French Aviator Plunges To His Death

BLINDED BY FROST

Lieutenant Boncour Falls From Great Height—Provost Meanwhile Carries Passenger About and Then Starts to Fly Across Channel

Paris, April 12.—Lieut. H. A. Boncour, of the 27th infantry regiment, was killed this morning in an aeroplane accident. He was making a flight in the vicinity of Paris, about 125 miles to the east of Paris, when he fell from a great height, while passing over the village of Lamoignon.

His aeroplane collapsed from an unknown cause, and he totally destroyed the body of the aircraft, when found in the debris, was almost unrecognizable. The lieutenant's eyes were covered with frost and it is supposed that this prevented him while attempting a landing. From seeing that he was flying directly into a thick forest. In trying to avoid falling into the trees, he probably made a sudden turning movement, which caused the aeroplane to turn over.

Calais, France, April 13.—Marice Provost, a French aviator, landed yesterday at eleven o'clock this morning, after a flight with a passenger in his monoplane from near Les Moulins, where he had been at the controls of the machine, to a harbor to six. After a short stop he began into the air, and started to cross the channel for England, where he is to deliver the machine to the British authorities.

SAUSAGE KING IS DEAD

Eccentric Wm. Harris Had Three Sons, William First, Second and Third

London, April 12.—William Harris, who is known as the "Sausage King," died yesterday in his apartment in the Strand. He was 70 years of age and had three sons, William First, Second and Third. He was a well-known eccentric and was famous for his sausages.

DELAYED BY AN ACCIDENT IN MAINE

The wreck of a freight train near Forest, Me., early this morning caused a hold-up of traffic for some little time on the Maine Central Railway near Vassalboro, and delayed the arrival of the Boston and Montreal train in St. John. It is not known how serious the wreck was but word which reached here was to the effect that the wheels of the cars were damaged to one or two.

GRATEFUL FOR SUPPORT RECEIVED IN CANADA

John E. Redmond and Lloyd George Express, for Times Readers, Their Opinions on Home Rule Legislation—Ulster Continues Efforts—Marked Change in Reception of Bill

(Times' Special Saturday Cable). London, April 13.—Leaders of Wales and Ireland, recognizing that home rule has a special significance for the Irish, which led the way in national opinion, under the empire flag, send me special messages for the Times-Star and for the Canadian people in the fight for Home Rule.

The lesson we first learned from Canada we are applying to Ireland, that the loyalty born of freedom is the truest bond of Union. The guiding principle of Liberal statesmanship has ever been to make each of the daughters of the empire mistress in her own house.

"DAVID LLOYD GEORGE." John E. Redmond telegraphs:—"You can assure the readers of the Times-Star that the Irish party are most grateful for the sympathy and support of the Canadian people in the fight for Home Rule, which in Ireland as in Canada will have effect in solidifying ancient feuds and promoting peace, prosperity and loyalty."

"REDMOND." The home rule bill has met with a reception which has delighted the patriots and confounded the partisans. Externals on both sides are vexed with the moderation of the measure, which has not the ardor of many of their past fears and disarmed the separatists. Men not bound by party recognize that Mr. Asquith whose reputation for courage, sanity and disinterestedness was never greater than now has made a magnificent compromise to satisfy the unquenchable aspirations of the vast mass of the Irish people, while adequately guarding the rights of the northern minority.

APPEAL IS MADE TO DEAF EARS. The partisan newspapers now as then, it is true, excoriate the violence of their professional rhetoric to the full. It is difficult to obtain from the London papers an impartial account of how the home rule bill has been received in Ireland. The English papers generally show a certain contemptuous indifference and showing no perceptible enthusiasm.

ENGLAND GOES AFTER SUPREMACY IN AIR. Provision for Aeroplane Fleet With More Than 400 Aviators. London, April 13.—Details are out in regard to Great Britain's aviation scheme. The plan is for 264 trained flyers for the army and forty at the beginning of the year. Not more than sixty of these flyers, however, will be trained this year.

TWO KILLED IN A GRAND TRUNK COLLISION. Engines and Five Cars Demolished at Port Hope. Port Hope, Ont., April 13.—In a dense fog about half past four o'clock yesterday morning a heavy double headed east bound Grand Trunk freight train crashed into the rear of another east bound freight at Port Hope. Fireman Shaw, of Mimico, was instantly killed. Ernest J. Reid, of Toronto, who was in the caboose of the first train, received serious injuries including a compound fracture of the left thigh, which necessitated amputation. He was taken to Cobourg Hospital and later died.

ENGLAND GOES AFTER SUPREMACY IN AIR. Provision for Aeroplane Fleet With More Than 400 Aviators. London, April 13.—A petition containing more than 100,000 signatures, praying the home secretary to revoke Frederick Seddon, who is under sentence of death for the murder of Miss Harrow, was presented yesterday. Mr. McKenna's decision is expected on Tuesday. The execution was fixed for Thursday.

MISSISSIPPI IS ON RAMPAGE

Twenty-Nine Head of Cattle and Three Horses Lost Lives

Councillor Everett's Loss By Fire Heavy—Daughter Narrowly Escapes Death—Fredericton News

Fredericton, April 13.—(Special)—Councillor Tabor Everett's loss by the fire which destroyed his home at Kingsclear yesterday will be close to \$5,000. In addition to the buildings he lost twenty-nine head of cattle and three horses. His daughter Lena, while trying to release the live stock from the barn, became dazed by the smoke and narrowly escaped death. She was rescued by Menassa Dunphy, a neighbor.

Grenville, Miss., April 13.—The Mississippi is taking its toll on southern Arkansas and northern Louisiana today. With the force of the greatest tides in the history of the waterway behind it, the flood is pouring through two gaps in the levee, at Panther Forest, in Arkansas, and near Roosevelt, over fertile flat lands of the Louisiana Arkansas delta. Before midnight it is estimated that 1,000 square miles in East Carroll and Madison parishes Louisiana and Chicot, Arkansas, will be flooded.

Two Great Breaks Are Made in Levee. In the meantime the river has passed its annual on the east bank and prospects of holding the dike on the Mississippi side have brightened. The breaks last night are regarded as the most serious that have occurred since the flood period set in. The territory which will be inundated is populous, villages are numerous, and Arkansas City and Lake Village, Ark., and Lake Providence, Tallulah, and Delhi, La., and other important towns are directly in the path of the overflow. While the damage to property will be heavy, it is not believed that the loss of life will be large.

WESTERN FIREMEN INJURED IN PRACTICE. Ladder Buckles and They Fall From High Position. Vancouver, B. C., April 13.—Four firemen were injured yesterday at practice by the breaking of a ladder truck. Murphy was at the top of the ladder, and fell from the top of the ladder, and three others were injured. The ladder was used to reach the top of a building. The ladder buckled and fell, causing the injuries.

La MARQUISE de FONTENOY The Fiance of the Archduchess Elizabeth—Maps Which Show Source of Nile Known in Days of Vespucci

(Copyright, 1912, the Brentwood Company.) Much confusion exists with regard to the identity of the fiance of Emperor Francis Joseph's eldest granddaughter, Archduchess Elizabeth...

It is he who is undoubtedly the fiance of the Archduchess Elizabeth. The latter occupies probably a warmer place in the heart of the old emperor than any other of his grandchildren...

