The copy filmed here has been reproduced thanks to the generosity of:

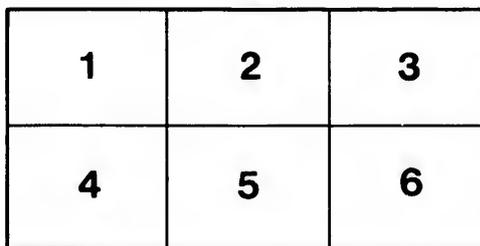

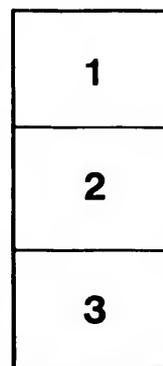

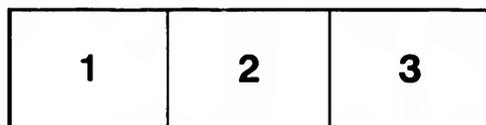

Anglican Church of Canada
Synod Archives

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Anglican Church of Canada
Synod Archives

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

PRAYERS

TO BE USED AT ALL MEETINGS OF THE SOCIETY AND OF ITS
SEVERAL ASSOCIATIONS.

PREVENT us, O Lord, in all our doings, with Thy most gracious favour, and further us with Thy continual help; that in all our works, begun, continued and ended in Thee, we may glorify Thy Holy Name; and finally, by Thy Mercy, obtain everlasting life; through Jesus Christ our Lord.
Amen.

O Merciful God, Who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live; have mercy upon all Jews, Turks, Infidels and Heretics, and take from them all ignorance, hardness of heart, and contempt of Thy Word, and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd. Prosper, O Lord, the labours of those societies of the Church in the land of our Fathers, which Thou hast deigned to use in the promotion of this object, and which have nourished the Church in the colonies; and bless in like manner with Thy Holy Spirit and Providential succour the Society in whose cause we are now met, and the undertakings which we have now in hand. "Prosper Thou the work of our hands upon us; O prosper Thou our handy work," for the sake and through the merits of thy Son Jesus Christ our Lord, Who liveth and reigneth with Thee and the Holy Ghost, one God, world without end. *Amen.*

Our Father, which art in heaven, Hallowed be Thy name, Thy Kingdom come; Thy will be done in earth, As it is in Heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation; But deliver us from evil; For Thine is the kingdom, the power and the glory, For ever and ever. *Amen.*

ANNUAL REPORT FOR 1873.

In presenting the members of the Society with a statement of the work accomplished during the year, the Central Board, notwithstanding the very depressed state of commerce, rejoice in being able to report a steady advance in the Annual Income.

It was feared that the Society would suffer in consequence of the before-mentioned stagnation in Trade during the latter part of the year; it has, however, pleased the "Giver of all Good" to put it into the hearts of Churchmen to aid, by most liberal offerings, the Society in its manifold operations for the well being of the Church in the Diocese.

It is gratifying to notice a marked increase in the revenue of the *General Fund*, thereby enabling the Society to act vigorously in aiding Schools, establishing Endowment Funds, erecting Parsonages and assisting in other Church objects.

The attention of the Clergy is again directed to the fact that the Treasurer closes the Mission Fund Account at noon on the 31st of December in each year; very much inconvenience is experienced by neglecting to forward in due time all moneys for the Society.

MISSION FUND.

A full account of the missionary labours of the Society will be found in the Report of the Diocesan Board. It will, however, be well to state here that in consequence of the increase in immigration and spread of our people, at least four more missionaries are immediately required. It is much to be hoped that the subject of the Society's employment of "Travelling Missionaries" will be seriously considered and carried to a successful termination. A column will be added to the Society's Report next year for Special Subscriptions and Donations to the Travelling Missionary Fund. It is with pleasure the Board reports a large increase in offerings for Foreign Missions. A column has been opened in the Accounts for subscriptions and donations to the Diocese of Algoma and Heathen Missions.

WIDOWS' AND ORPHANS' FUND.

The condition of this Fund is most satisfactory, the yearly contributions being in excess of the claims upon the Fund, while the interest on the invested capital reaches \$1992.40.

The Board hopes that the time is not far distant when an increase can with safety be made to the amount of Pensions. The Treasurer reports that the following Clergymen have qualified as participants in the benefits of the Fund, viz:—

Reverend Messrs. Smith, Kemp, Fothergill, Vial, Ross, W. King, Von Island, Burrage, Thompson, Ker, Lyster, Short, Washer, Richardson, Debbage, Woolryche, Mathers, Riopel, Foster, Jenkins, Boydell, Roe, Hepburn, Merrick, Boyle, Rawson.

PENSION FUND.

It is a subject of deep regret that this most excellent Fund has only been increased during the year by the sum of \$112.52. Several of the Congregations have failed to make even the required collection through the offertory.

ENDOWMENT FUND.

An account of the various Endowment Funds will be found in the report of the Clergy Trust Committee, with the exception of that of Nicolet, which appears in the accounts of the Treasurer of the Society. The Board is glad to be able to report an increase in some of the amounts by fresh donations and the formation of three new Endowments, viz; Malbaie, Leeds and Kingsey.

DEPOSITORY.

This Department of the Society's work continues to prosper under the able management of C. Judge, Esq., with whom has recently been connected W. A. Holwell, Esq., as joint Secretary-Treasurer.

EDUCATION.

This branch of the Society's labours is increasing in importance, and it is to be hoped that the Funds of the Society will soon permit of a much larger grant to Educational purposes. The good effected by the aid already extended is very great. An excellent Church-School has been put in operation at Maple Grove (New Ireland) during the year, towards which the Society has made an annual allowance to the teacher, as well as a grant towards the erection of the building. Another school has very recently been added to the list in Inverness. A grant of suitable school-books has been made to the mission school on the Labrador Coast. It is, however, to be regretted that some of the schools are temporarily closed from the difficulty in obtaining teachers.

There has been no change in the Inspectorship during the year. On the succeeding page will be found a list of the schools in receipt of the Society's assistance.

Many of the above mentioned schools are also aided by the Colonial and Continental Church and School Society, which also extends assistance to a large number of other schools in different parts of the Diocese.

GRANT OF LAND.

The thanks of the Society are due to Miss Green for a very valuable gift of 700 acres of land in the Township of Barford, for the maintenance of the Church in that District.

LAND COMMITTEE.

The several lots of the Society's lands in the Township of Chester have been disposed of at satisfactory prices. The Barford lots have been placed under the management of H. Cutting, Esq., of Coaticooke, who has very generously

offered to be the Society's Attorney for that neighbourhood.

The Board is indebted to the Chairman of the Committee, W. A. Holwell, Esq., and to the Treasurer of the Church Society for the zeal they have displayed in the management of the Society's lands.

LIFE MEMBERS.

The Board notices with pleasure that Mrs. Weston Hunt, Messrs. Wm. Ashe, Edwin Jones, R. H. Smith and Chas. King have become Life Members.

OBITUARY.

The Board regret to place on record the death of the Reverend George Mackie, D.D., a Vice-President, and who for many years occupied a high official position in the Diocese and was ever an earnest supporter of the Society; also, of the Honorable Henry Black, C.B., a Life Member and formerly the Society's Honorary Counsel.

ANNUAL REPORT
OF THE
DIOCESAN BOARD
TO THE CHURCH SOCIETY
FOR 1873.

In submitting its Annual Report to the Church Society, the Diocesan Board has much pleasure in stating that sufficient funds are in hand for the purpose of augmenting the Stipends of the Clergy in accordance with the terms of the By-law adopted by your Society in the month of June last.

The augmentation for the past year will shortly be made in the form of a bonus, although in strict conformity with the scale fixed in the By-law—and until the Synod has repealed the scale to be found in Canon IX and substituted that in the By-law, the increase must necessarily be made by this method.

In the Session of Synod, held during the past year, the necessary amendments were proposed and carried, and will, without doubt, be finally confirmed in 1875.

The following abstract of the Revenue Account for 1873 shows,—when compared with that for the previous year, (See page 20 of Church Society Report for 1872.)—how your Board is enabled to command the resources necessary for the increase of Stipends decided upon.

Your Society will observe that \$3,700 have been reserved for increasing the Stipends of the Clergy according to the scale, now waiting for the confirmation of Synod.

Your Board desires to note a very general improvement in the regularity with which the Church-Wardens pay the assessments. The close of the year witnesses a much smaller amount of arrears due by the Missions than was wont to be the case formerly.

The assessments paid in 1873 exceed by \$500 the amount received at the same date in 1872, without any actual increase in the sum agreed upon.

Lest the statement made above relative to the very considerable sum reserved for the increase of Stipends should convey a false idea of financial prosperity, it must be borne in mind that, owing to temporary vacancies in some Missions, the item of Stipends paid is \$1,000 less than in 1872.

Were all the Missions aided by the Board supplied with the Ministrations of the Church the funds would scarcely be sufficient for the purpose.

The Joint Mission of Portneuf and Bourg Louis, having

been re-divided, the Mission of Bourg Louis is vacant, as also the Magdalen Islands. A Clergyman will also be needed for the Mission of the Peninsula in the course of the ensuing summer, so that funds for the payment of three more Clergymen should in fact be provided.

During the past year your Board has been much occupied with the subject of a general increase of assessments throughout the Diocese.

Negotiations with the various congregations have resulted in a promised increase of \$600. A few Missions which have not yet finally signified their agreement, will probably raise that amount to \$700.

The Mission of Compton having attained a position of self-maintenance, will no longer appear on the list of Missions aided by the Board.

The following appointments have been made during the past year;—

In January last, Revd. H. C. Stuart to the Mission of Hopetown.

In April, Revd. A. Balfour to the Mission of Magog.

In June, Revd. C. B. Washer to the Mission of Inverness.

Revd. J. H. S. Sweet, to the Mission of Stoneham and Lake Beauport.

Revd. S. Riopel, to the Mission of Valcartier and St. Catherines.

In November, Revd J. B. Dobbage to the Mission of Portneuf.

The Reports of the Clergy are herewith submitted, from which your Society will be pleased to note many evidences of steady improvement in the Missionary operations of the Diocese. These Reports are becoming more complete and interesting every year, and are sent in by an ever-increasing number of the Clergy.

The Report of the Missionary on the Coast of Labrador always attractive from the peculiar nature of the work engaged in, will be read with special interest, pointing out, as it does, the unexampled growth and importance which that Northern boundary of the Diocese has assumed during the past year.

Chairman.

Secretary.

EXTRACTS FROM REPORTS OF MISSIONARIES.

LABRADOR.

I am very thankful to be able to report a very cheering state of things in this Mission. I arrived here in August, 1872, and, therefore, have been in occupation of the Mission a little over a year. During that period the Church has received a large accession to her numbers, in the shape of immigrants from Newfoundland, driven from that Island by the late failure in the fisheries. About 200 new members have thus been added, half of whom are Church people, the remainder dissenters. I am happy to say, however, that these latter seem all of them to be in process of becoming Churchmen, by the satisfactory channel of genuine conviction. At the same time it is true that the Church's Ministrations are the only religious ordinances within their reach. The Mission has now extended itself nearly 70 miles beyond its former limits, in a western direction. Last winter I travelled as far as Natasquan, about 100 miles west of Cape Whittle, which has hitherto been our terminus. But as at the first-named place there are only two individuals who are non-Romanists, I have thought it better to make Kegashka River, about 30 miles east of this, or 70 miles west of Cape Whittle, our usual limit in that direction.

The cause of the extension I have mentioned is the settlement of four new families on that part of the coast, three of whom wholly, and one partially, belong to the Church. I was in Kegashka Bay on the 15th of September, and was joyfully welcomed by the new-comers, who had only been there for a few weeks. The vessel which brought them had returned to Newfoundland for several more families, and her return was being anxiously expected at the time of my visit. Whether these have actually arrived I have since had no means of learning. In the neighbourhood of these settlers is another Anglican family, that of Mr. Foreman, whom I visited last winter, and who has been resident there for several years.

In all, 30 new families have arrived on this coast from Newfoundland (as permanent settlers), forming an addition of 197 members to the Church's flock. Two other families were here for a time, but have returned (one of them only temporarily) to Newfoundland. Another family has joined us from the northern part of the Labrador coast, making the total number of new settlers at present among us 203 individuals, in 31 families. This is a large accession for the

Church to acquire in the course of one year. Many more are expected next season. These people are, as a general rule, well instructed and well conducted, and seem very eager to avail themselves of the Church's ministrations. They are all in the western portion of the Mission.

