GOOD THINGS COMING TO THEATRES OF ST. JOHN

"SAN TOY" COMIC OPERA BEGINS THIS EVENING

Genuine English Company in Sydney Jones' Tuneful and Amusing Masterpiece.

While it is yet a little early for St. John's fullest social and theatrical activities, due to the suburban residence conditions and such, yet the large sale of tickets for the "San Toy" engagement this evening and tomorrow indicates a widespread interest in the coming of F. Stuart Whyte's singers, headed by charming Zara Clinton and the noted comedians Fred Walton and J. V. Barrett-Leonard.

The opera tonight and at the two performances tomorrow (matinee at 2.30) will inaugurate the Imperial's 1920-21 season, a season that will certainly eclipse all others in variety and importance of engagements. "San Toy" is a perfectly delightful work—replete in the catchiest airs, the most brilliant choruses and ensembles and filled with Anglo-Chinese fun and ludicrous situations. It has not been heard here in years and is therefore assured of a hearty welcome.

The seat sale is still going on at the theatre box office and because of the Imperial's large capacity there are yet choice locations for late buyers. The matinee will not be reserved.

**YESTERDAY'S STORM.**

A severe electrical storm in the province yesterday did much damage to property and one life was lost, that of Mrs. Bourque of Fox Creek. A house and barn owned by Emerson Steadman and John Hoar were damaged by lightning at Fox Creek. A barn owned by George Hopper, Little River, Albert county, was

destroyed. The storm was felt at Fredericton but not so severely as in other parts of the province. A barn said to be owned by Abraham Bridges near Fredericton, was destroyed causing much loss to stock, hay and farm implements. The storm hit Nova Scotia heavily and at Springhill barns belonging to Charles Mason were destroyed with the contents. On Charles Moore's farm a few miles from Kentville a man was struck by a bolt of lightning and made unconscious. The transforming station of the Dominion Steel Corporation at Sydney was destroyed and several houses damaged.

The Evening Times and Star

ST. JOHN, N. B., SEPTEMBER 1, 1920.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

WELCOME NEWS.

If any man had predicted before the Foster Government came into office that an electric current from Musquash and Lepreau would be brought to St. John, and linked up with another current generated above Fredericton, and carried on to Moncton to be linked up with another from the North Shore—all resulting from water power development—he would have been set down as a romancer or a teller of fairy tales.

WOMEN AND EDUCATION.

The Federation of University Women of Canada has performed a public service by making a survey and submitting a report on educational conditions, which shows the need of a radical change. Graduates of universities from coast to coast were represented on the committee which prepared the report.

In Ontario, the report points out, the attendance at high schools is 67 per cent. of the school population; in Nova Scotia, 8.5 per cent; in Saskatchewan, 5.46 per cent; in Alberta, 6.25 per cent; and in British Columbia, 8 per cent.

Where the report is less encouraging is in the high schools which are much smaller than in any of the provinces given in this report. Indeed, it is so much smaller that one is tempted to doubt the accuracy of the figures for other provinces, and notably Nova Scotia.

Why does the Globe say that steamers of the Canadian Merchant Marine cannot come to St. John if we do not accept harbor commission? These vessels have come here, are coming here and will continue to come here, as they do to Halifax, where there is no harbor commission.

60.08 per cent have three years' experience. Various devices for improving the conditions of teachers are suggested. They include:—(1) teachers' residences, (2) economy in the number of teachers and more opportunity for specialization through centralized schools, (3) a pension fund, (4) no distinction of sex in the wage schedule, (5) Provincial Teachers' Exchange substituted for the present method of advertising.

The report favors consolidated schools. We quote again: "In Manitoba they have proved a success. In that province there are 106 in operation and 4 in process of formation. Saskatchewan has 85, Alberta 63, British Columbia 3, Ontario 2 in operation and 7 in process of formation.

The report offers a number of recommendations, which ought to receive very careful consideration in all the provinces. They are as follows:—(1) A municipal system of school administration, with consolidation of schools and rural high schools to afford an opportunity to each child of twelve continuous years of education.

Drumming over dark nozzles, natural Lake and stream like crystal glasses that reflect our racing planes; Humming over peaceful, endless forests ever vernal.

Where the bright aurora flashes, where the icy Yukon dashes, where the rocks of virgin gold, We are roaring, we are soaring, with the silver star dust pouring.

