CONTRACTORS PLAINING MILL BUILDERS
DOCK AND SASH FACTORY
CAMPBELLTON, N. B.

BEAVER BOARD
If you are building or going to complete some unfinished rooms, let us show you some colored sample, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in our power to give prompt despatch.

COAL SHORTAGE IS SERIOUS MATTER

Campbellton Residents Are Suffering From Cold—The Wood Supply

There is not a ton of soft coal to be obtained in Campbellton to-day. None of the dealers have a pound and although a number of cars are on the way none are in sight.
This is a serious state of affairs and is causing much suffering to citizens who use soft coal and who buy by the tons as required.
In conversation with the dealers the Graphic learns that many people are in great need of fuel. An endeavor is being made to procure a supply of dry wood to help the worst cases until coal arrives.
R. K. Shives has a number of cars which was shipped from four to six dollars a cord.
The recent cold weather has been extremely hard on fuel.

THREE C. G. R. MEN DIED IN KHAKI

Secretary Paver Reports Thirteen Deaths in Month of January

Secretary Paver of the Canadian Government Railways Employee's Relief and Insurance Association reports thirteen deaths in the month ended, Jan. 25th, of whom, two were killed in the war and one died in active service. Of the other six were retired employees.
The official death list to Jan. 15th, 1917, is as follows:—
Wm. H. McMillan, Loco. Wiper, Truro, "C" Sept. 16th, killed in war, \$250.
Harry C. McDonald, Operator, New Glasgow, "C" Oct. 14th, killed in war, \$250.
Fred E. Mitchell, Brakeman, Truro, "A" Nov. 12th, died in active military service, \$1,000.
Arthur Rogers, ret. employee, St. John, "C" Dec. 25th, cerebral softening, \$250.
George Burns Story, ret. employee, Moncton, "A" Dec. 31st, hemorrhage of brain, \$1,000.
Samuel H. Given, ret. employee, St. John, "C" Dec. 31st, cerebral hemorrhage, \$250.
Jos. A. Thibault, Operator, Campbellton, "C" Jan. 1st, accident, \$250.
Wm. F. Fitzpatrick, laborer, Campbellton, "C" Jan. 4th, aneurism, \$250.
Wm. Thomas Tees, conductor, Lewis, "C" Jan. 15th, acute bronchitis, \$250.
Paul Arsenault, ret. employee, Moncton, "C" Jan. 16th, cancer stomach, \$250.
George Barnby, ret. employee, Moncton, "C" Jan. 17th, cerebral hemorrhage, \$250.
Daniel Dykens, trackman, Truro, "C" Jan. 17th, pneumonia, \$250.
Abraham Duquemin, ret. employee, River du Loup, "C" Jan. 21st, senile debility, \$250.
Total \$4,750.

There was also the death of a temporary employee, Fred Dobson, lamp-lighter in Campbellton yard from the effects of injuries received while on duty. The fees and levies for the month, are \$2, in class A, \$1.20 in class B and 80 cents in class C. The total number insured is 7,260 as compared with 7,190 last month.

LARGE CONTRACT

Mr. Thos. Ellsworth has secured the contract for the supplying ice for the C. G. R. Over 3000 tons are to be stored. About 25 teams are busy hauling this ice from the Doherty pond.

PRELIMINARY EXAMINATION

The preliminary examination in the case of The King vs. George Deamond on complaint of Mrs. Deamond is taking place behind closed doors at Dalhousie. The charge is a serious one.

LOCAL ELECTION NOW THE TALK

Said Local House Will be Dissolved and Election Held at Once

According to information received from Fredericton it is confidently predicted that an election is pending, and will probably be held during the present month or early in March.
It is said that a large number of the members favor an appeal to the people, rather than another session.
R. A. Lawlor, Esq., of Chatham has been offered a portfolio in the new administration, and it is said that he will accept.
We strongly urge every opposition worker to make every preparation for an election which will likely be sprung in the least time the law allows.

The Chatham World says:—We learn from sources of information that we consider entirely trustworthy, that it was definitely arranged last week, for Mr. R. A. Lawlor to accept the portfolio of Lands and Mines, and for the holding of a provincial election on the 22nd or 25th of February. But something has caused the Government to pause. The matter appears to be in suspense. Consultation with members of the Farmers and Dairy-men's Association may have caused the coming Premier to halt. The word now is that a Local Government convention will be called in Northumberland before anything is done. Mr. Lawlor would have been appointed, it is said, and a bye-election held, only that Mr. Allain, who has the assurance of an appointment in the Dorchester penitentiary, refuses to resign his seat and make an opening for Mr. Lawlor. It ought to be easy to overcome this difficulty. It is not likely that there would be any opposition in a bye-election now in this County to the holder of a portfolio. This is a beastly time of year for an election. All of the people would be pleased to have it in the sweet summer time.

Premier Clarke is still in poor health, with little hope of returning to active work, and will, no doubt, retire and be succeeded by Hon. J. A. Murray.

The Government is asking for support because of the Prohibition Bill, but it will be remembered that the Opposition did not oppose that measure. The only opposition it met with, in the Legislature, was from Government supporters.

ACCUSED WAS NOT PROSECUTED

Girl Up For Obtaining Money Under False Pretense Is Free

The young girl arrested in St. John for obtaining money under false pretense, on complaint of a soldier and who at the preliminary examination was sent up for trial has been set at liberty.
The elected to be tried under the speedy trials act and Monday was set by the judge for the hearing.
As the prosecution did not appear the girl was set at liberty, after some fatherly advice from His Honor Judge McLachy. M. A. Kelly, Esq. appeared for the defence.
The case has saddled considerable expense upon the county, which, should never have been incurred as there was really no case against the girl.

Modest Desires.—Fond Mother—"Dorothy, if you are bad you won't go to heaven. Don't you know that?" Little Dorothy—"Well, I've been to the circus and the Chautauqua already. I can't expect to go everywhere."—Orange Peel.

MANY CHANGES IN C. G. R. SCHEDULE

East and West Locals Discontinued—Other Train Changes Announced

The Maritime express, No. 3 arrives here at 2.30 and leaves at 2.40 a. m. The way freight for West leaves at 7.25 a. m.
The Suburban for west leaves at 9.30 p. m.
GOING EAST.
The Ocean Limited No. 200, arrives at 12.05 p. m., and departs at 12.15.
The Maritime express, No. 4, arrives at 4.50 a. m. and departs at 5 a. m.
The Suburban No. 299, arrives at 1 p. m. and departs at 6.45 p. m.
All the above schedules at Atlantic Standard time.

DOGS OR SHEEP WHICH? IN NEW BRUNSWICK

This Theme of Discussion by Farmers' and Dairy-men's Association.

