The Evening Chit-Chat

By RUTH CAMERON

A LETTER came to me the other day suggesting that I make the condemnation of a certain religious faith and an appeal to all loyal Americans to try to out those who hold it, from their positions of power in this country, the subject of one of my talks.

I have tried assiduously to think of any subject which I should be less likely to write upon, but I cannot.

I know of nothing that more thoroughly puzzles and disgusts me than that sort of thing.

Why one man should be unwilling that another man should follow the dictates of his own soul as to what God is and how He should be worshipped—as long as his beliefs do not interfere with his conduct as a citizen—is simply incomprehensible to me.

I was once asked to write for a publication which makes its avowed purpose the blackening of a faith to which millions of my countrymen are devoted. If I were starving and this magazine should offer me a dollar a week to write "I hope—hope—I don't dare to put it any stronger than I can—that I should have the strength of my convictions and should refuse to write the article."

The existence of such a magazine and the existence of the spirit behind it, is a disgrace to this country, founded as it was by men who came here seeking not wealth or power, but simply "free love to worship God."

That a man who believes he has the right idea about God and eternity should want to communicate his great secret to other men seems perfectly natural to me, but that he should grow furiously angry and embittered because other men think they have the right idea about God and eternity seems to me a lot of men to kill and maim and wound each other, thinking by this killing and maiming and wounding to settle a question of right and wrong.

I must confess I respect a genuinely honest atheist or agnostic who lives as close as he can to his ideals and honors other men's faith, more than this kind of a Christian; for, with Tenyson, I believe

"There lives more faith in honest doubt,
Believe me, than in half the creed."

Are you reading this and agreeing with me, and acquitting yourself of any such spirit of unreasoning anger or bitterness?

Is there no sect that you occasionally speak lightly of?

Do you never have the feeling in your heart that your particular division of worshippers are right and all the rest wrong?

Rare, indeed, I fancy is the man or woman who could answer an emphatic "never" to those two questions.

Too many of us, I fear, would have to modify it to "hardly ever."

Perhaps that is inevitable.

Perhaps a certain amount of bigotry is as natural and necessary a part of the human make-up as an instinct of self preservation, and people with it left out are freaks of nature like albinoes, for instance.

I wonder.

But this I am sure of. That however strongly a man may feel that he has the right revelation, if he is a really fine man, he will not speak spitefully of his neighbor's revelation.

"Gin I thoct Papiasty a false thing, which I do," said the gentle Ettrick Shepherd, once on a time, "I waud ne scruple to say sae in such terms as were consistent wi guide manners and wi charity and humility of heart. But I wad call ne man a liar."

Surely that is a sentiment that any true gentleman or woman could subscribe to.

STOPS ITCHING HEALS THE SKIN

And Cures Eczema, Salt Rheum, and All Skin Diseases—These Results You Can Be Sure of When You Use

DR. CHASE'S OINTMENT

Quick and certain are the effects of Dr. Chase's Ointment. Itching is stopped almost as soon as it begins. The sores are cleaned out, and the skin is cooled, and the healing process is soon in action.

Compare these results with the tediousness and uncertainty of internal treatment for itching skin diseases. By all means look after the health of the blood and the system generally, but get rid of the annoying and torturing skin ailment at once by using Dr. Chase's Ointment.

The reputation of Dr. Chase's Ointment has been made by its marvellous success in the cure of eczema and piles. But it is just as effective in the cure of old sores and wounds which have refused ordinary treatments and been given up by doctors.

Dr. Chase's Ointment is prized by mothers as a treatment for the skin troubles of babies, such as chafing, skin irritation, scald head and baby eczema. Its soothing influence stops the itching, and it prevents the development of eczema from these lesser skin troubles.

Mr. Oscar Vanocott, St. Antoine, Sask., writes that Dr. Chase's Ointment cured her boy of eczema when his head was a mass of scabs, and he suffered untold agony from the itching. Dr. Chase's Ointment, 40 cents a box, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

BORDEN TO PLAY BOTH ENDS OF THE GAME

Ottawa, May 31—Hon. Frank Oliver, minister of the interior, will leave for Winnipeg on Sunday night to open a series of public meetings on the reciprocity issue throughout the prairie provinces in advance of the opposition leader, who leaves for the west on June 15.

Mr. Oliver will probably be accompanied by Hon. William Paterson, one of the negotiators of the agreement at Washington. The itinerary has not yet been definitely arranged, but it will include the chief centres of the west, covering most of the points at which Mr. Borden will speak.

