NOTHING TO RETRACT IS SIMS' FINAL

London Gives American Admiral Great Send-off as He Leaves to Answer Critics.

SPECIAL CAR FILLED WITH FLORAL TRIBUTES

Declares He Has Received Many Letters Expressing Appreciation of Attitude.

London, June 15.—Sear Admiral Wm. S. Sims left Waterloo Station this morning for Southampton, where he boarded the steamer Olympic this afternoon and proceeded to New York. He rode in a special car that was so laden with floral tributes that there was scarcely room for members of his party to move about. Leaving out a window of the car, the Admiral waved his cap to a large group who, despite the earliness of his departure, had gathered to give him a rousing send-off. Admiral Sims spent half an hour, before his train left, in hand-shaking and exchanging greetings with friends on the station platform. As the train slowly moved out, men raised their hats and women waved their handkerchiefs, and all joined in three cheers.

"Nothing to Retract"

Answering reporters' requests for a farewell message, Admiral Sims called attention to despatches in this morning's newspapers, telling of a resolution in the House of Commons against his critics. He declared he had nothing to retract, "and nothing to regret." He said he had received hundreds of letters approving of his attitude regarding "American hypocrisies."

Asked whether he had received any threatening missives, Sims smiled and said: "I had one signed Erin-Go-Bragh, making a play on reference to sebras in my address last week and telling me I would meet the same on the other side, but I have paid no attention to it—it doesn't worry me." He added that he thought the handwriting was that of a boy, and declared he did not turn it over to Scotland Yard for an investigation.

COMPOSITORS BACK AT WORK

Boston Printers, by Chapel Vote, End Strike That Began Last Monday.

Boston, June 15.—Newspaper compositors who here Monday night and Tuesday morning, voted tonight to return to work under the same wage scale and working conditions that prevailed when they quit their employment. The vote was taken by ballot, and stood 214 to 168 in favor of returning. Compositors on morning newspapers, the publishers said, were returning tonight. They asserted that all the men would be at work by tomorrow afternoon. Twelve page papers will be published in the morning, the publishers said, in place of the eight page editions which have appeared morning and afternoon since the walkout.

Canadian Warships At Los Angeles

Seattle, Wn., June 15.—Three Canadian warships, the cruiser Aurora and destroyers Patriot and Patricia anchored in Los Angeles harbor yesterday en route from Vancouver to Halifax. The Aurora fired salutes to Fort McArthur and to Admiral Williams aboard the flagship West Mexico, of the Pacific Coast fleet. The Aurora and the destroyers will be in port several days before proceeding to Panama.

KEEP SOBER OR AWAY FROM MONTREAL SAYS MR. RECORDER SIMPLE

Montreal is Full of Ontario Drunks, He Says, Who Come to City for a "Wet" Time.

Montreal, June 15.—Charles McBride, charged with begging and being drunk, appeared before Mr. Recorder Simple today and asked for leniency, having regard to the fact that he was from Ontario, and that this was the first time he had ever been arrested.

"Why don't you stop in Ontario?" asked the Recorder. "The city of Montreal is filled with drunkards, most of whom come from Ontario. If you cannot visit us without breaking our laws, stay at home."

McBride was then sentenced to 15 days hard labor on the first charge, and \$5 and costs on the second.

BIG STRIKE OF ENGINEERS OFF UNTIL JUNE 30

Nearly 1,500,000 Men Involved in the Big Wage Dispute of Britain.

COTTON SITUATION LOOKS SOME BETTER

Labor Disputes Cost of Living Figures Issued by the Government Offices.

London, June 15.—Steps toward avoiding a great engineering stoppage, affecting 1,500,000, were taken this morning when the Minister of Labor, Thomas MacDonagh, held conference with representatives of the employers and employees.

The result of the conference was that the employers agreed to postpone issuing lockout notices from tomorrow until the end of June, in order to enable the union to submit the employers' latest proposal to a ballot. Government intervention was decided upon after negotiations between the employers and employees on proposed wage reductions broke down yesterday.

The union officials say that the proposals of the employers actually reduce wages seven shillings below the 1914 standard.

The cotton employers and operatives met again at Manchester today and it is unofficially stated that the proceedings were marked by considerable cordiality.

Cotton Outlook Better.

The parties handling the dispute which has tied up the cotton industry in Lancashire, are reported to be getting closer together on the wage question.

The joint labor committee of the labor party and the trade union congress today publishes a statement containing figures issued by the Ministry of Labor regarding the cost of living at the present time in the British Isles.

According to the figures of the labor committee, the rise in September 1914 level, or 28 points above the ministry's estimate.

Since the labor committee's enquiry appears to have been conducted scientifically and the ministry's official figures from the basis of innumerable wage agreements, demands for an investigation have arisen in several quarters.

Settlement Nearer.

Manchester, England, June 15.—A settlement of the cotton dispute has been brought nearer by a recommendation made today concerning terms, made by the representatives of employers and operatives constituting an immediate wage reduction of forty-six pence to the pound, and a further reduction of seven pence at the end of six months. The belief is expressed that the operatives will accept the recommendation.

Terrific Wind In West Wrecks Barns

Saskatoon, Sask., June 15.—Damage already estimated at \$30,000 was caused by a terrific wind and electrical storm which swept through Saskatoon and surrounding district last night. Barns and farm buildings were wrecked, but there was no loss of life. Telephone service is disrupted and it is expected the damage will be considerably in excess of the early estimates.

FRENCH USE FORCE.

London, June 15.—A despatch to the London Times from Oppo says there is evidence that the French are using greater influence in clearing the disturbed area. Laisana, a functionary, has been given appointments up to December 31 last, of which \$,448 were permanent.

SIX FIREMEN KILLED WHEN TRAIN IS HIT

Ten Others Injured by Crash Into Tender of Express Train at Railway Crossing.

VICTIMS HURLED UNDER CAR WHEELS

Allege That Gates at Crossing Were up as Express Passing at Forty Miles Per Hour.

Perth Amboy, N. J., June 15.—Six firemen were killed and ten others injured when a fire truck crashed into the tender of the Barnegat Express at the Market street crossing of the Central Railroad of New Jersey at 5.50 o'clock this evening. The firemen, members of the Eagle Hose and Chemical Company, a volunteer organization, were on their way to a small warehouse fire when the accident happened.

Claim Gates Up

Fire department officials declared tonight that the safety gates at the crossing were not down when the express, bound from Jersey City to Perth Amboy, crashed into it at the rate of more than forty miles an hour, hove into sight. The driver of the motor fire truck, also travelling at a fast clip, tried frantically to avoid the collision, witnesses said, but crashed into the tender of the fast moving train.

Fell Under Train

The firemen on the truck were thrown to the ground, and some of them fell beneath the wheels of the train, being instantly killed. The injured were rushed to the Perth Amboy hospital. The dead are: Hans Holt, John Donegan, John Ferguson, Peter Larson, Joseph Kutcher and James Anderson, all of Perth Amboy.

CRERAR TALKS ABOUT COWHIDES

Claims Medicine Hat Government Candidate Stands for \$13 Shoes and \$1 Cowhide.

Civics, Alta., June 15.—"In every nook and corner of Canada the people have their eyes on Medicine Hat, and they are wondering whether and how long it will stand as a blow for a pure government for a sane, safe policy which will increase our international trade and bring relief to the great masses of our people," Hon. T. A. Crerar, Progressive leader, declared today in addressing a large audience of farmers and local business men in the interests of the farmers' candidate, Robert Gardner, in the Medicine Hat by-election.

Cowhides and Shoes.

Mr. Crerar said that Col. Nelson Spencer, the government candidate, stands for a system which "aims to perpetuate \$13 shoes and \$1 cowhides." "What is the price of hides?" Mr. Crerar asked.

"One dollar a hide, or one cent a pound," was the reply.

"How many pair of shoes can be made from one cowhide?" "Ten," came the reply.

Mr. Crerar scathingly denounced the special session of the Royal Grain Inquiry Commission held at Fort William on June 4.

London Clubland Is In Quandary

Government Rules Poker is Game of Chance and Police Raid Many Clubs.

London, June 15.—London clubland has been thrown into a quandary over the question of poker. Though not so popular as bridge, poker has many players and some adepts in the British metropolis, and several clubs have devoted one room for its votaries.

Now it seems the chief commissioner of police has been instructed that poker is gambling within the meaning of the act regulating games of chance, betting and so forth, and that it is illegal for it to be played in any public place. Public rooms of the clubs into which any member can go are construed as a "public place" and police have made a series of raids which created consternation among club committees. Several committees hurriedly summoned had decided to prohibit poker on club premises, but others are thinking of challenging the decision of the authorities on the ground that poker is a game of skill just as much as auction bridge is. One poker player, whose favorite club decided to prohibit the game, was today heard exclaiming:

DOWN IN AUTO ACCIDENT.

Portland, Me., June 15.—Two women and a five-year-old girl were drowned today when an automobile plunged through the railing of a bridge near this city and landed in the Spurwink river. The dead are Mrs. Fred H. Pickering and daughter Dorothy, and Mrs. Luke Manette, all of South Portland. Their bodies were recovered.

FRENCH LEAD IN THE DETERMINATION

British General Thought to Favor Sharp Advance Against Polish Rebels.

Berlin, June 15.—The Inter-Allied Commission in Oppeln, Upper Silesia, has decided to stop all military operations looking to re-establishment of the Upper Silesia unit, German self-defence organizations withdrawn from the territory recently occupied by the east of the Oder, according to despatches to the Wolff Bureau, the semi-official telegraph agency today.

It is understood here that the French have been contemplating drastic action to force General Von Hoerster, head of the German defence troops, to withdraw his forces and cease his offensive, but it is known in Berlin that the British authorities are inclined to favor the German efforts to prevent further Polish inroads, although in no wise depending on General Von Hoerster for assistance.

May Represent French Only.

Owing to the incompleteness of despatches from Oppeln, it is believed here the action of the Inter-Allied Commission may not represent the attitude of the British representatives, who once before threatened General Von Hoerster that they would withdraw French troops unless the Germans flatly declined to do this. General Henniker, commander of the British forces in Silesia, has been in favor of a quick invasion of the insurgent area, but the French express their disapproval of the belief that the insurgents would disperse without bloodshed. The opinion of the British in Silesia is that they have sufficient troops but the French express their disapproval if the Poles are disarmed first, and object to any action unless the Allied forces are heavily reinforced.

Three More Killed In Irish Troubles

Military Governor of Cork Warns Residents That They Must Stop When Ordered.

Dublin, June 15.—A train bound from Limerick to Bennis was fired on today. Soldiers returned the fire, killing two members of the attacking party. One soldier was wounded.

G. S. Wallis, a civil billet officer, was murdered today by an armed party near Cashel. The military governor of Cork has issued a warning of the danger incurred by civilians who neglect to halt when they are ordered to do so by Crown forces. The warning says that disobedience of the command to halt is likely to result in fire being opened on people who may lose their lives.

Berlin Accepts Army of Only 100,000 Men

Berlin, June 15.—The Reichstag today passed a bill amending the army law in accordance with the demands of an ultimatum of the Allies. The chief clause is that the law now expressly states that the army shall consist of 100,000 men, including a maximum of 4,000 officers or officials with the rank of officers.

APPROVERS OF WARS MUST DO THE FIGHTING

Resolution Before A. F. of L. Wants Those Who Favor Bloodshed Called First.

WOULD LEAVE PEOPLE TO DECIDE CASES

Government Operation of All Railroads is Advanced in Second Proposal.

Denver, June 15.—Organized labor would demand that the power to declare war be withdrawn from Congress and be placed in the hands of the people by constitutional amendment if a resolution presented today is adopted by the convention of the American Federation of Labor.

