## ROUTED BULGARS LEFT LOADED GUNS BEHIND

Greeks Claim Great Victory Over Superior Force, Capturing Bulgarian Provisions—The Servians Suffer Reverse—War Now on Official Footing.

LONDON, July 8.—(C. A. P.)—The Balkan war having now been regularized by formal declarations, it is understood that the powers will make no attempt to mediate. The official Gazette at Belgrade published tonight notice of a formal declaration of war against Bulgaria.

Military news was lacking today. Servian despatches admit that a strong Bulgarian column has invaded Servia at Konagovatz, which town they occupied after setting fire to the adjacent villages. Cholera has been brought to Belgrade by the wounded.

Official Greek despatches claim a great victory at Doiran, where the Bulgarians, recently reinforced, were in superior strength to the Greeks. The latter assert that a whole division of Bulgarians was completely destroyed, and that the Bulgarians fled in such a precipitate manner that they even left loaded guns behind.

This victory is considered of great importance because Doiran was the Bulgarian victualing centre and all the provisions fell into the hands of the Greeks. It is reported from Sofia that the tenth Bulgarian division, which reinforced General Ivanoff, was brought from the Tchatalia district. This seems to indicate compliance with the Turkish demand that the Bulgarians evacuate Turkish territory.

The Bulgarians are taking the offensive against Nish, according to announcement from Sofia.

## PEANUT BUTTER CAUSES DISPUTE

Railways Must Show What Revenue They Receive From Shipments.

MONTREAL, July 8.—(Can. Press.)—The old question of sugar rates came before the railway commission here today, upon an application of the Montreal board of trade, that an order should be issued requiring the C.P.R. to adjust its rates on sugar originating at Montreal, for Port Arthur, and points west, so that the rates shall not be greater for distances over 850 miles than are charged for similar distances from Vancouver.

Mr. Tillson, for the board of trade, referred to the order made by the board in 1908, fixing rates for the west, and urged that Montreal should not be made to suffer on account of difference of cost in construction and operating as between east and west.

Chairman Drayton announced that this matter would be taken into consideration in the forthcoming western freight rate inquiry.

The application of the Toronto board of trade for an order requiring railway companies to provide a carload rating of fourth-class on peanut butter, elicited objection from C.P.R. representative Mr. MacInnes, that the constant granting of mixed classification was a thing to be avoided and he objected to it on principle. It was stated that one firm alone in Toronto had shipped 490,000 pounds of peanut butter.

The chairman required the railway company to show the commissioners what revenue they were obtaining on shipment of this commodity.

## DEER ATE THE HAY IN TWO SCARECROWS

Special to The Toronto World.  
NEW YORK, July 8.—Henry Davis of Oakdale, L. I., to frighten off deer that visited his garden and ate his vegetables, made two man-like scarecrows that appeared ghostly night under the glare of two lanterns. The deer scented the new hay which padded the scarecrows and came and ate them. The deer then butted out the lanterns and fled.

## CHIEF OF POLICE REFUSED TO PAY

Special to The Toronto World.  
PHILADELPHIA, July 8.—A prisoner held here on a charge of horse stealing was released when the chief of police of Newark, Ohio, refused to pay the charges on a telegram notifying him of the man's arrest.

## WIVES AND DAUGHTERS FORCED TO WITNESS BURNING ALIVE OF SEVEN HUNDRED MEN IN MOSQUE

Men Guilty of Fearful Atrocities Reports Catholic Missionary—Business and Professional Men Among Friends That Enacted Even More Terrible Massacres, Women Also Being Burned to Death.

SALONIKI, July 8.—(Can. Press.)—Father Michel, superior of the French Catholic Mission at Kilkish, confirms the reports of massacres committed in that district by Bulgarian irregulars. In one instance they burned to death seven hundred men belonging to Kurkut by imprisoning them in a mosque, under which they exploded bombs, setting the building on fire. They had previously assembled the victims' wives and daughters around the mosque to witness the spectacle.

Even more terrible scenes were enacted at Kilkish, Planitza and Raynovo, women also being burned to death.

Father Michel asserts that in the ranks of the irregulars responsible for these atrocities were business and professional men and students from Sofia.

## URGES RECALL OF GLADSTONE

Labor Member of Pretoria Council Prepares Strong Resolution Denouncing Slaughter of Strikers.

PRETORIA, July 8.—(Can. Press.)—The provincial council today adopted a resolution introduced by Councillor Ware, a Labor member, sympathizing with the relatives of the men, women and children shot at Johannesburg.

Mr. Ware gave notice that he would introduce, tomorrow a resolution condemning the action of the government in depriving the people of Johannesburg of the right of free speech, and to hold public meetings and demanding the recall of Viscount Gladstone, governor-general of the Union of South Africa, for the part he took in causing the imperial troops "to shoot and kill innocent, unoffending and defenceless men, women and children."

## SYLVIA AGAIN ON A HUNGER STRIKE

Offered Freedom on Heavy Bonds, But This She Haughtily Declines.

LONDON, July 8.—(Can. Press.)—Miss Sylvia Pankhurst, daughter of Mrs. Emmeline Pankhurst, the suffragette leader, was brought up at Bow street police court today and found guilty of inciting people to commit disorders on June 29, when she led a mob to Downing street to raid the official residences of the premier and the chancellor of the exchequer. She was ordered by the magistrate to find sureties in £12,000 to be of good behavior for a year, or as an alternative, to go to prison for three months. Miss Pankhurst refused to find bonds and elected to go to Holloway Jail, declaring that she would at once start a hunger strike, and also go without water.

Archibald Bodkin, prosecuting for the treasury, said the authorities did not desire to punish her, but merely to prevent her making inflammatory speeches.

Miss Sylvia Pankhurst, who defended herself, harranged the people crowding the court room. She said: "Revolt is the only way left to us. I wish what happened had been more serious, because it will have to come to something more serious. There will be rebellion, and the east will march toward the west with sticks and stones. If you drag me back to prison under the infamous 'cat and mouse act,' I shall continue to protest as long as life lasts. Very probably some of us will die, but all say it is worth it."

## MOTHER GETS MONEY DAUGHTER TO MARRY

Hon. Victoria Sackville - West Will Wed a British Attaché at Constantinople.

LONDON, July 9.—Hon. Victoria Sackville-West, who figured so prominently in the Scott will suit, is to be married to Harold Nicholson, second British diplomatic attaché at Constantinople, and son of Sir Arthur Nicholson, permanent under secretary for foreign affairs.

As the only child of Lord and Lady Sackville she will succeed to the Scott fortune.

## American Autos Flood Europe

GENEVA, Switzerland, July 8.—(Can. Press.)—The invasion of Europe by low-priced American automobiles was the chief topic under discussion at a meeting today of the Union of International Automobile Constructors. Great Britain, France, Germany, Austria and Belgium were represented. It had been suggested that measures be taken to check this invasion, but it was finally decided that excellence in the European products was the only reply to make. It was pointed out that no competition was in low-priced machines was proposed, because that it was impossible.

## THREE KILLED IN BAD STORM

Heavy Damage Also Caused by Demolition of Buildings, Telephone and Electric Lines.

ELGIN, Ill., July 8.—(Can. Press.)—Three men were reported killed and property damage estimated at \$50,000, was done by an electric storm here today. Four stores were unroofed by the wind, the steeple of the First Baptist Church was blown down and much damage done to telephone and telegraph wires.

Arthur Peterson, son of a wealthy farmer, four miles west of here, was struck by lightning and killed instantly. Two men were reported killed at Pine Grove, when the barn in which they were seeking shelter collapsed.

This city was in darkness tonight, owing to damage to the electric lighting plant. Street car traffic on several streets was blocked by fallen trees.

## CANOEISTS SAVED THINK RELATIVES

Cling to Belief That They Were Picked Up—Lake Erie Sailors Have No Hope.

NIAGARA FALLS, July 8.—(Special.)—Nothing has been heard of Reginald McMahon, A. M. Kayner, Thos. Brophy and Edward Reichert, Toronto and Niagara Falls boys, missing since Sunday night, when Carl Goodrich was drowned, their canoes being overtaken by a severe storm in Lake Erie, off Crystal Beach, Sunday night. Altho the relatives of the young men believe they were picked up by passing freight steamer, longshoremen say they believe all were drowned.

The five saved saw Goodrich sink, but say they think the other four escaped by floating with the aid of life-preservers till picked up by freighters. William and Joseph Cannon, brothers, who escaped, refuse to leave Crystal Beach till something definite is learned about their missing companions.

