TWELVE PAGES—ONE CENT

Defer Decision at City Hall Till Tomorrow

Daylight Saving Discussed

Labor Men Heard—Mr. Bullock Says Ferry Should be Changed To Apply For \$300,000 Housing Money

The adoption of daylight saving time was discussed at the committee meeting of the common council this morning and representatives of the Trades and Labor Council were heard in opposition. Decision was reserved until the council meeting tomorrow afternoon.

The committee decided to ask for \$300,000 as the city's share of the federal loan for better housing. It was announced that plans are being prepared for the addition of a story to an elevator in city hall.

When the meeting opened, a protest from the Automobile Trade Association against the recent truck purchase by the public works department was read.

In reply, Mr. Fisher submitted the following report: Regarding the letter from the St. John Automobile Trade Association to the mayor in the matter of the recent truck purchase by the public works department, your commissioner begs leave to report:

(In answer to paragraph 1)—That in the call for tenders the St. John Association and when the call was being advertised no suggestion was made that tenders from outside the city should not be received; also when the tenders were considered no suggestion was made by the association that outside tenders be discarded.

(In answer to paragraph 2)—An opportunity to tender was given to the only St. John tenderer who was thought to be in a position to lower his price, and whose tender might then be considered, but he declined to do so.

(In answer to paragraph 3)—Your commissioner suggests that the association name the truck which it wishes to purchase, this course would justify its action without loan, so as to protect those who wish to take advantage of it.

Mr. Bullock said that interest would be charged on the money as it would be advanced, so he thought that the city should apply at once for the amount they thought would be required. He thought the city might be justified in advancing the fifteen per cent additional to make up the total cost of the buildings. He moved that the city apply for \$300,000.

Mr. Thornton in seconding the motion, secured the consent of the mover to take the amount \$300,000. On motion of Mr. Bullock authority was given to sell a house and lot in Lancaster to J. J. Loggie.

NO ENTHUSIASM OVER AMENDMENTS

London Papers on Altered Covenant of League WEAKENED, SAYS CHRONICLE

Daily News Sees Danger—Labor Paper Fails to Find Much Improvement—Post Has Attack on President Wilson

London, April 14.—The summary of the amended covenant of the league of nations evoked no enthusiasm in the London morning newspapers, and it is declared by some commentators to be less satisfactory than the first draft. The Chronicle fixes certain points which it thinks makes the new draft "distinctly, and perhaps decisively, inferior to the old."

The Daily News, which is a warm champion of the principle of the league of nations, sees danger in some of the provisions. It objects to the constitution of the council, which it says "will manifestly be controlled by prominent representatives of the five great powers when they are in agreement."

The Morning Post, which is an opponent of the league and a severe critic of President Wilson, refers to the amendment on the original draft. It declares that from a democratic viewpoint, the league is still an alliance of states and not a union of peoples.

The Standard, which is a supporter of the league, says that the amendment is a "new garden of Eden," in which "the Monroe Doctrine will take the place of the tree of knowledge of good and evil."

The Standard also says that the amendment is a "new garden of Eden," in which "the Monroe Doctrine will take the place of the tree of knowledge of good and evil."

The Standard also says that the amendment is a "new garden of Eden," in which "the Monroe Doctrine will take the place of the tree of knowledge of good and evil."

The Standard also says that the amendment is a "new garden of Eden," in which "the Monroe Doctrine will take the place of the tree of knowledge of good and evil."

The Standard also says that the amendment is a "new garden of Eden," in which "the Monroe Doctrine will take the place of the tree of knowledge of good and evil."

The Standard also says that the amendment is a "new garden of Eden," in which "the Monroe Doctrine will take the place of the tree of knowledge of good and evil."

THE MAD DOG OF EUROPE

Plain Talk BY THE BRITISH

German-Austrians Take Chance if Disorder Permitted—Conditions in Germany

Berlin, April 14.—Government troops sent against the Brunswick Soviet were reported on Saturday from Magdeburg to have come into contact with the outposts of the Brunswick communist forces. The outposts fled.

Dusseldorf, April 14.—(Via Copenhagen)—On Saturday night and Sunday morning government troops attacked Communist forces entrenched in the Oberbilk quarter, in the southeastern section of the city, and ejected them. The majority of the Spartacists fled in the direction of Eller and the troops are no longer encountering serious resistance.

Berlin, April 14.—(By the Associated Press)—The strike in the Ruhr district is abating, dispatches from German sources report. At the Krupp works in Essen two-thirds of the men are again at work.

Leipzig, April 14.—The students on Saturday voted unanimously to close the university and enlist in the border defense forces.

Vienna, April 14.—(Via Copenhagen)—The British military representative here has notified the foreign minister of German-Austria, that the British government had authorized him to declare that if disorders occurred in German-Austria, imports, including food and raw materials, would be immediately and entirely stopped.

Munich, April 14.—(Via Copenhagen)—A report from third army headquarters at Munich says the garrison has established a military dictatorship in support of the Hofmann ministry, which the Soviet regime seeks to oust from office.

Nuremberg, April 14.—(Via Copenhagen)—A report from third army headquarters at Nuremberg says the garrison has established a military dictatorship in support of the Hofmann ministry, which the Soviet regime seeks to oust from office.

St. John, N.B., April 14.—Unfavorable weather conditions continuing today will in all likelihood cause the further postponement of Harry Hawker's start across the Atlantic in a Sopwith machine. A heavy rain fell throughout the night and this morning the hangars are enveloped in a dense fog.

Amherst, N. S., April 14.—Raymond Smith of Fort Lawrence, while putting a double barrel gun through a fence, caught the trigger and his hands and forearm were shattered. On Sunday morning Drummond Nafel, teller in the Bank of Montreal, met with a similar accident. Amputation of his arm was necessary.

Terms Reported Offered By Reds

Bolshevik Russia Said To Be Ready For Concessions

Declines, However, to Grant Revocation of Constituent Assembly on Basis of Democratic Elections—Debat on Eastern Front

Paris, April 14.—(By the Associated Press)—Bolshevik Russia is ready, according to reports reaching here, to agree to a suspension of executions and punishments in the case of its opponents in return for goods and recognition. It is also willing, according to the same reports, to agree to the suspension of the campaign to extend Bolshevism and overthrow the existing order in the countries of the associated powers.

It will, however, refuse to call demagogic elections, or to consent to the election of a constituent assembly in Russia and insists on the recognition of the de-facto and de-jure government of Russia, and acceptance of the principle of Soviet rule and its part of any program of negotiation.

Whether the report on the standpoint of the League government brought back by an attaché of the American peace commission, who recently visited Russia, speech, press and assembly, which Hjalmar Branting and other neutrals believe should be made a condition of food relief, has not been learned, but a person familiar with that report said that the Bolshevik government was ready to grant almost anything except reconvening of the constituent assembly on the basis of democratic elections.

London, April 14.—Leon Trotsky, Bolshevik minister of war and marine, admits defeat on the eastern front in a wireless message from Moscow, which has been picked up here. It reads: "All our efforts must now be directed to the eastern front, which is the only front upon which we have suffered defeats. We must send old and experienced troops to that quarter. It is absolutely necessary for us to capture Ekaterinburg, Perm and Ufa."

New York, April 14.—Much of the strength shown by stocks at the opening of today's market was attributed to the publication of the terms of the victory loan, which were scored by Investment Rails, United States Steel, American International, leading oils, United States Rubber, Keystone Pipe, Associated Drygoods, Corn Products, United States Food Products and Wilson Packing. Some of these advances were reduced before the end of the first half hour on the heaviness of St. Paul preferred and Sumatra Tobacco.

Nearly Ready For Plenary Session

Continued Progress For Peace

CALL HUNS IN FEW DAYS

Washington, April 14.—Continued progress at the peace conference was reported today in dispatches to the White House from Paris. The intimation was conveyed that all important questions still at issue soon would be cleared up.

Paris, April 14.—(Havas Agency)—The Petit Parisien says it understands that the peace conference leaders have come to an understanding regarding the date when the German delegates shall be called into conference. That date, it declares, is very close at hand—before April 20.

Paris, April 14.—(By the Associated Press)—The peace treaty and the league of nations have undoubtedly reached the final stage of negotiations, but it is not yet clear that they are out of traveling papers as both must pass the ordeal of a plenary session of the peace conference and then go before the Versailles congress, where enemy powers will be represented. Indications are that a combination of both documents will be written into a preliminary peace treaty within the coming two weeks.

The council of four is understood to have fixed for the peace congress tentative dates between April 26 and May 5, but no announcement has been made as to details, so that Premier Lloyd George may have something to disclose when he addresses the British parliament on next Wednesday.

There is no doubt that the final session which discussed the Monroe Doctrine, heavy amendments and the league of nations was a great deal of feeling and was at times stormy. French opposition to the Monroe Doctrine amendment was long and sharp. It singled out one nation for special treatment, and also that the principle of the Monroe Doctrine, if applied to Europe, might keep the United States from again aiding Europe, if she were menaced by another German attack.