The proposal provides that a declaration of war must have the approval of a majority of the voters of the United States and that "all those in favor of the declaration of war be compelled to take up the active prosecution of the same before those who voted against the declaration of war."

Why the Change.

The resolution introduced by S. H. Gardner, Central Labor Union, Cebu, Texas, declared that the provision for a referendum vote on war was necessary to "better protect and secure the people and their interests." "The natural result of our present system of business and industry," said the preamble to the resolution, "especially the foreign, commercial and financial, is such as to affect the people and their interests. The cause wars to be declared between nations at the behest of those interested in said activities, to secure or protect the so-called sacred rights of profits."

Favors Government Rails.

Two important resolutions have been submitted. One signed by representatives of all railroad organizations, directs the executive council to assist the recognized railroad labor organizations to have proper legislation enacted providing for government ownership and democratic operation of the transportation systems of the United States.

The other resolution presented by a group of ten delegates, demands "prompt restoration of the railroads to unified government operation."

Under this scheme of unified operation, it was stated, freight rates would be reduced to those in force when the railroads were returned to their owners, in order to stimulate traffic and relieve agricultural and other legitimate users.

Modification of the Volstead Act is also proposed, so that the manufacture and sale of a "national beverage of wholesome beer" is demanded in a resolution, while another urged that Congress be authorized to submit the question of prohibition to a popular vote of the people.

BRITISH WARN TURKISH REBELS

Any Attack by Nationalists on Constantinople to Mean a Declaration of War.

Constantinople, June 15.—The British warn Turkish Nationalists that any attempt to take Constantinople will mean war with Great Britain. The purpose of sending a British brigade from Malta to the Balkans is to prevent further Polish inroads, although in no wise depending on General Von Hoerster for assistance.

British Columbia Starts Liquor Trade

Moderation Act Replaces the Prohibitory Measure in Force for Last Three Years.

Vancouver, B. C., June 15.—The sale of liquor in British Columbia under government control commenced this morning at 11 o'clock. At that hour stores located in the cities and towns of the province opened for business. The permits of purchase is in use and only holders of these permits may buy spirits or beer. With the coming into force of the British Columbia Liquor Act as passed at the last session of the legislature a moderation law replaces the prohibitory act which has been in force for the past three and a half years.

LIQUOR HAS VANISHED

Sydney, N. S. June 15.—The city warehouse is minus a carload of liquor tonight as the result of events of the afternoon and evening which included the serving of a warrant charging theft on temperance act inspector George V. Rideout, the forcible entrance under a search warrant of non-compliance armed with saws into the warehouse, the removal of the liquor to a car by amateur truckmen and its subsequent disappearance when the shades of night descended.

Resignation of Commons

DONALD MacMASTER

London, June 15.—Donald MacMaster, formerly of Montreal, and who, since 1910, has represented the Chertsey division of Surrey as a Unionist, in the House of Commons, has announced his resignation of the seat through ill-health. Some months ago Mr. MacMaster was seriously ill and his life in danger, but recovered. At one time his condition was extremely critical.

UNITED STATES AND JAPS MEET IN CONFERENCE

Yap Question and Coolie Immigration Two of the Big Issues to be Decided.

ALIEN LAND CASE ALSO A PROBLEM

Japan Will Agree to an Immediate Execution of the Agreement Regarding Shantung.

Washington, June 15.—Direct negotiations at Geneva have begun between the United States and Japan for the settlement of the questions between them. These include the land of Yap, the immigration questions, the alien land question and the return of Shantung to China by Japan.

The negotiations are being conducted by Baron Shidehara, the Japanese Ambassador and Secretary of State Hughes. The settlement of the Yap question would make unnecessary the consideration of this question by the League of Nations.

Coolie Immigration.

The proposal is to settle the immigration issue on the basis of the complete stoppage of all Japanese coolie immigration with proper protection for Japanese property rights already acquired in the United States.

Japan's promise to return Shantung to China it is said is to be executed as soon as a practicable and without reference of the question to any European tribunal.

Japan it is stated will retain only such privilege in the province as are common to the other nations, such as a portion of the international zone, which China is to be required to establish at the port of Tsingtau on the Bay of Kiao-Chow.

West Anxious About Anglo-Jap Treaty

Rights of Canada to Bar Immigration Must be Guarded Premier is Told.

Victoria, B. C., June 15.—The Provincial Government, through Premier Oliver, has forwarded to the Rt. Hon. Arthur Meighen in London a cablegram strongly urging that any renewal of the Anglo-Japanese Treaty should preserve to Canada the right to restrict Japanese immigration, something which the existing treaty does not stipulate.

In connection with this subject, Hon. E. J. Darrow, minister of agriculture, has collected data showing to what extent Japanese and Chinese are engaged in the business of agriculture and horticulture in this province. This information has been forwarded to Hon. Dr. Tolmie, who accompanied Premier Meighen on his mission to England.

MINE AREA CUT OFF.

Charleston, W. Va., June 15.—All telephone and telegraph wires passing through Boomer and Mount Carbon, Fayette County, in the cabin creek coal country, were cut late today, according to advices received at the offices of Governor E. F. Morgan. The United States army engineer in charge of the Kanawha River also was notified that the Government wires had been cut.

MACHINE GUNS EN ROUTE FOR IRISH SEIZED

Five Hundred Modern Weapons Discovered in Cargo of a Vessel at New York.

HELD ON CHARGE OF ILLEGAL SHIPPING

Capture is Result of Information That Big Lots Were Intended for Irish Rebels.

New York, June 15.—Custom officials have seized nearly 500 modern machine guns alleged to have been found concealed aboard the steamer "East Side," tied up in Hoboken, loading for an Irish port.

This became known late today when the Hoboken police clashed with the customs men over possession of the arms. The guns finally were taken to Hoboken police headquarters.

According to Chief of Police Hayes of Hoboken the arms were seized yesterday by the Federal Agents. This morning he said, a man giving the name of Frank Williams appeared in the Recorder's Court and swore out a search warrant, claiming the weapons.

Taking Guns Away

The Hoboken police said that when they went to the pier, where the "East Side" is tied up, they were told there were no machine guns there. Later, they said, they found them being loaded onto a truck and took possession of them after some argument with the customs men. The Federal Agents declined to discuss the seizure, but officials of the Department of Justice admitted they were investigating a report that plans were afoot for shipping arms to Ireland.

According to the Hoboken police, the guns were seized by Federal Agents on the charge that their shipment was illegal, because no permit had been obtained from the State Department to send out of the country. Chief Hayes asserted the customs men had obtained their first information concerning the presence of the weapons aboard the East Side from a member of the crew.

Orders Investigation.

Washington, June 15.—The department of justice tonight ordered its investigation of the arms seized on the steamer Eastside at Hoboken, to determine whether they constitute a shipment for abroad. The report probably will be transmitted to the State Department, officials said in case it is found that a shipment was intended, for a decision as to whether it can move.

KILLED WIFE THEN HIMSELF

Foreigner in Hamilton Took Own Life After Murdering His Young Wife.

Hamilton, Ont., June 15.—Karel Seduk, a foreigner, residing at 29 Imperial street, killed his wife this morning and then ended his own life. Seduk, who recently returned from the west and the pair have been quarrelling ever since. Seduk fired three shots through his wife's breast, and then turned the weapon on himself, firing a bullet which pierced his heart. A pathetic feature of the double tragedy is the fact that the woman was only fourteen years of age. She married Seduk just one year ago.

RACE HORSE DROPPED DEAD.

Gloucester, N. S., June 15.—Sedie Point Tupper, dropped dead here today after finishing the first half of the second heat of the 222 trot and pace. As the mare went by the wire she was seen to wobble. She staggered along to the first turn and fell in a heap. Her driver, Conductor Ted Martin, Sydney, was unharmed in the mix-up.

MEIGHEN WILL OPPOSE ANGLO-JAPANESE PACT

Claims That Measure is Antagonistic to Disarmament Plans of U. S. President.

ENTANGLING ALLIANCE AGAINST DAY'S SPIRIT

Premier Hughes of Australia Equally Determined That Treaty is Essential at Once.

London, June 15.—(By Grattan O'Leary, Staff Correspondent Canadian Press)—The advisability of renewing the Anglo-Japanese Alliance, the question in which Canada is vitally interested, will be the first subject before the conference of Prime Ministers when it opens its sessions Monday. Premier Hughes of Australia, interpreting the public sentiment of his country, will urge renewal, but Premier Meighen is almost certain to throw the whole weight of his influence to wards having the treaty denounced.

His Three Reasons

The Premier of Canada will base his opposition to the treaty on three grounds: that the reasons which disappeared in 1911 have since disappeared; that renewal of the treaty would be regarded as a challenge to the United States, where the Harding administration and the new Congress have just taken a step in the direction of disarmament, and that the formation of special alliances is antagonistic to the spirit of the times and to the endeavor that the world is making toward disarmament and peace.

Australia's Views

He urges, of course, that it be framed in such a way as to be satisfactory to the United States, but few here believe such a thing to be possible. The Australian Premier's strong card will be the attitude which Premier Meighen is almost certain to adopt on the question of naval defence. The Canadian Premier, concluding that the next constitutional conference or at least until the international situation becomes more clear, will not reply, and with some force that Mr. Meighen seeks to deprive Australia of all protection, first removing whatever safeguard the commonwealth derives from the treaty, and then refusing to help provide greater naval protection on the Pacific.

"You refuse to give us the treaty," he will probably argue, "and then you want to delay in providing means of assistance in our defence. It is, as already said, a contention not without force, and will not be weakened by the fact that Mr. Meighen is also likely to urge that the constitutional conference which he wants to determine the naval question be not held until 1922.

Supported by Smuts

The Canadian premier, however, is unlikely to be daunted by these arguments. He will refer to the fact that it is likely to have the support of Premier Smuts, of South Africa, if not of Lloyd George, that there is only one nation of which Australia is afraid, that that nation is Japan, and that the best protection which Australia can have against Japan or any other country is the knowledge on the part of the world that good relations and an understanding exist between the British Empire and the United States. In a word, the creed which Mr. Meighen will preach to the conference is that the best hope of the world for world peace is a better understanding among English-speaking people. Should he fail in his purpose of having the treaty denounced, he will probably play one more card. He will ask that a clause be inserted in the new treaty exempting Canada from its provisions, unless and until accepted by the parliament of the dominion. Such a clause, it will be remembered, was inserted in the Anglo-French Treaty.

Because of the indisposition of Mr. Lloyd George the conference does not open until Monday. In the meanwhile the agenda has been debated in the House of Commons and official denial has been given to the report that the premier will attend the opening of the North Ulster Parliament. Premier Meighen, however, has not been without a number of duties. For the moment he is busy declining requests of invitations to social functions.

Alligator Farm Is California's Latest

Los Angeles, Calif., June 15.—How would you like to be the man with the bucket and stick standing among hundreds of creeping cannibals? He is the owner and manager of the strangest sort of the many strange farms around Los Angeles, the alligator farm. His is a little place—only about two acres—and the new crop each year is not large in numbers, but is exceedingly valuable. A high fence surrounds the farm, and the visitors must each pay a quarter to get in; but it is well worth the money, for never did we learn so much in one hour. Imagine you are with us as I tell you about these frightful creatures, half snake, half bear, wallowing in filthy stagnant water, eating nothing but raw meat, fighting or sleeping all the time, an dozen oating their own kind.

There are fully 1800 alligators here, the oldest ones imported from the swamps of the Gulf states. They are carefully grafted and kept in lots fenced in by stout wire, each group having its own pond under the eucalyptus trees, because wallow they must.

The keeper has a dangerous job for they care not what the meat is. He takes care not to stand in front of them, for they cannot move forward swiftly and must use their tails to strike their prey and sweep it into their cavernous mouths. Nor does he venture into the hills where the big gators are.

