TABRIZ IS THE CENTRE OF A SEETHING REVOLUTION

With the Exception of One Quarter the Town is Entirely in the Hands of Revolutionists-Royalists are Murdered Wherever Found.

London, July 20.—A late dispatch to the Times from Tabriz, dated July 19, says: "The town is now entirely in the hands of the revolutionists with the exception of one quarter. The withdrawal of Ramin Khan's horsemen from the occupation of the town is headed as the failure of the Shah's endeavor to assert royalist supremacy, the royal infantry regiment sent from Teheran to assist in the restoration of order, and the departure of the Ramin Khan's chief executive officer was done to death yesterday in the public streets. The leaders of the people assembled Saturday in the mosque and determined to attack the Majlis and Royalist quarters and drive out the clerical influence by force, but the Russian consul intervened and promised to tele-

STRANGE MURDER DEVELOPES IN NEW JERSEY

Bullet Wounds Found in Body of Woman Who Was Supposed to Have Been Killed by a Railway Train.

New York, N. Y., July 19.—A strange murder case developed today when officials of Hackensack, N. J., examined the body of Mrs. Otelia Eberhard, which was found early today lying on the tracks of the New York, Susquehanna & Western R. R. near Colburn, N. J. A dissection of the body in two. Otelia Eberhard, a daughter of the dead woman, was wounded three times by bullets and dragged herself a mile to an isolated farmhouse. The police are hunting for August Eberhard, a nephew of the murdered woman, believing that he may know something of the crime. Mrs. Eberhard and her daughter arrived from Vienna last Thursday on the invitation of August Eberhard. The understanding that August was to marry her. Yesterday, Mrs. Eberhard says she and her mother were invited by August to go to Rochelle Park, New Jersey, and that they wandered around there until evening. At the Colburn coal pockets, the girl was shot. She was hit in the chest and heard a revolver shot, followed by a series of shots. She started to run and fell. That was the end of her. She was hit in the head and her feet were turned back. Then she saw her mother fall. She had been struck three times by bullets, none of which, however, caused serious wounds. She saw her mother fall, she says, when the first shot was fired. Recovering consciousness, she crawled to a barnhouse, whose inmates bound up her wounds and escorted her into Hackensack today. By that time the coroner was working on her mother's case. The wounded girl was taken to the police station where her story threw light on several phases of the affair. Miss Eberhard says her mother had \$2,200 in United States currency and \$300 in German notes which they left for their excursion. The \$2,200 was missing when the body was found. The German money was untouched. The police say that Eberhard, too, may have been murdered, and his body disposed of. Meanwhile, however, they are making every effort to locate him if he is alive.

HIS GRIEF DROVE HIM TO SUICIDE

Wealthy New York Manufacturer Committed Suicide Through Grief Over His Wife's Death.

New York, July 20.—Herman Unger, 70 years old, a member of the firm of Unger Bros., manufacturers of Newark, N. J., committed suicide yesterday, by shooting himself with a revolver, on the shore of the Raritan river, near his home, one mile from Bound Brook, N. J. Grief over the death of his wife was assigned by his relatives as the reason for the deed. Mrs. Unger died six months ago. Since her death her husband has been despondent. He left his home yesterday afternoon after a two months' trip on the banks of the Raritan river. He was shot by a neighbor who heard a shot, followed Mr. Unger and found him lying near the river. He had killed himself by placing the muzzle of a revolver in his mouth and pulling the trigger. Mrs. Unger died six months ago. Since her death her husband has been despondent. THE RAIN WAS NEEDED

Rain in the West is of Inestimable Value to the Growing Grain Crops.

Winnipeg, July 18.—Fifteen million dollars is the estimate W. B. Langman of the C. P. R., puts on the value of the rain falling throughout the west and north. He bases this on a five bushel acre increase all the way round, or a total addition of 25,000,000 bushels of wheat, on a basis of 5,000,000 bushels seeded to wheat and at 50 cents per bushel. Reports from all sections tell the same story of genuine steady precipitation, admirably calculated to mature grain under the best conditions. Farmers are rejoicing.

A LIBERAL ELECTED

Pembroke By-Election Went In Favor of British Government.

London, July 18.—The by-election in Pembroke County resulted in the election of the Liberal candidate. The vote was as follows: Walter F. Roch (Lib.), 8,466; L. Williams (Unionist), 8,286. The result of the general election of 1906 was as follows: Mr. Phillips (Radical), 5,889; Mr. L. Williams (Unionist), 5,266. Radical majority, 5,289. Mr. Williams made tariff reform and opposition to the Licensing Bill the chief points in the programme, while the Radical candidate placed Disestablishment and the Education Bill in the forefront.

