YOUNG MEN'S CLUB

Association Formed of Bridgetown Young Men Having for its Aim Sports and Recreation Combined with Clean Living and Christian Influences

As noted in last issue of the Monitor-Sentinel a club is being organized by the young men and older boys of the town. This organization is somewhat in the line of the Y. M. C. A. and is intended to encourage clean living, good character and healthy amusement and to promote a feeling of fellowship and common interest.

A meeting was held on Friday night last at the home of Mr. J. M. Fulmer, who has been chosen as leader. The club will be self-governing under the supervision of an executive and an advisory body of older citizens. Elections resulted as follows: President—Harlan Phinney. Vice Pres.—Elton Burns.

Secy.—Kenneth Dodge. Treas.—Forest Connell.

Executive Com.—J. Harry Hicks, Henry B. Hicks, Dr. M. E. Armstrong. Advisory Com.—A. F. Hiltz, H. M. Chute.

The objective features of the club were stated to be:—Development of character and promotion of clean living. The departments include: Religion, educational, physical and social. Clean healthy sports will be given their due amount of attention.

Bridgetown has reason to be proud of the spirit thus in evidence in her coming generation and should lend them all the encouragement possible.

Well Known Commercial Traveller Drowned

L. R. McLaren, traveller for the Canadian Drug Company, and Angus Martin, his driver, were drowned in the Murray River, P. E. I., on the 8th. They left Murray Harbor North, at 10 o'clock at night to drive to Murray River on the ice. They broke through the ice and were drowned. Mr. McLaren belonged to Moncton, where his family resides. He had been in the employ of the Canadian Drug Co. as a traveller, since 1907, and was recognized as a very good man on the road. He made many friends and was well known. He at one time carried on a drug business in Digby also in Kentville.

THOROUGHbred ANIMALS AND PLANTS.

"There is as much difference between thoroughbred and ordinary plants as between thoroughbred and ordinary animals." This statement is made by D. M. Ferry & Co., of Detroit, the greatest flower and vegetable breeders in the world, and appears in their 1910 Annual Catalogue just issued. They argue for the great value and economy of thoroughbred seeds. "Any fundamental natural law which applies to animals applies equally to plants," a good cow (i.e. a thoroughbred) eats no more than a poor one, but may give twice as much butter-fat. "Good blood" makes as much difference with corn as with cows. But thoroughbred plants, like thoroughbred animals, are not produced in one or two generations, for no matter how superior an individual of common origin may be, its progeny are as a rule like the general run of its antecedents. Hence the need for seedsmen like D. M. Ferry & Co. They have experience, the best plant breeding equipment in the United States, and the choicest stocks for many generations. D. M. Ferry & Co's Seed Annual for 1910 may be had free of charge by writing to them at Windsor, Ontario. It contains much of interest for those who think.

Men Refuse the Coal Company's Offer

Glouce Bay, March 13.—The result of the conference between General Manager Butler, Assistant General Manager McLoughlin, representatives of the citizens, and the men out of work, by the Coal Company, The Morning Chronicle correspondent was informed that the liberal offer made the men out of work that they would be taken back at the collieries and given good places has not been accepted by the representatives of the men out of work, and the negotiations for settlement are now finally off as far as the Company is concerned.

The men, it is learned, were desirous of getting back as members of the Union, which the Company would not consider for a moment. The only thing left for the men to do is to seek employment individually, as the Company will not agree to take the men back in a body.

C. P. R. Main Line Blocked

Numerous Snow Slides Near Glacier Forty Bodies Have Been Discovered.

Nelson, March 10.—The main line of the C. P. R. is now completely blocked by numerous snow slides and all trains now go around by the Crow's Nest Pass. This morning a slide occurred at Glacier, seven telegraph poles in length, or over 1,000 feet, and thirty feet deep and so filled with rocks and trees that removal is difficult. General Manager Daris' special train is now somewhere in the mountains, but it is entirely cut off by slides. At Rogers Pass forty-four bodies in all have been recovered. Among those taken out was one Japanese, in whose hands was a plug of tobacco and an open knife, showing the suddenness of the avalanche.

Find Refuge in the Children's Hospital

Wednesday Mrs. Egan, of the S.P.C. was called to Africville, save the Herald, where it was reported two small children had been burned and were not being properly attended to. On investigation the facts proved only too true. The two little ones were the children of Mabel Howe, a colored woman, who has left the house and the children locked in it. It is alleged that they fell on the stove. Mrs. Egan found that the right arm of one little girl was badly burned and blistered, and the cloth was sticking to its arm, causing the child a great amount of pain. The other little girl, who was about a year old, had the side of her face burned, and it was raw. It had nothing on its face for protection consequently they were in agony when Mrs. Egan found them. They were at once taken to the Children's hospital treatment.

The agent of the society speaks in glowing terms of the way in which the hospital is filling the long needed want. This case points to two evils, first, that there should be some police control or some like authority exercised over such delinquents as this How woman, and, secondly, that the city should take immediate steps to move that blot on the city of Halifax—Africville—a place which at once strikes the eye and nose of the visitor on reaching Halifax. Mrs. Egan states that the place is in a terrible condition and there are other small children there which need the attention of human workers. The children's hospital had been doing splendid work. There are already seventeen children in the different cottages. Several little ones with club feet and deformed hands are being operated upon and will be made as good as new.

Advertise Your Products.

"Growers of fruit and vegetables for local markets should advertise their goods," says the Canadian Horticulturalist. "It is thought by most market gardeners, if they think about it at all, that advertising is an unnecessary and expensive luxury. This is not the case. Advertising means salesmanship and, as a result, increased business.

There is no reason why men who have fruits and vegetables for sale in a local market should not call people about them through the home newspapers. The man who does this will step in advance of his neighbor. His produce will become better known and customers will look for it and ask for it. Advertising is being done more and more each year by the leading growers in the United States, and they are unanimous in its favor. It can be made equally successful in Canada. Further suggestions will appear in our next issue. In the meantime, gardeners and fruit growers that have tried advertising through the press or otherwise, are asked to tell others through the Canadian Horticulturalist what they think of it. Advertising news in all other lines of business. Why should it not pay in gardening?"

