  
last time, is practically assured of  
election on Aug. 13th.

## SINTON RUNS

The Liberals of Regina county met  
in the Spart Bros. hall last Friday  
afternoon to select a candidate.  
The Lumsden district was strong  
on a man from that point and op-  
posed with some strength the ma-  
chine candidate, Mr. Sinton.

Four names were placed in nomi-  
nation, Jno. Martin, Disley, R. A.  
Carman, Balgonie, W. B. Watkins,  
Lumsden and Robt. Sinton. Regina.  
The first two named withdrew and  
a ballot was taken to decide whether  
it would be Sinton or Watkins.  
The count showed Sinton to have  
a small majority.  
The people from the north western  
part of the constituency are disas-  
tressed and a good many Liberals will  
either vote for Mr. Tate or refrain  
from voting.  
The Liberals concede that Mr.  
Tate will carry the constituency.

## Tate Meetings

F. C. Tate will hold meetings as  
follows this week:  
Thursday, Aug. 6--Sherwood.  
Friday, Aug. 7--Belle Plaine.  
Saturday, Aug. 8--Pense.

## LAIRD IS AFTER SCOTT

Regina Candidate Takes Action  
Against the Premier and His  
Organ for Alleged Libel.

Ever since the campaign opened  
Mr. Scott has used his utmost en-  
deavor by general insinuations to  
discredit H. W. Laird, the Haultain  
candidate in Regina. Mr. Laird has  
time and again, dared Mr. Scott to  
come out and make a specific charge.  
Last evening, however, Mr. Laird re-  
ceived a letter from Mr. Scott which  
he deemed of sufficient specific to  
take action. The letter was publish-  
ed in Mr. Scott's organ this morning  
and Mr. Laird, through his solicitor,  
Mr. J. F. L. Embury, has taken  
both criminal and civil action against  
Mr. Scott and his organ, The Leader.  
The charge for which Mr. Scott  
is being prosecuted arises from the  
statement that Mr. Scott makes in  
regard to Mr. Laird's action while  
a member of Regina municipal council.

## Crooked at Weyburn

Weyburn, Sask., Aug. 3--A few  
days ago Mr. P. E. Metherell, the re-  
turning officer, gave Mr. Beischel's  
supporters a list of the polling dis-  
tricts with their boundaries. Relying  
on the word of this gentleman, the  
Provincial Righters proceeded to or-  
ganize the several polls. When the  
proclamation was issued, it was found  
four new polls in the unsettled por-  
tions of the district. There is no  
doubt that this is an attempt to di-  
plicate the Prince Albert, Battledore  
and Redberry outrages of the last  
election. The machine Liberals here  
are playing with loaded dice and the  
supporters of Mr. Beischel are being  
subjected to the most unfair treat-  
ment.

## Uncle Tom's Cabin

Downie's Colossal Dramatic and  
scene production will exhibit in Re-  
gina, Monday afternoon and evening  
Aug. 17, under big waterproof tents.  
One of the largest organizations of  
white and colored artists ever gath-  
ered together in one organization  
has been engaged for this season.  
The company numbers fifty people,  
white and colored. A clever quar-  
tette of singers and dancers who add  
materially to the program by a num-  
ber of high class specialties are also  
with this great company. Taken as  
a whole, it is an entertainment that  
can be enjoyed by both old and  
young.

This big company travels in pri-  
vate pullman cars, and have with  
them two bands, a number of ponies,  
dogs, donkeys and little carts, car-  
riages, boats, etc., and give a grand  
glittering street parade daily at  
noon. Prices 25 and 50 cents.

FOR CLEANING CARPETS  
USE SUFFICIENT

## "YOUNG TOM"

to make a painful of rich suds. Take a sponge  
or woollen cloth (sponge preferred) dip into suds,  
and squeeze until reasonably dry; wipe over  
surface of carpet, covering a small area at each  
time, then after thoroughly rinsing in clean water  
take sponge and go over soaped surface thus re-  
moving all traces of soap from the carpet.  
Sponge over the whole carpet in this manner and  
you will find that you have it thoroughly clean.

Makes Carpet Look Like New

"YOUNG TOM" Washing Powder

FINANCIAL SITUATION IN THIS PROVINCE

Is in a Sad Condition--The Province in Debt Notwithstanding Scott's Boast of Ample Revenue--Switching of Accounts in the Endeavor to Keep Up Appearances.

This is the time for an examination of the public accounts. On every hand inquiry is being made into the financial affairs of even the reported soundest of business concerns...

WELL FOUNDED SUSPICION. There is a well founded suspicion that the finances of Saskatchewan are not in as satisfactory a condition as could be desired, or, at least, as they should be.

DIRECT TAXATION. In the last recourse of governments. When it is employed, the public may be reasonably sure that the treasury is depleted.

other hand it spent \$882,511 less than was voted by the Legislature. But with all this luck and slaying, a surplus of only \$1,167 remains.

Table with columns: Legislative buildings and grounds, Court Houses, Moose Jaw, Saskatoon, Battleford and Ar., etc.

RECORD OF DECREASE. The record of descent is as follows: Surplus, Dec. 31, 1905, \$546,704.63

SWITCHING ACCOUNTS. Although the government began the financial year 1908-09 with a cash surplus of only \$1,167.72, it claims a balance at credit of \$329,494.06.

WITHOUT INTEREST. The Premier boasts that for two years and a half the Provincial administration has been carried on without the payment of a dollar of interest.

AN ACTUAL DEFICIT. Instead of there being a surplus there was, on the actual receipts and expenditures for the twelve months, a large deficit.

THE \$1,677 SURPLUS. The utmost that the government can show in the form of a cash surplus is \$1,167.72, the receipts last year being \$2,420,400.67.

DEVI'S FOOT. To one cup of sweet milk add one cup of sugar. Beat the whites of two eggs until stiff, add the cream and beat thoroughly.

revenue; but in the present instance they were dealing with a larger revenue than they would probably have to deal with in the course of the next few years, and claimed that the course followed by the Government was the proper one under the circumstances.

As the Premier announced the total expenditure on public works during 1908-07 was charged to current account or income, the book being audited by the Provincial auditor, no division into capital and current sections appearing in the printed statement.

THE INTENTION. If the intention had been merely to advance from income the amount spent on permanent works in 1908-07, namely, \$235,080.98 then the credit should have appeared in the accounts of 1907-08, and instead of a balance of \$482,280.14 having been brought forward the amount would have been \$17,360.12, less \$36,750, the annual Dominion grant for buildings.

EXPENDITURE. This miserable little surplus of \$1,167.72 leads one to ask where the big ones, running well into the hundreds of thousands, have gone. And here it may be remarked, that the study of the government's financial record might very aptly be described as the study of the disappearance of surpluses.

REVENUE. 14 months ending Feb. 28, 07 \$1,599,431 12 months ending Feb. 28, 08 \$2,410,232 or 30 per cent. increase.

PROSPECTIVE EXPENDITURE. A glance at some of the items of prospective expenditure will be of interest. Upon the Government's own confession it owes \$329,286.34 on capital account which will be met out of the proceeds of a loan soon to be floated.

