DEVOTED TO THE INTERESTS OF WOLFVILLE AND EASTERN KINGS

Vol. XL. No. 33.

WOLFVILLE, NOVA SCOTIA, FRIDAY, June 17, 1921.

\$2.00, payable in advance

## Berwick Defeats Wolfville

**In Opening Game of Valley Series**  
In a fast and exciting game on Wednesday Wolfville went down to defeat at the hands of Berwick on the latter's grounds, by the score of 3-2. Both teams played very good ball for the first game of the season. The Wolfville boys showed need of practice in base running and although they had little difficulty in reaching first appeared unable to get around safely. Up until the sixth inning the score stood 2-2 and with both teams tightening up there seemed little likelihood of further score. In this inning, however, George Cox connected with Brown for a single. In running for the ball Elderkin tripped in the rough outfield and lost sight of the ball which became hidden in the newly cut grass. Before it was discovered Cox made home for the winning run. Wolfville did their best in the remaining innings to tie the score but the fates were against them.

The line up was as follows:

Berwick	Catcher	Wolfville
Hart	Pitcher	Barteaux
Barlow	1st base	Brown
O'Hearn	2nd base	Eagles
Morrow	3rd base	Kennie
Goucher	S. S.	Mason
A. Cox	L. field	West
Cook	R. field	Evans
Parker	C. field	H. Baird
G. Cox	Umpires	Cox and Williams.

## CONTRIBUTIONS TO NEW CHURCH FUND

The following statement of those who contributed to the building of the new church at West Brooklyn, opened for public worship on Sunday, June 13th, has been handed to THE ACADIAN for publication. The collectors were Mrs. Miner and Mrs. Mitchell, of Wallbrook:

Unpaid	Paid	
Wallbrook & Melmon	\$10.00	\$106.44
Hantsport	15.00	30.50
Long Island	2.00	26.00
West Brooklyn	12.00	22.00
Grand Pre & Hortonville	3.00	101.00
Avonport	5.00	12.00
Wolfville	5.00	260.00
Middleton (Mrs. Geo. Cox & family)	19.00	
Alberta (Ray C. Miner)	10.00	

**Free Offerings not Solicited**

Sydney W. A. Society, per Mrs. Fownes	\$62.25
N. Sydney W. A. Society, per Mrs. Taylor	35.00

The following Aid Societies donated the sums mentioned toward providing chairs:

Wolfville	\$10.00
Port Williams	10.00
Canard	10.00
Kentville	13.00
Berwick	10.00
Hantsport	10.00
Falmouth	10.00
Windsor	10.00
New Glasgow (a surprise)	7.00

Rev. and Mrs. M. P. Freeman donated \$5.00 which was used to purchase a pulpit chair.

## THE HIKERS

On Tuesday Mr. and Mrs. Frank Dill, whose participation in the "hike" across the continent has occasioned so much interest, reached Vancouver, walking every step of the way from Halifax in 134 days and breaking all records. They were met a few miles outside the city by a representative of the Kiwanis Club but refused an offer to ride, walking straight to the telegraph office to despatch the news of their arrival to home friends in the East. Mr. Dill is a native of Hants county and his plucky young wife hails from Halifax. They left Halifax in February and walked the railway track most of the way, averaging forty miles daily, starting at 8.30 a.m. and stopping at 8.30 at night. The highest mileage made was 45. They experienced bad weather most of the way. Mrs. Dill who weighs less than a hundred pounds and has a strength that would be the envy of many men. She wore a khaki blouse, trousers and heavy socks; her husband wore a slicker. Their only baggage was a coat and slicker. The remainder they carried from place to place. The couple wore out six pairs of boots. The trip cost \$500, partly managed by selling postcards.

After remaining a few days in Vancouver Mr. and Mrs. Dill will take the train back to Montreal where the former will enter a race from that city to Halifax.

The thirty-eighth session of the Nova Scotia Conference of the Methodist church is being held at Berwick this week.

## The People's Forum

### FAYRE TO FAYE

To the Editor of THE ACADIAN,  
Dear Mr. Editor.—Our attention has been called to the vehement defence of the School Board and denial of all the charges made against it which appeared in THE ACADIAN on June 10th, over the signature, Faye-C. Stuart.

Apparently our letter regarding this matter has caused some of the citizens, including Mrs. Stuart, to make inquiries. We are pleased.

No doubt Mrs. Stuart's defence has served to keep the subject before the public and has caused further inquiries. Again we are pleased.

But why does Mrs. Stuart rush to man the breaches? Is it because she fears for her friends or has she personal interests at stake? Possibly we are wrong, for it may be that it is but a manifestation of the ancient Stuart nature, that nature which ever made them the champions of the divine right doctrine and the opponents of public liberty. If so, we feel that she is to be congratulated upon the added lustre which now attaches the name of Stuart, for history records no incident where a Stuart ever rushed, unasked, to the aid of another, as she has done.

As to her somewhat slurring insinuation regarding my identity and my "fanciful nom de plume", as she terms it. It is strange how seldom we bear names indicative of our characteristics and personality and "Faye", apparently, is as hard to justify as "Elaine LeFayre." We shall not discuss our respective ages. Mrs. Stuart asserts, on the authority of the Chairman of the School Board, that Board meetings are always public. Why then have the public been refused admission on several occasions?

Moreover, why does one member of the Board say that they have been holding meetings in camera, and that he has protested against the custom without avail?

Possibly Mrs. Stuart means that since our exposure of the iniquitous system by which the public have been kept in the dark as to School affairs, possibly she means, that now and in the future Board meetings are and will be public. We note that she did not say that they "always have been open to the public."

Why, also, if the board has been unjustly accused, do they not themselves make some defence? Of course there is no obligation upon them so to do, but the public naturally expect either a denial or an admission.

We feel that under the circumstances these are very pertinent questions and we should be pleased if Mrs. Stuart or her friends of the School Board would deign to furnish us with the desired information.

One question which Mrs. Stuart raised, "Why is a Town Councillor?", we hope to be following to answer in next week's issue.

Yours faithfully,  
Elaine LeFayre.

## WHO IS TOWN CLERK?

To the Editor of THE ACADIAN,  
DEAR SIR:—Will you permit me space in your newsy paper as a channel through which to seek information.

Who is our present Town Clerk? Several weeks ago Mr. H. Y. Bishop, who was appointed to that position some years ago, tendered his resignation and asked to be relieved of the duties of the office. His resignation was accepted by the Council, who desired him to carry on the work of the office until his successor was appointed. Subsequently Mr. R. W. Ford was appointed to the position, which he accepted with the stipulation that he take up the work on Sept. 1st.

In view of these facts the natural inference is that we have no Town Clerk at present. Who, then, is qualified to act in that capacity, sign public documents, and carry on generally as the town's official clerk?

Permit me to suggest that, in my opinion, there is only one person so qualified. A year or two ago the Council requested the then clerk to suggest some person who might be appointed as the Deputy Town Clerk, in order to provide for just such an exigency as now exists. Miss Annie Abbot was suggested and she was regularly appointed. She has since assisted in the work of the office and today is the only person having any legal status in connection with the town office.

If this is correct, and I am inclined to think it cannot be questioned, many recent acts including the public meeting held on Tuesday evening are illegal and liable to cause a great amount of trouble to the town.

If I am incorrect in my conclusion, I shall be very glad to be set right. In the absence of a Town Clerk, who also resigned some months ago, who will give the desired information?

## QUERY.

Canada will celebrate her 54th birthday on July 1.

## Forest Fires

### In Western Kings Caused by Camp Fires

Serious forest fires were in progress in the Western part of the county at the end of last week. Deputy Fire Warden Charles O'Leary, of White Rock, custodian of the timber limits of the Halifax Tram Company visited the section and was successful in extinguishing the fire which raged last week at Lake George. It is stated that two young men from Berwick went over there on a fishing trip and failed to quench their camp fire which, owing to the drought, spread over a large section, destroying thousands of dollars worth before it was finally conquered at the Aylesford Road. The combined force of the fire fighters would have failed had it not been for welcome showers which came on Saturday night.

Mr. O'Leary informed THE ACADIAN on Monday that he was investigating the facts with a view of bringing these young men to task, evidently the Forestry Association's car did not remain long enough in Kings county to teach some people a lesson.