This Mission at present comprises about 250 miles of coast-line, from Blanc Sablon (in the Straits of Belle-Isle), the point at which it meets the Newfoundland Mission of Forteau, to Kegashka River, nearly opposite the eastern extremity of Anticosti. It naturally divides itself into two portions, an eastern and a western, divided by a gap of about 70 miles, (Lac Salé to Baie des Rochers), within which space are only 7 families. For the Mission to be conducted with any measure of success it will be necessary to deal with these two divisions separately.

In the western division are 37 families, distributed along about 140 miles of coast. But of these 29 lie within a distance of 40 miles. Here there is one nucleus; then comes the gap of 70 miles, with 7 families; then another space of 40 miles, (the eastern nucleus) containing 26 families. I have included the 6 dubious families at present claimed by the Congregational Mission; because sooner or later, if the Church's work continues by the Divine Blessing to go on and prosper, they must join us. My plan is to form separate head-quarters in each of these 'nuclei,' with a Mission Chapel, School, and residence in each; that the Clergyman may divide his time between them in pretty equal portions, making each for the time his centre of pastoral visitation. The matter does not offer any grand difficulty, nor demand much expenditure. For the western district we have the Mission buildings at St. Augustine, portion of which is at this moment (or should be) in course of removal to Schooner Bay, where it will be in immediate proximity to 13 families. For the eastern district it will be needful either to build a fresh, or to secure the building at present occupied by the Congregational Mission. We have already reckoned the cost of building, and find that on the humble scale which we propose to ourselves, we shall need very little, if any, help from without. My idea is ultimately to make each school a boarding-school; a small family to take charge of the building; the teacher to reside in the school; the girls to do the house work; the boys to chop wood and carry water; and the whole to be conducted on such an economical plan as to entail very little more expense upon the parents than that of their children's maintenance at home. Each family will thus have the opportunity of

sending one or more of its members to school for at any rate a few months in the year. Of course the main item is the support of the teacher, which must be done partly by local contribution, partly by government grant, and partly by kind assistance from without. This scheme is of course merely a suggestion offered to the consideration of future Missionaries, as my own term of absence from my Parish of Drummondville will expire next summer.

The western district is in many respects the most promising for an undertaking of this kind; but its inhabitants are nearly all new comers; have their winter houses to build, and the uphill work of making a new home for themselves. I, therefore, determined to begin with the old established settlers in the Eastern District. Last summer I made an urgent request to the Bishop that he would provide a school-master for one year. I had proposed to build, but in the spring came the news (to their own agent), that the Congregational Society had "given up the Mission to the Church of England." The agent assured me that the buildings of that Mission were at my service for the present, at any rate. In the spirit of friendship, I accepted the offer. But in August came the news that the Society's mind had been changed, and the Mission resumed. It was too late to think of building in the midst of the busy season. The Bishop had most kindly acceded to my request, and the teacher was coming. What was to be done? I started for the westward, saw the Newfoundland people at Schooner Bay (close to Mullen Bay), and proposed that they should build a School-house and receive the teacher. They seemed fully alive to the advantage of the benefit that was offered them, but being already overdone with work, thought the undertaking impossible for this year. I was deeply mortified and perplexed; but, on stating my difficulties to Mr. S. Robertson, of Tabatière, he took the matter up warmly, proposed the removal of the Chapel and School-house from St. Augustine, and returning with Mr. Gallichan and myself to Mullen Bay, a meeting was called. Mr. Robertson made his proposition, offering his own assistance, seconded by that of Mr. Gallichan, and it was unanimously and cheerfully agreed that the effort should be made and the buildings prepared.

Returning to the eastward, I reached my head-quarters, at Stick Point, on the very day of the school-master's arrival, Mr. George Butler, a young gentleman whose piety and exemplary conduct are well known to all who have now made his acquaintance. In a few days I propose to start

with him for Schooner Bay and establish him in the scene of his labours.

I should not have carried my Report to this undue length, but for my wish to explain fully the altered and expanded condition of this Mission, and also to show my present position with regard to the arrangements for a School. Should the latter not meet with the immediate success which their outset promised, it will be seen that the defect is not in the feasibility of the undertaking, but is a result of the unforeseen circumstances with which I have had to contend; I am hopeful, however, that it will succeed, and at once.

I cannot close my Report without recording my testimony to the fruitful results which have followed the zealous and energetic labours of my predecessor, the Rev. J. Hepburn, among those of my flock who were here at the time of his incumbency. Of these, I can only say that he has laboured, and I am reaping the fruit of his labours.

I have not been able to enter into any details of my own work. During the winter I paid the usual visit to the Forteau Mission. My journeys during that season amounted in all to about 820 miles, and the length of coast-line visited to about 320 miles. Since navigation opened I have twice made the tour of my mission, and have been much gratified with the readiness everywhere manifested to take advantage of my ministrations. This has been the case not only with my own permanent flock, but also with the crews of the fishing vessels which frequent this coast in the summer season. These have made a very large addition to my Congregations.

The new Church barge is a fine and commodious vessel, possessing the advantage of a small cabin capable of affording sleeping accommodation for two persons.

I have to acknowledge with gratitude the many kind contributions of clothes and other necessaries which have been sent from Quebec and from Drummondville for the relief of the suffering poor on this shore; also, the handsome gift of a magnificent Church Flag with which Messrs. Dobell and Beckett have generously presented us.

I propose (D. V.) next summer to return, according to engagement, to my flock at Drummondville, in case a successor can be found to give his heart to the work which is going on in this Mission. The field is a noble one; the hardship by no means excessive; the perils to be avoided by prudence and precaution; the climate bracing and exhilarating; the people simple, teachable and affectionate.

Church members, about 450; Baptisms, 15. Contributions: Mr. J. Robertson, \$20; Mrs. Manger, \$5; Mr. McLean, (H. B. Co.'s Agent, Natasquan,) \$2.50.

STONEHAM AND LAKE BEAUPORT.

My Report of these two Missions must be rendered with some diffidence, owing to the short time they have been under my care. In entering upon a Mission one is naturally inclined to form an *a priori* opinion as to the spiritual condition of the people, and this may often be found to be erroneous. To know the real state of one's flock involves a thorough knowledge of each individual character, and to arrive at this must necessarily be a work of time. Having, then, only been in connection with the two Missions for the last six months, I shall make no further allusion to their spiritual state than what the following statements may incidentally disclose.

I was instituted to the Missions of Stoneham and Lake Beauport on the eight of July last, and commenced work on the twentieth. I started at once a weekly Sunday Service at both places, a work I believe only irregularly and at intervals before attempted, which may probably be accounted for from the long bad road between the two churches. Whatever labour this involved, it was more than recompensed by the hearty way in which the people manifested their appreciation of such a privilege. This was kept up till the end of October, when the shortening days and the "fall" roads made it impracticable. If God spare me, I shall again begin the double service in the spring.

During Advent we had a Friday Evening Service at Stoneham, and when the distances of the people from the Church are considered, it may be said to have been a great success. The smallest number present, I believe, was seven. I shall again renew this service, if all goes well, next Lent, when I hope to obtain the help of some of the city Clergy.

The Services at both Churches are in one sense at present unavoidably dull: we are without Musical Instruments of any description. I have, however, been making an effort to provide melodeons, and I trust before the summer that one, if not both Churches may be supplied.

With respect to the Churches themselves, the little I have to report is not of a very wholesome character. The flooring in Christ's Church, Stoneham, has in part given away, which renders the appearance of the Church internally, to say the least, anything but decent. The people here are very poor,

or else this would have been remedied before; I trust, however, we may soon be able to repair this breach in the House of the Lord. I must here mention one improvement in the Stoneham Church during the past year, namely,—the tinning of the Belfry and Steeple by T. H. Grant, Esq. As this was a costly undertaking, we cannot be too grateful to that gentleman.

The Church at Lake Beauport is a poor, barnlike structure; certainly one not calculated to inspire the worshippers with feelings of devotion and reverence. The low roof, its unvarnished and creaking seats are such as to damp the aspirations of any to "worship the Lord in the beauty of holiness," and when we add to this its "out of the way" position, it can well be understood that a new Church is much wanted for this Mission. If other things in the parish are satisfactorily arranged, I hope soon to make a movement in this direction.

There is one particular in both Churches which one cannot help lamenting, viz.: the wretched, faded altar cloths, which, such as they are, fall to about a foot only over the side of the Table. Are there no rich ladies who might occupy our long wintry evenings in providing us with these necessities for God's House?

I found no Sunday-schools when I came here, but I am happy to be able to report that they are now started in both places with a fair attendance.

The debt which, from some negligence or other, has remained so long upon the Parsonage, seems now in prospect of being liquidated, thanks to the energetic manner in which it has been taken up by the Church Society, and to the great liberality of Wm. Drum, Esq., who has generously surrendered a large amount of his claim upon it; unless I am too sanguine, I hope to see the remainder paid off by next summer. Excellent as the house is itself, it sadly wants many outhouses, such as stabling, &c; these, however, will come in time.

At the beginning of the year I find the people of Stoneham were in arrears with their assessment, but owing to the energy of the Rev. C. B. Washer, my immediate predecessor, (who had charge of the Mission only for a few months), it was soon made up, and since then the people have been more steady in their quarterly payments.

The assessments of both Missions have been raised for the next two years, and I am happy to report that the people have willingly done what they could to meet it, though they have not been able to raise the full amount at first levied.

Our day Schools are doing very well, they are under

able and efficient masters, and the averages are fairly steady; the one at Lake Beauport, however, carries off the palm in this respect; the average of Stoncham is not, perhaps, what it ought to be. We are looking forward with a little anxiety to the future, as the Roman Catholics are in process of opening Schools on their own behalf; this will a little interfere with our numbers and split up the Government Grant.

NEW IRELAND.

I consider the year just closing the most successful of my missionary experience. In addition to the regular routine of work at two Churches and three Stations I would call attention to the following particulars. Early in January I presented 39 candidates for confirmation. About mid-winter the adult members of Trinity Church, male and female, came one day to the Parsonage, and while the men cut and drove to the shed 5 cords of wood, at the same time I received a handsome present for my Parsonage from the Ladies of the Congregation. In June a very agreeable Festival and Concert was given by the young ladies of the same congregation, the proceeds of which, \$25, was devoted to procuring books for the Sunday-school Library, which has since become a valuable auxiliary to Mission work. In November our Parish School was opened. Thirty scholars have been admitted, and the work generally successful. \$150 was raised in the mission for the school house, \$75 given by kind friends in Quebec, and \$50 by the Church Society, covering all expense of building so far. We also have to thank the Church Society for their Annual Grant of \$40 towards Teacher's salary; the Colonial and Continental Church Society for the same sum, and a very good supply of school requisites in the way of maps and books.

Three Sunday-schools have been kept open from Easter to Advent. Trinity Church, by F. H. Wood, Esq.; Christ Church, by Mrs. Wood and Mr. Wm. Johnston; Halifax, by Robt. Kerr, Esq. This assistance I prize very highly, both for the relief to myself and the efficiency of the work. A very pleasant reunion with Christmas Tree was generally well attended by all the schools at the Parsonage. The Registers show Baptisms, 42; Marriages, 1; Burials, 10. Total amount raised for Church purposes in the parish during the year, \$547.50.

LEEDS.

This Mission presents no new features, neither is there any thing striking or startling to relate. The old story of this routine of work varies but little from year to year. The usual services have been held in the several Churches and stations with, upon the whole, satisfactory results. On the eve of the Feast of the Epiphany the Lord Bishop of the Diocese held confirmation in the Mission, at St. James' Church, when eleven candidates were presented, and at St. Mark's Church, in the afternoon of the same day, fourteen renewed their baptismal vows. Broughton had to be passed over owing to a severe snow-storm, which rendered this road impassable for three days; his Lordship, however, included that Congregation on his tour through the extensive Mission of the Rev. W. King, and on the first of October confirmed a very interesting class of fifteen. A few of the candidates who had been under instruction failed to attend, some on account of sickness, one or two had left, and one had died.

