British Premier Defies Opposition; Denounces Communism

FOR TRAFFIC PROMISES ST. JOHN

MACDONALD MAKES GENERAL ELECTION ALMOST CERTAIN

Is Cheered Wildly When He Predicts Victory at the Polls.

DEFENDS LABOR

Says That Work of Reducing Tax Burden Will be Continued.

BY LLOYD ALLEN (United Press Staff Cor.)

London, Oct. 7.—Defying the opposition and Liberal tactics, Premier MacDonald probably made certain a general election by his speech today before the first Labor Party conference since Labor came into power.

"I should not complain, if a challenge came on vital issues," MacDonald said, "but the Liberal proposal to investigate Editor Campbell, (a communist charged with sedition, proceeding against whom were dropped by the Government), is in the spirit of medieval crookedness and torture."

The Government is not to be censured, the Premier continued. "It is only to be insulted. It is not to be executed; it is merely to be put upon the rack."

"The opposition mistakes their men. We shall surrender nothing. If there is an election, the responsibility for it is not ours."

When MacDonald predicted a victory at the polls, he was wildly cheered. The convention passed a resolution congratulating the Premier on his achievements, and promising almost support, in event of an election.

Convention officials intimated that Macdonald's insinuation that the Communists would be ruled out of office.

Denounces Communism.

This was made even more plain when MacDonald defended the Anglo-Russian treaty, but repudiated Communism, denouncing it as "distasteful."

"Communism is a mischievous stirring up of strife," he said, "whereas the Laborites propose a democracy of freedom and progress. Communism is a product of Capitalism and war, and we shall have nothing to do with it. Unless we are prepared to engage in a crusade against Communism, we might as well put up our shutters."

The speakers' platform resembled the ministerial bench in the House of Commons inasmuch as nearly all the members of the cabinet were present.

Premier Is Cheered.

When the Premier took the platform he was met by a burst of applause. He began his address by defending the accomplishments of the Labor Government.

"We did not enter office hoping to create a new world by agitation," he said, "but we do believe we have created a new spirit in which the old world is showing a new response."

"We are beset on all sides with demands that the unemployment bill be miraculously cured. They are not cured, but no government has done more than we have."

"We have reduced sugar duties, and have otherwise removed from the classes £20,000,000 annual tax burdens. This good work will be continued."

"I believe that some progress has been made toward world peace, and I am hopeful of the Dawes plan."

Rests Both Movements.

The Premier confirmed the overnight indications that the Government purposes resisting both the vote of censure advanced by the Conservatives and the Liberal amendment proposing an inquiry into the circumstances under which the sedition charges against a communist editor were recently abandoned.

N. S. College Head Will Be Honored

London, Oct. 7.—At the special convocation in connection with the formal opening of the new building of the University of Western Ontario an honorary degree will be conferred on President A. S. Mackenzie, Dalhousie University, Halifax.

Fights Son

DO NOT VOTE FOR MY SON

Father will oppose son in the campaign for the United States Senate in Minnesota this fall. Mrs. Birmingham, independent candidate on a base and wine platform, has found that his most bitter opponent—politically—is his own father, the Rev. Thomas C. Birmingham of Millbrook, Neb. The Rev. Mr. Birmingham has addressed a letter to the voters of Minnesota asking that they defeat his son.

QUEBEC PUTS A BAN ON ONE-MAN CARS

City Council Gives Power Company One Month to Remove Them.

Quebec, Oct. 7.—(Canadian Press)—The City of Quebec, through its special committee, composed of all the aldermen and the mayor, has given the Quebec Power Company one month in which to remove all one man cars, now in operation in the city in circulation.

Shenandoah Starts On Long Journey

Lakehurst, N. J., Oct. 7.—The U. S. naval dirigible Shenandoah started on a round trip cruise to the Pacific coast at 10 a.m. today. Rear Admiral W. A. Moffat, in charge of navy aeronautics, was on board. She headed south, with Wilmington, Delaware, as the first city on her route. The dirigible will fly to Seattle.

Wire Briefs

Tours, France, Oct. 7.—(United Press)—"No change" was today's bulletin from the sick room of Anatole France, who is in a state of coma, with death believed near.

Edmonton, Alta., Oct. 7.—Hon. Charles W. Cross, at one time attorney-general of Alberta, has been nominated as Liberal candidate in the new federal riding of Athabasca.

Quebec, Oct. 7.—Mrs. Alfred Corveaux, who sustained a fractured skull early Sunday morning when she jumped from a third floor window during the course of a fire at her home, died last night in the hospital here.

Livingstone, Rhodesia, Oct. 7.—The members of the Empire Parliamentary delegation are returning to Great Britain on the next boat in response to an urgent summons owing to the imminence of a general election.

ANTICIPATE HEAVY BALLOT TODAY IN NORTHUMBERLAND

Fine Weather and Keen Interest Expected to Bring Out Vote.

WOMEN ARE ACTIVE

Copwds About the Polls are Good-Natured—No Sign of Bitterness.

(By Times-Star Staff Correspondent) Chatham, Oct. 7.—Perfect weather shines on Northumberland today and a heavy vote will undoubtedly be polled in the federal by-election. When The Times-Star representative visited the town hall here during the polls opened he found a line of cars ready for service. Votes were being polled rapidly and the workers for both parties were very busy. Both Mr. Snowball and Mr. Hickey were on hand, greeting the electors.

A notable feature was the presence of young, alert and very business-like members of the Women's Liberal Association, who with care at their disposal were looking after the women voters. Each member had her book and pencil and the manner in which they did their work might well make the men envious.

Among the early women voters was an aged lady who walked with a cane and another who came on crutches. An old timer says he never saw so much interest in the voting so quiet and so good-natured and there is not a sign of bitterness. From the place comes word of an equally keen interest and the glorious weather favors a large vote.

Premier Venlo, who delivered three speeches last night, left early this morning for Rogersville and will go to Fredericton. Hon. Mr. Murray left for Ottawa last night.

GOVERNMENT WILL MEET WEDNESDAY

Education Board Also to Hold Session—Deaths in York.

(Special to The Times-Star) Fredericton, Oct. 7.—The provincial government will meet here on Wednesday in regular monthly session. The Board of Education is to meet in connection with the meeting of the government, probably on Wednesday.

Dr. W. S. Carter, chief superintendent of education, is to be absent from the board meeting. He is to attend the meeting of the Kings and Queens Counties Teachers' Institute at Sussex and the meeting of the Teachers' Institute of Albert, Westmorland and Kent Counties. Dr. Charles Swain Thomas of Harvard University is to speak at each institute.

Dead in Capital

Mrs. Jessie Minto, widow of William Minto, Sr., died this morning at the home of Mrs. Walter Burnham, 327 Woodstock road, after a lingering illness. She was aged 86 years. Surviving are one son, William, of Montreal, and one daughter, Mrs. John F. Doherty of Springfield, N. B. The funeral will take place Wednesday afternoon with services in the home at 8 o'clock by Rev. F. H. Holmes. Interment will be in the Rural cemetery.

Mrs. Laura E. Jewett of Kingsclear died last night at her home in Kingsclear, aged 89 years. Death was sudden. One son, Morris, at home, survives, also her husband and parents, Mr. and Mrs. James Morris of Kingsclear. Also surviving are a brother, Joseph Morris of Kingsclear, two sisters, Mrs. James Stockton, California, and Mrs. Jessie Kitchen of Kingsclear.

York County Court

The York County Court met this afternoon for October sittings. Several cases are entered in the civil docket. The case of John A. Howell, charged with uttering a forged check, is in the criminal docket. Harold Broad held for trial for breaking and entering is not here, having been on bail. His case probably will be dropped.

Both Contestants Wounded In Duel

Buenos Aires, Oct. 7.—(United Press)—Minister of Agriculture, Lepretton, former ambassador in Washington, and Deputy Diego Luis Molinari, were both wounded slightly in a duel with sabres here early today.

The duel grew out of a political quarrel, resulting from a letter written by Molinari, criticizing the minister of agriculture and his assistants.

Three of Lepretton's friends have also sent their seconds to Molinari, and will fight a duel with him.

Today's Line-up

The probable line-up for today's world's series game will be—

WASHINGTON: NEW YORK: Liebold, C.F. Lindstrom, 3B. Harris, 2B. Frisch, 2B. Rice, R.F. Young, R.F. Gault, L.F. Kelly, 1B. Judge, 1B. Meusel, L.F. Bludge, 3B. Wilson, C.F. Peck, S.S. Jackson, S.S. Ruel, C. Gowdy, C. Morigridge, P. Barnes, P.

RUM-RUNNER LIMPS TO HALIFAX HARBOR

Catherine Mary, With 9,000 Gallons Alcohol, Had Week of Hardships.

Halifax, Oct. 7.—In an exhausted condition after manning the pumps of her vessel continuously for a week in order to keep her afloat, the crew of the rum-running schooner, Catherine Mary, piloted their damaged vessel into Halifax harbor yesterday afternoon. She carried a cargo of 9,000 gallons of alcohol.

Battered about by a heavy gale which struck her while the lay off the American coast, the schooner was partially damaged when a heavy section of drifting timber struck the vessel and set her leaking as well as breaking up three blades of her propeller. The ship made water rapidly, necessitating the manning of the pumps by the crew continuously in order to keep her afloat. Unable because of her contrary hand cargo to make a return port, the Catherine Mary was forced to head for Halifax, which port she finally made after a week of severe hardships.

P. E. I. TEACHER IS BEATEN IN SLEEP

Nephew, Awakened, Summons Aid—Neighboring Farmer is Suspected.

Charlottetown, P. E. I., Oct. 7.—Rhiel Tanlon, teacher in Summerside school, who lives alone on his farm at St. Eleanor, was beaten over the head while asleep Sunday night and was discovered some time later by his little nephew who was spending the night with her and was awakened by her screams. Miss Tanlon was able to tell the police for her father, Tanlon of Summerside before she became unconscious. Her skull is injured, her knees were broken. This morning she was removed to the Prince County Hospital and hopes are held out for her recovery.

