57TH YEAR. NO. 22692

## BRITAIN TO SEND TROOPS TO RUHR IF TREATY IS AGAIN BROKEN

Lloyd George Would Approve of German Occupation.

### UNDER CONDITIONS

British Premier Gives Statement As To His Attitude.

Paris, April 23.—Premier Lloyd George of Great Britain would approve of Anglo-French occupation of the Ruhr district of Germany in the event that the Berlin Government should refuse suitably to live up to the revised terms of the Versailles treaty, says "Perrinax," political editor of the Echo de Paris.

The representative of England, as "Perrinax" in the course of his article, "charged a high military member of his suite with the duty of insinuating questions during discussions for the purpose of giving the impression that if Germany should fail to exactly execute the treaty of Versailles, once it is revised, England would consent to sending her soldiers into the Ruhr Valley in company with those of France."

### TREATY NOT LIKELY TO BE REVISED WITHOUT CONSULTING AMERICA

London, April 23.—The London Times today confirms the Paris reports yesterday that Premier Lloyd George and Nitti had urged that a German representative be summoned to San Remo for the purpose of revising the treaty of Versailles, but that the proposed conference would be held only if the French and Belgian opposition to this the newspaper adds: "We understand that any attempt to revise the treaty without consulting the United States will be resented by America, who will be responsible for any complication that may ensue."

PRINCE GHIKIA AT SAN REMO. San Remo, April 23.—Prince Ghikia, Rumanian minister to France, arrived here today from Rumania. He is visiting San Remo for the purpose of following closely Russian questions before the supreme council which meets tomorrow.

## G. T. R. BILL IS SENT TO SENATE FOR APPROVAL

Bill Was Under Debate For the Past Two Weeks.

Ottawa, April 23.—The House of Commons at an early hour this morning, gave third reading to the bill covering acquisition of the G. T. R. by the government of Canada. The vote of the third reading showed a government majority of 21.

The measure now goes to the senate for its concurrence.

## GERMAN RAILROADERS FORCED GOVERNMENT TO GRANT DEMANDS

Increased Wages Ordered To Prevent General Strike.

Berlin, April 22.—(By the Associated Press).—That the railwaymen's demands for increased wages have taken the shape of a general ultimatum to the government, with an alternative threat of a general strike, was indicated late yesterday when at the close of the sitting of the National Assembly the Socialist Deputy Kottwitz moved that 2,000,000 marks be immediately appropriated for that purpose.

Dr. Wirth, minister of the treasury, replied that the government was not prepared to accede to the demands, but would ask the house to assent, as he had been informed that certain points owing to the impression among the men that the government was unduly delaying the matter.

## CANADIANS INCREASE SAVINGS IN BANKS BY TEN MILLIONS

Ottawa, April 23.—By Canadian Press.—The monthly bank statement for March, issued by the finance department today, shows a small increase in bank note circulation over the previous month, with a rather large increase in deposits in the central gold dollars. Savings deposits increased during the month by approximately ten million dollars. The principal figures are:

|                              | March, 1920.  | February, 1920. | March, 1919.  |
|------------------------------|---------------|-----------------|---------------|
| Reserve fund                 | \$124,925,000 | \$124,925,000   | \$117,438,322 |
| Note circulation             | 225,749,428   | 223,371,781     | 214,576,879   |
| Bank deposit                 | 657,412,028   | 620,605,555     | 566,757,269   |
| Notice deposit               | 1,197,719,507 | 1,187,027,307   | 1,037,851,766 |
| Deposit outside Canada       | 318,277,881   | 277,478,631     | 210,104,607   |
| Current coin                 | 79,990,826    | 80,890,212      | 80,890,212    |
| Deposit C. G. R.             | 184,152,473   | 182,588,067     | 172,451,933   |
| Call loans in Canada         | 108,200,000   | 104,500,000     | 108,350,000   |
| Call loans outside Canada    | 128,233,210   | 127,351,919     | 87,601,337    |
| Current loans in Canada      | 202,295,232   | 184,469,882     | 160,116,443   |
| Current loans outside Canada | 1,324,237,000 | 1,357,018,502   | 1,117,197,446 |
| Total liability              | 2,789,234,730 | 2,662,332,249   | 2,358,158,219 |
| Total assets                 | 2,801,526,474 | 2,992,497,289   | 2,612,163,713 |

## QUEBEC DRY MEASURE PROHIBITS BRINGING OF LIQUOR INTO ONT.

Citizens of This Province Cannot Return With Wet Goods.

### CAN BE SHIPPED

Ontario Citizen Is Regarded as Resident If On a Visit.

Montreal, April 23.—Ontario people who come to Montreal and buy liquor with a view to taking it back to Ontario under the belief that they are legally entitled to do so are liable to find themselves mistaken, it was learned here today. The provisions of the Quebec prohibition law, and its manner of enforcement, are to the effect that Ontario men visiting this province are regarded as having their residence here, and are treated as such. This means that they cannot carry over into Ontario and order liquor for this own use and then take it back with them. He may, however, order it to be sent him to a point in Ontario.

The only liquor that can legally be taken into Ontario is that secured by means of a medical prescription, and under 43 ounces.

## CAILLAUX IS SENTENCED TO 3-YEAR TERM

Ex-French Premier Was Convicted On Serious Charge.

TIME SERVED DEDUCTED

Former Official Will Have But One Month To Serve.

Paris, April 23.—Sentence of three years' imprisonment was imposed today upon former Premier Joseph Caillaux, convicted by the high court yesterday of the charge of correspondence with the enemy. The time during which he was under arrest will be deducted, however, leaving him but one month to serve.

### TAKES CONVICTION CALMLY.

Paris, April 23.—M. Caillaux received the news of his conviction stoically, showing less temper than at any time since the trial began.

Article 78 of the military code, under which M. Caillaux was convicted, dates back to 1808, and was aimed especially at French businessmen guilty of corresponding with British brokers during the blockade, and giving them the stock exchange figures and other information.

M. Caillaux's plan for the future has not been made public, but it is learned on good authority that if he is sentenced to banishment for any length of time he will proceed to South America. When the high court convened for the afternoon session, the verdict was read to Caillaux, informing him that he was guilty of violating article 78 of the military code. He was asked if he had anything to say. Caillaux replied: "No, I have nothing to say."

Maitre de Mante then said for the defence: "M. Caillaux has been found guilty of the crime with which he was accused, and against which he was not defended. I let you take the responsibility, appeal to justice, I appeal to France."

After the reading of the verdict to M. Caillaux the high court, convened in secret session to deliberate on the sentence to be imposed.

### PETERBORO LAWYER DIES.

Peterboro, April 23.—The death of K. C., a prominent lawyer of this city, aged 77 years, at the time of his death deceased was chairman of the utilities commission and the Peterboro city trust commission.

# The London Advertiser

LONDON, CANADA—THE HOME OF UNBROKEN PROSPERITY.

THE LONDON ADVERTISER, LONDON, ONTARIO, FRIDAY EVENING, APRIL 23, 1920. 160 COLUMNS.

## HOME EDITION

Weather—Fair and cool.

PRICE THREE CENTS

## ALL THAT REMAINS OF "TEMPLE OF LEARNING"

London Collegiate pupils viewing smoking debris this morning from east side of building, gutted by fire last night.

## WHERE WILL COLLEGIATE PUPILS TAKE UP STUDIES NEXT WEEK?

Technical School Regarded As Temporary Solution to Question—Board of Education To Review Situation—Ways and Means Suggested.

School accommodation for a thousand high school pupils is being sought today by the board of education. The Technical School is regarded as the solution to the problem, and the high school committee and technical committee will make a joint review of the situation there today.

School accommodation generally is so limited that it is expected there will be considerable difficulty in finding classrooms for such a large number of pupils on short notice. Several plans are under consideration, and it is quite possible that high school classes will be opened by the beginning of the week.

Not Affected. The commercial section of the school is not affected. The classes in this division are accommodated in two buildings, one directly behind the main school, and the other, the old Princess Avenue public school. All the rooms in this latter building are not occupied. The plan which may be followed is to move the commercial classes from this school to the Technical School, equip the remaining rooms at the Princess Avenue school, and accommodate as many collegiate pupils there as possible.

It is practically imperative that all the classes be accommodated in one building, as it is probable that one room to another for instruction in different subjects. At the public schools one teacher remains in charge of a class throughout the entire day.

This condition has suggested another plan to afford temporary accommodation. One of the public schools may be taken over for a collegiate, and the public school classes may be accommodated separately in Sunday school.

### SUPREME COUNCIL FORMULATES PLANS ABOUT DARDANELLES

Control To Be Under Two International Boards.

San Remo, April 22.—(Associated Press).—The plans for the control of the Dardanelles were formulated by the supreme council at today's session. The control will be exercised by two international commissions. One of these, an administrative body, will regulate the traffic, fix the dues for the use of the straits and supervise affairs generally, much the same as the Suez Canal commission does for the Suez waterway.

The other body will be a military commission, having at its disposal forces which will be located in part on the Gallipoli Peninsula and in part on the other side of the straits.

### SIR JOHN TAYLOR TO BE RELIEVED UNDER NEW GOVT. POLICY

Irish Under-Secretary Has Lived in Fear of Life.

London, April 23.—Sir John Taylor, under-secretary in the Irish administration, will resign as a part of the new government policy toward Ireland, says the Daily Sketch.

"Sir John," says the newspaper, "has for years been the power behind the throne at Dublin Castle, and his life has been in constant danger. He was constantly guarded by detectives, and it is reported he had not left the castle in six months until he was given a month's leave of absence recently. This leave may be prolonged indefinitely."

### THE WEATHER

Following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 72; lowest, 37.

The official temperature for the 12 hours previous to 8 a.m. today were: Highest, 52; lowest, 40.

TOMORROW—FAIR AND COOL. Toronto, April 23—8 a.m.

## COLLEGIATE LOSS, \$200,000; \$60,000 INSURANCE CARRIED

Estimated Cost of Rebuilding Is Half Million Dollars—Trustee A. N. Udy Brought Up Question of Increased Insurance Several Weeks Ago—No Action Was Taken.

Although the loss at the collegiate and the scene the flames had gained a good hold on the chemistry room on the top floor, from where they spread between the rafters and the roof, and soon enveloped the stairway, forcing the firefighters to retreat. Some of them remained on the top floor of the building until the danger of the roof and floor collapsing forced them to relinquish their position. When the flames were turned in it was thought that this had hardly ended, they were able to bring all but a few hundred feet of hose into play.

Pressure to fight the flames in this three-story structure had to be maintained from small-sized domestic mains. The largest was a 10-inch main on Waterloo street. The water was pumped from the main on Dufferin avenue and a 4-inch main on Princess avenue. Pressure from there was not nearly sufficient to reach the flames which were devouring the top of the building.

The fire engine was brought into play in order to give sufficient pressure to reach the corners, which were blazing fiercely and falling to the ground in huge sections.

### Required 395 Shells to Kill One Soldier

Member of French Academy Makes Extended Investigation.

Paris, April 23.—Dr. Mercher, a member of the French Academy of Medicine, after an extended investigation, has determined that during a period of five months in 1917 a total of 3,500,000 shells fell on the front of the three French armies in Asia Minor.

### ENTENTE AUTHORITIES ARREST IZZET PASHA

1,200 Adherents of Mustapha Kemal Are Apprehended.

Constantinople, April 23.—(Associated Press).—Izzet Pasha, former grand vizier, was placed under arrest by Entente authorities here Wednesday. General Aliza Pasha and several other prominent Turks were also apprehended for the trouble.

### CONFERENCE CONTINUES.

Ottawa, April 23.—About ten members of the board of conciliation investigating the dispute has for its primary object the satisfactory settlement of the employees' requests with approval by the company, and the elimination of a possible doubt as to a strike.

### JURY UNABLE TO AGREE IN COL. PORTER'S TRIAL

New York, April 23.—The jury in the case of General Augustus Drum Porter, former third deputy police commissioner, indicted in New York's vice war on a charge of neglect of duty, reported at 12 o'clock today that it had been unable to reach a verdict. It was immediately discharged by Judge Malone.

The jury was out nearly 24 hours. It was reported that members stood nine to three for acquittal from the taking of the first ballot until they reported to the court.

### SCHOONER IS WRECKED.

St. John, N. B., April 23.—Word received here is that the three-masted schooner Samuel Castner, Jun., Capt. Thomas W. Clark, which left St. John last Saturday for New York, with 222,606 feet of spruce board, had struck on Swan's Island, Maine, and is a total loss.

## U. S. IS REQUESTED TO SEND WARSHIPS TO MEXICAN PORT

Message Says American Lives and Property Endangered.

### INVESTIGATE CALL

Appeals of Similar Nature Are Frequently Received.

Washington, April 23.—American Government representatives in Mexico have asked for the dispatch of warships to that country to protect American citizens and their property. The requests came from Mazatlan and Tepic, on the Pacific coast, and Frontera, on the Gulf coast. Officials of the state, war and navy departments are investigating the requests, explaining that in times of disturbances in the southern republic it is not unusual to receive requests for warships when there is no need for them.

## KING'S CHAPLAIN MAY SPEAK HERE

At Men's Brotherhood Banquet On May 6.

Chaplain to a king, General Davies, famous in British military and religious circles, is expected to visit London on May 6. He is the spiritual adviser of King George V of England, and is now touring the United States and Canada in behalf of the World's Brotherhood movement.

## CONVICTION UNDER O. T. A. IS QUASHED

Evidence Not Produced To Warrant Finding Waiter Guilty.

Toronto, April 23.—That were last night of a certain T. H. and B. train between Hamilton and Buffalo recently. An American customs officer found two bottles of whiskey in a linen locker of the dining car. Eleven bottles were found elsewhere. T. J. Townsend of Buffalo, a waiter in charge of the linen closet was fined \$300 by the magistrate at Bridgeburg for violation of the Ontario temperance act. This morning the case was brought before Justice Logie, and he quashed the conviction on the ground that there was no evidence to show that Townsend had exclusive control of the linen locker.

## EXPECTS PRICE OF NEW POTATOES TO BE \$15 PER BARREL

Toronto, April 23.—Although local women are not buying potatoes in such large quantities as formerly, the potato dealers unanimously declared that they have felt no effect as a result of the boycott of the department of justice. The price of new potatoes this season in Toronto would be \$12 to \$15 per barrel.

## DRY REFERENDUM TO BE SUBMITTED SOON TO NOVA SCOTIA VOTERS

Halifax, April 23.—The question of absolute prohibition of the importation of alcoholic beverages will be placed before the hands of the electorate of Nova Scotia at yesterday's sitting of the House of Assembly. Hon. Mr. Daniels moved a resolution calling for a plebiscite on the subject. The resolution passed unanimously.

### MUSTAPHA KEMAL HEAD OF INDEPENDENT STATE

London, April 23.—Anatolia has formed an independent government, under the presidency of Mustapha Kemal, leader of Turkish nationalist forces in Asia Minor, according to a dispatch to the Exchange Telegraph company, dated at Constantinople on Wednesday.

## GERMAN LIKELY TO ANNOUNCE SHE WILL BE UNABLE TO PAY BUT PART OF HER INDEMNITY

Berlin, April 23.—(By the Associated Press).—Germany will announce before May 10 the amount she is able to pay as part of her indemnity to the Allies. The finance ministry has not yet definitely indicated the sum, but it is hinted that the amount will be below 100,000,000 marks.

## Overall Campaign Is Forcing Down High Clothing Prices

New York, April 23.—One of New York's large ready-to-wear clothing houses in advertising today reductions to \$37.50 in the price of a suit, and overcoats, ranging from \$35 and reductions to \$25.00 on those priced as high as \$75, announced the drop as "a deliberate cutting of our own profit for the purpose of helping the movement to force down the high cost of clothing."

Thousands of New Yorkers, reading the announcement, contemplated what the profits at original prices must have been.

The advertisement was headed: "Why Wear Overalls?" and explained the reduction was the firm's "contribution to the national drive to cut the high cost of clothing."

## DIVORCE BILLS ARE EXPECTED TO PASS; MANY WILL OBJECT

Roman Catholics Will Put Up Strong Opposition.

### GOVERNMENT IS IN FAVOR

Senator Lynch Staunton's Measures Likely To Fall in House.

[Special to The Advertiser.] Ottawa, April 23.—The fate in the Commons of certain measures initiated in the Senate is in doubt. Senator Lynch-Staunton, the father of a measure whose purpose it is to compel on penalty of fine or imprisonment of both, dealers in German or Austrian goods to advertise the fact on the envelopes of their correspondence, and on their stationery. The senator is pressing the bill, which has already been reported from committee and stands for third reading. That it will pass is fully anticipated. Thereafter it must come to the Commons for consideration. While there was considerable discussion on the bill in the Senate and not a few objections, a number of members voted for it on the assumption that it was a temporary measure and could be repealed later when conditions between the countries become normal. It is not believed, however, that the Government will take the responsibility of sanctioning its passage in the Commons, and as a consequence the bill in that House is almost certain to defeat.

## FEDERAL AUTHORITIES THREATEN TO ARREST LEADERS OF STRIKE

Warning Is Issued To Cleveland Union Officials.

Cleveland, April 23.—Immediate arrest of railroad strike leaders in Cleveland unless the order issued by the Post Office Department is obeyed, was threatened by federal agents today.

The warning was given by J. O'Rourke, president of the Cleveland Yardmen's Association, by John Sawchenko of the department of justice, before the executive committee of the association met at noon.

## FRANCE AND BOLSHEVIKI ARRANGE FOR EXCHANGE OF PRISONERS OF WAR

Agreement Reached After Weeks of Negotiation.

Paris, April 23.—Representatives of France and the Russian soviet government have signed an agreement relative to the exchange and repatriation of prisoners of war held in each country.

## GUELPH COMPANY WOUND UP BY JUDGE'S ORDER

Toronto, April 23.—By order of Justice Lacombe, the Motion Picture Company of Guelph was today ordered wound up on the petition of P. H. Sargent of Guelph, a creditor to the extent of \$120.

The company was incorporated in 1919, with a nominal capital stock of \$200,000. Its assets are \$25,000, and its liabilities \$15,531 more than the assets.

## FIRE CUTS SECTION OF GREER & SON'S CARRIAGE FACTORY

Several Thousand Dollars Worth of Damage.

