

ASQUITH IS TOTTERING FOR A FALL

Sir Edward Grey Disgusted With Conduct of Some Ministers.

He is Said to Have Handed in His Resignation to the Premier.

[Canadian Press Despatch] NEW YORK, June 12.—A cablegram to The American from London says: Sir Edward Grey, the foreign minister, has handed his resignation to Premier Asquith, who has refused it. This, the New York American correspondent states on high authority.

At the moment Sir Edward has come to no further decision, but it is certain he will resign shortly. He has been foreign minister since 1905. He wishes to withdraw because he considers that the present scandals affecting certain members of the Cabinet reflect indirectly on himself.

One of these is the Marconi scandal; another that developed by the suit for divorce brought by Herbert W. C. Garr-Gomm, Liberal member of parliament for Rotherhithe against Eliot Crawshaw-Williams, Liberal member for Leicester, who has been parliamentary secretary to Chancellor of the Exchequer Lloyd George.

The fact that Sir Edward Grey's name has always been a subject of suspicion, but he is unwilling to be associated longer with the present government.

The Carr-Gomm, Crawshaw-Williams scandal has grown to such proportions that the whole Liberal party fears its consequences. To escape them Premier Asquith took an unprecedented step, and ordered Crawshaw-Williams to resign his seat in the House, which he has done. This after a stormy scene between the Chancellor and his secretary. Thereupon, Crawshaw-Williams wrote to the Leicester Liberal Association a letter in which he made this amazing statement:

"Owing to a threatened action against me in the divorce court, for which action there is no substantial ground, and owing to pressure unwarrantably brought to bear upon me by Mr. Lloyd George, I am reluctantly obliged to tender my resignation."

The Leicester Liberal Association sent copies of the letter to Asquith and Lloyd George, asking what was to be done. Lloyd George replied both for the premier and himself, asserting that Carr-Gomm's accusations were absolutely true and that Crawshaw-Williams' resignation must be accepted.

The sequel will be learned in the law courts, Carr-Gomm having subpoenaed Lloyd George as a witness.

ANGLICANS WILL MEET NEXT WEEK

Application of Ladies For Vestry Membership Will Be Dealt With.

The session of the synod of Huron opens in London next Tuesday. Among the important matters to be taken up is the allowing of ladies to become members of the vestry, the increasing of the salaries of the clergy and the organization of the young people's work of the diocese.

The following are the delegates: Grace Church, W. F. Cocksbutt, W. L. Roberts and George H. Hatley; St. Jude's, W. E. Foster and Norman Andrews; Trinity, William Bailey; St. Luke's, Prof. Hunt; St. Johns, Fred E. Morrison; St. James, E. Bland; St. Pauls, John R. Vary.

Intense Heat In the West

WINNIPEG, June 12.—Intense heat prevailed yesterday over most of the Canadian prairie west, the highest temperature recorded being in Manitoba and Saskatchewan.

Winnipeg reported 90 in the shade. Temperatures around ninety were pretty general. Alberta from Calgary north and northern Saskatchewan escaped with comparatively cool weather, between 70 and 80. Most of the spring wheat country reports abundance of moisture in the ground and these torrid conditions will produce hot-house growth.

It is not very exciting for a girl to marry the fellow none of the other girls wanted.

"HITCHIE-COO" DANCE IS LATEST

[Canadian Press Despatch] ATLANTIC CITY, N.J., June 12.—The "Hitchie-Coo," a combination of the "one step" and "taugo," with a graceful kick as the final feature of each set, was introduced at the latest dance creation at the annual convention of the International Dancing Masters' Association in session here.

Scott of Michigan, the oldest member in attendance, declared that "frots that necessitate the clinch hug should be prohibited by legislation. There is nothing had about the new dances if they are danced correctly, but they seldom are."

ASSEMBLY TO CLOSE TO-DAY AT TORONTO

Presbyterians are Finishing Up Their Business—News of Meeting.

[Canadian Press Despatch] TORONTO, June 12.—With a multitude of comparatively minor matters remaining to be disposed of, there are this morning, however, excellent prospects that the Presbyterian General Assembly will reach its final stage this afternoon. In the calm which today succeeded to the church union storm, there was a tendency to expedite routine business, especially as many of those who have been in the city attending congress and assembly for nearly two weeks are becoming anxious to get away.

There was little new on the lengthy programme prepared for the guidance of the Assembly this morning, most of the items being reports already presented remaining to be adopted or refused. For instance there was the report of the board of finance, the hymnal committee, Sabbath school publications and half a dozen others, introduced at previous sessions and only awaiting final disposition. A report from the resolutions committee was expected with the customary word of thanks, the introduction of the subject of divorce, of universal peace, rural problems and possibly some others were expected through the media of recommendations from the presbyteries.

The appointment of Rev. Dr. Grant as executive head of the finance board was confirmed by the assembly last night. The appointment is for the time being a temporary measure, and Dr. Grant will not be required to give up his duties as superintendent of home missions.

County Court Two Actions Were Settled Yesterday Before Judge Hardy.

The County Court, June sittings were continued yesterday afternoon and to-day the action of Axon vs. Hendry and King vs. Dowdy were concluded, and Allan vs. Holmes is being heard.

JURY CASES, Axon vs. Hendry.

The case of Joseph Axon vs. Thos. Hendry, an action for damages arising out of the seizure and sale of a number of horses, harness, etc., was concluded yesterday afternoon. The jury awarded the plaintiff \$91, the value of one of the horses. Mr. W. M. Charlton appeared for the plaintiff and M. W. McEwen for the defendant.

King vs. Gilbert Dowdy.

The action of King vs. Gilbert Dowdy charged with false pretences was commenced yesterday afternoon, and concluded this morning. The jury brought in a verdict of no guilty. The defendant who resided at Trinity in the Township of Ancaster was charged with obtaining by false pretences from Mrs. A. Sherry, an Indian woman living on the reserve one cow and a pig. The alleged false pretences was that he misrepresented the horse. Several witnesses were heard, Mr. W. S. Brewster appeared for the defendant and Crown Attorney Wilkes for the Crown.

Allan vs. Holmes.

George Allan vs. J. R. Holmes, an action to recover \$274 which the plaintiff alleged he paid under mistake was commenced this morning and is being heard this afternoon. Mr. W. A. Hollinrake, K.C., is appearing for the plaintiff and Mr. W. S. Brewster K.C., is appearing for the defendant.

Hyde and Standard Jewelry Co.

In the case of Hyde and the Standard Jewelry Co., Brewster and Heyl for the plaintiff asked for an assessment of the damages owing to a breach of contract. Damages were assessed at \$110. There was no defence offered.

Boy Knights.

A meeting will be held to-night at Echo Place mission when steps will be taken to form a branch of the Boy Knights in Echo Place.

SCENES DURING MARRIAGE CEREMONIES OF PRINCE AND PRINCESS

THE GERMAN EMPEROR, IN RUSSIAN GRANADIER UNIFORM, AND THE CLASS OF RUSSIA DRIVING TO THE PALACE.

PRINCE ERNST AND PRINCESS VICTORIA LOUISE.

ARRIVAL OF KING GEORGE IN BERLIN.

Here are shown some scenes of the recent wedding of the Princess Victoria Louise, daughter of the Emperor of Germany, and Prince August Ernst of Brunswick, whose booklike courtship made a real romance which has delighted people of many nations. The Princess, beautiful, accomplished, athletic and popular, and the Prince, handsome, soldierly and "of the people," are characters which the author has used for centuries in his tales for his heroine and hero.

The ceremonies of the wedding have seldom been so excellent, and the attendance was made up of representatives from nearly all the nations, while the guests of honor were the heads of these nations.

The Tsar of Russia on his arrival at Berlin was welcomed at the railway station by King George of England, the Kaiser and other members of the Imperial family. The Kaiser is shown here in the Russian granadier uniform in honor of the Tsar. The other pictures show His Majesty the King of England in the dress of the Prussian field marshal driving to the castle with the Kaiser, who is wearing the uniform of the Royal Dragons. The bride and bridegroom were photographed just as their carriage was leaving the church. The pleasant smile of the Princess, which has won for her so many friends, was very much in evidence as the camera clicked.

SOMETHING IS DOING

A REPRESENTATIVE of one of the leading railways in Canada will be here this week with regard to the location of industrial establishments in connection with which said railway buildings are to be erected. The company has an interest. The Northern Railway has been a prime mover in the matter.

MINISTERS MAY LOSE SCALPS FROM SCANDAL

British Members of Parliament Will Receive Report of Committee. Resignations May at Once Take Place When Finding is Known.

[Canadian Press Despatch] NEW YORK, June 12.—A cable to The Tribune from London says: The interim report of the parliamentary committee which has been investigating the Marconi scandals will be in the hands of the printers to-day and circulated among the members of the House of Commons to-morrow or not later than Saturday. In addition to the report of the chairman, representing the views of the majority of the committee, there will be included a draft report signed by the Unionist members of the committee. Andrew Bonar Law, leader of the Opposition will ask the prime minister on Monday to allot a day for the discussion of the report in the House. This report will meet with instant acceptance. The interest of the debate will center upon the attitude of the prime minister, and any defection from the line of uncompromising support of his colleagues immediately concerned may have critical consequences.

It may be added that Guglielmo Marconi believes the case is to stand will be less condemnatory in tone (Continued on Page 4)

FRENCH PAPER IS ANNOYED

Does Not Like Suggestion to Have a Monument Erected to Wolfe.

[Canadian Press Despatch] QUEBEC, June 12.—Canon Scott, having suggested that a memorial church in honor of General Wolfe should be erected on the battlefield here, L'Action Sociale, the organ of the Roman Catholics in this city asserts that the Canon's proposal is of a nature to offend respectable and legitimate susceptibilities in Catholic centres and implies that he is sowing seeds of discord.

The journal further contends that such a concession would involve the grave risk of investing the battlefield project, both from a national and religious view, with a significance completely foreign to the fundamental idea of the project, which is to accord equal honor to the memory of both French and English soldiers who fell on the two fields, the Plains of Abraham and Ste. Foye.

Sir Edward Speaks.