The impending marriage cannot be described in any way as a matchless union. The bridegroom belongs to one of those former petty reigning houses...

Prince Maximilian Waldburg, the Wurtemberg chief of the entire house of Waldburg came rather prominently into the American eye a few years ago...

He also offered to lend the scarcely less valuable map, the "Carta Marina" of 1511, a map of ocean currents and seas...

It was while rummaging in the immense library of the grand old Castle of Wolfegg that the Rev. Father Fischer, S.J., in searching for material for the "Early Voyages of the Norsemen in the direction of America..."

Amazing to relate, Father Fischer also discovered on the same occasion a map bearing the name of Waldseemuller and dated 1497, and delineating with wonderful accuracy the great lakes that constitute the sources of the Nile...

The Waldburg family traces its descent to the time of the discovery of America, but in some strange way they had become lost to geographers and scientists...

ORANGE LILY as a remedy for these ailments, as well as for leucorrhoea, gonorrhoea, cancer in its earlier stages, tumors, displacements, haemorrhoids, and all other ailments...

The Evening Chit-Chat

By RUTH CAMERON

THE other day I heard a man complain that when he gave up his seat to a woman in the trolley car, he received it so ungraciously that he made up his mind he would never be so courteously again...

A single act done willingly and graciously out of the heart's goodwill is worth more than a dozen done ungraciously, and only because convention or some other force extorts them from the doer.

Now, to have lifted his hat and said pleasantly, "Won't you have my seat, madame?" would not have cost that man any great effort...

SAYS ST. JOHN WILL BENEFIT GREATLY

Captain Jones of West Indies Here
—Was in Ottawa During Treaty Negotiations

Captain and Mrs. Wilson Jones of Port of Spain, Trinidad, who have been making a trip through Canada, arrived in St. John this morning, and will leave this evening for Boston and New York before sailing again for the West Indies.

Captain Wilson said that, although he has not been connected officially with the West Indian delegation, he was in Ottawa while the negotiations for the reciprocity treaty between Canada and the West Indies were being carried out. He spoke very highly of the way they were treated, saying that everybody from the Duke and Duchess of Cornwall down entertained the visitors most delightfully.

He was very much pleased with the completion of this treaty and predicted that its results would be most beneficial to both countries. Its effect would be to divert much of trade that is now handled through ports of the United States and that St. John would get the largest share of this business. One of the first things required in a better steamship service was had indications from very high authorities that the C. P. R. would be willing to undertake the service provided a proper subsidy from both governments could be secured.

ST. JOHN HEADQUARTERS FOR STILL ANOTHER FIRM

St. John's advantages as a distributing centre have been urged as a reason for the growth of the city and that this is being recognized by the business men of the West Indies. This will be a great convenience to residents of that locality. The store has been thoroughly renovated and every room made for that perfect cleanliness and hygiene so much to be desired in the dairy.

HEADQUARTERS FOR OFFICE FURNITURE.
A large assortment of all kinds of office furniture can be had at Amland Bros., Ltd., Waterloo street. They are in the latest styles and finish and those who want a roller top, flat top, standing and typewriter's desk or filing cabinets, should visit this store where they are sure to be satisfied.

MR. JACKSON GETS STAMPEDE.
John Jackson, it is learned, has secured the hackney station Stampede. It is a fine looking chestnut with good style and action. A local veterinarian is quoted as saying that he is a great improvement on the province. He is being used by his owner as a road horse and is being much admired. Stampede is said to be kind and gentle as a lady's driver.

THE CITY DAIRY WILL OCCUPY THE STORE at the corner of Charlotte and St. James streets, on or about the 10th, of this month. This will be a great convenience to residents of that locality. The store has been thoroughly renovated and every room made for that perfect cleanliness and hygiene so much to be desired in the dairy.

THE TORRES AND HOME RULE

The Times special cable from London today gives to Canadian readers a message from two great leaders in the Home Rule movement in the United Kingdom.

Zealand, Mr. Carvell pointed out that Hon. George E. Foster will shortly go to Australia to arrange a reciprocity deal under which the very competition complained of would have to be met.

There are some rumors in Toronto who will regret very much that Dr. Beattie Nesbit has been discovered in Chicago.

An interesting contribution to the Home Rule discussion is a little book called "Home Rule is a Nutsell," by J. Mac Veagh, M.P., with an introduction by the Right Hon. Winston S. Churchill, M.P.

An especially interesting portion of the book at this time is that which deals with the attitude of the Unionist party toward Home Rule less than two years ago. It is pointed out that so lately as October, 1910, when the veto conference was being held, the Unionist newspapers were all preaching federalism, which means Home Rule all round.

The public accounts show that in the repairs to the Suspension Bridge the work was carried on by the government in its usual way. The friends of the government were particularly well used, and, if one of them wanted his pay, it was not necessary to wait for a department check.

The Saskatchewan Legislature at its recent session unanimously adopted the following resolution: "That in the opinion of this house it is expedient that government should enquire into the question of obtaining money for making loans at a low rate of interest to farmers in the province."

Dr. J. E. Hetherington, who lives in the vicinity and knows the facts about the reconstruction of the Washademoak bridge, says the provincial government is to blame for the collapse of one of the piers.

The announcement is made that the site for the Canadian Pacific Railway depot at a station which would satisfy the Ulster men. The Pall Mall Gazette said: "Is it not possible that the Irish question may be disposed of by the consensus of the mature opinion of the United Kingdom? All this points to the bringing in of the hoped-for scheme of Imperial unity and the treatment of Ireland on something like a federal basis."

In a very interesting article on the question "Is rural Ontario making progress?" Mr. Norman P. Lambert submits facts and figures to show that rural Ontario is not in a state of decay. He claims that the average value of the Ontario farm today is \$8,000, as against \$5,000 in 1901.

Mr. Carvell added that although one coprocity as a dead issue, the statement was not repeated after his own remarks about Carleton county and the statements of some of the western members had been heard.

Mr. Carvell told of the enormous quantities of wheat lying on the docks all winter in the west, and today rotting because it cannot be shipped eastward. The United States wants this wheat, and would pay more for it than the farmers are now getting, and would even buy the injured wheat to feed stock.

The value of the exports by the winter steamships to this date is more than \$4,000,000 greater than for the corresponding period last season. A new high record is being made.

Hon. Mr. Robinson wants some further information about the Central Railway investigation, which cost the province so much money. He wants to know, and the province wants to know, more about that famous inquiry.

BRITISH ENGINEERS AND SCOTCH TEACHERS ON VISIT TO CANADA

London Symphony Orchestra is Also to Pay a Visit — The Plans

(Times Special Correspondence.)

London, April 9.—The visit of several British engineers to Canada and the United States this month is another evidence of the desire on the part of all classes here to learn by actual experience the prosperity and possibilities of the dominion. There has been a great demand among engineers to join the party, and several well known public men are taking a keen interest in the tour, among them being Lord Strathcona, Lord Brassey, the master of Christ's College, Cambridge, and the master of Downing College. A visit to the locomotive shops in Montreal, an official entertainment in Ottawa, study of the street car system of Toronto, the Rockies, the wheat pit and stock yards of Chicago, and the St. Louis breweries are items on the itinerary. The tour will be for three months.

