"Get Into the Factory Line," Appeal Made Thruout England RUSSIANS FORM NEW FRONT IN GALICIA TO FIGHT ANOTHER BATTLE French Clear Way to Capture of Colmar and Muhlhausen in Alsace

RUSSIANS FORM BRIGADES ON NEW GALICIAN FRONT

Conducted Orderly Retreat From Lemberg, Destroying Roads Behind Them.

MAY ATTACK WARSAW

Austro-Germans Expected to Attempt Invasion of Poland at Once.

LONDON, June 24, 8.50 p.m.—A dispatch to Reuters' Telegram Co. from Petrograd says:

"The buildings in Lemberg were left intact, the engineers effectively destroyed the roads behind the retreating Russians. The rear guard corps were brilliantly handled and gained invaluable time by delaying the Austro-Germans for miles north-west of Lemberg and also to the west and south of the city. The new Russian front, which was referred to in Wednesday's official communication as the point on which the Russians were retreating, is on Galician territory. The Retch says it thinks the Russian army accomplished everything that was possible with its available resources."

The Austro-Germans are now established at Lemberg and have shown no sign of ceasing their offensive.

Dniester Battle Not Over.

The battle of the Dniester, to the south of the city, is not yet over, but according to Berlin, Gen. Linsingen has been able to throw his forces across the river.

With Galicia all but cleared of Russians, the weight of Austro-German forces released in that theatre must soon be felt somewhere else.

The Austro-Germans will be divided as to whether it will be on the western front or in Poland. One theory is that the Germans will launch against Warsaw another terrific attack, similar to their drive in Galicia. This coincides with the belief that it is the Austro-German plan to batter Russia more before turning west.

Sending Troops Westward.

Opposed to this are reports that troops from Galicia are already journeying westward, and that Germany plans to start a fresh campaign in the near future along the Belgian coast.

Lemberg is celebrating the return of the Austrians, and Vienna has not yet ceased her revelry at the recapture of the city. Petrograd meanwhile continues to depreciate the military importance of the achievement, professing confidence that it will have no bearing on the ultimate outcome of the war.

The first day of David Lloyd George's appeal for munitions workers seems to indicate that an adequate number is being enrolled. The whole country is now in the throes of a recruiting campaign more intense than any previous appeal for fighters at the front.

BRITAIN WILL TAKE STOCK OF RESOURCES

Men, as Well as Supplies, May Be Included in Inventory.

LONDON, June 24.—Now that the agitation for munitions is at its height, England is going to take a stock of her resources. A bill providing for the registration of national resources is to be introduced in the House of Commons tonight by Walter Hume Long, president of the local government board, according to announcements made tonight by Wm. Hayes Fisher, Unionist member for Fulham. Just what will be the scope of the inventory, and whether it will include men as well as supplies, has not been made known.

Great Forces Are With Us

There is every reason to be hopeful as to the war. If we are not gaining any great victories in battle at the moment, we are not losing anything. But there are powers other than the God of Battles and they are with us.

Germany as a country has become bankrupt in character, and Germans as a people have lost character in the eyes of the whole world. They will not recover their standing in fifty years. No living German can ever hope to quite live down the loss of character that has come to them.

Germany is rapidly becoming bankrupt financially. She started into the war with her finances in bad shape—she partly started the war because of the losses she had made and was making thru efforts to expand her trade with the outside world; she built up a mercantile marine on extravagant lines, with extravagant subsidies; and all this mercantile marine is prostrated as if it had been shattered by her own submarines. Germany has bankrupted her whole shipping interests. Germany has still considerable hoards of gold, but she is no longer on a gold basis, but on an inflated paper basis, and this paper currency is decreasing in value as its volume increases and it is steadily increasing.

Britain has upheld her credit and is strengthening it. Her people freely subscribe to the public loan. Britain has maintained her mercantile marine and she has kept her trade going on every sea.

The British navy is stronger than ever and prepared to resist any invasion if attempted. An invasion of England—An effective one—is impossible. Raiding is not invasion.

Germany has destroyed much of Belgium and a part of France. But she has not damaged Britain or the bulk of France. She set out to get to Paris, but she is not yet there.

And she has destroyed or injured millions of the soldiers and citizens of the allies she has lost more in the same way. The balance here is against her. She has not the same reserves to draw on. And she has to fight on three fronts—a very exhausting undertaking. The allies will soon outmatch her in the production of munitions. The food supplies of the allies are a matter of no great concern; food is an overabundant problem with Germany, and famine and disease are therefore nearer.

The strain, the awful strain, physical and mental, grows in Germany, distributes itself with the allies.

All their forces and influences are working against Germany and will eventually leave her a battered wreck. A winter campaign will be hardest in Germany and less severe on the allies.

In a word greater forces, more potent even than war, are working against Germany. The British navy is choking Germany to death but not by shots from the fleet.

The Americans by their policy are helping to choke Germany to death though they are not in the war by fleets or armies.

The bankers of the world will choke more Germans ten times over than the Germans have gassed in the trenches. Public opinion will take the heart out of more Germans than such shrapnel.

The more you watch this war, and the more convinced you are of the need of men, of munitions, of ships, the more you will be convinced that other forces also are working with the allies toward victory.

Yes, Germany is being choked to death but not with a rope. But we must nevertheless have plenty of rope.

Keep Things Going

Our governments, our people, our business and financial institutions must each do a part in keeping things going.

We have no need for a bear movement to depress our securities. It is better for Canada that the stock of the Canadian Pacific should go up, not down; that the Grand Trunk and the Canadian Northern railways should be completed and kept going so as to handle the crops of this year; that the factories should be kept going wherever possible so as to give employment; and that the governments should carry on needed public works wherever this can be done.

The harvest is now beginning and the farmers of Canada in the east will put up an immense hay crop, which will pay its toll or feed; fall wheat will be under the reaper early in July, and the other crops will follow on in course.

In the Canadian west we are less than six weeks away from the wheat cutting, and in two months marketing will begin and freights will be abundant for our railways.

The movement toward distinct improvement is now in sight, and with this improvement the dominions and the empire ought to make every effort to bring the war to a victorious conclusion.

Keep business going and win out on the war. An over-reliance on profits does not help to bring this about.

DUNKIRK AGAIN TARGET FOR BIG ENEMY WEAPON

Thirty-Six Tons of Explosives and Metal Fired Into Town.

CIVILIANS INJURED

Sixteen-Inch Shells Hurl'd Twenty Miles on French Channel Port.

DUNKIRK, France, June 23, via Paris, June 24, 2.20 p.m.—Thirty-six tons of explosives and metal were fired into Dunkirk yesterday from the German position somewhere behind Dixmude. Several civilians were killed or wounded and material damage was done, but not a single shell reached the port or any other points of military importance. The impression on the inhabitants differed in no way from that made by preceding bombardments, and the first trains out of the city today carried no more than the usual number of travelers.

The first shell struck in the city at the break of dawn, and others followed at intervals. The first of the shells was a sixteen-inch shell, which came without warning, for the Dunkirk constantly hears the guns of the allies along the Belgian front, no sound comes from the monster weapon that hurls these sixteen-inch shells from a spot more than 20 miles distant. The shell gives no warning of the missiles coming, as the noise is heard only in simultaneous yards of flight and almost makes the earth tremble.

Many Ran to Shelters. Scarcely had the smoke of the first shell lifted when red-colored notices, reading "Refuge in case of alarm," buildings having collars safe from the shell fire. Many people, hastily clad, hurried to these shelters. Still more ran in the direction of their ordinary work to aid the victims. Whenever one of these monster missiles falls, however, the work of rescuers is reduced to a minimum, as the destruction of the streets in the immediate vicinity is nearly complete. The streets were strewn in many places with broken plate glass, crushed paving stones and other debris before the work of clearing away began.

Normal Life Resumed. In the intervals of this 25-hour bombardment melancholy calm prevailed in the city. There was little excitement at any time and no panic, whatever. When the bombardment was over the streets resumed their ordinary wartime aspect, and among the throngs who went about their affairs in business haste, no confusion, street Arabs swarmed about stricken spots hunting fragments of shells to sell to passers-by. The electric current was trolled off in the places where it was burned as usual. Persons who had sought the cellar refuges came out before morning to the sound of violent cannonading from the allies' front that had continued all night.

SUBMARINE EXPLOITS GIVE WARNING TO U.S.

Munich Paper Says New York is Not Too Far Away.

LONDON, June 24. — (7.30 p.m.)—The correspondent at The Hague of the Exchange Telegraph Company transmits a telegram received there from Munich concerning an article published by The Neueste Nachrichten of Munich, commenting on the voyage of a German submarine from Wilhelmshaven, to the Dardanelles. This paper says that the distance from Bremen to New York is only 3600 miles, and expresses the hope that this submarine exploit "will make the war party in the United States think twice."

INLAND REVENUE FOR MAY SHOWS A GAIN

Ottawa, June 24.—The inland revenue statement for May shows an increase of \$200,000 over May 1914. The figures last month were \$1,844,644.

LOYD GEORGE'S GREAT CRUSADE WELL STARTED

Munitions Work Bureaus Opened Last Night at Many Points.

SLOGAN IS HEARTENING

"Get Into Factory Line and Supply Firing Line," is Appeal.