## LIGHTNING TO BLAME Theory Is That Bolt Entered by Way of Electric Wires.

Fire, believed to have been caused by lightning, did damage, which early estimates placed at several thousands of dollars to the wood shops of the A. B. Greer & Son's carriage factory, at the corner of Talbot and York streets, last night. Materials in the paint shops immediately above the wood shops, and on the ground floor, immediately below, were damaged to some extent by smoke and water. All damage is fully covered by insurance.

That the fire was not more serious, Fire Chief Aitken ascribed to the fact that every evening after work is finished, the fire department is on duty, and before they had extinguished the last signs of the fire, the flames had partially penetrated through the rafters of the wood shop and the floor of the paint shop.

The fire was first discovered at 3:45 p.m. Mr. Greer, eleven-year-old son, remarked of a particularly loud peal of thunder that: "That sounds as though it was right at the door. I wonder if it hit anything." Mr. Greer, himself feeling uneasy at that score, went outside, and, passing down the lane at the side of the factory, discovered that smoke was pouring from the windows of the wood shop on the second floor.

Entering the office at the front he secured his keys and attempted to ascend to the wood shop, but was driven back by dense smoke. He immediately sent an alarm, and the firemen responded promptly.

When they arrived they found it necessary to force an entrance to the burning section by way of the front. They found the interior of the shop a mass of flames. Several streams of water were poured onto the burning hearth and carriage bodies stored in the shop. By 10:30 p.m. all danger was believed to have passed, although the chief and a few of his men remained on the scene as a precautionary measure until after 11 o'clock.

Mr. Greer made a partial survey of the damage last night, and, although he said he could not at that time estimate its extent with any degree of closeness, he added that it would certainly run into a good many thousands. The most serious aspect of the situation from his point of view was the unavoidable delay in filling orders. Repair work would be commenced at once, he said, but several weeks at least would be needed before work could be recommenced in the department. In the meantime, the laying off of several men would be unavoidable.

Chief Aitken's theory, which coincides with that of Mr. Greer, is that lightning entering the shop along the electric wiring, started the fire, which apparently originated near a wood-working bench in one corner of the shop.

**ARGENTINA'S CORN CROP.**  
Buenos Ayres, April 22.—Argentina's corn crop for the present year will be 6,571,000 Spanish fanegas, equivalent to 258,897,000 Canadian bushels, according to official figures made public today.

As each section of the building was invaded the first indication was the appearance of feathery puffs of smoke between the tiles. Then gradually the roof would buckle, disclosing the red girders beneath. Then followed a succession of crashes, as tiles fell onto the concrete walk, and a greater crash as a whole section of the roof fell in, carrying the fire into the lower portions of the building. The final section to be ravaged was the south end, including the tower. When the roof of this gave way the flames escaped through the top with a roar and lighted up the grounds so that one could see as clearly and with as great detail as in broad daylight.

By 1:30 the flames were sweeping through the basement and lower floors, and at the time of going to press the bulk was still blazing on the main floor. Long before that time, however, it needed no special intelligence to realize that not a single thing capable of being burned would escape the holocaust. The College Institute was built in 1890. The cost of replacing it under present conditions is impossible to estimate at present, but it certainly would be at least three times as much as the original cost. Naturally, from some points of view, the loss is irreparable.

Perhaps there may be some, also, who will feel that the burning of the school is not an unmixed evil, inasmuch as it will force action along the line of providing more adequate permanent College Institute accommodation, a need which has been obvious for some years.

When the alarm was turned in the firemen had barely reached their respective stations following a run to the plant of A. B. Greer & Son, where they had a strenuous fight. In spite of that, however, they went to work again with no indication of fatigue, and worked steadily through until the early morning hours.

That night's fire is probably the biggest calamity traceable to an electrical storm which London has suffered. Serious fires from such causes are not, in fact, being practically unknown in the past.

**Fireman Hurt.**  
Lieut. Tom Mason of No. 4 firehall had his face badly bruised and cut by pieces of flying timber during the fire up on the east side of the building.

In addition to the heroic work of the small boys in rescuing part of the school equipment, good work was done by three of the female teachers, Misses Manley, Kelso and McEachern. They got out all of the domestic science equipment, which was movable.

The roof on the west side of the building, which had been holding up well, crashed in at 2 o'clock knocking the remaining part of the roof off and threatening the lives of a number of firemen with a line of those who were standing on the roof of the gymnasium.

Through the poor water pressure during the early stages of the fight some of the boys who were acting as spectators were called on to do a job, which any other child would find caused them great joy. The work being the breaking of windows with stones so that the hose lines could be turned on the interior of the building.

The fire was burning steadily at 2:15 in spite of the number of "hoses" which had been turned on. All of the floors had caved in by this time, and the burning good food for the flames, which mounted high as each room took fire. This morning the embers were still smoldering.

## LONDON COLLEGIATE INSTITUTE COMPLETELY DESTROYED BY FIRE STARTED BY LIGHTNING

Loss May Reach Quarter of a Million Dollars — Only the Walls Left Standing—Technical School Will Be Used Temporarily by Pupils So As Not To Interfere With Approaching Examinations.

What yesterday was the London Collegiate Institute is today nothing but an empty shell of blackened walls. Within little more than an hour the fire-devil reduced to ruin the structure in which so many of London's sons and daughters have received their education. The building was practically destroyed from the time that the fire was first discovered. The firemen put up a good fight and a brave one, but from the first it was obvious that their efforts were in the nature of a forlorn attempt.

Starting in the chemistry room on the top floor at the north end of the building, the fire, believed to have originated from a lightning stroke, had gained such headway before the flames could be seen from the outside, that by the time the alarm was given and response made by the fire department the whole of the roof of the northern section of the school, as well as the interior of the upper floor, was a mass of such flame as no streams of water could have quenched.

All that mortal men could do the firemen did. Men stood on the fire escape at the north end of the building and in the very windows on the west side, from which flames were actually shooting, and they did their best to prevent the fire from spreading to the other and more southerly section of the building. Even when the heat became so intense that on-lookers standing near the burning building felt the heat of the flames, the firemen, maintaining their positions, battled back the flames, which, in places, regained fresh hold in a new place, every time they were repulsed from another point. And all the time steady gain against those of conservation.

**Pupils in Danger.**  
From time to time huge sections of the roof fell in with loud rumblings. At one time a tumble of rubble from the school were in the main section of the building salvaging books, furniture and other things when the fire above their heads was burning and threatening at any moment to collapse on them. The fire, which had narrow escapes after leaving the building when they endeavored to gather up articles which had been thrown from the inside through the windows. In two instances at least slates fell within inches of the heads of two venturesome youngsters.

At one time two firemen, at least, were within a very few minutes of rounding the corner and saving the school. The fire was burning so hotly that many of whom had left their beds a few minutes before the blaze, were now being rescued by the firemen.

For the first time in four years the steam pumping engine was used in an effort to save the school. The pressure behind the water streams. This is always a last resort, and in the present instance it was a desperate one. The fire was discovered shortly before midnight and by 1 o'clock the whole interior of the school was virtually a mass of flames. A long time afterwards flames still raged inside the structure, but hope had been abandoned of then saving anything except the outer walls.

At one time those without technical knowledge thought that the fire was under control. This occurred when the firemen succeeded in beating the flames back from the windows sufficiently to permit of leaning through the openings work of the firemen against the frame-work of the building. The men who were doing this knew that the odds were overwhelmingly against them, but that they could do or hope for success.

**Puffs of Smoke.**  
As each section of the building was invaded the first indication was the appearance of feathery puffs of smoke between the tiles. Then gradually the roof would buckle, disclosing the red girders beneath. Then followed a succession of crashes, as tiles fell onto the concrete walk, and a greater crash as a whole section of the roof fell in, carrying the fire into the lower portions of the building. The final section to be ravaged was the south end, including the tower. When the roof of this gave way the flames escaped through the top with a roar and lighted up the grounds so that one could see as clearly and with as great detail as in broad daylight.

By 1:30 the flames were sweeping through the basement and lower floors, and at the time of going to press the bulk was still blazing on the main floor. Long before that time, however, it needed no special intelligence to realize that not a single thing capable of being burned would escape the holocaust. The College Institute was built in 1890. The cost of replacing it under present conditions is impossible to estimate at present, but it certainly would be at least three times as much as the original cost. Naturally, from some points of view, the loss is irreparable.

Perhaps there may be some, also, who will feel that the burning of the school is not an unmixed evil, inasmuch as it will force action along the line of providing more adequate permanent College Institute accommodation, a need which has been obvious for some years.

When the alarm was turned in the firemen had barely reached their respective stations following a run to the plant of A. B. Greer & Son, where they had a strenuous fight. In spite of that, however, they went to work again with no indication of fatigue, and worked steadily through until the early morning hours.

That night's fire is probably the biggest calamity traceable to an electrical storm which London has suffered. Serious fires from such causes are not, in fact, being practically unknown in the past.

**Fireman Hurt.**  
Lieut. Tom Mason of No. 4 firehall had his face badly bruised and cut by pieces of flying timber during the fire up on the east side of the building.

In addition to the heroic work of the small boys in rescuing part of the school equipment, good work was done by three of the female teachers, Misses Manley, Kelso and McEachern. They got out all of the domestic science equipment, which was movable.

The roof on the west side of the building, which had been holding up well, crashed in at 2 o'clock knocking the remaining part of the roof off and threatening the lives of a number of firemen with a line of those who were standing on the roof of the gymnasium.

Through the poor water pressure during the early stages of the fight some of the boys who were acting as spectators were called on to do a job, which any other child would find caused them great joy. The work being the breaking of windows with stones so that the hose lines could be turned on the interior of the building.

The fire was burning steadily at 2:15 in spite of the number of "hoses" which had been turned on. All of the floors had caved in by this time, and the burning good food for the flames, which mounted high as each room took fire. This morning the embers were still smoldering.

**Protest Is Entered by Buyer of House Under Housing Plan**  
Mrs. Harvey Claims Price Was Raised After She Had Purchased.

The area of Pine Lawn, on which the housing commission plans to erect 42 houses, may be increased from ten acres to fifteen acres. The commission last night instructed its architect, E. W. Pamphill, to make a survey, including five acres south of the property which is already in possession of the commission. A survey of the ten acres has been made already. The commission wishes to see if houses could be laid out better on a larger site.

Mrs. R. Harvey appeared before the commission and registered a vigorous protest in regard to a house which had been built for her. She claimed that P. W. Wilson, who was official investigator for the commission, had sold her the house for \$2,175. The commission had told her subsequently that Mr. Wilson had no authority to make a sale, and that the cost would be \$3,600 or \$3,800.

Mrs. Harvey said she could not pay the much larger amount. The commission agreed to let her stay in the house for a new week, at a rental corresponding with the first price given, while she looked for a new house. Mrs. Harvey claimed that she could not find another house, and thought the house should be sold at the original price.

Commissioners H. H. Head, J. W. Cunliffe and Victor Jackson were appointed a committee to inquire into the cost of this and other dwellings, and to report at the next meeting. Mrs. Harvey will see them if the price is suitable to her, and if not the commission will try to reach some other agreement with her. The members pointed out that they had no authority to rent a house. It must be sold to someone else if not to Mrs. Harvey.

**THE TECUMSEH MOTHERS' CLUB HEARS MRS. KELLY**  
Mrs. W. E. Kelly was the speaker at an enthusiastic meeting of the Tecumseh Mothers' Club, held at the school last evening. One of the features of this meeting was the distribution of mothers of small boys on "life problems" for them to place in the hands of their children if they wished to do so.

It was announced at this meeting that about 500 had been realized from the recent sale of the Sick Children's Hospital.

It was further decided by a unanimous vote of the meeting that the members of the Tecumseh Mothers' Club would stand behind the movement to check the high cost of necessary clothing and food. An interesting feature of the meeting was a presentation made to Mrs. Suer, treasurer of the club, who leaves shortly for Detroit.

**WHEN TONGUE IS COATED**  
your liver is torpid and is affecting your stomach and bowels. To rouse your liver, take the little, purely vegetable and in-all-ways satisfactory Hood's Pills. They relieve biliousness, constipation, all liver ills. Do not irritate or gripe. Sold by all druggists.

# Millinery Surprise Saturday, \$11.50

THE "DUPLEX" FIRELESS COOKER. See Them in the Basement.

## Tempus Fugit :: Little children of today are the buyers of tomorrow.

This distinctive shop extends an individual service and a confidence inspiring treatment to all of London's little men and women.

## Barnard's

Diamond Merchants and Jewelers.  
399 RICHMOND STREET, LONDON.

## High Blood Pressure

This is but a Symptom of some other disease: with High Blood Pressure there is usually associated Kidney Trouble, Heart Disease, Hardening of the Arteries or some Disorder of the Brain. When the Blood pressure is high, there is often the danger of a Rupture of a blood vessel, most frequently in the Brain, producing a Stroke or in the Kidneys, producing Bright's Disease. I am firmly convinced that few people under 60 have cause to worry about High Blood Pressure if they will live a normal life and adopt the use of Mackenzie's Heart and Nerve Remedy (50c), along with Mackenzie's Kidney and Liver Pills (25c), when a good laxative is required. Better give them a trial. Sold by all druggists or by mail. Mackenzie's, Montreal.

## SAYS EVERYONE CAN HEAL SICKNESS BY CHRISTIAN SCIENCE

Lecturer From Boston Speaks  
in Local Church.

THERE IS NO MYSTERY

Accomplished Through Activ-  
ity of Right Thinking and  
Right Living.

Speaking last night to a large audi-  
ence in the First Church of Christ, Sci-  
entist, Virgil O. Strick, C.S.E.,  
member of the board of lecturers of  
the mother church in Boston, said:

As it becomes more generally under-  
stood that through the ministry  
of Christian Science people are being  
healed of sickness, sin, unhappiness,  
worry, fear, and other discordant con-  
ditions, there is an ever-increasing de-  
sire upon the part of the general public  
to learn how these results are accom-  
plished. It is the object of this lecture  
to explain how Christian Science does  
these things. There is no mystery  
about Christian Science healing, nor is  
it difficult to understand. It can be  
stated without any reservation what-  
ever that every person who is willing to  
study how to heal sickness and to de-  
stroy the desire to sin, for himself and  
others.

Different Religious Beliefs.

"It is said that there are more than  
two hundred different kinds of ex-  
pression of the Christian religion alone, not to mention  
the hundreds of other forms of religions  
that are not Christian. It is true that  
it is difficult to understand. It can be  
stated without any reservation what-  
ever that every person who is willing to  
study how to heal sickness and to de-  
stroy the desire to sin, for himself and  
others.

But man's big, the occasion was  
unique in that it was perhaps the  
first time that a London audience has  
heard the privilege of hearing a  
brilliant pianist in concerto work with  
full orchestral accompaniment. Viggo  
Kihl, Danish musician, pianist, and  
head of the piano department of the  
Institute of Musical Art, is already con-  
sidered a lion here in London. Last  
evening he did such brilliant work at  
the piano that he was forced to play  
several encores. One of his two con-  
certo numbers. The brilliancy and ten-  
derness of his touch, together with a  
passionate and a delicate something about  
his playing, which can be described in  
no other way but "Kihlism," inspired  
every audience to greet his numbers  
with delight.

Shared Honors.

And yet the orchestra shared the  
honors with him in their numbers to-  
gether. Perhaps the "Liszt 'Hungarian  
Fantasy' with Mr. Kihl at the piano,  
was the finest of the evening. (Still, it's hard to say that in the face  
of the "William Tell" overture.) Be-  
cause with the low in of the ket-  
tle-drum, throbbing of bass viol and  
deep note of trombone, the orchestra  
is dignified by the brilliant and in-  
tense solo work is given to almost  
all the instruments in this most mag-  
nificent composition which ends in a  
glorious climax with full orchestration.

Best Number.

But the most beautiful of all was  
the "William Tell" overture of Ro-  
sini with its beautiful cello work,  
brilliant flute and contrast to the  
sadder voice of the pipe, all leading up  
to the call to arms, triumphant quick-  
step and final flourish. The orchestra  
ending in a great outburst of orches-  
tration with wind, string and percus-  
sion. Throughout this number, as in  
the others, the orchestra was moving  
truly to the best, ready to obey the  
slightest wish of the conductor.  
Every instrument was in sympathy  
with its fellow. It truly demonstrated  
that London, under the guidance of  
Mr. Kihl, can at least have a sym-  
phony orchestra of which any city  
might be proud.

It was interesting to hear that the  
director's desk used by Mr. Jordan  
last night was the same as the desk  
used by his late friend and teacher,  
Dr. Torrington of Toronto, who was  
largely responsible for the success of  
the Massey Hall, Mr. Jordan, in men-  
tioning it, referred to the great lack  
of a hall in the city of London suitable  
for big orchestral work.

she had discovered to the broadest prac-  
tical tests in healing sickness and other  
forms of human discord, she published a  
statement of Christian Science in a book  
which she entitled "Science and Health  
with Key to the Scriptures." This book  
is now everywhere recognized as the  
only textbook of Christian Science. The  
great religious movement has formed  
around its teachings, which in one gen-  
eration has girdled the earth with its  
churches. The spread of Christian Sci-  
ence has been phenomenal, and its  
growth has resulted from healing. Every  
adherent of Christian Science has actu-  
ally been healed of some sickness, dis-  
ease, or sinful appetite, and most of  
them have been healed of many such  
conditions. These facts are easily ver-  
ified, and are worthy of very serious con-  
sideration."

## LONDON MUSICAL ART SOCIETY ORCHESTRA SCORES BIG TRIUMPH

Viggo Kihl Does Brilliant  
Work At Piano.

A. D. JORDAN LEADS

Orchestra Augmented by Tal-  
ented Players From De-  
troit and Toronto.

From the first notes of "cello,  
violas and basses, speaking alone a  
longing melody of love in the opening  
bars of the "William Tell" overture,  
the brilliant and in the director's  
stunishing orchestral climaxes, which  
bring the brilliant "William Tell" over-  
ture to its glorious conclusion. The  
music lovers which thronged the Ma-  
sonic Temple last evening were held  
spellbound with interest and delight. It  
was the occasion of the Musical Art  
Symphony Orchestra concert, which  
has been looked forward to with ex-  
citement for weeks past, but which never,  
even in the widest dreams of antici-  
pation seemed to promise anything as  
artistic or so gigantic as the actual  
concert proved. A home orchestra,  
under the leadership of the director's  
desk, and a few talented visitors from  
Detroit and Toronto, to augment the  
wind sections, and it seemed as if  
a Broadway institution had found its  
way to the best little hall that  
London can afford.