LONDON, June 12.—Sir Edward Grey, the British foreign secretary, speaking in the House of Commons expressed the hope that both Bulgaria and Servia would accept the offer of Russian arbitration. He said it was impossible to express too strongly the feelings of disappointment and disapproval of the outbreak of a war between the Balkan allies would cause. It would, he continued, take from them the sympathy of Europe, which hitherto had been an important factor in securing the neutrality and non-interference of the great powers while the states engaged were injured losing that which they had gained in the war with Turkey.

Death List Six.

RACINE, Wis., June 12.—Edward Young, 24 years old, fell on the steamer E. M. Peck, lately injured when the vessel heaved up here yesterday, died last night, bringing the death list up to six. Hospital authorities state that George Turich of Toledo, another of the injured, cannot live the day out. The body of Bernard J. H. Schwensen, the missing second engineer, has not been recovered yet. The vessel is slowly settling, owing to a huge gap in her stern below the water line. Her stern rests on the bottom in 15 feet of water.

GETS THE LASH AND SEVEN YEARS

Heavy Sentence Handed Out by Judge Douglas at Cayuga.

[Canadian Press Despatch] CAYUGA, June 12.—Thornton Robbins, of Cayuga, a man aged about 35 years, was sentenced by Judge Douglas in the sessions here yesterday to receive 21 lashes and serve seven years in Kingston Penitentiary. There were five charges against him in connection with the abduction of a 14-year-old girl, a ward of the Children's Aid Society, and his breaking jail subsequent to arrest.

Lorne Edsall, of Selkirk, aged 26, was also sent to the penitentiary. He had previously been sentenced 12 months for a similar offence, and sentence had been suspended on his undertaking of good behaviour. Yesterday he was given six months for common assault and the former sentence reimposed.

GREAT WORK BEING DONE

WORK on the Lake Erie & Northern Railway is going ahead with a phenomenal rush, and a few miles outside of Galt the rails are laid for a distance. Every half mile or so along the route is a scene of activity, big camps being located. In many of the camps women are found looking after the camp work. A party of Brantfordites who journeyed to Galt yesterday were amazed at the progress being made, and it looks a certainty that the first train from Brantford on the new line will be run in October.

GRAND JURY REPORTS ON INSTITUTIONS

Everything is Satisfactory at the Jail and House of Refuge.

At the session of the County Council which is sitting at the Court House before His Honor Judge Hardy, the Grand Jury after making their Spring inspection presented the following report yesterday afternoon.

May I Please Your Honor—We, the members of the Grand Jury visited the jail and saw every thing as far as the jail building proper and its care is concerned, in excellent condition with the exception that five new blocks are needed for the corridors. Outside of the building we beg to call attention to some needed improvements. The brick walk around the yard is badly out of plumb in places, many of the foundation bricks are crumbling and decayed, and the wall is dangerous and should be reconstructed. The central frame buildings in yard used for storage of coal and the ash house, have outlived their usefulness and should be replaced with new ones of fireproof construction. The outside lavatory is in wretched condition and should be made sanitary. That there are only five prisoners—three men and two women—confined in our jail is a matter for congratulation and speaks well for the absence of crime in our city and county.

We next visited the House of Refuge where we found every thing possible being done, in a proper and systematic manner for the care of the inmates, by the Superintendent Mr. W. Muir, and his wife, the Matron. We strongly recommend a general renovation of the older part of the building, particularly in regard to the floors, and plastering and painting. There are at this time 53 inmates—32 males and 21 females—all of whom appear to be receiving every necessary attention. We beg to report that two of the inmates are incurable and are confined there contrary to the rules and regulations of this institution. We recommend more complete arrangements for sewerage disposal. The present septic tank is inadequate and the floor a sanitary standpoint, a menace to the community.

Lastly we visited the Brantford General Hospital—And were shown through by Miss Carson, the superintendent. Everything in connection with the work as far as present facilities admit, seems to be in a thoroughly satisfactory condition and capably managed. There are at present 48 patients—21 men, 17 women and 10 children. The new Nurses' Home just about finished, was also inspected. It is very complete and it is expected that it will be opened to the public for the first time early in July in connection with the graduating exercises. The other buildings in course of construction will be a credit to the city and will fill a long felt want.

All of which is respectfully submitted.

Signed on behalf of the Grand Jury: R. C. BURNS, Foreman.

McCarthy's Estate.

SPRINGFIELD, Mo., June 12.—An inventory and appraisal of the estate of Luther McCarthy, the pugilist, who was killed in a bout three weeks ago, was filed in probate court here yesterday. It leaves the widow \$10,000. Of this amount, \$8,912.50 is in cash deposited in a Los Angeles, Cal., bank. The real property consists of four lots in Bourne, Mass. The appraisal was made at about one half of the actual value on the personal effects.

Made Full Confession

CHESTERVILLE, Ont., June 12.—Mrs. McKenna, the Renfrew woman, arrested yesterday at Spencer-ville for check raising, appeared before Magistrate Whelan here to-day and made a full confession. She was committed for trial at Cornwall, Assizes. Her confession implicates a man named Charles Peacegood, with whom she says she was travelling as "F. H. Howard and wife." They had been operating together and were to have met this morning at 9.30 in front of the post office in Hamilton. The police are now looking for Peacegood. Mrs. McKenna says she first met him in England.

Will Stand Charge of Bigamy Against Oshawa Man is Not Withdrawn.

[Canadian Press Despatch] WHITBY, Ont., June 12.—Following Judge Gillyray's refusal to consent to the adjournment, asked for by the prosecution, the Crown to-day refused to present to the Grand Jury the indictment against Police Magistrate William J. Watson of Oshawa. The case is to stand over for a time, the defendant being bound on bail to appear for trial at the Fall Assizes or at such other time as he may elect before the county judge, should he prefer a summary hearing. The Crown undertakes to be ready in eighteen days, and if they are unable to produce their chief witness, Mrs. Annie Letitia Watson, her deposition may be accepted on proof being given that she is not in the county.

Sandflies Terrible.

ROSTHERN, Sask., June 12.—Sand flies in horde are viciously attacking horses and other stock. Charles Gabilan, a Rosthern farmer had three horses killed by the pests. Other farmers report narrow escapes of stock from death.

BIG FIGHT TO-DAY AT NIAGARA

Soldiers Are Out to Have a Strenuous Time of it at Camp.

Real War Tactics Are Planned To-day in Sham Battle.

[Canadian Press Despatch] NIAGARA-ON-THE-LAKE, June 12.—Ready to rise in the small hours of the morning and rush bravely to the defence or attack of the bridges over the Welland Canal in the vicinity of Merriton and St. David's, 3,000 troops, training here marching out of camp Wednesday afternoon and bivouacked about 16 miles away, Lieut.-Col. Moore, commanding the "Blue" force, will endeavor to protect the crossings against the "Red" troops under Sir Henry Pellatt, advancing west from Queenston.

According to the men, the war to be waged will be a fierce one. Each force is determined and quite confident of utterly annihilating the enemy. All bridges and locks over the canal have been destroyed with the exception of those over the St. David's Merriton and St. David's Thorold roads, or at least they're all neatly labelled to that effect. The only way in which a militia man will be able to cross is to wade or swim. The Toronto regiments are attached to the Red force. Hostilities will commence at 5.30 o'clock Thursday morning, and peace will be declared about 9 o'clock when the battle-scarred citizen-soldiers will return to camp by special train. General Sir Ian Hamilton, Col. the Hon. Sam Hughes and other officers will leave for the scene of the fight at 4.30 o'clock this morning, and will witness the manoeuvres from a point of vantage. The party motored past Niagara every day to inspect the disposition of the opposing forces.

General Hamilton in Camp.

General Hamilton arrived in camp last evening and has already made himself extremely popular with both officers and men. He was accompanied by the Minister of Militia, Col. V. A. S. Williams, Adjutant-General, Brigadier-General Ellison and Major Maddocks.

The General is inspecting the Canadian militia at the invitation of the Government, and first thing yesterday morning he set out on a tour of inspection through the lines with Col. Hughes and a number of staff officers. He shook hands with many of the latter, and chatted with a number of concerning incidents of various campaigns. He had quite a talk with Bandman May, of the Queen's Own, and praised the guard of honor furnished by the 13th Hamilton Regiment highly. He also had a chat with Bandman Sutton, of the 39th, and was pleased with the band of that regiment.

QUICK SALE OF EAST WARD LOTS

An East Ward Subdivision Which Was Very Quickly Taken Up.

That there is an excellent demand for good lots is shown by the fact that "Ideal Park," an East ward subdivision of 38 lots, situated north of Colborne street, which was placed on the market only a week ago, by the Gilbert Realty Co., has been sold in individual lots. There is a good demand for inside properties, but very few big deals are being put through. The better class of outside dwellings and lots are selling, although not as brisk as last year.

Want French Language

EDMONTON, June 12.—The French Language Society decided to request the Minister of Education to establish a two year exclusively French course in all elementary schools where French children are in attendance. The name of the society was changed to La Societe du Parler Francais, after the Quebec society.

Sensible Suggestion.

BELGRADE, Servia, June 12.—The Servian Government to-day sent a note to the Bulgarian Government proposing that three-fourths of the armies of Bulgaria and Servia should be demobilized, in order to relieve the existing tension and to facilitate a settlement of the differences between the two governments.

Monks Nominatd.

ATHABASCA LANDING, Alta., June 12.—Hon. A. G. Mackay, of Edmonton, is the unanimous choice of the Liberal association here to contest the Athabasca district in deferred elections to be held.

### WANT AD HOROSCOPE

June 12  
A person of this birth date is courteous, considerate, gentle, magnetic and generous.  
Women of this birth date are fond of dress, have great pride in their homes and social standing and will point with pride to everything that their families have accomplished.  
Men are aggressive, contradictory and quick tempered. These persons, whose governing planet is Mercury should be extremely careful in marriage and they generally are, as they do not unusually marry until late in life and are never certain and positive in the making of a decision.  
A woman is apt to be a flirt and a man is apt to be fickle, but both have sunny natures and make good companions.  
On this date, look for the real estate bargains in the Want Ads and advertise Summer homes and cottages and Summer board and there will be many favorable replies.