LONDON, June 24, 9.57 p.m.—The enrolment of war munitions volunteers is engaging more attention for the time being than the enlistment of recruits for the army. It is a striking proof of how David Lloyd George, the minister of munitions, has succeeded in awakening the country to the paramount necessity of concentrating on the production of shells and other war materials.

At 6 o'clock this evening munitions work bureaus were opened in nearly 200 town halls in various parts of the country, of which 55 are in London alone, and in a large number of other buildings, to give British workmen an opportunity "to get into the factory line and supply the firing line."

According to a page advertisement in big type printed in all the important newspapers, these bureaus were opened in the evening in order that the men might enlist for munitions work without losing time in their present situations.

Will Be No Delay. "Every skilled workman, who is ready to go, will be put into his new job with the least possible delay," said H. E. Morgan, a well-known business man whom Mr. Lloyd George has im-

ALLOW DERNBURG TO PROCEED HOME

German Propagandist Spent Night in Harbor of Kirkwall.

STAYED ON STEAMER

Vessel Released From Detention by British Authorities This Afternoon.

LONDON, June 24, 9.12 p.m.—Unheard to the British public, Dr. Bernhard Dernburg, whose propaganda in favor of Germany while he was on a visit to the United States, created much comment, spent last night aboard the Norwegian steamship Bergensford, in the harbor of Kirkwall, Orkney Islands. Tonight, however, Dr. Dernburg is proceeding to Norway, en route to Germany, on board the same vessel, which was detained as suspicious that she carried contraband. The steamer was released this afternoon.

The news that the Bergensford had been taken into Kirkwall did not become known until this afternoon, when the release of the vessel was announced. The detention of Dr. Dernburg in being forced to spend the night in a Scotch port is considered here an amusing one. He was in no danger of being stopped by the British officials, in view of the promise to give him free passage. He did not leave the steamer while the examination of her cargo was being made.

Berlin, thru Swedish advices, learned of the detention of the Bergensford last night.

FOR SUMMER WEAR.

We are right in the midst of holiday and vacation time, and naturally in demand in summer headwear. At Dineen's, 140 Yonge street, there have been more shipments of straws and Panamas during the week, and the style and value of the lines has never been equaled in Toronto. Dineen's have been unusually fortunate in these recent purchases, and you get the fullest benefit at their special prices. The run on soft Pearl Hats continues—have you got yours?

ROSS RIFLE "DIFFICULTIES" UNDER OFFICIAL SCRUTINY

British Under-Secretary of War Says Investigation is Under Way as Result of Complaints.

Canadian Associated Press Cable.

LONDON, June 24.—In the house of commons tonight, Sir Arthur Balfour asked Under-Secretary of War Tennant if he had any information about the Ross rifle used by the Canadian soldiers being unsatisfactory. The under-secretary replied that certain difficulties had arisen over the use of this rifle, and that the matter was now being investigated. Meanwhile some of the men of the division were armed with Lee-Enfield rifles.

ROAD TO MUHLHAUSEN CONTROLLED BY FRENCH

Alsace Town Hourly Expected to Fall Into Joffre's Hands, Owing to Occupation of Metzeral and Railway to Rhine.

Special Cable to The Toronto World. BASEL, Switzerland, June 24.—For the last three days the thunder of guns has been heard night and day in Basle, showing that a fierce battle is in progress in Alsace. In spite of their desperate resistance, the Germans have been driven from one position after another till finally Metzeral has fallen into the hands of the French, thus giving them possession of the whole valley of the Fecht on the western frontier between Munster and Colmar. It is hourly expected that this will entail the capture of Muhlhausen, making the French masters of half of Alsace, and insuring them a footing on the Rhine. Simultaneously the French army of the Vosges is undertaking operations on a large scale threatening Metz and Strasbourg. Rumors of a general retreat of the German forces in Alsace are in circulation.

SUBMARINE POLICY MAY BE MODIFIED

Hint From Berlin of Counter-Proposals to Wilson's Note.

ATTEMPT AT BARGAIN

Suggests U.S.A. Would Prevent Passenger Ships Transporting Ammunition.

BERLIN, via London, June 24, 9.55 p.m.—There are good prospects that the forthcoming German note to the United States will go a long way toward meeting the American Government's wishes regarding Germany's conduct of submarine warfare and making passenger traffic on the high seas safe.

While it is stated that submarine attack against hostile merchantmen will not and cannot be abandoned entirely, it is increasingly probable that the German note will embody some proposals to exempt ships employed wholly or principally in passenger traffic from submarine attack. Such ships, it is said, would, of course, be subject to stoppage and examination by submarines in accordance with the practice in vogue prior to the present war, and to capture, if carrying contraband, but the regular rules of the prize law, particularly regarding the safety of passengers and crews, would be observed.

It is hoped here that such a solution will satisfy the requirements of President Wilson's note. It is hoped and desired here among those who are working for a friendly settlement of the situation between Germany and the United States that the United States would see that such passenger ships were not used to transport ammunition and guns nor lend themselves to attacks upon submarines.

NOTE ON FRYE CASE IS SENT TO BERLIN

U.S. Reiterates Request for Reparation Without Prize Court Formality.

WASHINGTON, June 24.—The reply of the United States to the last German note regarding the case of the American ship, Wm. F. Frye, sunk by the commerce raider, Prinz Eitel Friedrich, was despatched to Berlin today.

In substance, the note reiterates the contention that the sinking of the Frye was in violation of international law, and of the Prussian-American Treaty of 1828, and asks for reparation without reference to prize court proceedings. Germany has agreed to make reparation under the treaty of 1828, but justifies the destruction of the Frye, and has referred the case to a prize court.

CARGOES SEIZED FAIRLY HANDLED BRITAIN'S REPLY

United States Plainly Told Complaints of Shippers Are Unwarranted.

SEEK TO AVOID DELAY

Various Special Concessions Made in Favor of U.S. Citizens.

WASHINGTON, June 24.—Great Britain, in a memorandum transmitted to the United States, and made public here and in London tonight, recites at length its efforts to minimize inconvenience to neutral commerce resulting from the order-in-council against trade with Germany, Austria and Turkey, and asserts that American citizens have no just grounds for complaint on account of the treatment accorded their cargoes.

No attempt is made to answer the principles asserted in the American note of March 1, protesting against the order-in-council, and insisting upon the right of neutrals to carry on legitimate commerce with each other, and to trade in non-contraband goods in belligerent countries. In transmitting the memorandum, Ambassador Page said it was "merely an explanation of concrete cases, and the regulations under which they are dealt with."

Another U. S. Note. Another note to Great Britain is now in course of preparation at the state department, and is expected to be dispatched as soon as the negotiations with Germany over submarine warfare have been cleared up. While this communication probably will make reference to the latest memorandum, it is understood that the manner of enforcing the order-in-council will not be treated as relevant to the question at issue—whether there is any warrant in international law for the policy that Great Britain and her allies have assumed to exercise over the commerce of the world.

In its memo the foreign office emphasizes the "various special concessions made in favor of United States citizens in settling forth all British officials have acted in every case with the utmost despatch, consistent with the object in view and of showing in every case such consideration for neutrals as might be compatible with the object, namely, to prevent American cargoes and vessels from coming from, the enemy's territory."

No Real Grievance. The memorandum concludes: "His Majesty's government are earnestly desirous of removing all causes of avoidable delay in dealing with American cargoes and vessels which may be detained, and any specific enquiries or representations which may be made by the United States Government in regard to particular cases will always receive the most careful consideration, and all information which can be afforded without prejudice to prize court proceedings will be readily communicated; but they can scarcely admit that on the basis of actual settlements, any substantial grievance on the part of American citizens is justified or can be sustained, and they therefore confidently appeal to the opinion of the United States Government as enlightened by this memorandum."

APPOINT COMMISSION FOR MANITOBA INQUIRY

Justices Perdue and Galt and Judge Robson Are Appointed.

WINNIPEG, June 24.—It was announced this afternoon that an order in council has been passed by the provincial cabinet, appointing Justice Perdue of the court of appeals; Justice Galt of the court of the King's bench, and Judge Robson, public utilities commissioner for Manitoba, as a royal commission to investigate the Fullerton charges. Justice Perdue is chairman of the new commission. The date of its first meeting is not announced.

The charges to be enquired into were made early in the week by C. P. Fullerton, K.C., that members of the late Roblin government and the present Norris government had been concerned in a "deal" which fixed terms and conditions for the transfer of authority from the old regime to the new.

ITALY'S FOES PLANNED TO ASSIST TRIBESMEN

But Designs in Libya Have Resulted in Entire Failure.

ROME, June 24, via Paris.—Reports received by officials of the government indicate that Turkey with the support of her allies, planned to give assistance to the Senusi tribesmen in Libya. The purpose of this movement is said to have been to compel Italy to keep a large number of troops engaged in northern Africa. This purpose was not achieved, however, the Italian government having withdrawn its military posts in the interior. In consequence Italy now requires a smaller force than hereto fore in Libya.

KING OF SPAIN ASKS CABINET TO REMAIN

MADRID, June 24, via Paris 6.40 p.m.—King Alfonso today requested Premier Dato to remain in power, and to keep in office the entire cabinet which resigned on Tuesday.

The Pinch of Necessity Places Before the Men of Toronto a Bargain in Vests That Has Never Been Equalled.