TURKISH SOLDIERS ARE IN OPEN REVOLT

Constantinople, July 20.—It is rumored that 7,000 Turkish soldiers in Monastir district are in open revolt and that 32,000 troops have been ordered to the scene of the outbreak. It is also reported that a number of officers now awaiting court martial on the charge of assisting the "Young Turkey" agitation are immediately liberated, all the generals in Macedonia will be killed, and the army will then march to Constantinople and demand the re-establishment of the constitution.

MONTEAL STOCKS

Montreal, July 20 (Special).—Stocks were strong to-day. Canadian Pacific and Soo were buoyant. Pacific touched 100 and Soo 116 1/4. The balance of the list was firm, with transactions recorded in Mackay, 65 1/4; Dominion Steel, 15 3/4; Pfd., 41; Power, 94 3/4; Lake of Woods Milling, 88; Detroit, 38; Twin City, 90 1/2.

EVERY DAY CLUB

An important business meeting of the Every Day Club will be held at the hall, this evening at 8.30. The club is to have another series of evening sports on its grounds on Thursday evening, July 23rd, and the Seaside Park sports take place on August 1st. About ten days later a garden party will be held on the grounds, and on August 22nd there will be an afternoon of sports.

"Don't forget the Gregory dinner tonight, dear," Mrs. Walton called after her husband, as he stepped into the runabout. "No," he answered, absent-mindedly, inspecting the new check rein. "I may be late—Ashton, the president of our company, is to be in town today." "Oh, dear! Do get rid of him some- how, for the Gregorys are no punctilious. Do my best. Good-by."

Fashion Hint for Times Readers

EXPERIENCED SURF BATHERS WEAR MOHAIR SUITS. Mohair, either striped, checked or plain suits. This is chiefly because this well-known, is a much-favored material for bathing suits. It is soft, pliable, and does not cling unpleasantly to the figure. The princess bathing suit, with its panels extending straight from throat to hem, is exceedingly popular in English mo hair, but scarcely more so than are the one-piece frocks which are made up in all the fashionable colors, sometimes trimmed with contrasting shades of the same material, with satin piping, with braid or with small or large buttons. Bathing caps usually match the frock in material and are of French peasant shape or are elasticated, three-cornered trimmings. John J. McBratney

A telegram received by Mrs. Mary Coker, of Brunsell street, yesterday brought news of the death of John J. McBratney and it will be learned with regret by many friends in St. John. Mr. McBratney was for years a popular official with the International S. S. Company operating the steamer service between St. John and Boston. He was also for a time in business in Prince William street, where he conducted a restaurant. Later he was port steward for the Merchants' and Miners' Transportation Company. He also conducted a business in Baltimore until failing health caused him to retire. Mr. McBratney had been ill for three years. His home was in Baltimore but he had removed to Esopus where his health would benefit by the change.

BOAT RACING AT NICKEL

If it makes the blood ting to watch wonderful speed events people will be amply repaid in visiting the Nickel today, for the chief prize number on its programme is the Motor Boat Races at Monaco, France, in May, 1906, the most wonderful exhibition of aquatic speed ever held. All the details of the racing meet are shown in the picture—arrival of boats on flat cars, weighing, launching and racing—and lovers of water sports will be delighted with the views. A second picture will show the famous French "nacelles," a freak type of motor-boat that attains railway speed like an automobile. Besides these extremely interesting views, there will be three distinctly new Pathé productions—"The Spectre," "The Hallucinations" and "The Spectre."

Marvelous Saturday's Rush At the UNION

LOOKS FOR RETURN OF PROSPERITY THE BUSINESS OUTLOOK IS BRIGHTER IN CANADA

(Montreal Witness). The general business outlook from the Atlantic to the Pacific is steadily growing brighter. Orders for merchandise on a more extended scale are coming in to the wholesale houses, while the latter are buying more extensively from the manufacturers. During the past week the Canadian Pacific and the Grand Trunk Railway companies, encouraged by the prospects of a big fall and winter traffic, have engaged thousands more of men in their respective shops and for general railway work, while many other industrial concerns throughout the country are adding daily to their staffs, made necessary by the increase in business in all avenues of trade. The tide of immigration continues to pour in to the Western country, while the older newcomers are enjoying their share of the new money, who are said to have considerable money and to be a most desirable class of settlers. Estimated dividends this month in Canada will reach millions, and from the distribution of this large amount of money business in general is certain to benefit.