PREMIER'S REASON. To this the Premier replied: "He also agreed with the leader of the Opposition that it would not be fair to continue to take the current revenue money for capital expenditure; but as his friend had pointed out, he had this year a comparatively inflated revenue, owing to the half a million dollars which were available this year through the exceptional condition of last year."

INCREASED EXPENDITURE, WITHOUT ASSETS. The great increase in expenditure during the last two years, would, if itself, afford valid ground for criticism; but when it is remembered that it is an increase without assets, there is no need to justify or extenuate criticism.

the province in a few years, there will be no assets but the institutions themselves, which are not revenue producing. If expenditure now exceeds revenue, very probably it will much more exceed it in a few years, to say nothing of the additional interest charge.

MANITOBA AND THE LANDS. Premier Scott has many times made the statement that as far as the inclusion of new territory within that Province is concerned, Premier Roblin would soon have a money grant similar to that which Saskatchewan receives from the lands themselves.

Dear Sir--Your letter of July 1, received. The statement made, as reported by you, is in a measure correct. The province of Manitoba demands a consideration for the loss of lands, timber and fisheries that have been taken from her by the Dominion and to be indemnified reasonably for such appropriation of public domain as the other provinces, excepting Alberta and Saskatchewan, have been allowed to retain.

LAUVI SPENDING. One would naturally conclude that the Province being without assets, the Government would expend its revenue very carefully; that it would economize wherever it could and save the money lender as long as possible.

Battleford Fair. High class sporting events with purses up to \$600, and occupying four days, comprises the excellent program of horse races at the Battleford fair, on August, 11, 12, 13, and 14th.

CITY OF REGINA PRIZE. 200 Yards, 7 Shots. C. O. Saxton, 27 R. H. Lock, 26 F. Anderson, 24 J. G. Coles, 23 F. Fotheringham, 22 W. H. Hewgill, 21

REGINA EDMONTON. Single Fare \$16.30 30 Day Return Fare \$26.50

GOOD SCORES MADE AT ANNUAL RIFLE SHOOT

Annual Meeting Elects Officers--All Satisfied with Arrangements--The Winners in the Different Events--President W. M. Williamson, and Secretary C. H. Gordon, Re-Elected.

The annual shooting contest of the Saskatchewan Rifle Association was held last week. The weather through out was favorable with the exception of Wednesday when rain intervened.

Patrons: His Hon. Lieut-Governor Forget, Commissioner Pett, R. N.W.M.P.; Col. Evans, D.O.C. Vice Patrons: Hon. Walter Scott, Col. Saunders, Col. Gwynne, Grenfell, Attorney General Turgeon, Major Hewgill, F. W. G. Haultain, Hon. J. A. Calder, Hon. W. R. Motherwell, R. S. Lake, M.P.; W. E. Knowles, M.P.; J. G. Turriff, M.P.; Dr. Cash, M.P.; Geo. E. McCraney, M.P.; J. F. Bole, M.P.P.; Major Armstrong, Moose Jaw; Major Christie, Regina; and all commanding officers of Regiments in Saskatchewan.

The scores in the different matches were as follows: SASKATCHEWAN MATCH. 500 Yards, 7 Shots. A. Baynton, Duck Lake, 81 H. A. English, 80 G. Robinson, R.N.W.M.P., 80 Const. Taylor, R.N.W.M.P., 80 Insp. Knight, R.N.W.M.P., 80 R. F. Lucas, Duck Lake, 80 W. T. Irving, Grenfell, 80 Sgt. Vickery, R.N.W.M.P., 29 F. S. Cormie, Broadview, 29 A. L. Brown, Broadview, 29 E. WEDNESDAY, AUGUST 5, 1908

Time for a Change

That the people of this province should so heartily sick of the Scott excuse for a government after they have been administering the affairs of the province for less than three years is not to be wondered at when a short review of what has taken place in that time is considered.

In the first place the Lieut.-Governor was instructed to call upon Walter Scott to form the first government of the province, because Mr. Scott swallowed so meekly the Saskatchewan Act, by the terms of which this province was deprived of its public resources, lands, timber and minerals. He swallowed the Autonomy Bill in 1905 notwithstanding the fact that he had supported the Haultain draft bill a short time before. Scott's swallowing act was the first intimation that the public had that he was the tool of the Ottawa administration. However, he got his reward for his subserviency.

After selecting his cabinet he went to the country in 1905 and actually stole into power. All the old settled districts, notwithstanding the fixing up of the seats, voted overwhelmingly against his party, and from the "back settlements" as he himself termed them, he got a sufficient number of members to sustain him in his administration. The way these back settlements were worked and the conduct of the election of 1905 will ever remain a black page in our provincial history. Stuffing of ballot boxes, the voting of ghosts, the naturalizing of foreigners who had not been the required length of time in the country and all sorts of corrupt practices were resorted to. However, when these infamous tricks were pointed out after the election, the government friends had some of their tools sent out of Canada, and these crooks did not suffer financial loss by their journeys either. It looked very much as if the government were anxious to have these friends of theirs protected.

What could be expected of men who in the first place would allow themselves to be made catspaws for Laurier and in the second place would stoop to such election methods? Could good, honest administration be really expected? Whether the people expected it or not, there is one thing sure and that is that they did not get it.

Where has the ample revenue gone that they boasted we were to get under the Saskatchewan Act. They started the "business of the country" with about \$600,000 in the treasury, and at the end of the last fiscal year the province owed about \$300,000. The money was squandered. They paid themselves good salaries and did not go short on travelling expenses. Their friends got good jobs. If there were friends for whom there were no jobs, why jobs were made for them. Take as an instance the four game guardians who cost the province thousands of dollars last year, and their services were practically valueless. Then again, their actions respecting the Moose Jaw Court house site and the Regina parliament buildings site and contract, show where some of the money has gone to. Economy is not known in the Scott administration's

political life. Their extravagance has gone to extremes. In 1905 they claimed that if Haultain was elected there would be direct taxation, and yet outsiders would hardly believe it, but the Scott administration before they had been together for two years imposed on the people one of the most unjust direct taxes that has ever been levied by any administration. By this tax about one-seventh of the revenue of the province is raised. Not only has the province been extravagantly administered and the Scott government violated its pledges, but there are ample examples to show that the members of the government think nothing of their word. They cannot be believed. This is a serious charge against a public man. Nevertheless it is true of the premier. He made the statement at the recent session of the assembly that the House would meet again in the autumn, and within a month after that statement was made the House was dissolved. In view of this, the farmers who are being promised railways to their doors can take Walter Scott's words for what they are worth. He would tell you anything, and perhaps promise you anything to get your support in this election. Are you going to trust him? The record of his government is one that all thinking people would not care to have repeated. Do the electors want any more of it, or do they want a change? We think that it is time for a change and that these pigmies should be wiped off the slate, and let their place be taken by an honest administration. The opportunity is here now and the man to vote for is Hon. F. W. G. Haultain who has a public record above reproach.

