## ALLIES PREPARED TO ADVANCE IF GERMANY IS STUBBORN

### District Trades Council Threatens to Involve Toronto in General Strike

**ACCEPT OR REJECT, NO MIDDLE GROUND IN PEACE TREATY**

First Exchange of Notes is Considered as Defining the Allied Position.

**DRAFT GERMAN PACT**

This Will Be Treated the Same as Teuton Plan for a League of Nations.

Paris, May 12.—The first exchange between Count von Brockdorff-Rantzau and the allies was considered a preliminary skirmish to the main battle and as disclosing the allied position as in effect:

Accept the treaty as it stands, or reject it, one or the other, as there is no middle ground.

This was the prevailing view in conference circles generally, after the four notes had been analyzed. The head of the German delegation was also thought to accept this construction, as reports were that he was giving his chief attention to the formulation of a complete treaty which he would present as a counter-project in about five days.

This counter treaty would be treated the same as the German plan for a league of nations, neither of which will be considered, the only question being the acceptance or rejection of the allied treaty.

**The German League Project**

The German project for a league of nations, which the reply to Count von Brockdorff-Rantzau said had been referred to a committee, had not reached the committee on the league of nations today, but members of the committee said it was generally known to have been drawn by Professor Schuecking of the German delegation, and that it was in the form of a general thesis on the merits of a world parliament which would seek to bring about the proportionate limitation of armaments of all nations on sea as well as on land, and an equality of economic conditions—bringing about a sort of economic brotherhood.

"The project," a member of the committee said, "has only academic interest, as the committee will not examine or consider it, for it has no purpose to let the Germans continue the allied project, which has unanimous support."

France is not in a mood to listen to Germany just now, the Journal des Debats says in concluding an article on the manifestations against the peace treaty by the German government and the German press.

The president of Germany, the editorial says, "protests against the peace terms and declares them impossible of acceptance. This attitude will be lost on us. The German usual, will yield only to force. During the time allowed them to make up their minds, they will try to persuade us to conclude peace upon such and such a basis."

"It is comical indeed, to see at a time like this the Germans seriously proposing to us a version of the league of nations and plans for the reconstruction of Europe. They should put them all back in the cabinets at Wilhelmstrasse."

**REWARD UNCLAIMED FOR McCULLOUGH**

Mrs. Kinsella to Appear on Reopening of Lavelle Case.

The \$1,000 reward offered for information leading to the arrest of Frank McCullough has not yet been paid out. Just when it will be claimed and by whom is not known, as at least three people saw McCullough before he was caught. McCullough called at Guard Amory's house when the guard was not in. He did not remain or in all probability he would not have been at large as long as he was. Within one hour from the time that McCullough was at Amory's house on Bathurst street, detectives were informed and securing the vicinity. He also visited a house in the west end and after having a meal and leaving, his whereabouts, he was known to the police. At about a house in the west end, in which McCullough was captured, was searched, as well as some vacant premises around King and Bathurst streets. County Crown Attorney Greer intends to bring Judge Coatsworth before the trial of Vera de Lavelle this morning and placing Mrs. Kinsella on the witness stand.

Amongst Frank McCullough's belongings the police have found a long steel saw blade, which was found in a window when he escaped from the jail. Several of the sharp edges were bent off, and it is likely that the saw will be kept at headquarters along with other tools in the police collection which were used by crooks in different jobs they had pulled off.

**AUSTRIAN DELEGATES ON WAY.**

Geneva, May 12.—A number of Austrian delegates bound for St. Germain arrived at Buchs on the Swiss frontier this morning. They will take the Simplon express and are expected to reach Paris Tuesday night.

**All Arrangements for Advance If Germany Refuses to Sign**

London, May 12.—Reuter learns that in the event of Germany not signing the peace treaty, which it regarded as unlikely, all military arrangements have been made for the allied armies to advance in exactly the same way as they would have done had Germany not accepted the armistice terms.

**ATTACK PETROGRAD FROM TWO SIDES**

Anti-Bolshevik Forces Are Preparing to Operate from Finland.

London, May 12.—Further reports having to do with the reputed intention of anti-Bolshevik forces to make an attack on Petrograd, have been received from Helsinki, Finland. The Socialist newspaper published in Helsinki says that Gen. Rodziako, with 3,000 Russians, will march against Petrograd from the south shore of the Gulf of Finland, while Gen. Judentich, with 3,000 men will attack from the Onozet district on the north.

A Helsinki despatch to The Svensk Dagbladet, relayed here, says that 20 British warships are expected at Helsinki, probably to watch the Bolshevik fleet, while a Reuter despatch from Helsinki, dated Saturday, announces that British Admiral Cowan, on board his flagship Curacao, has arrived there and has been entertained by Gen. Mannerheim, the Finnish premier.

A Helsinki despatch to a Stockholm newspaper, received on Sunday, reported that entente forces were preparing for an attack upon Petrograd with Helsinki as a base. It was stated that 50,000 troops were expected to take part in the operation, and that French cruisers were lying in the Gulf of Finland off Helsinki.

**SOCIALISTS DIVIDED OVER PEACE TREATY**

Some of Them Have Changed Opinion That It Must Be Signed at All Costs.

Berlin, May 12.—Altho the Independent Socialists at the outset of the discussion over the peace treaty, adopted the standpoint that peace must be signed at all costs, the tremendous pressure of public expression, violent in its protest against the treaty's terms, has led them to reconsider their view, many of them joining the multitude that is protesting against the signing.

In the name of the Independent Socialist party, Richard Weller told the workers' councils of greater Berlin that such "a dictated peace of cruel severity" as the entente desires to impose upon Germany could not be a lasting peace. Therefore he demanded the assembling of a congress of the councils to determine their attitude toward the question, and to appeal to the entente proletariat to work against the peace "proposed by the entente world imperialism as embodied in the treaty."

Herr Mueller, another of the independent leaders, seized the occasion again to assail the old imperialistic regime in Germany, which he declares incurred blood guilt by the invasion of France and Belgium and the destruction of mines and industries.

**Do Not Mean Downfall.**

Arguing against the prevalent protests, Karl Kautsky, writing in the independent-organ, Die Freiheit, says: "Shall we sign the peace if it is not to be modified, or have we no other chance? If it were a peace of destruction, a death sentence, as it is called, agreement to it would be suicide. But here as the conditions are, they do not lead to the downfall of the German people, even though they will make life terribly difficult. A genuine downfall, a rapid physical downfall would come from starvation, if we declined to sign the peace and reverted to a state of war. After a few weeks of fruitless opposition, costing millions and lives, we should be forced to capitulate."

**The New World and Its Duties.**

The German shake of world-wide domination has been scotched: in its place a lot of submerged nations and peoples are to be allowed their liberty and are organizing as new states, with self-government, without kings or dukes, without aristocrats, without a military ascendancy. They start again free. These are the two main blessings of the war. Freedom and democracy has come to many.

Next in value, of even greater and more permanent value, is that those who are to work the land, farmers, gardeners, dairymen, stockmen, these are to be allowed to own the land they occupy on—most reasonable terms of purchase. This applies to Great Britain, where the war was well under way before the war began. The large estates of nobles are to be distributed all over Europe: in Germany, Austria, Hungary, Russia, the Balkans, Greece, and on thru what was Turkey. The farmer is to be a freholder in substance and in fact. With land holding will go the franchise: every man who holds or works land to have an equal voice with all others in the government of their country. Liberty, self-government, universal land holding to those who are on the land.

Next and equally important is the industrial reconstruction of the world: better pay, better homes, better housing for men and women who work; child labor to be lessened; organization of trades, co-operation and conference between labor and capital as to the conduct of many industries. Strikes will be replaced by conciliation more or less directed and controlled by government. There is to be democracy in factory control, in all kinds of services.

Also equally far-reaching is to be the elevation of the woman who has to carry the burden of humanity, of the race. The race owes most to her: she is to have better and more honorable treatment hereafter. Old age pensions may come.

Surely all these things more than justify the war, its cost, its unmeasured sacrifices.

The war has done great things and it puts new and greater responsibilities on every citizen. Unless each takes up his full share the war may have been in vain. There will be no room for the idler, whether an aristocrat or a laborer. To every one a task, and to the one filling that task better treatment, freedom, a voice in public affairs. The Kaiser has been the scourge of his own country and his own people: the cause of the betterment of the lives of many millions.

**COALITION GOVERNMENT PROPOSED FOR ONTARIO**

Rumor at Hamilton Says Overtures Have Been Made to Liberals.

Hamilton, May 12.—A special despatch to The Hamilton Herald from Toronto says: "There is a move on foot to form a coalition government in Ontario. It is said that the Conservatives do not like their chances in an appeal to the country, and that they are making overtures to the Liberals for a union government. One of the prominent Liberals said to have been approached is Sir John Gibson, Hamilton, who, under the proposal, would be invited to take a seat in the cabinet."

Inquiry here among Liberals drew no exact information as to the above report. But one Liberal said he knew under former Ontario Liberal government effort was made to get Sir John Gibson into the arrangement; and that it was just about pulled off. Sir Adam Beck might have something to say about such a proposal. Sir John Gibson as attorney-general in the Liberal governments before Sir James Whitney came in was the chief manipulator of the private power companies of Ontario.

Sir William Hearst, premier of Ontario, is away south for his health, while Mr. Proudfoot is at Goderich, a non-voting official could be learned in Toronto last night.

**WILL NOT RECEIVE IRISH-AMERICANS**

Lloyd-George Reconsiders Decision, Owing to Agitation in Ireland.

Paris, May 12.—It is stated here that David Lloyd George, the British prime minister, has reconsidered his decision to receive Frank P. Walsh, Edward P. Dunne and Michael F. Ryan, representing American Irish societies. The reason given is the agitation which has arisen from the visit of the Americans to Ireland.

Lloyd George had previously agreed to receive Messrs. Walsh, Dunne and Ryan, the arrangement for the meeting having been made by Colonel Edward M. House at a luncheon that day at the residence of the British premier. Mr. Lloyd George, however, requested that the Americans remain in Paris until the following week, as, owing to pressure of business connected with the peace treaty, he would be unable to receive them earlier. It was expected the Americans would take up with Mr. Lloyd George the question of his receiving delegations from Ireland who were going to Paris.

**COOK IS ACQUITTED OF HUNTLEY MURDER; INSANITY PROVEN**

Prisoner Will Be Sent to Institution for Mentally Deficient.

**Judge Refuses Irregularly Gained Information by Detective Department.**

Not guilty on the ground of insanity, was the verdict returned by a jury in the assizes last night against John Cook, the returned soldier who was on trial yesterday before Chief Justice Sir William Mulock on a charge of having murdered Mrs. Charlotte Huntley at her home on Campbell avenue on January last. Cook will be sent to an institution, an order for which will be made by his lordship today.

Prisoner's appearance in the box yesterday fully justified insanity which was pleaded by his counsel W. K. Murphy, Jun. Cook all thru the day showed not the slightest interest in the proceedings of the court, and frequently hummed and whistled to himself. His hands would stray underneath the seat of the dock, and then suddenly he would switch his eyes to the floor of the ceiling, then look down and grope for an imaginary something in the box. When the jury returned their verdict to the court, Cook sat impassively staring at the ceiling, and then after he was discharged had to be roused from his apparent stupor to be led out of the court.

The question of the guilt of the prisoner hinged largely on whether he had at the time of the crime a proper appreciation of its nature and quality. Both Crown and defence produced expert medical testimony to show both sides of the case.

**Very Childish.**

Dr. C. H. Clarke, former superintendent of the Royal General Hospital and a prominent alienist, stated that he had examined the accused on April 23 and 26. He had been examined by Dr. Simon, a psychologist, and his responses to logical tests, and his responses to questions had satisfied him (Dr. Clarke) that the prisoner's mental condition was that of a very stupid and childish, degenerated, and he did not think either in response to a question from T. J. Agar, who acted for the crown, that Cook had any mind.

Then ensued a wordy argument between the two sides.