FLY PAPER FOR TREES.

(Toronto News). Dr. W. F. Evans, 230 Arden street, is a horticulturist of no mean pretensions. He has lately perfected a device to protect his shade trees from the ravages of the unwelcome insect visitors. This tree protector is none other than sheets of fly paper tied around the trees about ten feet above the ground. "How does the idea work, doctor?" he was asked. "Very satisfactorily," he replied. "They can't cross that tangletop."

House Passes Senate Bill Prohibiting Shipment

And in Future Dealers Can Sell no Liquor in "Dry" Places—Mr. Foster Riles Sir Frederick Borden Over Ross Rifle—Other Matters Discussed.

Ottawa, July 19.—The business of the last session of the tenth parliament was practically brought to a close tonight. The main proposition will take place at noon on Monday.

At the morning sitting a bill was passed authorizing the national battlefields commission to acquire immediate possession of certain portions of the Plains of Abraham and Ste. Foye. Sir Wilfrid Laurier explained that owing to the advance in price of land in the area intended to be purchased, the commissioners had asked to be placed in a position to conclude the purchase of certain lands upon which they had obtained options.

Colonel Sam Hughes wanted the Ross rifle factory to be taken over. The bill from the senate relating to the water carriage of goods was called on Monday, Mr. Fielding but upon protest by the opposition against such an important measure being brought in so late in the session the bill was left over.

The bill amending the Scott act so as to prohibit liquor from being taken into counties which are under the act from counties in which it may be legally sold, was passed.

Mr. Foster drew attention to the memorial of the Manufacturers' Association requesting relief from the woollen industry and asked what reply had been sent by the government.

Sir Wilfrid Laurier said he had sent a reply as follows:—"Ottawa, July 16. 'Canadian Manufacturers' Association, Toronto."

"The government regrets that it is unable to present information they are unable to present with the proposals respecting increased duties on woollen goods in the country with the climate of Canada, the cost of woollen clothing becomes a question of very great importance and the proposal to increase the tax on what is called a necessity of life naturally arouses much opposition among the consumers and their representatives.

The government has on more than one occasion given evidence of their appreciation of the importance of the woollen interests and their desire to give reasonable encouragement to it. They hope that to some extent the difficulties the manufacturers are meeting do not due to tariff conditions but to a depression in trade which they believe is but temporary. This view is supported by the fact that in the neighboring republic where a very high wool tariff is in operation, there has been trade depression. The government with regard to the people of all sections of the country, feel that this is not the moment at which they should adopt a policy of increased taxation, especially on articles of a necessary character. The complaints that have been made by the woollen trade as to the increase of the cost of raw materials dealt with in the few hours of this session that remain are matters which the manufacturers that are fully appreciative of the industry and that if we cannot do this we wish to be assured it is because we are obliged to consider the wishes of all classes throughout the country."

"WILFRID LAURIER." At this afternoon's sitting after some important matters had been disposed of, Mr. Foster arose and made his criticism of the militia department.

There were several sharp exchanges between the executive minister and the minister of militia. Sir Frederick Borden at times grew very angry and frequently interrupted his critics. Mr. Foster dealt especially with the contract entered into by the minister of militia with the Ross Rifle Company for bayonets, aggregating \$200,000. He pointed out that at the outset the minister gave the company 19 acres of land in Quebec as a site for one day's work, before he received a single rifle had paid out to the company more than \$300,000, said Sir Foster, the cost of assembling the company also with its capital. Now while under the contract for bayonets, which was entered into without the knowledge of parliament, the government paid \$3.25 per bayonet, the cost of a bayonet in the United States was \$1.45 and \$3 in Great Britain.

Sir Frederick Borden wanted to know if the hon. member got his information. "Let the minister ask his own officers," retorted Mr. Foster.

"The hon. member has been getting around among my officers, has he?" asked Sir Frederick loudly.

"Are they your officers?" was the reply. "More than they are yours," snapped the minister. "They are being sent," if suppose the hon. member has been among my officers as he did in the marine department with the late accountant."

As this Mr. Foster wanted to declare the inscription was untrue and demanded its retraction.

"It won't be retracted," returned Sir Frederick, but a minute later, upon an intimation of the deputy-speaker, he accepted Mr. Foster's denial and the latter proceeded.

"The minister has referred to them as his officers," remarked Mr. Foster in the course of his further remarks, rubbing in the incident of the relation.

"Well," interrupted the war minister, "they are in my occupation at present."