Richard Spillane, who has been writing a masterly story of the life of Cyrus H. K. Curtis, the man who made the Saturday Evening Post, in Forbes Magazine, studies the final chapter to a character study of this publishing genius.

Rippling Rhymes by Walt Mason. (Copyright by George Matthew Adams.)

When I'm not toiling at my lyre, producing thrilling waves of sound, I'm busy as a housewife, in my small plot of garden ground. When I've turned out an anthem sweet, designed to soothe men's troubled souls, I spade the dirt around a beet, and teach my beans to grow on poles.

CANADA—EAST AND WEST

THE SELKIRK SETTLERS.

June of 1815 opened with a new evil to the settlers whom Lord Selkirk had brought to the Red River from overseas. In that month many of them gave way to the threats that had been made against them by Indians and North Westers in the land and quit the colony for homes in what became later the counties of Oxford, Middlesex and Elgin in Ontario.

October brought new arrivals from Scotland and a determination to see the thing through and win in the struggle with the other inhabitants of the section. The winter, long and dreary, was endured because of the coming of the spring the colony was to re-establish itself and make a fresh start under the new leader. They heard stories of course, of impending difficulties, but if they came they would meet them as a repetition of the past difficulties; no one had as yet met a violent death at the hands of the assassins. But the direct blow in the history of the colony was about to fall and death was stalking in the camp.

COST EXCEEDS SALE PRICE.

Imperial Oil Co. Manager Says That Western Harvest Demand is Chief Reason for Advance.

"By advertising we have been trying to get the pleasure car owners to conserve gasoline for some time past, warning them that all the available gas would be needed for the next 'daring harvest time,'" said Manager George W. Mayor of the Imperial Oil Company this morning in explaining the reason for the increase in price of gasoline.

ONE BIG UNION IS NOT FIT TO GOVERN

There is a well known saying which suggests that if you would learn the real characteristics of a man, you must first live with him, but the recent experience of the O. B. U. outnumbers by far the supporters of the International movement.

These O. B. U. supporters are the men who declare our existing governments are not fit to govern. They say that the so-called capitalist class—which seems to include everyone who is not a member of the O. B. U.—is intolerant.

WOMEN IN PUBLIC LIFE. London, Eng., Sept. 1.—Dr. Josiah Oldfield, well known physician, said women should be less seen and less heard. "To me there is a great risk and greater pity in women attempting to carry man's public life burden in addition to her own private life's golden rule," he said. "It is stated that because last year the ratio of suicides as between women and men has risen from one woman to three men, to one to two, because modern married life is to be blamed." A woman's security, peace and happiness, he said, lie in withdrawal, motherhood and household.

### RECENT WEDDINGS

Mr. and Mrs. Octave Signo, of St. Paul, Minnesota, had announced the marriage of their daughter, Florence Mary, to Samuel Harold Poole, son of Mrs. Samuel Poole, of Westmoreland Road, at Calgary, Alberta, August 28. Mr. and Mrs. Poole will reside in Calgary.

### RECENT DEATHS

Although he had been in ill-health for nearly a year and had been seriously ill for the last week, the death of James McGuire of Upper Loch Lomond, which occurred yesterday morning, came as a shock to his many friends, who received the news with sincere regret. The late Mr. McGuire was sixty-six years of age and for the last forty-six years had been in the employ of Alexander Johnston at Upper Loch Lomond. He was known to every one in the eastern end of the county and by many from the city whom business or pleasure took to the Upper Lake district, and all who knew him held him in high esteem for his many admirable qualities. During his long illness, he was tenderly cared for at the homestead which had been his home for so many years. One sister, Mrs. Francis Brawley, of this city, survives him. The funeral will take place today at 12 o'clock (noon) from the residence of Mr. Johnston, Upper Loch Lomond, to the New Catholic cemetery, where interment will be made.

The death of James Skene occurred at his residence at Penfield, N. B., on Monday. He was a native of Aberdeen, Scotland, and came to this country nearly forty years ago. He was a woolen manufacturer and had factories both at York Mills and at Penfield. Mr. Skene was twice married and is survived by his second wife. Three children survive: Alex. of McAdam; James W. of Augusta, Maine; and Mrs. Wm. McPhail of Kincardine, N. B.