Are you frequently harassed? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by all dealers.

LAW THAT NEEDS AMENDMENT.

The bastard laws of the Province are not Christian. They should be amended so as to give an illegitimate child a claim on its father for support until it is of age. As the law now stands, at the instance of the overseers of the poor the father of such a child gets scot-free by paying from \$50 to \$150, and when that is spent the innocent child is on the poor. If a man causes a child to come into the world should he not support it until able to look after itself?—Eastern Chronicle.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable and have been ordered by thousands of women who have been restored to health through their gentle and curative properties. Sold by all dealers.

Annapolis County Temperance Alliance

The Annual Meeting Held at Middleton Passes Many Resolutions.

The annual meeting of the Annapolis County Temperance Alliance was held in Morrison's Hall, Middleton on March 8th.

In the absence of the president, Dr. M. E. Armstrong, Fred E. Cox, occupied the chair. After prayer by Rev. Wm. Phillips the reports of the secretary and treasurer were submitted by Rev. G. L. McCain and adopted. A balance of \$7.35 was reported in the treasury.

The officers were elected as follows: Pres.—Dr. M. E. Armstrong, Bridgetown. Vice Pres.—A. M. King, Annapolis. Secy. Treas.—Rev. Dr. Jost, Bridgetown.

Executive.—Col. S. Spurr, J. P. Stronach, Jos. Hines, Capt. G. A. Morris, A. O. Price, H. S. Parker, Chas. Withers, Fred Parker, Walter Purdy, Rev. I. A. Corbett, Rufus Whitman, T. A. Chipman, Ed. Rice, C. F. Armstrong, Fred Morse, J. F. Bent, A. D. Thomas, Jas. Jackson, A. M. Spinner.

Annapolis Royal.—Jas. Carder, F. W. Pickles. Bridgetown.—Harry Hicks, J. W. Peters. Middleton.—I. Young, Fred E. Cox. Moved by Rev. Wm. Phillips, seconded by Col. Spurr that the secretary be instructed to write to Hon. O. T. Daniels and Jos. Bancroft, M. P. P., asking on behalf of the Alliance that they support the resolution in favor of Provincial Prohibition to be introduced in the legislature about March 22nd.

Pastors of the county were requested to have petitions to the same effect as above, and the resolutions were circulated among the various churches and congregations. Rev. G. L. McCain and Fred E. Cox were appointed a committee to prepare the petitions.

The Secretary was instructed to write the presidents of the Liberal and Liberal Conservative associations asking that the Provincial Prohibition be introduced in the House of Assembly who are consistent temperance men and supporters of provincial prohibition.

A plan of organization recommended by Secretary McCain in his report was adopted. It was that for carrying out the work of the Alliance the county be divided into three divisions, Annapolis Royal being the center, Bridgetown for the second and Middleton for the third, and that one of the three officers of the Alliance be chosen from each district or the chairman of the members of the executive in his district. As there is no officer this year from the Middleton district Mr. McCain was chosen as chairman.

A resolution was passed in favor of a campaign of pledge signing in the county. The district chairmen and members of the executive were requested to carry on the campaign in their respective districts.—Outlook.

Obituary.

MRS. ELWOOD MILBERY.

On March 1st, at her home of Hampton, Mrs. Jerusha Milbery, wife of Mr. Elwood Milbery, passed away, aged 64 years. Mrs. Milbery was a daughter of Mr. John Taylor of South Berwick. In early life she united with the Methodist church of Berwick, of which she was a consistent member till her death. For many years she was confined to her home by poor health. After a few days illness from pneumonia the end came very peacefully. She is survived by her husband and son, Lewis, who will deeply miss a loving wife and mother. She also leaves three sisters and one brother. The funeral was conducted here by Rev. W. S. Smith. The interment was at Hampton.—Com.

ACCIDENT AT HECTANOGA.

A fatal gunning accident occurred at Hectanoga a few days ago, save the Courier, whereby Mr. Monde Saulnier, formerly employed as a steamer by Mr. George Cook of Yarmouth, has since died. Mr. Saulnier with a young man named Babine, went into the woods gunning, when the latter was stricken with epilepsy and fell discharging his gun. The contents entered Mr. Saulnier's feet, followed by blood poisoning, which resulted in his death on Wednesday night of last week. He was forty-two years of age and was a bachelor. He leaves his mother, two brothers and one sister living in Yarmouth.

Missionary in St. James' Church Tonight

An unusually interesting missionary meeting is promised in St. James' school room this Wednesday evening.

The speaker will be the Rev. B. H. A. Haslam, who has been working in India for some years. Of Mr. Haslam and his address the Rural Dean of Shelburne writes: "He will probably give you an hour's address full of information of all kinds, instructive and very fine. Interest never flags. Every member of your congregation should bear this talk, and as many others as you can get to attend. He describes several staves in a missionary's life and work and leaves the audience with prejudices removed and a very good conception of work in that part of India where he is sole missionary. He has a large number of curious illustrative of domestic life."

This conception has since been confirmed by the people of Annapolis where Mr. Haslam gave addresses on Sunday last.

The meeting will commence at 7.30 and the public are cordially invited. A silver collection will be asked to be devoted to missions.

Rev. A. J. MacDonald Leaves For New Pastorate in Picton County

Rev. A. J. MacDonald, wife and child left on Monday for Little Harbor, Picton county, where they will in future reside. Gordon Memorial Presbyterian church was filled on Sunday morning last, many outside the regular congregation being present, showing the esteem in which the reverend gentleman is held by our citizens. On Thursday evening a farewell reception was held at the residence of W. R. Calder, being largely attended, at which a purse of \$75 was presented Mr. and Mrs. MacDonald. The reverend gentleman spoke feelingly of his regret that circumstances occasioned, his departure and of his deep attachment for the members of the church and his interest in the town in general.

Not only does Gordon Memorial church lose a scholarly preacher and spiritual guide but the town also loses a public-spirited citizen, who has devoted much time and attention to matters of civic importance, while Mrs. MacDonald's place in social and musical circles is one not easily filled.

The people of Bridgetown will unite with the Monitor-Sentinel in all good wishes for Mr. and Mrs. MacDonald and the hope that Mr. MacDonald's restoration to health may be speedy.