TO BENEFIT OTHER SUFFERERS

You May Publish My Letter About "Fruit-a-lives"

Mr. Jones is proud to acknowledge the great debt of gratitude he owes "Fruit-a-lives". He is glad to have his letter published in order that other sufferers may be induced to try these wonderful tablets made of fruit juices.

SARNAIA, ONT., FEB. 5th, 1911 "I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but failed to benefit whatever. Finally, I read an advertisement for "Fruit-a-lives". I decided to give "Fruit-a-lives" a trial and they did exactly what was claimed for them. I have now taken them for some time and find they are the only remedy that does me good. I have recommended "Fruit-a-lives" to a great many of my friends, and I cannot praise these fruit tablets too highly."

PAUL J. JONES. 50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

MARKET REPORTS

CHICAGO, June 11.—Important enlargement of investment demand consequent to some extent on the possibility of a dry weather scare in the spring crop, led to a decided upturn today in wheat. CAINSVILLE.

(From our own correspondent). Large congregations were present at both services last Sunday, the occasion being anniversary services held by the Epworth League. The Rev. Mr. Holling of Colborne Street church, Brantford, preached in the morning, his text being found in II. Cor. iii, 1 to 3. The sermon was so full of inspiration and helpfulness that the impressions which were made upon the hearts of those present will not soon be erased. The choir assisted by Mrs. Cook of Brantford, and Mr. James Smith of Mount Hope, rendered excellent service. The morning anthem was "Safely Through another Week." Mr. James Smith played guitar and sang the solo "Jesus Change Not" with great acceptance.

Rev. Mr. Morris of Oxford street, delivered a very earnest and inspiring address in the evening, his text being the first clause of Luke 13: 14: "Strive to enter in at the straight gate." The choir sang the anthem, "My Faith Looks Up to Thee," and a quartette by Mrs. Wilson, Miss Smith and Messrs. Smith and Brewer,

was rendered in excellent voice. Mr. James Smith sang a solo, "Calvary," which was rendered in such good style and voice that Mr. Morris suggested that Mr. Smith sing another solo and the last hymn be omitted. Mr. Smith graciously consented and sang a gospel song, and played his guitar, with marked effect.

On Monday evening the Epworth League held their annual "at home" in the school room of the church, which was crowded to its utmost capacity. The programme consisted of old time favorites and was very highly appreciated and consisted of the following numbers: Instrumental solo, "The Girl I Left Behind Me," Mrs. Hartwell; duet, "Nellie Gray," by Miss Robinson and Smith; reading, "The Old Arm Chair," Miss Mary Edmondson; Mrs. "Grandfather's Clock," Rev. Mr. Morris; solo, "Gathering Up the Shells from the Sea Shore," Mrs. (Rev.) Cook; solo, "Silver Threads Among the Gold," Mr. A. Fair; solo, "When You and I Were Young Maggie," Miss Myrtle Norris; solo and quartette, "Genevieve," Mrs. Wilson, Mr. Smith and Messrs. Brewer and Smith; solo, "Jenny, the Pride of Kildare," Miss Verna Heaman; Brantford reading, "Backward, Flow Backward, O Time in Your Flight," Miss Mina Clark; solo, "The Old Musician and His Harp," Mrs. Wilson; solo, "Grandmother's Chair," Rev. Mr. Morris; solo, "Rocked in the Cradle of the Deep," Mr. Brewer.

After this excellent programme had been given the evening took the form of a pink and white tea. Dainty refreshments were served, and when "God Save the King" was sung, the affair was pronounced a decided success and the Missionary Vice-President, Miss Smith, received numerous congratulations on having provided such a pleasant evening for such a large number of participants.

Miss Laura J. Dennis of Brantford, was the guest of her father on Tuesday evening. Mr. Jaes Hanley is spending the week in Cornwall. Mrs. Alexander spent last week visiting at the home of her niece, Mrs. Mrs. Will Tottle.

Mrs. Rose and Miss Larmer visited in Tavistock one day last week. Mr. and Mrs. Dunn of Galt, were the guests of Mr. and Mrs. Hartwell at the home of Mr. and Mrs. Dawdy on Sunday.

Mr. James Smith of Mount Hope, spent the week-end at the home of Mr. Lewis Smith. Mr. Pollard was a guest at Elm Croft last Sunday. Miss Vansickle of Trinity, spent Sunday at the home of her sister, Mrs. T. Rispien. Mr. and Mrs. McLellan and little daughter, motored from Paris and spent Sunday at the home of Mr. and Mrs. T. Reid. We are pleased to learn that both our teachers have been re-engaged for the coming year.

Miss Nora Pearl Callan, of Hamilton, was the guest of her brother, Mr. A. Callan on Sunday. Mr. Dennis made a business trip to Port Dover on Monday. Mr. and Mrs. Freeman Benedict of Brantford; Miss Ellen Teeple of Brantford; Miss May Teeple of Hamilton and Mrs. Isaac Teeple of Ancaster, were the Sunday guests of Mr. and Mrs. Dawdy. The Tennis Club have decided to hold a tennis tea on Wednesday of next week.

DO YOU BELCH GAS.

This is a disagreeable result of food fermentation that Nerviline stops at once. Take ten drops of Nerviline in sweetened water. The stomach is warmed and soothed, digestive troubles corrected, the rising of gas ceases and you are well. When such a simple remedy does so much it's foolish to be without it. For indigestion, sour stomach, heartburn and sick headache, you'll find nothing half so efficient as Polson's Nerviline. Get a 25c bottle from your dealer to-day.

Champagne pops and then the fizz goes out—same thing with promises. An Easy Pill to Take—Some persons have repugnance to pills, because of their nauseating taste. Parmelee's Vegetable Pills are so prepared as to make them agreeable to the most fastidious. The most delicate can take them without feeling the revulsion that follows the taking of ordinary pills. This is one reason for the popularity of these celebrated pills; but the main reason is their high topical quality as a medicine for the stomach.

REMOVAL SALE

This is our last week at the old stand. After this week we will be located at 97 Colborne street, now occupied by Mr. A. W. Daniels, where we will carry the most new and complete lines of coal and gas ranges, furniture, baby carriages, builders' hardware, fishing tackle, paints, oils, glass, etc. It will pay you to get our prices.

When Summer Stops the Swing

Most of us can remember the school lesson in the law of accumulated motion—momentum.

If you exert a pound of pressure against a man in a swing, you'll start him moving slowly "to and fro." If you continue to exert a pound of pressure against him every time the swing makes a trip, you'll soon have him going so high that he almost turns the whole circle. If you stop pushing, the momentum will die out and the swing come to rest at "dead centre."

Winning trade follows the same natural laws.

Advertisements are the force behind the swing of public favor. Each new advertisement increases the momentum. Finally, the accumulated force of these numerous impulses swings indifference to the buying point.

If you stop Advertising, you lose momentum.

The moral of which is: Don't stop the business swing in Summer. Keep adding the pounds of Advertising pressure.

A FINE MAN

Amid all the talk about Lloyd-George and Winston Churchill in the Old Land, there is one quiet and unobtrusive member of the Cabinet, who fills an important post in a most admirable way—Sir Edward Grey, Minister of Foreign Affairs.

There is nothing of the spectacular or sensational about him, yet although his two colleagues above named are undoubtedly brilliant, he in reality fills a more important post than either of them.

There have been great men in that position, including Salisbury and Rosebery and Palmerston, but none better than Grey.

He has duties of the most delicate nature to perform, and he enjoys confidences whose betrayal would involve immediate trouble, yet through it all he maintains a tact and reserve which made him the unanimous choice of the powers as the leader in the Balkan peace negotiations.

The very nature of his high office makes him more or less reclusive in a public sense, but his work is, and has been, such as to mark him as one of the most valuable of the Empire servants of the day.

CANADIAN FEELING

The Westminster Gazette of London, which usually displays the possession of sound information when discussing Canadian topics, is decidedly in error in views recently expressed as to the naval question in view of the recently expressed as to the naval question in Canada. The Gazette says nearly all parties in Canada are agreed as to the desirability of making contribution to Britain's naval strength.

The only question on which differences have arisen, this London journal believes, is as to the method by which aid shall be given.

The Gazette's statement would be quite correct if applied merely to the leaders of the two great parties in this country. It is not true as regards the position of the people of Canada generally.

The Sun believes the majority in favor of remaining as we are would be overwhelming—Farmers Sun.

The Sun is an excellent paper in many respects, but it has a chronic habit of misjudging public opinion.

The last big break it made was in connection with Reciprocity, when it solemnly averred that the people were just aching for such a measure, and seemed to think the electors would adopt the same by an overwhelming majority.

It is equally astray with regard to popular sentiment touching a navy contribution. Quebec is to a large extent, no doubt, averse, just as it is to anything of an Imperial nature, and just as it was at the time of the first Riel rebellion, when a requested detachment from that province failed miserably to meet the required demand numerically, but Quebec and the Sun do not exactly constitute the entire people of this great Dominion.

For the balance, it may be safely affirmed that a vast preponderance of the residents fully feel that it is about time for Canada, Australia, and the rest to do something to ease the navy burdens of John Bull—in fact, that it is a plain duty long overdue.

Our coasts and our trade routes have for generations been made safe at the expense of the British taxpayers, and it would be a deep and a crying shame for Johnny Canuck to any longer stand idly by. The Farmers Sun should not thus seek to misrepresent Canadian Imperial sentiment through its own narrow and warped vision on such questions.

THE DEATH OF SCOTT

Few more heroic incidents have ever been recorded than those in connection with the deaths of Capt. Scott and his companions after a successful dash to the South Pole.

Dr. Charles Wright of Toronto was a member of the expedition, and he has just returned to that city. He was one of the search party, and the following extracts from an interview which the Star had with him will prove of interest:

"We started out from our base at Cape Evans at the end of last October with our mule teams. We followed the route of the polar party which we had all-blazed out two years before. We had to set up cairns of ice

every four miles of the journey, so it was quite easy to follow the track. The weather was good and we traveled rapidly, covering 14 miles a day. On November 12, we found the bodies."

