- 16, Thursday—Business Meeting of Alumni, Commencement Exercises.
- 17, Friday—Baccalaureate Mass. End of Second Session.

Meeting of College Faculty, every first Thursday in each month, 7.15 P. M.

# ST. FRANCIS XAVIER'S COLLEGE.

## HISTORICAL SKETCH.

St. Francis Xavier's College was founded in 1854 by the Right Rev. Colin F. McKinnon, Bishop of Arichat, for the higher education of students aspiring to the priesthood and to the learned professions. In this respect it has more than fulfilled the hopes of the Right Reverend founder. Another and very important work done by the College is that of preparing young men for the teaching profession. It has, in fact, ever since its inception, and particularly in recent years, been the chief factor in supplying teachers for the Counties of Antigonish, Inverness, Richmond and Cape Breton. Of late its constituency has become much enlarged, a considerable portion of the students now in attendance being from Western Nova Scotia, New Brunswick and the United States. In 1866 the College received University powers by the following Act of the Legislature of Nova Scotia:

AN ACT TO ENABLE THE COLLEGE OF ST. FRANCIS XAVIER, AT  
ANTIGONISH, TO CONFER DEGREES.

(Passed the 7th day of May, A. D. 1866.)

*Be it enacted by the Governor, Council and Assembly, as follows:*

1. St. Francis Xavier's College, at Antigonish, shall be held and taken to be an University, with all and every the usual privileges of such an institution, and that the students in the said College shall have the liberty and privilege of taking the degrees of Bachelor, Master and Doctor in the several Arts and Faculties, at the appointed times, and shall have power, within themselves,

2. The corpo  
cession and a co  
donation, deed, d  
ever, real and per

of performing all the scholastic exercises necessary for the conferring of such degrees, as shall be directed by the statutes, rules and ordinances of the College.

In 1880 a new brick wing was erected by the Right Reverend John Cameron, D. D., the work on which was done under the direction of the Rev. John Chisholm, P. P., of Heatherton. The funds for the erection of this building were contributed chiefly by the Bishop and Clergy of this Diocese. His Lordship contributed over six thousand dollars; the Very Rev. Neil McLeod, V. G., \$990; the late Rev. John Quinan, \$250; the Rev. Ronald McDonald, P. P., of Pictou, now Right Reverend Bishop of Harbor Grace, \$200; the rest of the Clergy, \$2,224.14.

In 1881 the Provincial grant, which varied from eight to fifteen hundred dollars a year, was withdrawn, and His Lordship Bishop Cameron appealed to the people of the Diocese to form an endowment fund. For this purpose the sum of over twenty thousand dollars has been collected and invested.

In 1882 a Board of Governors was organized under the following Act:

AN ACT TO INCORPORATE THE GOVERNORS OF SAINT FRANCIS XAVIER'S COLLEGE.

(Passed the 10th day of March, 1882.)

*Be it enacted by the Governor, Council, and Assembly, as follows:*

1. The Right Reverend John Cameron, D. D., Bishop of Arichat, and his successors in office canonically appointed, together with the Rev. John Shaw, P.P., Rev. Neil McNeil, D.D., William Gerroir, Esq., J. P., and Colin F. McIsaac, Esq., Barrister, shall be a body politic and corporate by the name of the "Governors of St. Francis Xavier's College, Antigonish."

2. The corporation hereby created shall have perpetual succession and a common seal, and shall have power to take by donation, deed, devise, bequest, purchase, or otherwise howsoever, real and personal property, and to sell and convey the same.

3. The four last named members of the said Board of Governors, under the first section of this Act, shall continue to hold office until death, resignation, or permanent removal from the Province of Nova Scotia, but if any of them shall cease to be in communion with the Roman Catholic Church, he shall cease to be a member of the Corporation hereby created.

4. Any vacancy which may from time to time occur among the said Governors, shall be supplied by the election of a person in communion with the Roman Catholic Church by the remaining members of the Corporation, subject, however, to the notification and approval of the said Bishop of Arichat and to his successors. The term of office of the person so elected shall be the same as that mentioned in the third section of this Act.

5. The Corporation hereby created may from time to time make statutes, rules and ordinances, not inconsistent with the laws of this Province, for the management of the said College, and all matters appertaining thereto, and for the management of the funds and property entrusted to it, and may appoint the professors and teachers in the said College, and remove them from time to time, and regulate the salaries to be paid to them. The exercise of any of the powers mentioned in this section shall, however, be subject to the approval of the said Bishop of Arichat for the time being, and his successors.

6. The said College of St. Francis Xavier shall continue to be a University, with all and every the usual privileges of such institutions.

7. The Corporation hereby created shall have power to appoint a Treasurer, Secretary, and such other officers and servants as they may from time to time deem necessary for the purposes of the Corporation, and may hold real estate not exceeding fifty thousand dollars.

The permanent removal from the Province of the Right Rev. Neil McNeil, D.D., now Bishop of Nilopolis, made vacant, under section 3 of the above Act, the office of Governor held by him and rendered necessary the election of a successor. In the autumn of 1895 the remaining Governors chose the Very Rev. James M. Quinan, D. D., V. G., to fill the vacant Governorship.

Since 1882

from Cambridgep

Since 1882 the following amendments have been made to the Act incorporating the Board of Governors:

1. An amendment passed in 1887 striking out the word "Arichat" from the act and substituting therefor "Antigonish." This was made necessary by a change in the name of the Diocese.