Fredericton, N. B., Jan. 31.—Sheep-raising in New Brunswick was the subject of yesterday morning's session of the Farmers' and Dairy-men's Association. G. E. O'Brien of the federal department spoke on the subject. He said there were 111,000 sheep in the province and there should be five times that number. He outlined a set of conditions and improvements necessary to successfully sheep-raising, and dwelt upon the ravages among sheep by dogs. How to combat the dog curse was the keynote of the ensuing discussion, led by M. A. McLeod of Sussex and C. M. Shaw, of Hartland.

Mr. McLeod said that \$950,000 a year would not be too high an estimate of the annual cost of keeping useless dogs in the province. "Shall we raise dogs or sheep," was the theme of the discussion.

A committee was appointed to draft a recommendation in the matter.

EX-GOVERNOR MCELAN DIED AT RIVERSIDE

Well Known Public Man Has Passed Away—Was Much Respected

Hopewell Hill, Jan. 30.—Albert County's most distinguished citizen passed away at 9 o'clock this evening in the person of the Hon. A. R. McEelan, ex-governor of the province, who died at his home at Riverside after a short illness. His death caused the most profound sorrow in the community where he had lived such a long and honorable life and which will be heard with regret throughout the province and dominion in which the deceased was a prominent figure for many years.

VERDICT FOR PLAINTIFF.

In the case of William Lawton vs. Calligan et al, His Honor Judge Chandler gave judgment this morning in favor of the plaintiff, Lawton, who is a real estate agent doing business in this city, brought suit for commission on a sale of property made by the defendants. In this case, the evidence was to the effect that after the plaintiff had negotiated the sale the defendants refused to confirm it. Lawton claimed \$225, and was given judgment for the same costs. Messrs. Kelly & Ross appeared for the plaintiff, and Mr. J. D. P. Lewin for the defendant.—Globe.

CHARLO SOLDIER ARRIVES HOME

Cormier Was Twice Wounded at the Front—Saw King

Malcolm Cormier, who went with the 55th Battalion and was transferred to the 60th Battalion, arrived home at Charlottetown last week and was given a great demonstration. One his way home he visited Campbellton and was the guest of his sister. Mr. Cormier enlisted when he was 16 years of age and is now 18. During his two years of service he was twice wounded, on the first occasion being shot through the breast. Recovering from this wound he again went to the front and was shortly after wounded in the leg by splinter from a shell. His condition is now such as prevents him giving further service to his country, his last wound having crippled the leg. During his stay in the Hospital this young lad received a call from King George, who in the course of his remarks told him that had we had more men of his stamp the war would soon be brought to a successful conclusion.

NO FOODSTUFF FOR GERMAN PRISONERS

Now be Sent From Canada New Regulations Say None Can—Not Neglected.

Ottawa, Jan. 29.—The postmaster general has announced that on and after February first no parcels containing foodstuffs or clothing can be received at any post office in Canada to be despatched to the address of any Canadian soldier who is a prisoner of war in Germany. This action was taken on recommendation of the Imperial authorities. At present all parcels passing from Great Britain to Germany have to be forwarded under the supervision of the Central Prisoners of War Committee. The Canadian Red Cross Society at London has been authorized to supervise the packing and forwarding of parcels to Canadian prisoners and under the regulations all such parcels as received have to be censured and repacked before forwarding. Some of these articles cannot be censored without being destroyed or damaged, such as tinned meats, cakes, etc. In consequence of the large number of parcels of this kind which have been forwarded there is now a great congestion of them in London. The director of service has therefore asked that notice be given to the public at once that no parcels containing foodstuffs or clothing can be accepted hereafter for transmission.
It is pointed out that every Canadian military and civilian prisoner of war now receives through the Canadian Red Cross Society at London in respect to the following supplies:—
(1) A capture parcel, then 7½ worth of food and supplies, one week and 12½ worth the following week and so on alternately each week. In addition six pounds of bread each week is sent from Holland or elsewhere. The authorities are satisfied that 90 per cent. of such parcels are received by the prisoners. The weight that may be sent each week to any prisoner is limited to thirty-five pounds.

SAYS HUN SUBMARINES CROSSED SOUTH ATLANTIC.

Rio Janeiro, Jan. 31.—The minister of marine, in a newspaper interview, confirms the report that German submarines have crossed the South Atlantic. He says that they have kept to the high seas and denies the rumor that a German naval base was being maintained in Brazilian waters.

THE IMPORTANT POINT

to remember with regard to Zam-Buk is that, unlike ordinary ointments, Zam-Buk is so refined that it is capable of penetrating to the seat of the trouble, which in the case of skin diseases and old sores is found in the diseased underlying tissues. This is due to the fact that Zam-Buk contains no animal fat or coarse mineral drugs whatever, but is entirely of herbal origin. Ordinary ointments, on the contrary, owing to the animal fat and mineral drugs contained in them, are incapable of penetrating beneath the surface skin, so that the relief, if any, can be only temporary.

In addition to this, Zam-Buk is a strong germicide, and having reached the underlying tissues, it destroys all germs and thoroughly cleanses the diseased parts. Then Zam-Buk's healing essences promote the growth of new skin and a permanent cure results.

Zam-Buk is best not only for old sores, eczema, and all skin diseases, but also for blood-poisoning, ulcers, abscesses, boils, scalp sores, piles, burns, scalds, cuts and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto. 50c. box, 2 for \$1.25.

ZAM-BUK

ELECTED BONSPIEL SKIPS

The following Newcastle curlers have been appointed skips to take part in the North Shore Bonspiel which will be held at Dalhousie—J. R. McKnight, R. Lawlor, R. W. Crocker, and Hon. Morrissey. Messrs. Dickson & Troy have given four medals to be competed for by the above rinks in the home ice before the bonspiel.

PTE. RAY FERGUSON WAS THRICE WOUNDED

Many Narrow Escapes But Expects to Return to Front—
Interesting Letter

The following letter from Pte. Ray Ferguson of the 42nd Canadian Highlanders has been received at his home at Flat Lands by one of his sisters.

Canadian Command Depot
C. Coy. D. Division
38 Penvensey Rd.
St. Leonards-on-Sea.

My Dear Sister:—

I did not write you all a Christmas letter, but from the bottom of my heart I wished you all a Merry Christmas and a Happy New Year.

I must tell you something of when I was wounded and about my travels. I was first wounded Sept. 15th when the famous seventh Brigade of Canadians with the 22nd French Canadian stormed the ridge and town of Couclette on the river Somme. At three minutes to five in the evening we (the bombers) charged with the first wave of infantry across "No Man's Land" and I got hit with a splinter of a shell in the wrist, and although the blood spurted from the wound, it did not put me out of action. We reached the German line with about half our number, in perfect order, but with only two officers, the other four were either wounded or killed, but the part of the trench we attacked did not put up any fight so we had to take them prisoners. Then we straightened out the trench for a counter attack, but the Germans didn't counter attack and we held the ridge.