## THE MAN ON THE STREET

It is with much satisfaction that the "Man on the Street" views improvements that are being made in the appearance of private properties in and around Wolfville. All these represent a direct gain to the community. During and since the war, owing to high cost, for instance, little painting was done with the result of a shabby appearance in many cases of dwellings and outbuildings. This summer a large amount of paint is being used. In many cases a real transformation has been effected and in every case a decided improvement in appearance has been made. This, with the beautifying of grounds and gardens gives an air of prosperity and good taste which is very much in the public interest.

The "Man on the Street" fears that the tendency is to make some changes in community life which are not for the betterment of all concerned. In some sections the Sunday school is suspended during the summer months when ought to be doing its best work. This is not always for the sake of the children's comfort. They enjoy the school during the five summer days give the little ones opportunities that are denied them during the winter. "The Man on the Street" opines that the discontinuance of the school is rather because of a desire on the part of the "grown-ups" to use the time required to conduct the school for other and more selfish purposes. If so, such a condition is very much to be regretted. This is not intended as a sermon—or even as a sermonette—but "The Man on the Street" would like to urge that the instruction of the child along the lines of its higher development is a good and wise work. In the big cities it may be necessary to discontinue the service during the hot summer weeks when most people are in the country—but not so in the country.

## THE NEW SCHOOL BUILDING

To the Editor of THE ACADIAN,  
Dear Sir.—Please allow me space to say a word or two about the proposed new school building and to draw a comparison of the estimated cost and the price being paid for other construction work going on in Wolfville during the present summer.

I have not seen the plans for the proposed edifice but I understand the size of the building is 80 x 90 feet, two stories high. There will be four departments finished with the necessary corridors and cloak-rooms, etc., and the estimated cost is \$42,000.

A contract was given the other day by the Wolfville Fruit Co. for a building 140 x 50 feet, containing two stores and a warehouse with two finished offices on the first floor and nineteen finished rooms with corridor on the second floor, modern plumbing and heated throughout, with frost-proof cellar under the whole building, to cost completed something less than \$26,000. The latter building requires a considerable amount more of excavation than the school building.

Will the ratepayers please note the relative cost of the two buildings—one constructed by a corporation conducted on business principles, the other proposed to be erected by the Wolfville School Board in whom we are asked to repose implicit confidence.

A. P. C.

We wish to correct an error that appeared in last week's issue of THE ACADIAN. In our description of Dr. Elliott's new home we stated that the contractor was C. H. Wright and the work done under the oversight of E. S. Langille. We have since been informed that Mr. Wright did not have the contract but that the work was done by Mr. Langille without any contract.

## From Correspondents

### CANNING NOTES

The Social Service Council held their monthly meeting in the Baptist church on the seventh.

Percy Jost, of Sydney, accompanied by his father, Lewis E. Jost, and sister Florence motored in on Saturday spending Sunday in renewal of old acquaintances. L. E. Jost, who conducted a dry goods business here up to 1890, when he moved to Windsor and from there to Sydney, found a host of friends delighted to see them.

Peter Kuhn, of Woodlawn, Halifax Co., with Mrs. Kuhn, daughters Margaret Jane, and Helen, sons Max and Wilfred, son-in-law Mr. Patterson, and Misses McCarthy and Brown, spent Sunday with Mrs. Alfred W. Ellis, and proceeded on their trip by auto on Monday.

Mr. and Mrs. Oscar Rogers are welcoming another son.

The Canning Dramatic Club played the "Beantown Choir" to a bumper house in the Armouries on Friday evening last, proceeds were one hundred and sixty dollars.

To say which part was played at best advantage would certainly be a task, because the excellent presentation of the play was a feature throughout the whole performance. Mrs. Alfred Ellis as "Widow Wood" was a source of amusement and object of admiration during the whole play, while Miss Isabel Meek as Beth Wood could not be excelled. Hezekiah Little, played to perfection by Mr. Otte, brought roars of laughter from the audience all during the performance. The "Director of the Beantown Choir", as portrayed by Mrs. Rufus Eaton was a distinct contribution to the whole play, while Sallie Etta Pickle, Belinda Adams and Mandy Hamsinger, played by Mrs. Ada Reynolds, Mrs. Arthur Ward and Miss Bessie Hennigar were certainly well enjoyed.

An excellent feature of the performance was a Spanish song, the verses of which were beautifully rendered by Mrs. Glen Withorn. The musical numbers added much to the program and were heartily enjoyed.

The overtures played by the orchestra, under the direction of Mr. Clarence Norwood, were excellently rendered and thoroughly appreciated.

A knowledge of one's country is one of the first essentials of an education, even of those who are unable to proceed to the higher courses. With the amount of literature available on Canada and its natural resources, there is little reason for Canadians not being fully conversant with the many advantages Canada possesses.

## GASPEREAU NOTES

Mr. and Mrs. Renford Martin and Mrs. S. J. Benjamin motored from Halifax on Saturday last to spend a week with Mr. Martin's parents.

Miss Vera Duncanson has returned home after spending a few weeks in Kentville with her sister, Mrs. Frank Hennigar.

The Gaspereau "Sons of Temperance" intend to hold a picnic at Cape Blomidon on Thursday, June 16th, if the weather permits.

The Misses Mable Westcott and Evelyn Mitchell are attending the Women's Institute Convention at Truro.

We are very sorry to hear of Mr. Edward J. Stevens being on the sick list. He has been receiving treatment at the Victoria General Hospital in Halifax for a few days. His many friends wish him a speedy recovery.

Miss Evelyn R. Bennett, of Tattnagouche, will be the speaker at the Baptist church, Sunday evening, June 19th.

## The Public Meeting

### Wolfville Citizens Vote \$22,000 More for School

There was a fairly good attendance at the citizen's meeting on Tuesday evening in Temperance Hall to consider the advisability of voting an additional \$22,000 toward the construction of the proposed new school building. Probably a hundred persons were present including a generous proportion of ladies.

Mayor Fitch was in the chair and called upon Mr. H. Y. Bishop to read the announcement convening the meeting, after which he stated briefly the purpose of the gathering.

A motion asking for an adjournment of the meeting until Thursday evening was introduced by Mr. B. O. Davidson, who urged that the business men of the town who were unable to leave their places of business on this one evening in the week should be given an opportunity of presenting their views on the important matter under consideration. This was seconded by Mr. J. C. Mitchell but failed to pass.

Mrs. Moore, chairman of the School Board, made a plea for the suggested expenditure and Coun. Sutherland also made some remarks concerning the present situation.

Mr. W. H. Chase observed that while he favored the very best for our public schools, the present was a most inopportune time for floating loans or building operations.

There was very little discussion and practically no arguments required, as those present had apparently made up their minds how to vote before coming to the meeting.

A resolution was finally moved by Dr. G. E. DeWitt, seconded by Rev. R. F. Dixon, that the required authority be given to the Council to apply for the necessary legislation in order to be able to borrow the additional \$22,000. The vote resulted as follows:

For the resolution	57
Against	31

## STUDY YOUR COUNTRY AND BE PREPARED

### To be Proud of Canada Intimate Knowledge of Her Resources is Necessary

A knowledge of one's country is one of the first essentials of an education, even of those who are unable to proceed to the higher courses. With the amount of literature available on Canada and its natural resources, there is little reason for Canadians not being fully conversant with the many advantages Canada possesses.

A review of current literature on such subjects as the water-powers on our rivers, the protection and development of our forests, and our mineral deposits only whets the appetite for more detailed information. To those desirous of knowing more fully what Canada's heritage really represents, the Commission of Conservation can supply a number of reports on water-power, on forests and on mines and minerals. These have been produced in a form to give them permanent value, and are generously illustrated.

The federal income tax is not very popular but it is bringing in much required money into the treasury. It is now in its fourth year. During the first year nine millions were collected; twenty millions were collected in the second year; last year forty-six millions reached the Dominion's strong box; already this year thirty-nine millions have been received. Payment under the instalment plan seems to be bringing results.

## Willow Bank Cemetery

### Great Improvements Made by W. H. Chase

Some weeks ago at a meeting of the lot-holders of Willow Bank Cemetery, the president, Mr. W. H. Chase, suggested the selection of a section of the lots for improvement as an object lesson for future work. Mr. Chase volunteered to assume the entire cost of the work which has just been completed. Visitors to the grounds will be pleased with the change made and will be glad to know that the management is considering the carrying on of the work. A meeting will be held at the Cemetery on Saturday afternoon to take this matter into consideration. Mr. Chase has put the friends of the Cemetery under obligation by his generosity in undertaking this improvement in our "city of the dead" and it is hoped that other citizens will emulate the good example he has set.