The eggs are the size and shape of hen's eggs, and these are placed by the mother alligator in the centre of a mound of dirt and decayed matter which she heaps up. The warmth of this fifth hatches them.

ARRESTED FOR TRESPASSING

There was only one arrest made in the city last night. Gilbert Thorne, was arrested at 1:30 for trespassing on the property of the C. N. R. by the officers of that company. A quartette of "pros" were made welcome in the city's dormitory.

FIGHT BEHIND SAND BAGS IN BELFAST CITY

Carefully Prepared Plan to Keep the Crown Forces Constantly on the Alert.

WILD NIGHT IN MANY STREETS

Nationalist Paper Calls on Belfast Catholics to Awake to Their Dangers!

Belfast, June 15.—A feature of the Belfast disturbances which is disquieting to the authorities is furnished in what they termed today a concerted attempt to keep alive the disorders. Several police barracks notified military headquarters at 1:40 o'clock this morning that whistles had been blown, revolvers fired and cries of murder raised in their districts, followed by genuine screams of panic from women and children who associated the noises with reprisal raids.

Sand Bags for Shelter

This happened in one district yesterday, but today it assumed a widespread character. Shooting occurred during the breakfast hour this morning in the streets affected yesterday. Sand bags were used for shelter. Snipers were seized by the police in one street.

The first fighting yesterday was in the mass of streets radiating from Conway street in the Falls district. Sinn Feiners, armed with revolvers took positions on roofs and at other vantage points. Sand Bag barricades furnished shelter for others, behind which they were safe from the bullets of the crown forces, while gunned kept up a continuous fire on the police. When the barricades were stormed it was found that the defenders had beaten a quick retreat.

Rioters Re-assembled

An attempt was made to empty the sand bags, but the police did not have time to do this properly, and as they passed on Sinn Feiners re-assembled, re-arranged their defenses and the shooting was begun anew. The Nationalist newspaper Irish News today says:

"There are more than one hundred thousand Catholics in Belfast. It is time they awakened to the grave perils which beset them and took practical, courageous and effective steps to defend their integrity as Irish citizens, to hold their homes and to preserve their lives."

Miss Effie Hurley, Fredericton, is visiting in the city.

Mrs. Robert Miller and Mrs. Annie Miller, who have been visiting in the city, returned to their home in Richmond today.

Trustees Give Financial Report

Believe Various False Statements Have Been Spread Abroad.

The trustees' report of Tabernacle Building Fund submitted at the church meeting last evening follows: "In as much as there has been considerable dissatisfaction arising, both within and without the church, respecting moneys raised and purposed to be raised for the New Soldiers' Memorial Tabernacle Building Fund, under the leadership of Rev. F. J. Donahue, we, the pastor and members of the board of trustees of the Tabernacle Baptist church, having examined all material at hand in connection with the fund raised, submit the following report:

1st. All books, ledgers and receipts available were looked over, and as far as possible audited. 2d. The records being incomplete, because (a), the major portion of the fund was contributed in lump sum by the treasurer, and receipt cards, for convenience and to save expense, being sent, left no vouchers or stubs on hand; (b), about one-third of the letters received did not specify the sum enclosed and had to be raised by the auditors as per the rank of the soldier whose name was sent in, consequently an accurate audit could not be made.

3d. Letters received by the treasurer in almost all cases contained very small amounts, where specified. Only one or two containing \$20 and \$25, a number of \$5, but mostly \$1 and \$2 each. The amounts being small counted slowly, and so far as can be ascertained, less than \$400 came through the mails, accompanied by the names of soldiers, which we still retain for record in the new building when completed.

4th. Mr. Donahue's receipt books show an amount of nearly \$400 received income. These books contain some blank stubs, and it is known that a number of those contributing did not receive receipts, some not wishing one and others being overlooked.

5th. That \$400.06 were taken in through special offering, June 17, 1917, \$208; July 7, by pie social, \$55; July 22, Y. P. S. C. E., \$49.06; and on the 18th August from the S. S., \$17, and \$100 through a special gift, making in all \$559.08. The total sum received from the campaign was \$1,212.56, thus leaving about \$200 unaccounted for over and above the vouchers and letters in hand, that is, about \$200 more in hand than we have records of.

6th. That the definite personal explanation made by Messrs. Patterson and Pitt, secretary and treasurer respectively of the fund, clearly set forth all financial dealings with Mr. Donahue, as perfectly satisfactory and straight. And that Messrs. Patterson and Pitt enjoy the confidence and esteem of the church they serve, being returned as Members of the Board of Deacons by a large vote in the last church elections.

7th. That the expenses of raising the money was \$418.80, and the explanation why more money was not secured from the amount of advertising done, was the direct and indirect opposition to the scheme as projected. One thousand dollars was paid on the property acquired adjoining the Tabernacle, and the sum of \$466.28 mentioned fund, the sum of \$466.28 from the will of \$500, less expenses, of the late Mr. Shaw, secured through Mr. Donahue, was paid into the hands of the trustees after Mr. Donahue's departure, and placed in the bank.

8th. That we believe various false statements have been spread abroad making it appear a much larger sum has come to hand; (a), through defining the false statements, or (b), through the fact that certain men of the city had promised a considerable sum when the work was started.

9th. That we deprecate the situation which has placed our church under suspicion, and heretofore shall take all precautionary measures to prevent the recurrence of any such conditions.

10th. That the building fund as carried forward under our present pastor, Mr. Tedford, has been audited and found correct, the sum of \$1,079.68 having been received and placed in the Bank of Nova Scotia, Haymarket Square. And since the time of Mr. Tedford's leaving for the west, one year ago, \$110 has been added to the above amount. At the present time there is on hand the sum of \$1,190.

In conclusion, we desire to express our sincere appreciation to each and every one of the constituency whose gift has come in for helping forward the work in this section of the city, and in the course of time, as soon as possible, we anticipate the erection of a commodious church home.

Respectfully submitted,
REV. A. L. TEDFORD,
Pastor.

Col. Biggar Will Fight Injunction

Ottawa, June 15.—Colonel O. M. Biggar, government counsel and chief electoral officer, will proceed to Winnipeg to take charge of the government's case in the injunction proceedings to restrain the Royal Grain Inquiry Commission from holding sittings. Hon. C. J. Doherty, Minister of Justice stated today that with Colonel Biggar he would handle the case in conjunction with other counsel, probably from Winnipeg. The department of justice is now making arrangements for retaining counsel which will be associated with Colonel Biggar in the case.

In a Way He Did.
"I hear he married money."
"Well, if money talks, he sure did."

Fredericton, N. B., June 15.—Trucks for the first coal from Grand Lake coal areas of New Brunswick for use on the C. N. R., have been awarded to members of the Minto Coal Operators' Association. The contracts call for delivery of 10,000 tons during the next six months and 5,000 more tons during subsequent period.

The amount is not large, but pleasing to John Henderson, a man of the association, who has arrived here on his return from Toronto, where he is the manager of the International Company's mines, met President Hanna and other officials of the C. N. R. at a conference which had been arranged by the Right Hon. A. Meighen, Prime Minister, with the operators had taken up the matter of the use of New Brunswick coal on the C. N. R. lines in the province during his recent visit to Fredericton.

Means Much To Province.
Mr. Henderson said today that regarding the awarding of the contracts as important because it means entering wedge and the recognition of justice of the claims of the operators that N. B. coal should be used on the locomotives of the C. N. R. trains operating in the province. The estimated quantity of coal annually at Moncton, Napadogan, Grand Lake and Devon in this province is \$4,000 tons and Nova Scotia coal being hauled long distances in cases, Mr. Henderson pointed out, whereas the coal might be obtained with a comparatively short haul to ship a proportion of the product their mines going out for commercial purposes over the C. N. R. lines.

The Spur Line.
Mr. Henderson also said that of the matters which had been discussed at the Toronto conference the construction of a spur line to the National Transcontinental line of the C. N. R. to Minto. A seat coal had to be shipped from Minto to Chipman by the Fredericton and Grand Lake Coal areas, which placed an almost prohibitive rate of 70 cents per ton for the haul of 12 miles; the proposed line would be only 6 1/2 miles in length and its construction would prove a profitable investment for the C. N. R. It was believed.

Spur Line May be Built to Bring Coal to Moncton Cheaper

Fredericton, N. B., June 15.—Contracts for the first coal from the Grand Lake coal areas of New Brunswick for use on the C. N. R. have been awarded to members of the Minto Coal Operators' Association. The contracts call for delivery of 50,000 tons during the next six months and 5,000 more tons during a subsequent period.

The amount is not large, but it is pleasing to John Henderson, chairman of the association, who has arrived here on his return from Toronto, where he and A. D. Taylor, manager of the International Paper Company's mines, met President Haana and other officials of the C. N. R. at a conference which had been arranged by the Right Hon. Arthur Meighen, Prime Minister, with whom the operators had taken up the matter of the use of New Brunswick coal on the C. N. R. lines in the province during his recent visit to Fredericton.

Means Much To Province

Mr. Henderson said today that he regarded the awarding of the contract as important because it meant the entering wedge and the recognition of the claims of the Minto operators that N. B. coal should be used on the locomotives of the C. N. R. trains operating in this province. The estimated quantity of coal used annually at Moncton, Napadogan, Edmondston and Devon in this province is 50,000 tons and Nova Scotia coal is being hauled long distances in many cases. Mr. Henderson pointed out, whereas the coal might be obtained with a comparatively short haul from the mines in New Brunswick.

The Spur Line

Mr. Henderson also said that one of the matters which had been discussed at the Toronto conference was the construction of a spur line from the National Transcontinental division of the C. N. R. to Minto. At present coal had been shipped from Minto to Chipman by the Fredericton and Grand Lake Canal and Railway which placed an almost prohibitive rate of 70 cents per ton for the short haul of 12 miles; the proposed spur line would be only 6 1/2 miles in length and its construction would eventually prove a profitable investment for the C. N. R. It was believed.

Houlton Firm Wants Rum Running Car

Canadian Gov't Holding it Because While Entered as Tourist it Was Used in Trade

Special to The Standard
Fredericton, N. B., June 15.—There have been no new developments up to noon today in the fatality which caused the death of Frederick Haslett when a rum-running automobile in which he was being given a ride crashed into an electric light pole and then into a tree at the foot of Forest Hill on May 20 last.

At the attorney-general's department it was said today that the finding of the jury at the coroner's inquest had not yet been received from the clerk of the peace of York county, and until Fred H. Peters, the clerk of the peace, takes action it is apparently unlikely that anything will be done in preferring a charge against the driver, who was the driver of the car.

Meanwhile negotiations have been undertaken, on behalf of a Houlton firm, which claims to own a lien on the machine, for gaining possession of the rum-running car to secure it from the customs department officials who seized it. The car is a Mitchell six-cylinder roadster and was seized because it had entered Canada under a touring permit and was found to be adapted for commercial purposes.

PROVINCIAL APPOINTMENTS.

Fredericton, N. B., June 15.—Provincial appointments are gazetted as follows:

Carleton—H. C. Cochran of Victoria, to be a J. P.; Walter H. Bramford, of Woodstock, to be commissioner for taking affidavits to be read in the Supreme Court.

Charlotte—Geo. M. Byron of St. Andrews, to be a commissioner for taking affidavits to be read in the Supreme Court; Ernest Hill of St. Stephen to be deputy sheriff.

Gloucester—Samuel Lane Bishop of Bathurst, to be a J. P.; J. P. Duncanson of St. John, to be a J. P.; William R. Princes of Hampton village to be a provincial constable.

