## LOCAL HAPPENINGS

Best values in Black Suits in Ontario.—Swift's.

There will be over 150 exhibitors in the automobile display at the Canadian National Exhibition.

It is possible to kiss a girl while driving an automobile, but it takes a whole lot of co-operation.

Corrugated Galvanized Iron has taken another drop. See us for your next roof.—T. Dodds & Son.

Mrs. T. A. Woods has sold her property on the corner of Warwick and Simcoe streets to Mr. J. Tomlin.

About the only difference now between a special delivery letter and the one that comes in the ordinary manner is 17 cents.

Peter Kingston, 4th line, Warwick, died Thursday morning. Arrangements for funeral have not been made as we go to press.

There are two kinds of thieves; Plain thieves, and those who have it charged when they know they will not be able to pay for it.

Wet cellars will hereafter require the attention of the drainage inspector, rather than that of the man with a corkscrew and a thurst.

The Community Sing in which all people in the grandstand join will be repeated at the Canadian National Exhibition this year.

Madge—I heard Aunt Jane criticizing my bathing suit scandalously. Mabel—She had very little to talk about.

Write so folk may be able to read the epistle without the aid of the proverbial Philadelphia lawyer. It takes up valuable time when we have to decipher almost unreadable copy.

If your visitors' names are not in the personal column don't blame the editor. Send in your personal items and thus help to make this page more interesting.

At 16 a romantic girl expects to marry a prince who will drink wine from her slipper; ten years later she probably grabs a chap who drinks suds out of a can.

Another lot of Bargain Day Work Shirts at Swift's.

The local hydro commission should inspect the street lights at least once a week to see that none of the lamps are burned out, and when notified of such cases see that the matter is remedied at once.

The Forest Standard has entered its 29th year of publication. Notwithstanding the trying times weekly newspapers have experienced during the past five years the Standard has been able to weather the storm and supply its readers with a good, clean news sheet well patronized by local advertisers.

Are you a subscriber to the Guide-Advocate? If not, why not? The subscription price is only \$2.00 per year, less than four cents a week. Do you get any more pleasure or benefit for any other four cents you spend? Why borrow your neighbor's paper when you can get the Guide-Advocate with all the county news for less than the price of an ice cream cone?

On Friday evening a number of the young lady friends of Miss Winnifred Swift met at the home of Miss Annie Tanner and presented Miss Swift with a miscellaneous pre-nuptial shower. The presentation took the form of a cornucopia suspended from the ceiling by ribbons and filled with useful gifts. After hearty thanks and congratulations the rest of the evening was spent in a social manner, all present enjoying themselves to the fullest extent.

Final arrangements have been made for carrying the hydro power from Watford to Alvinston. The line will not follow the travelled route to the village to the south on account of the profusion of trees, but will go from here to the sixth line, then to fifteen sideroad and south to the corner of the ninth concession thence east to the eighteenth sideroad, thence direct south to Alvinston. November 1st is the date Alvinston people expect to have the power turned on.

Ginghams, prints, duck and drills, all for 25c.—Swift's.

Big reductions in Screen Doors—T. Dodds & Son.

Rev. Prof. Anderson, of Huron College, will conduct the service and preach in Trinity church next Sunday evening.

It might be better for some of our young men if they would burn more midnight hydro and less midnight gasoline.

Potatoes are a scarce article. The crop around here it is said, will be the poorest for years on account of the long spell of hot weather.

Owing to anniversary services in Wyoming next Sunday, August 14th, there will be no service in Watford and Calvary Baptist churches.

Mrs. John White has sold her spacious residence on Ontario street to Mr. W. J. Trenouth and will hold a sale on August 20th.

The post office department is reminding the publishers of an increase in the postage rate to be charged on newspapers after first of January next.

Good manners always keeps an appointment, and is punctitious about being on time. Ill breeding is indifferent, sometimes forgets, and is often late.

There was a man in our town who thought that he was smart; He bought himself a motor car and took it all apart.

Right there, or so tradition says, He ceased to be so vain; Two experts labored seven weeks To make it run again.

A day's business in half a day—Special prices in underwear, hosiery and gloves.—Swift's.

Parents should teach their children not to play on the streets in town and by so doing accidents can be prevented. Too many children have the habit of running across the road in front of an auto, thinking that they can tell the distance and how fast the car is travelling. Children should be taught that there is danger in an auto, no matter how careful the driver is.

A quiet wedding was solemnized at the residence of Rev. E. H. Sawers, Watford, who officiated, on Wednesday morning, August 10, at eleven o'clock, when Miss Mary Elizabeth Jarriot, of the 4th line, Warwick, became the wife of Mr. George Rumber, of Sarnia. The newly married couple left on the afternoon train to spend a short honeymoon at eastern points and on their return will reside in Sarnia.

Local citizens suffering from the torture of mosquito bites will benefit by the timely advice offered by Dr. H. W. Hill, of the Institute of Public Health, London, who says: "Rub 'em if you like, but don't scratch 'em. It's dangerous practice for one to scratch a bite with the fingers. A person often tears the skin in that way and the possibility of infection through the finger nails is very great. Rubbing, on the other hand, does no harm and is a relief to the affected parts."

What the pink label on this paper is for. In the first place it is to help the postal service to deliver the paper to the right party. In the next place it informs the subscriber how his subscription stands, whether paid in advance or is in arrears. It's a receipt for money paid or a reminder of money that should be paid. Look at this label and see how you stand with the publisher. The figures after the month indicate the year to which the subscription is paid—1920, 1921, 1922 being indicated by 20, 21, 22 as the case may be.

## MAIN STREET PAVEMENT

At last the problem of getting a paved street through the village has been solved. After much correspondence and deputation work, together with the assistance of Mr. Leslie Oke, the local M.P.P., the Department of Highways has agreed to pay direct to the Village 40% of the cost of the work.

The total cost of this pavement is estimated by Mr. Muir, Chief Engineer of County Roads, to be \$30,000. 40% of this, or \$12,000 will be paid by the Government in a lump sum, which leaves \$18,000 to be raised by the sale of debentures. This means that \$1569.32 must be paid every year for 20 years. The Village receives a grant from the County every year for the improvement of the street. The grant is proportionate to the amount paid by the Village in taxes for good roads in the County.