Fish Scarce

Dealers Say Commercial Fish Have Not Been So Marked in a Long Time.

Local fish dealers are still complaining of the scarcity of fish, says the St. John Times. A wholesale merchant said this morning that it was a long time since he had known conditions in the fish market to be the same as at the present time. The price, especially for wholesalers, was very high, and fish were scarce. He attributed the latter fact, he said, to bait not being plentiful, and to the weather along the coast of late being inclement, high winds, and storms serving as an obstacle to the fishermen. Not only was it becoming very difficult to supply the wholesale market in the States, but it was also being felt that the quantity of fish on hand for home consumption was none too plentiful. On account of the season of Lent, the demand at present is very great.

"Now old boy make yourself comfortable, and let's talk over old times. Haven't seen each other since we were schoolboys together. I told you I had married. Well, this is my house, and my wife will be in presently. By the way you once lived in this district, didn't you?" Returned Traveller: "Yes, lived here some years." "Then you may have met Miss Brabazon?" "Met her? I was engaged to her. But so were all the other fellows, one at a time. What has become of her?" "Was—er—I was just going to tell you that Miss Brabazon has become my wife!"

MANUAL TRAINING

The Subject of Manual Training for Schools Discussed by Prof. Winfield S. Tucker in an Interview With a Montana City Paper.—Suggestions for Our School Board

"The main purpose of manual training is to furnish not alone a training of hand and eye, but a wide familiarity with industrial activity and to give something of a direct fitting for occupations, calling for skilled handwork, to create habits of attention and exactness, to encourage industry, perseverance and self reliance; to give to each individual pupil an opportunity to display his originality and inventive ability either in the making of a variation of the prescribed class models, or in the construction of articles of their own selection," said Winfield S. Tucker, who has charge of the manual training department of the Great Falls school in an interview with the Tribune.

"To meet this aim, the interest first, last, and all the time, must be voluntarily and enthusiastically manifested on the part of the boy. He should be permitted to construct such articles as he is most interested in within reason."

Mr. Tucker recently visited a manual training school in the vicinity of Boston, where class work was carried on by exercises. This school was equipped with every modern appliance in fact with everything a teacher's heart could wish for. The class was composed of boys from the sixth grade. An air of indifference pervaded the room. The visitor made his way among the pupils, noticing a boy perhaps fifteen or sixteen years old, who manifested a degree of disinterest in his work. He stopped and asked him what he was making.

"Oh, I'm making a worsted box," said the boy.

"Don't you care for it?"

"No."

"Do you have to make it?"

"Yes," said the boy. "I have to make it because it is the sixth article in the course."

"Well, what are you going to do with it?" inquired the visitor.

"Oh, I'm going to throw it on the floor and jump on it."

Now supposing that boy's mother said to him, "John, will you please make a box to keep my thread and worsted in," said Mr. Tucker, the boy would have replied, "Of course I will."

"The boy goes to his teacher and says, 'My mother wants me to make her a box to keep her work in. May I make it?'"

"The teacher says, 'Certainly, and you may begin it as soon as you have finished the work you are doing.' Now this boy has work which he is interested in. He is interested first because he is making it for his mother, whom he loves and whom he wishes to please, and that boy will make the best box he is able to make. He will continue to be interested in the making of that box to the day it is finished. He will give the teacher no cause to complain for lack of interest in his work, or inferior workmanship, or otherwise would be.

(page 5, second column.)

ADVERTISERS ARE REQUESTED to notice that changes of copy must be in the hands of the foreman not later than Monday noon to ensure publication on following Wednesday.

M. K. PIPER PROPRIETOR AND PUBLISHER.

WEDNESDAY, MARCH 16, 1910

In the opinion of the Monitor-Sentinel the time has come when the streets of Bridgetown should be named and designated. How many of our citizens know the name of any street outside of Granville street and Queen street? A citizen came into this office a few days ago inquiring about the name of the street on which he had lived for twenty years. After calling up the Town Clerk over the phone we were able to inform him that the name of his street was Park street. This street is frequently called School street, but the street designated as School street extends from the school house to Granville street opposite the Baptist church. The naming of the streets would be a great convenience not only to our citizens but especially to strangers who wish to inquire the way to any certain locality as at present it is often impossible to give accurate directions.

Commenting on the stand taken by the Maritime Merchant on the question of public ownership of the Intercolonial railway, the Moncton Transcript says:-

"This is a significant stand taken by a journal that is closely in touch with the business interests of the Maritime Provinces. As it rightly remarks, the people in the Maritime Provinces should appreciate what they have in the Intercolonial, and its advantages over a company service. Let public ownership and control of the I.C.R. be abolished and it would soon be seen what a tremendous mistake had been made. The hostility to company methods shown by people living in the territory traversed by company roads, should serve as a reminder to people in the east, of the wrong that would be inflicted upon communities along the Intercolonial, if the movement in favor of handling the Government road over to a company should prove successful. Keep the I.C.R. under government control."

Business Changes

Two of our business firms have dissolved partnership this week. The old established firm of J. H. Longmire & Son loses its junior partner, Mr. Curtis B. Longmire, who has been connected with the business about three years and who retires to take possession of the boat and shoe business which he has purchased from Mrs. E. A. Cochran. The business of the firm will remain in the charge of the elder brother, Mr. W. R. Longmire, who has had a long and successful experience in its management. The other firm is that of Moses & Young, provision dealers, from whom Mr. Louis Young retires. Mr. Moses will continue to cater to his patrons at the old stand on Granville street.

WHAT A SCARE DID

The United States officers are subjecting all travellers from Nova Scotia to inspection for smallpox, on the ground that smallpox is prevalent in that province. This is apparently the result of a ridiculous story in a morning paper recently to the effect that smallpox prevailed throughout almost the whole of Nova Scotia. That story was promptly proved to be untrue, but the inspectors apparently have not heard of it.—St. John Times.

There is said to be less drinking in St. John of late, but there is still too much. Families still suffer because that which should support them is wasted in dissipation. But the outlook for sobriety has vastly improved.—St. John Times.

Shiloh's Cure quickly stops coughs, cures colds, loosens the throat and lungs. . . 25 cents.