2. An amendment passed in 1888 to enable the Governors to borrow sixteen thousand dollars for building purposes. In the same year the money was borrowed and the building completed in brick. With the brick wing erected in 1880 the building consists of a central part ninety by thirty-nine feet, with a tower ninety feet high projecting sixteen feet in front, and two wings, each thirty-eight feet wide, one of them eighty and the other eighty-three feet in length. The building is well plumbed and ventilated and is heated throughout with hot water.

3. An amendment in 1894 to legalize the election by the Alumni Association, recently established, of two additional Governors.

4. An amendment in 1896 to enable the College to borrow money for the further enlargement of its buildings.

5. An amendment in 1897 legalizing the holding of property by the Board of Governors to the value of two hundred thousand dollars.

In the spring of 1895 a new addition to the buildings was begun and was completed in the fall of that year. This addition was rendered necessary by the inadequacy of the kitchen accommodation. It consists of a wing running west about sixty feet from that built in 1888, and has a breadth of forty feet. It is two stories high with a mansard roof, and contains a well-furnished kitchen, a bakery, a large washing room, an ironing room, a drying room, and, on the upper storey, an infirmary thoroughly equipped and ventilated.

A contract has been entered into by the College with a firm from Cambridgeport, Mass., to put into the laundry an up-to-

date laundry plant. The work on this contract is now going on. Henceforth the washing and mending for students will be done in the College and by skilled hands. The boiler and engine required for the laundry will be utilized to run an electric dynamo to supply light to the College. They will also supply power for a dough mixer in the bakery.

The dwelling house for the Sisters of St. Martha, who have just taken charge of the domestic affairs of the College, is completed and is a handsome structure about forty-eight feet square, with a connection thirty-four by twenty-four joining it to the College kitchen. The heating for this building and the plumbing for it and for the College kitchen and infirmary were done by a Montreal firm. There are closets, baths fitted for hot and cold water, and other conveniences found in modern well-appointed establishments.

The good sisters of St. Martha have taken especial pains under the direction of the Sisters of Charity at Mount St. Vincent, Halifax, to fit themselves for the efficient discharge of the very important duties devolving upon domestics in educational institutions. A course of training extending over a period of more than two years, embracing every feature and detail of domestic work, and done under skilful direction, ought surely to be sufficient to prepare these virtuous religious to carry on the kitchen service of the College satisfactorily. The Superioress and Assistant Superioress of the Convent will, for some time at least, be Sisters of Charity of long experience in religion and in the management of domestic affairs. Thus it can be seen that nothing is left undone to ensure entire satisfaction in this department of College work.

The length of the College buildings from east to west is now three hundred feet. They are all of brick and cost, including furnishings, heating and plumbing, upwards of \$60,000.

The work of the first year of this course corresponds to a considerable extent with that done in the Eighth Grade of the school course of this Province. For those who do not intend to take up the course in Arts, Latin, Greek and French are optional.

The time-table is so arranged that young men of industry and ability can finish the work in three years, especially if they have done some study on the subjects it contains before entering the College. This is a concession to the clever hard worker, who is short of means. Students who can afford to take the full four years ought to do so. For degrees in Arts all the subjects enumerated above are compulsory. An advanced class in Christian Doctrine is taught on Thursday. There are also classes in *Elocution, Shorthand and a few other subjects not represented above.*

work of the first year of this course corresponds to a considerable extent with that done in the Eighth Grade of the school course of this Province. For those who do not intend to take up the course in Arts, Latin, Greek and French are optional.

## COURSE OF STUDIES.

The two preceding time tables give an idea of the work done in the College, and of the amount of time assigned to the subjects upon which instruction is given. In the less advanced or English course, Latin and Greek or French are not compulsory subjects except for those who continue their studies and take the degrees in Arts. These are by far the larger number. Incorporated with these courses is that prescribed for the High Schools of this Province, and the text-books used are as far as possible the same as those prescribed by the Council of Public Instruction of the Province for County Academies. This is a very great convenience to students who wish to qualify for Provincial Scholarships.

The following is a list of books used or consulted during the course. It also indicates the ground to be covered by those who purpose taking degrees in Arts. Where only a portion of an author's works is studied from year to year the part prescribed for 1897-8 is put in parenthesis.

- English — Grammar — For Junior Classes, the text-book prescribed by the Nova Scotia Council of Public Instruction; for advanced work, Mason's Grammar.
- “ Language and Composition — Dalglish, Elementary and Advanced; Lounsbury's English Language.
- “ Literature—History of—Meiklejohn, Stopford Brooke and the Manual by the Brothers of the Christian Schools.
- “ For Reading and Criticism — Irving (Sketch Book); Ruskin (Sesame and Lilies); Pope (Essay on Criticism); Shakespeare (Julius Cæsar and Hamlet); Addison (Selections from the Spectator); Tennyson (In Memoriam); Macaulay (Essays on Boswell's Life of Johnson and on Addison).
- Latin — Grammar as in Collar & Daniel, Harkness, Allen & Greenough.
- Composition — Arnold's, edited by Spenser.

Latin — Reading — *Historia Sacra*; Nepos (Hannibal); Caesar (Invasion of Britain, and Gallic War, Books II. and III.); Virgil, *Aeneid* (Books II. and VI.); Cicero (Pro Milone); Horace (Odes, Books II. and IV.); Salust (Conspiracy of Catiline); Livy (Book XXI.) and Tacitus (Histories, Book I.)