An Inspiration.

But man's big, the occasion was  
unique in that it was perhaps the  
first time that a London audience has  
heard the privilege of hearing a  
brilliant pianist in concerto work with  
full orchestral accompaniment. Viggo  
Kihl, Danish musician, pianist, and  
head of the piano department of the  
Institute of Musical Art, is already con-  
sidered a lion here in London. Last  
evening he did such brilliant work at  
the piano that he was forced to play  
several encores. One of his two con-  
certo numbers. The brilliancy and ten-  
derness of his touch, together with a  
passionate and a delicate something about  
his playing, which can be described in  
no other way but "Kihlism," inspired  
every audience to greet his numbers  
with delight.

Shared Honors.

And yet the orchestra shared the  
honors with him in their numbers to-  
gether. Perhaps the "Liszt 'Hungarian  
Fantasy' with Mr. Kihl at the piano,  
was the finest of the evening. (Still, it's hard to say that in the face  
of the "William Tell" overture.) Be-  
cause with the low in of the ket-  
tle-drum, throbbing of bass viol and  
deep note of trombone, the orchestra  
is dignified by the brilliant and in-  
tense solo work is given to almost  
all the instruments in this most mag-  
nificent composition which ends in a  
glorious climax with full orchestration.

Best Number.

But the most beautiful of all was  
the "William Tell" overture of Ro-  
sini with its beautiful cello work,  
brilliant flute and contrast to the  
sadder voice of the pipe, all leading up  
to the call to arms, triumphant quick-  
step and final flourish. The orchestra  
ending in a great outburst of orches-  
tration with wind, string and percus-  
sion. Throughout this number, as in  
the others, the orchestra was moving  
truly to the best, ready to obey the  
slightest wish of the conductor.  
Every instrument was in sympathy  
with its fellow. It truly demonstrated  
that London, under the guidance of  
Mr. Kihl, can at least have a sym-  
phony orchestra of which any city  
might be proud.

It was interesting to hear that the  
director's desk used by Mr. Jordan  
last night was the same as the desk  
used by his late friend and teacher,  
Dr. Torrington of Toronto, who was  
largely responsible for the success of  
the Massey Hall, Mr. Jordan, in men-  
tioning it, referred to the great lack  
of a hall in the city of London suitable  
for big orchestral work.

## MIDDLESEX DEANERY

Will Meet Next Tuesday in St. James' Church.

The rural deanery of East Middlesex will meet next Tuesday in St. James' Church, South London. Rev. W. H. Fry and Mrs. Fry of Herschell Island, Arctic circle, will be the special speakers. Rev. A. A. Rice, who was recently made rural dean of East Middlesex, will preside.

The deanery includes the clergy, the warden and lay delegates and sub-

into delegates, also members of the women's associations and Sunday school staffs of East Middlesex. Rev. Mr. Fry will address the deanery in the afternoon and Mrs. Fry in the morning.

## ANGELICAN SYNOD TO MEET IN BRANTFORD

For First Time in Many Years  
Convention Leaves  
London.

For the first time in many years the Anglican Synod of Huron meets outside London. This year it meets on May 10 in Grace Church, Brantford. Owing to the fact that a new parish hall has been built for this church the congregation extended an invitation to the synod to meet there, which the Bishop of Huron accepted. The last time the synod met outside of London was in 1911.

## TO RELEASE RUSSELL, VANCOUVER REPORT

VANCOUVER, B. C. April 22. — A report that R. B. Russell, serving a two-year sentence at Stony Mountain Penitentiary, following a conviction of unlawful assembly, is about to be released by the Dominion authorities, was the word brought here by W. R. Midgley, who has just returned from Winnipeg.

## At The Theaters

## AT THE GRAND.

A riot of colors, volumes of whole-some comedy, some clever dancing and some fair singing, stamped the musical comedy, "Keeping the Faith," which is playing at the Grand Theatre during the last three days of this week, a success in the opinion of those who saw the play last night. Throughout the two acts, and especially in the first one, the house was kept in a state of laughter. Merry quips, eccentric acting and ludicrous situations following in procession, gave the crowd barely time to recover from one spasm of laughter before another was upon it. Probably to some the humor appeared rather obvious, but for all that it was highly refreshing and wholesome.

While the first act was given over chiefly to comedy, the second act, along with some singing, strings of sleighbells of different tones in the hands of the chorus resulted in some out-of-the-ordinary. Members of the chorus, dressed in different characteristic costumes, provided a diversion by giving a miniature parody on the characters of the play, "Everywoman."

The chorus consisted of eight or ten fairly good-looking girls beautifully groomed. The costumes were colorful in the extreme and at times gorgeous. They were clean and new. Some very good voices were heard among the chorus.

Although only two scenes were used throughout the play, they were beautifully staged. Bright colors and lighting effects were consistently used. The plot was a natural comedy, the trials and problems of the social climber, who, having accepted a certain member of society, the husband and wife do not always agree as to the desirability of social climbing, and is this difference of opinion that leads to all the humorous situations in the play. A little spice in the way of a lady's slipper found in the pocket of the husband's coat is thrown in to help it along.

The cast for the most part was good. James K. Wesley, as Aloysius F. McGinnis, an excellent wealthy contractor, heckled by an ambitious wife, Beatrice Harlow, as his wife, a natural comedienne, Betty Bonnel, as the daughter, was well worthy of mention. She possesses a fair voice. She was a natural comedienne, sang and acted in an accomplished manner. Lots Lane, as a dancing girl, lived up to her reputation by doing some excellent dancing. R. J. Gleason, as Col. Jones, and Louis Carter, as his wife, were well worthy of mention. Jack Alton danced well. The audience was small but appreciative.

ROMANCE OF FAMOUS AUSTRALIAN BANDIT, "CAPT. SWIFT." Capt. Swift, notorious Australian bandit, who for a number of years has haunted the highways of the Australian frontier, and whose adventurous life reads like the tale of some old gentleman highwayman of years gone by, has been again driven from his hiding-place by the police.

"Capt. Swift" is the name of the thrilling story of the out-of-doors, of the never-ending land of Australia. It is the romantic story of a section of English nobility, a younger son of an earl, who left his ancestral home to become a wanderer on the face of the earth. His daring and adventurous spirit gets him into many hair-raising escapades, but his cool wit always save him in the nick of time.

You'll enjoy this thrilling, romantic tale—a picture packed with beautiful scenery, of England and the Australian wilderness, which Earl Barlow performs with all his consummate skill. Shown at the Allen today and tomorrow only. A special reel comedy gem, "Heart-Shatters," and many extra film attractions will be shown on this program. The children will enjoy these pictures.

AT LOEW'S. All the entertainment and variety of a high-class musical comedy are furnished in the vaudeville bill at Loew's Theatre for the remainder of this week. Without exception the acts are high-class. Each of them possesses the quality of clean fun, but they have sufficient variety to keep the audience delighted from the minute the curtains rise on the initial act until it falls at the conclusion of the bill.

The headline act, Julian Hall & Co., in "Snapshots," is in fact a miniature musical comedy. With the assistance of a bevy of pretty girls Mr. Hall presents a number of entertaining features, in which good singing and excellent dancing are combined with a lavish costume and scenic display. Mr. Hall also appears in several impersonations and character songs which could easily form a complete vaudeville act by themselves.

Real grand opera with some of the higher class popular selections are presented by Carlo and Noll Cardo, billed as America's foremost tenor and his performance gives every indication that he deserves the title. He is ably assisted by his partner in the two highly popular opera selections "O Sole Mio" and "Misereere."

Sue Creighton and slater offer a collection of novel dances combined with some of the latest song hits. The eccentric dancing in this act is some of the best seen here since the opening of the theatre. The singing also is a feature, several songs being rendered in a manner which give a real idea of the meaning of excoption.

Sherman and Rose present a number of novel dances, varying all the way from the capricious prancing of Pierrot and Pierrette to the difficult Russian steps.

Harry Antrim appears all by himself, but he furnishes as much amusement as a whole minstrel troupe. He makes an unusual entrance and commences with some whistling solos that are decidedly good. He concludes his performance with a varied assortment of imitations both comic and otherwise.

Aside from the vaudeville the program is an exceptionally fine one. Charles Ray is always a favorite with London audiences, and in the "Egg Crate Wallion" he maintains his reputation for high-class acting. He appears in a character which gives him every opportunity of making use of the stunts which have made him so popular. A Carter de Haven comedy is a delightful change from the usual run of screen comedies. The curtain ple and the claque are noticeably absent, but the humor is there in large bunches.

AT THE PATRICIA. "The Dancer's Riddle" stars Gladys Brockwell, drew capacity audiences at all performances to the Patricia Theatre on Monday. The romance of a young girl who imagines herself in love and who really at last finds true love after many unique experiences and comes out triumphant, is the plot of the play. The part of this girl is played by Gladys Brockwell. Her infatuations come from being on the stage, and this is the reason that she swallows many bitter pills. She finds out that chorus girls are not always chosen for wives, and that the life of an actress is not a bed of roses. One of her love affairs is smashed by a fellow-actress who through jealousy tries to ruin her character.

She later poses for a famous Bohemian artist, who falls in love with her. She is on the verge of marrying him when her first love returns, and so things end happily. The bill includes three vaudeville acts, one portraying the latest dancing, another that is cram-full of new acrobatic stunts, and the third, two comedians who delight with group comedy of entirely new ones. A comedy that will certainly drive away the blues and good music from the orchestra can plate an excellent bill that will be repeated today and on Wednesday.

## SUMMER CAMP FOR LONDON THIS YEAR?

Nothing Official Yet, Say Military Authorities.

It is undecided in military circles of the local district whether there will be a summer camp this year. Some of the units expect to go to camp if they can get up to strength, but as yet nothing official has been decided on. Unlike Montreal, London has a good supply of men on hand, and most of the units which are recruiting have more officers than they know what to do with. It is hoped by all units which are at present recruiting that there will be a summer camp.

Uniforms are being issued to the W. O. R. and the machine gunners, but nothing definite has been heard yet as to what plans will be worked out for the Hussars and other militia units which have not yet started to recruit. Until something definite is known it is not expected that any action will be taken in the matter of camping. Headquarters at present is in rather a difficult position, as all the civilian clerks were taken away just as a large amount of extra work came on, through the forming and reorganizing of the militia units, so that nothing definite can be learned regarding the state of affairs in the district.

## PRESBYTERIAN PASTORS AND ELDERS TO ATTEND CONFERENCE MONDAY

A deputation of clerics from the various Presbyterian churches of the city will attend the London and Hamilton Synod meeting to be held in Brantford on the 26th and 27th of this month. Accompanying the ministers will be one of the elders from every church. Some important matters that will directly concern the Presbytery of London will be brought up at this meeting.

The ministers who will go to Brantford on Monday are: Rev. G. M. Young, Rev. John Currie, Rev. W. J. Knox, Rev. T. A. Symington, Rev. W. R. McIntosh, Rev. D. C. MacGregor, Rev. John Hosie, Rev. James Mackay, Rev. W. S. Wright and Rev. J. R. Laverie.

## PIONEER RESIDENT OF NORTH OXFORD HONORED ON HER 90TH BIRTHDAY

INGERSOLL, April 22.—At the home of T. J. Leslie, Banner, a reception was held today in honor of his mother, Mrs. W. B. Leslie, who celebrated her 90th birthday. Mrs. Leslie is a pioneer resident of North Oxford, and is very widely known. The fact that she is hale and hearty at 90 years was a source of joy to her family and friends.

Following a recent inspection of the streets by the council the season's program under the direction of the board of works has been outlined. It is understood that there will be very little work on the bridges, and that the expenditure on the streets will probably be lower than in former years.

It was announced today that the customs revenue for the port of Ingersoll for the fiscal year ending March 31, 1920, amounted to \$304,118.35. Announcement has been made by the water, light and sewer commission that the electrical department has a surplus of \$8,000. Increases in salary have been granted local hydro officials as follows: Harold Hall, superintendent, \$300; James Christie, \$200, and W. A. Woolson, \$150.

## ACHING CORNS

Feel Better After Using "ABSORBINE JR."

Just try this simple treatment and see how much easier your aching, swollen feet feel. Soak the feet at night in hot water, to which is added a few drops of "ABSORBINE JR." In the morning, rub a light application of full strength "ABSORBINE JR." over the corns, bunions and calluses. Do this every night and morning for a short time and you will get permanent relief.

Excellent for strains and sprains, tired muscles, lameness, swellings, cuts, burns, bruises, stiff joints, neuralgia. "ABSORBINE JR." is the family liniment that should be in every home—absolutely safe and pleasant to use. \$1.25 a bottle, at most druggists or sent postpaid by W. F. YOUNG, INC., Lyman Building, Montreal.

## A NOTABLE CELEBRATION.

Beginning tomorrow the Hudson Bay Company will celebrate its 250th anniversary by a great demonstration at Winnipeg. Two hundred and fifty years ago this corporation was given the royal patent permitting it to explore, open up to trade and plant colonies in the Canadian wilds, in the immense area stretching from Lake Superior to the Pacific. In 1870 the company turned over its powers and rule to the Canadian Government, but retained the rights for developing and trapping in vast tracts, and today has nearly two hundred posts scattered from Labrador to the Pacific Ocean and north, far beyond the Arctic circle. The value of the aid given by the company first to the English Government and later to the Canadian Government has been almost immeasurable. It blazed the path that has led to the stupendously rich mineral, agricultural and timber resources of the Dominion. Few organizations have contributed as much towards the building of the Canada of today as the Hudson Bay Company.

## PROTECTION FOR THE BIRDS.

Two years ago the United States Congress put through the Migratory Bird Act, which protects the feathered armies from indiscriminate slaughter when they are passing from winter home to summer nesting-places. The State of Missouri at once questioned the legality of the act. The Supreme Court of the United States has now handed down a decision declaring the act constitutional. The decision will be a cause of great satisfaction to Canadians, as well as Americans, as Canada co-operated in this excellent conservation move, legislating similarly. If the Supreme Court had decided against the act, Canada, along with the Northern States, would have been a heavy sufferer by the massacres of insectivorous and game birds.

The Essex Game Protective Association should be strongly supported by the public, urban and rural, in its request made to the Legislature for the establishment of bird sanctuaries in Ontario. The economic gain to the province by the protection of bird life would be stupendous. We proudly boast of Western Ontario as the "Garden of Canada," but there is danger of large sections of it becoming a desolation because of the indiscriminate shooting of bird life of all kinds. To furnish refuges in which our feathered friends and allies can nest and rest, free of the peril of the lawless and the unsportsmanlike hunter, would be a long-sighted move.

## MEET ON MOUNTAINS.

An Indian poet says:

"Great things are done when men on mountains meet,  
They are not done by jostling in the street."  
These lines are very appropriate to the present day world situation. The mind of the world is awry. There appears to be little unselfishness, which is the essence of religion. The mind of the world might fairly be said to be insane. Our own politics, municipal, provincial and federal, have been of the "jostling in the street" order, if we except the apparently honest effort being made by the Provincial Government.

Our leaders should endeavor to meet on

the mountains. The necessity is great and the opportunity is great. We have a new country that must do much for the reconstruction of the world, for finding new homes for those long oppressed, to give opportunity to those who never had it, to recognize and adopt the good from whatever source it comes. Take in the whole world, and particularly Canada, from the mountain, not down among the struggling mass, not among those "jostling in the street." It is necessary to stand apart to gather and consider the facts in order to accomplish great things.

How great those things might be for Canada and the world who can foresee. The great bulk of mankind, particularly in old lands, can do little to better their position in life, and laws cannot suddenly accomplish much. Laws have within the past century brought in many improvements, and the leaders are open minded as to the future.

Canada has its own problems, but it has opportunities many times greater than its difficulties. It has opportunities to spare for those who need them. Let Canada as a nation adopt the golden rule towards the people of every other nation, and when we realize the enormous good the British have accomplished for mankind, we can overlook any mistakes they made, and relying on the qualities Canada inherited from Great Britain, have every hope that Canada will do its full part and realize the truth of the Indian poet's lines:

"Great things are done when men on mountains meet,  
They are not done by jostling in the street."

## From Here and There

### THE IRON HAND.

[London Daily Mail.]

For Germany the only sure thing is to stop this ruinous fighting and settle down to peace and hard work. For the Allies the right course is clear. Having made their decision to cut off supplies they must stick to it until Germany gives convincing guarantees that a stable, constitutional government has the country in hand.

### TOO MUCH RED.

[Baltimore American.]

The De Valera movement is tinged too much with red to commend it to the hundreds of thousands of men of Irish descent, the real friends of Ireland, who are insistent upon home rule as much as the De Valera following is for independence. It is to the interest of human society that Ireland should not be converted into a seething mass of Bolshevism under the guise of independence.

### IN PRAISE OF BOY SCOUTS.

[Manchester Guardian.]

Boy Scouting will not, as a few of its most ardent eulogists suggest, solve all our moral and social difficulties. But it is one of the few great original social inventions of our time. It rests on real insight into the mind of the boy, and the training that it gives is attended by the delight that fuses a new piece of knowledge right into the character and makes it a treasure for life.

### THE BATON IN THE KNAPSACK.

Sir William Robertson's promotion to the rank of field marshal makes him the first British soldier to accomplish a feat which was easier in Napoleon's armies. Not a few of the emperor's marshals had worn a knapsack, but Sir William is the only man who, entering the ranks as a private, has won a baton.

He became a full general as recently as 1915, and there were nine on the list senior to him. During or since the war there have already been seven field marshals created, but of these the Emperor of Japan and Marshal Foch figure in an honorary capacity.

### SCHOOL LIFE OF INDIA.

[Times India.]

Many small playgrounds are more useful than larger areas at a considerable distance from the children's homes. Far more ordinary school work might be done in the open air. Every school should start in the open air, next acquire a covered playground, and lastly a school building. Physical development must be really as well as nominally an integral part of education, and it is to compete with Japan, and if city children are to fight successfully against the enervation which comes from life divorced from physical labor.

### THE PLEASURE OF READING.

[Kansas City Star.]

Reading is a habit as easily cultivated as dancing and holds in a thrall as strong when once acquired. Books are now all that governances have gone out, (though it's too bad governances have gone out). They are companions, mentors and entertainers. They can show you more of life than any pair of eyes can see on the great highway itself, and they view leaves no images to distort the mature vision. Let's punch up the cushions in the window seat and call back the glory of the old sunlit scenes. It will be a treat if the young folk don't forget all about the door.