The Japanese equality amendment was equally spirited. The Japanese delegates have made it known that cables from Tokyo have shown that there was running high. There was virtually no opposition expressed to the Japanese demands except that of Premier Hughes of Australia, which was pronounced that it compelled Great Britain to withhold approval of the amendment, thus preventing its adoption. Owing to this action the subject of much conjecture.

Paris, April 14.—(Havas Agency)—Premier Lloyd George's trip home to England will be a brief one, according to the Petit Journal today. He will be in Paris on Friday to attend the peace conference proceedings, the newspaper says.

Paris, April 14.—The conference committee has authorized the setting of the problem of the Banat district, south of Hungary proper, in which Serbian and Roumanian claims were involved, according to the Petit Parisien. The newspaper does not give the terms but says that the decision respected the rights of each nation.

LAWRENCE—At Rochesay, April 14, after a short illness from pneumonia, Florence, beloved wife of Charles Lawrence, at the age of forty-five, leaving ten children to mourn.
Funeral Tuesday afternoon at 2 o'clock from her residence. Private.

GALLAGHER—On April 13, 1919, James Gallagher, leaving his wife, one son, one sister and three brothers to mourn.
Funeral Tuesday at 2.30 from residence, 27 Dock street. Friends invited.

DAVIDSON—On April 13, Doris Ashton, infant daughter of Roy A. and Lorna S. Davidson, aged eleven months.

CARD OF THANKS

Mrs. Thomas Wilson and daughter, Miss Hazel Stewart, wish to thank their friends for sympathy and flowers in their recent sad bereavement.

BORDEN'S AMENDMENT IN LABOR MATTER

Paris, April 14—(By Leon Trepanier)—At the plenary conference dealing with labor matters, Sir Robert Borden proposed an amendment to a motion submitted by G. N. Barnes, the British labor representative at the peace conference, having for its object the preservation to the self-governing dominions of the British empire of the same status and the same rights in respect of the labor convention as have been agreed upon with respect to the league of nations covenant.
This question and others formed the subject of earnest conversation during the progress of the plenary conference between Sir Robert Borden, President Wilson, Premier Clemenceau, and Premier Lloyd George. It was evident that the views put forward by the Canadian prime minister eventually prevailed, and the course of the subject proceedings of this session of the conference was so arranged as to meet the views of the dominion representatives.
The dominions of the British empire under the covenant of the league of nations will be signatories and will have certain voice and representations.

PERSONALS

Rev. J. V. Young of this city, who was injured by an automobile while in Montreal last fall, is improving rapidly and expects to resume charge of his church in May.
Miss Helen Olive of Boston is visiting her sister, Mrs. I. W. Williamson, Victoria street.

Revolution Report Denied. London, April 14—Serbian officials in London declared today there was no truth in the report that a revolution had broken out in Serbia.

MEMORIAM

LILLEY—In loving memory of Mrs. Ellen Lilley, who departed this life April 12, 1918.
Gone is the sunshine and joy of our home.
The world seems so dreary wherever I roam.
My heart is so heavy with longing
For you, my Angel, my own little darling.

MOTHER AND SOLDIER DADDY CAPSON—In loving memory of Archibald Capson, a kind husband and loving father, who departed this life April 14, 1918.

WIFE AND CHILDREN.

SPRING MEDICINE
Hood's Sarsaparilla is Needed Now as Never Before.

Because, although the war is over, its work, worry and excitement have undermined your reserve strength.
Because the coughs, colds, grip and maybe severer illness, have broken down your power of resistance.
Because winter's work and close confinement have worn out your stomach and exhausted your blood.

Can you afford the good long rest the doctor advises?
If not, take a course of the famous old medicine—the one that mother used to take—Hood's Sarsaparilla. It's the finest extract of nature's purifying, vitalizing and strength-making roots, herbs, barks and berries, such as physicians prescribe, prepared by alkalal pharmacists, in condensed and medicinal form.

If you want the best spring medicine you'll surely get, Hood's Sarsaparilla, Hood's Pills help the liver.

TENDER GUMS —A WARNING

Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many under forty also. Loosening teeth indicate Pyorrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways for disease germs to enter the system—infected the joints or tonsils—or causing other ailments.
Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer.
Brush your teeth with Forhan's. It cleans the teeth scientifically—keeps them white and clean.
If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.
30c and 60c tubes. All Druggists.
FORHAN'S, LTD., 307 St. James St., Montreal.

INCLUDE ALSO THE 14TH FIELD AMBULANCE

The 14th Field Ambulance was in the Second Division, with which the 20th Battalion was connected. The 14th is in England. It is composed chiefly of St. John men, with a St. John commander. Why should it not be brought home with the 20th and given the same reception? The proposed welcome should indeed be wide enough to include every returned soldier as well as those who disembarked from the steamer on the day of the reception.

CORN AND OATS.

Chicago, April 14—Wet weather likely to interfere with the crop movement had a bullish effect today on corn. Besides, arrivals this morning were much less plentiful than had been looked for. Announcement that six additional vessels had been assigned to the transportation of foodstuffs to Europe from the United States tended also to strengthen the market. Opening prices, which ranged from 1-2 cent to 1-1/2 cents higher, with May \$1.59 1-4 to \$1.59 1-2, and July \$1.62 1-2 to 9-8 cents to 1 cent higher, with July 67 3-4 to 68, the market held firm at near the top of the initial range.
Corn and lard advanced to the highest prices ever known, pork going above \$61 a barrel, and lard above \$90 cwt for May delivery. Urgent export demand together with decreasing supplies of hogs, was said to be responsible.

LARGE MAJORITY FOR ACCEPTANCE

London, April 13—(Sunday, British Wireless Service)—The vote of the miners on the report of the Sankey commission regarding improved conditions of labor as adopted by the government has been completed and shows a very large majority in favor of acceptance.
The final vote stood:—For acceptance, 499,000; against acceptance, 69,400.

CAPT. T. F. BEST HERE TODAY
Captain T. F. Best, who has served with the Red Triangle overseas since 1914, will speak in the Red Triangle club, Charlotte street, this evening at 8 o'clock, daylight time. All employers and friends of overseas men in khaki are urged to hear Captain Best's story of the heroism of our men and their present thinking. "The Fighting's Over—Let's Go Home."

SIMS MADE TRIP TO ENGLAND INCOGNITO

Rushed Abroad When war Seemed Inevitable—Conferred With British Officials as to Naval Plans

How Rear Admiral William S. Sims, of the U. S. navy, accompanied by an aid, proceeded incognito into England under navy department orders issued to him two weeks before the United States entered the war against Germany, was tonight the Associated Press by the admiral.

In reply to questions, he gave in simple words a straightforward account of his mission, passing with dispassionate comment over many an incident of his adventure that would be incorporated into the most romantic of war stories.

March 24 or 25, 1917, the admiral said, while he was president of the Naval War College at Newport, he was ordered to reach "without delay" to the Secretary of the Navy at Washington. He was not notified of the nature of the business to be discussed. Upon his arrival there he was received in secret conference with Secretary Daniels and Admiral Benson, chief of naval operations.

He was told that it "looked as though we shall go to war," and it was briefly explained that he was to go at once to see the people on the other side and reach an understanding as to how the United States best could co-operate with Allied sea forces in operations against Germany. One aid would be allowed to accompany him, he was told, and his identity must not be known until it might be decided to reveal it after his safe arrival abroad.

Commander J. V. Babcock of New Hampton, Iowa, aid to Admiral Sims at Newport, was chosen to accompany him, and both officers immediately laid aside their uniforms and donned civilian clothes.

Simultaneously they dropped their names and assumed others "more suitable to the occasion." Admiral Sims said he did not clearly remember what name he bore on his incognito adventure.

"Babcock and I chose, 'Richardson and Robertson,' as near as I can recall," he said. "I can't think of the full names, and I am not at all sure that these are correct. But that's how I seek to remember them."

The admiral and his aid sailed from New York, March 31, 1917, on the steamship New York, he said. No one on the vessel recognized them, and they passed the time as ordinary voyagers without feeling any unusual fear of their identities being revealed.

News of the declaration of war by the United States April 6, reached them by the ship's wireless news service. It did not disturb them.

Entering Liverpool Harbor April 9 in a thick mist the steamer struck a mine, and a hole was blown in one of her forward compartments, but the admiral and his aid were "not especially disturbed" by that either.

There was no reception committee to meet them at the docks in Liverpool, Admiral Sims said. They went ashore unnoticed, "like anybody else." A special train was waiting in the Liverpool railway yards, however, with Admiral Hope aboard, representing the British Admiralty. It simply stood there until Admiral Sims and his companion climb-

CONDENSED NEWS

One report says that the losses of the British dominions and colonies for which payments shall be asked from Germany are placed at \$5,000,000,000.

Hon. E. N. Rhodes, speaker of the Canadian commons denies a press report of violation of the prohibition regulations. R. A. Pringle, K. C., of Ottawa, has been instructed to institute proceedings against all papers publishing such articles.

Inebriated One (to local professor with reputation for great knowledge)—Some people think they know everything.

After this had been repeated two or three times the professor replied that he had known people who thought they knew more than they did know, but he had never met any one who claimed to know everything.

