THREE CHURCHES HOLD LAST MEETINGS

PRESBYTERIANS, METHODISTS AND CONGREGATIONALISTS IN LAST TORONTO SESSIONS

Non-Concurrents Also Holding Congress Before Meeting to Organize Continuing Presbyterian Church in Canada

UNIONISTS SIGN ROLL TOMORROW

Speakers For Continuing Presbyterian Church Cheered as Reasons For Move Are Explained—Congregational Report Shows Increase in Membership and Property

TORONTO, June 9.—On the eve of the consummation of their organic union, Presbyterians, Methodists and Congregationalists are meeting in Toronto today, in their last separate gatherings. At the same time, anti-unionist Presbyterians are holding a congress before they meet to organize what is called the Continuing Presbyterian Church.

The General Assembly of the Presbyterian church, as at present constituted, is expected to conclude this afternoon.

Tomorrow the unionist commissioners will sign the roll of the United Church and their non-concurrent brethren go to St. Andrew's to form the nucleus of the continuing denomination.

Every province is represented at a conference of Methodists here this morning and afternoon, in preparation for union. The history of union will be sketched and the contribution which Canadian Methodism is making to it will be emphasized.

The Congregational Union of Canada will complete their last annual meeting and make final arrangements for their part in tomorrow's historic ceremonies.

Non-Concurrents

TORONTO, June 9.—The congress preceding the assembly of the Continuing Presbyterian Church, opened last night with a meeting which more than filled St. Andrew's church. Hundreds could not gain admission to the church which holds nearly 2,000. Every province in the Dominion was represented.

Rev. Dr. D. J. Fraser, of Montreal, Presbyterian College, and Rev. David Perris, of Windsor, Ont., were two of the speakers of the evening, and set forth the reasons for the continuing of the Presbyterian church and the aims and doctrines which it would continue to teach in Canada. Both addresses were often applauded, and some times cheered.

ASSAULTS LEGISLATION

Principal Fraser said: "There is no doubt that the Presbyterian Church will continue in Canada strong and virile financially, numerically, socially, and let us hope, spiritually."

Dr. Fraser said that the legislation passed at the request of the Unionists, was an attempt to get by legal right that they could not have got morally or by assualt.

Dr. Fraser declared that the spiritual note must be emphasized.

DR. PERRIS

Dr. Perris said that Canada was now at the end of unseemly struggle and has passed through a state which could scarcely be considered possible in a Christian country.

He said, had sore hearts. Many people, in his opinion, have been hurt by the injustices heaped upon them, and from many came stories of clerical interferences and domination. However, the storm through which the church had passed, would make for stronger resolution, and a quickening of the spiritual life.

MARITIME REPORTS

Rev. Wm. Orr Mulligan reported for Prince Edward Island, stating that the continuing church had a majority of 250 in the total vote there. They had carried 12 churches and had organized three new churches. The churches voting continuance were the strongest in the province.

Mr. Mulligan said the Unionists had tried to "steam roller" Presbyterians in Prince Edward Island. Ernest McKay of Fredericton, reporting on New Brunswick, said that the vote was to be taken in that province on the church lists of June 1925. Mr. McKay accused the Unionists of "packing" their membership lists simply to get votes for union.

Congregational

TORONTO, June 9.—The congregational union of Canada, which includes the former congregational unions of Ontario and Quebec, and of Nova Scotia and New Brunswick, which opened its nineteenth and final annual meeting in Bond street church yesterday, continues today.

Exactly what the Congregationalists will bring to the union church was explained by Rev. W. J. D. Gibson, the statistical secretary of the union.

PROPERTY INCREASE

In Quebec there had been an increase in the value of church property of \$30,000, and an increase in membership, also. In Nova Scotia and New Brunswick church property had increased by \$20,000, and now stood at \$65,450. There was not a dollar of debt against the property.

SILENCE FOR ONE MINUTE IN HEROES' HONOR

Committee Announces Programme For King Square Ceremony

CALL TO PUBLIC

All There Asked to Join in Respectful Tribute to Soldier Dead

THE OFFICIAL PROGRAMME for the unveiling of the soldier memorial in King Square was announced today. The ceremony will take place at 7:30 o'clock tomorrow evening, and it was said this morning that the unveiling would take place no matter what the weather might be.

SCHEME OF DESIGN

When the design for competition Mr. Howell described it in these words: "The general scheme of the design is to symbolize the triumph of victory through sacrifice and this is depicted by means of a winged bronze figure of Victory, holding in her left hand a globe and in her right hand a cross. Standing on a globe she thus suggests the universal victory for which the men died. The figure stands on a granite pedestal of simple dignity. The height from the ground to the top of the cross is about 35 feet, the figure itself being about 9 feet in height."

ORDER OF EXERCISES

The programme is as follows:—The monument will be unveiled. Four sentries, one at each corner will be placed, resting on their arms reversed. 7:30—Arrival of Major General The Hon. A. H. Macdonell, C.M.G., D.S.O. Salute by guard of honor, and inspection.

Continued on Page 2, column 1.

FOUND CONDITIONS WERE NOT VERY GOOD

W. S. Allison, Home From Overseas, Speaks of Reports in England.

William S. Allison, of Manchester Robertson Allison, Ltd., arrived home yesterday after a two months trip to England and the continent. He was accompanied on the trip by Mrs. Allison, who will remain in England for about a month longer.

Speaking of business conditions Mr. Allison said that as he traveled for pleasure he had not come in close touch with these matters but from what he had heard they were not too good, particularly in the ship building towns. He spoke of one place where they had yards capable of building 87 ships and there was only one in the stocks.

In the lines carried by his firm things were better and many of the factories were running full time but the feeling in general was that conditions were none too good.

Some time was spent by Mr. and Mrs. Allison in visiting several of the war cemeteries in France and Belgium and in southern France and Italy. P. W. Thomson also returned yesterday from England.

HOUSE DESTROYED

John E. Stackhouse's Residence Back of Bloomfield Burned in Early Morning.

A fire of unknown cause occurred about 2:30 o'clock Tuesday morning burning two and three miles back of Bloomfield in the dwelling of John E. Stackhouse. The house was destroyed with nearly all its contents, the occupants barely escaping with their lives and with very little clothing.

Much sympathy is felt for the family who have thus seen the accumulation of many years so quickly swept away. The small amount of insurance, \$600 would probably not cover one sixth of the loss.

# APPOINTMENT IS DEFERRED TILL AUGUST

School Board Will Not Name  
Truant Officer Till  
Then

## VOCATIONAL BOARD PLACE IS FILLED

John MacKinnon Named—  
Teacher Resigns After  
41 Years.

The Board of School Trustees last night decided not to fill the vacant position of truant officer until the August meeting; expressed sympathy with Mrs. J. Boyd McMann in the death of her husband and ordered a letter expressing appreciation of many years of faithful service to be sent to Miss A. B. L. Allen, who tendered her resignation after teaching for 41 years in the city schools. Coal and wood tenders were opened and contracts awarded and John MacKinnon was elected to the vocational committee as the representative of labor.

Mr. H. A. McKeown, chairman of the Board of Railway Commissioners, in a letter extended congratulations to the board on having solved the question of the location of the vocational school so satisfactorily. Mr. McKeown had seen the site when in the city recently. He did not believe the city would ever regret having undertaken this project and believed the present business depression was only temporary and that in time the board's action would be applauded on all sides.

Dr. L. M. Curren, M. L. A., chairman, president. Others present were Trustees H. A. Porter, G. Herbert Green, S. W. Palmer, H. Coby Smith, E. R. W. Ingraham, Thomas Nagle, Allan A. McIntyre, Michael Coll, S. A. Worrell, acting superintendent of schools and A. Gordon Leavitt, secretary.

### PERMANENT STAFF WAS REFERRED TO THE TEACHERS' COMMITTEE.

Miss Bessie G. Thompson thanked the board for leave of absence. Leave of absence was granted Miss D. M. Folkins for one term. Miss M. J. Lawlor's request for leave of absence for the last few days of the present term was granted without pay.

### OPPORTUNITY CLASSES.

Word was received that the Board of Education and the Department of Health would be willing to co-operate in the initial course of training of teachers of opportunity classes but it was not definitely stated whether these bodies would give assistance in an extension course of training.

As George P. Hennessey, Labor representative on the Saint John Vocational Committee, had resigned from that position the Trades and Labor Council had nominated John MacKinnon to fill the vacancy. As Mr. MacKinnon is a resident of Fairville, although business agent of the Longshoremen's Union, having an office in the city, it was thought he was not eligible. The Trades and Labor Council named as an alternative James T. Sharp of West Saint John. The vocational act provides that residents outside the district which has a vocational school can apply for admission as pupils in that school, and on motion Mr. MacKinnon was appointed to the vacancy.