## JACK LONDON TALE OF GOLD STAMPEDE IN SCREEN DRAMA.

### "Burning Daylight" to Be Seen with All-Star Cast at the Opera House.

"Burning Daylight," screen version of Jack London's novel, is announced by the Opera House for Friday and Saturday, June 24th and 25th. It will be played by an all-star cast, including Mitchell Lewis, Helen Ferguson, Louis Morrison, William V. Meng, Edward Jobson, Gertrude Astor, Alfred Allen, Arthur Edwin Carew, Newton Hall, Robert Bolter and Aaron Edwards.

Readers of Jack London's story will recall that Elam Harnish, or "Burning Daylight" as the whole Yukon knows him, is a crude, powerful, big-hearted prospector, with a lust for adventure and a devil-may-care spirit that drives him gaily through the hardships and joys of the mining towns.

He strikes it rich—the gold that thousands have died seeking. A stampede is started and the Arctic village of Garaguk is alight with the fire of fierce ambitions aflame for wealth. Burning Daylight is a primitive king among these men, amassing millions and finding no place to spend their gains—except in the wild gambling that goes on in the Tivoli, a dance hall, where a few girls and countless quantities of money are gambled away.

But Burning Daylight comes of the old race of conquerors. His spirit demands another world to lay at his feet. He seeks the world of finance. In San Francisco, then in New York, he fights the battles of the money interests. He fights for the love of fighting, taking a reckless pleasure in swindling into Wall Street's most speculative investments. It's a bitter, fascinating game, and Jack London has depicted it in one of the most dramatic stories in modern American fiction.

The novel shows Burning Daylight winning and losing millions, beating financiers at their own game by his sheer nerve and being defeated through their subtle machinations and control of the Market. His greatest defeat comes through his infatuation for Lucille, the wily daughter of Nathaniel Letton, the unscrupulous mining promoter. She lends herself to a scheme of allurements for which the big miner falls hard. It is only through the steadfast faith of Dora that he manages to get hold of himself gain for his last big triumphant battle.

Word has been received that Mr. Wadsworth Provandie and Miss Lina Tufts will spend some time in Wolfville this summer. Any one desiring to take some vacation from Mrs. Provandie will please communicate with Mr. A. J. Mason.

Mr. Lloyd George visited Birmingham and received the freedom of the city. The Premier delivered an important speech chiefly with regard to the revision of the peace treaties.

NEW CHURCH DEDICATED AT WEST BROOKLYN.

The new church at West Brooklyn, Kings County, was formally opened and dedicated on Sunday, June 5th. The beautiful weather combined with the interest felt in this grand and worthy cause gathered a very large audience, and the church was filled to capacity, hundreds standing outside and listening to the music and sermons. The church was beautifully decorated in spirea and golden buttercups, which blended with the interior decorations. There were two services, afternoon and evening, conducted by Mr. Alfred McIntosh, through whose untiring and faithful labors this fine little church has been established. The dedicatory sermon in the afternoon was preached by Rev. E. S. Mason, of Wolfville. He paid a high tribute to Mr. McIntosh as one of the young men who would not give up when in the accomplishment of a noble cause. His work, though done in obscurity, was recognized and highly applauded in all Baptist Church circles. This church would be a lasting monument to his labor of love and sacrifice, the first fruits of which he was receiving on this great day. Mr. Mason preached a very able sermon from the text "The House of God". Excellent music was rendered by the Gaspereau Baptist church choir, organist Miss Westcott, ably assisted by Miss Duncanson, of Wolfville, who sang very beautifully "Open the Gates of the Temple".

The evening service commenced at 7.30, and again the church was filled to overflowing. The address was given by Rev. Dr. Bennett, of Gaspereau. His sermon was eloquent and very helpful. He also paid a high tribute to Mr. McIntosh, and said he was doing one of the finest works in Nova Scotia. He congratulated the people on their fine church, which had been dedicated to the service of the Master. Music well-suited to this auspicious occasion was rendered by a choir under the direction of Miss Ruby Duncanson, of Hantsport. Miss Duncanson, of Wolfville, sang "By the Waters of Babylon," and a duet was rendered by Miss Boyd and Miss McDonald of Hantsport. Miss Ruby Duncanson presided at the organ. At the close of the service Rev. Dr. Bennett made the pleasing announcement that the Gaspereau Men's Bible Class would present the new church with a pulpit Bible.

The offerings at the two services were large, showing the interest of the people. Mr. McIntosh in a few remarks sincerely thanked all those who had assisted in the work of the new church. Donations had come from all parts. Two ladies from North Sydney had sent \$90.00, and an aged lady over 90 years of age had forwarded \$5.00 to the work. He especially wished to thank Mrs. Geo. Miner, Gaspereau, who had collected \$600.00; also Mrs. Fred Mitchell, for her great service, and all others who had assisted.

The church is a very pretty structure beautifully finished in Douglas fir. It is bright and sunny and very attractive, and will prove a great blessing to the locality. It is situated on a hill commanding a lovely view.

PLAY YOUR PART

A place in the ranks awaits you— Each man has some part to play. The past and the future are nothing in the face of the stern today.

A man who is to be trusted usually owes a lot of other men

MORE TRUTH THAN POETRY

(Lowbrow Stuff by the Poet Low-rate Dedicated to the College of Prudes.)

Little girl you look so small, Don't you wear no clothes at all? Don't you wear no shimmy shirt? Don't you wear no petty-skirt? Just your corsets and your hose— Are those all your underclothes?

Little girl, you look so slight When I see you in the light. With your skirts cut rather high Won't you catch a cold and die? Ain't you 'fraid to show your calf? It must make some fellers laugh.

Little girl what is the cause Why your clothes is made of gauze? Don't you wear no undervest When you go out fully dressed? Do you like those peek-a-boo's? 'Steard of normal underclothes?

Little girl, your 'spenders show. When the sunlight plays on you I can see your tinted flesh When you go out fully dressed. Is it modest, do you 'spose, Not to wear no underclothes?

Little girl, your socks has shoals Of those tiny little holes. Why you want to show your limb I don't know—is it a whim? Do you want to catch the eye Of each feller passing by?

Little girl, where is the charm In your long uncovered arm; Is it there for birds to peck? An your long uncovered neck? Little girl, I tell you those Ain't so nice as underclothes.

Little girl, now listen here— You would be just twice as dear If you'd cover up your charms. Neck, legs, back, and both your arms. I would take you to the shows If you'd wear some underclothes.

Little girl, your mystery, Luring charms and modesty, Is what makes us fellers keen To possess a little Queen; But no lover—goodness knows— Wants a girl 'thout underclothes.

I must wear a coat of mail. Clothe from head to big toe-nail. I must cover up my form Even when the weather's warm; Can't enjoy the swimmer's throes 'Less I garb in underclothes.

When the boys assembled for their game of ball, Bobby, the pitcher, was missing. Jimmy was sent to investigate. "Is Bobby at home?" he asked the sister who answered his knock. "Course he is," she answered. "Don't you see his shirt on the line?"

"I don't like your heart action," said the doctor, applying the stethoscope again. "You have had some trouble with angina pectoris."

"You're partly right, doctor," said the young man, sheepishly, "only that ain't her name."

Diabetes

(By G. J. Randell, D. C.)

There is not a home but has a friend or relative who is suffering from the disease called Diabetes. You are probably familiar with it, but I shall refer to a few of the symptoms. The victim suffers from excessive thirst sometimes excessive hunger, loss of flesh, weakness, the skin is rough and dry, there is frequent and excessive urination. The temper is irritable and the person is inclined to be fretful. There is a gradual loss of sight. The urine has the odor of over-ripe apples.

This disease is practically considered incurable from a medical standpoint. This is not surprising, as the medical treatment is all directed toward the alleviation of the chemical condition, but medicine is powerless to remove the cause.

Diabetes is one of the most easy and simple cases a chiropractor gets. In at least 97 per cent. of such cases treated chiropractically the condition yields readily and permanently. There is no danger of its return, as Chiropractic removes the cause.

In almost every case of Diabetes the pancreas is the bodily organ involved. The pancreas is a gland about five and one-half inches in length and one and one-half inches broad. It is situated behind the stomach. It is by far the most important organ of digestion. It can do the work of digestion without the aid of the stomach.

The pancreas supplies a chemical which is necessary to life. This pancreatic solution acts on sugars and starches. You need not be a student to understand that when an organ is diseased its secretions cannot possibly be the same as when an organ is in a healthy condition. When the pancreas is weakened by lack of nerve tone its secretion changes and the body is not properly nourished. In Diabetes the condition is such that the pancreatic juice, going into the intestines, turns the starches there to sugars. Starches are essentials to life. Without it health gives way.