Mrs. John Aylward of Barnaby River, died at the Miramichi Hospital on Saturday evening from injuries received in jumping from a moving automobile. She leaves her husband and four children, Mary, Annie Catherine and Thomas. The funeral took place yesterday from the Sacred Heart Church, Father Barron officiating.

### HIGHER PAY FOR UNION EMPLOYEES OF THE G. N. T.

Toronto, Sept. 1—An agreement just signed between the Great Northwestern Telegraph Company and its union employees provides for a ten per cent increase for clerks, \$10 a month increase for automatic operators and \$20 a month increase for Morse operators. This makes the maximum salary for Morse operators \$185 a month, and for automatic operators \$105. Overtime rates holidays and working conditions remain as before.

### TO SWIM 100 MILES.

New York, Sept. 1—Henry Ellonsky, formerly of New London, Conn., who doesn't think anything of swimming thirty miles with his hands and feet shackled, and who holds the record for long distance swimming, sixty-five miles, made in New York waters, will, on September 11, try to swim 100 miles without emerging from the water. His plan is to swim out to sea nine and a half miles, return, and then swim twice over a half-mile course, repeating the feat five times.

### GRAFOLA RELEASED IN WOMAN MURDER CASE

Hackensack, N. J., Sept. 1—Joseph Grafola, who with three others has been under detention by the Hudson county authorities in connection with investigation into the murder of Mrs. Blanche Schulz, whose body was found in a clump of bushes in Grantwood, N. J., was released yesterday. The authorities announced that nothing has been discovered to connect him with the murder.

### MOTH SETS FIRE TO WOMAN.

New York, Sept. 1—Mrs. Mary Malz 84, started to turn off the gas the other night. She stood on a chair and watched a moth circling the flame. The moth was caught and fell burning on the woman's shirtwaist, setting it afire. She was painfully burned. Plans have been completed by F. Neil Brodie, architect, for an extension to the Chipman Memorial Hospital at St. Stephen, which will consist of a kitchen and general work room.

## You can make this surprising experiment in our store — The Test of the Two Violins

Violins differ subtly in tone! Test the New Edison Realism by that fact.

We have an "Ave Maria" RE-CREATION played by Albert Spalding with his Guarnerius. This famous violin has a brilliant, singing tone. We have a second "Ave Maria" RE-CREATION played by Carl Flesch with his genuine

Stradivarius. This violin has a rich, mellow tone.

Come in and compare these two RE-CREATIONS—tone for tone. If the New Edison makes clear the distinction between the singing Guarnerius and the mellow Stradivarius, you know it has perfect realism for you.

## The NEW EDISON

"The Phonograph with a Soul"

Albert Spalding himself recently took part in a test of the New Edison's Realism, at New York City. He played in direct comparison with the RE-CREATION of his performance by the New Edison. Mr. Henry Hadley, one of the jury of the three distinguished musicians who listened from

behind a screen, said: "The RE-CREATION matched Mr. Spalding's performance tone for tone." The New Edison is the only phonograph which has given this conclusive proof of its perfect realism. It has triumphed in 4,000 such comparison-tests.

**PRICES! HALT!**  
Since 1914, the total price-increase in the New Edison has been less than 15%. Mr. Edison has, personally, absorbed more than one half of the increased costs of manufacture. He may not be able to do this much longer, day now—if you want today's prices. Our Budget Plan will help you. It distributes the payment over the months to come.

V. C. ONLY ONCE WON IN CANADA

Private Timothy O'Hea's Gallant Act in 1866 in Quebec Town.

(Toronto Telegram.)

A gallant company of Canadians have won that crowning glory of brave deeds, the Victoria Cross.

Not fighting the Fenians, not driving the rebels from Fort Gary in 1870, not valor on the plains of Saskatchewan in 1884, was the occasion of its winning.

Not only was this the sole Victoria Cross conferred in Canada, but was the only Victoria Cross ever conferred for a brave deed done not in the actual presence of the enemy.

BRAVE IRISHMAN

Private Timothy O'Hea, 1st Battalion Rifle Brigade, was the winner. Serving in one of the British regiments which were then garrisoned in Canada, O'Hea was on his way with the troops to quell the Fenian invasion.

Poor O'Hea some years later got lost in the Australian bush, and no trace of him was ever discovered.

Women V. C.'s Soon

On the creation of the decoration by Queen Victoria in 1856, the warrant stipulated that it should only be conferred for valor in the actual presence of the enemy.