### SECRETARY'S REPORT.

The secretary's report gave statistics as follows: Pupils belonging, boys, 4,022; girls, 4,287; total, 8,309, of whom 92.8 per cent were in average daily attendance; teachers' visits, 220; pupils enrolled but not belonging, 595, accounted for as follows: Sick, 6; sick, 100; at work, 68; left city, 241; transferred, 78; kept at home, 107. The Board of Health reported five cases of scarlet fever and one of chicken pox.

The finance committee reported on the re-investment of sinking fund which

THE WAR MEMORIAL.

Arrangements are now complete for the unveiling of the fine War Memorial in King Square to-morrow evening. The Memorial, since it was erected, has been examined by thousands of citizens, and they must have felt that they could congratulate the committee upon the selection.

WHY IS IT NOT USED?

The charge that the National Transcontinental is not being used for the purposes for which it was built, and that it is deliberately and fatally handicapped by high rates, particularly on wheat and cattle from the West, is sharply renewed by the Manitoba Free Press as a result of the recent debate in Parliament over a loan of \$5,000,000 to the Quebec Harbor Commission.

wheat to Quebec by the Transcontinental practically ceased, and cattle shipments fell off. Hon. Mr. Lapointe, in the course of his speech, referred to a meeting of the Railway Commission in 1921, when the question of these rates was taken up by the Quebec Board of Trade.

N. S. LUMBER KING GETS NOMINATION

F. J. D. Barnjum Conservative Candidate in N.S.—Liberals in Queens and Pictou Select. HALIFAX, June 8.—Frank J. D. Barnjum, Nova Scotia's "lumber king" and forest conservation advocate, and W. Laurie Hall, K.C., former leader of the Conservative Party in Nova Scotia, were selected at a Conservative convention held today to contest Queens county in the general provincial elections on June 25.

Writing on the inconsistency of the laborer's hire brought about by the trends of modern taste, Arthur Little in the Atlantic Monthly says: "It is incomparably more profitable to draw the Gumps for a comic supplement than to write the 'Origin of Species.' There is more money in chewing gum than in relativity. Lobsters and limousines are acquired far more rapidly by the alms thrower of custard pies in a moving picture studio than by the no less skillful demonstrator of the projection of electrons. The gate receipts of an international prize fight would support a university faculty for a year."

LIBERALS NOMINATE

HALIFAX, June 8.—Liberals held conventions in two counties today—Queens and Pictou—to select candidates for the elections to be held June 25. In Queens the two present members were chosen, Dr. J. W. Smith and George S. McClearn, Liverpool. Mr. McClearn was first elected in 1920 while Dr. Smith has been a member continuously since 1911.

PROBLEMS OF CANADA TOLD IN ST. STEPHEN

Large Gathering of Rotarians and Others Hear A. M. Belding

GOVERNOR PRAISES MISSION TO WEST

Urges Development of True National Spirit—Lauds Rotary Club

ST. STEPHEN, June 8.—About 135 St. Stephen and Milltown Rotarians and other citizens tonight heard and heartily applauded an address by A. M. Belding, of Canada, through the Canadian Problems with special reference to the Maritimes.

Mayor DeWolfe, of St. Stephen, said he regarded the sending of Mr. Belding through Canada by the Telegraph-Journal and Times-Star as the greatest thing that had ever been done for the Maritime Provinces, and those papers deserved the highest credit.

At the head of the table were Lieutenant-Governor W. F. Todd was first introduced and spoke in high terms of the mission of Mr. Belding across Canada and the good results already apparent.

Major McLaughlin, of Milltown, expressed similar sentiments and joined in welcoming the guests of the evening. At the head of the table were Lieutenant-Governor Todd, Mayor DeWolfe, Mayor Laughtin, and U. S. Consul Chilton.

Perfect Attendance Record

Miss Vallie Griffith

Does any business man want to employ a girl who for the last 11 years has been on her job every day, doing her work better than the average and not late a single morning in all that time?

Soon she will be looking for a job and with her record she ought to have a heavy task taking her pick from a flood of offers.

She is Miss Vallie Griffith, 16, a senior in the Burlington High School and one of the Burlington pupils in the United States.

For the entire 11 years of her school career, approximately 2,000 consecutive days, she has a perfect attendance record.

Her grades have been higher than the average of her class. And she is a "regular" sort of girl, not a model nor a prodigy. She likes fun and parties and is a member of the girls' track and basketball teams.

Luck plus interest are Miss Griffith's formula for record making.

"It was luck that sickness did not keep me away," she says. "I had whooping cough and mumps before I started to school. I missed measles, scarlet fever and the other children's ailments. Then I liked to go to school, so that I was not imagining head-

aches, toothaches, tummyaches and the other excuses by which one may stay home.

"If a pupil is interested, a good record usually is the result, I believe. In many cases, failure of the people at home to encourage the pupils is the cause of indifference."

Miss Griffith was five years old when she formed the habit of getting up promptly in the morning when getting-up time arrived.

"I got used to it, and never knew anything else," she remarks.

There is nothing of the recluse in this champion schoolgirl. She likes company. When she started in the first grade, the teacher gave her a single desk. Although other children were seated all around her, she recalls that she "enjoyed" her lone seat. When she was moved into a double desk, school became a more cheerful place.

SILVER WEDDING

Happy Celebration at Home of Mr. and Mrs. Edward L. Hart, Newton.

The home of Mr. and Mrs. Edward L. Hart, Newton, Kings county, was the scene of a pleasant social event which served to celebrate their twenty-fifth wedding anniversary, Sunday, May 31.

A pleasant afternoon was spent in sacred music, vocal and instrumental. The company was particularly charming by the performance of George Piers, formerly of Nova Scotia, now of The Telegraph-Journal staff, Saint John, who showed professional skill on the violin.

Present were: Mr. and Mrs. Reid and family, Upham Station; Messrs. Gordon and Wilfred McGarrigle, accompanied by Cecil Hart, Waterford; Mr. Hedley Schofield, Misses Clara and Edna Schofield, Sussex; Miss Elizabeth Morton, teacher at Newton; Miss Florence Parlee, teacher at Mace district; Miss Nettie Smith, teacher at White's Mountain; and Miss Marguerite Henderson, Silas Schofield and George Maxen, all of Newton.

The parlors and dining room were prettily decorated by the school teachers. Dinner and supper were served. Those who assisted in the serving were

Weddings

Kennedy-Garnett

A pretty wedding took place this morning at 6 o'clock at St. Peter's church when Miss Dorothy Garnett became the bride of Patrick Kennedy. The ceremony was officiated by Rev. James Woods, C. S. S. R. The bride, who was gowned in blue broadcloth dress, with pink furs and blue picture hat, was given away by her uncle, Arthur Garnett. She was attended by Miss Helen Williams, who wore a blue silk dress with blue hat, and the groom was escorted by Rev. Canon Little. Miss Dorothy Devenne was flower girl. She was dressed in white organdie and carried a basket of apple blossoms. After the ceremony a dainty wedding breakfast was served at the home of the bride's aunt, Mrs. Arthur Garnett, Sydney street.

Stohart-McAlpine

The marriage of Mrs. Nita McAlpine to James J. Stohart, both of this city, was solemnized by Rev. Canon Ralph A. Sherman, of Toronto, formerly of Saint John, on Saturday, June 6, at Holy Trinity church, of which Canon Sherman is rector. Mr. and Mrs. Stohart will reside in Saint John.

NEURALGIA? GET A DOCTOR NEURALGIA of the face may be attributed to many different causes. Some of these are abraded teeth, eye strain, diseased conditions of the nose or adjacent cavities. It is aggravated by constipation and other causes which impair the general health and increase nervous irritability. It is accompanied by much pain; tearing, boring pains on one side of the face, nausea, twitching of the muscles of the face, and shooting pains, which radiate from different points, at the front of the nose, the eye, forehead, ear and behind the ear. Hot poultices or hot cloths applied to the face afford some relief. A more definite relief, however, is obtained by the injection of alcohol into the nerve trunk or its vicinity. This calls for the services of a physician. Frequently the disease returns.

Adventures of the Twins

By OLIVE ROBERTS BARTON. THE JACKAW BIRD ARRIVES.

"Hello! Is this Doctor Bill's hospital?" called a bird with a croaky voice. Nancy threw open the door and looked out. "Yes, it is," she called. "Who is it and where are you from?" "A dark little bird, not as black as a crow nor so big, flew down from a tree and limped over. "It's me and I came from home," he croaked hoarsely. Nancy laughed. "Now I know all about you," she said kindly. "Come on in and see Doctor Bill. You seem to be hurt. She poked him up on her finger and carried him inside. "Hello, here!" cried Doctor Bill when he saw the visitor. "It isn't Johnny Jackdaw. What has happened to you, Johnny? Been stealing again? You are as bad as your cousin, Mike Magpie! What was it this time? A diamond necklace?" "If you'll just fix my toenail first," said Johnny Jackdaw. "I'll tell you all about it." And he stuck out his foot, which the little doctor man examined carefully. "Why the nail is gone!" he exclaimed. "How did that happen?"

