PROPERTY FOR SALE,
BY AUCTION,
THREE VALUABLE LEASEHOLDS,
with a Three-Story Edick BUILDING on

The three meet casterly Tenements of the New Bloc. of Buildings, built by Mr. Bromans with-in the elve months, situated in the most improv-ing part of the Stain Street, a little west of Bay Street, each consisting of a Ship, and House above it, with Kitchen and Cellar below, will be exposed for Sale, by Public Anction, on the Prestings.

ON THURSDAY, OCTOBER 15, 1835,

On THURSDAY, OCTOBER 15, 1838, At the very low upon price of £275 for each Building. Any person anxious to purchase the whole, may have them put up together, by hidding £2825; otherwise, they will be sold spart, there being a separate original Lease for the groun d on which such Building stands.

These who know the above Property are well twart that the thest price it less than the cost of the Buildings alone, while the ground rost (16s: w foot) is correctly half what Leases have been made at during late years in the neighbout ood.

One of the Buildings is under Lease at the rest of £55, and the other two, now uncoccapied, were lately remost at £30 w samues.

That the lowness of the upon price makes the Property a great object as as investment must be upparent from the shows circumstances, as well as from the fact, that the two adjoining Buildings of this Leasehold, and of came dimensions as those now offered, wire, a few weaks ago, purchased by the ground landlord, at £350 each, and were at that price considered much under their value.

Terms Cost.