"Unfortunately," observed Mr. Foster, "That's only your opinion," was the rejoinder.

Sir Frederick Borden, in the course of his reply, said that without seeking the sanction of parliament, Mr. Foster himself, in 1896, bought bayonets in England for \$2.71 each, and if the present duty were added to that it would bring the price up to \$4.46. Today the war office was paying \$3.11 1/2, and the contract was awarded to the lowest tenderer.

ST. JOHN SOLDIER THROWN FROM TRAIN

Sergt. Tilley P. Urquhart Killed While en route to Quebec

Sergt. Edward Murray Painfully Injured at Same Time—Both Men Belonged to 62nd Regiment—Urquhart Died in Moncton Hospital.

Moncton, July 19.—While the military special with the Sixty-second Regiment of St. John was running about forty miles an hour one mile east of Harcourt at 1 o'clock this morning Sergeant Tilley P. Urquhart, of D Company, St. John and Sergeant Edward Murray, of A Company, St. John, accidentally fell from the train, Urquhart being seriously injured that he died in Moncton Hospital at 10 o'clock this evening. Sergeant Edward Murray also received injuries but will recover. The train was in charge of Sergeant Wilson Marshall, but none of the train hands witnessed the accident. Sergeant Murray, who regained consciousness shortly after the accident, gives the following account of it:

"As the train was nearing Harcourt, Sergeant Urquhart left his own car and got into another car, Sergeant Murray was trying to get Urquhart to return to his own car and as they reached the platform passing from one car to the other the train lurched throwing both Urquhart and Murray from the car.

Urquhart, it seems, pitched out on his head, while Murray clutched the railing and saved himself from a similar fall. The latter alighted on his feet but was thrown heavily by the ground, receiving a bad cut on the head. When he partially recovered he found Urquhart lying near him insensible. Urquhart had struck his forehead on a pile of stones and as later discovered, fractured his skull.

Several of the soldiers witnessed the affair and reported to Conductor Marshall, who immediately stopped the train, ran back and picked up the injured men. Dr. Mackay, surgeon of the regiment, did everything possible for Urquhart, but it was impossible to revive him. Both soldiers were carried to Newcastle and then placed on Boyle's eastbound special and brought to Moncton, arriving here between 6 and 7 this morning. Both injured men were sent to the City Hospital and were attended by Dr. L. C. Harris.

Sergeant Urquhart was found to have a badly fractured skull and although everything possible was done for him he never regained consciousness.

Sergeant Murray is suffering from a deep cut two inches long over the left eye but his injuries are not serious. He will be in the hospital for a few days, being very sore from the severe shaking up.

Sergeant Urquhart was between 30 and 35 years of age and belonged to St. John where his wife lives. Five men from the stretcher corps came to Moncton with the injured men. The men were Corporal Thompson, private Thomas Stone, Harry Quinn, Patrick Walsh and Cove. They leave on the Ocean Limited tomorrow to rejoin their regiment at Quebec.

Tonight Coroner Harris issued papers for an inquest which will be held tomorrow morning. The evidence of Sergeant Murray will be taken and the adjournment will probably be made until the regiment returns from Quebec to get the evidence of eye witnesses of the accident. Colonel McLaren, P. M. O., Local District No. 8, is expected here tomorrow to hold a military court of inquiry.

Sergt. Tilley P. Urquhart was about twenty-five years of age and leaves a wife and two children. He resided at 17 Brindley street, and was employed at Valois Iron Foundry, Capt. F. H. Elliott, of D Company, of which the deceased was a member, speaks well of the young man as soldier and industrious, and a conscientious and painstaking non-commissioned officer of the regiment.

Word of the accident was received by Chief of Police Clark yesterday morning, and he set about finding the injured man's relatives. They were located at Quebec, where they were waiting for the train to leave on a day of suspense to give way only by the most terrible news of the young man's death. This was brought by Mr. White, D.O.C., early in the evening. The young wife was prostrated with grief, though many sympathizing friends gathered to console with her.

Sergt. Urquhart is also survived by his mother, Mrs. W. G. Reicker, who is aged three years and sixteen months.

Sergt. Edward Murray, who was also injured, is a married man, whose home is at 290 Sydney street. He is employed in the Pender Nail Works.

Many inquiries were made at the Daily Telegraph office last night for definite word, as to the reports of the sad occurrence.