The little bird shivered. "I can't bear to think of it," he said. "It was awful. But I learned a good lesson and I'll never steal anything again as long as I live. "Aha! I thought so," said Doctor Bill. "But there! I must fix up your poor sore foot, and you can tell me about it afterwards. Stealing is bad business, sir." Nancy held the bandages and Nick held the salve, while the bird doctor fixed Johnny Jackdaw's sore foot. Johnny said "Ouch!" about six times, but by and by it was over, and he said it felt as good as new, his foot did, and he would be careful and keep the bandage clean and dry and everything. "That's two promises you have made today," Doctor Bill reminded him. "I hope you will keep both. But let us hear why you aren't going to steal any more and about the lesson you have learned." "All right," said Johnny Jackdaw. "Here goes: "One day I was playing around with some of my friends in an old tree in the woods, when suddenly I looked down on the ground and saw something shining. "Just a certain way I looked at it, it would shine. If I moved my head an inch the shine would go away. I had to sit right in one particular spot and look a certain way down among the dead leaves on the ground to see the shiny thing at all. "I looked around at my companions to see if they had noticed anything. But not one of them had seen a thing. I could tell by the way they acted. Jackdaws talk a lot and if they had seen anything glittering they would have shouted about it at once. They are like magpies—just as you say, Doctor Bill. No sense at all!" "What did you do?" asked the Twins who hated to wait so long to hear a story. "I had a brilliant idea," said Johnny Jackdaw. "I decided to wait until nearly sundown when the other birds were thinking of going to bed, then slip back and investigate and see what the shiny thing was and keep it for myself."

Southern Philosophy

You can't purify de tenant by paintin' de house. Some people impart information very much as a porcupine sheds his quills. If yo' wife ain't a good cooey tell her so; if she ain't talk about de weather, Don't depend on de world to gib you an epitaph; write yo' own while you're livin'. Ain't waste no time disputin' 'bout de hereafter; it's de heres dat bothers ma. If you can't say a good word for yo' neighbor, don't stay in de neighborhood. Hits de man wid de narrow mind dat's generally most anxious to gib away a piece of it. Knowin' when to quit is a mighty good thing, but knowin' when not to stahst somethin' is still better. Don't complain if de worl' don't suit you; de chances are de worl' don't suit de worl', but it has to stand it.—Boston Transcript.

Cooking School Recipes

On Thursday, at the cooking school, at the N. B. Power Co. headquarters, Miss Mason gave out the following recipes:

Orange and Lemon Marmalade—Four cups prepared pulp and skins, 7/8 cups sugar, 1/2 bottle Certo (1/2 cup).

Boil 4 medium-sized oranges and 2 lemons in water in covered kettle, 1 1/2 hour, to make skins tender. Then place fruit in cold water until cool enough to handle. Cut fruit in half on a plate or bread-board, and scoop out all the pulp, seeds and white part with tablespoon. Add four cups of water to pulp and boil for five minutes with constant stirring. Then rub pulp through colander to remove seeds and course fiber. Shred orange and lemon skins with sharp knife or scissors so that shreds are not more than one inch long. Add shreds to sieved pulp and measure four level cups into kettle, adding water if necessary to fill fourth cup. Add sugar and mix. Stir constantly before and while boiling, and boil for five minutes. Remove from

fire and stir in Certo. Pour and seal hot.

Grape Jelly—Four cups bottled grape juice, 7/8 level cups (3/4 lbs.) sugar, 1 bottle (scant cup) Certo. Measure sugar and juice (or juice and water) into saucepan, stir and bring to a boil. Stir in Certo and bring again to a full boil for one minute. Stir in Certo and bring again to a full boil for one minute. Let stand one minute, skim and pour quickly.

Pineapple Jam—Four level cups canned pineapple, 7/8 cups (3/4 lbs.) sugar, 1 bottle (scant cup) Certo. Use sliced or grated pineapple. If sliced pineapple is used, put through food chopper and chop fine. Mix the juice and chopped pineapple and measure four cups into large pan. If necessary add water to fill fourth cup. Add sugar, mix and bring to a vigorous boil, stirring constantly. Boil hard 10 minutes. Remove from fire and stir in Certo. Skim and pour quickly.

Waiting

Just six hours before she was to have been married Miss Sara Arena, Oakland (Calif.) society girl, learned that the groom, William T. Vellough, had eloped to Mexico with a girl he had met ten days before. She received this news while holding a final rehearsal for the wedding with the bridesmaids. The church had been decorated, the trousseau was ready and a home had been built.

BIG CROWD SEES SLAIN GIRL BURIED

Greater crowds turned out to pay respect to the memory of Florence Kane, slain by a degenerate lard, than have honored many men of high estate. The thousands who could not enter the church where the last rites were held, lined the streets as the procession moved through Brooklyn, N. Y.

THE BULL'S TURN

Not always does the bull politely come to the matador to be killed with a quick thrust to the heart. Sometimes he catches his opponent off guard as in this picture from Madrid, and the matador is caught on the horns of the bull.

RISES FROM RUIN IN FEW MONTHS

Picture of the rebuilt Chateau Lake Louise which was destroyed by fire shortly after the close of the season last fall. The reconstruction of this palatial hotel was rushed through to completion under almost incredible difficulties. The concrete foundations were put in when the temperature was at times 50 degrees below zero. The construction works were surrounded by wooden walls which were steam-heated to overcome the intense cold. Despite these obstacles the building was completed in time for the opening of the present season on June 1. Lake Louise is one of the gems of the Rockies and the hotel stands on the edge of it. In the immediate background are the snowcapped summits of some of the most notable peaks in the Canadian Rockies.

A RARE ONE

INVESTIGATORS RETURN FROM SPITZBERGEN

Think Polar Adventurer is Tramping Ice Towards Cope Columbia

EXPRESS CONFIDENCE PLANES NOT WRECKED

Greenland's Governor Has Like Opinion, but Believes Mishap Has Occurred

OSLO, June 9—Meteorologists and representatives of airplane works who were in Spitzbergen in connection with the Amundsen polar venture returned to Bergen yesterday. They do not believe the Amundsen planes were wrecked in landing. They are confident Amundsen made no attempt to fly back to Spitzbergen, but are tramping about the Polar ice fields to Cape Columbia.

This summer a fleet of 30 Norwegian fishing vessels, with aggregate crews of about 1,000 men, is scattered along the west coast of Greenland. Captain Karl Bengtson of Bergen, an old-liner in trapping and prospecting in the Arctic, will establish depots at different points in case Amundsen has abandoned his planes and drifts in this direction with the fast-moving stream and should land there.

COPENHAGEN, June 9—The best chance of finding Captain Amundsen and his companion polar fliers is at Cape Columbia, West Greenland, where the expedition under Donald MacMillan is going in the opinion of J. Daugard Jensen, Governor of Greenland.

"I believe Amundsen is en route there, as he has not returned to Spitzbergen," said M. Jensen today. "Some mishap has occurred, doubtless, to the airplanes, or in trying to reach the pole he used so much petrol that he was unable to return to his starting place, and therefore flew as far as possible toward Cape Columbia, which is nearer (the pole) by a third than Spitzbergen."

"Depots were laid out by Gottfried Hansen at Cape Columbia, Richard Sound and Fort Conger. They will probably be Amundsen's salvation. This is one more proof of his foresight," said M. Jensen.

PICNIC KING TELLS OF FIRST EFFORT TO SPREAD PLEASURE

Story of J. D. O'Connell's Early Days in Kings County Recounted in New York—Article Says He Means to Make Kiddies of Continent Heirs.

Reference made in Thursday's Times Star to an article in the New York Times on J. D. O'Connell and his picnics for children. It was written by Van Buren Thorne, a former New Brunswick, now of the New York Times. It is as follows:

The "Picnic King" of the North American Continent and adjacent islands, perennial host to tens of thousands of children who adore him, passed through New York the other day on a long jump from a picnic given in Jacksonville, Fla., to initiate his summer series in the Maritime Provinces of Canada. He is James D. O'Connell.

Half a century ago, Jimmy O'Connell was a farm boy in a Canadian parish where farms are stubborn and crops are meagre. Today he is a stout, keen-eyed, alert, jovial business man. He is modestly willing to talk about his hobby, which is perhaps the strangest of philanthropies in this land of wide and generous giving.

"What ever started you at it?" Mr. O'Connell was asked. "Some one in Cuba asked me that," he replied, "and I told him that I was tired of working."