Another tour of great educative value is that of the Scottish teachers who will go to Canada in July. Composed of all drawn from all parts of Scotland, the party will visit the universities, colleges, schools, and agricultural experimental stations of eastern Canada. Opportunities will be given for meeting Canadian teachers and for the exchange of educational ideas. The trip is organized by the convener of the Educational Institute of Scotland under the patronage of which the teachers are going.

This week will see the departure of the London Symphony Orchestra for a visit to Canada and the United States in fulfillment of a programme which provides for thirty-one concerts before return early in May. The principal cities in the States and Toronto, Montreal and Ottawa will be visited.

PROMOTION FOR A. P. HAZEN

Heartily congratulations were extended to Arthur P. Hazen, manager of the Bank of British North America, Prince William street, yesterday, when it became known that he was about to be transferred to Montreal as the manager of the present branch of the bank, a position second only to that of general manager. All arrangements are made for the transfer and Mr. Hazen expects to leave in about three weeks. While his many friends will regret to hear of his promotion, the removal of Mr. and Mrs. Hazen from St. John will be keenly regretted.

Mr. Hazen's successor here will be A. G. Skelton, at present manager of the branch at West Toronto. Mr. Hazen is a veteran in the service of the Bank of British North America.

Mr. Hazen has taken a very prominent part in the commercial life of the city for several years. He is the president of the Union Club, and a member of the committee of the board of trade. Mr. Hazen is also an active member of the social life of the city.

The change in the bank management comes just as much larger things are being planned for the branch here, as a result of the business built up by Mr. Hazen, but his departure will not interfere in the least with the progress of the new building at the corner of Dock street and Market square. His successor will take charge here with every prospect of increased business.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NO SITE CHOSEN YET FOR CANADIAN QUARTERS IN LONDON

(Times Special Correspondence.)

London, April 2.—W. L. Griffith the permanent secretary in the high commissioner's office, says there is no announcement to be made as yet concerning the site of the new London quarters for the dominion government. It is understood that several sites are under consideration.

It is hoped that Lord Strathcona will be able to be at his office again after Easter, but there are those who fear that it will be a great risk after his recent severe illness for him to attempt to work as he has in discharging his social and official duties.

Rev. J. H. Wickstead, vicar of Bealey, Kent, England, has presented to the Wesleyan Methodist of Gravesend and Dartford circuit a tree from the vicarage garden, a sapling of the old oak, under whose branches John and Charles Wesley, with George Whitefield often met in friendly conference. It is believed that Charles Wesley composed some of the hymns in the shade of the tree.

RECENT DEATHS

Mrs. Amand Bourgeois died recently at Shediac in the 77th year of her age. She had resided for a number of years with her daughter, Mrs. Andrew Poirier.

At Weldon, Albert County, last Thursday, Mrs. John McFarlane died after a short illness. She was about twenty-two years of age and leaves husband and an infant.

Henry J. Andrews, an aged resident of Middleton, Annapolis, died on Wednesday. Two sons, Philip and Percy, arrived from Acadia College and another son, John, is in the Royal Bank at Newswick. N. B. A daughter, Etta, is in Victoria, B. C. A widow also survives.

Minnie Steeves Prosser, wife of Rev. A. J. Prosser, died in North Vancouver on March 24, in her 84th year. Besides her husband she leaves two boys, ten and twelve years of age, her mother who lives near Moncton, also three brothers and three sisters.

Mrs. Jane Wilbur died suddenly yesterday morning at her home, 228 Queen street. She was around as usual when her son left home yesterday morning, but when he came home she was lying dead on the bed, and Dr. D. E. Berryman pronounced old age as the cause of death. Mrs. Wilbur is survived by three sons. The funeral will be held tomorrow afternoon.

Fletcher C. Colpitts of Pettitodiac, is dead, aged sixty-five years. He leaves his wife and three daughters, Mrs. E. C. Steeves, Forest Hill, N. B., Misses Violetta and Cora at home, two sons, Edgar L. of Pettitodiac and Clayton J. of the C. J. P. R., St. John. Besides the family, he leaves two sisters, Mrs. Mary Colpitts, Pleasant Vale; Mrs. F. S. Peters, Peter's Mill, N. B., and three brothers, Robert A. Colpitts, Winnipeg; Thomas E. Colpitts, Alma, N. B., and Byron Colpitts, Moncton.

On Monday, the 8th instant, at her parents' residence, Rockland, Westmorland County, Miss Sarah F. Bannister, aged twenty years, eldest daughter of Mr. and Mrs. Philip Bannister, passed away. Besides her parents, two brothers and three sisters survive. The brothers are—Harold W., of the I. C. R., James H., of Dominion No. 6, C. B. The sisters are—Lillian W., of Moncton, and Alice and Erna at home.

Caroline Allison, wife of E. N. Payzant, M. D., of Wolfville, died on Wednesday, aged eighty-three years. She was the daughter of the late Samuel L. Allison, at one time prothonotary of Kings County, N. S., and granddaughter of the late Joseph Allison, an early representative of Horton in the house of assembly. She had eleven children. There only one now living Dr. J. Auston Payzant, of Annapolis; Mrs. E. S. Crawley of Wolfville, and Mrs. H. A. Titt, of Bermuda.

Many friends about the city were grieved this morning to learn of the death of M. Joseph Kelly, fourth son of Mr. and Mrs. John Kelly of Rockland Road, which occurred late last night after a severe illness of typhoid fever, followed by more serious complications. The young man was in his twenty-fourth year, and his death was heard of with keen regret by a large number of friends of himself and of his family. It was thought that he would recover, but a day or two ago he became worse and hope was despaired of. Mr. Kelly had been a student at St. Joseph's College, Memramcook, where he was a favorite with his companions. He is fond of studying civil engineering. He was for a time employed on the Trent canal construction and became ill there with typhoid. He rallied and went to work with Manchester, Robertson, Allison, Ltd.,

TISDALE PLACE

Will Be Our Liveliest Section

A GOOD MANY PEOPLE DO NOT FULLY REALIZE the vast importance of the East St. John development. They think of it mainly as a shipping matter, an outlet for trans-atlantic freight. But it is to be a thriving passenger traffic centre—trans-continental, local and trans-oceanic. The great Dry Dock will mean much employment, the Ship Repair Plant will be a hive of industry; the projected Smelting Works (like Sydney) will be a bigger thing still. Then comes the permanent railway and steamship employes—a small army in themselves. Add to this the many industries that inevitably follow in the wake of transportation lines. Street Railway and other utilities will weld this new community into a city in itself. Tisdale Place is the very centre of all this. Get some of the lots now.

THE BANK OF BRITISH NORTH AMERICA

The seventy-sixth yearly general meeting of the proprietors of the Bank of British North America was held in London on March 26th last, and a report of the proceedings, with a copy of the balance sheet of December 31st, 1911, will be found in another column. The report differs from its predecessors only in reflecting a further increase in the profits, which justified the directors in increasing the annual distribution to shareholders from 7 p.c. to 8 p.c. The balance sheet shows the usual strong cash reserves, and the British government securities and Dominion of Canada securities which the whole reserve fund is invested, testifying to the rigid conservatism which has always been characteristic of the management.