The police on the American side are beginning to believe that Mazie Lynch, a 16-year-old girl who disappeared last Friday night, went over the falls. It was at first thought that she left the city with the Carnival Company now playing Brantford, but the police there today reported their inability to locate her. The girl's friends say she threatened suicide by the cataract route.

## LYNCH MAY GET FEDERAL OFFICE

I. T. U. President Recommended by Sulzer For State Labor Commissionship.

ALBANY, N. Y., July 8.—(Can. Press.)—After having been unsuccessful in three attempts to have John Mitchell of Mount Vernon, former president of the United Mine Workers of America, made state labor commissioner, Gov. Sulzer tonight sent to the senate for confirmation, the appointment of James M. Lynch of Syracuse, president of the International Typographical Union, for the position. The governor also sent to the senate the names of William E. Leffingwell of Watkins, and Charles J. Chase of Croton-on-the-Hudson, a locomotive engineer, as members of the second district public service commission, to succeed former Chairman Frank W. Stevens of Jamestown, resigned, and Curtis N. Doufas of Albany, whose term of office expired some time ago, respectively.

Mr. Lynch, the new appointee, is now completing his seventh two-year term as president of the International Typographical Union.

## THE PAISLEY-KYLE WEDDING

Mrs. H. T. Paisley (Miss Anna Kyle) and her husband leaving All Saints' Church after their marriage yesterday afternoon.

## PUGSLEY PLANS CAMPAIGN TOUR

Ex-Minister Expects General Federal Election at Close of Coming Parliamentary Session.

OTTAWA, July 8.—(Special.)—Hon. William Pugsley, who has been suffering from muscular rheumatism since prorogation but is now almost entirely recovered, left for St. John this morning. The ex-minister intends to address many political meetings during the parliamentary recess, and for this purpose will extensively tour the west, returning to Ontario in time to take an active part in the campaign in South Bruce. Mr. Pugsley believes there will be a general election at the close of the next session.

The ex-minister professes to be sanguine of Liberal success. He thinks the Laurier Government lost power not so much on account of any particular issue, but from lack of live political organization.

"There was too much old age influence in the government," he said, "and many men were appointed to office who had little or no political influence."

Mr. Pugsley will do some political work in New Brunswick where, it was understood, a vacancy will soon be created in the parliamentary representation by the appointment of Mr. O. S. Crockett, M.P. for York to the supreme court of New Brunswick.

## SCOTT WILL COSTS HUNDRED THOUSAND

Lady Sackville Escaped Heavy Payment When She Won Famous Lawsuit.

Special Cable to The World. Copyrighted by The Toronto World and N. Y. World.  
LONDON, July 8.—The costs in the Scott will suit probably will reach \$125,000, to be paid out of the residuary estate. Lady Sackville is lying ill at her London residence, unable to see her numerous callers, while an avalanche of congratulatory telegrams and letters has descended on her.

She declares she will keep intact the pictures, furniture and other art objects, valued at \$1,750,000, and bequeathed to her by Sir John Scott, and will apply the interest of \$750,000 cash she also receives to their upkeep at Knoie. The Knoie collection is worth \$10,000,000, and she claims to have refused princely offers from the late J. Pierpont Morgan and others for individual pictures.

## DROWNED IN LAKE TIMIGAMI.

NORTH BAY, July 8.—(Can. Press.)—F. L. Burritt, a tourist, was drowned in Lake Timigami today by his canoe overturning. Mr. Burritt only arrived today at Timigami from Cleveland, Ohio, where his address is given as 606 Broadway.

## SMALLPOX FOUND AMONG CADETS AT NIAGARA

Boy From the Soo Had the Disease, But Was Immediately Isolated and Quarantined With All His Company and There Is No Danger of It Spreading.

NIAGARA-ON-THE-LAKE, July 8.—(Special.)—A case of smallpox was discovered in the cadets' camp this afternoon among the cadets from Sault Ste. Marie. The case was isolated immediately, and quarantined, and all members of the company from the Soo were also completely isolated from the rest of the camp. There are about 50 members of the Soo company.

Such prompt measures were taken when the case was discovered that there is positively no danger of a spread of the disease, and parents need have no fear for the safety of their boys who are under canvas here. The case was discovered on the afternoon medical inspection, before the boys had been assigned to their duties, and must have developed before the lad, who has the disease, reached the camp ground.

None of the other cadets in camp can possibly come in contact with the boys from the Soo.

No interference will be made with the daily routine of the camp, which was conducted yesterday as it will be every day.

The general health of the camp is good, and the weather so far has been propitious.

## URGE LIFE SAVING STATION AT HUMBER

Pulmotor and Equipped Building Needed, Says Coroner's Jury.

A verdict of accidental drowning was returned by Coroner Dr. Ricker's jury last night at Newton's Hotel, Humber Bay, on the drowning of 16-year-old Edward Carter in the Humber River on the morning of July 1. The jury attached a rider recommending the purchase of a pulmotor for resuscitation purposes on the river, and also the speedy erection of a building with proper equipment for the care of persons meeting with accidents in the vicinity.

"The evidence of Carter's companions was to the effect that he had started to swim across the river, when about 20 feet out he sank, came up again and sank again. His face, according to them, denoted that he was in pain, probably being seized with cramp. William Thomas, who made desperate efforts to bring the lad up, said that at the place where Carter sank he felt strong undercurrents, and that the deep water was exceptionally cold. Witness thought Carter could have been saved had two men in a canoe at the time of the accident taken the trouble to come to the assistance of Carter after he went down the first time.

## TWO MORE AIRMEN KILLED

WURZBURG, Germany, July 8.—(Can. Press.)—The German aviator Lendner, with a Frenchman as a passenger, gave an exhibition aeroplane flight this afternoon, as a feature of the Folkfest. The machine capsize at an altitude of sixty feet and both men were killed.

## SUFF. DIDN'T CARRY OUT HER PROMISE

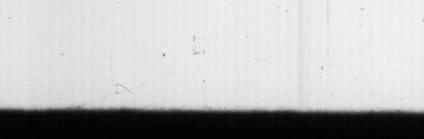

Death or Complete Liberty Was Miss Kitty Marion's Proclamation in Court.

LONDON, July 8.—(Can. Press.)—Miss Kitty Marion, a suffragette who was sentenced on July 3 to three years' penal servitude for setting fire to the stands of the Hurst Park racecourse, was released from prison tonight on license. She was in a very weak condition.

When sentence was pronounced after her trial at the assizes Miss Marion said: "I shall hunger-strike and I shall refuse to leave prison under the 'cat and mouse' act. I shall insist upon staying there until dead or released a free woman."

PROVINCIAL BOARD SANCTIONS MILLION DOLLAR STEAM PLANT

Hydro Commission Adds Its Approval of Reserve System and Toronto May Enter on Project at Once.

Toronto's reserve auxiliary plant for the supply of power to the waterworks system has received the sanction of the Provincial Hydro-Electric Commission.

The report which calls for an estimated expenditure of a million dollars, states that following the joint meeting of June 24, the best means of providing auxiliary electric service for the water and sewage plants, had been considered by both engineers without regard to questions of policy and general commercial considerations.

Low Rates Was Given. We find that the waterworks have an insufficient reserve of steam power to deal with their load in case of interruption in the supply of power, which, apart from other considerations, does not enable the city to obtain relief for the situation, as early as possible was attempted.

ferred the city a specially low rate for the electric service, which rate has been approved by the city subject to the sanction of the provincial commission. The power required for the city requirements as outlined is over 15,000 horsepower and there are two broad lines on which a permanent auxiliary electric service to operate the plant can be dealt with: (a) by the installation of generating plant within the city, to be given by steam, gas or oil engines; (b) connection with the system of the allied electric companies.

The engineers and the first of these two to be preferable. The report continues: Benefit of Steam Plant. A comparison of these two methods shows, in our opinion, the following among other advantages in favor of the former under present conditions: 1—Greater rapidity in picking up the load.

2—Less delay in transferring the load after resumption of supply. 3—Greater reliability. 4—The whole Toronto system would remain under the direct control of the Toronto commission and therefore under the general hydro scheme.

5—Lower capital cost. 6—Economy due to utilizing the steam plant for the reduction of peak loads. 7—Ability to use the plant in cases of emergency in accordance with the terms of the agreement between the provincial commission and the City of Toronto.