The assessment has been paid by the several Congregations, and I am thankful to say that we shall commence the new year with all paid up. I only hope it may continue to be paid; the subscriptions and collections for the Church Society amount to a very respectable figure, notwithstanding the extra assessment which the people have agreed to raise for the coming year.

The most wealthy of the community do not belong to the Church; our people, indeed, are for the most part poor, with just as much as they can do to get a living.

BOURG-LOUIS AND PORTNEUF.

The past year at Bourg-Louis commenced with difficulties. Services had to be suspended; at length, after a petition from the people to that effect, a part of the debt was remitted. This left only a few dollars to be made up; after this had been done the Church bell was rung, and there was great rejoicing. Since that time my intercourse with the people has been of a more pleasant nature. After the Church was reopened the Congregation steadily increased, and the Church became well filled. As the people responded and sang well, we had very hearty services. There was also a goodly number of communicants, so I commenced to celebrate the Holy Communion after every Sunday morning service. This has been kept up ever since. In the beginning of last October I removed from Bourg-Louis to Portneuf; the Parsonage in the former place is empty, and the people have no resident Clergyman of our Church amongst them. But I hope this will not be for long. I am seventeen miles away from them, and sometimes the roads are very bad. Something that took place during the past week will serve as an illustration of the difficulties under which a Missionary who has long distances to travel has to labour. Last Sunday one of my parishioners, whom I have been visiting during many months, died. I was away at Portneuf. A message was sent by the courier to Pointe-aux-Trembles. He was to send the message to me by telegraph. In order to accomplish this the telegram had to be sent to Quebec by one company, and then back to Portneuf by another; it was evening when the message reached Portneuf to ask me to be out at Bourg-Louis the next morning at 10 o'clock for the funeral. However, when the message was taken to my house I was eighteen miles away in the opposite direction visiting some of my people, and did not arrive home until the next day, too late to go out to Bourg-Louis. I therefore waited until the next morning. As soon as it was light enough I started, and on reaching Bourg-Louis found that the people had met together for the funeral at the Church, and waited for me. At last they decided to leave the corpse in the Church until I should come to bury it. So when I went out the next day I found it there. But new troubles arose; I had to be back in Portneuf by about 6.30 a.m., so I had very little time to spare. The funeral, therefore, had to take place before all friends could assemble. This was of course the source of great disappointment and expressions of displeasure.

Portneuf was for many years without a resident Clergy-

man. Some years ago the Parsonage was destroyed by fire; as it was not insured, it was a total loss. It was then decided that Portneuf should be served by the Clergyman residing in Bourg-Louis. The Portneuf Church was 19 or 20 miles from the Parsonage in Bourg-Louis, and many of the people were some miles further away; the services they could therefore receive were not very satisfactory, and at last the people became dissatisfied. They applied for a resident Clergyman, but as they were required to provide a residence, they did not succeed for some time. At length they purchased a very good house, and all was settled. The Mission was offered to me, and I accepted it. The people from Portneuf, using their own horses, carried our things without charge. We have some very zealous members here, as well as a remarkably zealous friend in Quebec. Thus, though we are hoping to do great things, I do not think we are hoping for too much. Certainly not, if our plans accord with the counsels of our God.

Before concluding, I must refer to a new station at which I commenced services about a year ago. A new paper mill has been built near the Red Bridge, the chief owner of which has been a great friend to the Church in Portneuf. I hold service there once a fortnight. This Congregation will form part of the Mission of Bourg-Louis.

VALCARTIER.

During my short stay of four months in this Mission I have received every encouragement in the work. Though the Parsonage is dilapidated, and in rainy weather leaky, yet

our residence is made agreeable by the kindness of our people. They have undertaken to supply me with the firewood necessary to keep the old place warm. They have also occasionally provided us with such articles of consumption as are very acceptable to strangers. A strenuous effort has been made to raise the means sufficient to build a new Parsonage. Our members readily came forward and subscribed \$300, a sum considered large for the means of the subscribers. Already the contract for a portion of the required timber is given. It is expected that next summer the building will be completed. We are glad to have this opportunity of thanking the Church Society for the grant of \$100 made towards the building.

The attendance at Church is generally very good. Singing is improving, and we hope responding will soon become more general and hearty.

NEW LIVERPOOL.

A Mission or Parish like New Liverpool gives me very little to say in the way of a formal report; in mine for last year I mentioned that we were sadly in want of a Font for our Church, that want still remains to be supplied. The parsonage question, I am glad to say, is for the present set at rest, the congregation having very kindly rented a house for me.

I cannot say enough of the kindness I have received from all my people since I have been here; especially during last summer when I was ill, every one seemed to try who could show the greatest kindness and express the warmest sympathy.

I have great pleasure in acknowledging, with many thanks, a set of Communion Linen from some friends in England, and also two very handsome sets of Book markers from Mrs. Henry Atkinson, of Etchemin.

For financial matters I beg to refer to the following statement, which I think all will allow is very satisfactory.

On referring to my register I find for the year 1873, 5 Baptisms; 1 Marriage; 5 Burials.

The Lord Bishop of Quebec visited this Mission on Trinity Sunday, when nine young persons were confirmed.

INVERNESS.

In December 1872 the Bishop of the Diocese accepted my resignation of this Mission, and appointed me to the Mission of Stoneham and Lake Beauport. But previous to my final departure his Lordship visited Inverness and confirmed twenty-nine young persons.

In May last, while carrying on my work at Stoneham and Lake Beauport, I received, to my surprise, an invitation to return to Inverness Mission. My first impulse was to decline, as to accept would frustrate the object of the change,—rest, and leisure for reading. On the other hand, there was an opportunity of beginning work anew in my old sphere of labour, among a people whom I knew and who knew me, and above all a proposal to augment for all time the salary of the Clergyman to one thousand dollars, by securing the addition of four hundred dollars yearly to the six hundred of the Diocesan

Board. This munificent proposal was made by the same loyal supporter of our Church and member of the Mission who has been ready at all times to help forward every good work, and made under the conviction that no Clergyman ought to receive less than one thousand dollars a year. I know this gentleman does not wish to have his name published abroad; but I venture to note the benefaction to the Mission in the hope that other Churchmen in like position may answer the appeal in the last Church Society Report in the same way, and augment permanently the stipends of Clergymen of other Missions.

I placed the matter as to whether I should return to Inverness or not in the hands of the Bishop, and the consequence was that I returned to my old Mission. The members of the Mission who subscribe to the Diocesan Board attached their names to the usual agreement before my re-appearance on the scene. I was welcomed back very cordially; and the Congregations in Church and School-house have been very good indeed. Two services are held every Sunday, and three on one Sunday in each month. There are also three outlying districts which have a monthly visitation, and week-day services when possible, for those who cannot come to Church on Sundays. Also two schools not aided pecuniarily by the Church are visited fortnightly for religious instruction. With the new year I expect to visit regularly two additional schools; these, however, to be aided by money grants, in one case from the Church Society, and in the other from the Colonial and Continental Church Society.*

Total amount raised for Church Purposes during the year, \$549.34.

CHAS. B. WASHER.

WEST FRAMPTON AND CRANBOURNE.

About three years ago the Mission of Frampton and parts adjacent was divided, the Rev. F. Boyle being appointed to the charge of East Frampton and Standon. Being now relieved of half of the work, I have been able to devote my whole time to West Frampton and Cranbourne, and to give the people more frequent opportunities of worship and communion. I am glad to say that they have appreciated the privileges thus placed within their reach, and the benefits of

* The sum of \$129.22 has been forwarded to the Treasurer of the Church Society from this Mission, but received too late to be acknowledged in this year's monetary statement.

dividing the Mission are manifest in the large increase in the number of attendants at Church and at the Lord's Table, and in the sum contributed for Church purposes.

Before the Mission was divided 60 was considered a very large Congregation in West Frampton, now we have seldom less than that at any morning service, and not unfrequently there are between 80 to 90 in Church.

The average number of communicants was 12; 16 was thought a large number; now there are seldom less than 20 at any celebration, and the number is often nearer 30.

The week-day services during Lent were well attended, the number increasing week by week until on Good Friday there were 52 in Church, and on Easter Eve, 56.

The contributions for Church purposes this year are much larger than in any previous year. The assessment to the Diocesan Board has been regularly paid. A good stable, with stalls for 16 horses, has been erected during the year. A small organ has been purchased. The weekly offertory has been larger than in any previous year, and our contributions to the Church Society have been nearly doubled, so that if we look to the increase in the Congregation, communicants and contributions, the benefits accruing from a division of the Mission have been very marked, and afford me matter for much thankfulness. But far above the amounts given do I prize the willing and cheerful spirit which animates the people (of course there are exceptions) in their offerings for Church purposes, and indeed in everything connected with Church work in the Mission. During the day we spent in decorating the Church for Christmas we could hardly find work for all the willing hands that offered their help. Our Church is rather an unsightly structure externally, being built in the early Canadian style of architecture, but by the loving labours of young and old it was made to assume a very bright and cheerful appearance inside on the great Christian Festival.

Any Report of this Mission would be incomplete without some reference to our Schools. Of these there are two under Church control with about 90 scholars on the role, they have been a great help to me and of great benefit to the Mission.

Of the School at Cranbourne I can say little at present, as it was without a teacher for more than a year, and the present master, Mr. Daly, has only been with us a couple of months, but from his past record as a teacher, I am sure that I shall be able to give a good account in my next report.

The School in West Frampton has been taught for some years by Mr. Dickson, who discharges his duties in a way which gives great satisfaction to all interested in it. The Government Inspector, Mr. Thompson, has more than once expressed his gratification at the progress made by the children, and Rev. M. M. Fothergill, who examined them recently, said "they gave abundant proof of having been very carefully taught."

In order to encourage the young ones, we determined to give them a treat at Christmas. Some young ladies collected funds for a School Feast and Christmas Tree for the children of the Sunday and day schools and their friends, and on Christmas Eve 65 gifts were distributed, and 120, young and old, partook of the good cheer provided for them, and all seemed to enjoy themselves thoroughly.

Our Schools are working well; both the teachers continue to give very general satisfaction.

SHIPTON AND TINGWICK.

The duties of this Mission have been uninterruptedly discharged since writing my last Report. I have so frequently indicated what those duties are as to render it unnecessary, on this occasion, to refer to them in detail.

With regard to the quality and quantity of work accomplished within the past year, the Bishop alone, I conceive, has the right to weigh and judge. Into his ear do I feel myself at liberty to express my hopes and fears as to my ministerial work. It will not violate that confidence which should ever exist between priest and people, if I append a few general remarks to the statistics which I now proceed to give. First, as to ministerial acts, I hold a service and Sunday-school every Sunday, at Danville, (the head-quarters of the Mission,) and the same at the Church in Hallstown, Tingwick, eight miles distant.

A Friday evening School-house service was also kept up all through the summer,—seven miles distant on the Felkirk road,—and was well attended. For the past six months I have been busy preparing about twenty candidates for confirmation, most of them live miles away from Danville. The Bishop is expected to hold the confirmation on the fourteenth of December this year. Domiciliary visits have been attended to; the sick, the aged and the infirm, claiming my first attention. It is no slight matter to keep in hand a parish covering an area of four hundred square miles. Indeed I found myself under the necessity, this summer, of purchasing a second horse, the quadruped referred to in my last report being unequal to the increasing work of the Mission.

I contemplate urging the Bishop and the Board to bisect this large Mission, giving Tingwick and the parts adjacent to another missionary, while Shipton would be retained under my control.

An effort, more or less successful, was made this summer to purchase a Parsonage. A meeting was called, and it was agreed to raise within the Mission the sum required, namely, fourteen hundred dollars. A small wing to contain two rooms will have to be built, the funds for which I promised to collect among friends outside; probably about one hundred pounds will be sufficient.

I do not know what to say about the Church in Danville. It stands unfinished and unconsecrated, as it did twelve years ago. I often feel tempted to make a desperate effort, go abroad somewhere leaving my duties in the hands of a sub-

stitute and not return till I can bring back money enough to finish the Church inside and outside. I imagine it would take between four and five hundred pounds.

Since the 1st January I have had eighteen baptisms, seven marriages, and five funerals.

I may remark, in conclusion, that the Mission is now as it has been since my first coming into it, in August, 1865, in a peaceful, harmonious condition, free from personal animosities or vestry squabbles, for which I cannot feel too thankful.