The year 1911 was a prosperous one for the bank, perhaps the best in its history. The profits enabled the directors to pay the increased dividend mentioned above, to transfer \$2,107,000 to the reserve account, and to issue \$48,000 of the bank's preference shares, in addition to which an appropriation of \$300,000 was made for the purpose of distributing a bonus of 5 p.c. on salaries to the staff, for whose benefit \$16,500 was transferred to the bank's benevolent funds. There is a thoroughly British tone about the chairman's remarks to the shareholders. In advising them that the dividend had been increased, he expressed the hope that the directors would be able to maintain it on an 8 p.c. basis, but wisely declined to forecast the future. The bank's policy has invariably been to take the shareholders into its full confidence, and to distribute profits only in accordance with the yearly earnings. As a result of this policy, the dividend records of the bank show fluctuations in both directions, but the public confidence which the bank enjoys shows that this policy of frankness is appreciated.

The chairman's address shows how closely the London board is in touch with Canadian affairs, and he dealt with evident satisfaction on the prosperity which the Dominion is at present enjoying, but like several other recent critics in a position to take a wide survey, he felt that it is his duty to point out a contingency which might arise in the future, and which might enable us to borrow three or four large sums to be expended in the development and opening up of the country. It is to be hoped for the sake of our welfare and our good name that these warnings will be heeded, and that Canadian bankers and others who deal in money and securities will endeavor to see that credit is not being discouraged the situation in London of any issue which will not bear the closest scrutiny.

FINANCIAL TIMES GIVES ADVICE TO CANADIAN CITIES

Postponement of Loans Sought By Montreal, Ottawa and Toronto in London

(Times Special Correspondence.)

London, April 12.—Frank advice to Canadian municipalities desiring to borrow money in London is tendered by the Financial Times in reference to the postponement of loans by the cities of Montreal, Ottawa and Toronto. The failure of the recent Vancouver issue to obtain public support is given as the principal reason for the postponement of these proposed loans and the cause of this failure, as well as the difficulty now being experienced in placing Canadian municipal issues, is pointed to lie with the municipalities themselves, the reason being that the municipal authorities have a top exalted idea of their credit and are not disposed to listen to the advice constantly tendered by the financial agents.

"An instance of this," says the Financial Times, "is provided by Montreal. In the early part of February, when Montreal was making enquiries about a new loan, the statement was made in the Montreal press that the Bank of Montreal, the city's financial agents in London, had stated that an issue of \$5,000,000 of four per cent. stock could be made at ninety-nine per cent., but the city authorities would not accept such a price, and the suggestion was made that a better price could be obtained in Paris.

"The absurdity of the suggestion that Canadian municipalities should float a loan in Paris at a better price than ninety-nine is apparent when it is remembered that the price at which the French government floats the four per cent railway loan has just been issued, is only a shade over par.

"The policy which the Canadian municipalities have been pursuing is to give their loans to the highest bidder. It has

The new map of St. John showing the location of every property in the city and the surrounding district, which has been prepared by Engineer G. G. Murdoch is now complete. The map was submitted to an informal meeting of the real estate men in the board of trade rooms yesterday afternoon. The work of publication will be commenced immediately. The real estate men present ordered 2,000 copies. The map covers an area four miles west from the centre of the city and four and a half miles east to Brookville station. It includes Langtry, Carleton, the Courtway Bay district and Marsh Road as well as the city proper.

Norton Griffiths & Co. have secured temporary offices at East St. John, which will be occupied by their staff on next Thursday afternoon. The work of publication will be commenced immediately. It includes Langtry, Carleton, the Courtway Bay district and Marsh Road as well as the city proper.

CITIZENS' TICKET MEN GIVEN EVIDENCE OF VICTORY AT NEXT POLLING

The candidates of the Citizens' ticket who addressed the doctors of Carleton in the Prentice Boys Hall last evening were given a reception that leaves no room for doubt regarding the hearty support they will get on the west side of the harbor. There was a large attendance and the audience listened with close attention to the speakers and gave marked approval to their remarks.

W. D. Baskin, ex-alderman, presided and in introducing the candidates briefly reviewed the reasons why they should be elected. The candidates, M. E. Agar, H. B. Schofield, C. B. Allan and W. W. Allingham were heard in vigorous and straightforward speeches setting forth the issues of the campaign. Mr. Allingham was especially well received by his fellow residents of Carleton and his appearance was the signal for three hearty cheers.

L. P. D. Tilley also addressed the meet-

The candidates of the Citizens' ticket who addressed the doctors of Carleton in the Prentice Boys Hall last evening were given a reception that leaves no room for doubt regarding the hearty support they will get on the west side of the harbor. There was a large attendance and the audience listened with close attention to the speakers and gave marked approval to their remarks.

W. D. Baskin, ex-alderman, presided and in introducing the candidates briefly reviewed the reasons why they should be elected. The candidates, M. E. Agar, H. B. Schofield, C. B. Allan and W. W. Allingham were heard in vigorous and straightforward speeches setting forth the issues of the campaign. Mr. Allingham was especially well received by his fellow residents of Carleton and his appearance was the signal for three hearty cheers.

L. P. D. Tilley also addressed the meet-

FATHER, MOTHER, SISTER, BROTHER, ALL SHOULD USE PARISIAN SAGE

Prevents Baldness—Banishes Dandruff—Stops Falling Hair and Itching Scalp

PARISIAN SAGE is a family hair tonic and dressing that will do much good in every home. The man who uses PARISIAN SAGE if only occasionally will never grow bald. Baldness is caused by dandruff germs which dig down into the roots of the hair, devour it's nourishment and cause the root to die and the hair to fall and thin out. PARISIAN SAGE is a scientific hair remedy that not only kills the dandruff germs, but gives the hair root just the same nourishment that nature gives it. PARISIAN SAGE first kills the germs; then nourishes the weakened hair root and causes a growth of healthy hair. This same nourishment (PARISIAN SAGE) can be used by every member of the family from the oldest to the little tot. Get a 30 cent bottle today, and if you are not satisfied that it is just as good as claimed, your money back without any quibbling. Sold by A. Chipman Smith and druggists everywhere. Get with Auburn hair on every cartoon and bottle.

WE INTENDED HANDLING FURNITURE, BUT ON ACCOUNT OF THE AMOUNT OF SPACE REQUIRED, WHICH WOULD INTERFERE WITH OUR RAPIDLY GROWING BUSINESS IN OTHER LINES, WE HAVE DECIDED TO SELL OFF THE BEDSTEDS ON HAND (WHICH CONSISTS OF BRASS AND WHITE ENAMEL) AT COST—THE GREATEST BARGAIN EVER OFFERED IN THIS LINE OF GOODS. THE SALE WILL BE SHORT, BUT IF YOU DO NOT REQUIRE ONE BEFORE MAY FIRST WE WILL STORE IT FREE OF CHARGE. COME AND EXAMINE AT ONCE BEFORE THE BEST SELECTIONS ARE MADE.

CITIZENS' CANDIDATES' THANKS

To the Electors,—

We, the members of the Citizens' Ticket, feel deeply thankful for the magnificent support accorded us in the primary election on Tuesday last.

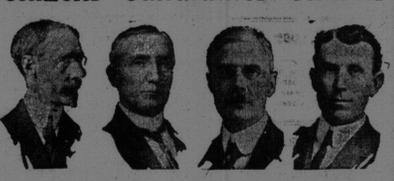

We now respectfully ask you to support our whole ticket in the final election on the 23rd inst., believing as we have claimed many times that this is the best way to make the Civic Government by Commission a success.

