F. S. WHITTAKER DIES SUDDENLY

Prominent Insurance Adjuster Had Been Ill, But Improving

Succumbed to Attack Early This Morning, at Home of His Sister

The death of Frederick Stanley Whittaker, well known insurance adjuster, occurred at an early hour this morning at the home of his sister, Mrs. J. Hunter White, 288 Princess street, and was learned with a deep feeling of regret by citizens. Mr. Whittaker had not been in good health for some months and was for two months a patient at the Saint John Infirmary. Two weeks ago he was suddenly and unexpectedly called to leave. There and was taken to the home of Mrs. White. Every one seemed to be getting better and he was exceptionally bright yesterday. During the night he took a bad turn and passed away about 3 o'clock this morning.

Mr. Whittaker was a son of the late James F. and Elizabeth A. Whittaker and was a resident of Saint John. His profession took him all over the province, where he was well known and highly respected.

Mr. Whittaker is survived by one son, Leo R. Whittaker, in business with his father; one brother, J. Ernest Whittaker, Newcastle, Penn., and three sisters, Mrs. George H. McKay, New York; Miss Pauline Whittaker, of this city, and Mrs. J. Hunter White, Saint John. They will have the sympathy of a great many friends at their loss. The funeral will be held on Monday from Mrs. White's home.

EDWARD ALLAN, OF YARMOUTH, IS DEAD

Well Known Business Man, 79 Years Old, Succumbs After Brief Illness

Special to The Times-Star. YARMOUTH, Jan. 30.—Edward Allan, for the last 60 years one of this town's most prominent business men, died suddenly at his home last evening aged 79. He had been, for about three days, confined to his home suffering from bronchial trouble. Last evening he retired as usual, and shortly after he was seized with a severe coughing spell, and in 10 minutes had succumbed.

Mr. Allan controlled one of the largest wholesale grocery establishments in Nova Scotia. He also held large interests in the Yarmouth coast, and was president and managing director of the Cranberry Head Trap Company, and president of the Burns Fuel Company.

He was a Methodist. He was a Mason and a member of St. John's Lodge, A. F. and A. M. He was one of the early members of the Yarmouth Rotary Club. Mr. Allan was also closely identified with temperance work, and was for years an active member of Milton Division, S. of T. In politics he was a supporter of the Liberal party.

He is survived by three sons, Clifford, in New York, a divisional superintendent with the Western Union Telegraph Co.; Shenton B. principal Yarmouth North school, and Kenneth, associated with his father's business; three daughters, Miss Hilda, at home; Mrs. L. M. S. Homer and Mrs. Clifford, in Cann, Yarmouth; also three sisters, Miss Beattie Allan, Mrs. Randall and Mrs. Lewis Waterman.

YORKTON M. P. AVERS WEST IS NOW WILLING TO WORK WITH EAST

OTTAWA, Ont., Jan. 29.—Speaking in the House of Commons tonight, C. W. McPhee, Liberal, Yorkton, Sask., said that Western Canada was willing to co-operate with the Maritime Provinces to bring about conditions which would make for a contented Canada. In many respects the problems of Western Canada were identical with those of the Maritimes.

Conditions in the Maritimes were not so bad as some Conservative members represented them to be. He wondered if the Conservative members really believed conditions were so bad, why did they not reflect on the extent to which the Conservative party had benefited from the prosperity of the Maritimes. The Conservatives had not brought about the defeat of reconstruction in 1911 the Maritimes would have found a market for their products in the United States and would have been today a very prosperous section of the Dominion.

Western Canada also had suffered because the Conservative Government elected in 1911 had passed up the interests of the Dominion as a whole and those of the Maritimes and the selfish interests of Toronto and Montreal.

Will Ask For Official To Revise City List of Voters

Commissioner Frink said this morning that it was his intention to bring before the council a resolution memorializing the provincial government to change the act governing the revision of the voter lists, as affected to the City of Saint John. He would provide that in future there should be an official registrar with whom all must register in order to get their names on the voter list. This would do away with the present board of revisors and take the work out of City Hall.

The commissioner said that in 1912 the cost to the city for the revision of the list was \$815 and last year it was \$920.

PREMIERS TALKED MARITIME MATTERS

Hon. Mr. Baxter Returns to City—Government to Meet Tuesday

Consideration of the report by F. C. Cornell, the railway freight expert, engaged to prepare the case for the Maritime Provinces presentation to the Board of Railway Commissioners for Canada, was the main item of business at the meeting of the Maritime Affairs Committee, held in the Senate Chamber, yesterday afternoon, according to Premier Baxter this morning. Premier E. H. Rhodes, of Nova Scotia, and Premier Stewart, Prince Edward Island, along with the New Brunswick Premier, attended the meeting, which considered the matters affecting the three provinces, details of which was not given out. Mr. Cornell also was present at the conference to explain his report. They were snowbound for three hours in Shediac, Hon. Dr. Baxter not arriving in the city until midnight last night.

GOVERNMENT NEXT WEEK

The February meeting of the Provincial Government will be held in Fredericton on Tuesday night, Premier Baxter said this morning. Questions regarding the opening of the legislature, the Premier said, might possibly come before next week's meeting.

She Could Hardly Do Her Housework Nerves Were So Bad

Mrs. I. M. Parks, Concession, Ont., writes: "I had heard and serve trouble, and became so short of breath I could hardly do my daily housework, and was so nervous I could not think of staying alone, as every little sound I heard felt like a shock to me."

I Saw recommended, so I tried a box, and after taking the second one I am now feeling like a different woman."

This preparation has been on the market for over 32 years and has achieved a wonderful reputation for the relief of all heart and nerve troubles.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

IMPERIAL TO HAVE BIG TRIPLE WEEK

Operatic Singers, Movie Star Contest, Anita Stewart and Bert Lyell

Starting Monday afternoon at the Imperial blank cards will be given at the door so that patrons may write the names of the moving picture stars to be portrayed on the screen at each show. The cards may be taken home to be completed at a subsequent show if necessary. At the end of a fortnight—there will be two weeks of different stars (two changes)—the following prizes will be distributed for the highest percentages of correct hits: Banjo-ukulele and five free lectures. Victor Northern radio set, a pair of tubular skates on boots, a floor or bridge lamp (choice of either), a smoker's set and a pass for Imperial Theatre good for six months. These contents are the new rage in the big city.

Then the Imperial will have a splendid musical comedy in the Edeon-Dupuis Duo, operatic singers of international notoriety. They will appear at 8:45, 5:30 and 10:15. The opening numbers are: (a) Au Clair de la Lune, (b) Matinee, (c) In the Garden of My Heart. The duo is man and woman.

The picture feature for Monday-Tuesday is Goldwyn-Cosmopolitan's picture of Peter B. Kyne's South Sea romance "Never the Twain Shall Meet," in which Bert Lyell, Anita Stewart, Huntley Gordon, Lionel Belmore, Emily Fitzroy and others play the important roles. It is a high-class super-feature. There will be four shows as usual, and the ordinary scale of prices will obtain: Wednesday, 10:15, 8:45, 5:30, 2:15. Thursday, 10:15, 8:45, 5:30, 2:15. BOY SCOUTS DID GOOD WORK FOR SKATING MEET

Sixty-four Helped as Program Sellers And Ushers

WEEK'S NEWS OF TROOPS AND PACKS

Requirements for Accident Prevention Proficiency Badge Are Set Forth

An opportunity for real service was afforded the Scouts this week at the skating meet, when 64 Scouts were on duty as program sellers and ushers.

The activities for the week were more or less confined to the weekly meetings, with occasional hikes, toboggan slides, skating parties, bean suppers, inter-group visiting, and Scout talks by some of the prominent Scout leaders.

Next Wednesday evening will be a big event for the Boy Scouts' Association, when Charles Crawford Gort, "Bird Man," will give his illustrated

talk in St. Vincent's auditorium, under the auspices of the association. Mr. Gort delighted his large audience on his visit to Saint John last year, and it is a splendid thing that the people of Saint John will again have the opportunity of hearing this exceptional man on Wednesday evening next.

Proficiency Badges. The requirements for Tenderfoot, Second Class and First Class Scouts have been explained in detail in previous articles. First or Second Class Scouts are eligible as candidates for proficiency badges. Second class Scouts may qualify for any award not more than six proficiency badges. There are 18 proficiency badges, the first of which is described as follows:

1—State four or more dangerous conditions in the average home, and indicate what steps should be taken to correct these conditions.

2—Know at least six of the more important regulations covering street safety.

3—Write out a plan for a fire drill to meet the conditions existing in the school he attends or has attended and explain it to the satisfaction of the examiner.

4—State in writing six violations of accident prevention principles which are responsible for accidents in connection with railroads.

5—Submit satisfactory evidence that he has been personally responsible for the application of at least two constructive accident prevention principles in his own home, his school or the place in which he works.

6—Name the most serious violations of public safety principles which have come under his observation and produce satisfactory evidence that he has done all in his power to correct the same.

7—Give evidence of his knowledge of the importance of the safety first movement and the most important principle it involves, and demonstrate to the satisfaction of the examiner his ability to assume leadership in case of a fire, panic or other disaster.

8—If at school, join or initiate the organization of a school safety patrol.

St. Jude's Pack. No. 5 pack, St. Jude's met on Wednesday in charge of Cubmaster D. MacLennan and enjoyed games and talks. The pack plans to hold a display and entertainment on Feb. 3 and 4 at 7.45 p.m. in the Sunday school room. They are hoping to get a cub flag and Union Jack with the silver collection that will be taken up, and invite all Scouts and Cubs to attend on either night. There will be moving pictures and lantern slides on the program. The Cub leaders will take the Akela correspondence course if they possibly can.