Claims Perpetual Motion For Clock

Paris, Oct. 7.—A French inventor, pioneer in exhibiting a "perpetual motion clock" after 36 years of effort. The instrument, if it can be so called, weighs a ton and comprises 12,000 pieces. It is four metres high, two metres wide and has a depth of three metres. There are six secondary hands to mark the time in London, Berlin, Strasbourg, Havana, Petrograd and York.

There is a movement on foot here to have the invention examined by the Government, not only that the principle may be utilized if his claims are proved, but so that he may be properly compensated for his efforts.

N. S. Premier Is In Halifax Hospital

Halifax, Oct. 7.—Premier Armstrong, who has been in hospital here since Saturday undergoing treatment for an infected injury which had been causing swelling of the wrist and arm, was reported late last night as resting comfortably. The Premier's condition is not regarded as serious.

Times-Star Will Tell Ball Game Story

The Times-Star service in telegraphing the world series baseball reports in detail as the games progress has apparently been much appreciated by the fans eagerly following the classic struggle of the Senators and the Giants.

This service will be given today and on each other day of the series. Play by play, the story will be told from the beginning to the end of the game by the Times-Star news room.

All interested are invited to enjoy this service. The news usually begins to come over the wires to this office about 10 o'clock.

THE PENDULUM OF FAVOR NOW SWINGS TOWARDS GIANTS

Baseball Writers Say Senators Must Tighten Up Infield to Win.

TODAY'S CONTEST

Perfect Autumn Weather Prevails for Second New York Game.

New York, Oct. 7.—Clear skies and an autumn tan in the air gave assurances of excellent weather conditions today for the second game of the world series to be played on the home grounds of the Giants.

The army of baseball writers engaged in following the World Series have turned almost en masse from their leaning toward the Senators and are now predicting a Giant victory, following the 6 to 4 triumph of McGraw's team yesterday.

"We have evidence against large following syndicate which authorities in the National League charge in the fourth game today. Morigridge will start for Washington, with Ogden in reserve."

And if these two fall to stop the advance of New York, Walter Johnson will rally his mates in a last ditch stand.

Today's battle, with uncertain tides in the box may easily develop into another loose contest similar to that of yesterday, in which the defensive work of New York behind its wobbling pitchers excelled that of the Yankees, but behind their solid bootleggers in the U. S. and Canada, and there is also a Canadian bank which was used in this case. One of the officers of this bank may be arrested.

Federal officials waited today on Washington for extradition papers for the Canadian banker, who is to be the backer of the alleged \$1,000,000 syndicate operated by the Frederick B. with the exception of two men from the U. S. who claimed they were engaged as super-cargoes.

The search for men financially interested in what the dry agents said was a \$10,000,000 smuggling syndicate, New York, Montreal and London in three main points of interest. A Montreal banker was said to have been heavily interested financially. British distillers were also said to figure prominently in the plot, which, assistant U. S. Attorney Clark said, was the most extensive unearthing since this country entered into the new right of seizure treaty with Great Britain. New York members of the ring were sought as heavy investors in the enterprise.

Two Women Aboard.

The Frederick B. captured 15 miles off Monmouth Beach, N. J., as the result of a three month investigation, was said by the dry agents to be one of four rum runners operated by the syndicate.

The rum prize still lays at anchor off Monmouth Beach, N. J., as the result of a three month investigation, was said by the dry agents to be one of four rum runners operated by the syndicate.

Local banking officials who have been in the service a number of years when questioned this morning, said they could not recall Mr. Anderson as working here. One was positive that he was not a branch manager here but expressed the opinion he had been a clerk here for a while and then moved to Ontario.

PREMIER MAKES A PLEA FOR UNITY

Says Liberal-Progressive Union Needed to Defeat Conservatism.

Brandon, Man., Oct. 7.—A plea for unity and co-operation between Liberal and Progressive on the common ground of their mutual opposition to the principles of Conservatism was made here last night by Hon. W. L. Mackenzie King, to an audience which contained many Progressives, including his Federal leader, Robert Forke.

"It is," he said, "the forces of those who think Liberal and Progressive are united from the Atlantic to the Pacific, there is going to be a long term of Liberal-Progressive administration. If it is divided when the need arises, then we may have an even longer period to regret the mistake we have made. Division in our forces is likely to mean victory for the party of Arthur Meighen. Names were secondary," he declared, "and a party was only an instrument to an end. We are told," he added, "that what has been done by this Government in the way of tariff reduction has been done under pressure of western Progressives. That is not true. It was done because we made to the people of Canada, and to put into practice the Liberal platform of 1919. The Progressives and ourselves have not been playing small politics or seeking partisan ends."

Cuban Troops Are Sent To Camaguey

Havana, Oct. 7.—The government has dispatched 400 troops in a special train from Camp Columbia to Camaguey and Oriente provinces as a precautionary measure against further disorders.

President's Bay issued a proclamation calling upon the people and political leaders to remain calm. The President could not say who provoked last night's clash at Camaguey in which seven persons were killed and about 60 wounded.

Canadian Bank Officer May Be Arrested on Rum Running Charges

U. S. Authorities Seek Canadian Backer of \$1,000,000 Smuggling Group.

(Canadian Press) New York, Oct. 7.—An officer of a Canadian bank may be arrested in connection with the rum running plot believed unmasked by United States prohibition authorities through the seizure of the British steamer Frederick B. Friday night.

John Holley Clark assistant U. S. attorney who is preparing libel proceedings against the steamer, which carried a cargo of rum, said today: "We have evidence against large bootleggers in the U. S. and Canada, and there is also a Canadian bank which was used in this case. One of the officers of this bank may be arrested."

GYROS HEAR "BUY AT HOME" URGE

Club Addressed at Luncheon in Matter of Maritime Industries.

In an address before the St. John Gyro Club at a luncheon in the Dunlop Hotel today, R. A. Macaulay, field organizer for the "Buy at Home and Maritime Made" Campaign, said that while the Maritimes welcomed new industries, there was a whole lot of work that could be done along the lines of developing those already with.

He said he had visited nearly all the industrial towns in the Maritimes, and had found that industry was well represented in almost every line, but in nearly all cases the manufacturers were suffering from the want of a market large enough to warrant a good payroll.

It was only necessary to look at the list of manufacturers published in last night's Times-Star in order to be convinced that St. John was well supplied with industries. The list showed that nearly everything needed for the home was produced in the Maritimes.

There were some articles not made here that were in everyday use, but not many. That was what was needed was public support of the industries already here.

Why was this? Because people are not buying at home.

From tests made with 100 citizens in all conditions of life, it had been found that 75 per cent of expenditures were for goods not made in the Maritimes and that 25 per cent of expenditures were for goods made in the Maritimes.

Business could be increased very substantially in the Maritimes and for one million people represented a tremendous amount of business, but at the present time the available market was only one-fourth covered.

The outside manufacturer was supplying three-quarters of the needs of our people. Price, quality and design of course were important factors, but all of these could be had in the Maritimes.

No doubt all the members present, he said, had received a card in their telephone statement which read "Please buy at home and support our industries."

When you buy at home and support our industries, you create employment, increase payrolls and build up the Maritimes.

Nobody could dispute the logic of this argument. These cards and others were distributed throughout the Maritimes by the "Buy at Home and Maritime Made" campaign, of which the Hon. W. E. Foster, ex-Prime Minister of New Brunswick, was the chairman.

Many outstanding men of high calibre, on both sides of politics, were behind this movement, and had given the matter a great deal of thought and time. It was believed by these men that a good deal of prosperity could be brought to the Maritimes by educating the public to the necessity of buying at home and saving for maritime-made goods.

In order for a community, province or group of provinces to be prosperous, the present time the available market was only one-fourth covered.

MAKES HIGH MARKS IN BOSTON COURSE

MANY WOMEN VOTE IN U. S. ELECTION.

Registration This Year Indicates a New Record at Polls.

New York, Oct. 7.—Woman suffrage will not be a "failure" in the coming presidential election, as increasing registration and greater public interest promise a far larger vote this year than in 1920.

Figures compiled by Simon Michelet of a national committee to increase the interest in elections, show that women will this year erase the record they made four years ago. The woman vote is likely to be a controlling factor in the election, as the stay-at-home voter and the woman voter are the two unknown factors that make elections uncertain.

Ten million women voted in 1920 out of a total of 28,994,480 native and naturalized white women of voting age, according to Mr. Michelet. This was 43 per cent of the possible woman vote. This year the women will increase that percentage. Already the registration of women has shown a notable increase.

In Vermont, where the women cast only 50 per cent of the 1920 vote, they have registered to the extent of 42 per cent. In Los Angeles the women cast 45 per cent of the August primary vote. In Kansas the registration of women is 44 per cent of the total. Even in Baton Rouge in spite of the supposed indifference of Southern women to politics, the registration of women in this year 48 per cent of the total.

Mr. Michelet's analysis of the woman vote is the most comprehensive ever made of a subject rendered difficult by the fact that in most states there is no separate registration. The size of the women's vote can be estimated by the difference between the vote for president before and after the granting of suffrage to women. Also, election officials sometimes obtain a fairly accurate list of women voters by checking their first names, though they are not compelled to do so, and seldom take the extra work upon themselves. In Illinois and in some cities and towns a separate list of men and women has 10,000,000 votes in 1920.

The conclusion has been definitely reached, however, that women cast approximately 10,000,000 votes in 1920 or 37 per cent of the total vote of 26,138,822 for president. Women voted, represented 43 per cent of the total woman vote, giving women a poorer showing than men, as the total men and women showed 50 per cent.

The poorest showing was made in three Atlantic states, New York, where women cast only 30 per cent of their possible strength; Pennsylvania, with 39 per cent; and New Jersey, with 39 per cent. The eight mountain states (Montana to New Mexico) made the best showing, with women casting 47 per cent of the total vote.

HEBER CONNELL IS DEAD IN WOODSTOCK.