Dr. Wright paused. Evidently the subject was a painful one. He did not like to recall the scene. At last he went on:

"On the afternoon of November 12 I saw a white mound in the distance which I thought was a cairn. The snow was all drifted up against it. As we drew nearer, however, we saw that it was the top half of a tent. We hurried up to it and dug down through the drifts. Inside, almost covered by drifted snow, we found Captain Scott, Dr. Wilson and Lieut. Bowers."

Dr. Wright paused again. "How did they look?" asked the reporter.

"They seemed asleep; rather worn looking, of course, but quite calm and peaceful. I think they died while asleep. The tent was in perfect order inside, the pole straight up, as it had stood for six months, and a sack of geological specimens, which they had dragged with them to the end, in a corner. Outside was the sledge, drifted over with snow. We knew months before that they must have died, so we were quite prepared. We went back twenty miles farther to look for the body of Captain Oates, but search was useless. In that wilderness he might have been anywhere. The drifting snow must have covered him out of sight an hour or two after he disappeared. We searched however, for a day, and then, not finding any traces, set up a cross: "Hereabouts died a very gallant gentleman, Capt. L. E. G. Oates, of the Inniskilling Dragoons, who on their return from the Pole in March, 1912, willingly walked to his death in a blizzard to try and save his comrades, who were beset with hardships."

"After we had erected that, we went back to the tent. There the bodies were. We took out the specimens and Capt. Scott's diary, and then heaped a great cairn over it. We built it up out of big blocks of ice, until it was twenty feet above the level of the plain, and then we erected on the top a cross, with this inscription under it:

"This cross and cairn erected over the remains of Capt. R. F. Scott, C.V.O., R.N., Dr. E. A. Wilson, and Lieut. H. R. Bowers, R.I.M., as a slight token to perpetuate the gallant and successful attempt to reach the Pole. This they did on the 17th January, 1912, after the Norwegians had already done so, on the 1st December, 1911; also to commemorate their two gallant comrades, Captain L. E. G. Oates, of the Inniskilling Dragoons, who walked to his death in a blizzard, willingly, about 20 miles south of this place, to try and save his comrades, beset by hardships; also to Petty Officer Edgar Evans, who died at the foot of the Beardmore glacier. "The Lord gave and the Lord taketh away; blessed be the name of the Lord."

"When we had done that we came back."

NOTES AND COMMENTS.

June is commencing to strike her gait.

The crank who threw some flour at Premier Asquith in the British House, evidently wanted to paste him.

The Berlin News-Record says that the late Mr. Shantz was "a builder of an admirable type." As he has left over two thousand descendants he must have been.

The North Grey Liberals have nominated Mr. John McQuaker to run for the seat which Hon. Mr. Mackay resigned. He'll still be a Quaker after the fight no matter what happens.

"The Senate is coming in for considerable abuse in the Government press, but the average man in the street views its action on the navy bill with satisfaction. The body has once gauged public opinion better than did the majority of the House of Commons."—Stratford Beacon.

And by the same token the man who boasts that he is a live wire is usually a dead one. It's the same way with political parties.

What the Other Fellow Thinks.

Gas Agreements.

Galt Reporter: The agreement made with the Dominion Natural Gas Co. has given the Galt consumers—and applicants who cannot obtain the product—much concern. The company seems to have it "on the town" in the matter of supply, and also occupies a somewhat dominant position with respect to the charges made for the product. We have been promised a larger supply under the merger and possibly the municipality may be treated with more consideration by the group of capitalists into whose hands have fallen the gas plants of Western Ontario. But experience only will tell the tale. Hamilton is not in a very confident mood, appearances indicating a flank movement by the producers that will hedge in the city and compel it to submit to the terms of the Mercer Galt must not allow itself to be lost in the shuffle that is taking place, with a number of aggressive Americans dealing the cards and playing for high stakes.

British American, Chicago: The British King is not an inspired orator, a gifted diplomatist or a constructive statesman. But he is a hard worker and he keeps constantly at his task of representing his millions of every day subjects. He takes a deep interest in all popular movements and gives his aid, morally and financially, to their support. He looks upon his office as a sacred trust, and its varied duties cause him exactly the same worry, care and forethought experienced by any conscientious employe of any other corporation or institution.

By example the Sovereign is a power in the land: King George appreciates this fact, and is very scrupulous in word and deed. His splendid consort, Queen Mary, is also deserving of highest praise for her blameless manner in which he has conducted herself and her establishment since added to the responsibility were thrust upon her. So well and wisely do this royal pair deport themselves in all their comings and goings, in the pomp and ceremony of state and in the comparative seclusion of domestic privacy, in speech and act and influence, that they have won securely the loyalty and affection of 450,000,000 of devoted subjects, inhabiting the greatest of all Empires.

Divorce

Montreal Star: Already there are six divorce cases listed for hearing at the next session of Parliament. The Senate Committee will meet and take the evidence in November or December. It will later on make its report on each case to the Senate, where it will be considered on one of those rare occasions when that body has not adjourned for a month's holiday. When it has survived this ordeal it will go to the Private Bills committee of the House of Commons, who may reject it on the ground that the Senate was too accommodating.

When shall we have an end of this farcical procedure. The spectacle of a number of elderly gentlemen without any special legal training conducting this kind of case is not very creditable to the country. Moreover, it is notorious that an amount of "lobbying" is done at Ottawa in connection with divorce proceedings. In one case last session, when the Senate rejected its own committee's report, lobbying was so flagrant that it was denounced in the Senate itself.

While such things can happen it is perilous for anyone short of a millionaire to bring his or her domestic troubles to the Senate. Right may be and sometimes is obtained, but it is in spite of, and not because of, the machinery available.

Ministers May Lose Scalps

(Continued from Page 1) than the original draft prepared by Sir Albert Spicer. Certain amendments to it have been made by the Liberal members of the committee and their report, it is believed, will neither condemn nor definitely acquit the ministers regarding their dealings in Marconi shares. It is understood too that the report will express no opinion regarding the property of these transactions, but that it definitely acquits the members concerned of corruption.

Oil Scandals Too.

LONDON, June 12.—Scandals connecting members of the British Government with speculations in oil somewhat resembling those disclosed by the preliminary investigation of the deals made by cabinet ministers in Marconi shares, may, it is reported, bring about a fresh parliamentary sensation in England.

The Times recently warned the government that rumors were rife as to cabinet ministers speculating in the shares of oil companies which contracted with the British navy. The Globe-to-day hints that the books of Charles E. Fenner, a stock broker who recently went into bankruptcy, show that Lord Murray of Elibank invested a considerable amount of the funds of the Liberal party in oil shares, particularly those of a Mexican company, which had obtained large government contracts.

HARRISBURG.

(From our own correspondent.) Mr. and Mrs. Edward Wrecks of Hamilton were the guests of their parents here on Monday.

Mr. Martin Mack, G. T. R. conductor, of Sarnia tunnel, was the guest of his mother here a few days last week.

Mr. Alex Macdonald of Ailsie Craig G. T. R. section presiding at this station, has moved his family into the village.

Miss G. Cherry was the guest of her parents here on Sunday.

Mr. Frank Hazell, after an absence of nearly five years, is spending a few weeks at his home here.

Mr. George Lynden of Nober, is visiting with old friends in the village a few days this week.

Mr. and Mrs. Geo. Vrooman was the guest of their son Charlie of Paris, on Sunday.

Mr. and Mrs. Robert Nesh, who have been visiting with friends in and around the village for the last week left for their home in Woodstock on Saturday.

The steam shovel and rapid unloader which have been working here on the land slide just east of the G. T. R. freight yards has left the work having been completed. There is still a large gang of men at work here lifting and repairing the tracks.

The Hop Electric Engineer Co., of Pittsburg, Pa., have most of their supplies and pipes drawn away from this section.

Big Fight.

(Continued from Page 1)

While he did not express any opinion of the camp, General Hamilton was apparently pleased with what he saw, though the small turnout of the city units caused him to voice his regret. "You are all too busy making money in this country to come to camp," he remarked.

"The camp is 100 per cent. better than last year," declared Col. Sam Hughes, who was delighted with the arrangements generally. "Last year the tents were pitched almost any way," he went on. "I saw many of them with guy ropes hanging loose and canvas flapping. Even the lines were not straight. This year they are straight as a die. There is some system about the way the camp is being run this year."

The Minister paid a high tribute to his staff officers, and spoke of the good work of the Royal Canadian Engineers, who have done much to improve the present camp. "The engineers were evidently asleep until I took hold of them," said the Minister. "I wondered where all the money spent on them was going, and found that they were hiring glaziers and carpenters for work they could easily do themselves. In other years they have been doing practically nothing, but I have awakened them up, and now they are doing splendid work and earning their keep."

Success of the Movies. Col. Hughes was especially gratified with the success of the moving picture show as a means of keeping the men in camp at night. "I am going to have them in every camp in Canada," he declared. Major Madocks, orderly officer to General Hamilton suggested that the moving pictures be combined with military instruction as in the Old Country. Over there, he said, pictures of animals and other subjects were thrown on a screen and fired at by the men. The explosion of the rifle automatically stops the machine and the accuracy of the shot is thus ascertained. The Minister was greatly interested in the proposal, and promised to place it before Lieut.-Col. Helmer, director of musketry, with a view to introducing it into Canadian camps. It is said to be almost as interesting as shooting big game in Africa.

Col. Hughes was also pleased with the interest shown by the ladies who visited the camp yesterday. "They were representative mothers and sisters," he said, "and have a right to know what the boys are doing and how the camp is run."

To-day will be a gala day in camp for both troops and public. At four o'clock in the afternoon the boys will be a match part. The whole force will be reviewed by Col. Hughes and General Hamilton. Three special trains carrying excursionists are expected, and many more will be over on the boats. Many of the visitors will stay over for the military tattoo in the evening.

One of the features of the camp this year is the efficiency of the postal service. Lieut. Murray, who is in charge of the field post office, and Pte. Terry, mounted on horses, carried the 4 o'clock mail out to where the troops are in bivouac, and had it all delivered shortly after 6 o'clock. This is the first time mail has been carried to the front at the Niagara camp.