But this man, who is 65 years old and would easily pass for 50, does the work of a dozen men the year around. He gives free picnics to orphaned and poor children, and in the places dearest to his heart, to the children and grandchildren of his former neighbors and old-time friends. He has endowed fifty incorporated municipalities so that the picnics can be held annually forever, and his ambition is to complete the details of fifty more such enterprises before strength and ambition fail him. The perpetuation of these joy-giving summer outings has involved the expenditure of from \$5,000 to \$15,000 each. It is no secret that Mr. O'Connell is well able to finance fifty more picnic associations.

A TRAGEDY OF BOYHOOD. On a summer morning 62 years ago a tanned, toll-stained lad of 12 was plodding about his tasks on a hard-bitten farm in the hinterland of the village of Havelock, Kings county, New Brunswick, Canada. His father and his numerous brothers were similarly engaged. Word came that the local junkman was in the neighborhood.

The 12-year-old developed sudden activity. An idea had just popped into his head. He would earn some money for the first time in his life. Quickly he gathered broken stove lids and pots, old horseshoes, worn-out plow shares, and the accumulated scraps of metal that every farm knows. From time to time he "huffed" his treasure until he thought he had gathered 10 cents worth. It was notorious "down the ridge" that old John Mac, the junkman with the crafty eyes, gave 20 or 25 cents a hundredweight for old iron and sold it in Sussex or Saint John for 50 cents.

Presently old Mac appeared, appraised the breathless, wide-eyed boy's offering, and suspended it from a hook of his rusty steelyard. The bar trembled and there was evidence that it would come to rest at a point indicating a weight of metal of the value of 9 cents on the spot. But the junk dealer gave it the impetus of a crafty jiggle, which brought it down to 8 cents plus. Old Mac tendered 8 copper cents to the indignant boy. He had deliberately cheated him out of one cent.

The boy had eight cents. He put four cents into a wooden box on the side of which he printed the magic word "bank." Then his great idea developed. An elder brother was on the point of starting for Havelock. "John," said the boy, "take this and buy me four cents worth of candy."

FIRST PICNIC. John pocketed the coins and drove off. The boy called to a sister: "Ellen, I'm going to give a big treat—a picnic! Get busy and call all the boys and girls you can find. We'll have to pick a lot of strawberries, and you'll see what I'm going to give when John comes back from the store."

Eighteen girls and boys from neighboring farms assembled beneath the trees and waited for John's return. Along in the afternoon John drove back and began to toss out parcels and bundles to the younger lad. The littest parcel of all was a small crumpled paper bag.

"But where's the candy? I don't see any." "There it is in your hand." The little fellow gazed dumbly at the small paper bag. He had thought that four cents would buy enough candy to fill the half-bushel measure in the barn, enough to feed all the children on the Lower Ridge, the Millstream and the Creek Road. Slowly he opened the bag and revealed—eight gumpods!

Schools Open On August 27

THE city schools will close for the summer vacation on June 30 and will re-open for the fall term on August 27. It has been the custom to have the city schools re-open after Labor Day but this year as Labor Day comes so late in September it was decided by the School Board that the city schools should conform to the date of re-opening for the schools in the province generally. The late date of opening for the city schools was advised to because it was found difficult to get all of the pupils present for the first day of school if they opened before Labor Day. Those families which went to the country for the summer it was found did not return to the city until Labor Day.

Jailed For Refusal To Talk; Still Silent

LISBON, Portugal, June 9—Ivan Gieuchusa, a Roumanian, has been in jail here five years. His only crime, if crime it is, is refusal to talk. He was a sailor who left his ship here. He was arrested for vagrancy. He refused to answer the judge and was jailed. For four years he kept silent and refused to leave jail when offered liberty. Police finally gave him a job as cook's helper. He has held the job, but refused wages.

Business

His business interests today are large. He owns a 3,000-acre sugar plantation in the Province of Camaguey, Cuba, the output of which is expected to be 10,000 tons of raw sugar this year. The town of Hatury there is being built by him; it will be the third town established under his direction. He has large holdings in Seattle and owns much property in Sussex, the beautiful village near his birthplace.

Mr. O'Connell turned over his business to his agents long ago, and for the last 20 years has devoted his time to charity. He is both a summer picnic king and a winter Santa Claus. He actually gives away about \$200,000 a year.

He intends to leave his fortune to carry on his pet philanthropy. His wife died 18 years ago, and he has no children. His brothers and sisters are prosperous. The poor kiddies of the continent will be his heirs.

Now in Saint John

Mr. O'Connell arrived in Saint John yesterday, from giving a picnic in Bangor on last Saturday. Mr. O'Connell, when seen yesterday at the Royal Hotel, said that he would not be in a position to give any picnics, with the possible exception of one in Sussex, until after July 1. Subsequent to that date, however, he would visit all the cities and towns on his itinerary in the Maritime Provinces and give his annual treats to the orphans and other needy children.

Now in Saint John

Mr. O'Connell will be in Saint John for a few days and will then go to his old home in Havelock. He intends to rest while here but will resume the business of giving his picnics later, probably next month. In the meantime he is being greeted by many old friends in the city.

UNION BUDGET OF \$4,000,000 IS SUGGESTED

Resolution Passed by Presbyterian Assembly to Go to General Council

DEBT IS CUT \$210,000 DURING LAST 2 YEARS

Motion Against War Is Adopted After Amendment Made.

TORONTO, June 8—From the Presbyterian General Assembly there goes to the first general council of the United Church a suggestion that the first union budget be for \$4,000,000, which would be intended to cover all activities of the united denominations for all of the year 1925 and first three months of 1926.

Rev. Dr. Laird, treasurer of the church, voiced the suggestion this afternoon in behalf of the general board and the assembly sent it along to the council. Dr. Laird explained that the Presbyterian Church was entering into union in better financial condition than he had dared to hope a year ago.

DEBT REDUCED \$210,000

The board had fixed their 1925 budget at \$1,500,000, and added \$300,000 for the first quarter of next year. The church had a total debt of \$220,000, a reduction of \$210,000 in two years, for which they should make some provision. They had decided, therefore, to suggest an all budget of \$1,970,000 to take adequate care of their work. The Methodist proposal was made that the budget would ask for the same, and the Congregationalists would ask for \$60,000, making the total United Church budget of \$4,000,000.

TOTAL RECEIPTS INCREASE

Dr. Laird said that the general council would take steps to bring into conformity the financial years of the uniting denominations and it was to harmonize financial operations that the proposal was made that the budget provide for funds to the end of March of 1926. Giveings of congregations in 1924 showed a decrease of \$25,000, he told the assembly, but total receipts from all sources were \$1,498,475, exceeding any former year.

ANTI-WAR MOTION PASSES

The assembly declined to go all the way with the presbytery of MacLeod, and the synod of Alberta, which wanted all war declared a crime. On a resolution of Rev. Dr. David Christie, of Winnipeg, the assembly declared it could not pronounce all war to be a crime. "But it believes all war originates in crime," read the resolution and unceasing vigilance was urged to prevent war "except on the insistence of the general Christian community in the interests of righteousness."

MOLASSES CAR FUEL

NEW YORK, June 9—Chemists are making motor fuel from molasses, once thrown away by sugar manufacturers. An alcohol-ether product to replace gasoline has been developed by the stage of an infant industry. Rapid strides toward its stabilization have been made, it is said, though numerous problems remain unsolved.

BONE OF A 25-TON DINOSAUR IS FOUND

CHICAGO, June 9.—A bone weighing 650 pounds and belonging to an ancient animal with strength capable of toppling over a modern skyscraper, was recently hoisted into place in the Field Museum here. It is the largest fossil in the institution's collection.

Prof. Elmer S. Riggs, associate curator of the museum, brought the huge bone and others almost as large as the prizes of the "Captain Marshall Field expedition," which he led into the San Bernardo hills of Chubut, Argentina.

"These old fossils are from animals of such gigantic size that they stagger the human mind," Prof. Riggs said, as he directed a gang of workmen hoisting the high-bone of a dinosaur into place by means of steel pulleys and chains.

"The dinosaur that walked with that thigh-bone must have been 50 feet long, weighing probably 25 tons. If it were still alive it might be able to balance itself—with difficulty—on the biggest freight car in the world. But it would have to curl its tail carefully."

FAVOR MONCTON FOR RECEPTION TO HAIG

Letters From Premier Veniot and Father Lockary Read at Council Meeting.

MONCTON, June 8.—At a meeting of the City Council tonight a letter was read from I. H. O'Brien, president of the Moncton branch of the Great War Veterans' Association, regarding the proposed visit of Earl Haig to New Brunswick. Mr. O'Brien wrote that he had received a letter from Premier Veniot to the effect that, in reply to an invitation extended by the province to Earl Haig to visit New Brunswick, a communication has been received from Earl Haig's secretary stating that he would be pleased to visit the province, if at all possible.