HENRY JAMES PETRY.

KINGSEY.

On looking over the statistical account forwarded to the Treasurer it will be seen that the amount raised within the Mission during the year now drawing to a close is largely in excess of any previous year.

The excess is caused by two special efforts made by the people to supply two very important deficiencies, each one very desirable and necessary, and each one requiring a very considerable effort on the part of the people to meet it. The first was the erection of a commodious and comfortable horse-shed, and we have now the satisfaction of seeing and enjoying a first-class church-shed.

The other effort was the starting of an endowment fund. Early in the year Robert Hamilton, Esq., of Quebec, most generously offered to the Mission, through the Bishop, the sum of three hundred dollars, provided the Church Society would give one hundred, and the Mission raise another hundred. The offer was felt by the people to be a most noble and generous one, and one that must not, if possible, be allowed to slip through their fingers, though, as they said, "it came at a very inconvenient time," as they were just then making most tremendous efforts to put up their shed. However, "it must be raised" was the unanimous expression, and of course it was raised. Let us hope that now the ball has been set rolling, it will go on rolling till it has accumulated a good thick coating of gold-dust. We would take this opportunity of offering to our kind friend, Mr. Hamilton, our best and warmest thanks.

In January we had our annual missionary meetings, and, all things considered, may be said to have been satisfactory.

On the 19th of June the Bishop administered the rite of confirmation; thirteen were confirmed, 5 girls and 8 boys. We hope to have another small class ready for the coming summer.

The services of the Church have been carried on during the year with the usual amount of regularity, both in the Church and the two out-stations. On Sundays during the summer three services have been celebrated, two in the Church and one in a distant School-house, and two Sunday-schools. The same services are contemplated during the winter months.

Shortly after Christmas we had a Christmas Tree for our three Sunday-schools, to the amusement of all, and the evident delight of the children.

Some slight alterations and refurnishing of our chancel will very shortly be carried out, and then, in a material point of view, we shall be in a very satisfactory condition, though more remains to be done, and what we have at present must be kept in good order. Of the inner and spiritual life of the Church we do not deem it desirable or profitable to speak thus publicly, the duty done and the means used being all any one can speak of with certainty.

In conclusion, I would wish briefly to speak of the satisfaction and pleasure I have felt in receiving from time to time presents from different members of my Congregation, both on account of their intrinsic value, and also, but more particularly, on account of the kindly feeling thus manifested.

GEORGE HENRY PARKER.

DURHAM.

The zeal and liberality which characterized this Mission last year, and which were then reported of it, have produced, to a great extent, I think, such sustained results as all who are not too sanguine ought to have expected.

A greater general interest in the cause of religion, and a more intelligent attachment to the Church as a Divine Institution for the maintenance of religion, is being manifested.

Notwithstanding oft-recurring stormy Sundays, the ordinary attendance upon the services has been steadily kept up. These, held upon the Lord's Day and upon chief Festivals and Fasts, and including a few other specially appointed services, have numbered, in Upper Durham, 61; South Durham, 52; L'Avenir, 52; Central District, 31; other School-houses, 7; in all 203, shewing an average of almost 4 a week.

Here I would thankfully acknowledge, in behalf of myself and the Parish, the occasional help of Mr. Albert Stevens and of Mr. Emberson, also of brother Clergymen,—of the latter especially in administering Holy Communion 10 times publicly and 6 times to the sick and infirm. Baptisms have been

more numerous than usual; marriages sustain their average; the death-rate has been greater. More than a thousand (1052) clerical visits are recorded. Trenholmsville, opposite Durham, on the other side of the St. Francis, and taking its name from one of the oldest and largest families, seem always to have been reckoned within the bound of this Mission. Occasional services have been begun in the Duffy School-house, only on the special request from that locality. The Rural Dean has paid a visit of inspection, his first since the building and repairing of the Churches. In September the Bishop honoured and encouraged us by assisting at a Sunday's services throughout the Parish. A class of confirmees is soon to be presented to his Lordship at South Durham.

Much to the benefit of L'Avenir, J. J. Proctor, Esq., had charge of a flourishing school there during the winter term. His absence through removal to a larger field of duty is greatly regretted. Some of the day schools receive a visit now and then from the Clergyman. South Durham is rejoicing in the re-opening of the Extract Factory, and in the return of Mr. Miller and others. In this part of the Parish a series of special services, corresponding very much to what is termed a Mission, was held in October with eminent success.

Last year Durham stood at the head of all single country Missions of the Diocese in the total (\$1534.73) raised both for Home and Foreign purposes. This year, as the financial statement will show, the contributions to special objects have been more numerous (once a month), more general and generous, whilst the local necessities of the parish have been recognised quite as liberally. How happy the conviction that it is really "more blessed to give than to receive."

The Mission has again received much generous support from outside sources, mostly given conditionally upon reasonable self-help. The sum of \$100 under Upper Durham's Building Fund is the balance of a sum promised by the Rev. Mr. Carr. Thanks are again due to amateur musicians from adjoining parishes for help at entertainments, also to Mr. Frederick Hall of Ulverton, who most kindly threw open his house for a Social, which, with others in the Church-school, brought in \$121. One of the happiest days of the year was the 24th of May, on which the anniversary Dedication Festival was celebrated, and when the inhabitants and their friends kept a general holiday. Morning Prayer was said in the new Church. Luncheon, tea, and concert took place in the Church-school; the proceeds were \$160. From Upper Durham the Incumbent virtually received a new sleigh,

for he was not allowed to pay for it. He was also the recipient of a handsome gift from Mr. Corden and other English industrial-school lads.

Mr. George Atkinson, superintendent of the Sunday-school and curator of the Church, received a handsome Bible and Book of Common Prayer, and his daughter a fine copy of Hymns, A. and M., from the Congregation at L'Avenir. The people in the Central District have voluntarily contributed more than heretofore to different objects, showing their appreciation of clerical duties done amongst them.

The aggregate debt upon the parish is being gradually diminished, but nothing has yet been done to secure the 19 acres of land in Upper Durham given by the late Rev. S. S. Wood, on condition that within a certain time, fast expiring, a Parsonage and Church-school be built thereon. Something, however, has been promised towards fitting up the old Church for a lecture room and school, and between \$400 and \$500 have been subscribed for repairing St. Paul's Church, L'Avenir, adding a tower and obtaining a bell, but the early approach of winter has prevented the work from being more than begun at either place.

The Revd. Mr. Parker, with his usual generosity towards Durham, has offered conditionally to have the walls of Trinity Church tinted.

Contributions to Missionary designs have been \$53 as against \$42.06 last year. Here I cannot refrain from recording that the day before the missionary boxes would have been called in, a fine farm-house, belonging to Mr. and Mrs. Mountain, was burnt to the ground and young Mrs. Mountain's missionary box destroyed. Last year she collected \$15. This year she was eclipsing herself, and had got together \$21.25.

Knowing that Mrs. Mountain, with characteristic conscientiousness, deplored the loss of this missionary money more even than the loss of many valuable personal effects; knowing, too, that she proposed as soon as possible to make good the loss to Church funds, a work of supererogation certainly, for such sums must, like others, be subject to ordinary risk; some of her many friends promptly obtained a new and similar box, freighted it with a sum equal to that destroyed, and presented this substitute to her on the following Sunday, with an expression of sympathy for the family's heavy loss and of a prayerful hope that an increase of God's blessing would soon give them more than they had before.

Missionary Boxes and Cards.—Mrs. Art. Mountain, \$21.25; Miss White, \$5.50; Miss Jane Poyart, \$5.25; Miss Breadon,

\$4.00; Miss Harriet Bottewell, \$4.00; Mr. Newton Hughes, \$3.00; Miss Lorrena Holmes, \$3.00; Eddy and Charles Stevens, \$1.50; Miss Lucy Herriman, \$1.25; Master H. Allen Trenholmville, \$1.25; Miss Eusebia Burrill, \$1; Miss Harriet Lyster, \$1; Miss Lucy Picken, \$1; Mr. Christopher Lyster, \$1.—Total, \$54.00, to be devoted at the discretion of Bishop.

ERNEST AUG. W. KING.

ACTON.

Over eleven years have elapsed since I entered upon the incumbency of this Mission. During this period, Actonvale, connected as its welfare has been with successful progress of the copper mines in the vicinity, has experienced evil as well as prosperous days.

In 1863, when our little Church was erected, everything looked bright and promising, the works at the mines were energetically carried on, and new houses were daily springing up as by magic. This state of things, however, did not last, the works were entirely suspended, and a general feeling of despondency fell upon the community. Then many a one repented of having invested his means in Acton property. This present year a reaction has taken place, and business is becoming livelier, and the works at the mines have been resumed, though not on an extensive scale.

About 20 new houses have been built during the year, a few of which have some pretensions to architecture, and can well bear inspection.

As it has been with the general condition of the community, so it has been with the Church in this place. With it the Mission has flourished and wavered, and is now looking forward to better times with great expectation. When our finances were flourishing, the annual assessment paid to the Diocesan Board was \$400, and the Acton Mission could pride itself in having the whole ministration of its Clergyman to itself. However, from the lowness of our finances, the Upton Mission had to be connected with that of Acton, and on July 16th, 1865, I commenced holding divine service every Sunday at both posts. When this occurred the Diocesan Board fixed our assessment at \$160. The Board gave to the Clergyman \$200 in addition to our assessment of \$400, and when we sent in \$160 the Mission received in addition \$190, \$10 less than when the Mission prospered.

Now we happily can afford to send in regularly every quarter an annual assessment of \$200, and receive from the Board only \$150 besides. The English population has not increased as much as would have been desirable, still we have to struggle hard to keep our ground.

From among the French a few more have joined our ranks. We now number among them 15 communicants. The attendance on the public services of the Church has materially improved, and there appears to be greater reverence and devotion.

There are several reasons for us to raise our hearts with gratitude and thankfulness to the giver of all good things in the progress of our Mission.

For nine years we had been obliged to make use of God's house without its being consecrated. This year, the debt having been liquidated, it was solemnly dedicated to Almighty God on April 25th, St. Mark's day, and called St. Mark's Church. This is a matter of great thankfulness to us all.

On the organ which was purchased last year there was a debt remaining; this was kindly cancelled by the munificence of Thomas Macfarlane, Esq., who gave \$75 for that purpose.

The only remaining debt that encounters our Mission is \$150, the balance due on Parsonage to Trust and Loan Company of Upper Canada, and is payable in three yearly instalments.

The following is a statement of our finances.

This statement speaks well for the Acton Mission, especially the amount of offertory collections, which is \$178.80, \$43.50 more than last year.

Thankfully, then, can I look on the past, and with bright hopes to the future of this Mission. The Psalmist tells us: "The people shall be willing in the day of thy power." God grant that it may be so, not only with this Mission, but with all others in the Diocese.

LOUIS C. WURTELE.

COOKSHIRE, EATON.

Immigration has not added to the members of this Congregation; wherever property has changed hands it has not increased the number of our communion, so that, as hitherto, the claims of the Church have to be met by a limited number of families. I am happy to be able to report good Church attendance and a disposition on the part of the congregation

to do what they can to meet the various calls which are made upon them for Church purposes.

Of Island Brook, a comparatively new settlement, I can speak with strong hope. This is a progressively increasing congregation, and has received regular Church Services every second Sunday during the past year. Here the Church is daily gaining ground. Marked improvement is discerned in the deportment of the members, who are zealously devoted to our services. Though only numbering eleven families, they have delivered a share of lumber and contracted for the erection of the framework of a Church. The plan of a building supplied by Mr. W. Bailey, one of the residents, was submitted to the Bishop last winter, and at His Lordship's suggestion some modifications were made, which will render the building a Churchlike edifice.

I visited Ditton last June for the purpose of baptizing five children, English and Norwegian, and held two services.

The happy relation which existed between the Norwegians and the Anglican Church was somewhat disturbed by the visit of a Lutheran clergyman about eighteen months ago, who cavilled as to the orthodoxy of our teaching and prevented several of the young people from presenting themselves to our Bishop for confirmation, at the same time alienating the affections of all. This, I am happy to say, is recuperating, and I have reason to hope that by timely efforts a healthy Mission may be formed in Ditton, combining the Norwegian and English speaking population.