**HAMILTON DOCTORS GET WEDNESDAYS OFF**

Hamilton, May 12.—Wednesday afternoons and evenings during the months of May, June, July and August will not be the best time to contract influenza or housemaid's knee as the local medicals have decided that on those dates they will be any place but in their offices. The Hamilton Medical Society has approved of the half-holiday scheme, but medical services on those days may be secured by appointment. Accident and emergency cases will also receive immediate attention.

**CONTENT WITH WAGES IF FOOD PRICES CUT**

Berlin, May 12.—Almost unnoticed amid the excitement incident to the receipt of the peace terms and probably influenced by them, a movement in which the workers are proceeding from their earlier demands for higher wages and are striving to induce the government to reduce food prices, is gradually gaining ground. The latest organization to adopt this is the German Railwaymen's Association whose representatives, at a conference with Minister Schmidt, agreed to abandon demands for higher wages if the government would reduce food prices.

**AUSTRIAN BORDERS NOW DELIMITED**

Council of Four is Sanguine That Treaty Will Be Completed This Week.

Paris, May 12.—The council of four spent the greater part of the day on the Austrian boundaries and completed the task of defining them this afternoon in a session with the foreign ministers. Such progress was made that the members of the council believe that the Austrian treaty may be completed this week.

The council decided to refer the German notes on labor and war prisoners to experts for consideration, instead of answering them at once, as it did with the first two communications from the German delegation.

The German delegation has handed to the council of four the German plan for a league of nations. This plan was drawn up by Professor Schuecking, and the principal feature is an international parliament composed of ten representatives from each nation.

## TORONTO GENERAL STRIKE SEEMS HIGHLY PROBABLE

**District Trades Council Meet Tonight to Consider Strong Action—Metal Workers, Backed by West, Call Mass Meeting.**

The probabilities of a general strike are grave unless the move among the district trades council at tonight's meeting influence the special session sufficiently to pass the buck to bodies situate outside of the city. A general strike through the Dominion is also a probability, the every effort is being made to avert such a contingency.

Last night's session of the Building Trades League empowered its executive to call a strike of all the unions in the building trades whenever it might see fit. On the other hand, it is not certain that unions numbered among the league are not autonomous in constitution and therefore able to act upon their own initiative. If so the Bricklayers' Union may be counted out of the league in this matter, as well as possibly one or two other bodies. It was decided in any event to draw every member out on strike nearly 15,000 union men will be involved in this section of labor alone.

**Left to Government.**

The meat cutters upon the telephone, Hon. Gideon Robertson, now in Ottawa, have declared to leave the settlement of the grievance of the drovers at the Union Stock Yards to the government, and all members of the union are expected to be at work this morning. Lou Bradshaw, business manager for the every citizen, upon the telephone, now in Ottawa, have declared to leave the settlement of the grievance of the drovers at the Union Stock Yards to the government, and all members of the union are expected to be at work this morning. **Petty Officialism.**

Officialism by petty officials at the Swift-Canadian Co. is said to be responsible for a certain amount of unrest at the plant on Weston road. The Union Stock Yards are said to be the centre of trouble, and these yards are alleged to form a part of the Swift-Canadian Co. O. E. Waller, general manager of the company refused to say anything about the situation. Lou Bradshaw, business manager for the Meat Cutters' Union, who has been complimented for his able conduct of the situation so far as the centre is concerned, stated yesterday that the matter would be settled without trouble. However, the situation has its danger points, and both Hon. Gideon Robertson, minister of labor.

**REPORT ON OVERSEAS ARMY TABBLED IN HOUSE BY KEMP TELLS OF ACHIEVEMENTS**

**GOTHA HAS REFUSED WEEK OF MOURNING**

Berlin, May 12.—The independent socialist government of the small state of Gotha declined to abide by the restrictions for a "week of mourning" ordered by the national government. The Gotha government explains that it experiences no bitter "deception" thru the publication of the peace terms.

**Seventeen Thousand War Medals and Honors Were Awarded to Canadians—Fifty-Eight Gain the Victoria Cross—Nearly Ten Thousand Officers in the Air Forces.**

Ottawa, May 12.—The report of the overseas military forces of Canada, tabled in the commons this afternoon by Sir Edward Kemp, overseas minister of militia, is a well bound volume containing 533 printed pages. It is a fairly comprehensive history of the activities of the Canadian forces during the war period, with definite data as to the strength of the personnel of the various organizations at the time of the signing of the armistice.

"I welcome," says Sir Edward Kemp, in a preface to the report, "this opportunity of expressing to the forces and in all capacities, my heartfelt appreciation of their magnificent achievements. Wherever a stern or a difficult task had to be performed, wherever the fight was fiercest, Canadian troops were in the forefront, by their valor, patience and skill" upholding and increasing a renown which will endure for all time.

"Further, I would express my thanks to those in charge of the administration and training of our forces, both in France and in England. By their efficiency and wholehearted endeavor our victories were made possible, and they conclusively proved to the world that the Canadian soldier imbued with the spirit of loyalty and self-denial, could be the equal of those who had made war a life-long study."

The succeeding pages give in narrative form the story of the inception, organization and record of the various developments of the Canadian force, are replete with information that make the report practically a history of the war. A large portion of the volume is devoted to a description of the various military operations in which the Canadian forces were engaged during the four years of conflict, with accompanying maps and explanatory notes.

Dealing with the Canadians in the Royal Air Force the report says it will no doubt be a matter of surprise to many to hear that over 3,000 Canadians have held commissions in the air forces. The flying service appeals strongly to the individual character of the Canadian, and in that service he was an outstanding success.

An interesting table gives showing the comparative strength of the imperial and Canadian railway construction forces on the western front at the close of the various years of the war. While on December 31, 1914, imperial railway construction troops numbered 1,476, the situation had so changed on armistice day that Canada had 18,000 men.

**MORE TROOPSHIPS ARE NEARING PORT**

Royal George, Celtic and Orduna Bound for Halifax—One Ship for Montreal.

Montreal, May 12.—The Cassandra, of the Anchor Donaldson Line, which will be the first troopship docking in Montreal with men to be disembarked here, will not be here until either late tomorrow night or even Wednesday morning.

The Royal George, of the Cunard line, which is due at Halifax early this week had not, up to a late hour last night, been reported.

Ottawa, May 12.—The militia department has been advised that the Transport Celtic, with 2,675 Canadian troops on board, will arrive at Halifax on or about May 15. The Celtic has 22 officers and 693 soldiers of other ranks for Toronto; 2 officers and 109 men for Hamilton, and 11 officers and 181 men for Montreal. The liner Orduna, with 976 Canadian troops on board, will probably reach Halifax on May 16. For Toronto, the Celtic has 22 officers and 227 men and for Hamilton 4 officers and 23 men.

**FEDERAL BUILDING IS COST BOOMERANG**

Expense Nearly Twice Estimated—Comical Features in "Interest" Phase.

Special to The Toronto World

Ottawa, May 13.—Hon. Frank Carvell, minister of public works, had a heart to heart talk with the members of the house of commons tonight when the appropriation for the construction of the new parliament building came up for discussion in committee of supply. The building, he said, would cost eight million instead of five million, the original estimate. The contract made with the architects and the contractors in 1915, which was then supposed to be a canopy one from the standpoint of the government, now turns out to be a boomerang. Both contracts were based on the idea of cost price plus. The contractor was to get eight per cent. on the first four million and seven per cent. on the fifth million. The architects were to get five and a half per cent. on the five million. If the cost of the building ran over five million there was to be no commission for either contractors or architects.

Now up to date the building has cost five million dollars and it is only half finished.

**Without Reward.**

The architects, Messrs Pearson and Marchand, have been paid these five and a half per cent. on the five million dollars and the worthy contractors, P. Lyall and Sons of Montreal, have been paid the eight per cent. on the first four million and their seven per cent. on the fifth million.

From now on the contractors and the architects, if they stay on the job, give their time and their money without reward or the hope thereof.

Mr. Carvell said that as men of honor they would carry out their contract, but Hon. W. S. Fielding asked what contractor was called to the next world or happened to move to some other country. It would simply mean, he said, that the government would have to employ some other firm of contractors to superintend the construction work, and some other architects to inspect construction and to O. K. progress estimates.

**COPENHAGEN STRIKERS TIE UP SHIPPING**

Copenhagen, May 12.—Because of a strike of the harbor workers here, shipping activities are at a standstill. Steamers arriving from the United States and Great Britain with food and coal cannot be unloaded, while American food ships for Germany are obliged to proceed direct to German ports instead of unloading their cargoes in Denmark for transshipment.

The strike arose from a demand of the workers for the discharge of a number of strike-breakers who were employed as long ago as 1914.

**SOLDIERS FROM LONDON KEEP PEACE IN WINDSOR**

Special to The Toronto World

Windsor, Ont., May 12.—To aid in calming strike disturbances 150 soldiers, under command of Major Hirsch, of London, arrived this evening from London and were marched to the race track, where they will be quartered while here. In the morning Major Winter will read the riot act from the steps of the city hall, after which the cars will again be started under protection of the soldiers.

### SIR EDWARD KEMP GOING TO LONDON

States He Will Probably Return for Short Time to Finish Work.

### IN TORONTO TODAY

Will Spend About Ten Days Away From the Capital.

Ottawa, May 12.—Speaking to a number of press correspondents this evening, Sir Edward Kemp, overseas minister of militia, stated that he would probably have to return to London for a time to finish up the work of the department there. There were a great many minor adjustments between the imperial and Dominion authorities, which would probably require his personal attention. He did not say when he expected to go back to London, but he is going to Toronto, and will probably be absent from the capital for ten days. On his return to Ottawa, he will make a statement to the house supplementing the exhaustive report which he tabled today on the operations of the overseas military forces of Canada during 1918.

Sir Edward states that the whole of the Canadian expeditionary force, with the exception of those men who could not be moved, would probably be in Canada by the end of July. Over 140,000 men had been sent home since the signing of the armistice, out of 565,000 who were in England and France on that date. With regard to equipment, he stated that an arrangement had been reached with the imperial authorities whereby Canada could bring across what she desired, disposing of the remainder in England.

### Sell Canada's Horses

The overseas minister drew attention to the fact that Canada had been able to dispose of her 24,000 horses which were in France at the signing of the armistice to the Belgian government at £10 a piece. In this way about five million dollars had been saved for the Dominion. The imperial authorities were unable to obtain as high a price for their horses. He stated that he had recently made a trip thru the devastated regions of Belgium and France and that conditions were very bad. The work of collecting the Canadian dead in unburied cemeteries was, he said, proceeding as well as could be expected, considering the difficulties encountered. Canadian war trophies were being sent to the Dominion all the time.

With regard to the report which he tabled today, Sir Edward stated that practically the whole thing had been completed since the signing of the armistice. Although purporting to deal with the year 1918 alone, it was a fairly good history of the war for a couple of years preceding. It had been approved by Sir Arthur Currie, and might be taken as an authentic history of Canadian operations. As there appears to be some misunderstanding of the work of the overseas department and the Canadian forces, he thought the book would prove valuable.

### SAY COST OF LIVING IS CAUSING DESPAIR

Winnipeg Mothers Urge Action at Session of Mothers' Royal Commission.

Winnipeg, May 12.—The industrial relations commission on the last day of its sittings in Winnipeg, heard from individual employers and employees their views on the causes of the present unrest and discontent in the country, and heard in addition statements by officials connected with social welfare, the local council of women, and the G. W. V. A.

Immediate action was urged by the women to deal with the question of the high cost of living, which, it was stated, was bringing the mothers in the homes of the workers into a state of helplessness and despair. Mrs. Pearson, speaking as chairman of the Social Welfare Association, stated that last winter there was less unemployment in the city than there had been for years. He claimed the present condition of affairs was temporary, caused by the demobilization of the soldiers. He admitted, however, that the present economic system was somewhat hazy and that while the situation was being considered by both the minds connected with the labor and business and country there should be established unemployment insurance and old age pensions.

Employers and unemployed agreed also in regard to these schemes. Some would have state control; others distrusted the state. T. R. Deacon, president of the Manitoba Rate and Works, declared that if the profits system were done away with there would be no incentive and the country would become stagnant.