FATHER LOCKARY

"I have also received a letter from Father Lockary, president of the Provincial Command of the G. W. V. A., of somewhat the same tenor as that from Premier Veniot. Father Lockary, in addition, is desirous, if it can be arranged, to have the reception given General Haig at some point in the Maritime Provinces, and the general populace of the three provinces, and in this connection he points out Moncton as the central location.

"Father Lockary suggests that in order to make a general invitation more impressive that the Moncton Branch of the G. W. V. A., themselves cable and arrange with the Moncton City Council to cable also individual invitations to Earl Haig to visit Moncton while he is in the province.

Premier, at Dorchester Convention, Says Grand Falls Plan Proved Feasible

TALKS OF DEBT, TAXES, FREE SCHOOL BOOKS

Magee, Bourgeois, McManus and Estabrooks Chosen Candidates.

DORCHESTER, June 8—The New Brunswick elections for the Legislative Assembly will take place within the next seven weeks.

This was the declaration made today by Hon. Dr. P. J. Veniot, premier of the province, when he urged the Government supporters to make ready for the coming contest during the course of his address at the Westmorland Liberal nominating convention here.

Hon. Fred Magee, M. L. A., F. L. Estabrooks, M. L. A., Reid McManus, M. L. A., and Ferdinand Bourgeois, County Councillor and a new comer in the arena, were chosen candidates. There were more than 1,000 persons present when it was called to order in the rink to which it had been adjourned.

PREMIER HINTS DATE

The speakers were Premier Veniot, Hon. A. B. Cope, Secretary of State, A. T. LeBlanc, Dupuis Corner, Joseph Matthews, of Steeves Mountain, and the candidates. The meeting was presided over by Mr. James MacQueen, of Shediac, the County Vice-President of the Provincial Liberal Association.

The most important announcement was that of Premier Veniot, who gave the first intimation as to when the election would be held.

Mr. Veniot told his supporters to be ready as voting would take place within the next seven weeks. Mr. Veniot dwelt mainly on the question of the hydro-electric project and the determination of the government to go ahead with the Grand Falls development. He said that it has been proved feasible, that the fullest details had been placed before the public and that the mem-

Prevent tooth decay below the gum-line

As the soil nourishes the tree roots, the gums nourish the teeth. And as the tree decays if you bare the roots, so do the teeth decay when gum shrinkage starts in.

This condition—one of the first stages of Pyorrhea—is very common and something that ordinary tooth pastes are powerless to prevent. If not checked promptly it will lead to loss of teeth and serious organic diseases.

If used in time and used consistently twice daily, Forhan's will prevent Pyorrhea or check its progress. It will preserve the gums in their pink, normal, healthy condition, safeguard your health and keep your mouth clean, fresh and wholesome. Forhan's is more than a tooth paste; it checks Pyorrhea. Thousands have found it beneficial for years. For your own sake ask for and get Forhan's For the Gums. At all druggists, 35c and 60c in tubes.

ROYAL AND ANCIENT GAME FLOURISHES WORLD OVER; CANADA HAS MADE HISTORY IN PLAYING OF GOLF

First Inter-Club Match in Dominion Won by Quebec Over Montreal on Field Where Wolfe and Montcalm Met - Municipal Game Flourished in Canada During 1924

The first Canadian "hole-in-one" for 1925 was recorded several weeks ago. Mr. S. Rainford, a member, playing over the Shaughnessy Heights course, Vancouver, accomplished the feat at the third hole. Lady Fame offers few greater awards to the enthusiast than that. The baseball player who knocks the pill for a homer with the bags loaded, is an "also ran" in comparison.

Doctors declared that he would die. He didn't have a chance; But doggedly he did the course. And asked "How is my stance?" "Through his machine away, And did a hole in one. Then in a gladsome voice he cried, "My life has just begun."

or other six unprofitable sports." It was all in vain; Scotman were determined that the game should flourish until the ends of the earth had succumbed to its spell, though to many the earth meant their own country. Well, it has conquered the world, and now it is defying nature. Games have been played at night under artificial light, with fair enjoyment. In Montreal some enthusiasts have played the game on the ice and snow, during several winters. Poland Springs and Lake Placid, N.Y., have gone them one better, golf on skis having taken a firm hold. According to those who have watched it the players put up a creditable exhibition, and ski-golf has come to stay.

Scotsmen showing their English cousins how to play golf in the sixties.

A Big Industry Some of the older folk who are devoted to it to-day can hardly recall the time of their first game without a blush. Few of them entered seriously upon its enjoyment, and most were regarded by the general public as being loose in the upper story. At this moment golf has not only attained the status of a world-wide game; it has built with its own development industries such as the making of clubs, balls, golf costumes, etc., that add immensely to the aggregate trade of nations. It has added to the professions golf architecture and golf instruction, and helped the building and furnishing industries. A United States statistician has estimated that the golfers of that country spent \$400,000,000 on the game last year, of which \$30,000,000 was for balls, \$25,000,000 for construction of club houses and courses, and not less than \$5,000,000 for grass seeds.

but a most important point is that municipal golf invariably pays its own way. Edmonton and Calgary have the oldest municipal courses in Canada and 1924 was a record season on both. The same was true of Medicine Hat and Moose Jaw. Winnipeg had to open a second one. Hamilton's public course was all to the good; London had a whopping year; and the municipal courses in Montreal and Toronto, Bradford is reported ready to open one this year and many other municipalities are going to or will soon be compelled to do the same. There are others but it would not be possible to deal with all in this article. All this, in addition to the increase in the number of private clubs and the steady additions to their membership. The tale in this regard is the same all across the continent. St. John never had keener interest in golf than now. Halifax tells the same story. Prince Edward Island grows a grass which the Dominion Government seeds branch finds is particularly suited to putting greens, and it can be sent into the rest of Canada at a much smaller cost than imported varieties. The mention of this is an illustration of the importance that golf is assuming, when a branch of the Canadian Department of Agriculture, thinks the matter of grass seed for the links, well deserving its attention. From the Maritimes to Victoria and Vancouver is a long stretch but it is linked by golf clubs and golf players who find a bond of union in the game, and the fine qualities of their membership.

Stolen Goods Are Identified By Clerks. SHERIDIAN, June 8—Norman Phinney, of Sackville parish, and Albert Bugley, of Tidnish, N. S., arrested in Newcastle last month, charged with breaking into and robbing the general store of Dr. James E. White, here, before Magistrate Avarad White in a continued hearing today. Clerks of Dr. White identified goods found in possession of Bugley and Phinney as those which were in stock in that store. J. P. Sherry and C. Leeger, both of Memramcook, failed to identify any of the property in the possession of the defendants. Their places were robbed shortly before the break in Sherbrooke. The hearing was continued until June 15. High Sheriff Killam attended court today.

DOUBTFUL IF ORDER WILL GATHER HERE. E. C. Seelye Reports on Saint John's Invitation to Railway Trainmen. E. C. Seelye, West Saint John, who represented the local lodge of the Brotherhood of Railway Trainmen at the annual convention in Cleveland, Ohio, returned Sunday at noon from his trip and reports that the session was most successful. The invitation of Mayor Potts to hold the next session of the Grand Lodge in this city was presented by Mr. Seelye and referred to the board of directors, along with several other invitations which had been received. Mr. Seelye said the invitation was appreciated by the Grand Lodge but he was doubtful of it being accepted on account of the added expense to the lodge in coming to the Maritime Provinces. The Grand Lodge was in session from May 12 until June 8 and was attended by 956 delegates and 38 grand lodge officers. A feature of Canada's 1924 season was the amazing growth of what is sometimes known as "Public Golf," but more often as "Municipal Golf." The reference is to courses laid out wholly or partly at the expense of the municipality, and for which the playing fee is small. In some cases there is a nominal membership fee, and an organization which under the auspices of the municipality, controls the course. Methods differ in various sections.

CHANGE IN CAPITAL OF BRAZIL URGED. President Would Move Seat of Government Farther Inland to Goyaz. RIO DE JANEIRO, Brazil, June 9—President Artur Bernardes in his message at the opening of Congress threw a scare into Rio de Janeiro property owners by urging that the capital of Brazil be removed from Rio de Janeiro to Goyaz. Members of the Brazilian Constitutional Assembly, over 35 years ago inserted in the constitution of the republic a clause stipulating that the capital should some day be removed from Rio de Janeiro to a district laid off on the plains of Goyaz, a state in the interior of Brazil. President Bernardes, after having spent more than two years of his administration in the present capital, whose population is usually antagonistic to all presidents, has arrived at the conclusion that it is about time the capital be changed from the seaboard to the district laid off further in the interior. In his message to Congress, Bernardes pointed out the disadvantages of a capital located in the principal commercial and industrial city of the country and on the seaboard, and urged that the capital be moved as soon as possible to Goyaz. Although the constitution stipulates that the capital should be removed from Rio de Janeiro some day and President Bernardes has urged that the centre of the federal government be changed soon, it is not likely that the capital will be moved for another decade or so at the least, and new and expensive buildings to house various departments of the federal government are now nearing completion in Rio and work on others will soon be started. Dorcas Bales Sent To Mission Fields. The Dorcas work bales sent forward for Canadian and overseas missions from the Fredericton Diocesan W. A. this year were more than those sent in any previous year. Mrs. John M. Hay, Dorcas secretary, and a corps of efficient helpers have spent four busy weeks at the Church of England Institute packing the articles received from the various branches in the diocese and when the Canadian bales were sent forward they filled 89 large tea chests, five more than have been required in previous years. The overseas shipments include gifts for the three leper hospitals in Japan. Previously the Fredericton Diocesan W. A. has undertaken only to send to two of these hospitals. Gifts for China and India mission stations go forward through the head office in Toronto. In all of the three mission fields the Fredericton Diocesan W. A. has sent considerably larger consignments this year than in any previous year.

