LOOSE LEDGER SHEETS
 by placing your order for them with
 us now. We are doing all kinds of
 Loose Leaf work for some of the larg-
 est firms in the trade. Our Paper, our
 Printing, our Ruling, and our Punch-
 ing is the equal, if not superior, to the
 imported article, and our prices are at
 least twenty per cent. lower. We can
 fill your order and make delivery with-
 in two weeks, for we have just install-
 ed special machinery for turning out
 the work quickly. No order too small,
 none too large, and none too difficult
 for us. We would be pleased to show
 you samples of the work we have done
 in this line; it has won for us many
 compliments from the most critical
 users of Loose Leaf Forms. Phone us
 and we will bring the samples to you,
 or come and see them. We will be glad
 to quote you on any Form you may
 need. The time has come to place
 your order for your New Account
 Books and for the many Forms that
 the Transfer from the Old to the New
 Year work require. May we suggest
 that our Bindery can turn out for you
 any and every kind of an Account Book
 you may require. Special Paper, spe-
 cial Ruling, special binding—work
 that cannot be excelled, and at a low-
 er price than you pay when you im-
 port it direct. Phone, send or come.
 Our time and experience are at your
 command.

Sold at Our Usual Low Prices,
nothing better can be obtained under any circumstances
GEO. KNOWLING.
oct. 15, 1913.

POINTERS.

Another one of Sir Edward's

deflected attentions.

The very latest development in

political circles to-day is that the

Tory leader has at last secured a

second man for Harbor Main Dis-

trict. The selected candidate, it is

understood, is Mr. L. E. Emerson,

son of Judge Emerson.

What a cute pal he will make for

Trotter Woodford.

Just imagine, electors, Morris

going to represent a district such

as Harbor Main, a "green" lawyer,

who is barely old enough to vote.

Why it is an insult to the intelligence

of the people of Harbor Main.

The idea of choosing a school boy

to represent such an important dis-

trict as Mr. Main is causing im-

mense fun around the city to-day.

What will Councilor Mullaly, who

has been interesting himself in Mr.

Main of late, say when he hears of

the appointment.

The crowd say there will be war

in other quarters.

"Pullet" Howley stated last night

that he hoped his opponents would

get fair play during the campaign.

This announcement is identical (we

don't think with the "Pullet's" sec-

retary cries around Torbay and ad-

vanced settlements.

Higgins has expressed publicly that

he doesn't care so long as he "wigs"

ahead of Howley when the bal-

lots are counted.

What a trio of traitors Howley,

Higgins and Bartlett.

Who was it that during the cam-

paign of the fall election, in 1908

would not allow a supporter of Gibbs

to work on the premises where he

was steward? Bartlett. He al-

ligned last night to denounce the

several Party led by Sir Robert

Bond, the greatest statesman the

country ever produced.

It is currently reported that Pie-

grip, notorious for "clapping the

grape" on land properties, is not go-

ing to accept the colleagues that

Morris has offered him to fight the

election in the District of Mr. Grace

mainly because he wants two men

with good principles from every

standpoint and with good testimo-

nials, not from the law-court of

course.

Harbor Grace is now solid Libe-

Formation of the Grenfell Association.

(Continued from yesterday's Tele-

gram.)

Two years ago a young doctor

came from the College of Physicians

and Surgeons down for the summer

and went to Spotted Island where

there were from two to three thou-

sand people to look after; he told

about it to his Christian Union and

they agreed to take it over and put

a doctor there. They built a shed

there this year and have a motor

boat; this will only be overlooked by

the Mission, if they want things im-

mediately such as vaccine and anti

toxine they can have them from the

Mission. Spotted Island is about 30

miles from Battle Harbor and 120

miles from Indian Harbor.

Forteau was considered too small

for a doctor and only had a nurse,

but now it is enlarged and Dr. Wake-

field is going there for the winter.

No one who has not spent a winter

in the north end of the Island has

any idea of the serenity of life as en-

joyed there; it is very much like the

lure which drives men like Profes-

or Macmillan to come down there. In

great many doctors come down there

and gain the gratitude of assistance

and everybody enjoys it.

Piley's Island hospital is only par-

tially with the Mission. There was

no doctor in Newfoundland between

Tulligate and Bonne Bay so depu-

tations came down from Salvage,

Wesleyville, Piley's Island and La

Sole, to try and save the lives of a

doctor there. We selected Piley's Is-

land because the people were always

saying that they would endeavor to

help themselves. We provided them

with a nurse for six months free, got

a first class surgeon and a first class

physician, and then two nurses who

would stay with them for a year. We

supplied fittings, motor boat, and the

inhabitants pay as much as they can

to keep the hospital running.

Harrington was founded at the in-

itiation of a good many people along

the coast who had no doctor between

Battle and Quebec. The Canadians

are quite willing to carry it, the

Montreal committee undertook to

carry it partially. The hospital has

been enlarged and consequently

there is more expenditure than there

is any case that we have in our hos-

pitals is recorded and we can turn it

up in five minutes. When Mr. Cook-

er came down to St. Anthony he asked

us to look up a case he had heard

about, and we had all the facts in

less than five minutes. When a man

comes there he is treated well, and

if his leg is to be saved we save it

with the hospital place improves.

One never hears of hunger in

Canada, say since the Roddick

Mill has been there, nor do we hear

of any cases of starvation in and

adjacent to St. Anthony.

It is almost impossible to get a

person to realize what a hospital is

if you could see a child coming in

there a cripple and going away walk-

ing; a man who has a deformity and

going away a new man. When you

come to realize that it is a hospital

being like yourself, and that you can

do something for another man you

derive real happiness. Our young

men realize that, and they like the

opportunity that is given them. We

only wish that more of the St. John's

men would take an opportunity to see

the work themselves, they would see

England. In the hope something can

be done thereby. Men whom I have

mentioned this to felt that Newfound-

land is appreciating the work that

has been done, and it would be a very

great help if some amount could be

raised in the City of St. John's to

finally close the Construction Account.

Dr. Grenfell mentioned the Annual

Total Operating Expenditure now

reaches \$50,000.

Mr. C. P. Ayre said: I have much

pleasure in moving the following

resolution:

"That this meeting hereby re-

solves to form and incorporate a

Grenfell Association of Newfound-

land for the purpose of securing

and appointing two of its mem-

bers to represent Newfoundland

on the Council of the Internation-

al Corporation now being incor-

porated to control and administer

the affairs of the work originated

by Dr. W. C. Grenfell, as well as

"take such steps as may determine

to secure financial assistance

within the Colony to meet the ex-

penditure authorized by the In-

ternational Council, and that the

"Hon. W. C. Job and the Hon. Rob-

ert Watson are empowered to

convene such subsequent meet-

ings as will be necessary to carry

out this resolution into immediate ef-

fect."

Mr. W. Bains Grieve: The presence

here of so many gentlemen is an

earnest of the interest which they

take in this philanthropic healthful

work we have worked under the au-

thorities of the R.N.M.D.S.E., but it ap-

pears that the old committee is going

to be merged into a hospital incor-

poration having as workers people in

Canada and the United States, and

the R.N.M.D.S.E. itself. I am sure

that the work of Dr. Grenfell which

has been done, and is being done, is

a great work. He is not only curing

the people of disease but he is tak-

ing care of the little waifs and strays.

I think that probably we shall be

able to reach a basis where the good

work heretofore carried on will be

continued for many years. I have

great pleasure in seconding the

resolution.

The resolution was passed unani-

mously.

Hon. W. C. Job: Before we part

think it is the duty of this meeting

to pass a resolution thanking Dr.

Grenfell for the noble work that he

has done here. Never a year has

so much been done. A present has

been given to this Colony through

the efforts of Dr. Grenfell, many of

us do not realize that he has obtain-

ed a present of \$50,000. It is a

miracle that has been done by his

way. The activity of Mr. Sheard

is distinctly of an expert nature, or

his could not have been done. The

charities is no incubus on the com-

munity either. I beg to propose a

vote of thanks to Dr. Grenfell.