### SOUTH AMERICAN BONDS TO REPAY LOANS BY U. S.

Washington, May 12.—Proposals have been made at Paris by the British and French governments that the United States accept as part payment for loans advanced them, notes and bonds of some of the South American republics, including Brazil, which they have bought here today that there had been no opposition to the plan and that the United States had approved because it would remove some of the interests of the European powers in the American continent and thus accord with the principle of the Monroe doctrine.

Commenting on the statement at Rio Janeiro by Maderos de Albuquerque, a leading journalist of Brazil, regarding the transfer of debts, state department officials emphasized that there was no desire on the part of the United States to exert any influence on Brazil's internal affairs.

### MRS. J. H. BENN DIES; OF LYALIST EXTRACTION

St. Catharines, Ont., May 12.—Charlotte Elizabeth, wife of J. Haslem Benn, died at her home here today from an attack of pneumonia. She was a daughter of the late John W. Drummond, of Toronto, and a grand-daughter of the late J. H. Doel. Her two grandfathers were members of the first Toronto city council. The deceased, who was of United Empire

Border Municipalities, Owing to Street Car Riots, Request Militia From London.

### WINNIPEG WORRIES

Threat of a General Industrial Strike Results in a Civic Conference.

Windsor, Ont., May 12.—Aid of a corps of militia from London to quell rioting in connection with the strike of the employees of the Sandwich, Windsor, and Amherstburg street railway, control of which has been found by the powers of the civil authorities, was requested this afternoon of Brig.-General Shannon, officer commanding military district No. 1. The request was forwarded by mayors of the five border municipalities affected.

Fighting between union employees of the street railway company who have been on strike for over a week, broke out here today when the company attempted a resumption of service thru the medium of strike breakers. Although assured protection by the Windsor border municipalities, the strikers were badly injured and cars damaged.

Winnipeg, May 12.—"Unless our demands are met we will strike." This was the ultimatum which a Scoble, business agent of the Street Railway men's Union, delivered to the board of arbitration appointed to inquire into the dispute between the men and the company. The ultimatum was stated that the men would not be a party to arbitration, and they would let the law take its course. The demands of the men were to have an hour, eight-hour day, closed shop, and a monthly agreement.

The company has offered to grant an eight-hour day and 53 cents an hour, and has declined the closed shop, and has asked that the agreement be made to cover a period of twelve months, according to statements presented to the board.

Trying to Avert. With the object of averting the threatened industrial tie-up in Winnipeg, Premier T. C. Norris and Mayor C. F. Gray, with other men high in public office, are in conference today with representatives of the men now on strike, and representatives of other union groups, to bring about a general sympathetic strike. Employers are also represented.

No newspapers were admitted. A meeting in connection with the proposed peace celebration in the Danforth district was held last night at the headquarters of the North Riverdale Ratepayers' Association in Frankland School, Logan avenue. Dr. E. A. McDonald, president, occupied the chair.

### DANFORTH PEACE PREPARATIONS.

Large congregations were present at the anniversary services in Simpson Avenue Methodist Church on Sunday last. Rev. E. Newton Powell preached in the morning. Rev. Dr. Hincks in the evening. Special music was rendered by the choir, and a sum of \$2000 asked for was practically subscribed.

### CHELTONIAN SOCIAL.

Under the auspices of the Cheltonian Society, a reunion, the last of the season, will take place at Playlows Hall, Danforth, on Tuesday evening, when the boys from overseas connected with the association will be entertained to a supper, dance and social evening.

### EAST TORONTO Y.M.C.A. CONVENIENT.

Since Little York has been made the centre for the Belleville run, instead of Mimico, on the G.T.R., the men employed in the yards have found convenient accommodation at the Y.M.C.A. on Main street.

### ROADS IMPASSABLE.

The roads around the Danforth Park and Woodbine Heights districts are practically impassable owing to the heavy rains of the past few days. Considerable inconvenience has been caused to the residents and complaints are heard on all sides.

### Y.M.C.A. ACTIVITIES.

A new roof is now being placed on the East Toronto Y.M.C.A. building and hopes are being entertained that the old structure will be repaired before the end of the summer. During the past month 600 railroad men from the G.T.R. at Little York were accommodated.

McMaster, Hamilton, also spoke, and some of the returned soldiers referred briefly to the part they had taken in the war. Refreshments were served.

### ROUTINE BUSINESS TRANSACTED AT ANNUAL MEETING OF THE DANFORTH DISTRICT

Routine business was transacted at the annual meeting of the Danforth district of the Soldiers' and Sailors' Civil Control Administration, held last night at headquarters, President G. P. Richardson in the chair.

### THE YOUNG MEN'S PROGRESSIVE BIBLE CLASS

Class connected with Simpson Avenue Methodist Church will entertain the returned veterans of the church, to the number of 125, on Thursday evening, June 13th, at 8 o'clock. Dinner will be served and an excellent musical program contributed.

### MONTHLY TAG DAY.

Henry Massie, broker, 619 Bape avenue, will be the guest of honor at the monthly tag day, to be held at the residence of the returned men who fought overseas, and for the G.W.V.A., and to start the scheme he is willing to head the list with \$100. He will be glad to hear what other citizens have to suggest regarding his proposition.

### TORONTO ISLAND DELIVERY.

Delivery of the Morning World at Hanlan's Island, Centre Island and Ward's Island will resume on May 1st. An early and efficient service is insured. Orders telephoned to Main 5308 will receive prompt attention.

### WEST HILL WILL TAKE STEPS TO SECURE HIGH SCHOOL.

A special meeting of the West Hill ratepayers was called on Saturday, May 10, at the West Hill Hotel, in school district No. 16, to discuss the advisability of asking the township council to combine a number of school districts together for the purpose of building a high school. Rev. Frank spoke of the necessity of high school to serve these districts and a great deal of information on how to proceed in the matter.

### WOODBRIDGE TO SUPERVISE HOUSING.

Woodbridge has decided to build twenty-five houses under the housing scheme and a commission was appointed to attend to the details. Joseph J. Watson, W. J. Blake, W. S. Beifrey, Dr. G. D. MacLean and Reeve C. L. Wallace were appointed to the commission. The houses will be erected during the summer.

### RIVERDALE TRANSPORTATION DELAY CAUSES COMPLAINTS

The residents of Pape avenue and district are loud in their complaints regarding the apathy of the civic authorities in connection with the Pape avenue car line. A prominent resident stated yesterday to The World that he is convinced the city council are making no effort to comply with the order of the Ontario Railway Board to commence the work of construction. He pointed out that much preliminary work requires to be done before the rails are laid, such as the preparation and widening of the roadway, erection of poles and wires, and other work, none of which has been attempted. He blames the local representatives in council particularly for their lack of interest in the matter.

### LITTLE BOY MISSING.

Herbert Maton, 11 years old, 116 Carlaw avenue, who left his mother's home on Friday morning to attend Morse Street School, has not returned to his home, and has not been heard of up to the present.

The boy is a bright, intelligent lad, according to the statement of his neighbors. His father has but recently returned from overseas.

### SUPERVISED PLAYGROUND.

Earl Grey School has now two classes in the basement of the building. The school grounds, which are not suitable for cultivation, will not be used for garden purposes this year, according to the statement of the principal, R. G. Elliott. It is expected that the parks department will use it for a supervised playground for the children of the district.

Herbert Maton, 116 Carlaw avenue, the 11-year-old boy who has been missing from his home since Friday, was found last evening.

"Hounds Let Loose" was the subject of an amusing address delivered by Williamson of the Hamilton Methodist Conference, in Simpson Avenue Methodist Church last night, before an audience which filled the large building. The speaker's forcible discourse was a satire on the follies of the present day. Dr. Williamson, who is well known in western Ontario, was accorded a hearty vote of thanks. Rev. J. B. Patterson, pastor, presided. The proceedings were held under the auspices of the Ladies' Aid Society.

**A Few Notes and Comments on the Game**

Despite the cheers of 7000 fans—the presentation of a lucky horseshoe—and the clever twirling of Toronto's star pitcher, Webb Hubbell—Newark, with a "squeeze" play in the ninth, crossed the plate with the winning "run." Although Toronto didn't win the opening game, their initial performance at the Stadium yesterday was of such a high calibre as to leave no doubt as to their ability to maintain the leadership of the league.

Holden's beautiful running catch of Brugg's hard drive to centre was one of the features of the afternoon.

Toronto is, indeed, fortunate to have such a celebrity as George Whiteman—one of the Red Sox's star players in last year's world series. "Whitey" sure covers some ground out in left field, and "gets them from all angles."

Gonzales is one of the smoothest shortstops seen on Toronto's team in years. His clear-cut fielding and perfect throwing are indeed a treat to look at.

Purtell's capture of a "Texas leaguer" in the seventh saved what looked like a double to left field.

About the only chance Toronto had of scoring was in the sixth, when Breckearidge got a pass to first through stopping one of Rommell's offers with his hip. Through an error by Miller he reached second. Gonzales then walked. Then came the great "Whitey" to bat with two down and two on bases. The excitement was intense. "Whitey," with a mighty swing, sent the ball towards the right-field bleachers, only to afford Jacobs an opportunity to make a nice running catch, which retired the side.

With all due regard to the Leafs, one cannot continue without a word of praise for the brilliant Newark pitcher and his "no-hit" performance.

How the game was won in the ninth is briefly told: Letter singled for the second time of the game, and reached second on Onslow's error from Hubbell's throw to first. Davis dropped a single behind first base, and Letter reached third. Cather, the captain of the Newark team, bunted down the first-base line, and Letter crossed the plate with the winning run.

Webb Hubbell, the pitching ace of the Leafs, turned in a creditable performance, and, except for a slight weakening in the ninth, pitched a bang-up second to the wonderful twirling of Rommell. Hubbell kept the Bears' hits well scattered until the fatal ninth, when two singles and a squeeze bunt shoved over the only run of the game. It was a hard game for the big Toronto right-hander to lose, and his work is deserving of great praise.

**Comments on Men's Fashions Seen at the Game**

—The threatening weather was perhaps the reason for the double-purpose topcoat being so much in evidence.

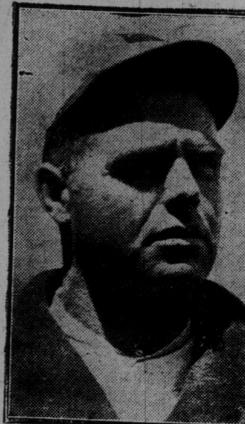

—The all-round seam and high-waisted topcoat in the ever popular fawn shade was quite predominating also.

—The Christy divided the honors with the soft fedora for popularity. Many jaunty tweed caps were also worn.

—Although the smart recede-shaped boot, in tan and black, was much in evidence, quite a number of fashionable new Oxfords were also observed.

—And, of course, the ever-serviceable Silk Glove was to be seen on all sides.

**LEAF'S LEADER**

**GEORGE "MOONEY" GIBSON**  
Canadian born, manager and catcher of the 1918 Toronto Ball Club.

The baseball career of the popular "Mooney" is one of the bright sheets in the history of the great summer pastime. Gibson served nineteen years in the major leagues, and holds a record of catching every game for the Pittsburgh Pirates for three consecutive years.

After Manager Gibson severed his connection with the Pittsburgh buccaners he moved over to New York to look after John McGraw's Toronto team for two seasons, and came to Toronto fresh from his Gotham experience. Gibson went south this spring to Gainesville, Fla., to groom the Giants' young pitchers for the National League race.

Manager Gibson was born in London, Ont., 29 years ago and still has many years of good baseball left in his system. He has his Toronto Leafs leading the league after practically no spring training, and promises to be one of the most popular pilots ever in Toronto.

### CANADIAN CLOTHES FOR SERB PEOPLE

Garment Manufacturers' Convention Consider Near Two-Million Order.

### IMPORTANT CONCESSION Labor Should Have Larger Share of Profits, Says H. B. Peabody.

Canadian manufactured goods, at least so far as underclothing and shirts go, are likely to be very well known in Serbia and Rumania before many months are past.

