OWEN SOUND CONNECTION SHOULD BE KEPT IN VIEW

Labor Candidates So Declare and are Again Strong For Hydro Radial By-law. May Hold Special Public Meeting on Behalf of it.

OPINIONS EXPRESSED AT MEETING LAST NIGHT. Let us look ahead and remember that Owen Sound and the big territory around it will get connected up with the southern districts in this direction some day. We want that connection and if we are to get it we must not fail in carrying the by-law for the railway to Elmhurst. Some place will get the connection sooner or later. Why not we? These were part of the words of one of the candidates, Mr. W. H. Halliwell at the meeting, called by the municipal labor party in the Trades and Labor Hall.

COMMENCEMENT EXERCISES AT COLLEGIATE INSTITUTE

Splendid Program Was Provided For The Occasion.

The Auditorium of the Kitchener Collegiate was crowded to capacity last evening the occasion being the annual Commencement exercises and the large crowd certainly enjoyed the excellent entertainment provided. So large was the crowd that it required some time and patience to seat them all and while the ushers had a difficult task on their hands they carried their part through thoroughly and well and although the program did not get under way until 8.45 o'clock the good things that followed made up for the delay at the start.

SPEAKS TO JURY IN WINNIPEG CASE

Winnipeg, Dec. 23.—Opening his address to the jury in the case of R.B. Russell, charged with seditious conspiracy, A.J. Andrews, crown counsel, voiced his disappointment at the fact that the defence counsel did not see fit to analyze the evidence. It would be for the jury to decide whether this failure was not because of the impossibility of finding anything in the evidence pointing to the innocence of the accused. Andrews claimed that the indictment was legal. Words were seditious when they tended to provoke a breach of the peace. He said that there was not a word in the indictment stating that the accused had attempted to overthrow the Government.

DEATH LIST PLACED AT 25

MONTREAL, Dec. 23.—All those missing in the wreck on C.P.R. at Onawa on Saturday have been accounted for. The body of freight engineer Bagley remains to be found. The death list has finally been set at twenty-five.

JUST A WORD FOR THE NEWSIES

To-morrow the Record newsboys will wish their customers the compliments of the season, and subscribers who have enjoyed prompt delivery and courteous service during the year from their own newsy will have an opportunity of expressing their appreciation. The newsy is a young business man, in business for himself. He buys the papers from the Record, and sells them to the subscribers on his route, making his own collections therefor. He may not always be perfect, but we were all young once, and generally speaking the Record has a bunch of mighty satisfactory news carriers. Few of our news carriers have more than a very occasional complaint to make of unsatisfactory delivery. At this season of the year a little encouragement stimulates them to do even better next year.

SATURDAY WAS THE REAL DAY

Small Attendance at Christmas Market Held This Morning. TURKEY WAS SCARCE

The Christmas market was very poorly attended this morning compared to other years. Saturday's large market had considerably to do with this. Nevertheless a much larger market was expected. The supply of poultry on hand was very good. Chickens were being offered in great quantities all through the market and the supply of those greatly exceeded the demand; prices were 30 to 35 cents a lb. Turkey was scarce and was cleared out by the first comers at 60c a lb. Geese and ducks were plentiful and ranged in price from 30c to 50c a lb. Pigeons were sold at 40c a pair and rabbit brought 35c a lb. Dairy products were scarce. Eggs brought from 75c to 90c a dozen. Butter sold at 65c to 70c a lb. Cream at 37c a pint, and cheese at 30c a lb. Christmas trees were being disposed of, but not in the large quantities that were sold on Saturday.

FAIR TREATMENT FOR HOME RULE

LONDON, Dec. 23.—Aside from one or two irreconcilable anti-home rule journals, papers this morning give, on the whole, a favorable reception to the Government's new scheme for Irish self-government. None, however, expresses genuine expectation of success for the plan. While it is recognized that the measure is the fourth Home Rule measure to be presented to parliament, by a large section of the Irish people and regarded with suspicion and distrust by others, it is contended it deserves to be fairly tried and considered.

EXPECT SUPPLIES FROM UNCLE SAM

MONTREAL, Dec. 23.—The "liquor rumor" here is that American brewers and distillers, if they are driven out of the United States, will establish plants in Montreal and other cities in Canada on January 1st there will be large shipments from across the border to the distillers are making frantic efforts to ship their products out of the United States before January 16th, the date when the prohibition amendment will go into effect in that country. It is believed here Montreal importers will take all that they can ship, and Toronto and the rest of Ontario will again stand for a stock in their orders after January 1st.

BOY OPENS SWITCH CAUSES ACCIDENT

Kingston, Dec. 23.—A fifteen-year old boy is under arrest here charged with having turned a switch on the C.P.R. near Verna. Train 616 was on its way from Tielborne to Kingston and as a result of running off the switch, the train crashed into fifteen box cars loaded with stone and other material. It was a miracle that there was not a heavy casualty list. No person was seriously hurt. Conductor Craig of this city suffered slight injuries to his knee and Mrs. Grange suffered a severe shaking up. Trainman Kimberly was slightly injured.

3000 MINERS STRIKE

PITTSBURG, Kan., Dec. 23.—Eleven mines, employing 3 thousand and miners, were idle this morning as a result of strikes in protest against the action of Judge Anderson in sending Alex Howat, President of the Kansas Miners' Union, to jail in connection with contempt of court proceedings.

OBITUARY

MRS. CHRISTIAN GROSZ. The death occurred yesterday of Mrs. Christian Grosz, 123 Joseph street. Funeral, Thursday, 8 a.m., from the house to New Germany for interment. More particulars in to-morrow's paper.

MINER BECOMES MILLIONAIRE.—George Morgan, a working miner of Treherbert, South Wales, recently established his claim to the ownership of 2,000,000 tons of coal in Dean Forest. His family had occupied common lands in the Forest of Dean for generations past, and about forty years ago he and five others pegged out a claim to certain land. Mr. Morgan, the sole surviving commoner, is seen receiving congratulations from a friend. They are standing at the doorway of Morgan's cottage.

NOMINATIONS THIS EVENING

Various Retiring Public Servants. Nominations for the various municipal offices will take place between 7.30 o'clock and 8.30 o'clock at St. Mary's Hall this evening. The nominations will be for mayor, aldermen, two Light Commissioners, two Water Commissioners, and five Public School trustees. Considerable operations are being shown in the nominations. The majority parties are Mr. Charles Doerr, their friends, and Mr. Charles Doerr. Their friends, however, expect them to be favorably inclined to continue serving on the commission. The Water Commissioners whose terms have expired are Messrs. Casper Braun and H. Gofton. Whether or not they will again stand for reelection is not known. The retiring school trustees are as follows: Mr. D. Hibner, north ward; H. L. Staebler, east ward; J. Schlegel, centre ward; L. Sattler, south ward, and C. Ruby, west ward. The majority of these, if not all, are expected to again stand for reelection. Important Questions. The Water Commission this year will have two important questions to deal with. These are the Water Commission matter and the Elmhurst-Hamilton radial by-law. This meeting this evening therefore should prove interesting and enlightening.

FEW MILITARY OFFENDERS LEFT

Regina, Dec. 23.—With the demobilization of the Military Police here practically complete, the latest figures of the number of military offenders in jails or penitentiaries were not obtainable. It is estimated, however that less than 50 and probably more than 35 are still in detention. According to police estimates approximately 300 have been imprisoned during the past two years. The terms of punishment in many cases have expired while many others have been released from time to time for various reasons. The total number of deserters from all battalions received in Saskatchewan is placed at 1,400 and probably 500 of them are still to be dealt with. The prosecutions will of course be dropped now.

LASTED 25 1/2 DAYS.

Winnipeg, Dec. 23.—Exactly 25 1/2 days were taken in hearing the evidence for the crown and the defence in the Russell trial. Approximately 600,000 words were spoken and taken down by the court reporters. The exhibit put in totaled 708. There were 143 witnesses called.