Just a Scheme

It can hardly be expected that the smaller Liberal fry throughout the country would be expected to try a square deal in the campaign when the premier is so bold in his attempts to buy up the people to vote for his party. Here is how Scott and his outfit do it:

Railways are wanted and wanted badly in some parts of this province. The Scott party through their leader has issued a map which purports to show some of the lines they will have built if they are returned to power. On the side they practically promise a branch line of a railway to almost every elector's door. What is this but an attempt at bribery?

What do the electors in the country think of such promises and such a rosy picture of a railroad to their door made and presented just before the elections?

Were the Scott party returned to power, we all know that they would not be in a position to keep these promises or do anything more than what Mr. Haultain could do. Supposing the government guaranteed these bonds and had to pay the interest, where is the money coming from to do it? We have not enough revenue now to pay the ordinary running expenses of the country without going into debt. The only answer is that the money would be raised by direct taxation.

That is the only way unless we get our lands. With our public lands the question is easily settled and we will not be subject to direct taxation either.

The railway plot of Mr. Scott's is only a scheme, dangled before the electors before elections in order that the unthinking may grab at it like the drowning man at a straw.

Regina County

The constituency of Regina county will most certainly return a farmer to represent them in the next assembly. In Mr. Tate they will have a man of good ability and a man of marked integrity, honor and upright-ness; a man who will not be a slave to any party, but will place the interests of his constituents above all else. There is no doubt, but what he will be elected by a large majority. Mr. Scott admitted this when he deserted the constituency and showed the white feather when it got near the time for his old constituents to pass judgment on his record for the past three years.

While Mr. Sinton may make a good citizen yet as the representative of such a splendid constituency as Regina County, he could not help from his general make up but be a miserable failure. Farmers vote for your own interests and make Tate's majority near the 1,000 mark.

Reason Why

The Grenfell Sun, edited by John Nichols, in the issue of July 29th gives the following as its reason for opposing the Scott party:

"We will not discuss at present what in our opinion are some of the principal local causes of the government's action. But we will re-state briefly the reasons for our own opposition to them."

1st—Only urgent public necessity could justify the government in suddenly springing the elections on the people at the present time and under present circumstances.

2nd—No necessity was known or has been shown to exist.

The government, therefore, was not justified in doing as they have done, and should be opposed by all intelligent and unprejudiced electors as mere party opportunists, who are using their position for party and personal ends. As such we oppose them.

The dissolution is all the more unjustifiable at present as a corp of returning officers have been at work for some time at the preparation of voters' lists. As the elections are now to be held on lists prepared by enumerators as under the old territorial law, the new lists will be absolutely worthless and a great many thousands of dollars absolutely thrown away thereby. Then, again, we believe the dissolution is a clear breach of faith with the late legislature, as it was distinctly understood before prorogation that another session of the legislature would be held in the autumn. Breaches of faith on the part of public men cause lack of confidence and trust among the people, the better class of electors often become disgusted at being so often deceived and refuse to take any active part in public affairs, and the national life and character are left in the hands of the unscrupulous and least worthy class of politicians and voters. Political corruption spreads its baleful blight over all departments of public life and it is only when the incubus becomes too great to be borne, as in 1896, that the people at last aroused to the vital necessity of the case, arise and put an end to it for a time.

Editorial Notes.

We understand that the Saskatchewan manager of the Sun Life Assurance Co. expects to be knighted for his pyrotechnic services to the Liberal party during this campaign. We fear, however, that he will be among the benighted Liberals.

C. C. Knight has been delegated to secure the liquor vote for Scott in this election.

'S'wift 'C'urrent 'O'ught 'T'o 'T'remble.

Scott, Skidoo to Swift Current? Scott shouts Graft at Laird. Perhaps Walter will give us the real truth about the contract being awarded to P. Lyall & Sons at a figure far in excess of what the work could have been done for? Perhaps he will tell us the truth about his stock in the Saskatchewan Valley Land Co.? Perhaps he will tell us the truth about the Moose Jaw court house site and several other strange things.

Support the best public sentiment of Western Canada and help Fred Haultain in his brave struggle against the crookedest bunch of political charlatans that ever came down the pike.—Calgary Eye Opener.

In less than three years with their boasted ample revenue, the Scott government had to resort to a direct tax of one cent an acre. If they are given five years the farmers may reasonably expect that they will have to pay a direct tax of about five cents an acre.

Calder and Scott have become hopelessly muddled over the financial situation in the province. They want five years in order that they may make the taxes heavy enough to bring about a real surplus.

Haultain and Saskatchewan's rights?

Do the electors want Haultain and their rights or Scott and more taxes?

So far Walter Scott has not improved the charge made by the editor of this paper a few years ago regarding Mr. Scott and the civil service. Is the condition of the present staff of western civil servants much improved? Who are the immigration agents and homestead inspectors working for these days? Does Scott know anything about it?

The Past—Scott, Ottawa dictation, graft, dishonor and disgrace, extravagance and direct taxation.  
 The Future—Haultain, home rule, honesty, economy and provincial rights.

Scott and Calder propose to borrow by way of bonds millions of dollars. They have appointed Clifford Sifton as the agent to sell the bonds and the people know that Sifton does not work for nothing. How much is there in it?

Premier Scott does get so worked up when the Calder-Morang contract is mentioned. My, if he only had Calder on his knee when he does that stunt.

If the farmers don't want any more direct taxation, they should vote for the Haultain candidates. If Mr. Scott thinks that the electors are as good at "swallowing" as he is, he is mistaken. Scott swallowed the autonomy bill without the people of the province getting their lands, and he said they would be satisfied with nothing less. The C.P.R. exemption question was not settled and he said the people would be crazy to accept autonomy until that question was settled. Scott swallowed, Calder, Saul and the Morang contract. Scott swallowed Maxwell's report and gave P. Lyall & Sons the parliament buildings contract. Now he expects the people to swallow him. It's too hard Mr. Scott. It can't be done even if you were to offer them some of your \$10,000 worth of stock in the Saskatchewan Valley Land Co.

Why didn't Saskatchewan get its lands instead of it being given to Walter Scott and other shareholders in the Saskatchewan Valley Land Co.?

of good and efficient government. In 1895 by what argument was the retention of the public lands by Ottawa justified? By the argument that to administer them from Regina would be to hand them over to a weak government to tempt the rapacity of the spoiler. But can any one stand up, and with a serious face say that the spoiler at Regina would be more rapacious than the breed which is developed at Ottawa? Can Regina produce a more highly developed specimen of his kind than Skifton and his brother-in-law, Burrows? If not infrequently it is found that the robber who takes away one's possessions leaves the unhappy one in the enjoyment of those things which are commonly called rights as distinguished from property. For these the robber bold generally has a contempt. Let others have principle, he is satisfied with perforce. But not so with Ottawa. Not only does it withhold our rightful inheritance, but it arrogates the right of determining when and how we shall vote. The dissolution of the legislature within sixty hours after the premier returned, was one of the most cynical acts that could be applied to a people supposedly enjoying a wide measure of autonomous government. Even the chief Liberals of Saskatchewan had little more to do with the action of the premier than with the Liberals of Ontario. Ottawa suggested the act and the date, and the premier obediently acquiesced. Such complete self-surrender must be the marvel of the older provinces. Again we repeat the question: are the people of Saskatchewan content to be governed from Ottawa? We think not.

bilty company. We have entered into an agreement whereby such company shall be formed should our tender be accepted. Shares in the proposed company are to be taken by the different members as follows:

Messrs Snyder Bros.	50,000
Charles Willoughby	20,000
William H. Dimean	20,000
William Wilson	5,000
William A. Wilson	5,000
James Balfour	10,000
William T. Mollard	10,000
Thomas B. Patton	5,000
Total	\$140,000

We, however, are quite agreeable that we should form an ordinary partnership to carry out the work, if such latter organization would be preferable to the Government.