Three British Mails From Here This Week. MONTREAL, June 8.—"We, the jury, empanelled to inquire into the death of Frank Molins, find that the deceased came to his death through natural causes." This verdict was rendered this evening at the concluding session of the inquest held before Dr. H. H. Coleman, coroner, in City Hall. The jurors were B. F. Myles, foreman, Augustine T. Leeger, Lawrence G. Wallace, John R. Sullivan, Isaac P. Jones, Roy J. Bynon and Roy L. Mills. Molins was found dead on Friday, April 24, in the house of William Powers. Evidence was submitted to the effect that Molins had been drinking at the Powers' home the afternoon preceding his death, and in the evening complained of being sick. He had remained there that night. In the morning Mrs. Powers found him dead and she went to call him for breakfast.

LECTURES IN SACKVILLE. Miss Ethel Hazen Jarvis, secretary of the New Brunswick division of the Canadian Red Cross Society, left this morning for Sackville where she is to give an illustrated address on the work of the Red Cross Society. Miss Jarvis will go on from Sackville to Norton where she will address a special meeting tomorrow night. She has been specially invited to give her illustrated address in these two centres and expects to return to the city on Thursday.

VERDICT ON DEATH OF MONCTON MAN. MONTREAL, June 8.—"We, the jury, empanelled to inquire into the death of Frank Molins, find that the deceased came to his death through natural causes." This verdict was rendered this evening at the concluding session of the inquest held before Dr. H. H. Coleman, coroner, in City Hall. The jurors were B. F. Myles, foreman, Augustine T. Leeger, Lawrence G. Wallace, John R. Sullivan, Isaac P. Jones, Roy J. Bynon and Roy L. Mills. Molins was found dead on Friday, April 24, in the house of William Powers. Evidence was submitted to the effect that Molins had been drinking at the Powers' home the afternoon preceding his death, and in the evening complained of being sick. He had remained there that night. In the morning Mrs. Powers found him dead and she went to call him for breakfast.

OTTAWA, June 8—Hon. J. A. McDonald, Moncton, in the Senate today called the attention of the government to the railway situation throughout Canada at the present time and inquired what action the government was taking to decrease the cost of administration. He said the three great problems here in Canada were the railway situation, unemployment, and investment of \$600,000,000 in our national railways during the past five years. Over-centralization of control in our National Railways was equally as serious as our over-railway development. It was impossible for any one man to operate such an enormous system as the National Railways from Montreal. No matter how able the present chairman of the National Railways might be, centralization of control and operation had made it impossible for him to be familiar with local conditions. Centralized authority tended to over-systematize the National Railways.

HER FACE WAS COVERED WITH PIMPLES SHE GOT RID OF THEM BY USING BURDOCK BLOOD BITTERS. Miss T. Hunter, R.R. No. 8, London, Ont., writes:—"I wish to recommend Burdock Blood Bitters to all women who are suffering from pimples or any other facial blemishes. About two years ago I was greatly troubled with pimples and sores breaking out on my face and could get no relief until, finally, a friend recommended me to take B.B.B. This I did, and I am now glad to say that your remedy has given me the desirable results, and I now have a nice smooth, clear skin, as it has eliminated all the impurities from my blood." Get B.B.B. when you ask for it; it has been on the market for the past 46 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Perfect Control! IN many factories, exactness in ingredients is essential to manufacturing processes. The illustration shows a corner of the dye-house of a large textile plant in Toronto. The pipes shown convey hot water, cold water and steam. Absolute control is essential because a faulty valve or a leaky valve would make it impossible to carry through the process and would cause serious loss. Naturally, the valves used in this important work are Jenkins Valves. They will not leak. They will never fail to function. They are absolutely dependable. It is sound economy to insist on Jenkins Valves for every installation, whether it be private home, boiler room, or factory. There is a Jenkins Valve for practically every service—steam, water, gas or acid—made to give long trouble-free service. Look for the Jenkins name and the Diamond Trade Mark cast on the body. JENKINS BROS., LIMITED 103 St. Remi Street, Montreal, Canada. There is much valuable information for all interested in valves in our catalogue No. 9D, describing the complete Jenkins line. I. C. R. INCLUSION OPPOSED. Senator MacDonald said the Maritime Provinces had always been opposed to the inclusion of the Intercolonial in the National system. He believed there should be three distinct sections of the National system, from Fort William West, from Fort William East of Montreal, and from Montreal to the Atlantic. He would have local control and direction by a chairman in each of these systems, and they would be responsible to the Minister of Railways. They could meet in conference with the Minister of Railways to secure co-operation, but not centralization. CENTRALIZATION FAILS. His personal experience in the Maritime Provinces had proven to him the failure of the policy of centralization on the National Railways. He had found that business was neglected and there was little appreciation of local conditions. He produced a guide book for the Grand Trunk Railway, a part of the National Railway system, which described the territories served by that railway in Ontario and Quebec, and thence to Portland, but there

## AYD VOTED FOR DEPOSITORS

**Home Bank Resolution Passes Commons by 100 to 20 Vote**

**Debate is Marked by Several Clashes—Senator Robertson's Letter Scored.**

OTTAWA, June 8.—By a vote of 100 to 20 the House of Commons tonight adopted a resolution providing \$5,400,000 for relief to Home Bank depositors and subsequently gave first reading to the bill. Of the 20, only two were Liberals—F. W. McCrear, of Sherbrooke and Roch Lanctot, of LaPrairie-Naperville. The remainder were from the ranks of Conservatives and Progressives.

Altogether there were three votes, although, as the House in committee at the time, in no case were the names of individual members recorded.

**SHARP ENCOUNTERS.**

Discussion practically monopolized the day and was productive of some sharp encounters. In particular, there was the reading by Premier King, of a letter from Senator Robertson to W. T. J. Lee, chairman of the Home Bank Depositors Relief Association. The letter was dated February 27 of the present year and, at the time, Premier King stated, Senator Robertson was acting as a Conservative leader in the Senate. Premier King declared that in the letter Senator Robertson had intimated that if the Government proceeded by way of a bill, the bill would be defeated in the Senate.

**PREMIER QUERIES RIGHT.**

What right, Premier King sharply queried, had Senator Robertson to say what action the Senate was going to take on a public matter. "Having regard to a threat such as that," added Premier King, "the government had no alternative, even had it wished to take any other course, than to proceed in the manner in which it has proceeded at the present time."

This interpretation of Senator Robertson's letter was warmly contested by Mr. Meighen, Conservative leader. The letter, Mr. Meighen declared, did not contain a word nor a syllable of any such assertion of authority by Senator Robertson.

**CRERAR SHUNS CRITICISM.**

During discussion, Hon. T. A. Crerar, a former Western director of the Home Bank, observed that he wished to dissociate himself entirely from criticism of Sir Thomas White. Mr. Crerar thought that if vigorous management had taken hold of the bank at the time, the tremendous loss and failure that occurred would not have taken place.

The camera caught this wall of a blazing broom-corn warehouse at Wichita, Kas., just as it began to fall. Another wall of this building collapsed a few minutes earlier and seriously injured five firemen.

## M'ADAM MAN TELLS OF HOLDUP ATTEMPT

**Says He Was Struck on Head by One of Pair in City of Fredericton.**

FREDERICTON, June 8.—A man named Miller from McAdam Junction who was in the city over the weekend stated that he was the victim of an attempted robbery. The police were informed of the attempt but the two men had made good their escape and Miller could give only a hazy description of their appearance.

His story was that he had met with two men who gave him a hard luck story and he took them into a restaurant where the three ate together. Miller had a considerable amount of money with him and displayed it, evidently unwisely. Afterward the three left the restaurant together. They entered an alley and there, according to Miller's story, he was struck on the head by one of the pair. The blow was not enough to disable him and the two becoming frightened ran.

A serviceable if unusual weapon with which a man could be knocked out, was picked up in an alley off Queen street. It was a No. 8 druggist's pestle of glass with a leather thong knotted so that it would fit the wrist. It was heavier than the light batons used by the police and evidently had been prepared for knock-out purposes. Whether dropped in the alley by accident or tossed there for riddance is not known.