Prosody and Versification, as in Harkness or any equivalent.

Greek — Grammar — Goodwin's, or Hadley and Allen, and *Principia Graeca* (Smith).

“ Composition — *Principia Graeca* (Parts I. and III.), William Smith, D. C. L., London.

“ Reading — Xenophon's *Anabasis* (Book I.); *Helenica*, (Books I. and II.); Plato (The Apology of Crito); Homer's *Iliad* (Books I., II. and III.); Euripides (*Alcestis*.)

French — Grammar and Composition — Fasnacht's Progressive Course and Brachet.

Reading — Fasnacht's Progressive Reader; Souvestre (*Le Chevrier*); Saintine (*Picciola*); Corneille (*Le Cid*); Racine (*Esther*).

Arithmetic — Hamblin Smith.

Algebra — Hall and Knight's Elementary and Higher Algebras.

Geometry — Euclid, Hall and Steven's.

Trigonometry and P. Mathematics — Lock's Elementary Trigonometry.

Navigation — Norrie.

Astronomy — Young's Elements.

Physics — Balfour Stewart's Primer for Juniors, Gages' Introduction and Ganot for Seniors.

Chemistry — Williams' for Juniors, Storer's Agriculture; Storer & Lindsay's Elementary and Roscoe's for Seniors.

History and Geography — Texts prescribed by C. P. I. for Juniors; for Seniors, Swinton and Fredet.

Botany, Physiology, and Hygiene as in Texts prescribed by the  
C. P. I.

Philosophy — First Year — Logic, General Metaphysics and Cosmology; Zigliara, Clarke and Rikaby (Stonyhurst Series).

Second Year — Special Metaphysics completed, *i. e.*, Psychology and Natural Theology, Zigliara and Maher (Stonyhurst). Ethics: Zigliara, and Rikaby (Stonyhurst).

Christian Doctrine — Schouppe.

By arrangement with a business firm in town, most of these text books can be supplied at short notice by the College. Others are imported direct from the publishers for the benefit of students.

Special attention is given to English, the Classics, particularly Latin, and to Philosophy; nor are the Sciences, so-called, by any means neglected. The two professors in Philosophy are graduates of the Propaganda College, Rome, as are also the professors of the higher Classics. Elocution and some other subjects are very well taught by a graduate of the well-known Jesuit College, Boston, Mass., whilst the professor of Chemistry and Botany made his Science course at the Universities of McGill and Harvard. The studies in the English Course are especially adapted to the needs of young men wishing to prepare for commercial life.

There are three classes receiving instruction in Christian Doctrine. Once a week an hour is given to each class separately and on Sundays all assemble in the College chapel to hear a discourse from one of the Reverend Professors. To permit of greater freedom in the choice of studies and to avoid more easily conflicts between one lecture and another, it has been found expedient to have class work begin with 8.30 A. M. and close at 4 P. M., there being an intermission of an hour and a half at 12.30 P. M.; but unless in exceptional cases no one will be required to attend class more than five hours each day.

The year is 31st, and the each session the early in January the other will b tion. Upon the end of the year an average inations must b may be made in nor less than 30

Applicants f member of the character from a will be expected attended. Stud but those com besides being a therefore requeste the day set down

Application fo and twelve to th increased in num charge of its dom assume charge of vanced in their st

The year is divided into two sessions, the first ending January 31st, and the second with the close of the year. At the end of each session there will be a written examination. One will begin early in January and will be known as the Sessional Examination; the other will begin in June and will be the Terminal Examination. Upon the results of both these examinations promotion at the end of the year will depend. To secure a pass into the next year an average of 50 per cent. on the papers set at both examinations must be made. No less than 50 out of a possible 100 may be made in English, Latin, Christian Doctrine and Philosophy, nor less than 30 in any other branch.

### ADMISSION.

Applicants for admission not personally known to some member of the Faculty must bring a certificate of good moral character from a responsible person. Students from other colleges will be expected to bring testimonials from the institution last attended. Students are admitted at any time during the year, but those coming late are placed at a serious disadvantage, besides being a hindrance to the progress of others. Parents are therefore requested to send their sons in time to begin study on the day set down in the Calendar.

Application for the admission of boys as young as even eleven and twelve to the English Course have of late years greatly increased in number. The College, now that the Sisters have charge of its domestic affairs is in a peculiarly good position to assume charge of such boys, but they must be sufficiently advanced in their studies to enter the first year of the said Course.

## MATRICULATION.

To be admitted as an undergraduate in Arts a Matriculation Examination must be passed of which the following is a syllabus:

**LATIN:** Grammar, Morphology and Elementary Syntax, Composition as in Arnold's Latin Prose Composition to Ex. 30. Cæsar, Gallic War Book II., Cornelius Nepos, One Life (for 1897-8, Hannibal). Or any equivalent work.

**GREEK OR FRENCH:** Grammar and easy sentences, as in *Initia Græca* Part I., or *French Principia*, Part I. or equivalents.

**MATHEMATICS:** Arithmetic entire; Geometry, Books I., II. and III. and exercises at end of Books I. and II.; Algebra to the end of Simple Equations.

