TRAIN CRASHED INTO BUFFALO STREET CAR

Two Persons Instantly Killed and Four Injured, One of Whom May Die—Inexperienced Motorman, Unable to Control Car, Crashed Thru Gates.

BUFFALO, N. Y., March 19.—Two persons were killed and four injured this afternoon when a Lackawanna passenger train, running at high speed, crashed into a street car at a grade crossing on Clinton-street.

The dead:

Mrs. John McCormack, 25 years old, Robert W. Hoehn, motorman, 30 years old.

The injured:

John Fay, vaudeville actor, three ribs broken, leg bruised, internal injuries, may die.

Frederick Gottman, motorman, almost completely scalped, arm broken.

Thomas Uhl, conductor, slight bruises.

Unknown man who was hurried away in an automobile before the police could learn his name.

The street car was outboard on Clinton-st., and being near the end of the line, there were only three passengers on board. Gottman, an experienced motorman, was teaching Hoehn, who was handling the controller.

NEW LUTHERAN CHURCH OPENED AT NEW HAMBURG

Handsone Edifice is Lighted by Hydro Power—Presented With a Bell.

NEW HAMBURG, March 19.—The dedication and installation ceremony of the new St. Peter's Lutheran Church here today was the occasion of two largely attended services. A special train from Berlin, Petersburg and Baden brought 500, including the mixed choir of 150 pieces of St. Peter's Church, Berlin, under Prof. Zeigler. At 2 p.m. the dedication services included sermons in German and English by the Rev. Mr. Grommisch, Syracuse, N. Y., and Rev. Mr. Oberlander, Berlin, Ont. At 7 p.m., at the installation of Rev. Mr. Ahl, the pastor, sermons in English and German were preached respectively by Rev. Mr. Oberlander and Rev. Mr. Grommisch. The seating capacity of the church, the corner stone of which was laid last September, is 600 and it is beautifully lighted by hydro-electric power. A bell weighing 2000 lbs. is a present from St. Peter's congregation, Berlin. The total cost of the church is in the neighborhood of \$12,000, and is almost entirely free of debt. Contribution services will be held to-morrow by Revs. Mr. Reumann of Berlin and Rev. Mr. Diets of Buffalo.

WINEYARD RUSHED FULL TILT OVER CORNER OF YONGE AND QUEEN

Only a miracle prevented a serious, if not fatal accident, when a horse hitched to a delivery wagon dashed full tilt across the intersection of Queen and Yonge-sts., at half-past four Saturday afternoon. The streets were crowded with conveyances and with people going home later their day's work and when the horse, taking fright at an auto near Victoria-st., came racing westward, there was mad helter-skelter rush to the sidewalks and building doorways. One bicyclist was hit by the skidding hind wheel but managed to retain his balance. The horse was finally brought to a stop near the city hall, but the driver hurried away before his name could be secured.

A GERMAN WARNING

BERLIN, March 19.—"Die Post" editorially warns Britain against an arbitration treaty with the U. S. A., declaring that it would threaten Britain's world supremacy and the only effect would be that of driving Canada, the West Indies and Australia into the wide opened arms of Uncle Sam.

Will Hold Counter Demonstration

Government Leaders to Speak in Montreal on Saturday in Favor of Reciprocity.

MONTREAL, March 19.—(Special.)—So great has the panic become in government circles over the anti-reciprocity wave in the commercial and financial centre of the Dominion, that Sir Wilfrid Laurier was appealed to to pull off a counter demonstration to the anti-reciprocity gathering to be addressed here to-morrow evening by Hon. Clifford Sifton. It has, therefore, been arranged that Hon. W. S. Fielding will address a meeting on Saturday evening next in the Windsor Hall. The finance minister will be accompanied by Messrs. Guthrie, M.P., of Wellington, and Clark, the first trade M.P. from Red Deer. This last part of the program is not at all pleasing to those who have been contending all along that protective policy of the country is not in danger.

JUDGE DEACON DEAD AT AGE OF 80 YEARS

Was a Native of Perth—Sat in Ontario Legislature for Eight Years.

PEMBROKE, Ont., March 19.—Thomas Deacon, senior judge of Renfrew County, died to-day. He was 80 years of age.

His Honor Thomas Deacon, county court judge of Renfrew, was born at Perth, Ontario, 1830, where he lived during his childhood and youth. He was educated at the grammar school there, and at the age of 20 was called to the bar. For many years he practiced at Pembroke, to which place he removed.

Fourteen years later, in 1876, he was appointed Q.C. by the provincial assembly. A similar distinction was bestowed on him by the Marquis of Lorne, then governor-general, in 1881.

About this time he became deeply interested in local affairs in Pembroke, becoming successively member of the school board, town council and official assignee. He was also president of the Pembroke Lumber Co. and a director of the Kingston and Pembroke Railway.

Judge Deacon was a staunch Conservative, and was elected member of the Ontario Legislative Assembly from 1871 to 1878, when he was defeated. He also ranked high in the Orange Order, being of the Methodist faith.

In 1864 he married Caroline Rebecca, the eldest daughter of John Dunlop of Pembroke.

His appointment of county court judge was made on Jan. 3, 1895.

KILLED FOR A WOMAN

Winnipeg Police Looking for Well-Known Horse Dealer.

WINNIPEG, March 19.—The police are searching for Gaston Monroin, a Winnipeg horse dealer, who was implicated in a row at the Roblin Hotel, in which M. Giovanni lost his life. Two men, it is alleged, quarreled in the bar of the hotel over a woman, and the argument becoming heated, revolver were drawn, Giovanni getting the worst of it. Monroin made his escape, but as he is well known to the police, having on a previous occasion been arrested by the morality office, his capture is imminent. He is a native of France, 37 years of age, of heavy build, weighing 220 pounds, and five feet 9 1/2 inches in height. He has black hair, dark moustache, and marked by a mole on each cheek, his eyes being dark blue. He has also a scar on the left thumb.

DIED ON TRAIN

HALIFAX, March 19.—Major Walter H. Laurie of Montreal died of heart failure in the Intercolonial Railway express this morning on his way to Sydney to assist in adjusting the insurance on the Steel Co's power house, which was partially burned out last week. He was in his sixtieth year.

Major Laurie was a well known citizen of Montreal for many years, both in his profession as consulting engineer and as a military man who had seen actual service.

ERNEST CROFTS, R.A., DEAD.

LONDON, March 19.—Ernest Crofts, R.A., the painter and keeper of the Royal Academy, died to-day.

Ernest Crofts was born in Yorkdale in 1847. His first picture, "A Retreat: Episode of the German-French War," was exhibited in the Royal Academy in 1871. His historical paintings range over a wide period, and deal mainly with military subjects.

WHO IS TO BLAME FOR PLUGGED UP PIPE?

Attempt to Draw Water Supply From Intake Caused Rush of Sand, Tho It Only Lasted an Hour—Controllers Profess Ignorance—Is Pipe Twisted Out of Shape?

Who is responsible for the plugging of the conduit leading to the intake with sand? Up to the present the blame has been freely bestowed on the engineers of the waterworks department when it has not been rudely attributed to the force of nature or unavoidable accident.

The statement was made on Saturday that when the order to draw the supply thru the intake was issued, Engineer Randall arrived at the city hall. On being informed by Engineer Rust of what had been done, he called his superior's attention to the fact that it would result in the sand getting into the tunnel. He and Mr. Rust then went before the board of control and called their attention to it. The order was given to again tap the lagoon. About an hour elapsed between the time that the lagoon water was turned off and turned on again, but that hour resulted in 900 feet of the conduit leading to the intake getting clogged with sand by the pressure of the lake behind the empty pipe.