CATHCART.

(From our own correspondent.) Rev. Mr. Fiddis, occupied the pulpit of the Methodist church on Sunday night, and preached a very interesting sermon. We are pleased to know that we are to have Mr. Fiddis as our minister for the coming year.

The choir did well, though a few numbers.

The Women's Institute held their annual meeting last week at the home of the Vice-President, Mrs. Kinsella and was very largely attended. The lady speakers were one, and were very much appreciated by all.

The day was fine, the lunch grand; there were seven babies there and a puppy dog, which made the meeting very interesting. Some of them apologized for having the babies there, but we though, never mind, they are to be our coming members, and they did not disturb the meeting a particle, so bring them again. From the day the officers have set out they mean business, and I mean to help them all I can, if I do speak on women having the franchise.

Mr. John McIntyre of the Toronto Bank at Keene, is home for his holidays.

Don't forget the garden party next Wednesday night in connection with St. John's church on Mr. John Ausleybrook's lawn. The band will be there also a good program is being arranged.

## HYDRO ELECTRIC FOR BELLVIEW

Important Meeting of Rate-payers Was Held Last Evening.

A well attended meeting of the ratepayers of Bellview school took place in one of the school rooms last night. J. Symington acted as chairman of the meeting and W. Green secretary.

John Robertson of the general committee gave a very interesting account of the work accomplished by that committee during the previous year which was very acceptable to the ratepayers.

Committee of Works. Mr. Mintern presented the report of the committee of works and explained how the funds entrusted to that committee were handled. Mr. Mintern complained of having only \$400 at the committee's disposal instead of \$1,400.

Officers Chosen. The officers of the ensuing year were chosen and the following were elected. General Committee—John Robertson, chairman; F. Billo, M. Mintern, A. Atwell, J. Symington, J. Campbell and W. T. Henderson. Committee of Works—The Committee of Works will be composed of: Mintern, J. M. Mintern; J. Symington, J. J. Campbell; H. H. Hayden; Billo (chairman).

Each division will spend \$100 at once on improvements. Hydro Electric. It was decided that Bellview school should be well lighted and negotiations are being made to have the hydro electric system when installed by the city extended to Bellview. There lights will be erected at different points. A number of residents of that section have applied for house lighting.

Want City Water and Fire Protection. The meeting was of the opinion that it would be in the interests of that community and the City of Brantford also if the city water was supplied to the residents of Bellview. Fire protection was discussed and it was decided that fire protection was very essential for that district

and if the city of Brantford would purchase a motor truck and install alarm boxes there, they would be willing to pay the city a fixed sum for fire protection. A committee is willing to meet the city fathers on these two questions at any time. The meeting was also of the opinion that the residents of Echo Place and Terrace Hill would also be willing to go in for fire protection. A general discussion took place in reference to improvements, etc. The Bellview people are out to boom that section and make it up to date and attractive.

## MACHINISTS HOLD A MEETING

Brantford Lodge, No. 607 International Association of Machinists, held a mass meeting in the Trades and Labor Temple last night which was largely attended by the machinists in the city. Interesting addresses were given by Vice-President Beaulieu of Montreal and Business Agent Riley of Hamilton.

The machinists are now taking more interest in their union than before and the officers hope in the near future to have every machinist in the city a member of the union. Mr. Riley gave a schedule of wages paid machinists in other places, some of which were: C. P. R. Eastern lines, 35c per hour; T. H. and B. Hamilton, 34 1/2c per hour; M. C. R. St. Thomas, 35c per hour; Cere Marquette, 34 1/2c per hour; City of Ottawa, 9 hours, 32c min; St. John, N.B. 32c min.

A hearty vote of thanks were tendered the speakers for their capable and instructive addresses. Most of us would rather hear an enemy roasted than a friend praised.

"The first shall be last and the last shall be first" was evidently written in reference to the standing of the baseball teams at the end of the season.

## CITY NEWS ITEMS

### THE PROBS

TORONTO, Ont., June 12—A few showers have occurred in the vicinity of the Gulf of St. Lawrence, but the weather has been for the most part fine and warm throughout Canada.

FORECASTS. Moderate winds, fine and warm today and on Friday.

Temperature. Temperature for the last 24 hours: Highest 77; lowest 42. Same date last year: Highest 78; lowest 58.

Band Concert. The band concert to-morrow (Friday) night, given by the Dragoons Band, will be at Jubilee Terrace, instead of Alexandra Park.

Preparing Sketches. Mr. L. D. Barber, architect, is preparing sketches for the rebuilding of the Port Dover school. The building is used for High and Public school purposes.

Bigger Than Ever. The railway company will supply the Massey-Harris employees with 30 coaches for their annual excursion July 26. The committee is at work to make the event a greater one than ever this year.

At the Grand. The one fine attraction is the play that the Franklin Stock Company is offering at the Grand for the balance of this week. It is a comedy and is proclaimed to be one of the best ever written. The title is "Capt. Racket."

Beautifying Grounds. Workmen are engaged levelling the grounds around the new Druggists school and beautifying the place in general, when the work is completed the Holmedale school grounds will compare favorably with the other school grounds in the city.

Held Picnic. The officers, teachers and scholars of the Wesley Methodist church held a very enjoyable picnic at Mohawk Park yesterday afternoon. There was a very large gathering of the younger folks who enjoyed the usual picnic games.

Trooper Injured. Trooper Huff, of the 25th Brant Dragoons, fell from his horse on Monday night. The spirited beast kicked him in the face, necessitating the extraction of several teeth. Dr. Thompson of Hamilton performed the operation, after which the man was placed in the hospital.

Silly Idea. Supt. Waller of the Parks Board states that no seats have been placed in St. Andrew's Park because the police object to seats being there. There are a number of respectable citizens and ratepayers in the district, who find it a convenience to have the seats in the park particularly when they are waiting for street cars—a legitimate form of occupation.

An Arrest. Two years ago Paul Leguee came to this city from Caledonia. While here he hired a cab and after having his ride, he refused to pay the \$2 fee. At that time a warrant was issued for the man but it was ignored. This morning Leguee came back to the city and was promptly arrested by the police. He will appear as defendant in two cases, one for not paying his fare and the other for not complying with the warrant.

Paris Ambitions. In all probability a new and up-to-date opera house may be erected on the market square. A Brantford gentleman, Mr. Campbell, is negotiating with the council and the outlook for the same is very favorable. We understand that he offers to erect a modern opera house, 60 by 120 feet fronting on the market street, similar to the one in course of construction in Brantford, at a cost of some \$30,000. The council will offer the site subject to a 99-year lease. Such would be a decided improvement on the old market square, and still leave room for a row of stores facing on River street, with a depth of 50 feet and lane in rear.—Paris Star Transcript.

Illustrated Lecture. Taufik Maffarji, the Turkish student, who is lecturing in the city on the struggle between the cross and the crescent, gave an illustrated lecture last evening in Wellington St. Methodist church, before a good sized audience. The pastor, Rev. B. D. Hamilton, had charge of the opening exercises and introduced the lecturer as the student friend from Turkey, who is completing his Ph.D. course in Columbia University, New York, before going back to his native land as a professor. He gave a very interesting account of the present situation of the Balkan States, and the causes of the recent war. He placed the responsibility upon the European powers who had failed to keep the treaty of Berlin passed in 1878. The religious priests who were endeavoring to keep the Mohammedans in ignorance were playing a prominent part in the Christian persecutions. His lecture was entertaining and instructive and the two lantern slides made it an evening of much merit.

Royal City Team Here. The Guelph baseball team arrived in the city this morning and will be the attraction at the ball park for the remainder of the week.

Assessment Department. The Finance Committee and members of the assessment department will hold a joint meeting to-morrow afternoon to discuss assessment matters.

Go to Preston. A picked team from the Brantford intermediate lacrosse team will go to Preston on Saturday afternoon to play an exhibition game with the Preston juniors.

Jim Heath Abroad. The Courier is in receipt of a communication from Mr. James Heath, who wishes to be remembered to all "the boys," and states that by the evening train from London, he is enroute to Moscow.

Cars Off Track. Last night at about 6.50 as the Tilsonburg way freight was pulling into the Market Street bridge a brake beam on one of the cars fell down with the result that three or four cars were put off the track and the line blocked.

K. of P. At a well attended meeting of Calanthe Lodge, K. of P. No. 36, it was decided to go to Berlin on July 8th and join in the big Pythias picnic which is being held there on that date. The lodge will take a brass band with them and will likely run special cars to the Baby City.

St Luke's Church. A vestry meeting has been called at St. Luke's, Anglican, church for Monday evening next when an effort will be made to arrange the difference in connection with the work of the church. It is said that things at the church have become very much disorganized.

Building Permit. The Gibson Coal Company has been granted a permit for the erection of a new office building on Dalhousie street, adjoining the Templar block, which will be two storeys with a handsome red brick front, and will cost \$1300. The building when completed will be a valuable asset and improvement to Dalhousie street.

Will Enlarge Premises. John McHutchison intends in the near future to enlarge his bakery on Colborne street and install some of the newest and most up-to-date machinery. Mr. McHutchison, in company with Mr. George James, his superintendent made a tour of inspection of the most modern bakeries and baking machinery manufacturing concerns in the country. After careful consideration Mr. McHutchison will purchase what he thinks the best for his business and the building operation will be commenced and the machinery installed in the very near future.

Whipped the Horse. Who drives watering cart No. 57? This morning while about to load his sprinkling cart, the horse probably stepped a few inches past the spot where the water when turned on would have a direct flow through the spout into the cart, and the driver became so enraged that he took a whip and gave the animals a beating on the chest. "Kind of hard on the horses," said a passer-by. "Yes," said the driver, "they nearly tipped me off the seat." There was no need to whip the dumb animals and if the offender was given the same dose as he gave the horses he would probably have more consideration for animals in future. Brantford has a society for the relief of cruelty to animals, but if it woke up it would be doing something.

## Late Wire

Big Damages. SASKATOON, Sask., June 12.—The case of A. E. Ashbee, commercial traveler, was concluded yesterday, but judgment was reserved. The defendant is charged with the Canadian Northern for \$69,000 damages for injuries received in a wreck when a section of a Canadian Northern bridge gave way.