(Signed),

A. J. SNYDER,  
J. W. SNYDER,  
W. A. SNYDER,  
V. L. SNYDER,  
W. A. WILSON,  
W. H. DUNCAN,  
T. B. PATTON,  
WILLIAM WILSON,  
CHAS. WILLOUGHBY,  
W. T. MOLLARD,  
JAMES BALFOUR.

What more did Mr. Scott want? Every member of that company had fulfilled the condition, under which he has declared "their tender might have been considered". Was that not enough? Of course Mr. Scott was only making excuses. He did not intend to let the contract to a local firm at all, because it had to go to Peter Lyall & Sons. Mr. Scott had orders to that effect, and he carried out those orders.

Saskatchewan has to "swallow" again, and the eastern contractor gets the money. Incidentally the province pays \$120,000 more than would have been necessary had the lowest tender been accepted.

(Regina Standard.) When Premier Scott spoke in Regina it was quite natural that he should state the reasons why a local firm, or at any rate the lowest tenderer, did not get the contract for the erection of the new Legislative and Administrative Buildings here. Some tall explaining has to be done to convince the people of Regina and of Saskatchewan that the Premier's motives in awarding the contract as he did were those stated in his interviews and on the public platform, but after the meeting last week when the Premier opened the campaign here, he felt satisfied that he had made himself square with the people on that deal at least.

But not so. Since the Premier made his statement some mere facts have come to light which show up anew the attitude of the government toward the western men. Mr. Scott stated that he had chosen to pursue the easy course he would have awarded the contract to the lowest tenderer. He had asked his deputy, he said, for an estimate of the required resources of any firm undertaking to do the work, and the figure had been placed at \$400,000. The architect had also been independently asked for his estimate and had given it as \$450,000. Reading from the architect's letter he pointed out that the local company, Snyder, Willoughby and Co. had a capital of \$140,000 and while it was composed of eleven of the most reputable citizens of Regina; many of them old personal friends of his; the majority of them personal political supporters; and most of them of considerable wealth, the architect held that the capital of \$140,000 was inadequate.

But Mr. Scott added: "IF THESE MEN HAD BACKED THEIR TENDER WITH A PLEDGE OF THEIR INDIVIDUAL RESOURCES, THEIR TENDER MIGHT HAVE BEEN CONSIDERED."

Now, what are the facts? On June 26 the deputy commissioner of the public works department wrote Snyder, Willoughby and Co. as follows:

Sirs,—By direction I am to request you to inform the Commissioner whether in the event of the contract for the construction of the Legislative and Executive Buildings being awarded upon your tender, you intend to proceed with the work as a partnership or as a limited liability company.

Your reply should be signed by each person who signed your original tender.

I have the honor to be, Your obedient servant,

(Sgd) F. J. ROBINSON, Deputy Commissioner.

Steps were thus taken to find out whether or not the contract was to be carried out as a limited company, or whether the members of the firm of Snyder, Willoughby & Co. were prepared to BACK THEIR TENDER WITH A PLEDGE OF THEIR INDIVIDUAL RESOURCES.

What was the answer? The men who comprised the firm of Snyder, Willoughby & Co. replied the following day with the appended letter, sent direct to the deputy commissioner of the public works department:

Dear Sir,—We have your letter of June 26, and beg to advise you that it is our intention to form a limited lia-

any establishment has yet attained through combinations and consolidations of rival concerns engaged in the book business. The sources of its development place it in practically the same relative position in the field of its activities that the United States Steel Corporation, Amalgamated Copper, Standard Oil Company, National Packing Company and the International Harvester Company bear to the trade in their respective lines.

The elements entering into the structure of the American Book Co. compel this conclusion, yet, I am not prepared to affirm that its management has gone to the length of some of the concerns mentioned in attempting to secure commercial supremacy nor does it bear the same degree of reproach among its competitors as is shared by the Standard Oil Company and such others of like character, nor has it achieved such a monopoly in its line as those mentioned.

The spirit of combination has ever been the predominant force in its development manifested before and subsequent to its organization in 1890. In 1890 five of the strongest houses publishing school books combined their school book business in a corporation known as the American Book Company, a New Jersey corporation with a capital stock of \$5,000,000.

The companies in the corporation consisted of Van Antwerp, Bragg & Co., Ivins, Blakeiman & Co., D. Appleton & Co., Harper Bros., A. S. Barnes & Co.

The American Book Company acquired all the school book publications of the first three, both common and high school, and all the common school publications of the last two companies named for which stock was acquired in the American Book Company by certain stockholders of each of the five companies entering into the combination.

The stockholders holding a majority of the stock of the new American Book Company also own a majority of the stock of the Electric Press. The Electric Press is a corporation of even more extensive charter power than the American Book Company, possessing the right to publish books and do every act necessary to make it a competing concern with the American Book Co., but by reason of its control and domination by both the old and the new book companies it has never been permitted to exercise its powers in that direction, but has actually been employed as an instrument to destroy competition between the book companies and other subsidiary companies acquired by the American Book Company. This very clearly violates the anti-trust laws of this state.

Again, the American Book Company subscribes certain contractual relations with the Indiana School Company that do not meet the spirit of our laws.

The American Book Company has also an exclusive contract not to publish any other Latin grammar in competition with the one now on their list, which is also not permitted under the laws of the states.

There are other pertinent facts which might be mentioned, but I deem it unnecessary for the purposes of this report to extend its length. It is my opinion that the foregoing facts will exclude the American Book Company from the right to do business under the laws of this state and while some of the things complained of may not violate the laws of other states, yet it can be said that a concern may pursue a career such as marks the history of the American Book Company, and after years of secret alliance with supposed competitors, and after their final destruction through its will, many of which doubtless would have remained active competitors in that business, it can escape legal and moral responsibility for such acts by merely going through the form of securing a new charter, for its business, then indeed do the people stand helpless before the predatory aggression of corporate ingenuity.

It looks as if not one of the cabinet members would be elected with the possible exception of Mr. Turgeon who perhaps has a fighting chance in Duck Lake. He will get a black-eye at Prince Albert. Mr. Mortherwell will get the drubbing of his life in North Qu'Appelle and it is probable that he will lose his deposit. Mr. Calder is putting up a hopeless fight in Milestone and there seems to be no doubt but that the popular Provincial Rights candidate, Mr. A. E. Whistler will be elected by a substantial majority. The premier now feels that he cannot rely on election at Swift Current. At his meeting in that constituency on Tuesday evening he had a strong time, and though the people are very fair, he was hissed. That shows the premier's standing in that constituency.