98c EACH

Starting this morning and for the next few days we will sell an entire manufacturer's stock of Fancy Vests--worth from \$1.25 to \$6.50--for the ridiculously low price of 98c each.

There is something over one hundred dozen in this lot, and the sizes will run from 34 to 50 inches, so that any man can be fitted. The fabrics are all of the best and bang up to the minute in patterns. There are silk, silk and wool mixtures, piques, percales, grass linens, hopsacks, and many other weaves, which make up one of the finest collections ever shown by any one house. We have placed the whole collection on tables in the centre of the store, and there will be no limit to the amount you wish to buy.

Be on hand early, because the best will go first, and you know the old story about the early bird. Our store will be open Saturday night till 10 p.m.

ARTILLERY BRIGADE FOR CAMP AT VALCARTIER

At Present Stationed at Barriefield—Lieut.-Col. Hughes Gets Command.

Special to The Toronto World. KINGSTON, June 24.—Lieut. John Henschman Stewart, reported killed in action in France with the Princess Patricia's took a military course at Stanley Barracks, Toronto. He was one of five candidates who were officers in the first Canadian contingent. Orders were issued tonight for the transfer of the 7th Artillery Brigade from Barriefield Camp to Valcartier. The brigade consists of the 25th and 26th batteries, and the ammunition column. Lieut.-Colonel John Hughes, brother of the minister of militia, will be commander of the Valcartier Camp. It is being found very difficult to secure saddles for overseas service. The big leather goods factories are in receipt of so many large orders that every man available is receiving high wages.

AUSTRO-GERMANS TRY FOR PEACE WITH SERBS

Campaign Conducted to Foment Jealousy Over Italian Intervention in War.

Special Cable to The Toronto World. BUDAPEST, June 24.—The correspondent of The London Morning Post says: "I have received some information about the Austro-German diplomatic campaign against Italy. The ultimate aim of it is to play Serbia off against Italy in connection with the Albanian question, and the problem of the Adriatic. The Austrian and German press has been lately insinuating that a separate peace should speedily be concluded with Serbia. They generously acknowledge that Serbia has fought valiantly and successfully, that she is a nation which deserves independence, territorial concessions, and an outlet to the sea thru Albania, and that in a word the central empires have no objection now to hear of the realizing of all her national aspirations."

HOTEL TECK. The buffet is acknowledged to be the most elaborate—beautiful in design and rich in appointments. Dignified management, careful attention to all detail.

SENT UP FOR TRIAL. For committing an aggravated assault on his mother, Albert Graham was sent up for trial by a jury. The assault had tragic circumstances surrounding it, as it arose out of the suicide of the husband and father of the two parties concerned in the present case.

REWARDED FOR BRAVERY. Special to The Toronto World. BROCKVILLE, June 24.—Pte. Terence McGuire, the Brockville soldier whose name appears in the list of those awarded the distinguished conduct medal, is only 15 years old. He was attached to the 2nd Battalion and was seriously wounded in the trenches by the explosion of a shell, which completely buried him and his comrades in the debris.

KINGSTON SOLDIER HAS BEEN KILLED IN ACTION

Gunner Olsen Belonged to Canadian Horse—Urged Total Abstinence.

Special to The Toronto World. KINGSTON, Ont., June 24.—Word has been received that Gunner Olsen, formerly a member of "The Battery, R.C.H.A. here, had been killed in action. At Valcartier Gunner Olsen was transferred to the Fifth Overseas Battery. He was a Dane. A telegram received by U. S. Consul F. S. Johnston from Ambassador Gerard at Berlin reads as follows: "Prussian war office states that Pte. Percy Bramley of organization given as R. I. infantry regiment, died from wounds at Bruederhaus." At the half-yearly meeting of the Diocese of Ontario today, Dean Starr moved the adoption of the report of the moral and social reform committee, which was adopted, and which strongly urged total abstinence throughout the diocese during the period of the war.

SOLDIERS ASSIST RED CROSS

Special to The Toronto World. GUELPH, June 24.—An event of no small importance to the citizens of Guelph was the visit of a large portion of the 24th Battalion, C. E. F., now in camp at London, to this city tonight. The 24th Battalion was mobilized in Guelph. A fair was arranged to assist the Red Cross Society. At the Exhibition Grounds there was a crowd of nearly three thousand people, and after short addresses were delivered by Mayor Mahoney, R. L. Torrance, J. P. Downey of Orillia, Col. Hugh Clark, M.P., of Kinross, and Sam Carter, M.L.A., a detachment of the 24th gave some splendid exhibitions of drill, which were heartily applauded.

HAMILTON NEWS

REGULATION LAWS MADE FOR JITNEYS

Police Commissioners Place License Fee at Two Dollars Per Seat.

THREAT OF INJUNCTION

Jockey Club May Take City to Courts Over Subway Property.

By a Staff Reporter. HAMILTON, Friday, June 25.—The police commissioners held a special meeting yesterday afternoon to consider the jitney question, and a bylaw was passed placing the license fee at \$2 per seat. City Solicitor Waddell and Magistrate Jeffs are preparing a draft bylaw for the regulation of the traffic. The clauses in this bylaw will be considered later and ratified unless the jitney owners thru their counsel, George Kerr, K.C., are able to convince the commissioners that there is chance of the jitneys being regulated out of business.

The jitney owners are adverse to paying a very heavy license fee, and do not take kindly to some of the proposed regulations, especially those which would limit them to plying their trade on certain streets, and which would prevent them from using the north-east corner of James and King streets as their main uptown stopping place. The action of the Toronto Jitney owners in deciding to take out a bond of \$10,000 for insurance against accidents, comes as a surprise to the local jitney men, and that action will doubtless encourage the commissioners to insist upon a substantial bond here.

Threat of Injunction. It was learned yesterday that unless the city agreed to pay \$7500, the owners of Lindsay today by a vote of 853 to 51 guaranteed the bonds of the Horn Bros. Woolen Co., Limited, to the extent of \$55,000. Horn Bros. factory was destroyed by fire last fall.

The officials were informed that the ultimatum would expire yesterday, and that if no action was taken the matter would be taken to the courts and \$1000 damages asked for.

It has been decided by the city officials not to take any action until it is known what the Jockey Club officials are going to do.

Council Will Act. According to information given out by Mayor Walters yesterday, it has been practically decided that at the city council meeting next Tuesday evening, action will be taken to declare vacant the seat in the council at present held by Ald. W. J. Dore. The action will be taken unless Ald. Dore forwards his resignation.

Water for Barton Township. Secretary R. H. Foster and the members of the board of education are watching with a great deal of interest the efforts of the trustees of school section No. 8, Barton Township, to secure a supply of water from the city for the new school which has just been built. Secretary Foster is taking the matter up with the works officials, and expects the city engineers to consider any requests from the township until the fees of county students attending city schools are paid.

May Not Build Incline. While there has been a scheme at the city hall for some months past to have the city build a municipal incline at Sherman avenue to serve the new mountain hospital and residents in that vicinity, it has been practically decided yesterday not to go ahead with the project. Mayor Walters thinks it is desirable, but pointed out that the situation might not warrant a large expenditure.

Extend Hydro System. While the municipal authorities are planning big things in the extension of the hydro system, aiming an ultimate development of a quarter of a million horsepower, the local commission has its eye to the situation here. One of the schemes is to provide light and power to property owners, Chairman Ellis of the Hamilton Hydro Commission pointed out yesterday that hydro power could be used to good advantage by surveying owners and would prove a great attraction.

Investigate Reports. The reports that the National Gas Company had disposed of its supply of gas to the Dominion Natural Gas Company, and that the former was not in a position to supply gas to local consumers are being investigated.

Amuse the Children. The kiddies' carnival to be held at Dundurn Park this afternoon as a wind-up to Babes' Welfare Week, is going to furnish two long hours of juvenile joy. The committee in charge has secured a list of attractions that will gladden the hearts of kiddies and adults alike, and the success of the carnival now rests solely on the hearty co-operation of the parents.

For Canadian Hospital. A large crowd attended the garden party in the interests of the Queen's Canadian Military Hospital, Shorncliffe, England, held here yesterday afternoon on the beautiful grounds of "Mereworth," the residence of Mrs. John Cresser. The affair proved most successful, and a handsome sum was realized. Those present spent a most enjoyable afternoon in sports of various kinds, after which refreshments were served.

False Pretence Charge. Charles R. Brown, 1008 York street, was arrested last evening by Detectives Cameron and Goodman on charge of false pretences preferred by George Mitsen.

Ladies' Aid Meet. The Ladies' Aid Society of St. John Presbyterian Church yesterday afternoon held one of their series of meetings and teas at the home of Mrs. Jas. Davidson, 14 South Holton avenue.

Buried Under Coal. Tulek Uoon, 765 Burlington street, was buried under fourteen tons of coal at the steel plant yesterday afternoon, but was extricated by fellow-workmen and was rushed to the City Hospital, where it was found that he was suffering from internal injuries. He is in a serious condition and may not recover.