BRYAN AND TAFT WILL BOTH REFUSE MONEY FROM CORPORATIONS

Fairview, Lincoln, July 19.—The statement of W. H. Taft, at Hot Springs, Va., yesterday, that the Republican National Committee would not accept any contributions from corporations in his campaign, was viewed here with more than ordinary interest. Mr. Bryan gave it his especial attention. In fact, so impressed was he with the announcement that he broke his usual silence and dictated the following statement: "We welcome him to this advanced ground and we go further and announce that all individual contributions above a reasonable minimum will be made known before the election."

SEARCH FOR WORK EXHAUSTED HIM

Painful Story of Daniel Myers, Aged Richibucto Man.

He Was Found by Police on the Steps of Broad Street House After he Had Tramped the Streets All Night—He is Now in the Hospital.

Worn out, weak and ill, Daniel Myers, aged sixty-six years, who had come here from Richibucto seeking work, fell exhausted in the doorway of a house in Broad street, early Saturday morning, and was cared for by Police Sergt. Campbell, who responded to a call for the police to look after the poor old man.

He was too weak to talk much and said that after wandering around the streets all night he did not know where he had fallen exhausted and by asleep where he was found. He had spent some nights at the Salvation Army travellers' home. When some suggested brandy as a stimulant the old man said no, but if he could have a hot cup of tea he would like it.

Sergt. Campbell had him brought to the centre police station, where he was given tea and something to eat. He was then taken to the hospital, where he is now lying. Dr. James Christie was called and after examination, ordered him taken to the hospital, where he now is.

It was said at the hospital last evening that he had responded well to treatment given him, and was "no longer" in danger. He was worn out and weak. He told the doctor there the same story as told to the police, that he "came here to seek work and was worn out walking about. All the money he had was forty cents.

REV. MR. KELLY AT EVERY DAY CLUB

Excellent Address on Character Building Delivered Last Evening.

Out of the temptations that come to him in life a man may build a jeweled character that will shine forever. This was the keynote of a brilliant address by Rev. E. W. Kelly at the Every Day Club last evening. He pointed out that men are surrounded on every side by temptations, which even seek to make the exercise of a virtue merge into sin. Thus the generous man might become a prodigal, the modest man might become ostentatious, which was not his own, while the man who was rightly economical might in time become penurious and mean.

People lived to overcome temptation, and in the process they gained strength and sweeten of character. Mr. Kelly emphasized the importance of being associated with worthy causes, and working for the good of others, since it was in idle moments people were most assailed by temptations, which were so numerous and so strong, and if yielded to were so blasting in their effects. It was as true today as of old, he said, that greater is he that rules his own spirit than he that takes a city.

The speaker returned in a striking manner the results of a life of yielding to temptation, especially those leading to drink, or gambling or unchasteness. Successful residents developed manhood, and the world needed strong men.

Several hymns were sung and Miss McMaster sang a solo. The hall was filled, and the speaker commented on the fact that the summer exodus did not seem to effect the attendance at these Sunday evening temperance meetings.

SATURDAY'S RUSH AT THE UNION ENORMOUS

The Union Clothing Co., Charlotte street, certainly had the clothing buyers Saturday, and well they might as never has there been a cut price clearance sale in the clothing and furnishing line as this one. It was so true. This week will draw large crowds to their store as extra bargains are offered for the week and they are such that are not to be missed. 7:30-11.

MR. COHOE DEALS WITH GRAFT EVIL

Stirring Address by Pastor of Brussels Street Church

He Scores Business Men Who Invest in the Fortunes of a Political Party With the Expectation of a Handsome Profit When Chance Comes.

Preaching in Brussels street Baptist church last evening on Canadian Missions, Rev. A. B. Cohoe, pastor of the church, made interesting reference to public life and the of heart-cry of graft. He said that the ideas of the Canadian had changed in the last fifteen or twenty years; whereas, he formerly felt himself to be doomed to comparative poverty by reason of his citizenship in the country not too well favored, at the present time the discovery of the great natural resources of the dominion convinced the Canadian that he possessed opportunities for acquiring wealth beyond to be in the world; and this fact, said the preacher, constituted the great national advantage, and also the great national temptation because there was a tendency to place the acquisition of wealth in the wrong place.

There were, he said, various illustrations of this in the national life and one was the fact that the great vote in the political discussions of the land was that of graft. The speaker intimated that the fact of this "degrading" such a supreme place indicated not only the existence of graft, but in the popular mind that there were few other subjects which occupied a more important place.