HYDRO BUILDING IN QUEEN'S PARK

Commissioner Decides on Sites and Lets Many Contracts in Construction.

The Hydro-Electric Commission yesterday completed a mass of business of general provincial importance. The recommendation to the government of the site of a building for the use of the commission, to be erected in Queen's Park, was included.

Other items dealt with the extension of power in different sections. Contracts were let for equipment and other work at Wadell's Falls and also for the extension of Dundas, London and St. Thomas stations and for the construction of Prescott transformer station.

The commission decided that every effort should be put forth to safeguard the position taken by them in the public interest in regard to Chats Falls, the settlement of which is now before the Ontario Railway Board.

The work of building the Windsor line is being rapidly pushed and large gangs are working west of Chatham, where the right of way has been secured.

The commission recommended to the provincial government that the new building for the use of the Ontario Hydro-Electric Commission be located immediately to the north of the east wing of the parliament buildings.

BOOK REVIEWS BY CHESTER FIELD

Leonardo Da Vinci

Dr. Jens Thille's work on "The Florentine Years of Leonardo and Verrocchio" is announced for September. The publishers say that it was not until recently that the manuscripts of Leonardo da Vinci became an object of research and study. The reason for this was the difficulty they presented by being written from right to left.

**O'SULLIVAN**  
**WELL-KNOWN BARRISTER PASSED AWAY YESTERDAY AT ST. MICHAEL'S HOSPITAL.**  
**A PROMINENT CATHOLIC**  
**HE WAS GRAND DEPUTY OF THE MUTUAL BENEFIT SOCIETY.**

Edward Vincent O'Sullivan, a clever and well-known barrister in the city, partner in the firm of Day, Ferguson & O'Sullivan, died in St. Michael's Hospital at 2 p.m. yesterday, after an illness of a week. Mr. O'Sullivan was on his way to the Lakeview Golf Club, of which he was honorary secretary, a week ago last Saturday, when he had a stroke. He returned to his home, 168 Dunn avenue, but was forced to enter St. Michael's on Monday, when he underwent an operation for the relief of his trouble.

Mr. O'Sullivan was only 29 years old, but had already worked up an enormous real estate practice. He was a graduate of St. Michael's College, and on entering Osgoode Hall he articulated with James E. Day. Four years ago he was called to the bar and taken into Mr. Day's firm.

Mr. O'Sullivan was a member of the Holy Family Catholic Church. He was grand deputy for the Catholic Mutual Benefit Association, advocate for the Toronto Council of the Knights of Columbus, and a member of the Simcoe Club and the Delta Pilgrimage Club. He was a golf enthusiast and earlier in life did some rowing with the Argonauts.

Three years ago Mr. O'Sullivan married Miss Emily O'Leary. The widow had a son and a daughter. Mrs. Emma O'Sullivan of the Mercer Reformatory, his mother, was in Europe when her son took sick, but sailed for home yesterday. Julie O'Sullivan, a 16-year-old sister, who is an accomplished violinist, studying in St. Petersburg, Russia, was spending her holidays with her mother in Dresden when the news of her brother's illness arrived. The other members of the family are Paul, a fellow of Toronto University; John of Toronto, and two sisters, Margaret and Nan, at home. The funeral will be held on Thursday at 9 o'clock from the Holy Family Church, to Mount Hope Cemetery.

**WATCHMAN NOT DROWNED**  
On being requested by the police to begin dragging operations for the body of George Munro, night watchman of the fire-swept steamer Pontiac, Maitland set forth for the slip at the foot of Spadina avenue in Dresden when the news of her brother's illness arrived. On arrival, Ayrkroyd toiled for three hours, but found nothing. The slip, the water around the slip, the front of the Esplanade, and every conceivable place along the wharf where he thought a man might likely to fall in, but found no body. He is now satisfied that Munro did not fall in the slip, and no more dragging will be done.

**SAYS HOSPITAL IS HOLDING DAUGHTER**  
**Montreal Man to Launch Suit Against St. Michael's, Toronto.**

MONTREAL, July 8.—(Can. Press.)—That he had retained a lawyer and had instructed him to sue St. Michael's Hospital of Toronto, which institution he claims is holding his daughter, Elsie May, aged 18, was the announcement made today by John Scott. The father wants the girl handed over to him and also money as compensation for her work at the hospital.

Mr. Scott is an old countryman, and he has told the press that his daughter, despite her assurances to him that she would not be restrained, is being forced to work for practically nothing by the hospital authorities. He further says the girl wants to become a nun and that this is being consented to.

As Miss Scott is under age, her father says that the law gives him control over her, and he wants her back in Montreal, where she could assist her mother.

Both Mr. Scott and his daughter are Roman Catholics and only recently arrived in Canada.

**HOPES TO GET FULL USE OF CITY'S PARKS**  
**Commissioner's Successful Experiment at Leslie Grove Will Be Copied.**

Park Commissioner Chambers is enjoying the success of the supervised playground at Leslie and Queen streets. He had advised utilizing certain small parks and sections of larger parks for supervised playgrounds, and had recommended the fitting up of seven places this year. He was turned down. The tax rate had to be kept down. Permission was given him, however, to fit up Leslie Grove with equipment that had been stored. Now Leslie Grove is one of the most popular supervised playgrounds in the city.

Commissioner Chambers hopes to not only have several supervised playgrounds in the parks next year but also to have many of the school grounds filled with children through the holidays.

**BRITISH CAPTAIN IS ARRESTED AT BOSTON**  
**Mure Is Accused of Landing Chinamen in Violation of Law.**

BOSTON, July 8.—(Can. Press.)—Capt. H. L. Lockhart Mure of the British steamer Aletta, was arrested today, charged with landing Chinese in violation of the law. He was held in \$500 by U. S. Commissioner Hayes for a hearing tomorrow.

Government authorities allege that two Chinese landed Sunday here and returned to the ship. Capt. Mure claims that the Chinese in his crew are British subjects. They were born in Hongkong, he says. In support of this, he says that the Chinese consul at no place would listen to the members of his crew, but the British consul would do so. The defendant claims to be an American citizen residing in Florida.

**YORK COUNTY AND SUBURBS ANNEXATION WILL ONLY ADD EXPENSE**  
**North Earlscurturers at Meeting Declare They Can Get Along Without It.**

Residents in North Earlscurt don't want to be annexed. They have repeatedly said so at various meetings, and last night's gathering, held at 1000 on Harvey avenue did not result in any change of opinion.

Deputy Reeve Miller and Councillor Graham of York Township were present to vouch for the township's intentions regarding the requirements of the district, and despite a good deal of heckling, it was evident that they had the confidence of the ratepayers.

Deputy Reeve Miller reported that he had been in conference with Mr. Ross of the postal department, and he had promised North Earlscurt a mail delivery as soon as the houses were suitably numbered.

Reeve Syme said that the township would do everything possible for the improvement, but that many of the streets had not yet been taken over by the township. He pointed out that anything they got from the city they would have to pay for, and the township council would do anything the city could do on the same basis.

A Remp was inclined to be pessimistic regarding the future. He said that it would be wise to risk paying city taxes for a few years yet.

Councillor Graham said that the biggest difficulty the township council had to deal with was that many people in Earlscurt and other districts had bought land from companies on streets that the township had not yet taken over, and because they were in the Township of York they expected the council to do something to the road. The council did not have to do anything in cases of this kind, but they were doing the best they could.

"All that we can possibly gain is fire protection," said Chairman G. E. Prior in summing things up. "Everything else is by local improvement, and we can get these things in any part of the world on the same terms."

"How long did old Earlscurt wait for fire protection?" he asked.

"Until half the shacks were burned down."

"The only thing we can do is to sit tight and oppose annexation."

Arthur Remp thought the present outlook for the township was not bright. If annexation took place, as land would go up in value and there would be no place near the land could be had at a reasonable figure.

The meeting dispersed after some further discussion without changing the resolution of last meeting, expressing direct opposition to annexation to the city.

**BUILD NEW BRIDGE FOR UNIONVILLE**  
**Road Commission Lets Contract to Lewis Construction Company.**

Reeve W. H. Pugsley of Richmond Hill presided at the meeting of the highway board in York County yesterday in the evening.

Tenders were opened for the erection of the Eckhardt bridge at Unionville, and that of the Hon. J. C. Macdonald, engineer, was authorized to construct a storage tank for storing oil to be used on the road.

Nothing was done regarding road construction, as the commission cannot move until the government makes the necessary grant for the work.