Victoria Street Baptist, No. 14. Our troop met on Monday evening at 7 o'clock in the vestry of the Old Victoria street church. We had present with us Assistant District Commissioner F. Choppin. The troop met in patrol corners and dues were taken up. After the regular opening ceremonies in horseshoe formation, Mr. Choppin took charge and gave us some snappy, warm-up games which were greatly enjoyed. This was followed by a meeting of the patrol leaders and seconds at which Mr. Choppin gave these leaders some good points and information. A new patrol was formed from the troop, thus making five smaller patrols. We then enjoyed some Scout marching and formations under the S. M.'s direction. Scout work in patrol corners was then carried out followed by an interesting little account from the story of the World War.

After another scouty game, the troop was dismissed in proper fashion. At 9.30 p.m. the Court of Honor met in a small room furnished and fitted by the Scouts with the assistance of kind friends, and a good business meeting was conducted. Many other things we decided that each Scout retain his second class certificate until he completes all the tests on the same. This will enable each Scout to have the dates and examiner's signature filled in as he passes each requirement. The patrol points stand as follows: No. 1, 62; No. 2, 115; No. 3, 98; No. 4, 79. After a hearty vote of thanks to Mr. Choppin for his assistance the meeting adjourned.

No. 19, St. James' Pack. Twelve Cubs were present at last Tuesday's meeting which opened at 7 p.m. sharp. The usual programme of instruction and games was carried out and as the Scout meeting was being held immediately after ours we dismissed at 8.15.

No. 16—Victoria St. Baptist. Thirty Wolf Cubs were present at last Tuesday's meeting, which was carried out with much enthusiasm. The boys are showing real progress in Cub work. They are looking forward to a visit from the assistant district cub commissioner at their meeting next Tuesday evening. Cub Master E. D. Howard has a very capable staff of scout instructors assisting him with the management of the pack and finds them of great assistance.

No. 8—Mission Troop. On Tuesday evening our troop visited No. 2, St. Paul's Troop, and spent a most enjoyable evening. Inter-troop competitions figured in the evening program, and St. Paul's Troop carried off the honors in this line. We hope that St. Paul's Scouts will give us the pleasure of a visit from them before winter is over. We plan on making several visits to various troops in the district and take this opportunity of welcoming any of the troops that can conveniently visit any of our meetings on Tuesday evenings. We would suggest that they advise our S. M., C. G. Hoyt, in order to make sure that we are not out visiting when they come to call on us.

No. 7—Stone Church Pack. On Tuesday evening some 50 Cubs and leaders from No. 21, St. George's Pack, and No. 7, Stone Church Pack, met in Stone church Sunday school hall and enjoyed a very pleasant evening. The program started with an excellent bean supper, followed by a hearty sing song and short speeches by various leaders. Then came the formation of a double horseshoe with Stone Church in the center line and St. George's on the outer line. Tenderpad, stiker, stripes and service stars were presented to the following members of the Stone Church Pack: R. Likely, M. Sewall, M. Jackson, M. Berry, S. Moore, G. Outton, A. Alexander, D. Allen, A. Hilden, A. Atchison, R. Davidson, G. Allen, E. Jackson.

On Thursday evening twelve of our Scouts turned out in spite of severe weather. They were well repaid for their effort when Scoutmaster E. Boyaner gave an interesting talk on "Light, Color and Vision," for which he was heartily thanked. Following Mr. Boyaner's talk an appealing program of scouting activities was carried out with enthusiasm.

Wednesday evening's meeting was attended by 18 boys, several being absent owing to their strenuous work on the program set at the skating meet in the afternoon, at which a good number of our Scouts rendered very good scores. The evening's program was carried out with the results. The evening's work program was confined to a real review on knots and took the form of instructional games and competitions, which were enjoyed immensely. Owing to the small attendance no rehearsals for the troop concert were held.

No. 24—Fairville Baptist. Last Friday evening 12 of our Scouts, in company with the members of No. 10, Fairville United Church Troop, visited the Maritime History Museum, where we listened with a great deal of interest to Dr. Wm. McIntosh's fascinating talk on canoeing and camping in New Brunswick. To say that we were delighted is expressing it mildly. The lights on camping were absorbed eagerly, and the tour of the museum was most interesting. On our return we were served a delicious bean supper at our church, and altogether it was a real letter day in the history of the Fairville Baptist Troop.

No. 25—Assumption. On Friday, the 22nd inst., our meeting opened at 7.30 p.m., with 20 Scouts present. Some of the boys passed their Tenderfoot tests, and will be invested at next week's meeting. At present we have four patrols, the Song Sparrows, Whippoorwill, Crows and Sea Gulls. On Wednesday, the 23rd, we held a

NEW LAMP BURNS 94% AIR Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up; is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, O. K. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

CUTICURA HEALS RED PIMPLES

On Face, Scaled Over and Itched and Burned Terribly. Could Not Sleep.

"My face broke out with small pimples which later grew larger and were very red. The pimples scaled over and itched and burned terribly, and I could not sleep at night because of the irritation. The trouble lasted about six weeks. My mother recommended Cuticura Soap and Ointment so I sent for a free sample. It helped me so I purchased more, and after using three boxes of Cuticura Soap and two boxes of Cuticura Ointment I was completely healed." Mrs. Dayman Gives Lydia E. Finkham's Vegetable Compound the Credit

Colborne, Ontario.—"When I was first married I was very thin and weak. The doctor said I was weak and would never be able to have a child, but I did, and from the time my baby came I suffered all the time and doctors and took medicine. Life became a burden, and doctors said an operation could help me, but my husband was opposed to that. I had seen Lydia E. Finkham's medicine advertised, so I told my husband that I thought I would try it, that I might get some relief, if not a cure. I had not taken one bottle when I could feel it helping me. I took five bottles and had better health. Now I have three girls and a boy and have done my work up to confinement. I am now at the Change of Life and owe my good health to Lydia E. Finkham's Vegetable Compound. I take a bottle when I think I need it." —Mrs. SUSAN DAYMAN, R. R. No. 5, Colborne, Ontario. Sold by druggists everywhere. ©

Dividends of \$442,569.85 in 18 Months From Your Own Hydro

A kind of Dividend not referred to in the last Hydro announcement is one that is here now and has been here. The Citizens invested \$600,000 in their own light and power service. In the last 18 months alone their own Hydro has paid them back dividends in the form of rate reductions equal to \$442,569.85. Not so bad an investment of \$600,000 for a year and a half.

Besides all that, the sum of \$20,000 has been placed in a sinking fund towards paying off the loan on which Hydro was built.

Go On Or Go Under

Hydro—Your Own Hydro—cut electric rates below half. Hydro gave the streets three times the lighting—and ornamental lighting at that—for the same money as was paid of old. If we could only go back to the old lighting system and old rates for one night, there would not be a single independent citizen content to stay out of the Hydro fold. Who would want to see those old three lights on King street? Who would willingly pay over double the meter bills of today?

A day is coming when that minority (who enjoy the results of Hydro forcing down competing rates) will find Hydro all sold out—competition gone—and their position more peculiar than it is today. When Hydro is sold out competing rates can go up at their own whim.

You voted for Hydro—you have money invested in Your Own Hydro—why boycott your own business? The sooner you patronize your own business, the sooner and larger your dividend—and your protection.

SAINT JOHN, N. B., JANUARY 30, 1926.

PROVINCIAL EXPENDITURES.

According to an audit of the provincial accounts made public by the Provincial Secretary, New Brunswick had a deficit of \$726,839 for the year ended October 31 last, approximately half a million dollars more than the deficit for the preceding year.

The fact that stands out is that in the last fiscal year the province went behind by some three-quarters of a million, a sum equal to the total public revenue not so many years ago.

The province must pull in its horns in the matter of expenditure. New forms of taxation, such as the gasoline tax, will provide some additional revenue, but evidently it will be small in comparison with the needs revealed in the figures published to-day.

When the Legislature meets, if the custom of previous sessions is followed, we shall have a prolonged debate as to responsibility for the growing debt and for recurring deficits.

Another point is that the parties should unite in pressing to have the Valley Railway taken over by the Dominion and incorporated in the C. N. R. system.

The taxpayers who compare the provincial revenue of the present day with that which the province had before the war, even if they make all due allowance for the decreased purchasing power of the dollar, cannot escape the conclusion that expenditure within the last fifteen years, irrespective of which party has been in power, has grown unreasonably and unjustifiably.

Interest charges and the absolute necessity of keeping in repair our vastly increased mileage in improved roads, make up a heavy and inescapable burden, but it is senseless to keep adding constantly to the over-expenditure and merely waiting for something to turn up.

When shall we get it? Some time ago announcement was made that the C. N. R. estimates this year will include provision for a new train shed in Saint John, a restoration many years overdue.

The Hamilton City Council has just sent a letter to Sir Henry Thornton, reminding him of the promise made some years ago to provide Hamilton with a new station.

The Hamilton Spectator dolefully expresses the view that while Sir Henry may be depended upon to include the Hamilton station in his estimates, again, there is no assurance that the Government will give its approval and provide the money.

refers to the urgent need for the station and the bad advertising that Hamilton and the C. N. R. are getting "as a result of the disgraceful accommodation now being provided travelers entering and leaving the city."

We do not doubt that Hamilton needs a new station, but it probably does not need it any more than Saint John does, and if the travelling public there had been compelled to submit to conditions such as have existed here for some years, we may well believe that the outcry in that quarter would be much louder than it is.

The case as presented by the Spectator, however, suggests that we are by no means assured of the early re-orientation of the trashed, and that it is a matter to which our representatives at Ottawa should devote their attention.

Saint John, it may be taken for granted, will not follow the example of Yarmouth, which has just published the names of 830 delinquent taxpayers in the form of an advertisement.