At the second annual convention of the Canadian Garment Manufacturers' Association, opened yesterday at the King Edward Hotel, orders amounting to one million, eight hundred thousand dollars were distributed for garments for these far-eastern countries. The order was placed by the Canadian government who will guarantee the payment of the accounts and who handed over to the association the task of dividing up the orders between them. Amongst Toronto manufacturers to receive their share was Hamilton Carhart Cotton Mills, J. A. Haugh Manufacturing Company, Hudson-Parker, Ltd., R. G. Long & Company, Ltd., Premier Shirt Company, and the Berger Tailoring Company, Ltd.

There was a good attendance of members in the King Edward banquet hall yesterday when H. B. Peabody, the president, opened the proceedings by giving his annual address. Mr. Peabody claimed that the association represented at least 90 per cent. of the trade engaged in garment work in Canada. The speaker next traced the efforts the association has made to create an after-the-war export trade and paid tribute to the work done in Europe, by H. M. Levine, the vice-president of the association. It was thru his efforts that an order for the Rumanian government, amounting to \$1,600,000, and another for the Belgian government totalling \$160,000, were obtained in the early part of the year, also the details of the Belgian order were only received by mail last week. Mr. Peabody claimed that his trade had not included in profiteering at the expense of the country during the war. He took as an instance the case of overalls, which were sold in Canada at prices ruling for similar grades in the States. "Perhaps individually," he said, "we might secretly envy our friends across the border who took all the profits that the traffic would bear." The problems of reconstruction had been undertaken by the Canadian people in a non-panicky frame of mind and the Canadian business man who cannot clearly see ahead of him a season of busy, happy, prosperous years, is blind or dead.

In referring to the future attitude of capital towards labor, Mr. Peabody himself a big employer, made not only an interesting but important statement. He said:

"But we must keep one thing before us: the war has been a great moral teacher and we as employers, it seems to me, have missed our particular lesson of the war if we have not come thru it with the firm determination to see that there shall be a somewhat different division of the profits of industry. That invested capital shall give up a larger share of the returns from industry—and that the piece-worker and the hour-worker as the real worker in the management also—in a word, the producer—wherever he is found, either with hand or brain, shall have a larger share of the returns from the joint effort of capital and labor."

Last night a banquet and a vaudeville entertainment was held by the convention at the King Edward and largely attended. Today the conference will meet at 9:30 to hear some papers on subjects of interest to the trade. Tomorrow night the convention will go to Chicago to take part in the international convention to be held there during the week.

### ASSESSMENT APPEALS MANY IN WARD EIGHT

The assessments in ward 8 have brought 132 appeals, mostly against the rate levied on vacant lots. Among the appellants is A. E. Ames, broker, who claims that the assessment of \$68,680 on his property at 625 Kingston road is too high.

### SEIZE GERMAN SHIPS

Madrid, May 12.—With a view to preventing possible acts of sabotage the maritime authorities have taken charge of the German ships interned in Spanish ports. Six of these ships have already been provided with crews and are flying the inter-alleied flag.

## 4,000 GREATCOATS

### For Sale by Tender

Formerly Used by Royal Air Force.

The Imperial Munitions Board (Aviation Dept.) will sell by tender approximately 4,000 Greatcoats, formerly used by the Royal Air Force. ## A Statement of the EXECUTIVE COMMITTEE of the REPATRIATION CAMPAIGN

The Executive Committee of the Repatriation Campaign desire to express their sincere thanks to all those who have contributed by effort, time or money, to bring about the measure of success that the Campaign has achieved. The committee considers it wise to let the people of the community know that as the Campaign has been only partly successful, the difference between the amount actually secured and the amount originally asked for will have to be provided by the community, in order that the important work of these different agencies may be carried on. The Soldiers' Club Houses must be provided, the Repatriation League must have the funds needed, the Young Men's Christian Association must "carry on" in Toronto and throughout the Dominion, and the various charities and social service agencies so necessary to the best welfare of Toronto must not only be kept at work but made more efficient.

J. W. WOODS, Chairman.

## WILL POLL OWNERS RE RESTRICTIONS

Property Commissioner Will Ascertain Building Views for St. Clair.

The property commissioner will report and a poll of property owners will be taken in connection with a request to remove the residential restrictions from the northeast corner of the property corner of St. Clair Avenue so as to allow the erection there of a bank, a drug store, and an apartment house. This was the decision of the property committee of the city council yesterday.

An application by W. L. Cuttell and a deputation that all of North Toronto be placed in a different fire limit was referred to the fire chief and the property commissioner. It was stated that a house, which was claimed not to be a desirable structure, was being put up in Bedford Park. The people in the district did not want the houses to be placed in the brick limit, but one between "B" and "C," that would allow of brick and stone or some other material.

## MAYOR CHURCH APPEALS FOR MORE STREET CARS

Mayor Church is once more after the street railway for more cars to relieve overcrowding. In a letter to Corporation Counsel Geary his worship says:

"Owing to the large number of soldiers returning home, the overcrowding on the street cars is deplorable and was never worse in the history of the city. Since you went away the company has done little or nothing to get the cars that were ordered by the legislature, the courts and the railway board. Further, the company has not kept its car factory open. One company has stated that it could build two hundred cars in six months."

"Cannot something be done, either before the law courts or the railway board, to get some action taken in this matter? The application for a better service has been pending since 1911, and we have got nowhere with it. I may say frankly that I am very much disappointed with the inability of our civic officials to get anywhere in this connection, altho I appreciate the fact that they have done and the fact that the railway board will not back up its own orders."

### G. A. C. WILL HOLD CONVENTION SOON

Matter of Prisoners' Pensions and Housing to Be Discussed.

The first convention of the G. A. C. will be held some time in August, and in Toronto, and among other important matters will consider the treatment by the government of returned soldiers who were prisoners of war in Germany or other enemy alien countries during the war. These men have returned in many cases utterly incapacitated as a result of the harsh treatment accorded to them in Germany, yet they have shown no definite wounds, and are said to have been classified as "fit" by examining physicians in Toronto and Canada generally.

The question of gratuities will also come up for treatment at the convention, the association having already gone on record as favoring gratuities of \$1000 for men who were in the firing line, \$750 for the England men, and \$500 for the men who were unable to leave Canada, gratuities to be payable also to the widows and dependents of those who died and to be paid in a lump sum in every case.

The G. A. C. now has eleven branches in Ontario, and several others in other provinces. The association is starting an organization campaign throughout the Dominion.

Touching upon the housing question, officials stated yesterday afternoon that the housing question to date is one of the greatest troubles yet. Avaricious landlords were taking the returned soldier by the throat because of the dilatory tactics of the government, something which would never have occurred had the housing commission been representative of returned soldiers.

## G. W. V. A. FIGHTS RESERVISTS' BATTLE

Will Also Urge Equal Gratuities to All Volunteers.

Central G. W. V. A. has authorized its delegates to the Windsor convention to fight for the equalization of reservists' and their widows' pensions up to the level of those of the C. E. F. men and their dependents, to urge the payment of gratuities to volunteers irrespective of the field of service, its length or the date of discharge, and to strongly urge the membership of the G. W. V. A. throughout the province to bring pressure to bear upon the government to ensure equal facilities to all municipalities in order to effect a speedy solution of the housing problem, as it affects the various localities.

The branch also places itself on record as being opposed to any political action, and to any expression of opinion as to the pros and cons of prohibition. It also desires to remain neutral upon all questions affecting industrial matters.

Affecting insurance. Another strong measure which the delegates will advocate will be one affecting insurance, the branch deciding to urge the government to grant insurance policies of the usual old line type to all returned soldiers. The branch has taken this view because many returned soldiers believe that it is a duty to take out insurance just because their dependents may become widows at any moment, due to the after effect of life and work in the trenches.

The delegates to the convention are Comrades C. E. Wilson, J. V. Conroy, A. E. Everingham, M. A. Cowan and E. P. Brockbank.

## THE CLANSMEN MEET.

Sergeant-Major Colin Barron, V. C. hails from the hills of Banff and Elgin, Scotland, and so does Bugler George Brown whom the V. C. hero asked to accompany him in the march at the head of the veterans' parade with the 15th Battalion Sunday. But neither was aware of the fact until that parade.

## FIVE HUNDRED DELEGATES.

One hundred and forty branches of the G. W. V. A. in Ontario will be represented at the provincial convention which is to be held in Windsor, commencing tomorrow morning at nine o'clock, and delegates will leave tonight for the near neighbor of Detroit. It is anticipated that nearly 500 delegates will be present, and the occasion will be important in many ways. The problems outlined with respect to one of the branches in Toronto in this morning's issue, will cover the general agenda of the convention. Captain Jenkins will again be nominated for the presidency of the Ontario command.

## PREDICT BUSY SUMMER.

Following the unprecedented rush for the winter resorts in the south, summer resort hotel people in Ontario are looking forward to a big summer business. Proprietors and managers of hotels throughout the Lake of Bays district express the opinion that the summer of 1919 will mark a record in the popularity of this north section. Many are already making extensive improvements in anticipation of an unprecedented trade. They point out that the war is now over and the beauties and solitudes of nature so vividly exemplified among these lakes will offer a tremendous appeal to those in search of quiet and rest. The Wawa Hotel at Norway Point will open its season on June 28th, Mr. A. F. Thompson of Bermuda returning as manager, with many new and novel ideas all for the comfort and care of its guests. Illustrated descriptive literature sent on request. Apply to C. E. Horning, Grand Trunk Railway, Union Station, Toronto.

## SCHOOL INQUIRY HEARS PAINTERS

Property Committee Butted in at Wrong Time, Says Phinnemore.

Only three hundred painters are out on strike out of two thousand, according to a master painters' deputation which waited on the finance committee of the board of education yesterday afternoon, at the administration building, College street.

James Phinnemore, speaking for the painting contractors, said that the property committee had butted into the labor situation at a bad time, as a settlement was in sight when the committee raised the scale from 47 cents an hour to 65 cents.

The chairman of the building committee, Trustee C. A. B. Brown, said that the report of the property committee recommending the 65 cent rate would be up for adoption by the board on Thursday night, and the master painters could present their views there if they wished.

"One more and put," was the announcement of W. J. McWhinney, acting solicitor for the board, respecting the next session by the investigating commission. Apparently the final session will, however, consist of several meetings, as Mr. McWhinney asked authority to put in rebuttal evidence if so requested on behalf of the building department officials.

Superintendent Bishop was declared by Mr. McWhinney to have stood the test of the inquiry with-

## HOUSING PLANS MATURED

No time will be lost by the Toronto Housing Commission in getting under way and it is stated that plans are pretty well matured. Finance Commissioner Bradshaw has all arrangements made for the financing of the scheme.

## GREEK RESTAURANTS WITHDRAW ACTIONS

The proprietors of seven Greek restaurants have withdrawn their actions against the City of Toronto to recover \$36,570 for damages to their premises during the soldier riots last August. This follows a decision of Mr. Justice Rose, who struck out statements of claim in other cases.

## CITY IN GOOD SHAPE

Finance Commissioner Bradshaw is of the opinion that the city will be in excellent shape for financing the acquisition of the Toronto Railway in 1921.

### OTTAWA PARLIAMENT BIDDINGS TO PASS ORIGINAL ESTIMATES

#### Hon. F. B. Carvell Says Work is Dragging—Total Cost Eight Millions.

#### SERVICE ACT SURE

#### Hon. A. K. Maclean Says Measure to Be Put Thru This Session.

Ottawa, May 12.—Introduction by Hon. Arthur Meighen, minister of the interior, of the soldiers' settlement act and a definite assurance by Hon. A. K. Maclean that a bill to amend the civil service act will be introduced and put thru this session were features of the afternoon sitting of the commons.