Last year the Village paid \$1250 and will receive on this amount \$1550 or 125% of the amount paid in. The County is able to pay back this amount because of the assistance given by the Provincial Government to build roads in the County. This year the Village will pay about \$1800 and should receive from the County about \$2250. This grant from the County will therefore pay our debentures from year to year together with enough more to keep our streets in repair.

The building of this 20-ft. pavement should not, therefore, raise our taxes one cent and every ratepayer should feel deeply grateful to the Hon. F. C. Biggs, Minister of Public Works and Highways, and to all others who have made it possible for our Village to make the Main street which has been one of the worst roads in the province, a paved highway. Let us all show our appreciation on Monday, the 22nd of August, by going to the polls and voting for the bylaw.

The following letter from Hon. F. C. Biggs confirms the Government grant:—

Toronto, July 30, 1921.

Dear Sir:—I received correspondence under date of July 26th from Messrs. Cowan, Towers & Cowan, barristers, Sarnia, on behalf of the Village of Watford, re assistance for your street.

We have instructed Mr. Muir, Chief Engineer of County Roads, to enter into an agreement with Watford, to pay 40% of this cost. He tells me that he has written you with a view of having this agreement carried out forthwith. From the general view of the situation I should judge that everything would proceed now with all speed and that your town would be able to go on with your work at once.

Yours very truly,  
F. C. FIGGS  
Minister Public Works & Highways  
To W. G. Connolly, Esq., Watford.

## How Henry Ford Weathered the Storm

As a manufacturer, Henry Ford is one of the wonders of the world, and richly qualified to address the assembled nations on business problems. Recently he went through the sternest test in his career and emerged triumphant. He owed \$60,000,000 and had only about \$20,000,000 with which to pay it, but at a time when business seemed almost stagnant he sold enough cars and put into practice sufficient economies in his great plants to raise \$67,000,000 and thus pay off his debts without borrowing a cent. He showed himself worthy of the great position he occupies, for it is in hard times that business men are

really tried. The larger the industry the greater the difficulty of weathering the storm. The largest manufacturing business in the world, which we take the Ford business to be, has turned the corner.

Mr. Ford says that the first indication of approaching trouble came to him early in 1920, when a few concerns manufacturing luxuries or staple commodities began to fail. He wondered how long it would be before people refrained from buying Ford cars. When the time came, as it did shortly, he was not taken unawares. By June sales were falling off at an alarming rate. Yet in the

face of the buying strike, as it was called, the firms that supplied him with raw material showed no intention of cutting prices. In Detroit after firm shut down but the Ford plant continued to run at full blast to everybody's astonishment. In September came the sensational announcement that the price of the cars had been reduced. It was announced that the company had made the cut in anticipation of lowered prices for raw materials and that for a time it would operate at a loss in order to hasten a return to the basic prices of peace time. It figured it had to take a loss some time, and chose to take it then, the loss being one of \$17,000,000.

Business increased as a result of the reduced prices, and some other manufacturers also cut prices, but soon sales fell off again. The public had evidently come to the conclusion that the process of deflation had not been completed, and it sat back to wait. Nevertheless Ford continued to operate the plant, but he was buying mighty little raw material. What he was doing was turning into finished cars every scrap of material he had on hand, and to turn this into cars was the next thing to turning it into money. Then the factory closed down. It was expected to reopen in two weeks, but as a matter of fact it did not open for six weeks. This was the time that rumors flew over the country. It was said that the Ford people were in financial difficulties, and that they would never reopen, or that if they did it would be under a new directorship. It was more than hinted that Henry Ford had been going about Wall street hat in hand, but that because of the attacks of his paper, the Dearborn Independent, upon the Jews, the latter had been able to keep him from getting money.

It is true enough that Wall street was keenly interested in Ford, but instead of him asking for money, Wall street offered it. The agent of one big Wall street firm visited Mr. Ford and tried to force money on him. "I don't need a loan," said the manufacturer. The broker insisted that he did and showed an intimate knowledge of the financial obligations and the resources of the company. He outlined the plan, to which Mr. Ford listened out of courtesy. The reading went on for several minutes, and then the reader suddenly broke off to ask: "Who's going to be the new treasurer of your company?" "That makes no difference to you, does it?" asked the manufacturer. "Oh yes it does. We'll have to have some say as to who the new treasurer will be." This ended the interview. Mr. Ford handed the banker his hat and hurried him to the door.

Then Mr. Ford proceeded to raise the money himself. Between Jan. 1 and April 1 he turned into cash stock worth \$24,700,000. By virtue of his recent purchase of the Detroit, Toledo and Ironton railway, which moved most of his raw material, he was able to effect a saving of \$28,000,000. He calculated that he had \$88,000,000 tied up in moving and reserve stock which it required three weeks to turn into the finished product. By cutting the time to fourteen days he figured that he released nearly a third of this amount. It came to the same thing, for he had that much more cash to pay his debts. He also sold liberty bonds to the value of \$7,900,000. By applying pressure to his agents in foreign countries he collected \$3,800,000 outstanding. He went through the Ford plant making economies, cutting out processes and customs that had become established through the war, sending three-quarters of his foremen back to their machines and ordering superfluous clerks to the factories. In this way he was able to cut his overhead from \$146 to \$98 a car. This he was able to achieve with no hardship to anyone except the employees who had to remain idle for six weeks. They received their usual bonus and now the prospects for continuous profitable employment are excellent.

There is nothing repulsive in Miller's Worm Powders, and they are as pleasant to take as sugar, so that few children will refuse them. In some cases they cause vomiting through their action in an unsound stomach, but this is only a manifestation of their cleansing power, no indication that they are hurtful. They can be thoroughly depended upon to clear worms from the system.

### Chance and Saving

The man who complains that he never had a chance, also never had a Bank Account. He spent everything he made. But the man higher up, and the man on top, developed the saving habit early. The man with money in the Bank does not scold fortune; he takes advantage of opportunity. A Savings Account started with The Merchants Bank is the first round up the ladder of success.