DELEGATION RETURNS HOME

PARIS, Dec. 23.—Kurt von Lersner, head of the German delegation, was handed the Allied reply to the last German note this morning. He said he felt he was obliged to consult Berlin and will leave with all experts for the German capital to-night. He emphasized the fact that his leaving Paris was in no wise a rupture of the negotiations.

THIRTY REPRESENTATIVES OF LABOR BEFORE U.F.O. GOVT

Present Resolution of Trades & Labor Congress.—Protest Against Exclusion of Toronto Police Union. 44-HOUR WEEK CONSIDERED POSSIBLE

(Special to the Record.) TORONTO, Dec. 23.—Headed by President Tom Moore of the Dominion Trades and Labor Congress, and President Tom Rolph, head of the Ontario branch of the Congress, a deputation of thirty representatives of organized labor of this province waited upon the provincial government to-day. They were received in the private bills committee room by Premier Drury, Minister of Labor Rollo and Hon. Beniah Bowman, F. C. Biggs, H. C. Nixon and W. E. Raney. The members of the deputation were introduced by Hon. Walter Rollo. President Moore stated that the workers to-day approached the government with a different feeling from what had prevailed in former years. The members of the present government, they felt, were in much closer touch and sympathy with the workers of the city than former governments. Mr. Moore stated that they wished to submit various resolutions, endorsed by the recent labor congress at Hamilton, which had special provincial applications. President Moore took advantage of the occasion to protest against the decision of the Commission, which recently decided against the Toronto Police Union affiliating with the Dominion Trades and Labor Congress. The decision, he said, was without any shadow of warrant from the evidence. He drew attention to the fact that in yesterday's papers it was reported that without explanation all officers of the Union had been reduced by the Police Commission and otherwise unfairly discriminated against. He urged the government not only to prevent the report of the commission becoming law, but to make a declaration that police unions would be free to affiliate with other bodies who would be helpful to them. "World that involve the right to strike," asked Premier Drury. "Not necessarily," replied Mr. Moore. "The Trades and Labor Congress is entirely a legislative body. It has no power to call or approve strikes, it has never done so. The union would have its own by-laws." With regard to the 44-hour week the solution unanimously passed at the last Trades and Labor Congress was read: "That the congress use every effort to secure legislation establishing a maximum week of forty-four hours and providing for a minimum wage for workers that will be adequate to ensure them a reasonable standard of living. "The forty-four hour week," said Mr. McMillin, "has been made possible by the great development of producing machinery during the past years. Owing to the development of machinery we can now produce enough in an 8-hour day to supply the needs of the world.

ANNUAL SUMMARY ON WORK OF THE WATER COMMISSION

Statement Submitted By Chairman of the Commission For Consideration By The Ratepayers.

The annual report on the Water Commission which has been submitted by the Chairman of the Commission, Mr. J. C. Breithaupt, is as follows: Dear Sir: As there is seldom opportunity at the nomination meeting to give the Annual Report of the Water Commission, or rather as the opportunity usually comes the very last when only a few ratepayers remain, I conclude it will be more satisfactory to the ratepayers and the water consumers to have it reported in our city dailies. The financial statement in a very condensed form is as follows: Balance on hand Dec. 31, 1918, \$782.21. RECEIPTS \$ 74,226.03. Water rates... 5,115.08. Hydrant rental... 6,000.00. STOCKING UP IN THE WEST

Regina, Dec. 23.—While many orders have been placed by Saskatchewan men for liquor to be shipped to the West when such shipments become legal, it is not anticipated that orders from this province will swamp either the railways or liquor companies. There is a rumor on the streets that appears to come from nowhere, to the effect that local liquor restrictions will relax during the Christmas season only to tighten up early in January. With that prospect ahead it is possible that many large orders will be placed with a view of avoiding the drought expected early in the year.

QUADRUPLETS WERE MURDERED

Clyde, N.Y., Dec. 23.—The bodies of four murdered babies, three boys and a girl, were found in a weighted pasteboard box on the ice in the Erie Canal. The bodies were wrapped in a Rochester newspaper dated December 11. The infants were quadruplets. One had its throat cut and the three others had bruises at the base of their skulls; any one of the injuries sufficient to cause death. There is no clue which would lead to identification.

The unprecedented increase in the demand for water during the past year proved that our supply was again not sufficient for the demand, even though we supplied very much more water than any previous year. As will be noted in the above statement, we purchased a large quantity from Waterloo, for which we paid them \$7881.85. This was purchased under agreement at the rate of 4c per thousand gallons. Our actual pumping expense last year was 21c per thousand gallons, and this year, based on cost the last eleven months will be 3.07c per thousand gallons. A full report of the Commission's work during the past year will be printed in January, as usual. Respectfully yours, J. C. Breithaupt, Chairman of the Water Commission.

FINAL MEETING WATER AND LIGHT

Waterloo Fortunate in Regards to Water Rates.

The final meeting of the Water and Light Commission for the year was held yesterday afternoon all the members being present. One of the questions discussed was the changing of the present method of billing. In the larger centres meters are read from day to day and the accounts sent out accordingly. In this way the collections are made in the same way and does away with the rush on three days of the month. The matter however was laid over until a later date.

Will Purchase Thawing Transformer.

The commission decided to purchase forthwith a thawing transformer for the Water Department. The Managers report was received and is as follows—

Necessity Pointed Out of Public Being on Their Guard for Years to Come.

A prominent physician is quoted as saying it is either probable that as an after effect of the influenza death rate for several years to come. Warnings such as these should be borne in mind and drive home to every person the necessity of prompt action in every case of cold—usually the forerunner of influenza, pneumonia and kindred ailments.

It is possible to afford effective relief for a cold by home treatment, especially if it is taken in its early stages. Just as soon as the sneezing, running at the nose, closing up of the head, occurs start taking Grip Fix. This preparation contains various ingredients which are very effective in curing colds and also in preventing them. It consists of Grip Fix, Salol, Catechu, Quinine, Salol, Catechu Citrate and Camphor Monobromate—drugs which any physician will say do as effective work. It sells at 25¢ effective in that Grip Fix relieves a cold in a night and a case of Grippe in 48 hours. This statement is made on a merchandising experience of over 10 years during which the preparation was used all over the country.

Get a box of Grip Fix to-night and take it home. Then, when colds come, a reliable treatment is at hand. Be sure and get the genuine Reid's Grip Fix as there are no substitutes which do as effective work. It sells at 25¢ per box and can be obtained at any drug store.

INDIAN SELF-GOVERNMENT

LONDON, Dec. 23.—King George issued a proclamation to-day announcing a new measure giving India a larger degree of self-government. The proclamation characterizes the government bill as a historic act giving representation long desired by natives. It calls for determination on the part of the people and officials to work together for the common purpose of making the new plan of government a success.

REST FOR A FEW DAYS

OTTAWA, Dec. 23.—The government will spend a more or less peaceful Christmas with the worries of reconstruction postponed for the time being, and with Sir Robert Borden still fairly actively engaged in the Prime Minister's office in the city over Christmas and will attend his office from time to time, clearing up details and preparing for his departure early in the new year.

A COSTLY PLAYER

St. Louis, Dec. 22.—Seventy thousand dollars and four players have been offered to the St. Louis Nationals for Roger Hornsby according to President Branch Rickey of the club in a signed statement here to-day. He added that Hornsby would not divulge the name of the club that made the offer.

QUASHES BY-LAW

An order has been made at Osgoode Hall on the application of David Robertson, K.C., of Walkerton, acting for George McCallum of a by-law passed by the County Council of the County of Bruce. The Municipal Act permits County Councils to pass by-laws allowing their members a sum not exceeding \$5 per day for attending sessions of the County Council, but the County Council of the County of Bruce undertook to provide such extra sittings should count as an extra day and the members be paid accordingly.

ANY WOMAN'S STRUGGLE FOR GOOD HEALTH QUICKLY REWARDED

A Simple Home Treatment Now Advocated that Gives Fine Results

When a woman's face grows haggard and pale, when she is tired all day and ready to cry when night comes, she ought to know something is wrong.