William Johnson, whose death occurred at 309 Western avenue, yesterday, was a prominent Orangeman, having formerly been deputy county master. He belonged to L.O.L. 900. Mr. Johnson, who was 72 years of age, leaves a widow and grown up family, who will be buried tomorrow in St. James' Cemetery.

**LAURIER IS ON MONTREAL VISIT**  
**Three Hundred Thousand Paid in Court Sale for Gold Property.**

MONTREAL, July 8.—Sir Wilfrid Laurier arrived here today from Ottawa, on a visit of two or three days. The Liberal leader, who appeared in excellent health, was welcomed by Senator Wilson, the Hon. Sydney Fisher, and A. R. MacMaster, and later drove to the Wilson home in Senator Wilson's car.

It was stated by men in the confidence of the Liberal party that the chief to organize the new party, The Telegraph, that Sir Wilfrid had come. The paper is advertised to appear within a very few days. It was also stated unofficially this morning that Sir Wilfrid would write the first editorial.

It is also understood that Sir Wilfrid will meet members of the Liberal party and that re-organization will follow.

Sir Wilfrid will be the guest of Senator Wilson. He will be tendered a luncheon at the Mount Royal Club and a dinner at the Ritz-Carlton Hotel tomorrow.

**REPUBLICANS IN HANDS OF ENEMY**  
**WASHINGTON, July 8.—(Can. Press.)—Senator Simmons, chairman of the finance committee, turned a trick on Republican leaders today when he got his hands on a lengthy analysis of the Democratic tariff bill which had been prepared under the direction of Senator Smoot, pointing out what Republicans claim are serious defects in the measure.**

**PRICE IN CHARGE FOR TIME BEING**  
**While Organization of Architect's and Purchasing Department Proceeds.**

"I move that Commissioner Chisholm be placed temporarily in charge of the city architect's department and that a business man have the permanent appointment," said Controller McCarthy. He pointed out that anything they got from the city they would have to pay for, and the township council would do anything the city could do on the same basis.

"Assistant Architect Price is now in charge and giving satisfaction," said Mayor Hocken. "I am opposed to placing Commissioner Chisholm in charge."

"We are considering the appointment of Commissioner Chisholm to a purchasing department," said Controller McCarthy. "We should take time to consider jointly the reorganization of the architect's department and the establishment of a purchasing department."

"We will let Controller McCarthy's motion stand and accept Controller McCarthy's suggestion," Mayor Hocken decided.

H. F. Strickland of the provincial hydro system appealed to the board to establish a municipal electrical inspection service. He stated that the fees would provide additional revenue to the civic treasury. He explained that the inspection is now undertaken by the fire underwriters. His contention was that civic inspection service would give better protection to life and property.

"We will take it up next week," said Mayor Hocken. A chief and eight assistants would have to be appointed for the service.

The policy, introduced last year, of developing a service on the steam railroad, which would build up Toronto's territory was recovered from a pigeon hole and given another boost. Commissioner Hocken said that the board would have to be called on to pass a resolution that public dance halls and academies be suppressed and endorsed by the social service commission. It was sent on to the police commissioners.

Two Peerless trucks, one White truck and one Pierce truck were recommended for the street cleaning department.

**Proposal Made That City Establish Service and Charge Fees.**

BERLIN, July 8.—(Special.)—Fifteen hundred delegates to the grand lodge convention of the Knights of Pythias opened their convention at 9 o'clock this morning.

Acting Mayor Welch of Waterloo, who welcomed the delegates, said he hoped that the fraternal feelings inspired by such societies would be the greatest feature in promoting peace for another hundred years.

The Grand Vice-Chancellor, Farquharson, replied on behalf of the grand lodge, thanking the mayor for extending the freedom of the city.

C. H. Mills, M.L.A., drew attention to the unique situation caused by the fact that the acting mayor was the father of the grand chancellor of the order, and that the father was extending to the son, and thru him to the delegates the freedom of the city.

Mr. Cook, representing the Royal Arch Chapter Masons, also welcomed the delegates.

Bro. J. L. Holtz, on behalf of the Foresters, Mr. Schilding for the I.O.F., and Thos. Simpson, representing the I.O.O.F., also extended greetings.

Supreme Chancellor introduced. Past Supreme Master-at-Arms E. A. Horton, introduced Deputy Chancellor Thomas J. Carling of Macon, Ga., and Union B. Hunt, president of the insurance department, accompanied by Ontario's supreme representatives, Brudick and Barnes Dale. They were received with supreme lodge honors.

Supreme Chancellor Carling pointed out that representatives of the supreme lodge were now in England and Australia to plant the Pythian flag there. He congratulated the grand lodge on the fact that every Canadian domain showed increase in membership during the past year.

Grand Chancellor Rumpel introduced to the gathering Union B. Hunt, president of the insurance department. Mr. Hunt stated that there was now \$98,923,733 of insurance in force, assets of \$5,195,415.04, and death claims had been paid of \$5,602,822.40. Payments had been waived in five years of over one million dollars.

F. S. Mas A. Horton also addressed the gathering and granted adjournment for lunch, after which Geo. Rumpel, acting mayor, made a neat address of welcome.

**FACTORY MANAGER OF RUSSELL MOTOR**  
**C. R. Burt of Rockford Will Take Charge in Toronto in August.**

C. H. Burt of Rockford, Ill., has been appointed factory manager of the Russell Motor Co. in Toronto. Burt is a resident of Rockford, Ill., and has recently resigned.

Mr. Burt brings to the company a complete experience in machine shop practice. He was for nine years with Brown & Sharpe, the celebrated machine tool manufacturers of Providence, R.I. He was with them as foreman of their tool room, then of their gear department and their general assembling. He visited Europe on their behalf to investigate comparative methods of manufacture in Europe and America.

For eight years past he has been general superintendent of the Barber-Coleman Company plant at Rockford, Ill., manufacturing textile machinery, complete machinery and parts. In this way he brings to the company special knowledge of machine shop practice. He was with them as foreman of the best equipped shops of the United States.

Mr. Burt will move to Toronto to take up his new duties in August.

**STERLING MINE SOLD TO A BOSTON MAN**  
**Three Hundred Thousand Paid in Court Sale for Gold Property.**

The Sterling mine, situated near Arsenic Lake, was auctioned off at Osgoode Hall yesterday by Master in Ordinary Alcorn, for \$300,000. The purchaser being Myrie B. Sullivan of Boston. The bidding commenced at about half the selling price, advancing by leaps of \$3000 to \$50,000.

Last fall the master in ordinary refused \$225,000 for the mine, believing the value somewhere nearer the selling price. He was with them as foreman of the best equipped shops of the United States.

Mr. Burt will move to Toronto to take up his new duties in August.

**OLDEST MASON ON VISIT TO LONDON**  
**Joseph Mantle, Four Years Over Century Mark, to Attend Wedding.**

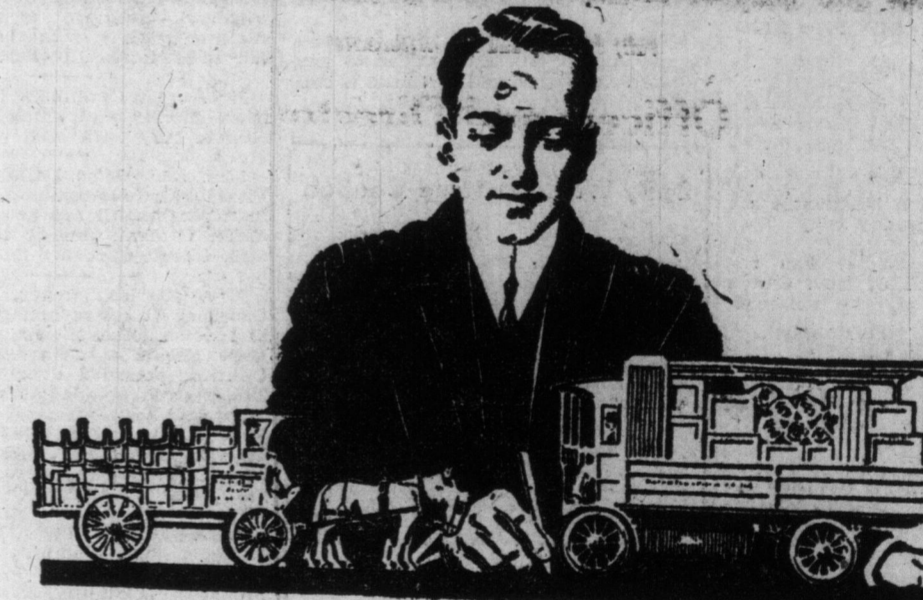

LONDON, Ont., July 8.—(Canadian Press.)—Joseph Mantle, the oldest Mason in Canada who is now in his 104th year, arrived in London today after visiting relatives in Toronto, and will attend the wedding of his niece, Miss Kathryn E. Colquhoun, to Mr. Arthur Essery of Vancouver, B. C., son of ex-Mayor Essery.