Mr. Rust's Explanation.

City Engineer Rust was seen late on Saturday night and explained that he had cut off the supply from the lagoon on receiving a letter from Mayor Geary, who was anxious that nothing but pure lake water should get into the mains. As soon as he had received the letter and given the order to Mr. Fellowes, however, he had gone to the mayor and explained that the pumps would have to shut down if the lagoon was not again tapped. The mayor had called a meeting of the board of control at once, and when the circumstances were explained, the order was given to tap the lagoon once more. He was sure that the question of the sand getting into the tunnel had not been emphasized, also it was mentioned. Engineer Randall was with him at the star chamber sitting of the board when it was again decided to use lagoon water. Mr. Randall and Mr. Fellowes had both discussed with him the possibility of sand getting into the tunnel if the supply was drawn from the intake.

Only Tried It an Hour.

"The attempt to draw the supply from the intake only lasted an hour," said Mr. Rust. "Whether that resulted in a rush of sand into the pipe or not, I am not prepared to state definitely. Mr. Fellowes informed me that he was afraid it had."

Waterworks Engineer Fellowes was questioned on the possibility on Saturday, but exhibited a desire to refrain from being drawn into any further controversy. He would not say that such a condition as exists might not be caused by the attempt to draw the water thru the pipe while the intake was stopped with ice and sand, but he hesitated to place himself on record as supporting the theory. He admitted the possibility of it, however, and also confirmed the statement that so far as is known, the pipe was clear for 600 feet when the lagoon water was shut off. He would not say that the possible results of the attempt to draw the water from the lake were not foreseen by himself and assistants when they put a strenuous objection to closing the valve which admitted the lagoon water.

If the surmise is correct, that the sand was drawn into the pipe in an attempt to set the lake water after the engineers had objected to such action, it was pointed out by a citizen who was discussing it, that it was a mistake on the part of the council to override the judgment of the men who are paid for the knowledge they are supposed to possess of such matters.

PEACE CAMPAIGN ROUSES ENTHUSIASM IN BRITAIN

Leaders of Free Churches Arrange For Albert Hall Demonstration on April 1.

LONDON, March 19.—(New York Tribune Cable.)—The movement for peace in the English-speaking world is well timed for the lowest ebb of political affairs at Westminster, where "little water is running under the bridges." The parliament bill is blocked by financial business one day, and then another day is allotted to the estimates and supplies, and it will be at least a fortnight before the veto measure can be considered in committee. The Tory whips are boasting that there will not be more than four full days of committee discussion before Easter, unless the revenue bill is deferred, and that with systematic obstruction the crisis will be put off until the coronation is over.

The prospect of delay and continuous resistance is disheartening to Liberals, especially when they are chilled by the apathy of the country on constitutional questions.

Peers Cling to Privileges.

If the ardor of the radicals for democratic progress is abating, however, demoralization is steadily increasing among the Unionists. Work on the reform bill has not been abandoned, and it may be presented to the House of Lords before the end of a fortnight, yet there are unmistakable signs of disension among the peers. There is neither enthusiasm for reform nor a conciliatory spirit which makes the removal of grave differences of opinion possible.

A large number of the peers consider it impracticable to combine the hereditary and elective principles in the legislative scheme and favor the concentration of their resources of resistance upon the referendum amendment.

As soon as the Unionist commoners have emphasized the point that the fight must be made for a strong second chamber against the supremacy of an House of Commons, the Liberal Unionists are beginning to be more strongly bound together, their spiritual relation to each other. Such a marriage hindered unity of purpose in life's enterprises. Mixed marriages tend to lower the standard of moral life.

WORSE THAN THE WORST FORM OF DIVORCE LAWS

Rev. Dr. Hincks Denounces Attitude of Roman Catholic Church on Mixed Marriages.

"The Roman Catholic Church has stood out against all forms of divorce, but this decree is a looser law than the worst divorce laws of the wide-open divorce states, because, to get a divorce in these states, some wrong, which was committed after the marriage, has to be proven, either against the husband or wife," declared Rev. William H. Hincks, L.L.B., pastor of Broadway Methodist Tabernacle, on Sunday evening, in reference to the famous decree, "Ne temere," of the Roman Catholic Church, which came into force on Easter Sunday, 1908, whereby a marriage between a Protestant and a Catholic, not performed thru a priest of the Roman Catholic Church, would not be recognized by that church, and the children resulting from such marriage were declared illegitimate.

"But this new law," continued Mr. Hincks, "breaks up a home, by saying that if a Roman Catholic hasn't married first, then the couple were never married from the first, the children are without parents, that the marriage never existed, and, therefore, the husband and wife are free. This is infinitely worse than a loose divorce law."

"Suppose," he said, "a Protestant first next door to me had a week before Easter, 1908, married a Catholic woman, and I, a week after Easter, 1908, had married a Catholic woman, and had man had a child, the child would be recognized as legitimate, but, according to this decree, if I had a child, that child would be illegitimate."

"We do not believe that our best Roman Catholic citizens believe in this decree, and we call upon them to join with us as Canadians to protest against it, just as the Roman Catholics of Germany did, and just as the Roman Catholics of Hungary did when the decree was promulgated."

"There were a number of Roman Catholic bishops of Hungary who sent a protest to Rome against its being enforced there, and the Roman Catholic hierarchy of Hungary joined in with the protest in opposition to it so strongly that during the three years, it has been suspended in Hungary half of that time."

"We call upon the best class of Catholics of Canada to join with us in a strong protest."

Mixed marriage, Mr. Hincks believed, divided the husband and wife on the very subject on which they should be most strongly bound together, their spiritual relation to each other. Such a marriage hindered unity of purpose in life's enterprises. Mixed marriages tend to lower the standard of moral life.

A FURTHER REDUCTION. ON BOARD PRESIDENT TAFT'S TRAIN, COLUMBIA, S.C., March 19.—President Taft, according to present plans, will confine his message to the extra session of congress to be convened on April 4 to Canadian reciprocity, and to the establishment of a permanent tariff board.

30 FIREMEN OVERCOME BY FUMES OF AMMONIA

Battalion Chief Dropped Four Storeys to Pavement—Thrilling Rescues Made.

CHICAGO, March 19.—Thirty firemen were overcome by the fumes of ammonia to-day while fighting a fire which destroyed a warehouse of the Monarch Refrigerating Company and caused an \$800,000 loss.

Thrilling rescues were made in carrying the unconscious firemen from the burning structure. It was necessary to take them down the fire escapes, as the cables of the elevator in which the rescuers ascended, snapped and the cage plunged three floors to the basement with a load of firemen.

The fire started early this afternoon and raged with unabated fury until late to-night. Five explosions of ammonia filled the building with fumes and made the work of fighting the flames dangerous. The structure was heavily stocked with poultry, meats and butter.

While attempting to escape from the roof by sliding down a rope, Battalion Chief Fisher became unconscious when he reached the fourth floor and dropped to the pavement. He fractured a leg and was internally injured.

While attempting to escape from the roof by sliding down a rope, Battalion Chief Fisher became unconscious when he reached the fourth floor and dropped to the pavement. He fractured a leg and was internally injured.

DOUBLE MURDER

Young Man Held for Slaying of Father and Mother.