Inebriated One—Well, I can tell you something you don't know! My wife is your washerwoman and I'm wearing one of your shirts!

The Down Trodden English. The British premier is a Welshman, the leader of the House of Commons is a Scotch-Canadian, the leaders of the Liberal and Labor parties are Scotchmen, and the Nationalist and Sinn Fein groups—if they took their seats in the House—would be led by an Irishman and a Spanish-Irishman, respectively. Perhaps England will be the next country to ask for self-determination.—Toronto Globe.

The St. Lawrence Flour Mills Co. Limited MONTREAL

Our System of Testing Insures Uniformity and Dependability in Dominion Rubber System Belting

Probably the elements that create the most satisfaction in the use of any article are an accurate knowledge of what it will do before it is made and to prove that it will efficiently accomplish its purpose after it is made.

It is on this basis that we build our belting and the knowledge of what it will do is the result of over fifty years experience and research.

We prove by careful tests that every ounce of material is up to our high standard—each individual operation is checked as the belt proceeds from one machine to the next and a sample of the finished belt is tested, both chemically and physically, to prove that it will efficiently serve the purpose for which it was made and that it has a reserve of strength for emergencies.

We want you to test not only our claims of superiority for Dominion Rubber System belting, but our free belting service, in charge of belting experts, who can help to cut your manufacturing costs, by making your equipment more efficient.

A phone, wire or letter to our nearest service branch will enable you to test this service without obligation.

A NOTABLE REPORT.

A great deal of interest naturally attaches to the first annual report of the chief medical officer of the province to the minister of health. It establishes a starting point. It relates to the year ending Oct. 31, 1918, but some of the reports sent in from the counties were written in December, and the references to the epidemic of influenza cover the month of November as well as October.

As the department had not been organized under the public health act of 1918, and the act itself was only proclaimed in October, the report of the chief medical officer, Dr. G. G. Melvin, deals almost altogether with conditions as they existed under the old act. Hence, as already remarked, this report establishes a starting point. With properly constituted boards of health under the new act, as provided this year, the next report will show a marked contrast.

Perhaps the best evidence of the need of a change is found in the brief report of the chairman of one of the county boards of health. He said he had made no report for two years because there had been no active board of health, and that the resident doctors never reported any cases of contagious or infectious diseases. Under the new act it will be impossible for such conditions to exist anywhere in the province.

The Times-Star a few days ago presented a summary of the striking report of Dr. Melvin, medical inspector of St. John schools, which appears in the report now under review, and which makes clear not only the need but the value of such inspection of all schools.

Dr. Melvin points out the difficulty encountered in fighting influenza and smallpox last year because the new department had not yet been organized; but he also shows that in its still unorganized state it did epidemic work, receiving very hearty support from the former local boards to the extent of their ability, which was limited by lack of organization and equipment. He also points out that such epidemics as those of last year make it clear that better organization is greatly needed.

Referring to the epidemic of influenza, Dr. Melvin characterizes it as the worst that has visited the western hemisphere in historic times, and perhaps the eastern hemisphere since the bubonic plague. An incomplete summary for October and November shows 26,686 cases in New Brunswick, with 1046 deaths. This is a painful record, and yet the province probably suffered less than most other communities of equal population. Because of lack of proper organization, it was impossible to get accurate reports from all districts, and none at all from some. Dr. Melvin pays a warm tribute to the military authorities for the help they gave in detaching medical officers to aid in fighting the epidemic. The incomplete summary of influenza cases in October and November, as far as it could be gathered, was as follows:—

Table with columns: Town or County, Cases, Deaths, Total No. of Deaths. Rows include Town of Marysville, City of Fredericton, Miramichi, City of Moncton, Albert county, Northumberland Co., Kent county, Gloucester county, Campbellton, Madawaska county, T'n of Edmundston, Carleton county, Victoria county, Charlotte county, St. John Cy and Co., and a total row.

We learn with interest from this report that there were 8,794 cases of smallpox in the province last year. Dr. Melvin well describes it as a startling record. By counties it is as follows:—

Madawaska, 200; Victoria, 200; Restigouche, 220; St. Stephen, 11; Gloucester, 1,900; St. George, 25; Westmorland, 200; Sanbury, 1; Grand Manan, 6; Northumberland, 251; Kent, 435; Queens, 80; Carleton, 40; Edmundston, 7; Fredericton, 1; Moncton, 87; St. John, 40.

Dr. Melvin is inclined to believe that the total of 8,794 is really an underestimate, as many mild cases may not have been reported. Since smallpox is a controllable disease the facts show again the need of a properly organized and active health department.

The report of the Fredericton board of health shows a death-rate of 28.38 per thousand, compared with 19.72 in 1915-16, and an infant mortality rate of 111 per thousand births. In St. John the death rate per thousand was 17.21, compared with 16.16 in 1916-17; and the infant mortality 118.18 per thousand births. In Moncton the death rate was 18.49—a decided increase. In the three cities the influenza of course accounted for an increase in the general death rate last year. Fredericton had thirteen deaths from tuberculosis, St. John eighty-nine and Moncton fifteen. In St. John during the year there were twenty-three deaths from violence.

The medical health officer dwells upon the great value of general sanitation, which receives far too little attention. He commends the Fredericton board for its care of the milk supply and the St. John board for destroying unwholesome food products, closing houses unfit for habitation, and for the medical inspection of schools.

The first report of Dr. Abramson, director of the bureau of laboratories, appears in this book, and makes clear the great value of the work to physicians all over the province.

The reports from the various health districts give very interesting and valuable information. Take, for example, the report from Edmundston. The town was divided into three districts for sanitary purposes. There was a house to house visitation and one house was closed. The schools were twice inspected. Some cases of smallpox were quarantined and six hundred people vaccinated. The town has about completed a sewer system. Dr. Simard sounds this cheery note:—

"I hope that with the co-operation of the council and the influential citizens of my district, Edmundston will be one of the most progressive towns, not only in financial matters, but also in philanthropy and hygienic work."

Contrast this with the following sentences from the report from another town much nearer St. John:—"Our sewerage system is very poor. The water supply is not very good. The total amount assessed for health purposes was only \$85."

An appendix to Dr. Melvin's report gives the composition of the various sub-district boards under the new act. They will doubtless all be in good working order this year, and in a far better position to deal with any epidemic and to promote the general health of their communities.

Hon. Dr. Roberts, minister of health, has every reason to regard with satisfaction the results achieved and the prospect that opens up under the act the province owes to his faith, persistency and initiative.

A PROVINCIAL ISSUE

It may be hoped that no member of the legislature will lose sight of the larger significance of the dispute between St. John and the New Brunswick Power Company.

This is far more than a local matter. If a company with not more than \$1,850,000 invested can get a rate base of \$2,800,000, without putting an additional dollar into the enterprise; and get recognition for \$3,000,000 in securities when the former company had only \$2,027,000 outstanding against the same plant; then it will only be necessary hereafter for any public utility corporation in the province to issue more stock without investing any more money and make the people pay interest and dividends thereon; and whoever buys the watered stock would feel assured that the legislature will see that it yields a good profit at the expense of the people.

The people of St. John are willing to pay a fair return on a legitimate investment, but to ask them to do more is to oppress them, and to lend encouragement to promoters and exploiters who have no regard for the public except as a source of sudden wealth. In protecting St. John people the legislators will be serving notice that New Brunswick is not a good field for stock watering schemes, and in that way will be putting a wall of protection around every city, town and municipality. Far more than the interests of St. John are involved in this affair. As between the interests of the public and those who issue and those who with their eyes open purchase watered stock, it should not be difficult to choose. The house should adopt the city's amendments to the Carrier Bill. The threat that American capital will be withheld from investment here unless the stock-jobbers have their way will not frighten any of the members. They know there is always a market for good securities and it would be surprising, to say the least, if they accepted foreign dictation in regard to their own affairs.

The Standard's horse-laugh resounds once more at expense of Premier Foster. The latter has introduced a water-power bill. It has provisions that protect investors, protect the public, and make it possible to develop the water powers of the province. Of course that is ridiculous. What is there in it for the jolly grafters? Nothing. Hence the scornful bray of the Standard.

If members of the legislature will take the trouble to look into it they will find that some sections of the Children's Protection Bill concerning which they were in doubt are exactly the same as are in effect in Ontario and other provinces, and approved by the test of actual use for years past.

OAK HALL MAKES INTERESTING CHANGE IN STORE ARRANGEMENT. In 1918, when Scovill Brothers, Ltd., erected their fine new building on King street, they thought ample provisions had been made for many years to come; the past three years have proven their estimates to be far wide of the trend of actual events. A year ago it was found necessary to make extensive alterations to the first and second floors, moving the offices to the top floor to make room for the rapid growth of the men's clothing department and re-arranging the men's furnishing department to handle the increased business of this department with quick dispatch.

This season it has been found that both the boys' and women's department occupying the third floor, have outgrown the space allotted to them—more space was a necessity—and to obtain this it became necessary to move the general stock rooms from the fourth floor to the basement, turning this fourth floor into an exclusive "boys' shop," and utilizing the entire third floor for the women's section.