BRITAIN THE GUARDIAN OF HUMANITY'S CAUSE

W. R. Newell of Chicago in St. John's Church Lecture Analyzed War Spirit.

"Britain is the custodian of the Word of God and is safe while she is guarding it," declared W. R. Newell of Chicago in an address on "The Bible and the War," delivered at St. John's Parish Hall, West Toronto, last night. The Bible was said to be the greatest war book in existence, and according to Holy Writ, war would continue until the end of the millennium. Not until there was an independent Jewish state in Palestine would there be peace throughout all the world, in the opinion of the speaker. Every nation had to surrender its own national identity in the formation of a world that had no racial barriers in the way of an everlasting peace.

Germany had cut the heart out of the Word of God by means of her critical philosophy and that was why she was at war, asserted the lecturer. The address will be continued in St. John's Church tonight.

SIR JAMES STEWART SUMMONED BY DEATH

Third Son of First Baronet, Former Chief Justice of Lower Canada.

LONDON, June 24.—The death is announced of the Rev. Sir Jas. Stuart, fourth baronet, at his residence, the Manor House, Burghfield, Reading, in his 78th year. He was the third son of the first baronet, who was Chief Justice of Lower Canada, and received his baronetcy in 1841. Both his elder brothers died unmarried, and he succeeded to the title in 1903. Sir James was educated at University College, Oxford, and was successively Vicar of Bilton, Leicestershire, Somerset, and the rector of Norcott, Rutlandshire, and Portishead, Somerset, holding the latter appointment from 1873 to 1902. He leaves no heir.

GALT SOLDIER'S BRAVERY

Special to The Toronto World. GALT, June 24.—Galt's military cross hero, Lance-Corporal William Whittle, is wounded. He had a bone in his foot shattered by a bullet, and when able to be around on crutches, fell and injured his foot and is again back in the hospital. He carried the late Captain T. B. Lockhart back to the trench after the officer was shot at Langemarck, and at Ypres he was one of the party of Canadians who recaptured four Canadian guns from the Germans.

It is more than a mere decoration. Never before have Canadians had such good reasons to publicly proclaim their loyalty to the good old flag. No housefront should be without its flag from now until our arms achieve their final victory. There will be many occasions for celebration in the near future, so BE PREPARED NOW. This paper's offer to pass out full-sized standard Union Jacks to all its readers for the bare expense of distribution is open for but a limited time.'

Complete \$4.00 FLAG AND Outfit

Advertisement for flag outfit. Includes text: 'For those who may from time to time desire to show their patriotism by making a WINDOW DISPLAY from their home, a complete "Flag Outfit" has been prepared at a slightly increased cost. We strongly recommend the Complete Outfit as being the most useful and serviceable. The complete \$4 Outfit (now distributed at \$1.48) consists of the Flag—full size and fast colors; a rope hallow for same, a six-foot, jointed flag-staff with ornamental ball end and a metal staff-holder (which may be permanently screwed to the window-sill, allowing the pole to be instantly inserted or removed at will). All enclosed in a box, in which the complete outfit may be permanently kept in compact space when not in use (size box, 24 inches square by 3 feet long). The price of \$1.10 is for the full-sized flag alone, as some readers may not need the pole and cutfit.'

### "WE TAKE NO PRISONERS ALL WE WANT IS REVENGE"

Bitter Hatred of Germans Expressed in Letter From Toronto Signaler.

Sergt. Fred Shaw of 175 St. Patrick street, who went to the front with the Divisional Signal Company, Canadian Engineers, in writing to his brother, says "Mr. Hun will never beat us. We take no prisoners now, all we want is revenge."

"My corporal, G. T. Castles, won the D. C. M. He now lies in a hospital in England with his back full of holes. He was in a cellar of an hotel which we named 'Suicide Corner' for a night and a day. We could not get him out without endangering his life. He says, 'Don't worry about me; I am worth a lot of Germans yet.' We have given them many a meal of lead. While we have lost heavily, they have been killed in thousands."

# NEWS OF SPECIAL INTEREST TO WOMEN

## NOVELTY LINGERIE FOR SUNNY DAYS

The New Double Petticoat in Embroidery or Fine Lace.

SECURING THE FLARE By Means of Full Flounces, Reeding and Extra Ruffles.

There is a solution to the petticoat problem in a lovely new skirt called "flared" which will simply captivate fair femininity. To make the flared midsummer frock "flared" is even a greater proposition to handle than was that of the spring costume, for now that soft white fabrics are being used, the flared skirt and underskirts will not suffice. Nothing but the sheerest of exquisite tawns, silk crepes and flounced laces or embroideries may be used under the frock of dainty lingerie and lace.

The new silhouette demands a smooth fitting hip line, and then great big flare with yards and yards of material in the lower skirt section. To secure the desired effect a very smart petticoat has been designed, with a full under section, topped with another petticoat applied to the deep yoke portion. For general wear the under section and well-fitted yoke may be fashioned of lawn or fine muslin with the overskirt in a pretty embroidery. The underskirt is supplied with a neat little dust trail, which holds the petticoat out splendidly—and the flare is no longer a hoped-for dream.

A grocery shower for the Carmelite Sisters will be given at their orphanage, 50 Ossington avenue, on Saturday, June 26, from 2 to 9 p.m. All interested are cordially invited to attend.

## Notes of Women's World

Dreadnought Chapter bandage meeting will be held in St. Simon's parish house at 9:30 o'clock this morning.

The women's auxiliary of the Army Medical Corps will meet this afternoon at 3 o'clock in the Academy of Medicine, Queen's Park.

Sir George Kirkpatrick Chapter, I.O.D.E., meets this afternoon at 3 o'clock at the home of Mrs. R. C. Matthews, 134 Lyndhurst avenue.

A sale of home-made cake and candy will be held by the girls of the Avenue Road Presbyterian Junior Bible Classes on Saturday, June 26, at 3 o'clock.

A musical and garden party will be given under the auspices of the ladies' committee of the U. E. L. at "Ardna-coch," 29 Dowling avenue, on Saturday, June 26. Proceeds for Red Cross.

College Heights and Rosedale Patriotic League will work today, starting at 10 o'clock, for surgical supplies. Members and others are invited to assist at the Deaconess' Home, corner of St. Clair and Avenue Road.

A shipment direct to the front will shortly be made by the Women's Conservative Club, for which contributions of socks or money will be gratefully received by Mrs. Arthur Van Koughnet, 232 College street, or Mrs. Cloke, 252 Sherbourne street.

Many attractions are scheduled for the garden party organized by Rev. Father L. Minehan in aid of his new church and which will be held in the beautiful grounds of the Sacred Heart Orphanage, Sunnyside, Saturday afternoon and evening.

On Saturday, June 26, a sale of home-made cookies, commencing at 10 o'clock, will be held in the new block, Roncesvalles avenue, opposite the High Park Presbyterian Church. The proceeds are for the chapel and recreation hall to be built at the Toronto Free Hospital for Consumptives.

With the exception of Saturday, volunteer workers are asked to go to the Women's Patriotic League headquarters, 53 Sherbourne street, from 2 till 5:30 o'clock to work on Red Cross supplies, for which there is urgent need, for which material will be supplied.

A quilt has been presented to the Secours National and will be on view at the workrooms, 81 West King street, for a week. It was made by the Misses John S. Delavare avenue and is especially interesting as having the names of the subscribers embroidered on it.

A garden party to raise funds for Red Cross materials will be held on Saturday, July 3, on the grounds on the north side of St. Clair avenue, between Bloor and Earls Court avenues. Donations may be sent to Mrs. Douglas, 1470 St. Clair avenue, or Mrs. Gould, 29 Harvie avenue Earls Court.

Myrtle Goose and her nursery rhyme friends will hold a sale on the lawn of Mrs. Joseph Burdick, 74 Eglinton avenue, on Saturday, June 26, beginning at 4 p.m. The affair will be under the auspices of Parkdale W.C.T.U., and all proceeds will be used in purchasing supplies for one of the clearing hospitals.

The spacious grounds of St. Augustine's Seminary will be by permission of Archbishop McNeil and Right Rev. Monsignor J. G. McNeil, the site of a parish picnic on Dominion Day, for which the various women's societies are putting forth their best effort. The magnificent seminary will be open to the public on this occasion.

A donation of \$306 has been sent from the Heather Club Chapter, I.O.D.E., to the treasurer of the University Base Hospital, Mrs. F. N. G. Starr, to be applied to the hospital fund. The amount was not taken from the funds of the chapter, which are devoted entirely to work among tubercular children, but was raised by voluntary contributions among the members.

Dining Service on Niagara Boats. The comfortable steamers plying between Niagara and Toronto are all equipped with excellent dining-room and buffet lunch service. These boats now make six trips every week day and four Sunday trips. Tickets at 46 Yonge street or Yonge Street Wharf.

LATE W. D. BEARDMORE LEFT LARGE ESTATE. Valued at One Million Five Hundred and Ninety-Eight Thousand Dollars.

AVOCA ROSE GARDENS OPEN TO THE PUBLIC. John T. Moore Will Open Gardens Free on Saturday Afternoon Next.

Pte. R. G. Cockburn returned to his home in Toronto at 37 Strathcona avenue yesterday afternoon, with the sight of one eye lost, a bullet wound in the leg and his instep shattered by a shrapnel shell, all sustained in 136 battle of St. Julien. Pte. Cockburn was in a trench that was struck by a shell and was buried in the earth for half an hour. He saw two little boys with their hands out, and a small girl with her ears off, while the mother had been wounded with German bayonets. He also talked with the men who took the crucified Canadian off the cross and said these men believed the soldier had been crucified while alive, because the wounds had bled.