Northumberland—M. W. McCarthy, to be police and stipendiary magistrate for Blackville with civil jurisdiction there; J. E. Bondreux of Rogersville to be a justice of the peace for Rogersville.

Queens—Wm. C. Belyea of Gagetown, to be a special constable; Joseph Josephus of Angus Hamilton of Dundee and Auguste Gougeon of Belvoir to be justices of the peace; J. P. River Crossing to be a J. P.; J. P. Westmorland—John S. Magee and Ralph W. Hewison of Moncton, to be commissioners for taking affidavits to be read in the Supreme Court.

York—R. Wesley Cropley of McAdam, to be commissioner for taking affidavits to be read in the Supreme Court; Charles H. Sterling of South Devon, to be a provincial constable; D. J. Sullivan of Fredericton, to be a commissioner for taking affidavits to be read in the Supreme Court.

On recommendation of Chief Inspector Hawthorne, H. P. Hasperman is appointed retail vendor of intoxicating liquors for Centreville, Carleton Co.

Big Storm Sweeps Halifax District

Halifax, N. S., June 15.—A severe thunder and lightning storm accompanied by hail and rain visited Halifax this afternoon. Considerable damage was done to crops in the environs of the city by the hail stones, some of which were as large as marbles. The water mains in the houses of William Chesney on Tower Road were broken when the place was struck by lightning. Fortunately no one was injured although Mrs. Chesney and two children were in the house at the time.

Cumberland Farmers To Enter Politics

Amherst, N. S., June 15.—At the annual convention of the Cumberland branch of the United Farmers of Nova Scotia which opened here today, Capt. James A. McKinnon of Matigash, N. S., was elected president of that organization for the current year. It was intimated in the course of proceedings that the farmers plan to take an active part in politics, and will meet later on with the labor section of the county when a candidate for federal honors will be named.

Farmers Decide Not To Protest Election

Few of the Agrarians Anxious to Attempt Unseating of York-Sunbury Victor.

Special to The Standard
Fredericton, N. B., June 15.—At the conclusion of the meeting of the executive of the United Farmers' Association of York-Sunbury this afternoon, it was definitely announced that there would be no protest of the recent federal by-election in this constituency on their behalf.

"Our protest will be at the general election, which, evidently, is not far off," declared John Inch, of Keswick, one of the organizing directors for York county, after the meeting. He said there was only an insignificant minority favorable to the suggestion of a protest, the others feeling it would do the Farmers' party more harm than good.

The election of R. B. Hanson, K.C., of Fredericton, the National Liberal and Conservative party candidate, will therefore evidently stand.

Women's Institute Meeting At Truro

Truro, N. S., June 15.—The eighth annual convention of the Women's Institute of Nova Scotia opened here this morning in the Science building of the Agricultural College. About seventy delegates representing forty-seven institutes in various parts of the province were present when Miss Helen J. MacDougall, director of the Institute, called the first meeting to order. Miss MacDougall presented a report indicating that a great deal of good work along educational lines had been done for the women of Nova Scotia by the institutes during the past year. A number of new branches had been formed, Miss MacDougall said.

FIVE BURN TO DEATH

Calgary, June 15.—Mrs. J. J. Rutledge and her four children were burned to death Tuesday night in a fire which destroyed their home, eight miles northeast of Innisfail. Mr. Rutledge, her husband, and another child escaped.

The origin of the fire is unknown. Provincial police are investigating.

Liquor Vendors Get 3,000 Cases

Wholesale Liquor Licenses Likely to be Cancelled by End of Week.

Fredericton, N. B., June 15.—The total quantity of liquor taken over by the board of liquor vendors of New Brunswick from the wholesale liquor licenses at St. John does not exceed 3,000 cases, according to a statement made this afternoon by Hon. J. F. Tweeddale, chairman of the commission. As soon as the second cargo of 1,500 cases reaches here and invoices have been checked and the amounts paid, Mr. Tweeddale said, they would automatically cancel the licenses of the wholesale vendors at St. John. After that date wholesale vendors cannot legally have any stock in their warehouses, he said, unless they obtain licenses as exporting companies; then their business must be carried on through a bonded warehouse. It is expected that by the last of this week the wholesale liquor licenses will no longer exist.

ST. JOHN, N. B., THURSDAY, JUNE 16, 1921.

SEN. McDONALD'S APPOINTMENT

Through the kind offices of a friend in Montreal, belated but none the less appreciated, we yesterday learned of a circumstance which we sincerely regret; but for which we are in no way to blame. When, a few months ago, Mr. J. A. McDonald was appointed to the Senate of Canada, we did not hesitate to say that such an appointment was not only a pitiable political blunder, but a gross insult to the people of New Brunswick, for which the justification could possibly be offered. Since that occasion we have seen no occasion to change the view then expressed; if our views have altered at all, it is only to the extent that they have become even more emphatic. We said at the time all there was to be said on the subject and left it at that. As a dummy representative Mr. McDonald has probably justified all the expectations we formed for him; he has since his appointment neither said or done anything that called for newspaper comment.

It is therefore with considerable surprise that we now learn for the first time the alleged reason for our silence of late in regard to Mr. McDonald. It is that shortly after our criticisms of the appointment ceased, we having said all there was to say, one Mr. George L. Harris, a lawyer, was employed and paid by Mr. McDonald to come to St. John and interview us, with the object of having our criticism of this misrepresentative Senator silenced. It may be true, as told to us, that Mr. Harris was employed by Mr. McDonald and paid by him. It may be true that Mr. Harris came to St. John. Possibly, too, he called at this office, but if so, the purpose of his visit was of so unimportant a nature that no one on the staff of this paper either recalls him, or the occasion, or the purpose of his visit. But this we do know; that the statement that Mr. Harris, either for himself, for Mr. McDonald, or for anyone else, succeeded in inducing this paper, or attempted to induce this paper, to cease criticizing Mr. McDonald, or to vary in the slightest degree its attitude in opposition to his iniquitous appointment, or to the inane stupidity of Hon. W. Wigmore in making such a selection, is an unmitigated falsehood. We believe just as firmly today as we have always believed, that the appointment of Mr. McDonald of Amherst to the Canadian Senate as a representative of the Catholic population of New Brunswick is the place of Senator McSweeney was not only a political blunder of the gravest nature but a gross fraud upon the people of this province and will inevitably result in a very serious weakening of government influence here.

With this feature of the case, however, we are not immediately concerned. The question at issue is the attitude of The Standard, and the assumption that Mr. George L. Harris, or any of his ilk can come to St. John, and buy us off, is an insult which demands immediate repudiation. If Mr. Harris or his alleged principal in this matter, will just make some definite statement along the lines of the allegations to which they have apparently given their sanction, we will be pleased to take such public action as may be required in order to justify ourselves in the minds of the people of New Brunswick. We will not hesitate, whenever it becomes necessary, to adversely criticize anything savouring of flagrant political jobbery, though we would not adopt that attitude unless circumstances in our opinion justified it. But having taken a course, which we feel is the right one, we cannot be bought off. Our criticisms regarding Mr. McDonald ceased because we had said all there was to say, and he has never said or done anything either good, bad or indifferent since, that was worthy of a passing thought.

THE MUSQUASH WATER POWERS

There is not the slightest desire on the part of The Standard to minimize in any way the credit due the Post-Office Government for devising means by which very large amounts of money may be disbursed by a few of its favorite adherents. Yet this paper cannot refrain from drawing the attention of the people of New Brunswick to one or two facts in connection with the water power development scheme which is now being carried on, particularly with respect to the Musquash proposition. Contrary to the beliefs of our present provincial rulers, the first requisite in an enterprise of this nature is not an abundance of money, nor even an intense desire to spend it where it will prove most effective from a political standpoint. In a water power proposition the first and most important element required is water, and, unfortunately, at Musquash, there is very little water worth talking about. It is true that a creditable piece of construction is being carried on at this place, but, regrettable though it may be, there is not sufficient storage or flow of water to justify the very lavish outlay. The capital expenditure which is being made should provide many times greater power production than will be possible at Musquash if the power so produced is to prove an attractive purchase to prospective consumers. Already we have expert reports on the probable results of this development which go to show that if overhead costs are kept down, and if operating costs are reduced to a minimum, the power produced at this plant will be as cheap as that now being used by the people of St. John. These reports contain sketchy comparisons with production costs of the New Brunswick Power Company, but it must be remembered that this company is today developing power with coal purchased almost at the peak of prices, and quite naturally when the price of this coal runs off two or three dollars per ton, and with a reduction in the wage scale as will be the case in the not distant future, production costs by the Power Company in St. John will be considerably lower than those of the government enterprise at Musquash. Since it has not, up to the present, appeared that there are in St. John or Southern New Brunswick within reach of the proposed transmission lines, from Musquash, very many large consumers of power—at least the demand in this locality has never been very heavy in past years—it cannot reasonably be expected that the establishment of a new power production plant which will be unable to market its product at any reduction in price, will create a brisk demand. And even with an appreciable discount from existing rates, it is wholly unlikely that many factories could be induced to locate here in view of the fact that our present industries, by reason of the adverse freight rates, are handicapped in marketing their goods outside the immediate circle of their own activities.

Delay a Great Help.
 Garfield, the murderer, in the story of his escape, told how he would have commanded another car than the one he escaped in, only that he had tried one after another and invariably found them locked. The locking of a car does not guarantee its safety from the clutches of a man who understands the internal mechanism of cars, but the delay necessary to release that which applies to no particular denomination alone, and any sign of its amendment is most commendable; for no other profession should the duty of locking a car be considered worthy of his hire, apply more forcibly than to those who minister to the spiritual needs of their fellow-Hamilton Spectator.

A BIT OF VERSE

OLD MAN.
 Old man, old man, sitting in the sun,
 What was the struggle worth now the race is run?
 How does life look to you now it's all behind?
 Under your bad pate, what lingers in your mind?
 I wonder if you cherish still
 The blue day on the windy hill
 When first your eyes flared here, and
 things
 Bright as pigeons' sheeny wings,
 Flashed through you, and delight
 Burned you with kisses white.
 I wonder do you dwell with pride
 On those rough days in which you
 tried
 Your strength against your fellow
 men,
 And won and lost and won again—
 Happy to toil and strive
 That you should be alive!
 Is gladness hid in moonlit eyes
 When leaves come sighing through the
 leaves?
 Or is it garish straggling days
 To which your hungry fancy strays—
 Green seas, the busy mart,
 Which wrote upon your heart?
 Have you regret for marriage ties?
 Did children make you sad and wise?
 What mattered much? What not at
 all?
 And, pray, what would you recall
 And leave undone, to reap
 Sounder and sweeter sleep?

Old man, old man, drawing near the night,
 Speak wisely through your beard,
 answer me aright—
 That I may have good dreamings
 when life is done,
 Leaving me to bide as you, cold in the
 sun.

 "Oh, I've just been to the photographer's with my pet dog Dido and he's taken a picture."
 "That's fine," said the friend.
 "Yes, but I'm a bit disappointed. Dido is acceptable to our people. We don't like being told that we are only eighty-seven per cent. solvent; we don't like being told that we have got to supply our neighbors with such of our raw materials as they need, whether we like it or not, or that we will be trouble; we don't like to have to pay a head tax of \$8 every time we wish to cross the border for any temporary purpose; we don't like being made a general convenience of whenever it suits our neighbors to treat us that way. We are willing—nay glad—to be friendly with the people of the United States, but we want no favors from them."