THE HAULTAIN TO WIN

Many New Supporters Every Day—The Ministers Proven Defeated—Excellent Provincial Rights Candidates!

The election campaign is being prosecuted with vigor by both parties in this province. It is estimated now that the Scott party will not have more than 15 or 16 seats to their credit after Aug. 15. The people are fast joining the cause of Mr. Haultain and are fully convinced that the time has come to put an end to such conduct as the Scott party has been guilty of. Notwithstanding the promises being made on behalf of the government, Scott and his party feel now that they are beaten and are using unscrupulous means to catch the unwary voter. At all kinds of political tricksters are at work throughout the province and the electors should be on the watch.

It looks as if not one of the cabinet members would be elected with the possible exception of Mr. Turgeon who perhaps has a fighting chance in Duck Lake. He will get a black-eye at Prince Albert. Mr. Mortherwell will get the drubbing of his life in North Qu'Appelle and it is probable that he will lose his deposit. Mr. Calder is putting up a hopeless fight in Milestone and there seems to be no doubt but that the popular Provincial Rights candidate, Mr. A. E. Whistler will be elected by a substantial majority. The premier now feels that he cannot rely on election at Swift Current. At his meeting in that constituency on Tuesday evening he had a strong time, and though the people are very fair, he was hissed. That shows the premier's standing in that constituency.

deflections from the government ranks among the farmers.

C. W. Ferry of Dundurn, was also nominated, but withdrew, and the nomination of Mr. Hendricks was unanimous.

Among those addressing the meeting were Messrs. C. W. and J. L. Ferry, W. H. Hornby, W. A. A'boury, the latter speaking at considerable length and vigorously assailing the government for its unfair treatment of the farmers.

Those from the outlying districts have but one story of keen resentment among the tillers of the soil at the unjustifiable action of the Regina combination in springing the elections at the beginning of harvest, when the farmers if they vote at all, must do so at great inconvenience to themselves.

The meeting adjourned at 11.30 o'clock with cheers for the king, Mr. Haultain and the candidate chosen.

The nomination of Mr. Hendricks to contest the constituency as a supporter of Mr. Haultain has created consternation in the Grit ranks, as he is considered by far the strongest man on either side in this constituency, and if one can judge by the reports which are being brought in by farmers, Mr. Hendricks will have the support of at least one-third of the Liberal farmers in this vicinity, as well as all the Conservatives, and those who have no set opinions in politics.

Mr. Hendricks is essentially the farmer candidate, and will have a strong support among the American settlers in the district, who are already rallying to his banner. He is one of the best known men in the community, and a splendid candidate in every respect. He is an ex-member of the Minnesota state legislature and a first class campaigner. He was a supporter of the government at the last election.

**SCOTT'S OPINION.**

"The country, therefore, is to be congratulated that once again the Haultain administration will be returned to power. We do not suppose the history of any country can show as much good achieved with such inadequate means and so few mistakes made in the face of great difficulties, as has characterized the North West government ever since Mr. Haultain has held the helm. The premier once said that any person who wanted to know his policy would find it in the ordinances. This is true. And to this policy has to be added the statesmanlike proposals by which Mr. Haultain has continually urged we should reach the provincial status."—Walter Scott in Regina Leader.

**Riddell for Souris.**

At a representative convention of the Provincial Rights party in the King Edward Hall, Oxbow, on Monday evening of this week, Mr. Archibald Riddell, a prominent farmer of this district, was the unanimous choice of the forty-five delegates present and will contest this constituency in the coming provincial elections. Each polling division had its full quota of delegates present, and harmony was the first and last expression of the meeting.

Dr. R. A. Lee, of Froebisher, was named temporary chairman, while Mr. McGregor of Carleton Place, acted as secretary. The nominations being opened there were five names brought out for the delegates' choice, namely J. J. Heaslip, of Alameda; Wm. H. Cooney, Gainsboro; C. Walsh, Oxbow; A. Riddell, Oxbow; Dr. R. A. Lee, Froebisher and Dr. J. Coade, Carleton Place. Each candidate was given five minutes to speak, and some splendid addresses were listened to during that time, which showed that the party did not lack for good platform material within its ranks. Chas. Walsh, in a short but interesting address, withdrew his candidature, as did also Dr. Lee. After the second ballot had been taken, Messrs. Shaw and Coade withdrew from the contest, as did Mr. Cooney after the third, and the fourth ballot declared Mr. Riddell nominated, the announcement of which was greeted with loud cheers. The successful candidate then was carried to the platform, where in a few appropriate remarks, he thanked the convention for the honor thus bestowed on him.

**Seaborn for Haultain**

Moose Jaw, Aug. 4.—Mr. W. E. Seaborn, one of the best known young Liberals of the city has announced himself as an opponent of the Scott government in the present campaign. Not only so, but he has assured Mr. Dorrell that his services are at that candidate's command. That he will be utilized on the stump goes without saying; for old Liberals carry a conviction with persons of that persuasion which makes their services very valuable.

Mr. Seaborn who has been looked upon locally as one of the rising hopes of the Liberal party, has become much dissatisfied with the attitude of the Scott government on the university question. Recent developments have pretty well brought him to the conclusion that the institution is not for this city and he refuses to be played with. Hence his decision to support the Haultain candidates. Needless to say, Mr. Seaborn's accession to the opposition ranks causes much "flotation" therein.

It may be added that Mr. Seaborn is not the only one who is breaking away from the Liberal ranks. Others there, though follow shyly.

**Henricks for Hanley**

Hanley, Sask., July 30.—At the Conservative meeting held here last night P. M. Henricks of this place, was unanimously chosen as the candidate of the Provincial Rights party to contest this constituency as a supporter of the Hon. F. W. G. Haultain. A large number of delegates was present and included representatives from every township in the constituency.

The meeting was called to order at 8 o'clock by the president of the Provincial Rights Association here, J. O. Baldwin, who briefly explained to those present the object of the meeting, and no time was lost in selecting a candidate. After the selection short speeches were made by delegates from various parts of the constituency, who one and all predicted the success of the Haultain candidate and the defeat of the Scott government, and told of intense dissatisfaction among the farmers throughout the length and breadth of the constituency with the methods of the Scott aggregation, and of large

**Bott in Arm River**

Bethune, Sask., August 3.—B. J. Bott, the chosen candidate of the Arm River Provincial Rights held a most successful meeting here last evening. He outlined the opposition's policy in a straight forward and lucid manner. He criticized the profligate expenditures of the Scott

**Dr. Mahan for Francis**

A convention of the supporters of the Provincial Rights party in the constituency of Francis was held at Stoughton on Wednesday afternoon to select a candidate for the forth-

coming election. The constituency was well represented. Mr. J. T. Westgate of Francis was appointed chairman of the convention. Six nominations were made as follows: F. M. Gates and Dr. Mahan of Fillmore; D. Donnelly and Ed. Slater of Stoughton; Dr. Connell of Tyvan, and F. J. Woods of Heward. Dr. Mahan was unable to be present owing to professional business, but he wired his acceptance of the candidacy. Upon receipt of the doctor's acceptance the other nominees declined to stand, and Dr. Mahan was made the unanimous choice of the convention without a vote.