Capt. Abram Keen: I have much

pleasure in seconding the motion

made by the Hon. W. C. Job. My

work has brought me in connection

with the work that has been done by

Dr. Grenfell in Newfoundland, and

maybe I can say something upon that

matter. I think that if some of you

see the work which I come in per-

sonal contact with, it cannot be es-

timated by dollars and cents. Many

who have been treated and given up

GEO. KNOWLING offers FIFTY SACKS ONLY P. E. I. POTATOES, Guaranteed Sound. Only 7c. Gallon. At his East, West and Central Grocery Stores. G. KNOWLING oct.8,13

Evening Telegram W. J. HERDER, Proprietor W. F. LLOYD, Editor WEDNESDAY, October 8, 1913.

The Liberal Educational Programme.

Among the planks in the Liberal Programme for the next four years, those relating to Education are well worthy of careful thought. Sir Robert Bond has determined to strengthen the weaknesses which have been disclosed by the experiences of the past. He has taken up the programme laid down by the F. P. U. at Bonavista and supplemented it. The fishermen have asked for:

- 1. The establishment of a Night School System in the Outports during winter months. 2. Schools for every settlement containing 20 schoolable children from the age of 7 to 14 years. 3. Free and compulsory education seven months of each year.

Sir Robert puts his foot down hard on the pernicious campaign which is being unscrupulously carried on in districts, which is based on the rald falsehood that the F. P. U. were desirous of interfering with the present denominational system and that Sir Robert Bond had consented to some such proposal. As we have already stated, the charge is absolutely false. The F. P. U. have never asked for any change in the present denominational system. It has never been discussed by anybody on behalf of the F. P. U. or by anybody on behalf of the Liberal Party. There is no intention to interfere with the present system. Sir Robert referring to the proposals of the F. P. U., says:-

"They go no further, and I have neither read nor had suggested to me verbally by any person that they desire any change whatsoever in the present educational system of the Colony other than that quoted from the Bonavista platform."

As to the suggestion they make he endorses it as "same, moderate, entirely commendable," and undertakes to consult with the Superintendents of Education with a view to meeting the fishermen's desire."

The gratifying features of this suggestion is that it emanates from the fishermen themselves and shows that they are alive to the necessity of giving a chance to those who are in the ordinary school age of making up for the loss of education they sustained when younger. There are hundreds of young men and women who feel that the paths of life would be smoother for them could they read, write and figure well. They feel their shortcomings and they are desirous of finding a means to improve themselves and Sir Robert Bond promises that the means shall be forthcoming. Fishermen, too, feel the hardship of children living in sparsely populated settlements and have thus asked for schools in settlements with 20 schoolable children of the age between 7 and 14, and Sir Robert Bond promises to provide what they want. Many children are kept from school because of the fees. Sir Robert promises to do away with them; and he also undertakes to bring pressure to bear on parents who have not sufficient light to see the injury that their children suffer by being kept from school.

The world at large is now convinced that the path to progress must be through the trade and technical school. Germany has made big strides in her industries through such means, so has the British Isles. Canada has a commission under Dr. Robertson and the commission strongly advises a forward step in this direction. Sir Robert does not intend Newfoundland to lag behind and intends to make a start in this direction when he comes back to power.

We announce to-day arrival of 567 Ladies' Coats - advance Styles, German make, from \$5.50 to \$20.00.

If you want a Coat - a Stylish Coat - something different - you'll come here.

J. H. Devine THE RIGHT HOUSE

Hon. P. T. McGrath's

FLATTERING ESTIMATE OF W. F. COAKER'S EXTRAORDINARY POWER - ALSO HIS IDEA OF THE INTELLIGENCE OF THE VOTERS OF ST. JOHN'S.

In an Article Headed "Tax-Payers Alarmed," "Truthful Patsy" Concedes to Mr. W. F. Coaker Almost Supernatural Powers.

We are told in the article that because there has been an agreement reached between Sir Robert Bond and President W. F. Coaker, the most awful results to the city will follow if votes are cast for the Liberal candidates in St. John's. "Truthful Patsy" says if the Liberal Party are returned to power, great calamities will fall upon the city owing to Coaker's influence.

These are the calamities prophesied by "Truthful Patsy," and which would be all alike, and to all citizens. (God help us). First - We are told the Churches would be all pulled down or burnt down, which way Coaker wanted it done. (See that now this Coaker must have great power.)

Secondly, again, according to "Truthful Patsy" our schools would be all pulled down, and the teachers all driven out and compelled to flee the city. (This is terrible to contemplate.)

Of course, this would mean the C. E. College, the R. C. College, the Methodist College and all other schools would be all burnt or pulled down. It would be a sad sight to the C. E. teachers, the Methodist teachers, with their families. The Christian Brothers and other teachers all forced out of the country, via the N.S. Railway Company, to the land they came from, and all this through the wonderful influence of Coaker.

What wonderful man has been raised to us. And worse than that, "Truthful Patsy" says, we are going to have a plague, not a common, ordinary plague, mind you, but the genuine Black article, the proper quality from Asia. We will be in the devil's own mess then with no clergy left in the city. "Truthful Patsy" tells us also if the Liberal Party are returned to power, the merchants, tradesmen, clerks, laborers and others will be all thrown out of employment. All the splendid business houses on Water Street will be closed up, the stocks will vanish into thin air, the splendid plate glass windows all smashed, the beautiful metal fittings all reduced to scrap iron. All this is to occur according to "Truthful Patsy" as soon as the Poll is declared, returning the Liberal Party. And further, "Truthful Patsy" says, we will have two blades of grass growing on Water Street where only one grew before. (Special seed imported by Devereaux and Downey). Also Beaconsfield and Rennie's Mill Road will be whitened by flocks of goats and the horns of the goat-herd will be heard within the precincts thereof. All jam factories and other factories will be all closed.

Just think of it; for a little innocent vote given for ELLIN, COWAN and SWIFT in the West and for KENT, DWYER and RYAN in the East those tremendous curses must fall upon us and that, at the bidding of such SAINTS as Morris, Piccott, Morrison, Cashin and "Truthful Patsy."

St. John's voters will no doubt appreciate the warning given them by that Apostle of Truth, the Hon. (P. T.) McGrath.

VOTER. St. John's, Oct. 8, 1913.

"Meself and Cashin."

Editor The Evening Telegram. Dear Sir - Last night somewhere near the hour of midnight, some thirty stalwarts of the so-called "People's Party" (save the mark) paraded Cochrane Street, being well primed from the jar (which is characteristic of that particular party), shouting and cheering opposite the houses of the "plumber" and the "plumber" so as to keep their courage up after the fiasco they had in the British Hall which they called a political meeting and where the "jar" was very much in evidence in the gallery. But, Mr. Editor, what I want to tell you is this, that when about half down Cochrane Street the brave "plumber" pulled off his hat and says: "Now, boys, three cheers for Ferryland Meself and Cashin, the supporters of the Morris Party." October 7th, 1913. A RESIDENT.

SELLING OUT

Bargains in Crockeryware. JOHN B. AYRE.

This Date in History. OCTOBER 8. First Quarter.

Days Past - 280 To Come - 84 HENRY FIELDING died 1754, aged 47. "The Father of the English Novel" the events of his life are not easy to trace. It is certain that on the failure of his wife's fortune, he took a theatre, and, when this failed, tried his hand at law. He was contributing to literature all the time. "Joseph Andrews," published soon after the appearance of Richardson's "Pamela" made his fame. Fielding died in Lisbon where he had gone for the benefit of his health.

Worth hegets in base minds envy; in great souls emulation. - Fielding.

Here and There.

THE EXPRESS - The express is not due till 11 p.m.

The whole populace unite gladly in the chorus that Morris must go and equally rejoice that Bond Can't Lose.

The local from Carbonar arrived at 12.30 p.m. to-day bringing Rev. Fr. Nangle, Rev. Mr. Calwell, and a few others.

2-3-6!

Bond Can't Lose.

YOUNG VOTERS FOLLOW IN THE FOOTSTEPS OF THEIR FATHERS - HONOR THE STANDARD OF OLD LIBERALISM.

To all those who had the opportunity of attending the Young Voters Rally in the West End Liberal Committee Rooms last night, the defeat of Morris and his colleagues will not come as a surprise. After the shops had closed hundreds of first and second year voters hastened to express their allegiance to the Liberal Party, and by 8.30 standing room was unavailable and over two or three hundred filled in the square surrounding the building. Owing to the lateness of the hour, no immediate arrangements could be made for larger rooms and because of this the Committee did the next best thing and lowered all the windows so that all outside could hear the addresses of the candidates.