## URGES LIBERALS TO GET READY FOR CONTEST

Continued from Page 8.

bers of the Opposition had ample opportunity to gain all the information which it desired.

Dealing with the question of the public debt and taxation, Mr. Veniot said that there was no denial that the government had added to the debt of the province, but he said that not one additional cent of direct taxation, with the exception of 15 cents a head road tax,

had been placed on the people of this province since the Liberals had assumed office.

That additional road tax, he said, had been placed on the people with the full consent of all parties and there was no question of politics in it at all when it had been imposed.

The premier also spoke of the free school books which were being offered to the people and denied the Opposition claim that it was mere "sop." He said that an effort had been made for at least three years past to have the free books supplied, but that no way had been seen to pay for them. This session it was felt that the finances of the province would stand it and that action had been taken on it in consequence.

**RIFLIANS MASS FORCES.**

FEZ, June 8.—Abdel Krim, the rebel leader, continues the concentration of his forces before the Bibine and Taount sectors with a view to renewed activities against the two great French strongholds north of the Ouergha River.

## DR. SCOTT RESIGNS

**Quits Presbyterian Paper and Will Likely Head Non-Concurrents.**

TORONTO, June 8.—On the recommendation of a special committee the Presbyterian General Assembly this afternoon accepted the resignation of the Rev. Dr. Ephraim Scott as editor of the Presbyterian Record after 34 years of service.

Dr. Scott is a prominent anti-Unionist and likely to be the first moderator of the non-concurrents. The committee recommended also further consideration be given the matter of an Honorarium for Dr. Scott and that the magazine be continued. The report was adopted without any discussion.

## CROCHET NEEDLE IN BOY'S THROAT

FREDERICTON, June 8.—Clarence Simms, four years old son of Mr. and Mrs. John Simms, partially swallowed a crochet needle at his parents' home on Union street during the week-end.

Efforts of the family to remove the needle from the child's throat proved unavailing, and the services of a doctor had to be procured before the danger was averted.

**ONE DIES IN PULP CRUSHER.**

JONQUIERES, Que., June 8.—David Jack, 29, a native of Scotland, was crushed to death when he fell into a pulp crusher. The body of the unfortunate young man was ground to a paste as it was forced through the teeth of the crusher.

DISTRESSING KIDNEY TROUBLE

Terrible affliction quickly relieved by "Fruit-a-lives".

"Eight years ago I was laid up with inflammatory rheumatism, scarcely able to move hand or foot. There was kidney trouble, miserable indigestion and liver difficulties.

"Fruit-a-lives" combine the concentrated essence of luscious fruits with valuable tonics. They restore the kidneys and liver to normal action, increase the flow of gastric juices, and make the digestion complete and natural again.

HEBREW YOUNG MEN IN REVUE

Clever Performance Given in Association Hall, Carleton Street

Large Audience Enjoyed Varied Programme of Good Things in Acting and Music.

A male revue of high class was presented last evening by the Young Men's Hebrew Association in the auditorium of the association, Carleton street, and proved to be one of the best performances presented by amateurs in this city.

Much of the success of the show was due to the hard work of the executive committee, which is composed of H. L. Marcus, director; Archie Evans, musical impresario and accompanist; Dr. Frank Boyaner, stage manager; A. Ralph Isaacs, business manager, and Prof. Lou Boyaner, musical director.

GOOD PROGRAMME

The programme was as follows: Overture—E. M. H. A. String Quartet

- Act I. Scene 1—Abigail S. S. Prince Arthur returning from Palestine. Admiral—Ben Guss. Admirals daughter—Sally. R. Green. Officers and Sailors—Messrs. Freeman, Isaac, Hart, Rubin, Tassman, J. Tassman, Ed. S. Cohen, Everett, H. Cohen, Jacobson Margolin, M. Budovich, Levine, Slovic.

- Act II. Scene 1—20 Minutes from Benny's Smoke Shop. Time—Any day. Dock street. Sambo—M. Budovich. Landlord—M. Budovich. Reporter—Ron. Hart. Sailor—L. C. Slavit. Policeman—L. C. Slavit. Other characters by themselves.

OPERA HOUSE HAS SPECTACULAR ONE

Big Metro Photoplay "Revelation" With Superb Cast and Story.

"The most satisfying picture of the year," describes Metro's special production, "Revelation," which opened last night at the Opera House.

Motion picture fans have been saying all along that the crying need is better stories. They are answered in "Revelation," for the story, which was written by Mabel Waggoner, is a classic of the screen, and is destined to stand out as one of the milestones in film history.

The picture is superbly acted by a real all-star cast that includes such favorites as Viola Dana, Monte Blue, Lew Cody, Marjorie Daw, Frank Currier, Edward Connelly, George Siegmann, Kathleen Key, Otto Matiesen, Bruce Guerin and Ethel Wales.

BOYS DISORDERLY

As the result of a complaint from an Erin street resident about boys acting disorderly about the corner of Clarence and Erin streets yesterday, Police Constable Journey made a visit to the place and learned that, in addition to being noisy the boys had broken a window in the store of Mrs. Melick, No. 10 Erin street.

"Madonna of the Streets," featuring Nazimova and Milton Sills, opened last night at the Palace Theatre.

"Madonna of the Streets," a story of London, is taken from "The Ragged Dicks" by W. B. Maxwell, an English author of worldwide popularity.

Nazimova is cast in the role of the friend of a Fifth Avenue millionaire, who cut off in his will when he leaves his vast fortune to John Morton of London, sets out to make Morton pay the unattractive millionaire's debt to her.

Morton, played by Sills, receives the fortune and begins to give it away among the poor of Limehouse.

Playing with Nazimova and Sills are Claude Gillinwater, Vivien Oakland, Courtenay Foote, Harold Goodwin, Rosa Gore, John T. Murray and Tom Kennedy.

7 Congregational Churches To Stay Out of Union

TORONTO, June 8.—Out of the 100 Congregational churches in Canada only seven will not enter the United Church of Canada when it is constituted on Wednesday next, according to the statement of the statistical report presented to the general conference of the Congregational Church in session here today by Rev. W. J. Gibson.

His report showed that the church has a membership in the Dominion of 12,000. Value of church property is given as \$2,250,000 with a debt under \$197,000. Receipts for the year were \$521,000.

GRAND LODGE IN SESSION HERE

Prentice Boys of B. N. A. Assemble in West Saint John

Tribute is Paid to Late L. E. Rolston—Committees Named at Opening Session.

The 55th annual convention of the Protestant Association of the Prentice Boys of America was opened in Prentice Boys' Hall, Gullford street, West Saint John, this forenoon, with 104 delegates present under the presidency of D. J. Bannon, of Toronto, Senior Deputy Grand Master, who assumed the chair by automatic promotion because of the death of Grand Master L. E. Rolston, of Saint John, who died last autumn.

TOUCHING TRIBUTE. Aside from the registration of delegates, a greeting from Past Grand Master R. J. Anderson, on behalf of King Edward Lodge, the outstanding matter of interest at today's opening session was the touching reference to the death of Grand Master Rolston by the grand deputy, who paid a glowing tribute to the Christian character, British loyalty and indefatigable energy of the late Saint John citizen on behalf of the Prentice Boys and their precepts. The local character of Mr. Bannon's remarks greatly stirred the emotions of the Saint John members, whom their late leader was greatly beloved.

GRAND OFFICERS. The Grand Lodge officers at the session this morning, in addition to the grand master-elect, were: Grand Secretary C. O. Brickman, of Belleville, Ontario; Assistant Grand Secretary P. Nichol, Saint John; Grand Lecturer David M. Hanna, of Grand Bay, N. B.; Assistant Grand Lecturer C. C. Chisholm, of Saint John; Grand Orator Tiler, Lorne Thornton of North Devon, N. B.; and Grand Inside Tyler W. R. Davis, Saint John; also Immediate Past Grand Master R. J. Anderson. Prominent outside members included W. J. Allison, of Toronto; Deputy of Toronto West, who is accompanied by his wife. Other delegates arrived on the noon train and many provincials are coming to town before night in their automobiles. It is expected the convention will total 200 delegates.

COMMITTEES APPOINTED. The following committees were appointed this morning: Credentials—P. G. M. R. J. Anderson, F. Nichol and J. P. Brien. To strike the standing committees—W. Davis, A. L. Belyea, William Magee. This afternoon the credential committee will bring in report of appointments. Tonight His Worship Mayor Potts will extend a civic welcome to the Grand Lodge delegates, and routine business will be continued until a late hour. Tomorrow it is expected the weather will be pleasant enough to give the delegates an automobile drive roundabout the city and include with a lobster boil on Taylor's Island, Mahogany Beach.