A SALE OF BEDSTEDS AT COST AND WHY

We intended handling furniture, but on account of the amount of space required, which would interfere with our rapidly growing business in other lines, we have decided to sell off the bedsteads on hand (which consists of brass and white enamel) at cost—the greatest bargain ever offered in this line of goods. The sale will be short, but if you do not require one before May first we will store it free of charge. Come and examine at once before the best selections are made.

**LIQUOR CASE COMES
OUT OF CHARGE MADE
AGAINST PETERSON**

Latter on the Stand Today—Evidence to be Submitted to Judge Forbes

In the police court this morning five prisoners were before Magistrate Ritchie, all charged with drunkenness. Three were women. Two of the latter were sent to the Good Shepherd's Home and the third was fined \$5 or two months in jail. The other two prisoners were fined \$5 each.

The case against William Peterson, charged with wandering about in German street on Tuesday night last, was continued this morning. Peterson went on the stand and denied the charge. He admitted having had a drink of whiskey in a beer shop in German street. He had gone up as far as Peterson's tailor shop with a stranger whom he had met, but did not go in. In answer to a query from the court, the prisoner said that he had promised to abstain from liquor when he was allowed out before the court. He was out the Marsh Road several weeks ago with a revolver in his possession.

His Honor told the present that as he was out on suspended sentence, he was liable to be sent to Dorchester to serve the sentence. He was remanded until this afternoon, when he will be called as a witness in the case of Mrs. Lacy, who keeps a restaurant, and who is charged with selling liquor without a license. He was told this morning that the evidence given in the present case against him would be submitted to Judge Forbes, who had allowed him out on five years suspended sentence.

In the Juvenile Court, Edward Melancon, William Pascook, Walter Stealing, George Dier, William Murphy and George Sterling, all young boys were fined \$2 each for creating a disturbance in St. Patrick street on Tuesday night last. James Sterling, another lad, was fined \$2 for lighting fires in the Queen Square. Carleton, thereby doing damage to the trees.

LOCAL NEWS

AT ST. GEORGE.
The Pulp Co. at St. George are preparing the saw mill property and probably put up another refuse burner in preparation for White & Patterson, who will be there shortly with their rotary mill to commence work on their five years sawing contract with the company.

COUNTEY COURT CHAMBERS.
In the matter of Temple vs. Stevens, an action for rent in which a decision had been rendered for the plaintiff in the county court, an appeal was taken before Judge Forbes this morning in the county court. Judgment was reversed with costs. U. F. Stanford appeared for the defendant and the plaintiff appeared for himself.

COURTESY DAY.
The temporary offices which have been secured for Norton Griffiths & Co., will be located in the building owned by A. P. Stevens, near the East St. John post office. The arrangements were made through F. S. Gibbons. The new premises will take possession on Thursday next by which it is expected that additional members of the staff, who have been recommended by wire, will have arrived in the city.

SHIPPING NOTES.
Schr. Hazard will load lumber at Yarmouth for the South, where the vessel is to be engaged.
The four-masted ship Kings Co. was sold recently at Montevideo. This taken another of the well known ships from the Nova Scotia register. The Kings County was built at Kingsport in 1890, is 2,941 tons register and was owned by the Burgess estate of Wolfville.

Nova Scotia vessels are much liked in Newfoundland, both for their good looks and sea going qualities. A vessel built recently at Lockport by Howard Allen & Co. will be taken to Newfoundland in a few days. Several others are to be built. The activity in the shipyards along the shore is a great help to the people, the only complaint being from the builders they find difficulty in getting men.

MRS. SUSAN McVANE.
News of the death of Mrs. Susan McVane, widow of John McVane, has been received. She passed away on last Wednesday at White Head, Kings county. Mrs. McVane was aged eighty-six years and leaves one son, William, and two daughters, Mrs. Hannan and Miss Bertha McVane. There are also three sisters. Her husband, who died some years ago, was once well known in business circles in Indian town.

Mrs. McVane's memory was keen and she could recollect many incidents of old time occurrence with refreshing plainness. Her father, the late John Collins, was one of the first settlers about White Head, and of her childhood days she could tell many an attractive story. The funeral was conducted yesterday afternoon by Rev. J. H. Borgmann, C. S. R., at Chapel Grove, where interment took place. Mrs. Wm. Lynch, of Round Hill, N. B., is a sister, as are Mrs. Margaret Connel and Mrs. Hannah Collins of this city.

**SCOTLAND YARD
MAN IS TO BRING
ATHERTON HERE**

Chief Clerk, Home Today, Speaks of His Trip to England—News on the S.S. Empress

The C. P. R. liner Empress of Ireland, Captain Forster, from Liverpool arrived in port this morning at 7:45 o'clock and docked at Sand Point. She had about 1,500 passengers, mostly all of whom are going through to the west to settle. The big liner brought more passengers from the other side, but several hundred were landed at Halifax.

Captain Forster reports a very good passage, encountering but little rough weather. Besides her large number of passengers, the Empress brought a large general cargo, including considerable quantities of beer, cigars, and dogs, which are being shipped through to western ports.

Among the passengers who landed this morning were Chief of Police Clark and Mrs. Clark, who are returning from Liverpool. They had been away about three weeks, the chief going there to bring back Purser Atherton, who is in custody of the Liverpool police on the charge of defrauding the C. P. R. and the Dominion Express Company out of a large sum of money. The chief did not bring back the prisoner, as he is still awaiting trial in the Liverpool courts. Both the chief and Mrs. Clark enjoyed the trip immensely, although the chief said he was quite busy attending to matters in connection with the case. He was at his office in the central station this morning, but just at present would not say much about his trip. He said, however, that it was almost an assured fact that Atherton would be brought to St. John inside of three weeks by a Scotland and Quebec steamer.

Speaking of conditions in Liverpool, the chief said the effect of the recent coal strike was still very evident, and things would not reach their normal conditions for some time yet. "The suffragettes are the people that are creating the commotion in Liverpool and London just now," said the chief. "I saw some of the riotous that they had broken in their campaign, and there was hundreds of dollars' worth destroyed. I was in the court when they were brought up, and not one of them would promise not to repeat the performance. They were consequently sent to jail."

The St. John real estate boom is talked of on the other side and nearly everyone you meet will ask you about St. John. In regard to the Atherton case, the chief said that the prisoner had taken advantage of the bankruptcy act and had gone into bankruptcy, as it was said he owed considerable money when arrested. The case was being tried in the Bow street court and is being followed by many with interest. The case had been put over from day to day.

Other passengers on board were Sir Thomas Shaganmsey, Lady Shaganmsey, and her two daughters, who were returning from a trip abroad. They left the steamer at Halifax and proceeded home via the I. C. S. S.

A party of sixty boys from the Regan Home in England were also on board. They are being sent through to the west and will be located in homes there. Most of the passengers were met through by special trains this morning, one being sent away at nine o'clock and the other about ten o'clock. It will be the last party that the Ireland will make to St. John this season.

Assurance of Great Success For Back to New Brunswick Campaign

The advance campaign for the Back to New Brunswick Week is progressing in a way that gives assurance that the event will be a great success. Already the replies flowing in from outside indicate that St. John will be crowded to its capacity during the period and more former citizens will be gathered here than on any previous occasion.