Never before in the history of St. John's West End Liberal Party did so determined in their demand for Clean Government and honest representatives, and those who saw the flood of sentiment and enthusiastic loyalty of last night's meeting cannot but be convinced that they have done so little and has received so much! Young voters take heed. Two-Three-Six must win.

\$2,000 Reward.

Any person or persons calling at our Drug Store, Theatre Hill, and asking to see the signatures of different persons who have taken delivery of the following orders which were given for "Stafford's Liniment" and by us not being able to produce them, will be given the sum of \$2,000. If this is not plain enough for you that Stafford's Liniment is selling in one, two, three and five gross quantities, what is it? St. John's, March 7th, 1913.

Received from Dr. F. Stafford & Son in good order and condition the undermentioned goods: 2 gross Stafford's Liniment. Signed,

St. John's, April 23rd, 1913. Received from Dr. F. Stafford & Son in good order and condition the undermentioned goods: 5 gross Stafford's Liniment. Signed,

St. John's, April 30th, 1913. Received from Dr. F. Stafford & Son in good order and condition the undermentioned goods: 5 gross Stafford's Liniment. Signed,

St. John's, May 22nd, 1913. Received from Dr. F. Stafford & Son in good order and condition the undermentioned goods: 2 gross Stafford's Liniment. Signed,

St. John's, June 4th, 1913. Received from Dr. F. Stafford & Son in good order and condition the undermentioned goods: 1 gross Stafford's Liniment. Signed,

St. John's, Sept. 7th, & 22nd, 1913. Received from Dr. F. Stafford & Son in good order and condition the undermentioned goods: 5 gross Stafford's Liniment. Signed,

P. S. - These are only a few of the orders we have received during this year, others can be seen at the same time. sep19,13

Cable News.

Special to Evening Telegram. SYDNEY, To-day. As the result of the visit of Detective Hanrahan to Halifax, warrants were issued yesterday for the arrest of William Madden, brother-in-law to the late B. S. Atkinson, who was found dead August 15th last on Mira Road, and Mrs. Atkinson widow of the dead agent Mrs. Atkinson is complicity, accessory before fact, same charge made against Madden. Both released on bail \$7500 each.

OTTAWA, To-day. The actual meaning of the wheat provision in the New States Tariff has been misunderstood, as an examination of the new provision shows. The general impression that Canadian wheat can secure free entry if Canada places wheat on free list is erroneous; wheat, flour, semolina must all be placed on Canadian free list before wheat, wheat flour and products or any of them can be admitted to States. The interval between passage American Tariff Act and assembling of Parliament here will provide plenty of opportunity for considering the whole question and ascertaining the effect of American charges upon trade.

NEW YORK, To-day. Total paid attendance at the baseball game at New York yesterday 36,281. Total receipts \$75,256. Of this sum National Commission receives \$7,625, two clubs \$13,546 each, players \$10,655.

Your eyesight troubles can again be attended to with the usual care by E. H. TRAFLET, at his Optical Rooms, 197 Water Street - Oct2,13.

DIED.

Passed peacefully away after a lingering illness, Thomas Coady, aged 77 years, leaving a wife, two sons, brother and sister to mourn their sad loss. Funeral on Thursday, at 2.30 p.m. from his late residence, 82 Pennywell Road. This morning Edwin C. darling child of Isaac and Lucy Richards, aged 10 months.

A Wonderful Discovery.

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think!

As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison! Not one species of microbe has been found that Zam-Buk does not kill!

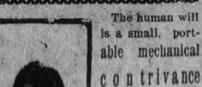

Then again, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day Mr. Marsh, of 101 Delorimier Ave., Montreal, called upon the Zam-Buk Company and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and a few months it cured him. To-day—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., St. John's, Newfoundland, S.21

The Human Will.

The human will is a small, portable mechanical contrivance which enables a man to say no when he has had enough for all practical purposes.

There are two kinds of wills—stout and flabby. There is also the kind which is also the kind which is always going around the corner to take a drink just when somebody would like to use it.

There are several ways of cultivating the will, the most of which is to strike it twice in the back of the head with a good resolution and sit on it in a determined tone of voice.

When a will has been treated in this manner for a few times in succession, it will not attempt to drag the owner out of bed for a mild eye-opener in the form of three fingers in a large tin tub.

A stout will is one which never has to be massaged by inserting a home tobacco cure in the coffee.

A flabby will is a popular variety which has to back up against electric bitters and the eubeb cigarette in order to let go.

After a will has become halter broke and doesn't have to be driven with kicking straps, nobody will have to ask the owner where he stands on anything from a mulet petition to women's rights.

One of the finest specimens of case-hardened wills ever produced in this country is owned by "Bob" La Follette, who has been using it to annoy and disconcert some of our costliest citizens.

If it were not for the human will and the Australian ballot, the plain people of this country would have about as much to say as a deaf mute with an impediment in his speech.

The man who invented the word "can't" was a lineal descendant of the invertebrate jellyfish and had his will extracted before he got into long pants.

If there was more will and less wind in congress, the ultimate consumer would stand almost as much show as the pork barrel.

The best kind of will power does not have to be propped up with horrible example or death-bed scenes, but stands erect on its own feet and meets all comers.

Backache Vanishes Rheumatic Pains Go

Few Doses of Croxone Ease Stiff, Sore, Swollen Joints and Nerves, Relieving Backache and Bladder Disorders.

If you suffer with backache—have pains in the neck or sides—nervous or dizzy spells—a few doses of Croxone will relieve the congestion and you will be surprised how quickly all kidney, bladder and rheumatic troubles will disappear.

Croxone promptly relieves these diseases because it really does reach the real cause. It soaks right into the walls and linings of the kidneys, cleans out the stopped-up inactive organs, neutralizes and dissolves the uric acid and makes the kidneys sift from the blood the waste and poisonous matter that lodge in the joints and muscles to scratch and irritate and cause rheumatism. It soothes and heals the delicate linings of the bladder and gives the kidneys renewed strength so they can filter the blood and keep you well.

Croxone is different from all other remedies. It is so prepared that it is practically impossible to take it without results. An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if it should fail in a single case. 888

Pointers.

The people of the Battery are today denouncing bitterly the conduct of the Tories who held a meeting at that place last night. The few stalwarts were continually shouting in favor of Reidism and Morrisism.

Very earnest endeavours were made by the Tory candidates to get admittance to some of the houses. But there were stout refusals, the one retort being no "pulletts" or turn coats allowed in.

As the latter term, which means the worst kind of a political deceiver, applies to Higgins and Bartlett as well as to Howley, all three are thinking seriously of throwing up the sponge before nomination day.

This would certainly be a wise procedure on the part of the Tory trio, as they are not going to get a look in anyhow, their defeat will be so bad that the triumphant victory of the Liberal candidates, Kent, Dwyer and Ryan will be handed down for generations.

Judging from the encouraging reports received from different sections of the island there is every indication and every reason to believe that the reign of the graballs will soon cease and that the country will be saved from further bankruptcy and disaster by Sir Robert Bond the Statesman.

That Money. Is It Reid's?

In an endeavour to make political capital McGrath, who is looked upon as the "lowest and basest creature in public life," squeals every day that there is a bet of \$400 at the Herald office uncovered. It is not at all likely that this amount will be uncovered at the place mentioned, in view of the "Little Jap" incident.

BY THE WAY.

The Morison organ speaks of the great audience that listened to the Tories at the Battery last night. The school room where they met holds considerably less than 100 children so that the public are the best judge as to the large crowd that the Tories had last night.

The "Pullett" and his tribe made the worst break in their lives last night because they were accompanied by the "hoodoo gang, notably 'Coady' Moore, the Bureau of Intelligence and 'Councillor' Mullaly, the laughing stock of the City Council.

Higgins' main point of argument—"logically" of course—last night was an attack on Sir Robert Bond. He had in his hand a photo of Sir Robert which he used to repeatedly dash against the wall. What next?

The most side-splitting piece of fun was Harry Bartlett's—de Barge—speech on railways.

"Pullett" Howley was as ridiculous as ever. He spent most of his time telling his hearers of the bad cold he got—caused by not going home to roost regularly—and of the great industry that he is going to open in the East End, giving employment to 200 people. This is the same sort of bluff that the "Pullett" got off to the electors five years ago. But it won't work this time.

At the Battery the Tories will get seven votes. That includes from "Wood's" dock to "Chain Rock." This is another striking illustration of the overwhelming majority that Kent, Dwyer and Ryan will have. The "Pullett" came home last night with all his tail feathers gone; what will happen after October 30th. Too awful to contemplate!

