BONAR LAW WILL BE THE NEW UNIONIST LEADER

Successor to Mr. Balfour a Canadian—His Leadership Will Infuse New Strength Into the Ranks of the Tariff Reformers — Mr. Law's Brilliant Career.

LONDON, Nov. 10.—At a meeting to be held at the Carlton Club Monday Walter Hume Long will propose and Austen Chamberlain will second the nomination of Andrew Bonar Law as the leader of the Unionist party in the house of commons to succeed A. J. Balfour.

Mr. Law's election is assured, and the leadership of the party will be placed in the hands of a man with a brief parliamentary experience and who has never held a seat in any cabinet. In his short political career, however, Mr. Law has proved himself a brilliant speaker, and a resourceful debater. The Liberals frankly acknowledge his fitness to be the party leader, and among all the names suggested of very sober substance; he is dangerous from their party viewpoint.

Mr. Law, who now sits for the Booths division of Lancashire, southwest, was born in New Brunswick, in 1858. His father was the Rev. H. James Law. He was educated in Scotland. He is an ardent golfer and chess player.

A strong protectionist, the Unionists consider Mr. Law their most persuasive speaker on tariff reform. Therefore, the party will more than ever be committed to tariff reform, and expect that his leadership will infuse a strong fighting spirit in their ranks. His selection, however, being a compromise one, due to the rival claims of more prominent leaders in the party, is certain to engender much dissatisfaction and it is impossible at the present moment to predict how events finally will shape themselves.

A. BONAR LAW, M. P.

PRESS COMMENT ON CHOICE OF BONAR LAW

"A Whole-Hearted Zealot," Says Chronicle—First Colonial to Lead Imperial Party.

LONDON, Nov. 10.—(C.A.P. Cable.)—Altho an official announcement is not expected before Monday, all the morning papers are agreed that Bonar Law will succeed Balfour. In his appointment they see the choice of an admirable leader who will attract the interest and sympathy of the Canadian people.

"It is not fanciful," says The Morning Post, "to imagine that he may be destined to win in the mother country a great victory for the cause of national and imperial union corresponding to the triumph achieved by the Conservative party in Canada. Unionists may confidently look to him to display the same devotion to principles and the same resolution and spirit in placing the policy of his party before the electorate as marked the successful campaign conducted by Borden."

The Chronicle says: "The Canadian is by far the ablest exponent of tariff reform in either house. His succession to Mr. Balfour means the substitution of a wholehearted zealot for an ambitious convert, of boiling water for tepid. The new leader may be trusted on all matters to keep things at a high temperature."

"Bonar Law," The Express remarks, "is the first son of our great dominions to become the leader of one of our great political parties. When the direction of imperial policy is of such critical importance as is now the case, nothing could be better than the choice of a son of Canada as Unionist leader."

SKETCH OF NEW LEADER.

By Randal Charlton in Daily Graphic.

Mr. Bonar Law is the man of facts and figures. He thinks in statistics; his mind is a perfect storehouse of classified information. He is a person of very sober and substance; he understands the application of logical principles to discursive reasoning. He is one of the ablest, if not the very ablest, of tariff reform advocates now before the country, and incidentally he is one of the chief hopes of Tory democracy.

If the outward semblance of a man may be accepted as any sign of his intellectual condition it would seem that Mr. Bonar Law's load of knowledge weighs upon him a little heavily. The furrowed brow, the stern mouth with its heavy moustache, the rather tired, at times openly contemptuous eyes, the general expression of inexpressive fixity, tend to give the man a certain appearance of dourness. One imagines him to be impatient of florid arguments, of filigree orations, of operatic oratory, and if this is so he must have been sadly soured by the tactics employed by certain of his opponents in their efforts to destroy the impression created by his carefully formulated and precisely defined presentations of the case for fiscal reform. He has plenty of force, a hard force, a grinding force, that demolishes truncheon arguments and specious pretensions with a fierce and even bitter irony. He is very resentful of cheap catch phrases which are set into circulation for party purposes. He is pre-eminently a thinking man, and his one desire is to make his audience think; to secure their support for his proposals by stimulating their mental outlook. He will have no truck with the emotional aspects of a case, with highly-colored phrases, with fiery incitements to class hatred or passion. He will never compromise, never affect a character for the purposes of the moment.

Outspoken Candor.

Frankly scornful of all such designs, he is never fearful of ruffling an audience's temper. In just the same way as he was never fearful of ruffling the temper of a huge radical majority which dominated the house of commons in the late parliament. He will always speak what is in his mind in coldly clear, deliberate outspokenness. He has all the ardor of solid logic at his command, and has no need to fear an inability to give his views complete and satisfactory expression.

His effect upon an audience is very curious. Unless the meeting is at the mercy of organized rowdism he will always command a hearing, and generally a quiet hearing, no matter what may be the shade of political opinion owned by the majority of his hearers. They listen rather than cheer; they are intent on following the several channels of argument. He insists that his hearers shall think, and some of them from loose habits of thought and an intimate acquaintance with orators whose chief asset is an eloquence whose chief asset is an

CHILD ASSAULTED IN WAGON

Little Girl Victim of Outrage on Dundonald-Street.

If her story is well founded, a little girl about 10 years of age, whose home is on Gloucester-street, was dragged into an express wagon on Dundonald-street last night and assaulted. Circumstances bear out her statement.

A young lady was walking along Dundonald-street near Church-street about 7 p.m. when she heard the muffled cries of a child apparently issuing from a wagon which was standing by the curb. The street is not fully lighted as yet by hydro power, and the young woman did not care to investigate personally. She went to Church-street intending to speak to a passerby, but met no one, and a moment later, the wagon drove by, leaving the little girl on the street.

The child, who was crying, said that while on her way to Yonge-street to buy a paper, she had been taken into the wagon and assaulted. The police have not been notified as yet.

RIOTING IN NEW YORK.

NEW YORK, Nov. 10.—Fierce rioting in which one man was killed, another mortally hurt, scores of others were injured and the police practically held at bay, marked the strike of drivers of ash and garbage carts here today. In half-a-dozen cases the clashes between strikers and sympathizers and police assumed serious proportions, the rioters only dispersing under threat of revolvers drawn by the police.

BRUCE RIDPATH DOING WELL.

Altho far from out of danger yet, Bruce Ridpath was sleeping quietly at St. Michael's Hospital last night, and was more conscious yesterday than at any time since his accident. He was even able to talk coherently for short periods.

HOWELL'S STAND DISAPPOINTS LIBERALS

Mackenzie Club Regrets That Water-Wagon Wasn't Included in Party Equipment for Coming Fight—Platform So Far as It Goes is Approved—Not Confident of Success.

At a meeting of the Mackenzie Club, that stormy petrel of Ontario politics, held last night in Prospect Park hall, considerable dissatisfaction was expressed because the recently announced Liberal platform failed, in the opinion of the members, to come out strongly and determinedly in favor of temperance reform.

The members were of the opinion that a half-hearted and faltering attitude on this question would never gain for the Liberal party the support which they needed in Ontario, and it was regretted that the party had failed to realize the vast source of strength and support which would come from a definite and outright plank in favor of temperance reform.

President E. Fielding was in the chair, and with the exception of the lack of the plank referred to above, the meeting was in hearty accord with the party platform. A resolution was passed indicating the club's appreciation of and promising their support to N. W. Howell as leader of the Liberal party in Ontario.

The meeting, however, was entirely devoid of any expression of optimism over the party's chances in the coming elections, most of the speakers being contented to refer to the far-distant future, when the status of the party might be improved.

Pin Hopes to Howell.

Some of the speakers were of the opinion that while the party platform was not decisive in its temperance plank, Mr. Howell would probably be a great deal more aggressive than the platform itself indicated. This was the fervent hope of the members. A tribute was paid to Sir James Whitney in that he had expressed himself openly on the question, and that he was responsible for considerable temperance reform in Ontario.

Features of the meeting were addressed given by two suffragettes, Dr. Margaret Gordon and Mrs. J. A. Leathers, both of whom spoke of women's rights and were of the opinion that if women had votes, total prohibition would be inevitable. Their speeches had an effect on the meeting, and a motion was passed that a woman's suffrage plank be inserted in the Liberal platform at the earliest opportunity to aid in securing moral and temperance reform.

Man on Street Neglected.

Elgin Schoff found some fault with the platform.

"It does not meet the needs of the man on the street," he said, "because it does not deal with the temperance question clearly and definitely. It is a question clearly and definitely a much good platform, but it looks very much like the other man's policy. As long as we cannot be distinguished from the ordinary Conservatives, we deserve to be kept in the cold shades of the opposition."

BIG HOTEL ON YONGE-STREET

Site Being Sought for One to Cost Three Million Dollars.

Another hotel syndicate has been formed in Toronto to build and operate a big hotel. This is the second syndicate with capital promised running into the millions. The first big syndicate, in which J. O'Neill figured largely, had hoped to secure the Dominion Bank corner at King and Yonge-sts., but the deal fell thru. This syndicate may have tried to secure another suitable corner, but that is not known for certain.

The second syndicate, which includes another well-known restaurateur, has had a couple of downtown corners offered it, including the northeast corner of Wilton and Yonge, at \$2000 a foot, but this corner was considered to be just a little too far north of the busy area of the city, and the syndicate, if they have not bought a corner, are still on the hunt for a Yonge-st. site. A large hotel, to be a success, must be situated right where the streets are busiest.

This syndicate has a license in its control, and tentatively plans for a hotel of 700 rooms, to cost \$3,000,000.

A WEAK MUSTER

Falstaff Fleming and His Ragged Regiment.

THOUSAND INHABITANTS OF NANKIN MASSACRED

Business Houses Looted and Burned—70,000 Have Fled City and Exodus Still Continues—Men, Women and Children Among the Slaughtered.

NANKIN, Nov. 10.—Nankin to-night is desolate. Fully a thousand of its inhabitants lie massacred and numerous business houses and dwellings have been looted and burned. Seventy thousand persons already have fled the city, and still others are joining the exodus. Along the railway tracks leading from the city a long, snake-like line of humanity is struggling, seeking a haven of safety.

It was the head of the Manchus that brought the devastation. While the Republicans were in camp three miles away awaiting ammunition and reinforcements, the Manchus began the work of carnage. Men, women and children were slaughtered. Neither youth nor age was taken into account. White, the emblem of the revolution, marked its wearers for instant death. Chinamen with white shoes, a sign of mourning among them, or even a handkerchief, were ruthlessly slain. Queueless heads were everywhere to be seen.

There was little fighting to-day between the revolutionists and the troops. The imperialists are reported to be short of ammunition for their big Krupp guns, and their most capable

British and Japanese Cruisers Sail

MELBOURNE, Nov. 10.—The British cruisers Pegasus and Prometheus have been ordered to proceed to China.

TOKYO, Nov. 10.—The armored cruiser Niagashin sailed today for Taku from Fort Arthur, the despatch boat Todor for Amoy from Sasebo, and the torpedo boat destroyer Kasumi for Amoy from the Pescadore Islands.

SWELLING CIVIC REVENUE

City Received \$27,300 From License Commissioners Yesterday.

So far this year the hotels of Toronto have handed over the sum of \$58,270 to the license commissioners. The third payment was turned over to City Treasurer Coady yesterday by the commissioners. It amounted to \$27,300. There is another instalment to come, which will bring the total income up to about \$111,150.

MORE SENATE RUMORS.

MONTREAL, Nov. 10.—(Special.)—John Stanfield, M.P. for Colchester, passed thru the city to-day, en route to Ottawa. There is a rumor here, the effect that Mr. Stanfield will be called to the senate, and that Hector McEwen, K.C., will stand for Colchester and accept the solicitor-generalship.

TURKS MAKE DETERMINED ATTACK ON ITALIAN LINES

Display Splendid Courage, But Are Unable to Withstand Heavy Fire.

TRIPOLI, Nov. 10.—Strong forces of Turks and Arabs supported by artillery, delivered a determined attack on the Italians to-day all along the line between Hamidieh and Bouneliana, but principally against the extreme left.

Beginning early this morning with a series of skirmishes, the fighting about noon took on the character of a general action. As usual, the Turks displayed desperate courage, but were unable to withstand the tremendous combined fire from the trenches and the field artillery and guns of the armored cruiser Carlo Alberto, which lay in the roadstead. Therefore they retreated all along the line. No Italian losses have been reported.

While the 11th Bersaglieri were attacking the fort at Hamidieh, which had been stormed last night, they were suddenly taken on the flank by a large force of Arabs hidden in the palm and olive groves and heavy losses were sustained before the enemy were beaten-off.

SWELLING CIVIC REVENUE

City Received \$27,300 From License Commissioners Yesterday.

MORE SENATE RUMORS.

MONTREAL, Nov. 10.—(Special.)—John Stanfield, M.P. for Colchester, passed thru the city to-day, en route to Ottawa. There is a rumor here, the effect that Mr. Stanfield will be called to the senate, and that Hector McEwen, K.C., will stand for Colchester and accept the solicitor-generalship.

A MOST NOTED ARTIST.

The forthcoming visit of Miss Ethel Barrymore in A. E. W. Mason's latest will bring to Toronto probably the most noted of American players in what the critics say is the best part Miss Barrymore has ever held.

WAR FLIGHTS IN TRIPOLI

Captain Piazza, Italian aviator, flying in his monoplane to harass the Turkish army in Tripoli. Captain Piazza made flights nearly every day, both for reconnoitering and to drop bombs. He was shot at repeatedly, the wings of the aeroplane being pierced several times.

ROSELLI FREED ON MURDER CHARGE

Jury, After Four and One-Half Hours' Deliberation, Found That He Did Not Kill Com-patriot in Good Friday Fracas — Justice Falconbridge Hopes Verdict Will Not Encourage Lawlessness.

"Not guilty" was the verdict returned last evening in the murder trial of Francesco Roselli, who was charged with killing Giacchini Cecl in a fracas on Agnes-st. on the night of Good Friday last. The jury retired at 3:35 and returned shortly after 3 o'clock.

The counsel for the defence declared that there was no evidence to show that the accused had any vengeance in his heart, nor was there any motive which would prompt him to take the life of Cecl.

In reviewing the evidence, Judge Falconbridge reminded the jury that it was their place to give the prisoner the benefit of any doubt. He said that a verdict of manslaughter could be brought in should the jury so desire.

Panzine Contradicted Prisoner.

Donato Panzine, who was sentenced to one year for doing bodily injury to Andrea Mele, during the free fight at the Agnes-st. house, was brought from the prison farm at Guelph to give evidence and in so doing he flatly contradicted the story of Roselli. He declared that he went upstairs and procured a butcher knife for the express purpose of killing some one, and that after he had struck Mele in the backyard, he threw the knife down and ran around the house.

This was entirely different from the story of the prisoner, who claimed that he had fought with Panzine and taken the knife from him and in that way got his thumb.

Crown Prosecutor Creswick in addressing the jury said that Panzine could not benefit in the least by telling such a story, and that the witness testimony must therefore be true.

Showed No Emotion.

A minute or two after the jury returned, the prisoner was brought in. As he stood in the dock, his face was impassive. He seemed to be in a stupor and came to a point where he cared little whether he would be set at liberty or sentenced.

When the foreman stated the conclusion at which the jury had arrived, Mr. Henderson rose and offered his hand to Roselli. The man at first just stared at his lawyer in an unconcerned manner and then shook hands in a very faint and meaningless way.

Even when the interpreter translated the verdict, Roselli appeared to be still in a stupor and during the judge's remarks he stood motionless as a statue.

Judge's Warning.

In dismissing Roselli, Chief Justice Falconbridge said: "You have narrowly escaped the scaffold; you have stood as close to the gallows as any man I have ever tried and who has been dismissed. I do not find fault with the verdict. No one saw the fatal blow inflicted, unless it be that some of the witnesses have failed to tell us something they know."

"I trust that you and your compatriots will not take this verdict as a license for the using of knives on each other or on any of the King's subjects."

"You may not have understood all that I said to the jury; I did not join in the general belief. There are good Italians just as there are good Canadians and other nationalities."