Walter Dowkar Beardmore, who died last month, left an estate of \$1,598,312. The Royal Trust Co. is the executor and trustee. The estate is classified as follows: Bank and other stocks, \$13,864,25; household effects, \$10,000; other investments and real estate, \$1,568,347.75. The widow is to receive an annuity of \$10,000 and the College street residence, now occupied as the Government House. His daughter, Mrs. Kingsmill, wife of Admiral Kingsmill, Ottawa, is to receive an annuity of \$3000; his son, George Lissant, and his wife, an annuity of \$6000; and to his son, Charles Owen, annuity of \$800; to his son, Everett Clew, annuity of \$3000; to his son, Walter Williams, an annuity of \$3000; to his daughter, Mrs. Williams, he left a legacy of \$200,000. Upon the death of his widow, Mrs. Beardmore, the incomes of his children are to be increased by the following amounts: to his daughter, Mrs. Kingsmill, \$2000; to his son, George Lissant, \$2000; to his son, Charles Owen, \$2000; to his son, Everett Clew, \$2000; and to his son, Walter Williams, \$6000. The residue of the estate is divisible on the death of the testator's children among the grand-children and great-grand-children.

## HUMANE SOCIETY AIMS TO LIQUIDATE DEBT

Dominion Day Campaign Has Object of Furthering Work for Dumb Animals.

Arrangements are about concluded for Toronto Humane Society Day, which takes place on July 1, to which the organization is looking forward as a means of liquidating a debt of \$1500 which has gathered while they were prosecuting their good work. The usual horse-parade will take place, and an innovation will be the presentation to every horseman of a silk ribbon bearing the motto, "Be kind to animals." This will intimate to the public that Dominion Day of 1915 is a special time for remembering the purposes of the society.

This year the organization has four inspectors at work, and this with the extension of operations has resulted in the necessity for a special financial call. It is the hope of those most immediately interested that the indebtedness may be cleared and a surplus left for further activities in the interest of dumb animals. A project that will be assisted materially by a good collection will be the establishment of an Animal's Rest Home, where poor worn-out horses may receive care and spend their remaining days in a comfortable pasture.

## HOLY SEE MAY BE SHIFTED TO SPAIN

Vatican Discussing With Seriousness Invitation Given by Spanish Bishops.

### INTERVIEW'S SEQUEL

Italy is Amazed at Utterances Credited to the Pope.

ROME (via Chiasso, to Paris), June 24.—It is asserted that the question of the Pope accepting the invitation of the Spanish bishops to transfer the Holy See to Spain is causing animated discussion at the Vatican.

It is recalled that after the troubles in Rome in July, 1881, during the transfer of the body of Pope Pius IX from St. Peter's to its last resting place, and when the coffin was almost thrown into the Tiber River, Pope Leo appointed a commission of cardinals to study the situation of the papacy. Some of the cardinals favored the immediate transfer of the papacy elsewhere, but the majority agreed that the transfer should take place only if the safety of the Pope were threatened or he was hindered in the exercise of his spiritual ministry. Not Directly Repeated.

The Vatican organ, The Osservatore Romano, commenting upon an interview with Pope Benedict that appeared in The Paris La Liberté, warned the public that journalistic interpretations of the Pope's thoughts are bound to contain inaccuracies. The Vatican organ does not directly repudiate any of the alleged statements of the Pope that aroused resentment here, but declares that there are severe inaccuracies so obvious that it would be useless to point them out.

The interview granted La Liberté of Paris by Pope Benedict is considered here to be of such gravity that the newspapers refused to believe it authentic until all doubt on this score was removed by the Vatican's statement, published in The Osservatore Romano. A Grave Effect. The Giornale d'Italia declares it seems impossible Benedict XV. could have used the language attributed to him.

### GRANDSON MUST WAIT FOR BEQUEST

#### Will of the Late Sir Frank Smith Interpreted by Court.

### DENY DAMAGE APPEALS

#### City Unsuccessful in Trying to Reverse Slippery Sidewalk Verdicts.

At Osgoode Hall yesterday Mr. Justice Lennox gave judgment in the construction of the will of the late Sir Frank Smith, who died in 1901.

His lordship was asked to declare whether or not Frank Harrison, a grandson, was entitled to be paid the income on certain moneys now in possession of the Toronto Trusts and Guarantee Company, being the accumulation of income unexpended and unused during his minority, which may be carried between the date at which he attained his majority and the date at which the accumulations may become his property under the provisions of the will.

Under the will Sir Frank Smith directed that Harrison was to become entitled to a share of what was called the "residue of income" until the time fixed for the distribution of the capital of the testator's estate. The amount equaled one-tenth of the income.

Mr. Justice Lennox says the answer is manifest. The accumulation of income included all interest on the several receipts and all compoundings of interest. The testator made his intentions clear: "I declare the income that may so accumulate during the minority of the child shall not become his property except contingently and conditionally upon such child being

above twenty years after my death." His lordship states as his opinion that if Frank Harrison survives the twenty years he would become entitled to receive but that it is not a matter in which he is interested. He holds that Harrison is not entitled to the moneys accrued upon the funds in the hands of the trustees and will not be entitled to it during the said twenty years.

#### City Loses Appeals

The City of Toronto lost two appeals before the appellate division. The first was from a verdict awarded Miss Sarah Hagarty, a teacher in the King Edward School, \$200 damages for injuries sustained when she slipped on the icy pavement outside the school on Feb. 24.

B. W. Eesery, for the city, contended that the accident was due to the infirmity of Miss Hagarty, who had been the victim of four accidents before this and not to the negligence of the city. Chief Justice Meredith stated as his opinion that it was a waste of the people's money to bring such appeals.

#### City Responsible

In the second case the appeal was from a judgment in favor of William Strathie, who slipped on the concrete sidewalk on Poliss avenue while running from a Bathurst car towards his home on Jan. 6 and smashed his arm.

Judge Coatsworth awarded him \$350. The sidewalk, which was an addition to the one existing, was laid by W. Dole, who has a confectionery store at the corner of Bathurst street and Poliss avenue. It was laid without a permit from the city.

It was argued by the city that it was not liable for damages by reason that the accident occurred on the paved continuation and not on the sidewalk, but the chief justice declared that was an utterly untenable position. He held that as the city allowed the addition to be put down and became part of the sidewalk, it should take the responsibility.

The first appellate court list for today is: *Kempfenfeld Land Co. v. Fox, Lytle v. Shearer, re Toronto General Hospital v. Sabiston.*

### GERMANS SHELLED HOSPITAL BUILDING

#### Grueling Experience of Field Ambulance at Ypres Described.

### WORKED THRU NIGHT

#### Canadians Were Singled Out as Special Mark by German Artillery.

Thrilling experiences in Canadian Red Cross hospitals under German shell fire are graphically described by Capt. A. M. Gordon, one of the Presbyterian chaplains with the first Canadian contingent, in a letter to Rev. Dr. Haddock of Toronto. "Capt. Gordon, writing just after the battle of St. Julien, says:

"At that time the first Canadian field ambulance to which I am now attached, was in a village behind the line of trenches held by the allies. "I can never forget the terror of my landlady as she rushed into my room at 10 o'clock in the evening, exclaiming: 'Les Allemands—the Germans are coming!'"

"It sounded incredible, but just to set her mind at rest I went out to see what had happened. "There were wild rumors that the Germans had taken Ypres and were pressing westwards. "There were hurried movements among the motor lorries packed in the village, as a string of them were sent forward to carry fresh ammunition to our troops.

"But where the enemy was, where our infantry was, where our guns were, could not be learned. "Presently an order came that some of our orderlies and stretcher-bearers should march with all speed to a spot we had occupied a day or two before, some eight miles nearer the scene of action. I joined them.

"Our march with the prospect of real work to do, marched as they never marched before.

#### Terrified Refugees

"The only people who were refugees, women of all ages, laden with bundles, crouching in the shadow of the streets as we passed, or trudging wearily, hardly daring where they went.

"At our destination there was nothing in the meaning to do, so at the colonel's orders some of us rode back and turned in.

"By noon we were ordered to march along the main highway toward Ypres and to open a hospital in a village a couple of miles west of that city. Hardly had we occupied the quarters assigned us when the work began. Even before nightfall the wounded began to pour in to us and the other field ambulances stationed in the village.

"Wounded men who could walk did so, others unable to do so, were brought in the ambulance wagons. Our wagons and the others made trip after trip to the front, and were back by the canal and beyond Ypres.

"The doctors in charge of the convoys and the drivers in charge of the wagons continued their nerve-racking work all night, and still when dawned there were many wounded to be brought in.

"I got glimpses now and then of what was happening at the aid posts just back of the firing line and a little of the destruction caused by the German shells.

#### Stream of Wounded

"During that Friday night it was one constant stream of wounded men coming in. The doctors, up to the eyes in work, administered the serum needed as a safeguard against gangrene, and then passed the wounded in for examination to the clearing hospitals further back.

"At one particularly dangerous cross road beyond Ypres a German shell struck and injured two of our doctors severely that he soon afterwards died.

"Another of our drivers was struck by a shell as he was working a few minutes' sleep in his wagon close to our hospital.