Putting off only make matters worse. The best advice we can give any sickly woman is to test out the following treatment:

At the close of every meal, with a sip or two of water, take two chocolate-coated Ferrozone Tablets. This seems to be the best thing going for folks that are tired out, run-down and in need of a strengthening, building-up medicine.

Ferrozone's action aids the three principal functions of the body—digestion, assimilation, elimination. By strengthening digestion it forms an abundance of rich, red blood—this gives good color.

By perfecting assimilation, Ferrozone supplies nutrition—this gives strength, vim, stability.

Elimination is assured, because Ferrozone quickens the action of the liver, kidneys and bowels—this maintains the maintenance of vigorous health.

THE PROPOSED CITY LEAGUE

Preliminary Meeting Last Evening Was Encouraging.

A start was made last evening on the road towards organizing the proposed city hockey league.

A meeting of interested supporters was held at the Grand Union Hotel. While no election of officers took place, a profitable discussion was participated in and the expressions of opinions and promise of support indicated that the league will be a certainty. Another meeting will be held after the holidays when the rush will be over and, all representatives can attend.

It is hoped to have at least eight teams in the league. This number is assured for three or four have already announced their intention to join the league.

BOXING CHIPS

Sporting fans will be pleased to hear that there is going to be another boxing show here on 29th Dec. at "Star Theatre" after the picture show. Promoters tried to get Frankie Ball, the Canadian lightweight champion, but he wanted too much money. So as Fred Crompton was dissatisfied with the decision last time and has been going around Toronto howling about "the least he should have got was a draw" so Jarvis has consented to give him another chance. Over 12 men rd. those who saw the last bout remember what a slashing affair it was and will not miss it this time.

Barney Schultz, the coming featherweight boxer, Harry Westerville, the well known Toronto feather, and if Barney beats this boy, he can beat the best. He will travel 8 rds. Young "Jack" O'Brien boxes Batting McKam. 6 rds. and Young Sullivan will wrestle to a finish with Kid Curtis.

Tom Dyer, by the way, is now handling the affairs of Barney Schultz and a great future is predicted for the local boy, in such able hands as Tom has boxes the best men in the world and knows the game from every angle.

NOMINATIONS Tonight

Tonight is nomination night and judging by the interest being taken in the municipal elections this year the crowd at the town hall promises to be a report breaker.

Nomination opens at 7:30 o'clock and at 8:30 o'clock a public meeting will be held when the candidates nominated will address the electors.

The Xmas Market

The Xmas Market was held this morning and in point of attendance both from a buyers and sellers standpoint was the poorest this year. There was only a handful of farmers on hand when the doors opened and what little produce was offered was soon disposed of. Fowl was scarce and prices in all cases were the same as last Saturday.

AT THE THEATRES

Impressions of a First-Nighter.

PAULINE FREDERICK AT THE ALLEN

The Allen Theatre is appropriately decorated for the Christmas season and breathes the festive season not only in the lobby with its Christmas bells, wreaths, holly and snow, but all through the house. The decorations are artistic and seasonable. Last night Pauline Frederick was the star in a new play but an old theme, "The Loves of Letty." Letty is represented as a shop-girl who has grown disheartened with her humble lot in life and aspires to a higher position in society. She denies herself food, in fact starves herself into a weakened condition, in order to buy pretty clothes and make a good impression on a rich lover. Finding out that her rich lover is a married man living apart from his wife, she accepts the advances of her employer, who wishes to marry her. At a little wine party he gives in her honor, she is so disgusted at his low breeding and gormandizing that, in order to escape from the penury and hardship which has grown so unbearable to her, she turns to her rich lover and is about to accept his improper proposals to fly to the continent. Just in time, through his despair over his own sister committing suicide, her eyes are opened to the truth of what men really think of women who yield to them in this manner, and she flies from his apartments without ceremony and falls exhausted on the streets where she is picked up by a policeman. During the course of the so months' convalescence she learns what true love means, and gains contentment and happiness in a more humble station. Pauline Frederick is an accomplished emotional actress, and while not overdoing the part expresses on the screen her feelings in the most convincing manner. Her many local admirers will be anxious to see her in the picture which is repeated again to-night. In addition to the "Loves of Letty" there is a good instalment of "The Midnight Man" and a laughable Harold Lloyd Comedy.

TWO STIRRING FEATURES AT THE STAR.

The Star has a strong bill again this week, and it is a matter of individual taste which is the best feature of the two, "The Gambler" or "A Dangerous Affair." In the latter Stuart Holmes, who has such an aptitude for loveless roles like the unscrupulous German spy in a recent picture, is again cast as the unprincipled uncle of a millionaire's heir. He attempts to cheat his nephew out of his heritage, and the dastardly plot is only foiled by the intervention of a dashing Irishman, taken by Herbert Rawlinson. The picture is full of stirring climaxes and interest never wanes from start to finish. "The Gambler" is a dramatized version of the famous play of the same name by Charles Klein. The leading part is taken by Harry T. Morey, and it is estimated that more than forty additional scenes of action beyond those in the stage play are presented in the picture. It is observable in the picture that the camera has been able to get infinitely greater action than the stage limitations allowed. Many dramatic episodes forming the story of "The Gambler" which could only be suggested by a word on the stage, and left to the imagination of the audience, are presented in their fullest detail on the screen. The picture therefore, will stand as a demonstration of the screen's superiority over the stage as a medium for the telling of a complete story. Whereas the factor of the voice gives the stage productions a certain advantage over its competitor, the screen, the advantage that the latter has in latitude of action is by far the greater advantage. In the screen version of "The Gambler," scenes are presented ranging from the bank office, to the clubhouse, to the interior and exterior of fine houses, the railroad station and many other settings. It would have required a stage several hundred feet wide and deep to present this situation. Then it would not have been adequate. "The Gambler" tells the story of a young man who wields his father's fortune in a battle against a great combination of other capitalists. The hero, Wilbur Emerson, played by Mr. Morey, induces his father and two other associates to let him operate with unlimited power in the strife for millions. Wilbur's deals soon involve the group in technical illegalities. They find themselves gambling with the funds of the depositors in the elder Emerson's bank. A district attorney who has succeeded in marrying the woman Wilbur was to have wed, obtains information against the Emersons. The prosecutor's fundamental jealousy toward the man who once was his rival in love, feeds the flame of his desire as public official, to prosecute Emerson. What follows is a series of events full of dramatic power. The climax is one fraught with unusual elements. (Vod-A-VI) movies and an unusually good Mutt and Jeff comedy complete the bill.

"SUNDOWN TRAIL" IS STORY OF OLD CALIFORNIA MINING CAMP.

"Sundown Trail" is a new photoplay which opened last night at the Imperial Theatre with Monroe Salisbury in the leading role is a story of Spanish Bar, one of the most notorious of the old California mining camps in the days of '49. Opening scenes show the camp at the height of its glory. Wine and song pour forth merrily but there is no sign of white women to keep the miners from the pangs of loneliness. A delegate is sent east to recruit an army of women to become wives of the miners. Among the women who arrived on the stage was a Virginia widow who came to ransom her baby from the hands of a Mississippi River gambler who fled to Spanish Bar when her river boats were closed against him. Through sickness the girl forgets her identity, becoming apparently a woman of the demimonde. "Quiet" Carter, leader of the vigilantes saves her from deportation during a fanatical religious wave in the camp and marries her. The role of "Quiet" Carter is depicted by Monroe Salisbury. Supporting the star are Clyde Fillmore, Alton Elliott, Beatrice Dominguez and Carl Stockdale. "Sundown Trail" was produced by Universal and directed by Rollin S. Sturgeon. A romantic locale and the excellent dramatic work of Mr. Salisbury and his associated players are the outstanding features of the production. The Vaudeville for the first three nights of the week is exceptionally good and, at both performances yesterday every act made a decided hit. The headline attraction is undoubtedly the Eleven Jolly Javelinas, a company of children under 12 years of age and their offering yesterday would do credit to professionals of much older years. Their act is well staged and during the balance of their engagement are bound to be great favorites. Miles Moulton has a funny sketch entitled "Othello" that is put across in fine shape and was highly delightful. The Deonzos have a real novelty act the best of its kind ever seen here. The man in the act is a cunning artist out of the ordinary and the way he jumps from bottles to vases and candle holders is something remarkable. The act is entirely new and must be seen to be appreciated. In addition to the above there was a Mack Sennett Comedy "Trying to get Along" and the 17th. Episode of the Red Glove, the whole making up a bill just a little out of the ordinary.