Women are now eligible for the V. C. Had this been so three years ago, there is a possibility that Miss Evelyn Browne of Ottawa (since married), one of the first women military chautauques in the world to win the Military Medal, might have got even the higher honor.

Churchill Cockburn

Today's reception of the V. C.'s will recall to many that October day of 1901, when Major Churchill Cockburn of Toronto, received the V. C. from the Prince of Wales and a sword of honor from the mayor and council of his native city.

Serjt. Eddie Holland of Toronto, were with him, and all three suffered wounds in performance of their plucky deed, though the latter two survived to fight in the Great War nearly twenty years later, Eddie Holland winning fame commanding a battery of motor machine guns, and Turner as a general.

"Kitch" Admired Turner.

Kitchener's attention was attracted to Turner as a consequence of his saving the guns, and the great soldier journeyed eighty miles across the veldt by rail especially to see Turner, who lay in hospital severely wounded.

SAYS GERMANS SORRY FOR WAR

Professor in New York Tells of Contrue Teutons - Declares They Are Gateful to America for Feeding Children.

(N. Y. Evening Post.)

Dr. Sigmund Loewe, a graduate of the University of Jena and a biology specialist of Berlin who is at the Hotel Pennsylvania, declared that the German people are contrite in realization of what the war did to the world and of the responsibility of Germany though the common people never were in sympathy with the military classes, and would not return to any semblance of control by the once all-powerful military autocracy.

"The German does not want a Kaiser again," he said. "He much prefers to help in perfecting the government he has today. The attitude of the middle and lower classes toward the United States makes it hard for me to realize the attitude toward Germany which I find exists in the United States. There is tremendous gratitude for the help generous Americans have given in feeding the children of Germany. Food conditions are very bad. I do not know what we would have done for the children without American charity. The children are all undernourished, wan, and pitiful."

"The German common people are still dazed by the war, their experiences in it, and in its results. Whatever truth there may be in the accounts of Germany's preparation for war by the military classes, and of their hatred for France, the German common people did not want war, did not expect war, and did not realize that war was at hand until war was upon them. They were told that if Germany did not declare war she would be attacked, and would suffer more severely if she waited for that attack. The events of 1914 occurred with breathless swiftness. They have been followed by years of great agony. If you believe us to have been the aggressors I hope you will take my word for it that the lower and middle classes in Germany are chastened and seek only an opportunity for a peaceful and industrious life again."

POPE BENEDICT IN MOTION PICTURE

Scenes in Lourdes Chapel Grounds Also Filmed on Occasion of Columbus Visit to Vatican.

For the first time in history, a Pope has posed for moving pictures. Not only was permission granted for the filming of scenes in the Lourdes chapel grounds, but Pope Benedict Sunday took a leading part, posing first with various groups and then for "close-ups," and expressing much amusement at the persistence of the American photographers, who went within four feet of the Pontiff and snapped him smiling into the camera.

This occurred after the Pope had celebrated mass for the visiting American Knights of Columbus in the open Vatican gardens and had given Holy Communion personally to each knight. Vatican officials were amazed that the Pope appeared in these scenes for about twenty minutes, and which proved the most complete pictures ever taken of Vatican ceremonies.

The Pope seized Supreme Knight Fishery by both hands, blessing the visitors in a short address which was translated by Archbishop Geretti, formerly of the papal delegation at Washington. The Pope drank a cup of coffee with the Knights after celebrating mass.

EUROPE COMING BACK TO PRE-WAR PRODUCTION

Canadian Farmers Should Not Be Too Independent of Foreign Competition, Journal of Commerce Says.

There is a thoughtless optimism in Canada today which disregards the probable effect upon agriculture, as upon other industries in Canada, of the rehabilitation of production abroad, and particularly in Europe.

"The exporter of agricultural products must, in common with other exporters, meet the problem of the inability of foreign nations to finance purchases of the production of our farms. Under the stimulus of the Government's efforts to increase home production the agricultural output of a number of the recently belligerent nations is rapidly returning to normal. European agriculture generally is showing remarkable recovery, though there are some exceptions, such as some of the Balkan States and Russia.

It is thought that after the present harvest Europe, with the exceptions above mentioned, will be back almost to pre-war conditions as far as production of domestic foodstuffs is concerned. A considerable amount of butter and potatoes have recently reached this country from Denmark; Australian and New Zealand mutton have lately been imported into the United States. The imports of Egyptian onions have reached pre-war quantity. Large quantities of Rumanian wheat have been sold to Italy and other European States."