**ENGLISH:** Grammar, Parsing and Analysis of Sentences, Composition, Elementary and Advanced as in Dalglish. Short Essay and Critical Study of an Author announced from year to year (for 1897-8 Irving's Sketch Book).

**HISTORY:** British and Canadian.

**GEOGRAPHY:** Canadian and General.

**CHEMISTRY:** As in Williams.

**BOOK-KEEPING:** Single and Double Entry, Commercial forms, and problems.

**CHRISTIAN DOCTRINE:** (For Catholics) As in Schoupe. Part second or an equivalent.

The examination will be held in June of each year. A certificate of successful examination on a syllabus equivalent to the above will exempt from College Matriculation, provided the candidate made the marks on each subject required by the College standards. The standards for Matriculation are the same as those for a pass at the Terminal Examinations. See page 17. The standards for Undergraduates intending to take Degrees are higher, as is seen below.

Undergraduate course are entitled to an average of not less than 50 on the Terminal Examination of a possible 100. 50 on Christian Doctrine of the course. the Mathematics advantage of this course and Terminal Examination Subjects.

## DEGREES.

Undergraduates of good character, who complete the Arts course are entitled to the degree of B. A., provided they make an average of not less than 60 per cent. at the Sessional and Terminal Examinations of each year, and make no less than 60 out of a possible 100 in Latin, English and Philosophy, not less than 50 on Christian Doctrine, nor less than 40 on any other subject of the course. In the fourth year a choice is granted between the Mathematical and Scientific subjects, but those who take advantage of this option must make at the last preceding Sessional and Terminal Examinations at least 60 per cent. on the omitted Subjects.

A Bachelor of Arts of at least five years' standing, and of good reputation, who produces a thesis satisfactory to the Faculty on a literary, scientific, or philosophical subject, is entitled to the degree of M. A. Applications for degrees must not be made later each year than May 1st. Applications should be accompanied by the fee for the diploma. Should a candidate be unsuccessful at his examination his fee will be returned.

Vocal Culture, Instrumental Music, Elocution and Shorthand extra.	

All Students not qualifying the Academic Department for a participation in the Government Grant to County Academies are charged tuition. Outside boarders not chargeable with tuition for the Academic portion of their studies, will be charged at one-half the regular rate per month for tuition in the Collegiate subjects.

A persistent indulgence in tobacco chewing within College buildings may entail an extra weekly charge upon students so indulging.

Charges are payable at the beginning of each session, i. e., in September and February. The College will not undertake to provide for the current expenses of Students, unless a sum is placed for that purpose on deposit in advance with the Rector. The Rector, to supply the neglect of parents or guardians in this particular, may draw on them at sight in advance for a sum considered to be sufficient. Parents are recommended not to give pocket money to their sons. The College Bursar will supply what is necessary. The College will not hold itself responsible for moneys not deposited with the Rector or Bursar.

In preparing their outfit Students should not forget a good supply of Stockings (half a dozen pairs), of pocket handkerchiefs (a half dozen), and of towels (three). An overcoat, a pair of overshoes and two pairs of rubbers will be necessary during the fall, winter and spring months.

### DISCIPLINE.

The discipline of the College is so tempered, that whilst opportunity is afforded for the development of a sense of personal responsibility, no one is allowed to so abuse his opportunities as to waste his own time or to be an obstacle to the well being or progress of others. Habitual infringement of discipline, profanity, or immodesty of language, or the introduction and use of intoxicating liquors lead to expulsion. Damage done by Students to College property is chargeable to their account.

All reading to the Vice-Rector, are received, are sub- ceived, are sub- are forbidden Parents wishing cate directly wi

 on and use of  
 e by Students

All reading matter intended for students must be submitted to the Vice-Rector for approval. Letters, whether sent or received, are subject to the inspection of the Rector. Day scholars are forbidden to perform errands of any kind for boarders. Parents wishing to call home their sons are requested to communicate directly with the Rector.

Day scholars when late for class or after absence from class must bring a note of explanation from parents and present it to all their teachers from whose classes they absented themselves. Prefects will take the place of parents in the case of boarders. Punctuality in attendance upon classwork and lectures is made to have an important practical bearing upon a student's standing and upon his success at examinations. Monthly Confession and Communion is a rule of the College. On the First Sunday of October, Rosary Sunday, Students all take a pledge of total abstinence from intoxicating liquors for the whole scholastic year. The exceptional sobriety of the Students is probably due to this.

---

### THE LIBRARY.

The Library consists of over 2,900 volumes. Over fifty years ago a student named John Ryan, of Halifax, died in the Propaganda College, Rome. In his will he bequeathed his property to the Church in Nova Scotia, and after the division into two dioceses, that of Arichat received its share of Ryan's bequest, part of which was a large library purchased in Rome. The present College Library is in great part made up of the Ryan collection; but both Bishop McKinnon and Bishop Cameron contributed from their own libraries many valuable works. The late Rev. Alexander McLeod, of Arisaig; Rev. John V. McDonnell, St. Andrew's; Rev. John Quinan, of Main-a-Dieu, and Rev. John McDougall, Red Islands, also bequeathed their Libraries to the College.