Tupperville.

Mr. and Mrs. B. W. Potter, of Clementaville, are spending a few days with their son, Mr. Leander Potter. One of Mr. Chas. Bent's daughters who is attending school at Bridgetown, is now at home on account of illness.

Stanley Kent is ill with pneumonia. Miss Blanche Bent, who is teaching at Trigonale, was at home over Sunday.

Potter Bros. are sawing lumber at Still Waters.

There are but a few apples to be shipped from the warehouse here. Mr. Edward Inglis, from Attleboro is visiting relatives here.

Deep Brook

Misses Josie and Sadie Sulis returned from a pleasant visit with friends in St. John.

R. W. W. Purdy made a business trip to Bridgetown last week.

The invitations are out for the marriage of Miss Emma Pearl LeCain to Willard Warren Henshaw, to take place at the residence of the bride's parents, Capt. and Mrs. S. C. LeCain at 8 o'clock on Wednesday evening, March 16th.

Mr. C. W. Pine has purchased through our local agent, Mr. Ernest Purdy, a 3 H. P. gasoline engine and an all steel saw gear for cutting cord-wood.

Mr. Jas. R. Dittmar, our popular grocer, has recently purchased a delivery team with which to cater to his many customers.

Miss Frances Gidney of Smith Cove has been visiting Miss Bessie Weir for past few days. She leaves today for Halifax, where her father is attending the annual session of Legislature.

Nictaux.

Mr. Handley Chipman of Tupperville, spent a few days of last week with his brother, Mr. F. M. Chipman. Mr. and Mrs. Morse Balcom and little son, of Lawrencestown and Mr. and Mrs. Johnson Neily of Tremont have been recent visitors at the home of Mr. and Mrs. W. P. Morse.

The body of the late Ingram Hatt of Boston will be brought here and interred in the Nictaux cemetery on Wednesday afternoon after the arrival of the express from Yarmouth. Mr. W. R. Hatt of this place is a brother of the deceased.

Since the fancy sale before Christmas the "Ready Workers" have been waiting. They will resume work on Thursday when they will be entertained by Mrs. Abner Morse.

At a recent meeting of the W.M.A.S. the members conferred the honor of life member on Mrs. (Daggon) Wm. Morse. Mrs. Gullford Morse entertained the Society last Wednesday afternoon.

Mr. Ingram Neily passed away very suddenly Sunday afternoon after a lingering illness at the age of eighty-two.

Mr. Harwell Morse, of Boston, is visiting his mother, Mrs. Ambrose Morse.

Miss Irene Balcom, of Middleton, spent Sunday with Miss Mary Chipman.

Mr. Irvin Morse is spending a few days with his sister Mrs. Fred Spurr, of Round Hill.

Fort Wade

The fishing schooner, Albert J. Lutz, Apt. came in last Tuesday with a fair load of haddock about 52,000 having sold 20,000 in Yarmouth, making nearly 75,000 for the trip.

It is reported that a ballast train will be put on this line the 20th of this month.

Foreman Flemming says he will have fifty men at work in a few days.

Messrs. Scourrah Bros. are doing a fine job bricking in the two large boilers of the power house. A month will be required to complete the work.

Frank Mills will have a carload of hay landed here from Grand Pre, Monday.

It is reported that negotiations are on in re a wireless station of the Marconi system for Fort Wade.

Quite a large party of the I.O.O.F. of this place attended the meeting of St. George Lodge at Digby Friday evening.

Our pastor, Rev. J. K. West is about beginning a service of meetings here and at Victoria Beach. Regular services of the Baptist church are held one Sunday afternoon at 2.30 and the following Sunday in the evening at 7. Services next Sunday in evening. Social service Wednesday at 7.30.

The rain and thaw Sunday will break up all lumber and timber operations here. Sorry too, for we planned on six weeks sledding this month.

108 Nox a Cold In One Day

The Great Lung and Cough Medicine

GUARANTEED 25c. a bot. at WARREN'S drug store. The sugar coating of strychnine pills with which she was playing, tempted Marjory May, the fourteen month old daughter of Mr. and Mrs. E. A. Bleakney, of Ottawa, to eat them, and also to feed them to her pet dog. The dog died in a few minutes, and the child was soon stricken with convulsions and died next morning.

Springfield.

L. E. Carter spent a few days at Halifax last week.

Mrs. Ambrose Eisenbaur, from Mahone Bay and Mrs. Laurie Eisenbaur from New Germany were the guests of Mr. and Mrs. S. P. Grimm on the 8th and 9th.

Mrs. F. Carter from Bridgewater was the guest of Mr. and Mrs. L. E. Carter on the 9th.

A picnic will be held by the ladies of the Union church in Bent's Hall.

A supper was given by the L.O.O.F. in Bent's Hall on the evening of the 19th. A large number of guests were present, and a very pleasant evening was spent.

A little son arrived at the home of Mr. and Mrs. Will Freeman the 13th.

Notice

I wish to inform the public that I have disposed of my interest in the Book and Shoe business to Mr. C. B. Longmire who will continue this business at the old stand. Thanking the public for past favors received and trusting the same will be extended to my successor.

E. A. COCHRAN

Having purchased the above business recently conducted by the late W. H. Cochran I would respectfully request that the generous patronage received by him in the past be extended to me.

C. B. LONGMIRE

DISSOLUTION OF PARTNERSHIP

The partnership hitherto existing between W. R. and C. B. Longmire, doing business under the firm name of J. H. Longmire & Sons, has been dissolved by mutual consent. C. B. Longmire retiring from the firm.

W. R. LONGMIRE C. B. LONGMIRE

The business will be conducted in the future by W. R. Longmire under the old name. Office at the wharf after this date. Bridgetown, March 14.

Did you ever hear any one say they could not get good coffee except in the States?

I have heard it, scores of times, and it's one of the reasons that made me decide to go into the Coffee business.

Of the Americans who visit us in summer, hundreds take home a supply of Red Rose Tea because they have never used such good tea before. I determined to put up a coffee that would make for itself just as good a reputation. It has not been easy, but I am sure I have succeeded.