### HELPING GERMANY.

[Westminster Gazette.]

It is very easy to say, "Shall Germany be helped when so many others are in distress?" but in the

fix in which Europe is today we can only help others by helping Germany, and if we cannot rise to that degree of enlightened self-interest, there will be no permanent recovery from the most serious social disorder. Whether we like it or not, we have to face the fact that the economic problem of Europe is one and indivisible, and that so long as a great part of it lies derelict and out of action, there can be no healthy condition for any of the nations.

### THE HORRIBLE EXAMPLE.

[San Francisco Chronicle.]

The supporters of "the one big union," with the communism that it is the secret purpose of the leaders to bring about, may well take a good look at the present status of Trotsky's "one big union," a conscripted labor army under military discipline, ruled on the one principle of obey or be shot. Russian workers under the soviet cannot choose their jobs, cannot change them, cannot quit them, and cannot move without a pass book containing every item of their history. Loading means a firing squad, and as for sabotage or striking, that is to laugh. A pleasant detail is that the workers' wife and children are made hostages for his good behavior. If he runs away they are shot.

### A SINGLE HOUND.

[W. H. O.]

When the opal lights in the West had died  
And night was wrapping the red ferns round,  
As I came home by the woodland side  
I heard the cry of a single hound.

The huntsman had gathered his pack and gone;  
The last late hoof had echoed away;  
The horn was twining a long way on  
For the only hound that was still astray.

While, heedless of all but the work in hand,  
Up through the brake where the brambles twine,  
Crying his joy to the drowsy land,  
Javelin drove on a burning line.

The air was sharp with a touch of frost;  
The moon came up like a wheel of gold;  
The wall at the end of the woods he crossed,  
And flung away on the open wood.

And long as I listened beside the stile,  
The larches echoed that eerie sound,  
Steady and tireless, mile on mile,  
The hunting cry of a single hound.

### NEW HYBRID CATTLE.

[Popular Science Magazine.]

From Eastern Africa to Trinidad, and from there to the estate of Gen. Juan Vincen Gomez, the president-elect of Venezuela, the vebu has gone to find himself the subject of a remarkable experiment: for the distinguished general is one of the world's greatest cattle-raisers. In the cross-breeding of zebu bulls with Holstein-Friesian, Hereford, Jersey and other pure-blooded stock imported from the United States a remarkable hybrid cow has been produced. It is slightly larger than the northern cow, and it lacks the hump of the zebu.

The milk production of the hybrid has been found to be much greater than that of the northern cow, especially when it is raised in the tropics. The yield of beef is also better in quality and quantity. What is of great importance, also, the hybrid is immune to the tick and to the organic diseases of which domestic cattle are subject in the tropics.

### WANT ADS IN 1700.

[London Musical Times.]

In the reign of William III. one John Houghton, who combined the business of apothecary with that of a dealer in "tea, coffee and chocolate," commenced an advertising paper which he called "A Collector for the Improvement of Husbandry and Trade." In those days the editor of the paper and the advertiser frequently spoke in the first person singular, while the advertiser also often spoke through the editor. The issues of this curious publication contained many advertisements regarding the musical profession, of which a few specimens taken at random will serve to give a tolerably good idea of the style then prevalent.

"I want a negro man that is a good house carpenter and a good singer."  
"If any young man that plays well on the violin and writes a good hand desires a clerkship, I can help him to £20 a year."

"I want a complete young man that will wear livery, to wait on a very valuable gentleman, but he must know how to play on a violin or flute."  
"I want a genteel footman that can play on the violin to wait on a person of honor."

"If I can meet with a sober man that has a counter-tenor voice I can help him to a place worth £20 the year or more."

### OLD ENGLISH MUSIC.

[London Daily News.]

It is interesting to notice in connection with the spreading interest in old English church music, that the revivals which are always a feature of Holy Week at Westminster Cathedral include this year masses and hymns of the fourteenth century. Dering, William Mundy, William Byrdman and Robert Whyte. In addition, the fine old masses written on the tune, "The Western Wynde," by Christopher Tye, John Shephard and John Taverner are repeated this year by request, with works of Tallis and Byrd, and the usual sixteenth century Italian music. Sir Edward Elgar, Sir Charles Stanford and Dr. Charles Wood. Dr. Ralph Dunstan and Mr. Herbert Howells are the only moderns represented.

I can imagine nothing more thrilling to a musician than the high road itself, and the broad, untrammelled, on some old and forgotten score unearthed by his own research. As the voice parts of the sixteenth century works are almost invariably written in separate books, and are told it sometimes happens that a mislaid score has been lost or reconstructed. Sir Frederick Bridge, I believe, once rewrote a lost part of an Elizabethan song so accurately that when the part was at last discovered it was found that Sir Frederick was only one note out.

## Trivoulidas May Carry Colors of Greece If Not U. S. Citizen

BOSTON, April 22.—Peter Trivoulidas, the native of Greece, who won the American marathon road race here on Monday will run at the Olympic games at Antwerp next summer. Should the fact that he will not have completed American citizenship requirements prevent his representing the United States he will be sent to carry the colors of Greece. Arrangements to this effect were made today by the executive committee of the Hellenic Association of Boston. Members of the Olympic selection committee have made no official statement regarding the runner's eligibility, but unofficial doubt was expressed over his ability of his carrying the Stars and Stripes.

YO HO TENNIS CLUB AT  
GALT IS ORGANIZE

GALT, April 22.—The Yo Ho Tenn Club has been reorganized for 1924 with the following officers: President, G. Main; vice-president, Miss Jean McKilligan; secretary-treasurer, Grace Usher; executive committee, the officers and Miss Margaret Fraser, Miss Kate Elliott, Frank Burgess and Russell McQueen. The Princes and Princesses, Guelph, Brantford and Ayr clubs will be asked to join in the formation of a trolley league.

**189 Dundas Street      and      429 Hamilton Road.**

**785 DUNDAS STREET (Near Rectory Street).**

Kitchener M. O. team players had arrived here by this evening. They were Woodcock, pitcher; Dunn and Grace, infielders, and Metzner, outfielder. A pre-

Tigue tonight knocked out Danny Ferguson of Philadelphia, in the eighth round.

### THREE HAVE NARROW ESCAPE FROM DEATH ON HAMILTON ROAD

An accident which narrowly missed involving a triple tragedy occurred last night at about 8:30 on Hamilton road, near Rectory street, as a result of which Mrs. Elizabeth Smith, a widow employed at the Queen Alexandra Sanatorium; her daughter-in-law, Mrs. Clarence Smith, of Stratfordville, Ont., and the latter's three-year-old son are in Victoria Hospital suffering from injuries received when all three were knocked down by an automobile driven by George E. Pugh, 438 English street.

Mrs. Smith Jun. and her little boy have been visiting her mother here, and last night all three started out to call on a married daughter of the older lady, a Mrs. Fluhrer, who lives on Grafton street. They traveled by way of Hamilton road on an Oxford car. Alighting at Egerton street, they passed behind the street car to cross, and were struck by Mr. Pugh's automobile, which was traveling in the opposite direction, and the driver of which was unable to see the three pedestrians until he was almost on top of them. The street car passed on, the conductor apparently being unaware of the accident.

The police ambulance and the Hop-Taxi ambulance were called and the injured people were removed to Victoria Hospital. They were attended by Drs. L. M. Copeland and E. Spence, and at a late hour last night reports were to the effect that so far as could be learned neither of the victims of the accident was dangerously hurt. All were cut rather badly about their faces and were severely bruised, as well as suffering from shock, but no

apparent indications were found of internal injuries or broken bones. Superintendent Heard of the hospital stated that the two women, although very excited, were able to tell him about themselves. He expressed the opinion that all three had been exceptionally fortunate in escaping death.

### CRIMEA IN AWFUL STATE WITH TYPHUS AND CHOLERA RAGING

PARIS, April 22.—Appalling conditions in the Crimea, due to the widespread prevalence of cholera and typhus, are reported in an American Red Cross communique received today from Feodosia, on the Crimean Peninsula.

The statement reads: "Ten thousand cases of cholera now exist among the refugees in the crowded territory of the Crimea, with the number of new cases doubling daily. The death rate from disease has already been brought to appalling proportions by the ravages of the typhus. The Red Cross is making every effort to stem the tide of the epidemic, but during the three weeks in which its presence has been noted, it has spread with a rapidity defying all measures of repression, and now is threatening to penetrate to every corner of the Crimea."

### TAX STOCK SALES

WASHINGTON, April 22.—A tax on all stock exchange transactions equal to the brokers' commission has been agreed on tentatively by Republican members of the House ways and means committee as one of the new levies for raising money for the soldier bonus legislation.

### WOMAN TO HANG FOR MURDER IS SHORTLY TO BECOME MOTHER

QUEBEC, April 22.—Marie Anne Houde, wife of Telesphore Gagnon, who was sentenced yesterday afternoon to hang on the first of October next for the murder by torture of her stepdaughter, passed a sleepless and restless night. She wept throughout the entire night in the death-cell, where she is kept under constant surveillance. She was not permitted to communicate with her husband, who also will be tried for the murder next week. The only caller who was admitted to her cell was a priest of the Catholic Church, whom she called to comfort her. She has not said one word to anyone since she has been condemned to die. She weeps continually and refused all food that was offered to her. There is a matron of the jail with her continually, owing to her precarious condition, as she is to be a mother in a short time.

### COALITION CAPTURES SEATS IN EDINBURGH

LONDON, April 22.—(By the Canadian Associated Press.)—Coalition Unionist candidates were today declared elected in the North and South Edinburgh seats, where by-elections took place recently.

The result of the voting follows: Edinburgh North, H. J. Ford, Coalition Unionist, 9,944; W. Tunciman, Liberal, 8,469; Mayor Graham Cole, Labour, 2,809; Edinburgh South, C. D. Murray, Coalition Unionist 11,170; D. T. Holmes, Liberal, 8,177. The Edinburgh North seat became vacant through the appointment of the late member, J. A. Clyde, K.C., to the Scottish bench. In Edinburgh South Mr. Murray sought re-election after being appointed as Scottish solicitor-general.

### ERIEAU MAN APPEALS AGAINST \$200 FINE FOR BREACH OF O. T. A.

Reunion of 186th Battalion To Be Held On Empire Day.

CHATHAM, April 22.—A motion to quash Magistrate Watlington's decision in a recent Blenheim police court case, in which William Punnett of Erieau was fined \$200 and costs for an alleged violation of the Ontario temperance act, has been filed, and will be heard before the presiding judge in chambers in Toronto. In addition to the fine the 45 cases of liquor were confiscated.

REUNION OF 186TH. Former officers and men of the 186th Kent Battalion held a meeting in the armories last night and decided to hold a reunion on Empire Day. In the morning a battalion march is planned. Two baseball games will be the features of the afternoon, and sporting attractions with a football game in the evening.

DON OVERALLS. Art Green and Bill Chalmers, members of the local postoffice staff, are the first to don overalls locally in the campaign against the high cost of clothing.

EARLY MORNING BLAZE. GUELPH, April 22.—While the family was absent from the city, fire broke out in the home of Benjamin Mays, 5 Yorkshire street, at 1 o'clock this morning, and but for the prompt work of the firemen would have resulted in a big loss. Several articles of furniture were destroyed before the blaze was got under control.

### LOYD GEORGE GOVT. KILLS LABOR PARTY BILL FOR FRANCHISE

Committee of Commons Rejects Labor Measure.

LONDON, April 22.—By a vote of 14 to 9, the committee of the House of Commons today laid on the table the Labor party's franchise bill, under which women would have been given the vote at the age of 21, the same as men.

The Labor party's franchise bill passed the second reading in the House of Commons February 27. The vote was unanimous. According to parliamentary procedure, the bill then went to committee for possible amendment. Under the provisions of the bill, the present voting age for women—30 years—would have been lowered to 21. This would have added five million voters to the register.

### ITALIAN RECOVERS.

SARNIA, April 22.—John Bruno, the Italian, who was admitted to Sarnia General Hospital a short time ago with a self-inflicted bullet wound in the head, after he had made an unsuccessful attempt to shoot Mrs. J. Mattser, is making progress towards recovery, according to information received by the police from hospital, and it is expected that he will soon be in condition to appear in police court.

### PURITY - QUALITY - ECONOMY

With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of

### MAGIC BAKING POWDER

we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration.

## Grafton & Company

LIMITED.

Canada's Largest  
Clothing Manufacturers.

# The Big Drop In Prices at Grafton's

Keeps many extra dollars in your pocket. "FROM THE MANUFACTURERS DIRECT TO YOU." That's it. Your common sense tells you in a minute that where there is no middle-man's profit to pay you MUST save at least \$5 to \$12 on a suit. That is exactly the saving you make here. No catch about it. Come in tomorrow and convince yourself. We have decidedly

the LARGEST and BEST STOCK of MEN'S and BOYS' NEW SPRING SUITS IN CANADA. THEY ARE OLD-TIME GRAFTON VALUES. Nowhere in London can they be matched for STYLE, FIT, WORKMANSHIP, QUALITY and PRICE. Not much chance for a man to be disappointed in SUCH an assortment, is there?

## BOYS' DEPARTMENT

Grafton Has Won Fame as Boys' Clothiers

In all our years of clothing manufacturing, we have held consistently to quality and have kept the prices below all competition, besides producing styles always a season in advance of dealers who have to buy their clothing. This has built up for us the GREATEST BOYS' CLOTHING BUSINESS IN CANADA, our London branch alone being pronounced by expert clothing men to have the largest and best assorted stock of Boys' Clothing in Canada, equaling the combined efforts and business of any other three establishments in Ontario. Yes, mothers! GRAFTON'S look after your interests as no other firm does or can, and we were NEVER BETTER PREPARED THAN JUST NOW. Don't you think, now, it will pay you to investigate our claims? It won't cost you anything and is sure to save you money.

### BOYS' SCHOOL SUITS

Made from good, reliable, Canadian tweeds that will stand the roughest kind of wear. They are mightily well made, too.

\$5.98

SAVES YOU \$2.00.

\$6.98

SAVES YOU \$2.50.

\$7.95

SAVES YOU \$3.00.

\$8.98

SAVES YOU \$4.00.

\$9.98

SAVES YOU \$5.00.

### BOYS' SUITS

For better wear. Made from fine grades of Canadian and English tweeds and fancy worsteds and chevots, beautifully trimmed and styled just to your liking. A very superior range to select from.

\$10.98

SAVES YOU \$4.00.

\$12.98

SAVES YOU \$4.50.

\$14.98

SAVES YOU \$5.00.

\$16.00

SAVES YOU \$6.00.

\$18.00

SAVES YOU \$7.00.

### BOYS' REEFERS

Ages 2 to 10. A most useful and natty-looking garment, worn by boys (or girls). Most mothers find it difficult to get this neat little coat in the ordinary clothing store. We have made it easy for you for we have what is, no doubt, the largest and finest assortment of Kiddies' and Boys' Reefers in Ontario. Materials comprise serges, tweeds and chevots; emblems on sleeve, brass or plain buttons. Five minutes will satisfy you that we have the stock, quality and price.

\$4.98

SAVES YOU \$2.00.

\$5.98

SAVES YOU \$2.50.

\$6.98

SAVES YOU \$3.00.

\$7.98

SAVES YOU \$3.50.

\$8.98

SAVES YOU \$4.00.

UP TO \$15.00—SAVES YOU UP TO \$6.00.

## Big Shipment From Our Own Factory of These Fine Suits

To be sold for less than \$20.00; made from Canadian tweeds and worsteds of good quality; extra strong linings and well made; perfect fitting.

**\$12.98 \$14.98 \$16.98 \$18.50**

SAVES YOU \$2.00. SAVES YOU \$3.50. SAVES YOU \$4.00. SAVES YOU \$5.00.

## Some Beautiful Suits

The value of which must be seen to be fully appreciated. It's hardly conceivable that such Suits could be made for the money. But GRAFTON has the "edge" on the dealers who are compelled to buy instead of make the clothing they sell, so it's only at Grafton's you can possibly get such Suits; a good demonstration that we save you dollars on your Suit.

**\$22.00**

SAVES YOU \$5.50.

**\$24.00**

SAVES YOU \$6.00.

**\$28.50**

SAVES YOU \$8.00.

## Truly Marvelous Suits

The average man nowadays who starts out to buy a "real good Suit" usually figures on having to pay \$40, \$45 or \$60, and that's about what most stores charge. But GRAFTON'S can and do give you a choice from a marvellous assortment of FINE CANADIAN, ENGLISH, SCOTCH AND IRISH TWEEDS, CHEVIOTS, SERGES and FANCY WORSTEDS, in checks, plaids, stripes and mixtures, faultlessly tailored and beautifully trimmed, at a saving of \$8.00 to \$12.00 on every Suit. You won't have to look at them long to be convinced of your saving.

**\$32.00**

SAVES YOU \$8.00.

**\$35.00**

SAVES YOU \$10.00.

**\$38.50**

SAVES YOU \$12.00.

# GRAFTON & CO.

JOSEPH F. HICKEY, MANAGER.

LIMITED.

## STAFF AT MILITARY HOSPITAL AT GUELPH TO WEAR OVERALLS

Even Medical Staff To Join in Plan To Reduce H. C. L.

GUELPH, April 22.—The overall movement has struck Speedwell Military Hospital, and commencing Monday morning every official and employee, for G. E. Black, assistant director of F Unit, D.S.C.R., and Col. B. G. Shannon, deputy assistant director, down to the humblest employee, will be on duty attired in blue denim. Even the medical staff will wear overalls, and Dr. G. N. Uri, medical superintendent, will set the example. The hospital to join the movement to bring down the price of clothing was arrived at at a meeting of the officials and staff this afternoon, and the vote on the question was unanimous.

## BRANTFORD TRADES AND LABOR COUNCIL OBJECT TO OVERALL FASHION

BRANTFORD, April 22.—The Brantford Trades and Labor Council last night went on record as being opposed to the overall club movement, believing it would have an injurious effect upon the workers in the affiliated trades of garment workers and tailors.

## ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nine years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which a few cents. Larger "Bayer" packages. There is only one Aspirin—"Bayer"—You must say "Bayer" Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monopolioides of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## WOMEN DYEING EVERYTHING

They use "Diamond Dyes" and Add Years of Wear to Old, Faded Garments—Really Fun!