With the formation of the Association of Alumni a new era has opened for this department of the College. Each alumnus promises to contribute yearly or induce somebody else to contribute something to the library or to the museum, or for the maintenance of the outdoor and indoor sports. The following is a list of works procured during this year with the sources from which they came:

- Dominion Government — Journals of the Senate of Canada, vol. xxx.  
 Sessional papers, vol. xxix., Nos. 2, 4, 6.  
 Drawings accompanying Sessional Papers No. 82.  
 Report of the effect of the Chicago Drainage Canal on the level of the Great Lakes.  
 Canadians in the imperial service.  
 Census of Canada, 1870-1, vols. 1, 2, 3, 4, 5.  
 Johnson's Graphic Statistics of Canada, 2 copies.  
 North-West Census, 1885.  
 Census of Manitoba 1885-6.  
 General Report of the Census of Canada, 1880-1.  
 Census of Canada, 1880-1, vols. 1, 2, 3.  
 Canada: Its history, productions and natural resources.  
 Professor J. G. MacGregor, Dalhousie College — On the relation of the physical properties of aqueous solutions to their state of ionization, 1 volume.  
 On the Calculation of the Conductivity of Electrolytes, 1 vol.  
 E. A. Hanrahan, Esq., Sydney, C. B. — Carlyle's History of Frederick the Great, 10 vols.  
 Senator MacDonald — Debates of the House of Commons for the summer session of 1896 and the session of 1897.  
 A. J. G. McEchen, Esq., Barrister, Sydney, C. B. — Shakespeare's Mind and Art, by Professor Dowden.  
 Lamb's Tales from Shakespeare.  
 Young's Poetical Works.  
 Colleges and Universities of Canada and the United States — Calendars and announcements.

## SOURCES OF REVENUE.

The revenue of the College is derived from an Endowment Fund, from tuition and from occasional donations. The Academic Department draws the usual grant according to the average attendance.

Were it not for the self-sacrifice of the Reverend Professors, who are content with a comparatively trifling salary besides their board, the revenue from the above sources would be insufficient to meet expenses. For the past two years the College has been engaged in extensive building operations rendered necessary by want of sufficient kitchen and infirmary accommodations and by the change in the kitchen management. All these additions are now completed; and will, when furnished, cost in the vicinity of \$25,000. The generous co-operation of friends of the College everywhere will be needed to liquidate the debt incurred in making these necessary and valuable improvements in the domestic department of the College.

The cash donations for the year were:

## FOR THE BUILDING FUND.

\$ 5.00 by Joseph A. Wall, Esq., Barrister, Antigonish.  
200.00 by a friend of the College.

## FOR THE LIBRARY.

\$10.00 by A. G. Hamilton, Esq., North Sydney.

## FOR MEDALS AND PRIZES.

\$13.00 by Dr. Huntley Macdonald, Antigonish.  
10.00 by Dr. C. W. McDonald, Roxbury, Mass.  
5.00 by Alex. Johnstone, Esq., M. P. P., Bridgeport, C. B.  
2.00 by Rev. Neil MacDonald, P. P., Red Islands, C. B.

Senator MacDonald gave his annual medal for the graduating class. Medals were also presented by Hon. Robert Ritchie, St. John, N. B., Prof. MacDonald, Normal School, Truro, A. J. G. McEchen, Esq., Sydney, C. B. and Father MacAdam and Prof. McIsaac of the College. Dr. MacDonald, Dr. D. A. Chisholm

and Professors McIsaac and Kiely of the College and A. J. G. McEchen, Esq., gave books for competition. Valuable books and medals were purchased for prizes with money offered for the purpose and with the proceeds of the bequest left by the late Rev. Dr. A. J. Chisholm. Two medals, a gold and a silver, were offered by the Governor-General. In all over fifty prizes were offered. The Senator MacDonald medal, the Ritchie medal, the MacEchen "Shakespeare" and "Scientific" medals,— there are five of them,— will be again offered for competition in 1898. The subjects for which they are offered are indicated at the end of the prize list. L. X. MacDonald, Esq., Barrister, Sydney, C. B., and Rev. Hugh P. McPherson have each contributed \$20.00 to the College prize fund for 1898.

The College has to thank those who with so much generosity contributed to the success of its work and assisted in making its closing exercises more interesting and impressive.

A piece of sub-marine Atlantic Cable by David Grant, Esq., late of Antigonish, a collection of minerals by Master George MacSweeney of the College, and a Louisburg Memorial by J. H. Hearn, Esq., Barrister, Sydney, C. B., were the contributions to the Museum for this year.

In 1886 the late Very Rev. Neil MacLeod, P. P., East Bay, C. B., gave to the Governors of the College \$4,000.00, the interest thereon to be used in perpetuum in educating young ecclesiastics for the Diocese of Antigonish. This was the first Bursary established in the College. The first priest educated on the proceeds of this Bursary was ordained four years ago. In December, 1892, A. G. Hamilton, Esq., Collector of Customs, North Sydney, placed at the disposal of the Governors of the College \$2,000 for a Bursary in memory of his son, Charles F. Hamilton, the proceeds being intended to educate deserving young men for the Priesthood. This Bursary will be known as the C. F. Hamilton Memorial Bursary Fund.

A partial Bursary was established in 1896 by Miss Catherine Fitzgerald, Linwood, Antigonish County, to assist in the education of young persons.

THE CLOSING EXERCISES.

These exercises took place this year on the 9th, 10th, and 11th of June. They included the usual contest in Elocution, the Graduation Exercises, and the Field Sports. These last were a new feature in the closing and proved a decided success. The Alumni held their annual meeting and partook of the dinner which is spread for them by some ladies of the town. Subjoined is the programme for the closing. That for the Alumni is given in the chapter on the Alumni Association.