HOT WATER FOR SICK HEADACHES

Hot water with phosphate in it before breakfast. Headaches are caused by an auto-intoxication - which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, impatient, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilid, aspirin or the bromides, which temporarily relieve but do not rid the blood of these irritating toxins. A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast will not only wash these poisons from your system and cure you of headache, but will cleanse, purify and freshen the alimentary canal. Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar. If you aren't feeling your best, if tongue is coated or you wake up with sad taste, foul breath or have colic, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

1920 A YEAR OF CENTENARIES

New York, Dec. 23 - The coming year should have a special interest for the students of American history, marking, as it does, the centenary anniversary of the birth of an unusually large number of men and women whose lives and achievements were of profound influence upon the social, moral and intellectual progress of the age. Among them were distinguished artists, authors, statesmen, poets, clergymen, reformers, soldiers, editors, jurists, scientists, inventors and others. Following is a list of some of these eminent Americans: William Tecumseh Sherman, one of the foremost Union commanders in the civil war. Susan B. Anthony, a famous pioneer of the woman suffrage movement. Anson Burlingame, the negotiator of the Burlingame Treaty with China. Alice Cary, who with her sister achieved wide fame as a poetess. Charles Devens, civil war commander and cabinet officer. John Lester Wallack, one of the most eminent American actors of his day. David C. Broderick, United States senator from California. Samuel Blatchford, associate justice of the Supreme Court of the United States. Elisha Kent Kane, Arctic explorer, discoverer of the open Polar sea. Henry J. Raymond, one of the founders of the New York Times. George Frederic Root, noted composer and song publisher. Piny Earle Chase, scientist, educator and author. John F. Reynolds, Union commander killed while leading the charge at Gettysburg. James Lane Drew, popular actress. Randolph S. Foster, bishop of the Methodist Episcopal Church. William Gaston, governor of Massachusetts. James Densmore, pioneer typewriter manufacturer. John W. Ellis, governor of North Carolina. Benjamin Perley Poore, author, editor and journalist. James W. Nesmith, United States senator from Oregon during the civil war. Laura Keane, celebrated actress and manager. John H. Hopkins, prominent Episcopal clergyman and author. George F. Holmes, first president of the University of Mississippi. Erasmus O. Haven, bishop of the Methodist Episcopal Church. James Harlan, cabinet officer and United States senator from Iowa. Charles Henry Hall, prominent Episcopal clergyman. Mary A. Livermore, lecturer, reformer and woman suffrage leader. George L. Curry, governor of Oregon. Charles Force Deems, clergyman and educator. Henry Bergh, founder of the first American society for the prevention of cruelty to animals. William Henry Huntington, famous art collector and philanthropist. John W. Garrett, Baltimore banker, railroad president and philanthropist. Hugh J. Hastings, who had a brilliant career as a newspaper publisher in New York. William T. Walters, Baltimore capitalist, famed for his art collection. John S. Barbour, United States senator from Virginia. Frederick T. Dent, civil war soldier and brother-in-law of Gen. U. S. Grant.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur. Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her hair dark and beautiful, and thousands of women and men who value that even color, that beautiful sheen of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by using at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications it also brings back the gloss and lustre and gives it an appearance of abundance.

Shantung silk is produced by a species of worm which lives on the willow-trees of that Chinese province and differs from the mulberry-tree silkworm. In 1850 America produced no more than half a million pounds of candy, as against a present production estimated from 15,000,000 to 20,000,000 pounds a year. Sweden's first free port, which forms a part of the harbor of Stockholm, is open for business, although it will take perhaps ten years before all contemplated improvements are completed. Paraguay has valuable forest resources, the most important of which is quebracho, particularly rich in tannin.

EDITORIAL

"Last Refuge Of Civilization"
Some weeks ago, we wrote an article appreciative of the people of Quebec, describing them as the balanc-e-wheel of Canada. We thus aroused the ire of the London Free Press. As has become the custom among certain newspapers, the comments were in the personal vein quite typical of that class of editorial mind.
Now along comes Prof. Sir Andrew McPhail, of McGill University, Montreal, with an address to the Canadian Club of Quebec, in which he pictures that province as the last hope of Canada. He avers that without Quebec, Canada could not be governed; that if that province maintains its spirit, it "will be the last refuge of civilization on the continent."

Our language was not quite so strong as that. But it must be remembered that Prof. McPhail was speaking in the Province of Quebec, where old-fashioned notions of freedom of speech as well as large families still survive.

Let us hope that the Free Press does not see the report of Sir Andrew's speech. We don't want another war.

The Radial By-law
We believe thoroughly in the principle of public ownership, and especially in public control and operation of railways. We like the idea of having a fast electric service from here to Hamilton and to Elmira and to have it supplied by the people themselves. On principle therefore, we would support the radial by-law.
But the details of the proposition must be right and we believe the Light Commission has performed a service in warning against certain dangers that may or may not lurk in the by-law.

This city cannot afford to give up control of its streets to any outside body. If indeed subsection (e) of clause 2 does not mean that, we should have to do on unmistakable legal authority. Mr. Hannigan's interpretation of that clause does not appear to us conclusive and we have grave doubts whether a letter from the Hydro Commission can override any clause of the by-law. Nor is there, in our opinion, any force in Mr. Hannigan's suggestion that the city is protected by the charter of the company from which the city purchased the railway. As a matter of fact we are not operating under a charter at all.

The matter of shortage of power is perhaps not so serious so far as the new railway's requirements would affect it. Nevertheless, the citizens should receive full assurance on both these points.

COMMENT

Peace by New Year's is the latest expectation. May it be realized.

The only sign of activity in municipal election affairs appears to be in Labor circles.

A New York man has married his mother-in-law,—says all this talk about mothers-in-law is a joke. He's keeping the joke to himself, as it were.

Premier Drury and his Government are not in favor of building trunk highways. Their intention is to distribute reasonably good roads all over the province. Whatever they do, let the work be permanent. Millions have been thrown away in inefficient road construction.

We are informed that representatives of the Ontario Power Commission have given the assurance that the adoption of the by-law will not commit us to the loss of control of our own streets. If that be so, one serious objection is removed. Most people would like to support the by-law, but we must be sure that the city is protected.

A man was complaining on the Toronto market not long ago of the present price of eggs. No, he was not a buyer, but a farmer with eggs to sell. He declared that even if he got three dollars a dozen he would still be behind, at the present cost of producing eggs. He continued to persevere in the business of producing and selling eggs because he was sustained by the hope that some time and in some way he would be able to make good his loss. The capacity for self-sacrifice of some people is almost beyond belief.

Today is yours and mine; the only day we have; the day in which we play our part. What our part may signify in the great whole we may not understand; but we are here to play it, and now is our time. This we know: it is a part of action, not of whining. It is a part of love, not cynicism. It is for us to express love in terms of human helpfulness.—
David Starr Jordan.

Straw vote on whether there is a hell or not was taken at the Methodist church at Grand Junction, Col., recently and resulted: There is a hell 131
There is no hell 24
Doubt 12
Now that the majority has decided there is such a place, let us proceed with the task of keeping out of it.

WHAT OTHERS SAY.

Here's A Real Radical.
(The Canadian Nation, Ottawa.)
In the working out of the destiny of our own native country, we will be held back by no traditions, experiences or ancient shibboleths of any other country. We will not wait till the last Amen has been uttered by pious fossils. We are in a hurry. We're actually going somewhere and we're taking the limited express. Maybe you'll collide with us up the line.