N. B. DEFICIT \$756,590 FOR YEAR SLATED

Auditors Place That as Figure in Statement Issued

DETAILS OF YEAR'S BUSINESS GIVEN

Lands and Mines Receipts Largest—Liquor Commission's Income \$329,114

FREDERICTON, Jan. 29.—The Province of New Brunswick, according to the statement of receipts and expenditures furnished to Hon. A. J. Leger, Provincial Secretary-Treasurer, by the Comptroller-General, W. A. Loudon, covering the fiscal year closing Oct. 31, 1925, has a deficit of \$756,590.21 on current revenue account. Included in this amount is \$487,119.45, the actual deficit on current revenue, and \$269,470.76 as interest on bonds and other charges connected with the Saint John and Quebec Railway. The share of the earnings of that railway which are given to the province amounted to \$56,803.64.

LIABILITIES AND REVENUE

The total liabilities of the province are placed at \$37,999,214.94, according to the balance sheet. Current liabilities are placed at \$3,193,728.74. The consolidated balance sheet places the liabilities at \$36,805,486.20. For the fiscal year the total revenue is shown as \$4,154,790.45. The largest item of revenue is that from lands and mines, a total of \$1,210,296.49. Miscellaneous collections totalled \$707,080.82.

HEAVIEST EXPENDITURES

The heaviest expenditures during the year were made in the Department of Public Works, where \$1,010,269.30 was spent, an increase of about \$97,000. The Department of Education drew \$448,116.19 from the public purse with \$58,109.92 in addition for vocational education. Legislation cost \$72,213.18 and the Department of Agriculture, \$125,261.02. On the Department of Lands and Mines the expenditure was \$294,829.42, and on Public Health, \$102,122.87. With some few exceptions the expenditures in the departments were larger than the year before.

Shall the Youthful Widower Who Cannot Love Again, Marry the Girl Who Loves Him?—What Can She Do With a Stingy Husband?—Will the Gift of a Fur Coat From Employer be Misconstrued?

DEAR MISS DIX—I am a young man of 24, a widower. I am very settled and detest the silly flapper with her lipsticks, giggles and petting parties. There is a girl who loves me very dearly, who is quiet, dignified, thrifty, a good housekeeper and can do all the things that flappers cannot do. She loves the home and the fireside, music, flowers and children, and those are the things that I most desire. I admire her and enjoy her company very much, but when my wife died my heart died too, and I feel that I cannot love this girl as she loves me. Another objection to this girl is that she is very short. I am nearly twelve inches taller than she is. Do you think if I married her we would be happy? X. X. X.

DOROTHY DIX

As for your feeling that you have buried your heart in the grave of your first wife and that you will never be able to care for any woman again, that is the pessimism of youth. The very young always take tragical views of everything and believe that every misfortune is fatal, and that no sun will ever rise on their night of sorrow.

But we who are old and have seen much of life; who have outlived sorrows and outgrown disappointments; who have said so often, "This is the end of all happiness," when it was only the beginning of better things, we know that the human heart is the most resilient of all created things. If at 44 you had lost your wife, you might say that your heart was broken and that there would be no more love for you in the world, but at 24 a lost love is just a broken dream.

Your love for your wife, however beautiful and complete it was, was just a boy's love. It was nothing to the passion that you will be able to feel some day for a woman who meets all the needs of your mature manhood, and for this reason it is a dangerous thing for you to marry a girl who comes up to your ideal but does not fire your fancy.

Of course, marrying a girl who adores you has its advantages, because it enables you to assume the Grand Pasha attitude in your home, which is always gratifying to a man's vanity. The wife who loves her husband better than he loves her is always his slave. She is always breaking her neck trying to please him. His august word is her law, and she is as humbly grateful for a little kindness as a starving dog is for a bone.

But in love it is more blessed to give than to receive. There is nothing more nauseous than kisses from lips we do not care for and the affection we do not crave bores us to extinction. Especially is this true with men, and so I think it is a dangerous experiment for a youth of 24 to conclude that he has lost all power of loving and to marry a woman on the platonic basis. He will want something more of life than just a makeshift wife who is a good cook and saves his money. DOROTHY DIX.

DEAR MISS DIX—My problem is what to do with a stingy husband? I am married to a man who is rich for the community in which we live, but I do all of my own housework and sewing to save the price of a servant and pinch every penny. My husband refuses to make me an allowance and buys for me himself only the plainest necessities in the way of clothes. In all the years that I have been married I have never had a dollar that I could do with as I pleased. I have never had a pretty dress or hat or any of the little luxuries that women crave. I do not try to have any women friends or to go anywhere, because I am so humiliated by not having the proper clothes and being able to pay any part of the expenses. What can you do with that kind of a man? MRS.S.

ANSWER: Not much, I am afraid, because a man who loves money better than he does his wife will always sacrifice her to his cupidity.

The only woman I ever knew who dealt successfully with a tight-wad husband was one who, after vainly trying to get an allowance from him, went out and got herself a job as a cloak model. Rather than have the general public know how mean and close-fisted he was, he gave her a few dollars to dress decently upon.

I often think that the best way for the average woman to deal with this question is to go on a strike.

Any woman who does the cooking and cleaning and baby tending and buying and sick nursing and the million other odd jobs that it requires to run a home comfortably earns the wages of at least three or four servants in addition to her board.

If her husband refuses to recognize the value of her services and to give her a penny of her own to do with as she pleases, she is foolish not to turn out the gas under her cook stove, throw down her broom and walk out, and refuse to do another lick of work until she can get a satisfactory adjustment of the money question. It wouldn't take long to bring a man to terms if he has to wrestle with the problem of cooking dinner for a lot of howling, hungry children when he got home from his work.

The only way to deal with the tight-fisted husband is to avoid getting him, and I urge every girl who is thinking about marriage to have a definite financial agreement before she marries as to what percentage of the family income is to be hers. DOROTHY DIX.

At last the Hidy Go Lash Express got started. The Gingerbread Man opened the throttle and the engine went choo! choo! with two loud snorts and a lot of little snorts. The wheels gave a jerk that almost threw Mister Limber Legs out, and after that they went merrily on their way. There was room in one car for the Tin Soldier and Miss Tootsie Bobb, the Jersey doll with the green hair. From the very first they had had their eyes on each other (oh, yes, Nick had painted the soldier's eyes in again and they were all right now). Miss Tootsie had been taken by the Tin Soldier's uniform, particularly his purple pip-pot hat with the yellow cockade. And the Tin Soldier had been quite affected by the green string hair of Miss Bobb cut in the latest fashion. Besides she had the lightest complexion, quite red just under the eyes, and a mouth that was a mere dot like a drop of red ink. I shouldn't have known a word of what went on, if Nancy, riding in the next car, hadn't heard it all and told me later. It went like this: Miss Bobb: "I can't help feeling in my bones that this trip is all foolshness. I think we are supposed to be chasing the Big Doll who ran off with Miss Crinolines' clothes." Tin Soldier: "Yes, and of all places to go! Tin Can Town is only another name for Dump Town, or rather, I should say, 'The Town Dump.' It's where people throw their old tin cans and rubbish." Miss Bobb (with a shudder): "How terrible. Suppose we should be dumped out. Then we should only be rubbish and lie there for the rest of our lives." Tin Soldier: "I should save you." Miss Bobb: "Save me? Ugh! Ugh! Oh, no, you'd better save Balinda or Calamity Jane or fat Mrs. Jiggs or Black Dinah instead."

"What?" asked Miss Bobb in surprise. "Made for each other. Let's get married." "Let's!" said Miss Bobb. That was the end of it. To Be Continued

MENU HINT Breakfast Creamed Rice Oranges Whole Wheat Bread Toast Coffee Luncheon Cottage Cheese with Bar le Duo Whole Wheat Bread Butter Sandwiches Peach Shortcake Milk Cocoa Dinner Fricassee of Veal Boiled Potatoes Parsnips Pineapple Whip Tea or Coffee

TODAY'S RECIPES Creamed Rice—One cup rice, one cup dates, stoned and cut small; one quart boiling salted water, three tablespoons sugar, one pint milk. Cook rice in water ten minutes. Drain, place in upper vessel of double boiler, add sugar, milk, and simmer until milk is absorbed. Stir in the dates and cook two minutes longer. Serve hot, with cold milk.

Peach Shortcake—Canned peaches are to be used for the shortcake. Drain them of juice. Make rich biscuit dough or simple cake recipe and serve with whipped cream. Sponge cake may be used in place of the biscuit dough or cake, but in this case lay a slice of the cake on the plate and put peaches on the cake and cream on all.

Fricassee of Veal—Take two pounds of sliced veal cut from loin and cover with boiling water. Add one small onion, two stalks celery and a sliced carrot. Cook slowly until meat is tender. Remove meat, sprinkle with salt and pepper, dredge with flour and fry until brown in hot fat. Strain liquor, melt four tablespoons butter, add four tablespoons flour and strained liquor. Bring to boiling point, season with salt and pepper and pour around meat.

SEE-SAWING BROADWAY

NEW YORK, Jan. 27—Let this be a gentle warning to all good folk who, in planning a visit to New York, have more than an idle curiosity regarding the night clubs. Dropping into one of the little cellars near Carnegie Hall with a friend I ordered two cups of coffee. The bill was \$1.80 per cup for the Java and \$2 per head for "cover." Coffee and table were 87. And that is really quite modest. Billy Rose's new Fifth Avenue Club, located in the brownstone belfry, opened the other night at \$10 cover charge per each for the opening event. And they turned them away at that. Moral: Bring your bank roll!

CHARLESTON endurance contests are all the rage in the night clubs now. The record, thus far, belongs to Harriette, one of Gertrude Hoffman's products who danced for 53 consecutive minutes and broke the 45-minute record of a Boston girl. During these dances a "trainer" supplies them with water while they step and sometimes provides other nourishment. And right here I will give two first editions of the Roberts Rules of Order to anyone who can remember the winner of the tango prize in 1914 or the dance marathon of a few years back.