All over the country the household phrase is "Bond Can't Lose!"

Exploits Acclaim Bond and His Colleagues.

Special to Evening Telegram.

EXPLOITS, To-day. The D. P. Ingraham arrived here about 8:30 last night and at 8:30 a public meeting was held in the Orange Hall, addressed by the three Opposition candidates. The hall was crowded to overflowing and the greatest enthusiasm prevailed. Mr. Jennings, who spoke first, made an excellent impression. Mr. CRT came next in a strong appeal; Sir Robert Bond followed in a speech of over two hours in which the whole career of the Government was reviewed and condemned in scathing terms. The audience was worked up to intense interest and excitement which found expression in ringing cheers. This was the Tory stronghold, but it has been stormed and captured. Hundreds of Tories satiated the visitors on arrival and ringing cheers followed them as they left to board the steamer. The Liberal Leader opened the campaign here, and his reception has been a triumph. It was the greatest meeting ever held here.

Shoe Worker's Trouble.

Editor The Evening Telegram. Sir,—A rumour has been circulated about the city that the men on strike from the Newfoundland Boot and Shoe Company have been trying to force the Union Stamp on the Company's boots, but we wish to inform the public that such is not correct. H. H. VAUGHAN, Chairman. L. O'KEEFE, Vice-Chairman. JAMES CAUL, Sec. Strike Com.

Nickel Theatre.

The Nickel Theatre was filled to overflowing again last evening and the programme pleased all. Mr. Cameron's song "A Little Man" brought down the house, while Mr. Fleming was warmly applauded. This evening there will be a new programme of pictures but the vocal selections will be repeated.

The Police Court.

Two drunks were discharged. A nine year old boy who was charged with vagrancy, will be looked after. Three boys for beating a man on Lime Street were each fined \$5 or 14 days. Three men for loose and disorderly conduct, were fined \$5 or 14 days. Two boys for indecently assaulting a little girl had to sign bonds.

Coastal Boats.

REID'S SHIPS. The Argyle left Marytown at 6:50 p.m. yesterday, going west. The Bruce leaves Fort aux Basques after arrival of Monday's No. 1. The Clyde arrived at Lewisport at 8:30 p.m. yesterday. The Dundee left King's Cove at 6:20 p.m. yesterday, outward. The Eble left Carbonar at 3:05 p.m. yesterday. The Glencoe was not reported since leaving Fort aux Basques on Monday. The Home left Fortune Harbor at 3:45 p.m. yesterday, outward. The Invermore left Tyllingate at 4:05 p.m. yesterday, coming south. The Kyle arrived at Makovick at 5 p.m. Monday, going north. The Magie left Flower's Cove at 7:45 p.m. yesterday, coming south. The Fogota left Lewisport to-day.

Stafford's Liniment cures Rheumatism, Lumbago, Neuralgia and all Aches and Pains. For sale by J. J. Whalen, corner Gower and Colonial Sts. Open every night.—oct 7, 11

Refute Herald-News Lies.

Special to The Evening Telegram. ARGENTIA, via Placentia June, To-day.

The News of the 4th states that the Liberal meeting held here fell flat. They had to stand for cheers for Tories, which is a lie. There was not one interruption, but deafening cheers for Sullivan, Summers and Carly. Their meeting here and at Marquise were the most enthusiastic ever held here. The Herald of the 6th states the Tories held a successful meeting here Saturday, which is another of Pater's lies. They disturbed the public peace and violated the laws of the Church and State by holding Sunday meetings which was broken up by routing cheers for Sullivan, Summers and Carly. The ex-candidate was not removed from the hall. Morris will not get enough Tories in Placentia Bay to remove him if all his followers are like the rowdy hecker he brought here with him. The only person who moved was one of his Tory hecker's from Placentia, whose unpopularity here is well known. We will not take any more notice of those misleading messages, until the writer comes out over his own signature. "Bond can't lose!"

PETER MEADE ALPHONSUS POWER.

No Use for Downey.

Special to Evening Telegram. LITTLE RIVER To-day. Arthur English, the popular Liberal candidate, held a meeting at Coffroy on Monday night, every vote was present; he spoke for two hours to a most appreciative audience. All for English, no use for Downey ground here.

Making Good.

Last year when we stated that the success which the Fairbanks Morse engine had attained in the Maritime Provinces would be repeated, many thought it impossible. To-day every fisherman will admit we have made good our promise. This spring we could not supply Fairbanks engines quickly enough so great was the demand for them, and fishermen who last fall bargained for engines of other makes cancelled their purchases and bought the old reliable Fairbanks Morse.

At the Battery here, where last year we heard of engines of every make except Fairbanks being bought, our motor is held in high esteem and every fisherman even those who are using other makes will admit that the "Fairbanks Morse is a good engine." As a matter of fact ask any man in any place where there is one of our motors, his opinion, and you will find him loud in his praise of the Fairbanks.

The new kerosene burning engine will give the same satisfaction as the gasoline motor did last year. The fact of not one complaint from any of the large number of purchasers this year is the best proof that Fairbanks Morse engines are making good. GEO. H. BARR, St. John's.

TESTIMONIAL. Bay Roberts, Oct. 4th, 1913. Dear Sir,—As to how I find the Fairbanks Morse engine I may say it gave me perfect satisfaction in every way, and so simple that a child can operate it. I also tried running her on Kero oil and had every satisfaction even then. Yours truly, GEO. HIERLIHY.

Special Meeting of the International Boot & Shoe Workers' Union, Local 482, will be held in the Mechanics' Hall this Wednesday evening, October 8th, at 8 o'clock. F. W. KAVANAGH, Recorder.—oct 3, 11

Don't Want Rubbish.

Special to Evening Telegram. HR. GRACE Last Evening.

The citizens generally condemn the practice of using government telegraph lines by monopolizing public messages with political one-sided news. They get sufficient politics and rubbish in papers and would rather have public messages fit to read.

Rossley Theatre.

There was a good audience at Rossley's last night who greatly enjoyed the amusing and interesting act of Harry Rose, the American ventriloquist and his partner Geo. They received great applause and are certainly most entertaining. The pictures shown are splendid. "The Sleepy Tramps" make every one laugh and the dramatic picture, "The Price of Man" and "Punchers Law," are themselves well worth a visit, and the "Shipwreck" on the English coast is a fine sight of the angry sea. It is an all-round good show and will be shown again to-night.

Cape Report.

Special to Evening Telegram. CAPE RACE, To-day. Wind east, light, weather fair; nothing sighted to-day. Bar, 29.92; ther, 42.

Daily Investment News

Canadian Disbursements and an offer.

Some statistics compiled by the Financial Post of Canada, illustrate convincingly the huge amount of Canadian interest and dividend disbursements payable from the first of the month to the end of the year.

Thirty-eight millions is the total given for disbursements by all Canadian companies whose securities are listed on the various Canadian exchanges. But this figure does not include the double-digit large payments of those companies listed on Canadian exchanges deriving their revenues from outside sources, and whose capital is largely held in Canada.

Maritime investors will enjoy a goodly share of these disbursements, and it is to them that this Investment House offers its seasoned services. A copy of our October "Investment Offerings" would be a good thing to send for now.

J.C. Mackintosh & Co. 237-237 1923 Members Montreal Stock Exchange

R. C. Power—Manager for Mill, 232 Beachworth St., St. John's, Halifax, St. John, Montreal, New Glasgow, Fredericton.

Here and There.

The schr. Ramona is at Channel taking salt bulk codfish for the Gordon Pew Co. of Gloucester.

WEATHER REPORT.—The weather up country to-day was calm and dull, temperature about 40 above.

SAGONA SAILED.—The Sagona sailed yesterday for the northward taking a large freight and several passengers.

FOR BELL ISLAND.—The s.s. Mary sailed this morning for Bell Island and the Hawk sailed at 1 p.m. with a full freight.

PETTY THEFTS.—Detective Sgt. Byrne and Constable Tobin are now enquiring into a series of petty larcenies that occurred recently.

FISH PLENTIFUL.—Codfish are reported plentiful around Bonne Bay and fishermen there do well when weather conditions are favourable.

LOG CUTTING.—The A.N.C. Co. are preparing for the log-cutting season and are already engaging men who are being offered bigger wages than formerly.