Do Not Set Out Fire Without a Permit. THE welfare of new agricultural communities in this Province requires that land clearing be done with the cheapest agent at hand—Fire. Therefore, restrictions must hamper settlers as little as is consistent with safety to lives and property. Save Ontario's Forests They're Yours. Ontario Forestry Branch Parliament Bldgs., Toronto, Ontario.

**BURNT FORESTS DON'T PAY**

Burnt forests provide no freight traffic, neither do they pay wages to workmen, profit to the merchants or revenue to the government. Fire is the great enemy, taking eight times as much toll as the axe. It is to the interest of every citizen to reduce this loss.

History shows that China, Babylon, Assyria and all other nations now faced with famine and desert wastes, lost their place in history because they destroyed their forests. Let us not shut our eyes to this question. The preservation of our natural resources are the biggest problems we have to face. Let us face them—courageously and intelligently—something we have not done in the past.

The Ontario Forestry Branch of the Ontario Government is endeavoring to arouse the people to the necessity of saving the forests of the province from fire by a series of advertisements in the newspapers which should be read by all.

Canada is one of the greatest forest countries of the world. Much of our Canadian soil is unsuited to farming but is capable of growing magnificent timber. Our forests provide work which maintains half a million people. They give work, too, for our sailors and railway men and furnish business for our merchants and bankers. All citizens can assist in taking care of our forests, and particularly in protecting them from fire.

**DEATH OF DR. ROBT. GIBSON**

(Moose Jaw Times, August 2nd)  
Dr. Robert Gibson, a resident of Moose Jaw for twelve years, and engaged in general practice here until first taken ill three years ago, passed away at home, 1138 Fourth ave., N.W., at ten o'clock last night. The deceased was 68 years of age.

Born at Lobo, near London, Ont., Dr. Gibson graduated in medicine at Western University. He received his first experience serving as assistant surgeon in field hospitals at Moose Jaw and Swift Current during the Riel Rebellion of 1885. He commenced civilian practice in Watford, Ont., where he remained until moving to Moose Jaw in 1909. During the late war Dr. Gibson again became associated with military work, holding the rank of major in the A.M.C., acting as chairman of local medical boards and being later in charge of the Ross Military Hospital. During the last stages of the war his health became undermined and since then he sank steadily.

A life-long member of the Anglican church, Dr. Gibson took an active part in Watford as well as in Moose Jaw. He was a prominent Oddfellow and also belonged to both the Independent and Canadian Order of Foresters and the Maccabees. Always an enthusiastic sportsman, he followed baseball, cricket and tennis even after his playing days were past.

Of the immediate family there survive, his wife; three daughters, Mrs. Ralph Tredgett, of Crestwynd, Mrs. C. B. Campbell, of Winnipeg, and Miss Gertrude at home; one son, Richard, at home; an elder son, Clarence, went overseas with the 229th Battalion and died of wounds received at Passchendaele in 1917.

Other surviving relatives are his mother, Mrs. Thos. Gibson, of Denfield, Ont.; one sister, Mrs. T. A. Linton, of Moose Jaw; five brothers, Rev. J. H., of Boissevain; James, of Arkona, Ont.; Edward and Jerry, of Cobville, Wash.; and Will, of Denfield, Ont.

The funeral was held on Wednesday afternoon from Broadfoots' Funeral Home, to St. John's Anglican church, and thence to Moose Jaw cemetery, Valley Lodge, No. 1, I.O. O.F., of which the deceased had for many years been a member, had charge of the funeral, and marched to the church and to the grave. Rev. Archdeacon F. Wells Johnson, rector of St. John's church, officiated.

**CONE—SWIFT NUPTIALS**

At half past eight o'clock Wednesday morning, August 10th, one of the most interesting weddings of the summer was solemnized in Trinity church when Elizabeth Winnifred Swift, second daughter of Mr. and Mrs. Edward D. Swift, "Roselawn," was married to Marvin Derwart Cone of Cedar Rapids, Iowa. Rev. S. P. Irwin performed the ceremony.

The bride, who was given away by her father, looked charming in white kitten's ear crepe and Juliet veil trimmed with touches of pink georgette and Carrickmacross lace. She carried a shower bouquet of white orchids and Ophelia roses and her only ornament was a beautiful diamond bar pin, the gift of the groom. Her two sisters were attendants—Mrs. Clayton Fuller, matron of honor who was tastefully gowned in French grey georgette and carried sunset roses and Miss Marjory Swift, bridesmaid, who looked very pretty in pale pink silk net and carried pink American Beauty roses. Little Clayton Fuller, nephew of the bride, made a gallant little ring bearer and R. D. Swift was groomsmen. De Valore Dodds played throughout the ceremony and R. Dodds and W. G. Connolly acted as ushers. A profusion of pink and white phlox made the church a veritable bower of beauty. After the signing of the register the wedding party adjourned to the home of the bride, where Mr. and Mrs. Swift, the latter handsomely attired in grey georgette over orchid satin, helped the newly married couple receive the congratulations of their many friends. Among the presents were several substantial cheques and the out-of-town guests were Mrs. Childs, Flint, Mich.; Mrs. C. Swift, London, and Mr. Thomas Swift, Bowman, Man., Miss Kathleen Tanner, Toronto. Mr. and Mrs. Cone left on the eleven o'clock train for Niagara Falls, Buffalo and other eastern points.

Jas. Leonard, of Bosanquet, died suddenly Wednesday morning at the home of his mother, Mrs. Wm. Leonard, Forest. He had been in poor health recently, but the day before had been at work as usual, and came to Forest in the evening, and while at his mother's took a bad spell, from which he never recovered. He was in his 58th year. His wife, whose maiden name was Eliza O'Donnell, survives him with four sons and one daughter:—Clare, of the Bank of Commerce, Ford City; Phosne, John, George and Margaret, at home. Two brothers and one sister also survive: John, of Bosanquet; Philip and Kate, of Forest. His father died some years ago at the homestead in Bosanquet. The funeral took place on Friday.