ANSONIA, Conn., March 19.—Thos. Fitzgibbons, senior, and his wife Nora, were found in their home on Division-st., late to-day with their skulls crushed in with an ax and the house on fire. Their son Thomas, jr., is being held by the police charged with the double murder, the according to the story told by him to the police his father killed his mother and he in turn killed his father. The son has two slight scalp wounds, which he said he received when he took the ax away from his father, but according to the medical examiner, the wounds were probably self-inflicted.

HIS CONDITION SERIOUS.

OTTAWA, March 19.—Justice Girouard of the supreme court of Canada is hardly likely to recover from the shock of the recent accident, when he was thrown from a sleigh. His condition is very serious.

"Madame Sherry" To-night.

The Princess Theatre will have the elite of Toronto within its walls to-night, to witness the first performance here of the much talked of "Madame Sherry," which has been the craze in New York the present season.

Overseas Club.

Union Jack Branch of the Overseas Club will meet this evening in Occident Hall. A paper on "Samuel Pepys," the great English diarist, will be read by Mr. Knight.

4 TRAGIC DEATHS IN CITY SINCE SATURDAY

Bank Teller Commits Suicide—Told He Had Consumption, That His Father Died Insane, and Had His Position Reduced Because He Speculated.

Three dead bodies were delivered to the morgue yesterday. Besides, there was a suicide on Saturday, when W. Morton Kenly, a teller in the Bank of Montreal, Front and Yonge-streets, shot himself thru the brain in the basement of that institution. One of the bodies lying in the morgue is another suicide.

Augustus Kern, who roomed at 833 Bathurst-street, was found at 3 a.m. Saturday by his landlady with a gash in his throat and a slit in his left wrist. Both wounds were bleeding profusely, and the unfortunate man was unconscious. The lady called a policeman, and the officer summoned Dr. Thomas, who had the patient removed to the Western Hospital. The man lingered in unconsciousness until 1 p.m. yesterday.

All that could be learned was that he was 51 years old, an Englishman, had been married in the old country and had become separated from his wife by mutual consent. Brooding over his domestic troubles he assigned as a reason for his rash act. He had been in Toronto for some years, and was employed by the Mason & Bush Piano Co.

Died in Ambulance.

Charles Dobbie, who roomed at 98 Mutual-street, died in the police ambulance while on the way to St. Michael's Hospital last evening. He was acting rather queerly on the corner of Wilton-avenue and Dalhousie-street about 8 o'clock, and P. C. Thompson, No. 31, went over to him to enquire what was the matter.

"Please assist me to my home," he said, and nearly fainted in the policeman's arms.

The constable took him into Dr. Guinane's office, and the doctor, observing that he was in a serious state, phoned for the ambulance.

Dobbie was about 75 years of age. Very little could be learned about him. He wore a button of the Morrison Brass Co., and may have been connected with that firm. He appeared to be in very good circumstances. His clothes were of a costly type; he wore a diamond stickpin and had \$42.75 in his pockets.

Chief Coroner Johnson is not fully decided as to whether he should order an inquest or not.

William Gordon, a married man, 50 years old, fell 10 feet from a scaffolding in the sand tower of the Barber Asphalt Paving Co., 200 Basteron-avenue, at 11 o'clock Saturday morning and fractured his skull. He was taken to the General Hospital and died yesterday of concussion of the brain. Coroner J. M. Cotton will open an inquest in the morgue to-night.

THREE SHOCKS IN SUCCESSION.

Three shocks in rapid succession seem to have prompted W. Morton Kenly, a teller in the Bank of Montreal, streets branch on Saturday morning to take his life on Saturday morning in the basement of the bank.

While he was preparing to leave for Ottawa on Friday, to attend the funeral of an aunt, it is said he received a message from his physician telling him he was seriously affected with tuberculosis.

It appears he had been in dread of the disease for a long time, and had told his confidants that he would shoot himself if he ever learned that he had it.

While in Ottawa on his mournful mission, it is said that some kind friend of the family informed him that his father had died in an insane asylum—a circumstance of which he had been kept in careful ignorance.

When he got back to Toronto, so it is said, one of his superiors told him that he would have to be taken off the cash and put back on the books because it had come to the ears of the management that he was dealing in mining stocks—an indulgence which

Collage of Music.

On Saturday afternoon the Toronto College of Music, 12-14 Pembroke-street, a very interesting recital was given by a few of the Junior pupils. The following was the program: Piano, Halle, "Rose Dream"; Mrs. Scott, Beethoven, "Sonatina"; in G Major, Ellen Malone, "Sonatina"; "Number 3," Dorothy Nelson; Klavier, "Sonatina"; Baumbach, "Pleasant Dance"; Mary Brener, "Love, March Impromptu"; (Duet), Francis Foot and Edith Hobbs; "The Merry Company"; Mabel Lightle; Bachmann, "La Chiale"; Maudie Thompson; Kroghman, "The Little Prince"; Harold Mason; Jungmann, "Will o' the Wisp."

HAMILTON HAPPENINGS

CORONER INVESTIGATING MYSTERIOUS FATALITY

HAMILTON, March 19.—Crown Attorney Washington caused a great flurry in the east end of the city on Saturday afternoon by issuing an order postponing the funeral of the late Besette Clark, the 18-year-old, unmarried foster-daughter of William and Mrs. Hofass, 69 Tisdale-street. Miss Clark died Thursday morning about 2 o'clock, after suffering all evening from convulsions. She was taken with a convulsion a month ago and was attended by Dr. Cody. Wednesday evening about 8:30 she again showed signs of convulsions, becoming unconscious and peculiarly the convulsions each time followed a visit to a certain theatre. Dr. Cody was called in twice on Wednesday night, the first time at about 10 o'clock, and he left at 11, as Miss Clark seemed much better. He was called again at about 1:15 in the morning, but before he arrived at the house the girl had died. In his death certificate he states that death was due to a cerebral hemorrhage. While nothing definite could be learned, it is said that a former friend of the Hofass family demanded the investigation in a letter he wrote to the police. They notified Crown Attorney Washington, and after the detectives had investigated it was deemed best to stop the funeral and hold a post-mortem. This was done and the funeral took place this afternoon instead of on Saturday. The result of the autopsy is being carefully guarded. All connected with the case in any way have been interviewed, but nothing can be learned of what was the suspicion as to the cause of death. The Hofass family are very much distressed and worried over the affair and intend pushing the case to a finish. Coroner Griffin will conduct an inquest Wednesday night.

EXPLOSION AT THEATRE

Young Toronto Man Severely Burned at St. Catharines. ST. CATHARINES, March 18.—(Special)—Charles Harrison, a Toronto young man, who has been employed at the local branch of Griffin's Theatre, was severely and painfully burned about the eyes and on the hands as the result of an electric explosion just before the close of the last performance last night. He is now in the general marine hospital, but it is not thought that any permanent injuries were sustained.

BUBONIC PLAGUE IN BRAZIL

And Authorities Are Alarmed at Prospects of Epidemic. NEW YORK, March 18.—More than twenty cases of bubonic plague have been discovered in Porto Alegre, Brazil, according to cable dispatches received here from Buenos Ayres. The Brazilian authorities are said to be much alarmed over the prospects of an epidemic.