INVERMORE REPORTED.—The s.s. Invermore reached Badde's Harbor yesterday on her way south from the Labrador. She should arrive here at noon to-morrow.

RETURNED TO HARBOUR GRACE.—Mrs. Owen Kearney has returned to Harbour Grace. She has been here placing her daughter at Littlefield Academy.

MORAVIAN SHIP.—The Moravian Mission ship Harmony will make another trip to the Labrador this season. The Harmony is now at Bennett's premises unloading fish.

ON FLOATING DOCK.—The three-ported schr. Arthur H. Wright is now on the floating dock for cleaning and painting. She is also having some repairs made to her bow.

SLIGHTLY IMPROVED.—The many friends of Capt. P. Delaney, ships' husband of the Reid Nfld. Co. who has been so very ill, will be pleased to hear that he is now slightly improved.

LOCAL FISHERMEN.—Yesterday the few local fishermen who were on the grounds found codfish plentiful. They returned with good catches.

BISHOP MARTIN HERE.—Bishop Martin, accompanied by his six-year-old son, has arrived from Nain by the Moravian Mission ship Harmony. The Bishop had been labouring the past fifteen years on behalf of the Eskimo, and appears in perfect health. He leaves by the S. S. Digby.

POLICE FORCE.—Three new recruits who are now being drilled by Sgt. Noseworthy have joined the police force, filling the vacancies of those who could not live on the sympathy of the Picnic Premier and "Porgie" Don, and went abroad to look for employment.

THE TERRA NOVA.—The S. S. Terra Nova which underwent extensive alterations and repairs, is now at the South Side in perfect condition for the leafless next spring. It is understood she will sail here in the Gulf in charge of Capt. Wm. Bartlett, the Commodore of the fleet.

ORDERS NOW TAKEN for our New Pack Island Brand BONELESS CODFISH.

JOHN CLOUSTON, 2 & 4 Water St. East, St. John's, Nfld.

WILL ENTER HOSPITAL.—Mr. Eli Dowden, of Tack's Beach, Placentia Bay, is about to enter hospital for treatment. He is suffering from tuberculosis of the knee, caused by injuries received six years ago. He came to town for medical examination and will return in a short time after receiving the attention of the hospital staff.

Change of Surgeons.

Staff-Surgeon Harold Chater, R.N., with Mrs. Chater, is now on the s.s. Mongolian. He comes to succeed Staff-Surgeon Carberry of the s.s. Calypso. Mrs. Chater is very well known here, being a daughter of Mr. Frank Arnaud, who was the first manager of the Royal Bank of Canada of this city. She is a first cousin of Mrs. Gordon Winter. Whilst extending a cordial welcome to Mr. and Mrs. Chater, general regret will be felt at the departure of Staff-Surgeon Carberry. His efforts on behalf of the public welfare will long be remembered. His assistance to Dr. Macpherson in the "First Aid" movement has been invaluable, as also his many services to hospital work. With Dr. and Mrs. Carberry will go the best wishes of their many friends and the gratitude of all who received surgical treatment from the doctor.

Looped the Loop Twice

In an Aeroplane, Starting at a Height of 6,000 Feet—More Sensational Feats by French Aviator.

London, September 27.—The French aviator, Pegoud, again performed marvelously at the Brooklands Aerodrome yesterday. Immediately on arriving he stepped into the machine and was strapped down. Amid a burst of cheering the engine was started and the monoplane began its swift ascent. When Pegoud was 6,000 feet up there was a cry from the spectators, "he is coming down," and almost immediately he dived straight toward the earth. Then he overtook the machine on its back and for nearly a minute flew upside down. It seemed incredible that the machine could be in this position for so long and most of the spectators thought their eyes must be deceiving them. When at the end of a minute he turned his machine right again it was clear he had outdone his feat of yesterday.

He would have thought this was a thrill enough, but in the same descent Pegoud turned his machine on its back again. By this time he had dropped to about 4,000 feet, and it was thought he was coming to the earth, but to the astonishment of the crowd he commenced his ascent. Again he climbed to about 6,000 feet, and then turned the nose of his machine sharply to the earth. What followed was even more sensational for Pegoud actually looped-the-loop twice, one movement following the other immediately, and before he came to the earth he turned his machine on its back again. When he landed there was a wild burst of cheering and the crowd broke through the barriers and rushed to meet him.

The young British aviator, Gustave Hamel, said that he hoped to emulate Pegoud's exploit. "I have just ordered a Bleriot monoplane of the identical type of Pegoud's," he stated. "As far as I can gather from Pegoud's exhibition, and from what I know of angle flying, I am convinced myself that whole problem rests with the human being. M. Bleriot tells me that my own flying with the short wings I used in the Aerial Derby is far more dangerous than any of Pegoud's feats. He is convinced that with my experience I have been flying much longer than Pegoud, I shall be able to fly upside down the first time I try. At first I shall only try flying upside down for a few seconds. When I know that the feeling is not I shall consider whether or not I have the nerve for more."

PRESENTATION.—Mr. William Martin, senior member of Martin Hardware Company, who lives shortly for England where he will reside in future, was presented last night with a handsome umbrella, accompanied by an illuminated address, by his employees. The presentation was made by Mr. Cahill and the recipient made a suitable reply.

MINARD'S LINIMENT CURES GARTEN IN COWS.

To New York In a Bottle.

Unique Craft is Being Built in Secret in France.

Paris, Sept. 20.—From Paris to New York in a bottle—such is the latest sensation. Under one of the archways of the Pont St. Michel, on the Seine, two men are working in the greatest mystery on the construction of a cylindrical, bottle-like craft, which is to take them across the Atlantic. The model of it is of wood and tarred cardboard, with strong hoops of iron. It is about 30 feet long by 7 1/2 feet across. There is a manhole at each end. The master of this curious craft has turned 70 and wears a blue suit with no shirt underneath, and no shoes on his feet.

The old man is a Greek, Constantine Panofoti by name. His father was a business man and left a comfortable little fortune, which the son devotes to alleviating the sufferings of his less favored compatriots. "I propose to build a craft," he says, "measuring 325 feet, and driven by three 15-horse power motors, which will develop a speed of 70 miles an hour. The secret of my invention lies in the action of the propellers, which will enable my bottle to revolve upon its axis at a dizzy rate.

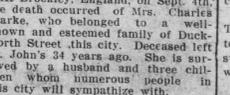

The persons inside will be on a floor fitted with rollers, which will remain completely stable. My pupil and I intend to go from Paris to Havre, and thence to New York. "My boat," he added, "has no keel. If by a shock or any other cause a leak is sprung, a stroke of the propeller causes it to turn upside down, and a leak can be repaired without the least danger."

Obituary. JOSEPH ROWE.

A message was received in the city yesterday announcing the demise of Mr. Joseph Rowe, sr., who passed away at Heart's Content, his native place. Deceased who was 70 years of age, was favorably known and always took an active interest in the public affairs of the Colony. Deep sympathy will be expressed for the bereaved family.

MRS. CLARKE. At Brockley, England, on Sept. 4th, the death occurred of Mrs. Charles Clarke, who belonged to a well-known and esteemed family of Duckworth Street, this city. Deceased left St. John's 34 years ago. She is survived by a husband and three children, whom numerous people in this city will sympathize with.

Always stretch out the body fully when sleeping. When the limbs are crossed or the body curled the rest is not so much benefit.

DODD'S KIDNEY PILLS. GREAT KIDNEY DISSOLVER. CURES RHEUMATISM, BRUISES, BRIGHT'S DISEASE, DIABETES, GRAVEL. PREPARED BY DR. J. C. DODD, 23 THE PRINCE STREET, LONDON, W.

The Latest.

Tory pawns, particularly the "admiral" man, are becoming very desperate these days and will almost do anything to save the West End. Their latest is to scour the city and round up all the Chinamen and other outlandish people they can find, for the purpose of getting them naturalized before nomination day—our forgetting, of course, to see that they will vote for Morris. But the "admiral" man need not worry because the Tory Leader and his colleagues are as flat as a pancake (politically) in the West, where the watchword is "2-3-6 and BOND CAN'T LOSE!"

Personal.

Magistrate O'Reilly returned to Placentia by this morning's train. Miss Kathleen Power, sister of Mr. Rev. Bishop Power, left by last evening's express. She is going to take up her studies in Ottawa, and carries the best wishes of her large circle of friends.