Gold Medal donated by Hon. Senator McDonald,  
for the Highest Aggregate in the Graduating Class for  
Latin, Philosophy, Christian Doctrine,  
and any two of the following:  
Geometry, Algebra, Physics, Chemistry, and French,  
Awarded to Ronald Beaton.

Second prize, W. F. Carroll and H. D. Barry, *ex aequo*;  
Drawn by W. F. Carroll.

---

Governor General's Silver Medal,  
for best paper on Ethics,  
Equally merited by W. F. McKinnon and D. P. Floyd.  
Drawn By W. F. McKinnon.

Second prize, D. F. McDonnell.

---

Gold Medal, donated by A. J. G. McEchen, Sydney,  
for best essay on any one of three plays of Shakespere,  
Awarded to Ronald Beaton.

Second prize, McEchen silver medal, H. D. Barry.  
Third prize, E. S. Ritchie.

---

First Prize in English, fourth year,  
Ronald Beaton.

Second prize, H. D. Barry.

---

First prize in Christian Doctrine, fourth year,  
Equally merited by D. P. Floyd, H. D. Barry, and  
D. F. McDonnell.

Drawn by D. F. McDonnell.

Governor General's Bronze Medal,  
for best papers in  
Logic, Cosmology, and Metaphysics,  
Equally merited by  
J. B. McDonald, J. A. McKenna and C. J. Tompkins.  
Drawn by J. B. McDonald.

---

First prize, Christian Doctrine, third year,  
Awarded to A. W. Miller.

---

First prize for best series of five essays in English, third year,  
Awarded to J. B. McDonald.

---

Silver Medal for French, third year,  
Awarded to M. G. McNeil.

---

Silver Medal for highest aggregate in Mathematical  
Subjects of third year,  
Awarded to C. J. Tompkins.

Second prize, R. St. J. Macdonald.

---

Silver Medal for General History,  
Equally merited by A. W. Miller and R. Hawkes.

Valuable books donated by the College or purchased with money given for the purpose were offered as prizes where no medals were at hand. The names of contributors in this connection may be seen by reference to the section on the revenue of the College.

A. J. G. MacEchen, Esq., Barrister, Sydney, C. B., again offers his "Shakespeare" and "Science" medals. The former are a gold and a silver medal for the best historical, philological and critical essay on any one of two plays of Shakespeare, viz., for 1898, *Julius Caesar* and *Hamlet*. The latter are also a gold and a silver medal for the highest aggregate in fourth year (Arts course) Physics, Chemistry and Astronomy. The Shakespeare examination will be held in May, 1898. The points upon which the "Shakespeare" essays are to be written will be prepared by Mr. MacEchen himself, or some competent person not connected with the College, subject to the approval of our College professor of English Literature, and the papers are to be examined and marked by him. The questions put will be as searching as those for first B. A. in the examination in English Classics at the London University. The "Science" medals will be awarded upon the marks made at the regular final examination held in June. Competitors for these medals must have been *bona fide* students in some of the scientific classes in the College

sometime during the academic year. To win either of them the competitor must make upwards of 75 points in Chemistry out of a possible 100, and upwards of 50 on each of the other two subjects. Unless these conditions are complied with in every particular, the medal will not be awarded.

Mr. MacEchen also continues his medals for the encouragement of Botany, and Judge Ritchie, St. John, N. B., renews his offer of a silver medal for the highest aggregate in English, Latin and Philosophy, third year of Arts course. Besides these medals the sum of \$40.00 has already been contributed in cash by friends for the prize list of 1898. The College is exceedingly grateful for these contributions and would respectfully solicit further assistance in this way from its well-wishers.

Joseph A. Wall, Esq., Barrister, Antigonish, having done literary work satisfactory to the Faculty and fulfilled the other conditions required in the premises, was awarded the degree of Master of Arts. The Faculty would respectfully direct the attention of graduates to the stimulus to study after graduation afforded by the degree of M. A. Essays for this degree should give evidence of original research, should show a perfect ease in the use of the English tongue, and a scholarly clearness and force in the treatment of the subject selected. It would be well for candidates for M. A. to consult the Faculty on the choice of subject, before writing for the degree.

## HONORS COURSES.

A new and a very important step in advance has been taken this year in the establishment of Honor Courses. The purpose of these Courses is to encourage more advanced work in Higher Studies, whilst marking out the lines along which this work can be profitably done. There will ultimately, when the scheme is fully developed, be courses in English, in one foreign Modern Language, in the Classics, in Mathematics, the Sciences and Philosophy. It is proposed to begin this year with the Course in English, the Syllabus of which is given below. The establishment of the Honors Course is due to the initiative of some energetic members of the Alumni Association, who have not only gone to the trouble of drafting proper syllabuses in the various subjects, but have also already succeeded in collecting considerable money for prizes for English Honors in 1898. To supplement what has already been done in this particular line Messrs. John MacDougall, J. H. Hearn, L. X. MacDonald and A. J. G. MacEchen have kindly volunteered to act as collectors for Cape Breton. Good men from other parts of the Province are respectfully invited to assist in this laudable work. All contributions should be sent to the Secretary of the Alumni Association not later than May 1st, 1898. A list of contributors with the sums paid by each will be published in next year's calendar.