LODGES REPRESENTED. The lodges represented at the session today were: Walker Murray Lodge, No. 4, Toronto, Ontario; Victoria Lodge, No. 23, of Marysville, N. B.; King Edward Lodge, No. 30, West Saint John; Union Jack Lodge, No. 35, Saint John; Gilson Lodge, No. 37, North Devon, N. B.; Maple Leaf Lodge No. 40, Fairville, N. B.; Grand Bay Lodge, No. 51, Grand Bay, N. B.; and Ottawa Baker Lodge, No. 53, of Ottawa, Ontario. The following committee of King Edward Lodge, No. 30, West Saint John, have charge of the entertainment arrangements for the delegates: W. W. Donohue, Clifford G. Price, R. J. Anderson, J. W. Fillmore, R. M. Anderson, William Price and A. L. Belyea. King Edward Lodge of the Protestant Association of Prentice Boys at its meeting last night welcomed many of the Grand Lodge officers who had assembled for the Grand Lodge of British North America meeting, which opened this morning and will be in session today and tomorrow in Prentice Boys' hall in West Saint John. Worthy Master, William Price, presided and extended cordial greetings to visitors. Addresses characterized by optimism and enthusiasm marked the business session, and at its close refreshments were served.

CULLUM LODGE HAS 24TH. ANNIVERSARY

L. O. B. A. Branch to Observe Birthday This Evening in Simonds Street Hall.

Cullum Lodge L. O. B. A., established in 1901, will celebrate its 24th birthday this evening in the Simonds street hall. His Worship Mayor F. L. Potts and the county officers will make addresses. The lodge was organized with 10 members, Mr. and Mrs. M. A. McLeod being the organizers. Two of the charter members have died, Mrs. C. Silliphant, the first treasurer and Mrs. W. Hartin, the senior mistress of ceremonies. Mrs. H. Kilpatrick was the first mistress and is still active in the lodge, which now has 72 members, all earnest workers in charitable and beneficent work. The lodge gave \$25 recently to the Protestant Orphanage.

Mrs. D. Jewett is the worthy mistress at present. Mrs. John Silliphant has been appointed as delegate to the Dominion Grand Lodge convention in Vancouver in July and expects to attend. The charter members still working in the order are Mrs. Kilpatrick, Mrs. George Armstrong, Mrs. B. Hatfield, Mrs. R. Leaman, Miss F. Carmichael, Mrs. Howard Laskey, Mrs. Thomas Leatham and Mrs. J. Gullford.

ABOUT NOON JUNE 15. Mayor Potts received word this morning that the S. S. Chaudiere of the R. M. S. P. fleet, on which delegates to the West Indies-Canada conference at Ottawa are traveling, would arrive in the city about noon on June 15.

Hydro Commission, which took him to the hospital, where he was treated by Dr. D. C. Malcolm. He was able to resume work.

ENJOYED CARDS. A very successful card party was given by the young ladies of the Parish of the Church of the Assumption last evening in St. Patrick's Hall, West Saint John for the summer camp of the Boy Scouts of the church. Cyril Driscoll and Drew Mulcahy greatly pleased the musical selections. Scoutmaster Harry Peters was appreciative of the interest taken in his patrol. Those winning prizes at forty-fives were Miss Winifred Condon, Miss Marion Murphy, Miss Madeline Rolston and Thomas McKinnon, Harry Duffell and Francis A. Pumper; at bridge Miss Helen Corbett, Miss Louise Driscoll and T. L. Coughlan and Walter E. Morris. A dainty supper was served by a committee of the young ladies.

As Hiram Sees It

The odor of apple blossoms was in the air. The descending sun glowed in the west, and the tinkle of cow bells came from the hillside pasture. On the verandah Mrs. Hiram gently rocked and stitched. "Your hands," said the Times reporter, "are never idle." "Not when I'm awake," said Mrs. Hiram. "If I had to set and fold my hands I'd call it a punishment. I'm never so happy as when I can see something shapin' under my hands. Don't you feel that way when you're writin' a story?" "If it's a well-doctored yarn at somebody's expense," broke in Hiram, "I bet he does." "I have you in mind as the hero of my next," said the reporter. "He'd be mad if you didn't," said Mrs. Hiram. "Hiram does love to get into the papers." "Who's name was in last—in that there Women's Institute report?" demanded Hiram—"Mrs. Hiram Hornbeam poured?" "As long as the printer didn't make it say I poured I won't complain," said Mrs. Hornbeam. "She means," explained Hiram to the reporter, "that she aint one o' the old cats." "Are there old cats?" asked the reporter. "You'd say so if you heard 'em," said Hiram. "Yes, sir—you would so."

Rabinovitch Not in Court and Magistrate Dismisses Inquiry

Telegram Says B. Friedman Ill in New York and Could Not Come to Testify.

After traveling more than 1,800 miles to face a charge brought against them by Harry Rabinovitch, formerly of Winnipeg and now of Montreal, for conspiracy to defraud, the two brothers, Leon and Myer Chechik, will leave this afternoon on their return journey to Winnipeg, the inquiry against them being dismissed by Magistrate Henderson in the police court this morning when Rabinovitch failed to show up to go on with the case.

TELEGRAM COMES. Arthur N. Carter of Baxter, Lewin, Carter & Hutton, appearing for Rabinovitch, read a telegram from B. Friedman, New York, saying he was very sick and would be unable to attend the hearing today and as he was a former partner in the liquor transactions over which the disputes have arisen and therefore an important witness, a request was made to postpone the inquiry until Mr. Friedman could be present. His Honor said he could not do that as the two defendants had been put to a great deal of trouble and annoyance and also in view of the fact no doctor's certificate respecting Mr. Friedman's illness was forthcoming. He said he would therefore dismiss the inquiry.

Charles Locke, K. C., Winnipeg, appeared for the defendants along with Dr. F. R. Taylor, K. C., A. G. Cummings, prothonotary from Halifax, N. S., was in court with the records of court proceedings in Nova Scotia respecting a judgment obtained by Chechiks against Rabinovitch for \$39,000. Mr. Cummings was brought here by the defendants, but owing to the inquiry being dismissed, he will return to Halifax today.

EXPECTING MANY OF BATTALION IN CAMP

Machine Gunners From Saint John, Moncton and Fredericton to Sussex.

The machine gunners are to go to Camp Sussex for their annual training of nine days, commencing June 22, under the command of Major Bertram Smith, who hopes to have a full attendance. This unit consists of three companies: No. 1 Company at Saint John, No. 2 at Moncton, and No. 3 at Fredericton. It is the first time that the 7th C. M. G. Battalion has gone to camp to train since its formation in 1919 and all are looking forward to the training and to getting better acquainted with each other. The officers are: Major Bertram Smith, commanding officer; Capt. J. V. Keirstead, adjutant; Capt. Fred Newcombe, Q. M. and transport officer; Capt. C. J. Markham, chaplain; No. 1 Company officers—Capt. H. Cunningham, Capt. W. S. Nelson, Capt. K. Linton, Lt. V. Markham, Lt. O. J. Lawson, Lt. R. H. McCready, Lt. T. Gossau, Lt. D. J. Clark, Lt. J. E. Beatty, Lt. W. P. Kelley. Attached to the unit is Sgt.-Major Instructor Bevis. The formation of machine gun battalions was the outcome of the great war, where machine guns played one of the most important parts both in attack and defence. Most of the 7th C. M. G. Battalion officers are war veterans. Recruits will be welcomed at each centre to make the battalion the biggest and best in the province. There are now 120 in the unit—20 officers and 100 other ranks.

TO HAVE 2 COURTS

East Saint John Tennis Club Expanding and is Providing For Growth.

At a special meeting of the East Saint John Lawn Tennis Club last night it was decided to build a double court as the membership was growing and it was felt by the majority that a single court was not sufficient. These courts will be built of clay over ground leased from the United Church. The church trustees were in favor and promised to aid the tennis club all they could. The club will still play on the court they hold now, use of which was given by Mrs. James Foley gratis. A strong committee was appointed to look after the courts to be built and is composed of Bert Jowleson, Wm. Woodroffe and F. D. Fenwick. A move is on foot for a drive for new members. The dues were advanced to \$3 entrance fee for new members and old members. This was necessary to obtain funds and the club intends to put on a dance within two weeks, also for the raising of funds for the new courts.

AT WORK ON SITE. H. O. Clark, contractor for the excavation and foundation of abattoir of the British Columbia Packing Company, has about 50 men at work on the site at the corner of the Westmorland and Red Head Roads, and is making rapid progress with the work. It is the intention of Mr. Clark to put on more men as soon as they can be used to advantage.

PAID FINE. A member of the family of Norval Appleby, who was reported as being in the Saint John jail last night, for shad fishing illegally, said this morning that Mr. Appleby went to Hampton last evening and paid his fine of \$31.50 and that he was not in jail.