Dr. Mahan is well known and popular throughout the constituency; a man of sound judgment and business ability, he should make a creditable showing at the polls.—Heward Chronicle.

**Turgeon in Prince Albert.**

Prince Albert, July 29.—The Scott party supporters and government officials nominated the Hon. Alphonse Turgeon at their convention on Monday night. S. McLeod J.P., occupied the chair. A. J. Bell nominated the Hon. A. Turgeon and C. O. Davidson seconded the nomination.

Among the speakers were S. McLeod, A. J. Bell, C. O. Davidson, Rev. Jas. Taylor, Mr. Moulton and James Wilson.

Mr. Moulton furnished the excitement of the evening. He said that he was surprised that no notice had been taken of the laboring man and the adverse conditions under which he labored. The laboring man had been completely ignored by the convention of Scott party supporters. He spoke for half an hour urging that some notice be taken of the men who had to work for a living. Mr. Moulton's pleadings were entirely ignored and his friends are quite aroused over the manner in which his remarks were received. Mr. Turgeon could not be present and the gathering gradually dwindled away.

**Can't Oppose Haultain**

South Qu'Appelle, July 30.—Eunuchors are at work, election officials are being named. No election, no money. There is the secret of wanting an election. There will be a candidate since advances from Regina announce that the Scott government would put up the money. There are few possible men waiting, as one government official put it today, "I want to keep Haultain at home. We want to keep him at home. We will try and keep him from worrying Scott elsewhere." A. D. Stewart, the vice president of the Liberal association, says: "I cannot vote against Haultain."

**Neeley for Humboldt**

Humboldt, Sask., July 31.—At a meeting to nominate a Liberal candidate for the constituency here today, D. B. Neeley, ex-M.P.P., put two candidates at the hall door and prevented all except delegates from entering. Mr. Duggan, the opposing aspirant, withdrew his name from the nomination. F. C. Wright, president of the Central Liberal association was stopped at the door. A. J. Adanson, M.P., was also excluded. Under these circumstances Dr. Neeley unanimously received the nomination.

# "Sunshine" Furnace

Where Shaking is Respectable

A draft of furnace dam, with no other assistance, is powerless to overcome the dust nuisance in shaking times. Only surplus dust rises off itself above the fire. Great built descends into ash-pit, and unless legitimate outlet is therein provided, dust will escape through ash-door slits and into operator's face.

In "Sunshine" Furnace the legitimate dust outlet is provided. It's a great big dust-pipe running straight from ash-pit to dome, thence to chimney. When big pipe damper is opened, all dust in ash-pit ascends to dome; then, when direct drafts are opened, all dust passes up chimney.

Always the clean and quick dust route in "Sunshine" Furnace—via grate, to pan, to dust-pipe, to dome, to chimney, to open air.

## STORMS DO DAMAGE ON ARCOLA LINE

Stoughton was in the Path of the Storm—Buildings Wrecked and some Fatalities the Result—Freight Cars Blown along the Track.

The hot weather conditions on Tuesday culminated in a rain, wind and hail storm of unprecedented ferocity, which left its mark of destruction wherever it went.

The day had been extremely hot, and many were the conjectures as to whether the day would pass without a storm. About three o'clock heavy clouds appeared to the north-west coming up against a south-east wind. As the storm approached the situation became more alarming. Great whirlwinds of dust were drawn and swallowed up in the low rolling clouds. About five o'clock the storm struck the town with great velocity, and there was a torrential downpour of rain, at times so heavy that it was impossible to see across the street.

Nearly every building in town received slight damage. Windows were broken, metallic signs were ripped off the elevators, lumber piles were scattered about promiscuously, and all kinds of loose articles were scattered about.

The more serious losses in town were: The flour mill collapsed and is a complete wreck; nothing remains but a mass of matchwood.

The Presbyterian church was moved bodily about four feet off its foundations. There were some horses in the barn, but these were liberated by Everett, a young son of Mr. Montjoy, who, when he saw the roof go rushing into the building and loosed the animals.

F. J. Keeshaw's chopping outfit and building was also struck. The building over the engine was blown clear away, and flying boards did damage to several houses in the vicinity. One side of the engine house was carried across four lots and struck the side of the bakeshop, breaking in the door and smashing the side of the building. The building containing the chopper was also held down by a large quantity of grain contained therein, but it is badly out of plumb. Keeshaw's windmill is also badly wrecked.

The driveway and weighshed at the western elevator was also badly abused by the elements and lies scattered about the grounds.

Three box cars standing on the C.P.R. siding with brakes drawn tight were blown, out of the siding and onto the main track. As they travelled their speed increased until they reached a point about two miles east of town, where they hit a handcar and were ditched. The section crew had been working along the track and were returning to town when the freight cars came bounding upon them. There was only time to jump to save their lives. It was a narrow escape for the section men, but the ditching of the runaways was probably the means of averting more serious damage.

An engine from Arcola and a gang of navvies from the Stoughton-Weyburn line arrived on the scene of the wreck about seven o'clock and in a couple of hours had the track cleared for the westbound passenger train which was held at Stoughton until the line was cleared. About nine o'clock a wrecking train arrived from Regina and worked all night and nearly all Wednesday morning cleaning up the debris.

R. Billingsley's ice house was unroofed and the walls badly shaken. In the district west, north and east of the town much damage was done.

W. A. Smith's house was carried half way to Stoughton by being blown down.

Jno. Blackwell's barn was struck by lightning and one horse killed. Nearly every farmer in the path of the storm met with more or less loss through destruction of their buildings.

A heavy downpour of hail struck a number of farmers north and east of here. The crops of Messrs. E. G. Wisslow, W. H. Wensley, C. A. Barclay, Jos. Dickey, McNaught Bros., and Tjos. McCullough, and others were pounded on the ground and not a spear of grain left standing.

Other farmers' crops were on the edge of the storm's path met with more or less loss by hail. Probably about fifteen per cent. of the crops in the district was destroyed. W. H. Wensley was caught in the storm with a team of horses, and was badly battered with hailstones.

In the neighborhood of Creelman there was a number of accidents to people. Morley Wilson's house was blown over and over and with every turn some part of it shattered.

All the whole building was a wreck. Mr. and Mrs. Wilson and their two children were in the house at the time and all were more or less bruised. Mr. Wilson sustained a broken collar bone. Mr. and Mrs. Chas. Coles were bruised in the upsetting of their house.

South of Pillmore the storm struck hard. School in the district was just out when the storm struck and the scholars sought refuge in various houses on their way home. A number of them stopped at W. M.

Johnston's house, and had no more than entered before the building was demolished, and Alfred Johnston, 11 years of age, was instantly killed, his skull being crushed by falling timbers. Mrs. Johnston, who tried to save him, was badly injured, her hip was dislocated besides other bad bruises.