The main features of the land settlement bill it will be recalled, were made effective by parliament opened by order-in-council at the request of the war veterans. The bill introduced today confirms the provisions of this order-in-council and adds some new features, including machinery by which the government will acquire lands now held privately, or by corporations or governments. In regard to the civil service act Mr. Maclean emphasized the enormous labor involved in the task of reclassifying fifty thousand government employees. The legislation and schedules, the minister said, would make six or seven hundred pointed pages. The printing would be completed in a fortnight, when the bill would be introduced.

#### Judges' Salaries

Several minor government bills were advanced a stage. During consideration of a bill to amend the Judges act Mr. T. M. Tweedie of Calgary complained of a discrepancy between the salaries paid to supreme court judges in the east and west.

Mr. Meighen in reply stated that there was no discrepancy between the provinces, the difference being due to the fact that some provinces pay judges for surrogate court work.

During consideration of Northwest Mounted Police estimates western members pressed for a considerable increase in the personnel of the force.

Hon. F. B. Carvell, when public works estimates were under consideration expressed his dissatisfaction with the progress being made on the new parliament buildings, saying that the cost would exceed the five million dollar estimate by three millions.

#### Welcome to Kemp

Sir Edward Kemp took his seat on the front government bench in the house of commons this afternoon and immediately tabled the report for 1918 of the overseas military forces in Canada. Sir Edward was welcomed with applause on the government side of the house.

Hon. Arthur Meighen presented a bill to assist returned soldiers in settling upon the land. Explaining his bill Mr. Meighen said that in 1917 parliament passed a soldier's settlement act which provided for the general settlement of lands, but the scope of its operations was confined to land owned by the Dominion. The main purpose of the present legislation was to provide means for acquiring lands now held privately or by corporations or governments for the purpose of disposing of the lands to returned soldiers.

The bill was read a first time. Mr. Meighen presented another bill respecting Dominion water powers. The purpose of the bill is to form a statutory foundation for the management of Canadian water powers in so far as they are the property of the Dominion and for co-operation with the provinces in other cases.

#### To Amend Civil Service

Hon. A. K. Maclean stated in reply to Dr. Sheard of Toronto South that he expected to be able to introduce a bill to the house to amend the civil service act in the near future. He read a telegram which he had received from the secretary of Letter Carriers' Association of Toronto expressing dissatisfaction over the delay in bringing in the proposed measure.

Mr. Maclean said he would be glad to see the work of classification was proceeding as rapidly as humanly possible. The work of reclassification had been tremendous and was the greatest task undertaken by any country in the world in connection with civil service. He considered that the result would be the greatest accomplishment in civil service work in any country. It dealt with 50,000 employees, including the navy and judiciary, etc. He estimated that promotions in rank or salary would date back to April 1, so that no great or substantial wrong would be done by the delay.

#### No Jenkins Report

Sir Edward Kemp stated that he had on the table of the house a report of the overseas military department for the year 1918. He would be absent from the house for about ten days, on private business. On his return he would be glad to deal with any matters of public interest which the house desired to bring up.

Hon. Rodolphe Lemieux asked the overseas minister whether the Jenkins report would be laid on the table.

Sir Edward Kemp: "I have no such report."

Sir Sam Hughes asked if it was not true that the Jenkins had made a report for the minister. He would be glad to see the report.

Sir Edward Kemp replied that he had never read a report from Col. Jenkins nor had he spoken to him about one. He had, he said, appointed a committee to look into the financial and accounting systems in connection with the overseas service. Col. Jenkins had not been a member of the committee. It was the intention

of this body to investigate the accounting systems in the Canadian hospitals, but this was found impossible because of the close of the war and the demobilization of the hospitals.

**Escort for Bishop.**  
In answer to a question by W. D. Eicher the minister of militia stated that 47,509 drafted men actually went overseas. The number of men who volunteered for service after the military act was passed, other than class one men who came under the provisions of this act, was 29,007.

Gen. Mowburn told Sir Sam Hughes that government had not been informed that 15 soldiers under an officer armed with a revolver, escorted a Roman Catholic bishop into a Toronto Catholic Church on Sunday recently. The minister of militia stated that he was informed that a number of returned, demobilized men followed the Rumanian priest into the church. The military authorities, he said, had no control over these men.

Second reading was given to the act to amend the Dominion forest reserves and park act and the house went into committee on it.

**More R. N. W. M. P.**  
The house then went into supply on mounted police estimates. It was proposed to recruit the force up to its full authorized strength of 1,200 distributed as follows: Manitoba and western Ontario, 250; Saskatchewan, 370; Alberta, 250; British Columbia, 250; Yukon Territory, 50; Northwest Territory, 20.

Dr. Cowan of Regina highly praised the work of the force and supported Mr. White in his plea of increasing pay for the men.

Mr. Tweedie urged the claims of the mounted police strongly and said the force should be increased to anywhere between 3,000 and 5,000 men such a strong body of police would be required to deal with the situation created by advocates of resistance to law and overturning of government by violence. Mr. F. H. Keefe believed that rather dangerous days were ahead of Canada. There were breeding places of revolution and the force should be strengthened to 5,000 men.

### GENERAL STRIKE HIGHLY PROBABLE

(Continued From Page 1).

and F. G. Compton fair wage officer for Toronto, had been in conference with the officials of the stock yards, relative to the alleged discrimination against those who went out on strike. It had been stated in certain quarters that the yards had discriminated against the 70 men because they could be easily replaced. It has been learned that, if the yards continue to discriminate against these men the entire union will once again go out on strike. Officials of the union stated that the reinstatement of all the strikers was agreed upon before the board of conciliation was constituted and that this was not to have formed any part of the duties of such a board which was appointed to consider only the wage schedule presented to the packers before the strike.

**General Strike.**  
The metal workers are to inaugurate a great mass meeting for next Saturday afternoon, to consider any necessary action in connection with the strike, and tonight the District Trades Council will hold a specially summoned meeting to consider this important point. Well informed men state that the meeting will undoubtedly consider the advisability of inaugurating a general strike in Toronto, Calgary and other western centres have joined the ranks of the strikers, and an official of the metal trades council stated yesterday afternoon that the chances of a Dominion-wide strike were strong.

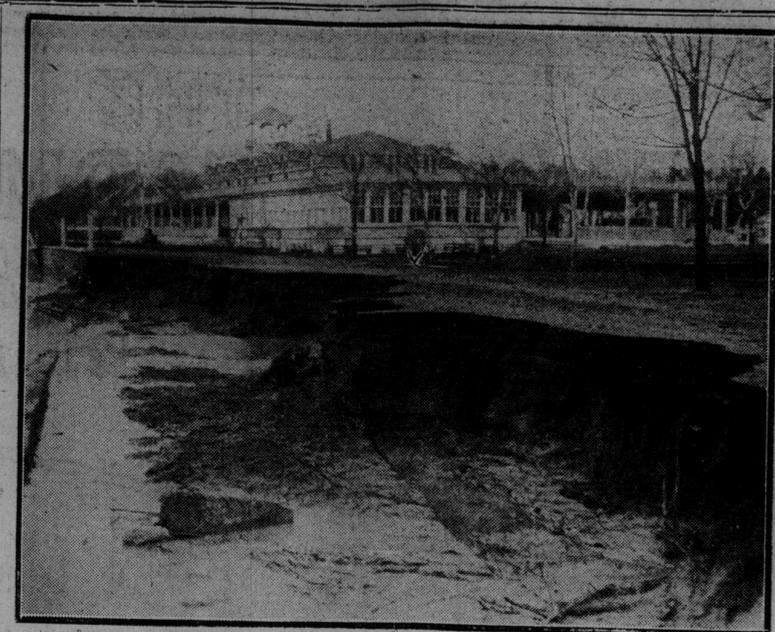

Many labor men outside the ranks of the machinists have expressed the opinion that the clause in the proposed schedule of the metal trades union looking for triple-time for holidays is extravagant in the extreme, and one official of a well-known labor body stated yesterday that it was evident that the metal trades were desirous not of making the employers pay up to the hilt, but of making them rigidly observe the eight-hour day. It was reasonable to suggest, this man said, that if the overtime wages were to be doubled or tripled, the employers would be forced to engage in little overtime work if they were to make any sort of profit. In these circumstances the worker would keep the employer down to the eight-hour day, and would be relieved of the constant necessity of working ten or eleven hours a day to help the employer to further fill his pockets.

**MASS MEETING OF METAL TRADES MEN**  
Workers of St. Catharines and District Debating Question of Strike for the Eight-Hour Day.

St. Catharines, May 12.—A mass meeting of the metal trades of the city and district was still in progress at a late hour tonight, debating the question of observing the eight-hour day, and a vote was taken on a province-wide strike for an eight-hour day, but no decision had been reached.

Following a mass meeting of allied trades workers on Welland Ship Canal, representatives of the men met the employers' agents in conference this evening to urge a revision of the present scale of wages and a 44-hour week, but without any result. At a late hour, no government representatives had arrived, although it was believed that either Fair Wage Officer E. N. Compton or some one from the department of railways and canals would be present.

**Pay For Overtime.**  
The men ask for an eight-hour day, with a 44-hour week and for double pay for overtime, Sundays and holidays. At present overtime is paid for at straight time. The revised scale of wages asked for is as follows: Bridge and structural iron workers, 85 cents per hour; blacksmiths, 80 cents per hour; carpenters, 70 cents per hour; electricians, 60 cents per hour; machinists, 80 cents per hour; painters, 80 cents per hour; steam shovel and dredge men—engineers, \$212 month; crane men, \$162 month; firemen, \$127 month; steam and operating engineers, drag line and cable ways, \$212 month; locomotive cranes, orange peels and clam shells, \$7.50 day; 2-drum hoists, \$7.00 day; steam and electrical locomotives, compressors, pile-drivers, rapid unloaders, spreaders, steam rollers, \$6 per day; firemen, watchmen, pump men, \$5 per day. Plumbers and steam-fitters, 80 cents per hour; helpers, 65 cents per hour.

The high east winds of Saturday and Sunday last raised a storm on the lake that has done a good deal of damage along the shore. The beaches at the east end of the city have suffered considerably, and the island shore has been to some extent eaten into. The above photo shows the damaged promenade at Scarborough Beach Park. The concrete retaining wall has entirely disappeared, and serious inroads were made in the park property.

### STRONG ADVOCACY OF SOLDIER SUNDAY

#### Repatriation Committee Issue National Plea for Church Co-operation.

The Ottawa repatriation committee consider that Soldier's Sunday would not be a bad idea for the churches of Canada to institute right away.

A national plea for the co-operation of Canadians in finding opportunities for employment for returned men from the Pacific, on a particular Sunday, would help to create a conscious ideal, and enable Canadians to re-dedicate themselves to the greatest duty and privilege they possess, namely, aiding in the repatriation of returned men. It is not merely a duty for the people to interest themselves in finding acceptable employment for the men who are discharged from the service. It is a wise, economic move, as well, since it reduces the number of unemployed, supplies labor where it is most needed, and contributes materially to the process of industrial readjustment, so essential to the restoration of the country to a normal basis.

It is a pleasant fact that most employers are restoring to their former jobs the men who a year or so ago gave them up to fight their country's battles. When these soldiers donned their uniforms and marched away, they went with the emphatic assurance of their employers that their jobs would be awaiting them upon their return. It is cheering to know that the employers are keeping faith. The movement to secure employment for returned soldiers is one worthy the efforts of every patriotic citizen. It should be undertaken out of a sense of gratitude, even tho' it also has its practical side, which strongly recommends it. Let the churches start the new movement.

### READY FOR START OF U. S. DIRIGIBLE

#### Probability That After Reaching Newfoundland She Will Proceed to England.

St. John's, Nfld., May 12.—Preparations were completed here today for the landing of the United States navy's dirigible C5, which is to make a test flight of 1,200 miles from Montauk Point, N. Y., to this port, and the word "ready" was sent to the starting point.

The exact time of the departure of the "blimp" will depend on reports of weather conditions along the coast from Lieut.-Commander Emery W. Cull, in charge of the expedition and its first pilot. Advises tonight indicated bad weather for the next day or two.

Arrangements at this point all contemplate the probability of the C5 continuing on an eastward passage to England.