John Blunt, of Warwick Village, was tried in County Judge's Criminal Court before Judge Taylor on a charge of beating his wife. Mrs. Blunt was the chief witness against her husband and a blackeye was mute evidence that he had struck her. She testified in addition that this was not the first time that he had abused and struck her since her arrival here from England two years ago to marry him. Neighbors stated that the married life of the Blunts had not always been one of peaceful bliss, in spite of the fact that neither appeared to be of the type that usually figure in cases of this kind and the character of both the man and his wife was good aside from the fact that both were known to be rather quick tempered. Their smiling year-old baby, present in the courtroom, and all unmindful of the troubles of his parents, probably influenced Judge Taylor in suspending sentence on Blunt and giving both he and his wife advice and warning that they must bear more patiently with each other's fault in the future for the sake of their child. They were both averse to a separation and left the Court with the resolve that they would live more peacefully from now on.

**BY-LAW NO. 4, 1921**

**A BY-LAW TO RAISE \$18,000.00 TO PAY FOR PAVEMENT ON PART OF MAIN STREET.**

WHEREAS it is desirable to pave twenty feet in the centre of Main Street from the south side of Front Street to the north limit of the Village of Watford with a cement pavement at an estimated cost of about \$38,000.00.

AND WHEREAS arrangements have been made with the Ontario Government for the department of highways to pay forty per cent. of the cost of such pavement.

AND WHEREAS it is desirable to raise \$18,000.00, being the remainder of the sum required for the purposes aforesaid by the issuing of debentures of the Village of Watford, and to do so the Municipal Council of the said Village intends by this By-law to create a debt upon the said Corporation of \$18,000.00 with interest thereon at the rate of six per cent. per annum payable in twenty annual instalments by the issue of debentures with coupons attached for the payment of interest.

AND WHEREAS it is desirable and the Municipal Council of the said Village has determined to issue the said debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of Twenty years being the currency of the said debentures, such yearly sums being of such respective amounts that the aggregate amount payable in each year for principal and interest computed on the unpaid principal at the rate of six per cent. per annum in respect of the said debt shall be as nearly as possible equal to the amounts so payable in each of nineteen other years of the said period, as shown in the schedule hereinafter set out.

AND WHEREAS the whole rateable property of the Village of Watford according to the last revised assessment roll for the said Village is the sum of \$391,800.00.

AND WHEREAS the present existing debt of the said Village of Watford secured by debentures is the sum of \$73,776.36 and no part of the said sum is in arrears.

AND WHEREAS for paying off the said principal sum of Eighteen thousand dollars and interest it will be necessary to raise in the several years hereinafter mentioned the following sums:

\$18000.00 13386.40 31386.40 being the aggregate amount for principal and interest to be paid in each year and every year according to the Statute in such case made and provided.

THEREFORE THE MUNICIPAL COUNCIL OF THE CORPORATION OF THE VILLAGE OF WATFORD ENACTS AS FOLLOWS—

1. That it shall be lawful for the Reeve of the said Municipality for the purposes aforesaid to borrow the said sum of Eighteen thousand dollars and to issue debentures of the said Municipality to that amount, with coupons attached for the payment of interest at the rate of six per cent. per annum as aforesaid, in sums of not less than One Hundred dollars each.

2. The said debentures shall be payable at the Office of the Treasurer of the Village of Watford.

3. It shall be lawful for the Reeve of the said Municipality, and he is hereby authorized and instructed hereby authorized to be issued and to cause the same to be signed by the Treasurer of the said Municipality and the Clerk of the said Municipality and he is hereby authorized and directed to attach the Seal of the said Municipality to the said debentures.

4. The debentures shall all bear the same date, and shall be issued within two years after the day on which this by-law is passed, and may bear any date within such two years, and shall be payable in annual instalments during the twenty years next after the time when the same are issued, and the respective amounts of principal and interest payable in each of such years shall be as set forth in the recitals hereto.

5. There shall be raised and levied in each year by special rate on all rateable property in the said Municipality the sum of Fifteen hundred and sixty-nine dollars and thirty two cents, a sum sufficient to discharge the several instalments of principal and interest accruing due on the said debentures as the same become respectively payable according to the provisions of this by-law.

6. The said sum of Eighteen thousand dollars shall be expended when raised for the purpose set forth in the recitals herein.

7. This by-law shall come into force and take effect immediately upon the final passing thereof.

Passed provisionally and dated at the Village of Watford this Twenty-second day of July A.D., 1921.

FINALLY PASSED this day of A.D., 1921.

Reeve, Clerk.

**NOTICE**

TAKE NOTICE that the foregoing is a true copy of a proposed By-law of the Corporation of the Village of Watford, to be submitted to the votes of the electors entitled to vote on money by-laws on the twenty second day of August A.D., 1921, at the places in the said Village, and by the Deputy Returning Officers below mentioned, viz.—

Ward No. 1, At the Council Chambers, Public Library, Frank Kenward D.R.O., and Harry Pearce Poll Clerk.

Ward No. 2, At the Fire Hall; Jacob D. Brown, D.R.O.; and W. H. Shrapnell, Poll Clerk; and a poll shall be open at each of the said places on said date at nine o'clock in the forenoon, and shall continue open until five o'clock in the afternoon.

AND that the seventeenth day of August A.D., 1921, at eleven o'clock in the forenoon, at the Council Chambers in the Public Library in the said Municipality, has been fixed for the appointment of persons to attend at the polling places, and at the final summing up of the votes by the Clerk.

AND that if the assent of the electors is obtained to the said proposed by-law it will be taken into consideration by the Municipal Council of the said Corporation at a meeting thereof to be held after the expiration of one month from the date of the first publication of this notice, and that such first publication was made on the twenty-ninth day of July A.D., 1921.

And that any tenant entitled to vote under such by-law and who desires to so vote must deliver to the Clerk of the Municipality not later than the tenth day before the day appointed for the taking of the vote, a declaration under the Canada Evidence Act, stating the facts required by sub-section 3 of Section 263 of the Municipal Act to be stated in such Declaration.

Dated at Watford, this Twenty-second day of July A.D., 1921.