This change fills a long felt need to the shoppers of this vicinity, giving them, as it does, an exclusive boys' shop, the only one in the city. It has long been realized that the boys of this community have had as much right to an exclusive shop of their own as their elders, and now this has materialized. The women's department will occupy the entire third floor, thus permitting of much better display opportunities and more freedom than has hitherto been the case. For the last three weeks, carpenters, masons, painters and electricians have been busy making these changes; they are now completed; new fixtures have been brought in; and Miss Daley has just returned from New York with many new interesting garments of the latest modes to freshen up the women's section.

All this has been done, and Oak Hall is now ready with these two new departments to welcome the people of St. John. An unusually fine programme was rendered in Centenary church on Saturday afternoon when an organ recital was given by Miss A. G. Hea. Mrs. A. P. Crockett, Miss Brennan, Mrs. Montgomery were heard in vocal solos and Mrs. Crockett, Miss Brennan, E. H. Bowman and C. Dickason in a quartette.

An Old Offender Caught. For years he has caused endless trouble, but when Putnam's Corn Extractor was applied, he came out roots and all. Any corn or wart cured in twenty-four hours by "Putnam's Extractor," 25c. at all dealers. The new x-ray has been installed in the general public hospital and now is ready for use.

Begin to get well TODAY. HOW WEAK WOMEN ARE MADE STRONG. Mrs. Westmoreland Tells in the Following Letter.

Harrison, N. Y.—"When my first child was born I did not know about Lydia E. Pinkham's Vegetable Compound and had a very hard time. I read in the newspaper about the Vegetable Compound and when my second child came I took it and was well during the whole time, and childbirth was a hundred times easier. Ever since then I have used it without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N. Y.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, and for special advice write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

For any weakness and would not be without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. The powerful draft produced by the long chimney drives the heat up against the utensils with such force that when operated at the highest flame. The "Perfection" is the Fastest Cooking Oil Burner Made. Makes Cooking a Pleasure in Warmest Weather. The "Perfection" Oil Cook Stove and Kerosene Water Heater will do your cooking and solve your hot water problem. Emerson & Fisher Ltd.

Eyesight Dim? If your eyesight is dim, your vision blurred; if your eyes ache, itch, burn or feel dry, get a bottle of Bon-Opto tablets from your druggist, dissolve one in a fourth of a glass of water and use to bathe the eyes from two to four times a day. Bon-Opto has given stronger eyes, clearer, sharper vision and relief to thousands. Note: Doctors say Bon-Opto strengthens eyesight 20% in a week's time in many instances. Wasson Drug Store and others.

For the last three weeks, carpenters, masons, painters and electricians have been busy making these changes; they are now completed; new fixtures have been brought in; and Miss Daley has just returned from New York with many new interesting garments of the latest modes to freshen up the women's section. All this has been done, and Oak Hall is now ready with these two new departments to welcome the people of St. John. An unusually fine programme was rendered in Centenary church on Saturday afternoon when an organ recital was given by Miss A. G. Hea. Mrs. A. P. Crockett, Miss Brennan, Mrs. Montgomery were heard in vocal solos and Mrs. Crockett, Miss Brennan, E. H. Bowman and C. Dickason in a quartette.

An Old Offender Caught. For years he has caused endless trouble, but when Putnam's Corn Extractor was applied, he came out roots and all. Any corn or wart cured in twenty-four hours by "Putnam's Extractor," 25c. at all dealers. The new x-ray has been installed in the general public hospital and now is ready for use.

Will you try just one bottle? Small Size \$1.00 Large Size \$1.75

Begin to get well TODAY. HOW WEAK WOMEN ARE MADE STRONG. Mrs. Westmoreland Tells in the Following Letter.

Harrison, N. Y.—"When my first child was born I did not know about Lydia E. Pinkham's Vegetable Compound and had a very hard time. I read in the newspaper about the Vegetable Compound and when my second child came I took it and was well during the whole time, and childbirth was a hundred times easier. Ever since then I have used it without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N. Y.

EASTER FASHION EXHIBIT. Of Smart Spring Garments for Women, Misses and the Younger Set is the feature of interest in the departments devoted to fashionable outer-apparel. And no less important are minor accessories, including Gloves, Hosiery, Neckwear, Veiling, Handkerchiefs, etc., all of them so necessary to the success of the Easter Costume. The Suits. Never, it would seem were there so many attractive models from which to choose one's Easter Suit as there are this season. Certainly there were never quite so many individual designs—all essentially different, but all equally charming. From this collection it should not be difficult to select exactly the suit adapted to your type of figure and personality and that is really of the utmost importance. Nowadays, when the smartness of clothes counts for so much, style, quality and workmanship combined in every suit, the prices will prove universally attractive. \$27.50 to \$95.00. New York Says: "Capes, Dolmans" for Smart Women, and Says it Most Emphatically. Practically every worth while whim of fashion is represented in our assemblage of Capes, Dolmans and Wraps. Models which required French genius to originate and American designers to perfect are here in all their glory whether one's fancy favors the short, the medium or the long model. Prices are alluringly attractive. \$16.90 to \$60.00. The Wee Ones' Easter happiness as planned by this "Baby Shop" On Third Floor. Necessities of every kind and many luxuries all arranged with the tender care of those who love and understand their Majesties—the Littlest Babies. Infants' Slips, sheer and dainty, \$.95 to \$2.25. Infants' Dresses, trimmed lace and Swiss embroidery, 1.95 to 10.50. Nainsook Skirts and Gertrude lace or embroidery trimmed, .75 to 2.25. Cashmere Jackets, hand embroidered, 1.75 to 2.25. Pure Wool Sacques and Sweaters, 1.75 to 2.65. Cashmere Cloaks and Coats, 4.95 to 9.50. Quilts of wash silk in pink or sky, \$2.95 each. London House Daniel Head King St.

The Story of the Diamond
Chapter 17.—Its Cutting (continued)

The first aim in the cutting of a diamond is to secure a maximum of size and effect at a minimum of loss in the weight of the stone.

For this reason many of the great diamonds of the world, such as the Orloff, Sancy, Nassak, Star of South Africa, etc., are very irregular in shape, as also was the Kohinoor originally.

To the average man "a diamond is a diamond"—a greater mis take was never known. The importance of proper cutting cannot be overestimated; if so, why was the Kohinoor, which in its first cutting weighed 186 carats,

re-cut to its present form weighing only 106 carats—that is, 86 carats, or almost one-half of its former weight, thrown away (?) to secure better results?

We will not burden you with the technical nomenclature of "Double cut," "Star cut," "Step cut of 4 sides, 6 sides and 8 sides," "Mixed cut," "Dutch Rose," "Braban' Rose," "Cross Rose," "Rose re-scope," "Table Stone," "Cabouchan," "Cabouchan double," etc., etc., such cuttings are more for the connoisseur. Practically all diamonds in popular use today are confined to the styles known as "brilliant" and "rose."

We'll explain these tomorrow.

You never saw a "Birks" diamond of inferior quality. We always insist upon "nothing but the best."

A Notable Easter Opening

Presenting Correct Spring Fashions Begins Tuesday, April Fifteenth in Our Costume Section

The prevailing note in Spring Apparel for Women seems to be practicability, with many details of decided novelty to add the desired touch of newness. Both subdued and bright victory colors are strongly in evidence for Spring wearing.

The Spring Frocks feature a decided note of simplicity. The long slender silhouette is in vogue, although many of the season's latest models are showing with cleverly draped skirts. Many novel methods of decoration have been lately introduced.

The New Suits lend variety in style. The Box Suit continues as a style leader. Semi-fitted models showing novel style features are also favorites. Vast effects are uniformly popular, and various shaped pockets, trimmings of pinch tucking, colored embroidery or rows of Hercules braid, all assist in lending charm.

The Coats are immensely interesting. Cape or Dolman type is at present popular, while more practical styles in loose three-quarter models, sometimes hanging free and sometimes loosely belted, are showing in Tweeds, Coverts and Soft Velours.

(SECOND FLOOR)

IT IS EASY TO SELECT A NEW EASTER HAT From Among Our Large Assortment.

Here are Hats of every kind from the simplest Sailors and Tailored Models to the most exquisite conceptions.

TURBANS, TOQUES, POKES, WATTEAUS and many other new shapes with effective trimmings of flowers, ornaments, ribbon twists and knots, cherries and all over effects of fine braid.

The novel spring colorings are all in evidence, including Cherry, Dust, Jay, Henna, Purple, Navy and Taupe.

(Millinery Section, 2nd Floor.)

Have you seen the new Van Raalte Veils and Veilings? We have them in many new motifs. Veils \$1.50 to \$2.50. Veilings 22c. to \$1.30 yd.

(Veiling Section, Annex.)

EASTER RIBBONS

SMARTLY DESIGNED
BLOUSES

For Wearing With the New Spring Costumes.

Many new models have lately arrived, including Georgette in collarless and other new neck styles. Tucked, embroidered and handsomely beaded fronts and novel sleeve styles.

Some pretty Apronette effects are showing. Among the colors being favored for smart louses for spring are "Yankee Rose," flesh, navy, maize, white and pretty Dresden and combination effects...Prices \$6.00 to \$20.00

PLAINER BLOUSES are also showing in Volles, Jap Silk and Crepe-de-Chine. You will have no difficulty in making a good selection.