About ten o'clock that night my wrist was getting pretty stiff, so an officer sent me out with another wounded fellow and I went down to a field hospital behind the town of Albert for ten days.

A few days after I got back to the battalion they went into the trenches again, it was 11 p. m., when we took the trenches over from the 43rd Cameron Highlanders from Winnipeg, and two hours after Fritz attacked our bombing post, which was in advance of the front line, (this was the 6th of Oct.). There were a dozen or more Germans in their bombing raid again, ten of us, but they didn't have a "look in" against our bayonets and bombs, and they left five dead men behind them, and they must have had some wounded too. We had two casualties, a fellow named Hutchins and myself, both wounded. Hutchins seriously, but my wound was slight, my arm was blue from the concussion of the German bomb and a piece of shrapnel went into my side, but in two weeks I was back again to the Somme.

The 3rd Division left the Somme then for Viney Ridge between Arras and Leas, there I went into the trenches two days ahead of my battalion with some more volunteers to guard a bomb store and I had some pretty close shaves from trench mortars, bombs etc., but I came out O. K., and joined my unit at Mount St. Eloi and went back towards the line again the next night, but on our way into the trenches I got hit with a machine gun bullet. The bullet hit my leather rifle sling, through my web equipment, etc., struck a rib and glanced down into my side. It didn't knock me down, but it was a close shave, I got a scout of rum from the doctor who happened to be with us, and I felt "joke" then, Well I boarded a Red Cross car and was whirled down to the Casualty Clearing Station (this was Oct. 28th) stayed there three days then was sent by the Red Cross to Bologna, I was in the General Hospital there for two days, the doctors removed the bullet from my side and marked me for England. Wasn't I glad when we landed at Dover. I wrote a card to Dad from there, but found it in my pocket two weeks later. Well I went to Rushall Voluntary Hospital in Tunbridge Well where I stayed five weeks and it was a home too, but I had contracted trench fever and was the 8th of Dec. before I was able to be moved to Chatham, on the 12th I was sent on the Epsom and was there 9 days in Woodcote Convalescent Camp and then I came down here to Hastings, and from here I'll go back

THE CHIEF CHARM OF LOVELY WOMAN

Soft, Clear, Smooth Skin Comes With The Use Of "FRUIT-A-LIVES".

NORAH WATSON
86 Drayton Ave., Toronto.
Nov. 10th, 1915.

A beautiful complexion is a handsome woman's chief glory and the envy of her less fortunate rivals. Yet a soft, clear skin—glowing with health—is only the natural result of pure blood.

"I was troubled for a considerable time with a very unpleasant, disfiguring Rash, which covered my face and for which I used applications and remedies without relief. After using 'Fruit-a-lives' for one week, the rash is completely gone. I am deeply thankful for the relief and in the future, I will not be without 'Fruit-a-lives'."

NORAH WATSON.
Box, a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

APPLICATIONS FROM FORTY TRAIN CREWS

Splendid Response by Men on
Intercolonial Railway

Montreal, Jan.—Mr. F. P. Guleus, general manager of the Government Railways, stated at the fifteenth annual banquet of the Canadian Railway Club in Windsor Hotel here Saturday night that three hundred miles of railways track and fastenings for France had been taken from sidings and yards of the Transcontinental railroad, and whereas twenty train crews to go to France with the trackage had been asked for, the applications had been sufficient to give forty such crews. The Intercolonial Railroad, he said, had supplied old rails to the Transcontinental as substitutes for the rails going to France.

GIRLS' STATEMENT WILL HELP CAMPBELLTON

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler's-ka. ONE SPOONFUL helped me INSTANTLY. Because Adler's-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. A. McE. McDonald, Druggist."

to France in a month or so. We are living in one part of a lovely house (twenty-five of us). The Canadians are all billeted in houses like this around here. My billet happens to be right under the eaves of the Church of St. John Evangelist and we can hear the bells ringing every half hour, the folks in England are very good to us and will go miles out of their way to help a Canadian.

Now I must say good bye for this time, love to all.

As per usual,
RAY

10 CENT "CASCARETS" IF BILIOUS OR CONSTIPATED

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels, Stomach work while you sleep—They clean you out.

Furred Tongue, Bad Breath, Indigestion, Sallow Skin and Muddy Eyes—These are the signs of a clogged bowels, which cause your food to become like garbage in a swamp. The first step to undo this is to take a thorough cleansing. A Cascaret straightens you out, cleanses and works while you sleep. They are good for more than you think.

SEVIGNY ELECTED IN DORCHESTER

New Minister of Inland Revenue Wins Election—Public Demonstration

Que. Jan. 29.—After one of the most bitter political contests ever witnessed in a Dominion bye election, Hon. Albert Seigny, the new minister of inland revenue in the Borden cabinet was elected on Saturday in Dorchester County by a majority of 276 votes over his Liberal opponent, Mr. Lucien Camron.

Mr. Seigny was given a public demonstration in the different parishes of the county on his way to Quebec after the election. On his arrival at Levis on Saturday night two thousand people assembled at the depot to greet him.

Head of Large Advertising Firm Meets Death at Coteau Junction.

Montreal, Jan. 26.—Anson McKim, head of the advertising firm of A. McKim, Ltd. was accidentally killed by a train yesterday at Coteau Junction, on the Grand Trunk Railway system, between Montreal and Ottawa. Mr. McKim was on his way to Ottawa and got off the train at Coteau Junction. In some manner he was struck and killed by a train near the station. The body was brought to Montreal and a coroner's jury returned a verdict of accidental death.

It was said that Mr. McKim probably got on the Toronto train by mistake and, realizing his error, intended changing to the Ottawa train at Coteau Junction. Mr. McKim was in his 63rd year.

A SHORT TALK To Those Who Require PRINTING

INSTANT FIELDS LOOK GREEN, but upon investigation you may find that they are not a bit greener than those right at home.

The larger printing houses in the cities and towns may tell you a pleasing and impressive story in regard to their facilities for doing your work and the low price which they will charge if you entrust them with your orders. But why go so far afield? Why not give the printing office nearer home a trial? Presumably you have no objection to seeing more labor employed in this town, then why not give your local printer the preference. Service does not necessarily go with exceptional equipment. You do not need a guillotine to cut a hen's head off and the chances are that your printer can look after all your printing requirements much better than any outside firm could possibly do. If the outside company would save you money why then it would be a different matter, but in ninety cases out of a hundred we believe that you will do better with your local printer, who understands your requirements and is ready to serve you to the best of his ability.

We have splendid equipment for turning out your work. We have the machines, we have the men, we have the brains and energy. Don't take it for granted that we cannot do some particular piece of work, try us and see. Then it will be up to us and we are ready to stand the test.

PHYSICAL STANDARD FOR R. R. CORPS

257 Railway Construction Corps
Looking for Men For Service in France

Authority has been given to recruit one company for the 257th Railway Construction Battalion in New Brunswick. Already a large number of men are joining. The Battalion is for railway work in France, and will go overseas in April.