COLORS.
 Colors are wat' keeps things from all looking the same on the outside. The way to make a color is by mixing 2 other colors, the cheet thing being to know wch 2 to mix.
 A good way to give variety to a meal is by eating different colored things. For instance a good meal is as follows: red ketchup, white potatoes, brown meat, yellow butter and black pepper. Another good meal is white horse reddish, green pickles, pink meat, brown mustard, blue plums and yellow ice cream.
 Peoples hair is a different color from the rest of them to keep them from looking monotonous, but each person's hair is generally all the same color instead of being 2 colors like red and black to keep them from looking too assorted. Dogs hair is often 2 colors in case of spots.
 When a lady thinks she has the wrong color hair she is libel to die if the opposite color thinking maybe people wont notice it, only they do jest the same on account of so many of them having saw her the day before.
 One of the most conspicuous colors is red. The different between most people and most bulls is that most bulls get mad if you go up and wave a red rag in front of their face, while most people would get mad if you went up and waved any color rag in front of their face. Many ladies like the general color of red and go around with red dresses on, proving its a good thing bulls are scarce.

Simple Solution.
 The railroads' troubles will be at an end if they can devise some plan by which they can simultaneously increase wages and reduce freight and passenger rates.—Nashville Southern Lumberman.

 Little Girl—Please, teacher, he was noted by marriage to more people than any other man that ever lived.

Then And Now.

Too Optimistic Thought.
 We may be too hopeful, but with the adoption of universal disarmament we hope to see it made a crime for a woman to carry an umbrella.—Buffalo Express.

 "Great! I've had only two letters from him—one from a police station and the other from a hospital."

Use "Tiz" If Feet Ache, Burn, Puff Up

Can't beat 'Tiz' for sore, tired, swollen, calloused feet or corns.

You can be happy-footed in a moment. Use "Tiz" and never suffer with tender, raw, burning, blistered, swollen, tired, aching feet. "Tiz" and only "Tiz" takes the pain and soreness out of corns, callouses and bunions. As soon as you put your feet in a "Tiz" bath, you just feel the happiness soaking in. How good your poor, old feet feel. They want to dance for joy. "Tiz" is grand. "Tiz" instantly draws out all the poisonous exudations which put up your feet and cause sore, inflamed, aching, greasy feet. Get a box of "Tiz" at any drug store or department store. Get instant foot relief. Laugh at foot sufferers who complain. Because your feet are never, never going to bother or make you limp any more.

The Tortures of Dyspepsia Relieved By "Fruit-a-tives."
Little Bras D'or C. B.
I was a terrible sufferer from Dyspepsia and Constipation for years. I had pain after eating, belching gas, constant headaches and did not sleep well at night. Finally, a friend told me to try "Fruit-a-tives." In a week the Constipation was corrected and soon I was free of pain, headaches and that miserable feeling that accompanies Dyspepsia. I continued to take this splendid fruit medicine and now I am well, strong and vigorous."

TO DEPORT AGITATOR.
Montreal, June 15.—Patrick James Reid, alias Reid, a young socialist, who was a leader of a raid by the unemployed on Child's restaurant last winter, for which offence he was sentenced to a term in prison, is to be deported to the United States by virtue of a judgment rendered today by Mr. Justice Coderre, in the practice division of the Superior Court, who ordered a writ of habeas corpus, taken by Reid against the immigration authorities, quashed with costs against plaintiff.

IN THE EDITOR'S MAIL
Aroostook Jet, N. B.,
June 15, 1921.
To the Editor of The Standard:
Sir,—I note with extreme pleasure the manner in which the St. John checker players look upon checker playing, and I can speak both for Frank McCloy and myself, that like all true disciples of Damb, we love the game for itself, and have always endeavored to uphold the best traditions of this noble pastime, but owing to the claim made by or on behalf of Mr. Latimer, which we do not recognize, and the challenge put out by McCloy, I am authorized to say that his offer is still open to play for any amount up to \$1,000. On the other hand, Mr. Clynmont is quite as willing to play for the honor of it or for the love, as you say, I have played a great deal with McCloy at different times, but the question of playing for a stake never cropped up in any way, as, like your St. John players, we love the game for its merits.
May I be allowed to suggest as an alternative to the above two courses, that the suggested tournament be held in St. John during August month, open to all the province, and that a cup or shield be given for the winner to hold for one year, and anyone winning same for three successive years to become the property of the winner. This, I think, would be satisfactory to all and also satisfy the claims of the different aspirants, in which case I would be glad to come down and compete, and renew my acquaintance with some of my old checker friends, whose kindness to me on visits years ago has always left very pleasant recollections.
Trusting this will enable the matter to be settled amicably, and hoping that friend Latimer will look out for

the northern wolves when they descend on his fold.

At Age of Seventy She Feels Like 50
Queen County Woman Declares She Has Never Seen the Equal of Tanlac in All Her Long Life.
"I am seventy years old but don't feel a day over fifty, and all of my life I have never seen a medicine the equal of Tanlac," said Mrs. William T. Reader, of South Clonias, Welshford, Queens county, N. B.
"For years I was weak and run down and, in addition, suffered a great deal from rheumatism. I had no appetite and I just had to force myself to eat. I had awful headaches and dizzy spells, too. To make matters worse, my hands swelled up to twice their size with rheumatism and my fingers were so stiff I couldn't use them. My legs hurt me all the time, but especially at night, and I got very little sleep.
"It certainly is wonderful how the right medicine will help one. Why, I am like a different person since taking Tanlac. I have a splendid appetite and am free from headaches and dizzy spells. The swelling has gone out of my hands and I haven't an ache or pain left. I sleep all night long without waking once, and bless the day I bought Tanlac."
"Tanlac is sold in St. John by The Rose Drug Company and leading druggists."

JUNE WEDDINGS
Turner-Walker.
An interesting wedding took place last evening in St. James' church, when Rev. H. A. Cady united in marriage Miss Adeline U. H. Holder, daughter of Mr. and Mrs. William H. Holder and Robert J. Turner, son of Mr. and Mrs. Robert A. Turner, all of this city. She was attended by two little flower girls—her sister Eleanor and Marion Price. The ushers were LeBaron Stubbs and Ronald McKel after the ceremony a buffet luncheon was served at the home of the bride's parents, 146 Mecklenburg street, and Mr. and Mrs. Turner left on the evening train for a honeymoon trip to Montreal, Toronto, Niagara and Buffalo. On their return they will reside at 82 Mecklenburg street.

McCoy-McDiarmid.
A wedding of interest was solemnized in Germain street Baptist church yesterday afternoon when the pastor, Rev. S. S. Poole, united in marriage Miss Elsie Barbara McDiarmid, daughter of Mr. and Mrs. Silas McDiarmid, and Lewis McCoy, assistant manager of the Royal Bank of Canada in Truro, N. S. The bride was attended by her sister, Miss Len McDiarmid, through Nova Scotia and on their return will reside in Truro. John Olive and George Roberts were ushers, and T. C. Cochrane officiated at the organ.

Stead-Hegan.
A very quiet wedding took place in St. Paul's church yesterday morning when Rev. Archdeacon Crowfoot united in marriage Miss Edith Hilley Hegan, daughter of Mr. and Mrs. George Hegan of this city, to Basil Stead of Ottawa. Mrs. Bancroft Braine, of Montclair, N. J., was the matron of honor, while the groom was supported by his brother, Austin Stead of Montreal. Miss Hegan, who is a graduate of a New York hospital, served with distinction overseas and was awarded the Royal Red Cross Medal in Petrograd during the outbreak of the Russian revolution and she spent some time in Labrador at Dr. Grenfell's mission.

Murray-McKee.
In Queen Square Methodist church Miss Vera Elizabeth McKee, daughter of Mr. and Mrs. H. C. B. McKee, 164 King street east, was united in marriage with William Henry Murray, son of E. R. S. Murray, Douglas Ave. The ceremony was performed by Rev. Neil MacLaughlin. The wedding march was played by Major W. A. McKee of Moncton, uncle of the bride. Cyril McKee and Herman Mawhinney acted as ushers.

McGowan-Harrington.
St. Peter's church was the scene of a pretty wedding at six o'clock yesterday morning, when Rev. Edward Sulley, C.S.S. R., was celebrant at a nuptial mass, united in marriage Edward D. McGowan and S. Helena Harrington of 149 Adelaide street. Miss May Harrington, R. N., sister of the bride, was bridesmaid. Joseph Harrington, brother of the bride, supported the groom. Mr. and Mrs. McGowan left on the Digby boat on a trip through the Annapolis Valley. On their return they will reside at 7 Elgin street.

Winslow-Manning.
A wedding of much interest took place in the Cathedral of the Immaculate Conception yesterday morning when Rev. A. P. Murphy, daughter of Daniel Murphy of Lancaster, and Charles J. Hazel, son of Mrs. C. Hazel of this city. The bride was attended by her sister, Miss Winnifred Murphy. The groom was attended by his brother, J. T. Hazel. After the ceremony a dainty wedding breakfast was served at the home of the bride's parents and Mr. and Mrs. Hazel left for Boston, New York and other American cities.

Obituary
Daniel Michael, who before the days of the railways in New Brunswick conducted a stage service from St. John along the river route as far as Grand Falls, passed away at an early hour yesterday morning at the residence of his only surviving daughter, Mrs. David Corkery, Paradise row. He was a native of the upper Saint John and came to the city when a

young man and established the stage service. Later he became the proprietor of a livery business in the city and conducted it for several years, after which he was owner of the Three-Mile House at Coldbrook. Besides his daughter, he is survived by one brother, David, who resides in Nova Scotia, and one sister, Mrs. Leonard Portas of Grand Falls. The funeral will take place on Friday morning at 8:15 o'clock from the residence of his daughter to Holy Trinity Church for requiem high mass at 8:30 o'clock.

Richard Hutchison
Newcastle, N. B., June 15.—The death occurred rather suddenly, at Miramichi Hospital, this morning, of Richard Hutchison, Boston, Mass., after an illness of less than a week, of stomach trouble. He was a son of the late Ernest Hutchison, founder and benefactor of the institution in which his son passed away, and came to visit friends here two weeks ago. After a short fishing trip on the North-west he was taken ill and removed to the hospital. He had been a resident of Boston for a great number of years, where he was well known as a mechanical engineer. He was also commodore of the Boston Yacht Club. He is survived by widow, in Boston, one son, Alexander Harry Hutchison, of Cambridge, Mass., and one sister, Mrs. Hugu Moncrief, of Winnipeg.

John Jones
The death of John Jones, Newcastle, occurred at the home of his son, Mont, town superintendent, on Monday. He was born in Cornwall, England, eighty-eight years ago, and came to Newcastle when a boy of thirteen years of age with his parents and has lived here ever since. He leaves his wife, three sons, Harry, of Portage La Prairie, Man.; Fred, of Winchester, Mass.; and Mont at home; also two daughters, Mrs. John McCormack and Mrs. William Corbett, both of Newcastle.

Wm. J. Clerke
Mr. Robert Clerke of the Customs Department received a telegram Tuesday evening, announcing the death of his brother, William John Clerke, of Brooklyn, N. Y. He was born in St. John and went to Lynn, Mass., in 1876 with his wife and family. His first wife was a Miss Compton, who died in Lynn some years ago. Mr. Clerke married again and removed to Brooklyn, N. Y., about 15 years ago, where he carried on a gent's furnishing and a millinery store.

KILLED BY SINN FEINERS.
Dublin, June 15.—James Kane, police pensioner and an inspector of Fisheries, was shot dead today by members of the Irish Republican army, a spy, near Listowel, County Kerry. A farmer named Boyle was shot dead near Killybeggy, County Tipperary. The body was labelled, "Tried and sentenced to be shot by the Irish republican army."

BRIEF STRIKE OVER.
Paris, June 15.—The general three day strike called on June 11, in Munich, as a protest against the murder of Deputy Gares, leader of the Bavarian independent socialist party on Thursday last, was declared ended yesterday, says a despatch from Munich.