(Special to The Times-Star.) Woodstock, Oct. 7.—The death of Heber Connell occurred at his home here early this morning. Mr. Connell was in his usual health yesterday, but died suddenly. He was 60 years old, and was the son of the late George Connell, who was the representative from Carlton county to the Federal House in 1878. He leaves his wife, formerly Miss Abbie Moxen; one son, Kloman, and one daughter, Winnifred; two brothers, Charles of Digby and J. Arch. Connell of Woodstock; three sisters, Mrs. Kloman of Truro, Mrs. George Fisher of Chatham, and Mrs. Jack Benson of Montreal. Mr. Connell belonged to one of the oldest and best known families of Woodstock and has always resided here.

LOVE THE JEALOUS.

(W. H. Davies in the Tale Review.) I praised the daisies on my lawn, and then my lady moved them down, Daisies beheaded, one by one; She moved—and that was Beauty's loss. When I adored the sunlight, she kept a brief fire below for me. She saw I loved the birds, and that made her one day bring home a cat. She plucks my flowers to deck each room, And makes me follow where they lead. Because my friends were kind and many, She said—"What need has Love of any?"

What is my gain, and what my loss? 'Tis without sun, stones bare of moss, Daisies beheaded, one by one; The birds cat-hunted, friends all gone— These are my losses; yet, I swear, A love less serious in its care Would not be worth the changing skin That she and I are living in.

FROM "THE LAST TAVERN."

Sooty the darkness folds the sun away, And on the hill-paths, treading to and fro, Unwearied though they fared with me today, The younger travellers go.

I lean across my window, looking down, The court is dark with sombre pine and fir, But the lighted places of the town, The folk are all astir.

"And there," I said, "will jest tonight a while, Will sleep, and dream, and waken with the dawn, To take the road again for many a mile, But I shall not go on."

I do not bid the good host waken me, For when I sleep, I shall not soon awake; Ah, rest me soon! I have no will to see The path I may not take.

PREACHING AT WINDSOR.
(Windsor Telephone.)
Chauncey M. Dewey tells this in "My Memories of Eighty Years"—just re-issued in a popular edition. It is about Queen Victoria, Disraeli and a young clergyman who had been commanded to preach at Windsor Castle. Disraeli gave him this piece of advice:
"If you preach thirty minutes Her Majesty will be bored. If you preach fifteen minutes, Her Majesty will be pleased. If you preach ten minutes, Her Majesty will be delighted."
"But," said the young clergyman, "what can a preacher possibly say in ten minutes?"
"That," replied Disraeli, "will be a matter of indifference to Her Majesty."

Children make constipation a habit—relieve them with Kellogg's Bran

Children punish themselves terribly by ignoring nature's demands. They bring constipation upon themselves. They invite the many other diseases which can be traced to constipation. Immediate steps should be taken to rid them and keep them free from this disease.

It takes ALL bran to be 100 per cent effective. That's what Kellogg's is—ALL bran. That is why doctors everywhere recommend Kellogg's. That is why Kellogg's Bran carries a money-back guarantee to bring permanent relief, if eaten regularly, in the most chronic cases of constipation. That is why Kellogg's Bran, cooked and krambled, has brought glorious, glowing health to thousands—because it is ALL bran.

No matter how long one has suffered with constipation, Kellogg's Bran will bring permanent relief IF EATEN EVERY DAY—at least two tablespoonfuls—in chronic cases, with every meal.

Kellogg's Bran is delicious. It has a crisp nut-like flavor that simply delights the taste. It is a wonderful surprise if one has been used to ordinary, unpalatable bran.

There are many ways to serve Kellogg's Bran. Eat it with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Look for the recipes on every package and try it in muffins, bread, griddle cakes, etc.

Kellogg's Bran, cooked and krambled, is made in Toronto, Canada and is sold by grocers everywhere. It is served by the leading hotels and clubs.

BECOMES EXCITED, JUMPS FROM CAR

Waterborough, Queens Co., Oct. 6.—What might have been a fatal accident happened here Friday evening. Mr. G. Whitefield Smith, of Ferrisboro, N. S., was being driven in a car, his son at the wheel, when it back-fired and Mr. Smith became suddenly excited, jumped from the car, which was running at twenty-five miles an hour and landed in the ditch, cutting a large gash just over one of his eyes and one of his cheeks was cut and also his tongue. That Mr. Smith escaped death is a miracle. Mr. Smith was taken to the residence of Dr. Dalton,

Mrs. Antoinette Fedelli and son Arthur, 17, with Police Lieutenant Dorsey, Baltimore, Md., Oct. 7—Alexander Fedelli married when he was 17 and very poor. His bride was 18. Both worked hard. Along came the war and Fedelli went into a modest contracting business. Money came easy. At 34 he owned a car. He had also reached the "dangerous age." Mrs. Fedelli began to find hairpins and combs in the auto. The other night she took her son, Arthur, 17, with her and followed Fedelli. Fedelli was shot dead as he sat in his machine with Miss Hermine Umar, 23. She says their friendship was purely platonic. "It all wouldn't have happened if he hadn't made his money so easy," says Fedelli's friends.

Evening Frocks For the Winter

By HEDDA HOYT (Fashion Editor of the United Press). New York, N. Y., Oct. 7.—Evening frocks this season are either straight-lined chemise effects or tunic, both of which hang straight from the shoulders in slenderizing manner. Frocks for evening are invariably sleeveless and necklines are usually rounding and somewhat high in front and deeper in back. Often the back terminates in a deep V-shape.

Dancing frocks for younger Misses vary slightly from the two evening types mentioned, since they are made of chiffon and show flowing fullness at the hemline. Many sheath models attain the fullness at the hem by means of rows of bead fringe, which begin just below the knees.

Velvet is sponsored by many New York establishments for the winter season. One of the newest effects is the velvet tunic gown which has its tunic heavily beaded or jeweled and posed over plain velvet skirt of self material.

A new evening note is the velvet coat of three-quarter length, which accompanies the tunic gown and is worn under the heavier evening wrap. These velvet wraps are of brilliant colors matching the frock or harmonizing with it. They are to be worn as the Spanish shawl was worn last season—under the fur wrap—and for restaurant wear they are thrown over the chair, forming a lovely background for the frock.

Daytime shades are black, brown, russet, brick and bottle-green, with a slight emphasis for navy blues. Among the evening shades are amber, red, violet, purple, rose and black and white.

Fur trims the majority of daytime frocks being worn in narrow bands effects about the hems of tunics and on hems of straight sheath models. Short-haired pelts are those most generally used in both models leopard, mink and brown-dyed squirrel are favorites. Velvet models favor longer haired pelts such as fox, skunk and beaver.

Many frocks are made circular hem-

WOMEN'S INSTITUTE TO SEW FOR KIDDIES

A scheme for holding sewing afternoons throughout the winter season to make outfits for children attending the Lady Byng camp in the summer, was outlined at the meeting of the Women's Institute held at the Health Centre yesterday afternoon, and was heartily approved.

Mrs. Frank Rowe reported the success of her exhibit of china and antiques had been an unequalled success.

Mrs. Richard Hooper, as treasurer, reported a satisfactory balance on hand. She also gave a very comprehensive report on the production, inspection and sale of certified milk in St. John, and brought to the meeting a bottle of this milk.

A hearty vote of thanks was extended to the Women's Institute of Hampton for the pleasant entertainment and hospitality shown in a recent visit of the St. John Institute.

Sympathy was extended Mrs. Albert Wilton in her illness.

There was general and enthusiastic discussion on the encouragement of home products, the meeting endorsing buying made-in-New Brunswick goods in preference to other articles.

Mrs. J. D. Seely, as convener of home economics, gave an excellent report containing many helpful suggestions as to how the Women's Institutes might co-operate for the betterment of home conditions.

Mrs. Seely had communicated with the home economics conveners of Institutes throughout the province, making suggestions with regard to opening classes in various subjects.

Reference was made to a recent article in "The Maritime Farmer," which told of the handsome rug Mrs. Hooper had made.

Arrangements were made for holding a meeting of the programme committee this week at the residence of Mrs. J. W. Lawlor to prepare the programme for the year.

Reference was made to the marriage of a valued member, Miss Minnie Lawlor, to R. K. Greenlaw, which had taken place yesterday morning. Best wishes were extended to Mrs. Greenlaw, who will be much missed here. She will make her home in St. Stephen.

DELEGATES AWAY. Mrs. H. B. Peck, corresponding secretary of the St. John Local Council of Women, Mrs. G. Wilford Campbell and Mrs. J. D. Seely left last evening for Toronto to attend the sessions of the National Council of Women there.

EXPEND LARGE SUMS FOR MOTHERS AND BABES. Washington, Oct. 7.—(United Press)—Federal and state governments have expended \$1,898,047.12 to promote the welfare of mothers and babies under the Federal Maternity and Infancy Act during the first 15 months following its passage.

This statement was made public by the Children's Bureau of the United States Department of Labor in connection with the forthcoming first official report of the Maternity and Infancy Act, passed by Congress on November 21, 1921.

Federal grants to the states during this period for maternity and infancy work totaled \$1,046,923.56. State appropriations made to match federal funds totaled \$641,223.56. In 1922, payments were made to 43 states, 25 of which matched the federal grant in full or in part. In 1923, 41 states received grants for maternity and infancy work, 35 of which matched the allotment in full or in part. By June 30, 1923, all state legislatures had met and the appropriation acts passed enabled 40 states to cooperate during

HEALTH MATTERS ARE DISCUSSED

Various Phases of Work Reported On at Local Board Meeting.

A foreign-born resident unable to understand English is being hindered from obtaining his wish to share in supplying milk for the city as the officials have been unable up to the present time to make him understand what he must do to secure a permit. The matter was spoken of at the meeting of the Sub-district Board of Health yesterday and arrangements were made for having it looked after. John Kelly, chairman, presided. All reports submitted were satisfactory.