A Lurid Appeal. LONDON, June 12.—Lord Willoughby de Broke, chairman of the British League for the Support of Ulster and the Union, has issued a lurid appeal for volunteers to join the league and "make ready to stand in the trenches with those who are going to defend our common inheritance." The appeal states that the league has hundred agents in different parts of Great Britain engaged in organizing their fellow countrymen who are prepared to defend Ulster against the tyranny of the Government.

Suffragette Explosion. LIVERPOOL, June 12.—The explosion of a canister caused great excitement to-day at Runcorn, 10 miles from this city where it was thrown into the street from the window of a street car crossing the suspension bridge over the ship canal. The canister burst with a loud report. A local chemist after an examination said it contained sulphur and chlorate of potash. Militant suffragettes are suspected by the authorities of committing the outrage, but in other quarters it is believed that it may have been a practical joke.

### With the City Police

Another light roster awaited magistrate Livingston this morning when he opened court. Major Cready, who appeared yesterday and was remanded until Friday, appeared this morning and as no direct evidence against him was presented, he was allowed to go as he has been promised a job on Rawdon St. Cready was charged with vagrancy and suspected of accosting women on the streets. Two young ladies who reported having been accosted on the street, saw the defendant yesterday, but could not identify him. The magistrate in dismissing the case said, "Cready, you had better go and get busy and keep busy. You are suspected of having interfered with women on the streets if you have been guilty of this offence, you had better cut it out."

David Stratford, son of Mr. Joseph Stratford appeared in court charging Marco Smyk with having damaged his bicycle. The evidence showed that Smyk rode up behind the complainant, on his wheel and ran into him. Then in a fit of anger the man picked up the boy's wheel and hurled it to the ground breaking the pettie and bending the frame. "I would willingly have paid for repairing the wheel" said Mr. Stratford, "that is a minor detail, but it is in justice to the boy and to protect him that I have allowed the case to be brought before you." Mr. Nichol, who was in court, promised to repair the wheel and present his bill to-morrow morning when the case will be settled.

Mike Palakant, a Pollock, after becoming intoxicated last night started up Market Street in a very hilarious mood and started swearing at everybody in general. On meeting a lady and gentleman he stuck out his foot voluntarily or involuntarily and sent the lady sprawling on the sidewalk. At this juncture, P. C. Cara arrived on the scene and took the offender to the station. This morning he was fined \$8 for his disorderliness. Leopold Stevens was also making merry last night and at 11.30 he was overhauled on George St. singing at the top of his voice. He refused to desist and accordingly was arrested. The magistrate looked the prisoner over and asked him what he was

### Buried This Morning

CONSTANTINOPLE, June 12.—The assassinated grand vizier, Mahmood Shekret Easi was buried this morning in the mausoleum situated on the Hill of Liberty, in the outskirts of the Turkish capital, where many of his soldiers fell while he was leading them in the operations against Constantinople in April, 1909, when the revolt of the Ottoman troops under his command brought about the deposition of the old Sultan, Abdul Hamid. The funeral ceremony was carried out with great pomp, most of the garrison of the city participating.

Of course, a girl doesn't want to be kissed against her will. That's what her hips are for.

### COOK-LEWIS

A very quiet wedding was celebrated yesterday afternoon at 130 Chestnut avenue at the home of the bride's parents, Mr. and Mrs. Charles Lewis, when their daughter, Miss Margaret was joined in wedlock to Mr. John Cook of Brantford. The bride entered the parlor to the strains of Wagner's "Bridal Chorus," played by Mrs. R. Lewis, and was given away by her father. The bride was dressed in broadcloth. Miss Clara Lewis was bridesmaid while the groom was supported by Mr. Albert Lewis. Rev. Thomas E. Richards officiated. After congratulations the wedding party sat down to a sumptuous wedding dinner. The bride was the recipient of many valuable and useful gifts. Mr. and Mrs. Cook will reside at 183 West Mill street.

### CRAWFORD-ELLIOTT

A very quiet wedding was celebrated yesterday afternoon at the Sydenham Street Methodist parsonage, 29 Terrace Hill street by Rev. J. J. Snyder, when Effie J., eldest daughter of Mr. J. Arthur Elliott, was united in the bonds of matrimony to Mr. Frank L. Crawford, only son of Mr. and Mrs. A. W. Crawford of Brantford Township. Mr. Crawford is a prosperous and well known young farmer and is quite an active member of Sydenham street church. Mrs. Crawford is also well and favorably known in the county. Immediately after the ceremony the happy couple left for Hamilton and Buffalo, and on their return will reside at Oak Grove farm, Brantford Township.

### Bowling

Five rinks from the Paris-bowling club visited the Heathers yesterday afternoon and were beaten by the Scotchmen by 44 shots. As will be seen by the report, the games were quite close, with the exception of one rink. It was the first time the Paris bowlers had bowled on the new green. Many of the bowlers expressed themselves as being well pleased with the new quarters of the Heathers. The scores:

A win for Heathers by 44 shots. With the Dufferins  
Two rinks from Scotland and several from Mt. Pleasant will bowl at the Dufferin Club on Friday night. The games will start sharp at seven o'clock.

With the Heathers  
Seven Heather rinks will bowl with the Pastimes to-night on the latter's green.

### REV. MACBETH ON THE WARPATH

He is Vigorously Opposing Church Union--Makes Statement To-day.

[Canadian Press Despatch.] TORONTO, June 12.—Rev. R. G. MacBeth of Paris, who is taking an active part in the organization in the Presbyterian church to oppose union, when interviewed this morning, made the following statement: "In view of the attitude manifested by the assembly on certain members of the assembly yesterday afternoon, a meeting was called of all those opposed to being forced into organic church union at the St. Andrew's Institute last night, which was remarkably well attended. There was a discussion of the situation and a committee of twelve was appointed to perfect the organization for the conservation and defence of the Presbyterian church in Canada. Those at the meeting took the ground that if there is any separation in the church it will be due to those in favor of union seceding from the church to enter in the new body." Continuing, Mr. MacBeth made reference to the trouble that will arise in regard to the disposition of church property if any such action is taken. This question would be vitally affected, he declared. Asked as to the providing of funds for this organization, Mr. MacBeth stated that there would be no difficulty in obtaining financial assistance as there were many men in the church who were in sympathy, and who had ample funds. As to the three millionaires who were reported to be behind the new organization, Mr. MacBeth stated that he could give no definite information. Setting the number at three, he said, was not just right as the committee as yet could not make any such statements as they had no definite understanding with the men who would give the assistance. "It is not necessary to assume that this will lead to a permanent cleavage in the Presbyterian Church," said Mr. MacBeth, because it is generally known that the members of both sides are anxious to maintain the church intact. Our position is not that we are set against all forms of union, but we hold that for the present the active cooperation between the church of Canada would be the most effective manner of working." Questioned as to the institution of a campaign, Mr. MacBeth stated that all plans were merely in embryo as yet and he could not give any information in this regard. We do not intend to go into the printing business, he replied to a query as to the founding of anti-union Presbyterian publication, but volunteered the information that large volumes of literature would probably be used in the campaign.

### Golf Notes

A team of 18 men representing the Galt Golf and Country Club will be on the links this afternoon to compete with local players for the Webber Shield. Lunch will be served in the club house shortly after 6 o'clock. A team of Brantford lady players were to have gone to Buffalo on Monday to play the ladies of the Park Country Club, but have received notice that the game has been postponed. A trip to the Berlin links will likely be made instead.

CARRIES 5,000 GIRLS ON FIRST TRIP

THE WASHINGTON IRVING

Five thousand girls from the Washington Irving High School, New York, were the passengers on the first trip of the Washington Irving, the mightiest of river steamboats, which was made on May 10. The trial trip of the boat, which left New York city in the morning, steaming up the Hudson River to Saunoy Side, the home of the poet for whom the boat was named, was a success. She proved herself an ideal craft and will be used in the Albany day line service.

The school girls were shown the places of interest along the Hudson and Mr. Irving's home.

The boat, which is the largest river craft, was built to accommodate 5,000 passengers and allowance was made for 1,400 more. She is 416 feet 8 inches long, with a breadth of 7 feet 4 inches.

### DONOVAN WAGNER

#### He Pitched a Beautiful 2-1--Game Was Wagner

There was very little to the Berlin yesterday except Donovan, who pitched another of his beautiful games, thus earning the contest some of the best of his good he is and when he is bad, he is remarkably bad as it were. He remained for our Mr. Donovan on his good behaviour yesterday.

The Presidential Boss of the drive watched the contest with numerous of his Germaners in the grand stand. He until the last man was out in a inning. Watching the Red Sox a game has become a unique and it even thrilled the President was close enough for that.

Bramble, who has been an enemy of Brantford for some time, was selected by Mr. Keanan the hurling. A Wednesday afternoon was present. The Berliners, as usual, the same enigma. He worked his cur and mixed 'em up in fine style occasionally, however, a Red single was provided to make interesting.

Berlin's run in the second was a gift. Corporal Mr. Ives drove to bend over and stop a ball which whizzed in his direction also failed to close his legs to this neglect to lock the gate allowed a Berlin runner to slip from third, whereas the Berlin should have been provided.

Brantford evened up in the when Donovan doubled to right was advanced to third base by sacrifice route and came home infield hit by Wagner. In the drive to the pitcher which knocked him over. It was a beautiful hit which brought of bacon. Donovan was invincible the remainder of the contest Berlin crowd scarcely get chance to cheer.

The Red Sox, felled sharp through the game, Wagner the lion's share of the work. Coose also looked like a good baseman. Wagner was nailed two attempts to purloin second he had the bag on his first try a bad break from the mound. The Brantford auto parties had home thankful that there place called Berlin on the map. # DONOVAN WAS MASTER OF SITUATION AT BERLIN

## He Pitched a Beautiful Game of Ball and Brantford Won 2-1--Game Was Fast and Snappy--Lamond and Wagner Led the Hitting.