"I trust that the experience you have gone thru will be a warning to you and your countrymen. This practice of using and carrying weapons will not be tolerated in this country. It is to be said in your favor that you were not armed when you went to the Agnes-street house."

The jury was then dismissed.

THE GREAT FOOTBALL DAY.

To-day decides the football history of the year. And it is one of the brightest Saturdays in all the season. It is the end of fall, for with the passing of football, we step into winter. It should be a big day for the sale of men's hats, at least the Dineen Company is looking to a big day, because there are on sale some very new lines just received from England in soft and stiff felt hats, and a very special shipment of Austrian velvet Alpine hats, which came to hand last Wednesday. These latter goods cannot be duplicated on the continent. The store will be open until 10 o'clock Saturday night.

HAMILTON HAPPENINGS

HENDRIE AND COOPER HAMILTON CANDIDATES

Hoodless Boom Fizzled Out—Geo. Lynch-Staunton Calls Single Tax "Rotten."

HAMILTON, Nov. 10.—(Special.)—Col. the Hon. John Hendrie in the west and Comptroller W. H. Cooper in the east, were to-night chosen as the Conservative candidates to carry the party banners in the two city constituencies in the coming provincial elections. The joint convention for the two ridings was held in the old Wm. Hoodless building on King-street East, which has again been engaged as the Conservative headquarters for the provincial campaign.

Mr. Hendrie's nomination was the subject of a long and interesting discussion, and no other name was presented to the convention for the west riding, nor did the nomination of Comptroller Cooper produce the interesting time that had been anticipated. It was true that the friends of John Hoodless, who had been considered as a strong possibility at one time, did move and second his nomination, and there was apparently a strong feeling in favor of his selection.

Declined to Be Nominated. Wm. Hoodless placed the name of Mr. Hoodless before the convention immediately the nominations were opened, and Wm. Farrar lost no time in seconding the motion. Then, just as promptly as the two previous speakers had got on their feet, Mr. Hoodless arose. In a tremendous voice he told the convention of the difficult position in which he had been placed, and after a brief eulogy of the Whitney government, stated that his health and age would not permit him making a campaign. He declined to accept the proffered honor, and graciously proposed the name of Comptroller Cooper as the nominee. John Holden seconded the nomination, and the pyrotechnics fizzed out. Comptroller Cooper's nomination was moved by J. W. Lamoreaux and seconded by John Allen.

After the speech making of the candidates had been finished, George Lynch Staunton, K.C., made an address, which was principally noteworthy for the valiant tussel he attempted with the single tax theory. "The single tax may be right in theory, but there are thousands of things that are right in theory but they don't work out in practice. The thing is so rotten," concluded the eloquent K.C., "that no one outside of a lunatic asylum would think of it."

Missionary Convention Closes. The Hamilton district convention of the men's missionary movement held its final session to-night, and adopted the convention policy which, in brief, admitted the duty of more active missionary efforts among the churches, and pledged the delegates to an extensive and comprehensive missionary program. Dr. Robert Speer was called away from the city suddenly this afternoon, and his subject of "The Task and Its Challenge" was handled by Rev. Donald McGillivray of Shanghai, China. Sir Andrew Fraser addressed the convention again to-night on "The Sufficiency of God."

Assessment Investigation. An investigation of the city's assessment department will probably be made by Mayor Lees as a result of the large increases made by the court of revision in the assessments made by Assessor J. M. Robinson, and the latter official will also be asked to explain why he failed to assess six lots in Ward Eight, where the low assessments were made. In all, Assessor Robinson's figures were increased \$14,000 by the court of revision on appeals brought by Assessment Commissioner McLeod. Of this amount \$85,000 was added to the valuation of property owned by J. J. Scott, who also owns the six lots, which were left out by the assessor. The assessment against the Gage property in the same district was increased by \$8500.

Five patients from the Miller family in this city are now in the city hospital suffering from typhoid fever. Mrs. Miller was the first to be affected with the disease, and while helping in the household work her three sisters were also stricken. The husband was the next one put to bed with the disease, and the brother-in-law, who sought to lend a helping hand, has now been laid low. The three children of the family thru the effort of Miss Jeanette Lewis, have been admitted to the Salvation Army Rescue Home.

BODY LEFT BY STUDENTS? Coroner's Jury Gets Little New Light on Box Mystery.

Death from unknown causes was the verdict returned last evening by the jury empaneled by Coroner Hopkins to investigate the death of an unknown baby found in the attic of 244 Huron-street on Wednesday. James Madill, 32 Grenville-street, and Clayton Merrill, 294 Huron-street, were the only witnesses examined. They told of playing in the garret and of there finding a box with some towels in it. They pulled one and the head of a baby rolled out. The body showed signs of having been preserved. The flesh had been neatly cut from its legs and the internal organs removed and replaced by padding. The building in which it was found had been kept as a rooming house, and it is supposed that medical students had lived there at some time. It was impossible to say how old the child was nor how long it had been dead.

Pianos at 75c a Week. Who would be without a piano in the home when Heinzigman & Co., Limited, of 193-195 Yonge-street, offer choice of some twenty square pianos, guaranteed in good condition at prices ranging from fifty dollars to one hundred and twenty-five dollars, delivered into one's home on agreeing to pay 75c a week.

New C. P. R. Line. SMITH'S FALLS, Nov. 10.—Government Inspector of Railways Sims has inspected the new double track line of the Canadian Pacific Railway from Smith's Falls to Glen Tay. He made the inspection trip this afternoon in a special train, and was accompanied by Mr. Bumsay, division engineer, and Mr. Luscombe, assistant engineer, an inspection of the new line will be in use in a couple of days.

BONAR LAW WILL BE THE NEW UNIONIST LEADER

Continued From Page 1. exceptional talent for vague generalizations and windy rhetoric, find the process just as difficult as novel. But he is always quick to perceive when a point has not been properly assimilated, and he will pause and force it home with all the strength of graphic illustration. He is essentially a man of business, a man of affairs, a man of commercial propositions. And his very contemptuous disregard for all the arts and crafts of popular posturing and spangled speech, his reserve, his reticence, his admirably governed and strictly disciplined mental forces are all attributes that tend to establish him as a tower of strength in our modern politics. He is one of the great gunners of the Unionist artillery; he carries his heaviest ammunition and he never hesitates to discharge his shells into that place of battle where the enemy are most deeply entrenched, most

FOUNDING P. S. A. IN CANADA William Ward Finds Interest Shown From East to West. A mass meeting was held last night at Westminster Congregational Church, Spadina-avenue, in connection with the Pleasant Sunday Afternoon movement. Wm. Ward of London, England, honor. general secretary of the National Brotherhood of Great Britain, spoke of his experiences in Canada. In Ottawa he found prominent men rather undecided as to whether such a movement as the P.S.A. would be a success there. Before he left that city, however, the matter was taken up and he hoped would be an accomplished fact soon. At Montreal, Winnipeg, Calgary and Regina, his visits were well received, and brotherhoods are forming in each place. The great object in view was to cover the Dominion so that men and women coming from the motherland

right out of their work. These horses have been engaged in ice cream delivery during the summer months, and now that the real cold weather has commenced there is no work for them.

WE WANT PONIES. We are in the market for twelve good Shetland Ponies. These are for a customer, and the Ponies must be kind and quiet.

Friday, Nov. 17th, 150 Horses THE BEST SELECTIONS OF ALL CLASSES. Carriage and Harness Department

READ THE LIST, THERE ARE SOME BARGAINS HERE. HORSE BLANKETS, SPECIAL PRICE, \$1.00 EACH.

McLaughlin Carriages. We are Toronto Agents for these Carriages and Vehicles. We have a full line, and our floor contains over seventy-five different styles for your selection.

REDUCING. The greatest remedy in the world for Bog Spavin, Curbs, Thoroughpins, Splints, Wind Galts and all such, to be had at \$4.00 per tin. BATEROLYNE is a preparation made by Dr. Wm. Duncan, and nothing can beat it for the cure of Lung Fevers, Influenza, Coughs, Colds and such. It sells at \$5.00 per gallon, \$3 per half gallon, and we can make prompt delivery.

CHARLES A. BURNS, General Manager and Auctioneer. ISAAC WATSON, Assistant Manager and Auctioneer.

"BACK TO THE FARM?" "NOT ME," SAID MARY. A Tragedy of the Footlights—Lure of the Dime Vaudeville Was Too Strong.

CHATHAM, Nov. 10.—(Special)—Stranded in Chatham after a short career as an actress on the Dixie Vaudeville Circuit, seventeen-year-old Mary McLellan of Big Point, Ont., heaped scornful rebuke on her mother and brother when they came here to take her home.

"Back to dreary old Big Point," she cried derisively. "What for—to marry a farmer and never know anything but milking cows and washing dishes—all my life? Not me. Send me to jail if you like, but I won't go back."

Mary hooked up with a ten-cent theatre actor some weeks ago and ran away from home.

The eluded male partner left her stranded in Chatham, but Mary had the bug to become a dazzling queen of the footlights, with bouquets and table d'hote, and when her mother sought her out, she made a scene on the street.

Mrs. McLellan sought out the executive officer of the Children's Aid Society, and Mary was turned over to the sisters of the Ursuline convent in the hope that they may be able to dissuade her from her stubborn purpose.

The McLellans are well-to-do farmers at Big Point, where Mary has a good home. When she arrived in Chatham, her mother was shocked to find her attired in a flaming costume of scarlet, with hat to match.

HEWGILL FREED BY LAW. Exonerated from blame for the death of the Chinese lad, whose life was crushed out by his motor car in the darkness at the corner of Homewood-avenue and Carlton-street, Stephen Hewgill was yesterday also cleared of the charge of manslaughter, which has stood against him in police court.

Crown Attorney Corley asked permission to withdraw the charge in the absence of evidence, stating at the same time that he entirely concurred in the finding of the coroner's jury, which had found Hewgill blameless.

RAILLESS CAR SYSTEM. Another scheme to better Toronto's citizen-carrying services is being considered by the city engineer. It is that of the railless trolley, similar to the system in use in Leeds and Bradford, in England.

The current for these cars is supplied by an overhead wire. The car is steered by the motorman, and cars swing to either side in order to pass other vehicles.

THE SECOND TO GO. NIAGARA FALLS, Ont., Nov. 10.—(Special)—Pneumo-pneumonia today caused the death of Thomas Allen. His brother John died two weeks ago—only, the result of the same disease. Thomas was sixty-six years old.

DAN GILMOUR REFEREEES OTTAWA-VARSITY GAME

White Savage of McGill University Will Be Umpire - Greatest Game of the Year.

Dan Gilmour, vice-president of the Intercollegiate Rugby Union, will referee the game between Varsity and Ottawa College this afternoon and his umpire will be Savage of McGill University.

Everything is now ready for the big game at Varsity stadium between the Toronto Varsity team and Ottawa College for the championship of the Intercollegiate Union and the honor of playing the final game for the Canadian Rugby championship.

The game will start promptly at 2:30 and both teams are expected to play a high standard of football and are confident of victory.

Varsity's team will be the same as announced several times this week with Bob Thompson as captain and J. Taylor playing inside wings.

Argonauts seem well satisfied with the appointment of officials for the game at Ottawa, and left by C.P.R. at 10 o'clock last night.

Instead of resting on their oars for a week, as they have announced, the Ottawa A.C. will play a league game with the High Park team at Varsity campus this afternoon at 2 o'clock and they will have to row hard if they wish to get the best end of the score.

The Capital-Tiger II game will be played at Rosedale at 2 o'clock. All players are requested to be on time.

The Montreal Gazette says that the whole Montreal team in the Tiger game very much in earnest. The last game Thursday morning was attended by thirty players, none of whom took things easily.

Hamilton Herald: The Tigers left for Montreal, where they will play their last scheduled game of the Intercollegiate series. The players are all in the best of health and are confident of victory.

Public Utility League. On account of the Printers' League opening to-night, in which eight alleys will be occupied, a double-header was rolled in the Public Utility League at the Toronto Bowling Club last night.

At a meeting of the City Rugby League last night it was decided that the game between the Argonauts and High Park will not be played to-day.

Business Men's League. In the Business Men's League at the Toronto Bowling Club last night National Cash Register won two out of three games from Owl Shoes.

Hamilton and Return, \$1.55, Saturday, Pacific Railway. For T.A.A.C. Alert C.P.R. final return tickets to Hamilton at \$1.55, round trip, good going all C.P.R. 1.07 and 1.15 p.m. trains Saturday, are on sale at all C.P.R. Toronto offices and Union Station.

American Turfmen Are Welcomed in England

Interest in Racing Stables of Whitney, Keene, Belmont and Hildreth - Praise for American Training and Riding Methods.

With the arrival of Harry Payne Whitney's yearlings at his English racing establishment last week, the lot including some of those recently sold to him by James R. Keene, and the prospective departure of the horses of S. C. Hildreth says he sold to Charles Kohler to be raced in England next year, interest in American turfmen on the other side of the Atlantic naturally increases.

When the English turf season's record is compiled for 1911 it will be found that American owned and American bred horses have fared better this year than ever before.

Taylor's Safe Works on the west side of the Don Flats. The Baracas players are asked to meet at the Gouard-street bridge at near 2 o'clock as possible. The following players are asked to be on hand early: Arnold, Edmondson, McKenke, Jaffray, Perkins, Foley, Stevens, B. Edmondson, Dennis, Sinclair, Buchanan. Kick-off at 2:30 sharp.

AMALGAMATION MARKED BY A BIG SPECIAL CLEARING OF MEN'S BOOTS

Enthusiasm at Annual Meeting—W. J. Sheppard New President.

Last night the annual meeting took place of the Dufferin School Old Boys' Association at the school. There was a large and representative attendance, and much enthusiasm was shown over the continuous progress of the institution.

The following officers were appointed for the current year: Patron, Marquis of Dufferin and Ava; honorary president, R. W. Doan; president, Wm. J. Sheppard; 1st vice-president, Harry Whiteside; 2nd vice-president, Bert Green; 3rd vice-president, Robt. Yeomans; 4th vice-president, John Mathers; hon. secretary, J. W. Barry; hon. treasurer, Chas. Horwell; secretary, Chas. Hicking; treasurer, Robt. Reford; press representative, Alex. Lewis.

These officers, with a strong executive committee, were deputed to carry out the arrangements for the thirteenth annual banquet to be held at the St. Charles Cafe, on Thursday, Dec. 14, which promises to be the banner event in the association's history.

UNABLE TO AGREE

First Women's Jury in Los Angeles Fail to Reach Verdict.

LOS ANGELES, Nov. 10.—Unable to agree upon anything, the first women's jury to sit in Los Angeles, was discharged late to-day. The case was that of L. H. Nasor, accused of having violated the speed ordinance and arraigned in Justice Forbes' court. After listening patiently for three hours to testimony and argument, the jury at 5 o'clock was notified to get ready for luncheon. Then two said they did not want to go at all. In vain did Justice Forbes urge them to reach an agreement to a place for luncheon. Finally at 1:40 o'clock he ordered them locked up again. The justice, too, lost his luncheon.

At 5 o'clock, after 4 1/2 hours' deliberation, the jury reported that it was unable to agree on a verdict, and the court ordered its discharge.

T. M. Humble at the B. W. L. T. M. Humble, who has considerable reputation as a speaker on political platforms and elsewhere, will address the British Welcome League at 4 Spadina-ave., on Sunday, at 7 p.m., on "The Progress of Sobriety."

Sir John Jackson Here. Sir John Jackson, an English M.P., and a wealthy contractor, is at the King Edward.

Ward Working Boys' Race Postponed.

The Ward working boys' race has been postponed until Saturday, Nov. 18. The entry list will close on Wednesday night.

SIMCOES PUT UP GOOD TEAM TOTAL OF 2845

Four Men Over the 600 Mark—Printers' League Starts To-Night—Scores.

The Simcoes were in great form last night, no less than three of the team being over the 600 mark, with Andy Sutherland, Bill Stringer and Fred Harris getting 615, 613 and 612, respectively. Captain Dick Howard was away on the wrong foot, or the team would have had a record for the season. At that they totaled 2845, having 98 in their middle game. This is the second time this year that the Simcoes have been just one pin shy of the thousand mark.