It's fun to beat high clothes cost, fun to see faded, shabby appare turn new, fun to add years of wear to worn gingham, house-dresses, aprons, blouses, skirts, sweaters, children's coats, everything with "Diamond Dyes."

Don't worry about perfect results. Just use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any material, whether wool or silk; linen, cotton or mixed goods.

Direction Book in package. Dyeing has Color Card.

## Hotel San Remo

146 Central Park West (Entire Block)

New York City

Overlooking Central Park's most picturesque lake, a most delightfully situated hotel of distinctive atmosphere, appealing to permanent and transient guests of refined and discriminating tastes.

Amid Beautiful Environments.

Overnight Management EDMUND M. BRENNAN.

Many a Canadian Beauty owes her exquisite complexion to the use of "Baby's Own Soap".

It's skin healing flower-perfumed lather cleanses, refreshes, and preserves the most delicate skin.

"Its Best for Baby and Best for You."

ALBERT SOAPS LIMITED, MONTREAL.

## GOVT. WILL REPAIR HUDSON'S BAY ROAD

OTTAWA, April 22.—(By Canadian Press.)—Assurance that the completed portion of the Hudson's Bay Railway would be put in good repair this year, and that the Government would carefully consider the early completion of the road, was given by Sir George Foster today to the special delegation of members of Parliament, senators and representatives of western boards of trade, which waited upon the Government today to present the case for the completion of the road.

## AMHERSTBURG

AMHERSTBURG, April 22.—The Horticultural Society is making a good start on its season's work and expects an increase of membership. W. W. Eccles is the new secretary.

The Methodist Church has organized an athletic association with the following officers:

President, Captain G. C. Hay; director, Don Yeoman; secretary, Miss Sylvia Laramie; treasurer, Miss Edith Thomas.

Grievous enthusiasm is aroused over the coming sports.

William Atkin and Mrs. Atkin are in town from Stuart, Fla. They expect to dispose of their property here.

Mr. Hodgman of the River Work Company has bought the W. H. Jones estate and will beautify it. This is the largest individual property on the river front.

## APPOINTMENT OF A PARK SUPERINTENDENT STILL UNDECIDED

Park Committee Still Equally Divided On Two Applicants.

## SATURDAY CLOSING

Store Clerks To Carry On Propaganda Amongst the Citizens.

ST. THOMAS, April 22.—The special committee named to appoint a superintendent of Ponafere Park had not changed their attitude in the selection of a man to succeed Mr. Pollard, when the members again discussed the naming of a successor to Mr. Pollard tonight. The committee was still a tie on the two applicants, Assistant Superintendent Weston and Joe Clark. The committee will again summon themselves and the appointment may be taken out of its hand and given to No. 4 committee.

Chairman Butler suggested that, as an item of economy, the retiring superintendent be given \$50 a month; Assistant Superintendent Weston take Mr. Pollard's place at \$90 and a residence, and that Parkmen Shaw and Saywell have their wages settled at \$100 a month. Mr. Pollard to act as supervisor.

Mayor Brinkman considered Clark as worthy of the best the committee can give him. He was a returned soldier, and well fit for the job.

The application of G. W. V. A. for the use of the park in June to hold a carnival was granted.

The tender of George C. Taylor for the privileges at Ponafere Park at \$500 for the season was accepted.

F. L. Close was named caretaker of the Athletic Park at \$4 a day.

## WANT SATURDAY CLOSING.

The store clerks, assistants and employees have called another open meeting on Monday night to urge a still further movement of publicity among the local dealers and purchasers for any early closing hour on Saturdays. The clerical help and others having to do with the stores of London, Stratford and cities of similar size to St. Thomas have, the movers say, either secured the boon or have been promised it. The St. Thomas association will continue its propaganda among the people of the city for their practical sympathy by keeping away from the stores after 5 o'clock and making all their necessary purchases before that hour.

Prominent wholesale men of Detroit, Chicago, Toronto and Hamilton will address meetings of the association during the season.

ASK CITY TO SHARE.

Being the starting point for funds to assist in establishing four public playgrounds in the city the executive will consider the main financial problem, the cost of their care and maintenance. The city may be asked to share to some extent in the outlay to be undertaken by the committee, but the council will want something definite in the way of permanent annual expenditure. So far some of the locations decided upon are not agreeable to all the members of the mothers' clubs, and there are a few who will not undertake the canvass for funds until they are made aware of the after expenditure for the upkeep and protection of the grounds. The executive will meet to discuss these problems and submit its findings to the joint meeting of the mothers' clubs.

HAIGHT—BOOKS.

The marriage of Miss Nora Irene Brooks, daughter of Mr. and Mrs. Robert Brooks, 4 Crowker avenue, and George Harrison Haight of London, took place today at the home of the bride. Rev. W. F. Brownlee, rector of St. John's Church, officiated.

Only the near relatives of the young couple were in attendance. Mr. and Mrs. Haight will spend some days at Toronto and Niagara Falls before settling down at 187 Richmond street, London.

H. W. ROOKE DIES.

Herbert W. Rooke of Toronto, formerly of Kitchener, died today at the home of his father-in-law, G. A. Boughner, 10 Hinchley street, St. Thomas, in his 83rd year. Mr. Rooke had been suffering from an attack of influenza, and came to St. Thomas to recuperate. While here he was stricken with pneumonia, and passed away after a few days' illness. His wife and one son, Glen, survive. The interment will be in St. Thomas Cemetery on Sunday.

WALTER KIRKWOOD STILL LIVES.

The condition of Walter Kirkwood, whose back was broken yesterday, at Farmouth Centre, is still serious, and he suffers considerably. There is some hope the young man may reach a recovery, but it will be long and tedious.

ITEMS OF INTEREST.

The interurban motor cars will start the season's service to Aylmer on Monday.

The collegiate staff and students will bar by regulation, intending competitors at their annual field day exercises who who the fragrant cigarette.

The remains of W. B. Jennings, who died in Florida last week, will arrive tomorrow morning over the M. C. R. The interment will take place Saturday.

The teachers and pupils of the collegiate institute will guarantee a subscription of \$1,000 toward the memorial hospital. Of this sum the boys have now \$450.

Fast chief pins were presented to sixteen members of the local lodges of the B. of L. E. last night by Assistant Grand Chief Ash Kennedy.

## HARRISTON

HARRISTON, April 22.—At the board of trade meeting Tuesday evening, Adjutant Wright of London, representing the Salvation Army, made a plea for funds to assist in the good work being done by his organization, with the result that a committee composed of George Lieber, president; Mayor Fawcett, assistant president, and W. S. Whaley, secretary-treasurer, was appointed to arrange for a canvass of the town to raise the sum of \$300.

Mr. Constable, manager of the fax mill to be established in the old Queen's Hotel, has arrived in town with his furniture and will take up residence in the Hood residence in the south end. Mr. Hood and family are removing to Toronto.

Rev. Poole of Southampton conducted anniversary services in the Methodist Church here on Sunday.

Minto Township Council will in future hold its meetings in the council chamber in the town hall instead of in the township hall on the outskirts of the town.

The board of education was interviewed at its last meeting by Miss McKee, principal of the public school regarding an increase of salary. She stated that the salary increase offered by the board was not considered sufficient by the assistant teachers, and suggested the consideration of a bonus on this year's engagement. Miss Annie Ranton made application for position as teacher on the staff at the public school.

John Tilker, bridge builder, was awarded the contract for the erection of the 40-foot concrete town bridge for \$3,350 by the township council at its last session, his being the only tender.

Town Clerk H. F. Hicke was successfully operated on for internal trouble at the hospital here and is making good progress toward recovery.

Mrs. Charles Grisch was successfully operated on at the hospital yesterday, and is recuperating nicely.

TO HAVE HEART EXAMINED.

Mincola, April 23.—Major R. W. Schroeder, who holds the world aeroplane altitude record, has been directed by the war department to undergo a physical examination to decide whether flying has affected his heart. His heart-beats will be electrically photographed.

## MADE INTERNATIONAL FLIGHT

Lieut. Col. Hartney (on the right), and Capt. Douglas, of the U. S. Air Service, Washington, taken at Armour Heights, Toronto, before they "flew" to Washington.

Paris, April 23.—Conversations relative to the repatriation of French subjects detained in Russia are being protracted, but through no fault of the French Government, according to an official statement just issued here. The Russian delegates.

## BLACK MARTINS BACK

Funeral of Late John Campbell Was Largely Attended.

BLENNHEIM, April 21.—Walter Bunnell's first pair of black martins returned from South America during Sunday night and took possession of the bird-house by his barber shop window at once. Other pairs have since arrived.

The funeral of the late John Campbell was for a great many years one of Harwich Township's progressive and well-to-do farmers, took place yesterday from the residence of his sister-in-law, Mrs. A. J. Campbell, Talbot street west. The funeral was largely attended. The services were conducted by

Rev. J. W. Currie of Tara, in the absence of Rev. Dr. J. P. Smith of the Presbyterian Church, who is in Toronto. The late Mr. Campbell after giving up farming a few years ago went to the coast and lived there, returning a short time ago to undergo a critical operation. The operation seemed quite successful, and it was thought by his physicians that he was on the road to a rapid recovery. He died suddenly on Sunday, and it was on the road to a rapid recovery.

DEATH OF MRS. J. JENNER.

The death took place yesterday in Raleigh of Mrs. John Jenner, at the age of 83 years. Deceased had been ill with pneumonia. Her newly-born infant died on Tuesday. She is survived by her husband and six children, four boys and two girls.

RAIN DELAYS SEEDING.

A heavy rain fell here last night, which will delay seeding for a few days. Farmers are getting exceedingly anxious to get in their spring crop. While some have already got some grain sown, there are many who have not yet reached that stage of spring work.

WORKMAN KILLED BY EXPLOSION

Quebec, April 23.—By an explosion in a compressed air reservoir in the mills of the Brown Corporation at La Tuque, yesterday, Philias Belanger, an employee, was instantly killed, the man's scalp was completely torn from his head. He is survived by a widow and eight children.

An apple a day the **Crown Brand** way

THE tartness of a big Red Spy or Golden Russet, with the zest of CROWN BRAND Syrup is a delicious combination!

The up-to-date way for big folks and little folks to acquire the mineral salts and fruit juices so essential to a well-fed family. Since I discovered "The Great Sweetener," I really never serve enough baked apples à la CROWN BRAND. More and oftener is the family slogan.

### REFERENDUM BILL DECISION IS POSTPONED UNTIL NEXT TUESDAY

MacBride, Labor Member, Scores Rowell and Union Government and Will Support Brackin Amendment—Raney Defends Immediate Taking of Vote in Ontario—Favors Sale of Native Wines.

TORONTO, April 22.—Protracted debate on the referendum motion occupied the attention of the Legislature again tonight and obliterated all possibility of a division on the measure before Tuesday next week. Further support for the resolution was forthcoming tonight, one Conservative member being among those who proclaimed their intention of voting for it.

Captain J. E. Thompson, Conservative member for Northeast Toronto, questioned the advisability of a referendum at a time when unrest was prevalent. He stated, however, that he would have been prepared to support a measure brought in by the Government.

Hon. Manning Doherty, minister of agriculture, declared that submission of a stated case to the courts might involve two years of litigation if the case were carried to the privy council. He upheld the introduction of the referendum motion by a private member.

J. R. Cooke of North Hastings was the first Conservative member to declare himself as a supporter of the referendum motion.

The speech of the evening was delivered by Hon. W. A. Raney. The attorney-general referred to the possibility of litigation over a stated case, declaring the issue until the summer of 1922. The Brackin amendment, calling for a stated case, he characterized as "too absurd to be worthy of consideration."

In the afternoon M. M. MacBride, Labor member for South Brant, began the debate.

"I am the last man who wants to embarrass the Government in any form," declared Mr. MacBride. "The province must have a government and the United Farmers of Ontario are entitled to a fair chance to give it a good government. The duty of the Government is to get together and give us a fair government measure which we can all get behind."

The speaker had a word of commendation for the press.

"They have been very tolerant and considerate, and their words of condemnation have been very few, in view of the gravity of the situation that

he said, was "double-barreled," with the McCreey resolution and the Sandy bill. That double-barreled policy would have the biggest back kick that ever a gun had.

"If you go to the people with a gold brick resolution, then you have betrayed the trust placed in you," he continued. "We must be absolutely sure of the legality of the referendum. Our bounden duty is to settle that legal point beyond the shadow of a doubt. This province does not wish bone legislation, but not to fool them. The people of this province do not want backbone legislation. Therefore I support the Brackin amendment."

Full Responsibility.

"Mr. Speaker and gentlemen of the House," Mr. Raney persisted. "If the amendment moved by the member for West Ottawa means anything it means that the Government and the Legislature should assume full responsibility for the prohibition of the importation of liquor. Why does not the honorable member inform us what legislation the Ontario temperance act did not do? The Ontario temperance act was passed by the late government, to make prohibition effective in this province."

Mr. Raney quoted both Sir James Whitney and Hon. W. J. Hanna to the effect that it was not within the jurisdiction of the province to restrict the importation of liquor.

The temperance question," the speaker continued, "had been out of party politics in Ontario since 1915. He gave Hon. Newton Wesley Rowell equal credit with Sir William Hearst for the enactment of the Ontario temperance act, a statement which elicited far louder applause from the Government benches than it did from the Liberals.

Trend of Events.

"Not only was it proper," Mr. Raney averred, "that this referendum measure should be introduced by a private member, it would, in my opinion, have been against the trend of events for the past four years if the Government had taken it upon itself to make it a partisan measure. There are two things the Ontario temperance act did not do: it did not cover importation or manufacture of liquor, and the general assumption at the time the act was passed was that these matters were of Dominion jurisdiction. It is only within the past three or four months that anything to the contrary has been suggested and that it has been proposed that the province should skate on such thin ice and run the risk of losing all that has been gained up to now."

Mr. Raney believed, would be hardly justified so soon after the people had pronounced on the Ontario temperance act, which embodied the exception to native wines sale. Any alteration affecting the matter of enforcement, the speaker said, would be quite readily made, but great caution would be used in making changes affecting funda-

mentals of the O. T. A. If bill 26 was adopted by the people conditions would return to those of prior to January 1. He wanted a purchasing board.

Sir George Foster moved the resolution to appoint a purchasing board for the purchase of departmental and other government supplies. Sir George sketched the history of the war purchasing commission, appointed in 1915, the commission functioned for three years under the chairmanship of Sir Edward Kemp. In 1918 the powers of the commission were extended by order-in-council to cover purchases other than exclusively war materials.

Replying to Mr. MacKenzie King, Sir George said that the new board would not purchase supplies needed for the operation of the Canadian Government railways and of the government merchant marine.

On this ground, Mr. Fielding criticized the proposal. The government, he said, was adopting a principle for which there was a good deal to be said, but as regards 75 per cent of its purchases, the government did not propose to apply that principle.

John Best (Dufferin), and A. B. McColl (Kent), both opposed the appointment of a commission, maintaining that the government should not seek to shelve its responsibility.

Mr. McColl thought this was a good opportunity for the government to economize.

Dr. Blake (North Winnipeg), supported the appointment, declaring his personal investigation had disclosed that the war purchasing commission had made sane and economical provision for supplies, and in disposing of surplus stocks had saved the country millions of dollars.

Mr. Lucien Cannon asked him what about the sale of cavalry saddles in the west. Some of these saddles, said Dr. Blake, had been in stock twenty years, a sufficient commentary on previous extravagance and of the difficulties inherited by the commission.

In answer to numerous questions, Sir George Foster said the commission would be headed by a member of the government, would purchase supplies only on requisition from the various departments, and the departments would be responsible for quality and good measure.

Every dollar expended would still come under the review of the auditor general, and be subject to the criticism of parliament as at present.

Commission of Experts.

The commission would consist of experts, who would purchase in bulk, thereby getting the best prices. Their appointment would do away with competition between various government departments, and relieve the cabinet ministers of work to which they were frequently unable properly to attend. There was no intention to form a new commission, with fat jobs for friends and

justified.

Mr. Rowell retorted that the men actually picked out to form the new commission were H. W. Brown and W. H. Leckie, of the war purchasing commission. The purpose of the government was to cope with a situation which everybody was aware—the tendency to patronage in the purchase of supplies—a state of affairs the Borden government had inherited from its predecessor.

Sir George Foster, moving that the committee report progress, said he was convinced of the usefulness of the proposed commission, and intended to put the resolution through at no distant date. If members on both sides would take the trouble to investigate the work of the war purchasing commission they would accept the proposed commission as the logical way of dealing with the purchase of supplies.

Sir George said the government would consider a proposal to appoint a special committee of the House to inquire into the necessity for the commission.

SAYS TUBERCULAR SOLDIERS IN NEED OF SPECIAL PENSIONS

Col. Elliott Tells Committee of Difficulties Met.

OTTAWA, April 22.—(By Canadian Press.)—Good progress in dealing with tubercular and amputation cases was made today by the special committee on pensions. As a result of evidence along these lines today, it is felt that comparatively little time will be further spent on these classes of cases. The chief witness of the day was Lieut.-Col. J. H. Elliott of Spadina Road Sanatorium of Toronto, who told the committee of difficulties tubercular patients have to contend with in seeking to re-establish themselves.

Col. Elliott held that owing to their need for sanitary housing, good food and warm clothing these men were entitled to special consideration in the way of pensions. They should have full disability pension as long as such was needed.

John Anderson of Hamilton, representing the veterans of France, cited cases of hardship among widowed mothers whose pensions had been reduced, and urged the necessity of an increase to this class particularly. He also urged the committee to consider

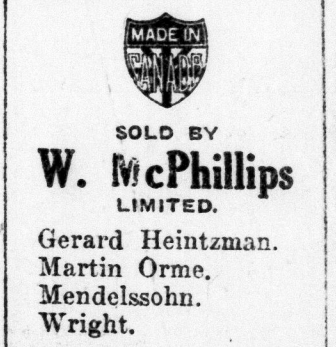

### MISSED MARS' WINK

GAMER RANCH, Cedar Creek, Neb., April 22.—An effort early today to catch a signal from Mars failed. Dr. Frederick L. Millner and Harvey Gomer, electrical experts, who made the attempt, announced they would try again tonight.

Melody fills the longing that great learning or wealth cannot satisfy... The hunger of the Soul.

A Piano is one of the most important furnishings of the modern home. Great care should be exercised in the selection of an instrument. Let us assist you in your choice. On our honor, we pledge you a square deal. Investigate.

## TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea, with sulphur added, will turn grey, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or grey. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, grey, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all grey hairs have disappeared, and after another application or two your hair becomes beautifully dark, glossy, soft and luxuriant.

## ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain—How To Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from nature a few ounces of Bismarck Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milky) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

## Cuticura Soap IS IDEAL For the Hands

Soap, Ointment, Tablets, etc., each. Sold everywhere. Can. Distrib. Lyndal, Limited, 20, York St., Montreal.

## THIS WOMAN FOUND HEALTH

And Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Hazelhurst, Ga.—"I have used your remedies for only ten months, and they have saved me from an operation. Before I took Lydia E. Pinkham's Vegetable Compound I was so ill from a female trouble that I was forced to stay in bed for a week at a time with weakness and pain, but your medicine has done so much for me that I am recommending it to all suffering women. It certainly is a great medicine and is a sure road to health for women. You may publish this letter if you like."—Mrs. W. C. LITTLE, R.F.D. A, Hazelhurst, Ga.

Women who suffer from headaches, nervousness, backache, the blues and other symptoms of a functional derangement should give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For forty years it has been overcoming such ailments of women after other medicines have failed.

If you want special suggestions in regard to your condition, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of long experience is at your service, and your letter will be held in strict confidence.

## CAILLAUX FACES BANISHMENT; IS FOUND GUILTY

Senate Convicts Former Premier For Commerce With Enemy.

### READ SENTENCE TODAY

Crime Calls For Exile From One To Five Years.

PARIS, April 22.—Joseph Caillaux, former premier of France, this evening was found guilty of having had commerce with the enemy by the high court of the Senate. The vote was 139 to 91.

The court by a vote of 123 to 110 found that there were extenuating circumstances in M. Caillaux's case. It then adjourned until tomorrow afternoon at 2:30 p.m., when the sentence will be read to M. Caillaux.

The crime of which M. Caillaux was convicted is covered by article 78 of the Military Code, which calls for a sentence of banishment for a maximum of five years or a minimum of one year.

Caillaux was convicted of having placed his personal political ambition during the war higher than the interests of the country that honored him and gave him birth. While escaping conviction for high treason he was found to have been recklessly imprudent and very close to treasonably amenable for such is the interpretation of the verdict of "guilty of commerce and correspondence with the enemy," which was rendered today against him by the French Senate.

This is the first verdict of the sort rendered in any of the allied countries since the war began. "Commerce," as interpreted by the senators who were the judges, not meaning financial trading, but commerce by means of common ideas, while "correspondence" in this particular case is employed in the sense of association.

## SEEDING OPERATIONS ARE BEING HURRIED

Agricultural Report for Week Shows General Activity on Farms.

TORONTO, April 22.—The following is a summary of reports made by agricultural representatives to the Ontario Department of Agriculture for the week ending April 20.

The very broken weather of the first half of April checked growth and greatly hindered field work. The warm days of the week-end have been welcomed, and seeding operations are now being hurried.

Fall wheat and clover are about "as you were," but are expected to rush forward with the recent rains and warmer weather.

Lambton reports that more pruning and spraying is being done to neglected orchards.

Lincoln states that market gardeners have already planted cabbages in the open.

**Increase Tobacco Area.**  
Kent predicts a larger area of tobacco, and Edlin reports that some farmers in that county are going into the industry extensively. Haldimand is also increasing acreage. Norfolk says that one greenhouse in that county is making preparations for growing 200,000 plants.

Brant reports that \$4 a bag was paid for a carload of potatoes shipped out last week, and that New Brunswick seed potatoes are costing farmers \$5 a bag, while the ordinary stock is selling on the market at from \$4 to \$4.50 a bag.

Peterborough claims that about 10,000 bushels of oats were sold in Norwood for seed during the winter and spring. Hay is in demand. While a few reports state that it may be had in the barns loose at \$20 a ton, general quotations for market prices run all the way from \$25 to \$35 a ton.

Midsex observes that drovers do not seem anxious to purchase stock for putting on the grass. At a sale in Frontenac last week young milch cows sold at from \$120 to \$150, averaging about \$140.

**Fewer Brood Sows.**  
Bacon hogs have been selling at from \$18.25 to \$19.50 during the week. The decrease in brood sows during the past six months in selling upon the supply of hogs being prepared for market. The Kent representative declares that he heard some farmers say that they would have been better off had they knocked their young pigs on the head when they were worth \$10 apiece. Brant quotes the price of little pigs at from \$10 to \$15 a pair, but some are reported to be selling on the St. Catharines market at \$18 a pair. The Lennox and Addington representative states that 300 young pigs, varying in age from four to six weeks, were sold on the Napanee market at prices ranging from \$10 to \$12 a pair.

The horse industry has been attracting more attention than usual. Huron records considerable activity in sales after a very dull period. Prices have ranged all the way from \$125 to \$300, depending upon size and quality. Bruce reports that a carload of horses was shipped to Montreal during the week, and that several other carloads of horses had been sent out of the county during the last three weeks. Durham also notes that a number of horses have been picked up by buyers, and adds that there will likely be a local shortage in the near future.

**Apianes Suffer.**  
The winter has tried the apianes. Peel puts the losses at about 20 per cent, and remarks that most of the bees were found dead on the comb and not the bottom of the hive.

Oxford reports that maple sap seemed to flow better during the past week than earlier in the season. Prices for syrup, taking the province over, have ranged from \$22.50 to \$25.00 a gallon where sold at first hand, and pure maple sugar at 40 cents a pound.

Labor is scarce. A representative states that there appears to be considerable unrest among workers, and that some do not seem to remain long at the job, even when they get the wages they asked for.

**LABOR UNSETTLED IN  
CAPE BRETON, BUT NO  
STRIKES ANTICIPATED**  
SYDNEY, N.S., April 22.—The labor situation in Cape Breton is unsettled, but this is about a normal state of affairs in mining districts, and no strikes are anticipated.

Several of the building trades are asking substantial increases, but present indications are that these will be paid without any trouble. All miners in the Glace Bay district are satisfied with the recent increase. In Sydney mines section there is acute dissatisfaction with the Patterson conciliation board award, but no trouble is expected.

The coal business is now so brisk that neither side is inclined to risk a strike.

Under the terms of the MacKinnon award, the Dominion Coal Company miners now have the right to ask a readjustment of rates, and it is stated that wage increases approximating 25 per cent or more will be requested on May 1.

**FREIGHT IS MOVING.**  
WINDSOR, April 22.—For the first time today freight cars which had cluttered the local M. C. R. yards commenced to move across the border via the tunnel to the Detroit yards, although the movement is slow because of the inability of Detroit to handle the traffic. With the gradual return of the strikers to work, however, the situation here has improved to a corresponding degree and tonight four yard engines and seven switchmen are back on the job.

## NURSE STRUGGLES FOR LIFE WITH MADMAN ON ROOF OF CHATHAM GENERAL HOSPITAL

Young Woman's Cries Heard by Colleagues and Help Arrives in Nick of Time.

CHATHAM, April 22.—To struggle for her life with a madman on the roof of the local general hospital was the exciting experience of a nurse of that institution on Tuesday. But for the timely assistance of other nurses who

## Children Cry FOR FLETCHER'S CASTORIA

heard the cries of their colleague, the consequences might have been serious. For obvious reasons the hospital authorities have withheld names, though it is reported that the man in question was recently arrested by the county police at Cedar Springs, owing to his strange behavior. He was remanded to jail, but owing to his mental condition, was later removed to the hospital.

In some manner the man had succeeded in getting on to the roof, when he was noticed by one of the nurses who immediately followed him. In vain she entreated the man to return, but instead, it is alleged, he attacked the nurse and threatened to throw her from the roof. A fierce struggle followed, and the young lady succeeded in frustrating the attempts of the crazed man until help arrived, and he was overpowered.

## URGES FORMATION OF AMERICAN LEAGUE OF EQUAL NATIONS

President of Uruguay Proposes Protective Body.

MONTEVIDEO, April 22.—Formation of an "American League" on a basis of absolute equality between all American nations for common action against aggression threatening any one of them from outside nations and for arbitration of inter-American disputes, was proposed by Dr. Baltazar Brum, president of Uruguay, in addressing the students of the University of Montevideo last night.

As a step in the formation of such a league, Dr. Brum declared other American countries should make a declaration similar to the Monroe doctrine, placing them on the same footing as the United States for joint action against European aggression.

## SENTENCES CONFIRMED.

Jerusalem, April 22.—The British commander here has confirmed the sentences passed by court-martial, mainly under the Ottoman penal code, upon several Arabs and Jews in connection with the Easter rioting. The sentences range from fifteen years imprisonment downward.

## The Jews kept their shops closed on Tuesday morning in protest, but reopened them on the government's order. The total casualties in the rioting are announced as 158.

STEAMER ARRIVES.

## "Royal Cord"

One of the SIX  
Dominion Tires

# DOMINION TIRES are GOOD tires

Why shouldn't they be good? They have behind them the greatest Rubber System in the Dominion, if not in the Empire. They are planned to fill every need of the motorists of Canada. They are built by experts in a great modern factory.

And their dependable quality and workmanship are proven by the fact that Dominion Tires have the largest sale in Canada among experienced motorists. They have proved their economy, their easy riding, their long mileage on every road in Canada.

Dominion Tires, Inner Tubes and Accessories are distributed through Dominion Rubber System Branches and sold by the best dealers throughout Canada.

## DOMINION Tire Accessories

include everything you need to close a hole, plug up a bruise, or heal a cut in your tire. These helps will make your tires last longer. Carry a supply in your car.

## AUTHORITIES ORDER INQUEST IN DEATH OF SARNIA WOMAN

Deceased Was Under Chiropractic Treatment At Time of Death.

SARNIA, April 22.—Inspector Alex. Crook was today authorized to summon a coroner's jury to inquire into the death of Helen Coulter, wife of William Coulter, aged 39 years, who died in this city on Tuesday last.

According to information received by the inspector, the late Mrs. Coulter had been taking chiropractic treatments, but when her condition became critical a physician was called, but before his arrival she had expired.

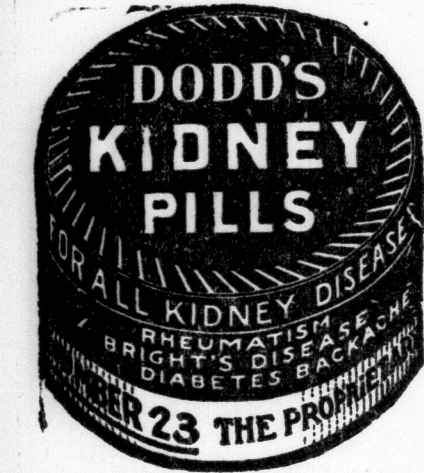

The inspector stated that chiropractors are not allowed to sign death certificates, and the physician who was called is unable to do so, owing to the fact that the woman had died prior to his arrival, hence the inquest. The jury met at 4 o'clock this afternoon with Coroner Logie presiding, and adjourned until a later date.

The funeral, which was to have been held this afternoon, has been postponed until Friday afternoon, owing to the decision of the authorities to hold an inquest to determine, if possible, the cause of death.

## STRATFORD'S HYDRO SINKING FUND NOW TOTALS \$25,401.19

Net Operating Profit For 1919 Was \$12,182.46.

STRATFORD, April 22.—The net operating profit for the year of the electric light department was \$12,182.46, and the commission overpaid the hydro commission the sum of \$1,051.50, and will be credited with that amount, and \$938.63 interest on sinking fund at the rate of 4 per cent. This operating balance, or sinking fund, with the interest and additions this year now amounts to \$25,401.19, and is partly made up of Stratford's equity in the hydro system, which was \$9,711.20 at the end of October, 1919. The commission was notified, and decided to take 250 additional horse-power at \$1 per horse-power per month above the ordinary rate. The consumers of this power will therefore pay \$2 per month per horse-power instead of \$1.

## SETTLEMENT LOOKED FOR IN BUILDERS' DISPUTE AT WINDSOR

Workmen Ask For \$1 An Hour—Employers Offer Eighty Cents.

WINDSOR, April 22.—Settlement of the difficulties between the employing contractors and the carpenters and painters, which with disputes pending with bricklayers and masons have threatened to curtail building activities in border cities, is imminent. Aid. Herb Wilson, of the Builders' and Contractors' Association declared tonight.

The men in both classes are demanding \$1 an hour, while the master painters and contractors have offered 80 cents. Contractors want to increase wages on a scale of from 50 to 90 cents an hour, based on ability of workmen, while the latter are standing fast by their original demand, embodying a flat rate. The 80-cent rate offered by the painters constitutes an advance of 34 per cent over last year's schedule. As far as the association is concerned, it is for the "open shop," leaving it to the individual members to take whatever attitude they wish on the question. Aid. Wilson stated. Real estate men declared today that thirty houses had been sold within the last two months without being painted.

## EARLY CLOSING BYLAW TEST CASE AT SARNIA

Adjourned Till April 27—Much Interest Shown in Outcome.

SARNIA, April 22.—The early closing bylaw test case against W. M. Rae, George street, grocer, was given a five-day postponement until Tuesday next, April 27. Defendant and his counsel were not ready to proceed today, and the city solicitor stated he would not be able to attend tomorrow. The magistrate granted the enlargement. According to civic officials the result of this case is being watched with interest by several municipalities in Ontario that have similar legislation pending.

## WINS APPEAL AGAINST CONVICTION AND FINE

Galt Citizens Give Liberally to Jewish War Relief Fund.

GALT, April 22.—Claiming that he had no knowledge of a bottle of whiskey which it was alleged was found on his premises, and further claiming that the bottle was brought into his place, Harry Wilson, former proprietor of Queen Hotel, Preston, appealed the conviction and \$200 fine of the Galt court. The appeal came before Judge Spotton in the county court at Kitchener and was granted without any evidence being heard.

Miss Vera Ewald, aged 26, one of Preston's most popular young ladies, passed away this morning after a lingering illness.

T. M. Henderson, carter, has purchased a two-story stone building on North Water street from the David Shiers estate, and will build an addition for his office and auto showroom.

**\$2,000 FOR JEWISH RELIEF.** The canvass is still in progress here for the Jewish War Relief Fund, and it was announced today that up to Wednesday night \$2,000 had been subscribed.

Galt has another shoe industry started by William and Phillip Scott, at the rear of 16 North street. The plant is capable of turning out 200 pairs a day.

**HONOR FIRST PASTOR.** The congregation of the North Water Street Baptist Church has decided on

a new name for their edifice, the Bremer Baptist Church, in honor of W. F. Bremner, the organizer and first pastor of the church.

## PRICE OF GAS UP 35 CENTS PER 1,000 FEET AT KITCHENER

Increase in Expense of Manufacturing Gas Cause of Advance.

KITCHENER, April 22.—It was announced today by Superintendent V. S. McIntyre of the light commission that the price of gas to local consumers had been advanced from \$1.45 to \$1.80 per 1,000 feet. The rise was made necessary by the increase in expenses experienced by the commission in connection with the manufacture of gas. It was pointed out that the commission would have to face a heavy deficit if the old rate was maintained.

## BRANTFORD STILL IN NEED OF MORE POWER

City Receives Only Seventy-Five Per Cent of Power Asked For.

BRANTFORD, April 22.—It was announced today that Brantford's quota of additional hydro power, secured as a result of a block of the power generated by steam by the Ontario commission, was but as a drop in the bucket to the general need for an increased supply. Only 75 per cent of the quota asked for is being delivered to the city.

The board of health has sent back to the city council a largely signed petition against the enforcement of pasteurization of milk, effective May 1. The recommendation is given to the council that the bylaw should be enforced. Already five new plants have been erected for pasteurization. The report of Inspector Cuthbert, who has been making his rounds of the dairies and other sources of supply is to the effect that several of these are unsanitary. And he has issued orders for a betterment of conditions.

**BURGULARY SURPRISED.** House robbers were surprised at the home of Daniel Howell, 35 St. Paul's avenue, early this morning and dropped considerable stuff in their hurried escape. Goods to the value of \$200 were, however, gotten away with.

The merchants' committee of the Chamber of Commerce took up the problem this morning of Wednesday afternoon closing during the summer. The same arrangement as last year, when the stores generally closed, one afternoon per week, will probably be made.

At a special meeting of Brantford Township Council here today a bylaw was passed for the erection of a new school at Cainsville at a cost of \$45,000. An enlargement of the school section is being made.

Lieut.-Col. Rhodes of Toronto was in the city today endeavoring to find suitable quarters for the 25th Brant Dragoons. He was met by Lieut.-Col.

**Children Cry  
FOR FLETCHER'S  
CASTORIA**

Muir, but no decision as to where the unit could be housed was reached.

**CANNOT GET HELP.**

Farmers of Brant County are complaining loudly of the scarcity of help. Free house, free potatoes, free apples, and all kinds of inducements are being made, with wages running as high as \$800 per year, but help is not procurable.

Good results were secured here in the first day of the drive for the Jewish Relief Fund. The sum of \$600 was collected by the lady workers. The drive will close Saturday with a tag day.

## BREAKS INTO SING SING PRISON; LIKES PLACE

New York, April 22.—Andrew Wasser reversed the usual proceeding the other day when he broke into Sing Sing Penitentiary.

No Bug is snug in any Bug.

No Flies is safe in Shooting.

It worried with these, just kill with ease.

The whole lot with KEATING.

Sold in cartons only at all dealers.

tentary. He had escaped from an insane asylum in Poughkeepsie. "I like this place better," he told the Sing Sing guards who found him.

## DRESDEN

DRESDEN, April 22.—The funeral of the late Adolphus Weese, aged 77 years, whose death occurred Sunday morning, took place Tuesday from his late residence. The service was conducted by Rev. J. H. Osterhout, B.A., assisted by Rev. Thomas Sanderson. Deceased was a retired farmer, having left his farm near Tupperville, about three

years ago to reside in Dresden. Besides his aged wife, he leaves four sons, W. T. Dresden; John, Tupperville; George, Sombra, and James of Thamesville, and one daughter, Mrs. Elizabeth McAuley, at home.

George Rice, who suffered a stroke at Windsor, was brought to the home of his daughter, Mrs. R. A. Wells, Monday night. His condition remains very serious.