Household Notes.

A teaspoonful of salt and one of pulverized soap added to five cups of starch will give a fine glass to starched clothes.

Starch water is very bad for the stomach and for the complexion. Cold water, kept in a pitcher in the refrigerator, is not unwholesome.

If linen on which ink is spilled is promptly soaked in sour milk and left for a few hours, then rinsed in cold water, the stains will be removed.

A delicious extract of either oranges or lemons may be had by passing the rinds off as thin as paper and putting them into a bottle of alcohol.

If clothes are sprinkled at night to be ironed the next day, cover the clothes basket with a big heavy blanket, and it will prevent mildew or staining.

A rellish made of one can of pineapples, mixed with finely chopped celery, is well liked. It is covered with French dressing and served on lettuce leaves.

If the article around the mill seems dry and stiff and there is a tendency to hangnails, rub in well a little vaseline or cold cream every night before going to bed.

To preserve matting covering on floor and keep it perfectly sanitary, cover it first with a damp cloth, let dry thoroughly and then give it a thin coat of clear varnish.

Saw one or two turkey wings. They are the best brushes in the world to use around a stove and splendid for sweeping closet shelves. Weight the wing with iron until it dries.

When giving sticky medicines to children, heat the spoon by dipping it for a moment in hot water, then pour in the medicine and it will slip easily from the spoon.

Put pockets on the underside of aprons near the right hand edge and they will be found just as convenient for use, yet will not catch on door-knobs and get torn.

When a small clock is beyond repair do not throw it away, but keep for sickroom use. Set the hands each time medicine is given to the hour.

To keep white gloves clean in a muff have an adjustable lining of white silk or satin that may be fastened in over the dark lining of the muff with invisible nooks and loops.

WIRELESS FROM MONGOLIAN.—Messrs. Sheeh & Co. received a wireless from the S. S. Mongolian, this afternoon, saying she was then 120 miles east of St. John's.

Try a 1/4 lb. Red Label for 10c. It is the best value you can buy.

HENRY BLAIR

Sole Agent in Newfoundland for Lipton, Ltd., Tea, Coffee and Cocoa Planters.

ELLIS, COWAN and SCOTT.

To the Electors of St. John's West:
A few weeks hence you will be called upon to cast your vote for the Candidates to represent the above District in the House of Assembly for the next four years, and a few words with reference to the various 'nominations' may not be amiss.

SIR E. P. MORRIS.
I will first take the record of the present Prime Minister, Sir Edward Morris, who is posing at the present time as the 'Saviour' of our country. His name has been figuring lately in some notorious dealings, especially in connection with the famous 'Morison' Timber episode, and his direct denial that he never, in all his public career had any dealings, either remote or otherwise in any shady speculations in connection with the disposal of certain mineral rights, especially properties to outside capitalists, although his name appeared recently in a 'Prospectus' as holding a number of shares, together with other prominent public men, the facts of which have already appeared in your paper. As this matter has never been cleared up, perhaps it is possible that Sir Edward might publicly and by affidavit deny same. Otherwise he will be ranked in the same class as Piccott and others of that ilk, who have been striving their utmost since they became Crown Ministers to loot the Public Chest right and left. The 'Morison' affair is too well known to the intelligent readers of the 'People's Paper' to need further comment on my part, suffice it to say that Morris condoned the Minister of Justice's acts right through and even went so far as to say that it was perfectly ridiculous to think that Morris had any real motive in this famous deal as far as his honesty and integrity was concerned. It would also be interesting to know what Morris thinks of the now historical 'Clare the Griper' letter which he did his utmost to fleece Mark Gibbons out of his just rights in a sale of timber property made some time ago to one Soy, and it was only on an appeal to the Courts of Justice that Piccott was made 'cough up' Gibbons' portion of the spoils. These gentlemen, is the man who is appealing to the West End Voters for a further return to power to enable his Executive Ministers to sell the best interests of this poor old country for mere financial gain, and personal aggrandizement. The people well know that at some of the notorious 'goings on' the past four years of Tory administration, and should they have any chance, and God forbid, a further lease of power, then the outcome is inevitable.

A Well Wisher of CLEAN ADMINISTRATION: St. John's, Oct. 6th, 1913.
Lest You Forget.
Labourers and Workmen generally, do not forget that you are being served out to you by Morris's padded papers, how interested he is in your welfare, and that his greatest interest in you and your families is the one thing that goes between him and his sleep. Are you going to allow Morris and P. T. McGrath to pull the wool over your eyes? Are you going to allow yourselves to be made a laughing stock by such 'chickens' as are you laborers as forgetful as Donald? Do you men, you laborers, forget how you were turned off the dock stevedores and the poor section men compelled to come in off the line and take your places on the steamships with a cargo of rails? Do you laborers forget that your President was threatened with imprisonment if he didn't get off the premises, by one of the 'swelled-head' bosses? Is the little labor that you are getting there now, to gull you until after election day, going to cause you to be made a laughing stock by the same thing to forget how you were treated by Crosbie, when he packed you off his premises, when Piccott, the strike-breaker, ordered to Bay Roberts and other outposts to get men to take your places, and to the credit of those men, when they refused to do so, he had them arrested, and sent them to jail? Do you men, you laborers, forget how you were treated by the 'chickens' who were being used they work? Yes, I ask you laborers do you forget, are you going to forget, get on Polling Day? Are you going to bow down submissively to such tyrants, such slave drivers? Are you going to let Morris, whose name is a man of 'iron', so much for John R. We now come to Michael J. Kennedy, and what do we find to justify in the least degree, his loss of suitability for re-election. Simply read the list of Government building contracts, and lo, and behold, the firm of M. & E. Kennedy figure in colossal sums. Paid patriotism alright, and a great incentive for Michael to follow up his leader through thick and thin. The above is only a mere bagatelle of some of the doings of the famous trio, and I could recite many more outrageous pickings which possibly you are already aware of.

Now we come to the Opposition candidates. Just make a comparison and what do you find? Here are names ever figured in huge land scandals? No. Have they ever been guilty of wrong doing in any capacity, whether private or public? The answer is obvious. Why? Because they are thorough gentlemen, and that is saying a lot, honest and true in their methods of doing business, not political crooks who would barter their birthright for a mess of pottage.
HIS HONOR MAYOR ELLIS, who is leading the Opposition ticket does not need any introduction or comment, suffice it to say that he is a man of sterling worth, and one who has been noted for his philanthropic work for many years. In his capacity as Mayor, he has always shown wise judgment in all movements appertaining to the welfare of the city, and the people have yet to be shown any of his predecessors who have done better work for the municipality. When he represented the District of Ferryland some years ago, he proved himself a faithful member in every conceivable way, and his constituents had good reason to be proud of the excellent work inaugurated by him for the district. Possibly the most outstanding feature in the Mayor's life is his long and honorable connection with the T. A. and B. Society, and his untiring efforts on behalf of Temperance. He is, as I have mentioned, an honored member in the above Society, and his good work in that body will be a lasting monument to the faithfulness of a man whose efforts will not soon be forgotten. This gentleman is only a brief synopsis of the career of the West End Opposition Leader, and it is unnecessary for me to say that if elected, as he surely will, that his numerous talents will be brought to bear in no uncertain way, for the welfare of our country

In general. We now come to Mr. Ellis's right hand man.

MR. HARRY E. COWAN.
of the firm of Hon. John Anderson, who has proved himself in a very short time, one of the shrewdest business men of Water Street. As a platform speaker he has very few equals in this country, and his wonderful energy combined with business acumen, should make him one of the most successful members of the House of Assembly. He is a great favourite both in Church and Social affairs, and his advice is eagerly sought in these directions. There is no doubt whatever but that Mr. Cowan is one of the coming public men of the country, and I predict for him a brilliant success at the forthcoming elections. Our esteemed townsman.

MR. J. P. SCOTT.
is the third man on the Liberal ticket. He is well known to us all as a successful business man, and his great favouritism in Church and Social affairs, and his advice is eagerly sought in these directions. There is no doubt whatever but that Mr. Cowan is one of the coming public men of the country, and I predict for him a brilliant success at the forthcoming elections. Our esteemed townsman.

Monday Night's Liberal Canvass.