When adjustments are given to remove the nerve interference that is robbing the pancreas of its natural strength the secretions become normal again and the starches are again properly digested. The usual symptoms disappear and the kidneys return to normal.

Cases of twenty to twenty-five years standing have recovered in three months' adjustments. Cases vary in the time required for recovery.

A Splendid Tonic For Weak People

Dr. Williams' Pink Pills Act On the Blood and Nerves.

Food is as important to the sick person as medicine, more so in many cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow; in sickness the appetite is often fickle and depraved.

Proper food and a good tonic will keep most people in good health. Dr. Williams' Pink Pills are a fine tonic medicine, harmless and certain in their action, which is to build up the blood and restore vitality to the run-down system. For growing girls who are thin and pale, for pale-tired women, and for old people who fall in strength, Dr. Williams' Pink Pills are an ideal tonic. Thousands have testified to the benefit derived from the use of this medicine, among them is Mrs. William Gallie, Hantsport, N. S. who says: "Before I began the use of Dr. Williams' Pink Pills I was so weak and run down that I could hardly do my own work. I often suffered from headaches and was very nervous. I began the use of Dr. Williams' Pink Pills and I can truthfully say I have found them the best medicine I have ever taken. You may depend upon it I will advise other sufferers to take these pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Old Ebenezer was white washing his barn one morning with a brush that contained very few bristles. The squire happened to pass, and said:

"Why don't you get a brush with more bristles in it, Ebenezer?"

"What for, squire?" asked the old man.

"What for!" shouted the squire. "Why, man if you had a brush with more bristles in it you could do twice as much work."

"Mebbe so, squire; mebbe so," said the old chap placidly. "Only, ye see, I ain't got twice as much work to do."

The Japanese Parliament has enacted a law making the adoption of the metric system of weights and measures obligatory. Are not we Canadians a little behind the times?

Some men find it easier to acquire a reputation than to earn a living.

ISRAEL JAMES PARKER

On June 2nd, Mr. I. J. Parker, of Bellisle, Anna. Co., passed peacefully to rest, after a lingering illness. He was born November 22nd, 1838. In early years he gave his life to Christ, uniting with Upper Granville Methodist church, and adorned the profession then made by a consistent Christian walk, proving through out his long life that one can be honest, true, and genuine, in all the varied relations of life, both toward God and their fellow man. He is survived by his widow, (formerly Miss Sarah Blackadder, of Wolfville), and nine children, seven of whom were present at the funeral; Mrs. James Welding, New York; Mrs. W. L. Nichols, Mrs. (Dr.) M. P. Nichols, Aylesford; Mrs. C. B. Chapman, Amherst; Dr. C. W. Parker, Regina, Sask.; E. T. Parker, barrister, Halifax; Harry G. Parker, and Misses Jennie and Muriel, at home, whose faithful care and loving ministrations helped suffering, and weakness to be patiently born. The large number who gathered at the funeral Sunday afternoon was an eloquent declaration of the esteem in which he was held by the community. The Pastor, Rev. Geo. T. Bryant, spoke from 1st Sam. 20:18: "And Thou Shalt Be Missed, Because Thy Seat Will Be Empty." The address throughout was a fitting tribute to a noble life. The remains were affectionately laid away in the family lot in Wadeville cemetery. The sympathy of their many friends is extended the widow and family. The floral tributes were numerous and beautiful.—Bridgetown Monitor.

THE ACADIAN joins with many other of Wolfville friends in sympathy to Mrs. Parker and family.

The toolmakers are the highest paid of any automobile workers, making from \$60 to \$70 a week, plus time and a half for overtime and holidays.

**NEW USE FOR CHOKE FOUND IN STARTING**

**Physician Discovers That to Save Battery it is Misused. Use Choke Before Stopping Motor**

A simple trick which it seems might be employed universally by motor car owners to great advantage in starting their engines, especially in cold weather, has at last been discovered, and credit for the discovery is given to a physician whose case applies to the old adage that "necessity is the mother of invention." He found that the choker is a great labor saving device for those who are compelled to crank their cars, as well as a great time saving invention for those whose cars are equipped with a starter.

All the instruction books put out by the automobile manufacturers, and they would fill a good sized library, and all the "hints to motorists" which fill columns after columns of newspaper and periodical space, tell the motorist that the choker button was designed to facilitate the quick starting of the motor, and that the choker is to be pulled out when the starter pedal is depressed.

This method, according to the findings of the doctor, apparently puts "the cart before the horse", for he has discovered that the choker is used most effectively if employed at the time the motor is stopped. Thereby the cylinders are filled with a rich mixture, available for starting the next time. It is his experience that when the choker has been used at the time he stopped his engine it has enabled him to start his motor almost instantly with a quick depression of the starter pedal.

The nearest approach to this discovery that the expert automobile engineers have made is to be found in their advice to motorists to open their throttles at the time they stop their motors, thereby filling the cylinders with a rich mixture of gas to be used for the next starting. The physician goes them one better in employing the choker to make the rich mixture still richer.

Whether his discovery is applicable to all types of motor cars is a matter that remains to be proved. However, it is likely that it will be found very effective by motorists who drive cars equipped with valve-in-head motors, and there seems to be no reason why it shouldn't work successfully in "I" and "T" valve type motors also.

Soon after he made the discovery the physician explained it to employees at a service station maintained by the manufacturers of his car, and all admitted that the idea involved practically a reversal of the principle on which the choker device was originated. However, they tested it out and found that the physician was correct, for the discovery is credited to the doctor.

**AFTER GRINDING VALVES.**

It is possible to tell just how successful the operation of grinding valves has been by the following simple process: Mark the face of the valve all around lightly with a soft lead pencil. Then place the valve in position, turn it on its seat for a few minutes and remove it. If the entire pencil marking is removed there is left the point where face and seat do not meet is readily apparent.

**TRANSMISSION SILENCER**

To silence a noisy transmission, try mixing flaxseed meal with the lubricant. This is recommended only as a temporary expedient, as a noisy transmission generally means breakage of gears, or misalignment that calls for a major operation to effect a real cure.

**AN ITEM OF GREAT INTEREST TO CAR OWNERS**

Mr. A. T. McConnell and W. N. Parker of Wolfville were in Halifax last week, where they made arrangements with Mr. Arthur Gray, Manager of Gray's Hydrostone Garage for the handling in the city of Halifax, of a new storage Battery for Automobiles which has just recently been placed upon the market, and of which they are the Distributors for the Maritime Provinces.

This Battery is the out-come of many years of search and study and is what we believe the greatest step forward in the electrical equipment of a car. It represents the product of the world's greatest inventors and Messrs. McConnell & Parker are indeed fortunate in securing the Distributorship of this Battery.

This Battery on account of having a very low percentage of acid contained in its electrolyte is practically non-injurious to clothing or other articles which might come into contact with it. On account of the construction of the plates and the material with which they are made it is impossible to affect or impair the life of this battery by short circuits. This Battery will not freeze. The electrolyte is made of a non-liquid substance which is not affected by the weather. On account of it being a non liquid it cannot leak or spill. It will not corrode around the terminals, or cut the metal box which holds it in the car, as all sulphuric acid batteries do.

It requires no attention, as nothing is ever added after the battery leaves the factory. The separators in this Battery are made of hard rubber 3/8 inch thick, and it is guaranteed unconditionally for two years from the date of purchase.

Agents will be appointed in every town in the Maritime Provinces, and it is ably represented by the Distributors, Messrs. McConnell & Parker. They have the first Battery of this kind which has come into Canada, and have taken orders for a large number of these which are on the way at the present time.

This production is manufactured by the O. K. Giant Battery Corporation of Gary, Ind. It is called the O. K. Giant Dry Rechargeable Battery and sells for practically the same price as other (liquid) batteries now on the market.

**VALVE TAPPET ADJUSTMENT**

There occasionally develops in an engine normally quiet in operation a tapping of one or two of the valve tappets. For quiet operation of the tappets there must not be severe impact between tappet and stem. If the tappet is moving fast before it commences to lift the valve the impact will be severe, and there will be noise. The tappets should be adjusted so as very nearly to touch the valve stem. The valve, being hot, at the end of a run (the proper time to make adjustments) the tappet should be adjusted so that it just touches the valve stem. The valve, being hot, will not expand any more, and when the tappet is adjusted in this way very good results will be obtained.