(Blouse Section, 2nd Floor.)

IN OUR MEN'S DEPARTMENTS

We are now showing new Spring fashions in Men's and Boys' Top Coats, Suits, Gloves, Neckwear, Hosiery, Shirts and all kinds of favorite makes of Underwear.

Manchester Robertson Allison Limited
KING STREET GERMAIN STREET MARKET SQUARE

LEGISLATION FOR WATER POWER DEVELOPMENT

Fredericton, N. B., April 12—A thoroughly practical scheme for encouraging the development of the water powers of the province, while retaining public control of these valuable assets, and ensuring to the province a fair proportion of the profits which may arise from their development, was placed before the legislature today by Premier Foster, in introducing a bill on the subject. His proposal is that the province should guarantee interest on bonds, at a rate not greater than seven per cent, to cover three-quarters of the cost. The balance of the capital would be put up by the promoters and preferred stock issued. After the payment of charges, including interest and dividends, any additional profits would be divided between the company and the province. To ensure public control, forty-nine per cent of the stock would be voted by the company and an equal amount by the province, through the water power commissioners, while in case of dispute the remaining two per cent, which would be invested in the Public Utilities Commission would be the deciding factor.

Mr. Tilley presented the petition of J. M. Robinson, Joseph Kennedy and others for the passage of an act incorporating The Rothery Sewerage Company, Ltd. Hon. Mr. Foster, on the house resuming at 8 o'clock, introduced a bill to amend the consolidated statutes relating to the University of New Brunswick, to give the Alumnae Society representation on the senate of the university.

Hon. Mr. Smith introduced a bill to amend the fisheries act. He explained that the object of the bill was to enable the government to impose a tax on non-resident fishermen. The tax on salmon fishermen would be \$25 and for trout fishermen \$10. The old law provided for a tax of \$5 on trout fishermen but excluded members of salmon clubs. All would be included under the amended bill.

The committee took up consideration of a bill to amend the act relating to the protection of children. Mr. Baxter said that, in the matter of making appointments to the commissions of the people interested in the enforcement of the act might be taken, but in connection with appointments related to judicial duties he believed the rule of appointment by order-in-council should hold.

Hon. Mr. Robinson moved an amendment embodying the suggestion, which was carried. Mr. Baxter said it would be impossible to recast all the clauses on account of lack of time. If the act must be put into effect it would be well to take the succeeding sections as read.

The suggestion was adopted and the bill was reported as agreed to. The house again went into committee and took up consideration of the bill to amend the act providing for the early closing of shops.

The bill was agreed to and was also a bill to incorporate the New Brunswick Fruit Growers' Association. Hon. Mr. Smith introduced a bill to amend the game act by abolishing the bounty on porcupines, increasing the beaver trapping license fee from \$2 to \$4 and giving permission for the keeping of deer in captivity under certain circumstances.

He also introduced a bill to amend the act relating to the export of pulpwood to alleviate certain hardships resulting from the operation of the act. Mr. Dysart gave notice of motion that on Tuesday next he would move a resolution calling upon the government to discontinue prosecuting in New Brunswick under the Military Service Act.

Adjourned at 6:10 p. m. until 8:30 on Monday evening.

"DANDERINE" FOR FALLING HAIR Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

GEORGE E. COLWELL DIED OF INJURIES George E. Colwell, a carpenter, of 11 Algonquin Place, West Side, while working in the hold of the Scandinavian, was crushed by a falling post. He was seriously injured and died shortly after being taken to the Public Hospital.

Mr. Colwell was fifty-two years of age and was born in the North End. He is survived by his wife, two sons, Donald and Roy; and a daughter, Miss Gertrude, all at home, and to whom the sincere sympathy of many friends is extended. W. T. Colwell of the North End is a brother. Mr. Colwell was a member of the Canadian Independent Order of Foresters. He was well known throughout the city and was highly respected. The funeral will be held from his late home, 11 Algonquin Place tomorrow afternoon and will be private. The family request that no flowers be sent.

Lieut.-Colonel R. D. Davies of the 44th Battalion cables that his unit will be mobilized in Moncton about June 15.

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup of Figs" Cures Harm Tender Stomach or Bowels

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour. Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleaning" is all times all that is necessary. It should be the first treatment given in any sickness. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

RECENT DEATHS

Andrew Buis. Many friends throughout the city will be grieved to learn of the sudden death of Andrew Buis, which occurred at his late residence, 19 Market Place, West St. John, on Sunday at noon. Mr. Buis had just passed his eighty-ninth birthday and was in his usual good health until Saturday evening when he was stricken with paralysis, from which he did not rally. He is survived by his wife and one daughter, Mrs. Mayes Davis, in addition to a large number of relatives. Mr. Buis was at one time a valued member of the custom house staff, but was superannuated some years ago.

James Gallagher. James Gallagher, well known along the harbor front, died yesterday at his home, 27 Dock street. He is survived by his wife, one son, James Leo; a sister, Mrs. William King, and three brothers, Captain Patrick Gallagher, Frank and Arthur. The first named is in the government service, and the latter two are residents of this city. The funeral will be held at 2:30 o'clock tomorrow afternoon at his late residence.

John H. Driscoll. The death occurred yesterday of John H. Driscoll, only son of Mr. and Mrs. Michael Driscoll, of 261 Brussels street. He had been ill for some time. He was seventeen years of age. He is survived by his parents. The funeral will be held from his parents' residence at 9:30 o'clock tomorrow morning to the Cathedral for a requiem mass.

Esther P. S. Wetmore. Clifton, N. B., April 11—The death occurred at Clifton on Friday, April 11, of Esther P. S. Wetmore. She was the daughter of the late James and Phoebe Wetmore and was eighty-three years of age. She leaves several nieces and nephews.

Mrs. Lena L. Nason. Fredericton, N. B., April 12—(Special)—Mrs. Lena L. Nason, wife of John Nason, of Oromocto, died at her home today of influenza. She was aged twenty-two years, and is survived by two children.

THE VATICAN AND THE PAN-CHRISTIAN CONGRESS. Rome, April 14—It is stated semi-officially on behalf of the Vatican that the Holy See has not given its adherence to the pan-Christian congress which it is proposed to hold soon, as the Catholic Church, considering her dogmatic character, could not join in the congress on an equal footing.

THIRTY-EIGHT KILLED IN RIOTS AT CAIRO. In two days of rioting at Cairo, ending on Saturday, thirty-eight persons were killed and one hundred wounded. Armenians were the chief object of the mob's attack and seven of these people were killed.

DOMINION RAYNSTERS

"Made-in-Canada" Raincoats

The Sunny Day Coats For Rainy Day Wear.

The chief difference between a Dominion Raynster and a made-to-measure spring overcoat is that a Dominion Raynster is absolutely waterproof.

The cloth is not "treated" or made merely "show-proof"; it is reinforced with an inner lining of rubber, which makes the entire coat, even to the seams, waterproof.

In style and appearance, Dominion Raynsters have the effect of tailor-made spring garments; they simply give you the double service of a reliable raincoat as well as a stylish spring coat.

Made in a pleasing variety of patterns and cloths for men, women and children.

The best stores that carry clothing also carry Dominion Raynsters. Ask to see them, and look for the guarantee label of the Dominion Rubber System.

Western Canada Flour Mills Co. Limited
HEAD OFFICE—TORONTO, ONTARIO

Easter 1919 Brings Gladsome Tidings

To Women

Our Entire Third Floor is Now Devoted to

'Women's Shop'

This Third Floor, having been utilized for both boys' and women's wear, is now an exclusive Women's Shop, while the fourth floor is devoted to an "Exclusive Boys' Shop."

In our Women's Shop will be found new garments, recently received from New York, which express every phrase of fashion, from the first whisper of the new mode to the last and final word in Spring Loveliness.

Spring, 1919, has introduced a new order of things in the world of fashion, the keynote of this new order is individuality. The garments to which we cordially invite your attention give full proof of this new thought. The careful woman may easily obtain the garments here which adequately express her own individuality.

Suits

This is a tailored season for Suits, so materials which lend themselves most readily to tailoring are naturally favored—Polart Twills, Men's Wear Serge, Tritoline, Gabardine and Mixtures.

Three different styles have been adopted for Suits with variations for each style to suit the individual. These styles are:

First—Plainly tailored models, made with simple, severe lines.

Second—Straight-line Silhouette Suits, advocating the box coat style.

Third—More youthful styles with the Russian Blouse Coat effect.

Each of these styles run the gamut from the street to the embroidered, dressy models.

Suits Are Priced \$32.50 Up (THIRD FLOOR)

Dresses

A great variety of ideas has entered into the dress world. And each idea is seemingly more interesting than the last, from the straight up and down, loose hanging coat dress to the more conservative styles with fitted waist-lines.

All hold the attention from the curve at the neck to the turn at the hem.

For the more formal affairs are frocks of filmy nets, Georgette Crepes and such sheer fabrics, made into tantalizing styles with short sleeves and draped skirts.