MAXFIELD PARISH, now enjoying a ripe old age, sent a few of his pictures to a New York gallery recently and a single painting sold for \$50,000—one of the highest prices to date for a contemporary artist. Some such light sum as half a million dollars worth of pictures were sold, I am informed. Please, don't mention "starving artists" again. And at the Quinn collection of "modernists" a Cezanne brought something like \$20,000 and a total of a million dollars worth have thus far been sold. Speaking of art—whatever has become of "September Morn"?—GILBERT SWAN. (Copyright, 1912, NEA Service, Inc.)

"I WAS CONTINUALLY DEPRESSED, morbid, lost weight, suffered from insomnia and constipation—in fact was desperate. To augment my misery, my body became covered with eruptions. Medicines drained my system—but to no avail. A friend recommended Yeast. I was skeptical. But I persisted. Then, wonder of wonders, my eruptions disappeared, my appetite increased—I became myself again. Two cakes of Fleischmann's Yeast a day—dissolved in Malted Milk—had performed the miracle." Alexander H. Schullman, Pittsburgh, Pa.

Millionaires in Health

Rich in vitality, energy—how they conquered their ills—found new joy in life—with one simple food

"AFTER MY RETURN FROM THE WORLD WAR, I suffered with stomach troubles; after meals had severe pains in my stomach, later turning into periods of constipation. Finally I went to U. S. Veterans Hospital at Jefferson Barracks. A fellow patient suggested Fleischmann's Yeast dissolved in water after every meal. I started this treatment. Now I feel like a new man. No more stomach pains. My bowels are regular. I owe it all to Fleischmann's Yeast." Thomas F. Scully, St. Louis, Mo.

"WHEN MY LITTLE DAUGHTER WAS BORN I lived in a small isolated town where good medical attention was unavailable. My baby was undernourished. I knew that Fleischmann's Yeast had done wonders as a builder of tissues and I disguised it in the child's fruit and cereals. In one week she showed slight improvement; in six months she was a perfect specimen of childhood. Her body was plump and a pleasure to see." Mrs. A. H. Gifford, New York City

"THE SPRING OF 1924 is memorable to me for what I suffered through loss of sleep, nervousness—general run-down condition. I endured boils after boil on neck and back. Kind people recommended Yeast, but it took a well-known physician to convince me that there must be something to it." Before I had finished one week's treatment of two yeast cakes a day, I felt a change in my system. Every boil disappeared, my skin cleared, my strength increased. Life seems to hold more 'pep.' Roberta O'Brien, Montreal, Canada

THIS FAMOUS FOOD tones up the entire system—also digestion—clears the skin—banishes constipation.

Women Use Then dispose of this new hygienic help easily as tissue—no laundry

WOMEN by the millions are discarding the old-time "sanitary pad" for a new scientific way.

A way that offers protection unknown before. A way, too, that solves the old embarrassment of disposal.

It is called "KOTEX." Eight to 10 letter-class women now employ it.

You use it as easily as a piece of tissue. No laundry. No embarrassment.

It's five times as absorbent as ordinary cotton pads.

You use it at any drug or department store, without hesitancy, simply by saying "KOTEX."

Do as millions are doing. End old, insecure ways. Enjoy life every day. Package of twelve costs only a few cents.

STANDING COMMITTEES. Standing committee reports were next received. Mrs. G. Wilford Campbell reported for the finance committee, telling of assistance with the banks for the days and of the successful bridge held to raise funds for the Council work. The collections at meetings had been discontinued, she reported.

Mrs. A. C. D. Wilson, convener of films and objectionable printed matter, spoke interestingly of the progress in the motion picture industry and the psychology of the films, particularly with reference to child morals. She said the motion picture had been blamed for much that it was not guilty of and it had much to be proud of in the opportunities it gave the people to see places and artists they otherwise could never see.

With reference to objectionable literature she said there was a freshet of it flooding the country. She pointed out the parent's responsibility to see children did not read unsuitable books and advocated licensing the lending libraries. In closing Mrs. Wilson urged the members to give information to the Council of objectionable literature and films.

PLAYGROUNDS REPORT. Mrs. M. H. B. Good, convener for National Recreation, announced that she would place in the public library a copy of the magazine "The Playgrounds." In her report Mrs. Good spoke of the playgrounds movement throughout Canada, specially referring

to the community singing at hand concerts, which is carried out in Woodstock, Ont., under the direction of the local Women's Council committee on national recreation.

Mrs. E. A. Young, in her report as convener of the committee on soldiers' pensions and the care of soldiers' dependents brought about by recent order-in-council which gave an opportunity of "re-boarding" to the man who had sold his pension and provided pensions for dependents of those whose war disability had not been evident at the time of discharge but yet resulted in death. The committee had been busy with many appeals.

Mrs. Young spoke of assistance given the G. W. V. A. on Poppy Day and referred appreciatively to the erection of the civic war memorial and to F. A. Dykeman's splendid gift of lighting for the memorial.

The meeting closed with the singing of the national anthem.

MISS ESTEY HONORED BY HER ASSOCIATES. A very enjoyable evening was spent at the home of Mr. and Mrs. F. M. Hastings, Hazen street, on Wednesday night when members of the staff of W. H. So Light, Small and Comfortable is the New Rupture Appliance, It Can Not Be Noted Even When the Wearer is Clad in Tights. Several Dancers, Sufferers from Rupture Due to the Unusual Exertion, Have Been Healed by New Discovery.

Rupture can be healed. Medical science, endless investigation, combined with modern inventiveness has devised a method which actually heals rupture. For ages, the healing of rupture, or hernia as it is known medically, has been the aim of countless physicians and surgeons.

Investigations into the ills and body afflictions of ancients, disclose that in days, when history was noted on tablets of stone, rupture was known and even then priests of that time, were sinfully trying to effect a cure. Trusses, as the implements which hold or retain the rupture are called, were in use at that period in history, but like the modern truss they held the rupture but failed to assist nature in healing the wound.

The ancients' attempts at healing were mere gropings, as they knew nothing of the circulation of blood and its effect on body tissue and body growth. The various phases of growth were mysterious which they were unable to fathom. Since Sir William Harvey, an English scientist of the early century, discovered that blood really circulated through the body, sending life-giving materials to all parts of the human system, the path of the rupture scientists has been more easy to follow.

They attempted to find, if possible, some method of retaining the rupture safely, yet something which would allow free circulation of blood and not irritate the edges of the hernia or rupture and which would heal the tear.

Assists Nature to Heal

This has been done. Experiments carried on for more than 80 years has resulted in the perfection of an appliance, light, safe, comfortable and clean, which assists nature and really heals the rupture. An additional improvement has been made; the entire appliance, which weighs less than two ounces, can now be washed in water or antiseptics, eliminating all body odors, irritations and causes of skin blistering. The announcement was withheld for some time, so that thousands of experiments which had been carried on in all sections of America, Holland, England, Canada and Germany could be investigated and the condition of these observed at frequent intervals.

These investigations have been made and it has been found that a great number of cases have been successfully treated. That the good effects have been permanent, is attested by letters written by the people themselves and sent to the offices of those who perfected the new rupture appliance. These included people in every walk of life, people who make their living by hard work, where strains, heavy lifting and constant muscular effort is necessary. Others include society women, working women and women in moderate circumstances. The successful treatments have been general in all classes.

Heals the Aged

In their zeal to prove the worth of the new process, men and women of

advanced years were selected and their experiences recorded. A probe showed that even in this class, a great number of permanent benefits had resulted, where the patient followed closely the instruction of the expert.

To really understand what this great discovery and these years of experimenting and testing mean to humanity, it is almost necessary that a full description of the new method be given. Like all inventions and discoveries of science, its method of healing is based on logic and upon a keen knowledge of the subject.

A rupture or hernia, as it is known in medical science, is literally a tear or a separation of the muscle fibres in the wall of the abdomen. This separation is caused by a heavy strain, a violent jerking or unusual exertion. The fibres separate and allow a portion of the intestine to protrude through the opening. This results in a small knot or knob on the wall of the abdomen.

Before the investigation, which resulted in the discovery of this new method of healing, there were but two courses open. A physician or surgeon could be called and an operation performed for the patient or sufferer could seek some sort of comfort from a truss, which pushed itself into the rupture opening, keeping the protruding intestine inside the body.

The operation was expensive and dangerous, with the outcome a doubtful thing. All the surgeon with his knife, could promise to do, was to bring the edges of the torn section together and sew it, then await the action of nature and allow growth to renew the torn sections.

The heavy springs in the usual truss pressed into the body, many times injuring the kidneys and causing unrepairable damage to the back, where the heavy steel pressed into the tender nerves, centred in the spinal column.

Sir William Harvey, English Scientist, Whose Discovery of the Circulatory System, Assisted so Greatly in Perfection of New Medical Discovery Which Heals Rupture.

Besides this, so cruel was the old-fashioned truss, it was impossible to sleep in the apparatus, with the result that in sleep many times, the rupture "came out" and even a doctor was unable to replace it. When this happened, an immediate operation was necessary if the life of the patient was to be saved. Peritonitis would result in 24 hours if the rupture strangulated or could not be replaced. The old truss was not washable; it caused skin irritations and the dirt which accumulated caused a feverish condition which retarded the healing.

The great number of rupture cases among small children and babies made necessary some method which would eliminate forever the pushing pad, the dangerous operation and heavy steel encircling the body, injuring the delicate nerve centres.

Experiments Bear Fruit

The experiments resulted in the discovery and perfection of the Brooks appliance. C. E. Brooks, a resident of Marshall, Michigan, was ruptured. He was not a doctor, but he was a well educated man. Rupture causes and rupture cures became his hobby and after many years he developed the appliance which now bears his name.