You can't make 'em believe it, but dish water will make the hands just as soft as those patent creams.

**THE TRUTH ABOUT SELLS-FLOTO CLOWNS NOT SO STARTLING, EH?**

We've all heard of the clown who reads Chaucer. Oh yes, the busy little fellows ahead of the circus have seen to that. As a matter of fact, there aren't any clowns who read Chaucer. They read about politics and baseball; and the way they go after current events for ideas upon which to frame their acts is a lesson to direct action.

Clowns are not, as has so often been stated, exceptionally moody chaps when out of the ring. In fact, they are just ordinary fellows, much the same as you and I. Some of them are well read, of course, and well educated. "Poodles" Hanneford, the greatest of all riding clowns, with Sells-FloTO circus, coming to Windsor, Friday, June 24th and Kentville, June 29th, is a Harrow boy, and that is something on the other side. Of the fifty-five clowns with "the second largest show on earth," forty-three are Americans, almost all of them high school graduates, some of them college men, but they're not "high brows".

But whether a clown with Sells-FloTO is able to talk smart dinner patter or not, he must be versatile in funmaking. All but the biggest stars of the laughter brigade must play in the clown band, of which Art Borello, the noted American funster, is leader. Spader Johnson, billed for years as "the funniest man in the world", when out of make-up looks like an aggressive man of big business. At that he is, in a way, for he is wealthy, with plenty of commercial affairs on his hands. "Poodles" Hanneford, who is only twenty-six, looks like a bank clerk, when he is not thrilling and convulsing the crowds from the back of a running horse.

**OIL CUPS**

Many car owners are finding that oil cups may be substituted for the grease cups commonly used in many locations on the chassis, with eminently satisfactory results. The oil cup need be filled but once a month, perhaps, and it needs no turning down to perform its function. However, where the grease cup, mounted horizontally, and an oil cup is to be substituted, some sort of connection will be needed to keep the oil cup straight.

**SPARK ADVANCE.**

Wear and consequent poor adjustment of the spark control linkage, which prevents full spark advance, is often the occasion for remarks as to the sudden falling off in the speed of the engine.

**Would Not Be Without Baby's Own Tablets**

Mrs. W. Beesley, Mille Roche, Ont., writes: "I have used Baby's Own Tablets for the past eight months and would not be without them. I used them for indigestion and teething and my baby is cutting his teeth without any trouble whatever. I can highly recommend the Tablets to other mothers." What Mrs. Beesley says thousands of other mothers say. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion and making teething easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**THE ACADIAN**

(Established 1883)

Published at Wolfville, N. S., every Friday by

**DAVIDSON BROS., Printers and Publishers**

Members of the Canadian Weekly Newspaper Association.

**Subscription Rates**—In British Empire, in advance, \$2.00 per year. To U. S. A. and other countries \$2.50 per year.

**Advertising Rate Cards** and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Weekly Newspaper Association.

**Advertisers** must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

**Correspondence**—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter the chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

**SANE ADVICE**

That was sane counsel given to the public meeting on Tuesday evening by Mr. W. H. Chase, which although disregarded by those present might very profitably be taken heed to by the School Board and citizens generally. The present is certainly not a favorable time to sell bonds or construct buildings beyond the actual need, as our townsman very wisely pointed out. Prices are coming down. It is true that Wolfville needs more school accommodations and if this could be secured in time for next term's work the extra expenditure that would be required to build now might be justifiable. However, this will be out of the question and for the present we must look elsewhere if we are to furnish adequate school-room accommodation at the beginning of next term. The dilatory policy of the School Board has lost to us three precious months at least, during which the work of building should have been in progress. Besides this, the mistake of asking for less than half the amount proposed to be expended, not only causes extra expense but also holds up building operations. It will be impossible now to secure the necessary legislation to borrow the additional \$22,000 until the legislature meets next winter, and so far as we can see there is no other way open to secure the funds alleged to be necessary to provide a new building. It would be folly to begin the work this year if it cannot be completed until a year hence. Beginning now will mean selling the bonds already authorized at a heavy loss and the interest on the money for a considerable time more than is necessary as well as having the work done at a time when expenses are abnormally high.

was given that their provisions would be enforced. Up to the present time, however, these regulations have been almost wholly disregarded and no effort is apparently being made to enforce the penalties imposed. The sooner some active measures are taken to show that these regulations are intended to be observed the better for the public interests. A building inspector should be appointed at once as the present method of administration by a committee of the full Council has proved anything but a success. There is an old saying which carries a great amount of truth, to the effect that what is anybody's business is nobody's business. A qualified inspector would make himself familiar with the object and authority of these building by-laws and see that they are enforced as the public interest demands. Application forms should be provided and regular permits issued to prospective builders and an accurate record kept of every transaction. It is utter nonsense to go on passing regulations which are allowed to go disregarded when they might be of some real use.

While not necessarily endorsing the views of our correspondents, THE ACADIAN'S columns are always open for the fair discussion of matters of public interest. We believe in free speech and that every man has the right to express his opinion. It would be a very narrow world if this right was decided. After all, "vox populi, vox dei."

Mr. E. J. Delaney, who purchased the old Bank of Montreal building, is having it removed to the new site. Mr. Ernest Porter has charge of the work. The roof was lowered so as to admit of the building passing under the cable of the Telephone Company.

**Mail Contract**

SEALED TENDERS, addressed to the Postmaster General, will be received at Ottawa until noon, on Friday, the 24th June, for the conveyance of His Majesty's Mails, six times per week, over the CANNING NO. 2 RURAL MAIL ROUTE.

under a proposed contract for four years, dating from the 1st October, next.

Printed notices containing further information as to conditions of proposed Contract may be seen and blank forms of Tender may be obtained at the Post Office at Canning, and at the office of the Post Office Inspector.

**Items of Local Interest**

Next year's meeting of the Canadian Weekly Newspaper Association will be held at Halifax.

Miss Evelyn Smallman, graduate of the Leland Powers School of the Spoken Word, Boston, will receive pupils in Expression during the month of July.

Miss Jeanette G. Hubbard, of Canning, received the degree of Bachelor of Religious Education at the annual commencement of Boston University which was held at Tremont Temple on June 13th.

The Windsor baseball team defeated the Kentville team at Windsor yesterday by the score of 7 to 2, in their first game in the Valley League. The Windsor cricketers also defeated the Annapolis players at Middleton.

A change in time for the arrival and departure of the D.A.R. trains took place on Monday. The morning express (No. 95) going west now leaves at 10.05, and the evening express (No. 97 going west at 6.17. The morning express (No. 96) bound for Halifax departs at 8.16 and the afternoon express in the same direction at 3.20.

Mr. Everett Dempsey has sold his property on Gaspereau avenue to Mr. William Harman and has purchased the residence of Mr. F. W. Barteaux on the same street. In both cases possession will be taken at the end of this month. Mr. Barteaux will remove to the Dr. Bowles property on Main street which he has purchased.

The welcome showers which came last Saturday night and Sunday morning did a vast amount of good as the country was beginning to suffer from the continued drought. The heavy rain which followed on Monday night saved the hay and grain and helped materially in assure the strawberry crop which promises to be a large one.

Strawberries in the Niagara Fruit peninsula are about two weeks ahead of time and the crop is reported to be phenomenal. So much so that there are predictions that the prices to the consumers will be lower than at any time in the last eight or nine years. Some folks are predicting that prices will go down to ten cents a box.

Destructive Forest Fires were raging last week in various sections of the Maritime Provinces. In Colchester Co. several villages were threatened and here in Kings, fires were burning fiercely. Fortunately it was indeed that heavy rains on Sunday and Monday extinguished several of the fires, thereby saving a vast amount of property.

Mr. and Mrs. Frank E. Marsh are spending a few weeks in New York state. They intend to return to Wolfville the first of July. In a letter to THE ACADIAN Mr. Marsh states that he has secured three great concerts for his next season's Artist's Series: The Zedler Symphonic Quintet; Myra Hess, the great English pianiste who comes to this country for the first time; and Ethelynde Smith, the noted Soprano who made such a hit at the Maine Music Festival last season.

Bridgetown Monitor.—Mrs. Jas. A. Bancroft and family have returned from Wolfville where her daughters and son have been attending the University there during the past year. Miss Marguerite took her diploma from the Acadia Collegiate and Business Academy and was also successful in getting the McIntosh certificate for proficiency in calculation. Miss Miriam who is taking the musical course in piano, took the prize for highest standing in the junior year and passed successfully as a senior. Mrs. Bancroft will be at Annapolis Royal for the summer.