And again, maybe we'll be sidetracked or ditched somewhat on the way. Howbeit, some day the C.P. wires will carry the story of our failure or achievement.

The Body Social.
(Exchange.)
There is irony, wit and not a little philosophy in the words of an English newspaper letter writer, where he says:
"The middle classes are the brains, blood, heart, nervous system, mind and intellect of the body social. The working classes are the flesh, mighty sinews, skin, lungs and bones. The rest, heaven help them, are the clothes and adornments rendered necessary by this execrable climate, but they look pretty sometimes."

Nickel Coinage.
(Montreal Herald.)
The proposal that Canada should adopt nickel for coinage of small denomination, which was proposed at the Ontario board of trade meeting by the Sudbury representatives and carried unanimously, is one which has frequently been suggested to successive governments but never acted upon. Fifty-four countries use nickel coinage, while Canada with eighty-five per cent. of the world's nickel, has no nickel coin.

An Insinuation.
(Rochester Herald.)
A Philadelphia clergyman says that negro automobile labor is better paid than labor in the pulpit. But, dear man! negro automobile labor is very important in the modern scheme of living.

Fresh.
(Exchange.)
The grocer observed that his best customer was a bit ruffled over something, so strove to be obliging and pleasant.
"I think," he said blandly, "living is getting cheaper. For instance, a year ago those eggs would have cost you two pence more."
"A year ago," replied the customer, "when these eggs were fresh, they would have been worth more."

Hotel Prices.
(Philadelphia Bulletin.)
Captain Lindsey Polk, the successful director of a number of Florida hotels, said recently in New York: "We may charge high, but European hotels, even the best of them, are inferior to ours. While I was in Paris I saw an advertisement of a fashionable new hotel and the boast the management made was that it was as good as the best American hotels. I was pleased with this tribute." The captain smiled. "Well," he resumed, "our ideals are high. No more hotelkeeper like this old fellow who complained about his summer visitors: You wouldn't believe the nonsense that is in them. They is always wantin' a clane tablecloth an' clane sheets to their beds. An' table napkins, no less! I'll tell you what, there's sure people in this world that think they can go into a hotel an' make a convalescence of it."

Cornelius Husk, on his first visit to the seaside went down to the beach at low tide, and saw a big fishing-smack lying high and dry on the mud flats.
"Hey, mister," he said to a fisherman, "how do you get that big boat down to the water?"
"We don't take the boat down to the water, mate," said the fisherman. "The water comes up to the boat."
Cornelius Husk gave a harsh laugh.
"Say, mister," he said, "I may be from the country, but I ain't goin' to swallow that."

Right Vs. Might
"Why did you turn out for that truck? According to the traffic rules, you had the right of way."
"Yes," answered Mr. Churgis, patiently. "But the truck had the right of weight."

Cincinnati man tells how to lift off any corn without hurting one bit

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called frezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts off with the fingers.
It is a sticky substance which dries the moment it is applied and is so d to simply shrivel the corn without inflaming or even irritating the surrounding tissue of skin. It is claimed that a quarter of an ounce of frezone will cure very little of any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.
You are further warned that cutting at a corn is a suicidal habit.

The Bride of Llewellyn

is sure to be in the same place! Look, gentlemen!" said Mrs. Simmons, lifting up the bright auburn hair and revealing the fracture and the old scar. Simmons lay there breathing faintly but giving no sign of consciousness.

Presently the doctor came, examined the man's injuries, made inquiries, heard the whole story and then said: "This man must be removed to the hospital, he has no claim on this poor woman, nor can he receive proper attention."

This decision gave much satisfaction to the workmen, who now dispersed, leaving one of their number to watch by the sufferer until he should be taken away from the house.

Late in the same afternoon William Simmons was removed to a hospital under the care of the Sisters of Charity. He was placed in the ward devoted to casualties, and laid upon a white bed, in a pure atmosphere, and attended by a skillful surgeon and a careful nurse. But little would the poor man appreciate all the kindness bestowed on him. He lay there quite insensible to all that was passing around, and babbling of other times, places and persons that seemed as if they must have been very far removed from his personal experience.

Hospital nurses are too well used to the ravings of delirium to take much interest in the words of a delirious patient, but there was such "strange matter" in the rambling talk of William Simmons, as could not fail to rivet the attention of the most unkindly nurse. His words, wild as they were, were those of a gentleman, his themes were those of a gentleman, his themes again, spouting Latin and Greek, and solving mathematical problems. Then he was on a visit to a country house babbling of blue mountains and broad rivers, of horses and hounds, of the chase and the game, or, he walked with some fair companion to whom he autote poetry and discoursed of love, or, he pressed his suit with some crusty, but kindly old gentleman.

Again, the scene of his mad imaginings changed. He was aboard a ship on the ocean, in a storm, and issuing orders with the tone and manner of a naval officer high in command.

Again the scene changed. He was flying with his beloved—he was married to her—he was with her in some home of peace and safety.

And yet again the scene changed. He was on the banks of a dark-flowing night-shaded river, engaged in a mortal struggle with a murderous foe. And whenever his wandering mind arrived at this horrible point he always fell into insensibility for a space.

In all his ramblings he never for an instant approached any of the incidents of his workman's life. They seemed to have passed forever from his memory. But he lived over and over again, in fancy, the scenes described above.

The good sisters watched and listened in wonder.

One morning, while the visiting physician was standing with one of them by the bedside of this patient, listening to his wild wanderings, she said: "Doctor, are you quite sure there has been no mistake in the identity of this patient? He cannot be a common laboring man."

"Yes he is, Sister Domitia! I visited him at his own home, among his own companions, and I saw to his removal here. There is no mistake," replied the physician.

"But a poor ignorant workman could never talk as this man does. Listen to him now! He is actually speaking Spanish, and quoting Camoens. He cannot be a common laborer—he must be an accomplished gentleman," said Sister Domitia, who was herself a most accomplished gentleman, who had left a high social position for this humble sphere of usefulness.

The doctor smiled and shrugged his shoulders, as he answered: "You are sufficiently well read, Sister Domitia, to be aware that in these cerebral cases, there are sometimes phenomena that utterly baffle medical science and skill. We are not perfect masters of physiology; but physiology completely eludes us. We shall see that this man when he recovers, if he ever does recover, will return to his normal style of conversation."

"I will never believe," said the sister, "that brain fever and delirium can so inform an illiterate man as to enable him to quote Beranger, Camoens, and Goethe in their original French, Spanish and German."

"He may have been the servant of some student or professor, and heard those authors quoted, and now he may remember and repeat them, parrotlike without understanding one word of their meaning."

"Doctor, that is very far-fetched!"

"Not at all. I have known things quite as strange as that to happen in brain fever. But now I must 'move on,' as the policemen say. Continue the treatment as before, Sister Domitia. I will see the patient again this afternoon. Good-morning."

The doctor passed on to his other patients.

But Sister Domitia was not satisfied. The more she thought about it, the surer she felt that William Simmons was no common workman. The interest and curiosity she felt about him induced her to set foot the most diligent inquiries into his antecedents. And her position as a Sister of Charity and a hospital nurse, and her extensive acquaintance among the working and suffering classes enabled her to do this with every prospect of success. But the most thorough investigation brought her but this result:

That William Simmons was really a stonemason's laborer, who had been known about New York at least a year past, and that he was not only a very ignorant, but a very stupid man.

The NEW EDISON

The Phonograph with a Soul

The Christmas Gift "Par Excellence"

IN your selection of Christmas gifts this year why not, instead of buying something for all the members of your family, put all the money together and buy a phonograph—a present for the whole family.

Small gifts soon lose their value and in a short time are forgotten, but a Phonograph like the NEW EDISON will provide music for years to come. It will renew itself in your favor as the years go by.

Come in and see us tomorrow about a phonograph for Christmas.

COLLEGIATE B'D'S. PLANS REVIEWED

By Chairman M. S. Hallman at Commencement Exercises Last Evening.