He soon found the deficiencies of the truss—the things it did to retard healing. So he developed an appliance which did everything which the truss

failed to do. With reverse logic he invented the rupture appliance which resulted in the many benefits narrated.

Can Be Washed Daily
His appliance, built scientifically and recommended by physicians and doctors in all sections of the world, lays— not pushes—on the rupture. Small, light, clean, safe and comfortable, its soft velvet-like air cushion of hygienic rubber retains the rupture and at the same time tends to bring the edges of the tear together. The action of the small oval is to gently close the wound, and in this way allow growth. Nature, when assisted, soon repairs the damage wrought in the injured side and the result is relief for the sufferer. The washable, sanitary feature, so necessary if healing is expected and health assured, was incorporated into this new invention.

He eliminated at once all metal springs and hard, unyielding pads. Soft washable material encircles the body and acts as a support for the small oval. There are no features in the newly perfected appliance which do not work for the benefit of the patient. Every movement of the body results in the edges of the wound being brought closer together, reversing the action of the old style which constantly forced the edges of the wound apart.

It is so light, so comfortable that it can be worn even while asleep, so that night and day, asleep or at work, the rupture is being healed.

The Outline Drawing of a section of the abdominal wall, shows the New and Old Way by Which Rupture Was Treated. Until the Present Discovery, a Heavy Pad or Knob Was Used, It Forced Itself into the Rupture Opening, Retaining the Rupture But Making Healing Impossible.

Figure 1 Shows the Rupture, Before the Truss Has Been Applied and Figure 2 Shows the Truss in Place. See How the Edges of the Wound in the Abdominal Wall Are Prevented by the Old Method from Coming Together and How Healing is Impossible.

Figure 3 Shows the Rupture Before the New Healing Appliance is in Place and Figure 4 Shows the New Appliance in Place. Note the Manner in Which the Edges are Drawn Together in Normal Position, by the New Discovery, Allowing the Rupture to Heal.

Thousands Relieved

It is no wonder then that so many people have been healed by this new discovery. A volume of letters began to flow into the offices of the inventor as soon as this method was available. People who thought they were destined to wear a truss all their lives or submit to a dangerous operation, reported benefits in a few months while success with small children were regular occurrences.

To ascertain the truth of the reports of permanent help by the use of the new invention, a check was taken over a period of years and letters written to hundreds who had worn the new device. The answers were amazing—the number of cases healed astounding. Hundreds, literally thousands, torn for years by rupture and weakened by its effects, had gained freedom from all devices by the consistent use of the new invention.

In a letter to the inventors, Mrs. Thomas Scott of 11637 125th Street, Edmonton, Alta., Canada, said:

"One year ago I bought your rupture appliance for my little girl, who was three years old. She is now four and the rupture hasn't bothered her since I put the appliance on.

"I am sure very thankful to you and you may use this letter, as it may help some other worried mother."

An amazing example was reported by C. H. Campbell, a carpenter, 75

years old, living at Freeport, N. S., Canada, who had been ruptured many years. He said:

"I am pleased to inform you that I do not need anything in connection with the appliance, for I have not worn same for the last nine months and consider myself healed of rupture.

"The rupture has not troubled me for the last four years—thanks to you and your invention. It was a God-send to me, for the doctor said there was nothing for me but the knife. I am seventy-five years old and work every day at my trade as a carpenter. You are at liberty to use the above statement in any way you choose."

A brief period healed E. W. Brown of Norwich, N. Y., who states:

"I discontinued wearing my appliance about six weeks ago and am happy to say that my rupture is entirely healed. Was examined by my doctor and pronounced well. Considering my age, 61 years, think this is wonderful work.

"Cannot express to you just how grateful I am, for up to the time I commenced wearing your appliance was miserable every minute."

Steel Trusses Fail

As proof that spring trusses failed to do the work while the more modern Brooks appliance made possible benefits which even a doctor pronounced positive, the letter from Albert Foote, P. O. Box 177, Sterling, Mass., said:

"Gentlemen: I wore your grand rupture appliance for one year day and night, after which I underwent a doctor's examination. He stated I was completely healed. This examination was made in December, 1921, and I haven't worn the appliance since and have had no trouble.

"I suffered from a double rupture and had used spring trusses for six years without help."

A further proof that the benefits are permanent is verified by John Clark, Roan Mountain, Tenn., R. F. D. No. 2, Box 84, who said:

"Your rupture appliance has surely benefited me—I have been well for two years.

"You may use my name and this letter in any way you wish, for I feel very grateful."

A sad case was disclosed when a man writing from Peoria, Illinois, gave

the following statement. His name was withheld out of regard for his grief. It gives a striking example of the dangers of rupture, especially where the old-fashioned spring truss is used. The application of the new Brooks appliance might have resulted in saving the man's life. The letter from his son follows:

"Dear Mr. Brooks: I am returning the rupture appliance for refund, as father died from strangulated hernia the day before it came.

"We tried two years ago to get him to order one of your appliances and cannot help but feel that if he had done as we wanted him to—he would have been spared."

Thousands Benefitted

On file in the offices of the company are thousands of letters, telling of benefits effected by this new invention and many of them full of thanks and gratitude for the treatment which they had always thought impossible or too dangerous to attempt.

So convinced are the people who now make this new invention that it will heal rupture and bring instant relief they will allow a ten-day free trial of the new appliance. In ten days, they believe any rupture sufferer can tell whether or not it is satisfactory in his or her particular case. If it fails to give the comfort that they feel it should it can be returned.

Free Trial

The financial standing of the people who make this newly perfected appliance is above reproach. They give as references, banks, ministers, physicians and express companies in their city or in practically any large city in the entire nation.

"To gamble with rupture," said a prominent scientist, "is to gamble with life, itself. Trusses hamper the wearer, they many times ruin the health of children for life. To secure an appliance, which retains and at the same time assists healing is wonderful and means much to mankind."

To obtain this appliance the readers of this paper can write to Brooks Appliance Co., 914 State St., Marshall, Mich., and it will be sent for free trial. Fill out the coupon below and mail it today. To delay may mean permanent ill health or even worse.

3 DIE, 12 HURT IN DERAILMENT ON MAINE R. R.

One Passenger Coach and Smoking Car Turn Partially Over

CHILD DEAD; MOTHER HURT, DOESN'T KNOW

Accident Occurs on Twenty Foot Bridge East of Machias

CALAIS, Jan. 29—Three were killed and 12 injured about 3 o'clock this afternoon when the Maine Central passenger train leaving Calais at 2 p. m. for Bangor was derailed near Marion Station, 20 miles east of Machias, the passenger coach and smoker turning partially over. The locomotive, baggage car and pullman did not leave the rails. The accident occurred on a 20-foot bridge, two miles west of Marion, a flag-station in an isolated section, between Calais and Machias. The dead and injured were brought here in special trains.

GETS PROMOTION IN POSTAL SERVICE

W. L. Griffith Appointed Inspector For New Brunswick—Succeeds A. Thompson

William F. Griffith of the office of the district superintendent of postal service in Saint John has received official notification from the Postal Department in Ottawa, that he has been appointed as inspector of postal services here and his appointment is to date from Oct. 1, 1925. Mr. Griffith entered the mail service in June, 1908, and was transferred to the office of superintendent of railway mail service in 1918. He has been principal clerk in the inquiry branch of the local office and in addition he has been acting inspector of postal service since the promotion of Alexander Thompson from that office to postmaster at Saint John.

Mother and 2 Children Die As Home Burns

OTTAWA, Jan. 29—A special despatch from Cobalt says: "Mrs. Hermine Cornell and her two children, Roger, 7 1/2 years, and Cecil, 1 1/2 years, were burned to death in a fire which destroyed their home in Brower township, according to information reaching provincial police headquarters here this morning."

Sir Ernest Tronbridge Is Dead At Biarritz

BIARRITZ, France, Jan. 29—Admiral Sir Ernest Tronbridge, who held several important appointments in the British navy during the world war, died of heart failure here last night. He was stricken while dancing. Admiral Tronbridge headed the British Navy Mission to Serbia in 1919 and commanded the allied flotilla on the Danube in 1918.

QUAKE ROCKS BULGAR TOWN; CAUSES PANIC

SOFIA, Jan. 29—Two severe earth shocks took place a few minutes after midnight this (Friday) morning at Goryani schelva, near Tirnovo, the ancient capital of Bulgaria. Many houses were partially demolished and chimneys and walls fell everywhere. The population was in a state of panic, fearing a repetition of the disaster of 12 years ago in the same area, but so far as is known no persons were injured and no property lost.

YARMOUTH'S DELINQUENT TAXPAYERS NAMED

YARMOUTH, Jan. 29—A list of the names of about 650 delinquent taxpayers, whose bills totalled \$9,727.24, appeared in the Telegram this evening. This was a sequel to the action of the last meeting of the 1925 administration for the Town of Yarmouth which was held last evening, with Mayor Kinney presiding, which ordered that the names be published as an advertisement.

BOURASSA FOR MR. JOLICOEUR TELLS HIS EXPERIENCE

Will Vote Against Meighen Amendment—Revives Nickel Export Dispute

OTTAWA, Jan. 29—A new and arresting note, reminiscent of war days, was struck during continued debate on the address in the House of Commons today. Henri Bourassa, independent member for Labelle, in fiery language brought up once more the controversial question of Canada's nickel exports. "Not a German warship could have been finished, not a German cannon could have been hardened to the point of usefulness had it not been for the Canadian nickel controlled by the International Company in which Vickers-Maxim and Armstrong—two of the greatest armament firms of England—in partnership with the Schneiders of France and the great steel industries of Italy and Austria participated in the profit," declared Mr. Bourassa.