Two travellers sought refuge in E. M. Hunter's barn, a large building just erected, and when the building was wrecked were caught in the falling debris and lay there for hours before being released.

The new agricultural buildings at Stoughton were demolished. There was no damage of any account to buildings, but the hail wiped out a large portion of crop north of town.—Heward Chronicle.

Stoughton district was visited by one of the worst storms in its history on Tuesday afternoon. The wind and rain was terrific, while some districts were badly struck by hail. No damage was done in the village of Stoughton, except to blow over the new agricultural hall which has just been completed.

To the north of us the wind and hail played havoc. The buildings of A. Grant and the Drummonds were lifted off their foundations and the inmates had a very narrow escape from serious injury. Howard Wallace, J. T. Vint, H. G. Andrews and Mr. Everingham also suffered greatly from the hail. Mr. Oscar Wallis and family had their house and stables blown completely away, and they were left standing on the prairie. Heward and Forget suffered also to quite an extent.

The new grist mill at Heward was blown down while the big barn of Geo. McCursy was also demolished. It is gratifying that the storm did not cover a larger area. We extend our sympathy to those farmers who were in its path, but as A. Grant informed us it was the first time he had been struck in eighteen years.—Stoughton Times.

### FARM WORK WANTED

Strong young university man, 20, from Toronto; mechanic, accustomed to farm work, will assist in the harvest near Regina for 6 or 8 weeks. Address, Box Q, West Office, Regina. 17-18

### FOR SALE

Thrashing machine which has been only run for about three months. 22 h.p. engine and 32 inch separator. Apply to.

J. P. LAUDER, Condie, Sask.

"I cordially agree with you on the propriety of setting apart, as a memorial for present and future generations, the battle grounds of the Plains of Abraham, hallowed by the associations of past years, and I heartily congratulate all concerned in this noble undertaking, upon the success which has attended their patriotic efforts. I must regret that my present visit cannot be extended beyond Quebec, and also that the Princess of Wales was unable to accompany me on this occasion. We both retain the happiest recollections of our stay in Canada seven years ago, and of the kind and affectionate welcome we experienced during that most interesting and enjoyable visit.

"I shall not fail to convey to my dear father, the king, who takes the deepest interest in this celebration, the gratifying expressions of your loyalty and attachment to his throne and person, of which His Majesty is well assured.

"Once more, I thank you from my heart for your kindly greeting."

### BROKEN IN HEALTH.

Dr. Williams' Pink Pills Restored Strength After Medical Treatment Had Failed.

"I can truthfully say that Dr. Williams' Pink Pills did for me what one of the best doctors in Halifax failed to do—restored my health." This strong statement is made by Mr. Wm. J. Weaver, 173 Argyle St., Halifax. Mr. Weaver adds: "A few years ago I took employment in a large factory as foreman. I knew the work would be hard, and friends told me I would never stand it, but I was a strong man weighing 180 pounds, I laughed at the idea of not being able to do the work. Anyhow I started and found the job a hard one indeed. There were a number of firemen employed and men were taking and quitting the job every few days. I kept at the work for two years and during that time lost 50 pounds weight and was a broken down man. I could not take my meals and often took my dinner back home without touching it. When I would be working on the night shift I could not sleep in the day time, and this added to my trouble. Finally I became a total wreck and had to quit the work. I could hardly drag myself about, and yet had become so nervous that I could not sit still and would walk about the house till I was ready to drop. The doctor came to see me every day, and changed the medicine time and again, but it did me no good. Finally he wanted me to go to the hospital, and at this stage a friend came to stay with me over night. While he was reading the evening paper he came across the testimonial of a cure wrought by Dr. Williams' Pink Pills. He said 'why don't you try them, nothing else is helping you and they may do you good.' He went out and got me a box at once. When this was done I got a half dozen boxes, and before they were all gone I began to feel like a new man. I continued using the pills for a couple of months when I was again as well and as strong as ever I had been in my life, and I have not seen a sick day since. I feel confident there is no remedy in the world equal to Dr. Williams' Pink Pills for building up a broken down and nervous system, and for such trouble I would strongly recommend them."

Dr. Williams' Pink Pills cure such cases as Mr. Weaver's because they make the rich red blood that feeds the starved nerves and tones and strengthens every part of the body. That is why they cure anaemia, indigestion, rheumatism, neuritis, St. Vitus dance, paralysis and other troubles due to bad blood and shattered nerves. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

### MESSAGE TO CANADIANS

The Reply of the Prince of Wales to the Address Presented to Him by the People of Canada.

In reply to the address presented by Sir Wilfrid Laurier to Quebec recently, H. R. H. the Prince of Wales made the following reply: "I am greatly touched by the loyal and sympathetic words of your address with which you, in the name of the people of Canada, welcome me on this occasion of my sixth visit to the Dominion.

"I am fully sensible of the honor and responsibility of my position as the representative of our sovereign, who ever mindful of the unswerving loyalty of his Canadian subjects, follows with affectionate interest everything which concerns the welfare and development of the Dominion. My privilege is therefore two-fold, for I join with you both as the representative of the king, and on my own behalf, in celebrating the three hundredth anniversary of the founding of your famous city by Champlain. I look forward with keen interest to the impressive ceremonies of the next few days, during which I begin to feel like a new man. I continued using the pills for a couple of months when I was again as well and as strong as ever I had been in my life, and I have not seen a sick day since. I feel confident there is no remedy in the world equal to Dr. Williams' Pink Pills for building up a broken down and nervous system, and for such trouble I would strongly recommend them."

I look forward with keen interest to the impressive ceremonies of the next few days, during which I begin to feel like a new man. I continued using the pills for a couple of months when I was again as well and as strong as ever I had been in my life, and I have not seen a sick day since. I feel confident there is no remedy in the world equal to Dr. Williams' Pink Pills for building up a broken down and nervous system, and for such trouble I would strongly recommend them."

"I am fully sensible of the honor and responsibility of my position as the representative of our sovereign, who ever mindful of the unswerving loyalty of his Canadian subjects, follows with affectionate interest everything which concerns the welfare and development of the Dominion. My privilege is therefore two-fold, for I join with you both as the representative of the king, and on my own behalf, in celebrating the three hundredth anniversary of the founding of your famous city by Champlain. I look forward with keen interest to the impressive ceremonies of the next few days, during which I begin to feel like a new man. By-laws Defeated  
The voting on the money bylaws last Thursday resulted in the defeat of the bylaws. One bylaw was to authorize the borrowing of \$50,000 debenture for the extension of the waterworks sewer.

The other was to raise \$250,000 to construct a trunk sewer.

The voting on the former was: For the By-law... 216 Against... 247

The trunk sewer received a larger adverse vote. It stood: For the By-law... 163 Against... 300

It is probable that the trunk sewer bylaw will be voted on towards the end of the year.