There was very little to the game at Berlin yesterday except Harry Donovan, who pitched another one of his beautiful games, thus exemplifying what has been frequently said of him, when he is good he is great, and when he is bad he is very bad, remarkably had as it were. It remained for our Mr. Donovan to be on his good behaviour yesterday.

The Presidential Boss of the Red Sox watched the contest surrounded by numerous of his German admirers in the grand stand. He stayed until the last man was out in the last inning. Watching the Red Sox win a game has become a unique feature, and it even thrilled the President. It was close enough for thrills at that.

Bramble, who has been an arch enemy of Brantford for some years, was selected by Mr. Keenan to do the hurling. A Wednesday afternoon crowd was present. The Berlin pitcher was, as usual, the same old cutie. He worked his curve ball and mixed 'em up in fine style. Occasionally, however, a Red Sox bungle was provided to make things interesting.

Berlin's run in the second inning was a gift. Corpulent Mr. Ivers failed to bend over and stop a bouncer which whizzed in his direction. He also failed to close his legs together in his neglect to lock the gates allowed a Berlin runner to walk in from third, whereas the third out should have been provided.

Brantford evened up in the third when Donovan doubled to right. He was advanced to third base by the sacrifice route and came home on an infield hit by Wagner. In the seventh inning the proceedings with a curve to the pitcher which nearly knocked him over. It was Lamond's beautiful hit which brought over the moon. Donovan was invincible for the remainder of the contest, the Berlin crowd scarcely getting a chance to cheer.

The Red Sox fielded sharply all through the game. Wagner's basing the lion's share of the work to do. Coose also looked like a good third baseman. Wagner was nailed in his two attempts to purloin second, but he had the bag on his first try, getting a bad break from the umpire.

CHICAGO DOWNED NEW YORK  
A Triple and a Single Gave the White Sox Only Run of the Game.

NEW YORK, June 12.—Chicago, evened up the series with New York by taking the last game of the series yesterday. Russell, a young left-hander, shut out the locals 1 to 0. Chicago scored its only run off Fisher in the fourth inning, when Bodie led off with a triple and scored on Mattick's single. Chicago hit Fisher hard making eleven hits in eight innings, but the New York was effective in the pinches.

Two Players Scrap on the Field CINCINNATI, June 12.—One of the rarest pieces of rowdyism seen on a ball field in a long time occurred in the 7th innings of yesterday's game between Philadelphia and Cincinnati, when Peter Bescher singled, scoring Bescher. Knabe, who took the throw from Cravath, jumped on Tinker as he slid into second, and struck him several times with the ball. Before Tinker could get up and retaliate, umpires and players tore the two apart. All the players mobbed around second base. Knabe and Tinker were put out of the game and the umpires finally drove the

WON IN THE TENTH  
CHICAGO, June 12.—Another 10-inning contest was staged at the Club Park in this city yesterday, the third one of the present series between the Giants and the Cubs, but the Giants were on the long end of the score 1 to 0. The final contest, winning by a score of 5 to 2. In the other two extra innings affairs the Cubs pulled out with victories. Arthur Fromme, secured from Tinker and his Red Sox, proved the stumbling block in the way of Evers and his tribe yesterday. He pitched superb ball and was given excellent support all the way, but two errors having been chalked up against his team mates, neither one cutting any play in the final result. Fromme was found for only five hits, only two of which were bunched, the two coming in the seventh inning and netting one run for the Cubs.

EVENED UP THE SERIES  
ST. LOUIS, June 12.—The Boston Braves evened up the series with the Cardinals, taking yesterday's game by the score 5 to 3, despite a batting rally by the locals in the eighth and ninth innings, in which three runs were put across the pan, and which threatened to cause the retirement of Tyler, who up to that time had been pitching a great game for the Braves.

Oxford Street.—Pitcher threw what looked to be a strike; batter did not offer at it and ball struck catcher's breast protector, then hit the bat and bounced into fair ground; umpire called it a fair ball, was he right?  
J. E. H. Would rule the umpire in the wrong, that after the pitch had passed the batter it had been completed as far as he was concerned; there seems no rule to cover such a play and complications could issue with men on bases and the most reasonable solution would be to consider the ball out of play. Others, however, may disagree and hold it a legally batted ball instead of a passed ball.

William S. W. J. H.—The umpire has a right to change his decision where he found reason to believe there was crooked business behind his back. He is supposed to make decisions on the broad ground of justice; if it was shown to his satisfaction that base runner had done

North Park St.—Men on second and third, when first man hits to right field; man on first holds base, thinking ball will be caught on fly, but it drops safe and he is forced at second because of his late start; batsman is safe at first and man from third scores; could you give batter a hit? J. No, he has forced a man at second and the runner there has prevented him getting a hit by his failure to grasp the situation.

There are thousands of reasons why men should not drink, but they can't think of them at the proper time.

Woman wonders why man swears when he gets mad, and he wonders why she gets mad. There is nothing new under the sun, but any druggist can offer you something just as good.

There are rules enforced even in a clock factory, notwithstanding the fact that everything goes. Perhaps the reason we don't think better of some people is because they think too well of themselves.

**Ray Keating, A Pitcher With a Great Future**

(By Harvey Woodruff.)

"I do not know how to go down stairs."

How would you like to write that sentence 500 times? Probably not any better than did Ray Keating—the star of Frank Chance's Highlander pitching staff—back in 1898 when he was attending the St. Charles parochial school in Bridgeport, Conn.

Keating was kept in the school-room until 5 o'clock one afternoon to force him to write those very words because he had run downstairs when the dismissal bell sounded, to get to the ball grounds more quickly. When Ray refused the stunt in penmanship set by the sister in charge as a punishment, he was expelled from school.

That expulsion was one of the contributory causes to Ray's present fame in the baseball world. Young Keating next was enrolled in the Barnum public school, but his reputation as a "bad boy" preceded him and when he finally pushed an instructor over a desk he was again expelled from the halls of education.

With no schools courting his company, Keating went to work as a ship clerk for the Holmes and Edwards silver shop in Bridgeport, and played pool as much as he could in a factory baseball league. The experience there acquired as well as all his inclinations ultimately led to his adopting baseball as a profession.

Daymond Herbert Keating was born in Bridgeport, Conn., on July 21, 1883, and therefore, is not 30 years old. His parents were American born of Irish ancestors. His father, who has been dead for nine years, was engaged in the wholesale grocery and liquor business. His mother is living.

Ray played baseball from the time he could toddle. His only fear when expelled from the St. Charles parochial school was that it might deprive him of his place as pitcher on the St. Charles Church nine, which was a member of the city league. But the parochial school did not mean anything as much as he thought he needed a slaban and he hurled the team to the city league championship in 1908. These league games were of the semi-pro variety and Keating received \$4 each Sunday for his services.

A member of the factory league referred to, Keating earned a reputation in 1909 which gave him a tryout with the Bridgeport professional club in 1910, but he decided the manager was using him merely as a strong young husky for morning batting practice. Differing as to his ability to perform in the afternoon rather than in the morning, led to his release. At this time Ray boasted only a curve and a fast ball.

Following his Bridgeport experience Ray enrolled at Niagara college. His tuition was gratis in exchange for the value he might give the nine. His course consisted in original research work in baseball. After the close of the college season he played on Bridgeport semi-pro clubs.

In 1911 Veteran Jim O'Rourke who lives in Bridgeport, recommended Keating to the Lawrence club of the New England league. He signed with Lawrence at a salary of \$80 per month, but because of his lack of experience under fire, was farmed to Hamilton of the Canadian League.

It was at Hamilton that Keating laid the foundation for his major league career. Manager "Knotty" Lee of the Hamilton club had been a spital pitcher and he imparted his knowledge to the young recruit, who took to the saliva delivery like a duck to water, so to speak. Ray finished the season with Hamilton, winning fourteen and losing eleven games on a club which won about half its games that season.

In the spring of 1912 the Lawrence club, which had signed the youngster the spring before for \$80 per month, jumped his salary to \$225 per month. Keating won twenty-six and lost eleven games, and through his ability and willingness to work in practically every third game was largely instrumental in enabling Lawrence to win the New England pennant.

made such a good impression that keen critics predicted a future for him.

When Chance's men got away so badly this spring, Keating for a time was the only pitcher who could win for the Peerless Leader. Despite the low standing of the club, he has been successful in half the games in which he has officiated.

Keating who stands nearly six feet high and weighs about 180 pounds, relies almost entirely on his spitalball, with a change of speed, to keep the batter guessing. Unlike many moist delivery artists, he seldom "bluffs" his spitter. The curve he has discarded.

Regarding his eschewal of a curve, Keating says: "One day in a game against the Athletics, I thought I would fool Rube Oldring with curve. It didn't fool him, but the ball he hit nearly tore a leg off Midkiff 'Middy' hobbled over and asked me to think of his parents, how they would mourn his loss, and reproachfully asked me not to throw any more curves. I haven't tried it since."

When Manager Chance was given the welcome of his life by 25,000 fans in Chicago, on "Frank Chance Day," May 17, he chose Keating as his best hope to crown the day with victory. Keating lost 6-3, but woody support contributed more to the result than any lack of pitching finesse.

The big athletic young fellow is still a boy in his views of life. He hasn't any plans for the future, except to become a great pitcher. He has the physique, and in addition to what he already knows, Chance is one of the greatest managers in the country for getting what there is from a pitcher.

Chance thinks Keating will be one of the greatest spitalball pitchers in the country—perhaps as great as F.D. Walsh. Keating says: "I would pitch my arm off for Chance. He's a prince. That combination ought to make Keating glad he refused to write, 'I do not know how to go downstairs.'"

**Football**

The regular meeting of the football council was held in the Borden club rooms last night. Present, President Speckley presiding. All the teams in the league were represented.

**A Cassel Resigns.**

It was with regret that A. Cassel, who has been acting as secretary has seen fit to resign from the position, which he has filled so successfully. The council thought accepting his resignation expressed regret that he should resign. A Bowtell will act as secretary for the remainder of the season.

**Players Signed.**

The following players are eligible to play in the league: H. Dent and O. Stanton with the Dufferin Rifles. D. G. Dumont, S. Pyne, F. Pyne and E. Gault with the St. Andrews.