The following are physical standards set—

1. Minimum Height—Four feet, Eleven inches.

2. Age—Eighteen to Forty-eight.

3. Eyesight.

(a) Lowest Standard, viz:—

If he can read D200 at 20 feet with the right eye, without glasses, and not less than D—80, with the left eye, at the same distance without glasses, he will be considered "Fit".

(b) Recruits whose vision can be raised to standard (a) by aid of glasses.

If a recruits can read D—80 at 20 feet, or better with each eye he will be considered "Fit".

(c) Men who have lost one eye or the sight thereof, but whose sight has not been lost as result of injury or progressive organic diseases within three years.

4. Moderate degrees of flat feet will not constitute cause for rejection and a man who can walk five miles comfortably will be accepted.

5. Fingers and toes

Loss of one or two fingers, either hand, accepted if Medical Board considers recruit capable of labor, also loss of two toes, either or both feet, provided they be not the great toe.

6. Hearing
Men deaf in one ear, but hearing normally in the opposite ear and whose deafness is not due to existing disease or otitis media may be passed.

7. Care must be taken to examine arteries of men over forty-one years of age.

dumped on the grass, or in the snow, according to the season of the year, and left there at the risk of the owner until called for. Outgoing freight of all classes and conditions, from His Majesty's mail sack, to the humble porker in his crate journeying with his owner to some lumber camp, must alike endure the rain of summer and the frost and snow of winter till the arrival of the train. In warm weather the period of waiting, while prolonged, may be fairly agreeable, but the winter months bring different conditions. The spectacle of a crowd of shivering men, jumping, running, dancing, and employing all the arts known to a woodsman to force the blood into their freezing extremities, while a keen nor-wester whistles about their ears and searches out unguarded portions of their anatomy, would melt even the hard heart of a railway magnate.

Why a train starting from a point only eight miles distant should almost invariably be from one to three hours late is a question which has puzzled many in this and surrounding districts during the past few months. To hazard an opinion that the train may possibly arrive "on time" stamps the unfortunate speaker as one woefully ignorant of the ways of trains and train men on this particular railway.

The only person who seems to entertain a fixed idea of this kind is the local mail carrier, and it has been observed that he generally has ample space to repent of his folly. Of the vagaries of the return train from St. Leonards we need not speak. Let those tell thereof who, in the same spirit of childlike confidence have made their way to the crossing at 2.40 p. m. for "she might be on time you know," and have tarried there with varying degrees of patience till the dreary shades of a winter night encompassed them, and in wrath and disgust they wended their way home again. In the "wee, sma hours" of the following morning, the farmer, resting in his cosy bed after a hard day's work in the cold is startled from his slumbers by the wierd shriek which seems to come from nowhere in particular. The cause of the disturbance

VETERAN C. G. R. CONDUCTOR DEAD

Con. Geo. Lamkie Passed Away
At Moncton, Friday
Afternoon.

Moncton, Jan. 27.—After an illness extending over some length of time, Mr. George Lamkie, a well-known retired C. G. R. passenger conductor, passed away about 4 o'clock yesterday afternoon at his home on the corner of Botsford and Victoria streets, Moncton. The deceased has not been in good health for some years, in fact it is thought that he never completely recovered from the effects of a violent collision in which his train was involved at Dalhousie Junction several years ago.

Conductor Lamkie was a veteran of thirty-five years service on the lines of the Canadian Government Railways. He ran out of Moncton for about four years, and then moved up to the Indian town branch, where he was employed for a couple of years. From that line, he moved to the Dalhousie branch, where he put in about twelve years.

While running on the Dalhousie branch, his train became involved at Dalhousie Junction, in a collision with a main line train, in which one man was killed and Mr. Lamkie himself sustained serious injuries.

In the spring of 1916, on account of failing health, he applied for superannuation upon the Provident Fund, and this was granted last fall. In September he moved back to Moncton and took up his residence at the corner of Botsford and Victoria streets.

He is survived by a widow, one daughter and two brothers. The daughter, Mrs. Lounsbury, is at present at Witley, England, with her husband, Lieut. G. Holly Lounsbury, Asst. Adjutant of Fowler's 104th New Brunswick Battalion.

The funeral will take place on Monday morning. After a service at the house, the remains will be taken on No. 25 express, at 10.40 to Bass River, Kent County, where interment will take place.

The deceased who was one of the best known passenger conductors on the C. G. R., was 62 years of age, and a member of the Order of Railway Conductors.

Many friends on the North Shore will regret to learn of the death of this genial conductor and join with the Graphic in extending sympathy to the bereaved family.

FUNERAL

The funeral of Mr. George Lamkie who died on Friday last, was held Monday morning from his late residence on the corner of Botsford streets. Rev. Canon W. E. Sison of St. George's Church conducted the funeral services. The body was taken to the Union Station, where it was taken by No. 25 Express to Harcourt and will be buried at Bass river, Kent County.

The pall bearers were Messrs. Wm. Crockett, E. L. Watts, Milledge Thompson, Jas. Swetnam, Elias Bovard, and Claude Bovard.

The body was accompanied to Bass River, by Mr. Herbert Armstrong, brother-in-law of the deceased.

The floral tributes were many and already known to him, he sinks back on his pillow with a muttered thanksgiving, that he "ain't one of them railway fellows." The down train has passed.

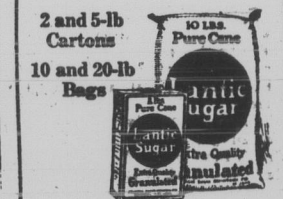

Yours truly,
OBSERVER.

Campbellton, N. B., Feb. 1, 1917

Some change is necessary in the local post office to accommodate the public in the matter of delivery of the evening mails.

The mails from east are now supposed to arrive here on the Ocean Limited at 7.30 p. m. As a matter of fact such mail has not reached the post office before eight o'clock on any evening since the new time table went into effect. The result is that citizens do not get their evening mail until the following morning, and important mail is thus delayed and cannot be answered so as to catch the early outgoing mail in the morning.

The suggestion has been made that the hours of the local office be changed from 8 a. m. to 8 p. m. to 9 to 9, with the lobby open to 9.30. If this could be arranged box holders could on the majority of evenings get their mail.

We throw out the suggestion and hope that some steps will be taken at once to have the change made.

APPEAL TO THE FARMER

For two years and a half, war, red and ruinous, has raged through the world, and still no decision has been reached. There is reason to hope that before 1917 closes the struggle for liberty will have been won, or greatly advanced. Amid the varying phrases of this titanic conflict the fact stands out more clearly than ever that agriculture is of supreme importance. Extraordinary measures are being taken by the allied countries to increase and encourage production. It is earnestly hoped that every farmer in Canada will strive to increase the food supply of the Empire. A still powerful and unscrupulous enemy openly avows its intention to try and sink all ships carrying supplies to England during the coming year. In the tremendous strain yet to come a vital factor will be an ample and unfailing flow of food to England and France. No matter what difficulties may face us the supreme duty of every man on the land is to use every thought and every energy in the direction of producing more, and still more.—From the Agriculture Gazette for Jan. 1917.