## EXAMINATIONS FOR HONORS IN THE DEPARTMENT OF ENGLISH LANGUAGE AND LITERATURE.

Hereafter any graduate of this College, or any student successfully pursuing the last year of his Arts Course, may apply not later than the first of January for a certificate of Honors in the department of English Language and Literature; but in the case of an undergraduate applicant no certificate shall be awarded unless he succeeds in taking a degree in Arts at the close of the Academic year. Such certificate shall be awarded to eligible

ST.

 " English Pa

candidates who shall pass a satisfactory examination for such Honors to be held in May of each year. Five papers may be set at each examination, but it shall only be necessary for a candidate to write on three of these. The subjects of the five papers shall be as follows:

- (a) Anglo-Saxon and Early and Middle English.
- (b) Science of Language, and the History and Structure of the English Language.
- (c) History of Great Britain, Canada and the United States.
- (d) English Poetry and English Drama.
- (e) Rhetoric and English Prose.

N. B. — All candidates are expected to have studied Low's English Language, Jenkin's English Literature, and Hill's Rhetoric, or their equivalents, and English Poetry as in Hale's Longer English Poems.

To be successful in 1898 and 1899 a candidate need only take two of the subjects above named, of which (e) or (d) shall be one. After 1899 a candidate must take three subjects of which (e) or (d) shall be one.

In (a) the candidate must have such knowledge of the Anglo-Saxon grammar and literature, and of Early and Middle English as can be acquired by a careful study of the following:

Notabilia of Anglo-Saxon Grammar, by A. J. Wyatt, M. A.

Sweet's Anglo-Saxon Primer.

Sweet's Anglo-Saxon Reader, 7th edition, or Bright's Anglo-Saxon Reader.

Beowulf (Harrison & Sharpe's edition).

Skeate: Minor Poems of Chaucer. Clarendon Press.

Chaucer's Tales (Critical study of Chaucer's Parlement of Foules will be required).

Spenser's Faery Queen.

In (b) a candidate must have studied the subject with the greatest care. A thorough study of the following works, or their equivalents, will be the preparation required:

Trench: Study of Words.

“ English Past and Present.

Angus: Hand Book of the English Tongue (or Latham's Hand Book of the English Tongue).

Low (W. H.): The English Language, its history and structure, and any one of the following works:

Whitney's Life and Growth of Language.

Peile's Philology, or Max Muller's Lectures on the Science of Language.

In (c) a general knowledge of the important events in the history of England, Ireland and Scotland will be required, and also a detailed knowledge of the history of the Norman Period, or of the Reigns of Henry VII. and Henry VIII., such as can be obtained from a careful study of these times, as in Lingard's History of England (unabridged); and also a detailed knowledge of later British History as contained in Justin McCarthy's "History of Our Own Times," or an equivalent. No other text book is at present prescribed, but it may be stated that for general knowledge of British History Burke's Abridgement of Lingard's History and the text-books on British History prescribed for use in the Province of Nova Scotia indicate the kind of work required.

Candidates will be expected to know thoroughly all important events in Canadian History, and to be familiar with the various steps in the colonization of the different Provinces.

Dr. Bourinot's History of Canada and Professor Roberts' work on the same subject, or some equivalent, must be carefully studied. An acquaintance with the Canadian Constitution and Houston's and Pope's Confederation Documents will also be required.

A general knowledge of the history of the United States (but not a detailed knowledge) from the Declaration of Independence will be required; and also an acquaintance with the Constitution of the United States.

In (d) a general knowledge of the lives, times, and most important works of Spenser, Shakespeare, Milton, Dryden, Pope, Scott, Wordsworth, Longfellow and Tennyson will be required.

The following works must be carefully read:

Hale's Longer English Poems for the use of schools; Spenser's

St.  
Faery Queen  
Hamlet, Macb  
Caesar, Coriol  
Errors, Much A  
Night; Morris

(a thorough critic

Faery Queen (Books 1 and 2); Shakespeare's *Henry Vth*, *Hamlet*, *Macbeth*, *The Tempest*, *Merchant of Venice*, *Julius Cæsar*, *Coriolanus*, *Midsummer Night's Dream*, *Comedy of Errors*, *Much Ado About Nothing*, *As You Like It*, and *Twelfth Night*; Morris's *Historical Outlines of English Accidence*; Dowden's *Mind and Art of Shakespeare*; Coleridge's *Notes or Essays on Shakespeare*; Milton's *Paradise Lost* and *Paradise Regained*; Dryden's *Hind and Panther*, and *Absalom and Achitophel*; Scott's *Lay of the Last Minstrel*, *Lady of the Lake*, and *Lord of the Isles*; Wordsworth's *Excursion*; Longfellow's *Evangeline*, and *Hiawatha*; Tennyson's *Princess*, and *Idylls of the King*.

Of the above a thorough critical study will be required of the following (that is to say for the examinations of 1898 and 1899):

Hale's *Longer English Poems* (the whole work); Shakespeare's *Hamlet*, *Julius Cæsar*, *Coriolanus*, *Much Ado About Nothing*; Milton's *Paradise Lost* (Books 1 and 3), and *Paradise Regained* (first 600 lines); Pope's *Essay on Man*; Dryden's *Hind and Panther*; Scott's *Lady of the Lake*; Longfellow's *Evangeline*; Tennyson's *Princess*, and *Morte d'Arthur*; Morris' *Historical Outlines of English Accidence*; Dowden's *Mind and Art of Shakespeare*; Coleridge's *Discussion of any two of the prescribed plays of Shakespeare* (for 1898 and 1899, Coleridge on *Hamlet* only).