W. S. FULLE, Village Clerk.

**CORNER STONE LAYING KERWOOD METHODIST CHURCH**

With the very finest possible Canadian weather and favoring breezes, the laying of the three corner stones of the new Methodist church, Kerwood, took place Wednesday, August 3rd. Rev. W. K. Hager, B.A., of Watford, District Chairman, was in charge of the service. The following ministers were present and assisted:—Rev. H. R. Deihl, Anglican; Rev. G. N. Hazen, D.D.; Rev. T. A. Steadman, Rev. F. Rutherford, Rev. D. D. Thompson, and the pastor, Rev. W. Millson gave the address. A very large crowd was in attendance from London, Sarnia, Watford, Alvington, Strathroy, Petrolia, Warwick, Theedford, Arkona and surrounding communities. Mrs. Evans assisted the choir and sang twice during the service. Following the service Mr. John Richardson, the oldest member of the congregation, laid the corner stone for the Trustee Board; Dr. L. A. Trueman, of Hamilton, the Ladies Aid stone, and Mr. James Richardson for the S.S. The Ladies Aid served supper after the service. In the evening a very excellent concert was given in the new shed. Mr. Wm. Sutherland, of Toronto, gave a much appreciated address. Mrs. Wyatt, of London, sang several solos and Mrs. Evans assisted again in the evening concert. Mr. and Mrs. Rapley, of Strathroy, gave a duet; Miss Violet Wight, of Theedford, sang twice and Miss B. Foster, of the congregation, a solo. Mrs. Howard McLean gave a reading and Miss Eunice Moorehouse of London, two readings. The S.A. Band, of Strathroy, delighted all with their music during intermissions. Altogether it was one of the big days in the history of the community and in the life of the church.

**CHOLERA INFANTUM** Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in wading off this trouble. They regulate the bowels and sweeten the stomach and thus prevent all the dreaded summer complaints. Concerning them Mrs. Fred Rose, of South Bay, Ont., says: "I feel Baby's Own Tablets saved the life of our baby when she had cholera infantum and I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**DEATH OF GEORGE REYCRRAFT**

There passed away at his residence in Carmangay, Alta., George Reyecraft. He was the third youngest son of the late John and Mary Reyecraft. He was born at Bothwell, Ont. When he was yet a young boy he came with his parents to Warwick, first living on the second line north, and a few years later his father moved the family to the second line south where George received his education and grew to manhood and at the age of eighteen went out into the world to do for himself. He went to Oregon where he remained a number of years, after which he decided to go to the Yukon and went up the Trail of '98. He remained there seven years, returning to Oregon for a short visit, he came to Alberta. In 1905 he bought land after which he homesteaded on the east slopes of the Black Spring Ridge. His closest town at that time was Lethbridge, a distance of thirty miles. Mr. Reyecraft visited his old home at Watford twice and his sister, Mrs. Bateman, in Holton, Kansas, four different times.

On the 15th of November, 1911, he was united in marriage to Annie Eva Glass, second youngest daughter of James Glass, of Watford, in the Wesley Methodist parsonage at Lethbridge, who survives him with two little boys, namely, George Leland, age seven, and James Newton, age three, to mourn the loss of a loving husband and father. Mr. Reyecraft was a member of the Church of England. He was a good christian man and died trusting in his Savior. Over six years ago Mr. Reyecraft's health failed him and, although every possible thing was tried and done for him his health could not be restored. His death was not unexpected. Mr. Reyecraft leaves two brothers and two sisters at Watford and one sister in Idaho to mourn his loss. He was laid to rest in the Carmangay cemetery. The pallbearers were Arthur Mills, W. H. Miller, James Keegan, Clarence Kolden, Lewis Huribout, Mervin McGow.

**BORN** In Arkona, on Sunday, July 31st, to Mr. and Mrs. Verne Huntley, a daughter.

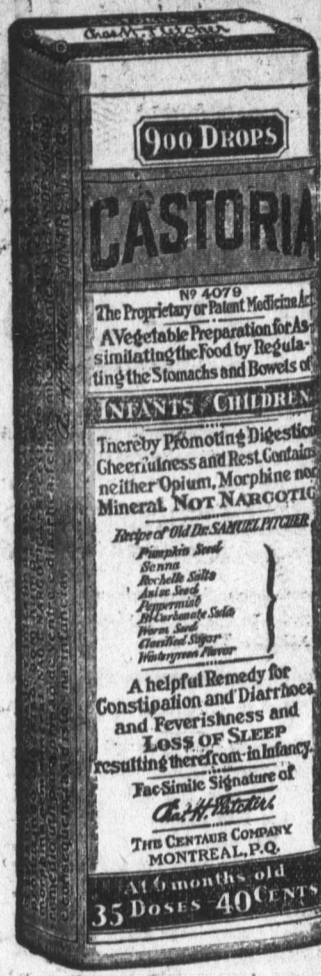

**MARRIED** In Watford, on Wednesday, August 10th, 1921, by the Rev. E. H. Sawyers, George Rumber, of Sarnia, to Miss Mary Elizabeth Jarriot, of Warwick.

In Trinity church, Watford, on Wednesday, August 10th, 1921, by the Rev. S. P. Irvin, B.A., Elizabeth Winnifred, second daughter of Mr. and Mrs. E. D. Swift, of Watford, to Mr. Marvin Derwart Cone, B.Sc. only son of Mr. D. D. Cone, of Cedar Rapids, Iowa.

**DIED** In Moose Jaw, Sask., on Monday, Aug. 1st, 1921, Robt. Gibson, M.D., in his 69th year.

In Watford, on Saturday, August 6th, 1921, Roy Alexander, infant son of Mr. and Mrs. L. H. Aylesworth, aged 7 weeks and 6 days.

Serious Forest Fires Visit Maritime Provinces.

Flames Have Devastated Wide Area In Nova Scotia and New Brunswick, Forcing the Citizens to Flee From Their Homes—Only Heavy Rains Can Stop the Flames and Save the Country From Further Damage.

HALIFAX, N.S., Aug. 9.—Forest fires of unprecedented proportions, covering in the aggregate many scores of square miles and doing damage as yet impossible of estimation, swept through sections of Nova Scotia and New Brunswick on Saturday and Sunday. The worst conflagration was reported in King's and Queen's counties, New Brunswick, where nearly three score residences and numerous buildings were destroyed. Information from Cumberland county, Nova Scotia, is still meagre, but it is indicated that isolated farms and scattered settlements in that section have been wiped out. The worst forest fires in years were reported from Cape Breton Island.