Address by Chairman M. S. Hallman

"I am very glad indeed to see such a large audience before me this evening. It is an evidence, to some degree at least, that the citizens of Kitchener and Waterloo are taking a lively interest in educational matters. Let me tell you, ladies and gentlemen, the same holds good to-day as it has all down the ages, that the young lady or gentleman that has a superior education, other things being equal, is the one best equipped for life's work and life's true happiness and enjoyment. We must, therefore, provide accommodation for the pupils of Kitchener and Waterloo, without fail.

"If I gauge correctly the thought of this community, the citizens and rate-payers of Kitchener and Waterloo, I believe that a building should be provided immediately that will be a credit to the municipalities comprising the school district.

"I have before me a clipping from the daily newspaper of Saturday showing the platform formulated by the Labor Party of this community. They ask for better facilities for education in Public, Industrial and High Schools. This rings true.

"If we needed any further proof that the accommodation is utterly inadequate at present and will be more so from year to year where could we go to obtain the information? We might turn to the Inspectors of the Collegiate Institutes at High Schools of the Province of Ontario. These men are expert chosen from a large class for particular work. They go up and down the Province visiting all the centres of education and have the best opportunity of comparing one Collegiate Institute with the other.

"I hold before me four reports from the Inspectors of the Collegiate Institutes, two reports from Mr. I. M. Levan, one from Mr. J. A. Houston and one from Mr. A. H. Leake, Inspector of the Manual Training Schools of our Collegiate Institutes.

"The Deputy Minister of Educa-

tion, Mr. Co'quhoun, writes as follows:

"On February 8th, 1917, extract from the report of Inspector I. M. Levan on his visit to the Collegiate Institute at Kitchener on Jan. 30, 31 and Feb. 1, 2, 1917. The reports are transmitted for the information of the Board and Principal. This school is well organized and has a staff of very competent teachers, but the work of the staff is greatly hampered by the lack of suitable accommodations. The Board fully realize the necessity of an addition to replace the older part of the school building and purpose undertaking this work as soon as general financial conditions will warrant action. The need of a gymnasium, Art room, etc., will be considered in connection with the general scheme of re-construction. In the meantime, plans might be prepared and approved, so that when conditions improve there may be no needless loss of time. I had the pleasure of meeting the Chairman and a large representation of members of the Board, and discussed the situation with them at some length. They assured me that all the matters complained of would receive sympathetic consideration."

"On February 4th, 1918, extract from the report of Inspector I. M. Levan on his visit to the Collegiate Institute at Kitchener and Waterloo, on Jan. 21-23-4, 1918. The accommodations in the older part of the building are quite unsatisfactory. There is only one private room for the teachers. There should be one for the accommodation of the women teachers. The system of ventilation is inadequate, and the windows have to be lowered to admit fresh air. The gymnasium is too small, and the dust stirred up when it is in use is unsanitary. The equipment is ample, but the facilities for storing it are poor. In previous reports attention has been frequently drawn to the unsatisfactory nature of the accommodations, especially in the older portion of the building. It is unnecessary again to specify these defects in detail, as the members of the Board are fully cognizant of them, and realize that they must be improved. The inadequacy of the accommodations, I am confident, is hindering the growth of the school. Had it not been for the conditions produced by the War, the defects complained of would have been remedied ere this. But I am assured that the Board is only waiting for the return of normal conditions to provide a building that will be a credit to the municipalities comprising the school district. In the meantime, the plans for the proposed new building might be prepared so that no time may be lost when the opportunity arrives for taking action. The Commercial Department shows an increase in attendance over last year. I hope this branch of the work will continue to be fostered and encouraged as it affords an excellent opportunity for the school to render efficient service to the community."

"On December 13th, 1918, extract from the report of Inspector Albert H. Leake on his visit to the Manual Training School at Kitchener Collegiate Institute on December 4, 1918. The room is very much overcrowded. As soon as possible an effort should be made to increase the accommodation. The benches have been in continuous use for sixteen years. They should be replaced. The organization is not satisfactory. The public and separate school classes attend only once in two weeks. The public school board should establish its own centre and abolish this condition of intermittent attendance. There is work enough in the two cities for two teachers if a proper organization be put into effect. I have sent a report of this paragraph to the public school board for its consideration."

"On February 24th, 1919, extract from the report of Inspector J. A. Houston on his visit to the Collegiate Institute at Kitchener-Waterloo on February 4th-7th, 1919. The old part of the building is as bad as it could be. I need not go into details, the grading given tells the story. The supply of equipment is very good, but the facilities for making use of it are by no means what they should be."

"Has the Board been asleep at the switch? This year has been a strenuous one for the Board."

"On February 17th, 1919, the Advisory Industrial Committee met with Dr. Merchant and members from Kitchener and Waterloo of the Municipal Councils, Boards of Trade, Public and High School Boards, and Trades and Labor Councils to discuss the needs of this community in regard to Industrial and Technical Education. The result was that the meeting passed a resolution urging the Collegiate Board to cooperate with the Education Department in formulating plans for a new Technical School building."

"On March 4th a delegation, composed of members of the Collegiate Board and Advisory Industrial Committee, was appointed to visit the London and Windsor Technical schools."

"On March 18th after hearing the report of the delegates the Industrial Committee passed a resolution asking the Collegiate Board to make ample provision for the technical education."

"On May 9th Dr. Merchant and Mr. MacLachlan met the Advisory Industrial Committee outlining requirements."

"A building program was prepared including the needs of the Collegiate Institute and also the Technical School by a Committee of the Collegiate Board and Principal. This

was carefully revised after submitting copies of the same to the Inspectors of the Collegiate Institute and to the Principals of the Industrial Schools of London and Windsor. These specialists gave us very many valuable suggestions.

"A number of architects were invited to participate in architectural competition, their plans to embody all requirements indicated in our building program. We have received from four firms of architects, plans in accordance with the program outlined by the Board, and these plans are being very carefully considered, and one of these four plans will be selected. The architects are: D. R. Franklin, Toronto; S. B. Coone & Son, Toronto; Ellis & Ellis, Toronto; J. C. Pennington, Windsor.

"On Monday, the 29th, the different firms of architects will meet the High School Board and each firm will be given the opportunity to outline its plans for a new Collegiate and Industrial Building."

Township of Waterloo

Synopsis of By-Law No. 10 submitted to the votes of the Electors on the Fifth Day of January, A.D. 1920. On the twenty-ninth day of November, A.D. 1919 a By-Law was read a first and second time by the Municipal Council of the Township of Waterloo for entering into a contract with the Hydro-Electric Power Commission of Ontario for the construction, equipment and operation of an electric railway under "The Hydro-Electric Railway Act, 1914," and amendments thereto, a draft of which contract may be seen at the office of the Clerk.

2. The amount of the debt or liability to be created is \$57,973. 3. The debt or liability is to be payable according to the terms of the draft contract. 4. The amount to be raised annually for the payment of the debt and interest will be as follows: For the first ten years \$40,887.75. For the next forty years \$46,467.55. DATED the 29th day of November A. D. 1919. P. A. SNIDER, Clerk.

TAKE NOTICE that the foregoing is a true synopsis of a proposed by-law of the Township of Waterloo to be submitted to the votes of the electors at the next election and at the same place as the annual election for the municipal council and the Deputy Returning Officers appointed to hold the said election shall take the vote. 2. And that the 30th day of December, 1919 at ten o'clock in the forenoon at the Council Chamber in the said municipality has been fixed for the appointment of persons to attend at the polling places, and at the final summing up of the votes by the Clerk. And that if the assent of the electors is obtained to the said proposed By-law it will be taken into consideration by the Municipal Council of the said Corporation at a meeting thereof to be held after the expiration of one month from the date of the first publication of this notice, and that such first publication was made on the second day of December A.D. 1919.