Navy Blue in such materials as Polart Twill, Tritoline and Moire Taffeta spell the essence of refinement for frocks for street wear, while gay colors are found in frocks of Paillette, charmeuse and Silk Jersey. One can hardly resist their womanly charm.

(THIRD FLOOR)

Blouses

An important showing of the most recent models and novelties. New Neplum modes with Val Lace and net panel fronts, soft frills, fine tucks, hemstitching and beaded and braided modes. In pastel shades, flowers and novelty patterns. Georgette, Satin, Crepe-de-Chine, Organdie, Pique, Pongee, Voiles and Jap Silks.

\$5.00 to \$20.00

Coats and Wraps

Again individuality comes to the foreground, for the woman of today uses her judgment as to whether a loose wrap coat, a cape or the closer-fitting lines of a coat most become her. All three are equally fashionable.

Coats this season favor the more neutral shades of sand, rookie dust, peacock blue and soft blues, while in capes, navy blue predominates, and the wrap coats follow the coats as to color and are capes as to line.

The materials are such as men's wear serge, bolva, gabardine, polart twill, Donegal tweeds, fawn covert cloth and tricoline.

\$17.25 Up (THIRD FLOOR)

Silk Hosiery

The variety of shades is so great that one will have no difficulty in matching the new spring costume. Such makes are represented as: Gotham Silk Hosiery..... \$2.90 pair Venus Silk Hosiery..... \$1.75 pair Holeproof Silk Hosiery..... \$1.65 pair Other makes, including Fibre Silks, \$1.00 to \$2.50 pair

Easter Gloves

Every woman requires a new pair of Gloves for Easter, and from the range now offering in our Women's Shop her selection can be made easily and satisfactorily. Here will be found Tryphosa Gloves, the finest of French kid; Dent's Cape Gloves in various shades; Suede Gloves, Chamois Gloves, Silk Gloves, Chamoulette Gloves; in fact, whatever your desire it can be satisfied here in our (GLOVE SECTION—3RD FLOOR)

Neckwear

Collars in many charming styles, such, for instance, as the pretty collar and vestee of sand crepe edged with flame red and the collar part neatly pleated. Then, again, are these with val lace trimmings, dainty tucks and so forth. There is the square collar, the round collar, the tuxedo collar with many novelty effects, as well as numerous vestee collars.

50c. to \$4.75

OAK HALL - SCOVIL BROS., LTD. KING STREET

SOME FAMILIES LIVE EIGHT IN A ROOM

Statements by Chairman of Scottish Miners' Union at British Inquiry

London, March 17.—(Correspondence of The Associated Press)—Mining is more deadly than war, declared John Robertson at the government's inquiry into the coal industry of Great Britain. Mr. Robertson is chairman of the Scottish Union of Mine Workers.

"The extent of the danger to the miner is not realized even in the mining districts," he said. "There are 1,000,000 persons employed in and about British coal mines. In the ten years from 1907 to 1916 there was a total of 12,400 men killed, or an average of 1,240 each year. In the last twenty years the yearly average of accidents was about 160,000, or a total of about \$250,000. The miner is always on active service; he is always in the trenches."

It was said that in one mining district there were 2,708 persons living more than five in a single room, 1,287 more than six to a room, 510 more than seven to a room, and 180 more than eight to a room. "Think of the conditions in these single rooms," the witness continued. "Pit clothes drying in front of the fire in the same room where the family sleep; sickness, accouchement. How can the children have a chance after the woman has spent her day cleaning? The miners come home from work, and it has all got to be done over again. Do we wonder that the women folk lose heart?"

Arthur Balfour, an industrial expert, representing the government, said to the witness: "If the conditions are as you say, they must be righted," and a representative of the coal owners said he entirely agreed that something must be done.

Asked by Mr. Balfour to what he at-

tributed the high cost of living in the mining districts, the witness answered, "profiteering."

"I think prices are too high," he went on, "because natural wealth is in the hands of individuals, and the worker gets a very, very small share."

"Are not prices too high, Mr. Balfour?"

asked, "owing to the restriction of production?"

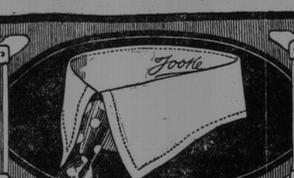

"No," the witness replied, "the worker, in my opinion, does too much. No one can accuse the worker of underworking. The failure is in the distribution of production, and not in production itself. We have solved the question of production."

What we have to solve is the question of distribution."

Time to Overhaul Garden Tools.
Though trenching tools are now laid aside in the war arena, garden imple-

ments should be just as industriously used in the coming season as in those preceding. It will benefit not only the home gardener, but the world at large. There is yet a woeful shortage to be combated.—Hamilton Spectator.

Order your Milk Supply with your Groceries

Get your milk supply in the logical worry-free way—from your grocer. He will sell you a week's—a month's—supply of Carnation Milk with your groceries.

That's the modern way to get milk. You have fresh, rich milk—or cream—for any unexpected need. You are never "caught without" milk.

You can use Carnation Milk in every way you use ordinary milk—and for cream uses, too.

For it is just pure, fresh whole milk "from Contented Cows" with part of the water evaporated. Nothing else but water is taken away. Nothing is added to sweeten or preserve it.

Carnation Milk Products Co., Limited
Aylmer, Ont.
Seattle and Chicago, U.S.A.
Condensed at Aylmer and Springfield, Ont.
Canada Food Board License 14-88 and 14-97

Use it from the can or pour into pitcher—as cream for tea, coffee, fruit or cereals. Dilute with an equal quantity of water and you get milk consistency the same as ordinary milk.

Use Carnation Milk for cooking—in all your recipes, for soups, sauces, puddings, etc. Where thin milk is called for, add more water. Surely Carnation Milk is the solution to your milk problem. Begin to-day to enjoy its quality, convenience and economy. Phone your grocer now—have him send three or four handy cans (16 oz. tall size). Directions on every can.

We have a splendid booklet of 100 tested recipes for everyday and special uses. The booklet also tells the "Story of Carnation Milk." You can get a copy—free—by return mail if you address us at Aylmer, Ont.

Carnation Milk

"from Contented Cows"

"MADE IN CANADA"

VETERAN MUSICIANS TO FORM CONCERT BAND

According to plans now under consideration, St. John is to have one of the best concert bands in Canada. Before the

war St. Mary's band acted as the band for the artillery and had the use of the old artillery band instruments. When the 140th battalion was formed they became known as the 140th band and afterwards they were transferred to the Princess Pats and carried on with that unit until the armistice was signed. Bandmaster C. H. Williams paid the supreme sacrifice in the meantime. After his death, his brother brought the remaining members home a short time ago. While the band was in France their instruments, which had been purchased for them before they left Canada were stored in London and since have been sent to St. John. A movement is now on foot to have a band formed for concert work with fifty or sixty pieces. Under the leadership of Mr. Williams success is assured.

VETERANS TO OBSERVE THE YPRES ANNIVERSARY

At a meeting in the Great War Veterans' Hall Saturday night it was decided to hold a memorial celebration of the battle of Ypres on April 22 the anniversary of the great engagement where

18,000 Canadians turned the flower of the German army and caused 10,000 casualties. The following committees have been formed in charge of all arrangements: Major Peat, representing the Canadian Army Medicals; Lieut. Bud Tippetts, infantry; Louis LeLacheur, signal corps; W. Foley, artillery and F. McCarthy, the A. S. C.

26th Battalion Will Land at St. John

Steamer Will Bring Famous N. B. Unit to This Port — Date Not Yet Announced—Other Troops on the Way

S. Herbert Mayes, chairman of the citizens' committee, received a telegram last evening from R. W. Wignome, M. P., announcing that the 26th would land at St. John by steamer. No date was mentioned.

The Grampian sailed for St. John yesterday with fifty-seven officers, seven nurses, 534 wives, 204 children and 47 babies. The Adriatic sailed yesterday with 106 officers, three nurses and 1,721 other ranks. Major General Loomis, Brig. Generals Draper and Clark and Col. C. P. Templeton of the 8th Division Staff were also on board.

The Carmanila, with the following units of the first division, sailed yesterday for Halifax: fifth, seventh, tenth, thirteenth and fourteenth battalions. Appointment for Lt. Gregg, Lieut. Milton F. Gregg, V. C., M. C., (and bar) has been given an appointment in the soldiers' civil reestablishment department. Lieut. Gregg comes from Mountain Dale, N. B.

C. P. R. OFFICIALS SAY QUEBEC MEN'S DEMANDS TOO HIGH

Talk of Changing Steamship Plans Because of Ship Laborers' Requests

Quebec, Que., April 14—C. P. R. officials in conference with Mayor Lavigne on Saturday said that the increased scale of wages decided on by the Quebec ship laborers was prohibitive and if persisted in would force the C. P. R. to alter its plans of making Quebec the terminal for all its vessels on the St. Lawrence route this season.

The ship laborers are asking sixty cents an hour for an eight hour day, ninety cents an hour for overtime and \$1.20 for all work on Sundays. Mayor Lavigne has called a meeting of the officers of the ship laborers' society with a view to negotiating.