Estabrooks' Red Rose Coffee, put up in sealed tins is—well, it's good coffee. You and your American friends will say so.

A good combination is Estabrooks' Coffee for breakfast and Red Rose Tea for other meals

B. Jacobson, Queen St.

New Wall Papers

Manufactured by the old reliable firm of WATSON, FOSTER Co. Limited, of Montreal who are the acknowledged leading manufacturers in Canada. We are also stocking a line of the Regular N. BOXER WALL PAPER Co. of Toronto.

We have the finest line of Wall Papers ever shown in town; and marked at our usual low prices.

Do not get fooled by buying from peddlers—as hundreds have. In a great number of cases you will either have to order more than you require and thus have paper on hand which is waste, or order too little and then find yourself short and unable to get any more; as peddlers never sell for any manufacturers.

We guarantee to all our customers that they shall not fall short if notified in a reasonable time.

We control every pattern of the Watson, Foster Co. goods which we show.

John Lockett and Son

OUR SPRING STOCK

is now open for your inspection. I will be pleased to have you call and see our NEW CLOTHES.

SATISFACTION GUARANTEED.

Strong and Whitman

Ruggles Block, Bridgetown.

LOCAL AND SPECIAL.

Evidence that spring is here—ball and marbles.

Who will undertake to wake up our Board of Trade? Don't all speak at once.

The schools of Parrsboro have been closed on account of the prevalence of scarlet fever.

The Liberal-Conservatives will hold a convention here on Friday, March 18th in Ruggles' Hall.

The official duties of the Registrar of Deeds are conducted by Miss Frieda Giles with the aid of two assistants.

The schooner Dorothy is expected here tomorrow by J. H. Longmire & Sons on her first trip of the season from St. John.

Gordon Memorial pulpit will be filled on Sunday next, morning and evening, by Rev. G. M. McCain of Middleton, moderator of the Presbyterian assembly.

Prohibition petitions were presented in the house of assembly last week from the W.C.T.U. of Annapolis, Pictou, Truro, Wolfville, Kentville, Amherst and Oxford.

The schooner "Annie Blanche" which sailed from the Jorgens in December with a cargo of coal for A. M. King, Annapolis, only reached her destination last week, having been frozen in some time at Martin's Head.

There was no service in the Methodist church last Sunday, the morning service having been given up to allow the congregation to attend the funeral service of Rev. A. J. MacDonald and Rev. Mr. Johnson the pastor being too ill to take the evening service.

Building prospects for the coming summer are quite promising. Four or five citizens are talking of building a class of new cottages of moderate rent which should be an opportunity for some citizen with cash and enterprise.

Many of our readers will be interested in the sketch of the "Bear Hunt" published on our second page. The writer is a native of our county now in the Eastern part of the Province and doubtless the events recorded will be recalled by a number of our readers.

About 2400 barrels of apples have gone forward from the two warehouses at this station in the last two days for the English markets. About two thousand barrels remain to finish up this year's shipments. Latest record of prices resins in quoted No. 1 nonpareils selling at about \$2.00.

Much apprehension is felt at the various points along the South Shore over the small quantity of ice which has been secured. It is feared that this will seriously interfere with the shipment of fresh fish to the United States. Those who were expecting to do big things in the newly developed sword fishing industry are particularly apprehensive.—Exchange.

Preliminary steps have been taken by citizens of Bridgetown towards the celebration of Dominion Day. A committee of canvassers, A. Douglas Daley, Fred A. Robson and Arthur Cousins were appointed to solicit funds. It is proposed, besides other attractions to have a good programme of field and aquatic sports, the latter to include a motor boat race open to the Maritime Provinces.

Legislation is asked for in our Provincial Legislature to appoint a Commission to have full control of the Victoria General Hospital in place of Government management, as heretofore. The governing body will be known as the Board of Commissioners of the Victoria General Hospital, and shall consist of a chairman and two other members, who will hold their positions for five years.

The Cochran boat and shoe store passed into new ownership this week. Mr. Curtis B. Longmire having leased the stand and purchased the stock in trade. Mr. Longmire is not unacquainted with the commercial life of Bridgetown, having for several years been associated with the firm which retains the family name. This advantage with the fact that he is favorably known and has the goodwill of all acquires well for his success in this new venture.

An assault was committed on the D. A. R. train shortly after leaving Digby on its way to Yarmouth last Thursday afternoon. Twelve men, river drivers, boarded the train at Windsor showing signs of intoxication. Near Jeddertown some of the men entered the baggage car and while Fred Mosely was alone in the car they assaulted him, striking him in the head with a shovel. Two of the men were arrested and arraigned in Digby police court where they were fined \$10 each.

PERSONAL.

Miss Violet Simonds, of St. John is the guest of her cousin, Mrs. Alfred Hoyt.

Town Clerk Milnes returned yesterday from a brief trip to Halifax on local business.

Mrs. Percival Jennings, of Woodstock, N. B., is visiting her mother, Mrs. George Eaton.

Mrs. J. N. Hines, of Port George spent the past week with her sister, Mrs. Harry M. Chute.

Miss Jenny Kisteln, of Boston, will be Miss Chute's head-milliner for the coming year, and will arrive on Saturday next.

Mrs. Arnold B. MacKenzie will be "at home" on the afternoons of Wednesday and Thursday, 23rd and 24th, also on Wednesday evening.

Mr. F. C. Crookill, H. & S. W. station-agent, is suffering from a severe affection of the eye due to erysipelas, by which his sight is endangered.

Messrs. Harvey Graham and Arch Kinney who have spent the quiet season in Bridgetown, have gone on the road again for their respective houses.

Mr. and Mrs. R. Allan Crowe and Miss Annie Crowe returned on Wednesday last from the West Indies where they spent a portion of the winter.

Miss Stella Foster, who was compelled from ill-health to suspend her studies, having sufficiently recovered, has returned to Acadia Seminary, Wolfville.

Mr. and Mrs. A. B. McKennie are occupying their new home on Grandville street west, the former residence of Mr. W. H. MacKenzie, who will make his home with them.

Mr. Harry F. Bishop, who returned last week from a vacation trip to Bermuda, spent a few days in town before returning to his position in the Union Bank of Halifax at Liverpool.