Other towns in the province are also operating heartily and are making special efforts to make the week a big one in their districts. Among the other places which are preparing special programmes are:—Campbellton, Sussex and Sackville, Woodstock and Moncton are also giving the matter their attention, and it is expected that other towns will join in reaping the benefit of the publicity campaign which is to be carried on.

As an indication of the interest that has been aroused at least the content letters have been received from former New Brunswickers enclosing lists of others to whom literature is to be sent. These come from Maine, Pennsylvania, Massachusetts, Washington state, California, British Columbia and elsewhere. These are only a few taken at random.

The 1917 Club, which is promoting the event in this city, will meet on Tuesday evening in the Board of Trade rooms to map out a more comprehensive campaign, which will include raising funds, arranging for attractions and for publicity work both at home and abroad.

Judge Forbes Gives Lad a Talking to and Another Chance

A young lad named Kay was before Judge Forbes in chambers this morning for playing truant and walking the streets. Rather than send the boy to the reformatory where, His Honor remarked, the influence of the other inmates might not be of the best character for the boy, His Honor gave him a talking to and allowed him another chance to return to school provided that if he did not do so, and was caught in walking the streets, he would be taken to the reformatory for twelve months.

There is No Questioning the Fact That You Can Get More for Your Money at Oak Hall Than at Any Other Store in Saint John

We're not bragging, neither are we trying to belittle the offerings of others. We are simply stating the cold, hard facts—facts that any man can verify. When you buy from us, you buy directly from the makers and save the middleman's profit. When you buy from others you must pay the middleman's profit. Comparison has proved time and again that even the bargain prices of others are not as low as our regular prices. You owe it to yourself, therefore, to always see what you can do at Oak Hall before spending your money anywhere else, and remember the Oak Hall policy always has been and always will be to stand back of every garment sold, and to replace with a new one any that proves unsatisfactory.

The Bank of British North America

ESTABLISHED IN 1836 Incorporated by Royal Charter in 1840

SEVENTY-SIXTH ANNUAL REPORT AND BALANCE SHEET

Report of the Directors of the Bank of British North America Presented to the Proprietors at Their Seventy-Sixth Yearly General Meeting, on Tuesday, March 5th, 1912

The Court of Directors submit the accompanying Balance Sheet to the 30th December last. It will be seen that the profits for the year, including \$83,712.24 brought forward from last account, amount to \$715,829.57, which the Directors propose to distribute as follows: In the payment of a Dividend of 4 1/2 per cent. on the paid-up capital of \$10,000,000, \$450,000.00; In the payment of a Bonus of 5 per cent. on the Staff, about \$20,000.00; Dividend paid October, 1911, \$140,000.00; leaving a balance to be carried forward of \$9,029.57.

The Court of Directors have decided to pay the present and future Dividends and Bonus "less Income Tax" instead of "free of Income Tax" as formerly. This resolution is now generally adopted by all the principal Banks in the United Kingdom. The above Dividend and Bonus will make a distribution of 8 per cent. for the year. The Dividend Warrants will be sent to the Proprietors on the 3rd April next. Since the last Report, 30 June, 1911, a Branch has been opened at Lytton, and Sub-branches at Verdun and Kerdall.

The following appropriations from the Profit and Loss Account have been made for the benefit of the Staff: The Officers' Widows and Orphans Fund, \$6,840.43; The Officers' Pension Fund, \$23,130.44; The Officers' Life Insurance Fund, \$73,533.10; London, 20th February, 1912.

Table with columns for various financial items and their amounts, including Capital, Reserves, and Liabilities.

We have examined the above Balance Sheet with the Books in London, and the Certified Returns from the Branches, and find it to present a true statement of the Bank's affairs as shown by the books and returns.

G. S. NATHAN, N. E. WATERHOUSE, PRICE, WATERHOUSE & CO., Auditors, Chartered Accountants.

speaking of our domestic concerns that I must not exhaust your patience by referring in detail to the many points of interest which naturally occur when reviewing the progress of the Dominion during the past year. I have, however, an interesting task to speak at length-but I must endeavor, quite briefly, to touch some of the matters in finance and industry which appear to me to be of principal importance.

Another change which I propose to introduce is an alteration in the bank's financial year, whereby the year will be extended to the 31st of December. This change will be made up to May 31 and November 30 in each year instead of, as hitherto, June 30 and December 31. It has been suggested to us by our general manager that the routine work of the bank should be carried forward to the 31st of December, and that in addition to the routine work, the special work connected with the balance sheet of the 31st of December should be carried forward to the 31st of January. This change will be made up to May 31 and November 30 in each year instead of, as hitherto, June 30 and December 31.

By Cash and Specie at Bankers and in Hand, \$7,177,236.16; By Cash at Call and Short Notice, 10,677,432.29; By Investments—Exchangeer Bonds—\$210,200, 1915, at cost, 1,263,165.22; Dominion of Canada 3 1/2 per cent Bonds, \$250,000 at par, 1,210,666.67; Other Investments, 116,438.71; By Bills Receivable, Loans on Security, and other Accounts, 49,686,722.78; By Bank Premises, etc., in London, and at the Branches, 1,321,217.37; By Deposit with Dominion Government required by Act of Parliament for Security of general Bank Note Circulation, 197,627.20.

Note.—The latest monthly Returns received from Dawson, Yukon, and Fort George, B. C., are those of the 30th November, 1911, and the figures of those Returns are introduced into this Account. The balance of the transactions for December with those Branches has been carried to a suspense Account, pending the receipt of the December accounts.

Further official information received by the Bank from the Census and Statistics Office at Ottawa states that the field crops of Canada occupied last year a total area of 52,833,000 acres, and the total yield, calculated at the average local prices, amounted to \$55,712,000—a truly remarkable figure. In the autumn, H. Mayne Campbell paid his usual visit to Canada, and we are indebted to him for many valuable reports in the interests of the Bank. I, too, had made arrangements for a visit to Western Canada, but was unable to do so at the last moment prevented by private affairs from leaving home. I now proceed to review the report and accounts adopted.

The Chairman: I now invite any remarks that any shareholders may wish to make respecting the accounts or the report. Mr. T. E. A BIT OF HISTORY. Sandy Macdonald SPECIAL LIQUEUR SCOTCH WHISKY 10 YEARS OLD. HISKY—the liquor distilled from grain and malt, probably originated among the Celtic inhabitants of Scotland, as the name, in fact, is from the Celtic, meaning "Water of Life". It was first known as AQUA VITAE, and used only as a medicine; it was first used as a drink in Scotland in the XVII Century.

Very few whiskies could now be truly known as "water of life" as many of the concoctions sold under the label of Scotch Whisky are positively dangerous to health and life. It is even said that "Made in Germany" should truthfully be the label of millions of gallons of liquor consumed in this country under the name of whisky.

SANDY MACDONALD SCOTCH Whisky stands out in strong relief amongst the many brands offered for sale on the market, as it is medicinally recognized as a pure, clean and invigorating drink of quality, flavor, strength and purity.

McAvity's Messenger

Spring is the great house-cleaning season. It's the time when everyone feels it is absolutely necessary to make everything brighter and newer and cleaner with the liberal use of paint.