To avert attention from his stand on reciprocity, Mr. Borden has prepared an Ottawa platform for the Conservative party. It is prepared with an eye to capturing western votes and will be disclosed at the Winnipeg meeting on June 19.

He proposes government construction, ownership and operation of the Hudson Bay railroad.

Government ownership and operation of the terminal grain elevators.

That the natural resources of Manitoba, Saskatchewan and Alberta, such as timber and water power, should be handed over to the provincial authorities to administer.

That the duty on agricultural implements should be further reduced.

That the British preference should be increased.

As the time approaches for Mr. Borden and his associates to start for the west to denounce reciprocity to the grain growers, apprehension is developing in the minds of the opposition leaders. Word has come to them that their reception is not likely to be as cordial as they hoped.

Mr. Borden fears that he will have a good many more lively experiences of an unpleasant nature at his meetings than Sir Wilfrid had last summer, and measures are being taken to anticipate and prevent them by making promises, which, if intended only for eastern consumption, would never be given.

Nothing is so wearing as an effort to get along with people who grate on your nerves.

BITTEN CHILD DIES

Serum Fails to Save Little Catherine, and Life Ends in Agonies of Hydrophobia
New York, May 31.—After suffering for more than a week all the agonies attending hydrophobia, Catherine Matilda Verne, three years old, is dead at her home, No. 38 Washington avenue, Glendale, Queens. She had been treated at the Pasteur Institute, Manhattan, receiving two injections of serum daily.
The child, who was fond of animals, was lying in front of her home on May 6 last. A fox terrier ran toward her. Taking the animal's advance as friendly, the little girl stooped to caress him, and the dog bit her on the left cheek.
The child ran into her home and told her mother about being bitten. Search was made for the dog, and he was captured. The child ran into her home and told her mother about being bitten. BORDEN CONCEDES LIBERAL SWEEP OF NOVA SCOTIA

Talks Over Wisdom of Helping in the Local Election Fight, And Gives it up as it Means Loss of Prestige With Party
(Special to Times)
Ottawa, June 1.—The Conservatives of Nova Scotia will have to go along with one H. B. Borden in the local election campaign. He has made no plans to go down though it is understood between him and the Conservative leader of that province. The good authority it is stated that the outlook for the Conservatives making any showing in the elections is so poor that Mr. Borden despairs of accomplishing anything by addressing the electors of his native province. He does not want his prestige lowered by his party and will therefore stay away.

His decision to follow this course is reinforced by an absolute conviction that the Liberals will sweep the province. In this connection it is interesting to know that more money than ever is being paid for boots and shoes. One Bond street merchant said that bedroom slippers of silk brocade, trimmed with maroon, are the latest fashion. The effect is quite striking, the shoes gleaming with tones of red and gold mingled.

PAIR OF THESE SHOES WILL COST \$2,500

Latest Extravagance is Footwear Made of the Best Feathers of Humming Birds
London, May 31.—According to a Bond street purveyor of footwear, women's shoes made of the breast feathers of humming birds are the latest form of extravagance. They are valued at \$2,500 a pair, and the creation of a Paris shoemaker and that it takes six months to make a pair. Many humming birds are required to make one pair of shoes, as the tiny breasts must be stitched together to make a cloth of feathers. The effect is quite striking, the shoes gleaming with tones of red and gold mingled.

PLAN TO END OPIUM TRAFFIC IN SEVEN YEARS

Agreement Signed in Peking Means Extinction of the Business—Much Already Done
London, June 1.—The opium agreement, signed in Peking on May 8 by Sir John Jordan for England and the Wai-wu-pu for China, promises the certain extinction of the traffic within seven years. It starts out by recognizing the good faith with which China has endeavored since 1907 to reduce the production of the drug within the empire, and the first covenant is that for the next seven years it shall continue to be greater in 1910, 1913, and 1914. The annual import from India shall cease in the first year of the agreement, and the cultivation of the poppy, the entire export of opium from India shall cease in the second year of the agreement. Great Britain agrees that no opium shall be produced in India to any province in China which has effectively suppressed the cultivation of the poppy. GUTS THEFT OUT OF YOUNG WOMAN'S BRAIN