Strenuous exertions are being made by the Wesleyans to induce our people to join them, and in the absence of any regular Church ministrations, it can scarcely be wondered at if we lose our hold upon these people.

JAMES HEPRURN.

HATLEY AND WATERVILLE.

Though I have every reason to believe that the Church in this Mission is gradually making her way into the homes and hearts of the people, and that as the inner beauty of her service is opened and explained less prejudice is manifested against her forms and ceremonies. Yet, as compared with the work to be done, the progress made during the past year seems very small. It must be admitted that here, as elsewhere, there are drawbacks which weigh heavily on him who has the oversight of the Flock, and to whom is committed the responsible charge, the care of souls: this must ever be the case where there is even one whose life does not comport with the teaching of God's word and with what becomes a member of Christ, child of God and heir of Heaven; and the weight is heavier in view of the great number of spiritually careless and callous ones who are only too ready to offer the inconsistent lives of professed members of the Church as an excuse for their own, but the general state of the parish affords cause for thankfulness to Almighty God.

The regular services have been as follows:

Every Sunday and chief holiday at St. James', Hatley, and St. John's, Waterville. Every other Sunday evening at the Village of West Hatley. During the earlier part of the year divine service was held on the alternate Sunday evening at the Compton poor farm, a home for the poor and aged, since removed to Compton village, and every other Friday evening at South Barnston, about nine miles distant.

In St. James', East Hatley, the attendance and attention during divine service have been generally exemplary, the

members of the choir, the organists especially, meritoriously unremitting in the discharge of their voluntary duties.

The Congregation of St. John's, Waterville, has had to mourn the loss of one who for many years has acted as organist and choir leader, a worthy daughter of a worthy father; a loss here almost irreparable.

In February a public entertainment was given for the benefit of the Sunday-school and Church, when, owing to the praiseworthy efforts of the ladies of Hatley and the kindly interest and generosity shown by our good friends of Lennoxville, Sherbooke, Compton and elsewhere, the sum of \$150 was realized.

I would here express, on behalf of the Mission, our warmest thanks to some kind and benevolent ladies in England, the Misses Tolson and friends, for a large parcel of very useful articles in the shape of wearing apparel intended for the poor, made many of them by little children under ten years of age.

In June the Bishop of the Diocese held confirmation in Hatley and Waterville, when twenty candidates received this apostolic rite, two adults having been just previously baptized. This visit of his Lordship, the more welcome accompanied as he was by Mrs. Williams, as also a later one very kindly made, were duly appreciated by the people.

In August the Sunday-school children of Hatley and Waterville held a joint Festival on the shore of Lake Massawippi, when 70 children and nearly as many adults spent a most enjoyable day. This bringing together young and old from the extremes of the Mission cannot, I think, but have a beneficial effect.

In reply to an application endorsed by the Bishop, the S. P. C. K., with characteristic generosity, made us a very liberal grant of Books for two Sunday-school Libraries, a thing very much needed.

On Sunday afternoon, whilst I am doing duty elsewhere, Mr. Proctor, principal of the academy, has a Bible class, which, as he is capable of doing, he makes most interesting, and which is the means of doing much good.

The Holy communion has been celebrated once a month at St. James', Hatley, and at St. John's, Waterville, and a few times privately. And here I am happy to say that my hope expressed last year has been realized. The average number of those who have availed themselves of this blessed means of grace has, during the past year, doubled, nor is this increase owing entirely to the number recently confirmed.

The people have, upon the whole, responded liberally to the calls made upon them. Two years ago they contributed \$150 towards the support of the Church, to-day they give \$275, with a promise of an increase, if possible, next year.

A system of parochial visitation has been regularly carried on.

Services during the year, 170; Baptisms, 28; Marriages, 5; Burials, 8; Recorded Parochial visits, 632.

A. J. BALFOUR.

BURY.

I would begin by recording the outward aspect of the Church in this Mission as compared with last year.

The new chancel of St. Paul's, the village Church, has been completed, and the whole Church, with the exception of the west window, has been fitted with a very beautiful set of stained windows.

The whole exterior of the building has also been clap-boarded and painted.

In a word, the Church, externally and internally, is now an object of beauty, and worthy of the name of a Church.

In Lingwick, too, the Church has been to a great extent overhauled and repaired; indeed, a few more dollars judiciously expended in the Spring will obviate the danger of premature decay. The attendance at Church in St. Paul's, though equal to the average, is not what your missionary would desire to make it, a stormy day exerting a very noticeable influence

upon the general attendance, but thus it must ever be until we can build a shed for the horses of those that come from a distance.

I trust another summer may remedy this serious defect.

The collections in this Church, St. Paul's, have exceeded the average, a fact which, under adverse circumstances, I am happy to be able to record.

I must also add that the contributions to the Diocesan Board by this congregation have been cheerfully and punctually paid, while the same station of St. Paul's, at once, without question or delay, through my energetic Church-Warden, Mr. Lemuel Pope, entered into the stipulated agreement with the Diocesan Board for the coming two years.

The attendance at St. Thomas has been fair.

There are at present three Sunday-schools in operation in this Mission, with a total of about 75 scholars, at one of which, St. Paul's, I am only habitually present.

An occasional visit to the other, however, reveals the cheering fact that my fellow labourer's work is not in vain.

A Bible Class once a week in the Parsonage completes the routine of duty.

I have to lament the loss, through removal, of my earnest co-labourer, Lieut.-Colonel Fitzgerald, who in the capacity of Lay-Reader carried on the work of the Church in Lingwick on alternate Sundays with myself, and not only in Church but at the hearths and homes of all interested in the Church, his cheerful, earnest voice was heard in kindly social converse, as well as in humble prayer.

This little community, consisting of but a few families, have manfully struggled to maintain the services of the Church to which they belong, and to which they fondly cling, in spite of their gradually decreasing numbers and death. St. John's has, I regret to say, been closed.

I am happy to say, however, that a portion of this Congregation come to the village Church, which is by no means beyond their reach. That in the course of the past year we have met with trials and reverses I cannot deny.

May the uniting influence of the Holy Spirit be more abundantly shed in our midst.

JAMES BOYDELL.

DUDSWELL.

In reviewing my work in this Mission during the past twelve months, I have cause for thankfulness. My health, which was so badly broken down last year, has this year so

held out that, notwithstanding the severe cold and heavy roads, I had scarcely one failure in all my Sunday appointments, which involve two full services and from twelve to twenty miles of travelling.

The general attendance at all my out-stations has been regular and good, except South Ham, which was reported last year as almost depopulated of Church people, in consequence of the steady influx of French colonists.

My Sunday-schools, five in number, I have maintained in as good a state of efficiency as I could during the past summer. They all number 112 children, and are taught by 14 teachers. I have distributed during the year 100 additional Prayer-books, a few to members of the different Congregations, the rest among the Sunday-schools. Those who have the advantage of more compact populations and more means can scarcely appreciate the difficulties that beset the Sunday-school effort in such a Mission as this, with its scattered inhabitants.

Our Church model school has been kept in very good efficient operation during the year. The entire number that passed through the school was 55; five of them were French, who came for the purpose of learning English. I have succeeded in adding to the School a large porch, which serves for a cloak room, and a large addition to the rear for a classroom and ward-house, making the whole establishment 80 feet in length. Our School has already sent out two elementary school teachers, and five more are preparing, two of these for model school diplomas. When we get a bell placed in our turret we shall then probably have the most complete educational establishment of its kind in the Eastern Townships.

The School is opened with singing, bible reading and prayer, and we hope bye-and-bye to take up every subject that the bearer of Model School Diplomas of the McGill Normal School is qualified to teach.

We had three very successful missionary meetings last January, at which good speeches were made by the Revds. Messrs. Roe, Thompson and Boydell.

These meetings are looked forward to by our people with interest, and do good. I always feel thankful to my brethren of the Clergy for the valuable services rendered on these occasions. We had a very successful Christmas Tree and a Santa Claus at the time of these missionary meetings, for the Sunday-school children, and we are now preparing for another to come off this week. I hope to present to the

Bishop this week a very respectable class for confirmation in point of number, and generally as to preparation. The members of this class to a large extent I have been obliged to visit individually at their own houses, and the work has involved an amount of special travelling approaching nearly to 1000 miles.

I must not omit the mention of a three days' visit of the Lord Bishop to this Mission, in June last. His Lordship very kindly placed himself for the most part at my disposal, and we spent the time in visiting from house to house, giving particular attention to the sick and the aged, his Lordship holding service with preaching at some one of the School-houses or at the Church every evening. This visit of the Bishop was most thankfully received everywhere, and it strengthened my hands for my work not a little, and I cannot refrain from expressing a hope that his Lordship may again find time for such a visit.

THOS. L. CHAPMAN.

MAGOG.

Magog is a bustling little village at the outlet of Magog lake, has a picturesque locality, and is destined, from its great water power, to increase. The inhabitants are chiefly American in origin, and of every shade of religious sentiment. There are three Churches, French, English, and a Protestant Union. The last is now solely occupied by the Methodists, who have a strong hold on the surrounding district, and in the village are equal, perhaps, with ourselves in number. Our Church is a very pretty and symmetrical edifice, standing in the centre of the village, newly built and chastely finished by the creditable industry of the Rev. Mr.

Walters. It lacks a tower and steeple, and is not yet enclosed. Our adherents consist of fourteen families, with a few individuals; but the Church is liberally aided, and more or less attended, by the Protestants indiscriminately. We have a cabinet organ and a small choir, consisting chiefly of a Church family. Our Sunday-school numbers twenty-two; as the children are generally without parental control, they go to and fro at pleasure. We have two regular services and monthly communion. The Congregation fluctuates between thirty and seventy, perhaps an average of thirty-five.

Herewith you will receive your blank return filled up with the various sums collected here for Church purposes since I came into the charge in July last. I have entered for the Diocesan Board only the sum collected here. The whole assessment is \$200, of which the Bishop has kindly paid \$40, and Rev. Mr. Walters \$25. Mr. Walters has given notice that his name be withdrawn, and his Lordship cannot be expected to continue his. It will be absolutely necessary for the Board to reduce the assessment on this weak Congregation. I see by the tabular report in last Journal of Synod some 65 families, if I remember well, here belonging to our Church; I find only 14 adherents, not all members.

There is a debt on the organ of \$100. From the offertory and net proceeds of a social we have about one-half of this in hand. We had to repair the foundation of the Church at a cost of \$25.

A. BALFOUR.

CAPE COVE.

During the year, the close of which, by God's mercy, we have been permitted to reach, little worthy of special mention has occurred in this Mission. The usual services have been held, and the attendance has been equal to, though not greater than, that of former years. However, I am thankful to say the number of communicants, especially at Easter, has been larger than ever before. Our two Sunday and three day schools have been in full operation, and have shown satisfactory results.

Last winter the people of Cape Cove contributed over ten thousand feet of boards for the new Church; within the year they have also paid £50 towards the Building Fund. This winter we hope to get out the frame. To the kindness of the Rev. H. Roe we are indebted for a valuable set of plans, which have been approved of by our building committee, and which, when fully carried out, will insure to us a handsome and convenient Church.

The people are for the most part as willing and generous as ever; but it must be confessed that the large assessment paid to the Diocesan Board, the school tax, and the contributions in money and material towards the intended Church, when taken together, press heavily on our small and by no means wealthy Congregation. The affairs of our Congregation at Percé call for no particular mention; except when hindered by storms or impassable roads, services there, as well as here, have been regularly held and well attended.

Amounts raised in the Mission during the year, including assessment and Church building fund, are, say, \$870.80 To the Lord Bishop, as requested, I sent detailed account.

WILLIAM GORE LYSTER.

MALBAIE.*

The interest in Church matters here has, I regret to say, flagged a little, following the habits induced by the education of the fisherman,—that of spasmodic effort.

Our Sunday-schools are unsatisfactory, and not easy of remedy. We have, however, three day-schools where the Bible and catechism are taught, thanks, in a great measure, to the Colonial and Continental Church Society's conditions of grant. An endowment fund was started last Easter, and \$200 on account thereof paid into the hands of the Treasurer of the Church Society's Fund.

A bazaar, of humble pretensions, was, in spite of adverse circumstances, set on foot, which is not yet finished. Its few projectors and workers deserve great praise.