THE BONNE ENTENTE

On a recent afternoon the members of the Montreal Reform Club had the pleasure of hearing a French-Speaking Senator—the Hon. Raoul Dandurand—tell, in the English language, his impressions of the visit of the Quebec delegation to Ontario. Senator Dandurand has done his country great service; he is devoting himself to the essentially patriotic task of cementing the two great races, instead of driving them apart for petty and selfish advantage. Mr. Dandurand frankly faced the situation; he made no attempt to ignore conditions as they are, but he stated the case clearly and urged that mutual understanding and respect should replace distrust and loathing. There was not a word of politics in the address. The racial question in Canada is one that cannot be settled by one party alone, if it be kept alive by the other. It must be settled, perhaps by politicians, but not as politicians—as Canadians. When a sufficient number of influential men in both political camps realize that the building up of a great Canadian nationality is the first duty of real statesmen, then the problem is well on its way to solution. The distrust and misunderstanding is not all on one side; it exists in Quebec and it exists in Ontario. There is no question of public policy in Canada today more worthy of attention from the leaders of thought than this one. Surely there are enough politicians, with souls big enough to be statesmen, who will sink possible party advantage and join Senator Dandurand and his associates in this noble work of uniting the great races of Canada, so that Canada may take her place among nations, when the war ends. What matters it, as Senator Dandurand said, if we speak two languages as long as we express the same ideas?—Montreal Herald.

France will return to daylight saving sometime next month, and in England with the coming of April the clock will be put ahead. This year is to see a return to daylight saving where it was tried last year, and a wide extension of the idea in communities which have yet to experience the satisfaction of the longer summer evenings. New Brunswick or better still the Maritime Provinces, should agree on a general adoption of the scheme and so do away with the inconveniences created by one community using daylight and another standard time. It would be even more satisfactory if throughout Canada the clocks were put ahead one hour, say on May 1st.—St. John Globe.

I. C. R. TRAIN CHANGES

The St. John Globe has the following communication in reference to the new train time table:

To the Editor of the Globe.
Sir—"It gets me," said a commercial traveller, just returning from the North Shore, "why the Canadian Government Railways takes off the local trains and maintains fast through passenger trains when the Railway Commission is seeking to save coal, train crews and big engines to handle food stuffs and ammunition for overseas."

"That's the way with a government line," remarked a traveller from a small town up north. "The Ocean Limited, that never did pay, is kept on to serve the politicians going to Ottawa, while the day trains, supported by the common people living along the line, is taken off."

"That's government management," says the country store keeper. "The old engine on the local eats a lot of coal but couldn't pull five cars of grain or bacon, while the Mogul that takes out the Limited with the delegations could get away with full trains of shells and foodstuffs."

"Seems to me," said the man from Nova Scotia, "everything is run for Montreal nowadays. We used to get along with a through train a day and a train for mails and express for people along the line. Now we have to wait for the Limited or stay home—and wait for the weekly paper. We don't have to go to Montreal and Ottawa twice a day to find out why we cannot get our freight, or to see ammunition and army supplies waiting in the sidings for the Limited to go through. The Intercolonial was built for the Maritime Provinces and the people on its lines are willing to make any sacrifice to help fill ships with arms and supplies for the valiant men from Canada who are fighting our battles. The government line should be—First, for national service; second, for the people who depend on it for daily use; and lastly for the politicians and delegations to Ottawa."

Yours,
TRAVELLER.

Page Sir Galahad.—She—"Can a man tell when a woman loves him?" He—"He can, but he ought not to." In the Future—Longley's (in 1920)

"We do all our cooking by electricity here."
Customer—"Take this egg out and give it another shock."

A SHORT TALK To Those Who Require PRINTING

INSTANT FIELDS LOOK GREEN, but upon investigation you may find that they are not a bit greener than those right at home.

The larger printing houses in the cities and towns may tell you a pleasing and impressive story in regard to their facilities for doing your work and the low price which they will charge if you entrust them with your orders. But why go so far afield? Why not give the printing office nearer home a trial? Presumably you have no objection to seeing more labor employed in this town, then why not give your local printer the preference. Service does not necessarily go with exceptional equipment. You do not need a guillotine to cut a hen's head off and the chances are that your printer can look after all your printing requirements much better than any outside firm could possibly do. If the outside company would save you money why then it would be a different matter, but in ninety cases out of a hundred we believe that you will do better with your local printer, who understands your requirements and is ready to serve you to the best of his ability.

We have splendid equipment for turning out your work. We have the machines, we have the men, we have the brains and energy. Don't take it for granted that we cannot do some particular piece of work, try us and see. Then it will be up to us and we are ready to stand the test.

The Institute gratefully acknowledges the following donations.
Mrs. Robert Smith \$2.00
Members of Institute \$1.00

A VALUABLE PLANT

The Bathurst Town Council has been thinking of buying the electric lighting plant from the private company which owns it. A committee was appointed to ascertain the cost of the plant, and learned that the amount was \$105,169.74. The owners offered to sell for this sum, plus ten per cent, making in all \$116,686.71. The Council heard the report and placed it on the table. There is talk of taking a vote on the question.

WHAT THE HOME PAPER DOES FOR THE COMMUNITY

Ex-Governor Francis once said the following of newspapers:—
"Each year the local paper gives from \$500 to \$1,000 in free lines to the community in which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his town than any other ten men, and in all fairness he ought to be supported—not because you like him or admire his writings, but because the local paper is the best investment a community can make. It may not be brilliantly edited or crowded with deep thought, but financially it is of more benefit to the community than the preacher or teacher. Understand me. I do not mean mentally and yet on moral questions you will find most of the papers on the right side. To-day the editor of the local papers do the most for the least money of any people on earth."

PORT DANIEL WEST

The weather for the past week has been very fine and the men are busy laying in their stock of fire-wood. We are pleased to hear that Mrs. James Dea who has lately undergone an operation in the Campbellton Hospital is gradually improving. Also are pleased to report that Mr. Michel Dea who has been suffering from Bronchitis is about again. Miss Gale spent the week end with her parents in New Carlisle.

FRENCH TRANSPORT WAS TORPEDOED

Attacked While Carrying 950 Soldiers to Saloniki—809 Saved.

Paris, Jan. 31st.—Official announcement was made here last night that the transport Admiral Magen, which was taking 950 soldiers to Saloniki escorted by the destroyer Arc, was torpedoed by a submarine on January 26th, of those on board 809 were saved.