**Coming Events**

Notices under this heading are inserted at 10 cents a line. Each repeat, 5 cent a line; minimum charge, 30 cents. Contract rates on application.

The Summer Missionary Conference will be held in Wolfville from July 19 to 26.

Don't miss the "City of Masks", at the Opera House next Wednesday and Thursday. A corking good Mystery story by George Barr McCutcheon.

Mr. and Mrs. J. C. B. Olive, of Truro, announce the engagement of their daughter, Violet Foshay, to Rev. Clarence Franklin Bleakney, Bridgewater, Mass. Marriage to take place July 20.

**BORN**

YOUNG.—At Port Williams, on June 11th, to Mr. and Mrs. Borden Young, Wolfville, a daughter.

**MARRIED**

SCHOFIELD-LYONS.—At the Rectory, Wolfville, on June 15th, by Rev. R. F. Dixon, Rector of Horton, Reta Myrtle Lyons to Lawson Nelson Schofield, both of Greenfield.

HUNTINGTON-HICKS.—At Bridgetown, on Wednesday, June 15th, Marguerite W. Hicks, of Bridgetown, to Alline Huntington, of Schnectady, N. Y.

**KILLING SURPLUS BUFFALOES**

The increase in the number of buffaloes in Buffalo Park, Wainwright, Alta., has reached such proportions that it is proposed to slaughter 1,000 of the animals this year. It is expected that a considerable sum will be realized from the sale of the meat, hides and heads.

On July 1 the wages of employees on the C. N. R. will be reduced 12 per cent.

Tent caterpillars are stripping the fruit trees in many parts of New Brunswick of their leaves.

The entertainment given at the Opera House on Tuesday night by the Boston Concert Co. was much enjoyed by those present. All the performers were accomplished artists, the violin and piano selections being especially pleasing.

The eighth annual convention of the Women's Institutes of Nova Scotia was held at Truro this week. Upwards of sixty delegates were in attendance. Mr. Ernest Robinson, of Wolfville, was one of the speakers, and he gave a very stimulating address on public education.

The Athletic Association wishes to announce that they want all the Boy Scouts, Tuxis Boys and High School boys to make use of the baseball grounds and equipment. Saturday mornings have been set aside for their use of the grounds and the Coach will be there to give them instruction.

Two auction sales of used automobiles, yesterday attracted a large number of outsiders to town. The Acadia Automobile Agency held their sale at the grounds of the Royal Hotel and Mr. Porter offered his cars in front of the Porter Garage. In the former sale Mr. E. C. Bishop was the auctioneer and at the latter Mr. O. D. Porter officiated. A number of cars were offered at each sale but the bidding was not very active. Evidently no one wants an inferior car these days. The best is none too good to satisfy modern ideas. However, some fairly good sales were effected.

**The Acadian Classified Advertisements**

**RATES FOR CLASSIFIED OR WANT ADVERTISEMENTS**

**MRS. LLOYD GEORGE AND TOTAL ABSTINENCE**

("British Weekly" Special)

Temperance was the chief topic in Westminster on Thursday. From 2 o'clock Westminster Congregational Church was nearly filled with delegates from the British Women's Temperance Association. The enormous development of the everyday woman as a public speaker was realized as, one after another, women temperance enthusiasts from town and village gave from the platform to their fellow-workers useful hints and advice.

Not many yards distant a crowded meeting of the Women's Total Abstinence Union waited at 3 o'clock in the Central (Small) Hall, Westminster, to welcome Mrs. Lloyd George as the chief speaker. Mrs. Alfred Brooks read a very summary account of the annual report, showing that every branch, especially hostel work, was healthy and growing. Generous legacies had relieved financial anxiety.

Dame Margaret Lloyd George is the beloved among women speakers. She has worked strenuously lately, and many thought she looked a little strained and weary. But hopefulness was in her speech, and sympathy and encouragement. Some times as she goes about the country, Mrs. Lloyd George finds temperance workers disheartened. But this must not be—"You are doing splendid work; nothing paralyses a cause as much as lack of courage." She spoke of the great progress that had taken place in the opinions and habits of the people, and emphasised especially the change in the attitude of the churches and ministers in regard to

temperance. "Science is completely on our side... the less people drink the better they work." During the war we had discovered through the means of the Control Board that people could be made sober by Act of Parliament. "And now what we want is legislation... we must not be satisfied until we get a good measure of temperance in this country... We must agitate.—We cannot get any measure through the House of Commons without that," said Mrs. Lloyd George amid much laughter. Women who had voted for members of Parliament must worry them. That is the way. We must not blame the Government always, because it is our own fault as well.

Dr. Chapple's address came next, and his warnings were certainly sufficient to frighten moderate drinkers into the total abstinence camp.

An enthusiastic address by Mr. Henty Carter closed the meeting. V. E. W.

**GREENWICH NOTES**

A number of our residents are having improvements made at their homes. Mrs. Fred Forsythe has recently had her house wired for electric lights. Miss Lillian E. Bishop is having a piazza built on the west side of her home. Mr. Byron Cox is having a large piazza made across the front of his house, extending on the west side to new addition which will enlarge one room, this will make a great improvement in the appearance of his house. Mr. T. A. Pearson has recently had his house newly painted.

Another one of our old landmarks has "gone down". Mr. Raymond Schofield having torn down the old barn on the place which he purchased a year ago from Mr. E. Bishop, on the "Ridge Road". We understand Mr. Schofield will sell the large timbers of this old building and will build a small barn. The burning of the old Evaporator of Forsythe Bros. in December last, removed, we understand, what was really the oldest land mark, as the original building was an old house, which was the home of the grandfather of Forsythe Bros. The old unoccupied house of Mr. Lewis Forsythe is another old relic, it still stands.

The news of the death a few weeks ago, of a former and long resident of this place was received. Mr. Freeman Griffin, an aged man who passed away at the home of his daughter, Mrs. Crocker, of Steam Mill Village. He is well remembered here and sympathy is extended to his daughter, Mrs. Charles Pudsey, of this place.

We understand Misses Joyce Harvey, Greta Pudsey and Betty Fenwick of this place, who are members of the "Lily of the Valley", division of Port Williams, went on a picnic to Kingsport on Saturday, with members of the order.

Sympathy has been extended to Mrs. Fraser, another resident to meet with a loss by death. We understand Mr. J. Pick of White Rock who recently died of pneumonia, was her only brother in Nova Scotia. His passing just in the prime of life is regretted by all who knew him.

Mr. Stanley Crockett, who has been spending several weeks at his home near

Bridgetown, assisting with the farming, has returned and resumed his duties at Port Williams station.

The news of the birth of a daughter to Mr. and Mrs. Parsons—nee Garry Manning—on Sunday night, was received with interest by many in the place.

Mr. Dexter Forsythe now owns and is enjoying a nice new Chevrolet Car, and Mr. Howard Forsythe, our neighbour on "The Ridge", is also owner of a fine new car, his being an up to date Studebaker, making five or six new cars this season in our community.

Listen!—"last but not least", another church wedding in this place. The interesting event will take place in our church, on June 30th.

Fire losses in Canada during the week ending June 8th are estimated by The Monetary Times at \$494,750, compared with \$342,800 the previous week. The heaviest loss was at Port Hope and Niagara Falls, Ont.

Rural Route No. 1, Mascouche, Quebec. The Minard's Liniment People.

Sirs—I feel that I should be doing a wrong if I neglected to write you. I have had four tumors growing on my head for years. I had them cut off by a surgeon about fifteen years ago, but they grew again till about three months ago I had one as large and shaped like a lady's thimble on the very place where my hair should be parted, and it was getting so embarrassing in public that it was a constant worry to me. About three months ago I got a bottle of your liniment for another purpose and saw on the label good for tumors. Well I tried it and kept at it for exactly two months, with the result that it has entirely removed all trace of the tumor, and were it not that they had been cut fifteen years ago, no mark would be seen. I have not been asked for this testimonial and you can use it as you see fit.

(Signed) FRED C. ROBINSON, P.S.—I am a farmer and intend using Minard's Liniment on mare for a strained tendon, and am hoping for some results. FRED C. R.