In 3 leagues, the Night Owls took the odd game from the Eatons No. 2, their nearest rivals. Ross and Wilson were the big rollers, each putting in 666.

Table with 3 columns: League Name, Player Name, Score. Includes leagues like A League, Night Owls, Eatons No. 2.

Gledstones Novice League. Gledstones won three games from the distants in the Gledstones Novice League last night. The scores:

SATURDAY MORNING, NOV. 11, 1911.

The Petrified Mind and Hand.

Mr. Balfour brought up a great question when he discussed the "petrified" in public life. Canada suffers much from petrification of this kind. By becoming petrified, Mr. Balfour meant becoming fossilized, fixed in ideas, therefore reactionary; a man who is not marching with the times is petrified, even if he has not years. Up-to-date efficiency is the contrary term of "petrified."

But we do not so much mean that there should be no fossils in public life, no fossils in the legislature, no fossils in governments, no fossils in departmental service; we must allow for a certain number of fossils in all these branches; but the public and ourselves do object when the petrified and fossilized keep the door closed against younger and more progressive men when they are young and when they are progressive. In other words, we do not mind the fossils if there is an offset of young and progressive men associated with them, and in the majority.

For illustration, let us take the Whitney government, the only progressive government that we have had for a long while in Canada. What Sir James should hasten to do is to get more young men in his cabinet before they become old. True, he has Adam Beck, but Adam has not a portfolio. True, he has the provincial secretary, Mr. Hanna, who is also young and vigorous. And true he has a boy statesman, and a very promising one at that, in Mr. Lucas, but then Mr. Lucas has not been given authority. What Sir James wants to get now is a young man who understands the municipal affairs of this province, one not afraid to declare for government of municipalities by commission, where the people so desire it; that favors the regulation of the capitalization of public franchise-holding corporations; that does not believe in mergers of these corporations without consent of municipalities and the government affected; that has new and progressive views in regard to municipal taxation; that believes that public rights are the great concern of government. In other words, have reactionaries and petrifications if you must, but have the progressives in quantity sufficient to offset the fixed and the fossilized and to make a stand for progress.

Do not for a moment suspect us of saying that a man is petrified because he is old. There are young men in public life who are petrified worse than their elders. But it is a fact that age is one of the general marks of the petrified and fossilized. The groundwork of successful business to-day consists in the steady infusion of new and fresh blood in every department. The men in big business are out to catch the young and strong. The financial heads of New York do not average forty-three years of age! But politicians and public servants die hard.

If you seek a good example of a prime minister keeping his cabinet up-to-date, look at Mr. Asquith. He is putting men in, weeding others out, shifting them around all the time, keeping himself and his government at the line of efficiency.

And if you seek the contrary look at dear old Sir Wilfrid! He had a lovely bunch of fossils anchored in his ministry. "I'll see him in Hades before I go out," said the most venerable of them all! He had them from the maritime provinces, from Quebec; he had some splendid specimens from Ontario, a specimen from British Columbia. It is true that he brought in Mackenzie King, which was one concession, and that he had others who were of some account, notably Mr. Lemieux, who was his minister of marine at the last. And how Sir Wilfrid stocked up the senate with old bottles!

To come to a very present question, selecting members of the legislature for Toronto. There are a lot of petrified gentlemen seeking votes. From the eight men to be chosen, why can't five of these be fresh young men; let some of the elders retire.

And oh, when we come to newspapers of the country, and especially of Toronto! What splendid specimens of fossilized journalism are at hand for the picking! We do not need to name them. Their work in the way of blighting is to be seen by all. Some have years and some have only wizened faces!

At times you see a judge, fossilized, on the bench! Unfortunately we have no way of removing specimens of this kind—except we appoint them when young and fresh-minded—then they reach the pension age before petrification sets in. No man should go on the bench who is a day over forty years of age, and he should go off when he has reached the age of not more than Mr. Balfour, who is sixty-three. Not that there have not been some of the wisest judges on the English roll, who were over seventy years of age; but there were a lot of others as well alongside!

In a word, the public problems of to-day are so many in number, they are so insistent of settlement that the best ones to handle and settle them are the fresh, the vigorous and the up-to-date intellects.

redoubtable duels between the champions of free trade and tariff reform. Mr. Bonar Law has had a magnificent opportunity provided for him thru the rivalry between the partisans of Mr. Austen Chamberlain and Mr. W. H. Long and he will believe in measure up to its responsibilities. Nor is it at all improbable that Mr. Law's Canadian origin may have helped to turn the scales in his favor. His elevation to the leadership of a great historic party will stand out as a proof of the sincerity of imperial citizenship and the recognition of that solidarity in the motherland. Canada has reason to be proud that while the premier dominion she has also been the first to have one of her sons elevated to a post of commanding influence in the councils of the empire.

A STEP FORWARD. The opposition in England may for a time be put about by reason of the resignation of Mr. Balfour. These resignations have come in the past, must come now, will come in the future; but they mean progress, not setback. The Unionists and the protectionists and the tariff reformers will find a way of getting together under a new leader and marching forward to their goal. Tariff reformers will get a fresh and better start. Perhaps it will mean that tariff reformers will accept some kind of home rule, and even the Unionists, too, and thereby allow the main issue at the next election to turn on tariff reform and trade within the empire, the greatest question before the English-speaking people.

As for Mr. Balfour, he sees that his powers are not as vigorous as they were; he sees that the problems that are up for settlement are many, some of them stupendous and all very much of to-day; therefore he wisely says, let the younger men of the day settle the things of to-day. I may be prejudiced by the things of yesterday, and the things of yesterday got my best attention at the time. The tribute of Mr. Asquith to Mr. Balfour was well paid and well deserved.

A "ME-TOO" PROGRAM. Governments go out of office because they do not do what the people want, or do things the people don't want. Sept. 21, to wit. The Liberal machine of Ontario is going about its political business in the same old way that lost them the federal election, that unheeded Sir George Ross, that ran the Reform government of a generation finally into the pit. In order to displace Sir James Whitney the Liberal party must get out a platform which Sir James will not accept, and which Conservatives will not accept, and the Liberals must provide representatives who are evidently in every way better than the men now in power, so that the people may be convinced that a change would be advantageous. As it is, what is there in the Rowell program that is not potential in the Conservative platform, or in preparation in the Conservative administration of affairs? A "me-too" program is ineffective in practical politics, for as long as the government is doing all that is needed and wanted, the people are not likely to make a change for the mere sake of change.

The Liberal party is simply not liberal enough. It is not as liberal as its own more advanced members, as the Prospect Park program sufficiently proves. Mr. Rowell could do something if he would dig up an issue which the people are sufficiently interested in to sacrifice themselves for, and to which Sir James Whitney's government would oppose itself.

It is doubtful if there be such an issue. There is no doubt that Sir James and his ministers are thoroughly satisfactory to the people in general. And it is certain that Mr. Rowell is not prepared to take the advanced ground that would make an issue certain.

If the Liberal papers had been as appreciative of Sir James Whitney's performance as Conservative papers have been of Mr. Rowell's promises, the public would have had some belief in the possession of change of heart in the party.

Bargains in Player-Plans. The player who will act quickly can secure from the Ontario Government a considerable sum of money, say \$10,000, in perfect condition—only used a short time—and can be bought on easy terms of payment.

Transferred to Quebec. KINGSTON, Nov. 10.—(Special.)—Major Edward de B. Panet, R.C.H.A., has been transferred to Quebec and left to-day. He will go to England next year to take a two years course at the staff college.

Increase Teachers' Salaries. KINGSTON, Nov. 10.—(Special.)—The board of education has a proposal on foot to increase the salary of public school teachers. It is felt that higher salaries are necessary to keep a good staff.

SOCIETY

One of the most dances of the season for some of the debutantes was the one given last night by Mrs. Hume Blake for her daughter Nora, who was looking very pretty in a clear satin gown, with a bouquet of Golden Gate roses. The whole ground floor of the beautiful new house in Clarendon-ave. was given up to dancing, and a buffet supper was served at small tables. Mrs. Blake's guests included several from out of town, among whom were the Misses Carruthers, Kingston; Miss Bette, London; Miss Eshoche, Wright, Ottawa; Miss Beck, London.

The ladies of the Church of the Redeemer are much interested in a sale of work, which will take place on Wednesday and Thursday next, when there will be a Punch and Judy show, handkerchief table, afternoon tea, etc.

Mrs. Geary has returned to town after delightful visits to Concord, Mass., and Boston, spending a few days in Buffalo on her way home.

Mr. and Mrs. Henry Koller are at the King Edward, from New York, also Brigadier-General and Mrs. Eagan, the Hon. Arthur Creighton, Mr. and Mrs. R. M. Simpson, and Viola Allen.

The ladies of the Quebec branch of the St. P. C. A. held their annual dance in the Chateau Frontenac on Wednesday night. Lady Gouin, Mrs. Charles Verge and Mrs. J. T. Ross received.

Mrs. Thos. Ellis gave a very delightful dance at the Weston assembly rooms last night for her charming daughter and some 250 friends. The hostess wore a becoming dress, white brocade and Brussels with diamond ornaments, and was carrying a bouquet of violets and lily of the valley. Miss Lena Ellis was dressed in white satin with real lace, silver bandeau in her hair, and was carrying a large bouquet of American Beauties, and looked particularly pretty. The decorations were of palms, ferns and yellow chrysanthemums, the supper table being arranged with chrysanthemums and yellow and silver shaded candles. The floor was in excellent condition, and the music was most inspiring. A few of those present were as follows: Mrs. Hixson, of Chicago was in pale blue; Miss Clarke, New York, a guest of the hour, looked beautiful in pale blue and carried a lovely bouquet. Maude Authers, Welr, Miss Dorothy Marks, Miss Frankie Webster, Miss Elsie Jackson, Miss Janita Gargill, Miss Edith Sigmond, Miss Gladys Snelgrove, Miss Kathleen Cosgrave, Miss Kathleen Hartney, Miss Clara Flavelle, Miss Irene Leachman, Miss Alison Kemp, Miss Margarette Robins, Miss Rita Dunbar, Miss Robb, Quebec; Mrs. Edwards, Mrs. Ardagh, Miss Kathleen Ellis, Miss Gladys Eastwood, Miss Edna McKee, Miss Bertha McKee, Miss Mabel White, Miss Flossy White, Miss Carry Kent, Miss Mildred Thompson, Miss Margaret Dotton, Mrs. Mary Walton, Miss Jean Bellingham, and a great many others.

Mr. and Mrs. Hobden Gillespie of Victoria, B. C., on their way to England, are staying with Mr. and Mrs. Hedden, 46 West Sherbrooke-street, Montreal, for a few days.

Mr. Alan Ayleworth is at the King Edward.

H. R. H. the Duchess of Connaught will lay the corner-stone in the W. C. T. U. Building during her stay in Toronto.

The Thumb Box Exhibition of paintings by Canadian artists is now open at 24 Yonge-street, and will remain open until Nov. 25, from 10 to 6 o'clock daily.

Invitations have been issued by the president, officers and members of the Toronto Cricket Club to a ball in the King Edward on Nov. 24 at 9 o'clock.

Princess Zoe Maurocattolo of Roumania and her sister, Princess Ghika, are the latest distinguished arrivals in New York. They are on their way to Newfoundland to meet their husbands, who have been hunting for the last four weeks.

Col. Ryerson will take Major Napoleon Keefe's place as president of the U. E. L. Association during the absence abroad of the latter.

Lieut.-Col. and Mrs. Hamilton Merritt are expected home from Switzerland.

Miss Helen M. Deane is giving a tea this afternoon in honor of Miss Jessica Balfour, Vancouver.

Mrs. John Gilmour, Ottawa, will entertain at a luncheon on Monday, in honor of Lady Gilmour, Montrose, Scotland.

Miss Edith De Gruchy, 33 Delaware-avenue, is giving a tea at the Belmont, Nov. 15, for Miss Ethel Schreiner, Pittsburg, Pa., who is visiting her for a month.

Mrs. Mackenzie's Tea. Mrs. George G. Mackenzie introduced her daughter Ada at a large at-home at her residence in New-street. The debutante was wearing white satin veiled with marquisette and carried a bouquet of pink roses and lilies

of the valley. Mrs. Mackenzie was in grey satin with silver and carried a bouquet of pink roses and lilies of the valley.

land on the 25th inst. and will spend the winter at the King Edward.

The Dreadnought Chapter I.O.D.E. will meet on Monday afternoon at 3 o'clock at the residence of Mrs. Fraser Macdonald.

Mrs. S. J. Proctor was at home in her blous fat in the Trades' Bazaar Building, corner of Bloor and Yonge-streets, on Thursday afternoon, on the occasion of her daughter, Mrs. George E. Neill, receiving for the first time since her marriage. The bride was gowned in Pacific blue satin, veiled with a black diamond transparency, and wore a very handsome pendant of diamonds and emeralds. Mrs. Proctor wore a graceful gown of black velvet, and the drawing-room with its charming accessories of flowers, old china, chintz-covered furniture and a glowing fire, was well filled with guests during the afternoon. Tea was served in the dining-room, the table bearing as centrepiece a lovely golden basket of matching ribbon, on a polished table, centred with lace, and further adorned with lovely old china and silver. Mrs. Proctor was accompanied by Mrs. E. R. Michie, Miss Alice Cooke and Miss Evelyn Green were in charge.

Mrs. Warren and her daughter, Miss Mary Warren, have come down from Orillia and taken a house in Albany-avenue for the winter.

Mr. and Mrs. James Jamieson are expected at the King Edward on Monday from England and New York.

The marriage of Miss Marion Laura Graham, daughter of the late Mr. and Mrs. R. G. Graham, to Mr. William J. Shaughnessy, is to take place on Thursday, Nov. 16.

Miss Jennison and her brother, Mr. Hecdie Jennison, New Glasgow, Nova Scotia, who have been in Toronto for some time, are leaving for Montreal to meet Mrs. Leslie Jennison, her family, who are going to Calgary to join Mr. Leslie Jennison, who has settled there.

Miss Evelyn Riddick is the guest of Mrs. George A. Mountain in Ottawa.

Mrs. W. C. Crowther is giving a dinner at the Hunt Club this evening for Miss Mabel Lennox.

The Countess Thamar Swirsky was on Wednesday last the raison d'être of a large at-home, given by Mrs. James W. Woods at her beautiful home in Chapel-street, Ottawa. The hostess received the guests in the entrance hall wearing a lovely tulle and lace over pale blue satin. The Irish lace was the cynosure of all eyes. The drawing room, headed Colonel Woods, who introduced her to the other guests. Her petite and graceful figure was robed in white lace with a tunic of emerald green and silver and a chic little jeweled cap of gold tulle resting on her golden tresses. A hidden orchestra played delightful music through the afternoon and the beautiful rooms hung with exquisite paintings by great masters were decorated with roses and chrysanthemums. Refreshments were served from an alcove in the hall and in the large dining room where an immense silver chandelier shined brightly.

Mrs. Nell MacKinnon of Edinburgh, Scotland, held her opening reception at her new home, 20 Walmer-road, on Thursday afternoon, when the drawing room, bright with yellow and white chrysanthemums, was filled with guests, who enjoyed the singing of Mr. W. G. Armstrong, for whom Mrs. Armstrong was an efficient accompanist. The sun-parlor with palms and ferns was very attractive, and the tea-room was prettily decorated with Richmond roses and lily of the valley, in cut glass and silver vases. The Misses Gertrude and Kathleen Chipman were in the tea-room, and Mrs. Hamilton received with the hostess.

Mrs. Douglas Armour, Montreal, is in Ottawa for a day or two and is the guest of Mrs. William Macdougall.

Mr. Chaitan Stephens entertained at a pleasant dinner at the Mount Royal Club, Montreal, on Wednesday evening last, instead of Mrs. Hamilton Gault, who was unable to be present. Covers were laid for fourteen, the table being effectively arranged with roses and greenery.