So far there has been no loss of life and the people of the provinces are praying for rain.

Driven by Gale.

SPRING HILL MINES, N.S., Aug. 9.—Numerous isolated dwellings, and possibly small settlements lying in a line of a forest fire of tremendous proportions which, under the impetus of a 40-mile wind, has been marching northeastward from River Hebert, Cumberland county, since Saturday morning, were presumed here to have been wiped out.

Since Saturday evening scores of people have been fleeing from their homes from the 40-mile stretch of country lying between River Hebert, on the shores of Chignecto Bay, in the southwest, to Roslyn, beyond Oxford, in the northeast.

It is estimated that 100 square miles of country are ablaze.

Telephone communication with points in the fire area was interrupted and what the real situation under the thick clouds of black smoke that overhang the whole of the Chignecto Bay district is can only be surmised. Sunday it was reported that working crews on the Canadian National lines east of Maccan were smoked out and that women and children had to be taken from the town to prevent suffocation, although the flames did not immediately threaten the place.

The population of Fenwick, north of Maccan, were ordered to leave and little hope was held out of saving the village, according to latest information. Fenwick is said to be the centre of a roaring circle of flame.

It was rumored that Hastings, lying between River Hebert and Amherst, had been destroyed. Springhill is gradually being surrounded by an angle of fire sweeping toward Springhill Junction, on one side of the town, and Salt Spring on the other.

Condition Improves.

FREDERICTON, N.B., Aug. 9.—Advice received from the Department of Lands and Mines are to the effect that the fire situation, after being very bad on Saturday, had improved considerably Sunday.

G. H. France, chief forester, went to Upper Gagetown and Westfield. Reports from him were that a serious fire at Upper Gagetown could be controlled. He also said that a fire which started at the mouth of the Jemseg river, in grass, from the fires on the south side of the St. John river, was controlled by ploughing furrows around it. The blaze was put out. One narrow strip of fire extended toward Lakeville Corner; however, no report had been heard from that quarter.

The north part of the province has had more rain and is fairly clear of fires. There is a fire at Hazelton settlement, however, near Doaktown, Northumberland county. There also are fires at Salmon River.

Charlotte county presents the most serious situation from purely forest fires. A fire at Pleasant Ridge is burning fiercely, and unless the wind drops will continue to burn. Between Dumbarton and Honeydale another bad fire has broken out. The fire near the mouth of McDougall Lake and south of Oronocto Lake is still burning. A fire at Bonney River, Charlotte county, is serious, and hundreds of men are fighting the flames in the woods there to save the village.

Hundreds Fight Flames.

ST. JOHN, N.B., Aug. 9.—Bush fires have been burning in the district for a week or more. Hundreds of men, including gangs from the C.P.R., have been combatting the flames in the woods and underbrush for several days, but about four o'clock on Saturday afternoon a southwesterly gale sprang up, attaining a velocity as high as fifty-five miles an hour, and sweeping clouds of sparks and burning brands on to the summer villages. It was an impossibility to overcome the shower of ruin, and for hours dwellings, barns and other buildings in Ononette, Hillandale and Lingley continued to catch fire and burn.

In many instances the occupants requisitioned automobiles and motor trucks to transport their belongings from the fire belt. These three summer resorts were practically obliterated from the map. Among the burned buildings were numerous costly residences, some of them owned and occupied by leading St. John residents, including the home of Hon. Harrison A. McKeown, Chief Justice of New Brunswick.

All of the homeless found shelter, many coming to St. John, where city houses were reopened. Others went to hotels. A great pall of smoke hung over the district and along the St. John river for many miles. The smoke clouds were visible in this city and far away to the eastward.

Hotspots Near Frost.

ST. CATHARINES, Aug. 9.—"I look for an early autumn," remarked an old weather sharp to-day. "The other night I heard the call of the katydid, and that always means a near frost. There will be frost inside of 30 days, mark my word. The summer is about gone. Early summer and early fall you'll usually find."

Gold Shipment Reaches London.

LONDON, Aug. 9.—Gold valued at \$1,800,000, consigned from India to New York, has arrived at Plymouth, and will be forwarded via the Aquitania on Saturday. The shipment is mostly sovereigns.

## ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-LIVES"

MR. AMEDEE GARCEAU

32 Hickory St., Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-lives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine, 'Fruit-a-lives', as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-lives' a trial."

Mannix to Take Oath.

MELBOURNE, Australia, Aug. 9.—Archbishop Mannix, active advocate of Irish freedom, has expressed his willingness to take the oath of allegiance to the King, it is reported.

"I hope the negotiations between England and Ireland will result in a settlement which will be honorable to Ireland," said the Archbishop. "Irishmen are big-hearted enough to forget and forgive the past if peace is concluded."

Boy Commits Suicide.

DETROIT, Aug. 9.—Afraid his employers would "fire" him, because he had smashed up an auto belonging to the firm, Hugh Dewitt, a 16-year-old stock boy for the Economic Dry Co., returned to the store Saturday, went into the cellar and shot himself through the heart.

hoop skirts were worn by those who first asked the druggist for, and insisted on having the genuine Favorite Prescription put up by Doctor Pierce over fifty years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago and never contained alcohol. Beauty depends upon health.

Worry, sleepless nights, headaches, pains, disorders and weakness of a distinctly feminine character in a short time bring the dull eye, the "crow's feet," the haggard look, drooping shoulders, and the faltering step. To retain the appearance of youth you must retain health. Instead of lotions, powders and paints, ask your druggist for Doctor Pierce's Favorite Prescription.  
 PHOENIX, SASK.—"Doctor Pierce's Favorite Prescription cured me when all other medicines failed. The home doctors could do nothing for me. I happened to see Dr. Pierce's advertisement in the paper, sent for the medicine, and felt a great benefit from even the first few doses. I took but a few bottles until I was entirely well. I cannot speak too highly of the merits of the Prescription." Mrs. JANET BROWN, R. R. 1.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to be relieved except through a sure preparation such as Dr. J. D. Kellie's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has given relief to a generation of asthmatic victims of this scourge of the bronchial tubes. It is sold everywhere.