TAKE NOTICE FURTHER that a tenant who desires to vote upon the said proposed by-law must deliver to the Clerk not later than the tenth day before the day appointed for taking the vote a declaration under the Canada Evidence Act, that he is a tenant whose lease extends for the term for which the money to be raised by the proposed by-law is payable, or for at least twenty-one years, and that he has by the lease, covenanted to pay all municipal taxes in respect of the property of which he is tenant other than local improvement rates. P. A. SNIDER, Clerk.

I've Kept My Name Out of the Papers all Summer Which is More Than Some People are Able to do.

The fact is, folks, I've been so tremendously busy that I had not time even to think about newspaper advertising. It takes a lot of my time just to give SERVICE to my clients, for I am determined always to give the very closest attention and the very best service to every one who does business with my office.

First of all YOUR business is MY business, whether you list a property with me to sell, or whether you wish to buy a property through me. Then, I have only one price for a property listed with me, whether the purchaser is rich or poor, whether he is buying a home for himself or making an investment, the price here is always the same to everybody. "The Square Deal," remember. Also, I am the sole and only person conducting this business and I give my personal attention to every transaction and every client gets the full benefit of my experience, knowledge and personality. Consider these points and you will come to me to sell or to buy real estate, either in the city or the country.

Here is a partial list of the splendid opportunities I offer this week. I have helped hundreds of families to solve the housing problem this past few months; and I can help you.

ONE OF THE BEST BUYS OF THE SEASON

An extra large solid brick home of 8 nice rooms, front and rear stairs, with bath, complete including gas heater, furnace and lights, with 8 building lots and one-half acre of land, suitable for a factory site, also barn. The owner out west writes me to sacrifice this valuable property which is very close to school at the ridiculously low price of \$5750. In order to comprehend this value you should come in and look it over.

NEAT BUNGALOW

Of 6 nice rooms and sun room with hardwood finish, floored attic, etc., extra large brick pierced verandah and every modern convenience, fair sized lot, at \$4000.

A LITTLE DANDY

Neat 6 roomed bungalow, red pressed brick, with every modern convenience, hardwood finish, nice little lot, and chicken pen. Yours at \$3500.

NEAR BUFFALO FORGE

Practically new red pressed brick home of 7 rooms and every modern convenience, decorated throughout, large lot, at \$3850.

NEAR TIRE FACTORY

Solid brick home with new furnace, electric lights and hardwood finish throughout, large lot and chicken pen. Yours at \$3200.

\$500. cash will buy a 6 roomed solid brick home, with good stone foundation and large lot. Price is \$2550.

A BARGAIN ON KING ST. PROPERTY

6 roomed home with good stone foundation and 2 extra lots at the low price of \$1950. On easy terms.

A SNAP IN TWO LOTS

With big barn, 1 block from King Street. The lots are level and are nicely situated and can be had at \$750. Terms to suit.

Where you always get A Square Deal.

LIBERTY LEAGUE ACCEPTS RANEY'S BOLD CHALLENGE

Windsor, Dec. 20.—Accepting the challenge of W.E. Raney, Attorney-General for Ontario, to contest any constituency in the Province against a nominee of the Citizens' Liberty League, officials of the Windsor branch telegraphed Mr. Raney asking him to seek election in North Essex, providing A.G. Tisdell U.F.O., will resign.

It is said that Mr. Tisdell had offered to vacate his seat for any member of the Farmer Government who is without a constituency. But before the North Essex member is allowed to resign, his Election Committee will insist that the opinion of the electorate first be obtained.

The Liberty League wired Mr. Raney in part as follows: "We are not opposed to the United Farmers of Ontario, but we are opposed to intolerant individuals such as you have proved yourself to be in your published statements. The expressions used by you in your speech Wednesday at Toronto prove you are not a fit man for the position of Attorney-General of the Province."

ERBSVILLE EVENTS.

The Erbsville school entertainment was held on Friday night. The room which was artistically decorated was crowded to the doors, every available seat being occupied. Mr. B.B. Playford very ably fulfilled the duties of chairman. There was loud applause as he stepped on the platform to take the chair. Mr. Playford has been a former teacher of this school for a period of twelve years. The programme was a success throughout. One number that is worthy of special mention was the girl's "Star Drill." Master Gladstone Schafer presided at the organ, his instrumental selections being exceptionally well rendered. The programme throughout shows the painstaking efforts of the teacher J.W. Koenig. He and his scholars are to be congratulated for so successfully carrying out the evening's programme.

BRIDGEPORT

The young people are certainly enjoying themselves in the great winter sport of skating both on the river and the dam. The many friends of Mr. Philip Stricker are sorry to hear he is laid up through sickness; we trust he may have a speedy recovery. The school concert given by the pupils in the Casino was a decided success and too much credit cannot be given to the teachers and pupils for the rendering of such an interesting program. A very interesting program was rendered by the pupils of the Lutheran Sunday school on Sunday evening.

The Xmas entertainment of the Evangelical Church Sunday School will be held on Wednesday evening. All are cordially invited.

Mr. Milton Ziegler, son of Mr. and Mrs. Wm. Ziegler, has arrived home from Alberta. Mr. Ziegler is another one of our Bridgeport boys who saw active service overseas.

A meeting will be held in the school house on Monday evening, Dec. 23, at eight o'clock for the purpose of nominating trustees for the police village of Bridgeport for the coming year. We wish the party who lost a pair of child's mittens in the casino apply to Emil Birnstahl!

Mr. Geo. Shodowitz is laid up with a very sore hand. We hope nothing serious will develop.

PRESTON.

A distinct gloom was cast over the community when word was received that Miss Audrey Wildfong had passed away last Friday afternoon at Grace Hospital, Toronto, at the age of 21 years. Miss Wildfong was a nurse in training at the above institution since September 1918. She contracted typhoid fever from a patient she was nursing. A Guelph man cashed in for speeding after Chief Crawford had proved to him that his speedometer and not the Chief's watch was out of order.

At the meeting of the South Waterloo Trades and Labor Council, the members went on record as favoring a scheme to build a Labor Temple in Galt to cost in the neighborhood of from \$50,000 to \$60,000.

HESPELER

Leslie Block, our local scrapper, won the championship of Canada at Massey Hall a week ago Tuesday night by defeating Pierce (Riversides) in three grueling contests.

Mr. Henry Karch, the wellknown manufacturer of woollen mill machinery, dropped dead on the street a week ago Tuesday morning at the age of 70 years.

The condition of Mr. R. G. Scott is very critical. He is in an unconscious condition. Hespeler's newly organized band is getting along fine. Several of the old timers are helping along.

Richard and George Guthrie, young boys, were drowned while skating near North Sydney N. S.

Bernabio Gildo, was suffocated by ammonia fumes at the Nipissing low-grade mill in a peculiar chain of circumstances.

**Will Please
Through all
The Year**

In no other line of merchandise will you find beauty and utility combined to a more marked degree.

Electricity operating in many ways has created Comfort Factors that have carried the world out of drudgery into the light of convenience. It has, more than any other agency, enhanced the comfort, health, and happiness of mankind. With all its wonderful advantages electricity and the appliances through which it operates are no longer luxuries, they are both so cheap that no home can afford to be without them.

**Make it an Electric Gift
this Christmas**

EASY TO BUY AND WILL ALWAYS PLEASE

An Electric Washer

Does away with all the drudgery of wash-day. If your wife hasn't expressed a wish for an Electric Washer it's because she has never seen them work. She'll be delighted with one on Christmas.

A Vacuum Cleaner

CITY AND DISTRICT

Elected To Be Tried By Judge.

Two defendants, charged with taking clothes off three lines, namely, E. Stokopf and George Bot, before Magistrate Weir this morning elected to be tried by the County Judge. A remand was therefore made.

Pleasant Surprise

Fourteen playmates of Miss Annette Compas, daughter of Mr. Morand Compas, 220 Ahrens Street, West, surprised her yesterday on the occasion of her ninth birthday. The children spent the afternoon and part of the evening in a most enjoyable manner. All had a very good time and on leaving received the hearty thanks of the guest of honor and her parents for their kindness.