Marguerite Goes Shopping

In a lecture given last winter in St. John, a criticism was made of window dressing as carried out in this city. Surely if the lecturer walked along our principal thoroughfares she would be struck with the beauty and artistic arrangement of the shop windows to be found there. After the theatre it is a common sight to see couples strolling along Union, Charlotte and down King street admiring the costumes and perhaps making up their minds what shall be purchased on the morrow. Window dressing is an art of itself, and it will repay an observer to notice how colors, articles of apparel and materials are placed according to carefully planned designs. They represent time and thought.

Do you remember how the poet raves about "A Host of Golden Taffets" in the "Spring"? Well, one of the windows of F. A. Dykeman & Co. looks just like a garden full of pretty flowers and have verses written about it. Examine it closely and you will discover some of the smartest blouses in georgette and crepe de chine you have yet seen. A distinguished delectable blouse held in at the shoulders outlined by good-sized black beads. Yes, the shoulder seam is really stiff and a little down over the arm. Unusually normal, so to speak, are a pair of georgette with collar of fillet lace and vest of tuckled white georgette with embroidery in gray wool and white stitching in pink silk, exquisite white ones in crepe, georgette and voile with lace frills; a pink georgette; snail-like blouse held in at the waist with a twist of cerise ribbon faced with tulle, and a gray crepe de chine lined with pink.

Transformation Frocks Adaptable

Serve Many Purposes and Are Useful for Women Traveling With Little Luggage.

The most world-famed quick change artist would be amazed could he but see the transformations made possible to the ordinary woman by the transformation frocks which have just been designed for the smart woman who wishes to travel with little luggage.

In one frock madame is perfectly attired for afternoon. Her bolero of marine blue tulle allows a direct peep of a new, light blouse, but wide spreading skirts of tulle shows a glimpse of lace at its lifted hem.

Should she decide to stay in town to dine at a smart restaurant, her dress presents no difficulties, for, discarding her bolero, unhooking a belt and removing her pinnacles, she appears in a lace gown of the most elegant description. The long scarf of her afternoon toilette becomes the sash of her evening gown, and madame emerges from the cloak room ready to stand the inspection of the assembled diners.

Sheath Robe of Satin.

Another transformation model has as its basis a sheath-like robe of black satin. The addition of a white satin pinafore, gauged at the hips, fastening behind with one button, and bordered with black monkey fur transforms it into a smart afternoon robe. For outdoor wear, the transformation frock has its short, square-cut coat of white satin bordered with fur. A fourth metamorphosis is seen when the satin sheath, reinforced by a wide upstanding collar of lace encircling the shoulders, emerges as an evening gown.

One dress a day becomes for the first time a possibility in the life of the fashionable woman.

Women Favor Federation Plan

National Council at Calgary Decides to Join Social Service Council of Canada.

Calgary, Alta., June 15.—The question of federating with social service council of Canada came before the National Council of Women at the opening of the morning's session. Dr. Stow-Gullen, of Toronto, presented the following resolution:

"That the Canadian Council of Women again federate with the Social Service Council of Canada."

This was seconded by Mrs. Allen, of Moose Jaw, and carried. The balance of the session was taken up with the appointment of various standing committees.

Protecting Women.

In a report, presented at Tuesday's session, Mrs. C. O. Edwards, of MacLeod, convener of the National Law Committee, told something of the work which the National Council has done in trying to bring about better legislation for women and children.

The most outstanding action which has been taken by the National Council in this line was the appointment of a deputation from the organization which waited upon the Hon. Mr. Doherty, Minister of Justice, on April 22, 1921, and laid before him the wishes of the council as expressed by the recommendation of the committee.

The committee emphasized the need of a detention place where those brought before the courts could have the benefit of examination as to their mental and physical condition before sentence was pronounced. It was pointed out that the physical age of an offender is taken into consideration by the court, but no attention given to the mental age, and statistics prove that a large number of criminals offend because of their mental capacity of quite young children.

Should Study Taxes.

Mrs. Murray, of Halifax, presented the report of the committee on taxation; she referred to the necessity of women knowing more about taxes and the fact that the war debts necessitated increased revenue, and pointed out that every sort of means is being devised to raise that revenue, the effect of the various schemes being discussed on all sides. She referred to the federal income tax, the excess profits tax and the luxury tax which latter two have been abandoned as bearing too heavily upon the cost of living for the masses, although these taxes seemed at first to fall upon the extravagant and the profiteers. Experience showed them to be onerous burdens on the masses.

"All unscientific taxes may be shifted to the ultimate consumer and so increase the cost of living," said Mrs. Murray.

The Superior Court of Montreal has awarded Miss Ethel M. Scott \$200 damages because her fur disappeared from her box while on the St. John Wharf in charge of the C.P.O.S.

AS A WOMAN THINKETH

By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)
Why Men Stay Young

Sometimes, I think that three-quarters of a woman's life is spent in amusing a MAN!

Sometimes, I feel sure that I shall not be able to sleep, when I am dead.

I shall lie there, under the daisies, tossing forever, in the feverish expectation, that some man who PLAYED himself to death!

Why do they never grow up—these men?

On every good wife's tombstone, should be carved the inscription: "Here lieth a woman, who PLAYED herself to death!"

WHY do they long to be "playing," every minute that they are not in school, or church, or jail, or the office?

WHY is all life a "game," to them?

You know it's true!

It's that "What-are-you-going-to-do-entertain-me-this-evening?" attitude, that drives so many wives to the manitarium, and keeps the nerve specialists rich and busy.

The girl who attracts a man is the one who amuses him—and the woman who holds him is the one who keeps ON amusing him!

The successful wife is the one, who is strong and versatile enough—to be a continuous vaudeville show, with a constant change of bill!

The one who, after putting in the day scrubbing the white paints and cooking a tempting dinner, can slip into an evening gown and dance until midnight.

Perhaps, there ARE men who are content to sit still after dinner and read their newspaper and go quietly to bed at ten o'clock—but I have never had the good fortune to meet one!

Just to sit still for an hour in church either puts them into a crutch—or puts them to sleep!

But they can play a strenuous game of golf all day long, on Sunday—and by Monday evening, be ready for a poker party, or a lodge meeting, or a cabaret.

That's what makes men stay young—and makes women grow old! It isn't keeping a husband comfortable, that keeps the average wife to a frazzle, and leaves her, at forty—looking like a rag and a bone—

It's keeping him AMUSED!

And you can't just pretend to play the game—

You've got to be a "live one" and a good player.

If you aren't—well, he may find another game, and another play-mate.

In short, to be "blameless," a wife must be able to swing a brassie with one hand, and powder her nose with the other.

To broil a steak with one hand and swing an incense-burner with the other.

To rock the cradle with one hand and play bridge with the other.

To keep one eye on the baby and twinkle the other at Hubby's jokes.

To walk in the paths of virtue and industry with one foot, while she foxgrows and fondles with the other.

To laugh at a funny story with one side of her face, while she sings a hymn or a lullaby or gives orders to the cook with the other.

To polish floors with one hand, while she polishes her finger-nails with the other.

To hold her husband's love with one hand while she holds down the household expenses with the other.

To cling to a man with one hand while she clings to Heaven with the other!

Marriage is a twenty-four-hour-a-day job—and a CLOCK gets more than the average married woman!

Few wives are worked to death—most of them are played to death!

In short to be good, wise, beautiful and domestic is not enough to make any man happy.

You've got to be AMBIDEXTROUS!

When Nerves Are Near Exhaustion

A Tonic Should be Taken to Enrich the Blood.

When you become so exhausted after a day's work that you cannot sleep, or sleep fails to refresh you, it is time to look after your health.

Failure to act at once means a steady drain on your health reserve, which can result in but one thing—a nervous breakdown.

Do not wait for a breakdown. The treatment is simple enough if you do not let your condition become too far advanced. The treatment is one of nutrition of the nerve cells, requiring an effective tonic. As the nerves have to be nourished by the blood, the vital fluid must be built up. Dr. Williams' Pink Pills act directly on the blood, and with proper regulation of the diet have proved of the greatest benefit in nervous troubles.

Mrs. Mary McAdam, Sydney Mines, N. S., is one of the many who has proved this tonic treatment. She says: "Last winter my health completely gave out. I was all run down and my nervous system in a condition that greatly alarmed me. I often had nervous headaches, and at times severe pains in the region of my heart. I felt as though I would never be well again. My husband got me a supply of Dr. Williams' Pink Pills and before the second box was finished I began to improve, and under a further use of the pills I felt as well as ever. I would advise all weak and nervous women to give this medicine a trial."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail, post paid, at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TRY TO SELECT THE RIGHT PERFUME

Certain Scents Are Not Appropriate to Some Personalities.

Perfume, rightly used, is no mere garish appeal to the senses.

"The sweetness of flower and woods may be a subtle and most potent reinforcement to personality, definite as tones and expression of the face."

The trick of course, is to select the right odor. The wrong one would have an effect exactly opposite to that desired. Few of us but can connect pleasant experiences with certain scents and unpleasant ones with others.

Women have strange and false ideas about their own personalities. Many of them seem to think that personality is a matter of physical appearance. Nothing could be more fallacious.

"Because a woman is dark and slouchy of body she by no means always is oriental in personality. Instead of sandalwood or amber it is more than likely the scent to bring out her latent forcefulness will be something more domestic and simple, violet or perhaps arbutus."

"On the other hand it is amazing how many dainty little Dresden china blonds are thoroughly eastern of personality. Physique is accident of birth; it has nothing to do with the soul which inhabits the body like a tenant in a house."

Then And Now.

"The old-fashioned man who used to borrow your lead pencil," sighs a Kansas paper resignedly, "now carries a fountain pen which never has any ink in it."

When he saw her picture and said he would like to have the original, all he got was the negative.

ECZEMA IN RASH CUTICURA HEALS

Very Itchy and Burned. Troubled Six Weeks.

"Our daughter's face came out in a rash that we were told was eczema. Her cheeks got sore and she rubbed causing loss of sleep. The breaking out was very itchy and burned so that I had to tie gloves on her hands to keep her from scratching."

"This trouble lasted about six weeks before I used Cuticura. I used one large box of Cuticura Ointment with two cakes of Cuticura Soap when she was healed." (Signed) Mrs. H. Stares, Elmfield Rd., Oak, Ont.

EVERY HOUSEKEEPER SHOULD HAVE THIS

Every housekeeper should have at least one day out of seven when no cooking need be done, and that day should be Sunday.

With many families that really is the only day when father and children are all together for the midday meal. Mother is happy to cook and fix all morning, while other members of the family will make a freezer of ice cream for the big meal of the week.

Then, as a rule, the younger members of the family dress and go out and father takes a nap.

Now the real hard part remains for mother clearing everything away, washing dishes, straightening up dining room and kitchen. Yes, it is well on to 3 o'clock before mother is done and ready to rest, really too tired to go anywhere.

Now why not plan the big meal of the week for Saturday and prepare everything, clearing everything away, washing dishes, straightening up dining room and kitchen. Yes, it is well on to 3 o'clock before mother is done and ready to rest, really too tired to go anywhere.

Now why not plan the big meal of the week for Saturday and prepare everything, clearing everything away, washing dishes, straightening up dining room and kitchen. Yes, it is well on to 3 o'clock before mother is done and ready to rest, really too tired to go anywhere.

FROM HERE AND THERE

Fire losses in Canada for the week ending June 8 were \$494,750, as compared with \$432,800 the previous week. That is Canada's carelessness tax.

A dollar in the pocket of a stinky man represents close quarters.

In Assam (wherever that is) women starve and make them marry when the men resist their advances. And still Assam is said to be only partially civilized.

When King George concludes a stay with one of his subjects his equestrian leaves with the house steward the sum of \$50 for distribution among the servants.