Paint is a necessity, not a luxury. Good paint is as fully important as insurance. Paint to the house is what clothing is to the body. Paint makes the house attractive, cheerful and enduring. A periodical investment in paint is judicious economy, because it actually costs less to use good paint than to go without it. In the long run good paint really costs nothing, as it eventually saves more than it costs.

Just look over our list of house improvers, when you are ready to paint anything, whether house, barn, floor, roof, verandah, articles of furniture or what not—let us serve you. We carry everything in the line to renew the appearance of almost anything paintable and shall be pleased to advise you as to the right paint to use.

Hand and Ring Pure Prepared Paints

The materials of these convenient and easily applied paints are mixed in the exact proportions and combined in the right way to make the paint give good service, and the shades are true, permanent and uniform.

If the householder, the farmer, or the mechanic wishes to "touch up" for Spring himself, he cannot procure a more satisfactory liquid paint for inside or outside use than Hand and Ring Pure Prepared Paint.

From the standpoint of economy, ease of spreading, covering power and durability there are few just as good—none any better—and none to equal them at the price.

Furnished in thirty attractive popular shades, put up in easy-to-open cans. We have one uniform price except for Window Blind Green and certain Reds on which there is a moderate advance.

Upon request we will mail you color card showing shades with suitable trimmers kept in stock.

HAND AND RING HOUSE PAINTS

CROWN AND ANCHOR HOUSE, ROOF AND BARN PAINT
A cheap but very durable paint for houses, barns, bridges, roofs, verandahs, etc. None better for the price. Dries in 8 to 12 hours with a fine appearance.

HAND AND RING FLOOR PAINTS
All housekeepers know that floors are the hardest thing to keep in good condition. But put on a coat of Hand and Ring Floor Paint and you will have the brightest looking, the most easily cleaned and the best wearing surface possible to have. They dry overnight with a hard, smooth, glossy surface that will stand foot friction and may be scrubbed or washed without injury.

FLOOR ENAMEL
This Enamel will give a finish to your floor which cannot be obtained in any other way. It dries hard overnight with a mirror gloss, is not affected by washing, never sticks, wears like iron, and is guaranteed a superior Floor Enamel in every respect.

Johnson's Wood Finishes

We carry a very complete stock of these widely advertised and noted Finishes for finishing new or refinishing old wood, furniture and floors in the latest and most artistic way.

By the use of Johnson's Wood Dye and other Johnson's Wood Finishes you can make old furniture look like new, rejuvenate shabby floors, and refinish the woodwork to suit your individual taste. It requires no experience whatever to use any of these wood finishing preparations. Anyone can apply them and produce satisfactory results.

In every home there is something continually getting scratched or worn and that needs attention. Suppose you take an inventory of the things Johnson's Wood Finishes could restore to new life and usefulness—and at slight expense—the marred table and ancient looking chair, desk or bookcase, picture frame—moulding the old refrigerator, the sideboard and what-not.

JOHNSON'S WOOD DYE
For the artistic coloring of all woodwork, furniture and floors, giving the popular shades and effects so much in vogue.
Johnson's Wood Dyes are not a mere stain, but a deep seated dye that penetrates the wood and brings out the beauty of the grain.
Put up in wide mouth jars and supplied in the following shades: Light Oak, Dark Oak, Brown Weathered Oak, Green Weathered Oak, Moss Green, Flemish Oak and Brown Flemish Oak. All shades of Johnson's Wood Dye may be lightened by adding alcohol and darkened by adding Flemish Oak Dye, and two or three shades may be mixed together, in this way any desired effect may be procured.

Size 1 pt. pt. qt. Each 30c. 60c. 85c.
One-half gallon of dye covers 350 square feet upon hardwood and 500 square feet on soft wood.

JOHNSON'S UNDER-LAC
This is a liquid preparation to be applied over Paste Wood Filler or Dye when a higher gloss than a waxed finish is desired. It brightens up old furniture and is particularly good for linoleum and oilcloth, bringing out the pattern to the best advantage and giving a finish as glossy as new.
One gallon is sufficient to cover 500 square feet.

Size 1 pt. pt. qt. Each 25c. 40c. 70c. \$1.35 \$2.80

JOHNSON'S FLOOR FINISH, NO. 1
For floors which receive hard treatment and must be frequently scrubbed with soap and water—such as kitchen, pantry, bathroom, store, office and school-room floors.
It penetrates the wood, preserving it and preventing it from becoming soft and grey under constant action of soap and water. It also prevents dirt and grease from being absorbed by the wood.
One gallon covers 600 square feet.

Quart Cans Each 60c.

JOHNSON'S KLEEN FLOOR
For removing spots, stains, discolorations, watermarks, etc. from all polished floors, stairs and finished surfaces, keeping them in perfect condition.
One-half gallon cleans 350 square feet.

Size 1 pt. pt. qt. Each 50c. 90c.

JOHNSON'S PREPARED WAX
In paste form—for polishing all woodwork, floors and furniture, including pianos. May also be used for polishing leather surfaces, such as hand-bags, leather cushions, shoes, etc.
It will not show scratches and heel-marks and produces a beautiful, artistic polish to which dust and dirt will not adhere. One pound is sufficient for 350 square feet.
In Cans. Price per pound 50c.

JOHNSON'S ELECTRIC SOLVO
A semi-paste preparation for softening paint, varnish, shellac and other finishes from wood, glass, marble or any surface, so that it may be instantly removed. It is quick and effective in its action and entirely free from any offensive odor. Will not injure the hands or the finest fabrics.
One gallon softens 300 square feet of old finish.

Size Cans . . . 1 pt. pt. qt. 1 gal. gal. Each 40c. 60c. \$1.20 \$2.10 \$3.75

JOHNSON'S PASTE WOOD FILLER
For filling the grain and pores of all wood, soft and hard. Where a grain filled effect is desired, the dye is applied directly upon the wood and then the Paste Wood Filler over the dye, after which the finish.

The Filler will set out in paste form should be thinned with benzine or turpentine before being used and applied with a varnish brush.
Furnished in Natural, Golden Oak, Dark Oak and Antwerp Green. One pound fills 40 square feet.
Size Cans 1 lb. 2 lb. Each 18c. 36c.

JOHNSON'S CRACK FILLER
In paste form, for filling cracks and crevices in floors. It is much superior to putty for the purpose, as it will not shrink, crack or come out of place.
A pound is ordinarily sufficient for 30 square feet of flooring.
Size Cans 1 lb. 2 lb. Each 25c. 50c.

PICKERING'S ENGLISH FURNITURE POLISH
This composition is warranted to produce a most brilliant polish with half the usual labor, upon pianos, sideboards, cabinets and all polished furniture, paper mache, japanned and varnished goods, linoleums, oilcloths, etc.
This is not a varnish, but a true polish; will not injure the finest surface and gives a brightness and lustre not attainable with other polishes for a similar purpose.
1/2 pint stone bottles Each 25c.