Mr. Mantle, who past the century mark, says he feels good for another hundred years, and was quite well when he arrived in London today after a trip that many a younger man finds little enjoyment in. During the last couple of weeks he has visited friends in various Western Ontario towns and made the trip to London in easy stages.

**Fact-figures that Convince**  
**A merchant saves \$68 a week delivery expense**

No statistics relating to the economy of an article are half so convincing as those that set down the savings in actual dollars and cents. On this ground it will be seen from the following that in actual operation Electric Trucks made good on the money-saving advantages which are claimed for them. The extract is from a letter recently received:

"According to the records of the—Company the two-ton electric truck does the work of three draymen and six horses, and saves \$68.00 per week in delivery expense. The entire cost of operation has not exceeded \$6.00 per day. The truck has never run out of current, even in the fourteen-hour-a-day grind on hills and in snow. The truck does not require a mechanic to run it. Its driver never rode in an automobile before."

It need not be pointed out what a strong argument the above case presents in favor of motor trucks. Naturally individual circumstances will have to determine the extent of the economies effected. But there is one thing that the merchant with a delivery service can bank on, and that is this: That the money-saving, besides other advantages, derived from the use of Electric Trucks will well repay the investigation of their possibilities.

Our vehicle experts, who have studied the motor truck problem from every angle and have collected inside information from merchants who use them, will be glad to give you the benefit of their knowledge and experience. This, of course, without cost or obligation to you.

You know, my friend, that there is a wonderful new way to apply a certain great, natural "VITALIZING FORCE," and by which you may, without trouble, or inconvenience, treat your own self in the privacy of your home for all the ailments of the body, without using a single drug, medicine, or a restorer of vitality and health. This great "VITALIZING FORCE" is a means to overcome those MANLY MEN ARE THE WORLD'S POWER TODAY. When men are weak, and their vitality is today being used all over the civilized world, give it to your own self, based upon a vast observation and study, that any man anywhere, who leads a decent, manly life, and who applies this marvelous "VITALIZING FORCE" to a state of perfect, rugged health and vigor, without a remaining ache, pain or weakness.

As we all know, these various debilitating weaknesses handicap a man in every condition of life. While only a few men are perfect specimens of vigorous, robust, manhood is ever admired by both women and men alike, while, of course, it is necessary to you, no matter what your age, whether you are small or large, no matter what your occupation, no matter whether you are a college graduate or working on the farm, your vigor and your vitality, and if I can give you a good, abundant supply of this restorer your vigorous health, can overcome the evil effect of past indiscretions so you will be exactly the same in your influence over people, exactly the same in your manly bearing as other manly, strong-willed, warm-blooded fellows of your acquaintance.

With an idea of obtaining all this for you, I recommend you to investigate a simple means for use by men everywhere who need new manly strength. This little "VITALIZING APPLIANCE" of my invention, which I am now sending out in great numbers for use by men everywhere who need new manly strength, and can be worn without anyone suspecting that you are wearing it. You buckle it on your body upon going to bed and take it off in the morning. Thus, while you sleep, it sends its wonderful power, which takes pain and weakness out of the back from one application, and further says 60 to 100 times as much as sufficient to restore a state of health, strength and vigor. I am not offering this "VITALIZER" here for sale, but want you to first send for my book that you may learn all about the whole wonderful subject, and why I get such quantities of testimonials from users everywhere telling of results after drug completely and utterly fail.

None of these special attachments, my "VITALIZER" is used by women as well as men for rheumatism, kidney, liver, stomach, bladder, and general ailments. Please write for book today, or, if nearby, I should like you to call. Hours: 10 to 5, Sundays excepted.

Pittsburg Institution Was Seriously Mismanged, Says the Official Report.

WASHINGTON, July 8.—(Canadian Press.)—Secretary McAdoo will ask Attorney-General McReynolds within a few days to investigate alleged irregularities in the conduct of the First-Second National Bank of Pittsburg, which closed its doors yesterday. The secretary today definitely decided to refer the situation to the department of justice, and is now engaged in the collection of all the facts connected with the management of the big bank, to prepare the attorney-general for an enquiry designed to develop whether there was any violation of the law in connection with the failure.

THREE CASES WON BY UNITED STATES

International Claims Commission Makes Awards After Initial Sessions.

WASHINGTON, July 8.—(Canadian Press.)—The United States won three out of the first four cases to be decided by the American and British claims tribunal, which recently completed its initial session at Washington and Ottawa. These cases involved four of the numerous claims against the two governments which their respective legislative bodies were unable to adjust. Some of the claims date back many years, and to finally settle them the arbitration court was established by treaty. The next session will be held here in March, 1914. The most important point for the United States was involved in the claim of William Hardman, a British subject, who lost property at Siboney, Cuba, when that town was destroyed by American troops during the Spanish-American war. The court held that the destruction of Hardman's property along with the town was a necessary act of war, but recommended that congress give the claimant some consideration.

AN EXCELLENT BAND

The band of the Mississauga House, which is playing this week at Scarborough Beach, is one of the best bands in the country. It is a treat to hear music like the 2nd Rhapsodie, the Overture 1812, the ballet music from Faust and other numbers just as good, played in a manner that would be a credit to any organization. The conductor, Robert Roberts, is a musician widely known for his capabilities both in the orchestra and the military band, while the band is composed of the best woodwind and brass players it is possible to get.

**ROUGH ON MR. COUZENS.**  
 On June 25 The Telegram employed Engineer Couzens as follows:

The new general manager of the local hydro-electric undertaking has begun well by failing to associate his authority as an engineer with Chairman Ellis' opinions to the effect that the local hydro-electric undertaking can be cheaply or advantageously coupled up with the Toronto Electric system.  
 A chief executive who is big enough to be worth \$10,000 in the management of the local hydro-electric undertaking, must be big enough to assert his own opinions.  
 In less than two weeks, that is, yesterday, The Telegram finds it necessary to withdraw from this position and hand Mr. Couzens several wets. In enquires:

Is every local commission in the Ontario Power Union to do what is right in the eyes of its own engineers?  
 There are evidences here of the conflict between the irresistible force and the immovable object. But that is not all. Something more specific follows:

Is the local engineer in Toronto free to do what is right in the eyes of Messrs. H. C. Hocken and P. W. Ellis in the way of leading up the supply of light and power with a \$1,000,000 expenditure for an auxiliary steam plant?  
 The Telegram is arguing, or is supposed to be arguing, that the Ontario Hydro Commission should control the engineering projects of all local commissions. But this does not jibe with the theory of two weeks ago, that Engineer Couzens must be big enough to assert his own personality.

The Telegram does not really care a straw who bosses the engineering, but it saw a chance to get a swipe at one of its "black beasts" by exalting Engineer Couzens, and now it sees a chance to get another swipe at the "black beasts" by calling him down. Such are the exigencies of a newspaper policy which is not dictated by any principle, but by personal dislike of certain public men.  
 The Telegram's main intention—to slam Mayor Hocken—is so transparent that its opinions on public affairs are robbed of any weight they might otherwise have.

**THE RETURN OF THE MELON.**  
 The Ottawa correspondent of The Toronto Globe telegraphs that the government will sanction a request of the Canadian Pacific Railway Company for power to increase its capital by the issue of common stock of the par value of sixty million dollars of the par value of sixty million dollars of the par value of sixty million dollars. He quotes Hon. Robert Rogers as favoring such action, and reminds us that Mr. Rogers is the "master of the administration." The Globe man, on one point at least, is not in accord with The Regina Leader, which, under the caption, "Has Bob Rogers Run His Race?" calls the attention of the minister and his friends to a recent editorial in The Toronto News declaring that:

It is inevitable that if he continues to have health and strength Mr. Meighen must become virtually the leader of western Canada in the federal parliament. If this prediction should be warranted by the course of events, the whole country as well as the west will have reason to rejoice.  
 And, commenting upon this The Regina Province (Conservative) tells us:

That he (Mr. Meighen) will become the western leader is certain, if his health and strength continues.  
 But all this beside the question, which must be dealt with by the government and for which Mr. Rogers and Mr. Meighen alike must accept the responsibility. Nor is a solution to be found in the statement credited to the minister, that at least one billion dollars should be expended by the Canadian Pacific Railway Company in extending and bettering its service to the people of the west.