EVERY HOUSEKEEPER SHOULD HAVE THIS

Every housekeeper should have at least one day out of seven when no cooking need be done, and that day should be Sunday.

With many families that really is the only day when father and children are all together for the midday meal. Mother is happy to cook and fix all morning, while other members of the family will make a freezer of ice cream for the big meal of the week.

Then, as a rule, the younger members of the family dress and go out and father takes a nap.

Now the real hard part remains for mother clearing everything away, washing dishes, straightening up dining room and kitchen. Yes, it is well on to 3 o'clock before mother is done and ready to rest, really too tired to go anywhere.

Now why not plan the big meal of the week for Saturday and prepare everything, clearing everything away, washing dishes, straightening up dining room and kitchen. Yes, it is well on to 3 o'clock before mother is done and ready to rest, really too tired to go anywhere.

McAuliffe's Opinion Regarding Big Fight

Undeclared Lightweight Champion Says Carpenter Will Hit Dempsey First.

Manhasset, N. Y., June 15.—George Carpenter has undergone a wonderful change in the last ten days. I have watched him closely in and out of the ring and the transformation is remarkable.

He has lost that scared, nervous, haunted look he wore when he first started working. He now has an attitude of defiance with that "let them all come" look.

He has lost that pale, sallow color. His eyes are brighter; his body healthier, and he seems to be in the best of spirits.

Carpenter is a very good boxer all his own. He is very much like old Peter McCoy, perhaps the greatest marksman of the ring.

The Frenchman is the most accurate puncher I have ever seen. He has failed to see him miss the point of the jaw with a right or left any time he started one, and he can hit from any angle or position.

Although I still think Dempsey will win, the champion must be in the best of condition, especially as to his wind. If the bout goes over three rounds at the pace both are capable of setting, it will be a question of wind altogether.

Carpenter has the speed of a fly-weight and the punch of a heavy-weight.

Marksmen Off To Bisley Shoot

Lieut.-Col. C. W. Peck, M. P., V. C., in Command of the Canadian Riflemen.

Montreal, June 15.—Official farewell and good wishes were extended today to the riflemen picked from the various militia units throughout Canada to compete for national honors at Bisley next month, as they passed through the city to take passage on the Montserrat sailing for Liverpool tomorrow.

The men were met at the drill hall here this afternoon where greetings were extended through Major General E. W. Wilson and accepted on behalf of the team by Lieut.-Col. C. W. Peck, V. C., of the Canadian Scottish, Victoria, and Major C. W. Barker of the Western Ontario Regiment of London, Ont.

When the men were drawn up, opportunity was taken by Colonel Anderson, treasurer of the Dominion Rifle Association, to call upon Sergeant T. A. Gasser of the First Calgary Regiment, to step forward as the recipient of the prize of \$60 which is given in recognition of the marksman who wins a place on the Bisley team for the first time.

Another French Fighter Coming

Charles Ledoux, Bantam-weight Champion of Europe, Left Havre Yesterday.

Havre, June 15.—Charles Ledoux, bantam-weight champion boxer of Europe, left Havre yesterday for New York to join the management of Francois Descaups, will leave Havre to-day on the French liner Paris to join Carpenter's training camp in Manhasset, N. Y.

Ledoux has fought bouts with Jack Lynch, the world's bantam-weight champion, and Jack Sharkey of New York. He will bring with him a silk tri-color sash of the French colors of blue, white and red, knitted by Madame Carpenter, the French heavy-weight champion's wife, which he will wear as a belt in his fight with Jack Dempsey, the world's champion. Attached to the parcel is a letter from Madame Carpenter affectionate and encouraging. Scrawled across the envelope is a ragged row of unsteady "X's" for kisses, printed by the chubby hand of little Jacqueline, Carpenter's daughter.

Machine Guns En Route To Irish Seized

According to reports reaching government agencies, two changes of crews, brought about by the national marine strike, resulted in the discovery of a number of the crews "tipped off" by the government investigators.

Presence of the arms on board the *Passive* was not known to the owners of the ship, the United States Shipping Board, or its managing operators, until they were informed of their discovery by Federal investigators.

Investigations as to how the arms came to be aboard, who caused them to be placed there, and for whom they were intended are under way by officials of the customs service, the department of justice and the United States Shipping Board.

CARPENTIER EITHER BLUFFING OR IS FALSE ALARM SAYS MENKE

Manhasset, L. I., June 15.—George Carpenter either is bluffing in his public workouts, or he is the worst false alarm that ever got a crack at the basic championship of the world.

No other conclusion is within the realms of logic after watching the Frenchman go through with his boxing programme.

Maybe the fighter from the cosmopolitan district of France is doing his real work under cover—maybe the display that he puts on for the Americans is intentionally of the hippodrome variety. But that seems hardly likely, for Carpenter is a proud bird who loves praise and craves pleasurable publicity.

He is known to be a very good boxer, but he is not known to be a very good marksman. He is known to be a very good marksman, but he is not known to be a very good boxer.

AGADIAS WON

The Acadias defeated the Fort Howe Roses on the Fort Howe diamond last evening by a score of 7 to 3 in a nine inning game. Batteries for the winners: Cunningham and Joyce; for the losers, Maxwell and Peckham; Umpire: Joyce.

The Canadian Leader.

Mr. Meighen goes to London not as the leader of a political party, but as the representative of Canada; and as such he carries with him in his baggage the confidence of the people of Canada.

Smuggled by Launches

One report is that they were smuggled aboard from launches which came up to the ship's side at night and the arms, swathed in burlap bags, were hoisted aboard as "engine room supplies." A curious member of the crew cut into one of these bags with his knife, disclosing to view a machine gun.

When a search was made the arms were found concealed in various parts of the vessel. They were removed to the dock and placed under customs guard and today, while being removed from the dock to the customs warehouse, fell into the hands of the police by virtue of the search and seizure warrant sworn out by Williams.

Wealthy Men Chased From Camp

Carpentier Would Not Allow Them in Training Quarters But Welcomed Veteran.

Manhasset, N. Y., June 15.—Ten wealthy owners of Long Island summer homes were chased from the camp of George Carpenter this afternoon, but a veteran back, private of the war was an honored guest.

After a strenuous morning in the woods during which he did some shadow boxing, Carpenter ate his usual hearty meal, rested an hour and then went to the gymnasium.

The crowd at the front gate was larger than usual and although the county policemen on duty had strict orders to keep out friends and treat all alike, the men of wealth, residents of the immediate neighborhood, drew up in their sport automobiles and talked their way through the portal.

Dempsey Nearly In Perfect Condition

Starts in on Hard Grind Today—Boxing Commission Will Settle on Referee Today.

Atlantic City N. J., June 15.—While Jack Dempsey spent the last day of his vacation motoring over to Camden, N. J., to bring back his Belgian police dog, Jack Kearns manager of the heavy-weight champion, was occupied with the referee question, which is scheduled to be settled by the New Jersey boxing commission tomorrow.

Kearns had a conference with Bob Edgren who has been mentioned as the ultimate selection for the third man in the ring July 2, and who under the articles of the agreement for the Dempsey-Carpenter contest, is the sole arbiter of all disputes likely to come up before the match.

After four days of loafing, Dempsey will swing back into his training grind tomorrow. During his inactivity, the cut over his eye has completely healed, which will permit the resumption of glove work without danger of the wound splitting open again.

Y. M. H. A. VS. WOLVES

The Y. M. H. A. and the Wolves will crash on the East End diamond tonight and a corking good game is expected. The Wolves are the leaders in the league and the Young Hebrews are out to get their scalp.

TORONTO RAILS MARKET LEADER WITH 2-PT. GAIN

Ogilvie Preferred Jumped Five Points at Montreal. Closing at 106.

PAPER STOCKS SHOW DECLINE

Dominion Steel, Textile and Sugar Continue Slip to Lower Levels.

Montreal, June 15—Toronto Rail-way led the market in activity today on the local stock exchange. Opening at 75 1/2, it moved up to 77 and closed at the best, a net gain of two points.

The largest gain of the day was made by the usually inactive Ogilvie preferred, which, on a sale of 23 shares, sold five points up at 106. Montreal Cottons, Quebec Railway and Dominion Steel completed the issues to show net gains, the first being up 1 1/2 points at 79 1/2; Quebec Railway being up 1/2 at 26 1/2, and Steel up 3/4 at 26 1/2.

Some Big Slumps
Some of the day's losses were substantial, the largest being that made by Dominion Steel preferred, which sold down 8 1/2 points to 28. Following came Dominion Textile, which lost four points at 130. Spanish River at 62 1/2; Riondon at a new low of 7 1/2; Abitibi preferred at 10 1/2; Atlantic Sugar at 25, each showed losses of 3 to 2 1/2 points. National Breweries was less active than recently and sold off 1 1/2 points to 51.

Papers Are Cheaper
In the papers in addition to the above, Abitibi lost a point at 22. Brompton was unchanged. Howard Smith was down a point at 12. Laur-entide lost a fraction at 33 1/2. Other weak stocks included Bridge down 1 1/2 at 67; Cannors down 1 at 19; and Spanish preferred down 1 1/2.

Total sales listed, 3,808; bonds, \$225,899; rights, 1,050.

B. C. BONDS SOLD.

Victoria, B. C., June 15.—Premier Oliver, announced today that the finance department has disposed of an issue of provincial bonds amounting to three million dollars. The price received was \$3,311. The bonds are six per cent government guarantee bonds, and at the price received will yield approximately 6 1/2 per cent interest.

Niagara Berries Going To Pittsburgh

Twenty Cars of Strawberries Already Sold for the United States Market.

Hamilton, Ont., June 15—Price of strawberries tightened slightly here today, due to the fact that the daily markets have not commenced and also to the action of the Niagara Peninsula Growers Ltd. in shipping a carload of berries to Pittsburgh, the first of a shipment of twenty cars. This is the first attempt to market Canadian strawberries across the border. The venture gives every indication of proving successful.

Season to Be Short
It should be fairly good today and again on Friday with the patches of next week. The season is going to be exceedingly short. The large quantity of fruit harvested on Monday came as a distinct surprise to the majority of the buyers and growers who were wide of the mark in their estimates of the first picking. One prominent Burlington buyer admitted a loss of \$1,000 on the day's operations, the local market catching him with a large supply of fruit which he had contracted for at better than the prices which prevailed.

Those who have watched the situation carefully point out that the picking season should have commenced a week earlier, but all the early berries were killed by frost, and when the next lot did come on they came with a rush.

Wheat Market

Winnipeg, June 15—Working in sympathy with Chicago, the local market again showed an easier tendency today, wheat prices falling off about four cents early in the session. July dropped to 175 1/8 and October fell 1/2 to 174 1/2. There was some reaction later, but the market was dull with no new export business reported from seaboard. The close was 2 1/2 to 3 1/4 cents lower.

Light offerings continue to feature the cash markets. There is a fair demand existing for wheat, oats and barley. Premium on wheat was unchanged.

Chicago, June 15—Close: Wheat, July 131 3/4; Corn, July 62 3/4; Oats, July 27 1/8; September 38 5/8; Pork, July 17 5/8; September 17 3/8; Lard, July \$19.00; September \$19.22; Rib, July \$10.32; September \$10.57.

Raw Sugars

New York, June 15—The raw sugar market was steady and unchanged at prices for centrifugal early today. Raw sugar futures were easier under accelerated liquidation and selling by Cuban interests. Prices at midday were unchanged to six points net lower. In refined, several refiners reduced list prices 25 points to the basis of 6 7/8 for the granulated, the lowest level recorded in over four years. Other refiners were unchanged at 6.90, but the demand was light.