LIQUID VENEER
If you are not already using Liquid Veneer for dusting and beautifying your furniture, woodwork, piano, metalwork, hardwood floors, gilt, laquer and enamel finished work, by all means buy a bottle and test it. Its wonderful convenience and all round utility will surprise and delight you. The simple method by which it is used is one of its most attractive features. Simply moisten a cheese cloth and use it just as if you were dusting, and dust, scratches, blemishes and shabbiness will vanish like magic.
Size Bottles 4 oz. 12 oz. qt.
Each 25c. 50c. \$1.00

KITCHEN AND HAND SOAP
Being a mineral soap compounded with chemicals, more paint and woodwork can be cleaned with it satisfactorily than with any soap for the same purpose.
It removes tar, pitch, varnish, paint, etc. from the hands, leaving them soft, and white. Also excellent for cleaning steel knives, sinks, tin, iron and granite kettles, etc.
1 lb. Cakes Each 8c.

BON AMI
For cleaning Glass, porcelain, white woodwork, mirrors and general house-cleaning.

Creosote Shingle Stains

The most effective and economical of all outside finishes for Country Houses, Bungalows, Barns, etc. The increased popularity of shingle stains for an exterior finish on the better class of houses is probably due to their contribution to artistic effect quite as much as to their wonderful preservative qualities.
These shingle stains come ready for use and are furnished in 17 brilliant colors.
See color card.
Size Cans 1 gallon
Each \$1.00
One gallon covers 100 square feet, two coats.

MURALO

The Sanitary Wall Coating
Muralo has replaced wall paper in many homes not merely because of the richness of color and its adaptability to color harmonies, but primarily because of its durability, its economy, its ease of application and its sanitary properties. The last is the most important.
Muralo is in dry powder form, scientifically prepared and when mixed with water (full directions on package) it is ready for the walls or ceiling. It is far superior to kalsomine, as it lasts longer, hardens with age, does not chip, peel, rub off or fade, nor does it show laps when dry. It can easily be washed off the walls when re-decorating, but if left on, the new coat can go directly over the old Muralo, saving the expense and mess of removing.

There is nothing better for coating interiors of summer cottages, basements, barns, chicken houses, etc. It is the most sanitary finish on the market and should be used in place of whitewash, because it won't rub off.
Muralo is furnished in eighteen (18) rich, vibrant tints and white. Ask for color card.
Size package 2 1/2 lbs. 5 lb.
Each 40c. 40c.
A five pound package will cover 40 to 50 square yards of average wall surface—two coats.

ROYAL METAL POLISH
This polish works quicker and gives a more brilliant and lasting lustre than any metal polish that we know of. It has no equal for polishing brass, copper, tin, zinc and all kinds of metal.
Especially recommended for use on yachts, motor boats and steamers, as it resists the action of salt water. Extensively used on the C. P. R. and Dominion Government steamers and gives the best of satisfaction.

COLD WATER PASTE POWDER
This paste is in powder form and is used for hanging wall papers, burlaps and will adhere to wood and metal. Paperhangers use large quantities of this paste and find it much cheaper and better than flour or any other paper paste on the market. Just put the powder in a pail, add cold water and stir a few minutes. It is then ready for use.
In papering apply paste on paper and you will find that the paper can be easily moved about on the wall and it will not spot the most delicate papers.
Sold in bulk. Two pounds will make a pail of paste.
Per Pound 8c.

STOVE PIPE ENAMELS AND VARNISHES

Will Pour Passengers and Freight Into

COQUITLAM

The Pacific Coast operating terminus of the Canadian Pacific Railway and coming industrial centre of British Columbia, the largest and richest province of Canada

COQUITLAM IS A DEEP-WATER DEPOT

and the Panama Canal is only a year or two away

Coquitlam is a sub-city of Vancouver—the fastest growing large city in America.

Work has already begun on a hundred thousand dollar roundhouse in Coquitlam. This is the beginning of the most gigantic railway and industrial development that Canada ever saw.

Winnipeg, Regina, Moose Jaw, Saskatoon, Calgary, Edmonton—these and many others are children of the iron horse. During the past few years you have seen these grow from villages or small towns to great cities. The rich country surrounding them had lain dormant for centuries, but not until the toot of the locomotive was heard did they grow or prosper. Those who bought lots in any of these or dozens of other railway cities when they were but struggling hamlets are rich men today in every single case.

Besides being the Pacific terminus of the greatest railway in the world, Coquitlam is a deep fresh-water port on the highway of traffic between Western Canada and Europe via the Panama Canal. It is now conceded that most of the grain from the prairie provinces will go through Pacific coast ports. Do you realize what this means—thousands of tons of freight both going in and out.

All the cities mentioned above and every other city in Western Canada, every town, every village and every farming community will pay

tribute to Coquitlam. The Canadian Pacific's long arms will reach every place and pour out its loads into this new Pacific coast port. If Winnipeg, Regina or Calgary will grow and develop, it means that Coquitlam will grow and develop. Every increase in the population, every new town or city born on the prairies or in British Columbia means but more freight, more industry, more population for Coquitlam. All these things will increase lot values, and the man or boy who makes an investment, however small, in Coquitlam, while property is within his reach, will be on the road to freedom. In a few years he will be independent for life.

We are the sole owners of the recognized townsite of Coquitlam—the place for the man with a small amount for investment, the man working for wages or salary, and who cannot afford to wait years for results, but wants QUICK profits.

Coquitlam is advancing with relentless momentum. The forces which are behind it cannot—will not—be stopped by government or man. COQUITLAM will pull you if you hitch yourself up to it. A small investment will harness you up to Coquitlam. Then you will have the cheapest and best pull in the land—one that does not depend on somebody else's whims.

PILES NOT TAKEN SERIOUSLY

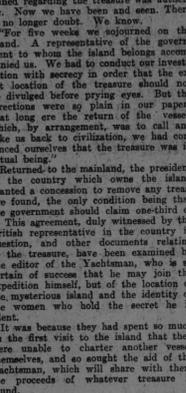

"Annoying, but not dangerous," seems to be the way many think of piles in the early stages. But gradually they become worse, until they prevent sleep, undermine the nervous system and make a wreck of life.

WOMEN ARE AFTER A PIRATE HOARD

Will Start This Month to Recover Treasure They Have Located on an Island

A remarkable expedition is to leave England this month in quest of hidden treasure on an island in the South Pacific. A short time ago a letter appeared in the Yachtman, written by two "Englishmen" asking for the loan of a yacht for the expedition, and now it appears that the "Englishmen" are two women well known in the upper ranks of society, but who are keeping their names secret until they get away.

We Present To You This New Semi-Ready Store

With Every Garment in it of This Season's Style and of This Season's Cloth Patterns

This store is not a protest—it is an exposition of what Semi-Ready Tailoring really means to the man who wants good clothes and who wishes to buy them at the fair price which a good system and a great organization can alone offer.

Retail tailoring is more expensive—consequently it costs more. Here is specialized tailoring—the work of men tailors who have attained to digital skill and perfect workmanship by devoting their whole time to one particular part of a garment.

British offices and warehouses, with resident buyers, are maintained in the centre of the great English woollen district. The best weaves and the latest patterns are bought direct from the mills and hurried over to the big Semi-Ready Tailoring Establishment.

Here the designs are made, and the garment patterns are finished on the physique type system, so that suits can be made to fit any man, and finished to his exact measure in an hour.

Look For the Price Look For the Name Sewn in the Pocket Always the Same

It was not our fault entirely that St. John was the last big city in Canada to have an exclusive Semi-Ready Store. But here it is now, and you'll admit that it is worthy of the pride and progress of St. John city—the all-the-year-round Open Gateway to Canada.