Mrs. Bertha Michie, an old and well-known resident, is reported very low, death being hourly expected. Her disease is cancer from which she has been a sufferer for some months.

Rev. A. H. C. Morse, pastor of the Strong Place Baptist church, Brooklyn, has definitely declined the offer of the German street Baptist church, St. John.

Messrs. Charles Piggott and Milford Hopkins left for Prince Edward Island yesterday where they will purchase a car load of horses, to arrive about the first of April.

Miss Leta Brown has resigned an important and lucrative position with the Roosevelt Hospital, New York, to accept a position with the Bell Memorial Hospital, Kansas City, Missouri where she is superintendent of the operating room.

Manual Training.

(Continued from page 1.) Advanced work, such as construction of larger and more expensive articles, follows, where greater care and experience are needed. The ambitious pupil will willingly provide for his own such lumber as is required in the making at his own expense, that he may take home something of real value, paid for with his own money and the work performed by his own hands. The finishing of these pieces of work involves the use of wood-stain coats of the latter being applied rubbed and polished.

"The rooms to be used for this work are two very bright, sunny ones, one at the Washington building and the other at the Lincoln school. These schools, being centrally located are accessible to all the pupils in the city. The benches are to arrive within a day or two and then the department will be prepared to begin the work as above described."

Lecture

E. C. Young will lecture in the Court House on Monday evening, the 22nd inst, subject "FIVE UNIVERSAL KINGDOMS FOR THE FULFILLMENT OF THE PROPHECY." Half the proceeds will be donated to the Recreation Hall Fund for the County Institutions. Doors open at 7.30. Lecture at 8. Admission 25c.

The Best Thing for Bad Boys

Judge Choquet Says Juvenile Courts Are a Necessity and Will Come.

That ere long, juvenile courts with a detention home for delinquent offenders with successful operation would be an established fact in Montreal, was the opinion strongly expressed by Judge Choquet at a meeting of the Children's Aid Society says the Whelan. His Honor strongly deprecated the system of sending boys to a reformatory which was little better than a jail and where, in many cases, they learned the first tricks in dishonesty which eventually led on to a criminal career. The new system was to take the boy into their confidence, keep him in a place that was no jail and by human, fatherly methods, bring out the best that was in him.

Judge Choquet commenced an interesting speech by explaining the working of the present system of dealing with juvenile delinquents. All youths brought before the courts at the present time were brought under the Criminal Code, and every clause in it was a punitive one only. The only thing a magistrate could do was to have the boy arraigned, and if he pleaded guilty to send him to the reformatory or back to his old surroundings. If the lad pleaded not guilty he had to stand his trial and if the judge considered him guilty of the charge nearly always that of theft, the same procedure followed. There was no other option open and it would surprise them to find how often a judge was at a loss to know what to do with a boy.

Such a state of affairs was entirely unsatisfactory and the last thing it tended to do was to reform a boy. Of the number of boys sent to a reformatory school forty per cent. turned out satisfactory.

In striking contrast, Judge Choquet outlined the scope of the new bill which ninety-five per cent. of the boys would be sent to a reformatory school. It was broad in its application and boys violating any Criminal Code, Dominion or Provincial statute or the ordinance of any municipality would come under its scope. A detention home would be established where the boy could be kept until he came before the court, which would be a special one with its own judge. As soon as a case cropped up it would be referred to a probation officer who would investigate the circumstances and report to the Committee of the Children's Aid Society. The case would then be considered by the judge and then would come before the judge who would have all the facts before him and would consequently be in a position to know how to act. Such a case was tried in Chicago and in England, and had been eminently successful. It was based on appealing to the higher instincts of a youth, and was in no way punitive except when it was the only remedy to be tried. The creation of such a system was absolutely necessary in order to save boys who had made a mistake, more often through force of circumstance than really through any fault of their own.

WHAT EVERY WOMAN KNOWS

There was company at dinner, and father was carving his roast on a fine roast. Suddenly, though, the knife struck a skewer, made a sliding upward motion, and came out on top. Father endeavored to cover his real feelings with insipid jests about the indigestibility of roasted hardwood, and the advisability of a butcher's running a wood yard, and the like. There was an embarrassed silence. Will took advantage of it. "Cook has burned her nose ortal," he announced. "Too bad," muttered father, still wrestling with the roast. "How did she do it?" "Tried to pull them skewers out with her teeth."—Everybody's Magazine.

CANADIAN PLAYS THE GOOD SAMARITAN

wants to cure his friends

Mr. Everett L. Holland, a well-known Canadian, moved to the United States some time ago. The change of climate brought on a serious and painful illness, which three physicians said was Stone in the Kidneys, but were unable to relieve his terrible sufferings.

In his agony Mr. Holland thought of an old and reliable remedy which had a great reputation in his Canadian home—the famous Gin Pills.

He wrote to a former neighbor and secured a supply. On March 20th, last, Mr. Holland in a letter to the National Drug & Chemical Co., Toronto, said: "I am well."

He is now anxious to have Gin Pills put on sale in the United States in order to cure his new friends of Kidney and Bladder Troubles.

If you have any Kidney or Bladder Trouble take Gin Pills and we guarantee the cure or your money refunded. Gin Pills are sold by all dealers at 60c. In order to show our faith in these pills, we will send you a free sample on request. National Drug & Chemical Co. Dept. N S Toronto.

Manhood Suffrage For Nova Scotia

A bill entitled "The Nova Scotia Franchise Act" was introduced in the legislature on Monday, Feb. 28, by the attorney-general.

The purpose of the bill is to give "manhood suffrage" as the following clauses in the bill show:
Except as in this act otherwise provided every person shall be entitled to be registered as a voter for any polling division and to vote at an election of members to serve in the House of Assembly of this province, if such person—
(a) is of male sex.
(b) is of the full age of twenty-one years.
(c) is a British subject by birth or naturalization, and
(d) has resided in the province for one year and within the country in which he makes application to be registered as a voter for six months preceding the date of the application for registration under this act. Provided, that any person otherwise qualified who is at the said date a resident of said country, and who has been a resident of the province for one year immediately prior to said date, shall be entitled to be registered as a voter for country of and within which he was last a resident for three months during the said period of one year.