"So that every German cannon which was hardened with Canadian nickel and loaded with shells similarly hardened and which helped to kill 60,000 of our sons, brought tremendous dividends to the numerous bishops, lords and members of parliament of England, and drew dividends from the German weapons as well as the Germans did from the English weapons."

MEIGHEN INTERRUPTS

Here Rt. Hon. Arthur Meighen interrupted. "I desire to say from a fairly intimate knowledge of the matter of the export of our nickel and its control the honorable gentleman is grossly misinformed," he said. Mr. Bourassa, however, insisted that all his information on the matter, was secured in London from high officials of the naval department, from gentlemen connected with the department of the chancery of the exchequer, and from people who have traced the capitalization of the armor trust under which all three companies drew their dividends. He declared that the company which imported the Canadian nickel was an American organization but its shareholders were individuals representing various armament firms of England, France, Italy, Germany and Austria.

YOU WANT YOUR CHILDREN TO HOLD THEIR OWN

You want to see them among the leaders at school and at play. You have an honest pride in their success, knowing that leadership in boyhood and girlhood breeds the spirit of ambition that leads to greater success in later life. But children can't hold their own if handicapped by ill-health. The strain of study and outdoor sports must be balanced by extra nourishment which cannot be obtained from the ordinary food but which is abundantly supplied by Father John's Medicine.

MR. JOLICOEUR TELLS HIS EXPERIENCE

Strongly Recommends "Fruit-a-lives" For Kidney Trouble

For years, Mr. Jolicoeur suffered with kidney trouble, headaches, backache, and the heavy, miserable feeling which usually accompanies any weakness or irritation in the kidneys. He tried "Fruit-a-lives" and, in telling the results, his letter says, "After having followed the 'Fruit-a-lives' treatment, I have gained thirty-three pounds and I have been well ever since. I am pleased to recommend 'Fruit-a-lives' to all those who suffer from kidney disease." J. M. Jolicoeur, 318 2nd Ave. Quebec.

"Fruit-a-lives" is one of the wonderful discoveries of modern medicine. Made from fresh, ripe oranges, apples, figs and prunes, it acts directly on the kidneys as well as on the liver, bowels and skin. It can be depended upon to relieve kidney trouble and pain in the back. Sold everywhere, 25c. and 50c. a box.

THE ONE SURE WAY TO GOOD HEALTH

Is Keeping the Blood Rich and Red—Dr. Williams' Pink Pills Make Rich, Pure Blood and Restore Health

Thin, pale people lack the power of resistance to disease that rich red blood gives. Nervous breakdown is the result of thin blood. So is anemia, indigestion, rheumatism and many other troubles. Dr. Williams' Pink Pills for Pale People is the sure way to get rich, pure blood. It is the only blood purifier and nerve restorer. Thousands upon thousands of letters from grateful people have proved the rare value of this medicine. The first effect of the pills is usually to stimulate the appetite; then the spirits revive and restlessness at night gives way to health restoring sleep. For sufferers from anemia, nervousness, general weakness, digestive troubles, rheumatism, or the after effects of influenza or acute diseases, Dr. Williams' Pink Pills are a restorative of the utmost value. If you are weak or ailing give these pills a fair trial and the result is sure to be beneficial.

Every Move Caused Pain. Among the thousands of rheumatic sufferers who have proved the great value of Dr. Williams' Pink Pills is Mr. M. M. Foley, Windsor, N. S., who says: "My trouble started with a bad cold, the result of working in a heavy rainstorm. From that time I developed into rheumatism which badly crippled me and kept me confined to bed for upwards of six months. The doctor who treated me did not help me, and every friend who called to see me had something different to advise. Some of these remedies I tried, but with no results. My legs were stiff from the hips down, and every move I made caused intense pain, and constantly I was growing weaker. Then a friend from Palmouth, who came to see me, asked if I had tried Dr. Williams' Pink Pills. I had taken so much medicine without benefit that I was skeptical and said so. My friend, however, had used so much faith in the pills that he got me to give them a trial. I began to feel better and to please him I began taking them. I had not been taking them long before I began to feel a change for the better. I was able to get out of bed and walk around on my own feet. I was taking the pills in all seventeen boxes, by which time I was a well man and at work every day. Now I always keep a box of Dr. Williams' Pink Pills in the house and if I feel an ache or pain I take them, and always with good results. I believe I would still be a bed-ridden cripple but for these pills, and I shall always praise and recommend them."

PLAYGROUNDS YEAR GOOD ONE

Boys Have Collected \$700
Toward Cost of New
Building

F. T. Lewis Re-elected President—Review of Year is Given

Frank T. Lewis was re-elected president of the Saint John Playgrounds Association at the annual meeting held on Thursday night at the Health Centre, when very satisfactory reports of the work of the year were submitted. There was some discussion with reference to proceeding at an early date towards obtaining a building for the East End Boys' Club. The boys themselves have held entertainments from time to time and in the course of the last few years have accumulated \$700 as a building fund. L. M. Farquhar, secretary, reported the Association had been granted \$4,000 by the city in January, 1925, and later had been granted an additional \$800 for the Rockwood Park-Allison grounds. He referred regretfully to the removal from the city of W. K. Haley, past president, and the illness of A. M. Belding. Mrs. George Dohart, was absent

through illness, and her report showed a balance of \$460. The supervisor, Miss E. Heffer, reported that the six summer playgrounds had an average daily attendance of 1,078 in July and 814 in August. At the East End Boys' Club this winter the enrollment was 165 and the ages of the members varied from 9 years to 20 years, the nightly attendance varied from 80 to 110. Mr. Griffiths, the physical instructor, was doing excellent work and the older boys were assisting. Gratitude was expressed for the services of the Leaders' Corps of the Y. M. C. A. twice each month. Entertainments arranged included three community socials, several picture talks and treats for the juniors, weekly visits to the Y. M. C. A. and the annual Christmas treat provided by the Rotary Club.

KEN COMPETITION.

The boys of the East End Club, Miss Heffer said, were entering very keenly into competition with the boys of the South End for the silver cup for athletics which was donated by H. Mont Jones and Dr. H. L. Spangler. During the summer the Association built a new fence around the Allison grounds and conducted a field day for girls and a field day for boys. At the Saint John Exhibition there was an excellent display of craft work of the children of the playgrounds. Mr. Lewis gave a brief summary of the association's work for the year and told of having submitted an application for a grant of \$4,700 to the Common Council. The election of officers resulted as follows: President, F. T. Lewis; vice-presidents, first, J. H. Hamilton; second, Mrs. J. E. Doody; treasurer, Mrs. George Dohart and secretary, L. M. Farquhar.

T. FRED MILLER IS MADE NEW MANAGER

Appointed to Take Charge at Seamen's Institute—Will Start Monday

T. Fred Miller has been appointed manager of the Seamen's Institute and will enter upon his duties on Monday. The managing committee of the Institute confirmed the appointment at a meeting yesterday afternoon and was well pleased at being able to secure for the responsible position a man so well qualified as Mr. Miller, who is well known throughout the city. He has had much experience in philanthropic and social service work of the kind that the Institute carried on so effectively for many years. Mr. Miller is a resident of the North End of the city and is a member of the Main Street Baptist church. He has been well recommended. C. B. Allan, one of the directors of

This Unit-Built Studebaker at a One-Profit Price—\$1650

or on easy time-payment plan if you prefer

TODAY, no car in the world offers the purchaser such fine quality and great value at such a low price.

That is because of five Studebaker factors which make possible these fine cars at prices so low that most competitive cars cannot even approach them.

In your own interest, note them:

1. **Studebaker Stability** . . . \$100,000,000 in net assets, free of bonded debt and bank loans centered on the economical manufacturing of quality cars—assurance that no Studebaker will ever become an orphan.

2. **"No-Yearly-Models"** . . . which cuts depreciation to a minimum. Studebaker cars are kept constantly up-to-date.

3. **Intrinsic Worth** . . . Due to Unit-Built Construction—a factor which makes Studebakers stay sold because they render outstanding service. Being designed and built as units, Studebaker

cars function as units . . . their hundreds of parts are perfectly co-ordinated; thus scores of thousands of miles of excess transportation are built in.

4. **One-Profit Prices** . . . Only Ford and Studebaker manufacture cars under the One-Profit policy. No other makers have adequate facilities for making all bodies, all engines, all clutches, all gear sets, springs, differentials, steering gears, brakes, axles, gray-iron castings and drop forgings. This One-Profit policy obviously increases the equity of every dollar invested in a Studebaker.

5. **Re-Sale Value Maintained** . . . because of the popularity of Certified Studebakers sold under the famous "Studebaker Dealers' Pledge" on used car sales.

These five factors constitute the basis on which Studebaker is justified in providing liberal credit at low rates for the buyers of its cars.

This low-cost credit is placed at your disposal by all Studebaker dealers and may be used in the purchase of any model Studebaker that you may select.

World's Most Powerful Car of Its Size and Weight

At lowest price ever placed on an enclosed car by Studebaker

BASED upon the rating of the N. A. C. C. and the Society of Automotive Engineers, the Studebaker Standard Six is the most powerful car of its size and weight.

The most popular car in the Standard Six line is the Coach—the lowest priced enclosed car ever offered by Studebaker.

In the Standard Six Coach we use northern ash and maple in the body construction—the same as in our Big Six models.

This Standard Six Coach is an unusually comfortable car. Seats are restfully deep and full width, with extra springs and 1½ inches of genuine curled hair in the cushions. It has genuine full-size balloon tires, for which steering mechanism and fenders have been especially designed.

In addition, there's a gasoline gauge on the dash, an 8-day clock, automatic windshield cleaner, rear-view mirror, ash receiver, cowling ventilator, stop light, dome light, tire carrier locked by the same key that locks door and the splendid coincidental lock to ignition and steering wheel. Spark control is automatic and there's a safety lighting control on the steering wheel.