**LEARNING ABOUT CANADA.**

English Teachers Are Paying Visit to Dominion.  
 HALIFAX, N.S., Aug. 9.—With the object of developing a better understanding of the Empire and bringing together of representative members of the teaching profession, a party of seventy-seven members of the Imperial Union of Teachers, under the auspices of the League of Empire, arrived in Halifax from England Saturday night.  
 The party was in charge of Col. James L. Hughes, a brother of Sir Sam Hughes, for many year chief inspector of schools in Toronto. Included were professors from British universities, head masters and head mistresses of public and collegiate schools, representing the British Isles, Australia and New Zealand.  
 Prominent in the party were Sir Harry Reichel, vice-chancellor of the University of Wales; Montague Rendall, head master of Winchester; Prof. McBain, of Bristol University; Prof. Fry of Cambridge, and Prof. Scott, of Bangor.  
 These educationalists are on their way to Toronto to participate in the League of Empire conference, to open this week. After the conference they will separate and visit various parts of the Dominion, looking toward the accomplishment of the plan put forward by the union for interchange of teachers between the nations of the Empire.

**BARGES WERE DISABLED.**

Score of People Saved in Storm on Lake Ontario.  
 KINGSTON, Aug. 9.—The steamer MacAssen, of the MacNaughton Line, Montreal, with the barges Condor and Allasco, in tow, ran into a terrific gale early Sunday morning when at South Bay Point, thirty miles up the lake from Kingston. Each of the barges sprung a leak but Capt. Clark and the crew of the MacAssen rescued all on board the two barges, including nineteen men, women and children, it being a French-Canadian crew. The women and children were asleep at the time and the weather was so rough that they could not be lowered. After a most trying time, Capt. Clark and his men succeeded in getting a line on the barge Condor and women and children were taken off first. Over two hours were taken up in effecting the rescue.  
 After all had been rescued Capt. Clark and his crew were taken off and came on to Kingston. One of the barges, so it is claimed, foundered and was broken up. When deserted, the Condor had six feet of water while there was four feet of water in the Allasco.  
 Capt. Clark and his crew went out Monday to the scene of the disaster to see the extent of the damage. They are being warmly congratulated in marine circles for their gallant rescue. It is stated that the waves were beating ten feet high when the storm was at its worst.

**CABINET BREAKS UP.**

Alberta Ministers Take to Farming and Business.  
 CALGARY, Aug. 9.—According to reports here it is the intention of Premier Charles Stewart and Hon. A. J. McLean, Minister of Public Works, to form a partnership in a business enterprise in Edmonton, following their retirement from the Government of the province.  
 Hon. Mr. Stewart owns a large farm at Killam, where he resided prior to entering the Government ten years ago. Hon. A. J. McLean has large ranching and farming interests at Tubar and Bircher Creek in the southern part of the province, but it is said that both of these gentlemen will continue to reside in Edmonton.  
 Hon. J. H. Boyle, it is said, will re-enter law practice in Edmonton and Hon. Duncan Marshall will look after his farming interests at Onda. Hon. C. R. Mitchell may enter law practice at Medicine Hat, his former home. He was a district court judge when he left the bench to enter politics. Hon. George P. Smith will resume active control of his newspaper at Camrose, and Hon. Jean Cofe has a practice as civil engineer in Edmonton.

**Fire Visits Kincardine.**

KINCARDINE, Ont., Aug. 9.—Fire starting in the cellar of Geddes' general store at six o'clock Monday morning, completely gutted the entire block, including Farley's hardware and Miss Melvor's shop. The origin of the blaze is at present unknown. The loss is estimated at \$50,000, partly covered by insurance. What goods were not destroyed by fire were hopelessly damaged by water. The alarm was sounded at six o'clock. The firemen tried to confine the blaze to the cellar, but owing to inflammable materials they were unsuccessful.  
 Sore's Flea Before It.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Electric Oil. All similarly troubled should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

**CATTLE MARKETS**

**TORONTO LIVE STOCK.**  
 TORONTO, Aug. 9.—Live stock receipts at the Union Yards Monday were: Cattle, 4,438; calves, 441; hogs, 605; sheep, 2,049.  
 Receipts of cattle were exceptionally heavy at the Union Stock Yards, where the day's arrivals of 4,438 were added some 400 left over from the previous week, the offerings were a little larger than the market could readily absorb. Prices generally were easier, yielding about 25c per hundredweight below last Monday's quotations on good animals, while common grades were down 50c per hundredweight. There were several sales at \$7.75 per hundredweight, while other good prices for the day were \$7.50 and \$7.45.  
 Calves sold as high as \$11 per cwt. Sheep were steady at \$3 to \$5.50, demand being fair for nice handy weights. Fat sheep and culls sold at from \$1 to \$2 per cwt.  
 The hog market was strong with packers paying \$12.75 to \$13 per cwt. f.o.b. Supplies were light and demand very good.

**Christabel Is Here.**

**MONTREAL, Aug. 9.**—Miss Christabel Pankhurst, the noted English suffragette leader, arrived here on Sunday evening from England. She states that she has come here solely for a holiday and does not intend to do any speechmaking. She will spend two or three days in Montreal and then go on to Victoria to join her mother, Mrs. Emmeline Pankhurst. The two will then, she stated, visit the Canadian West.  
 Miss Pankhurst intends to observe and take notes on the lot of woman-kind in Canada, in order to publish her views in England later.

**Ismid Re-occupied by Greeks.**

**LONDON, Aug. 9.**—Greek re-occupation of Ismid is expected at any moment, according to despatches to the Daily Express from Constantinople. Only a small number of the Turkish forces of Mustapha Kemal remain at Ismid. The resumption of any large scale offensive is unlikely before September, owing to the necessity of repairing the railway.  
 The occupation of Ismid will give the Greeks lateral communications and enable them to advance with greater ease.

**TOO ILL TO GO TO SCHOOL**

Mother Tells how Daughter was Made Well by Lydia E. Pinkham's Vegetable Compound

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine,"—Mrs. JOHN TOMS, Ball St., Cobourg, Ont.