Rev. Mr. Cohoe said he did not want to be accused of saying that the men who represented them in the various legislative assemblies of the dominion were men who were in politics for the profit they could make out of it, for the supposition of politicians would scarcely justify that conclusion, but one indication of the extent to which the political parties were being used for the profit of individual citizens was the fact that business men, certain business men at least, considered an investment in the fortunes of a political party to be an investment almost certain eventually to pay a handsome dividend.

The fact that "chance" was the case, he said, was simply one manifestation of a danger of possessing the whole land and that constituted a need for persistent presentation of the moral and spiritual ideals of the Christian religion.

CARDINAL GIBBONS DEPLORES AMERICAN POLITICAL CONDITIONS

New York, July 19.—Political conditions were discussed by Cardinal Gibbons, of Baltimore, before he sailed today for here with other Catholic dignitaries on the Pilgrimage to Rome.

"I am much concerned over the political conditions of this country," said the cardinal. "There seems to be such a gradual trend toward unchristianity in the great mass of our people that thinking men must realize that the problem must be met without delay. There is no morality without religion, and without religion there is no God—no politics—today men are corrupt, not religious, and without religion they will not vote either way they choose. Men are nominated and elected to office and the cardinal said:

"No matter who is elected I do not fear for my country's welfare, I have perfect confidence. It is the duty that confronts the next President."

"Jeweler—You say the inscription you had engraved on the inside of the ring is to be 'Marcellus to Rome'?" Young Man (somewhat embarrassed)—Yes, that's right. But—don't cut the 'Rome' very deep—Harpur's Weekly.

"If you do not take care of your money," said the Ait to the Grasshopper, "the world will simply sneer, and ask what you did with it. Yes; and if I invest it and become rich, the world will sneer and ask me where I got it."

AUTO STRUCK BY TRAIN; SIX KILLED

Fatal Accident at Pennsylvania Railway Crossing

Machine Was Waiting on Track For Freight Train to Pass When Express Train Gave Sixty Miles an Hour Struck it With Fatal Result.

Columbia City, Ind., July 18.—Charles Sherman King, his wife, two daughters, a girl friend of the daughters, and the chauffeur, all of Fort Wayne, were instantly killed at a Pennsylvania crossing near here this afternoon, when an express train and a freight train were riding near by. The car was struck by the east bound Manhattan limited, running sixty miles an hour.

Charles Sherman King, Mrs. King, Josephine King, aged 12, Catherine King, aged 14, Payne Bradshaw, aged 11, Carl Timmons, chauffeur.

The east-bound train crossing around a sharp curve was unseen and unheard by the automobile party, until almost on the crossing. The chauffeur made a frantic effort to back the car from the track, but he was too late, and an instant later the locomotive crashed into the machine, smashing it to splinters and hurling the occupants in all directions.

None of the victims lived more than two minutes after the crash. The body of Mr. King was financial agent for the Prudential Life Insurance Co., Northern Indiana.

THE AMERICAN TRADE WITH CANADA SHOWS ENORMOUS INCREASE

Sold This Country \$222,000,000 Worth Last Year—Say 58,000 People Emigrated.

Washington, D. C., July 19.—Canadian progress is outlined in the introduction of the annual series of consular reports on trade with Canada, which are published by the department of commerce and labor. The total trade for the calendar year, 1907, according to Canadian statistics, was \$646,120,000, an increase of \$272,828,000 exports, 120,000, and \$273,292,000 imports. The increase in imports over previous years was \$80,840,000, an increase of \$19,204,000. The United States exported to Canada in the calendar year, goods to the value of \$222,000,000, which was an increase of \$28,545,000 over the previous year. This increase was maintained in the face of the preferential tariff, which gives the United Kingdom an advantage of about thirty per cent. in the customs duties.

The imports from the United Kingdom were \$80,840,000, an increase of \$19,204,000 over the previous year. Exports to the United Kingdom decreased \$8,488,000. Capital from the United States has been invested in Canada in one hundred and fifty important industries since 1892.

The immigration from the United States during 1907 was 58,000, and the estimated number brought by these immigrants was \$19,000,000.

The mineral production in 1907, was \$88,183,000, an increase of \$6,183,000 over 1906. The wheat crop now averages approximately 100,000,000 bushels annually.

In 1907, fifteen hundred miles of railway were constructed and the total mileage in operation at the beginning of the present year was a little short of twenty-eight thousand.

Substantially all the importations of electrical apparatus are from the United States, but the United States only supplies 12 per cent. of the textile imports. The immigration of woolen goods from the United Kingdom, increased from 100,000,000 in 1900 to \$21,000,000 in 1906. The number of Canadian woolen mills declined from 157 to 103.