Dr. T. Fred Johnston, dairy and food inspector, reported supervision of slaughter houses, city market, milk trains and some of the stores. The work of supervision of the food stores Dr. Johnston was carrying on during the illness of Mrs. Edmund Flewelling. There had been 4,000 animals slaughtered at the two houses and of these 6,779 were sheep. For milk examinations, Dr. Johnston took 163 sediment tests and purchased 90 samples of milk in stores.

The child welfare work was reported on by Miss D. Coates, superintendent of the Victorian Order of Nurses. There were 606 child welfare visits made and 248 children were under supervision. At the 17 clinics there were 223 babies attending and the nurses inspected 177 children in the five free kindergartens.

Tuberculosis Work. The report of the tuberculosis work was given by Miss Alice P. Hegon. Of 900 cases on the register during the month, 81 were discharged, 21 of the 81 being non-tubercular. At the 11 clinics held there were 69 patients attending. The nurses made 446 visits to patients in their homes and 18 of the patients received free milk.

Dr. H. L. Abramson reported that his five examinations of city water during the month had shown satisfactory conditions.

Fish and Game Association Members Discuss Hunters' Reports.

The regular monthly meeting of the New Brunswick Fish and Game Protective Association was held in their rooms, Market Building, last night. There was quite a large number present and the business transacted was mostly routine.

The secretary reported that booklets, giving the fish and game laws, as well as the objects of the association had been distributed throughout the province so that every sportsman might obtain one.

The name tells the quality. CHASE-SANBORN'S SEAL BRAND TEA. IN 1/2 AND 1 LB. CARTONS. CHASE-SANBORN'S ORANGE TEA PEKOE.

was brought up for discussion and some very interesting facts were brought forth. It was pointed out that during the spring and summer, partridge were seen in different parts of the province in abundance, and it was expected that when the season

opened on Oct. 1, that hunters would come from the woods with a good bag of birds, but their expectations have proved very disappointing, as there is now a scarcity. One member of the association stated that he had received reports from hunters during the last week from different parts of the province to the effect that they had hunted the woods where several weeks ago partridge had been seen in large numbers but could locate only a few. It was further reported that in different sections, partridge had been found dead, and it was discovered that there was a large number of blue lice on their heads as well as other parts of the body. It is believed that the lice had been responsible for killing many birds, and a suggestion was made to the members of the association, that one of the birds be taken to Dr. William McIntosh, curator of the Natural History Museum, for examination.

The partridge matter was discussed at some length, and some members stated that from the present aspect it looked as though the open partridge season should be discontinued for a few years or the birds would become extinct. Valuable deposits of gypsum and borax of lime and Epsom salts have been discovered in Nevada by use of the airplanes.

FORMER CITY M. D. PRACTISES IN PARIS

Colonel (Dr.) H. Lynne Walker, of Paris, arrived in the city yesterday to revisit scenes made familiar to him during the eight or nine months of 1915 when he was chief house surgeon of the General Public Hospital here just previous to his going overseas. He left St. John with the rank of captain in 1916 in the same detachment as did the late Dr. J. A. McCarthy.

Arriving in London Colonel Walker said the authorities, learning that he had had experience in public health service in the United States before coming to St. John to enlist, immediately attached him to that branch of the army. At the conclusion of the war he went to Paris, and thence to Lithuania and later to Russia.

On his return from Russia he settled in Paris there to study and practise. At the present time he is specialising in glaucoma surgery, and calls from New York shortly with several patients.

Colonel Walker will be in consultation today with Hon. Dr. W. F. Roberts, Minister of Health for New Brunswick, concerning public health matters. He expects to remain here for several days.

HEALTH CENTRE TAG DAY. The St. John Health Centre has been granted permission for a tag day to be held on Dec. 5. The Health Centre tag day is an annual event and has helped very considerably in financing that institution.

THE BUILDING OF THE DOMINION

Illustration of a cityscape with a large building, a bridge, and a ship. Text: VANCOUVER - VICTORIA. DO YOU KNOW that the Canadian Pacific Expresses are the largest, fastest and finest steamships on the Pacific—and that the Canadian Pacific operate the finest vessels in the Alaskan service? These fleets bring to Canada an immense volume of profitable trade from the Orient and Alaska.

PILLARS OF A NATION'S GATEWAY

"ENDING NOWHERE!" The Western terminus of Canada's first great railway was a clearing in the forest. Victoria hardly more than a village. British Columbia a mining colony of a few thousand people. Wise heads nodded grave concern over the "2,500 miles of rails ending nowhere." Yet the men who built the Canadian Pacific, then the world's longest railroad, saw what all see now—not only a road to Vancouver, but a highway through Canada to the Orient. On this highway, at the Western gateway, two great cities rear their heads. Great they are, and growing greater. They typify the wealth of a wealthy Province. But their position on the Pacific links them directly

with the nation's commerce and brings them within the greater circle of world trade. Ending nowhere! From this unknown port last year, fifty-seven million bushels of wheat were loaded in ships for the world markets. Two hundred and ninety million feet of lumber were exported. A dozen cities and towns have sprung into being to turn British Columbia's resources into wealth, and to augment the traffic that passes in and out of the Great Western Ports. Nowhere, indeed! Forty short years have placed Vancouver and Victoria in a commanding position on the international and national charts of trade.

Argument Regarding Costs Will be Heard Later by Judge.

Fredericton, N. B., Oct. 7.—The libel action of R. B. Hanson, M. P., for York-Sunbury, against the Gleaner Limited, in which he sued for \$200,000 damages upon the grounds that he had been charged with unprofessional conduct, resulted in an award last night in the York Circuit Court of \$100 damages, the jury awarding 5 to 2 for the plaintiff on four of the five cases and 5 to 2 for the defendant on the other case.

The matter on which the verdict was against the plaintiff was that known as the Camp vs. Merrifield case in which the article published in the Gleaner on February 14th last charged that the plaintiff had acted for both sides and went into court for that which paid him best until he was forced to withdraw. On the other four cases involved the verdict was for the plaintiff.

The jury went out at 2.30 p. m. and returned at 7.10 p. m.

Text of Verdict.

Foreman Slipp announced the verdict as follows: In the matter of the Nevess decree, against the defendant and the plaintiff, in the Camp-Merrifield case, against the plaintiff and for the defendant; in the Harris case against the defendant and for the plaintiff, in the 13th case, against the defendant and for the plaintiff, in the 14th case, against the defendant and for the plaintiff, in the 15th case, against the defendant and for the plaintiff.

He further announced the award of \$100 damages to the plaintiff.

Hon. Dr. J. B. M. Baxter, K.C., M.P., for the plaintiff, asked for judgment on a general statement of claim in the amount of \$100.

Hon. W. P. Jones, K.C., asked that the jury be polled.

Foreman Slipp stated that they were not unanimous, dividing five to two on each count.

Hon. Dr. Baxter again asked for a general verdict and award of costs on grounds of gravity of action.

Hon. Mr. Jones contended that that was not generally accepted as grounds for a general verdict, but pronounced a general verdict for the plaintiff with general costs on a majority of the issue on the defendant.

Question of Costs.

Mr. Jones said he wished to be heard on the question of a Supreme or County Court scale of costs. At this point arose because of the award of \$100 being within the jurisdiction of the County Court.

Dr. Baxter asked that costs of the several examinations be included in the costs.

The Chief Justice said that he would be at home for the rest of the week. He would hear argument by agreement on the question of costs, the scale and application to the various counts.

His Honor then addressed the jury, stating that he was satisfied with the verdict and that its members had done the best they could. Everyone would not be satisfied with the verdict; that must be expected. The case had been unusual and lengthy.

Court then adjourned until October 30.

Many in Courtroom.

The courtroom contained a large number of spectators when the jury came in, as in the case had attracted attention in all quarters. Queries concerning the outcome also came from other points in the province. Mr. Hanson was heartily congratulated by many.

The case is one of the longest tried at York County sittings. It opened on Sept. 28, being completed a fortnight later all but a day. The gathering of counsel was most distinguished. The plaintiff was represented by P. J. Hughes, K.C. of Fredericton, with Hon. Dr. J. B. M. Baxter, K.C., M.P., of St. John, associated with him. For the defense J. B. McNair, of Winslow & McNair, Fredericton, was solicitor, with Dr. E. B. Taylor, K.C., of St. John and Hon. W. P. Jones, K.C., of Woodstock, counsel. The plaintiff was in court almost continually throughout the case.

Judge Continues Charge.

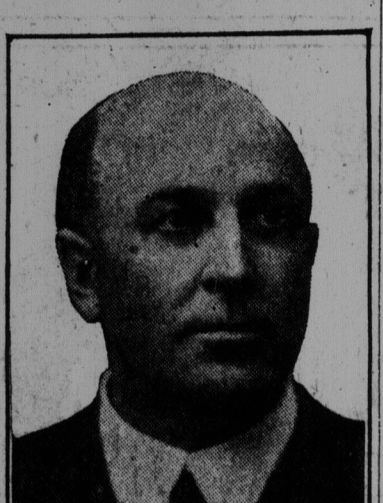

After the noon recess Chief Justice Barry continued his charge to the jury as follows:—

In the Harris case a lady met with injury in the street and brought suit against the city. McNeilan & Hughes represented her, and Hanson the city. It is alleged Hanson gave an opinion that Mrs. Harris had no case and later advised that the case be settled. The letters in the case were in evidence, all but a letter or letters which Police Magistrate Linnebeck says he saw.

A Mystery to Judge.

There was some mystery here, something not exactly tangible to his mind, the Chief Justice said. That is this: Police Magistrate Linnebeck, who occupies a very important judicial office in this town and was related by marriage to the late city treasurer, G. K. Perkins, says he remembers distinctly an (Continued on page 18, fifth column.)

SHACKLED GIRL MAKES ESCAPE

Hobbles Into Police Station and Makes Allegations of Cruelty.

Syracuse, N. Y., Oct. 7.—Shackled about her ankles with stout metal bands, connected by a steel chain about a foot long, Madeline Stanton, 19, of Astoria, L. I., hobbled into police headquarters just after midnight and told a night lieutenant of her escape from the George Junior Republic at Freeville.