A statement from the German Admiralty on Monday said that on January 25th a German submarine at a point about 250 miles east of Malta sank an armed hostile transport steamer, which was proceeding eastward, convoyed by a French torpedo boat. The steamship, which was filled with troops, was said to have gone down in ten minutes.

CARD OF THANKS

Mrs. Nichol and family of Glen Levit, wish to thank their friends for kindness shown them in their recent sad bereavements.

RECEIVED XMAS BOXES

France, Jan. 4, 1917
Mrs. H. B. Anslow, Campbellton, N. B.

Dear Mrs. Anslow:
I wish to thank through you, the members of the congregation of the Methodist Church, for the most welcome parcel which reached me a few days before Xmas.

One who has never been in a position such as we are cannot realize how much such remembrances as these are appreciated by those who are so far from home.

Hoping that before many months have passed I may have the opportunity of thanking you in person.

I remain, respectively yours,
PERCY M. CLARK.

In a letter received by Mrs. John Gilker from her brother, Pte. Fred Allingham of the Princess Pat's Battalion he acknowledges receiving two Christmas boxes from Campbellton. One from the ladies of St. Andrew's Presbyterian Church and another from the Tipperary Club and wishes to thank them for so kindly remembering him at the Xmas season.

Mrs. J. C. Ferguson also received a letter from Ben McNitt and Jos. Alexander thanking her for Christmas boxes sent through St. Andrew's Church to them. Another letter of appreciation has also been received by Mrs. Wm. Currie from Pte. Olive Dewar for Xmas boxes sent through St. Andrew's Church by her.

OBITUARY

Another of Campbellton's old and respected citizens has passed away in the death of Miss Ann Crowley, which took place at the home of Mrs. Martin, last Friday. Miss Crowley was 70 years of age.

One sister, Mrs. F. X. Russell of Ferguson Manor and one brother, James in the United States survive.

The funeral was held Saturday and was largely attended, Rev. Fr. Wallace conducted the service.

Mrs. Annie Stevens Lodge, wife of Mr. Edmund Lodge, died at her home at Runnymede, P. Q., on Thursday, January 18th, in the 60th year of her age. Her death was due to Arterio-Sclerosis, complicated with heart disease, with which she had suffered for several years past. Throughout her long illness she bore her affliction with unusual fortitude and unflinching resignation to the Divine will.

Her affable and amiable disposition endeared her to a large circle of friends, who will regard her death as a distinct loss to the community in which she lived.

Mrs. Lodge was a daughter of the late John Dawson, Esq., of this town and she is survived by her husband, one son Robert and two daughters, Maud and Gertrude at home and one daughter, Mrs. Perl E. Chaytor in Vancouver.

Her eldest son John was accidentally killed by a wood-cutter a few years ago.

The remaining members of the family have the sympathy of the community in their recent bereavement.

What are Peps

Peps are the new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds, as their price is within the reach of all. 50c. box all druggists, or Peps Co., Toronto.

DEATH AT UPSALQUITCH.

We are this week called upon to record the death of a highly respected resident of Upsalquitch in the person of Mr. Murdoch Murry, which occurred at his residence there in Sunday. Deceased who was in his 65th year leaves to mourn the loss of a kind and affectionate father, two sons and one daughter, to whom the heart-felt sympathy of the community is extended in this their hour of sore bereavement.

Why it Failed—A certain chemist advertised a patent concoction labeled, "No more colds! No more coughs! Price 1s. 1½d."

A man who bought the mixture came back in three days to complain that he had drunk it all, but was no better.

"Drunk it all!" gasped the chemist. "Why, man, that was an india-rubber solution to put on the soles of your boots."

GASPE

A very enjoyable hockey match was witnessed at the Olympia Skating Rink, on Tuesday night, when "The Dummies" defeated "The Bumble Bees" by four goals to one. The teams were composed of the following players:—

"The Dummies"—D. Birchall, H. Fitzpatrick, Knowlton Fitzpatrick, B. LeBoutillier, W. Kruse, A. Synnott and A. Fitzpatrick.

"The Bumble Bees"—E. P. Suddard, L. Suddard, B. Eden, E. Lesperance, E. Eden and Cass.

The game commenced at 9 o'clock and both teams showed great eagerness to start operations. During the first seven minutes neither team gained the slightest advantage, but at 9:10 "The Dummies" netted the puck, as play was again resumed, the "Bumble Bees" made gallant efforts to score, but they were kept very busy defending their citadel until about ten minutes before half-time, when they made a quick combined rush-up and succeeded in netting the equalizing goal. During the remainder of this period, both teams seemed equally matched, and neither side could score owing to the excellent hockey tactics adopted by the participants of the game. Intermission was sounded with the score one all.

The second period of this game was resumed at 9:40, and as in the first period, both teams seemed anxious to play and if possible open the scoring in their respective favors, the opportunity fell to the "Dummies" who scored three goals in quick succession, only taking twelve minutes to do so, this seemed to rouse the "Bumble Bees" who tried exceedingly hard to score, but Dame Fortune would not smile upon them, and the game terminated with the "Dummies" leading by three goals.

The score for the "Dummies" were: Herbert Fitzpatrick, (2), Knowlton Fitzpatrick, (1) and Adol. Synnott (1) and the "Bumble Bees" goal was made by B. Eden.

The game was clean and brisk, and considering that the lads have not had any practice, they all showed sound form. The most prominent players were—H. Fitzpatrick, K. Fitzpatrick, B. Eden and E. Eden.

The attendance was fairly large and loud cheering was heard throughout the game. Mr. Geo. Atkinson, who kindly officiated in the capacity of referee, handled the game with his customary efficiency, and was also the recipient of loud cheering.

The weather has been exceptionally cold lately which has made the roads very good for travelling purposes. The bay has been frozen over for a long period, and the crossing between Gaspé and Peninsula is excellent.

The manager of the Orpheum Palace, has decided to close his Picture Palace until spring, and the closing films shown last week, were—Two Comic films, and the well-patronized serial entitled "Peg O' The Ring", episode 8. The patrons who were following the adventures of Peg in each episode will have to draw their own conclusion as to the final terminal of this serial. If it is possible to procure information regarding this last episode, a description of same will be published in the Gaspé News as soon as it is to hand.

Business is at present rather dull, and it is not expected to greatly improve during the next few weeks.

"CALEM"

WEAK, SORE LUNGS

Restored To Health By Vinol

Camden, N. J.—"I had a deep seated cough, was run-down, and my lungs were weak and sore. I had tried everything suggested without help. One evening I read about Vinol and decided to try it. Soon I noticed an improvement. I kept on taking it and today I am a well man. The soreness is all gone from my lungs. I do not have any cough and have gained fifteen pounds."

—FRANK HILLMAN.
We guarantee Vinol for chronic coughs, colds and bronchitis and for all weak, run-down conditions.
A. McE. McDonald, Druggist, Campbellton, Also the best druggists in all New Brunswick towns.