Skull Operation Reforms California Girl Who Could Not Refrain From Stealing
That the surgeon's scalpel has carved her propensities for stealing from the brain of Jean Thurmer is the belief of Dr. Hubert N. Rowell, Chief of Police Volmer and others at Berkeley, Cal.
Jean Thurmer was operated on in Merritt hospital in Oakland on April 12 following her arrest for the third time in Berkeley on charges of theft. A small part of her skull was removed under the direction of Dr. Rowell. The young woman is firmly convinced that she is permanently cured of her desire to steal.
"Almost immediately after the operation said she 'I felt a great change. It seemed if something had been lifted from my mind. Always since I was a child I was more like a boy. I remember I was different from the other girls. I loved the wild life of the cowboy and wanted to do things the men did. I don't know how the habit of theft took hold of me. I really didn't want to steal, but an irresistible something came over me and then I was sorry. But now I feel altogether different."
Dr. Rowell is extremely hopeful of a complete cure and declares that the results so far have justified all of the efforts in the woman's behalf.
"I feel sure that her future course of conduct will prove to the public that she was a case of disease rather than crime, said he. "A thorough revolution in the young woman's mind has taken place. Even her old acquaintances have noted a radical change in her manner, her tastes and her desires."

SULTAN NEEDS FRENCH TROOPS' PROTECTION

Paris, June 1.—(Canadian Press)—Mouli Hafid, Sultan of Morocco has informed General Monnier, commander of the French column which relieved Fez, ten days ago, that he wants a permanent garrison of 5,000 French troops at the southern capital and another French force of 1,000 men at Mequinez, thirty-four miles from Fez.
Advises from Fez say there can be no question that the departure of the French column from Fez would be a signal for a revolutionary upheaval, and that the Sultan, not one European would remain in the capital.

SAWED OFF HIS OWN LEG Charles A. Siegan, 86 years old, a well-to-do German carpenter, died at the home of his niece at York, Pa., recently. Nine years ago he performed a rare surgical operation upon himself by removing a gangrenous leg, and thereby prolonging his life.

The foot had been affected with gangrene, which spread rapidly through the lower part of the leg. He was advised against an operation because of his advanced age. Mr. Siegan insisted upon having the limb removed. A short time later his niece found a portion of the leg, which he had saved off, hidden in his room. He had crudely bound up the stump which soon healed.

ROMANCE OF A PALACE

Court Restores Boy to His Birthright After Ten Years

Berlin, June 1—Count Josef Kwilecki, aged fourteen, who began life in a palace and continued it in a tumble-down cottage has been restored to the palace by a sentence of the imperial appeal court, which decided that he is the son of the late Countess Kwilecki and not the child of a charwoman employed at a small railway station.

Thus has been brought to an end a case celebre which has occupied the attention of one court after another for ten years.

The Countess Isabell was accused of having passed off as her own child of an Austrian Polish woman named Cecelia Meyer, in order to keep in her husband's family an entailed estate worth \$10,000 a year.

At the instance of another branch of the family, who wanted to inherit the estate, the charwoman, Meyer, claimed the child. The first trial resulted in favor of the Countess; in the second, the charwoman won, and now the court of appeal has reversed that judgment.

This means that whether the boy be the son of the Countess or of the charwoman, he must legally be recognized as the son

Daily Hints For the Cook

STRAWBERRY PUDDING.

Mash one quart of strawberries with one cupful of powdered sugar. Let them stand while you make a syrup of one cupful each of sugar and water. When this has boiled for twenty minutes mix with it one ounce of gelatine dissolved in one half pint of water. Take the syrup from the fire and strain the strawberries through a fine sieve into it. Stand the bowl containing the mixture on ice and whip briskly for five minutes, then add the whipped whites of four eggs and keep beating until it begins to thicken. Mold in cups, turn out when firm, sprinkle with powdered sugar and serve with whipped cream.

IRISH MOSS BLANC MANGE.

One-half cup of Irish moss, one quart of milk, one tablespoon of salt, one teaspoon of vanilla. Soak the moss in cold water fifteen minutes. Pick over, wash, the Irish moss and put into the double boiler with the milk. Boil thirty minutes, or until a few drops of it will thicken when put on a cold plate. Add the salt, strain and flavor. Pour into a cold, wet mold or in small ones or cups, or break off a piece of an eggshell and fill with the blanc mange. Serve with sugar and cream, also with apple or apple jelly, or put half a peach or any crushed fruit in bottom of cup before filling.

FIRST PRESENTATION OF IRON MASTER HERE IS A GREAT SUCCESS

Kirk Brown Company Keenly Enjoyed in One of the Best Productions They Have Staged in St. John

Played for the first time in St. John the Iron Master was presented in the Opera House by the Kirk Brown Company and enjoyed to rank with the best that Mr. Brown has ever staged. It is a story of French life, the aristocracy and the commoner, but the latter overshadowing all by his nobility of character if not of name.