### PACKERS SELECT THEIR MAN.

Robert J. McLaughlin of Lindsay, a member of the firm of McLaughlin, Johnson, Moorhead and McAulay, barristers, 120 Bay street and a former opponent of General Sam Hughes in the fight for parliamentary honors years ago, has been selected to represent the packers on the board of conciliation which will deal with the grievances of the employees.

### DOMINION WIDE MOVEMENT.

It was stated last night that the Metal Trades Council had communicated with every local body in the Dominion, urging the necessity of taking a strike vote, and that by the end of the week the strike would have become Dominion-wide in its scope.

### "Will Morning Never Come?"

"If I could only sleep I believe my nerves would soon be all right, but night after night I lie awake and think about everything under the sun.

"What chance is there of getting better so long as this goes on?"

"None. Nerve force is being exhausted nearly twenty-four hours of every day, and there is no rest and sleep in which to replenish the waste."

"One thing sure I cannot stand it much longer, for I know that every week—yes, every day—finds me more restless and nervous, and less able to stand the strain of the day's work."

"I suppose the doctor could give me something to make me sleep, but I don't want that. I am weak enough now. I want something to build up strength rather than to tear down the tissues of the body."

### THIEF USED WAGON TO STEAL BACON

#### Packing Plant Broken Into and \$500 Worth Removed.

Alleged by the police to have driven a wagon to the smoke house door of the Wight & Company pork packers plant at 288 Jones avenue Sunday night and after obtaining entrance to the building to have stolen \$500 worth of bacon, John Taylor, 722A College street, was arrested yesterday by Detectives Crowe and Winters. Entrance was made to the premises by forcing the back door. The sides of bacon were loaded on the wagon and driven to a house on Jones avenue not three hundred yards from where it had been stolen and hidden for safe keeping. The police yesterday afternoon recovered the goods and returned them to the Wight firm.

**Several Charges.**  
Taylor was wanted by the police on two charges of theft, but when the goods were recovered a third charge, one of shopbreaking, was made against him. During the month of April he is said by the police to have been left in charge of a store owned by Norman Woodward, corner of Queen street and Logan avenue. Mr. Woodward left the building and when he returned he complained and when he returned he complained \$125 belonging to him and had gone away.

The second charge of theft is for the alleged stealing of a motor truck. The truck belonged to the United Machine Company, West Adelaide street, and had been stolen three weeks ago from Adelaide street. When Crowe recovered the truck yesterday it was in a garage at the corner of Bolton avenue and Gerrard street undergoing repairs.

### ACCIDENTAL DEATH.

Accidental death was the verdict of the jury, presided over by Coroner J. Pickering, at the morgue last night, conducting an investigation into the death of Arthur, a seven-year-old boy who was killed when he was run over by a motor truck. The boy was stealing a ride on the truck on Rose avenue on May 7, when he missed his footing and fell beneath the rear wheel, which passed over his body, injuring him so badly that he died in the hospital for Sick Children.

### AUSTRIAN TREATY NEARS COMPLETION

#### New Frontier Will Give Italy All Strategic Heights and De- fensive Passages.

Paris, May 12.—The peace treaty with Austria is nearing completion, and an official summary of it is being prepared as was done in the case of the German treaty.

Altho it is not so stated in the treaty, the new Austrian frontier is the one designated by the secret treaty of London, giving Italy all the strategic heights and defensive passages.

The French officials have become embarrassed by a demand made by the Austrian authorities that direct telegraph and telephone communication be accorded the Austrian peace delegation during the negotiations, just as it is now accorded the Germans. The embarrassment arises from the fact that the German peace delegates are using the only wires available, and it is not considered probable that they will agree to give up any of their facilities to their former Austrian allies.

Work is being hastened on the Austrian delegation's quarters at St. Germain, where the palace of Francis I is being but in order for the reception of the visitors. It is planned that the presentation of the terms of peace will occur in the most beautiful apartment of the old palace, which is located on the first floor and approached by a grand staircase, the walls of which are embellished with royal devices. It will be carried on simultaneously.

Two groups of nearby villas have been requisitioned for the Austrian and Hungarian delegates. They are quite distinct, so that no communications can pass between the two delegations of the former dual empire. It is still proposed to conduct the negotiations of the former dual empire. It will be carried on simultaneously.

**Manufacturers' Association Will Hold Annual Meeting**  
Canadian Manufacturers' Association will hold their Toronto branch council meeting at the board of trade assembly hall, Royal Bank Building on Thursday next, May 15, at 2 p.m. Dinner in the luncheon club at 6 p.m.

Part of the business will be consideration of arrangements in connection with the royal commission on industrial relations, and to appoint representative employers to appear before the commission in Toronto, on May 26, 27 and 28, to state the employers' point of view.

### DISCONTENT GROWS AMONG ITALIANS

#### Learn From Paris That Claims in Dalmatia Are Not Likely to Be Granted.

Rome, May 12.—The discontent and irritation of the people are growing again because of news from Paris that Italy is not likely to get what she claims on the eastern shore of the Adriatic. The Messagero says: "President Wilson is obstinately obdurate in his views regarding Fiume, showing that he has not changed his mind."

Other reasons for dissatisfaction are the Anglo-Franco-American scheme, from which Italy was excluded; the asserted project that the former Austrian merchant marine will be divided among the allies, altho it is held to belong entirely to Italian firms; the clause in the treaty with Germany saying the three principal powers were sufficient to ratify the treaty, thus, it is alleged, again excluding Italy, and the reported scheme to place Ethiopia under the protection of France. All the newspapers of Rome publish adverse comments on these subjects.

### THIEF USED WAGON TO STEAL BACON

#### Packing Plant Broken Into and \$500 Worth Removed.

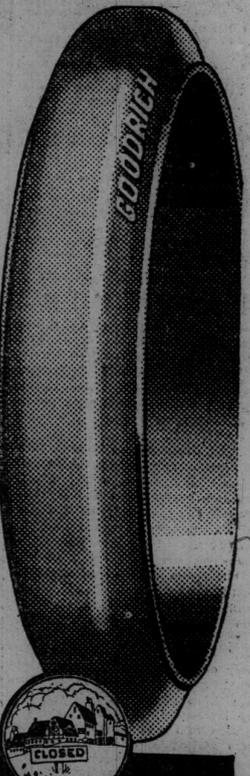

Alleged by the police to have driven a wagon to the smoke house door of the Wight & Company pork packers plant at 288 Jones avenue Sunday night and after obtaining entrance to the building to have stolen \$500 worth of bacon, John Taylor, 722A College street, was arrested yesterday by Detectives Crowe and Winters. Entrance was made to the premises by forcing the back door. The sides of bacon were loaded on the wagon and driven to a house on Jones avenue not three hundred yards from where it had been stolen and hidden for safe keeping. The police yesterday afternoon recovered the goods and returned them to the Wight firm.

**Several Charges.**  
Taylor was wanted by the police on two charges of theft, but when the goods were recovered a third charge, one of shopbreaking, was made against him. During the month of April he is said by the police to have been left in charge of a store owned by Norman Woodward, corner of Queen street and Logan avenue. Mr. Woodward left the building and when he returned he complained and when he returned he complained \$125 belonging to him and had gone away.

The second charge of theft is for the alleged stealing of a motor truck. The truck belonged to the United Machine Company, West Adelaide street, and had been stolen three weeks ago from Adelaide street. When Crowe recovered the truck yesterday it was in a garage at the corner of Bolton avenue and Gerrard street undergoing repairs.

### ACCIDENTAL DEATH.

Accidental death was the verdict of the jury, presided over by Coroner J. Pickering, at the morgue last night, conducting an investigation into the death of Arthur, a seven-year-old boy who was killed when he was run over by a motor truck. The boy was stealing a ride on the truck on Rose avenue on May 7, when he missed his footing and fell beneath the rear wheel, which passed over his body, injuring him so badly that he died in the hospital for Sick Children.

## Do YOU Operate on a Summer Hotel Plan?

No man runs a summer hotel through choice. He'd make it a twelve month's proposition if the patronage was there.

Interest or investment, depreciation, etc., continue for twelve months, while the return is only for a fourth of the time.

You operate on the same plan if you employ a five-ton truck to haul five tons a few miles and find no paying work to keep it going the remainder of the day.

Put that type of truck in inter-city service!

Opportunities are everywhere—right at your door.

Opportunities that GOODRICH DE LUXE Truck Tires will enrich with their deep, long-wearing and trouble-free treads.

Treads that have been specially toughened and fitted for sinew-cracking tasks.

Treads that will make your truck a better investment under all circumstances.

Kaiserism in Her Heart.

Max Harden appears to be the only German who has any common sense and courage enough to give it expression. The lamentations of Jeremiah are a quite inadequate vehicle for the feelings of the average German.

"They display," he says, elsewhere, "the same insolent, stupid, ignorant spirit which plunged the world in war." This it is which deprives Germany of any sympathy, such as she would have received, had she assumed an attitude of penitence or exhibited any inclination to assist in the restoration of the broken and desolated lands whose Apollon Germany was.

It does not seem to occur to Germany that the first exultations towards humanity are expected to come from the defeated culprit. Germany will neither admit defeat nor culpability. She is defiant at every gate, and she regards her enemies as the aggressors. This attitude has destroyed the sympathy that would have been poured out by the democratic nations over a new recruit to their cause who had genuinely put off the old Adam of unlighteousness.

THE DAY AT OTTAWA

By TOM KING

It is not, however, the typical blue report, but is a readable history of the organization and work of the Canadian corps and the Canadian headquarters staff overseas.

A warm sunny day started most of the members discussing the proposed date of prorogation. They have been assured that the session will end next month, but few hope for prorogation much before Dominion Day. The new civil service act has not yet been presented to the house, and Hon. A. Maclean furnished the cheerful information this afternoon that the bill, proper, will cover six hundred printed pages and have no less than sixteen hundred schedules.

The minister told the house this afternoon that he would have to absent himself for about ten days to attend to personal business, but that he would then return to his seat ready to give all information that might be requested and to defend the work of his department. Sir Sam Hughes, Hon. Rodolphe Lemieux, and some other members of the house will eagerly await his return, but Sir Edward Kemp is confident that the country will get a good account of himself and dispel much of the popular prejudice which has grown up in this country against Argyle House.

OVERSEAS ARMY REPORT IS TABLED

(Continued From Page 1).

Canadian construction troops numbering 14,877 were in the field, while imperial troops of the same class numbered only 7,840. In addition there were Canadian railway troops operating companies with a strength of 1,037 on November 11, 1918, and 3,864 Canadian railway troops in England. During their career at the front the personnel of the corps of Canadian troops were awarded 489 honors and decorations.

Big Forestry Corps

The report also shows that on armistice day the total strength of the Canadian Forestry Corps was 31,447, including 15 companies of engineers of numbering 5,021. At the time the armistice was signed over 70 per cent of the total timber used by the allied armies on the western front was supplied by the Canadian Forestry Corps.

The number of Canadian officers attached or seconded to the imperial troops or other forces outside the military forces of Canada was 1,281 at the date of the armistice. Of these 824 were seconded or attached to the Royal Air Force, also on November 11, 1918, 384 officers were attached to the war offices for military duties.

"It is gratifying to record" says the report, "that since the overseas military forces of Canada were first into action they have made, honors and awards, including 53 Victoria Crosses, 1132 Military Crosses, 19 Distinguished Flying Crosses, 10 Distinguished Conduct Medals and 6,610 Military Medals."

"The discipline of the overseas military forces of Canada for the year 1918," states the report, "was distinctly satisfactory, and this was largely due to the efficient administration and discipline by commanding officers and to the esprit de corps which has been nourished and developed among all ranks of the Canadian forces."

Great Striking Power The interesting statement is made that the proposal to reorganize the Canadian division by cutting down the strength of the four divisions to 9 battalions instead of 12, thus releasing 12 battalions, was not necessary because in the case of the Canadian division the supply of necessary reinforcements from Canada was assured. "The effect of the proposed change," says the report, "would not have been as in the case of the imperial forces, merely to maintain the status quo, but to increase the number of Canadian formations in the field, and the number of troops required to maintain them at full strength." "The Canadian Corps," it is added, "in the existing formation had proved itself such a smooth running machine of tremendous striking power, and an radical alteration in its constitution might have resulted in a reduction of such power without any compensating advantages. At a time of national crisis, such as that in the spring of 1918, it would not have been permissible to allow sentiment to stand in the way of any change likely to further the common cause."