Canada has been an indulgent mother to the Canadian Pacific Railway Company, and has taken maternal pride in the wonderful achievements of that company. No one would hamper the legitimate development of that great enterprise in any way, but for that reason, if no other, and more especially in the public interest, the people of this country are entitled to know the policy of the government and the views of the government respecting the capitalization of the Canadian Pacific Railway Company.  
 Last August the company asked the governor in council for authority to increase its capital by issuing shares of common stock of the par value of seventy-five million dollars. The World opposed the granting of such application behind closed doors, and behind the back of parliament, and denounced the proposal to allocate, as a melon to

the shareholders of the company, stock at \$175, which was then worth \$275 in the open market. While the company's application was pending, the government and the country were started by the announcement that, acting under the advice of counsel, the Canadian Pacific Railway Company had issued sixty million dollars of stock, without waiting for the decision of the governor in council.  
 Now, we assume it is the old application which has been before the governor in council since last August, that The Globe and other papers believe is to be granted. It will be noted, however, that the amount stated in the despatches does not correspond with the amount applied for. We prefer to believe that no action will be taken by the government without the advice and consent of parliament. Parliament should have exclusive control over the capitalization of the Canadian Pacific Railway Company, and no corporation should be allowed to issue capital stock for which it does not receive full value, and the proceeds of which are not necessary for the legitimate development of the enterprise.

Is it not time for the government to state its position? Is the appearance of the water melon upon our fruit stands every summer to herald the advent of the annual juicy melon for the shareholders of the Canadian Pacific Railway Company?  
**PUBLIC UTILITIES IN INDIANA.**  
 Since May 1 all public utility corporations in the State of Indiana have passed, and will continue, under a law known as the Shively-Spencer Public Utilities Act, which created a new public service commission, superseding the former state railroad commission. The act greatly extends the powers of supervision and control to be exercised by the new commission, which is composed of five members, not more than three of whom shall be of the same political party, and will hold office for four years. Among the more important provisions are those enabling any corporation to use, subject to compensation, the tracks, conduits, subways, poles, etc., of other corporations, when the public convenience so requires, and telephone companies are required to make connections for all other companies desiring connections with trunk lines.  
 Capital issues of bonds or stocks are now confined to actual expenditure for labor or actual property acquired, and must not be for more than 75 per cent. of the amount of property or labor expended. No security can be sold at a premium or discount except with the approval of the commission, full data must accompany each application for the issue of new securities, and no consolidation is legal without approval. Municipalities must obtain a similar approval before constructing or operating any public utility, and every franchise or permit granted any corporation must be indeterminate and revocable for cause. Existing franchises may be surrendered, and exchanged for indeterminate permits, and any municipality may acquire, with the consent of the commission, any public utility, the commission to fix the compensation.

**THE PAY ENVELOPE TEST.**  
 High tariff in the United States which has pretty well withstood occasional attacks from the farmers and the customary complaints of the consumers, is now threatened by the workingman for whose benefit it is supposed to exist. Artisans are complaining that the tariff does not protect them from the fiercest competition, and that the employers of the country are doing their best to degrade the standard of living for the American workingman. The relations respecting the United States Steel Corporation and some of the wooden mills as to wages, hours of work and labor conditions generally before the congressional committee a year ago seemed to demonstrate the oft-repeated charge that the artisan receive the lowest pay from the employer who enjoys the most protection. The general subject is thus admirably summed up in an article contributed by Mr. W. Jett Lauch to the July number of The North American Review:

It is plain that several fundamental reforms must be had before the American wage-earner can be assured freedom of opportunity and the chance to work out the full measure of economic welfare which is his right. Special privileges and monopoly rights arising from a protective tariff policy which have made possible a control of prices by a large group of manufacturers should be withdrawn by proper legislation. Corporations should also be prohibited from issuing worthless securities which cause an absorption of earnings thru indefensible capital charges. A large share of the industrial output, which now goes into illegitimate dividend and interest payments, should be given to labor thru higher rates of compensation or lower prices of articles of general consumption. To establish firmly an American standard of work and living, to guarantee proper distribution of the benefits of our marvelous natural resources and our wonderful industrial progress, and at the same time, to maintain the spirit of enterprise and the stimulation to industrial progress and efficiency, it is also absolutely necessary to impose some limitations upon the numbers of immigrants who are rapidly entering the country. Unless there is a restriction of immigration the situation for the American industrial worker is without hope. A policy of permanent or absolute exclusion is not essential. All that is essential is to limit temporarily the number of incoming aliens so that the foreign workmen already in our midst may be industrially assimilated and educated to the point where they will demand proper standards of living and will be constrained by the economic aspira-

tions of the native American.  
 The real indication of material prosperity is to be found in the extent to which the wage-earners in mines and factories share in the industrial output which is partly attributable to their labors, and unless there is a limitation placed upon the inexhaustible supply of cheap foreign labor of low standards and aspirations which is now coming to this country, it is perfectly clear that the American wage-earner cannot hope to participate properly in the results of our industrial progress.  
**LOSING THEIR VICTORIES.**  
 While it is difficult to reach an accurate conclusion regarding what is happening in the region from which the Turks have been so recently expelled, the occasion of this comment illustrates the complex character of the situation in eastern Europe. On this new continent opinion is apt to regard Europe as, in its entirety, representative of an advanced stage of civilization. The truth is that within European confines various stages of civilization are still extant. Differing, as they do, among themselves, the Balkan allies now engaged in fratricidal strife are yet far removed from the ideals of the twentieth century.  
 Evidently the intention of the greater European powers is to permit these bellicose nationalities to settle their affairs in their own way, that is, to all appearance, by force of arms. Some skepticism may reasonably be exercised regarding the reports of sanguinary conflicts, at least on the scale that is alleged. Likely enough, there have been engagements between the Bulgarians and their quondam allies over the division of the spoils, more especially since the carving out of Albania. But these are incidents which may or may not be fateful to European peace.  
 In this bickering among the victorious allies Turkey naturally sees an opportunity to recover some of its lost ground. Roumania, too, is seizing the chance to gain an extension of territory, and in both cases Bulgaria must stand the brunt. It all means the loss of that solidarity of interest whose partial restoration of Turkish rule, the war will, to that extent, have failed in its purpose. In fact, the allies, wittingly or unwittingly, are delivering themselves into the hands of their enemies.

**UNDERLINE ONTARIO.**  
 St. Thomas Times: W. F. Maclean, M.P., in The Toronto World is performing an invaluable service for this province by boosting Ontario. He truthfully says it is the "largest block of good country on the whole North American continent," which "is about to have a wonderful increase in settlers, in factories, in enterprise!" We verily believe Ontario is on the threshold of her proper innings, and to ensure its advent Mr. Maclean is wise in pointing out that there must be better roads, abundance of cheap power distributed by public service organizations, and the highest and best situated to agriculture must be afforded by the state.

**UNITED STATES BIG PULPWOOD BUYER**  
 OTTAWA, July 8.—A report issued by the forestry branch today stated that forty-eight pulp mills in Canada last year used 866,042 cords of raw material, valued at \$6,215,582. This represents an increase of 28.8 per cent. over 1911 in amount of consumption. The value of the output increased 20 per cent.  
 The cut of pulpwood totaled 1,846,810 cords, worth \$11,911,415.  
 More than fifty per cent. of this was exported to the United States.  
 Quebec increased its home consumption of pulpwood by forty-eight per cent. New Brunswick fourteen and Nova Scotia eighteen. Ontario's home consumption declined 18.9 per cent.

**SAYS POLICE CAUSED ATTACK.**  
 MONTREAL, July 8.—John H. Roberts, the temperance worker, who was knocked unconscious at an open-air temperance meeting last night, came out with a statement today in which he said that the police were behind the plot, and were trying to get him knocked out in view of his charges against Chief of Police Campeau.

**THE DRINK QUESTION IN NOVA SCOTIA AND ONTARIO**

Editor World: Enclosed is a statement from Rev. H. R. Grant of New Glasgow, secretary of the Nova Scotia Temperance Alliance, criticizing some articles which have recently appeared in The World. Mr. Grant requests me to send this statement to you as probably you will kindly insert it to correct the mistakes that your correspondent has made. F. S. Spence, Toronto, July 5.