The following persons shall not be entitled to be registered as voters:
(a) Judges of the supreme and county courts.
(b) Persons disqualified from voting under the provisions of any act of the province relating to corrupt practices at elections.
(c) Persons of unsound minds, persons confined in any jail, penitentiary, asylum, or other public institution as inmates or prisoners, and persons retained as paupers under any act for the relief of the poor of this province.

SEIZURE COLD STORAGE EGGS—
Four Tons of Them Confiscated in Boston by Government Pure Food Inspector.

Boston, March 8.—On complaint of Dr. O. Henry Adams, government pure food inspector, U. S. Deputy Marshall Bancroft this afternoon made the largest seizure of cold storage eggs on record. The eggs, which had been removed from their shells and placed in 574 cans, were taken from the warehouse of the Quincy Cold Storage company in this city. They had been shipped from the Chicago firm of Maxwell and company, said by Dr. Adams to have been decomposed and unfit for such use as was intended in bakeries. Dr. Adams recently made a heavy seizure in New York and another in Philadelphia, this consisting of four dozen of eggs is the most extensive yet made in the United States. The government will confiscate and then after having denatured them with carbolic acid will sell them to tanning establishments, where they will be utilized in tanning fine qualities of gloves. The government expects to realize about \$1,000 on the seizure.

Chamberlain's Stomach and Liver Tablets invariably bring relief to "women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by all dealers."

CHEAP MAGAZINES.
An exchange says: A few years ago there were a few magazines printed of high literary merit. The transmission of these at low rates of postage was not in the interest of the country. Lately the country has been flooded with an enormous increase of so-called magazines. In reality they are nothing but a bundle of advertising matter bound in covers abounding in glaring colors with designs suitable for decorating a board fence. The reading matter is of the cheapest character—one good article, perhaps, and the balance a mass of literary uncleaned dough. These magazines are only intended to distribute trade advertising, and should be subjected to a heavy customs duty as well as a high rate of postage.

When we called last August at the Kooewatin mills, we reminded the Local Manager of that moth-eaten story—
About the mill owner who boasted that though his mill was the dirtiest in five counties his flour was clean.
The Manager laughed heartily, but shook his head most decidedly.

"My only regret," he said, "is that we're in such an out of the way place here. If we could only get more visitors, it would be the best advertisement FIVE ROSES could have."
"You don't hear so much about water-power mills these days," he continued as we watched the men putting in new stop logs, "maybe because they are so few. It certainly gives us a big advantage."
"In fuel economy?" we asked off-hand.
"A cleanliness above all," he quickly added. "You see how light, and airy, and free from dirt this plant is. The absence of a smoky chimney and steam power plant helps a lot."
The first impression one has of the FIVE ROSES premises is of immense size and spotless brightness and cleanliness.
The ventilation system is really wonderful. The sunlight penetrates everywhere, both on account of the large number of double-sized windows and the peculiar construction of the plant. Sunlight, you know, is the best of germs and bacilli.
When our guide regretfully declined a good Havana cigar which we had saved all the way from Winnipeg, we almost fainted.
It was only then we saw the placards on the walls—"Positively no smoking in the building."
Then five millers all uniformed in white, the spotless machinery with the metal parts polished like piano keys, the floors glistening like a ball-room.
We do honestly believe the FIVE ROSES mills are the most sanitary and hygienic in all America—and we have seen a few.
When you have been through the mills, Madam, you cannot but say to yourself—"FIVE ROSES flour must be pure, and nutritious, and wholesome."
And you are right.

Plain Talks to Women.

INJURIES & SKIN SORES—QUICK CURE.

A little child ran crying to her mother the other day with a nasty flesh wound and asked for Zam-Buk.

There lies a more powerful argument for Zam-Buk than even the scientists can bring. The child had had Zam-Buk before, and knew it eased pain and healed.

Zam-Buk works in two directions. Prevents worse results from a skin injury or skin disease (such as festering and blood poisoning) while it repairs the damage already done. Zam-Buk is entirely herbal, is pure, contains no trace of animal fat or mineral coloring. Surest and quickest known healer.

FATHER AND SON BENEFIT FROM USE OF THIS BALM.
Mr. Walter Adams, 177 Railway Ave., Stratford, says:—"My son, William, while playing barefooted about the back-yard, cut his little toe on the sharp edge of a piece of tin. The toe was cut at the first joint, and almost severed from the foot. My wife hurriedly bathed it with warm water, afterwards applying some lint thickly spread with Zam-Buk. The healing balm quickly checked the flow of blood, eased and soothed the pain, and prevented infection and more serious results. In a few weeks Zam-Buk healed the wound so nicely that my son was able once more to go about and also to wear his shoes without the slightest inconvenience. Not only is Zam-Buk valuable for wounds and cuts, but, as an embrocation, I have also found it effective for rheumatic pains."

Zam-Buk cures cuts, burns, scalds, ringworm, chert, cold cracks, and all skin diseases. Travels and stores, 50c. per box, or paid free from Zam-Buk Co., Toronto, for price.

ST. JOHN THE TERMINUS OF THE AUSTRALIAN LINE

C. P. R. Announces Sailings in the New Service—First Boat May Fifteenth.

Montreal, March 8.—The C. P. R. today officially announced the opening of the Australian Canadian service direct. It is in name the New Zealand Shipping Company, but is in reality the C. P. R. The first boat leaves Montreal May 15th, the Rakai. A month later the Wahatane sails and monthly thereafter. The winter port will be West St. John. The Australian ports will be Melbourne and Sydney; the New Zealand ports Wellington, Auckland, Lyttleton and Dunedin. Cargo will be taken for all other ports subject to trans-shipment. The vessels are of 5,000 gross tonnage and have cold storage equipment.

Chamberlain's Stomach and Liver Tablets invariably bring relief to "women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by all dealers."

CHEAP MAGAZINES.
An exchange says: A few years ago there were a few magazines printed of high literary merit. The transmission of these at low rates of postage was not in the interest of the country. Lately the country has been flooded with an enormous increase of so-called magazines. In reality they are nothing but a bundle of advertising matter bound in covers abounding in glaring colors with designs suitable for decorating a board fence. The reading matter is of the cheapest character—one good article, perhaps, and the balance a mass of literary uncleaned dough. These magazines are only intended to distribute trade advertising, and should be subjected to a heavy customs duty as well as a high rate of postage.