The Journal of Commerce thinks, however, that until Russia again enters the world markets with her grain, it is prob-

able that this continent will be able to find profitable sale abroad for its entire exportable surplus of breadstuffs; and that good markets for dairy products and meats will continue in Europe for some time. Canadian agriculturalists will do well to consider what these developments mean. Every country in the world is striving to increase its farm production and to decrease its dependencies upon outside sources of supply. Competition for markets abroad is certain to become increasingly keen, despite the perennial warnings of the disciples of Malthus. Farsighted agriculturalists in Canada will appreciate to an increasing extent that the home market is the best market and that their interests will best be served by the development, along with agriculture, of strong and efficient manufacturing interests.

Allen Theatre Enterprises. The Picture Patron's Court of Appeal. If you could attend one of the regular luncheon-meetings of Allen Theatre managers, you would find that the subjects discussed are similar to those debated by the people who patronize the theatres. In no other way could the Allen Theatre Enterprises secure the viewpoint of the theatre patron more effectively than through the medium of these meetings. A score or more of these "branch managers" get together at frequent intervals, and discuss every picture, past, present and future, with which they are concerned. Pictures are brought up for criticism. One manager will report that his patronage was large and satisfied, while another will explain why a different section of the community did not respond to the same photoplay. Sometimes there is uniform disappointment regarding the worth of a certain film, and again there will be a chorus of approval. But out of these meetings may be derived a fairly accurate estimate of the public attitude toward a particular picture. In one sense these meetings are the court of appeal for the public. Anyone may influence the course of the modern picture by giving intelligent expression to his opinion of any film shown at an Allen Theatre. Criticism is welcomed, but the patron should consider to make his criticism constructive. The opinions of "the patronage" do count with the managers and with the Allen Selection Board; these meetings are the link between the public and the producers of pictures. Your influence counts there. It is a phase of Allen policy, that the opinions of the public influence the producers of pictures. Suggestion boxes for the use of patrons are found in every Allen Theatre. And the influence of the Allen patronage is a vital force with the makers of pictures. Every maker of motion pictures seeks to show his pictures in the Allen chain of theatres—and it is then he is confronted with the Allen standard which in a broad sense is the expression of taste and desires of the Canadian motion picture public.

SEPTEMBER BRIDES

A wedding of much interest to many friends in this city and elsewhere was solemnized in St. Jude's church this morning when Miss Mary Constance Coster, daughter of Mr. and Mrs. J. Arthur Coster of Guilford street, West St. John, was united in marriage with A. Merlyn Harding, son of Mr. and Mrs. William L. Harding, also of Guilford street. The ceremony was performed by Rev. W. H. A. Holmes, rector, in the presence of immediate friends and relatives and after the ceremony a dainty wedding breakfast was served at the home of the bride's parents, at which only immediate relatives were present. The bride, who was given away by her father, looked charming in a fawn colored traveling suit with hat to match and carried a bouquet of Columbia roses. They were unattended. The church was artistically decorated with golden rods by friends of the bride. After the wedding breakfast Mr. and Mrs. Harding left by automobile for Magaguadavic Lake for a short honeymoon after which they will leave for Regina, Sask., where they will make their home. Many beautiful and costly presents were received testifying to the popularity of both bride and groom. Mr. and Mrs. Harding left this morning amid showers of confetti and the best wishes of a host of friends for much future happiness.

**Donovan-Coughlan.**

An interesting wedding was solemnized this morning at six o'clock in the Church of the Assumption when Rev. J. J. Ryan with nuptial mass united in marriage Miss Annie Frances Coughlan and S. Bouch Donovan both of this city. The bride was becomingly gowned in pink georgette crepe with white bead trimmings with black picture hat and carried a handsome bouquet of ophelia roses. She was attended by Miss Annie Donovan sister of the groom who wore a dress of white crepe de chine with black hat and carried a bouquet of deep red roses. The groom was supported by George Creary. After the ceremony, which was performed in the presence of a large number of relatives and friends, a dainty wedding breakfast was served at the home of the bride, 384 Watson street, west end. Mr. and Mrs. Donovan left by automobile for a trip to Montreal, Boston and New York followed by the best wishes of a large circle of friends. On their return they will reside in Queen street, west end.