AFGHANS FORCED FROM POSITIONS

London, May 12.—The news from Afghanistan, where tribesmen have been attacking British positions on the Indian frontier, was scant but satisfactory over the week-end. The British drove the Afghans from Ashirak on Friday while airplanes crossed the frontier and bombed the enemy positions at Loidatta with good results. The Afghans maintain their positions west of Loidatta.

ABYSSINIA ASKING FRENCH PROTECTORATE

Paris, May 12.—An Abyssinian mission was received yesterday by President Poincaré. The mission came to Paris to request that France establish a protectorate over Abyssinia. Two other missions will leave Abyssinia shortly. It is announced, one going to Rome and the other to London and Washington.

ROBINS PLAYERS

Company at the Alexandria Receive Tremendous Ovation on Opening Summer Season

Edward H. Robins received an extraordinary ovation last night at the Royal Alexandra on the occasion of opening his summer season in stock. There were a couple of dozen curtain calls in all, fifteen of them being at the end of the third act, when the stage was packed with floral tributes to the fair ladies of the cast.

Robins is a little lady who does some clever imitation of well-known songs. Ben Bernie, billed as "The Syncopated Musician," did some stunts with the violin that pleased those amused. Rosalie and Helen Mellette are a singing duo who do some bright team dancing and wear some striking gowns. Harry Mayo and Basil Lynn have some amusing repartee which draws a laugh. Emma Stephens sings several songs. Miss Stephens possesses a high soprano voice, which is pleasing.

AT SHEA'S

Attractive and Varied Vaudeville is Good Backing to Edna Goodrich in "The Mannequin."

The headline attraction at Shea's Theatre this week is Edna Goodrich in "The Mannequin," a skit which affords Miss Goodrich a splendid opportunity to wear something in gowns. She is a beautiful woman, and makes the most of her part.

AT LOEW'S

Norma Talmadge in "The Probation Wife," Musical Comedy, "The Owl," and Good Vaudeville.

Loew's Theatre has been putting on some good bills lately, and this week's bill is no exception. The best of vaudeville and motion picture are featured, with Norma Talmadge as the star in "The Probation Wife." The friend who treats the husband roughly, and starts a series of campaigns, carrying them into the enemy's country so effectively.

AT THE STAR

"Stars of Burlesque" Make Good Start as Preliminary to a Six Week's Run.

The stock burlesque season at the Star Theatre got away with a splendid start yesterday afternoon when Manager Pierce's own show "The Stars of Burlesque," opened for a run of six weeks. Mr. Pierce is to be complimented for presenting such a company of performers. That no money has been spared by him in securing the stars of numerous vaudeville and burlesque houses is seen in the cast of characters, which includes many of the best of the profession.

AT THE ALLEN

"Test of Honor" Features John Barrymore as Injured Husband to Advantage.

John Barrymore in "The Test of Honor" at the Allen Theatre, upholds his reputation as being one of our foremost screen and stage stars. As in all his plays he gives a finished performance, which is entirely satisfying.

AT THE REGENT

Constance Talmadge as a Modern Peter Pan, Dances Thru Life in "Who Cares?"

The bill at the Regent Theatre this week covers every phase of life from the girl with the "who cares" motto to the wild ideas of men when there is only one bottle of champagne left on earth. Interest is a wide range of human interest.

AT THE MADISON

It is certainly a great problem play that is being presented for the first half of the week at the Madison Theatre. The name of the play is "Why I Would Not Marry," and it tells the story of a girl who found four successive lovers unworthy of her. It teaches a great lesson which every woman, and every girl on the eve of womanhood, would do well to take to heart.

PASSED FIVE ICEBERGS

New York, May 12.—Five icebergs, one of them 180 feet high, were passed by the Norwegian-American liner Bergenthorst last Friday in latitude 45:48, longitude 48:57. It was reported when she arrived here tonight that she had passed the record for icebergs. She brought 58 first-class, 42 second-class, and 158 steerage passengers.

## FIRST NO-HIT GAME OF YEAR SEEMED UP TO GIBSON'S LEAFS

### Rommell, Newark Pitching Ace, Twirls Marvelous Ball in Local Opening—Leafs Went Runless, and Bears Scored Once on Hubbell.

It was a grand opening yesterday in every respect but one. The sun finally broke thru the lowering clouds in time for the first showing of the Leafs on the home lot, a goodly number of spectators crossed the bay, the opening frills went off without a hitch, but the Gibson Leafs failed to come down in front in the first showing before the home fans. The reason was the superb pitching of Rommell, the Newark pitcher, down without a hit and a run. The Donovan Bears bunched hits in the ninth on Webb Hubbell for the only run of the game.

The leading Leafs were given a royal welcome. Sunday's rain and clouds of Monday morning made it look as if it would not be long before the opening game. The sun came out after lunch and about seven thousand fans went across to the ball yard. A band concert, a march across the field, Capt. Joe Thompson, just returned from overseas, pitching the first ball, Col. Gibson, batting and leaving Field, president of the International League, acting as umpire, were the preliminary stunts to the real game.

Each Gibsonite received a hand as he came up to bat, with the fans throwing in extra applause for George Whiteman, the hero of many a thrilling battle back in 1911. There was not a great deal for the fans to cheer. Yesterday, Rommell put the clamps on too tight and when the Leafs failed to even squeeze out one safety, it can hardly be called a joyous opening.

On the other hand Webb Hubbell got into the stony class himself, and in eight innings only three hits had been piled off his delivery. The Bears ran three hits together in the ninth, the last one the old squeeze bunt for a run and the game.

The fans were pleased with the look of the crowd under Gibson's leadership. They handled themselves like a good club on the defensive, but the judgment was withheld on their batting ability until some other than Rommell goes to the hill for the enemy. The work of the new Leafs was closely watched. Catcher Sanders came in for special attention, and the hustling big catcher reaches the mark every way you take him. Breckenridge has a better sense of position to the bases, and handles himself well in the outer garden. Holden also fills the bill. The wild and unorthodox before and all fans know their work.

President Jim McCaffery was presented with a floral arrangement during the words "Good Luck," but it failed to even chase the smile of Rommell's face. He went to bat with a polished bat, was grand to watch, but painful to bear. For eight long innings the two heavers battled with the Newark man having the shade. Hubbell slipped up in the ninth, and Rommell failed to budge. The result a Newark win one to nil.

Rommell's Grand Work. Only twenty-six Leafs officially faced Rommell during the nine innings, and in the first five innings only one ball was hit out of the infield. This slash was a hard out to right by Anderson that later center on a line. In addition to the twenty-six official batters, Rommell talked three and hit one out. One man got to base on an error, but the Newark crew threw in a double play for good measure. It was not a cheering afternoon for the home fans.

The battle opened with a pitching duel. Newark unloaded a single in the first inning, but could do anything with it. With one down in the second Jacobs dropped a double in left field, which he left stranded. Then for five innings Hubbell mowed down the enemy, ably backed by sparkling fielding on the part of his team mates. The Bears sneaked in a hit in the eighth, that was wasted effort and went into the ninth. Shay rolled out, and then Lester dropped a hit back of Purzell and stole second when the fans failed to get the ball. Davies unloaded a safe one in right that Onslow and Breckenridge failed to reach. Catcher came along with the little bunt down in front of the plate that squeezed over the fence. Hubbell bounced a fast one of Miller, who fanned Jacobs, and Holden pulled down Bruggy's high one after a run.

Nothing to Report. On the other side of the story is not so thrilling. Breck and Gonzalez were easy outs in the opening inning. Whiteman walked, only to be out stealing. It was the fifth before we got a man on the path. After Onslow rolled out, Shay booted Purzell's effort, but the next two failed to do it.

Gibson's gay boys had two base warmers in the 8th, thru Rommell's kindness. Two had fanned and then Breckenridge was hit by a pitched ball and Gonzalez walked. Whiteman raised to right to end the hope.

After Onslow grounded to short in the 7th, Purzell worked Rommell for a walk, but Holden hit into a double play killing and again down went the spirits of the fans. The Leafs retired as they batted in the next two rounds.

All credit is due to Rommell for the first no-hit game of the season. He was cool at all stages, had a great change of pace and a good hop on the twine.

RACING UNPRECEDENTEDLY SUCCESSFUL IN FRANCE. Paris, May 11.—The six first racing meetings have been unprecedentedly successful. In spite of the higher prices of admission, the increased fares on the railroad and the advance in cost of other transport, during the meetings admissions totalling \$30,000 francs were made and the pari-mutuel handled 10,100,000 francs, eight per cent. of which goes to charities and public works. Such figures eclipse any records for any previous opening week of the races. Sunday's receipts from admission fees at the Longchamp course, reached 200,000 francs, or double the average for Saturdays in May before the war. The pari-mutuel handled 3,000,000 francs for the day.

KNOTTED NEEDS SOME. Brantford, May 12.—With the opening game on Thursday, Manager Knott's team is endeavoring to strengthen the local squad. Winslow, who won twenty and lost last year, playing with a fairly good team, has declined to report. He was expected to greatly strengthen the local team in the past season. Fatty Dunphy's arm has gone bad and Knott is after a new short stop. Preparations are being completed for the big opening here on Monday next.

### RUNS WITHOUT HITS

Mooney Gibson lost the game yesterday because he neglected to give his Leafs skull practice. "What is skull practice," you ask. After a Detroit workout at St. Louis one day last season, Hughie Jennings led his Tigers into the club house. "Where are you going?" asked one of the Braves. "Don't Bush, the Detroit shortstop. "To skull practice," replied Donie. "And what is skull practice?" "It's where Hughie teaches us how to make runs without base hits."

### Three-Cornered Deal To Be Tried Again

New York, May 12.—An effort to complete a three-cornered deal for players will be made here tomorrow by representatives of the New York Nationals, St. Louis and Washington Americans. It was learned tonight. Under the proposed deal, Outfielder Robertson of the Nationals would go to St. Louis for Catcher Gonzalez, and the St. Louis club would get Shortstop Lavan of Washington for Robertson.

### SENATORS AND YANKEES PLAY OVERTIME AGAIN

Play Twenty-Seven Innings in Two Days Without a Decision.

At Chicago (American League)—Although outbatted by St. Louis yesterday, the Chicago Americans won the game, 4 to 3, by taking advantage of Gallia's wildness. His three bases on balls, combined with his error in the second inning, gave the White Sox two runs on one hit. Captain Collins of the Sox strained a tendon in his right leg and was out of the game several days. Score: R.H.E. Philadelphia..... 2 0 0 1 0 0 0-3 9 2 Chicago..... 4 2 0 0 2 0 0-4 7 1 Batteries—Gallia and Billings; Shellenbach and Schalk.

At Detroit—Cleveland combined opportunity hits with Boland's wildness and errors by Detroit, and won yesterday's game, postponed from the initial series, 6 to 4. Bases on balls, a sacrifice and a single in the fifth inning gave Cleveland two runs and the lead. Score: R.H.E. Cleveland..... 0 0 0 1 2 0 2 0-6 8 1 Detroit..... 1 0 1 0 1 0 0-4 8 2 Batteries—Morton, Coveleski and O'Neill; Boland and Cole.

At New York—New York and Washington played another long tie game here yesterday, the score standing 4-4 at the end of the fifteenth inning, when Umpire Owens called the game on account of darkness. New York had a victory in the ninth, when Pratt threw wild on an easy double-play, which should have ended the game. The score enabled Foster to tie the score and placed Garrity on third base, from which position he stole home a moment later. Umpire Owens, at the plate, first called Garrity out, but when the Washington players appealed to Dimeson, in the argument that followed, Manager Huggins of New York was ordered off the field. New York then led the score in its half of the ninth, when Ayres gave four bases on balls. Shawkey and Harper, who pitched the last six innings, were in brilliant form. New York and Washington played twenty-seven innings Sunday and Monday without arriving at a decision. Score: R.H.E. Washington..... 0 1 0 0 0 0 0-4 11 3 N. York..... 0 0 0 2 1 0 0 1 0 0 0 0 0-4 11 3 Batteries—Ayres, Harper, Shaw and Garrity; Russell, Shawkey and Ruel.