Miss Helen M. Deane is giving a tea this afternoon in honor of Miss Jessica Balfour, Vancouver.

Mrs. John Gilmour, Ottawa, will entertain at a luncheon on Monday, in honor of Lady Gilmour, Montrose, Scotland.

Miss Edith De Gruchy, 33 Delaware-avenue, is giving a tea at the Belmont, Nov. 15, for Miss Ethel Schreiner, Pittsburg, Pa., who is visiting her for a month.

Mrs. Mackenzie's Tea. Mrs. George G. Mackenzie introduced her daughter Ada at a large at-home at her residence in New-street. The debutante was wearing white satin veiled with marquisette and carried a bouquet of pink roses and lilies

of the valley. Mrs. Mackenzie was in grey satin with silver and carried a bouquet of pink roses and lilies of the valley.

Refreshments were served from an alcove in the hall and in the large dining room where an immense silver chandelier shined brightly.

DOCTORS HAD GIVEN UP ALL HOPE

"Fruit-a-tives" saved my Life

RIVIERE A. PIERRE, Q. May 1910. "I look upon my recovery as nothing short of a miracle. I was for seven years, constantly suffering from Chronic Dyspepsia and Indigestion. I was treated by several doctors and they simply did me no good. During the latter part of my illness, was thin that I weighed only 90 pounds, and I vomited everything I ate.

"At this time a lady strongly urged me to try 'Fruit-a-tives'. When I had taken one box, I was much better and after three boxes I was practically well again, and had gained 20 pounds. I have taken 13 boxes in all and now weigh 160 pounds and am well."

Mrs. A. D. Robertson (formerly Mrs. Marion Mason, Chatham), will receive for the first time since her marriage on Thursday, Nov. 16, at her home, 3 Summerhill Gardens.

Mrs. A. G. F. Lawrence and Mrs. James Lawrence, Roxborough-street, North Rosedale, received Monday, and thereafter on the second Monday and Tuesday.

Personal. Lady Mackenzie, Miss Ethel Mackenzie and Miss Mabel Lennox, of New York, arrived in Toronto on Wednesday last on the S. S. Lusitania.

Mr. John P. Northey and Mrs. Northey left Monday for New York, en route to England by the S. S. Lusitania.

Mr. R. N. Boxer left this week for Europe, sailing by the Cunard line via New York.

Mrs. M. Corbett and Miss Malloy, who have been visiting Canada, have returned to England by the S. S. Lusitania this week.

The honorary governors who will visit the Toronto General Hospital during the week commencing on Nov. 12, are John Pugsley and A. E. Kemp, M.P.

MAWSON ON HOUSING.

"Housing, model suburbs and villages and the housing of the industrial classes" will be the subject of Mr. Mawson's lecture in University Convocation Hall to-night. This will be the closing lecture of the course and Mr. Mawson has time and again asserted will be the most important of the six. The better housing of the people is a phase of municipal development upon which Toronto must enter almost immediately, and Convocation Hall should be crowded to-night by citizens of all classes to hear what the leading English expert has to say. Mr. Mawson will be accompanied yesterday that 15 per cent. of total earnings was as much as a working man should have to pay in rent. In Toronto men are paying 25 per cent. of their wages in rent. The lecture is free. All are welcome.

Festival Chorus. In a recent interview Dr. Torrington expressed himself as more than satisfied with the progress being made by the Festival Chorus and Orchestra at the rehearsals for his farewell production of the "Messiah" and "Elijah." The chorus will be the largest and best balanced heard in oratorio in Toronto. Subscription lists will be placed in the various music stores at an early date.

Lecture on the Drama. On Monday evening in Association Hall Monday evening in Association Hall of the celebrated actor and herself an actress and authoress of real note under the auspices of the Canadian Lyceum Bureau, deliver a lecture on "The Drama as a Social Teacher." As will be seen by the address, the drama is another column, the plan of reserve seats is at the Bell-ticket office, 148 Yonge-street. Indications are that the hall will be crowded.

SICKLY BABIES CRY HEALTHY BABIES SMILE

Baby's cry indicates distress—his smile health and contentment. The mother must be sure that never was a baby who cried for the fun of it. Baby's disposition is naturally a happy one and it is only distress such as may be brought on by a disordered condition of the stomach or bowels that can change this. So, mothers, to keep your baby happy you must keep him well—Baby's Own Tablets will do this. Concerning them Mrs. Chas. Potvin, Caucapatic, N.S., writes: "Baby's Own Tablets have proved an excellent remedy for my baby. I had been using other remedies constantly. The Tablets cured him and now he is as healthy as a pig." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Every Woman in the World May Save Some Drunkard. At last, drunk no more, no more. A treatment that is tasteless and odorless, safe, absolutely so; heartily endorsed by temperance workers; can be given secretly by any lady in tea, coffee or food; effective in its silent work; craving for liquor relieved in thousands of cases without the drinker's knowledge, and against his will. Will you try such a remedy if you can prove that you claim for it is true in every respect.

Dr. J. W. Haines Company, 2375 Glenn Bldg., Cincinnati, Ohio. Please send me, absolutely free, by return mail, a bottle of your remedy, and no one can know what it contains, a trial package of Golden Remedy to prove that what you claim for it is true in every respect.

ASSASSIN TOUCHED BY WOMAN'S FRANTIC PLEA

Relented, Declaring He Had Children of His Own—Score of Suspects Arrested.

WHITE PLAINS, N.Y., Nov. 10.—With nearly a score of suspects under arrest, two of whom have been identified, the authorities here believe they have in custody to-night at least four of the five men implicated in the murder of Mrs. Mary Hall, a lonely farm house near Yorktown yesterday, during an attempt to rob the place. The man believed to have wielded the knife with which Mrs. Hall was stabbed, is still at large. According to the police, one of the suspects, who they say has confessed, has given information on which they expect to bring the slayer to book shortly.

Vincenzo Carino and Philip de Marco, both Italians, are the names given by the men who have been identified, members of the robber gang. Miss Hannah Griffen, Mrs. Hall's nurse, told the police that the man who held her a prisoner in the yard while the raid was made on the house. Later Mrs. John S. Rice, another of the four women who were in the house, picked out De Marco from a line of eight prisoners, as another of the assassins. She declared that she had thrown her jewelry to De Marco and got down on her knees to beg him to spare her and her children. He relented, she said, declaring he had children of his own.

The court decree, say the police, brought a confession from Carino, in which he implicated three of the men who were arrested, and revealed the name of the actual murderer. Carino declared the raid was planned to steal \$3000 of insurance money the men had heard was about \$2000 in the house.

What is regarded as a promising clue was word from New York received to-night that four more men had been arrested on the charge of being implicated in the crime. The men admitted they had come from the neighborhood of Yorktown to-day. On two occasions they had been arrested by officers who will go to New York to investigate the evidence against the four men.

HOT SHOT FOR PREMIER

Ottawa Citizen Scores Whitney for Tax Reform Utterances.

OTTAWA, Nov. 10.—In reply to Premier Whitney's statement on tax reform, Mr. Southern of The Ottawa Free Press said: "The Citizen is replying at length, but I would like to add that when Sir James states the proposed local option in taxation is 'too absurd for comment,' he reflects on the intelligence of the labor leaders throughout the province who have petitioned for it, as also on that of the editors of practically all the influential provincial newspapers who have editorially endorsed it, as well as the Ontario and Saskatchewan local option in taxation is in force.

Even the councils of Toronto, Ottawa, and of 87 other municipalities do not escape, for they, too, have petitioned for this legislation, which in the opinion of Sir James is 'too absurd for comment.'

Temperance Field Day. Temperance guns of the 13-inch variety of the Dominion Alliance are being sent to the front, and are being put into action in Huron County Sunday in 31 towns and villages.

Rev. Ben H. Spence will occupy the pulpit in both the Presbyterian and Methodist churches in Caledonia, while other strong temperance speakers will be scattered all over the county.

Application for Divorce. OTTAWA, Nov. 10.—(Special.)—David George Davidson of Barrie, Ont., will apply to parliament, at next session for a divorce from his wife, Jennie Davidson.

IT'S NOW JUDGE KELLY.

OTTAWA, Nov. 10.—(Special.)—The order in council appointing Hugh T. Kelly, K.C., Toronto, a judge of the high court of Ontario, was put today to-day's sitting of the cabinet council. No other appointments were made.

New Use for Aeroplanes. The supervisor of the Selkirk Forest, consisting of 1,600 acres, together with the forest of the Nez Percé reserve in Idaho, predicts that aeroplanes and wireless telegraph are the most valuable factors in forest-fire prevention before a fire starts. He believes that a man in an aeroplane could do more accurate and extensive survey work in the forest of the Pacific slope country in a few hours than a forest fire is raging, than is usually accomplished by twenty rangers in a week. With wireless stations installed on peaks in the chief danger zones he believes it would be a comparatively easy task to assemble men and apparatus to check and in the flames and prevent spreading.—Popular Mechanics.

Lady Fraser to Spain. Lady Fraser, wife of Sir Andrew Fraser, ex-lieutenant-governor of Bengal, will address the Women's Canada Club on Monday, Nov. 13, at 4:45 p.m. in the Conservatory of Music Hall. Her subject will be "The Zenana Lady behind the Purban."

Cheese Boards. NAPANESE, Nov. 10.—Cheese boards in white, 395 colored; all sold at 13 1/2-c.

PICTON, Nov. 10.—At our cheese board to-night 19 varieties boarded 1050 boxes, all colored; 875 sold at 13 7/8-c and 87 at 13 1/2-c; balance uncolored.

IROQUOIS, Nov. 10.—At regular meeting of Iroquois Cheese Board, held to-day, 483 boxes colored offered. All sold on board at 13 6-c.

Abolish Close Season. OTTAWA, Nov. 10.—(Special.)—An order-in-council has been passed abolishing the close season on whitefish during November in the waters of Lake Erie, off the Counties of Norfolk and Elgin.

CRUISER SQUADRON AT HALIFAX

Courtmartial into Stranding of Njibe to Open Monday.

HALIFAX, Nov. 10.—The fourth cruiser squadron arrived to-day and came to moorings off the dockyard. Rear Admiral Kingsmill arrived from Ottawa on the evening in connection with the court martial, which is to be held by Rear Admiral E. E. Bradford into the stranding of the warship Njibe at the end of last July.

Admiral Kingsmill will have a conference with Admiral Bradford to-morrow morning, when arrangements for the court martial will be finally made. It will probably begin Monday afternoon for results in the Njibe, and will be open to the public.

It has not yet been decided whether there will be three separate trials or one.

Three men are to be tried, the commander of the ship, the navigating lieutenant and the officer of the watch. The court will decide to make one enquiry cover the three cases or a separate court martial may convene for each case.

The squadron had a good voyage across. The ships called at the Azores, but did not stay there long. The squadron will call at the dockyard, two consist of H. M. S. Leviathan (flagship), Berwick, Essex and Dongal.

A WINDSOR LADY'S APEAL.

To All Women: I will send free with full instructions for home treatment which positively cure Leucorrhoea, Uteric Displacements, Falling of the Uterus, Painful or Irregular Periods, and Ovarian and Tubercular Growths, also Hot Flashes, Nervousness, Melancholy, Fains in the Head, Back or Bowels, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only one shilling per week. My book, "Women's Own Medical Adviser," is sent free on request. Write to-day. Address Mrs. M. Summers, Box H 65, Windsor, Ont.

FREE ADVICE ON CURING CATARRH

Don't suffer with Catarrh any longer! Don't let it destroy your happiness—your health—your very life welfare itself.

Don't waste any more time—money, in trying to conquer it with worthless nostrums.

Don't think it can't be vanquished just because you have not sought help in the right place.

Write to me at once and learn how it can be cured. Not merely for a day, a week, or a year—but permanently. Let me explain my new scientific method of treatment, discovered by myself—used only by myself.

There is more than an annoying trouble—more than a useless disease—more than a brief ailment. Unchecked Catarrh too frequently destroys smell, taste and hearing, and may open the door to the most dreaded of diseases. Take it in hand now—before it's too late.

I'll gladly diagnose your case and give you free consultation and advice. It shall not cost you a cent.

Read these questions carefully, answer them yes or no, and send them with the Free Medical Advice Coupon. Specialist Sproule will study them thoroughly, and write you in regard to your case, without its costing you a cent.

Is your throat raw? Do you sneeze often? Are you coughing your lungs out? Are your eyes watery? Do you take cold easily? Do you have a sore throat? Do you have a tickling sensation in your throat? Do you have an unpleasant discharge from the nose?

Answer the questions I've made out for you, write your name and address plainly on the dotted lines in the Free Medical Advice Coupon, cut them both out and mail them to me as soon as possible. Will cost you nothing and will give you the most valuable information.

Address Catarrh Specialist, Sproule, Trade Building, Boston, Don't lose any time. Do it now!

LET ME TELL YOU JUST HOW TO CURE CATARRH

Let me show you what I'll do for you entirely without charge. Thousands have accepted this offer—to-day they are free from Catarrh. You've nothing to lose and everything to gain. I am a graduate in Medicine and Surgery, Dublin University, Ireland, formerly Surgeon British Royal Naval Medical Service and just for the asking you'll receive the benefit of my 25 years' experience—my years of study—my wide knowledge of the disease.

Answer the questions I've made out for you, write your name and address plainly on the dotted lines in the Free Medical Advice Coupon, cut them both out and mail them to me as soon as possible. Will cost you nothing and will give you the most valuable information.

PUBLIC AMUSEMENTS

AT THE ROYAL ALEXANDRA

A New Spectacular "Bohemian Girl"
In the big special spectacular production of the Bohemian Girl, announced by the Royal Opera Company, in English, at the Royal Alexandra, the week commencing next Monday, the impresario Albert in their career the most pretentious and elaborate staging of Balfe's grand masterpiece ever made in this country.

The many striking features consistently introduced into the detail of the five great realistic stage pictures, are all clearly suggested in the original book and score of the opera, but this is the first time an effort has been made to fully develop and amplify them. In the incidental detail there are introduced a cavalcade of horses, bands of real gypsies, wonderful whirlwind acrobats, ballet, dances, etc., and consistently made a part of the presentation, however, that they in no way interfere with a musician's rendition of Balfe's delightful score, and all of those heart-rending melodies, including "I Dreamt I Dwell in Marble Halls," "The Heart Bowed Down," "Then You'll Remember Me," etc., will be heard.

The cast includes Vera Alsea and Helen Campbell in the soprano role of Arline at alternate performances, Miss Jane Herbert as the Gypsy Queen, Harold Blake as The Baron, Herbert Waterous as Count Arnhem, Joseph Florian as Devilshoof, Maurice Lavigne as Florestan, Ralph Nicholls as the Captain, and Katherine Le Brun as Buda.

AT THE PRINCESSES

"Naughty Marietta."
Oscar Hammerstein's "Naughty Marietta," one of the most melodious operettas ever composed by Victor Herbert, will be given its first production in Toronto at the Princesses Theatre for three nights commencing Monday, with a matinee on Wednesday.

"Naughty Marietta" is a winking maid, who runs away from a convent in Italy and comes to New Orleans to enjoy life in her own willful way. There is also a pirate, who, masquerading as the respectable son of the Lieutenant-governor of Louisiana, the father sharing in the loot of the son's buccannery.

The buccannery almost succeeds in winning the hand of Marietta in marriage, but is foiled by the intervention of the honest and brave Captain.

Girl Cured of Disfiguring Pimples
By Cuticura Ointment. Broke Out on Face when Twelve or Thirteen. Wore Most Embarrassing. Had Tried Everything.
A Nova Scotia girl, Miss Mabel Morash, of Dover West, writes: "When I was about twelve or thirteen years of age, my face broke out with pimples, and I tried everything to get rid of them, but failed. The pimples were the worst on my forehead and chin. They came out in groups and developed later into sores. Being ten my face they caused great disfigurement, and was most embarrassing."

"The Witness for the Defence."
A four-act drama by A. E. W. Mason, which enjoyed a phenomenal success during last season in London, will be presented in this city at the Princesses Theatre on November 16, 17 and 18, by Miss Ethel Barrymore and her company of English actors.