IVORY SOAP
DESIGN PATD AUG 26, 1918

last evening to a large congregation. He leaves soon for North East Ditch Reformed church, Newark, N. J.

About \$8,000 worth of booze was seized on Saturday in the roof of a railway car at Halifax by Detective Ted Power.

John McNab, a native of Scotland, was fired upon and shot in the leg by C. N. R. Police Inspector John J. Dunphy

about eleven o'clock last night in the railway yards at Moncton. McNab was taken to the hospital and it is said that he is not fatally injured. For the last few weeks considerable theft of merchandise has been going on from railway cars and McNab and three others were caught hiding behind a flanger. When the officers arrived they made off and were pursued.

Brush Fires Banned. Today is the last day for burning brush within half a mile of a forest without special permit. This provision of the fire laws will be vigorously enforced, the fine for infractions being \$200.

British in Trebizond. British forces have occupied Trebizond in Asiatic Turkey.

New Models Studebaker and Chevrolet Cars

The new Studebaker models are the last word in automobile design and construction, embodying the exclusive features to be found only in strictly high-grade cars. The special automatic carburetor and new hot-spot intake manifold ensure greatly increased mileage. We are showing the five and seven-passenger models and invite inspection.

The new Chevrolet models include the following:

490—Roadster	\$1,020.00
490—5-Passenger	1,035.00
490—Cupe	1,565.00
490—Sedan	1,600.00
490—Chassis (light Truck)	865.00
F B—Baby Grand 5-Passenger	1,625.00
F B—Baby Grand Roadster	1,625.00
T—Ton Truck Chassis, worm drive, starter	1,625.00
T—Ton Truck with express body	1,760.00
T—Ton Truck with express body and eight post curtain top	1,845.00

The 490 Chassis makes an ideal light delivery, being equipped, as is also the Ton Truck, with electric starter, lights, horn, etc.

Chevrolet Automobiles and Trucks are products of the world's largest car corporation. We would be pleased to show you our various lines. Open evenings.

DEBS STYLES HIMSELF A FLAMING REVOLUTIONIST AS HE STARTS PRISON TERM

Moundsville, W. Va., April 14—Eugene V. Debs, many times Socialist candidate for president, entered the West Virginia penitentiary here late last night and began serving a ten year sentence for violation of the espionage act. As he stood in the doorway he said: "I enter the prison doors a flaming revolutionist, my head unbent, my spirit untamed, my soul unconquerable."

GOODYEAR TUBES

The Tube is Vital

The best tire in the world will not render full service outside a poor tube. For proper inflation is vital to tire life.

And wary must be the motorist who would avoid the poor tube. Their number is legion. Nameless, or with names of little meaning, they flaunt their low price at every turn. Because it requires little of capital or experience to produce the cheap semblance of an inner tube.

But Goodyear, with the reputation of the world's largest-selling tire to maintain, believes in a tube higher-priced. A tube built to a better, more costly standard, because the added expense brings heaping value in longer Tube service and longer Tire service.

To such a standard are all Goodyear Tubes built. Built up of many thin sheets of fine, perfect rubber. Built with the valve-patch vulcanized in. Marked with the Goodyear name for your protection. And their quality has made them the most-bought tubes in the world.

Being consistent, Goodyear has produced the Goodyear Heavy Tourist Tube—a tube extra thick and extra good. Its longer service overshadows its slightly higher cost.

When you buy tubes, say "Goodyear"—distinctly. And if you buy the Heavy Tourist—see that you get the handy waterproof bag it comes in. Box, bag and tube are stamped "Heavy Tourist."

PORT NEWS OF A DAY; HOME AND ABROAD

THE RING. Willard Deposits \$10,000. New York, April 12—Jess Willard has deposited \$10,000 to guarantee his appearance in the ring against Jack Dempsey on July 4. Promoter Tex Rickard made this announcement here yesterday. He said he probably would announce the date of the fight within the next ten days or two weeks. Rickard said he still hoped to hold the match in the east, although he announced he had three western sites available. He had not seen Willard while in the west, but understood he was well advanced in his training. Differences Adjusted. Chicago, April 14—Jess Willard, Jack Hurley and Tom Jones, at one time his manager, had a peace conference on Saturday and settled their differences. It was reported that the two managers settled for \$10,000 claims they sued Willard for in New York. They charged that Willard arbitrarily terminated a contract which still had several months to run. Kilbane Shades Lawlor. Charleston, W. Va., April 12—Johnny Kilbane, featherweight champion of the world, won the newspaper decision over Lawlor, of Omaha (Neb.) in a fast round bout here tonight. Kilbane led the fighting, but some critics said that Lawlor landed more blows than the champion.

There's A Circus Coming To Town! A MAMMOTH CIRCUS PICTURE 'Hoop La' Featring WINSOME BILLIE RHODES A 'Queen of the Circus' Jesters, Leapers, Jumpers, Acrobats A Veritable Circus Picture in All That the Name Implies First Time in St. John Don't Miss It! Circus Configuration With the Stampeded Wild Beasts, Offers a Thrill a Minute FIVE SHOWS DAILY—Matinees 2, 3:30; Evening Shows, 6, 7:30 and 9:00.

Ratner and Bashan Matched. London, April 12—Angie Ratner, an American boxer, has been matched to meet Johnny Bashan, the welterweight champion of England, in a twenty round bout at the National Sporting Club on June 16, for a purse of \$6,000. The men will weigh in at 154 pounds. BASEBALL. Damages May Be \$240,000. Washington, April 12—A verdict for the plaintiff with damages fixed at \$240,000 was returned late today by the jury in the suit of the Baltimore club against the American and National Leagues and certain officers of the defunct Federal League. As the suit was brought under the Sherman anti-trust law the damages will be trebled, making the amount \$720,000 if a final judgment is entered. Chicago, Ill., April 12—Dissolution of the National Baseball Commission, absolute severance of relations with the National Association of minor leagues and revision of the players' contracts, eliminating the ten days and reserves clauses will be the probable result of the \$240,000 verdict. These revolutionary measures were forecasted by Ben Johnson, President of the American League. 'The verdict, of course, is a blow to baseball,' President Johnson said, 'but we are not particularly distressed, as it was nothing more than we expected, under the circumstances. We were bound to appeal, no matter what the amount of damages involved was. 'We do not want to be charged with operating in restraint of trade; neither do we want the charge of conducting a monopoly hanging over us. We can see a ray of sunshine because of the fact that we can appeal. If the verdict had been brought in our favor, we would have been denied that privilege.' What methods the American and National leagues would adopt to govern themselves would be among the early developments, President Johnson said. The leagues would be obliged to conduct their affairs independently and the national commission would have to be abolished if the verdict was sustained. ATHLETIC. Six Hundred Yard Record. Tom Campbell, University of Chicago, set a new world's record for the 600 yard indoor run at the Central A. A. U. championships in Chicago on Saturday, doing it in 1:11 1/5. TURKISH GOVERNOR IS PUBLICLY HANGED. Constantinople, April 14—Kamal Bey, governor of Diarbek, has been publicly hanged in Bayazid Square in Stambul in the presence of the military governor of Constantinople and other high officials. He was sentenced to death as one of those responsible for the Armenian deportations and massacres. 'Yozgh' had district. The former commander of the gendarmerie in Yozghad was sentenced to fifteen years imprisonment. 'I don't know, sir,' he began, 'whether you have heard that story about the boy who—?' Then with a sudden recollection of his professional duties, he interjected, 'Like it short, sir?' 'Yes, yes,' said the editor, eagerly. 'A brief synopsis will do.'

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

LOCAL NEWS

POLICE CHANGE.
 John O'Neill, night desk man in the police station, is day desk man temporarily.

TRAIN LATE.
 The Boston train was reported three hours late today owing to a delay caused on the Maine Central.

ENGAGEMENT ANNOUNCED.
 Rev. E. W. Williamson and Mrs. Williamson announce the engagement of their daughter, Gertrude Graham, to Charles R. Watson of this city.

MILLS IDLE.
 The two Stetson Cutler & Co. lumber mills, the Murray & Gregory, and John E. Moore & Co's mills are closed today because of a labor difficulty.

THE RIVER.
 The Oceanic is nearly ready and will probably make the first trip of the season tomorrow.
 The steamer Majestic will make her first trip up the river to Fredericton on Thursday morning.

BIG IMPORTATION.
 Fully 6,000 packages of liquor passed through St. John recently from one of the ocean freighters to a wholesale dealer in Montreal. The shipment represented almost \$100,000.

LITTLE ONE DEAD.
 Friends of Mrs. and Mrs. Roy A. Davidson sympathize with them in the death of their daughter, Doris Ashton, aged eleven months, which occurred on Sunday.

FROM EAST AFRICA.
 Pte. H. A. Dean, who has been serving with the Imperial Army motor transport in East Africa, is spending a few days in St. John, the guest of his cousin, Mrs. O. A. Burnham, before returning to his home in British Columbia. Pte. Dean came over last Friday on the Scandinavian.