HAMILTON BUSINESS DIRECTORY

HAMILTON HOTELS

HOTEL ROYAL

Every room completely renovated and newly carpeted during 1907. \$3.00 and up per day. American Plan. H. W. H. Mattice, passed away at her late residence, 167 Duke-street, today, aged 82 years. A fire which did damage to the extent of \$500, broke out in the Ontario Engraving Co.'s plant this afternoon at 3:40 o'clock. It completely wrecked the top floor and water made great havoc on the two lower floors. The plant is seriously crippled. Rev. E. A. Pearson preached from his pulpit at Central Methodist Church to-night to 200 members of the Irish Protestant Benevolent Society, on "Why I Am a Protestant." He said the Roman Catholic faith still reeked of the history of the church showed its hands to be red with the blood of martyrs, and that it was the method of unjust persecution. A large congregation attended. Mrs. Todd, 201 John-street, dodging a street car at the corner of James and George-streets on Saturday afternoon, fell and struck her head on the curb and had to be taken home. Hotel Harrahan, corner Barton and Catharine-streets, Hamilton, conveniently situated and easily reached from all parts of the city. Erected in 1908. Modern and strictly first-class American plan. Rates \$1.50 to \$2 per day. Time, Harrahan, proprietor. Phone 1315.

ONE MILLION FOR ROADS

MONTREAL, March 18.—According to a report submitted to the board of control by the road department, it is shown that last year there was expended on macadamizing streets in the various wards over one million dollars.

An Invalid for Many Years

Doctors Said She Had So Many Ailments No Use to Patch Up One or Two. But Health Was Restored and 26 Pounds in Weight Gained by Using DR. CHASE'S NERVE FOOD

Nearly every woman will read this letter with the keenest interest. It tells of years of great suffering and disappointment and discouragement when doctors were consulted. Mrs. Bradshaw found exactly what she needed when she began the use of Dr. Chase's Nerve Food. Her experience is well worth reading, and may prove profitable to you. Mrs. Geo. Bradshaw, "Cozy Nook," Harlowe, Ont., writes: "I am glad to state that I received benefits from Dr. Chase's Nerve Food, which I failed to get any place else. I was troubled for many years, in fact, from my early womanhood, with weak, watery blood, and given to dizziness. I suffered untold agonies from nervous sick headaches, dizziness and sinking spells, in fact was a semi-invalid for many years. I tried many kinds of patent medicines, and got no help, and tried every new doctor that came along, but all failed to help me. Doctors told me I had no blood, and that my heart and kidneys were diseased, and that I had so many complaints there was not much use in doctoring up one or two. Four years ago I took six boxes of Dr. Chase's Nerve Food. I weighed 115 pounds, and then got six more, and I believe they have cured me of many of my complaints. When I began taking Nerve Food, I weighed 115 pounds, and today I weigh 139, and am 45 years old. I truly believe, if more people would use Dr. Chase's Nerve Food and Kidney-Liver Pills they would be better for it. I use Dr. Chase's Kidney-Liver Pills whenever required to awaken the action of the kidneys or to regulate the liver and bowels." The benefit from Dr. Chase's Nerve Food is felt in every part and every organ of the human body. It makes new blood and reconstructs the wasted cells and tissues. 50 cents a box; 6 boxes for \$2.50; at all dealers, or Edmondson, Bates & Co., Toronto.

WHO IS TO BLAME?

Continued From Page 1.

that it would be the only means of supplying the northern portion of the city with water. If there was anything said about filling the tunnel with sand, I did not hear it. Engineer Rust was before the board, but no other official of the waterworks department. "It is news to me," said Controller Hooker. "This is the first I have heard of. Mr. Randall was not before the board, but Mr. Rust probably came in after talking with Mr. Randall. So far as I know, there was nothing said about the tunnel being filled with sand. The order for turning off the lagoon water was given by the mayor at an open meeting of the board of control. It was turned on again as the pump had to shut down, and it was stated that the people to the north and the factories must be given water. "When the pipe has been inspected thoroughly," the controller said, "they will find that it is twisted out of shape for the entire length to the intake. There is only one thing to do, and that is to take the cast-iron pipe we have at the John-street Wharf and connect it up with the 600 feet that is still intact. That will give us 1100 feet of pipe, and the water will be better at 1100 feet out than at 800 feet out."

Working While Waiting

In retaliation of statements made that the waterworks engineers were waiting for fine weather with neither equipment nor men on hand sufficient to do the work, Mr. Follows, whose efforts since the trouble occurred, have kept him at the island practically night and day, says that they have over 40 men and two divers, with a third being secured. They have three centrifugal pumps and two tugs. In addition they have two pontoons capable of carrying 120 tons on the way from Kingston.

Stock Yards Ravaged by Fire

CHICAGO, March 18.—One man was killed and three hundred head of cattle were burned to death to-day in a fire which destroyed a square block of pens in the Union Stock Yards here. The body of the man was found in the wreckage of a vial that fell. Various commission firms owned the cattle destroyed. Loss \$25,000.

—Main Floor—Yonge St.

THE T. EATON CO LIMITED

PLENTY OF MATERIAL FOR LONG SESSION OF COUNCIL

Waterworks Question, and Proposal to Create Commission For Electrical Department.

The indicator points to a meeting of the city council to-day that will establish a new record for length, even assuming that only the ordinary discussion takes place on the various matters to come up, as outlined on the order paper. There are enough controversial topics on the bill of fare to furnish talking material for half a dozen meetings, and unless the members most prone to discussion run out of energy, there is a possibility of the meeting running into the small hours of the morning.
Waterworks matters will be a dominant feature in the proceedings, as they have been in the past four or five sessions. There is a motion of Ald. McCurry's to reorganize the waterworks department, which he attempted to put thru by a suspension of the rules two weeks ago, but was forced to send along in the regular way. Since then he has been around making a few investments at the island, and it is possible that his views have been modified to some extent.
In addition to this, there is the report of the city engineer on the proposal of Ald. McCurry, as to getting the water from artesian wells or drawing it from Lake Simcoe by gravitation. In view of the fact that a board of experts has been appointed, it is questionable if this will be discussed at any great length.
The proposal to create a commission for the administration of the electrical department will create much discussion. If there is a suggestion made to have it a public utilities commission, Controller Ward may revive his suggestion of last year that the council submit a plan to the people to ap-

UNDER ROYAL PATRONAGE

King George Honors Coronation Empire Concert at Toronto.

His Majesty the King has graciously become patron of the festivals given in Toronto on April 4, 5 and 6, in which the composers of Toronto, the National Chorus of Toronto and the Toronto Symphony Orchestra are to associate with the Sheffield Choral in the Coronation Empire Concert, April 6. This event is to become a grand affair owing to the royal distinction bestowed upon the musical elements of Toronto by his majesty. To this end his honor the lieutenant-governor will hold a meeting at Government House, when it is expected the brigadier-general and officers commanding his Toronto military forces will be present to arrange proceedings which undoubtedly will lead to a gorgeous spectacle being presented on the night of the Coronation Empire Concert in this city.
It is no new thing to bewail the exodus of our young Canadian men of genius across the unreciprocated border, and literary men, artists, poets, musicians and others of the elite have had recourse to emigration as a means of livelihood, not without taunts of an unpatriotic wantonness.
But what can our geniuses do? As one of them remarked, "if it was a question of losing a quarter or a third or half my income, I could stand it, but when it means losing three-fourths there is no choice."
So Canada still bestows her best and choicest gifts on a foreign nation under the old rule that to him that hath shall be given. Our best influences are expended directly on an alien people, and we rob ourselves of our best to make them illustrious.
Probably nothing more distinctly Canadian could be produced than the work of Arthur Henning in black and white.

DR. A. W. CHASE'S CATARRH POWDER 25c

is sent direct to the diseased parts by the Improved Blower. Heals the ureters, cleans the air passages, stops dripping in the throat and permanently cures Catarrh and Hay Fever. No blowers free. Accept no substitutes. All dealers or Edmanston, Bates & Co., Toronto.