The scenes, save a forest duel plot, are all laid in the homes of the noble and wealthy and naturally the salon meant handsome costumes. The ladies dresses were remarkably beautiful and rich, making entrancing stage pictures, causing unbounded delight to the audience. The magnificent dresses, the artistic groupings and the elaborate stage settings combined in a result that would delight the most critical of stage directors as it did everyone in the audience.

Mr. Brown's productions have always been marked by thought and care and artistic ability in the arrangement of the stage and the costumes. The Iron Master and this characteristic has not been more prominent than in the very successful and thoroughly good presentation of the Iron Master last evening.

The parts were well assigned and all capably taken. The character of the Baron de Beaulieu called for strong emotional work and was very effectively without overstepping, as might easily have resulted were she less capable. Her scene with Miss Kyles, who played well as the girl whom ambition drove along a cruel path to position among the titled, was a very fine response to what were very exacting demands.

Miss de Weale, always pleasing, won new honors in the character of the Baron de Prefont, Miss Foster was dainty and attractive as Suzanne and Miss Maslin assumed well the part of the Marquise de Beaulieu.

Mr. Brown, in the character of Philippe Derbry, had a part which brought out all the strength of his acting ability. His was an even, artistic presentation of the principal male role and was shown to be well supported by Mr. Taylor as Octave, Mr. Chase as the Baron de Prefont, and Mr. Clayton as M. Bachelier while Mr. Franklin gave an all satisfying interpretation of the part of the Duc de Higny. Mr. Fox, in character work was a great favorite as Monsieur Mounlet. Parts of lesser importance were satisfactorily played by James Brown, John Jacobs, Mortimer Sargent and Charles Savage.

The Iron Master, as already said, is in all one of the best productions the company has given. It will be repeated this evening.

MORNING LOCALS

Brigadier Rawling, of Toronto, property secretary of the Salvation Army in Canada, who has been in this city on business connected with the army, returned home last evening.

O. G. Branncombe, wholesale millinery buyer for Manchester Robertson Allison Ltd., left last evening for Quebec where he will be joined by W. L. Robson, retail buyer for the same firm. They will sail on the Empress of Ireland on June 3 for the European markets.

The City Opera Band played an excellent programme at the first concert of the season at Seaside Park last evening. Clarence Power fell through a hole in the pavilion and had his leg injured.

Committees were appointed last evening when the coronation day celebration was discussed. A further meeting will be held on Monday evening.

Fairville Methodist Sunday School last evening elected Superintendent, J. Stout; assistant superintendent, S. A. Worrell; secretary, Walter Cooper; treasurer, B. J. Wood; librarian, Harold Hanson, organist, S. M. Stout.

The death of John Polley, a former resident and native of St. John, occurred on May 12 at his home in Dorchester, Mass. St. Luke's church, Chatham, has extended a call to Rev. R. G. Fulton, of Woodstock, formerly of St. John.

Women's Mission Work

Moncton, N. B., June 1—Encouraging reports were submitted yesterday afternoon at the conference of the N. B. and P. E. Island Women's Missionary Society, by Mrs. W. B. Coulthard, Mrs. Egan, Mrs. Williams, and Miss Stewart, while papers were read by Misses Wiley and Harper. Miss Alcorn, returned Japanese missionary, gave a short address. A reception was held for the visitors in the afternoon by the ladies of Wesley Memorial and Central Methodist churches. A public meeting was held in the evening.

Sober second thought may not show up until the morning after.

ENGOENIA DAY AT NEW BRUNSWICK UNIVERSITY

(Continued from page 1.)

Change is a universal and inexorable law of creation. The golden grain of autumn becomes the waving field of summer; the youth is father to the man. All onward progress through the aeons is accomplished by the preservation and evolution of the race alone. The individual must and does fall by the wayside. The generation of today but hands on a blazing torch to those coming after, and this accomplished, in turn makes way for its successor.

Such being the case, it is strange with what lagging steps we approach the parting of the ways; man the creature of change, longing for permanency. You have with these graduating exercises finished a chapter in your lives--yes, more than a chapter, a volume, and the milestones to which you have been submitted during the past few years will do much to shape the future.

The U. N. E.

You are graduates of a university, small in size and poor in financial resources compared with its larger and more wealthy sisters; but one, nevertheless, in which you may well take pride. The glory of a university consists not in its buildings, though of noble proportions and stately architecture; not in its museums; not in its libraries; but in the greatness of its teachers, its alumni and its students.