Last spring Mr. Adolphus Collas organized a concert and entertainment in aid of the Church Funds, which realized \$37. There have been no alterations in the Church, nor repairs of Parsonage and barn this year, although part of the wood required was subscribed during the winter. Operations are contemplated next summer. For the Parsonage this is absolutely necessary. Our excellent Church-Wardens, Messrs. LeGresley and LeGros, merit the best thanks of the Mission for their zeal and energy in all matters pertaining to their office, not always an agreeable one.

I would also record my obligations to Mr. John LeGresley, of Belle Anse, for the use of a horse during the winter, and boat in summer, till my own was ready. To him, I have been mainly indebted for assistance in my long journeys.

The Messrs. Buckley, of Barachois, deserve great praise for indispensable services in building my boat.

Peninsula.—This Congregation has displayed considerable activity during the year just closed, services have been well attended, the new Church is being rapidly pushed forward, and I venture to hope there are unmistakable signs of a revival of true religion in our midst.

A bazaar was held in the spring which realized handsomely for a people of such small means.

The lady superintendent, Mrs. Alexander Aseah, I am pleased to state, was presented with a handsome copy of the Holy Scriptures by the gentlemen of the Congregation in appreciation of her valuable services. Early in the new year the ladies also held a tea-party, the proceeds of which amounted to \$40, and collected money for a Surplice.

Little Caspé.—There is little to record of doings here, as we were disappointed by the person who had engaged to furnish boards for the ceiling of our new Church. I hope in next report to be able to note progress.

There is a gratifying feature in our services here similar to that which distinguishes them at the Corner of the Beach, and from a similar cause, the labours and example of a very worthy day and Sunday-school teacher, Miss A. J. Ball, since whose leaving both schools have been closed.

At Indian Cove, 4 miles distant, another of our teachers, Miss E. Hamon, prosecutes her labours of love on the Lord's Day amongst the outlying inhabitants. Near this place, at Shop Head, I hold cottage services, which are well attended.

Whilst at Quebec in the fall I presented an appeal, on behalf of this new Mission, for a globe and Parsonage, which met with a hearty response, realizing in a short time \$296, about half the sum required. I need not say we are deeply grateful. As the temporary union of this Mission with Malbaie ceases next July, I trust each may then be occupied by a resident Clergyman.

RICHARD MATHERS.

GASPÉ BASIN.

The Churches in this Mission have been regularly served, excepting during the time I was absent from the Mission, in the month of July.

During the past year several persons have left this Mission and gone to the Province of Ontario. No new settlers have arrived to take their place and fill up the vacancies in our ranks.

In the month of February a meeting was held and steps taken to secure funds to build a new Church at the Basin, to replace St. Paul's Church. The meeting was well attended, and the call for funds responded to by a subscription on the spot of \$500, payable in four instalments; one as soon as the new building is framed; two when it is covered in; and the last when it is ready for use. From a knowledge of the circumstances of most of the Congregation, I am sure I can safely say that the promised contributions cannot be paid.

without great self-denial on the part of the contributors, especially when all feel the necessity of curtailing expenditure in order to make both ends meet, owing to the past season, which was far from being as productive as former ones. The promised contributions, together with the amount already received and promised by liberal Churchmen in Quebec and elsewhere, amounting to about \$400, have been handsomely supplemented by the proceeds of a Bazaar, \$688, held last autumn by the ladies of the Congregation of St. Paul's Church in aid of the new Church Building Fund.

I hope the sittings in the new Church will be free; at all events that the pews will not pass out of the hands of the Corporation and become freeholds held by private persons.

The present pew system is a great hindrance to progress in this Mission. It creates distractions in the House of God; it forms a plea for young men refusing to contribute because they are not pew-holders and have no voice in Church matters.

The following is a copy of the Church-wardens statement for the year 1873.

St. James' Church has had regular services, except during the month of July. The Church is in want of extensive repairs. Owing to the nature of the soil, the stone-work is thrown out of place by the action of the frost. The schools in this part of my Mission, in the Township of York, the want of which I have so often pointed out, have been organized. The school in the Grant settlement has been fortunate in securing aid

from the C. and C. C. and S. Society. The people are deserving, and without the opportune assistance of the Society they could not have retained their teacher. The Schools in the Township of Gaspé Bay South, and in the Village of Gaspé, are both filled by competent teachers.

I have no doubt the Rev. W. G. Lyster's appointment to the office of School Inspector of Protestant schools in the District of Gaspé will be very beneficial to the cause of education, as the Clergy of the district can work cordially with him, and the Commissioners will value his suggestions.

I enclose the statement I have received from the Church Warden of St. James' Church. Two special collections were taken up in this Congregation, in accordance with instructions I received.

JOHN P. RICHMOND.

SHIGAWAKE.

It is with the deepest thankfulness to the great head of the Church that I am able to report anything like real progress in work for Christ in this part of this lonely coast.

Since I came here, seven months ago, I have baptised 21; buried 3; and married 2.

I have three Churches and one School-house where services are held, there being about thirty miles distance between the first and last station. My services are as follows:

Sundays: 3 services.

All Holy days: morning prayer, or Litany.*

Wednesday and Friday: Evening prayer and Bible class.

These services are always well attended. Most of the inhabitants are very poor, still they are willing to do their utmost for the Church, and to do that cheerfully.

I may be allowed here to acknowledge the generous offertory in November last, of St. Matthew's, Quebec, for altar vessels for this poor mission; also, a Sunday-school offertory and a sum of money from the Young Women's Guild of the same Church, for books for my three Sunday-schools.

Messrs. Chas. Robin & Co. subscribed liberally towards the harmonium recently bought. To all who have aided us by

At Hopetown our services are held in an old School-house, where they are likely at any time to clash with the arrangements of others who have access to the same building. This has induced me to make an effort to build a small Church here. Indeed, if we hope to win back those who have left us, if we wish to retain in the Truc Fold those who yet refuse to listen to the voice of the stranger, this is an actual necessity. Among the thousands who read this report, whom God has blessed with plenty, are there none willing to give us a helping hand, trusting to Jesus for their reward? Are there none who love God and His Holy Church enough to aid me, even with the fragments from their abundance, in building here a small Church for Christ's poor.

H. C. STUART.

SANDY BEACH.

I again submit, at the close of the year, the customary statement of the progress and position of this Mission. So smooth and uninterrupted has been our course during the past year that I have but scant materials from which

to frame a report. With thanksgiving and gratitude I record that I have been permitted, with scarcely any interruption from ill-health or accident, to carry on the usual work of the Mission; and the people committed to my charge have, as heretofore, attended to the ministrations of the word and ordinances constantly and attentively. Thus the good seed has been sown, and I trust that the Lord of the harvest is blessing His own Word, to the edification of His people individually, and to the confirmation of His Church here.

I hold now a monthly celebration of the Lord's Supper, with an average attendance of forty. No striking incidents have occurred, but I think I have good reason to conclude that the inner life of the Spirit is becoming more deep, earnest and decided in not a few.

In the latter part of the summer we were cheered by the visit of the Rev. H. Roe, who ably set forth to us the responsibilities, resources and claims of the Diocesan Board. Gladly would the people of this Mission respond to the appeal; the will greatly to increase their contributions is not wanting, but their ability does not respond to their will. They have, however, promised to take the matter into consideration in the meeting of the Vestry, which occurs on the first Monday in the New Year, and they will then honestly try if they can do anything more; but I am not sanguine of any favourable result accruing. The contributions for Church purposes in the Mission somewhat exceeded \$400. The several items I have submitted to his Lordship the Bishop in the statistical return made to him. A generous member of the congregation has offered to give \$50 to increase our Endowment Fund, on the condition that another \$50 be contributed for the same purpose by the Congregation; that condition is now nearly fulfilled, and I trust that it will be completely so by New Year's day, and that the \$100 will then be added to our Fund. Though slowly, yet that provision for the future is advancing to a state of efficiency.

The baptisms during the year were 6; marriages, 3; burials, 4. I may remark, that never since I came here where there so few baptisms, the average number hitherto being about 20.

The season closes with us in peace and harmony one with another, and in charity with all. Though little superfluity has fallen to our lot, yet our wants are all supplied and we have some little to spare to the more destitute. When we look back, then, we thank our Lord for the goodness and mercy which have followed us through all the days of the old year,

and we shall enter upon the New not knowing what it shall bring us, but calmly trusting in the same goodness and mercy.

ROBERT MITCHELL.

RICHMOND AND MELBOURNE.

The new Mission of Brompton and Windsor, which has been under the fostering wing of this parish for the last three years, became a separate Mission under the Diocesan Board on Advent Sunday. On that day Mr. Louis Olivier Armstrong entered upon his duties as resident missionary, in charge of the Townships of Brompton and Windsor. Mr. Armstrong came to us immediately from the Diocese of Montreal, but was previously trained in Mission work under the Rev. Principal Brock, in the Diocese of Huron. Mr. Armstrong received a very warm welcome from his new flock, who justly anticipate the happiest results from his zealous, loving spirit and his unweariedness in work for the good of souls. We had all hoped that the Rev. Isaac Thompson, who has had the chief charge of Brompton and Windsor from the first, would retain the Mission, throughout which he was both beloved and appreciated. The want of a Parsonage, however, was felt by him to be an insuperable obstacle. The services have been kept up in Christ Church, Brompton, and in Windsor Village, regularly every Sunday, and in a large portion of the year at the Powder Mills. Services have also been held at Hardwood Hill and Brompton Falls. The Sunday-schools have been maintained; but have languished, as they always must where they lack the personal superintendence of the pastor. Now, doubtless, they will become very efficient. A class of candidates for confirmation was under instruction by Mr. Thompson, in Brompton and Windsor, during the summer. These he hoped to present to the Bishop before the close of the year; unfortunately, a bilious fever, the result of a violent cold, laid Mr. Thompson up for three months, so that he is obliged to hand over the class to his successor.

Brompton has from the beginning been paying an assessment of \$100 a year; Windsor began this year to pay \$50.

I need not say what a satisfaction it is to me to see this new Mission permanently established under such hopeful auspices. May the blessing of God rest upon it for ever.

In Richmond and Melbourne the meetings for prayer and religious conference, of which I spoke in my last report as having been begun last year, were continued during the winter, and met with a fair measure of success. At St. John's and Silver's they were largely attended; at St. Ann's rather meagrely. Of the benefit of such meetings to the spiritual well-being of a parish I am thoroughly satisfied. The difficulty is to persuade the devout lay members of the Church to take any active part in them.

The annual confirmation was held in St. Ann's for the whole parish on the 25th June, when 17 were confirmed from St. Ann's; 10 from St. John's; and one from Silver's. On the afternoon of the same day the Bishop confirmed, privately, an aged couple at Silver's; and on the previous evening an invalid young man in the village of Melbourne. These two latter services were extremely interesting and affecting. The aged couple, Mr. and Mrs. Logrand Barlow, were two of the original settlers of the country, who had borne in their youth hardships and toils now almost incredible, then taken as a matter of course. They had been under my instruction, one for baptism, both for confirmation and Holy communion, for a long time. Some months previously, after a long series of visits, and at the beginning of the illness which proved his last, Mr. Barlow signified to me, in words peculiarly comforting, his desire to become a member of the Church. Some days after his aged partner joined in the same request. The Bishop willingly consented to go out and hold a special service in their house. The dear old man was on his dying bed; his aged partner, tremulous with years and agitation, by his side; their children and grand-children, were gathered around them, together with the friends and neighbors of a life time. Mrs. Barlow was baptized; both received the laying-on of hands; and the Holy communion was administered to them, their children and friends. It was a service which will long be remembered by those who were present at it. Mr. Barlow did not long survive this service. He had within a few years been twice bereaved of children in an afflicting manner; and now once more before his departure he was called upon to bear up under a bereavement peculiarly severe. One of his daughters, a truly excellent woman, and mother of a large family, was taken away a few weeks before him; and on the very morning of his decease a very dear grandchild, after a short illness, died before his eyes.

No less touching and beautiful was the confirmation and admission to Holy communion of a young man on the previous evening in the village of Melbourne. He had been for many months confined to his bed, a wasting sickness wearing out his young life. Through it he had been nursed with infinite tenderness by his mother; but a few weeks before his confirmation a sharp attack of disease carried her off from him suddenly, and in a manner to him most painful; his mother dying up stairs, and he too ill to be carried up to receive her dying blessing. Lying on his couch he received the long-coveted gifts of the laying-on of hands and

the Holy communion of the Body and Blood of Christ; and strengthened and refreshed thereby, he still bears bravely up under the weight of his cross.