Mrs. Margaret Hazzard of this place, who went about a week ago to visit her brother, William Bedford of Camden, died there on Monday, after an illness of about an hour. She was 82 years old, but very active and possessed

all of her faculties up to the time of her death. Two sons, Robert of Hamilton, and Smith of Mimico, and one daughter, Mrs. William King of this town, survive. The body was brought here for interment, but the funeral arrangements are not as yet completed.

## MOB FAILS TO GET NEGRO

Indianapolis, April 22.—One negro was shot and fifteen men arrested last night in an attempt of a mob of 10,000 to take William Ray, colored, 19 years old, from the Marion County jail, where he is held without bond for the murder of 14-year-old Martha Huff, a white girl.

Let's Help You to Pay Less and Dress Better

# REGENT TAILORS' CLOTHES

are made right all the way through. They are correct in style—a choice selection of patterns in splendid wear-resisting fabrics and extra good tailoring. By force of merit we have made a reputation for making only the best.

When you buy a Regent Tailors' Suit you are buying direct from the manufacturer—no excess profits to pay. Made in bright, sanitary workrooms where each department is managed by men who own the business. This means reduced overhead expense, a saving which is passed on to you, and remember that we make less than \$1.00 profit on each suit we sell.

The overall fad would be uncalled for if other firms would keep prices down like the Regent Tailors are doing. Call in to the Regent Tailors' Store today and you will readily see that at our price every man can afford to be well dressed.

SUIT OR OVERCOAT

EVENINGS.

The Regent Tailors' Clothes are strictly Canadian-made, by organized Canadian mechanics, with exception of the woolsens, which are made in England. Buy Canadian-made Clothes.

# Dominion Raynsters

"Made-in-Canada" Raincoats

## Who Minds the Rain

when one is completely protected by a "DOMINION RAYNSTER"?

If the weather man says a week of wet, you don't care because your "DOMINION RAYNSTER" is absolutely waterproof and will keep you snug and dry, no matter how long or how hard the rain comes down.

If the report predicts "showers", your "DOMINION RAYNSTER" means protection when it rains, and good style, ease and comfort when the clouds roll away.

"DOMINION RAYNSTERS" are all-weather coats; particularly suited to automobilizing; especially desirable to have on your holidays.

Every genuine "DOMINION RAYNSTER" carries the "Raynster" label as a guarantee of quality and workmanship.

"Dominion Raynsters" are sold by the best stores carrying wearing apparel.

"Dominion Raynsters" are made in many styles and fabrics for men, women and children.

## GRAND TRUNK BILL PASSES HOUSE, CLAIMS FOR PENSIONS IGNORED

Amendment of Mackenzie King To Secure Pensions For Men Who Struck in 1910 Is Defeated by Union Government — Franchise Bill Again Appears.

OTTAWA, April 22.—Interest in the House today centred on the proposed amendments to the franchise bill and the bill to ratify the Grand Trunk acquisition agreement. In regard to the first named, the question at issue is that of aliens of enemy birth. When the bill entered on committee stage the criticism was made that women, naturalized by marriage, would not be enfranchised under its provisions, although resident in Canada long before the war and some of them mothers of men who fought for Canada in the war. The Government then promised to bring in an amendment.

Today, shortly before progress was reported on the bill, Hon. Hugh Guthrie, solicitor-general, indicated what the terms of the amendment will be. In effect, the amendment will give to the wives and children of naturalized British citizens the right to vote. Such wives and children became British citizens by operation of law. They obtained certificates of naturalization. The bill as drafted did not give them the right to vote. Under the amendment they will get the right.

When committee stage on the bill is reached, Government Refuses Pensions. Amendment of Mackenzie King, Railway bill was proposed by Hon. W. L. Mackenzie King, leader of the Opposition. The bill was before the House for third reading. Bringing up again the great Grand Trunk strike of 1910, Mr. King moved that the bill be referred back to the committee with instructions to insert a clause to protect the pension rights of the employees who struck.

At ten minutes after twelve the House divided on the King amendment. It was lost by 21, the vote standing: For, 69; against, 90.

Of the cross-benchers, Messrs. Kennedy and Halbert voted with the Opposition; Messrs. Reid, McNutt, Thompson, Maharg and Gould voted with the Government.

Third reading was then declared carried on the same division reversed.

The reduced Government majority was explained by empty benches on that side of the House. Owing to the lateness of the hour, many members were absent.

Appeals To Government.

Hon. W. L. Mackenzie King again appealed to the Government on behalf of employees who were deprived of their pensions by the Grand Trunk Railway Company because of their participation in the strike of 1910.

Hon. T. W. Crothers said that when he was minister of labor he had succeeded in forcing the company to institute a number of men who had not been given their old positions. At that time the men had not mentioned pensions or he would have forced the company to grant them.

Mr. King said this was the last opportunity to see that these men secured justice. The company sought to distribute among its shareholders money which belonged to the men in their pension funds. It characterized the action of the Grand Trunk president as "dishonorable," and said that thousands of men and their families would be deprived of their rights unless Parliament went on record at this time. If the matter went to the arbitration board without a pronouncement of Parliament it might be found that there was only a moral obligation. Then that obligation might fall on the taxpayers of Canada, instead of being borne by the Grand Trunk Company, who were really responsible.

Mr. King moved that the bill be referred by the committee with instructions to insert a clause providing "any right of interest of any employee of the Grand Trunk Railway Company existing in the pension system prior to the strike of the company's employees in July, 1910, is hereby declared not to have been affected by the said strike, or any circumstance or condition arising out of, or in connection therewith."

Franchise Bill Up.

Debate on the franchise bill, after some discussion, the salary of the chief electoral officer was tentatively fixed at \$2,500 in addition to the \$5,000 he already gets as preliminary counsel.

Hon. Hugh Guthrie expected that during the next sixteen months or two years there would be many referendums on prohibition, which would be covered by the machinery of this act. Thus it would provide work agency for the officials, but after two or three years the chief officer would have two busy months prior to, and about six months after, a general election, as well as the by-elections that would crop up.

The election clerk in future is to be a qualified voter on the electoral list of the constituency concerned. Further, he has been chiefly a junior in the office of the returning officer, and in some circumstances might have to act as returning officer and cast a deciding vote.

Some time was taken up with the clause which seeks to use the polling divisions, as established by provincial and municipal bodies. The minister explained that he had need provincial lists as far as possible, but in the cases of the municipalities, the divisions very frequently were changed.

TWO OFFICERS ARE APPOINTED TO SERVE ON NEW AIR BOARD

OTTAWA, April 22.—(Canadian Press.)—Two active flying officers appointed to the new air board are Lieut.-Col. Robert Leckie and Lieut.-Col. J. Stanley Scott, who were respectively superintendent of flying operations and superintendent of certificates branch, under the retiring board, O. M. Biggar, R.C.F.C., is re-appointed vice-chairman of the board, and J. A. Wilson of the navy department, who was a member of the retiring board, is appointed secretary. Lieut.-Col. Leckie is a Toronto man, and Lieut.-Col. Scott is from Quebec City.

The original board was made up of ministers and officials of the Government.

## BOARD OF TUBERCULOSIS CONSULTANTS TO INSPECT SANATORIA OF SOLDIERS

Re-establishment Department Appoints Commission To Visit Institutions — Work Expected To Assist Combating Disease.

OTTAWA, April 22.—(Canadian Press.)—A board of tuberculosis sanatorium consultants has been appointed by the director of medical services of the department of soldiers' civil re-establishment, to visit each of the 23 sanatoria throughout Canada in which patients of the department are receiving treatment.

The function of the board is, in general, to study the whole situation in Canada with regard to the treatment of tuberculosis occurring among ex-members of the army, and so far as possible, to bring about the adoption of uniform standards of treatment, equipment, records, etc., in such a way that the fullest benefit may be derived from treatment in each case.

## PROVINCIAL WINTER FAIR TO BE HELD IN GUELPH THIS YEAR

Contract For One Year To Be Signed by Mayor Westoby.

GUELPH, April 22.—Acting on the suggestion of Hon. Manning Doherty, the city council, an adjourned meeting tonight, authorized Mayor Westoby to sign a contract with the Ontario Government for the holding of the Provincial Winter Fair here for another year.

Some objection was taken to such action on the ground that a longer contract should be secured, but Ald. Brydon, who headed a deputation to the minister of agriculture last week, stated he had the assurance of Mr. Doherty that later in the year a contract would be submitted to the Guelph Council, which was for ten years. The alderman also said announcement of improvements to the buildings would also be made at the same time.

## VETERANS OPPOSED TO PAYING INCOME TAX ON THEIR WAR GRATUITIES

WINDSOR, April 22.—Windsor War Veterans are strongly opposed to paying income taxes on the government gratuities, and are planning to carry the matter to the courts and force a test case. All income tax blanks being forwarded by Veterans are marked "except" in so far as gratuity is concerned, on the advice of Capt. H. D. Peacock, secretary of the Windsor C. W. V. A., who is leading in the fight against the Government, and who has offered to bear the consequences of this action.

## PROBING CHARGE OF HOARDING APPLES

OTTAWA, April 22.—The Board of Commerce, with Mr. W. F. O'Connor presiding, is inquiring this afternoon into a charge against W. J. Corby & Co. at Ottawa.

The charge is that of hoarding apples, and is based on information reaching the board to the effect that a certain number of carloads of apples consigned to the Corby firm have been left in storage without an attempt being made to place them on the market.

Mr. Corby refuses to discuss the charge.

## STEPMOTHER FACES CHARGE OF CRUELTY TO 13-YEAR-OLD BOY

Alleged To Have Stuffed Soap Into Boy's Mouth.

CHATHAM, April 22.—Mrs. Sarah Bushey was today arraigned in the county police court on a charge of assaulting and attempting to do bodily harm to her 13-year-old stepson. She was remanded to jail for a week. The boy alleged that the defendant stuffed soap into his mouth, and on another occasion placed a butcher knife in his body.

CAUGHT IN ROTARY SAW.

WINDSOR, April 22.—Frank Stenlake, Cartier Place, was today badly injured, when his arm became caught under a rotary saw used for cutting meat at Matt's butcher shop, where he is employed. A gash three inches long was inflicted on his arm, severing two tendons.

## SAYS AMERICA NOT NATION, BUT MERE POLITICAL INSTITUTION

Larkin On Trial in New York Makes Statement.

NEW YORK, April 22.—After directing that James J. Larkin, Irish labor leader on trial in the state supreme court for criminal anarchy, should be kept locked up for the remainder of his trial, Justice Weeks late today reversed his decision on the plea of the defendant that the strain of imprisonment would probably prevent him from continuing his defence.

The first order was issued after Larkin is alleged to have made insulting remarks to the court. The claim occurred when the labor leader accused Justice Weeks of trying to obscure the intercourse of thought between witnesses and defendant by "meaningless interruptions."

In the course of his cross-examination, during which Larkin, acting as his own attorney, answered questions put by himself, the Irish leader asserted that America is not a nation "in the sense of cultured values," and that the people of this country do not do the governing.

"I think the people of America are the greatest on earth," he said, "but they are not a nation. A nation is a group of people ethnologically or politically able to absorb all the best things in the world. Some of the best things here are being created by aliens within your borders. America is a mere political institution."

## DROVE THRO' POLICE CORDONS 25 TIMES CAUGHT AT LAST

Harry Sloate Has Friends Who Paid His \$1,000 Fine.

WINDSOR, April 22.—Admitting that he had driven through cordons of police on the border successfully 25 times with truck loads of whiskey, for rum-runners smuggling by boat across to Detroit, Harry Sloate, Windsor drayman, who was caught this morning in Sandwich with his 25th load, was fined \$1,000 and costs, with the alternative of six months in jail.

He declared his confidence that owners of liquor would appear and pay his fine. It was the third time his truck had been impounded, but the first time he himself had fallen into the tolls. Sloate said he received \$150 a haul from the owners for his work and that he had \$800 coming to him at the time of his arrest. Sloate's confidence in his friends was not misplaced. They "came through" with ten "Century Marks" late this afternoon.

## GUNMEN THREATEN ANTI-VICE MAYOR

BRIDGEPORT, Conn., April 22.—Six gunmen from Philadelphia have arrived in this city and have threatened to shoot Mayor Clifford B. Wilson, according to a statement made to the Bridgeport telegraph early today by Allen O. Myers, who is in charge of 150 private detectives that were brought here last Saturday by Mayor Wilson to conduct raids on "vice resorts."

Myers said that he had been warned that six gunmen had been sent from Philadelphia on behalf of the "vice ring" in Bridgeport, and that plans had been made to threaten the life of Mayor Wilson and himself.

## BUT THEN, THEY NEVER KICK

Now, gentlemen, when a customer kicks on the price of an article, don't forget our slogan: "The next lot will be higher."—New York World.

## Milk Producers Claim Farm Survey Resulted in Saving of Over \$250,000

TORONTO, April 22.—Hearty approval of the farm survey work being conducted throughout Ontario was expressed in the agricultural committee of the Legislature today. Prof. A. Leitch outlined the work already done, and gave figures showing actual monetary benefits to the farmers and dairymen.

It was claimed by the milk producers that the representation made by Prof. Leitch to the board of commerce regarding milk shipped to Toronto had resulted in a saving of \$250,000. The cost of producing milk had been investigated to the smallest detail on 400 farms.

Prof. Leitch made it clear that he did not believe that the price allowed by the board was high enough, according to the figures available to him through the survey. Although milk prices are higher than ever before there was little kicking. It was declared because it was common knowledge that the price is not an exorbitant one, and that dairymen are not profiteering.

Work is increasing. The farm survey work is increasing yearly. The first year cost \$10,000, the second \$17,000, and this year the estimate is \$20,000. The scope is being considerably widened. Twenty-five farms in Ontario and 25 in Dufferin will be investigated to arrive at the cost of producing every item on the farm. The surveys this year will include apple farms in Northumberland and also in the Niagara fruit belt. The result of the survey also resulted in the establishment of a guide of a course in farming management. Such a course might well be established in the public schools.

Prof. Leitch said it was proposed to carry on the survey for five years. The latest of the reports covered the sections in Peel, Dufferin and Wellington Counties, which were typical of such other counties as Simcoe, Dufferin, Halton, Grey, Bruce and North Huron.

## MORTGAGORS' RELIEF ACT LIKELY TO END IN JULY THIS YEAR

Measure Passes Second Reading in Legislature.

TORONTO, April 22.—The Government measure to extend and provide for the terminations of the mortgagees' and purchasers' relief act on July 1 this year, passed the second reading today in the Legislature, but with the assurance of the prime minister that when in committee the suggestions of Mr. Dewar would be given heed to. Mr. Dewar was of the opinion that if the act expired on July 1, everybody would be forced to borrow money on new terms, and he was afraid that would create a difficult condition. He was in favor of having the act terminate on an interest date, so as to have a gradual release from its conditions.

Mr. Haney said, in moving the second reading, that he thought even if the mortgagees' interests it would be better not to extend the time beyond July 1, as at the present time money was fairly easy. Mr. Ferguson thought the time should be extended to the fall, and Mr. J. W. Curry suggested November 1. Mr. Haney replied that the Government was not committed hard and fast to any particular date. Mr. Hollo thought that July was the best time because in the summer when calls were the least upon the workingman's purse.

Messrs. Wellington, Hay, Thomas, Crawford and Mageau spoke briefly on the motion, and the measure passed when the prime minister promised consideration in committee. Mr. Dwyer said that in country districts he thought that when the act was repealed, private arrangements between mortgagees and mortgagors would follow.

## OATS ARE ALREADY THROUGH THE GROUND

Ruthven District Farmers Are Busy—Vegetable Gardens Planted.

RUTHVEN, April 22.—Although this has been a backward spring all over this district, many farmers are well advanced with their seeding, and quite a number of large fields have been sown in oats, which are already up and making good progress under the trying conditions of cold heavy rains.

The hundreds of gardens, which were planted out in all kinds of vegetables, are now in the pink of condition. Lettuce, onions and radishes all look good, and with a few warm days every garden will be up to standard. The hotbeds are still obliged to use artificial heat, but the millions of plants never looked better.

Tomato plants are making an extra fast growth, and will be ready to set out in the field ten days earlier than in 1919.

Early cabbage plants are the best seen in many years, and a large acreage will be devoted to growing cabbage for shipping purposes. The red and black raspberry bushes are almost ready to come out in leaf, and all indications are for a big yield of this juicy fruit this year.

Morley Cascaden has bought the house and lot formerly owned by Mrs. Fred Noble. He will thoroughly overhaul it and move it in a few days.

Everett Hooper of Kingsville moved here on Tuesday he has taken George Sheridan's house for the summer.

Lorna Neville has rented his farm, and will probably take his old situation as conductor on the Walkerville street car line.

A large crowd from here attended the chicken supper held in the Universalist Church at Orlinda on Wednesday evening.

Michael Wigle, who has been out with his large traction engine steaming tobacco beds for the last month, finished up for the season on Wednesday. He steamed hundreds of large beds, and all weed seed is destroyed, and at the same time the ground is fertilized.

## NEWBURY

NEWBURY, April 22.—The hydro-electric line under Mr. Jackson are now putting the wire on the poles between Bothwell and Glenora. The men are stationed in Newbury at present. The line will soon be completed after a couple of months' work.

Noble Hurdle is reconstructing his garage. He is making it but one-story high, with twice as much ground space. He is also repairing his house.

Rev. J. W. Hammett has returned to Newbury from South Alberta, where he has been preaching for the last two years.

David Gage, one of Newbury's oldest residents, who moved away a year ago, is back again for a few days visiting with his old friends.

## Housewifely Pride in the Full Chest of Linens

Even the most frivolous exterior often conceals a quaint old-time pride in a stock of household linens. It is false economy to let that stock run low. Now is the time. Secure Table Linen, Sheets, Pillowcases, Counterpanes, Towels, Bath Towels, Glass Towels of good value at unusual prices.

**CITY EMPLOYEES  
PLAN EXTENSIVE  
SPORT PROGRAM**

Central Committee With H. A. Brazier As President Will Provide For Participation in All Lines.

City employees will take an active interest in sports of all kinds this summer. A general committee to make definite plans was appointed at a special meeting in the city hall last night. Mayor E. S. Little was elected honorary president, and the aldermen honorary vice-presidents. J. J. Brazier was elected president; Dr. W. S. Downham, vice-president; George Freeman, secretary; J. S. Bell, treasurer.