"The White Sister."
When "The White Sister" was first produced, the announcement was made that it would be interesting to watch the attitude of the Catholic Church with regard to this play, and consequently was rife among the laymen of every sect as to whether or not the church, thru its clergy, would condemn it.

"The White Sister" is a story of a girl who is seduced by a man who is a member of the Catholic Church. The girl is forced to marry him, but she is not satisfied with her life and she eventually escapes with another man.

Gives Men This Vitality of Youth

Vitality is the thing which makes success; it gives men that compelling power which sends them forth eager and equipped to meet and overcome all obstacles; it is the thing which gives the young soldier courage to face death; it is the thing which inspires and holds his sweetheart's love and faith. No matter what your age, I can give you this same vital power. I can restore the vigor you lost, no matter what early or later indiscretion may have sapped your strength. I can make you "young" and keep you "young." From an intimate and studious observation of possibly 100,000 weakened men, I say it to you that VITALITY or the lack of it means all the difference between a manly man and a half-man. The man who bubbles with

Baby's Face Like Raw Beef
"My baby boy had a large pimple come on his forehead. It burst and spread all over his face, and he looked like a piece of raw beef, all oozed with bad pimples. It was awful to look at. The poor little thing used to scratch and cry terribly. I took him to a doctor but he only got worse until I was quite frightened that he would always be disfigured. Then I got a box of Cuticura Ointment, together with Cuticura Soap, and in two months had quite cured him. Now of course I use Cuticura Soap for all my children (Signed) Mrs. E. Perry, 99 Waterloo Rd., Aldershot, England, May 21, 1910.

mond, also well known for their work in Frohman companies.
AT THE GRAND.
"The White Sister."
When "The White Sister" was first produced, the announcement was made that it would be interesting to watch the attitude of the Catholic Church with regard to this play, and consequently was rife among the laymen of every sect as to whether or not the church, thru its clergy, would condemn it.

AT SHEA'S.
The Four Mortons.
Manager Shea will offer his patrons at Shea's Theatre next week some attractions new in the vaudeville field. The headline feature of the week's bill is the Four Mortons, a family of fun-makers, which has not been seen in vaudeville in many years.

AT THE STAR.
Stair's Big Review.
F. W. Stair's own new Big Review Burlesquers with Frankie Heath, that lightning-like merry-maker—this babe with swagger clothes and military stride is a doll, who has done a lot to boost Toronto, so it is claimed.

AT THE STAR.
Stair's Big Review.
F. W. Stair's own new Big Review Burlesquers with Frankie Heath, that lightning-like merry-maker—this babe with swagger clothes and military stride is a doll, who has done a lot to boost Toronto, so it is claimed.

AT THE STAR.
Stair's Big Review.
F. W. Stair's own new Big Review Burlesquers with Frankie Heath, that lightning-like merry-maker—this babe with swagger clothes and military stride is a doll, who has done a lot to boost Toronto, so it is claimed.

AT THE GAYETY.
Big Banner Show.
The attraction which the Gayety Theatre will offer for the week commencing with the matinee performance Monday is Gallagher and Shean's Big Banner Show.

The first section is a miniature musical comedy, said to present the conventional thread of a story as a means of introducing a variety of musical features and attractive scenic and costuming effects, the action taking place during a college regatta. In this portion of the entertainment Al Shean appears as John Klut-S-S-S, a near detective, or village sleuth burlesque that is said to give him unlimited opportunity for fun-making. Gallagher enacts the role of an up-to-date plainclothes man. The second portion of the show presents a rapid-fire farce comedy, entitled, "A Trip to the Catskills" that affords opportunity for lavish scenic accoutrements and entertaining action.

"The Gambler."
"The Gambler" will be the attraction at the Royal Alexandra for three nights, Nov. 20. This splendidly constructed and absorbingly interesting piece by Charles Klein, established the record for long runs among the plays of the past season, remaining at Maxine Elliott's Theatre, New York, for over 200 consecutive performances.

Zimbalist With Toronto Symphony Orchestra.
Under the auspices of the Toronto Symphony Orchestra, Efrem Zimbalist, the celebrated Russian violinist, will be heard in this city next Wednesday evening at Massey Hall. This is one of the most important announcements ever made by the local organization. Mr. Zimbalist comes from the studio of Leopold Auer of St. Petersburg, and is an artist of the first magnitude.

MORROW CONCERT TO-NIGHT.
Expectations are large with Rev. J. V. Morrow that the benefit concert for the Morrow Church, in Massey Hall to-night, (Saturday) will bring such results that work on the church will commence at once. The program includes some of the leading artists of the city, and will be twenty-five cents for reserved seats. The hall ought to be crowded.

When Traveling, Why Not Travel in Comfort?
The Grand Trunk is the way—only double-track route to Niagara Falls, Buffalo, Philadelphia, New York, London, Detroit, Chicago and Montreal. The roadbed is constantly being improved by experienced travelers. The day coaches are up-to-date in every detail. The dining cars and parlor-library cars are models of excellence. The Pullman sleepers (electric lighted) insure a comfortable night's rest. Frequent and fast train service to all principal points. Full particulars, best reserved, at all stations. Phone Main 4202.

"CEETEE" Underwear is made specially for those who appreciate and can afford "quality" and taste in their clothing.
The process of manufacturing it is expensive from start to finish—on account of the great care necessary to attain the "CEETEE" standard of excellence. Every garment is shaped to fit the form during the process of knitting—the edges are all knitted together (not sewn). Each garment is so soft and clean that a baby could wear it without injury to its skin.

Made in all sizes and weights for Ladies, Gentlemen and Children.
SOLD BY THE BEST DEALERS WORN BY THE BEST PEOPLE
Manufactured by The C. TURNBULL CO. of Galt, Limited. GALT - ONTARIO

University College vs. Osgoode.
The close season for debates is over and the good work of the Intercollegiate Debating Union is in full swing. The third of the series is to be held in Convocation Hall, Osgoode, on Monday evening next, when two stalwarts will come down from Queen's Park to uphold the affirmative in "Resolved that the British Empire should be united under one federal parliament."

Noted Playwright Here.
Louis N. Parker, the well-known English playwright, who is the author of "The Lady of Coventry" now being played at the Princesses Theatre, is staying at the King Edward. Mr. Parker also wrote "Fondler's Walk," which was recently played in Toronto.

Not All Poets Will Go.
Not all of the 1600 Toronto Electric Light Company's poles will be taken down, it is thought, as some are used to carry wires for business and house lighting as well. The company has not yet found how many will have to stay up.

When the Cook Leaves
don't fret or scold—lay in a good supply of Shredded Wheat—the food that is ready-cooked, ready-to-serve—contains all the nutriment in the whole wheat grain, steam-cooked, shredded and baked a crisp, golden brown—a food that is good all the way through—tempting in its nutlike flavor—a delight to eat and to serve.
SHREDDED WHEAT BISCUIT
is without doubt the most perfectly balanced, most easily digested food ever given to man. It is not flavored or compounded with anything—not a "patent-medicine" food—not a "pre-digested" food—just plain, simple, wholesome, steam-cooked whole wheat, shredded and baked. It is better than mushy porridges because you have to chew it, thereby getting from it all its rich, body-building nutriment.
Try it for breakfast with milk or cream (hot milk in Winter). Being in biscuit form it is easy to prepare a nourishing meal with it in a few minutes in combination with fresh or stewed fruits. Always heat the biscuit in oven to restore crispness before serving. Two Biscuits with milk or cream and a little fruit make a complete nourishing meal. Your grocer sells it.
TRISCUIT is the Shredded Wheat wafer—a crisp, tasty, nourishing whole wheat Toast, delicious for any meal with butter, cheese or marmalade. Always toast it in the oven before serving.

THE HUMAN BODY IS AN ELECTRIC BATTERY

Startling New Discoveries Prove Beyond all Doubt That "Electricity" is Life.

Men of Science Demonstrate the Value of Electricity as a Cure for Disease.

Remarkable New Invention Meets With Great Success.

That the human body is electrical is no longer a mere theory among scientists and up-to-date physicians. It is generally conceded to be an absolute fact.

Professor Edgar L. Larkin, discussing the new physiology, writes as follows:

"A man, brain and body, is a battery, and nerves correspond to wires. It is now certain that transmission of sensation over them is electric. Nerves have been cut and a galvanometer inserted. The needle moved, proving that nerve power is electric. The human system is an electro-chemical battery and the life principle is electrical. The electric age is here. Drugs are hard hit on all sides, and an intelligent physician tells me he has almost entirely stopped their use. The word health now means a normal supply of electricity in the body and the word disease means an insufficiency of that power."

Dr. Albert J. Atkins, the eminent California scientist, is still at work proving the principle in what we call our electrical science is merely borrowed from the human body. We propel radios, trains and automobiles by means of electricity and think it wonderful, but the human dynamo has almost always known how to keep itself and with almost absolute safety in either walking or running, and now Dr. Atkins shows us that the million-ampere in his automobile and the horse on foot are alike carried forward by electricity.

"With a man's stomach as the only electric battery," Dr. Albert J. Atkins and Dr. J. Lewis recently charged an ordinary telephone apparatus so that it conveyed sound," says a San Francisco morning paper.

"It demonstrates that the human body is an electric battery."

The experiment consisted in the swallowing of two platinum electrodes, so that they touched the walls of the living stomach.

By means of copper wires the electrodes were connected with a telephone and a microphone, a sensitive instrument which greatly intensifies sound.

There was absolutely no mechanical or chemical battery in the circuit, yet the moment the electrodes were revealed sufficiently to touch the walls of the stomach, human electricity flowed over the wires, rendering audible sounds. The electric charge measured from seven to eight volts on a western galvanometer.

of the body, and is their life. So long as there is sufficient electric energy to satisfy the demands of nature, the vital organs perform their regular functions properly, but just as soon as the natural electric force is overtaxed in any way the organs become weak and inactive and sickness or disease is the result. Now, you can't cure the trouble until you restore the lost force. Nature must have more electricity or vitality, as it is termed by medical men, in the ailing part. You can not renew this force by dosing the stomach with poisonous drugs, which only help to drain away the vitality that you have. When every organ of the body has all the motive power—electricity—it needs, weakness and disease can not exist.

Now, the purpose of my invention, is to restore this electric force in a natural, scientific way. When the stomach is unable to supply the demands of the vital organs you must assist nature by filling your nerves with galvanic electricity.

My appliance is a generator of a powerful but soothing current of electricity, worn about the body while you sleep. It sends a subtle stream of electric life coursing through the nerves and vital for hours at a time. Its touch is gentle, without sting or burn. There is no shock. All you feel is a glowing warmth.

Electricity fills the nerve cells with new life. It drives out pain and aches, builds up vitality and strength and cures such troubles as lumbago, nervousness, rheumatism, insomnia, female complaints, varicose veins, weakness of any kind and all stomach, kidney, liver or bowel disorders.

"THE WORD HEALTH NOW MEANS A NORMAL SUPPLY OF ELECTRICITY IN THE BODY AND THE DISEASE MEANS AN INSUFFICIENCY OF THAT FORCE."—Professor Edgar L. Larkin.

Health Without Drugging

M. d'Aronval, a well known savant of the Physiological Institute, of Paris, in an address at the Institute, said that "electricity" would be the medicine of the future. He showed that it is excellent for certain maladies and described the difference between sudden shocks and the slow method by which it pervades the system without the patient's consciousness.

Electricity is Nature's Medicine

Professor Andrew MacConnell, president of the Society of Universal Science, in a recent essay, made this statement:

"The only difference between a well man and an invalid is that the invalid is not producing enough electric power to run the functions of his body and keep the vital organs up to the necessities of life."

"With some 200 scientific experiments from recognized scientists it has been conclusively proved, that

How the Nervous System Conveys Electricity to All Parts of the Body.

Prof. E. L. LARKIN

The Product of Experience

I have devoted years to the perfection of my appliance, and have supplied new features from time to time, so that my appliance is in a class by itself.

The current can be regulated to any degree of strength by the pressure of a finger upon the regulator arm.

Compared with mine, all other electric body appliances are products of the blacksmith's hammer.

It is not upon this point, however, that my success has been founded. My immense business is due to my knowledge of the effect of electricity upon the ailments to be treated and the best way to obtain that effect.

I study the case of every sufferer who comes to me and explain how the application of my appliance may be suited to the demands of each particular case. When you consider that electricity is life to the organs into which my appliance sends it, you can see how my appliance works. My success is due to the cures effected by my appliance. If it did not cure, my business would have died out long ago.

When I say that my appliance cures, I don't ask you to accept my word alone as evidence. I can refer you to people who got back their health through the use of my appliance, and they will tell you what it did for them.

Here Is Proof

Rheumatism quickly removed. Electricity dissolves the acid and strengthens the kidneys.

Rheumatism Cured—Never Felt So Well for 30 Years.

Cochrane, Ont.

Dear Sir—I cannot say too much for your Belt. I consider it completely cured me of Rheumatism and I never felt so well for the last thirty years. I would recommend it to any Railroad man suffering from weak back or kidney disease. I only wore my Belt for one month. Yours truly, William Honan.

A Remarkable Cure of Paralysis.

Bianche, Que.

Dear Sir—No doubt you have forgotten me, for I bought my Belt from you twelve years ago, and after wearing it for three months, was cured, and have been well ever since. When in July I took a stroke, losing the power in one arm and one leg. I have been under treatment with hot baths and have used an electric battery on my arm and leg, and although I could walk a little, still I had pain, so I thought I would try my old Belt, and to my great surprise, after wearing the Belt for one night, I had no more pain, and after using the Belt one week, I started buying and helped make fifty-two loads of hay, with only one man to help me. I have used the Belt every night, and have done a lot of work at harvesting since then. I know that my Belt gives me great strength, and I do not believe in using drugs.

Yours very truly, Charles Jacobson.

Cured of Catarrh of the Bladder at 70 Years of Age.

Granby, Que.

Dear Sir—Your Belt has done me more good than all the drugs I have taken. I would not have lived much longer if I had not got it when I did. I just received it in the nick of time. It did me good from the start to the present, and has, I believe, cured me of my ailments. It was a God-send to me.

Yours very truly, Isaac Seale.

Permanently Cured.

Lime Ridge, Que.

Dear Sir—I am glad to say that your Belt has made a permanent cure of my case. After using the Belt and following directions for three months I felt like a new man, and have not used it since. As it is now over eighteen months since I stopped using the Belt, and have had no return of my trouble. I find I am cured, and would not express the gratefulness I have towards you and what your Belt has done for me. Before using your Belt I weighed 150, and now I go to 170. I am recommending your Belt to all my friends. I remain, yours truly, Leon Rolfe.

Telephoning With Power Furnished by the Human Stomach.

Restoring the Buoyancy of Youth by Electric Treatment.

Drugs are poisons, and poison weak the nerves.

If you are weak, run down, nervous and unambitious; if you suffer frequent headaches, and have spells of despondency; if you are starving for new energy, it builds up strength and vitality in every weakened organ and drives out pains and aches.

If there was any nourishment in drugs, they might do some good, but you know there is not. Drugs are drugs, stimulants, narcotics, antidotes, poisons, not food. Electricity is nerve food—nerve life. It soaks into the nerves, and is taken up by them just as a sponge absorbs water. It nourishes and vitalizes the parts which drugs cannot reach.

Every dose of drugs that you put into your stomach weakens your nerves. Every time you kill a pain or an ache, by stupefying the nerves with poisonous drugs, you are hurting them and anyone can see that in time, by steady dosing, your nervous system will be completely broken down.

You know that rheumatism is caused by uric acid in the blood. There's only one thing on earth that can get at this uric acid and drive it out of your system—that's electricity. It soaks into every vein and tissue of the body and drives the poisonous matter through the circulation, back to the kidneys, which filter the blood of all impurities.

My electrical appliance has cured some of the worst cases of rheumatism after drugs and other methods have failed. When electricity goes into the body the rheumatism must go out.