Dear Santa

I would like to tell you all I want but I am afraid the News Record would charge me for the space. But I would like an erector No. 3 and a steam engine. I better not tell you any more.

AT THE PALM GARDEN CHRISTMAS EVE

An open date gives the management an opportunity to hold one of the good old time dances which is sure to cheer everybody who attends; hall nicely decorated for the occasion; at the customary admission: Ladies 25c, Gentlemen 50c. Mullen's Jazz Orchestra.

Pleasing Presentation

Yesterday afternoon E. Roy Shantz, manager of the Merchants Printing Company, was pleasantly surprised by his staff who presented him with a gold signet ring.

G.A. Hamon, foreman was the spokesman for the donors. He declared that although the purchase of modern machinery was a good thing for extending business, yet to know that the staff was cooperating with the management was better yet. Mr. Shantz could rest assured that his staff was with him in his efforts to cope with a largely increasing business and they felt that his success would be theirs as well.

Mr. Shantz who was taken entirely by surprise thanked the boys as much as his emotion permitted and the pleasing incident ended by the singing of "For He's a Jolly Good Fellow" led by Mr. Sam Oliver.

The Christmas Spirit at the Allen

The involuntary exclamation everybody made on walking into the lobby of the Allen Theatre last night was "My, how Christmasy" and "Oh, isn't it pretty." They were called forth by the artistic Christmas decorations which greet one on entering and Manager Jennings is to be congratulated on the excellence and good taste shown. With the colored lights in the evening it resembles a veritable fairyland, and cannot help but infuse the festive season.

Audience of evergreens form a main part in the decorations, and with Christmas bells, holly, glittering tinsel, tapestry and Santa Claus figures make a pretty picture. Patrons of the Allen and Imperial Theatres are being presented with complimentary copies of "My Shadowland," a new song composed by Mr. Herb. C. Jennings, manager of Allen's new Danforth Theatre, Toronto, and son of Mr. H. N. Jennings here. It is a catchy little song about the silent stage, and his friends are pleased to know that the versatile Herb can write songs in addition to his other accomplishments.

Adjourned For A Week

In police court this morning Sgt. Grasser gave evidence on a barrel shipment of liquor which he seized some weeks ago while in the possession of a truck driver. Mr. J.A. Haverson, K.C., of Toronto was present for the defendant, Mr. J. Zuber. The case was adjourned for a week.

Ask That Changes Be Put In Writing

At a special meeting of the Police Commission yesterday afternoon the request of the city Council for the resignation of the Chief of Police was received. The Commission decided on the motion Judge Spotton and Magistrate Weir to ask that the matter be left over until specific charges and accusations in writing are made against him.

These charges are to be submitted to the Chief who is to be given the opportunity to answer them. An investigation is to be held later before the Commission when evidence is to be received under oath. The Chief was instructed to make a full report on the recent riot.

Compulsory Vaccination For Brantford Schools

At a meeting of the Brantford Board of Health a resolution was unanimously adopted calling for the enforcement of the vaccination act as regards school children. The board returning to school at the N.W.Y. will be required to show a certificate of successful vaccination performed within the last seven years. There are at present four cases of smallpox in the city and all are children. Two new cases developed over the weekend. The board authorized the Medical Officer to take over medical inspection in the schools January 1st.

The steamer Glenlyon arrived at Port Arthur, closing navigation for the year.

A BIG BOXING CARD SLATED

Some Prominent and Able Ring-men on the Program For New

The big boxing tournament under the G.W.V.A. will be held on New Year's Day Jan. 1st, at 2:30 o'clock in St. Mary's hall.

The main bout for the occasion will be Dick Atkins of Toronto, feather weight champion of Canada, and Barney Schultz of Kitchener. Atkins won his championship two months ago in Toronto and in his last bout defeated Jean Gunnison of Milwaukee who got a decision over Paul Moore. He also has two decisions and one draw with Jimmy Goodrich.

Tommy Dyer who is handling Schultz claims that in his boy he has a coming champion and guarantees that after his fight with Atkins the latter will know that he has been fighting. This promises to be the most sensational battle staged in Kitchener.

Joyce To Meet Smith.

Ted Joyce, Bantam Champion of Canada, will have as his opponent Alf Smith, of Hamilton. It will be remembered that Joyce is the boy who fought such a sensational fight in London with Carl Tremaine, Bantam champion of Michigan. Tremaine will fight Jimmy Wilde on January 1st, at Canton, Ohio. Joyce has won every other fight by the knockout route and is the only Canadian to meet Jimmy Wilde in this country, the fight to take place in Montreal in February. Alf Smith who will be his opponent has been cleaning up everything of his weight between Hamilton and Buffalo.

McCracken vs. Murphy. Sgt. Jack McCracken will fight Young Murphy of Buffalo. McCracken who recently returned from overseas is the Light Weight champion of Ireland and at the Inter Allied Sports in London, England won the Championship in this class. It is incidental to note that he has challenged Scotty Listner, a well-known Toronto boxer, for a winner-take-all and a \$1,000 side bet. Up to now Scotty has failed to cover his opponent. Young Murphy, is a lad who can be relied upon to put up a real scrap and McCracken will have to extend himself in this fight.

Burns of Hamilton and Baker of Buffalo whose records are both well-known will try conclusions in the opening bout.

Arrangements have not yet been completed for the Jack Forbes and Barcat Smith wrestling bout. Followers of the game will remember Forbes as the man who won the 130 pound championship in New York City three weeks ago. Fans can see that the G.W.V.A. committee are endeavoring to provide Kitchener with real high class boxing by bringing together this galaxy of boys, whose records and fighting activities we have only been able to read about and it is up to Kitchener to decide whether we are going to continue with this class of bouts. If attendance and patronage warrants the G.W.V.A. will run a series of these cards all winter. By bringing the most noted men to the city such as Carl Tremaine, Bobby Ebor, Franky Bull, Franky Schoell and other champs.

Arrangements have been made whereby the patients of the Sanatorium, will be enabled to attend the show as the guests of the G.W.V.A.

The program put on as outlined above is to the credit of the G.W.V.A. Committee. If their efforts now meet with the proper and deserving response one can look forward to this series of winter programs hinted at. So it is up to the lovers of good boxing to ensure that the city get such high class events.

FINAL S.P.A. SENIOR GAME THIS EVENING.

It is to-night's game at the Toronto Arena in the 'Sportmen's Cup' series is half as close and interesting as the Dental-Kitchener contest on Saturday the Toronto fans will be fully satisfied. This game will bring together the cup holders and the Granite, who are making their initial appearance on Toronto ice this evening.

There is no reason why Grant should not give the Box-Skeleton team a warm struggle. Addison's goal has few equals, while the assets of LaFlamme, Hughie Fox, Harry Watson, Harry Smith and "Duno" Munro are too well known to require comment. Fox and Watson were pre-war stars, while Smith was rated as one of the best forwards of the T.R. and A.A. team.

MCGILL DEFEATED ARGOS. Argos used "Duno" Munro, the U.T.S. star, on the defense, and he lasted the entire route, and was the most effective man for the Toronto. Jack Aggett, also of U.T.S., played centre, but got little opportunity to show at his best. Nearly all of the Argo wing players lack condition and were unable to keep pace with the puck carrier. Hicks at left wing showed improved form and did not roam from his position as much as in the game against Dentals. He scored the second goal for Argos on a brilliant individual rush.

Morris Pentec, Pueblo, Col., \$250,000 to Dempsey for match in Pueblo.

William R. Farson, New York City, \$150,000 and one-third of profits to Dempsey for contest in London.

Ben. Stein, Milwaukee, 1,000,000 francs to Dempsey for bout in Paris.

Charles Cochran, \$350,000 purse for bout in England.

The Hamilton Tiger team expects to be at full strength for tonight's exhibition game against McGill University. Reise will be back on the defense, while Billie Boyd, who has not been practicing for about a week, is counted on to play part of the game. Unless McGill showed improved form over last night's exhibition here they will probably get a bad beating.