**For Saturday.**

Referees for Saturday's games were appointed. H. Elliott will referee the Tutela-S. O. E. game, and A. Farnsworth, the St. Andrew's-Tiger game. On account of so many of the players being at camp only two games will be played this Saturday.

**S. O. E. Notes.**

The S. O. E. meet Tutela at home next Saturday. A good game is expected. All interested in the Old Country pastime are sure of seeing some good play, at this game. The last time these teams met they played a draw—0-0. Both teams are hoping to be victors this time. The following will play for the S. O. E.: Gault, W. Holmes, F. Smith and J. Smith; W. Mitchell, E. Clark and J. Biggs capt.; D. Miller, W. Budd, W. Smith, J. Keighley, A. Johnson; reserves, H. Westlake, J. Mathias, J. Wright. All players are especially requested to turn out for the practice match to-night, as Trainer Clay is anxious to have all in good condition for Saturday. All players are requested to be at the King Edward school at 5-30 sharp.

## "The Mystery of Agatha Webb"

By KATHARINE GREEN

Copyright, 1900, by Katharine Green

### CHAPTER X. THE MAN WITH THE LONG BEARD.

Meanwhile in a small room of the courthouse a still more serious conversation was in progress. Dr. Talbot, Mr. Fenton and a certain able lawyer in town by the name of Harvey were in close discussion. The latter had broken the silence of years and was telling what he knew of Mrs. Webb's affairs.

"He was a shrewd man of unblemished reputation. When called upon to talk, he talked well, but he much preferred listening, and was, as now appeared, the safest repository of secrets to be found in all that region. He had been married three times and could still count 43 children around his board, one reason perhaps why he had learned to cultivate silence to such a degree. Happily the time had come for him to talk, and he talked. This is what he said:

"Some 16 years ago Philemon Webb came to me with a man whom I remember which he said he wished to have me invest for his wife. It was the fruit of a small speculation of his, and he wanted it given unconditionally to her without her knowledge or that of the neighbors. I accordingly made out a deed of gift which he signed with joyful alacrity, and then, after due thought and careful investigation, I put the money into a new enterprise then being started in Boston. It was the best stroke of business I ever did in my life. At the end of a year it paid double, and after which he signed with joyful alacrity, and then, after due thought and careful investigation, I put the money into a new enterprise then being started in Boston. It was the best stroke of business I ever did in my life. At the end of a year it paid double, and after which he signed with joyful alacrity, and then, after due thought and careful investigation, I put the money into a new enterprise then being started in Boston. It was the best stroke of business I ever did in my life. At the end of a year it paid double, and after which he signed with joyful alacrity, and then, after due thought and careful investigation, I put the money into a new enterprise then being started in Boston. Junior Ball

The Argos—the top notchers of the Juvenile League ran ashore Tuesday afternoon and lost their game to the Beavers by a score of 12-3. Batteries—Argos—Livingston and Wootton; Beavers, Stewart and Monahan. Umpire, Waddington.

The West Ends are keeping up their record by gaining another victory over the Duffs. The game was witnessed by a large number of the West Brant rooters and it showed some exceedingly smart playing. The score 10-3. Batteries—West Ends, Walters and Moss; Duffs, Ruddy, Force and Hurley. Umpire, Feely.

Notes. Moss, the catcher, for the West Ends played a star game.

The Argos are not living up to their name very well. After Tuesday's game the players started arguing over their manager's errors and for a few minutes it looked like "Good Night" to Manager Alway.

Cheer up, Argos. You know even our professional team loses occasionally.

The Juvenile League is creating quite an interest among the smart but fans in the city, judging by the turn out at Tuesday night's game.

The officials wish it to be known that the League is purely amateur, the boys buying their own suits and supplies with their own pocket money. No collections have been taken, whatever at any of the games.

A HOME RUN

Broke the Athletics' Winning Streak PHILADELPHIA, June 12.—A home-run, driven by Catcher Sam Agnew with two men on bases in the ninth inning yesterday enabled St. Louis to break the winning streak of the Philadelphia, and also for the series by 5 to 2. Until the eighth inning Houck had St. Louis shut out and had allowed but two hits. In the eighth, however, the visitors found him for two runs, and he was displaced by Bender, who pitched out the inning and then was taken out of the game to let Eddie Murphy bat for him. Brown pitched the ninth inning and lost the game. Leverage held the locals to one run and three hits in seven innings, giving way to a pinch hitter in the eighth.

TIGERS HIT BALL HARD

Detroit took Final Game from Washington by 11 to 0. WASHINGTON, June 12.—Detroit won three out of the four series by beating Washington 11 to 0 yesterday. The Tigers hit the ball to all corners of the field, collecting fourteen safe hits for 25 bases. Sam Crawford in the second inning, hit a home run with the sacks occupied. In the seventh Cobb put the ball over the right field fence, scoring behind Vitt, Daus, the Tiger pitcher, was as much of a puzzle as on Saturday, and won two games for his team.

Stole Home Twice in the Fifteenth Inning. BOSTON, June 12.—A fifteen inning contest between Boston and Cleveland ended about sunset last night, with a nine to five victory for the latter team. With the bases full in the final inning Olson stole home with what would have proved the winning run had the visitors been content with a one-run lead. With the bases full a minute later, Land drove a single to left, sending Jackson and Lajoie over the plate, Graney taking third and later stealing home. Score: R.H.E. Cleveland—10 000000000004—9 12 3 Boston 00000500000000—5 13 0 Batteries—Gregg and Land; Wood Hall, Leonard and Cady, Carrigan.

FROM GREAT LAKES TO THE ROCKIES

Women Sing the Praises of Dodd's Kidney Pills.

Saskatchewan Lady Adds Her Testimony To What Has Already Been Said of the Great Work Dodd's Kidney Pills are Doing.

CAESARVILLE, Sask., June 9.—(Special).—The scarcity of female help in a new country subjects the women of the prairies to unusual strain, and careful observation has established the fact that this strain first makes itself felt in the kidneys. For this reason Dodd's Kidney Pills are making an enviable reputation from the Great Lakes to the foothills of the Rockies.

Everywhere you will find women singing the praises of the great Canadian kidney remedy that has banished their pains and weariness, and brought them back to health. Among the many is Mrs. Edgar Cowen, an estimable lady of this place.

"I have found Dodd's Kidney Pills very beneficial," Mrs. Cowen states. "If anything I can say will help any sufferer I am glad to add my testimony to what has already been said."

The kidneys strain all the refuse material out of the blood. If they are out of order this refuse remains in the blood, and becomes poison. That's why sound kidneys mean pure blood and good health. Dodd's Kidney Pills make sound kidneys.

for 18 hits yesterday, and with O'Toole pitching magnificent ball, won easily, 11 to 3. Viox for Pittsburg, started with the bat, getting two singles, a double and a home run to the flag pole. Stack was hammered for five hits and three runs in the second. Pittsburg got six more runs off Yingling in four innings, and Kent was touched up for two more in the seventh. With an eleven run lead, O'Toole took things easy, and in the last two innings the visitors scored 3 runs.

PEARL LAKE MINE

TORONTO, June 12.—Sensational disclosures, regarding the intrinsic value of the Pearl Lake Mine, almost certain to influence a big advance in market valuation, are promised in a report shortly to be made public by Col. Stevenson, Managing Director, who has just completed an exhaustive sampling and measurement of one deposit. This report will show that the shaft is now down 700 feet and will be continued to the 800 foot level, about 500 feet has been drilled, and the ore gives an average assay of about \$30.00. On the 600 foot level about 130 feet of drifting has been accomplished and exceptionally rich ore has been encountered which gives an average assay of \$35 a ton. At a depth of 800 feet, the assays from the diamond drills ran from \$8 to \$52 a ton, the vein showing up 35 feet wide. As the vein dips north, very little crosscutting will be necessary to reach the vein on this level. Write to Charles A. Stoneham & Co., 23 Melinda Street, Toronto, for full particulars.

MILK AND MUSIC

Piano Keys and Similar Objects Products of the Dairy

It is a little-known fact that the most delightful music at the present day is produced by playing on milk. The supply of ivory nowadays does not, to a great extent, meet the demand. Strange as it may sound, skim-milk forms a substitute. It is used for making the keyboards of pianos, and in appearance this hardened substance is hardly distinguishable from ivory. What is more, it is much less expensive, and its durability nearly double.

Syrholt, as the skim-milk ivory is named, is a practically new invention, but at the present time thousands of gallons of separated milk are daily transformed into one of the most useful materials of modern invention. The milk is not mixed with any other substance, but, after being purified, it is compressed, so that all the moisture is extracted, and the substance becomes hard and dry.

Practically in every part of the globe this product is now used. It is turned into umbrella handles, buttons, photograph frames, etc. The comb-making industry especially appreciates its worth, as it can be made to look like horn. Its non-inflammability is another of its assets.

Exquisite Draperies. The model of the illustration is by Doucet, who with Mme. Paquin was the first to introduce draperies of white brocade with velvet chrysanthemum in those queer colorings of burnt orange and tawney bronze that you sometimes see in the natural flower. The material is so exquisitely beautiful that there are no other garnitures than a lace tucker and sleeves over which there is a drapery of the brocade.

"This tucker," which looks like a waist or chemise drawn up about the low neck with a string has leaped into popularity since it was first used by Doucet.

Human Nature. Notice the pleats at the high waistline. This is a feature of many of the new gowns. This dress was worn at an opening at the Vaudeville theater, Paris, by one of the most popular of French actresses.

Thefts From Boat Are Reported Along Canal and River

There is evidently some boat who has a boat to boat appearances such as gasoline, etc. There is probably one at the game. A few days ago 15 gallon line was stolen from the motor boat which was tied to the bank. The party of party ever it may be, were so eager to get the boat, that they even drank. The loss, to say nothing of inconvenience, amounted to \$100. One of the small boats had entered and cushions, even a small can of paint were stolen. Boys are not believed to be responsible for the thefts, who knows something of the fact of motor boats is blamed. The police do not patrol of the canal and they patrol only on days when there is on at the park. The thefts reported to the police department.