## FEDERAL BUSINESS COLLEGE

Bank of Ottawa Bldg., Regina  
One month's salary pays the entire cost

It is not necessary, nor is it wise for young people to spend years of the best portion of their lives in preparing for professions which are not so remunerative as is the work for which they may prepare in a few months. The majority of our graduates receive as much for their services in one month as would pay the total amount of their college fees. Our courses form a short cut to business success. During the last six months the Regina Federal Business College has placed more than sixty students in excellent situations; with initial salaries ranging from \$50 to \$60 per month. Every capable student is guaranteed a good situation upon graduation. The Federal Schools are open the year round and students may enter for instruction at any time. Free catalogue. Write today

GEO. S. HOUSTON, Manager

## THERE IS ENVY

AMONG men who see their fellows clothed as we clothe men. The jealousy isn't confined to looks—we shame others as to prices. How are you going to know beyond this bold statement, fact as it is? Come in here the first day you're this way.

**Local and General**

Dr. Mahan of Fillmore was in the city over Sunday.

D. C. McNab of Regina, has been gazetted an inspector of rural telephone companies.

The Regina Committee Rooms of F. C. Tate are in the Strathcona block, Scarth street.

Dr. and Mrs. Thomson left yesterday morning in an automobile for Brandon on a holiday trip.

Hon. F. W. G. Haultain will hold a public meeting at the barracks on Thursday evening, Aug. 13th.

Mr. and Mrs. F. Carrothers returned this week from their honeymoon trip to the Pacific coast.

Dr. G. A. Pollard is attending to the dental practice of Dr. L. D. Steele during the absence of the latter in the east.

Dr. Gibson of Watford, Ont., was in the city last week and called on a large number of the former residents of that town.

Mrs. Geo. Stevenson has arrived in the city from Fernie. Her home was burned with the rest in that town in the recent terrible fire.

In response to an appeal for help from Fernie, B.C., the city council at a meeting on Sunday afternoon decided to vote assistance and a wire to that effect was forwarded.

H. Ames, M.P. of Montreal will deliver an address on our western resources and how they are administered from Ottawa, in the city hall on Saturday night. Everybody invited.

Duncan Marshall, of Edmonton, addressed two meetings of Liberal Workers in the city last evening. The admission to his meeting was by card which shows that there must be something funny doing.

The cheques in payment of prizes won at the provincial exhibition are now ready for distribution, anyone not having received their prize money will oblige the association by calling at the secretary's office, in the old city hall.

The very favorable weather of the past week has advanced the grain considerably. The crop will not be as heavy as at first expected. However it is ripening rapidly and many farms in less than ten days.

The Dominion Express Co., announce that they will transfer free of charge clothing and provisions to the unfortunate at Fernie and other places who were victims of the disastrous fires. Parcels should be addressed to the Relief Association.

The marriage of Mr. J. F. Bryant of the firm of Allan, Gordon & Bryant to Miss Mabel Boyd took place at the home of the bride's brother, Mr. J. L. Boyd, yesterday morning. After the wedding breakfast the bridal couple left on the westbound train for western points on their honeymoon.

The machinists on the C.P.R. went on strike today all over that line. The strike was called at ten o'clock at which time about 9,000 men walked out. About 30 men quit work in the shops at Regina. The cause of the strike is the protest of the brotherhood against the decision of the railway arbitration board and the efforts of the railway company to enforce the new schedule.

In reply to a charge made in the Regina Leader to the effect that H. W. Laird, as a member of the Collegiate Institute Board, was instrumental in getting bricks for which Mr. Laird's company are agents, specified to be used in the building of the new collegiate, letters denying such a state of affairs have been written by the architects, Messrs. Storey & Van Egmond, and by W. H. Duncan, chairman of the building and grounds committee.

Several new students have entered the Regina Federal Business College this week, thus availing themselves of the special offer of one month's free tuition to students beginning the fall term now instead of the first week in September. We are informed by Mr. Houston the manager, that this generous offer is extended to all students who can begin before Thursday, the 9th inst. The excellent work of this institute commends itself to everyone interested in a thoroughly practical and modern business education.

The bill boards and fences are ablaze with paper of many colors announcing the coming of Andrew McPhee's big eastern show, Downie's "Uncle Tom's Cabin" which will be given in Regina Monday afternoon and evening, Aug. 17. Prices 25 and 50 cents. Every boy and girl is looking forward to this event more than they have ever looked or longed for a circus, and it is safe to say that when the show arrives, with its ponies, dogs, carriages, etc. they will be there to see it. The company numbers 50 people, two bands, genuine pack of Siberian bloodhounds, ponies, donkeys, etc. Grand street parade given daily.

A farmer at Lloydminster has a remarkable barn. When he built it he used green willow posts at the corners and along the sides and the

following season he discovered that the willows had struck roots and were growing. At the end of the year the floor of the barn had risen three feet above the ground. A year ago last spring the barn was on stilts nine feet high, so the farmer put in another floor and converted it into a two storey building. At the end of the present year the new floor was seven inches above the ground, and the farmer looks forward to the time when a third and possibly a fourth, storey may be added to his very remarkable barn.—Saturday Sunset.

The Canadian Magazine for August is light and summery, being composed mostly of illustrated travel and outing articles and short stories. In addition it is particularly strong, the feature being a complete novelette by the popular writers, Alice and Claude Askew, entitled "Elizabeth's Lover." Besides the novelette there are capital short stories by N. de Bertrand Lugin, H. A. Cody, Gower Glynn and Bradford K. Daniels. The leading article deals with the Indian tribes of Labrador, and is well illustrated. The author is Clifford H. Easton, who accompanied the late Leonidas Hubbard to that frozen region of the North, and therefore had an excellent opportunity to study the native tribes. Other illustrated articles are "Encouraging Native Handicrafts" by Katherine Reid, "A Poacher of Renown" by E. Hickson, being an account of poaching on salmon fishing preserves in New Brunswick, and "The Crab Fishers" by Bonnycastle Dale. Altogether the number is most seasonable.

Minard's Liniment cures Diphtheria.

**THE TRADING CO. WEEKLY STORE NEWS**

**There is Sound Satisfaction in Spending Money at the Regina Trading Co.'s Store**

For the assurance is certain of receiving full money's worth, and more for every dollar spent. Everything is priced low--wonderfully low--considering quality. Every man and woman desires to pay the lowest price for reliable goods--that's thrift, and thrift leads to happiness. So that low prices is the greatest boon that this store can offer its patrons.

**Semi-Annual Clean Sweep Sale**  
Men's and Boys' Clothing and Furnishings

An event of unusual importance is our Semi-Annual Clean Sweep Sale in the Men's Store. First rate bargains—good for next year, too. Not many of a kind but a great many kinds, and stylish. Did you ever see a Trading Company garment that wasn't stylish and good fitting? Every man that looks will buy, and every man who buys will come again—such is the grip of good clothing. We need hardly more than show the reductions—they explain better than words how much you can save. The balance of all our summer lines MUST GO. Thousands of dollars worth of new goods are now on the way and room must be made for them. Note the reductions, and at the same time bear in mind the high standard of quality always maintained in Trading Company merchandise.

Sale starts Saturday, August 8, and closes Saturday, August 22