Chamberlain's Stomach and Liver Tablets invariably bring relief to "women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by all dealers."

AN OBSERVANT CHILD.
Little Adelaide was inclined to be cowardly. Her father found that sympathy only increased this unfortunate tendency, and decided to have a serious talk with his little daughter on the subject of her foolish fears.

"Papa," she ventured, at the close of the lecture, "when you see a cow aren't you afraid?"

"Why certainly not, Adelaide. Why should I be?"

"Well, when you see a dog, aren't you afraid of them?"

"No, indeed!" with marked emphasis on the "no".

"Aren't you afraid when it thunders papa?"

"Why, no," and he laughed at the thought and added, "Oh, you silly child!"

"Papa," and Adelaide came closer and looked into her parent's eye "aren't you afraid of nothing in the world but just mamma?"

Is Your Flour, Madam, Milled by Water-Power

When we called last August at the Kooewatin mills, we reminded the Local Manager of that moth-eaten story—
About the mill owner who boasted that though his mill was the dirtiest in five counties his flour was clean.
The Manager laughed heartily, but shook his head most decidedly.

"My only regret," he said, "is that we're in such an out of the way place here. If we could only get more visitors, it would be the best advertisement FIVE ROSES could have."
"You don't hear so much about water-power mills these days," he continued as we watched the men putting in new stop logs, "maybe because they are so few. It certainly gives us a big advantage."
"In fuel economy?" we asked off-hand.
"A cleanliness above all," he quickly added. "You see how light, and airy, and free from dirt this plant is. The absence of a smoky chimney and steam power plant helps a lot."
The first impression one has of the FIVE ROSES premises is of immense size and spotless brightness and cleanliness.
The ventilation system is really wonderful. The sunlight penetrates everywhere, both on account of the large number of double-sized windows and the peculiar construction of the plant. Sunlight, you know, is the best of germs and bacilli.
When our guide regretfully declined a good Havana cigar which we had saved all the way from Winnipeg, we almost fainted.
It was only then we saw the placards on the walls—"Positively no smoking in the building."
Then five millers all uniformed in white, the spotless machinery with the metal parts polished like piano keys, the floors glistening like a ball-room.
We do honestly believe the FIVE ROSES mills are the most sanitary and hygienic in all America—and we have seen a few.
When you have been through the mills, Madam, you cannot but say to yourself—"FIVE ROSES flour must be pure, and nutritious, and wholesome."
And you are right.

THE HOME

HOW MOTHERS CREATE THE LOAFERS.

The boy who is allowed to reach twelve years of age without doing a bit of honest work other than mere school work, won't as a rule do much work in life. A mother cannot begin too early in teaching the lesson that work is one of the chief ends of life.

It may be asked: What does one mean by work? Anything that calls for muscular application, coupled with a trifle of mental effort—kneading or spoon cleaning, or book blacking, and a hundred other small things.

It is not hard to set a boy to perform little tasks after school hours—let him understand that he must fill a useful place in the world, and by his own exertions do all he can to further the happiness and comfort of those around him.

ABOUT CORNS AND BUNIONS

Corns and bunions are produced as the result of wearing shoes that do not fit properly, that are either too large or too small. From pressure or irritation on the skin becomes hardened, and callous places occur.

More bread and Better bread —And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba hard wheat is acknowledged the strongest in the world—and that is the kind used for Purify Flour.

No Disordered Kidneys or a Weak Bladder if You Take a Few Doses of FIG PILLS

All Backache and Distress from out-of-order kidneys or bladder trouble will vanish, and you will feel fine. Lame Back, Painful Stitches, Rheumatism, Nervous Headache, Dizziness, Sleeplessness, Worn-out, Sick Feeling, and other Symptoms of Strained Kidneys and Liver disappear.

BEES AND FARMERS.

Bee-keeping Valuable Aid in Cultivating Crops. Bee-keeping is a valuable aid in the cultivation of fruit and seed crops.

A strong hive contains 10,000 bees in April, and from 60,000 to 80,000 in May. It has been discovered by skillful observers that the average load of nectar carried to the hive by a bee is about 2-10 of a grain.

The doctors inform us that nervous debility is increasing among us to an alarming extent, accompanied by low spirits and morbid irritability. The disease chiefly attacks those women who remain too much indoors.

Have used MINARD'S LINIMENT for Croup; found nothing equal to it.

CHAS. E. SHARP, Hawkeshaw, N. B., Sept. 1, 1905.

OVERWHELMED BY MISHAPS

Annapolis Royal, N. S., March 4.—What might have been a fatal accident occurred at Hillsbur, this county, early this afternoon, and at the hour of writing, the life of Edward Shaw is hanging in the balance.

One of the horses had tumbled itself so badly in the ice that it was necessary to shoot it.

THE "MARCHE MILITAIRE."

Dr. Ham's Musical Composition Created a Striking Scene in Quebec. Although the "Marche Militaire," by Dr. Albert Ham, played recently by the Toronto Symphony Orchestra at the National Choral concert, was composed a year and a half ago for the Quebec Tercentenary, it was not previously familiar to Canadians.

When Dr. Ham's march was first played it was the occasion of a strange demonstration which rather puzzled visitors to the Tercentenary.

The other day there arrived at Winnipeg on the coast, where he intends to interview members of the Dominion Government on the subject of preserving some of the old landmarks of the Prairie Provinces.

Secretary of the Council. The other day there arrived at Winnipeg on the coast, where he intends to interview members of the Dominion Government on the subject of preserving some of the old landmarks of the Prairie Provinces.

Couldn't Be Right There. A man came east for a visit. He found one day that he was not far from an asylum, where a cousin he had not seen for some years was engaged as a carpenter, and decided to stay off there for a day, and visit his relatives.

The New Zealand Lines. The greatest interest is being taken in New Zealand in an effort which is being made to establish a line of steamships from Montreal and St. John's and Halifax to various New Zealand ports, including Auckland.