NEW CARLISLE

New Carlisle is not forgetting her boys at the front. Besides the Red Cross Branch here the single girls have organized a "Girls Khaki Club," with Miss Sutherland as President and Miss Wills Kempfer as Secretary-Treasurer.

The idea of this club is to knit and sew for the boys and as New Carlisle has a large representation in the trenches, the prospects are the girls will be kept busy.

The membership fee is 25 cents and already eighteen have joined. They are the Misses Lizzie Sutherland, Wills Kempfer, Lena Briard, Belle Caldwell, Rita Cook, Bertha Hocquard, Lena Kempfer, Opal LeBrocq, Leora Smollett, Ahier, Tasia Babin, Rena Caldwell, Lizzie Gilker, Beatrice LeMesurier, Dorothy Major, F. Marotte, L. E. Smollett.

The club has made a few rules and one is that gentlemen attending these meetings will be asked to pay a fine of 25 cents. It is to be hoped the gentlemen will come in large numbers as we need the money to buy material.

So far our funds amount to: fees \$4.50, donations, \$7.70 and wool, fines 25cts.

The next meeting is to be held at Mrs. W. L. Kempfer's, Monday, Feb. 5th at 7.0 p. m.

The club hopes to have the sympathy of the town and will be pleased to receive donations. It is also the intention to publish from time to time in the Graphic the progress made. The club wishes to thank all those who have already donated.

Our first returned soldier in the person of Pte. Callen Gilker arrived on Wednesday. As the exact date of his arrival was not known the town was not able to turn out in numbers to cheer.

Pte. Gilker was wounded about six months ago in the knee and is somewhat lame, but looks well and is decidedly cheery. He was in the Ypres and St. Eloi battles, besides other lighter engagements.

He enlisted over two years ago in the 26th New Brunswick Infantry, as did also a younger brother, Charlie, who is still at the front doing good work. He has another younger brother in Toronto at present taking a course in masonry.

YORK CENTRE

The weather has been very stormy and cold for some time past.

Miss Eliza Robson is teaching the district school this term.

Friends will be pleased to learn that Mrs. James Annett is recovering after her recent illness.

Mr. and Mrs. Fred Coffin were the week end guests at Mrs. Coffin's former home in Sunny Bank.

Mrs. A. J. Falle and daughter are visiting relatives and friends in Halifax.

Many of our residents have been troubled with an epidemic of chicken pox.

Mrs. B. R. Annett was the guest of her daughter in "Gaspé" for a short time recently.

A meeting of the Red Cross was held at the home of Captain James Langueoe on Thursday, January 18th.

Mrs. Felix Falle has returned from a pleasant visit with friends in Gaspé Bay South.

CARLETON

The municipal election took place here the second Wednesday of January and ended by the victory of Mr. Ed. Martin elected for Mayor by seventy-two votes of majority over his opponent Mr. Ferdinand Landry.

The new Mayor is well known, being a son of Dr. H. J. Martin who has been Mayor of Carleton for many years and a brother of Dr. Valmont Martin, Alderman in the Quebec City Council. Many friends are congratulating Mr. Martin upon his success. The councillors elected are Messrs. Alphonse Bernard, Phillippe Comeau, John LeBlanc, Jos. LeBlanc, Louis Allard, E. LeBlanc.

DALHOUSIE

Mr. Judge McLatchy and Mr. M. A. Kelly were in town on Monday to attend court.

Mr. Vaughan Mott spent Sunday in Campbellton.

Miss Mary Allain left on Tuesday for Carleton P. Q. to take up a course of study in Carleton Convent. Her many friends wish her every success in her new work.

Mr. J. E. Pichette of Campbellton was in town on Monday.

Mr. Vaughan Cook of River Chabo registered at the Queen Hotel on Friday.

The Rev. Father Ferdinand of Mission Church sang Mass at the R. C. Church here on Sunday in place of Rev. Father Boucher who is absent.

Mr. F. H. McKee of Chatham was in town on Tuesday.

Mr. George Samson left last week for Montreal, where he has accepted a position with the C. P. R. We wish him all success.

Miss Mary Allain was pleasantly surprised on Thursday evening when a number of her young friends gave a skating party in the event of her departure to take up a course of study in Carleton Convent. After rink the party repaired to Miss Allain's home where a delightful time was spent. During the course of the evening, Miss Allain was presented with a Fountain Pen and an address. The presentation was made by Miss Mary Bateman and the address was read by Mr. Vaughan Mott.

The episode of "The Secret of the Submarine" was shown here on Wednesday evening of last week. This promise to be one of the best serial pictures shown in Dalhousie and was much appreciated on Wednesday. 42 free tickets were given away, the lucky winners being: Mr. Donald Campbell, Miss Gertrude Barberie and Mr. George LaBilolo.

The friends of Mr. George Willet will regret to hear that he is seriously ill with pneumonia. Mr. Willet had a severe cold and caught more on account of going out before he recovered.

A car of fine smelts were shipped last week by Messrs. O'Leary and Montgomery. On account of the season just beginning this is exceptionally early for shipment and shows that smelt are plentiful this year.

The monthly business meeting of the Dalhousie Women's Institute will be held at the home of Mrs. W. S. Montgomery on Tuesday, the 6th of February. A full attendance is requested.

CORNER OF THE BEACH

A concert that proved to be a great success was given in the school of the place by the children under the direction of Miss M. Onette. Amongst the most prominent taking part and helping to crown the concert a success we notice Mrs. J. Vibert. The hall was very nicely decorated for the occasion and no trouble was spared to accommodate the public who did in one way omit to attend and encore with applause the young children. During intermission, Mrs. J. Vibert did credit to the organ by giving many selected and patriotic music.

The opening was given in an address by Miss E. Vibert, Recitations, Songs and Dialogues were in profusion on the programme. Amongst them we notice "Two Little Girls" in Blue" song by Misses Elsie and Rosie Vibert, which met with much applause.

"Sing Me to Sleep" song with a most pleasing voice by Miss Dolly Vibert, who also sang "Silver Threads Among the Gold", which was justly encored. A Spanish Dance was nicely executed by Misses A. Mabe and A. Verbert. Miss M. Onette gave a few songs

which met with great approval by the audience and thundering applause. Two Tableaus were well executed. Many more numbers were on the programme and no trouble was spared by those taking part in them.

The proceeds were turned in on behalf of the school and undoubtedly surprised the expectations of the managers of this concert.

True Vigilance—In a place in New Jersey the town building caught fire the extinguishers failed to do their work. A few days later at the town meeting some citizens tried to learn the reason. After they had freely discussed the subject, one of them said, "Mr. Chairman, I make a motion that the fire-extinguishers be examined ten days before every fire."

Social & Personal

Our Readers Are Asked to Contribute Items to This Column.