This university, the offspring of our ambitious Loyalist ancestors, was founded more than a century ago, and during that long period has been the keystone of the educational structure in this province, and has, by its teaching in very many instances, moulded the character and stimulated the energies of those who in various activities of life have brought credit and renown to themselves, their college and their native land.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds his cow for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands who have been healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither opiates nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

CATHEDRAL THE SCENE
OF A PRETTY WEDDING

Alfred Joseph Marois and Miss Minnie E. McGaffigan Were Married This Morning

In the Cathedral of the Immaculate Conception at 10 o'clock this morning a pretty wedding took place when Miss Minnie Elizabeth McGaffigan, second daughter of Mr. and Mrs. J. McGaffigan, became the bride of Alfred Joseph Marois, of Quebec. The ceremony was performed by Rev. A. W. Meahan, with nuptial mass, in the presence of a large number of relatives and guests and other friends.

The bride, who was given in marriage by her father, was prettily gowned in ivory Duchesse satin, trimmed with old rose lace and wore a bridal veil with orange blossoms. She also carried a shower bouquet of bridal roses, and wore a valuable pendant, an heirloom of the Marois' family. Her sister, Miss Beaulieu McGaffigan, acted as maid of honor and was dressed in pink silk crepe over pink, wearing a large black picture hat, and carrying a bouquet of pink roses.

Mr. Jordan, of Quebec, was to have acted as groomsmen, but owing to unavoidable circumstances he was unable to come, and Dr. H. P. Quinley acted in that capacity. Dr. Thos. H. Lannay and Edward Scully were ushers.

After the wedding a brilliant reception was held at the home of the bride's parents, 188 Princess street, at which there was a large gathering. The rooms were beautifully decorated with pink and white flowers and potted ferns. A honeymoon trip to Mexico will follow, and Mr. and Mrs. Marois, on its completion, will go to LaNormandie, Quebec, where they will reside. The groom presented to his bride a handsome pearl pendant, to the maid of honor a valuable pearl pin, while the ushers and the groomsmen received dainty pearl scarf pins as remembrances.

LEAVES FOR THE WEST
TONIGHT WITH BRIDE

Lawrence M. Cochrane Comes Home From Calgary to Wed Miss H. Y. Armstrong

After having been in the west for the last four years, Lawrence M. Cochrane, formerly of North End, where his parents, Mr. and Mrs. Robert J. Cochrane reside in Main street, came back to his native city this week, and when he leaves this evening on his return trip to Calgary he will be accompanied by a popular young lady of St. John, Miss Harriette Y. Armstrong, who became his bride at 3.30 this afternoon in St. Stephen's church.

Rev. Gordon Dickie officiated at the wedding in the presence of quite a gathering of relatives and friends. The bride's father, James G. Armstrong, gave her in marriage, and she was daintily costumed in a traveling suit of tan broadcloth with a hat to correspond. Pink roses and lily of the valley composed her shower bouquet. Her sister, Miss Janet Armstrong, was her bridesmaid and she wore becomingly a gown of white silk muslin over yellow, and a white picture hat, and carried a shower bouquet of cream roses.

Gordon Tufts acted as best man, while the duties of ushers were sustained by George Gambin and D. McArthur, Jr.

A tempting wedding luncheon was served at the home of the bride in St. James street, following the ceremony, and this evening Mr. and Mrs. Cochrane will leave for their future residence in Calgary, where the groom is sales manager for the Northern Electric Co. They will go via Detroit, Chicago and Minneapolis, and will also visit Banff before reaching Calgary.

The remembrances received were numerous, valuable and handsome. The groom received from his fellow employees in Calgary a costly silver fruit dish and from the chief office in Montreal, a dozen beautifully handled desert knives and forks. His present to his bride was a pearl and amethyst necklace, to the bridesmaid a pearl ring, while the groomsmen and ushers were remembered with gold scarf pins.

GRIMEAN VETERAN DEAD

Thos. Phippen Was for Thirty Years Sexton of St. Andrew's Church

Thos. Phippen, a veteran of the Crimean War, died yesterday in the General Public Hospital where he had been since Friday. He had been in poor health for some time.

He was a man of fine, soldierly bearing who would be picked out in the street as one who had served under the colors. He enjoyed a small pension from the British government in recognition of his services in days when nations were at war.

For more than thirty years Mr. Phippen had been sexton of St. Andrew's Presbyterian church here, but resigned about two years ago. Mr. Phippen's wife died three years ago. He leaves three sons—Milton, of J. & A. McMillan's and Herbert, an engineer, also in St. John; and John, of Boston. The funeral will be held at 2.30 o'clock on Friday afternoon from the residence of his son, 46 Broad street.