A barn on Westmoreland road was burned early this morning. The building was the property of Rev. James Ross.

QUEBEC CROWDED WITH MERRY VISITORS

Twenty-five Thousand People Have Already Arrived

Soldiers and Sailors Paraded to Church Yesterday—Distinguished French Guests are Welcomed—French Societies Parade.

Quebec, July 19.—Twenty-five thousand is the estimate made by railway officials of the gathering of visitors now in Quebec for the tercentenary celebration, which opened today. With excursion rates in force yesterday every train and boat arriving here is bringing hundreds of strangers and the transportation companies are experiencing conditions unknown to this portion of the province.

"One striking characteristic of the crowds that disembark at the stations so far as that they are largely composed of Quebecers and people with friends and relatives in the city. The influx from the United States (up to tonight) has been small but the fact that the main features of the festivities do not start until the prince arrives on Wednesday probably accounts for this in a large measure."

"Parades of soldiers and sailors to church this morning and a ceremony at the Champlain monument on the terrace were the principal features today." Headed by the band of the Exmouth, the Roman Catholic sailors of both the French and British navies attended low mass in the Basilica at 9 o'clock this morning.

By special request made early last week for the officers. A plentiful supply of sandwiches and other light refreshments were provided, and in the kitchen car the men could obtain a supply of hot coffee. The train was expected to reach Quebec about 4 p. m. on Sunday.

MANY SUNDAY DROWNINGS IN NEW ENGLAND

Portland, Me., July 19.—William F. Cassidy, aged 16, son of William Cassidy, of 63 Waterville street, was drowned in the Strouwater River this afternoon by the overflow of a pine log jam.

Larochelle, a boy of about the same age was rescued with difficulty, and was unconscious when brought ashore. Three other boys in the boat, Daniel Rowe, Henry McOmogone and John Wallace, succeeded in reaching the shore and were unhurt.

The militia forces are now moving into the city and by tomorrow evening most of the 11,000 men who will assist in the review on the Plains next Friday will be under canvas. General Buchan took over his command of the third division at St. John's Lewis today and his staff are now receiving the incoming detachments from Montreal and Quebec cities and the Maritime Provinces.

The programme for Monday contains no feature of note. In the morning, mounted formations of arms and men of the watch will appear in the streets costumed as in the time of Champlain. The heralds will proceed through the city, stopping at all important places and will make official announcements in connection with the celebration. In the evening, the congress of French speaking physicians of North America will open.

The most interesting event of the day will be the arrival of the United States fleet, which is expected to arrive at St. John's on Saturday.

The New Hampshire was reported off the Saguenay River at 1 o'clock this afternoon and is delaying her arrival until tomorrow morning. The arrival of the body of Mr. Brown, Dr. Fred D. Magness and others worked over the body, and although the man had been in the water but six minutes, life could not be revived.

ROYAL BANK'S NEW QUARTERS. The Royal Bank of Canada today moved in other handsome new offices in the building recently completed at the corner of King and Canterbury streets. This afternoon from 4 to 6 an informal reception will be held where any persons desirous of inspecting the new premises will be shown around by Manager T. B. Blair and his staff.

"What, then," asked the professor, "is the exact difference between logic and sophistry?" "Well," replied the bright student, "it's just the difference between your line of argument and the other fellow's"—Philadelphia Press.

A GREAT SEND OFF FOR SOLDIER BOYS

Throngs see Local Detachment Entrain for Tercentary

Amid much cheering from the crowds which thronged the I. C. R. depot, the local troops left for Quebec by special train on Saturday at 8:30 p. m., to take part in the tercentenary celebrations. The streets in the neighborhood of the station and the open space in front of the depot were filled with expectant sight-seers long before the time that soldiers were expected. The train was scheduled to leave at 8 o'clock, but the arrival of the troops was somewhat delayed, and it was 7:45 when the first train of the battery band heard as the men came down Mill street.

On arrival at the depot the militiamen were inspected by Col. White, D. O. C., who also addressed the men and urged them to give the accuracy of their rifles and return safe and sound. The Artillery was in charge of Major S. B. Smith and the 62nd Regiment was in command of Major J. T. McAvoy.

Including officers and men, the total number (which left on the special train was 1,431 when the first train of the battery band heard as the men came down Mill street.

The train consisted of nine colonias, a kitchen car, and a sleeper at the rear for the officers. A plentiful supply of sandwiches and other light refreshments were provided, and in the kitchen car the men could obtain a supply of hot coffee. The train was expected to reach Quebec about 4 p. m. on Sunday.