No pain can exist in a body charged with electric life. You can have no rheumatism, no weakness, no inactive parts, because the life generated by this grand force gives health and strength to every organ.

Electricity the Basis of Human Vitality

Professor Jacques Loeb, after 10 years' research and study, states this statement:

"A part of the chemical energy of foodstuffs is transformed into electrical energy, which in turn gives energy to the muscles and organs of the body. Electricity, and not heat, is the life of the body. These discoveries are going to upset the theories of medicine as administered by the physicians of to-day, as is settled that electricity is the basis of human vitality."

The new cure is nothing more or less than the process of bombarding the congestion about the appendix with electric rays and a high-frequency current. The treatment causes the blood to return to the circulation system, the congestion disappears, and the appendix is able to resist the encroachments of old age.

"By electric stimulus the system is energized, the blood made to circulate equally, the digestion aided, the waste products eliminated, the capillary tissues are assisted and the normal working of the bodily functions restored."

Keeps Old Age at Bay

"Electricity will restore elasticity and buoyancy of youth," declares a famous New York physician, writing in the Medical Times.

"No matter how old a man may be, nor how young in years, whenever his arteries begin to harden, to resist the increased pressure of the blood, then he actually is old. Then the electric treatment must be applied, and after a few minutes nature takes up the work and carries it on, and the patient gets young again—or at least he is able to resist the encroachments of old age."

"By electric stimulus the system is energized, the blood made to circulate equally, the digestion aided, the waste products eliminated, the capillary tissues are assisted and the normal working of the bodily functions restored."

The Danger in Drugs

Many people believe that when a drug gives relief it is doing good. That's a big mistake. Drugs can only give temporary relief, and it is always at the expense of the nerves and vital organs.

If you have a pain or an ailment of any kind, you don't want to feel yourself into the belief that you are getting well when you are not. That's all you do when you dose yourself with drugs.

It is easy enough to stop a pain by stupefying the nerves with poisonous drugs, but the pain will return as soon as the stupor passes off. You can force a weak organ to act by giving it a powerful stimulant, but you can't restore its natural strength that way, and it will be weaker than ever when the drug stops working.

That is why temporary relief is dangerous. Drugs do not remove the cause of disease, and every minute that they give relief the disease is getting a firmer hold upon your system. As long as the cause remains the trouble stays there, and the only way to get rid of it is to assist nature. Nature wants strength, vitality, power to fight disease and drive it out, not poisons which only make it worse.

It is not the cause of disease, but the proper use of it will restore you to perfect health.

Disease always results when you break nature's laws. If you continually overwork the stomach, it will have stomach trouble. If you abuse and overtax the rest of your body, you will suffer for it afterward. Then the real cause of disease is due to the weakness or inactivity of some part of the body machinery. The reason any organ breaks down or fails to work properly is because it has not enough vitality to withstand the strain when it is overtaxed. This vitality is nothing more than electricity, the motive power of the human body. Now, to cure the disease, you must rest the vital organ, and give it the power that causes the trouble. When this is done the disease can not exist, for the cause is removed.

Electricity Will Supersede Drugs

I maintain that electricity is the power which runs the human body—the force that keeps the heart going, the blood circulating and the various organs performing their functions like so many machines. I claim that electricity works the miracle of digestion, and assimilates the food into blood, and into blood of bone, tissue and muscle, and supplies the brain with power to think.

I have read my theories confirmed by the world's most famous scientists and to-day the use of electricity as a restorative agent is spreading to every corner of the civilized world.

While others were speculating and arguing over the merits of electric treatment, I have been achieving results, and I can point with pride to men and women in all walks of life who have regained health and strength through the use of my Electric Body Battery.

Before I talk further regarding the use of my appliance, you must understand that the human body is an electric organism, deriving its motive power from the digestion of food in the stomach. This electric force, generated in the stomach, is taken up by the nerves and conveyed to the different organs

Electricity the Basis of Human Vitality

Professor Jacques Loeb, after 10 years' research and study, states this statement:

"A part of the chemical energy of foodstuffs is transformed into electrical energy, which in turn gives energy to the muscles and organs of the body. Electricity, and not heat, is the life of the body. These discoveries are going to upset the theories of medicine as administered by the physicians of to-day, as is settled that electricity is the basis of human vitality."

The new cure is nothing more or less than the process of bombarding the congestion about the appendix with electric rays and a high-frequency current. The treatment causes the blood to return to the circulation system, the congestion disappears, and the appendix is able to resist the encroachments of old age.

"By electric stimulus the system is energized, the blood made to circulate equally, the digestion aided, the waste products eliminated, the capillary tissues are assisted and the normal working of the bodily functions restored."

Men Made Young at Sixty

There is no excuse for men being old at 60, complaining about pains in the back, stiffness in the shoulders and legs, that "fired feeling," nervousness, indigestion, constipation and failure of vitality. Nature started you with a constitution that ought to have held good until you are 80, and you ought to feel like a man now, but you have overdone some things and wasted your vitality. You still have the constitution, but lack the force. That is electricity. My appliance will restore it.

Look at the men who have used Electricity and you will see men of force, men of power and confidence, men who respect themselves and are respected and admired by their fellow men.

Wouldn't you like to be the man you were a few years ago, to have the same ambitious spirit, the strength and vitality that you used to possess? Wouldn't you like to be free from pains and aches, and to feel that you are the equal in strength to any man of your age? You can be.

All that you lack is vitality—new life. You are like an engine without steam—you haven't the motive power to keep the machinery of your body working properly. Anything that will restore your "steam" will make a new man of you. Drugs have been tried and have failed. You know that my appliance will not fail; it is electricity, and "electricity is life." That is what you require, and the proper use of this grand appliance will give you health and happiness.

Woman Saved From Dangerous Operation

A large percentage of women's ailments are so perplexing that operations are often recommended by physicians. Such operations are not only dangerous, but they sometimes cause serious complications. Thousands of women are needlessly butchered, who could be cured by Electricity in the privacy of their own homes.

Electricity for Weak Nerves

A great many people suffer from ailments caused by weak, impoverished nerves, and try to cure these troubles by dosing their stomachs with drugs. It is impossible.

Why My Appliance Cures

A party asked the other day why it is that faradic batteries and static machines do not give such results as my electric body appliance.

That's because you can't stand the treatment for more than a few minutes at a time. A nervous person can't endure it that long on account of the shock. When a man tries that method and finds that it does not help him, he naturally concludes that electricity is no good.

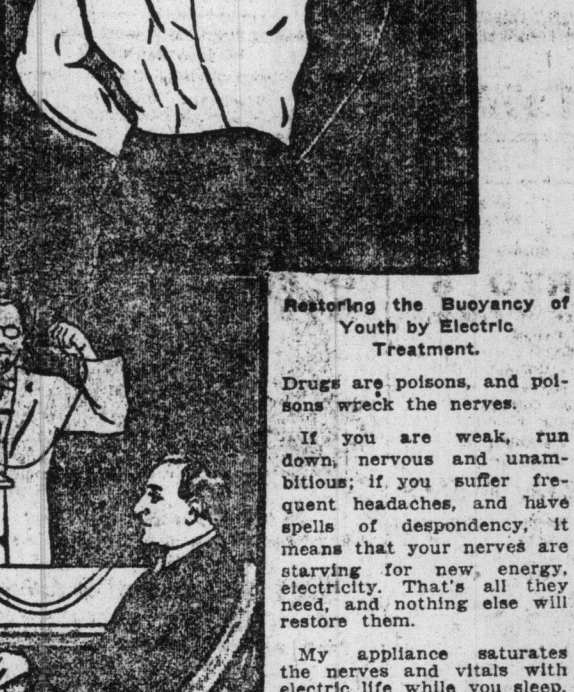

Now, my system is different. With my plan a current is sent into the body for six or eight hours every day or night, usually while the patient sleeps.

The delicate nerves are not jarred or shocked by this current, as it goes into them like a driving rain saturates a newly-plowed field. They absorb it, drink it in, and as it is their very life, they grow strong with it.

Poor digestion, inactive liver, constipation, sluggish heart, slow thinking, dormant energy and laziness are all due to lack of electricity. Understand that electricity is the motive power of the human machine, the power that keeps the organs active, and you will see what we mean. In such cases you will see how my appliance will put energy into the body. It renews the electric life of the nerves, and transforms the sluggish into a bundle of vigorous energy.

Because you have experimented with faradic batteries and statics, or taken electric treatment from physicians without being cured, is no reason why my methods should prove a failure. The doctor's battery can only be applied for a few minutes at a time, and that is not enough to effect a cure. Besides, that method is inconvenient and expensive. My appliance can be used all day or all night without interfering with your work or rest. It takes up none of your time.

Do you doubt it? If so, any man or woman who will give me reasonable security can have my Belt, with all the necessary attachments suitable for their case, and they can

Telephoning With Power Furnished by the Human Stomach.

Pay Me When Cured

There is a whole lot of prejudice against advertised remedies, due no doubt to the large number of quacks and schemers that have foisted worthless treatments on the public during the last few years. If it were not for this prejudice I would not be able to handle all the business that would come to me. The many false electric belts, so-called "vitalizers" advertised by charlatans have made many people skeptical; but I know that I have a good thing and will handle it anyway, and everybody knows it.

Any organ of the body, any part that lacks the necessary vitality to do its work as nature intended, can be restored by this electric treatment.

It gives strength; it makes the blood rich and warm; it vitalizes the nerves and puts vim into the brain and muscles; it just makes a good man out of a bad one in every way.

My appliance cures rheumatism in its worst forms. It cures pains and aches, weak nerves, general debility and any other trouble which can be cured by restoring the life force. You can use my appliance as successfully as if you could come here to my office.

Books Worth \$2.00 Free

To any man or woman who will mail me this coupon I will send free (closely sealed) my finely illustrated books regarding the cause and cure of disease. These books are written in plain language and explain many secrets you should know. One especially for men; another for women, 81 pages.

Don't spend another cent on doctors and their worthless medicines.

Electricity cures to stay cured. You should know don't wait another minute.

Cut out this coupon, right now, and mail it. I will send the book without delay, absolutely free.

DR. M. J. McLAUGHLIN, 237 Yonge St. Toronto, Canada.

Dear Sir,—Please forward me one of your Books, as advertised.

FOUND POISONED BODIES OF TWO OF THE VICTIMS

Coroner Disposed to Exhume at Least Three More—Mrs. Vermilya Has Heart Disease.

CHICAGO, Nov. 10.—Poison found in the viscera of two more of the ten persons who have died mysteriously beneath the roof of Mrs. Louise Vermilya, made more tangible to-day the suspicions and accusations made against the woman. At the county jail hospital, where she lies ill from attempts to take her own life, she was not informed of the new evidence the police will bring to bear in charging her with murder.

Toxicologist Walter L. Haines to-day communicated his report to the coroner's office. The finding was that arsenic was present in large quantities in the viscera of Frank Brinkamp, the latter being Mrs. Vermilya's son.

These bodies were exhumed from the place where they were found in the remains of the boy inducted into the investigation of the possibility of his having partaken of the "pepper box" poison. The coroner announced he would ask the state's attorney to require an indictment charging Mrs. Vermilya with having criminal knowledge of the deaths of Brinkamp and Smith.

Coroner Hoffman said he was disposed to "open still more graves of those whose deaths had occurred beneath Mrs. Vermilya's roof. There are at least three others whose deaths were, he said, recent enough for poison to be apparent, if they had so died. Whether they would go into those cases, he said, depended upon the advice of the state's attorney.

Mrs. Vermilya was near death during the day. She is suffering from valvular heart disease.

MR. STAIR INVITES COUNCIL

Claims of "The Big Review" as Toronto Show Brought Forward.

Among the city's many enterprises, of which the city as a whole is little aware, is the best business show on the western coast, put out by F. W. Stair, owner of the Star Theatre. This show has received flattering notices all over the circuit and is the most entertaining production in the wheel. Next week it opens in its home town in Temperance street, and House Manager Dan Giehrig, and Mayor Geary and the city fathers to see what Toronto has done in the way of bettering business. Yesterday the mayor received this letter:

Toronto, Nov. 9, 1911. To the Hon. Mayor and City Council of the City of Toronto, Gentlemen:—I herewith extend to you an invitation to attend a performance of my own show, "The Big Review," which plays in my theatre, next week. This is a production which has met with the approval of press and public in New York, Philadelphia, Boston and other cities, and I am quite certain it will be enjoyed by your august body.

If you will indicate to me the night you could attend, I will make arrangements for your accommodation. Hoping to hear favorably from you, I am, yours sincerely, F. W. Stair.

INVESTIGATION GOES ON

No Truth in Statement That Borden Government Has Intervened.

OTTAWA, Nov. 10.—(Special.)—The report sent out from Montreal and widely quoted in some Canadian and United States newspapers to the effect that the Borden government had held up the investigation of the alleged monopoly of the United Shoe Machinery Co. is officially denied tonight by the department of labor. The falsity of the statement is abundantly proven by correspondence on the part of the department. The fact is that Hon. T. W. Crothers, after a personal investigation into the matter and a hearing of the inquiry, instructed Judge Laurin, chairman of the board, to proceed at once with the investigation. The department is represented by counsel, and intends to prosecute the inquiry to a finish.

NAME SCHOOL AFTER DUKE

His Royal Highness Will Turn First Sod on Morley-Avenue.

Another letter received by the board of education yesterday from Major Stanley, aide-de-camp to Lieut.-Gov. Gibson, stated that the Duke of Connaught would visit a number of the schools of Toronto on Thursday, Nov. 30, from 10.30 to 12.30. Arrangements by the inspectors and the chairman of each of the committees of the board are being made for the visit. The Duke of Connaught is expected to be accompanied by his wife, the Duchess of Connaught, and a number of ladies. The Duke of Connaught is expected to be accompanied by his wife, the Duchess of Connaught, and a number of ladies. The Duke of Connaught is expected to be accompanied by his wife, the Duchess of Connaught, and a number of ladies.

Broke Game Laws

BEAUFORT, Nov. 10.—(Special.)—Heavy fines were levied in police court here to-day when Chester Tapley and John Stewart were found guilty of a breach of the game laws. Stewart was fined \$30 for having shot several skis in his possession and Tapley \$33 for killing muskrats. Both pleaded ignorance of the law.

TEACHERS NEEDED FOR NEW CITY SCHOOLS

Superintendent Bishop Wants \$600,000 Provided at Once—Present Buildings Crowded.

Six hundred thousand dollars is the interim appropriation which is asked for once by Building Superintendent Bishop of the Toronto schools, and in order to meet the increased attendance of pupils, another appropriation will be asked for at the first of the year of \$1,000,000 for the schools. In a report to the property committee yesterday the superintendent called attention to the large number of temporary classrooms now in use, some being located in basements and store buildings scattered over the length and breadth of the city.

New Buildings Available. The buildings provided in this year's estimates are already becoming available and will all be occupied by next Easter, with the exception of a pair of Manning-avenue and another smaller one, for which there has been no appropriation. The report warns the committee that if a delay next year is experienced in getting money from the city council, such as occurred this year, there will be a continuance of the unsatisfactory conditions—the overcrowded schools.

Labor Men's Complaint. A report containing the statements made by union representatives and contractors on school building work, in connection with the charges made by the unions of alleged violations of the eight-hour wage law, and failing to pay the wage scale, was read and referred to the solicitor of the board, as to the legality of the board stepping in to require the contractor and the laborer, by holding back part of the contractor's pay until the laborer has been paid the amount he was entitled to.

A request was made of the board by several Jews of the city for the loan of 25 double seats, to be used in a room of the Zionist institute for the purpose of Jewish children being taught Yiddish. The matter was referred to the superintendent of buildings.

Object to Medical Report. The medical health report, in which deputy inspector reported bad conditions in some of the schools, did not please some of the trustees, especially Trustees Brown and Leves. Trustee Nohbi thought it was the proper thing for them to report, otherwise what were they for? he asked. The committee instructed Supt. Bishop to prepare a place at once for the defective children.

Robert Abernethy was appointed caretaker, to take the place of Duncan Ritchie, resigned, at Strinley-st. school.