ADDRESSED SUNDAY SCHOOL.
 Rev. W. R. Robinson of Ludlow street Baptist church, gave an excellent address in St. Philip's A. M. E. Sunday school yesterday. He illustrated with a magnet the drawing power of Christ on people from childhood to advanced age, explaining the effect in the different stages. All present enjoyed his address.

PRESENTATION TO SOLDIER.
 Pte. Raymond Hargrove of 264 Union street, was pleasantly surprised last week when friends met at his home in honor of his home-coming. The evening was spent in games and music and refreshments were served. Pte. Hargrove was given a handsome fountain pen. He enlisted in the 104th Battalion and went overseas in 1915. A large circle of friends will be glad to hear of his safe return.

MRS. CHARLES LAWRENCE.
 The death of Mrs. Charles Lawrence took place this morning at an early hour at her home in Robbsey, after a short illness from pneumonia, at the age of forty-five. Besides her husband, who is now with the Canadian Siberian force in Siberia, she leaves six children. A large circle of friends extend their sincere sympathy to the bereaved ones. The funeral will be held tomorrow afternoon at two o'clock from her late residence.

AT THE PULP MILL.
 In the Nashwaak Pulp and Paper Company's pulp mill today were begun activities that will probably see the mill in full operation some time this week. It was said today that a good start had been made and if everything goes well the full complement of workmen will be on the job before the end of the week. It has been pointed out that it is impossible to place all the men desiring to go back at the present moment. Work this morning was principally preparatory to getting the mill into full operation.

WAR TROPHIES.
 Mrs. Wm. Higgins of 174 Millidge avenue has received from her son, Pte. J. H. Higgins, several war trophies, including two very fine spiked helmets, shoulder straps, German money and pictures, picked up on the battle fields of France. They will be on exhibition this week in a North End store window. Pte. Higgins was but sixteen years of age when he enlisted with Col. G. G. Corbett, M. D. of the 8th Field Ambulance. He left with Capt. McCarthy in the first draft, now the 24th Field Ambulance, which unit he still is. Before enlisting he was employed in the Bank of Nova Scotia, Mill street. He has been in the big engagements of the war and is not expected home for some time yet.

MARRIED IN WEST.
 A Winnipeg paper says: "Announcement is made of the marriage of Miss Sadie Kelly, youngest daughter of the late James Kelly and Mrs. Kelly, of St. John, N. B., to Roy H. Jackson, of Zealandia, Sask., younger son of Mr. and Mrs. J. H. Jackson, St. John, N. B., which took place at Holy Trinity church Saturday evening, April 5, the Rev. W. J. Southam officiating. The bride wore a tailored suit of navy serge, the blouse opening over a blouse of maize georgette; her hat was a becoming model to match. She also wore a corsage bouquet of Ward roses and maidenhair fern. After the ceremony Mr. and Mrs. Jackson left on the nine o'clock train for Zealandia, Sask., where they will reside. The bride and groom were both unattended."

GIFT OF WATCH TO SOLDIER.
 About forty friends gathered at the home of Pte. Scott Scribner, 100 Metcalf street, on last Wednesday evening to welcome him home from "over there." A very pleasant evening was spent, with music and games and all made merry in many ways. Private Scribner was wounded in an engagement at Hill 70, and is the proud possessor of the D. C. M. and M. M. F. R. Boles, in presenting to Private Scribner a beautiful wrist watch paid a glowing tribute to this gallant young man, who has done his bit so nobly for home, king and country. The ladies had prepared a dainty repast which was enjoyed. The national anthem was sung at the close of the evening.

Spring! DRESS UP
 When a man first takes off his overcoat in the spring, he has a peculiar "undressed" feeling—he is painfully conscious of the appearance of his old winter suit.
 At this time a Scovill Bros.' Spring Suit is the source of untold satisfaction.
 For Scovill Bros.' Clothes are irreplaceable in style and as exhilarating in pattern and fabric as the breath of spring itself.
 Such clothes give confidence and self-assurance which are invaluable in man's business and social life—they have a prosperous look, which is one of the greatest assets in the struggle for prosperity.

The General Worth of Good Furniture
 is determined by the service you receive. We know our furniture is well made because the greatest attention is given quality of finish and cabinet work when we purchase our stocks. This quality is inbuilt—it extends underneath varnish, which so often covers defective workmanship and poor materials, to the very heart of furniture itself—the materials used. Only choice, carefully seasoned woods ever enter our furniture and for this reason our guarantee stands back of every article we sell.
 For the person who takes pride in his home—who desires furniture of artistic design at a moderate price—this is the ideal furniture store, reflecting as it does the choicest new designs in furniture of every type for the home.
 While the quality of the furniture found here is exceptionally high, our prices are so reasonable that your money will go further here, for better furniture, than at most stores. A comparison of values will prove this fact to your entire satisfaction.

ST. JOHN RIVER IS RAPIDLY RISING

Prospects Repeated Good on The Main Nashwaak
 Work of the Stream Drivers—Christ Church Cathedral to Build Chapter House and Synod Hall

Fredericton, N. B., April 13—On the Nashwaak, driving for the Nashwaak Pulp and Paper Company began last night and a crew will be put on the main Nashwaak on Tuesday. So far the water on that river has been low, but the melting of the huge quantities of snow and ice is causing the stream to rise. Prospects are considered good. A large jam containing five million feet of logs belonging to the Nashwaak Pulp and Paper Company is now a short distance above Marysville. About twelve or thirteen million in addition to the Napadogen logs are expected to be driven on the Nashwaak.
 The St. John River Log Driving Company will have the St. John River sealed at the Mitchell boom tonight, and at Kingsclear the boom will be in position by tomorrow. The St. John River is rising rapidly and now is about eleven feet above summer level. The drift drive will start from the Mitchell boom tomorrow morning.
 The Chapter of Christ Church Cathedral will erect a chapter house and synod hall in Church street, immediately adjoining the deanery, beginning operations in the near future. The present church hall at the corner of Brunswick and Carleton streets, which has been used for synod meetings, is to be sold.
 Daylight saving went into effect here at midnight on Sunday and business in general is being run on the new time. The employees of some factories and laboring men in general do not take kindly to the change. Today some factories ran on the new time and some on the old. In some where the change was made, employees are demanding that the old time be restored.

SAMUEL CROMWELL DEAD IN LOS ANGELES
 George B. Cromwell of J. & A. McMillan, received a wire this morning from Los Angeles announcing the death of his brother, Samuel, in that city yesterday. He was a son of the late Isaac and Mary Cromwell of The Narrows, and is survived by his wife, one sister, Mrs. W. Simmonds of St. John; and four brothers—George B. of McMillan's; James A. and Charles of The Narrows, and Malcolm of Portland, Me.
 The late Mr. Cromwell was in poor health for a year, but the last week received was that he had improved and was able to work again. News of his death was therefore unexpected. He was forty-six years old. He went to Boston twenty-six years ago, spent some ten years there and then went west. He was engaged in building and real estate in Los Angeles, and had never been home since he first left home for Boston. There are many friends beside those named, who will learn with regret of his death.

POLICE COURT
 The case of J. A. Anderson, the Brayley Drug Company and Mrs. Catharin, charged with supplying lemon extract, was resumed in the police court this morning.
 The first case was that of J. A. Anderson, Pond street. John McGorman gave evidence that he had gotten extract of lemon from Mrs. Anderson in the store. When asked by Mr. Anderson what he had gotten drunk on, what he got there he said that he had. Inspector McAinch said that about two months ago he and Inspector Garnett went to Anderson's store and searched it for liquor but found none. The inspector said that seven times he had searched McGorman after he had come out of this store and five times he had found lemon extract on him. McGorman said that he was arrested for being drunk about twenty days ago, and it was on account of the lemon extract he got from Anderson's store.
 In the case of Mrs. Catharin, K. A. Wilson appeared for her and it was found that she had been supplied with lemon extract by the G. E. Barbour Company. The Brayley Drug Company did not appear in court, but Magistrate Ritchie gave orders to have all witnesses in court on Wednesday afternoon at 2 o'clock, daylight time.
 Five men were charged with drunkenness. They were fined \$8 or two months in jail.

AT THE CATHEDRAL
 The Devotion of the Forty Hours in the Cathedral was concluded last evening, when a very large congregation gathered. After recitation of the beads, led by Rev. R. B. Fraser, Father Moore preached on the Real Presence. It was a sermon of commanding interest, setting forth the Church's doctrine clearly, and eloquent and forceful in appeal. After chanting of the Litany of the Saints, in which the choir's singing won favorable comment, the service was closed with Benediction of the Most Blessed Sacrament at which Rev. W. M. Duke officiated. During the hours of exposition large numbers of the people visited the Cathedral. At the 9:15 mass the palms were blessed. Yesterday was communion Sunday for the men of the Holy Name Society of the Cathedral parish and, in conjunction with the Forty Hours, this made for a very large number of men receiving Holy Communion in a body at the seven o'clock mass. There has been a large acquisition in membership because of the recent retreat and the Holy Name now numbers some 900 men on its roll.

FATALLY STRICKEN IN A COUGHING SPELL
 Quebec, April 14—In a fit of coughing yesterday Mrs. F. X. Pagueau fell dead in her home. An artery snapped and a fatal hemorrhage resulted.