#### Brotherly Messages?

"Now and then the Germans sent us winged messages of brotherly love in the shape of shells bursting within a few hundred yards of our ambulances. When the first whistling of these shells was heard our colonel realized the danger to the scores of helpless men lying on stretchers in the village church. He called for volunteers and led the procession, and soon every patient was removed from the medical target to a safer position on the outskirts of the village.

#### Transport in Fire

"Both the colonel and myself bear a special grudge against the Germans because one of their shells, landing amongst our transport, killed his saddle horse and mine.

"The Germans seemed to single out the Canadian field ambulances with special attention. The buildings became unhealthy for wounded men, so the patients were helped out and loaded in ambulance wagons with all possible speed, and none too soon, for one shell crashed thru the roof of the hospital next to ours and another made an awful mess of a room in our building that had been filled with patients a quarter of an hour earlier."

### NEW LUSTRE ADDED TO CANADIAN ARMS

#### First Western Ontario Battalion Lost Heavily in Action Near La Basse.

### TOOK THREE TRENCHES

#### Then Had to Fall Back Owing to Casualties and German Numbers.

Canadian Associated Press Cable. LONDON, June 24.—The report received today from the front shows that the first western Ontario battalion, in action near La Basse, on the 15th inst., added further lustre to Canadian arms.

They were selected to act in co-operation with British troops in attacking a German position. Three trenches were their objective. They came from the rear, having had a rest preparatory to the onslaught, which took place in the evening. The Germans apparently had an idea that a serious attack was in being and elaborate preparations for resistance.

Probably at no time had the Canadians so many bombs at their disposal as on this occasion. The first enemy trench was only forty yards away from that occupied by the western Ontario battalion. The mine had been laid and its explosion was the signal for a forward movement on the part of the Canadians. The mine itself killed many Germans.

#### Under Terrible Fire

One who took part in the subsequent charge said the battalion rushed forward under terrible fire from machine guns and bursting high explosives, but the Canadians were fresh and had no fear.

"I shall never forget looking round and seeing Col. Becher of London, apparently standing on the parapet of a trench, leading his men by voice and gesture," he said. "The colonel fell, struck by a bomb, and was carried to the rear by stretcher-bearers, but did not live long. He was a popular officer and a hero, but all our officers, likewise the men, fought bravely."

"I was at Ypres when the Germans followed the poisonous gases by tremendous gun fire, but that experience was not so terrible as this last.

#### Conditions Grew Worse

"Conditions grew worse as the fight progressed. The Germans brought reinforcements from troops fighting the British, with whom we were linked. The second trench was about sixty yards beyond the first, which we captured, or about a hundred yards from our starting point.

"The cost to ourselves of taking it was very great, but you don't think of the cost at such a time. It is only when you are in bed and reflecting how you escaped with only a wound that you realize it.

"Well, we took the second trench, and it was a hot position. We then went for the third trench, but the Germans, with reinforcements, concentrated a tremendous volume of fire upon us. I should think by this time considerably more than half our officers and men had been killed or wounded.

"Gradually the position became untenable, and it was necessary to relinquish the ground already won. We could not, with our depleted force, remain, so we moved back. The Germans then tried hard to shift us from our original position, but to no purpose.

"The battalion went into that action six to seven hundred strong. The killed and wounded numbered nearly five hundred, including twenty officers out of twenty-three, twelve of whom were killed.

#### Among the Wounded

Among the wounded brought to England is Capt. Delamere of Stratford, who was wounded in the back. He is in the nursing home and is making good progress."

### No Contraband of War on American Line Steamers.

Mr. H. G. Thorley, passenger agent for the American Line, has received advice from his New York office that the United States Mail steamers of the American Line, plying regularly between New York and Liverpool, have not been carrying and will not carry ammunition, munitions of war, or articles destined for the use of the armed forces, or of any government department, to the authorities of a belligerent state, or the authorities of a belligerent state. The American Line steamers are carrying all kinds of general traffic which they carried prior to the war, and which are usually shipped during normal trade conditions.

### CONTRACTOR WON ACTION.

Judge Denton, in the county court yesterday, awarded judgment of \$220 and costs to George Thomas Smith, contractor, who brought suit against Henry Reader for \$850. This amount was claimed for services rendered in getting a site for and being instrumental in securing a license for the Belmont, a moving picture theatre on St. Clair avenue; also for preparing plans and supervising the erection and the fitting up of the building. The defendant claimed that he paid the plaintiff \$200 a week and considered that sufficient remuneration.

#### Hydro-Electric Success

A revenue of \$710,324.95 for the six months ending May 1, with \$70,000 placed in the sinking fund, \$50,000 to reserve and depreciation and all other charges met, indicates that the Ontario Hydro-Electric Commission has disappointed all the experts of ten years ago, who saw nothing but financial and every other kind of ruin in the proposal to supply electricity to the province from Niagara under the principle of public ownership.  
It was useless to point out that any incorporated company would be delighted to have the opportunity to do business on the terms suggested, and would be ready to offer substantial dividends on any required investment to carry the project thru. Public ownership was held to be something different from ordinary commercial ownership, and its failure was quite freely predicted.  
The result fully justifies the faith of those who saw no difference except in favor of public ownership, in the important particular that the enterprise would be entirely free from over-capitalization, and would not be weighted down with the payments of any dividends whatever. What would have been paid out in dividends in a privately owned company has been steadily applied to the reduction of prices to the consumer; a policy which no private company has ever had the wisdom to adopt, although it is recognized as the best means of increasing business, and placing any enterprise on a basis of breadth and stability rather than of precarious and unpopular and limited extortion.  
There has been no falling off in the demand for power in Ontario, but a steady increase, apparently unaffected by the conditions set up by the war, and the consequent business depression. The fact is that electric power and light are a necessity, and whether war or peace prevails, while Niagara runs there will be demand for its energy.  
So unquestionable is this that Sir Adam Beck has had to notify the Ontario Power Co. that the remainder of the 100,000 horse-power contracted for by the commission will be required. At present 90,000 horse-power has been requisitioned, and all of this but 2,000 horse-power has been used, the daily average being 75,251. An enormously greater quantity than this amount is, of course, sold by the commission, which is a mystery which remains unsolved to those who do not understand overruns, and which seems to have escaped the attention of many of the experts in the early days.  
Besides the Niagara supply, power is now being obtained from a number of other sources in the province, near from Port Arthur from Ottawa, 2,000 from Port Arthur, 2,000 from Big Chute, 2,000 from Wasdale's Falls, with others in sight. With the present prospects both of supply and demand the commission feels justified in making a still further concession to the supporters of the hydro system, and notice of this will reach the public in due course.

#### At Last

For the first time in many years the black man stands upon an equality with the white man in every part of the United States. It will be impossible hereafter to discriminate against him by any state constitution or statute. The United States Supreme Court, speaking thru Mr. Chief Justice Waite, has declared void every legal device by which he has heretofore been disfranchised. The decision is all the more significant because the chief justice by whom it was delivered is an ex-Confederate soldier, and it was concurred in by all the associate justices, including two or three other southern Democrats appointed to the bench by President Taft.  
Public opinion, moreover, will approve the judgment. Democratic papers like The New York World acclaim it, and we believe that the colored people will generally address themselves hereafter not to the task of disfranchising the colored voter but to the nobler task of making him more worthy of the franchise.  
Now that the bitterness of the civil

reason has been found to confirm this judgment of German policy in eastern Europe, Asia Minor and Mesopotamia. The standard of construction of the Bagdad Railway is very much higher than was necessary in the case of a supposedly pioneer line. The permanent way has been built to carry the heaviest traffic at a high rate of speed, the stations are of impressive masonry construction, and at strategic points the latter are supplemented by imposing blockhouses. At the most convenient point to Egypt elaborate sidings were laid. What is even more significant is that in this railway, as in the railways of German Southwest Africa military necessities dominate all other considerations. Germany prepared with infinite care for world domination, but forgot that the "best laid schemes of mice and men gang aft agley."

### AN ALDERMAN WANTS COMMISSIONERSHIP

Delay in Choosing Fire Department Head Lies Within Council.  
NO DECISION IS MADE  
Board of Control Tried to Select Another Nominee Yesterday.

The reorganization of the fire department seems to be as far away as it was at the beginning of the year. A deadlock in the board of control yesterday prevented the nomination for the commissionership, which means that at least another council meeting may go by without anything being done. The controllers have been discussing the matter in camera for several days now with a view to sending on a name that would have the unanimous support of the board, and with this the breach seems to be wider than ever. Altho Controller Thompson is out of town for a few days the majority required to elect a name was taken up at the regular meeting of the aldermen three names were mentioned, none of which could make the grade with a sufficient majority, so that as far as the board is concerned no progress has been made. It was decided, however, to hold a special meeting on Saturday morning, when it is said that a nomination will be forthcoming, but with council meeting on Monday it would appear that it is generally understood that the board will not rush a name on without giving the aldermen a chance to look into the qualifications of the applicant.  
Mayor Church still sticks to Acting Chief Smith, and Controller O'Neill, recognizing that his late nominee has not got a chance, brought in the name of Alfred Cuddy, late of the police department and now a pensioner on the police benefit fund. Controller Foster refused to change his attitude toward promotion in the department and nominated Capt. Duncan McLean of Keele Street Station. A name not struck out, and that the permit, which was issued on June 23, be not renewed, which motion was carried despite the fact that the city solicitor had reported that the sign was legally up.  
The first lot of mechanics to go to the old country in connection with the manufacture of war munitions, left the city yesterday, when 50 men of the 1200 that have applied at the city labor bureau, were shipped. A second detachment will go on Saturday.  
Robert Bros. have taken out a building permit for the erection of stores and apartment houses, to be erected at the corner of Arthur street and Ossington avenue, at a cost of \$36,000.  
The license fee for jitneys remains at \$12 per year despite the fact that Controller Spence thought the fee should be larger. As this is the first year for jitneys, Controller Foster thought the fee sufficient.  
The board of control yesterday instructed Commissioner Harris to purchase the parts for the new cars required in connection with the replacement on Lansdowne avenue, instead of purchasing the completed cars. The lowest tender for cars complete was \$5200 each, and the commissioner says he can buy the parts and put them together in the city for \$4750.  
The demand for exhibitors' space at the Exhibition is greater than ever this year.