The girl said she had been maltreated at the institution and escaped by tying bed clothes together and climbing down the improvised rope from a second-story window.

Hobbling along the highway, she reached Dryden, three miles distant, and there hailed a passing auto, which brought her to the police station here.

The girl showed under-nourishment, according to police. She was sheltered for the night in the matron's quarters awaiting information from Freeville or from relatives.

Her guardian, she said, is Miss Alice Robertson of Astoria, L. I., and her father lives in Nedrow, a suburb of Syracuse.

The girl said she went to the George Junior Republic willingly at the suggestion of her guardian to finish her high school studies and prepare for college.

She said she had been loaded down with household work and when she refused to accept any more tasks the house-keeper shackled her and sent her to solitary confinement.

JAPANESE PLAN TO EXPLORE MONGOLIA'S UNKNOWN LANDS

Tokyo, Sept. 5.—(Associated Press, by mail).—Tsunouchi Kiyoura, former Viscount Keigo Kiyoura, former Premier, will lead a party of Japanese explorers and scientists into Mongolia next spring, according to plans recently announced. The purpose of the enterprise is to increase Japanese knowledge of Mongolia and to link that large and underexplored territory more closely culturally and economically with Japan.

The scientific researches in Mongolia by the Third Asiatic Expedition of the American Museum of Natural History, under Roy Chapman Andrews, has been an incentive to Japanese exploration in that region.

EXPENSIVE PILFERING.

Iechl, Austria, Sept. 16.—(By mail).—A woman's handbag was found recently in a local restaurant and, upon being opened, revealed 2,000,000 Austrian crowns, worth about \$2,800, along with two silver coffee spoons belonging to the restaurant and marked with its name.

The proprietor advertised for the owner, but in vain. It was apparent the woman in question preferred to lose the \$2,800, rather than acknowledge the pilfering of the spoons.

BIRTHS FEW IN ENGLAND.

London, Sept. 19.—(By Mail).—Last year's birthrate for England and Wales, 197 per thousand, is the lowest on record except for the war years, 1917, 1918.

Black Cat!

Carload lots of hay and oats are stored for the horses in Moirs Stables. To keep rats and mice away cats are necessary. These are all black to match the black horses used in Moirs deliveries!

Practically all the fifty horses are Black Beauties. Mostly they are pure black Percherons, but

one of the black ones is registered Clydesdale pedigree!

Frank Boullier, noted horseman, takes a loving pride in the selection and care of these horses and sees that the men clean harness and wagons daily so that all teams will stay spoolies.

STREET RAILWAYS OBJECT TO AUTO OWNERS GIVING RIDES TO FRIENDS

Say "Free Lifts" are Injuring Electric Railway Receipts.

Atlantic City, Oct. 7.—Generous motorists who give free rides to neighbors and strangers who regularly solicit "lifts" rather than pay car fare, are seriously injuring electric railway receipts, James W. Welsh, secretary of the American Electric Railway Association, today declared in a statement. Mr. Welsh is here to open the association convention Tuesday.

So serious has the situation become that many companies are resorting to advertising in newspapers and street cars to offset the "lift" practice. Small city properties are suffering most, Mr. Welsh says. Falling traffic is bound to mean higher fares, if nothing more serious, he insists.

Advertising now being used to offset the "lift" habit stresses these points: Motorists gain nothing by giving free rides, and are responsible for accidents to their passengers; free motor rides drain railway receipts and compel curtailment or abandonment of service; curtailed or abandoned service affects property values first, and many motor car owners own property; many persons solicit free rides solely to save car fare.

"The cold facts are that kind-hearted motor car owners unthinkingly are helping to drive small electric railway properties to the wall by their unkind 'generosity,'" Mr. Welsh continued. "The association is in contact with virtually every electric railway in the United States and a very large majority of them say their roads are being made on their receipts by the free ride practice."

"Two classes of persons are preying on the motor car owner in this connection. They are neighbors who just 'fall into the habit' of riding down town with him, and the out-and-out ride peddler who waits along the roadside and openly solicits free rides. The neighbor problem is the hardest one for electric railways and municipal corporations to handle."

"The industry has attacked this problem with display advertising and will continue to do so. We do not question the right of any motorist to give free rides, but we don't think he should enter into competition with his neighbor, who has nothing to lose and can only injure his community by his generosity."

Other problems discussed at the convention, which will draw electric railway men from all parts of the United States, include co-operation with buses, financing of electric railways, and traffic congestion.

FINDS TWO LOAN OFFICERS GUILTY

Jury Convicts Men in Connection With Financial Statements Made.

Cleveland, Oct. 7.—A jury in Criminal Court has found Fred D. Baker and H. A. Ferris, both officials of Municipal Savings and Loan Co., guilty of perjury in certifying to a false financial statement. The loan company made to the state building and loan department last January.

The jury carried a term of from one to ten years in the penitentiary, but sentence will not be imposed until other cases are disposed of.

Baker has been the superintendent of the Sunday school class of the church of which he is a member in the little town of Sunbury.

Baker's class attracted such wide attention that the officials of the community, instead of imposing punishment on youthful culprits, sent them to Baker for the edifying influence of his Sunday school.

For a dozen years Baker was an examiner of the State Building and Loan Department, gradually rising to the position of deputy superintendent of the Cleveland district.

The jury, in its official capacity, he made an examination of the Municipal Savings and Loan Co. books and became acquainted with Sam Feikind, Joins Loan Company.

Last October he came to Cleveland at the request of officials of the loan company, and severed his connections with the state. In December he went to work for the loan company as a vice-president.

In January, with Ferris, he was appointed an auditing committee to certify to a financial statement which the state required from the loan company.

Buddahs, Rocked by Earthquake, to be Repaired

Tokyo, Sept. 6.—(By mail).—Two of the world's most famous religious images, damaged by the great earthquake of last September, are soon to be repaired. These are the Buddha which has stood in Ueno Park, Tokyo, since 1618, and the Dabutu of Kanakura, probably the most noted representation of Buddha in the world.

The earthquake rocked the Kanakura Dabutu, which stands 49 feet high, weighs 450 tons and was cast in 1222, from its foundations, set it nearly a foot forward and caused large cracks in its head of curly hair and its benign cheeks. The minister of education, Dr. Okada, has announced that he will spend 20,000 yen, part of a fund of 140,000 yen allotted by the Diet in its special session last summer, for the repair of temples and shrines, for restoring the great image and healing the cracks.

The Ueno Buddha fared even worse than its Kanakura prototype. The force of the shock actually decapitated the head, throwing the head clear from the body. The image still stands in headless majesty. Artists of Tokyo have undertaken the restoration of the Buddha, not by repairing, as first proposed, but by recasting the entire image. The cost of this work is estimated at 100,000 yen and the task will require ten months. The Ueno Buddha stood 21 feet high.

DISPLEASED WITH RUSSIAN BUSINESS

Berlin, Sept. 17.—(Associated Press By Mail).—Germany's withdrawal from the Russian commercial field becomes more pronounced every day. The Stines interests make no concealment of the fact that they have practically ceased all effort to do business with Soviet Russia, and have very slight investments in that country. Every day the German press contains letters and articles narrating the difficulties which Germans have encountered in attempting to carry on business relations with the Soviet Government, and reflecting the disappointment that the Rapallo treaty did not bring the business in Russia promised by Rathenau, Wirth, Malzahn and other German political leaders to the Berlin Zeitung am Mittag in which he says the ability of Russia to export cereals constantly. "It would be a crime," he says, "to export cereals from Russia now when new famine is expected. There is no foreign money coming into Russia through the sale of exports, and the importation of foreign goods is stopping. Why? Because the principle of the government is that everything needed within the country has to be provided by the state agencies."

"Any foreigner is regarded as an intruder and is under suspicion," the writer continues. "Any business deal a foreigner handles may be classed as 'speculation,' and he may be punished accordingly. The native dread control. Every letter is censored. Russia is a country of dictatorship under which business is impossible."

The writer comments on the retreat of American interests from Russia, especially the manufacturers of farm machinery who had large factories in Russia up to the time of the Bolshevik success. He says American finance is especially hostile to the Soviet regime, and has induced the French to refrain from trying to do business there.

"The German made some effort to gain Russian business," the writer continues, "but he is retreating likewise from day to day because the sharing of the profits of the Soviet leaves no profit. The only foreigners who work for the future and remain in Russia are the English. Recently a British refrigerator company increased \$500,000 in a Russian branch. We in Germany, with its scarcity of money, have better use for our capital and cannot be taken on Russian investments."

Winnipeg, Oct. 6.—"If Canada were represented by a Minister at Washington, it would be worth millions of dollars a year to our Dominion," said Hon. P. C. Larkin, High Commissioner for Canada in London, in addressing members of the Canadian Club here today. Intimate trade relations with the United States surely warranted such an appointment, he maintained.

WOMEN GROWING KEEN TO JOIN LONDON POLICE

London, Sept. 19.—Associated Press by mail.—English women, aroused by a desire to enlarge the long restricted horizon of their activities, are rushing pell-mell to Scotland Yard these days in an endeavor to enlist in the metropolitan police force at the very fountain head of police administration in England.

Their endeavors are a little premature. Nevertheless, they are greatly encouraged by a committee report recommending increase in the number of women "bobbies" at present very small. His parliament must enact the necessary legislation to provide for the

salaries of the police women before actual recruiting can commence.

All this to the contrary, ambitious women, not content with merely writing to Scotland Yard, besiege the entrance of the big round-towered building off Whitehall in an attempt to press in person their claims to preferment as members of the police force. All sorts of women are among the besiegers, old, young, middle-aged. Girls with bobbed hair and other gay young trippers are strangely mixed up with grave old jockers, all anxious to serve as guardians of John Bull's peace.