HUSBAND WAS ELUSIVE

But Thomas Henderson Now Promises to Provide for Wife.

The courts at Glasgow ordered Thomas Henderson to make a weekly remittance to his wife, which he did for a time. In August, 1910, this ceased, and for a time Mrs. Henderson was, figuratively, at sea. Finally she located Henderson in Canada, and she went there, but he was not there at the time, and when she arrived here she found that she had once more lost him. The other day she found him in Toronto, and she went to him, and he promised to work in Barrie, Thursday officer. He told the magistrate in police court yesterday that he had come to Canada to better himself and had done so to such an extent that he is now prepared to keep his wife and a week's remand to allow him to make good.

GIRLS' FRIENDLY SOCIETY.

The perfecting of a central organization fund for the purpose of spreading the work in Canada and various methods of so doing were discussed at the morning session of the Girls' Friendly Society at St. James' parish-house yesterday. Miss Kinsman of Wilmington, Delaware, sister of the bishop of that state, addressed the society, after which luncheon was served for members of the central council and out-of-town visitors. At the afternoon session officers for the ensuing year were elected as follows: President, Miss Borden, Toronto; vice-presidents—Eastern division, Mrs. Chitman, Montreal; middle west division, Mrs. Frith, Winnipeg; western division, Miss Depenier, British Columbia; middle west, Mrs. Lloyd, Edmonton. Secretary, Miss C. Robinson, Beverly House, Toronto.

FORESTRY AND LUMBERING.

The close relation of lumbering to forestry is shown by the fact that this winter the Canadian Lumbermen's Association will hold its annual meeting at the same time and place as the convention of the Canadian Forestry Association. The joint dates are Feb. 6, 7 and 8, 1912, and the place Ottawa. James Lawler, secretary of the Forestry Association, is in Toronto in connection with the gathering.

FARMS FOR SALE.

- \$30 PER ACRE: \$150 down, for 150 acres, choice sandy loam, in open kept well in grass and pasture, acre-killed bush, well watered, comfortable, veneered house, well built barn, also a stream, and a large tract of 20 cattle and six horses; frame silo; warm 1000 and henery; good drive shed; forty miles from Toronto. CORNWALL, Nov. 10. (Special) - The Missionary Institute which opened here on Wednesday was concluded to-night.

Best Plan for Recital.
The reserved seat plan for the vocal and piano recital to be given by Miss Muriel Goggin and Miss Mary Morley at the Conservatory Music Hall, Nov. 13, has been opened at Northcliffes.

WELLAND WATCH WELLAND CROW
is the slogan of the fastest growing manufacturing town in Canada. From 1700 people to 7000 in four years, from one factory to twenty-five in four years is its record.

News of the Railways

About 250 students left the Union Station yesterday morning on a special G.T.R. train for Belleville, where they will attend the Intercollegiate Missionary Conference of Ontario and Quebec.

The G.T.R. International Limited left Toronto in two sections yesterday because of the large number of people who are leaving to spend Christmas in the old country.

It was announced at the Canadian Northern offices yesterday that the Northern offices for their large new round house at Trenton are completed.

The plant at Trenton will comprise nearly five acres, and when completed will include a 15-stall round house, a boiler shop and a machine shop.

A freight train wreck about 40 miles west of Sudbury, on the main line of the C.P.R., delayed the Soo-Sudbury train three hours, and hence it did not arrive in Toronto till after 11 o'clock.

A freight service will be opened up by the Canadian Northern on their section between Carlton and Blor-Ruel, the C.N.O. station 15 miles west of Gowganda Junction, was named after the company's chief solicitor, Gerrard Ruel of this city.

In order to proceed with the work of building their new freight shed on the site now occupied by the government house the G.T.R. have given orders to all the residents on the south side of Clarence-square and on the north side of Wellington-street, from Clarence-square east to John-street, to vacate their premises so that a switch may be run to the site of the new proposed freight shed.

This will mean that about 150 houses will be pulled down, and as many of these houses are boarding houses, a large number of people will be forced to seek new quarters. Among other residences the old home of Sir Mortimer Clark will be pulled down.

LIVES \$25,000,000 FOR DIFFUSION OF KNOWLEDGE

Andrew Carnegie Hands Over to Corporate Body Work of Aiding Educational Institutions.

NEW YORK, Nov. 10. - Andrew Carnegie to-night announced that he had given \$25,000,000 to the Carnegie Corporation of New York, organized here to-day under a charter granted by the New York Legislature last June, "to promote the advancement and diffusion of knowledge and understanding among the people of the United States."

The incorporators met at Mr. Carnegie's house Friday afternoon, Nov. 10, 1911, accepted the charter, adopted the constitution and bylaws, and elected the following officers: President, Andrew Carnegie; vice-president, Elihu Root; treasurer, Robert A. Franks; secretary, James Bertram.

The annual commencement and distribution of prizes and certificates at Harbord Collegiate Institute was held yesterday before a large gathering of parents, pupils and friends.

The "Valedictorian" and "Alumnus Principals" 1911, was G. G. Galloway, four years' tuition at Toronto University and is known as the Prince of Wales prize.

Collingwood, Nov. 10. (Special) - Thomas Long of this town and Toronto, came here in 1853, when 15 years of age. He saw this town grow from a few houses to a thriving industrial centre, made so, much by his industry and energy and that of his late brother, John J. Long.

Northon Town Recalls What Thomas Long Has Done for the Party.

Collingwood, Nov. 10. (Special) - Thomas Long of this town and Toronto, came here in 1853, when 15 years of age. He saw this town grow from a few houses to a thriving industrial centre, made so, much by his industry and energy and that of his late brother, John J. Long.

Planning to Reclaim Mesopotamia. Mesopotamia, that somewhat inaccessible region, will, it is claimed, be brought within easy reach of the traveler when the reclamation projects now in hand shall have restored it to its former prosperity.

Optical Illusions Concerning Heavenly Bodies. The apparent enlargement of the sun and the full moon when near the horizon has been explained as an optical illusion, due probably to some consideration of distance in comparing the heavenly bodies with terrestrial objects in the same field of view.

LESIE HEIGHTS
THE beginning of construction of a car line on Gerrard Street East has created a great demand for Leslie Heights Lots. This property is a short distance north of the car lines soon to be on Gerrard and Danforth.

Porcupines Generally Easier, With Some Strong Spots Shown

Hollinger at Ten Dollar Mark Mining Market is Irregular

Spent the Strong Feature of a Rather Mixed Session—Swastika Makes Recovery—Cobalt Quietly Steady

World Office, Friday Evening, Nov. 10. Outside of a further slump in Hollinger, which carried the shares down to the ten-dollar mark, and another demonstration of strength in Vipond, there was little doing of interest in the local mining exchange today.

Trading was only fairly active volume, but was pretty evenly distributed throughout the list, many of the usually formerly apathetic issues coming in for more than the accustomed volume of dealings.

The market at the opening of the session was inclined to sag, and in the first portion of the day the selling movement carried prices lower in a number of instances. After the overnight orders had been filled, the list slipped into extreme dullness, and at the close showed numerous recessions in prices of the most active issues.

The continued weakness in Hollinger was set down again as due to a bear raid upon the stock, which was aided by a selling movement which came from tired holders, who threw away their shares on the way down to no material volume.

As the closing of the day drew near, the demand began to slacken, and the market was under pressure to indicate weakness. At the close the stock was sold at 10.00, with offerings held only two points higher.

Vipond was the redeeming feature of the whole list, a continuation of the strong buying demand of the last two days carried the shares up to 48, a gain of over a point from last night. The immediate factor controlling the advance was the announcement that the coming report on the property would reflect highly promising conditions, but the belief that the stock of late had more to do with increasing the buying movement.

The session closed with the top figures of the day.

Belated Realizing Met. Related realizing in some of the cheaper issues carried the market to a slight extent. Preston, Crown Chartered and Swastika all suffering from this influence. The latter issue recovered sharply in the late afternoon, and was selling up above 30 again, after changing hands at 27 early in the day.

There was nothing particularly doing in the Cobalt, and outside of a point rally in Timiskaming, which sold up to 23, prices were unchanged.

At the close of the day the market showed little change from that current at mid-week, the general idea being that the market would continue to trend toward higher levels.

REPORT ON VIPOND. The directors of the Porcupine Gold Mines Co., more usually called the Vipond, will issue a report on the property, prepared by Mr. C. H. Porter, engineer in charge, who has just returned from a visit to the mine. The report is said to be very favorable.

FREE GOLD IN LEVEL. Another free gold find has been reported from the northwest corner of Label Township, on some claims owned by A. Stillman, of Swastika. The new find consists of a group of three claims in the group and the free gold was found on one of these in an eight-foot vein that has been stripped about 300 feet.

BULLION SHIPMENTS. COBALT, Nov. 10.—Two bullion shipments have been sent out from the mines of the camp this week, the shipments being to the Cobalt and Crown Reserve. The townsite and shipment consisted of three bars sent out from Campbell & Devell's plant, and contained 970.41 ounces. The Crown Reserve shipments consisted of 17 bars containing 24,000 ounces and valued at \$11,510.

GOOD NEWS FROM POME Golden Starway Vein Demonstrated to Be 100 Feet Wide. SOUTH PORCUPINE, Nov. 10.—The Big Dome has made a discovery that surpasses anything that has yet been made in this camp. When the golden starway was first discovered, it was thought that it was a distinct vein a few feet wide and narrowing in the eastern extension of the Dome. On further development, the important fact was demonstrated that it was an enrichment in a vein fully one hundred feet wide.

To get down on what looked like the northern wall of this huge ore body, a shaft was sunk a hundred feet north of the golden starway. After going down a few feet of overburden, quartz was struck which for richness is paralleled only by the golden starway itself.

It is now proving beyond doubt that enormous enrichments exist both at the south and north in this body of ore, fully one hundred feet in width, and it is assumed that what has been proved will develop into values that will cause a great sensation.

Not having reached the northern limit of this ore body, a shaft being sunk another fifty feet further north. The whole field of ore is trending east with a slight dip to the north, and the Big Dome Extension, it is understood, is at the revelation of an ore body of such extent and richness came as a great surprise to the Dome management.

OPTION TAKEN ON GILLES LAKE MINES

Flynn's Porcupine May Get Control—Have Commenced Proving Up Property.

Porcupine, Nov. 8.—(From Our Man Up North.)—It is said that an option has been given on the control of the Gilles Lake Mines and already the Flynn's are operating drills in the ridge along the west bank of Gilles Lake.

The Gilles Lake Mines hold four claims at the west end of Gilles Lake, but no work has been done except that which was performed by Capt. Munn during the early days of Porcupine. The rock is exceedingly hard in places and as the rock cannot be seen it is difficult for engineers to line up the formation.

The present work is being done on the theory that the veins running east and west along the north side of the lake go thru under the lake bottom. A north and south vein is marked on the surface where it dips off to the west, and the Flynn's are operating drills in the ridge along the west bank of Gilles Lake.

The work now being done will show up the true conditions, as engineers who have thoroughly inspected the camp state that there are evidences of a changed condition in this section, with Gilles Lake as the dividing line.

A junction of veins, it is pointed out, is not an impossible thing under the lake bottom where the Hollinger lead and the Pearl Lake veins appear to strike, near the west end of the lake. The east and west veins, they contend, may pass thru the lake bottom only to remain obscured by the heavy drift on the Gilles Lake property.

Chas. Fox.

ROADBED IN GOOD SHAPE Porcupine Looks for Thru Trains Soon—Wants Temporary Service.

Porcupine, Nov. 8.—(From Our Man Up North.)—Thru trains, it is said, will be run into the camp in the near future. The roadbed is in good shape and the ballast spread to the Pearl Lake end.

At what is known as the Tidalade Lake, where the Dome branch cuts off to the south, while the main line runs to the west, a turn has been made by connecting the two lines. The main line in the form of a "Y" here the locomotives will be turned. The "Y" is nearly completed.

The roadbed is in good shape and the ballast spread to the Pearl Lake end. The main line in the form of a "Y" here the locomotives will be turned. The "Y" is nearly completed.

Chas. Fox.

WILL RELAY ROADBED. KINGSTON, Nov. 10.—(Special.)—In order to run the drilling and crushing plant, which processes stanniferous granite quarry, two miles from the city, the Grand Trunk Railway has asked the city to furnish the company with 750 horse-power.

The company has decided to relay its roadbed from Toronto to Montreal with granite replacing cinders, but retaining the old electric power, is here in regard to the matter.

NOT SELLING GOLD MINES President Estes Denies Report That Negotiations Are On.

MONTREAL, Nov. 10.—The president of the Gould Consolidated Mines takes exception to the rumor circulated by a certain brokerage firm of the producing mines to take over the Gould properties.

Mr. Estes states that the directors would not entertain such a proposal, and he was tentatively offered some money to buy out the Gould properties. The company, he says, has been fully financed for this year's work, and in view of the satisfactory results at the property, no attention was given to the idea.

SHORT MEASURE MILK. Complaints have reached the city medical health department to the effect that short measure milk is being sold in the city. It is said that cheap United States bottles which are not full measure are the cause.

If any steps are taken to deal with the matter, it will have to be by the inland revenue department, as the medical health department has not the power.

Charged With Theft of Beans. CHATHAM, Nov. 10.—(Special.)—Bruce McGuigan, charged with stealing twenty bushels of beans from the barn of Andrew McDonald of Harwich, came before Magistrate Stanworth this morning when he was remanded for a week to await the beans, which, at \$2 a bushel, were worth \$40. McGuigan drove up in the night and carted them off to the market.

McGuigan refused to plead when he came up this morning.

C. P. R. Traffic. MONTREAL, Nov. 10.—C. P. R. traffic for the week ending Nov. 7, 1911 was \$2,492,000. For the same week last year it was \$2,257,000.

WILL LOSE NO TIME IN GETTING DOWN TO WORK

Timiskaming Mining Co. Takes Hold of North Dome Next Week—Bart Wolfram in Charge.

Porcupine, Nov. 8.—(From Our Man Up North.)—The Timiskaming Mining Company, with Bart Wolfram in charge of the ground work, takes hold of the North Dome property the first of next week.

Mr. Wolfram was in charge as superintendent at the Pearl Lake Gold Mines during the time when surface work was in progress. On Aug. 2, the McLaughlin claims in Bristol and when that option was dropped, he returned to the Timiskaming Mines as the company's employe. He is considered a first-class mine man.

No announcement relative to the work to be undertaken at the North Dome by the new management has been made, but it is said unofficially that the swarms of small veins of the ridge of rock, where the old company sunk a shaft and did core drilling, are to be tested out with drills.

A small ridge of Keewatin and conglomerate with slate showings passes thru near the centre of the three claims on north-east and south-west strike, with the main five-foot vein running almost east and west thru this ridge. It is across the surface of the vein where the free gold showings came in sulphides.

Drilling to test out the values was done, but no public announcement has been made as to the results.

It was on this property that the lives of over 200 men, women and children were saved during the July camp fire. The deep swamp to the south slightly to the east across the Dome shaft is now a dry lake.

The Camp buildings sufficient to accommodate 40 men and an office force are now being erected here. The work is not to resume work shortly after the fire and that work has been continued steadily to the present time.

Chas. Fox.

SINKING BY HAND Imperial Plant Not Yet Placed—Down Below One Hundred Feet.

Porcupine, Nov. 8.—(From Our Man Up North.)—The main shaft at the Imperial is de-watered and sinking by hand started till the compressor is in operation.

The shaft is below the 100-foot depth, with two cross-cuts running north and south from the bottom of the shaft. The shaft is sinking in the south cross-cut while there is perhaps 15 feet to go in the north one before showings indicated on the surface are reached.

Two ridges cross the Imperial property. The formation is porphyry quartzite, and the shaft is sinking in the south cross-cut while there is perhaps 15 feet to go in the north one before showings indicated on the surface are reached.

LIQUID COUGH MIXTURES Can't Cure Bronchitis But the Healing Fumes of Catarrh-ozone, Which Are Breathed to the Furthest recesses of the Bronchial Tubes, Being Quick Relief and Sure Cure.