Studebaker Standard Six Coach

\$1650

Assets of Kings County Are \$97,009 More Than Liabilities, Auditor Reports To Council

HAMPTON, Jan. 29.—The report of the auditor, C. T. Wetmore, for the year ended Dec. 31, read to the Municipal Council of Kings county at its annual meeting this week, showed a favorable financial standing for the county.

The statement of assets and liabilities is as follows:

ASSETS.

Estimated value of County Court House \$ 40,000.00
 Estimated value of County Jail 15,000.00
 Estimated value of County Almshouse and Farm 23,000.00
 Estimated value of County Meadows 6,100.00
 Amounts due from parishes on prior assessments 5,380.00
 Cash on hand Dec. 31, including uninvested sinking funds 33,071.36

Total assets \$122,751.44

LIABILITIES.

Amount of County indebtedness due early 1926 \$19,000.00
 Bonded indebtedness \$13,600.00
 Less invested sinking funds 6,857.89

Total liabilities \$26,742.11

The statement shows a surplus of assets above liabilities of \$97,009.33 which, the auditor said, would compare very favorably with that of any other county in the province. In addition to the invested sinking funds, there is \$42,223 on hand to the credit of sinking funds. This is included in the cash balance shown above.

WEAR SMALL HAT SQUINT, SAYS M. D.

Predicts That Tiny Turban Will Soon Give Way to Larger Headress

NEW YORK, Jan. 30.—(A.P.)—Women who wear brimless hats squint, said Dr. Charles Collins Francis, speaking at the convention of the Retail Milliners' Association of America. Squinting, he explained, wrinkles the face and hardens the muscles, therefore, if she is to save her face, milder must don the broad brimmed bonnet. He predicted a revolution in women's millinery, the small hat yielding to the large. Expressing his ideas on the harm-

ful effects of the "universally popular small hat," Dr. Francis said: "It exerts pressure on the delicate circulatory structure of the head. This interferes with the circulation around the forehead and results unquestionably in skin starvation and coarseness of the skin."

IS NEW POSTMASTER AT EDMUNDSTON

EDMUNDSTON, Jan. 29.—Arthur Cyr, lawyer, of Edmundston, has been appointed postmaster here, succeeding Miss Hart, who held the position for many years but who was compelled by ill-health to resign. Mr. Cyr is a graduate of Dalhousie Law School, Halifax. The new post office is to be opened on Feb. 1. It is one of the finest post office buildings in Eastern Canada, being fully equipped with all modern improvements.

MAINE SPUD MART CONTINUES DULL

FORT FAIRFIELD, Me., Jan. 29.—The Aroostook potato market remains rather dull, as for the last two or three days prices sticking at \$3.85 to \$3.90 per hundredweight, or \$6.25 a barrel for Green Mountain No. 1's, cash at loading stations, without much stock offered.

Hospital Work Of Red Cross In The City

A meeting of the hospital committee of the Red Cross was held yesterday at the depot, Mrs. L. P. D. Tilley in the chair. Others present were Mrs. G. E. Barbour, Mrs. W. A. Harrison, Mrs. E. R. Taylor, Mrs. F. B. Ellis, Mrs. J. H. Doody, Mrs. W. F. Bonnell, Mrs. C. B. Allan, Mrs. W. H. Shaw, Mrs. M. E. Lawrence, Mrs. Frank Fairweather and Miss E. Jarvis.

The reports of the various committees were given. Mrs. E. R. Taylor reported for Lancaster Hospital. Mrs. W. H. Shaw for East Saint John hospital. The Junior Red Cross and the depot had assisted in contributing an outfit towards a soldier's child, and thanks were due Mrs. Robinson and Mrs. L. P. D. Tilley for cards. Mrs. Bonnell reported having purchased 5,000 cigarettes, and Mrs. C. B. Allan reported having ordered a wreath in memory of Fred Buckingham, who had passed away. Mrs. Frank Fairweather reported that an entertainment had been given in Lancaster Hospital by the Mission Church, assisted by the orchestra from the Church of the Good Shepherd.

Mrs. Doody reported that during the month there had been seven drives and 26 soldiers participating. All officers and conveners were re-appointed for the coming year, with special votes of thanks to Mrs. Barbour and Mrs. Harrison. The following names were added to the general committee: Mrs. L. F. Longley, Mrs. H. S. Vrooms, Mrs. Usher, Westfield; Mrs. Royden Thomson, Rothessy. A discussion of ways and means arose, as the Provincial Red Cross had been obliged to limit the allowance.

AUDITORS' REPORT TO SHAREHOLDERS

We report to the Shareholders of The Dominion Bank:—

That we have audited the above Balance Sheet as at December 31st, 1925, and compared it with the books and vouchers at Head Office and with the certified returns from the Branches. We have obtained all the information and explanations that we have required, and in our opinion the transactions of the Bank which have come under our notice have been within the powers of the Bank.

In our opinion the Balance Sheet discloses the true condition of the Bank and is as shown by the books of the Bank.

FIRM UNDERTONE IN WALL STREET TODAY

Oils Again in Good Demand and Rail Group is Popular

MONTREAL, Jan. 30.—Brazilian traction continued its climb at the opening of trading on the Montreal Stock Exchange this morning. This issue came out with an overnight gain of a half at 89 1/2.

National Breweries also came in for considerable attention during the first

half hour and registered an advance of a half at 89 1/2. The balance of the list was moderately active and steady to a shade stronger. Brompton sold up one-eighth to 29 1/2. Abitibi was up a half at 81 1/2. Loyall at 25, was up three-quarters, and Spanish River eased a half at 166 1/2.

IN WALL STREET
 NEW YORK, Jan. 30.—Stock prices displayed a firm undertone at the opening of today's market. Oils were again in good demand, Pan American B opening 1 1/2 higher. Good buying also was noted in the rail group, but most of the initial gains were small.

What Chance Did a Bachelor Have for \$1000 Prize?

"Twas a Wife Who Tipped Her Husband Off To Winning Name For Hi-Heat Coal—Another Wife's Idea Was Nearest to Winner

The result of the Consumers Coal Co.'s \$1,000 Contest for an individual name for the best grade of Coal sold in Saint John showed that all the brains seem to belong to married folks. Would Mr. Norman Moore have won out if he were single? Rightly enough it was Mr. Moore himself who found through his furnace that this class of Welsh Coal was ALL HEAT. But remember it was his good wife who made a test of her own—and when she saw the kitchen range red all over with the drafts shut—SHE said "High Heat." Mrs. Moore said further—"that it's real name—High Heat—put that name in the contest."

So Mr. Moore spelled it "Hi-Heat" to conform to the latest patent laws that forbid the registration of words spelled exactly as in the dictionary. And he won the \$1,000 for the best name to protect the public in ordering with safe accuracy the best heat value in Hard Coal.

Extra Heat Value

Somebody else—another wife—entered "Hi-Heat." That was a close call for you, Mr. Moore. In fact hundreds of names entered emphasized the great heat in this highest heat value Coal. Most of them were from married folks.

Which also shows how smartly the women and their husbands recognize the EXTRA HEAT VALUE in Hi-Heat Coal. No coal shows a higher heat power in scientific tests. None shows a higher heat value by popular judgment. None shows less ash to the ton. No wonder therefore it got its name—Hi-Heat Coal. No wonder its long lasting character makes it the winning combination in Coal.

For range or grate, feeder or furnace there's a size of clean Hi-Heat Coal to give you what you've been looking for. And it sells at but \$16.50 Cash, city sluiced delivery. Get the grade you want—ordering safely by this name only from

Freed from suffering

An ex-alderman of the City of Hamilton got permanent relief from kidney afflictions by taking Gin Pills.

"I have been unable to rest at night with pains around my kidneys and through the small of my back, at times so bad that I was unable to rise from bed without assistance. The trouble so affected my kidneys that urination was at times difficult, and at other times so frequent as to cause me great inconvenience. I started on a course of Gin Pills and before I had taken half a box I felt relief. Before I had completed the second box the pains had left my back and I felt quite restored and well again. I attribute my present excellent health entirely to Gin Pills."—J. S. Lillis, Hamilton, Ont.

YOU, too, can obtain release from suffering by using Gin Pills. Lame back, distressing headaches, bladder weakness, and swelling in the limbs, can be traced to kidney derangement. Gin Pills restore the kidneys to normal action and promote health by filtering the blood stream and helping the system to expel poisonous matter.

Don't delay. Buy a box of Gin Pills to-day and achieve good health as thousands of others have done.

At All Druggists 50c A BOX National Drug & Chemical Company of Canada, Limited, Toronto, Canada.

- The Warnings: frequent headaches, pains in the back, loss of appetite, dizzy spells, difficult and painful urination, sleeplessness, swollen joints and muscles. The Causes: congested and inflamed kidneys, poisoned blood stream. The Remedy: GIN PILLS, They heal the kidneys, They ensure purified blood, They ward off serious ailments, They promote buoyant health.

8 p.m.—Solemn vespers. Panegyric by Rev. J. O'Reilly, D. D., Eudist. Veneration of the relics.

4.30 p.m.—Entertainment by the children of the home, benefactors and friends.

Te Deum Laudamus. It is announced that on this solemn occasion the doors of the cloister will be opened and the Sisters would gladly be able to welcome everyone but they must reluctantly restrict their invitations to a very limited number of persons.

IN MARKET TODAY

Business Brisk This Morning—Prices Much as on Last Saturday

In the country market this morning business was quite good. Prices were changed very little from last week. Beef was a little higher at 14 to 40c. Pork sold at 28 to 32c. Lamb, 20 to 38c. Veal, 15 to 20c. Sausage, 23 to 28c. Beef tongue, 25 to 30c. Ham, 40 to 45c. Bacon, 30 to 35c. and rabbits, 45 cents a pair.