The articles in The Toronto World of June 21st and 24th, entitled "The Liquor laws and Illicit Traffic of Maritime Provinces," contain so far as Nova Scotia is concerned, most glaring inaccuracies. The absurd statement is made: "Nowhere in the world can anything be seen even remotely approaching in licentiousness and demoralization the conditions in the various prohibition counties." In order presumably to verify this unfounded charge, The World correspondent draws on his imagination, most glaringly, to picture conditions in Sydney, New Glasgow, Truro and other towns. He says Sydney has 110 billiard parlors, New Glasgow 15, and Truro 32, and about 20 pocket pedlars.

The mayor of Sydney says the statement in regard to Sydney is a gross and slanderous exaggeration. The acting mayor of New Glasgow says the statement in regard to New Glasgow is "absolutely untrue," and that "there is not a bar room open in the town or any place where liquor is sold by the glass. It may be possible that some quantity is sold by pocket pedlars."  
 The statement in reference to New Glasgow is equally false.  
 The forces, taking the province as a whole, that in most towns and rural communities the laws are well enforced. It is true that there is a goodly number of illicit stills. The temperance forces are handicapped by the fact that the facts: (1) that we have not adequate provision in our laws for enforcement, and (2) that the license system is greatly improved under provincial enforcement and the discontinuance of the license system in Halifax.  
 The system of enforcement in the province is municipal. The provincial inspector-in-chief has not under the statute power to send deputies into a municipality to enforce law where local officials are faithless.  
 We have not provincial enforcement of the liquor laws. In other words, we have not provincial municipalities enforced prohibition.  
 Again the Halifax liquor business, licensed and protected, is a menace to the whole province. For instance, under the amended Scotch Act, the dealers can legally ship liquor into any of the Scotch Act counties, for "personal use." Halifax is thus a provincial bar room. In addition to shipments from Halifax "for personal use" the dealers illegally send consignments fraudulently marked into Nova Scotia. Temperance forces are handicapped by the fact that the Halifax licensed dealers are acting on the advice of the Nova Scotia trade correspondent in the Wine and Spirit Journal: "Fight prohibition to the limit."  
 The liquor traffic in Nova Scotia is doomed to destruction. The Provincial Government, in answer to appeals of the Nova Scotia Temperance Alliance, gave us the Temperance Act. The government will soon give us provincial enforcement. In the near future, either by vote of the citizens of Halifax, or by direct provincial legislation, the Halifax liquor business, which is in large measure responsible for its own ruin, will be suppressed. With adequate provision in the statutes for provincial enforcement of prohibition law applicable to every municipality, the province will be made wholly dry.

**"A LIQUOR ORGAN."**  
 From The Christian Guardian, July 5: Our esteemed contemporary, The Globe, of this city, is, as everyone in Ontario, in its editor's columns it has for many years been strong in its expressions of temperance sentiments and convictions, and the consistent demand for destruction of the illicit trade in Ontario. In its editor's columns it is the advocate, the enthusiastic advocate, of the "Abolish the Bar" policy of the Liberal party in Ontario politics. It believes that Mr. Rowell, because of the stand which he has taken in this matter, should have the support of every thoroughgoing temperance man in the province. Mr. Rowell's way is the

quickest and surest way of getting rid of the drink evil, and therefore The Globe supports it and claims that all who sincerely desire the abolition of that evil must stand with it.  
 So far, so good. Of the consistency and the fact that we took up The Globe of last Saturday morning and found it to contain a full-page advertisement of "the beer that made Milwaukee famous" we confess to a sense of shock and sore disappointment. Not but what The Globe has published liquor advertisements before. It has done that for years, but usually in a somewhat quiet, secretive way, as if it were rather ashamed of it. But this brazen, self-principled-be-hanged way of doing it shocked us, as we are sure it did a multitude of our readers.  
 When we add to what we have already said about The Globe's general attitude toward the drinking evil the fact that its editor-in-chief is a minister of the Presbyterian Church, an earnest preacher and upholder of every good cause, and that Mr. Rowell, the leader of the "Abolish the Bar" policy, and a foremost layman of the Methodist Church, was for years a director of The Globe Printing Co., we are surely justified in feeling sorely disappointed and in expressing that disappointment as strongly as we can.  
 Of course some of the other papers in the city did just as The Globe did, but that is another matter with which we are not now dealing. What The Globe has done has been far-reaching, hurtful to the temperance cause, it has been utterly unworthy of its record and avowed policy, and it has injured its influence and standing with many who were heretofore its best friends, and worst of all, it has hurt the chances of success of Mr. Rowell's policy for the abolition of the bar almost past reckoning.

As to The Guardian article The World would prefer to see Canadians drinking light lager like that of Milwaukee to hard stuff. We would also prefer to see Nova Scotians allowed to drink beer instead of illicit and bad whiskey. We believe the sobriety of the people of Canada would be better if Nova Scotia and Ontario were to restrict the sale of hard stuff and made the sale of light beer reasonable. When you restrict beer and it is not hard to do this because of the bulk—you make the sale of whiskey even if prohibited an easy matter by traveling pedlars and in kitchen bars. Common sense would suggest that the first thing that our legislators ought to do is to discriminate between beer, a beverage, and alcohol, more or less of a poison, a destroyer of every good thing, and a source of untold misery. When we've got whiskey out of the way, then another step forward may be discussed.—Ed. World.

**GIRL DROWNED AT KINGSTON.**  
 KINGSTON, July 8.—(Special.)—Hazel Jackson, aged ten, who was drowned when she was last seen, was found in the water near the shore of the harbor. Her body was recovered and she was taken to the hospital. Her father, Mr. Jackson, is a resident of Kingston. The girl was playing in the water with some friends when she disappeared. Her body was found floating in the harbor. The coroner's jury returned a verdict of accidental death.

**EMERY SPARK CAUSED EARLY MORNING FIRE**  
 Clatworthy and Sons' Factory Damaged Eleven Thousand Dollars.

Fire, thought to have been caused by a spark from a revolving emery wheel, damaged the premises of Clatworthy & Sons, fixture manufacturers, 161 West King street, to the extent of \$11,500 early yesterday afternoon. The fire was discovered by a water in a lunch-room opposite the building at 3 a.m., when an alarm was rung. Mr. Clatworthy, when notified by a policeman, stated that when he left the building at 8 o'clock on Monday evening everything was all right. He suggested that a spark from one of the emery stones might have settled in some inflammable material, where it might smoulder for hours before breaking into a blaze.

EARLTON WILL HAVE A LARGER STATION

Than One Destroyed—Danger of Bush Fires Not Yet Over.

From the ruins of the fire which destroyed the "Dismal" Northern Ontario Railway station at Earlton last week is to rise a station bigger and better than ever, said Chairman Englehart to The World yesterday.

The building destroyed cost more than five thousand dollars and was a credit to Northern Ontario, but since it was built the Elk Lake line running into Earlton has been constructed, and it has been decided to erect a larger structure of the same general design.

HERE'S CHANCE TO ADD TO SUBURBAN SERVICE

The Grand Trunk ran a special train for the convenience of golfers attending the Canadian championship tournament last week, at the Toronto Golf Club, leaving the Union Station at 4.10 p.m. They are continuing it this week also. This train runs as far as Port Credit, and is the many summer residents along the line as well as the many members of the Toronto, Lakeview and Mississauga Golf Clubs.

TORONTO AND EASTERN RUNNING NEXT YEAR

Construction Work Will Be Almost Done Late This Fall.

The Toronto and Eastern Radial line from Bowmanville into Toronto, will be ready for full operation early next spring. The World obtained from the management yesterday positive assurance of this.

By the end of this week, the grade between Bowmanville and Pickering will be completed, and next week, early in the month, the steel will be set at work on the grade from Pickering west of Toronto. The steel is already laid from Bowmanville to the mile west, and a large force of men are now placed on laying the steel between there and Pickering.

LEPROSY SCARE IN RHODE ISLAND

Man With Dreaded Disease May Have Been Sent to England.

NARRAGANSETT PIER, R.I., July 8.—William Comber, the 37-year-old son of Edward Comber, proprietor of a hotel here, has been sent to England, according to his father, to avoid differences which have arisen between him, the father and persons who opposed the granting of a sallow license to the resident of the town which that young Comber was sent away from Narragansett because he was suffering from leprosy, and because the health authorities of Rhode Island were anxious to assume the responsibility of his care in that island. There is no isolation hospital in which a case of leprosy could be cared for.