It is in cases such as these that one learns to know, by experience, how true the saying is that "whom the Lord loveth he chasteneth."

In September last I resigned the parish of Richmond and Melbourne, and have since held the charge of it only till my successor could be appointed. At the close of an incumbency of six years, I may, I think, usefully say something of the growth and progress of the Mission during those years, especially in a financial point of view.

In January, 1872, the Mission ceased to be connected with the Diocesan Board, and assumed the responsibility of paying the entire salary of their Clergyman, namely, \$600 a year. At the Easter Vestry meeting of this year, 1873, the Congregation was pleased to increase that stipend to \$1000 a year. This movement was gratifying to me, from the testimony it bore to the sense of strength and self-confidence in the Congregation. A Congregation substantially the same, certainly not financially stronger, had grown in six years from feeling able to pay towards their Clergyman's support \$200 a year, to feel able and willing to pay \$1000 a year. During the same period, the contributions to the Church Society, *i.e.*, the missionary contributions of the Congregation, had grown from nil to \$200 a year.

St. John's Church, Melbourne, during the same period, grew from an assessment of \$50 a year to \$120. But to show what our people could do, if they had but the heart, I may mention that the Congregation of St. John's Church, being anxious to retain permanently the services of the Rev. I. Thompson, raised among themselves, in two days, a permanent subscription of \$300 a year, the whole of which would undoubtedly have been paid if the project had been carried into effect.

Let these facts be pondered by those who cling so tenaciously to the missionary money which this Diocese still, to its reproach, receives from the Society for the Propagation of the Gospel; they present but a specimen of what many of our older Missions are capable of doing.

During the past six years there have been confirmed in this Parish, not including Brompton and Windsor, 126 persons. Most of them have become communicants.

The communicants now number in St. Ann's, 177; in St. John's, 59; Silver's, 20. Total 256.

Number of children in Sunday-school: St. Ann's, 117; St. John's, 57; Silver's, 200.

During my incumbency we have lost by removals, withdrawals and death, from St. Ann's Congregation, as it stood when I came here, 15 families and 10 single persons who contributed materially to our funds. We have gained by immigration 14 similar families and 3 single persons. Our losses and gains about balance one another. Thus our progress is not seeming, but real and substantial.

In bidding farewell to the Parish of Richmond and Melbourne, I must express the deep obligations which both the parish and myself are under to the large body of fellow-helpers who have worked with me, from first to last, as Church Society collectors, as members of the various choirs, as Sunday-school teachers, and especially as Church-Wardens. To the ability and zeal of Mr. Robert Fraser, deputy superintendent of St. John's Sunday-school, the success of that school is largely due. The Wardens of St. John's Church have all along been thoroughly efficient; the two wardens whom I have in office there, Messrs. Buet and McKee, especially so. The Church-Wardens of St. Ann's, Messrs. Wray and Journeaux, have had a very arduous task in connexion with the rapid increase of the permanent charges upon the funds of the parish. To Mr. Journeaux I owe thanks for a thousand kind offices; while Mr. Wray has been simply indefatigable. He has the satisfaction of having the parish free from debt and its finances in a thoroughly healthy condition. To Mr. Wray the Congregation of St. Ann's owe a debt of gratitude for services such as few Church-Wardens have ever rendered.

SHERBROOKE.

I was inducted to the Joint Incumbency of this Parish by the Right Reverend the Lord Bishop of Quebec on Friday, 27th June, 1873, and preached my first sermon in my new sphere of labour on the Sunday following, which was St. Peter's Day, from the second Lesson for the morning, St. John xxi., 15, 17. On that occasion I made the following remarks, which this report enables me to put on record: "I am truly glad of the arrangement which the Bishop has made, by which your valued Rector, who has laboured amongst you so long and so devotedly, retains his position as Rector of this parish. I am glad for your sake and his, that the ties which have united you as pastor and people for 20 years are not going to be severed by my coming amongst you. I am glad, too, for my sake that this arrangement has been made, inasmuch as I shall have in consequence the advantage of his counsel and advice in working the parish; and also the benefit of whatever share he may wish to take in the public ministrations of the sanctuary, and the parochial work of this growing town." From the above remarks it will appear that the resignation of the Rev. C. P. Reid, which he announced in the last Report of the Church Society, has not been carried into effect. The parish and myself are thankful it has not. I have not yet quite completed a systematic visitation of all the Church people connected with St. Peter's Church. Some families, living from four to seven miles from the town, I have not yet seen. So far as I have visited during the past five months, I have seen 232 Church families

in and immediately around Sherbrooke, representing a Church population of about 1060. Of the above families between 20 and 30 have come from England or Ireland within the last two years. Several families belonging to the Church, from Kent and Somersetshire, have come within the last two months. It is a great pity that they should come out at this season of the year, when work is scarce and our long winter is setting in. Many ladies in the town have been kindly providing warm clothing for our newly-arrived English children, most of whom are not at all prepared for our zero frosts. Already we have had the pleasure of welcoming several of these emigrants and their children to our Church and Sunday-school. One English mother only six weeks in Sherbrooke said to me it seemed so like home in Church when she found we were using, not only the same Prayer Book, but the same Hymn Book also, Hymns Ancient and Modern. Additional accommodation has lately been provided in our Church by placing open seats up our centre aisle.

The Sunday-school is in good working order. There are about 150 children on the roll, with an average attendance of about 120. There is a superintendent who acts also as librarian, and 15 teachers. I am not wrong in saying that all, superintendent and teachers, are really interested in the important work they are doing for Christ's Church. We have used since the first Sunday in August last the admirable paper of Sunday-school teaching, prepared under the direction of the Rev. H. Holland, of St. Catherine's, Ont. Teachers, parents, and children like it. It ensures systematic and uniform teaching, and enables the Clergyman at any time to catechize his whole Sunday-school in the Lessons which are being taught. I meet the teachers at my house every three weeks for the purpose of going through the Lessons, and imparting other instruction. Besides the Sunday-school, I have opened since the close of the Confirmation Class, a Bible Class, which meets in the Church at the same hour as the Sunday-school. The attendance is seldom under 60, of whom about 20 are young men and youths who have lately left the Sunday-school. I conduct the Bible class myself, the instruction is catechetical, and questions to answer in writing are also given.

On Saturday, November 8, The Right Reverend the Lord Bishop of the Diocese held a Confirmation in our Church; at which 45 persons were confirmed, 26 Females, and 19 Males. On the following Sunday the Bishop preached, both morning

and evening, to large and interested congregations. In the morning he administered the Holy Communion to 147 persons, 43 of whom had been confirmed on the previous day. Three weeks later, on Advent Sunday, we again had a celebration of the Holy Eucharist; the day was one of intense cold, hence the Congregation was not as large as usual; there were, however, 91 communicants, amongst whom were again many of the newly-confirmed. The preparation class for confirmation extended over eleven weeks: it was held in the Church on Sunday afternoon, after the close of Sunday-school, and was open to any who wished to attend. From 100 to 150 persons, besides the candidates, availed themselves of the opportunity of instruction in the first principles of Christianity and the Church. The subjects taken up were the following:—Confirmation; Holy Baptism; The Creed; The Commandments; Prayer; The Holy Communion; Episcopacy; Infant Baptism; Forms of Prayer; Our Church; The Catholic Churchman. During the latter part of the course, sermons were preached on Sunday evening in St. Peter's Church on Ordination; The Mind of our Lord Respecting Our Little Ones; The Advantages of a Liturgy and the Excellencies of our Book of Common Prayer; and The Church of England, Catholic and Protestant. Many from the modern Christian bodies came during this course of sermons, to listen to the claims of the ancient Church of God: I trust the seed has not been sown in vain.

Several copies of the following able pamphlets have lately been sold in the town. The late Bishop Randal's Lecture, "Why I am a Churchman;" Southwell's "Which is the Church;" Thompson's "First Principles." To any troubled with Universalism, Thompson's "Sin and its Penalty" will be found most useful. I ought to mention that on the occasion of the Bishop's visit in November we changed our Hymn Book, adopting, in accordance with a resolution of our Vestry, "Hymns Ancient and Modern."

In addition to the services at the Church, which have been, as usual, by the Rev. C. P. Reid and myself, a service has been carried on throughout the year on Sunday morning, at 10 o'clock, at the Reformatory, by the Rev. C. P. Reid. A Sunday-school class also has been kindly carried on in the afternoon at the Reformatory by R. W. Heneker, Esq., who has lately been assisted in this work by another layman in the town. The service and Sunday-school seem not only to have been appreciated by the boys, but also to have been productive of much good amongst them.

The day school of the Colonial and Continental Church Society still continues its quiet and unobtrusive labours in this town; many children not belonging to our Church are through its means receiving an education based on the Holy Scriptures. There are about 70 children on the roll, with an average attendance of about 40.

The financial statement will be found appended below. I am happy to state that this year 25 new subscribers have joined our Diocesan Church Society. The total amount collected for the Church Society in Sherbrooke in the year ending December 1, 1873, is \$357.40.

In the year ending December 1, 1873, there have been 43 Baptisms, of these two were baptized as adults, and one was a case of hypothetical baptism; there have been 10 marriages and 33 funerals.

ISAAC BROCK.

ST. FRANCIS.

Our offering to the Church Society this year, I am sorry to say, is very small, but the little that has been contributed is sent by willing hearts, who would like to give a great deal more were it in their power. The Indians in this village are now reduced to a very small number, and are, without exception, all poor. Their hunt, at a great distance from home, is a very uncertain source of income; some years it is a complete failure. There is often an overstock of their fancy-work at places of resort, so as to reduce the prices very materially. Agriculture is very little attended to; the land being

of an inferior quality, it requires an outlay of money before it can be remunerative. Collections for Church purposes must necessarily be fluctuating under these adverse circumstances. During the past year I am glad to report that the services of the Church have been well attended. The Sunday-school has also been in operation. The day school, taught by Miss Tucker, a pupil of Sabrevois, is progressing fairly. I have reason to believe that our work is doing good to this forsaken people, in elevating them in their habits and leading them to accept Jesus as their Saviour. The following amount has been raised in the Mission.

GEORGEVILLE.

I am glad in being able to report that the year's progress has been marked by some encouraging events. Amongst such, I may mention a sale of ladies' work during the early part of the winter, which was so far successful that the proceeds, increased as they were by some further contributions during the summer, enabled us to pay off an instalment of the Church debt, amounting to \$100. That formidable debt we have reduced from \$1000 to \$700. Chiefly through the kind assistance of a few friends, a neat and simple Font has been placed in the Church within the last few months, and already, since it came into use, in addition to some infants, I have had the pleasure of admitting into the Church, by Holy Baptism, four adults. Of these, three were young lads who have been for some time attending the Sunday-school and receiving suitable instruction; the other was a married man, who till lately was little acquainted with the services of the Church, but has learned to prize them. Though we have lost during the year some of our people, owing to their removal to other places, still the average attendance at Church has been maintained with increasing steadiness and regularity. Not only has the Sunday-school held its ground, but a number of new names have been lately added to the roll. During the early part of the year I had a promising

* Received too late for the insertion of the names of subscribers in this year's report.

Bible-class. This had to be discontinued, owing chiefly to the dispersion of the young people attending it, but soon I hope to have it again in operation.

We were favoured during the summer with a visit from his Lordship the Metropolitan, who kindly preached for us on the Lord's Day.

These few circumstances may, I think, be regarded as affording ground for encouragement in a place where the Church has been so recently planted and has had to contend with so many difficulties. But you must not suppose that all our troubles are now at an end, there is still enough, and more than enough, to teach us humility and to try our faith. There is a dark side to our picture as well as a bright, and in connection with the dark side I cannot refrain from alluding to the great loss we have sustained in the departure of the Honorable Judge Day and his family. Indeed, this loss is, I fear, almost irreparable; it has deprived this struggling Mission of its best and most liberal supporters, for to the Judge and Mrs. Day we had become accustomed to look in all our difficulties, ever sure of wise counsel and generous aid. The universal regret felt in this neighbourhood, in consequence of their leaving, is the best testimony to their sterling worth.