Arthur Henning in Black and White

white. These studies are of the northern zone, strong with all the fierce vitality of ice-reams and snow-spaces and auroral glories. In England especially his pictures have received the discriminating appreciation of those who know, while in New York his acceptance goes without saying and an American critic has written that he possesses "the originality of profound knowledge."
There is at present and will be till Friday next at the galleries of Messrs. Roberts & Son, 100 West King-st., a collection of a score of his drawings on view. During the past week many have seen them, but there appears to have been no general knowledge of the exhibition among those who appreciate really fine art. One cannot fully understand the value of black and white as a medium until one sees Mr. Henning's work. There is wide variety among the subjects, but so clever is the drawing, so delicate and subtle the shading, that color is never missed. For the most part taken from the wintry north, his ice and snow and color shadows have a reality which color water looks colder than the ice which hems it narrowly in. The whole life of the Indian race is embodied in his repeated performances. Another picture, of auroral splendor shows "York Boats Drifting by Night." The sombre dignity of the "March of Lonely River," shows a magnificent moose. Vivid intelligence shines thru the study of "A Timber Gristle's Feast," and another profound study. There are hunters and traders and northwest mounted policemen, a bright-eyed and picturesque "Trader's Day," scenes in the ice wilderness and in the mountains with the ice-clear atmosphere and evry heights of the peaks, settlers on the trail for

Their Jubilee Year.

The 20th annual meeting of the Ontario Educational Association will be held in the university building on April 18, 19 and 20, and to mark the jubilee year a banquet will be held in Convocation Hall on Tuesday, April 18, at 6:30 p.m.

Cobwebs in the Morning.

Cobwebs in the head on rising in the morning is the result of a Lazy Liver, one or two mornings in succession and sick headache follows.
Father Morrisey's Liver Pills will clear the Brain.
These Pills are a purely vegetable compound prepared with great care, and without doubt the very best pills for general use, on the market. The greatest care has been given to selecting the ingredients, and being entirely vegetable, they act upon the liver and bowels in such a manner as not to disturb the other functions of the body as many pills do.
As a Liver Invigorator, Blood Purifier and General System Renovator, they are unequalled. Sick headache is invariably brought on by a sluggish liver, constipation or irregular bowels; these pills are a cure for sick headache in any form.
Pimples, eruptions and yellow skin are often caused by a lazy liver; one pill three times a week will soon clear the complexion.—Price 25c. per box.

Yonge-Street Mission Free Breakfast.

Yesterday morning witnessed another breakfast at Yonge-street Mission, when some 200 hungry men enjoyed the hot coffee and sandwiches to the accompaniment of sweet singing. After breakfast an earnest address was given.

The Second for Free breakfasts is fast

The second for free breakfasts is fast drawing to a close with the approach of spring, next Sunday probably witnessing the last one.

Big St. Patrick's Parade.

OTTAWA, March 19.—The annual St. Patrick's Day parade took place today, about 1500 participating. They attended St. Joseph's Church, where Archbishop Gauthier administered the benediction. Almonte was represented,

OPENING UP NAVIGATION IN THE ST. LAWRENCE

Lady Grey Breaks Channel Through Ice From Quebec to Three Rivers.

MONTREAL, March 18.—One day ahead of last year's record, the staunch little icebreaker Lady Grey has reached Three Rivers, leaving a clear channel behind her all the way down to Quebec.

GOT OUT BEFORE THE CRASH

Will Recover From Standard Bank Money Withdrawn From Farmer's. W. J. S. Johns, a farmer of Cartwright Township, Victoria County, who sued the Standard Bank of Canada for \$2884.98, has secured judgment in his favor for Justice Chute.

PEACE CAMPAIGN

Continued From Page 1.

elective assembly the backwoods peers legislative redeeming virtues in radical legislation, which leaves them temporarily, at least, in possession of their hereditary dignities.

Sir Edward Grey's Leadership.

Sir Edward Grey has lifted discussion to the higher levels of noble idealism. He had no definite proposal to offer at the peace conference last night for the carrying out of President Taft's suggestions for an Anglo-American coalition against fratricidal war.

Naval Armaments with Two Goals for One.

The naval armaments with two goals for one formula and military doctrines agitation for the universal training of men in the service have fallen into the background. Old-fashioned experience meetings on the wickedness of war and the folly of excessive armaments have been substituted for barren debates on the number of Dreadnoughts in a seasonably probable conflict against England and the impracticability of limiting armaments by agreements among supine nations.

Will Hold Demonstration.

LONDON, March 18.—To-day has been observed as Peace Sunday. The Archbishop of Canterbury presided at a field, and from the pulpit declared in the kingdom the sermon was devoted to a eulogium of President Taft and Sir Edward Grey for their arbitration proposals.

WAITERS ROBBED EMPLOYER.

Walter Bolder and Arnold Jackson, employed as waiters in the Knights of Columbus lodge rooms, 182 Sherbourne-st., were charged with the theft of \$2000 last night, charged with theft of a quantity of money from a glass box on the cigar case.

NEW ONTARIO COMPANIES

Companies whose incorporations are announced in The Ontario Gazette on Saturday are the following: C. E. Plain, Limited, Ottawa; capital, \$250,000.

“A complete circle of instruction”

of instruction, and this, the modest three volumes fell far short of supplying. History and biography, for example, were excluded from the book, because it was to be strictly a dictionary of the Arts and Sciences.

A fundamental characteristic

of instruction was its main purpose. For its articles upon the chief arts and sciences were long and comprehensive treatises, intended for study and reading, and to this feature—characterizes the Encyclopaedia Britannica to this day—the book owes its reputation as something apart from the many other encyclopaedias, British, American and foreign, which serve a slighter purpose.

Utility and Authority

of instruction was its main purpose. For its articles upon the chief arts and sciences were long and comprehensive treatises, intended for study and reading, and to this feature—characterizes the Encyclopaedia Britannica to this day—the book owes its reputation as something apart from the many other encyclopaedias, British, American and foreign, which serve a slighter purpose.

Announcement of the forthcoming issue of the New (Eleventh) Edition of the Encyclopaedia Britannica, of which the copyright has been taken over by the University of Cambridge.

More than 15,000 orders for this New Edition have already been received in London, Toronto and New York. A prospectus with specimen pages in India paper will be sent post free from the Canadian office of the Cambridge University Press.

The first and the eleventh edition. The 11th edition, to contrast it with the first, consists of 28 volumes and an index. There are 27,000 pages of text, 40,000 articles, over 41 millions of words, more than 7,000 illustrations and maps.

It is now 142 years since there appeared in Edinburgh the first part of a book, to be completed in three modest volumes, of 900 pages each, under the ambitious title of the Encyclopaedia Britannica.

Prospectus and specimen pages. The use of India paper may be rightly described as revolutionary. The 29 volumes of the new edition contain over 2 million words more than did the 35 volumes of the 10th edition, yet together occupy a width of only 28 inches instead of 7 feet, and weigh but 80 lbs. instead of 240 lbs.

Table of volumes and page numbers. 1st edition (Bell & Macfarquhar) 3 vols. 1768-71 1770. 2nd edition (Bell & Macfarquhar) 10 " 1777-84 1784. 3rd edition (Bell & Macfarquhar) 18 " 1788-97 1793.

The date of the first edition—1768

of a consideration of a single date the date of its first appearance—1768—when the struggle between France and England for supremacy on the North American continent had barely ceased, and fully twenty years before the outbreak of the French Revolution.