A deadlock in the board of control yesterday prevented the nomination for the commissionership, which means that at least another council meeting may go by without anything being done. The controllers have been discussing the matter in camera for several days now with a view to sending on a name that would have the unanimous support of the board, and with this the breach seems to be wider than ever. Altho Controller Thompson is out of town for a few days the majority required to elect a name was taken up at the regular meeting of the aldermen three names were mentioned, none of which could make the grade with a sufficient majority, so that as far as the board is concerned no progress has been made. It was decided, however, to hold a special meeting on Saturday morning, when it is said that a nomination will be forthcoming, but with council meeting on Monday it would appear that it is generally understood that the board will not rush a name on without giving the aldermen a chance to look into the qualifications of the applicant.  
Mayor Church still sticks to Acting Chief Smith, and Controller O'Neill, recognizing that his late nominee has not got a chance, brought in the name of Alfred Cuddy, late of the police department and now a pensioner on the police benefit fund. Controller Foster refused to change his attitude toward promotion in the department and nominated Capt. Duncan McLean of Keele Street Station. A name not struck out, and that the permit, which was issued on June 23, be not renewed, which motion was carried despite the fact that the city solicitor had reported that the sign was legally up.  
The first lot of mechanics to go to the old country in connection with the manufacture of war munitions, left the city yesterday, when 50 men of the 1200 that have applied at the city labor bureau, were shipped. A second detachment will go on Saturday.  
Robert Bros. have taken out a building permit for the erection of stores and apartment houses, to be erected at the corner of Arthur street and Ossington avenue, at a cost of \$36,000.  
The license fee for jitneys remains at \$12 per year despite the fact that Controller Spence thought the fee should be larger. As this is the first year for jitneys, Controller Foster thought the fee sufficient.  
The board of control yesterday instructed Commissioner Harris to purchase the parts for the new cars required in connection with the replacement on Lansdowne avenue, instead of purchasing the completed cars. The lowest tender for cars complete was \$5200 each, and the commissioner says he can buy the parts and put them together in the city for \$4750.  
The demand for exhibitors' space at the Exhibition is greater than ever this year.

pressed to help mobilize the new army of skilled workmen. There will be no long period of waiting. The need is so urgent. The loyalty of the British workman is such, we know, that he is prepared to make sacrifices to help his pals on the firing line.

The workman of Great Britain was never before the object of so much consideration. Both on the firing line and in the factories he is regarded as the savior of the country.

The papers credited with a large circulation among the workmen classes print a big advertisement appealing to the employers of skilled workmen to make it easy for them to enroll as munitions workers and easy for them to get their old jobs back.

Workers Raising Cash. The "Canadian" has a checkbook, Reginald McKenna, in the meantime, is appealing to the workmen to subscribe to the loan. At the treasury today he received a deputation representing the principal trades unions and other organizations which exercise great influence on workingmen's savings, and urged upon them the necessity of their co-operation to make the loan a success.

"There is no suggestion of compulsion in the matter," said the chancellor. "We appeal to the workmen on the ground of national need. We need tremendous financial resources, but there is no good in having that asset unless we use it, not only for ourselves but also for our allies. If we make the loan a success we shall win the war and triumph."

"We will do our share towards getting the money," was the response of Charles W. Bowerman, an influential Labor member of parliament.

To enable the poorer classes to participate in the loan it was suggested that loan certificates as low as two shillings each be issued. Already it had been arranged to issue loan certificates, and the chancellor promised to consider the smaller sum.

DEAD BODY IDENTIFIED

The body found floating in the bay at the foot of Bay street yesterday afternoon was identified as the corpse of a man who had been missing since last night by John Dersford, 323 East Queen street, as that of Job Chambers, 30 Ontario street, Chambers was about 50 years of age, and was missing from his boarding-house since last Sunday. The last time Dersford saw Chambers was a week ago.

AUTOIST FINED HEAVILY

D. W. Dickson and William Duckworth were each given a fine of \$50, with an option of seven days in jail, for being found drunk while in charge of motor cars, when tried before Squire Ellis in yesterday's police court.

STREET CAR DELAYS

Thursday, June 24, 1915. Dovercourt cars, both ways, delayed 4 minutes by fire, at 12:25 p.m. at Arthur and Ossington avenue.

Westward cars delayed 5 minutes at St. Clair crossing. Front and John, at 3:45 p.m. by train.

In addition to the above there were several delays less than 5 minutes each due to various causes.

THE WEATHER

OBSERVATORY, Toronto, June 24.—(3 p.m.)—In the western provinces today, the weather has been for the most part light and moderately warm, but local thunderstorms have occurred in Manitoba and southern Alberta. IN MEMORIAM

ROGERS—In saddest loving memory of our darling, Lila Pettigrew, dearly beloved daughter of Mr. and Mrs. H. C. Rogers, Trafalgar, who passed away June 24th, 1915.

We often sit and talk of her when we are all alone.

For memory is the only friend that grief can give us in its own way.

Our love for her will still keep green and never fade away.

—Father, Mother, Sisters and Brother.

Mr. and Mrs. Bell, Montreal, have been spending a few days with Sir Clifford and Lady Sirton and their daughter, Mrs. Jack Sirton, in Ottawa.

Sir Thomas Tait, Lady Tait and Miss Winifred Tait are at St. Andrew's by-the-Sea for the summer.

Mr. Boreford Topp has been given a commission in the Canadian militia by the minister of militia and defence. Mr. Topp returned a short time ago from the front where he has been with the second expeditionary force as a special correspondent for The Mail and Express.

Mrs. W. B. McMurrich is visiting her sister, Mrs. James Watson, in Hamilton.

Mr. Orlando Heron gave a musical evening for her guest, Miss Sanderson, from Edinburgh, Scotland.

Mr. Stuart Armour arrived in New York last week, and has gone to Vancouver on the lawn of Mrs. J. A. Norvick, Mr. and Mrs. Douglas Armour, to recuperate from wounds received at Leamington.

Miss Catherine Merritt (Toronto) gave an address last night to the Y.W.C.A. in Hamilton on the work done by the Hamilton's Voluntary Aid Society in England.

Mr. Morgan Jellitt and Miss Amy McGill are visiting Col. and Mrs. S. C. McGill in Kingston.

A very successful garden party for patriotic purposes was given by Mrs. J. A. Norvick at Markerswood, Hamilton.

The John G. Howard Chapter, I.O.D.E., will give a garden party at Fingern, Mrs. J. A. Norvick, on the lawn of Mrs. J. A. Norvick, today, from 3 to 7 o'clock.

Under the auspices of the Parkdale Y. W. C. T. U. Mother Goose and her Nursery Rhyme Friends will hold a sale of Mrs. J. A. Norvick's, on Saturday afternoon and evening, commencing at 7 o'clock. The proceeds will be used in purchasing supplies for one of the clearing hospitals.

The marriage took place last night at 8.30 at the North Toronto Presbyterian Church, the Rev. W. M. Kinnear officiating, of Edna Mary, daughter of Mr. and Mrs. J. A. Norvick, to Dr. John Bolton Alkin, son of Mr. and Mrs. George Alkin. The church was very prettily decorated with flowers and palms, Mr. G. Fletcher, the organist, playing the wedding music, and Miss J. A. Norvick, the bridesmaid, wearing a white gown with a large veil, carried a shower bouquet of sweethearts and lilies, and a handkerchief thing to do would be to let the bride have her own horses in France when they would be at the disposal of Gen. Allenby's army and saved, as we can get the Germans out of the trenches.

C. P. RAILWAY HELD RESPONSIBLE FOR DEATH

Roy Close Was Killed When Attempting to Cross Tracks at Cooksville.

In the verdict returned at the inquest on the body of Roy Close of Cooksville the jury, under Coroner Dr. H. W. Burgess at the morgue yesterday afternoon, held the Canadian Pacific Railway Co. responsible for Close's death. Close was struck by a train while attempting to cross the road at Cooksville crossing, on the night of June 19, and fatally injured.

His left leg was crushed and his right leg crushed. He was removed to the General Hospital, where he died the following day from the injuries sustained.

The evidence showed that Close had been drinking, but none of the witnesses would swear that he was drunk. The tracks at this crossing have been raised 30 feet above the road, and several witnesses stated that when approaching the tracks it was impossible to find out if a train was coming, as there were no gates or signs at the spot.