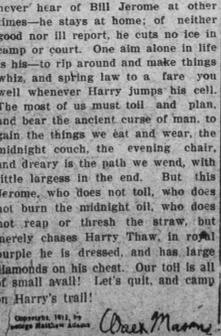

Upwards of 250 committee men accompanied by their chosen representatives Messrs. Kent, Dwyer and Ryan left the Committee Rooms, Mechanics Hall, Monday evening at 8 o'clock and proceeded to Georgetown, commencing at Barnes' Hotel and after canvassing every house in the following places, namely, Belvidere, Circular, McDougall, Fleming, Maxse, William, Mullock, Allendale Streets, Hayward Avenue, Catherine Street and Monkstown Road. They met with a grand reception, several homes were brilliantly illuminated and some were even decorated with flags, many bearing the motto: 'Bond Can't Lose.' This, with the cordial reception given voluntarily by the residents of the Electoral Division, and the fact that the Liberal vote on record on the 30th inst., as victory is perched on the Liberal Banner and as was shown Monday night by many of the young voters standing in their doorways flags in hand floating to the breeze in confusion - letters: "BOND CAN'T LOSE!"
Last night the Committee and candidates visited the higher levels and canvassed Paradise, Spencer, Field, and Scott Streets, Merrymeeting Rd., and right in around that vicinity also Freshwater Road. The reception received was unprecedented in the history of that section. The universal cry from every eight houses out of ten were BOND CAN'T LOSE! and Morris Must go!

Your Duty.

Nothing to do with the Custom House, good friend. It is only reference just now is to yourself. Let me suppose that you are a man of family with sufficient of the world's goods to keep them in comfort. Very well, you did not reach this satisfactory state of affairs without care and labour - few men do. Suppose you are awakened some night with shouts of alarm ringing in your ears. Too late then to talk of prudence; too late then to say: "If I had only etc., etc." That "if" means too much to many forgetful people. Is it not always the duty of a self-respecting citizen to protect his home and thus provide for those within it. Is it any more than his duty to those depending on him to protect them as far as possible? Can you call your property your own when it is not insured? The answer to this argument is to carry insurance with Percie Johnson's agency, the most popular office in Newfoundland and the least expensive.

Jerome.

Jerome, his gripsack stuffed with law, keeps on the trail of Harry T h a v. Whenever Harry flees the coop, Jerome lets out a mighty whoop, and chucks some statutes in his grip, and goes upon a flying trip. No other aim in life has he than just to chase poor Harry T., and legislate him into jail whenever he has hit the trail. When 'Thaw' is safe in domestic sleep, Jerome drops out and goes till Harry Thaw cuts loose again. We never hear of Bill Jerome at other times - he stays at home; of neither good nor ill report, he cuts no ice in camp or court. One aim alone in life is his - to rip around and make things white, and spring law to the face of well whomever Harry jumps his cell. The most of us must toil, and plan, and bear the ancient curse of man, to gain the things we eat and wear, the midnight couch, the evening chair, and dreary is the path we wend, with little largess in the end. But this Jerome, who does not toil, who does not burn the midnight oil, who does not reap or thresh the straw, but merely chases Harry Thaw, in royal purple he is dressed, and has large diamonds on his chest. Our toil is all of small avail! Let's quit, and camp on Harry's trail!

The Warning.

At the end of October when the dead leaves are falling
And the fresh printed ballots in their boxes will fall,
A voice from the shades unto Morris is calling
When he had not expected such a summons at all.
Don't shiver and shake said the mild apparition
I'm come to your side with no evil design,
I'm the spirit of those who hold the commission
Of asking you now to prepare to resign.
For nigh on five years you have been the chief ruler
Of Newfoundland's sons and their Government, too!
But how have you ruled them - now keep a bit cooler -
By picnics and grabs you enriched your own crew.
Like you I was once a shrewd politician,
And like you I had a great love for the chest;
So now you like me must meet demolition for the men Terra Nova loves best.
Just think how the people do worship the leader
Of the great Liberal Party of which they're so fond,
Who has in the past from disasters oft freed her,
Newfoundlanders you know ever glory in Bond!
So now please, Sir Edward, be up in the morning,
And pack up your goods and be ready to 'git' -
And do not be angry with such a short warning
The I know from the chest it must grieve you to quit. M. J.

The Greatest Invention for the Fishermen.

We can justly claim to have been the pioneers in introducing Motor Engines for fishing boats in Newfoundland, with the result that today, they are an absolute necessity to the fishermen.
Every fisherman knows the benefit it would be to have an engine in his boat, but he also knows, by the experience of others, that on account of the present high price of Gasoline, it takes nearly all the profit of an average voyage to pay for the Gasoline.
We have recognized this for some time, and have investigated all the best known Kerosene Engines on the market, but none of them came up to our requirements until the Mianus Motor Co. invented the
"MIANUS KEROSENE ENGINE."
\$ 40 H. P.
We immediately accepted the Agency for the "Mianus" convinced by our past experience of Marine Engines that it possessed all the good qualities so long sought for in a Fisherman's Engine.
The cost of operating a Mianus Kerosene Engine is CONSIDERABLY LESS THAN HALF THE COST OF OPERATING A GASOLENE ENGINE OF EQUAL POWER, AND IS MORE EFFICIENT.
Kerosene can be obtained at every Harbour in Newfoundland and Labrador. Gasoline cannot.
The Mianus is a working man's engine and is so substantially constructed, that there is nothing to wear out for years.
It is powerful, reliable and simple to operate.
As proof of its great power, a 3 H. P. MIANUS turns a 15 inch 3 blade propeller at 550 R. P. M.; 5 H. P. turns an 18 inch 3 blade; 7 1/2 H. P. turns a 22 inch 3 blade; and 10 H. P. of a 24 inch 3 blade, etc.
COMPARE THESE WITH OTHER ENGINES BEFORE BUYING.
Nearly all the Marine Engines are guaranteed for one year only. Mianus is GUARANTEED BY THE MAKERS FOR THE LIFE OF THE ENGINE.
It will benefit every fisherman to write us for further particulars about Mianus Kerosene Engines, because it is the Engine you will eventually buy.
Write us to-day for CATALOGUES AND PRICES.

Wise Spending a Fine Art.

BY RUTH CAMERON.

Most people think that earning money is a great deal harder than spending it.

And of course it is if the spending is done in a haphazard manner. But to spend wisely and well, to know what and when to buy, and above all to know what and when not to buy is a very difficult thing.

A great many people in these days of careless spending seem to be obsessed by a passion for buying, not because they really want or need the article purchased, but because they enjoy the act of buying.

A friend of mine who has been doing her fall housecleaning showed me a basket of things she was about to dispose of. Some of the things were useful or beautiful articles which had seen their days of service and were receiving an honorable discharge. But many others were foolish little things which had been bought not for any purpose of ornament or utility, but just the pleasure of buying. There were several felt penknives which had been purchased at county fairs; there were a couple of cheap paper candle shades which had looked well in the shop, but had seemed so tawdry when she got them home that they had been hastily discarded; there were half a dozen souvenirs of various kinds, possessing all the ugliness and futility of the average souvenir; there were two fancy baskets. "I don't know what on earth I bought those for," she com-

mented. "They are pretty enough but I had more than I could use before. A woman brought them round to the door one day and they seemed so cheap that I bought several."

How many things that we do not need or want are bought for just that reason because they seem so cheap and we are exhilarated by the sense of getting a bargain!

As a matter of fact, we are not getting a bargain at all, for the best value in the world is not a bargain when it is something you do not need or want.

A friend's collection of articles to be disposed of is typical. Most of us could make a similar collection in our own garret, which means that most of us are sometimes foolish enough to buy just for the pleasure of buying.

A friend of mine, after wandering restlessly about examining everything finally purchased half a dozen post cards in a little country drug store where we waited for the trolley on a vacation trip. "For whom are those?" we ventured to ask. She had already sent cards to all her friends and relatives. "They're not for anybody," she answered. "I just thought I'd buy a few because they're so pretty."

Later I saw those same cards cluttering up her writing desk. Evidently they will find their way into the garbage, and from there into a collection of articles to be disposed of.

"It isn't the big things that eat up the money," someone has said, "it's this, that and the other."

To earn money is hard enough, to spend and refrain from spending intelligently, is even harder.

Ruth Cameron

Household Notes

Cut off the bottom of an old water bottle and then cut the rubber into strips up to the curve at the top to make a whip or beater for couches, mattresses, pillows, etc.