CROP REPORTS GOOD

Regina, Sask., June 15—Crop reports received by the Saskatchewan Co-operative Elevator Co. from various parts of the province, continue to be the most optimistic in years. Few districts report grasshopper and the reports from infested areas claim the situation is well in hand as a result of government precautions. Cut-ter worms are reported to have caused five per cent damage to crops in Maple Creek territory.

MEXICAN OILS HEAD ANOTHER NEW YORK DROP

Thirteen Point Collapse in Mex. Pete. on Rumor Fields Nearly Exhausted.

RAIL STOCKS ARE SLIGHTLY STRONGER

Money and Exchange Market Unaffected by the Upheaval in Prices.

New York, June 15—Wide and conflicting fluctuations marked another nervous day on the Stock Exchange.

Mexican Petroleum suffered an extreme decline of 13 points to 114 and affiliated shares, particularly Pan-American "A" and "B" shares, together with Atlantic Gulf dropped 3 to 7 points. Domestic and European oils, with few exceptions also were under pressure induced by additional price cuts.

The day's reaction was intensified by other unfavorable developments, notably the weekly reviews of steel trade conditions, which failed to forecast increased production.

RAILS ARE STRONGER

Rails were among the isolated features of strength, the market rallying measurably at midday, when New York Central and several subsidiaries continued regular dividends.

Canadian Salmon of High Quality

Aspersions Cast by London Trade Have Been Completely Disproved.

London, June 15.—The serious aspersions cast by British importers on the quality of the gift of twenty-five thousand cases of salmon, presented by the British Columbia Government to Great Britain during the war, have as a result of investigation, been completely disproved. The derogatory statements, which were made by a member of a prominent London firm importing Canadian salmon and endorsed by the chairman of a section of the London Chamber of Commerce, were to the effect that the gift proved to contain a large proportion of chum and even of tainted salmon, which had to be destroyed.

These statements caused indignation in Canada and brought a strong protest from the British Columbia Packers' Association. An enquiry made by Mr. F. C. Wade, agent-general for British Columbia, showed that the salmon had been made the subject of two independent investigations before its presentation to the War Office, and that its quality had been gratefully acknowledged and highly commended by the War Office and by several municipalities among which the fish had been distributed.

An official of the London Chamber of Commerce, requested by your correspondent to furnish any evidence in support of the statements adverse to the Canadian salmon, referred your correspondent to an official of the Ministry of Food, but the latter stated that he had no recollection of the matter, although they were said to have been common talk among the trade here.

Sinn Fein Answers.

Sinn Fein sympathizers today replied to the warning sounded yesterday by J. H. Thomas, the labor leader, that organized labor of the U. S. could not solve the Irish question by introducing resolutions demanding action on the part of the convention supporting the "Irish Republic."

The Resolutions.

The resolution presented by P. J. Brady of New York, chairman of the committee selected at a mass meeting of Irish nationalists, supporters and signed by nearly 150 delegates demanded that the American Federation of Labor in convention assembled reiterate and affirm the action of the Montreal convention and announced by the Irish people in their struggle for freedom and the recognition of the Irish Republic.

A manifesto signed by about 200 members of the House of Commons was presented to the government yesterday, protesting against the expenditure of public money without the approval of the House of Commons. It was assumed that this movement was due to the appointment of Dr. Addison as a salary of thousands of pounds annually without consulting the House of Commons, many of whom signed the manifesto.

Denver, Colo., June 15.—President Harding and Congress are urged to lead the way in stringing the billions of dollars in a resolution presented today to the forty-first annual convention of the American Federation of Labor.

They are requested to call a conference of the powers of the world "with the hope and in the belief that through such conference the billions now being expended in naval armaments may be saved to the taxpayers of the several countries."

"The whole world contemplates with horror," said the resolution, "the possibility of a race for naval power between the United States, Great Britain and Japan similar to that between Great Britain and Germany which preceded the great war."

"Such a race is inconsistent with and must serve to postpone and prevent general disarmament, and the American labor movement stands committed."

Sinn Fein Answers.
Sinn Fein sympathizers today replied to the warning sounded yesterday by J. H. Thomas, the labor leader, that organized labor of the U. S. could not solve the Irish question by introducing resolutions demanding action on the part of the convention supporting the "Irish Republic."

Falling to get recognition in the resolution drafted by the committee appointed at a mass meeting of Sinn Fein sympathizers, representatives of the "Irish Republic" presented two resolutions, demanding boycott of British-made goods and concerns in this country by the Irish Republic.

The boycott resolutions, presented by T. J. Vind, secretary of the labor bureau of the American Commission on Irish Independence, have caused the among the Sinn Fein faction to widen. They are reported to have been drawn by "high officials of the Irish Republic" but they failed to get the support of the delegates who signed the resolution drafted by a committee of Sinn Fein sympathizers.

The Resolutions.
The resolution presented by P. J. Brady of New York, chairman of the committee selected at a mass meeting of Irish Nationalists, supporters and signed by nearly 150 delegates demanded:

"That the American Federation of Labor in convention assembled reiterate and affirm the action of the Montreal convention and support the instructions of the resolution for freedom and the recognition of the Irish Republic."

The resolution also demanded that the federation interfere in the Irish situation, that the various unions be asked to urge members of congress to pass legislation recognizing the so-called "Irish Republic," that the officers of the federation be instructed to call upon the U. S. government to demand immediate repayment of the great Britain of loans made by the U. S., and wound up with a paragraph intended to secure the support of the Canadian delegate for such a programme.

This clause reads:
"That the A. F. of L. ask the British trade unions and the trade unions in all British colonies and dominions to co-operate in the objects herein set forth."

The executive council of the federation is "directed to carry out the instructions" of the resolution.
Nearly a ton of literature and propaganda has been distributed in the convention hall urging the delegates to support the Sinn Fein cause.

Girl Sues to Annul Her Two Marriages

New York, June 15.—Florence Coughlin, the 15-year-old Brooklyn girl who married twice within five months, is plaintiff in two suits for the annulment of her marriages, on the ground that on both occasions she was under age. It is the first time in Kings county that two actions for annulment have been begun at the same time by the same plaintiff. Supreme Court Justice Squires has signed the girl's father, Herbert Coughlin, 4 printer, or 61 Moore street, Brooklyn, her guardian.

Chairman Chandler called the court to order and asked Magnus Sinclair, representative of the men, to state their case for them. In order to facilitate matters it was decided to take up the proposed agreement and see just what clauses were acceptable to the men and thus narrow down the field of investigation.

Mr. Sinclair then took up the agreement clause by clause. Sections one to eight, inclusive were acceptable to the men as they stood. Section nine they wanted amended to provide that the grievance committee might appeal a case to the general manager or board of directors.

Section ten, which deals with the hours constituting a day they wanted left as in the present agreement. Sections eleven to fifteen were acceptable as they were. Section sixteen, which provided that men called after 9 p. m. would be paid for at least three hours, they wanted amended by striking out the 9 p. m. proviso.

Section seventeen, which provided that men called after 9 p. m. would be paid for at least three hours, they wanted amended by striking out the 9 p. m. proviso. Instead of four cents per hour extra for snow work and training students the men wanted ten cents per hour as at present. They were agreeable to the clause calling for the posting of a change in time for five days if possible to the knowledge of the men days in advance but objected to the clause giving the company wide latitude in carrying it out.

They were opposed to the one man car and to the whole wage schedule as suggested at first and the amended wage schedule proposed as a result of the negotiations in the mayor's office had not yet been placed before the men. They also objected to the insinuation contained in the so-called loyalty clause.

Mr. F. W. Thomson was called on to say what clauses were acceptable to the company, and he stated that the company had no intention of entering into an agreement, as they did not consider it necessary, their instructions would be given by bulletins from time to time, posted in the shops.

In view of the stand taken by Mr. Thomson, the chairman suggested that the board go into private session to talk things over and see if any basis of agreement might be reached between the parties and this was done.

After some few minutes Mr. Thomson, Mr. Sinclair and I. D. Ferris were called into the conference and they held in session until one o'clock at which hour adjournment was made until 2.30.

The report from the private conference was that no progress had been made toward a settlement.

Afternoon Session. On resumption of 2.30 Mr. Sinclair filed a number of statements. The first was one drawn by the committee of the men and himself showing the cost of living for a family of five at June 5, totalling \$1,976.27.

In this was \$134.50 for fuel and light; clothing for man \$170.10; clothing for woman \$196.75; clothing for boy of 14, \$97.75; clothing for girl of 10, \$46; and for boy of five \$25; rent, \$240; general household expenses \$623.28; food \$730.42. The maximum amount that a man could earn under the present rate of wages, working six days a week for fifty-two weeks in the year would be \$1,544.40, leaving a deficit of over \$400 in what might be called a decent living wage, and the amount offered by the company would still further enlarge that deficit.

In this connection he quoted from the Labor Gazette of April, 1921, which gave the average cost for a family of five for one year as \$2,082.47.

Let of Articles. A list of 75 articles of food, taken from the same source, gave as the price: St. John, \$22.50; Halifax, \$21.83; Toronto, \$21.03, and the Labor Gazette of January, 1921 in giving the price of steak showed St. John to be the dearest place in Canada, the price for sirloin being 50 cents per pound and round 38 cents per pound here, while the average for the Dominion was 25.5 and 31.4 respectively.

Assault Case In The Police Court

Further Evidence Given in Charge Against Fred Hayes for Assaulting Policeman.

In the police court yesterday afternoon the case of Fred Hayes charged with assaulting and assaulting Police Officer Lindsay was continued. Edward McCann testified he saw Hayes go over the fence and Officer Lindsay walk over to warn him. Lindsay grabbed Hayes by the arm and twisted it behind his back and then struck him on the back of the head. Hayes broke away and Lindsay hit Hayes again. Then Hayes "dumped" the officer. When Lindsay got on his feet Officer Coughlan arrived and took hold of Hayes with Lindsay and started to lead him to the ground on the way out Lindsay struck Hayes twice in the face. Coughlan said "Don't do that." Then they walked out on the street to the patrol wagon. While standing there Hayes said "I beat you any time." Lindsay answered, "Yes, if you have your own friends with you." McCann further stated that he thought he could smell liquor on Lindsay's breath. Hayes told Lindsay on the street that "You are half drunk, anyway."

Accused Testifies. The accused was brought on the stand and examined and corroborated the story of the witness, and said he also smelled liquor on the officer. Hayes told of being brought to the jail and searched there. He asked if they "are hunting for lemon?" Answered, "I might be, you've been dragged home." While talking to Officer McElhinney down stairs Lindsay struck the accused and knocked him to the floor after which he was taken to cell. Hayes stated that he had come to the grounds earlier in the evening through the gate and left the grounds to buy some candy at a nearby store and returned over the street.

Refuted the Charge. Officer Lindsay on the stand refuted the charge of drinking or being drunk. He was cross-examined on his record as an officer, and it was shown that at one time he was asked for his name and address and was reinstated about one year after.

Detective Biddiscombe was next called to the stand and says that he was talking to Lindsay on the night in question and didn't notice any smell of liquor on the officer.

J. A. Barry, counsel for Lindsay, made his plea. The magistrate postponed the case until Friday morning at 10 o'clock for judgment.

Badly Injured By Broken Glass. Wade H. MacBride Severed Tendon in Hand When Sheet of Plate Glass Broke.

Wade H. MacBride, of 81 Wentworth street, an employe in the paint and glass department of W. H. Thorne & Co., had his right hand badly cut when a large sheet of plate glass which he and two other men were handling suddenly broke, at about 10 o'clock yesterday morning.

First aid was rendered and was then sent to the hospital in the ambulance. There it was found that some of the tendons had been severed. He was placed under an anesthetic by Dr. Addy who attended the injured member. Last night he was reported to be resting comfortably.