The witnesses also stated that there was a very busy intersection and that the ratepayers had petitioned the county council asking them to build a subway, but that the council had refused.

SUMMER STEAMERS

Lake Steamers will start full Sunday service on June 27, running four trips to Niagara and Hamilton, Niagara Sunday steamers leave 8:15 a.m., 11 a.m., 2 p.m., 5:05 p.m. Hamilton steamers leave both cities daily, including Sundays, at 8 a.m., 11:15 a.m., 2:15 p.m., 6:15 p.m. Tickets at 16 Yonge street or Yonge Street Wharf.

APPEALED AGAINST FINE

For keeping a betting house in the premises over a millinery store at 34 East Queen street, Robert White and Alfred Cochrane were sentenced to 90 days in jail by Magistrate Kingsford, in police court yesterday. Notice of appeal was given by Mr. Lennox, and an endeavor was immediately made to get bail for the two men until the appeal trial.

MEETINGS

The Army Medical Corps Women's Auxiliary will meet at 8 o'clock at the Academy of Medicine.

The Sir George Kirkpatrick Chapter, I.O.D.E. will meet at 8 o'clock at Mrs. Matthews' house, 133 Lyndhurst avenue.

A few delightful cottages have been erected in close proximity to the Algonquin Hotel at St. Andrew's, N.B. They are well designed for housekeeping purposes, but are taken care of by the hotel servants. The occupants take their meals at the hotel, which simplifies housekeeping. These cottages are supplied with electric light and hot and cold water from the hotel, which there is a telephone connection. The hotel department of the Canadian Pacific Railway at Montreal will supply information regarding the rental of these houses. The demand for summer homes in St. Andrew's far exceeds the supply and considerable building is now in progress.

Attack on Conduct of War Caused Stormy Scene in Parliament.

VIVIANI WAS UPHELD

Frantic Applause Greeted His Appeal for Support.

PARIS, June 24.—Animated scenes occurred in the chamber of deputies today when M. A. Accorabray, in discussing the war appropriation, criticized the ministry of war. He declared defects had been proved in the national resources being expended in the conduct of the war, and the president reminded the speaker that he should stick to the question under discussion.

M. Accorabray affirmed that the sanitary service of the army was responsible for the deaths of many soldiers. He regretted, he said, that the national resources were being extravagantly disbursed and deplored the lack of foresight displayed in preparing for adequate supplies and munitions for the conduct of the war, he declared, ought to possess technical training sufficient to fit him for general direction of the army's supply services.

Protests from the right and the centre frequently interrupted M. Accorabray, who was loudly and vigorously applauded. The feeling among members evidently rising high the stormiest scene in parliament since the war began resulted.

M. Accorabray affirmed that he did not wish to criticize the leadership of the government in the chamber of deputies. Premier Viviani admitted that the government had made mistakes, but that it was always willing to correct them. His statement that "not only members of committees but every deputy has the right to come and go and to observe the entire military organization" was received with great applause.

"That is the right of the republic," cried M. Bedouce.

ANOTHER SEVERE DECLINE IN C. P. R.

Stock Was Dumped Freely Upon New York Market Yesterday.

RUBBER ALSO WEAK

Liquidation by Foreign Investors Was Plainly in Evidence.

NEW YORK, June 24.—Unmistakable signs of liquidation, mainly for foreign interests, were the conspicuous features of today's weak stock market. The decline was accelerated to a considerable extent by short selling, which derived its chief impulse from a feeling of uneasiness respecting developments across the water.

Dividend Outlook Dubious. More or less circumstantial reports dealing with the dividend prospects of these properties were mainly the cause of their weakness.

Notes on United States Steel, dealings in Rubber were the largest of the day. Today's sales of 47,000 shares, exceeding total sales of that stock for many days, were held fairly steady in the face of constant pressure until the final hour, when it receded a point from yesterday's close.

Imports of wool from Canada were resumed, another \$3,500,000, being received, making a total of \$50,000,000. Exchange on Paris closed at 100.00, with a slight advance to 100.10.

BREAK IN C. P. R. STOCK HITS LOCAL SENTIMENT

Smelters Take a Rapid Tumble and a Diversion is Provided by Steel Car.

Another bullish sentiment held regarding Canadian securities has been given a quietus by the almost daily drop in the price of C. P. R. A further fall of about 2 points about 5 o'clock on C. P. R. yesterday, a reaction occurring to 1 1/2 on the Wall street market.

ANOTHER VOLUME OF HOUSTON'S REVIEW

Fifteenth Volume of the Record of Canadian Finance Off the Press.

Volume xv. of Houston's Financial Review was issued yesterday. This work easily maintains the record established by the first number, and shows the usual annual growth in statistical financial records.

C. N. R. EARNINGS

For week ending June 21, 1915, \$278,899; from July 1st to date, \$1,846,300; corresponding period last year, \$400,100; from July 1st to date, \$2,188,300; decrease, \$17,200; from July 1st to date, \$2,121,000.

PARIS BOURSE

PARIS, June 24.—Prices were irregular on the bourse today. Three per cent. rentes 70 francs 35 centimes for cash. Exchange on London, 26 francs 22 1/2 centimes.

CONSOLS STEADY

In London yesterday consols closed unchanged from Wednesday at 65.

MONTREAL GRAIN AND PRODUCE

MONTREAL, June 24.—Enquiry from abroad for Manitoba spring wheat was better today, but there was no improvement in the volume of business, as buyers and sellers are considerably apart in their views. Gate stronger, 3c to 1c higher. Millfeed firm. Flour steady. Butter firm. Cheese higher. Eggs firm.

RECOVERY BEFORE LONG

J. G. Beatty had the following at the close: "We look for a recovery in stocks before long and think that they will do to buy on any further weakness tomorrow. Basic conditions are good, and the huge business in war supplies will go on to the great benefit of the participants."

TODAY'S SILVER PRICES

In London yesterday the price of bar silver was 1-1/16 higher at 23-1/2 per ounce. The New York price was 49 1/2.

DOMINION STEEL HAD FLURRY AT MONTREAL

Recession Followed Advance—Iron Preferred Made Three Point Gain.

MONTREAL, June 24.—A flurry in Dominion Steel furnished the one feature of interest in stock dealings here today. Coincident with the holding of the annual meeting of the corporation's shareholders the common opened at 31, and after falling back to 30 1/2, rose to 31 1/2 before the opening of the morning session. The small amount of selling here was equalled to 30 1/2, and the last sale was at the low of the day.

ADVANCE IN M'INTYRE MAKES SHORTS NERVOUS

Big Dome Called for First Time on New York Exchange and New High Made.

Dome was called for the first time on the New York Stock Exchange yesterday, and made a fair presentation, with sales as high as 17,500. The importance of this listing is not so much to the particular stock as to the publicity and authenticity given to the Porcupine Camp itself. Porcupine will by this means be brought prominently before American speculators and investors, and it is expected that the result will be to draw attention to other of the Porcupine iron stocks.

ON THE PARIS BOURSE

PARIS, June 24.—Prices were irregular on the bourse today. Three per cent. rentes 70 francs 35 centimes for cash. Exchange on London, 26 francs 22 1/2 centimes.

CONSOLS STEADY

In London yesterday consols closed unchanged from Wednesday at 65.

MONTREAL GRAIN AND PRODUCE

MONTREAL, June 24.—Enquiry from abroad for Manitoba spring wheat was better today, but there was no improvement in the volume of business, as buyers and sellers are considerably apart in their views. Gate stronger, 3c to 1c higher. Millfeed firm. Flour steady. Butter firm. Cheese higher. Eggs firm.

RECOVERY BEFORE LONG

J. G. Beatty had the following at the close: "We look for a recovery in stocks before long and think that they will do to buy on any further weakness tomorrow. Basic conditions are good, and the huge business in war supplies will go on to the great benefit of the participants."

TODAY'S SILVER PRICES

In London yesterday the price of bar silver was 1-1/16 higher at 23-1/2 per ounce. The New York price was 49 1/2.

MARKET TONE HEAVY

Buying of Argentine Corn at Seaboard Was Bearish News.

CHICAGO, June 24.—Fading away of hopes that foreigners would buy on a liberal scale, resulted today in lower prices for wheat after an early advance. The market closed heavy at 3-8c to 1-16c decline. Corn finished 1/2 to 1-8c down, oats off 3/8 to 7-8c, and provisions at a loss of 7/16 to 20c.

Argentine Corn Bought. Purchases of Argentine corn at the seaboard exerted a depressing influence on the corn market here. Bullish reports regarding the condition of the domestic crop failed to have more than a temporary effect.

WINNIPEG GRAIN MARKET

WINNIPEG, June 24.—Wheat prices, excepting the first 35 minutes of business, were fairly steady and slightly stronger than yesterday's close. Quite a sensational and unusual action took place in the first 35 minutes of the morning when an advance of 3/8c occurred and a drop of 5/8c, leaving the price around 1 1/2c, at which it was fairly steady for the greater part of the day.

C.P.R. EARNINGS

MONTREAL, June 24.—C.P.R. earnings for the week ended June 21, \$1,619,000; last year, \$2,185,000; decrease, \$566,000; mileage increased to 12,851.