Every sufferer from coughs, colds, bronchitis and all throat and chest ailments needs a soothing, healing medicine which goes direct to the breathing organs in the chest and lungs attacks the trouble at the source, disperses the germs of disease, and cures the ailment thoroughly. And this medicine is "Catarrh-ozone."

The germ-killing balsamic vapor mixes with the breath, descends thru the throat, down the bronchial tubes, and finally reaches the deepest air cells in the lungs. All parts are soothed with rich, pure, medicinal essences, whereas the dry strip De affecting result would result thru numbing the stomach with drugs.

Who have been chronic sufferers from Catarrh in the nose and throat for over eight years, I think I have spent four hundred dollars trying to get relief. I have spent but six dollars on Catarrh-ozone, and, in fact, have been well for some time. Catarrh-ozone is the only medicine I have been able to find that would not only give temporary relief, but will give cure permanently. Yours sincerely (Signed), WILLIAM RAGAN, Brockville, Ont.

For absolute permanent cure use Catarrh-ozone. Two months' outfit for \$1.00, similar size, 50c, at all dealers. For the Catarrh-ozone Company, Buffalo, N. Y., and Kingston, Canada.

Scenic Views of Mattagami Heights and the Porcupine District

LOTS NOW ON SALE. Here is an opportunity to make an investment in a TOWN surrounded by the richest gold fields in existence to-day.

A TOWN supplied with an abundance of cheap electric power, which will ensure large manufacturing industries of all kinds, views of MATTAGAMI HEIGHTS and the PORCUPINE DISTRICT.

A TOWN which will be the natural centre of large lumber and timber industries.

Lots are sold on one of two plans: First—Spot cash, with 5 per cent discount from the list price, or Second—On the installment plan of one-tenth down at time of purchase, and the remainder in nine equal monthly payments.

A few hundred dollars invested now in MATTAGAMI HEIGHTS should be the basis of a fortune.

Market Shows Decided Strength But Trend Is More Uncertain

Values Rise and Fall Feverishly in Wall Street, But Shoot Up Sharply Late in Day—Toronto's Exchange Strong.

NEW YORK, Nov. 10.—Fluctuations of stocks were uncertain and at times feverish to-day, but the market again exhibited decided strength. At the opening the railroad stocks showed substantial gains. The market soon fell back, and some issues, including Canadian Pacific, Erie, Missouri Pacific and Wabash preferred, lost 1 to 3 points.

Prices rose and fell within comparatively narrow limits until late in the day, when buying expanded rapidly. Then they shot upward and at the close extensive buying was well distributed thru the list of more active stocks in some cases running up to 5 points.

Commissioner's Decree Stayed.

The railroad stocks, especially those of the western group, were the leaders of the market. Trading in these stocks was stimulated by the action of the new commerce court in staying the decree of the interstate commerce commission for a reduction of inter-company freight rates.

During the busy of the last hour the most conspicuous part was taken by Reading and Lehigh Valley, which were bought so eagerly that various reports of extra dividends were circulated. Lehigh Valley rose to 179 1/2, an advance of 5 1/2 points, and Reading gained 4 3/8. The advance of Reading was attributed in part to a gain of 27 points in Central Railroad of New Jersey, in which it has a large interest.

The industrials took little part in the early advance, but later in the day developed strength. The Copper shares were strong, with an advance of 2 1/2 in Amalgamated Copper. The demand for copper metal was reported to be satisfactory for both export and domestic consumption, although sales thus far in November have not been so large as the average for last month. The American Tobacco issues were much quieter.

Sharp Break in Wabashes.

For a time the market was unsettled by a sharp break in the Wabash securities. The decline was accompanied by reports of possible unfavorable developments which were apparently without substantial basis.

The U. S. Steel pursued an irregular course. At one time a point below yesterday's close, it rose later in the day to 1 1/2 points above. The increase of 80,000 tons in the Steel Corporation's output, announced on Sept. 30, an increase of 80,000 tons.

Alleges Copper Trust.

NEW YORK, Nov. 10.—Minority stockholders of Alice Gold Silver Mining Co. have brought suit in federal court at Helena against Amalgamated Copper Co., alleging conspiracy to control trade, and fix prices.

European Bourses.

BERLIN, Nov. 10.—Prices were firm on the bourse to-day. American shares closed higher.

PARIS, Nov. 10.—A heavy tone prevailed on the bourse to-day. Rio Tinto shares were firm expectations.

Money Movements.

NEW YORK, Nov. 10.—The known movements of money for the week ended with the close of business on Thursday. "Five days" indicated a loss in cash by the local banks of \$917,000. The banks gained from the interior \$3,350,000, but lost to the sub-treasury short week are only \$700,000 less than in the previous full week.

Grand Trunk Scrip.

At the meeting of the shareholders of the Grand Trunk Railway in London, Eng., recently, the chairman, Mr. A. W. Smithers, said in referring to registered certificates in exchange for scrip of the company, that the directors would be prepared to issue them on Jan. 1 next. The certificates would be on the Montreal register, and stamps could be payable on them before they could be negotiated in this country.

On the other hand it is just as true

UNITED STATES BANKERS.

MATT C. SMITH
Treasurer of the United States and Mexico Trust Company, New York.

STILL GOING UP.

The New York market fairly boiled over again yesterday, a continuation of the strenuous upward movement being in effect. The advance, was, of course, not carried out to the extent witnessed on Thursday, but nevertheless, further sharp gains were recorded. The day's transactions were enormous, running well over a million shares. Sentiment is favorably affected by the bulges which are being made, but the technical situation of the market is naturally weakened by the elimination of the short interest, which has been pretty well run to cover. The Steel statement of unfilled orders at the end of the month was favorable.

ON WALL-STREET.

Erickson Perkins & Co. had the following:

The stock market fairly boiled in the last hour, adding two or three points to yesterday's prices for a number of active issues. The market is going up rather too rapidly now, and we would not buy except on weak spots, but the rise is not over. We have been asked many times as to the cause of so violent a rise. It is impossible to over-estimate the importance of the commerce court decision enjoining the interstate-commerce commission from enforcing the order for a sharp reduction in freight rates. In the west until the case has been tried on its merits, this means a long postponement and the railroads have a good chance of winning. Courts are more conservative, as a rule, than commissions. Of the importance of the American Tobacco readjustment as an influence on other corporations, which will have to be readjusted, we need not say further. It will be a strong force for many months to come. We see no reason to be afraid of further gains even though they may come. We have discounted them.

Charles Head & Co. to R. R. Bondard.

The market this morning was again favorably affected by court decisions, this time the commerce court ruling against the interstate-commerce commission and sustaining the injunction temporarily preventing the reduction of rates on the western railroads. As a result St. Paul gained 2 1/2, Northern Pacific 1 3/8, Great Northern 1 1/4 in initial sales. In the final half hour prices touched a new high level, Lehigh Valley 179 1/2, Steel 143 1/2, and the market closed slightly off top.

WORKMAN WINS.

MONTREAL, Nov. 10.—In a judgment completely sustaining the suit of Dr. George C. Workman for wrongful dismissal from his position as a professor of Wesleyan Theological College, and for aggravated libel and breach of contract, the court today pronounced judgment against the board of governors of that institution, as well as the various committees before whom the case was originally argued. Mr. Justice Weir, this morning, according to the plaintiff, awarded damages for wrongful dismissal of \$200 for aggravated libel, making total damages of \$3700.

G. T. R. Traffic.

MONTREAL, Nov. 10.—(Special.)—Grand Trunk Railway system traffic earnings from Nov. 1 to 7, 1911, were \$266,818; for 1910, \$262,420; increase of \$4,398.

BIG NIGERIA LOAN

Firm Money Rates in London—American Securities Easier.

LONDON, Nov. 10.—Money was in better demand and discount rates hardened in sympathy to-day.

The appearance of the £5,000,000 Southern Nigeria loan and firmer money rates depressed Consols, and profit-taking caused losses in other sections. Mining shares were mostly lower, but copper stocks closed strong.

American securities opened quiet and steady and a fraction above parity. During the first hour the market became firm and active, and prices advanced from 1-1/4 to a point. Later realizing weakened prices and most of the early gains were lost. The market closed easy.

MONTREAL STOCK MARKET

Further Sharp Advances Shown in Eastern Exchanges.

MONTREAL, Nov. 10.—Montreal Power and Shawinigan were the strong features of the local stock market to-day and under active buying both had sharp advances. Montreal Power, which closed yesterday at 150 3/4 ex-dividend, advanced to a new high price at 184 ex-dividend, equivalent to 186, making off at the close 120 at the close yesterday, but it reacted to 122, closing stronger, 122 3/4 being bid and 123 asked.

Shawinigan, which was fairly active after selling at 128 1/2, eased off to 125 1/2, recovering to 128. Steel Corporation was more active and stronger, advancing to 240, with 240 asked at the close. Canadian Pacific sold at 241 1/2 to 242. Toronto Rails, after selling at 139 3/8, eased off to 138 3/4. Steel Company of Canada stock under a good demand was firm at 34 1/4 to 36. Montreal Street was easier, selling off to 225. Quebec Railway had a sharp advance in the late trading, selling up to 62.

CANADIAN FAILURES.

The number of failures in the Dominion during the past week, in provinces, as compared with those of previous weeks, and corresponding week of last year, are compiled by Dun's, as follows:

Date	Nov. 10	Nov. 9	Nov. 8	Nov. 7	Nov. 6	Nov. 5	Nov. 4	Nov. 3	Nov. 2	Nov. 1	Oct. 31	Oct. 30	Oct. 29	Oct. 28	Oct. 27	Oct. 26	Oct. 25	Oct. 24	Oct. 23	Oct. 22	Oct. 21	Oct. 20	Oct. 19	Oct. 18	Oct. 17	Oct. 16	Oct. 15	Oct. 14	Oct. 13	Oct. 12	Oct. 11	Oct. 10	Oct. 9	Oct. 8	Oct. 7	Oct. 6	Oct. 5	Oct. 4	Oct. 3	Oct. 2	Oct. 1	Sept. 30	Sept. 29	Sept. 28	Sept. 27	Sept. 26	Sept. 25	Sept. 24	Sept. 23	Sept. 22	Sept. 21	Sept. 20	Sept. 19	Sept. 18	Sept. 17	Sept. 16	Sept. 15	Sept. 14	Sept. 13	Sept. 12	Sept. 11	Sept. 10	Sept. 9	Sept. 8	Sept. 7	Sept. 6	Sept. 5	Sept. 4	Sept. 3	Sept. 2	Sept. 1	Aug. 31	Aug. 30	Aug. 29	Aug. 28	Aug. 27	Aug. 26	Aug. 25	Aug. 24	Aug. 23	Aug. 22	Aug. 21	Aug. 20	Aug. 19	Aug. 18	Aug. 17	Aug. 16	Aug. 15	Aug. 14	Aug. 13	Aug. 12	Aug. 11	Aug. 10	Aug. 9	Aug. 8	Aug. 7	Aug. 6	Aug. 5	Aug. 4	Aug. 3	Aug. 2	Aug. 1	July 31	July 30	July 29	July 28	July 27	July 26	July 25	July 24	July 23	July 22	July 21	July 20	July 19	July 18	July 17	July 16	July 15	July 14	July 13	July 12	July 11	July 10	July 9	July 8	July 7	July 6	July 5	July 4	July 3	July 2	July 1	June 30	June 29	June 28	June 27	June 26	June 25	June 24	June 23	June 22	June 21	June 20	June 19	June 18	June 17	June 16	June 15	June 14	June 13	June 12	June 11	June 10	June 9	June 8	June 7	June 6	June 5	June 4	June 3	June 2	June 1	May 31	May 30	May 29	May 28	May 27	May 26	May 25	May 24	May 23	May 22	May 21	May 20	May 19	May 18	May 17	May 16	May 15	May 14	May 13	May 12	May 11	May 10	May 9	May 8	May 7	May 6	May 5	May 4	May 3	May 2	May 1	April 30	April 29	April 28	April 27	April 26	April 25	April 24	April 23	April 22	April 21	April 20	April 19	April 18	April 17	April 16	April 15	April 14	April 13	April 12	April 11	April 10	April 9	April 8	April 7	April 6	April 5	April 4	April 3	April 2	April 1	March 31	March 30	March 29	March 28	March 27	March 26	March 25	March 24	March 23	March 22	March 21	March 20	March 19	March 18	March 17	March 16	March 15	March 14	March 13	March 12	March 11	March 10	March 9	March 8	March 7	March 6	March 5	March 4	March 3	March 2	March 1	February 28	February 27	February 26	February 25	February 24	February 23	February 22	February 21	February 20	February 19	February 18	February 17	February 16	February 15	February 14	February 13	February 12	February 11	February 10	February 9	February 8	February 7	February 6

SATURDAY MORNING

THE STOCK MARKETS

TORONTO STOCK MARKET

Table with columns for stock names, prices, and changes. Includes items like Bank of Montreal, Dominion Bank, etc.

WHEAT MARKET

Table showing wheat market data, including prices for various grades and origins.

HOG MARKET STEADY

GOOD CLEARANCE MADE. Four Thousand Two Hundred and Thirty More Hogs Than Same Week of 1910.

Receipts of live stock at the Union Yards were 2,300 hogs, consisting of 1,200 hogs and 1,100 pigs.

Commercial Reports

Wheat Market Has an Early Slump But Stampede of Shorts Follows

Chicago Exchange in Decided Nervous Condition Breaks Sharply, But Recovers Just as Rapidly—Corn and Oats Steady.

CHICAGO, Nov. 10.—Export clearances to-day almost equal to a million bushels, felled the wheat market after prices had suffered a break of 1-1/2 to 1-5/8.

After trading hours a report was current that a broker representing millers had unsuccessfully attempted to bid for regular receipts of 2,000,000 bushels of No. 2 red wheat in store here.

Corn improved on rebound. Corn, which at first was depressed, rebounded with wheat and because of a demand for improved.

Winnipeg inspection. Winnipeg receipts for 30-day period: No. 1 northern, 1,000,000 bushels; No. 2 northern, 1,000,000 bushels; No. 3 northern, 1,000,000 bushels.

Argentine shipments. Argentine weekly shipments, with comparisons, follow: This week, 1,000,000 bushels; last week, 1,000,000 bushels.

World's estimates. Broomhall estimates world's shipments exclusive of North America, at 1,000,000 bushels.

Chicago Markets. J. P. Bickell & Co. had the following: Wheat ruled nervous. Disappointing cables and lack of supporting orders.

SIMPSON

HERE ARE TO-DAY'S WINNERS! THESE \$11.75 OVERCOATS!

No matter what the weather is like when you get up this morning, come right down to the Simpson's Store and make sure of getting one of these \$22 Overcoats almost for half price.

You've never seen such a classy collection offered at a special price. Not one coat in the lot but would you credit at to-day's game. Whether it's a sporty ulster or a rich black melton you want, it is to be found in this remarkable collection and at this economical price.

They're made of English and Scotch coatings, thick, soft materials, with a lofty finish, that gives warmth without weight. New browns and greys, as well as some black meltons, in Chesterfield style. One of the most distinguished collections of coats ever offered at a special price. Men who saw them in the window yesterday will make a point of getting here at 8 a.m.

Worth as High as \$22 Regularly—TO-DAY \$11.75

A Fur-Lined Coat Like This \$33.75

Barely a dozen of them to offer at this price, so it's only the men who step lively that have a chance for these TO-DAY.

Black English beaver-cloth shells, lined with selected heavy furred muskrat skins, with shawl collar of dark Canadian otter. The coat that other fur stores sell for \$45.00 or \$50.00. TO-DAY 33.75

Boots For All Kinds of Kickers \$2.95

1700 pairs Men's Boots, Blucher, button and straight lace styles, being a special purchase from Montreal; the leathers are patent colt, velours calf, tan Russia calf, and vicj kid; some have dull matt calf uppers; some are leather lined; high, medium and low heels; all sizes 5 to 11. Regular values to \$4.50. TO-DAY, 8 o'clock 2.95