Standing all day, or sitting in cramped positions, young girls contract deranged conditions, and develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a fair trial.

### LISTLESS, PEEVISH GIRLS

When a girl in her teens becomes  
peevish, listless and dull, when nothing  
seems to interest her, and dainties do  
not tempt her appetite, you may be  
certain she needs more good blood  
than her system is provided with. Be-  
fore long her pallid cheeks, frequent  
headaches, and breathlessness and  
heart palpitation will confirm that she  
is anaemic. Many mothers as the re-  
sult of their own girlhood experience  
can promptly detect the early signs of  
anaemia, and the wise mother does  
not wait for the trouble to develop  
further, but at once gives her daugh-  
ter a course with Dr. Williams' Pink  
Pills, which renew the blood supply  
and banish anaemia before it has ob-  
tained a hold upon the system.

Out of their experience thousands  
of mothers know that anaemia is the  
sure road to worse ills. They know  
the difference that good, red blood  
makes in the development of woman-  
ly health. Every headache, every  
gasping for breath that follows the  
slightest exertion by the anaemic girl,  
every pain she suffers in her back  
and limbs are reproaches if you have  
not taken the best steps to give your  
weak girl new blood, and the only  
sure way to do so is through the use  
of Dr. Williams' Pink Pills.

New, rich red blood is infused into  
the system by every dose of these  
pills. From this new rich blood  
springs good health, an increased  
appetite, new energy, high spirits and  
perfect womanly development. Give  
your daughter Dr. Williams' Pink  
Pills, take them yourself and note how  
promptly their influence is felt in  
better health.

You can get these pills through any  
dealer in medicine or by mail post-  
paid at 50 cents a box or six boxes

for \$2.50 from the Dr. Williams'  
Medicine Co., Brockville, Ont.

### MUST PRESERVE PEACE

Premier Speaks of Duty of the  
British Empire.

Right Hon. Arthur Meighen Has  
Returned From Imperial Confer-  
ence, and He Describes Import-  
ance in World Politics of These  
Meetings of Heads of Federated  
Free Dominions That Center  
Round Throne of King George.

HALIFAX, N.S., Aug. 9.—"I will  
give you one thought that the ex-  
perience of the past few weeks has  
impressed upon my mind. I have  
been impressed with the real value,  
the undoubted necessity of these  
conferences. It is not a mere plat-  
itude much less an empty patriotic  
boast to say that Great Britain is  
the greatest factor in the world to-  
day for preserving peace. It is a  
practical, a solemn vital truth. In  
the very nature of things she is the  
daysman among the nations of  
Europe, and you cannot in these  
days have peace anywhere unless  
you have at least substantial peace  
in Europe. The influence of the Brit-  
ish statesmen in the councils of the  
world is greater, because the Dom-  
inions and India are within the  
Empire and because she reflects or  
wants to reflect their views as well  
as her own."

It was the Right Hon. Arthur  
Meighen, Premier of Canada, who,  
after several weeks sojourn in Lon-  
don in consultation with the Prime  
Ministers of various sections of the  
British Empire, expressed this sen-  
timent to a crowd of Canadians,  
gathered at the pierhead here on  
Saturday evening to welcome him  
home. Brought by the Atlantic sun,  
and with an eye sparkling with  
pleasure, he stepped from the  
gang-plank of the steamer Carmania  
and the Premier replied to the address  
presented to him on behalf of the  
City of Halifax by Major John S.  
Parker. He was reticent, however,  
in touching on the proceedings of  
the Imperial Conference, and in  
the course of conversation with the  
Canadian Press, indicated that he  
would be unable to express any  
opinion on the important national  
and international matters under con-  
sideration in London, before con-  
sultation with his colleagues.

With regard to Canadian affairs  
Mr. Meighen was optimistic. "I  
know there is much to be done and  
I have been impatient to get back  
to take a hand in the work," he  
told the crowd on the pier, "but  
those who lament about Canada  
have not seen much of other coun-  
tries in these times." Again, with  
reference to the importance of the  
Imperial Conference, he expressed  
obvious enthusiasm. "There is no  
question that the people of the  
British Isles are sincerely anxious  
to get the standpoint of the Dom-  
inions. Their Government wants us  
to understand all the facts of the  
situation, to get our opinions and to  
shape its course in consonance with  
the considered judgment of the en-  
tire league of British Nations," he  
said. "That is the purpose of con-  
sultation in conferences. So far as  
the foreign policy is concerned—I do  
not think there are many in Canada  
who would have this country decline  
the invitation to come and help, who  
would have us ignore the call to  
come and reason together. We must  
walk with the nations of this Empire  
or walk away from them. The gos-  
pel of isolation is the gospel of sepa-  
ration, under a thin disguise. We  
enjoy the fullest self-government  
that heart of a people could de-  
sire. That is our heritage—and I  
know of no one who wants to take  
it away. Under these conditions I  
am for co-operation and for unity.  
I believe in the British Empire.  
"We have our troubles here in  
Canada—the disturbances of trade,  
the restlessness and disorder that  
seem epidemic in these times have  
not left us unmolested. But we are  
in a sound position and a compar-  
atively strong position. Let us take  
courage and confidence and let every  
class be reasonable, and there will  
soon be work for all who are ready  
to work and ten years from now  
this country will be the envy of the  
world."

### WILL APPEAL TO KING.

Indians Leave for London on Unique  
Mission.

BRANTFORD, Ont., Aug. 9.—Levi  
Gener and David S. Hill, of the Six  
Nations Indians, have left for Ro-  
chester, where they will meet At-  
torney J. Decker and Chief General, to  
form the deputation which will go to  
London to present to King George  
himself the Six Nations Indian pro-  
test against interference by the Can-  
adian Department of Indian Affairs,  
in the affairs of the Six Nations.

The united tribes claim that by  
virtue of the treaty under which they  
came to the Grand River valley, af-  
ter the war of the revolution, they  
are completely independent within  
their own limits. The specific cause  
of complaint is the bill to provide  
for enfranchisement of Indians as  
Canadian citizens. They contend  
that they are allies of the British  
Crown, and not subject to Canadian  
rule.