A complete circle of instruction

of instruction was its main purpose. For its articles upon the chief arts and sciences were long and comprehensive treatises, intended for study and reading, and to this feature—characterizes the Encyclopaedia Britannica to this day—the book owes its reputation as something apart from the many other encyclopaedias, British, American and foreign, which serve a slighter purpose.

Utility and Authority

of instruction was its main purpose. Applications in Advance of Publication

will be accepted at the rate of (Cloth, ordinary paper) \$4.00 a volume (containing almost 1,000 quarto pages), instead of \$7.50, which was the original published price of the 9th edition, and is intended to be the ultimate price of the new edition.

No payment of any kind need be made until the volumes are delivered, when payment may be made in cash or monthly instalments of \$5.00. At a slight increase, the payment of the cash price may be distributed over a period of 4, 8, or 12 months.

EXPLAINED WORKING OF STRATHCONA TRUST

Ontario's Share Next Year Will Be \$7000—Cadet System in Australia. Two very interesting addresses were delivered in the public hall of the normal school on Friday afternoon to an audience of high and public school teachers.

BOY OF 13 GETS IDEA TO BURGLE AT NICKEL SHOW

Youthful Criminal Also Charged With Arson—Wanted Money to Get More Ideas at Shows. It wasn't any wonder Charlie Bradley failed. No one can deny that he is the "champion" burglar of the at-pound class, and when you consider the age limit of 13 years, which he can crack under his performance is the crop not of kid crookery, but had been Charlie, who lives with his mother at 34 Vaneau-street, says that he got his burglarious ideas at the nickel shows, and carried them out in order that he might secure the funds to go to more nickel shows, presumably to get more ideas. Here is the way it worked out.

PROVIDE MUSIC for your family and for your guests.

Gerhard Heintzman Player Piano which plays all music faultlessly and is not in the slightest degree mechanical, owing to the wonderful devices for individual expression.

Gerhard Heintzman, Limited NEW SALESROOMS 41-43 QUEEN ST. W. (opp. City Hall) TORONTO

There is HEALTH and STRENGTH in every cup of EPPS'S COCOA

Children thrive on "EPPS'S." Its fine invigorating qualities suit people of all ages. Rich in cocoa butter, and FREE FROM CHEMICALS. GRATEFUL AND COMFORTING

Gerhard Heintzman, Limited NEW SALESROOMS 41-43 QUEEN ST. W. (opp. City Hall) TORONTO

arousing the workers above and below. He tried the other side and then gave up in despair. But after a brief pondering he was again on the job. Securing a saw, for which he had to go upstairs, he strove to saw off the handle of the door. The metal was tough, tougher than either the saw or the child wonder of burglary.

Oriental Rugs

New Spring Arrivals of Magnificent Variety and of Beautiful Design. Bales of newly imported stock are daily opened and displayed in our immense showrooms. We wish to make a quick turnover on this stock, and have marked the prices down to exceptionally tempting figures.

Dalton's French Drip Coffee. —is like the Coffee you get in Paris, where Coffee selection and making is a fine art. One of its secrets is the special quick roasting wherein the coffee beans are thrown through a naked flame to retain the flavor and aroma. In grinding, all indigestion-producing shell or chaff is removed. Mild and strong blends, 10c., 20c. and 40c. tins.

CHINESE CELEBRATED

OTTAWA, March 18.—The rival factions of the local Chinese are still pushing ahead. The Chinese Reform Association have until now been the only possessors of a hall. Now the Free Masons have opened one. Saturday night they celebrated this event with fireworks, tom toms, and a feast. To-day the noise continued.

WILL GET A RAISE

BRANTFORD, March 19.—Brantford Fire Department members are likely to get a raise on Monday night, when the fire and light commission will submit a favorable report on a petition of the men. The raise in Chief Lewis' salary will be from \$1200 to \$1500 a year.

AGAINST FATIGUE

There is nothing better than VIN MARIANI —the unsurpassed invigorating bracer. ALL DRUGGISTS—EVERYWHERE.

NO REPLY TO ULTIMATUM

ST. PETERSBURG, March 19.—China had not yet replied to the last Russian note which amounted to an ultimatum, insisting upon a closer adherence to the provisions of the treaty of 1858.

QUARANTINED THE HOSPITAL

FORT WILIAM, March 19.—The board of health, at a special meeting yesterday approved of the quarantine of McKellar Hospital. A man recently discharged from the hospital has developed symptoms of smallpox. No connection between the latest smallpox case and the one which developed about three weeks ago has been established.

LET OFF WITH LECTURE

GODERICH, March 18.—Lorne Armstrong, the 20-year-old Stanley Township Youth, who rented rigs from Clinton and Goderich Iveyrmen a few weeks ago and sold them at Seaford and Blyth, obtaining \$15 for the two, was before Judge Wyle today and let off with a lecture. His father went surety for his future conduct.

MOTLEY CROWD OF IMMIGRANTS

The C. P. R. train from the east arriving at 11 o'clock last night, brought a motley crowd of immigrants to the city. Of the 180 on board, Toronto's share was 100, the other 80 being billed for points farther west.

DAY'S DOINGS IN YORK COUNTY

N. TORONTO BIG VOTE ADOPTS SEWER PLAN

Sweeping Majority for the Scheme in Every Ward—Result is Hailed With Satisfaction—Scarboro Farmers Met on Saturday and Talked Reciprocity.

NORTH TORONTO, March 19.—(Special).—By an overwhelming vote of 329 to 135 the property owners of North Toronto on Saturday declared in favor of the passage of the sewer by-law and similarly voted in an uncertain manner their desire, irrespective of any action the City of Toronto may take to inaugurate an era of modern and progressive sewerage. It was a great day for the town, and demonstrates most conclusively that the business men of this northern suburb are fully seized of the possibilities and potentialities of this great residential district. While the vote was not a large one, it was by comparison with the average city vote for a by-election greater than that usually obtained in the larger municipalities under similar conditions. That a larger adverse verdict was not recorded, against the measure must be accepted as voicing appreciation of the general plan. From every viewpoint the action of the ratepayers is most gratifying.

While in two polling subdivisions, No. 1 and No. 3, the vote was a tie, in not one single division was the by-law defeated and in Nos. 2, 5, 6, and 7, especially at Bedford Park, the most northerly point, opposition to the project was literally buried out of sight. The town council are now fortified by the people with a mandate which admits of no dispute.

On the surface there was little to indicate that a by-law to expend considerable sums of money for a million dollars was up for final disposal. Little or no excitement marked the proceedings throughout the day, and even at the close in the town hall, the usual centre of gravitation, less than a score of townspeople were present. There was a well-defined feeling that the majority would be concluded and subsequent events confirmed the forecast. Mayor Brown, when seen by The World on Saturday afternoon, was delighted with the outcome, as evidenced by the vote. "This expression of opinion must be regarded as decisive and counts as a mandate from the people to go ahead and carry out the sewer scheme," said his worship.

The vote, too, for a by-election, is a very large one and compares with the vote that ever given by the city. The by-law will be given its third and final reading on Tuesday evening, and so far as the council are concerned, no time will be lost in carrying out the will of the people. Yes, I am greatly pleased," concluded his worship.

"I was not in sympathy with the method adopted for financing the sewer scheme," said Councillor W. J. Law, "but the measure, in its present form, is the better way, but I have always been and am now heartily in favor of the sewer itself. The council will not have to do it, and I am sure that no time will be lost in getting the work under way."