VOCATIONAL DELEGATION

A delegation representing the St. John vocational committee will leave this evening for Fredericton to appear before the government to obtain assurance that the government grant will be forthcoming for the proposed vocational school. Amongst those who will be in the delegation are Allan A. McIntyre, Alexander Wilson, G. Herbert Green and possibly Mrs. E. H. Taylor. George P. Hennessey, another member of the committee is now in Fredericton.

Only one new piece of evidence was brought out today. It was that Morris had reported "everything O. K." to the shipping master at Bermuda after the Lutzen had arrived there. Morris had been articulated to the ship as second mate and Isaac as "third assistant." Questioned as to why he had so reported, Morris declared that the others had threatened to elope with him if he mentioned one word.

Allan Smith, registrar of shipping, Bermuda, exhibited papers showing that the ship was of British registry.

Norman Adlam of Montreal gave evidence that the liquor cargo was the property of the Sydney Wine & Spirit Company, except 1,000 cases of the 1,200 which, he said, belonged to a Dr. Thom of Winnipeg.

PORT OF ST. JOHN MENTIONED IN PIRACY TRIAL

Captain Samuel Forde Faces Court in the Matter of S. S. Lutzen.

4,300 CASES ABOARD

Supercargo Says, Through Fear, He Reported "Everything O. K."

Montreal, Oct. 7.—Charged with piracy, Captain Samuel Forde, New England ship master, appeared before the Court of King's Bench yesterday afternoon, Mr. Justice Denbier presiding. The evidence submitted was a repetition of the testimony given last July at the preliminary hearing, when Jack M. Morris, furrier of Montreal, who had shipped on board the steamer "Lutzen" as supercargo, declared that, together with a Winnipeg lawyer named Isaac, he had been kept prisoner on the vessel while its cargo of liquor had been "pilfered" by Captain Forde. The incident took place, according to testimony, a year ago when the Lutzen was two days out of St. John, N. B.

MISSOURI TO OPEN \$4,500,000 CAPITOL

Large Number of Notables Expected at Dedication of Building.

Jefferson City, Mo., Oct. 7.—The largest crowd of distinguished American and native Missourians that has ever been seen at a public gathering in Missouri is expected to come here Oct. 8, to attend the formal dedication of the new Missouri state capitol building.

More than 1,000 participants will depict the history and growth of Missouri. Each epoch will be presided over by the wife of the governor who served during the period of the new building's construction.

The new capitol was built at a cost of approximately \$4,500,000 and was constructed of Southwest Missouri marble and limestone. It was erected to replace the structure destroyed by fire February 8, 1911. Actual work began May 6, 1913, and ended September 8, 1917. Since that time, however, much additional work has been done.

YOUR trip to Europe on the popular "A" ships of the CUNARD-CANADIAN Line has a magnificent beginning with the three days spent on the glorious St. Lawrence River, from Montreal to the Atlantic.

I. O. D. E. CHAPTERS PLAN FOR WINTER

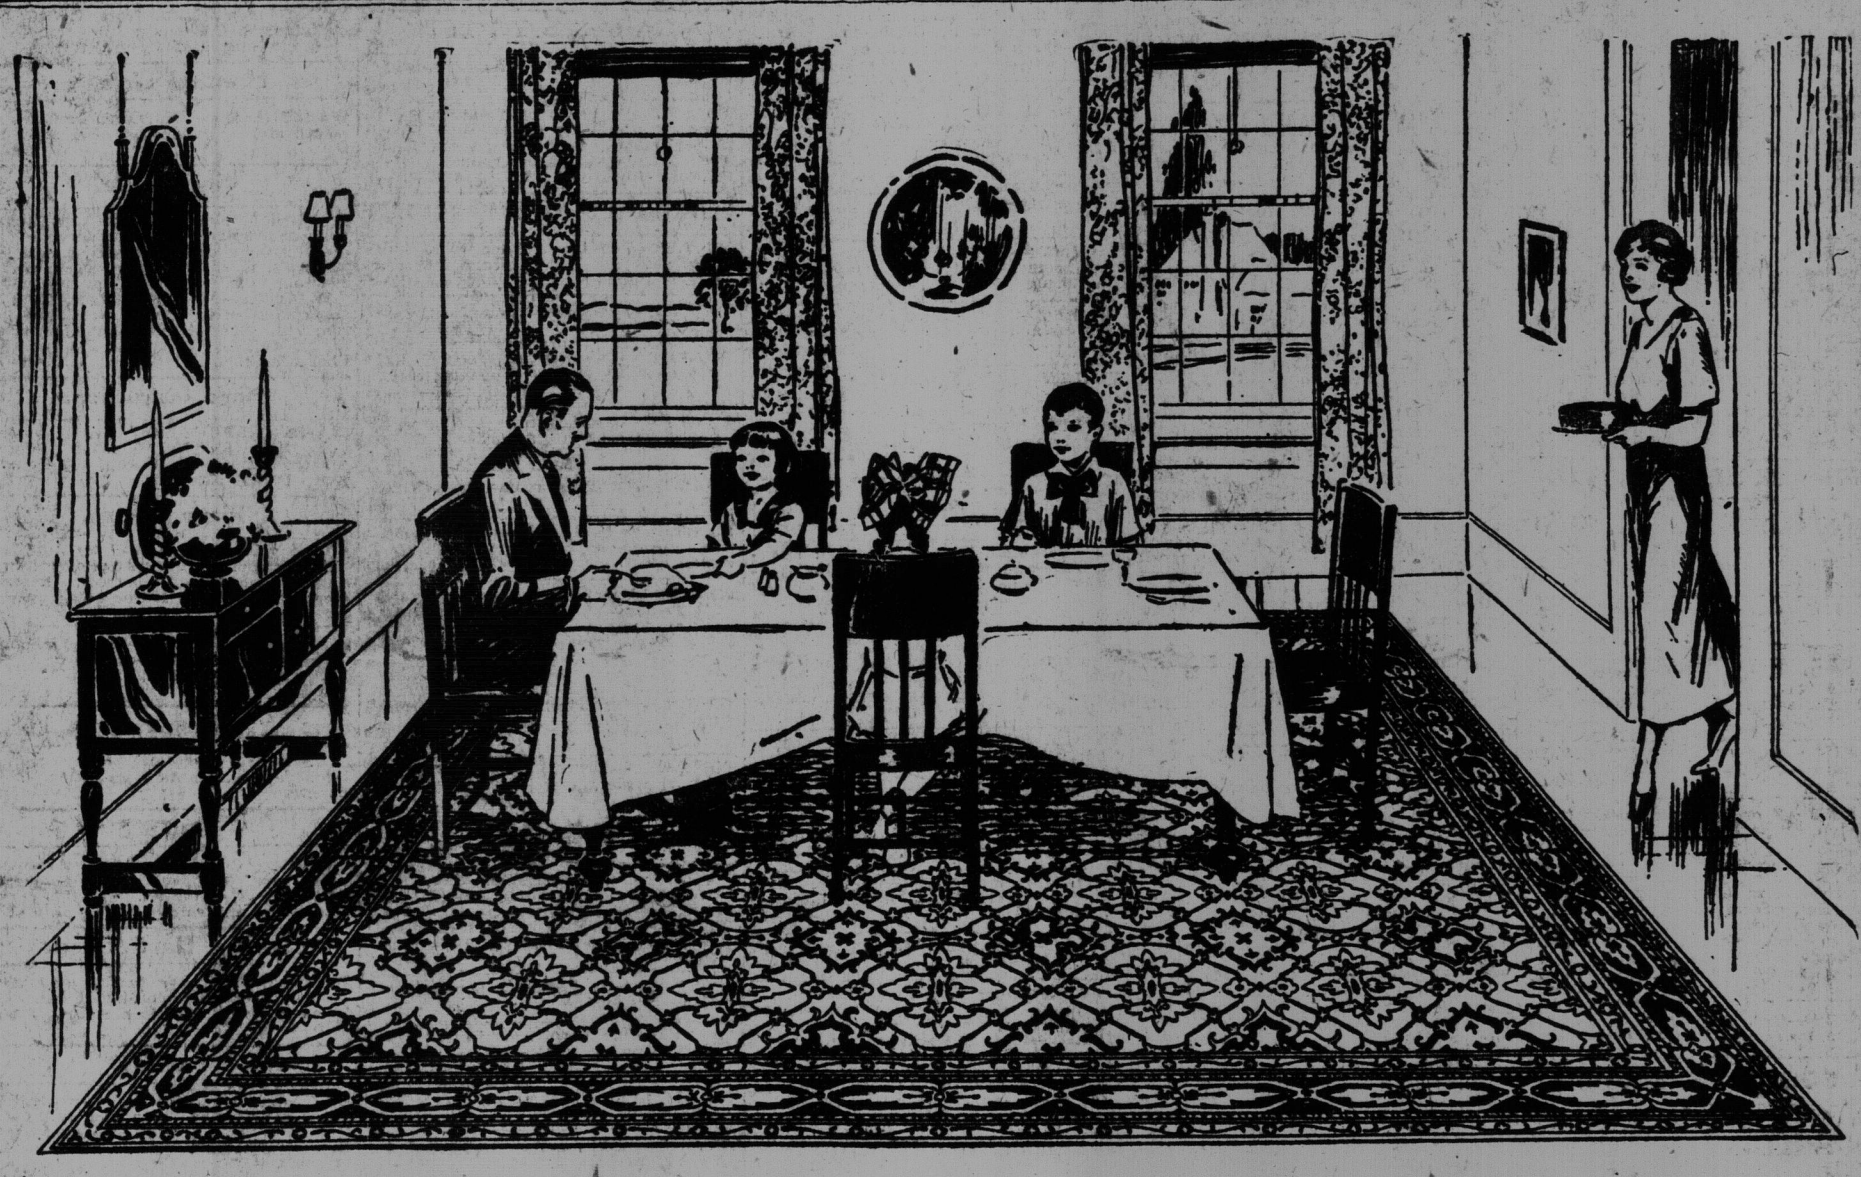

The regular monthly meeting of the Brunswick Chapter, I. O. D. E., was held yesterday afternoon at the home of Mrs. H. Mont Jones, Lancaster Heights, with Mrs. Herbert W. Wetmore, regent, presiding.