MORE HORSES ARRIVE FOR MOOSEPATH RACES

Ten Fast Ones Came in on the Halifax Train This Morning—Many Mascots at the Park.

Ten more horses arrived at Moosepath Park, this morning on the Halifax train. They are from the stables of Boutiller, Halifax and the Springhill stables.

Among them were: Simons, Eubanus, Todding and Major Wilkes of the Boutiller string and Vherle, Miss Kadmas, Lady Bingen, Estill Boy and Beechie Patchen from Springhill.

The trotting park somewhat resembles a circus menagerie now, with an array of mascots of various kinds. There are bulldogs of all variety, a white Angora goat with the Pine Tree stables string and a little lamb as Miss Estill's mascot. Indications point to two days of excellent sport on Wednesday and Thursday if the weather is favorable.

100,000 KNIGHTS WILL VISIT BOSTON

Knights of Pythias Convention in Boston August 4 to 10 Will be one of the Largest Gatherings Ever Held in the Hub.

The Boston Globe of recent date, referring to the big K. of P. convention to be held in the "Hub," August 4 to 10, says:

"It is estimated by those perfecting the arrangements for the 25th session of the supreme lodge, Knights of Pythias, which is to convene in Boston, Aug. 4, that the event will bring 100,000 Pythians here, making it one of the largest gatherings ever held in this city."

"The business sessions will be held in Kingsley hall, Ford building, and there will be two great parades, one by the uniformed rank on Aug. 4 and one by the other ranks on the following day."

"The parade of the uniformed rank of the order, will be a grand spectacle, as the Pythians devote much attention to drills, and there is keen rivalry between all the companies, each one endeavoring to be perfect in the execution of the evolutions and drills given on such important occasions. On the day after the uniformed rank parade it is expected there will be 20,000 other Pythians in line of march through the streets, and it will be a sight worth going far to see."

"The coming of the Pythians is a matter of great importance, not alone to the members of the order, but to Boston, because the reports of the organization show that it now has substantially 800,000 men in its membership, and the ladies' auxiliary of the order, the Pythian sisters, numbers 200,000 more, making a total membership of 1,000,000."

"At the sessions most invariably continue for a whole week, and as the Pythians are composed of prosperous people, as a rule, having 100,000 of them here for a week will bring a large amount of outside money into local circulation."

"The Knights of Pythias is one of the great secret societies of this continent, and its growth has been so wholesome that it is now reaching out into other parts of the earth; 14 Oubs, the Philippines, Panama and New Zealand, and on April 17 of this year a large lodge was instituted in Shanghai, China, by Col. E. H. Milham, of St. Paul, Minn., a member of the order, whose name has been associated with active Pythian work for a quarter of a century."

"Massachusetts members of the order are especially interested in the coming session because of the candidacy of Dr. Dwight Sidney Woodworth of Fitchburg for the position of supreme vice chancellor, election to which office is practically a guarantee that two years hence he will be elevated to the highest office in the gift of the order, that of supreme chancellor."

"Dr. Woodworth has been supreme representative since 1900, and has been a member of the Knights of Pythias since March 12, 1877, when he became a charter member of the Alpine lodge of Fitchburg. Dr. Woodworth has always been active in the work of the order, and is prominent in other fraternal organizations, including the Masonic bodies and the Elks."

"The committee in charge of arranging for the convention is composed of 25 prominent Pythians from different sections of the state. The executive committee is Dr. Sidney Woodworth, chairman, J. S. B. Clarke, John Ballantyne vice chairman, George W. Pennington sec. and John P. Scott treasurer."

The State of Maine will have a candidate for the office of supreme vice-chancellor in Hon. George M. Hanson, of Calais, and as Mr. Hanson was a strong supporter of the election two years ago at New Orleans it is not improbable that his candidature this year will be successful.

The maritime province delegation to the convention will leave for Boston on Saturday, August 1, and it is expected about 200 will attend, accompanied by the Artillery band of this city.

MONDAY MORNING IN POLICE COURT

Participants in Sheffield Street Fighting Case Fined--A Liquor Case.

The sequel of the Sheffield street fracas on Sunday night occurred at the police court this morning.

Mary Rumbley pleaded guilty to fighting and was fined twenty dollars or two months in jail.

Mary Whalen, a colored woman, pleaded not guilty, but Lettie Barnett testified that Whalen struck the Rumbley woman with a stone and the latter retaliated in kind as a result of the evidence the negro was fined twenty dollars or two months in jail.