Councillor D. Reid has also been a staunch friend of the movement, and was naturally greatly elated at the majority polled for the measure. "I have done what I could for it," said the councillor to-night, "and I can frankly say that I am delighted. The vote will clear the air and give the council undoubted authority to go ahead and close up the cesspools must go on forthwith, or we will have an epidemic in town. Yes, I am genuinely pleased," said the chairman of the fire and light committee.

No man in the town council read the returns from the polling on Saturday with greater pleasure than Councillor Frank Howe, the chairman of the works committee. Councillor Howe was one of the general resisters of the project and has naturally been disappointed at the result.

Councillors Patterson and Spittal were greatly gratified at the vote and regarded it as a sweeping endorsement of the scheme.

"The action of the ratepayers on Saturday, in giving the by-law such a large majority, must be gratifying to every citizen of the town," said H. H. Ball, "and the council will doubtless accept it in that spirit and push it to a definite conclusion. I look for a substantial and steady growth in the future."

T. W. Banton, president of the North Toronto Ratepayers' Association, said in his address on the question: "This is the third time this question has been before the people, and now we expect to see the game played fast for a first time. I have a majority of only 44, and Saturday 184, a marked change in sentiment. There was an honest difference of opinion as to the method of financing, but none as to the need. Speaking for the association, I am sure there will be general relief at the result."

"Delighted at the majority for the by-law," said J. W. Brown, chairman of the high school board. W. G.

DEER PARK

DEER PARK, March 19.—(Special).
An old and respected citizen of Deer
Park was taken away, in the person
of James W. Speers, who died at his
residence, 214 St. Nicholas street,
on Saturday in his 85th year. He had been
bed-ridden for the past three years.
Mr. Speers came to Deer Park from
Exbridge about 22 years ago, and had
for twelve years been postmaster,
which work is being still carried on
by his daughter, Miss Rubina.
He had always been a strong sup-
porter of the Reform party. He
was a member of the Mount Pleasant
Cemetery, and was buried in a vault
with his wife, Mrs. Rubina—and
one son, Robert, superfluous. His
funeral will take place this
afternoon at 2:30 to Mount Pleasant
Cemetery.

FARM FOR SALE BY TENDER

Tenders will be received for the sale
of a valuable farm, containing 195
acres, more or less, and being com-
posed of lots 21 and 22, of the sec-
ond concession of the Township of
York, west of Yonge Street, situated 4
miles north of the limits of the City
of Toronto.
Mr. A. W. Allen, the late owner of
the farm, resided in Toronto, and was
making the farm a model one in every
way. Upon it is a large brick house,
suitable as a country home for a resi-
dent of Toronto. The barns, stables
and box pens have cement floors and
cement manure pits and all are in good
repair. There is also on the property
a cement road house and steel silo,
recently built. The property is all well
fenced. Best of spring water and
a running stream, good pasture, timber
and orchard.
Soil, clay loam. A considerable portion
of the farm has been recently cleared
under the supervision of an expert from
the Agricultural College.
This property is within easy driving
distance of Toronto, and is also con-
venient to Metropolitan cars, Yonge
Street.

TENDERS

Tenders will be received by the un-
derwritten for all work on the
21st, 1911, for all the various trades re-
quired in the erection and completion
of a Club House for the Toronto Hunt
Club, Limited.
Plans and specifications and all other
information can be obtained at the
office of the Architect.
J. P. GIBBERSON, Architect,
221 DUNDAS ST. W. TORONTO.
The lowest and any tender not neces-
sarily accepted.

ATLANTIC CITY HOTELS

Wheat Markets
WHEAT MARKET STRONGER PRICES MOVE UP HIGHER
Snow's Crop Report Bullish—Short Covering Movement Puts Values on Up Grade.

CHICAGO, March 18.—Except for a brief dip in the initial trading wheat ruled strong. The reason lay chiefly in pessimistic crop reports from Western Kansas by a Chicago expert, who yesterday sent forward glowing dispatches regarding the east half of the state. At the close prices were 1/4c to 3/8c higher than last night. In corn, there was a net gain of 1/2c to 3/4c; oats were unchanged to 1/2c, and provisions down to 7/8c to 1c.

THE CANADIAN BANK OF COMMERCE

TRAVELERS' CHEQUES
issued by the Canadian Bank of Commerce are the most convenient form in which to carry money when traveling. They are negotiable everywhere, self-identifying, and the exact amount payable in the principal foreign countries is printed on the face of every cheque. The cheques are issued in denominations of \$10, \$20, \$50, \$100 and \$200 and may be obtained on application at the Bank.
In connection with its Travelers' Cheques the Canadian Bank of Commerce has issued a booklet entitled "Information of Interest to those about to Travel," which will be sent free to anyone applying for it. 13613

IN THE STOCK MARKETS

Financial London on the Outlook—Current Comment on Recent Movements on Wall Street.

LONDON, March 18.—The ready absorption of your new security offerings in Europe and the announcement this week of further underwritings of American corporation notes at Paris, merely accentuate the new aspects of the international money situation. It is recognized here that if your market should elect to change the aspect of Europe's monetary situation.

NEW YORK BANK STATEMENT
NEW YORK, March 18.—The statement of clearing house banks for the week shows that the banks held \$31,250,355 more than last Monday. Interovers are in reserve. This is a decrease of \$25,240,100, in the proportionate cash reserve, as compared with last week. The statement follows:—Daily Average—

ST. LAWRENCE MARKET

Receipts of farm produce were moderate, 40 bushels of grain, a few loads of hay, about 20 loads of mixed produce, in the morning building, and a plentiful supply of butter and eggs, with a few lots of dressed poultry on the market at 90c to 100c.

GRAIN AND PRODUCE

Local grain dealers' quotations are as follows:
Wheat—Canadian western, No. 2, 96c; No. 3, 95c; No. 3, 95c to 96c, outside.
Rye—No. 2, 66c to 66c, outside.
Barley—For feed, 50c to 55c; for malting, 60c to 60c, outside.
Buckwheat—48c to 48c, outside.

FARM PRODUCE WHOLESALE

Hay, car lots, per ton	\$12.00 to \$13.00
Hay, car lots, per ton	\$10.00 to \$11.00
Straw, car lots, per ton	\$7.00 to \$8.00

Crop Report

Crop Expert Snow writes from Kansas: There is a very large acreage in western counties where the plant is very small and stands thin, and a material percentage where it is only beginning to germinate and where careful examination shows that at the very best the stand will be thin. Some fields are well ready seeded into oats and it is impossible to determine at this stage whether enough wheat was holding off in anticipation of a late start in the crop. At least 1,000,000 acres in the section crop that ranges from a fair prospect of success to a poor one, in which there is a sign of green, although the soil and moisture conditions are perfect.

ST. LAWRENCE MARKET

Receipts of farm produce were moderate, 40 bushels of grain, a few loads of hay, about 20 loads of mixed produce, in the morning building, and a plentiful supply of butter and eggs, with a few lots of dressed poultry on the market at 90c to 100c.

Crop Report

Crop Expert Snow writes from Kansas: There is a very large acreage in western counties where the plant is very small and stands thin, and a material percentage where it is only beginning to germinate and where careful examination shows that at the very best the stand will be thin. Some fields are well ready seeded into oats and it is impossible to determine at this stage whether enough wheat was holding off in anticipation of a late start in the crop. At least 1,000,000 acres in the section crop that ranges from a fair prospect of success to a poor one, in which there is a sign of green, although the soil and moisture conditions are perfect.

Porcupine Gold Camp

GERMAN CAPITAL FOR PORCUPINE DISTRICT

Visit of Representative to Mines Full of Significance—Pleased With Gold Fields.