Mrs. J. L. Brown told of the splendid work done by the relief committee of the chapter. A motion to the effect that the Brunswick Chapter would provide refreshments for the taggers for the Carleton Branch of the G. W. V. A. on Poppy Day was unanimously adopted.

Royal Arms Chapter, I. O. D. E. met at the home of the secretary, Mrs. P. Z. Fowler, in Charlotte street, with the regent, Mrs. R. W. Wigmore, presiding.

Preparations for the theatrical entertainment which the chapter will give during the last week in November took much of the time at the meeting of Loyalist Chapter, I. O. D. E., held last evening at the residence of Mrs. Heber Vroom in Robesay with the first vice-regent, Mrs. Royden Thomson, presiding in the absence of Mrs. W. L. Galloway, the regent.

STONE CHURCH GUILD. St. John's (Stone) church Guild held its opening meeting of the season last night when Rev. A. L. Fleming, the rector, was present and gave a very interesting address on the meeting of the General Synod in London, Ont., and Rev. J. Unsworth, the curate, was also present. Mrs. Edith Skinner,

JURY GIVES VERDICT AGAINST GLEANER ON FOUR ISSUES

(Continued from page 8.) other letter shown him by Mr. Perkins which contained a statement in the correspondence that was before the court.

He says Mr. Perkins called him in expressly to see it and that there was a complete change of base from the former letter which Mr. Perkins had shown Mr. Limerick written by Mr. Limerick and Jennings and Mayor Reid say they never saw anything of the kind in the correspondence before the Grand Jury.

When the jury returned to the court room, Mr. Perkins called them in and they were asked to return a verdict on the four issues.

The jury returned a verdict in favor of the plaintiff on all four issues.

NEWS NOTES GATHERED FROM THE WORLD OF STAGE AND SCREEN

IMPERIAL BILL ATTRACTS MANY

"Feet of Clay" is Lavish De Mille Production by a Strong Cast.

In his latest Paramount screen offering Cecil B. DeMille has reached in all directions to make "Feet of Clay," which opened at the Imperial Theatre yesterday, strictly 1924.

ROLLING FARGE AT OPERA HOUSE

"Just Married" Draws Gales of Laughter From Audience.

"JUST MARRIED," a comedy in three acts by Jerome K. Moore, produced at the Opera House by the F. James Nichols, and directed by Jack Matthews, assistant director, opened at the Opera House yesterday.

Out of the mere thread of a story, the authors of "Just Married" have constructed one of the most hilarious farces, one in which the action never seems to lag, and during the course of which the audience is kept in a continuous uproar of merriment.

The leading man, Mr. Williams, practically owns the show, although Mr. Franklin shares the prominence of the action throughout. Both are good.

Miss Duncan, in the role of a girl placed in a difficult situation through the blind trust of fortune, carries out a trying role to perfection and makes her character realistic. She displays to excellent advantage her charming stage presence.

Something Anyhow. "There was a time when people used to say I had more money than brains, but they can't say that now."

STAGE CAREER ALL RIGHT FOR HIS GIRLS, WRITES PROMINENT DRAMATIST

Suppose you had two very beautiful daughters—thousands of people have them—

And the question were to arise whether they should go to college or upon the stage—

There would arise almost immediately a dozen questions. What about too much discussed temptations? What about the much gossiped stage morals? But most people know them by heart.

Edwin Milton Royle, prominent dramatist, author of "The Squaw Man," "Her Way Out" and many others, a dyed-in-the-wool theatrical man, has two very beautiful daughters. Yet he let them go on the stage—encourage a stage career, in fact. Why?

Herewith he answers the question in a splendid article on the stage as a career, reciting conclusions reached after years of first-hand observation.

I believe that every woman should know how to do something the world wants done that she may be as free as possible from possible vicissitudes; that she may be independent of men and sex.

Now, as to the stage? Have we changed our attitude toward it? It wasn't long ago when one mentioned either apologetically or with a gesture of bravado that a stage career was being undertaken—with the opposition of both parents and friends, of course.

Let's tackle a few of these notions: Stage environment! What about it? It is none too good. But what environment is insured against temptations?

Here are the beautiful sisters whose dad doesn't think it wrong for them to go on the stage. Selena Royle (left) and Josephine Royle are their names. Inset is shown Edwin Milton Royle, the dramatist.

And this for girls who would seek the stage because it offers freedom from restraint: You will not last long. Disillusion is the quickest and surest end to the most promising career.

My wife was a distinguished actress, known to the public as Selena Fetter. Our daughters, Josephine and Selena Royle, had the shadow of her lights cast upon their youth.

many Old Country folk to whom the story of John Lee, "The Man They Couldn't Hang," has for long been a household tale. What trick of fate or Providence caused the gallows trap to balk three times in the performance of its duty is not known, but many accepted the strange incident as a vindication of Lee's repeated assertions of complete innocence.

The gripping life drama which is being pictorially presented at the Queen Square this week is attracting

made up her mind. I wrote a play for the children to encourage them. It was called "The Sin of Cinderella." I got a cast of players together and we rehearsed at our country home in Darien, Conn.

After the hankman falls in his grim task John's sentence is commuted to life imprisonment and for nearly a quarter of a century he labors in Portsmouth Penitentiary while the sweet heart of his childhood days and of his early manhood waits for him outside.

Mauretania Again Lowers Ocean Record

Plymouth, Eng., Oct. 7.—Once again the Cunard liner Mauretania has lowered her trans-Atlantic record eastward. She has just completed the voyage from New York in 4 days, 21 hours, 51 minutes. The best previous record of the Mauretania was 4 days 21 hours 37 minutes in September last.

WEIRD TALES COME FROM ALBERT WOODS

Those who have not been fortunate enough to get into the woods this fall and to search for the sometimes elusive monarch of the forest are beginning to draw the conclusion, from the stories which are being told, says the Montreal Transcript, that the moose of Albert County are armor-plated or else that the sight of the hunters is so deadly effective, a fact which no one ever should have doubted.

Armor-Plate Moose Scoofs at Hunter—The Farmer and the Bear.

ARENA CROWDS ARE ROLLER SKATING DAILY

AN INSTANTANEOUS WRINKLE REMOVER

The average woman is always surprised to learn, after experimenting with all sorts of patent so-called "wrinkle removers" that the most effective remedy in the world is a simple face wash which she can make herself at home in a jiffy.

She has only to get an ounce of pure powdered boraxite from her nearest druggist and dissolve it in half a pint of which wash. Apply this refreshing solution to the face every day for a while. The result is charming—marvelous after the very first trial.

But the best story of all and it has nothing to do with the woods or moose, is told by a farmer at Ammon, West-Montreal County. It appears that a man who lives near Steves Mountain was aroused one night last week by hearing a terrific howling in the pasture. He jumped out of bed to investigate. Going into the barnyard he could see in the dim light the form of a bear. Bruin was hanging on to the shoulder of a fine bull for dear life.

RACING PICTURE SCORES AT UNIQUE

Turf Classic Enjoyed and Comedy Film Completes the Bill.

There are many thousands of persons who have seen the "hang-tails" striving down the home stretch, but there are comparatively few who have had the experience which gives them knowledge of the many phases of the life going on about the stables or of the private life of those merchandisers of information about the horse, namely, the "touts."

In either case, and, too, in the case of those whose knowledge of any phase of race track life is nil, "Riders Up," all star picture, which opened yesterday at the Unique Theatre will prove enjoyable entertainment. Real race horses contest on a real track and real stable boys and the other hangers-on about their vocations and their amusements eliminate every suggestion of a "stagline."

SITUATION IN BRITAIN IMPROVES

Financial Editor of Vancouver Paper Impressed by General Prosperity.

There may be hard times and business depression in England, but there is no surface evidence of such a condition, according to Alvan Shaw, financial editor of the Vancouver Daily Province, who returned Saturday on the White Star-Dominion liner Regina after making a study of industrial conditions on the other side.

During the last two months I have travelled the length and breadth of Great Britain, and during that time I have been profoundly impressed with the prosperity of the people as a whole, said Mr. Shaw to the Montreal Gazette. "The people of England and Scotland have never appeared so well off before; they have plenty of money and are spending it freely. Only last week one of the big London papers contained a half-page article on the great recovery in the industrial world generally."

HAVE GOOD WORDS FOR THE CAPTAIN

Passengers on Chignecto Present Resolution to Him on Arrival.

The R. M. S. P. Chignecto arrived in port late last night and anchored in the stream until 8.30 o'clock this morning when she docked at the Pettigill wharf. She is from Bermuda and the West Indies. The steamer ran through thick weather all day yesterday. She brought 88 first class, six second and 21 third class passengers, about 1,000 tons of general cargo, a consignment of molasses and the regular shipment of mail. There was no sugar this trip.

A resolution was passed by the passengers, thanking Captain Rutherford Collins for his kindness and courtesy and for the skillful way he had handled the vessel during unfavorable weather conditions. A committee was appointed and this resolution was handed to the captain prior to the landing of the passengers.

Among the passengers on board were several for places in the maritime provinces. The list included: George W. Hudson of St. John, who has been visiting in the West Indies; Miss Margaret Wilson and Miss Ruth Wilson, Moncton; Mrs. Harriet Mathers, St. John; Edward Bingham, St. John; Rev. Dr. D. Marsh, New Glasgow; Robert Murdoch, New Glasgow; James V. Murdoch, Moncton; H. B. McLaughlin, Truro; G. R. Parsons, Mrs. E. F. Patten and Miss Cuny and Mrs. Lora Green and son, Halifax; Charles Hodgson, Amherst; Mrs. Helena Blackman, Sydney; and Henry C. Outerbridge, Charlottetown.

Other passengers included Major J. A. Burden, C. M. G. and wife, of England, who are on their home from St. Kitts; also Mr. and Mrs. E. R. H. Tucker, of Toronto, returning after a honeymoon trip to Bermuda.