Why Buy Elsewhere?  
**THE ACADIAN**  
Job Printing Department

**Who's Your Printer?**

Remarkable changes have been made in all commercial lines during the latter few years: The printing industry has also kept up with the times! Years ago, newspapers, magazines, and every class of printing was composed by hand, from type which, after going through the presses, had to be distributed into the type cases in order to be again used for the next job. To equip a printshop today with a dozen series of type, bought from a type foundry, costs, anywhere from \$1,000 to \$5,000, depending on how many lbs. of type is bought, to the font. While that type is new, beautiful sharp and clear printing will follow, but, for how long? As time passes by and millions of impressions have been taken off that once new type in the pressroom, on every customer's printing, the edges will be rounded off; rules, borders, and type will be battered through constant handling. No printer today could afford to replenish such expensive type and material, consequently they go along year after year giving their customers the best grade of printing they can under the circumstances. What we are getting at is: We give quality printing!

**Why?**

Because we are the only printshop in this vicinity that does not have to buy type, rules, and material from a type foundry. And more than that, we use brand new type on each customer's work. That is not all! We turn out the best class of work because we have an endless supply of new type and material made in our own printshop on our Monotype typesetting and typecasting machine. There are 31 Monotype casting machines in Nova Scotia, in offices that do only the highest grade of printing; the nearest Monotype printshops to Wolfville are at Truro and Halifax. We are equipped to do printing equal to the cities, right in Wolfville. If you were building a home, you would not allow second-hand bricks and lumber to be used when you were paying for brand new material! so why have your printing done with battered, worn-out type, rules and borders, which have been in use for years. After our printing is delivered to a customer, every particle of type and material is melted into pigs of metal, which means that brand-new, clean-cut, sharp-edged type, rules and borders, are used in all work turned out of our office.

**HAVE YOUR PRINTING DONE IN A MONOTYPE PRINTSHOP!**

Buyers of printing the world over realize what new type for each job means: that is the reason they specify Monotype composition. Our Monotype enables us to handle any size of a job, no matter how much type there is to be composed, because we are our own type foundry.

PEACE TIME RED CROSS

A meeting in the interests of the Peace Time Red Cross Campaign was held at the Court House, Kentville, on Friday morning last. There was a fairly good attendance of representatives of various sections of the county. The meeting was convened at the office of the County Clerk as the Supreme Court occupied all the public space in the building.

Miss Annie M. Stuart, of Grand Pre, Supervisor for the County, called the meeting to order and briefly stated the object of the gathering, after which the following officers were elected:

President—Rev. G. W. Miller, Wolfville Vice-Pres.—Mrs. McBride, Kentville Secretary—B. O. Davidson, Wolfville Treasurer—R. Creighton, Wolfville Others members of the executive: Rev. Mr. Ross, Kentville; N. W. Eaton, Canning; Mrs. F. E. Harris, Aylesford; G. H. Oakes, Kingston; Mrs. D. S. Collins, Port Williams; Blake Clark, Lakeville; W. B. Burgess, Woodville; Mrs. A. H. Patterson, Grand Pre and Hortonville; Mrs. MacDonald, the Provincial Sanatorium.

The newly elected president took the chair and addressed the meeting briefly, after which he called upon Mr. Dingle representing the publicity department of the provincial organization, to explain the work.

In an interesting address the speaker described the origin of the Red Cross movement and reviewed the splendid work which had been accomplished through its instrumentality during recent wars. At the close of the Great World War, the Red Cross, as on former occasions, had been about to suspend its operations, when the suggestion was made that because of the urgency of the need of a national crusade for good health that further work should be undertaken. The result is a world-wide movement, in which Canada—as in the great war—is asked to bear her share. Instead of a drive for funds as in some other campaigns the canvas is for membership, the annual fee being placed at one dollar. Nova Scotia is asked for \$100,000 and Kings county for \$6,000. Of this amount 40 per cent. will be applied to work actually done in this county, 40 per cent. to provincial work, and 20 per cent. toward the cost of administration. The 6,000 members in Nova Scotia will form "The League of Red Cross Societies", the object of which will be to encourage and promote the establishment and co-operation of duly authorized voluntary Red Cross Organizations having as their purpose the "improvement of health, the prevention of disease and the mitigation of suffering throughout the world".

Miss M. Hayden, the County Nurse, being called upon, gave an interesting account of her work and made a number of useful suggestions. A general discussion ensued and it was finally decided to put on the campaign in Kings county, during the first full week in July, and that July 3rd be selected as Red Cross Sunday when the claims of the undertaking will be presented generally to the people.

It is hoped that the people of Kings county will respond generously to the call and maintain the splendid reputation they hold for interest in matters of this kind.

Soon the mermaids will begin to flirt with the ocean swells.

PORT WILLIAMS NOTES

JUNE 8th.—Mrs. D. S. Hoag and children, of Toronto, are visiting at her father's home here.

Mrs. A. B. Rand was at home to her friends on Friday, it being the eighth anniversary of her wedding.

The Lily of the Valley Division, after a successful 9 months work, have closed for the summer months. They intend going to Kingsport Saturday (11th) for their annual picnic.

Mrs. Dr. Zwicker received on Thursday last at their beautiful summer home. She was assisted by her daughter, Miss Edith, Mrs. M. K. Ells and Miss Susie Lingley.

Mrs. Capt. Faulkner returned home Saturday from Montreal where she spent a week with her husband who is Capt. of the steamer "Signeur".

Mrs. (Major) Hurd, of Truro, is the guest of Miss Ella Wood.

Mr. and Mrs. J. E. Briggs spent the week end at the Hotel the guest of her grandmother, Mrs. Balcom.

Miss Mildred Faulkner returned last week from a pleasant visit in Halifax.

Rev. O. N. Chipman went on Tuesday to Westwood Hospital for treatment.

Mrs. Ivan Lantz returned home Thursday from Westwood Hospital where she underwent an operation for appendicitis.

Miss Gladys Newcomb, of Bridgetown, spent the week end at her home here.

Mr. Ray Chipman has left the employ of G. A. Chase to take up engineering, and Roy Faulkner has taken his position in the store.

Miss Elizabeth Harvey entertained a number of her school friends on Monday, it being her 10th birthday.

Mr. Donald Chase is home from Washington, D. C.

The many friends of Miss Ourah Kidston met at the home of Mrs. R. J. Murphy, Church St., on Monday evening to bid her "bon voyage" to her new home in Pittsburgh, Penn. The many useful gifts presented, bore testimony to her popularity in her home town.

Miss Clare Cogswell, of the "Chronicle" Publishing house, Halifax, is spending her vacation with her brother, W. Henry Cogswell, Belcher St.

Miss Myrtle Rand, of the staff at "Kentville Sanatorium", is enjoying a holiday of three weeks at her home, Church St.

The local press is the show window of a community. The progressiveness of its citizens is judged by the manner in which they support their home paper.

CAMPERS AND FOREST PROTECTION.

Holiday time is approaching and already some people are getting their tents and canoes and tackle ready for a trip in the woods. This open life in the forest is a form of recreation in regard to which Canadians are especially privileged, and it is a particularly valuable and health-promoting form in these days, when so many people live in crowded cities. Camping in the woods will doubtless increase in Canada from year to year, and so long as campers are careful with fire their presence does the forest no harm. It has been noticed, however, in many quarters; that too often in the past the trail of the camper has been marked by forest fires. If during the coming season every camper will determine that neither from his camp-fire nor from his pipe will he permit fire to escape into the forest, a great stride forward will be made in forest protection. Let all unite in preserving this great natural resource of Canada.

If prices cannot come down until wages do, and if wages cannot come down until prices do—what happens? asks The Toronto Star. Thus is a conundrum open to all-comers.

With the average woman news constitutes three things, the social and personal column; the birth, death and marriage notices, and the advertisements.

Henceforth the Monday in the week in which November 11th falls will be known as Armistice Day, and Thanksgiving Day will be celebrated on the same day.

Keep Minard's Liniment in the house.

BY-PRODUCTS FROM WASTE APPLES

The Empire Mail of London, England, comments as follows:

"A method of extracting by-products from waste and otherwise useless apples has been discovered at Annapolis, Nova Scotia. It has been found that even the most intensely acid and usually worthless apple may be so treated by a simple process as to yield syrup which has been pronounced eminently desirable as a basis for other preparations. Another by-product has become evident in deposits of calcium malate, the same substance as is derived from maple syrup and known as sugar sand. Before the war the Germans bought this up extensively in Quebec at \$1.50 or more per pound, as a source of malic acid. The process is being performed in two evaporators, and may lead to the development of an entirely new industry in Nova Scotia.

Your friend is the man who knows all about you and still likes you.