Whilst grateful for the respect and kindness evinced towards me personally by my neighbours, I have still to regret the prevailing backwardness to support the Church and her ministrations; the anxiety arising from this cause is very depressing.

F. A. SMITH.

ST. SYLVESTER.

Divine Service has been maintained regularly during the year. An effort was made to paint St. Sylvester Church internally and externally. I am happy to say that my people responded to the call in a most willing manner, and, aided by many kind friends in Quebec, the work has been well done.

St. Giles.—There has been little interruption to the Services amidst this widely scattered people. It is with the greatest difficulty that our day-school is maintained. The Sunday-school can only be open during the summer months. The Church is in a rather bad state of repair, and sadly needs painting. It is much to be hoped that efforts will be made to put the building in a suitable condition.

St. Patrick's.—This Congregation has suffered greatly from emigration. In fact a once flourishing school has been obliged

to be closed from want of members, and the Church Congregation has dwindled to a mere handful.

St. Catherine's and St. Margaret's.—These two small Congregations worship together in the Church in the latter place ; as it forms the third service, and occupies not less than two hours to reach either from St. Patrick's or St. Sylvester, it necessarily makes the service late, so that returning to St. Catherine's it is frequently by torch-light, the Missionary in the centre, torches behind and torches before, and thus he is on the spot for Divine Service on the coming day.

St. Mary's.—As a general rule I call in going and returning through the Kennebec Valley. The visit of the Bishop was very greatly prized by this little flock.

St. Joseph's.—The last family left here during the past year for the United States. 27 years ago it was a promising little Mission, now all our people have gone Westward.

St. Francis.—The "Gold Diggings" for the present are defunct. Mr. and Mrs. Lockwood and Mr. G. Chapman are the only remaining members of the Church. Here we have no place to hold Service.

Cumberland Mills.—This commodious Church has at last been painted. We have to thank our generous friend Mr. Robert Hamilton and others for valuable assistance. Altar linen and blinds for the windows were kindly given by two widows. The Lord Bishop held confirmation in this Church on his recent visit. A school is very much needed here ; one was started, aided by the Church Society, Mr. R. Hamilton, and the Church and Continental Society, but unfortunately our teacher left us after a two months' residence.

St. George.—His Lordship held a Confirmation in this Mission, when four candidates were presented.

Township of Jersey.—This part of my extensive Mission is deprived of Services in the spring and fall from the flooding of the Rivers "Chaudiere" and "Du Loup."

Kennebec Road.—Three visits have been paid to the scattered members of the Church on this road.

LENNOXVILLE.

The following is the financial statement of St. George's Church, Lennoxville, from the 8th of December, 1872, to the 30th November, 1873.

	\$798 93

In addition to this amount new stops have been added to the organ, costing \$250, and a furnace has been placed under the Church at an expense of \$265, towards which the sum of \$170 has already been contributed, making the whole amount received in the Parish for Church purposes for the year ending December 1st, \$1218.93.

In the ordinary routine of parish work it is seldom that there is anything new or startling to be recorded. Morning and Evening Services have been regularly held in the Church throughout the year, with Sunday-school in the afternoon. The Holy Communion has been duly celebrated once a fortnight, with no diminution in the number of communicants. The rite of Confirmation was administered by the Lord Bishop of the Diocese in the month of March, when thirty-five candidates were presented for the blessing of the laying-on of hands.

The Sacrament of Holy Baptism has been administered to 39 children and 3 adults. There have been 3 marriages and 11 burials.

During the year a service has been regularly held near Mr. Darby's, on the Eaton road, and also at the Chapel Mines, by F. C. Emberson, Esq., of Bishop's College, assisted by the students of the College. Mr. Emberson having opened a Mission Station at the Hyatt School House, gives up the Mines, and in the future it is proposed that services shall be held there and at various points in the parish by the Divinity Students, under the direction of the Reverend the Professor of Divinity.

ANNUAL REPORT
OF THE
CLERGY TRUST COMMITTEE,

Presented to the Church Society at the Annual Meeting, February
4th, 1874.

The Clergy Trust Committee beg leave to report that all the interest arising from Investments have been paid.

\$2000 Montreal Harbour, and \$400 London Debentures, have been paid off since last year, and \$3000 have been invested in Montreal Harbour Bonds at 99 per cent; all for the Clergy Trust Account, bearing $6\frac{1}{2}$ per cent interest.

NEW ENDOWMENTS.

Three new Local Endowments have been formed during the year, viz: Malbaie and Point St. Peter, Leeds, Kingsey.

Your Committee hope to report several others before the expiration of the next year.

The ladies of the Mission of Sandy Beach have added \$100 to their Endowment, and a sum of one hundred and fifty-six dollars has also been forwarded from that Mission since the close of the year. The good example thus shown ought to induce all Missions having Endowments to add to them yearly, in order that they may become available at as early a date as possible for the purpose intended.

The Committee would again remind the different Missions of the great inducement hold out for forming Local Endowments, viz: by raising \$200 a further sum of \$150 is granted by the Church Society, and \$200 more is added by a member of the Church in Quebec, and the Society for the Propagation of the Gospel is also "prepared to grant from its Colonial Church Endowment Fund a sum of £500 sterling in aid of Endowments of Clergy in the Diocese of Quebec, on condition that a sum of £2,500 sterling is raised before the 31st December, 1875, from local sources to meet it, and that the whole is invested in securities, and on trusts approved by the Society." The gentleman before referred to has most generously offered to grant a sum of \$300 each to seven poor Missions* when they have raised \$100 each to form Endowments.

The whole respectfully submitted.

J. W. QUEBEC,
Chairman of Clergy Trust Committee.
M. MONKHOUSE FOTHERGILL,
Secretary.

* Kingsey, Leeds, Bourg-Louis, Georgeville, Magog, Stoneham and Lake Beauport and Brompton. Kingsey and Leeds have already fulfilled the condition.

Walker, Mrs. Jamieson, Mrs. W. W. Scott.

FORMS OF BEQUESTS AND DEVICES BY WILL.

I. *A Bequest of a sum of money, or of Shares of Stock, or Public Debentures, for the general purposes of the Society.*

I give and bequeath to "the Church Society of the Diocese of Quebec," incorporated by a Statute of the Province of Canada, passed in the fourteenth and fifteenth years of the Reign of Her Majesty QUEEN VICTORIA, chapter 171, the sum of _____ (or _____ Shares of Stock in the Bank of _____ standing in my name in the Books of the said Bank, or of Debentures, describe them briefly,) upon trust to be by the said Church Society applied *to and for the uses and purposes of the said Society, as specified in the said Act of Incorporation and none other.*

II. *A Bequest of a sum of money, or of Shares of Stock or Debentures for one or more of the specific purposes of the Society.*

(Same as foregoing, only instead of the words in Italics say) towards the augmentation of the Fund formed for the purpose of providing for the future support of the Clergy of the Diocese, called the Sustentation Fund.

Or,

Towards the support of missionaries and clergymen of the United Church of England and Ireland in the Diocese of Quebec.

Or,

Towards the augmentation of the Fund formed to make provision for those of the clergy of the United Church of England and Ireland, in the Diocese of Quebec, who may be incapacitated by age or infirmity, called the Pension Fund.

Or,

Towards the augmentation of the Fund formed to make provision for the widows and orphans of the clergy of the United Church of England and Ireland, in the Diocese of Quebec, called the Widows' and Orphans' Fund.

Or,

Towards the augmentation of the Fund for endowing the church in the mission of (or at) held by the said Church Society, subject to the conditions of a Deed of Trust passed between the said Church Society and the Incumbent and church-wardens of the church in the said mission, (or at)

Or,

As the commencement of an endowment for the church of St. in the mission of (or at) and to provide for the future maintenance of divine worship in conformity with the principles of the United Church of England and Ireland.

Or,

For and towards the encouragement of education, and the support of Day Schools and Sunday Schools in the said Diocese of Quebec, in conformity with the principles of the United Church of England and Ireland.

Or,

For and towards a Fund for assisting persons preparing for the Ministry of the Gospel in the United Church of England and Ireland within the said Diocese of Quebec.

Or,

For and towards a Fund for circulating, in the said Diocese of Quebec, the Holy Scriptures, the Book of Common Prayer of the United Church of England and Ireland, and the Books and Tracts approved by the said Church Society for circulation within the said Diocese of Quebec.

Or,

As an aid towards the erection, endowment and maintenance of churches according to the principles of the United Church of England and Ireland within the Diocese of Quebec, —the erection and maintenance of parsonage houses,—the setting apart of burial grounds and church-yards, and the endowment and support of parsonages and rectories within the said Diocese.

III. *A Devise of Real Estate for the general purposes of the Society.*

I give and devise unto the "Church Society of the Diocese of Quebec," incorporated by a Statute of the province of Canada, passed in the fourteenth and fifteenth years of the Reign of Her Majesty QUEEN VICTORIA, chapter 171, all and singular, &c. [Describe the real estate clearly.] To have and to hold the said, &c., unto the said Church Society of the Diocese of Quebec, and their successors, for ever ; upon trust to hold and apply the same, and the rents, issues and profits thereof *to and for the uses and purposes of the said Church Society, as specified in the said Act of Incorporation, and none other, and under the provisions of the aforesaid Act of Incorporation of the said Church Society.*

IV. *A Devise of Real Estate for any one or more of the specific purposes of the Society.*

Same as in No. 3—only instead of the words in Italics insert the specific purposes, as in No. 2.

V. *A Devise to the Society of a site for Church, &c.*

Same as No. 3, down to the words "for ever"—then go on as follows ;—to the uses and upon the trusts following, that is to say ; upon the trusts to hold the same forever hereafter as and for the place and site of a Church and Church-yard, and Burial-ground, for the sole use and benefit of members of the Church residing in the places adjacent to the said site and premises within the said Diocese of Quebec, according to the doctrine and discipline of the United Church of England and Ireland, and for no other purpose, and under the provisions of the aforesaid Act of Incorporation of the said Church Society.

LANDS BELONGING TO THE CHURCH SOCIETY.

No. 14, Range 7, Township of Halifax.

No. 10, Range 8, Do. do.

NOTICE.

The ANNUAL SERMONS in aid of the various funds of the Church Society are appointed to be preached--

FOR GENERAL PURPOSES, on *Quinquagesima Sunday*.

FOR THE MISSION FUND, on the *Sunday nearest to Michaelmas*.

FOR THE WIDOWS' AND ORPHANS' FUND, on such other *Sundays* as may be found most convenient.

FOR THE PENSION FUND, on one of the *Sundays in Advent*.

The attention of applicants for grants is particularly directed to the following rules.

1. That no grant be made for any church, parsonage glebe, or other property, which shall not have been duly vested in the authorities of the Church.

2. That grants be payable when the amount shall be sufficient to free the property from debt; or that the debt be a mortgage for an amount not exceeding twenty-five per cent of the value of the property or building when finished.

3. That the Treasurer when transmitting the amount of any grant of money made by this Society to any parish or mission in the diocese shall require a receipt, signed jointly by the Incumbent of such parish or mission, and one or both of the church-wardens.

4. That in all cases where grants of money (other than personal) are made by the Church Society, it shall be the duty of the person to whom such grant shall be paid to furnish, within three months afterwards, regular vouchers of the expenditure of such sums, to be submitted to the Board.

5. That when the conditions on which any sum is voted are not complied with, and the money applied for within one year from the time it is voted, such grant shall be struck off the list.

6. That no grant shall be made towards the erection of any church or parsonage, unless the plans and site have been approved of by the Bishop.

7. That no grant shall be made to any parish, mission or station, in which at least one sermon shall not have been preached, and from which the subscription shall not have been sent in during the year.
8. That all applications for aid reach the hands of the Secretary at least a fortnight before the next meeting of the Central Board.
9. That no application for aid in repairing either churches or parsonages be entertained for the future; as the Central Board conceive it to be the duty of congregations to keep all their church property in good repair.
10. Clergymen desirous of participating in the benefits of the Widows' and Orphans' Fund are required to pay their annual contributions before the first of May in each year.

NOTICE

The Society for the Advancement of the Negro is prepared to grant from the Colonial Bazaar Fund a sum of £500 sterling in aid of the education of the Negroes of Quebec, on condition that the said assistance be used before the 31st December, 1854, and that the whole is expended in the manner directed by the Society.