EDMONTON LOAN IS HIT BY BALKAN WAR

EDMONTON, July 8.—(Can. Press.)—The significance of the new war in the Balkans has made itself felt in Edmonton civic circles. A cablegram has been received from Kleinworth, London, who took up a \$10,000,000 loan issue by the city this year, and who has already paid to the city some \$5,500,000. The proceeds of the debentures, drawing attention to the fact that war has been declared and the city should take proper heed of the reason for the cablegram is found in the fact that there is a war clause in the agreement with the city regarding the sale of debentures, and under this clause the firm might seek relief from the responsibility of carrying out the terms of their contract. If the company should do this, it may be necessary for the authorities to issue treasury notes in order to raise money to carry on present construction work.

TO REPORT ON PRISON SYSTEM

OTTAWA, July 8.—(Can. Press.)—It is announced that two of the members of the Kingston Penitentiary investigation commission, will be S. A. Armstrong, head of the prison branch of the provincial secretary's department, and Jos. Downey, director of Orillia asylum. The third man is to be a lawyer and the whole prison system of the province will be reported on.

GOOD HARD TENNIS FEATURES TOURNEY

Laird Eliminates Legge in Singles After Great Battle—Semi-Finals Today.

SHERWELL A WINNER

Terrific Service Is Matheyz's Downfall—First Round of Mixed Doubles Today.

Settling down to good, hard tennis, play at the Rusholme courts yesterday was easily the best up to date, but indications were that today's events would eclipse these.

From day to day numerous and interesting galleries are expected to assemble. That these will increase as the tournament draws to a close is assured.

Three events shared the interest yesterday. One of these was in the tennis on the men's open singles.

Today's Program. 4 p.m.—Laird v. Legge. 5 p.m.—Mercer v. Sherwell.

4 p.m.—Mrs. Bickle and Burns v. Miss Barry and Bastedo.

4 p.m.—Miss Hammerhays and Spanner v. Miss Andras and Parton.

5 p.m.—Miss Benfield and Starr v. Miss Darch and Chang.

2 p.m.—Miss Beas v. Mrs. Cox, Miss Andras v. Miss Benfield.

4 p.m.—Casselman v. Speirs, Davidson v. Coyne.

4 p.m.—Rhyd v. Young. 4 p.m.—McKenzie v. Tibb, Hunter v. Reardon.

5 p.m.—Ondawick v. Spanner, McMichael v. Dickup.

Sherwell beat Matheyz, 6-1, 6-2; Laird beat Legge, 6-3, 6-2.

Men's Doubles.—Burns and Ross beat Edleston and Chadwick, 6-4, 6-3.

Women's Doubles.—Miss Benfield and Starr v. Miss Darch and Chang, 6-1, 6-1.

Men's Singles.—Miss Bickle beat Miss Sawyer, 6-3, 6-0.

Women's Singles.—Mrs. Darch beat Mrs. Henderson, 6-2, 10-8.

Canadian Horses Make Creditable Showing on Second Day of Grand Circuit Meet at Cleveland—Knight Onward Was Fifth.

CLEVELAND, July 8.—Another large attendance favored the second day of the Cleveland Driving Club grand circuit races at North Randall today.

The day was fine and warm and the track in the best possible condition.

Canada was represented by Creosote, owned by R. J. Mackenzie, in the 2.24 trot.

Uncle Biff sold favorite over the field in the 2.24 trot, bringing \$50 to \$20 before the races.

Starter Walker sent the horses away for the first heat with Uncle Biff fully two lengths in the lead.

The 2.05 pace proved to be the most exciting contest yet seen at the meeting.

TWO IN A ROW

BUFFALO, July 8.—(Special).—Perhaps Buffalo has a ball team; we don't know. At any rate, no indication of it has cropped out in the last day or two. Since Saturday, when old reliable Mains kept the Bisons in the lead with his mighty right arm, there has been nothing to it but Toronto, and the local fans fail to understand why the club shouldn't be well towards the top. Certainly they are showing up well by playing all-round snapper ball, especially with the willow, which they wield in good, old-fashioned form, and usually at opportune times.

TWO IN A ROW

BUFFALO, July 8.—(Special).—Perhaps Buffalo has a ball team; we don't know. At any rate, no indication of it has cropped out in the last day or two. Since Saturday, when old reliable Mains kept the Bisons in the lead with his mighty right arm, there has been nothing to it but Toronto, and the local fans fail to understand why the club shouldn't be well towards the top. Certainly they are showing up well by playing all-round snapper ball, especially with the willow, which they wield in good, old-fashioned form, and usually at opportune times.

Grays Get to the Baltimore Pitcher in Final Stage and Win Out.

PROVIDENCE, July 8.—For five innings this afternoon Taff had the Grays at his feet, and, as Baltimore had bunched hits off Mitchell in the first and fifth innings, counting five runs, it seemed like the Birds' game. Mitchell tightened and, backed by fine fielding, held the plate safe, while the locals hit Taff hard in the last four sessions, winning by a 6 to 5.

Thirteen Straight For John McGraw's Giants

JUST CAN'T STOP NEW YORK PHILLIES ARE STILL SLIPPING

Lavender Twirled Good Ball, But Poor Support Let the Giants Down the Cubs — Tesreau Hit Hard.

Miller's Home Run With Two On Is Philadelphia's Downfall — Scored a Two-Run Victory.

NEW YORK, July 8.—The Giants ran their winning streak up to 13 games today when they took the first game of the Chicago series by a score of 5 to 1. Lavender, who broke Marquard's run of victories a year ago today, pitched a strong game for the victors, but received very poor support, especially in the fourth inning when New York scored four runs. The Cubs hit Tesreau hard and freely, and their batch of four runs in the sixth came on clean hitting, two doubles and three singles. Marquard pitched the last two innings for New York and held the visitors without a hit.

Over Time Battle To The Hustlers

Keefe and Mattern Indulged in Great Pitching Duel — One Run Win.

A TRICK THAT FAILED

Walked Man to Get Pitcher Who Responded With the Needy Hit—The Details.

JARVIS THIRTY

ROCHESTER, July 8.—Rochester knocked out Montreal in the tenth today, 4 to 4 after a pitchers' battle between Keefe and Mattern. In the tenth, after Zinn had singled and had been sacrificed to second by Conroy, Mattern walked Jackitsch purposely to get a weak at-bingle, scoring Zinn and winning the game.

HOPE TO DOUBLE VALUE OF COWS

By Producing Animals Suitable For Both Beef and Milking.

TO BUY SPECIAL HERD

Government Takes Step to Establish Dual Purpose Cows in Province.

Agricultural interests of the province are centring on an experiment which is being made by the department of agriculture to provide for Ontario a dual purpose cow. The difficulty which farmers have experienced in possessing an animal suitable alone for either beef or milking purposes inspired Hon. James Lusk, minister in charge of the department, to make a special study of the problem, and the first step towards its working out occurs this week.

Prof. George Day of the Ontario Agricultural College is arranging in Great Britain for the purchase of a herd of dual purpose cows. These are the best of either beef or dairy purposes, and by judicious handling are counted upon to show a means of relieving the high price of beef in the province. They will also explain a scheme by which any stock-breeder can double the value and producing quality of his cattle.

This plan of importation was introduced last year, but owing to an outbreak of foot and mouth disease in England export was forbidden. The embargo was raised this spring. It has been decided for a number of years whether such a plan could be feasible, and the government has determined to give it a trial. It is the opinion of the department that the general milking strain cannot be relied upon to produce beef, and that fat cattle are poor milkers as a rule.

Brown's New Auto

THE other day an auto drew up in front of Brown's house. Immediately the window shades of several of the neighboring houses were slightly disturbed.

Then Brown himself stepped out of the car, went into the house and reappeared a short time later with Mrs. Brown and the three children. The kids piled into the rear seat, Brown took the wheel, Mrs. Brown got in beside him, and the next moment they glided away.

And then, as tho by prearranged signal, tongues began to wag behind those same window shades

## The Penny Saved Tomorrow

Economy is not the habit of denying oneself the things one needs. If you buy carefully where the best values are offered, economy is a pleasure.

The Simpson Store exists to supply your needs, and it grows because it supplies them generously, satisfactorily, and at the smallest cost in dollars and cents to your purse.

This small list is intended merely as a demonstration of the kind of offerings that make the mid-week interesting.