### RICHEST RACE OF YEAR TOMORROW AT PINILICO

The Preakness That Has Attracted Best Three-Year-Olds, Including Sir Barton.

Baltimore, Md., May 12.—The Preakness Stakes, of \$25,000 added, a race of a mile and an eighth, for three-year-olds, will be renewed at Pimlico on Wednesday. The event will have a gross value of upward of \$30,000. There are 111 smart colts and fillies eligible to start, and of these, twelve or fifteen have given unmistakable evidence that they are good enough to take part in the country's richest three-year-old event. The starting fee is \$500, and one of the perquisites of the winner. In pursuance of the plan adopted four or five years ago, the Maryland Jockey Club has provided rewards for the first four horses at the Preakness. The first, \$2000 to the third, and \$1000 to the fourth, all to be deducted from the added money. However, these are the winners' money. The compensation will be \$25,000, the full added money value of the race.

Without Billy Kelly, the winner of the Kentucky Derby, the Preakness is considered the most prominent of the potential starters, horses whose recent achievements on the tracks have brought them into the racing spotlight, are, of course, Vindex, Eternal, Dunboyne, Sir Barton and Terentia. These are the Preakness candidates that will deserve the greatest consideration in the betting, and get it. Eternal, Vindex and Sir Barton are coming from Louisville, where they went a fortnight back to start in the Kentucky Derby, and they are trained to the minute.

Eternal, a son of Sweep and Hazel Burke, beaten on Saturday, likely because of his error in the second, is being trained by the greatest three-year-old trainer on the continent. Sir Barton, an American and half-British colt, and champion of the stable of Harry Payne Whitney, is considered by the experts to be the cleverest three-year-old he has ever borne the silks of the proprietor of the Brookdale Farm. Howe makes a secret of his belief that Vindex can do anything Johnnie did last season, and as such, will be well represented as early as twice as well. Johnnie, who recalls the Belmont Stakes, the Saratoga Cup, the Latonia Derby and the Lawrence Realization.

Dunboyne, winner of the Futurity at Belmont Park last September, trained by the late Johnnie, is another of the Preakness contenders. He is a son of the late Johnnie's son, the late Johnnie's son, the late Johnnie's son. He is a son of the late Johnnie's son, the late Johnnie's son, the late Johnnie's son.

Sir Barton, winner of the Derby, the son of Star Shoot and Lady Sterling, is a half-brother of Sir Martin, the American two-year-old champion of 1905, is easily the best-looking and most now considered the best of the three-year-olds in the stable of Commander J. K. Ross of Montreal. War Pennant, the field favorite, is a son of the late Johnnie's son, the late Johnnie's son, the late Johnnie's son.

RAIN STOPS OPENERS IN THREE FULTZ CITIES.

Toronto was the only city in which an International League fixture was staged yesterday. At Buffalo, Rochester and Binghamton it was necessary to call off the opening fixture owing to the dampness. It was only after noon hour that Mr. Marshall purchased Translate. The Preakness will be the first great race in which Translate will race under the name of Translate. Translate is a son of Vulcan and Sea Spray, which trained at Henning Track and Drummond is a son of Ocean and Quebec, which developed signs of Derby form at New Orleans and Hot Springs.

ALL SEATS RESERVED. TICKETS \$1.00, \$2.00 and \$3.00, WEDNESDAY, MAY 14, AT MASSEY HALL, MOODEY'S & SPALDING'S.

Two Extra Sessions In National League

At Brooklyn (National League)—Lerry Doyle's drive over the right field wall with two out in the tenth beat Brooklyn yesterday, 2 to 0. Stakes at Saratoga last summer. She has come up from the south with a Hot Springs reputation. Translate, until a few days ago a member of the Morris Walden stable, is a son of Transval and Eustace, she is an own sister of that brilliant mare Kathleen. He astonished a bunch of exciting trainers at Pimlico the other day by working a mile in 1:29 2-5, a mile and an eighth in 1:53 4-5, and a mile and a quarter in 2:09. ### ED. MACK, LIMITED CLOTHIERS TO ALL MANKIND

Who Buys His Suit Here Leaves Doubt Outside

He knows that this Store studies fashion standards more than any other, and maintains a quality standard most other stores think unnecessarily high.

A man who has his eyes and his "mind's eyes" open will see that the only way to have a stock of Suits and Overcoats, such as we have here, is to have our own idea as to what men's clothing ought to be, and not place before our customers the suits this man or that thought good enough to get their money and ours.

Today there is not a weak spot in the stock, from the suits at \$20 to the higher grades at \$45.

The London Times Suggests Two Battalions of Overseas Men But With Headquarters in Britain

Reuter Cable. London, May 12—The Times, in a leader says: "It is unthinkable that no single army would be left wherein the spirit of the mighty imperial army which displayed to an astonished world the real power of the British empire, may survive. There must be some imperial unit of the army, if only to keep alive the Dominion tradition in British military life."

JUMPS INTO WELL. Gloucester, Ont., May 12.—Miss Elicia McKinnon, who was visiting her cousin Mrs. Alex. McLennan here, jumped into the well at her guest's home some time during last night. Her hat and coat were found at the well this morning by Mrs. McLennan, and a few minutes later the body was discovered in the well.

LIVE STOCK MARKET

With a run of practically 4000 head of cattle on the Union Stock Yards market yesterday, trade opened rather slow, with fair demand for good, heavy-weight butchers, but a weak demand for steers with weight. There was a good trade for butcher cows and a steady inquiry for stockers and feeders, and for thin, young cows for the grass.

PROPOSES OUTFITS FOR PRISONERS

Von Rantzau Thinks It Would Be Nice if Allies Would Provide Them.

ASKS FOR RECIPROCITY

Regards Stipulations So Far as One-Sided in Favor of Allies.

Paris, May 12.—Count von Brockdorff-Rantzau, German foreign minister and chief of the German delegation, in addressing a note to Premier Clemenceau relative to repatriation of prisoners, asks that the details of the transfer be entrusted to commissions.

The German foreign minister states that the German peace delegation "has noted with satisfaction" that the draft of the treaty recognizes in principle the repatriation of German war and civilian prisoners with great expedition and says that special commissions might carry on direct discussions which would include all belligerent states, it being pointed out that even during hostilities this has proved a most effective way of solving difficulties.

The note says that this work should be much easier now that the war is over, and would remove differences of conception or lack of clearness on particular points, such as legal grounds of fairness, certain allowances, the German delegation, it is said, considers it indispensable that those war and civilian prisoners detained or undergoing punishment for other than disciplinary offences should be unconditionally repatriated.

Regarding war and civilian prisoners of allied and associated powers in its hands, the note says, Germany has recognized the same principle. It appears self-evident to the German delegation, therefore, that on grounds of fairness, certain allowances in the treatment of prisoners should be agreed upon, pending their return.

Demand Reciprocity. The note then proceeds: "In a one-sided manner, some feel, the stipulations have been made in favor of the allied and associated governments. For these reasons, certain questions of personal property, the search for missing objects and the care of graves might be cited. It is assumed that these questions demand a demand for complete reciprocity is founded on general human rights."

The note then refers to a number of minor points and proposes that deliberations on these points should be carried out as rapidly as possible. It alludes to the importance to Germany that the prisoners return home under orderly conditions, insuring their reinstatement into economic life with the greatest possible despatch and says that this seems only possible if everything is done to "raise the moral and physical state of those returning."

New Outfits for Prisoners. Since Germany's economic position prevents her by her own strength from providing the requisite guarantees, the delegation suggests that the deliberations of the commissions might extend to the question of how far it would be possible on the part of the allied and associated governments to help Germany in the matter and, for example, in return for the repayment of the cost, to provide the prisoners with new outfits, underclothing, civilian suits and boots, to reform their return. The note concludes, "Accept, Herr President, the expression of my most particular esteem."

In his note dealing with labor questions, Count von Brockdorff-Rantzau says the German government agrees with the allied and associated governments that the greatest attention must be paid to these problems. "Internal peace and human progress depend on these questions being handled," the note says. "The demand for social justice repeatedly drawn up in this connection by workers of all lands only find endorsement in principle in this section of the allied governments' draft of the peace terms."

Hold Labor Conference. In order to assure the workers, for whom these proposed improvements are destined, co-operation in signing these principles, the German delegation considers it necessary to convene representatives of the national organizations of labor unions of all the contracting parties to a conference at Versailles, even during peace negotiations, to deliberate and make decisions on international labor law. It considers it would be advantageous that the proceedings of this conference be based on decisions reached at the international trades union conference held at Bern on Feb. 5 to 9, 1919. We append a copy of these decisions which have been accepted by the representatives of the German organizations in Bohemia, Bulgaria, France, Greece, Holland, Italy, Canada, Norway, Austria, Sweden, Switzerland, Spain and Hungary. We have been charged to do this by the unions of Germany."

PETITION KING ALBERT TO SAVE BELGIUM

Brussels, May 12.—A demonstration organized by a number of patriotic societies has sent addresses to King Albert expressing the Belgian people's disappointment to find the country has been "gagged and mutilated" and is obtaining neither the guarantees nor the reparations promised by the allies. The addresses complain that indemnities provided are inadequate and ask the king to "save Belgium from the ruin which threatens it."

SPARTACANS AGAIN ACTIVE IN GERMANY

Berlin, May 12.—The Spartacans and Independent Socialists were active in central Germany. At Eisenach on Saturday they forced the major of the district and the district director to march at the head of a parade of the radicals, carrying the red flag. Afterwards the officials were beaten by the crowd. Gustav Noske, the minister of defence, was asked to send government troops to restore order, and has agreed to do so. The Thuringian Workers' Council at Erfurt, however, has engineers to bring about a general strike if the troops come into the district, and if those now there are not removed.

ADVANCE IN CORN

URGENT BUYING

Cash and May Corn at Highest Prices of the Season.

Chicago, May 12.—Jumps in prices of corn reached an unusual extreme of 10c today, owing to scarcity of offerings. The market closed hurried at a net advance of 5 1/2c to 9 1/2c, with July 2 1/2c to 3 1/2c, and September 1 1/2c to 2 1/2c. Oats gained 1 1/2c to 1 3/4c, and provisions 2 1/2c to 3c.

Warrent 120 day buyers of corn were urgent bidders, and there was a conspicuous lack of pressure to sell. The market was for corn available for spot delivery or in time to meet May contracts. As a result, both cash and May were at the highest price level yet this season. Bullish sentiment, primarily due to the unusual slowness of new crops, was the main cause in view of renewed wet weather, pointing to further delay of planting and to continued interference with the crop movement. Considerable notice was also taken of current opinions that industrial high prices were likely to stay for at least some time.

Oats reflected the strength of corn. Export sales to Holland counted, too, against the bears.

UNCERTAIN TONE IN NEW YORK MARKET

Selling of Oils and Shippings Causes Irregularity—Metals Are Strong.

New York, May 12.—For the first time in several weeks uncertainty of price tendencies prevailed in the stock market today.

The tone was firm to strong at the opening, the successful flotation of the Victory Loan probably proving a sentimental factor.

Metals and equipment were next, a two-point rise in United States Steel being accompanied by similar gains in the independent division.

Steele and equipment were next, a two-point rise in United States Steel being accompanied by similar gains in the independent division.

DETROIT UNITED MAKES ADVANCE

Russell Motor Also Shows Strength—Maple Leaf and Dominion Iron Sag.

There was no decided trend to prices on the Toronto Exchange yesterday, the mixed tone of the New York market being a restraining influence.

The most pronounced strength was displayed by Detroit United and Russell Motor, two stocks in which dealings are infrequent.