HERE IN INTEREST OF BOY SCOUTS

Field Commissioner Lister to Spend Two Months in St. John.

H. Lister, Field Commissioner of the Boy Scouts Association, is in St. John after a four weeks' tour of Prince Edward Island. Mr. Lister reports scouting on the island as growing steadily; he succeeded in organizing some new troops and reorganizing some old ones, with the result that there are now 17 active Boy Scout troops there. Mr. Lister called at Port Elgin, Bay Verte and Pointe du Buis, N. B., and organized a troop in each place. He says that scouting in Canada is growing satisfactorily. There are three branches, the Wolf Cubs, Scouts and Rover Scouts, and that the big drawback is the lack of men for leaders, who who have not forgotten when they were boys, and are able to look at things from a boy's viewpoint. Mr. Lister will spend about two months in St. John in the interests of the Boy Scout movement. He is making the District Scout Office, 171 William street, his headquarters, and says he will be very glad to call upon anyone at all interested in scouting.

WILL CLOSE MILK FUND SATURDAY

Few Days Yet for Contributions—The Total Now Reaches \$1,049.

The Times-Star fund to provide milk for needy babies will be closed next Saturday. It has been open for some weeks, following a disclosure of conditions which moved this newspaper in the interest of and for the welfare of the little ones, to offer its services in raising a sum that would materially help the committee of the Women's Council in carrying out this laudable work. It is deemed now that sufficient time has been given to all who wished to assist with contributions but in order that this may be certain the Times-Star today announces that the fund list will be kept open until including next Saturday and that then it will be closed. The contributions today reached a total of \$1,049.50. There came this morning \$150 from two girls, the proceeds of "a bet" and \$150 arrived in the mail from an unknown donor.

FLOUR UP AND SUGAR CHEAPER

Concurrently with an announcement this morning of an advance of 20 cents a barrel in flour, there comes a reduced price for refined sugar, the decrease amounting to 15 cents per 100 pounds. The flour increase is reported to a continued strong upward tendency of both cash and future prices in the Winnipeg market. Last week, three increases sent prices up nearly 30 cents in flour.

In the list of manufacturers in St. John published yesterday, the name of J. J. Terris, who has been manufacturing beverages in this city for over 25 years, should have appeared.

ST. JAMES Y. P. A.

At a meeting of St. James' Young Peoples Association last evening plans were made for the winter season activities. There was a good attendance and much enthusiasm was displayed, arguing well for a successful season of sports and entertainments.

LECTURES ON MUSIC.

Professor James E. Brown, musical instructor for the city public schools, commenced a series of lectures to teachers on music in the High School assembly room yesterday afternoon. There was a large attendance. About 20 lectures will be given.

NOVELTY SHOWER.

A novelty shower in honor of Mr. Harold Maxwell was tendered her by several friends at the home of Miss Dorothy Craft, Water street, West St. John, last evening. Three little cousins of Mrs. Maxwell wheeled in little carriages bearing gifts. The evening was pleasantly spent in music and games and refreshments were served.

POWER COMMISSION.

Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, is expected to arrive in the city this evening and will leave tomorrow morning for Fredericton to meet Mr. J. H. Mitchell to discuss matters pertaining to the work of the commission.

ST. JOHN CLERGYMAN AWAY.

The Maritime synod of the Presbyterian church is meeting this week in New Glasgow and several of the local Presbyterian ministers have left to attend, including Rev. Hugh Miller, St. David's, Rev. W. McE. Matthews, West St. John; and Rev. J. S. Bonnell, St. David's. They are expected home on Friday.

ORDAINED DEACONS.

Three young men from this city and one from Fredericton, studying for the priesthood, have been ordained deacons at the Holy Heart Seminary in Halifax. They are: Rev. Arthur Kinsella, son of Mr. and Mrs. A. Kinsella of Paradise Row; Rev. Melvin Nichol, son of Mrs. and the late Joseph Nichol; Rev. Joseph Butler, son of Mr. and Mrs. James Butler of Metcalf street; and Rev. Joseph Henneberry of Fredericton.

GAS SERVICE EXPANSION.

The New Brunswick Power Company has completed arrangements for installation of approximately 3,000 feet of gas pipe along Douglas avenue, in Bentley street, and Brunswick Place. The service at present goes only as far as the Meteorological Observatory, Douglas avenue and will be extended to a point close to the C. P. R. tracks at the Reversing Falls as well as along Brunswick Place where some houses have been newly erected, and down Bentley street where some citizens desire this service. The pipe has been ordered and is expected to be here in a few days. Preparations are being made to have the work started by the end of this week or the first of next.

CONGRATULATES CHIEF JUSTICE.

At St. Anthony's church, North Devon, on Sunday morning, Rev. Father Conway referred to the new honours conferred on a former member of the parish, Hon. Jeremiah H. Barry, on his elevation to the position of Chief Justice of the King's Bench Division of the Supreme Court of the province. Father Conway said that the new Chief Justice, who was a native of Madagville, had a long and honorable career both as a legal practitioner and in later years on the Supreme Court bench and said that Judge Barry's record was one which might well serve as an example for other young men. On behalf of the parishioners of St. Anthony's church and the affiliated parish he wished the new Chief Justice every measure of blessing and happiness.

THEY HAD TO THROW PARTRIDGE AWAY

A local sportsman, when questioned regarding something said to be creating havoc among the partridge said today that accompanied by some friends he had visited Little Lake, about 12 miles from Tracy where they usually found plenty of birds, often securing 40 or 50 in a few days and seeing many more, and this time they had secured only four partridge and every one of these had been infected with the disease or whatever it was, and could not be brought home. The partridge, he said, seemed infected usually around the head and it took the form of little blue balls on the skin, varying in size from a pea to a plum head. All four birds secured on this trip had to be thrown away. He declared that he had seen a bird shot near Loch Lomond infected in the same manner. Reports from various parts of the province show that partridge are scarce now but that they were plentiful months ago and it is thought that the disease is responsible for this. This sportsman said today that there was the same trouble about four years ago. He discovered a bird dying then and there was a sign of injury other than this infection. He declared that rabbits were infected in somewhat a similar manner about six years ago. He said he did not know the name for the disease. This matter was discussed at a meeting of the N. B. Fish and Game Protective Association last night, as referred to elsewhere.

MATTER OF UNION WITH CITY DORMANT

Commissioner Frink Replies to Query About East St. John Situation.

Has the proposed union of East St. John and the city proper been forgotten. This was the question put to The Times-Star and in order to find out the status of the matter at present the question was passed on to Commissioner Frink.

The commissioner said that, so far as he could recall there had been nothing done since some time before the civic election of last spring. Previous to that there had been communications and negotiations between the members of the city council and a committee representing East St. John.

His recollection of the last proposal of East St. John was that they be taken into the city and be treated the same as portions of Stanley Ward, that is assessed on one half the valuation placed on their properties, but they wanted this on the valuations which were at present established by the assessors in the district. This had not met with the approval of the members of the council and the matter had seemingly been dropped for the time. He expressed the opinion that it would be revived again.

Speaking about the assessment in Stanley Ward the commissioner said half valuation applied where water and sewerage and lights were not provided.

TO ARRANGE FOR RIVER SERVICE

Chapel Grove Country Club Holds Its Annual Meeting.

The annual meeting of the Chapel Grove Country Club was held last evening. Reports were received, officers elected and arrangements made for winter activities. The reports of the secretary and treasurer were highly satisfactory. The former reported that there are 112 members. The election of officers resulted as follows: President, E. S. G. Hansen, re-elected; vice-president and chairman of the social committee, H. J. McCarthy; secretary, Maurice G. Maxwell; treasurer, J. F. Creary; assistant secretary-treasurer, S. F. Aitkin; chairman of the canteen committee, U. A. Egan; chairman of the committee, W. H. Corcoran. The retiring officers were tendered a vote of thanks.

The club, which was organized a year ago, has met with marked success and the finance showed it to be in a flourishing condition. During the winter months a programme of social and entertainments will be carried out for the members and their friends. It was also decided to arrange for a steamship service to Chapel Grove and other points along the north-western river next year and a proposition is to be placed before one of the river steamship owners this week. It was first decided to purchase a large motor boat for the members, but efforts in this line were unsuccessful and a new arrangement is now being made where by a regular service will be put on the Kennebecas river.

It was also decided at the meeting that next spring tennis courts will be built at the club, a space cleared for athletic events, bathing and building houses erected and other improvements made. The members are looking forward with keen anticipation to next season.

MOTHER MAKES SAD ADMISSION

Has Lost Control of Boy, Who is Before the Police Court.

A sad case was heard in the police court this morning when a frail woman appeared before Magistrate Henderson and said that she had lost control of her son and was anxious to wash her hands of him. He had been reported for a habitual truant and when ordered to appear in court with his mother ran away. As a result he was taken in custody and held at police headquarters until his case was brought before the court. A short time ago the boy was brought to court charged with setting fire to a building in the North End.

When asked by Magistrate Henderson why he did not go to school the boy said he had been sick one day and went to the outdoor department at the hospital on other days to receive treatment for a cut in his hand. His mother said that he was only making up excuses.

J. Boyd McMann, truant officer, said the boy had missed nine and a half days in September and had not gone to school one day this month. He said he had been after him on many occasions, but he was running at large about the streets and he could not locate him. He said he had been guilty of truancy before.

Magistrate Henderson questioned the mother regarding the boy and was informed that only last Friday he threw a knife at his brother and cut his hand. He had then tried to seize a butcher knife and again strike him. She said her husband was in Moncton and was not supporting either her or her five children and that she should be made take some of the responsibility of bringing up the family.

Magistrate Henderson said he would consider sending a commitment to Moncton to bring the father back here and he was liable to pay \$2 for every day the boy was absent from school without a cause. The boy he sent below and said he would take the matter up with the authorities at Silver Falls school to see if he could be sent there.

ONLY ONE.

Only one man was taken into custody last night on a drunkenness charge and this morning when he appeared before Magistrate Henderson he was instructed to pay \$8 or go to jail for two months.