Supplies of poultry were not very large. No ducks and few geese were in evidence. Chickens sold for 80c.; fowl, 35 to 40c.; turkey, 50 to 60c., and geese, 35 cents. Fresh extra eggs brought 55 cents a dozen, with fresh firsts at 50c., and storage at 45c. Dairy butter sold for 45 to 50c., and the creamery product was offered at prices from 50 to 55c. per pound.

There was a great display of imported and native vegetables in one store this morning. Fresh rhubarb has appeared on the market and is selling for 25c. a bunch. The following are the retail prices of the vegetables: Potatoes, 4 to 5c. per pound; turnips, 2c.; carrots, 4 to 5c.; squash, 8c.; cabbage, 6c.; lettuce, 10c. per head; Iceberg lettuce, 20c.; celery, 25 to 35c.; cauliflower, 50 to 60c. each; onions, 8 to 10c. per pound; beets, 4 to 5c.; tomatoes, 50 to 45c.; peppers, 40c.; mushrooms, 81 radishes, 10c.; Brussels sprouts, 50c.; spinach, 50 to 35c.; and apples, 50 to 70c. a peck.

SAD NEWS RECEIVED

Word of Death of Brother Comes to Mrs. George Collins

Mrs. George Collins of Sandy Point road, this week received the sad news of the death of her brother, Charles Malcolm MacLean, which occurred in Dorchester, Mass., after a month's illness, following an operation for appendicitis. Mr. MacLean, who was in his 81st year, was a son of John E. and the late Robina MacLean, of Halifax. He leaves to mourn, his wife, who before her marriage was Miss May Kiddy of Halifax; two little daughters, Viola and Dorothy; his father, stepmother, six sisters, Mrs. S. A. Boutillier, of Ingramport, N. S.; Mrs. Eugene MacLean, St. Margarets Bay, N. S.; Mrs. Frank Hennessey, Mrs. William Keating, Miss Winnie MacLean all of Halifax, and Mrs. George Collins of this city, and two brothers, James of Vancouver, B. C., and Edward of Roxbury, Mass. Burial took place in Boston.

Deaths Number 8 And Births Are 24

Only eight deaths were reported in the city for the week just ended, while the births recorded number 24. The deaths occurred from the following causes: Myocarditis 2, and diabetes, inanition, malnutrition, enterocolitis, pituitary tumor and pulmonary tuberculosis, one each. Of the new citizens added to Saint John, 11 are boys and 13 girls.

A. O. H. GARDS The weekly card party of the A. O. H. Ladies' Auxiliaries, held last evening in their rooms, Union street, was well attended and all spent an enjoyable evening. The prize winners were Ladies, first, Miss G. Campbell, second, Mrs. McIntyre; gentlemen, first, J. Cullinan; second, James Walsh.

PRESENTATION Wilfrid R. Tiplady, of the composing room of the Globe Publishing Company, will leave on Monday evening for a theatre in Cincinnati, where he was made the recipient of a fountain pen by his associates this morning, coupled with their good wishes for his future success.

PANTRY SALE HELD St. Monica's Guild of the Mission Church St. John Baptist, held a very successful pantry sale this morning in the lobby of the Venetian Gardens. Mrs. Garfield Stevens was the general convener, and was assisted by an efficient committee from the guild membership. The proceeds will be added to the society's fund.

W. HOWLAND INJURED The Cincinnati Times-Star, in a recent issue reported that Win. Howland, vaudeville singer, was injured in a theatre in Cincinnati, when a revolver which he uses in his act was accidentally discharged tearing a deep and jagged wound in his finger. Mr. Howland is a brother of Rev. Miles P. Howland, pastor at Kingsclear and formerly at the Cathedral in Saint John.

FORCING THE SEASON A group of boys playing marbles in Elliott row at the noon hour projected the thoughts of observers into the glorious days of spring and summer and brought up pictures of merry streams, of fishing rods and the delight of the theatre in Cincinnati, when a revolver which he uses in his act was accidentally discharged tearing a deep and jagged wound in his finger. Mr. Howland is a brother of Rev. Miles P. Howland, pastor at Kingsclear and formerly at the Cathedral in Saint John.

SOCIAL AND SEWING. The auxiliary of the Loyal True Blue Association met last evening at the home of Mrs. Lillian Clark, Dorchester street. Much sewing was accomplished and a social hour spent. Mrs. Arthur Brown acted as hostess in serving dainty refreshments. Those present were Mrs. H. Brown, president; Mrs. C. Sweet; Mrs. E. Reid; Mrs. M. L. Paterson; Mrs. Ada Glass; Mrs. M. Kirkpatrick; Mrs. Albert McKinnon; Mrs. H. Geldert; Mrs. W. Totten; Mrs. A. McLeod; Mrs. J. Marr and Mrs. G. Bridger. The next meeting will be held at the home of Mrs. M. L. Paterson, Broadview avenue, city.

OFFICIAL RETIRES. Baggage Master William J. Kelly of the C. N. R. report will this afternoon, after 20 years of service, retire in the same position. His successor will be appointed by the plan incorporated in the Canadian Brotherhood of Railway Employees' agreement as agreed upon by the Government, namely, through advertisement. The vacancy will be posted in an appropriate newspaper. Kelly, for a period of years, will direct the baggage-room activities.

BIRTHDAY PRESENTATION. In honor of the birthday of Miss Atlanta Sollows, a pleasant party was given at the home of Mrs. E. D. Starkey, 160 Duke street, last evening. Only a small gathering of friends, on account of recent bereavement in the family of the hostess. What was played and the prize winners were Miss Dorothy McPhee, first, and Miss Mary Elexier, second. Bridge was also played and there were pleasing musical numbers and dainty refreshments were enjoyed. A special feature of the evening was the presentation of a mahogany card table to Miss Sollows as a memento of the day and an expression of the good wishes of all that will have many more happy birthdays.

BEAUTIES, ATTENTION! Galveston, Texas, figures on staging what a circular letter grandly entitled 'International Pageant of Pulchritude' in May next and wants Saint John to send a representative beauty. This time the representative maiden contest will include Cuba and Mexico or any other part of the world that may care to send a candidate. The letter that reaches Saint John urges that a girl be sent from this section. The program includes a rolling-chair parade on Seawall Boulevard, beauty pageant in Menard Park, grand ball in the Garden of York, etc. The first prize is \$2,000 and a silver plaque denoting 'the beauty queen of the universe,' second prize \$1,000, and third, \$250. There are then nine \$100 awards. From the look of the illustrated circular being broadcast the contest will be one of the talking-girl type, something in which Saint John has not yet shown any anxiety to compete.

A CORRECTION In Thursday's issue of the Times-Star it was incorrectly stated that a meeting of the creditors of Louis Urdang had been held. This should have read Julius Urdang. The Canadian Credit Men's Association was appointed trustee and instructed to dispose of the assets to the best advantage. The Times-Star sincerely regrets this error in names and wishes to take this opportunity of assuring the public that Louis Urdang is still doing business at the old stand, Union street.

MONTH GOOD IN BUILDING WORK

Permits Show Increase of Nearly \$100,000 Over Year Ago

Harbor Revenue For January Also Shows Gain Over Corresponding Month

The building report for Saint John for January 1926 shows a greatly increased activity in the building trades over the same month of 1925, the value of the permits issued being nearly \$100,000 larger than they were last year. This month there were issued five permits for a valuation of \$105,760, while in the corresponding month of 1925 only one permit was issued, with a value of \$6,000. Permits were issued this month to the following: J. Clark & Sons, Gorman street, stock room, \$1,200; city of Saint John, Carleton City Hall, \$17,400; Dominion Government, Old Post Office, \$80,000; East Saint John Building Co., remodelling building Clarendon street, \$3,000; Christie Wood Working Company, Albion street, warehouse, \$4,000.

HARBOR FIGURES UP. The Saint John harbor revenue for January 1926 is \$1,672.99 in excess of the amount received for the same month of 1925 and the harbor master said this morning that prospects for February were good, as a large number of steamers were expected. The revenue for 1926 was \$24,826.18, and for 1925 it was \$23,153.29.

INSPECTORS GET DISMISSAL WORD

New Men Will go on Duty in Saint John on Monday

Official notice of dismissal to take effect on Jan. 31 was received through the mail today by three local prohibition inspectors, Alexander Crawford, Fred Killen and Frank Garnett, from Chief Prohibition Inspector W. L. McFarlane. According to the notice received, the recommendation for their dismissal was passed by an order-in-council on Jan. 11. The new members of the prohibition staff will take up their duties on Monday, Feb. 1, it was learned this morning. The new members are the same as already forecast by The Times-Star—William Case, who, it is understood, will take Mr. Crawford's position; Harry Pike, J. McGrath and John J. Hughes. Inspectors Chas. Gorman and George Armstrong remain on the staff. No change was made in the county staff; it was said this morning.

EIGHTY GIRLS NOW IN HOME IN TRURO

Rev. H. A. Goodwin Attends Annual Meeting of That Institution

Rev. H. A. Goodwin has returned from Truro where he had been attending the annual meeting of the Board of Directors of the Maritime Home for Girls. He said the meeting had been well attended and the reports submitted were most encouraging. At present 80 girls were at the home. An interesting feature of the meeting was the presentation of a gold medal to the girl who had the best deportment record for the year. Rev. R. W. Ross, D. D., Halifax, is president of the directors and Rev. Mr. Goodwin is the Saint John representative on the board. Mr. Goodwin said the official opening of the Inter-Provincial Home for Young Women, located at Coverdale, N. B., would be held on Tuesday of next week and the public were invited to inspect the building on that day.