Mr. George Montgomery of New Richmond, P. Q. was in town on Thursday.

Friends are pleased to know that E. E. Shirley is about again after an attack of la grippe.

Mr. Joshua Ramier has returned from Port Daniel West, P. Q., where he spent a few weeks at his home.

Friends will be pleased to learn that Mrs. Geo. G. McKenzie is improving after a very severe attack of la grippe.

Mrs. A. D. McKendrick is entertaining at the tea hour this afternoon in honor of Miss Nellie MacLellan of Regina, Sask.

Mrs. Geo. Dobson entertained a number of friends at her home on Friday afternoon last in honor of Mrs. James Montgomery of New Richmond, who was visiting in town.

Mrs. E. G. Shirley was called to Tide Head, owing to the death of her brother, Mr. Jas. Downs. Mr. and Mrs. Shirley are at present residing in Dalhousie at the home of Mr. W. A. Gallop.

Mrs. R. B. Roseborough was hostess at a very enjoyable bridge on Wednesday evening. The guests included Mr. and Mrs. S. H. Lingley, Mr. and Mrs. W. R. Fitzmaurice and Mr. and Mrs. Jas. W. Morton.

Mr. and Mrs. Geo. Dobson visited their son, Gunner Wesley Dobson of the 12th Field Battery in Newcastle on Wednesday last. Gunner Dobson left Newcastle on Thursday enroute for overseas.

Mrs. James Montgomery of New Richmond, attended the funeral of her brother the late James Downs of Tide Head on Tuesday, while in town she was the guest of her daughter, Mrs. Joseph Anningson.

Miss Nellie MacLellan, who has been visiting her parents, Mr. and Mrs. Angus MacLellan, Moncton, is renewing old acquaintances in town enroute to Regina, Sask., where she holds a lucrative position in one of the large stores.

On Tuesday evening, Jan. 16th, at the home Mrs. F. S. Titus, Christ church choir met and presented a Councillor D. A. Arsenau who has been undergoing treatment at the Quebec Hospital returned home last Friday. He was accompanied by his wife and son.

purse of gold to Mrs. J. E. Purdie, a member of the choir, an address was read by Miss Jessie Moore, while the presentation was made by Mrs. John Gilker, refreshments were served by Mrs. Titus, assisted by Misses Roberta and Trudie Titus.

Mrs. H. Luman entertained a number of friends on Wednesday at a very pleasant afternoon tea.

Mrs. Wm. Richards poured the tea, Miss Beatrice Richards, Miss Mamie Firth and Miss Lillian Mowat assisted in serving while Mrs. S. H. Lingley ushered the guests to the dining room and Miss Helen Luman tended the door.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

INFORMATION IN REGARD TO SOLDIERS PENSIONS

The Dominion Government have appointed a Board of Pension Commissioners for Canada with offices in Ottawa. As this Board wish to cause as little delay as possible in dealing with communications with regard to pensions, they wish the public to correspond directly with the Board of Pension Commissioners, Ottawa.

A great deal of delay may be caused by communications being sent through other Departments of the Government.

The Patriotic Fund Association and the Military Hospitals Commission have kindly consented to give information and assistance to those wishing to write direct to the Board of Pension Commissioners. These societies have officers in certain localities throughout Canada.

In addition, in order to facilitate the granting of pensions, the Board is opening Branch pension offices in Vancouver, Calgary, Edmonton, Regina, Winnipeg, London, Hamilton, Toronto, Barrie, Kingston, Ottawa, Montreal, Quebec, St. John, and Halifax. All information with regard to pensions may be obtained from these offices.

REV. J. E. PURDIE

SAYS FAREWELL

Christ Church Filled to Doors to Hear Farewell Sermon Sunday Evening

Rev. and Mrs. J. E. Purdie left by the Ocean Limited, Monday evening for their new home in Saskatoon, followed by the best wishes of the whole community.

During six years residence here, both Rev. and Mrs. Purdie have made many friends who are sorry to part with them.

Last Sunday evening Christ Church was crowded to the doors to hear their pastor preach his farewell sermon, and both the pastor and congregation were deeply affected.

Mr. Purdie is a hard worker, and a clever preacher and will no doubt make success of his work in his larger field in Saskatoon.

ACKNOWLEDGEMENT

OF DONATION

The Secretary of the LaTouquet Club has received the following letter from Mrs. E. A. Smith of St. John in acknowledgement of a cheque of \$50.00 sent by them to her in Christmas week for the maintenance and upkeep of their cot in the LaTouquet Hospital, France.

St. John, N. B.

Dec. 21st, 1916.

Miss Jean Currie, Campbellton, N. B.

My Dear Jean:—

The splendid cheque of fifty dollars from "LaTouquet Club" for the maintenance of your cot and for needed hospital supplies reached me through Mrs. Andrew yesterday. It was most gratifying to me to know you young ladies were still faithful to that little cot in that hospital in Boulogne, where so many of our dear soldier boys are nursed back to health and usefulness.

Your generous cheque is going forward to-morrow with full particulars and your address given, so you will in due time hear directly from the Colonel. Meantime give my kindest regards and congratulations to the members of your club for their continuance in well doing.

Wishing you all a Happy New Year, I remain,

Very sincerely, your friend,

NAN. MCP. SMITH

IMPORTANCE OF SECURING VIGOROUS POTATO SEED STOCK

(Experimental Farms Note)

Experiments conducted at the Dominion Experimental Station, Kentville, N. S., with eight lots of Garnet Chili potatoes secured from different growers in 1915 show a variation in yield of from 36 bushels to 240 bushels per acre, or a difference of 204 bushels per acre in yield when grown under uniform conditions. Seed from these eight lots planted in 1916 yielded from 68 bushels to 212 bushels per acre, a difference of 144 bushels per acre. The respective positions of the different lots were changed very little in the second year, but the lowest yielding ones increased somewhat and the highest yield was not so great.

Seed from fifteen others of this variety was planted in 1916 and the lowest yield obtained was 158 bushels and the highest 278 bushels per acre, a difference in favor of the best, over the poorest of 120 bushels per acre.

Ten lots of pure stock of Green Mountain from different growers ranged from 180 1/2 bushels per acre to 513 bushels per-acre, a difference of 332 1/2 bushels. Seventeen lots of Irish Cobblers ranged from 93 bushels per acre to the poorest 235 bushels as the best.

a difference in favor of the best yielding strain of the 142 bushels. This would show that there may be as great a difference between potatoes of the same variety as there is between potatoes of different varieties, and that it is wise to secure stock from farms which have had high yielding crops. Because the Green Mountain has failed in giving a crop on a certain farm is not proof that this variety will not yield well there; it may have been due to low vitality in the seed stock. Such reversion in yield may have been due to disease or adverse soil or climatic conditions which affected the crop at some time and it may be better to discard the stock entirely than to try to bring it up to its former vitality by selection.