PORCUPINE CITY, March 18.—(From Our Own Man Up North).—The visit of G. von Polenz of Berlin, Germany, to the Crown Chartered and the Scottish-Gold Mines yesterday is full of significance. From what he saw and heard from different interests here, it is known that he was well pleased with the new goldfields. Mr. von Polenz is in touch with German capital, and if from what he saw at the district, it is more than probable that much German capital will be invested here.

Mr. von Polenz came in at 7 o'clock in the morning, and after breakfast, Messrs. Hefferan and Hensault, members of the board of directors of the Crown Chartered company, and after visiting the Scottish-Gold mine on his way out from the Crown Chartered, took the stage out for steel at 4 o'clock.

GOLDEN 'CROWN RESERVE'

Claims Under Pearl Lake Have Been Classed That by Experienced Engineers—Toronto Man Prospecting Thoroughly by Drilling.

PORCUPINE CITY, March 17.—The two claims under Pearl Lake staked by Alex. Gillies and John Miller have been taken over by J. P. Bickell of the well-known brokerage firm of J. P. Bickell & Co. of Toronto. A shot drill and boiler have been placed on the banks of the lake, and two leads—one running from the McIntyre claim on the west, and a quartz vein from the north, will be thoroughly prospected. According to the opinions of many engineers who have inspected this district, Pearl Lake is the centre of attraction in this vicinity, and should prove the Porcupine prototype of the Crown Reserve deposits in Cobalt. That the deposits are rich is proved by the fact that visible gold can be seen in the lead in the west end of the lake, where the water is only about six feet in depth. The results of this prospecting by drilling could be followed with considerable interest, for if the cores disclose what the engineers' prophecy, these lake claims will easily prove the banner property of the whole gold camp. Mr. Bickell has instructed the contractors to push the drilling operations with all possible speed.

Three Weeks More of Good Traveling

Blizzard Weather in Porcupine Camp Puts Roads in Improved Condition.

PORCUPINE CITY, March 18.—(From Our Own Man Up North).—Blizzard weather, which set in two days ago, still continues, and the roads in all bad spots have been well packed with snow, traveling is good and before thaws can touch the track all the teaming will have been done. Teamsters estimate that the roads will last three weeks more at the least now. On Saturday the snow, which went up to \$1.50 and \$2, with \$3 set as the schedule after Saturday, have dropped back to \$1.25, or only a rise of 5c on the hundred.

GOLD CLAIMS HELD

Great Northern Silver Mines Recognize Importance of Porcupine Camp.

Speculators who are fully cognizant of the fact that the Great Northern Silver Mines, Limited, has made extensive purchases of claims in the market during the last few days, and the buying of the shares has been of a reasonable nature on this account. On Saturday the shares made a further advance to 17 cents, or nearly three points above the price at the beginning of the week.

COBALT ORE SHIPMENTS

Following are the shipments from the Cobalt camp for the week ending March 17, and those from Jan. 1, 1911, to date:

Shipper	Mar. 17, 1911	Jan. 1 to Mar. 17, 1911
Barber	8,000	60,000
Beaver	5,000	40,000
Buffalo	531,313	1,906,280
Chambards-Perland	395,500	1,730,000
City of Cobalt	252,289	1,146,500
Cobalt Lake	61,420	288,740
Cobalt Townsite	85,150	400,000
Coniagos	58,000	281,500
Crown Reserve	41,000	192,280
Hargraves	11,900	58,000
Hudson Bay	12,280	58,000
La Rose	61,200	271,500
Kerr Lake	721,500	3,810,000

The shipments for the week were 438, 210 pounds, or 218 tons. The shipments from Jan. 1 to March 17 were 10,877,470 pounds, or 548 tons. The shipments amounted to 31,470 tons in 1909; they were 30,099 tons, valued at \$12,455,207; in 1908, 28,463 tons, valued at \$12,129,425; in 1907, 16,096 tons, valued at \$2,000,000; in 1906, 11,623 tons, valued at \$2,800,000; in 1905, 2,144 tons, valued at \$1,478,126; and in 1904, 152 tons, valued at \$130,217.

Road is Being Cut to Dome and Foster Mines

Owners of Lakeview Townsite at Porcupine Constructing Short Route Thru Woods.

PORCUPINE CITY, March 18.—Cutting of trees for a road thru the woods from the railway station on Lakeview Townsite to the Dome and Foster mines will start this week, and a large crew of men will be set to work at once. With a road cut thru from the railway west to the mines, a long route around thru South Porcupine, up the Tisdale road, and then back two miles to the mines will be cut off.

Ever enterprising and ready to encourage whatever will be of a benefit to the surrounding community, the owners of the Lakeview Townsite, Messrs. Galbraith and McDougall, are doing the work. One mile across to the Dome, where the Foster, McIntyre, Preston, East Dome, Dome Extension, Standard and Imperial mines, in addition to many others that he in this direction, will be well served by the road, cut off four miles from the present drive.

CHARGE IN BROKERAGE CHARGES.

The board of directors of the Standard Stock and Mining Exchange has instituted a new schedule of brokerage charges, which will go into effect on Monday. The commission to be paid brokers for either purchase or sale of shares will be as follows:

Shares selling under \$5, 1/4c per share; \$5 and under 10c, 1/4c at 10c and under 50c; at 50c and under \$2, 1/4c at \$2 and under \$4, 2 1/2c; at 4 and under \$15, 5c; at \$15 and under \$25, 10c.

AGGRESSIVE POLICY OF UNION PACIFIC BOARD

Work on Cobalt Claims Will Be Pushed—Investing in Porcupine.

The new board of directors of the Union Pacific Cobalt Mines, Ltd., have announced a most aggressive policy to develop the company's properties. But little work was done the past year, except on the Peterson Lake claim, where the shaft was sunk to the depth of some 215 feet. The company expect to start work this month on this property and are negotiating with the Little Niipissing for the use of that company's workings. This arrangement effected, the Union Pacific would be able to mine at 300 feet on their own property within a short time.

The new board consists of two Toronto men, two from Montreal and three from Ottawa, the home of the company. They announce that sufficient stock remains in the treasury to finance future operations, and that after starting the Peterson Lake claims, the Michigan claim will also be worked. The Michigan claim has always been thought very highly of by mining interests and its location is right in the heart of the producing areas.

The board are also negotiating for the acquisition of two Porcupine claims near the road cut thru from the railway west to the Dome and Foster mines. A large amount of the stock of the Union Pacific is held in and around Toronto, and a considerable interest is felt here in the future of the company.

Silver Market Steady

China Chief Buyer

New Legislation in India May Influence Market Sentiment Later On—Exports to Date.

Moscata & Goldsmid, London, Eng., say in their weekly bulletin on the price of silver: The silver market continues to show great steadiness. China has again been the chief support and has continued to buy more or less through the week, but there has also been some special buying said to be for the continuation of a bill introduced by the Indian government to increase the currency reserve investment in British securities by two crores against their note issue, has had little or no effect on the silver market at present, as it cannot be considered otherwise than likely to make more remote the time when the government must ultimately come into the market. The Bombay market has been very quiet lately. Little or nothing has been done in the only orders from there have been to replace some of their sales to China.

The exports of silver from London to the Orient are given by Pixley & Abell as follows:

Year	India	China	Straits
1908	\$2,274,350	\$74,400	\$164,885
1909	\$5,675,600	1,090,000	114,000
1910	7,200,000	1,480,000	200,000
1911	2,063,200	602,900	—

Corrected figures for period last year 1,525,400 507,000