Ald. G. D. Drake was elected to the general committee and an executive committee consisting of Messrs. Moffat, Stevens, J. Young, W. Saunders, J. D. Dodd, E. Logan, and J. Moore. A member to represent each of the outside gangs will be appointed later.

A football league will be organized and referred to the executive. Detailed arrangements for other sports were also left to the executive, which was given power to add to its membership to look after each particular activity.

A general practice will be held at Queen's Park on Saturday afternoon at 2:30 p.m. Football, basketball and other sports will be in order, so that an estimate can be made of the material available for the summer.

Patrick Mulholland presided at the meeting last night. He urged the city employees to take an active interest in the sports, and suggested that the city hall have its own club for this purpose. He suggested that the city hall have its own club for this purpose.

**CZECHO-SLOVAKIA'S  
TEAM IS TO MEET  
WINNIPEG FALCONS**

Will Clash in Olympic Battle at Antwerp Tomorrow.

Antwerp, April 23.—Canada's hockey representatives, the Falcons of Winnipeg, will meet the Czechoslovakia team in the opening round of the Olympic games hockey tournament here tomorrow night. The game will be the third of the series, and the Czechs are the favorites to win. The game will be played at 8 p.m. at the Antwerp stadium.

The result of the full draw is as follows: France, a bye in the first round; Sweden vs. Belgium, tonight; United States vs. Switzerland, tomorrow afternoon; Canada vs. Czechoslovakia, tomorrow night.

Under this draw, France will play the winner of the Swedish-Belgian match on Sunday afternoon, and the winner of the Canada vs. Czechoslovakia match will play the winner of the Sweden vs. Belgium match on Monday.

The surviving teams will play for first and second place honors on Monday, while the five teams eliminated in the rounds before the final will continue until Thursday in a second elimination round for third place.

**Brantford Bowlers Will Not  
Be Here To Play Tomorrow**

The Brantford bowlers, who were to appear here tomorrow night in the second game of the championship series with the local W. O. B. A. five, will not appear as they would be making a special trip to London to see the coronation.

They gave no reason for non-appearance and apparently do not intend to default the rest of the game by which they will be played by the local team.

**SMITH K. O. BANDSMAN  
RICE IN SECOND ROUND**

LONDON, April 23.—Jeff Smith, the Bayonne, N. J., middleweight, tonight knocked out Bandsman Rice in the second round of what was the final of a 20-round bout. The men met at the Holborn Stadium.

Cardinal L. H. Begin leaves for Rome tomorrow. The cardinal, who is making his annual visit to the Holy See, will leave London tomorrow morning for Rome.

OLYMPIC GOLF DATES CHANGED  
New York, April 23.—Notification of a change in the dates of the Olympic games golf tournament made on the part of the American Olympic committee, was received at the headquarters of that body today. The tournament will be held during the last week of June or the first week of July.

Under the new schedule it is expected that several individual players or possibly a team will represent the United States at Antwerp, as a number of prominent golf officials as well as several players will be in England just prior to those dates.

THISTLE EUCHE.  
The usual Friday night euchre at the Thistle Club tonight promises to exceed the usual close competition. The prizes will be given tonight, and the tables will start at 8 o'clock sharp.

**DENIES REPORT OF  
JAP-AMERICAN CLASH**

Washington, April 23.—An official dispatch from Tokyo today to Major General Inoue, Japanese military attaché here, said reports that Japanese troops had fired on the barracks of American engineers at Hailar, Manchuria, were erroneous.

The messages said the fighting at Hailar was between Japanese troops and crowds, mostly Chinese and Chinese soldiers, who sought to rescue six Bolsheviks who had been ordered transferred to the town of Manchuria for formal trial by court-martial.

**VICTORY BONDS LAST ISSUE**

THE BEST INVESTMENTS  
EDWARD CRONIN & CO.,  
Crown Building, 71 Bay St., Toronto.

**Liquor Is Found  
In Chicken Coop**

Niagara Township Men Will Appear in Court on Saturday.

A chicken-coop is not the proper place to keep a quantity of alcoholic beverages. Were housing congestions as acute as in Niagara Township it might have been possible for two men charged with an infraction of the Ontario temperance act to plead the necessity of having to live in a poultry house. But ordinary houses being normally plentiful in the county the alleged discovery of some intoxicating liquors in a chicken-coop was one only supposed to have it in his own private dwelling, was followed by the county police laying charges against Edward Scott and Wesley Fox.

They will appear before Squire Chittick Saturday afternoon. It is alleged that they were previously tried at St. Marys in connection with the theft of some liquor from Thorndale station, but were let go on suspended sentence.

**Pump Is Struck  
By Lightning**

This May Have Caused Reduction in Pressure at Collegiate Fire.

Water pressure may have been slightly reduced during the first night of the Collegiate fire. A football player, who was on duty at the time, was struck by lightning. The lightning struck a pump, which was used to pump water to the fire. The pump was struck by lightning, which caused a reduction in pressure.

**LATE LOCAL ITEMS**

BROKE BY LAWS.—Breaking of city hall windows by a crowd of about 50 persons, including Arthur Powell and P. Richards.

CLOSES SATURDAY.—A full mail for Great Britain will close on Saturday at 11 a.m. it was announced at the post office this morning.

POWER REDUCED.—The city's power load was again reduced 50 per cent today by ice troubles at Niagara. The interruption was only a short one, however. Plenty of power was available this afternoon.

SUSPENDED SENTENCE.—Conrad H. Thomas, who was convicted here of fraud and who was taken to Windsor for having been charged with the theft of a car, was suspended from the city's power load.

LEFT FOR DETROIT.—Samuel Nichols, who has been employed for some time as clerk in the local G. T. station ticket office, has left for Detroit to take a position in the ticket office of the union station in that city.

THREE MONTHS.—Ethel Maude, who was sentenced to a term of three months in the common jail for the theft of a car, was released today.

FINED \$10.—O. Bowker was fined \$10 and costs in police court this morning for having been charged with the theft of a car.

SUSPENDED SENTENCE.—Two London girls employed in local factories appeared before Squire Chittick on Thursday afternoon on a charge of using obscene language in estimable place. They were suspended from the city's power load.

ORCHESTRA CONCERT.—An interesting event, which will take place in Wesley Hall on April 29, is the orchestra concert of the First Methodist Sunday School Orchestra, under the direction of Miss Florence H. Rogers, who will be assisted by Mrs. Alice Rowe-Harkness, soprano soloist, of Toronto.

PEACE TIME BASIS  
Headquarters Staff Here Has Lots of Work to Do.

Military District No. 1 is the only one in Canada that has reduced its headquarters staff to a peace-time basis, according to Brig.-Gen. H. A. Dyer, who is in command of the district.

The staff is unable to discharge all the duties and work in connection with the military district. The staff is unable to discharge all the duties and work in connection with the military district.

DISCUSS PLANS  
Regarding Preliminary Canvass for United Welfare Fund.

Plans for the preliminary canvass of firms and individuals likely to be the largest contributors to the United Welfare Fund to be raised by a popular campaign in May, were completed today at the meeting of the London Chamber of Commerce and the United Welfare Association.

OFFICIAL OPENING  
Of L. and P. S. St. Thomas Depot Tonight.

The official opening of the new London and Port Stanley Railway depot in St. Thomas will take place tonight. The depot is a fine building, and the opening ceremony will be a grand one.

RECEIVED OFFER OF  
ARMENIAN MANDATE**

Canadian Government Has Not Been Approached on Question.

Ottawa, April 23.—(By the Canadian Press).—Reports that Canada has been approached for the Armenian mandate have not been substantiated. The Canadian government has not been approached on the question.

**PACKERS ARE CHARGED  
WITH PROFITEERING**

Federal Jury Returns Indictments Against Chicago Firms.

New York, April 23.—Indictments charging profiteering in meats were returned today by a federal jury in Brooklyn against the Chicago packing houses of Armour & Co., Swift & Co., and Wilson & Co., and their representatives here.

**TORNADO DEATH TOLL  
INCREASED TO 233**

Property Loss in South To Exceed \$2,000,000.

Birmingham, April 23.—Reports received directly from the portions of Alabama, Mississippi and Tennessee swept by Tuesday's tornado, brought the death list up to 233.

The tornado made homeless were estimated in the same reports at nearly 500, and losses in livestock and property were placed at \$2,000,000.

**MOTION PICTURE THEATRE  
PROPRIETORS WARNED TO  
MAKE MONTHLY RETURNS**

Toronto, April 23.—The Ontario board of censors, which has control of the motion picture industry, has warned proprietors of motion picture theatres to make monthly returns.

SIR SAM HUGHES IS  
GUEST OF HONOR AT  
BANQUET FOR VETERANS

Ottawa, April 23.—In commemoration of the second battle of Ypres, more than one hundred veterans of Ottawa were seated at a banquet given by the Ottawa branch of the Canadian Legion.

FRENCH DEPUTY WOULD  
FORCE PEOPLE TO TAKE  
UP COUNTRY'S LOAN

Paris, April 23.—In the chamber of deputies yesterday, M. Lugey proposed a law instituting a forced loan to liquidate the war debts, whereby every Frenchman possessing a capital of more than 50,000 francs should be required to subscribe in the following proportion:

From 50,000 to 100,000 francs, 5 per cent; from 100,000 to 200,000 francs, 10 per cent; from 200,000 to 500,000 francs, 15 per cent; from 500,000 to 1,000,000 francs, 20 per cent; from 1,000,000 to 2,000,000 francs, 25 per cent; from 2,000,000 to 5,000,000 francs, 30 per cent; from 5,000,000 to 10,000,000 francs, 35 per cent; from 10,000,000 to 20,000,000 francs, 40 per cent; from 20,000,000 to 50,000,000 francs, 45 per cent; from 50,000,000 to 100,000,000 francs, 50 per cent.

**HARRY McAVOY, well-  
known Los Angeles  
hotelman, who says he spent  
a small fortune and tried  
every remedy money could  
buy without getting relief,  
until he tried Tanlac. Says  
he suffered for twenty years.**

NEW YORK, April 23.—In marked contrast to yesterday's heavy liquidation and continued selling pressure in today's early dealings, the stock market rallied sharply in this afternoon's trading with net gains of 2 to 20 points in the leading groups. Transactions again approximated 2,000,000 shares.

General Motors, Crucible Steel and Baldwin Locomotive, with kindred stocks, in the automobile equipment and industrial stocks, all benefited by the rebound, the bulk of the day's dealings being principally in those issues.

The turnover of about 100,000 shares of United States Steel edged all other stocks, resulting in a slight net gain after suffering an early loss of 2 1/2 points.

The sudden upward swing was attributed to the easy rate for call loans, which held at 7 per cent, and also to steady buying by substantial interests. Holders of weakly margined accounts were reported to be chief sufferers in the turbulent session of the day.

Foreign exchange failed to respond to the stock recovery. Rates on London and continental Europe showed further reactions, sterling, according to reports being again influenced by renewed offerings for account of Japanese interest.

The Tokio and Osaka Stock Exchanges and the silk and rice exchanges, which had been close on account of technical difficulties, were out today, were reopened on April 19, according to cable advices received to the effect that the Japanese branch of the Yokohama Specie Bank.

LEGAL CARDS

## FREIGHT AT NIAGARA BEING CLEARED AWAY

Six Cars of Coal Arrive in  
London Today.

Although the situation on the fron-  
tier at Port Huron and Detroit is prac-  
tically the same in regards to the con-  
gestion and tie-up resulting from the  
switchmen's strike, the freight which

had been piled up at the Niagara fron-  
tier has practically been cleared away.  
During the past 24 hours nearly all the  
cars for the eastern states which have  
been stored on the sidings in the local  
division have been cleared away.  
Six cars of coal arrived in the city  
yesterday, relieving any danger of  
a local shortage. All kinds of freight  
is also moving freely. Several ship-  
ments have arrived in this city by way  
of Port Huron.  
The C. P. R. was reported yesterday  
as gradually clearing away the local  
congestion by forwarding the freight,  
car by car, to the frontier at Detroit,  
where it is gradually seeping across.  
All embargoes are still in force.  
No more crews on either of the rail-  
roads were taken back during the past

## PROFITABLE DEAL IN REAL ESTATE

Two thousand dollars in two days  
was the all-net profit made by a  
local businessman, who recently pur-  
chased a King street residence for  
\$12,000. Two days later he resold it  
for \$14,000. The property in question  
was the Haskett residence, now the  
property of Mr. Jacob Fox.

## THE STORY OF THE DIAMOND

During Made-in-Canada Week.

You can receive, free of charge, a  
wonderful little booklet, "The Story of  
a Diamond," which contains valuable  
information that has taken years to  
gather together. This will help you  
when selecting diamonds. Out-of-  
town customers can get a copy by  
sending their name and address to  
John A. Nash, My Jeweler. His store  
is 206 Dundas street, where you will  
eventually buy. Meet my jeweler and  
wear diamonds. 90U-XV

## \$55 Guaranteed Indigo Navy Serge Suits at ... \$39

Made in London, Canada

Be here Saturday morning at 8:30 and secure one of these fine  
Suits at this extra special price. These are Indigo Serge Suits, and  
are made in Young Men's and styles for Dad, ready for wear, sizes  
34 to 42.  
We have sixty Suits to offer, consequently we very strongly ad-  
vise your early appearance Saturday for yours. Positively worth

today \$55.00, Saturday at \$39.00. The cloth for these suits was pur-  
chased many months ago, so this is the reason we can today sell  
them at less than wholesale price. Yes, there is no need of wearing  
overalls when blue serge suits can be had for \$39.00. If you pur-  
chased three overalls to one suit of coat, vest and trousers, the price  
would be almost half of these fine suits.

## YOUNG MEN'S FANCY TWEED SUITS AT ... \$31.50

NO BETTER VALUE AT \$40.00 TODAY.

These are new, nifty Young Fellows' models, in blue hair-lines, also checks and greys, all sizes, 34 to 42.  
(We do necessary alterations free.)

\$31.50

## Mighty Good News

MEN'S FINEST PURE WOOL ENGLISH  
GABARDINE COATS.

regular \$50.00 at \$38.75. Every well-dressed  
man is truly interested in these goods, as  
they are direct from Manchester. They are  
the calibre of coats that men want for style  
and comfort, plus service—combined for  
spring and summer wear, either motoring  
or walking. Better slip in Saturday and see  
these fine coats. We secured them at the  
right price, no reason why we should tack  
on the high price to sell them at their pre-  
sent value; are here in 34 to 42 sizes. They  
are guaranteed fast color and showerproof,  
regular \$50.00 at

**\$38.75**

**Clearance Offer of Men's Toppers**  
in Waterproof and Tweed Coats, values to \$35.00, at \$19.90. We  
have approximately 50 Coats for you to select yours from. Some  
are better models, others are form-fitting, and again the regular con-  
servative three-button ulster tweed coat is among the lot. Be on  
deck. Your coat is easily selected from  
this range at .....\$19.90

## HOBBERLIN Custom-Tailored Suits for Men

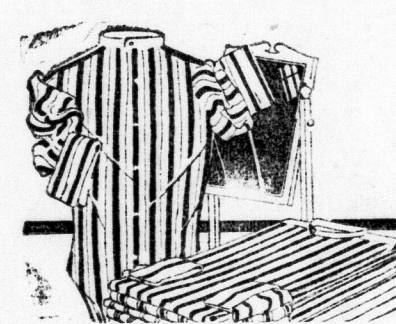

are sold at our store. Mr. Man, do you realize  
that we are selling more custom tailored suits  
than London's greatest custom tailors. WHY?

**FIRST**—Do you realize the cost of main-  
taining a staff of people solely for the pur-  
pose of making clothes is today one of the  
greatest problems to cope with. We have,  
from elimination of this cause, less to charge  
to necessary profit, as our price for Hobberlin  
Custom Tailoring is the same, twelve months  
out of the year, consequently we can offer  
these famous Suits without extra charge for  
slack seasons, and the low profit is averaged  
the same during the quiet season as at any  
other time, making at least a net saving of 15  
per cent on labor.

**SECOND**—We have purchased our own wools direct from the  
British markets, and have saved 18 to 20 per cent exchange on ster-  
ling, making our offer of Custom Tailored Suits one that cannot be  
duplicated at the present time in London. Allow us to introduce you  
to a real line of Custom Made Suits, that you cannot find the dupli-  
cate of at a high price ready-made store. Our models and suitings  
are ready Saturday, at \$38.00 to \$85.00, guaranteed absolutely.

## Furnishings for Spring Days

### Shirts

MEN'S \$4.00 and \$5.00 CAMBRIC  
SHIRTS at \$2.95. These are the  
better grade Shirts and readily  
paid \$4.00 and \$5.00 for today.  
They are new spring shirts in  
Arrow, Tooke, W. G. & R. Star  
brands. All guaranteed fast  
colors, 14 to 17 sizes. See for  
yourself Saturday, at .....\$2.95

**KNITTED SILK TIES**—Regular \$1.50 at 95c. One hundred dozen  
just arrived this week, for selling Saturday. We never expected  
to receive these from the manufacturer, a real late old-time price  
offer. All are novelty stripes at .....95c

**PURE SILK TIES AT \$1.48**—Today's best \$2.00 values. We sell  
twice as many ties as any other store in London. WHY? We  
do know when profits are large enough to stop and give the  
public a chance. Look us up for a Silk Tie, real new novelties  
in stripes and fancy patterns, regular \$2.00, at .....\$1.48

### Hats

\$6.00 and \$7.00 HATS. "Snap 'em up" at \$3.98

—Positively today's newest shades and  
shapes. This is indeed a snap. (No old  
stock in the store remember). Hats are  
to be sold at .....\$3.93

**MEN'S WORK SHIRTS**—Blue chambray, fast  
color cloth, at \$1.59, two for \$3.00, made  
by "Tooke," the best-known makers, full  
sizes 14 to 17, regular \$2.50, at  
\$1.59; two for \$3.00

**MEN'S BEST \$3.50 OVERALLS and SMOCKS**, at the old price of  
\$2.50, \$5.00 per suit, Union Label, at that, and in stiff guaranteed  
cloths. Here in blue and white, and black and blue cloths, all  
sizes, regular \$3.50 at .....\$2.50; \$5.00 suit

**MEN'S BALBRIGGAN COMBINATIONS**—Zimmerknecht (made in  
Canada), regular \$2.50 per suit at \$1.79, made in short sleeve and  
ankle length drawers, also long sleeve and long length drawers.  
Positively sold in stores today at \$2.50. ....OUR PRICE \$1.79