If eggshells are to be used for clearing coffee the eggs should be well washed before they are broken and the shells should be kept in a covered receptacle until needed.

A Neglected Cold May Cause Consumption.

Thousands of people die every year from the effects of this dreaded disease which, if treated in its first stages with

MATHIEU'S SYRUP of Tar and Cod Liver Oil and other medicinal extracts, will cure the diseased lungs and give strength to the patient. Sold every where.

WESTERN UNION TEL. CO., Church Point, N.S., May 9, 1908. Blacking & Mercantile Coy., Ltd., Amherst, N.S. Dear Sirs.—Yours of the 22nd inst. received re Mathieu's Syrup. I have been using the article in my home for the last seven or eight years, and know of nothing better to use when one is subject to cough or cold. In fact, we would not be without it for twice its value. I have very much pleasure in recommending this article, and in selling it over the island I have the same report from our customers.

CHARLOTTETOWN, P.E.I., July 27, 1908. Blacking & Mercantile Co., Ltd. Dear Sirs.—Yours of the 22nd inst. received re Mathieu's Syrup. I have been using the article in my home for the last seven or eight years, and know of nothing better to use when one is subject to cough or cold. In fact, we would not be without it for twice its value. I have very much pleasure in recommending this article, and in selling it over the island I have the same report from our customers.

SYDNEY, C.B., July 20, 1908. Dear Sirs.—Yours of the 22nd inst. received re Mathieu's Syrup. I have handled Mathieu's Syrup for one year, and find it one of the best sellers in a cough medicine that I have ever handled. I am ordering one Gross from your traveling to-day, as I sold the last bottle in stock yesterday.

Cable News.

Special to Evening Telegram.

NEW YORK, Oct. 7. Philadelphia athletes won the first of the World Baseball series against the New York Giants by 6 to 4.

PANAMA, Oct. 7. The village of Tomosol, according to an unconfirmed report was destroyed by an earthquake Saturday last. Tomosol had a population of 300 persons.

LONDON, Oct. 7. It is officially stated from Clarence House that the Duke of Connaught will accompany the Duke to Canada, sailing October 17th and also Princess Patricia. Yesterday the Duke and Duchess and Princess Patricia motored from Baginboto to Clarence House, where they will reside until their departure for Canada.

BOSTON, Oct. 7. The steamer City of Atlanta arrived here today from Savannah, bringing the crew of the Boston schooner Frank B. Withers, which capsized near Cape Hatteras last Friday night, after collision with a steamer. The fact that no loss of life occurred was due to the promptitude of the Chief Officer and a boat's crew from the steamer.

MEXICO CITY, Oct. 7. Several changes in the Huerta Cabinet have been made. The new Cabinet are: Minister of Foreign Relations, Querido Moheno; Minister of Interior, Garsa Aldelap; Minister of Finance, Adolfo de La Lama; Minister of Public Instruction, Garcia Morago; Minister of Public Works, Jos. E. M. Lazano; Minister of Justice, Ensign Gerosticta.

NOME, Alaska, Oct. 7. Fire broke out in the storm-swept city of Nome. The flames attacked the Pacific Cold Storage Plant in which was stored the chief supply of meat for the winter. The fire apparatus was destroyed by the flames. The front street became a seething mass of wreckage. The seas broke in the streets and caused fresh destruction. Hundreds of people are homeless.

LONDON, Oct. 7. The Sydney N.E.W. correspondent of the Telegraph says that the announcement that the Imperial Government has decided not to call a Naval Conference has caused surprise, mingled with some resentment, especially as it synchronizes with the arrival of the Australian warships. Minister of Defence Milten, said tonight, supposing the intelligence to be officially confirmed it would require considerable justification. He declared the agreement of 1909 had not been carried out by the Mother Country, and that Australia ought to know what are the intentions of the Imperial Government, what it thinks of the needs of defence in the Pacific and what it would do to meet these needs. The hope is expressed on all sides that the Imperial Government will reconsider its decision.

If Child Is Cross, Feverish And Sick.

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing, to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has a sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, they give a teaspoonful of "California Syrup of Figs," and in a few hours all of the constipated waste, sour-bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

Hr. Grace Notes.

The rush for Telegrams at the Post Office on Saturday night after the arrival of the mail, must have sent a strange feeling down the spinal cord of the few Tories around. There were not half enough to supply the demand. One former Tory remarked: "Well it does look as if Bond can't Lose, and he's right."

Rev. T. B. Daryl arrived by Saturday night train from Canada. The Rev. gentleman conducted service in the Kirk yesterday forenoon and Rev. W. Swan officiated at the evening service.

The death of the Rev. James Sinclair, which took place at Gordon Lodge at about 9 o'clock last night, calls for the sincere sympathy of all our townpeople for the afflicted family of this old servant of the church.

Mr. Sinclair came here some months ago and took up his duties as Pastor of St. Andrew's Church. His powerful yet plain explanations of the

Clark's Pork & Beans

Quality, flavor, and perfect cooking combined. The maximum of nourishment and palatability. Just heat—then serve minimum trouble and cost.

truths of the Bible, won for him many friends, who regret his almost sudden removal from us. Mr. Sinclair was stricken with paralysis on Friday forenoon while he was making arrangements for that night's service. The kind friends at the "Lodge" did all they possibly could for him, and nurse Sheppard was telegraphed for, arriving on Saturday night. Dr. Parsons and Dr. Cron were constantly in attendance, but he gradually weakened until the time mentioned above, when this old servant of the Master laid aside his life's work and quietly passed to his reward. His remains will likely be brought to Truro, N.S. for burial, beside the remains of his wife who died some years ago. To the bereaved sons and daughters we join with all our citizens in sending sympathy.

Mrs. Gallagher and her three children who had been visiting her parents Mr. and Mrs. J. C. Ash left for her home in Boston by Saturday's train. They were accompanied by Messrs. Hedley and Ross Ash, brothers of Mrs. G., who go to America probably to make their home there. We wish these young men and all connected with them much success in their new home.

Miss Winnie Parsons, daughter of Mr. and Mrs. R. S. Parsons is teaching the Methodist School, South Side Harbor Grace.

A case of life saving by a very young lad came under our notice the other day, and on investigation we find that it little Patrick Moriarty, 4 year old son of Mr. and Mrs. William Moriarty belongs the credit of saving a little companion from drowning one day last week the little lad and his chum Ted. While they were playing at the dock premises, when Ted accidentally fell in the water. Immediately Pat ran to his grandmother's (Mrs. Hayden's) home near by shouting to her to come quickly as Ted was drowning. Mrs. Hayden ran out and gave the alarm, and young White was taken from the water in an unconscious state, and considerable difficulty was experienced in reviving him. This is no doubt the youngest life-saver we have in this town or perhaps in the island.

—COR.

Hr. Grace, Oct. 6, 1913.

Baltimore, Md., Nov. 11, 1908. Minard's Liniment Co., Limited.

Sirs.—I came across a bottle of your MINARD'S LINIMENT in the hands of one of the students at the University of Maryland, and he being so kind as to let me use it for a very bad sprain, which I obtained in training for foot races, and to say that it helped me would be putting it very mildly, and I therefore ask if you would let me know of one of your agents that is closest to Baltimore so that I may obtain some of it. Thanking you in advance I remain,

Yours truly,

W. C. McQUEEN,
14 Paul street,
Care Oliver Typewriter Co.,
P.S.—Kindly answer at once.

Cutting a heel shaped piece out of an old overshoe and pasting it in the heel of new overshoes prevents the heel wearing out while the rest of the overshoe is comparatively new.

Had a Stroke of Paralysis

And Found a Cure in Dr. Chase's Nerve Food.

It is always better to prevent serious diseases of the nerves. There are many warnings, such as sleeplessness, irritability, headaches and nervous indigestion. Exhaustion, paralysis and locomotor ataxia only come when the nervous system is greatly exhausted. Even though your ailments may not yet be very serious, there is a great satisfaction in knowing that Dr. Chase's Nerve Food will cure paralysis in its earlier stages.

Mrs. B. Bright, 215 Booth avenue, Toronto, writes: "Two years ago my husband had a stroke which left him in a weak, nervous condition. He started taking Dr. Chase's Nerve Food and Kidney-Liver Pills, and we saw the good results almost immediately. They have made a new man of my husband and we cannot speak too highly of them."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50, all dealers or Edmanston, Bates & Co., Limited, Toronto.