TWELVE THINGS TO REMEMBER

- The Value of Time.
- The Success of Perseverance.
- The Pleasure of Working.
- The Dignity of Simplicity.
- The Worth of Character.
- The Power of Kindness.
- The Influence of Example.
- The Obligation of Duty.
- The Wisdom of Economy.
- The Virtue of Patience.
- The Joy of Originating.
- The Profit of Experience.

IT TAKES SO LITTLE

It takes so little to make us glad, Just a cheering clasp of a friendly hand, Just a word from one who can understand, And we finish the task we long had planned, And we lose the doubt and the fear we had— So little it takes to make us glad. —Ida G. Morris.

**Personal Paragraphs**

Mrs. Mary K. Ingraham has been visiting her brother in Windsor.

Mrs. Beardsley and Miss Grace Beardsley are spending a few weeks at Port Lorne.

Mrs. Enman, of Wetaskiwin, Alberta, is visiting her daughter, Mrs. Charles Chisholm.

Miss Frances Patriquin left Wednesday for Boston where she will spend the summer with relatives.

Dr. Simeon Spidle occupied the pulpit of the Port Williams Baptist church on Sunday morning last.

Miss Carey, of Halifax, was a visitor over Sunday in town, the guest of her friend, Mrs. Beardsley.

Dr. G. B. Catten was in Halifax yesterday and was the principle speaker at the Commercial Club luncheon.

Dr. Catten returned recently from Boston, where he was one of the examiners in Newton Theological Seminary.

Miss Maurine Elderkin, who has been taking a course in kindergarten work in Boston, returned home on Friday.

Miss Edith Stairs, of Halifax, is spending her vacation at the home of her parents, Mr. and Mrs. Herbert Stairs.

Miss Lillian Chase, who is a student at Toronto University, is spending her vacation at her home in Church Street.

Mrs. E. C. Young, Mrs. F. W. Barteaux, E. C. H. Young and H. P. Davidson motored to Halifax on Sunday, returning on Monday.

Miss Esther Lee Gould, who has been studying at Columbia University for her Ph. D. degree, returned home on Friday for the summer.

Mr. and Mrs. William Lugar and child, of Halifax, are visiting at the home of Mrs. Lugar's parents, Rev. and Mrs. Noble Crandall.

Dr. Leslie Eaton and family have rented the cottage at Deep Brook formerly occupied by Rev. A. C. Archibald, and expect to occupy it during July and August.

Mr. Burpee Coldwell, of Minneapolis, arrived in Wolfville last week after an absence of fourteen years, to visit his father, Mr. Theodore Coldwell, and other relatives.

Mr. and Mrs. Rockwell, Acadia Villa, motored to South Milford last week also taking in Kedgemakooogee and other points along the South shore. They report weather ideal and good fishing.

Mrs. (Dr.) Keirstead and Miss Frances Keirstead, of Toronto, arrived in town on Monday, and will spend the summer at "Wyndholm". Their many Wolfville friends are glad to extend a welcome.

Mrs. Gibson, of Pittsburg, Pa., is visiting in town, the guest of Mr. and Mrs. E. S. Crawley. Mrs. Gibson was formerly Miss Rose Dixon, and is gladly welcomed back to Wolfville by a host of old friends.

Mrs. R. deW. Archibald has had as guests this week her sister, Mrs. Fred Chambers and husband and Mr. Chamber's sister, Mrs. R. E. Chambers, all of New Glasgow, who are taking a motor trip through the province.

Mrs. Sidney Saunders, of Sherbrooke, Quebec, who has been spending some weeks with her sister, Mrs. Arthur Jones, left on Monday morning to return home. She was accompanied by Mrs. Jones, who will spend the summer with her husband in Quebec city.

Mr. and Mrs. A. K. Forsythe, of Greenwich, left yesterday to spend a few weeks at the old home of the former in Sunbury county, N. B.

Harold Hill returned to Halifax on Saturday last to resume his position with the Royal Bank, after spending a holiday of two weeks in Wolfville.

Mr. and Mrs. W. C. Bleakney and Master Earl, with Miss Stella Bleakney, motored to Tusket, Yarmouth county, on Tuesday to spend a week at Mr. Bleakney's old home.

Mr. A. J. Mason returned on Friday from his trip to Boston. THE ACADIAN is glad to be able to report that the condition of his little son was found to be highly satisfactory by the doctor having the case in charge.

Mr. Harold Vaughn, who has been home from McGill University enjoying a short vacation, returned to Montreal on Saturday last. He has just completed his work at McGill and on Monday received the degree of B.Sc. in the course of Electrical Engineering.

Miss Josephine McKenna, of Parrsboro, who has been attending Edgell, at Windsor, was a visitor at the home of her uncle, Dr. A. J. McKenna, this week, en route for her home. Mr. Horace McKenna who has been spending a few weeks at his home, accompanied her as far as Parrsboro on his return to his duties.

**DISCOVERS A NEW FOREST PRODUCT**

Are Canadians too modest? A famous Canadian thinks they are, and while he would not like to see them become boasters, he holds they should not deliberately hide their light. Do Canadians know that one of the recent important discoveries in the reduction of metal ores was made by Canadians? When the oil flotation process of ore reduction was invented an unprecedented demand arose for pine oil, a product of the turpentine industry of the southern United States, and the price of this oil rose to twenty times its original level in a month. Worse than that, Canadian reduction plants, in Ontario, British Columbia, and other provinces, were at times unable to get the oil at any price. The mining companies, after spending considerable money in searching for a substitute, applied for help to the Minister of the Interior, who directed the Forest Products Laboratories of the Forestry Branch to study the problem. One of the chemists of these laboratories, after working on the question for about nine months and collaborating in the final tests with experts in the Mines Branch, discovered that a waste product of the wood distillation industry, by a little refining, could be made to take the place of the expensive oil. The result is that ore reducing plants are now using this new and comparatively cheap product to the benefit of the whole industry.

The steamer "Prince Albert" which has been off the basin route for some weeks owing to an accident was again on duty on Thursday and will continue to make her weekly trips during the season.

**CANADA'S MINERAL PRODUCTION**

The value of the mineral production of Canada, by provinces, in 1920 was: Nova Scotia, \$30,187,533; New Brunswick, \$2,225,261; Quebec, \$27,722,502; Ontario, \$78,749,178; Manitoba, \$3,900,207; Saskatchewan, \$1,711,580; Alberta, \$33,721,898; British Columbia, \$38,044,915; Yukon, \$1,512,006. Coal constituted by far the greater portion of the mineral production of Nova Scotia, Saskatchewan and Alberta.

Mr. Obediah Baker met with a painful accident at Wright's Mill on Monday by which his left hand was severely injured. Some time ago Mr. Baker had a similar accident when he lost a part of the same hand. He has the sympathy of many friends.

**DOOR BELL**

in **"The City of Masks"**  
A Paramount Artcraft Picture

Under false colors! A strange group secretly gathers, every Wednesday in lower New York.

So exclusive their circle that the proudest leader of society would not be admitted. Yet peers and chauffeur, lord and governess there are equal.

Are they plotters, fanatics, lovers—or what?

A mystery romance that's different—and thrilling beyond belief!

By **George Barr McCutcheon**

Also a new Line of Comedy which we consider the best clean wholesome Comedies ever made.

Don't Miss it.

FRIDAY AND SATURDAY, JUNE 24 - 25.

**EXTRA SPECIAL** JACK LONDON'S GREATEST STORY IN SCREEN FORM

**"BURNING DAYLIGHT"**

starring the famous actor **MITCHEL LEWIS**

"BOYS, I'VE STRUCK IT—gold all over the place—and not ten miles from here!" Imagine the effect of this statement when uttered by "Burning Daylight" in a mining camp that had been a dead town for years. If you want to see what a real stampede looks like; if you care to learn just how far and to what extremes a human being will go to procure gold, see "Burning Daylight"—a vivid and gripping adaptation of Jack London's widely-read novel.

WHAT DAYLIGHT LACKED IN EDUCATION he made up in shrewdness. When Letton, New York's greatest mining promoter, endeavored to steal the sourdough's holdings, he found himself caught in a trap and it was not until he fattened Daylight's bank-roll to the tune of millions, that he was enabled to extricate himself. If you like red-blooded, two-fisted adventure and quaint romance don't fail to see "Burning Daylight". It was Jack London's greatest story—it is a picture that you will always remember.

Also **HAROLD LLOYD**, our greatest of all Comedians in "High and Dizzy".  
SHOW at 8 P. M. PRICES 20 - 30c.

The Prince of Wales presents Boxing Shield to Jewish Lads' Brigade. Colonel Patterson receiving the medal.