In (e) the following indicates the scope of the examination:

Bacon's *Essays*, and particularly Bacon's *Advancement of Learning*; Sir Thomas Brown's *Religio Medici*; Sir Thomas More's *Utopia*; Addison's *Essays* (particularly the *Sir Roger de Coverley Papers from the Spectator*); Johnson's *Lives of Addison*, *Pope*, *Dryden*, and *Milton*; Edmund Burke's *Reflections on the French Revolution*, or *Edmund Burke's Sublime and Beautiful*; Scott's *Waverley*, and *Guy Mannering* (or *Boswell's Life of Johnson*); John Henry Newman's *Characteristics*, by W. S. Lilly; John Henry Newman's *Apologia Pro Vita Sua*, or *Idea of a University*, *Essay on Cicero*, *Reformation of the 11th Century* (a thorough critical study of the two *Essays* last mentioned will

be required); Macaulay's Essay on Milton, Essay on Johnson, Essay on Warren Hastings (a thorough critical study of these Essays will be required); John Ruskin's Sesame and Lilies, or Queen of the Air; Jenkin's Hand Book of English Literature; Lounsbury's or Saintsbury's English Literature; Rhetoric as in Hill's Rhetoric (or Genung's, or Bain's); Azarias' Philosophy of Literature.

From time to time changes may be made in the Honors Syllabus above outlined, but notice of such changes will usually be given two years before they take effect. It is intended to provide prizes for candidates obtaining English Honors, but for the present year the particulars of these prizes are not announced in the Calendar. The first prize for 1898 will probably be \$50.00 in cash.

Wherever there are options in the Honors Curriculum, a candidate shall in his application (to be made on or before January 1st next preceding the examination) state the subjects and works on which he elects to be examined. To obtain the Honors Certificate and prize 60 points out of a possible 100 must be made on all the papers set. A candidate who passes well on one paper but fails to obtain Honors may at the next English Honors Examination take the subject in which he has failed; and if he makes 75 points thereon out of a possible 100, he will be entitled to the Honors Certificate. The work of candidates for English Honors will be valued either wholly or in part by outside professors or other competent persons not connected with the College. The examiners will in all cases be instructed to allow something for excellence of style and scholarly use of the English language by the candidate.

## Alumni Association.

The fifth annual meeting of the Alumni Association was held as usual in connection with the closing exercises of the College. The President of the Association, Senator McDonald, of Glace Bay, C. B., being unavoidably absent, A. J. G. MacEchen of the Executive Committee took the chair.

After voting the usual supplement to the salary of the Professor of Elocution and Music, the following officers were elected for next year.

President,	— Judge McIsaac.
First Vice-President,	— W. F. McPhie.
Second Vice-President,	— J. McDougall.
Secretary-Treasurer.	— Jos. A. Wall.
Auditors,	— E. L. Girroir and Thomas Somers.

Executive Committee—The President, Vice-Presidents, Secretary and Rev. James Quinan, P.P., and A. J. G. MacEchen, Esq., Sydney; Alex. Johnstone, Esq., M. P. P., Bridgeport; Dr. Hugh Cameron, Mabou; J. L. McKinnon, Esq., Halifax; Inspector McNeil, River Bourgeois.

Alumni Governors—A. G. Hamilton, Esq., North Sydney, and Prof. A. G. McDonald, Truro.

The following persons were then admitted to membership in the Association:

- Rev. D. Chisholm, Rector of St. Ninian's.
- J. J. Power, Esq., barrister, Pictou.
- L. X. McDonald, Esq., barrister, Sydney.
- Jos. McDonald, Esq., barrister, North Sydney.
- A. D. Chisholm, Esq., Antigonish.
- John S. Thompson, Esq., M. D., U. S. A. Navy.

After these routine matters were disposed of, the report of the committee appointed last year to find out the best

means to enlarge the usefulness of the College and extend its influence was read by the chairman of the committee. The report was lengthy and exhaustive, and was followed by some very useful discussion. It was ordered to be printed at the expense of the association and circulated among the Alumni and other friends of the College. With the report it was resolved to print statistics giving information on points raised during the discussion. To gather these statistics and to obtain every other available information the College Extension Committee was re-appointed for this year. The members of the committee are the same as last year, viz. :

Right Rev. N. McNeil, D. D., Bishop of Nilopolis; Very Rev. James M. Quinan, D. D., V. G., Arichat, C. B.; Revs. A. MacDonald, D.D., D. A. Chisholm, D. D., A. Thompson, D.D., College, Antigonish; Senator MacDonald, Glace Bay; Prof. A. G. MacDonald, Truro; Charles V. de Bury, Esq., St. John, N. B.; Alex. MacNeil, Esq., Halifax, N. S.

It is expected that the report will be ready for the press by the first of September.

Subjoined herewith is the programme for the evening of June 10th :

**WEDNESDAY EVENING, 7.15 O'CLOCK.**

**Alumni Banquet.**

**POST-PRANDIAL EXERCISES.**

**TOAST-MASTER — HON. A. MACGILLIVRAY, M. P. P.**

**TOASTS.**
