SALARY GRAB HATCHED IN THE CELEBRATED COURSE BY THE CHIEF BENEFACTORS

Leaders of Both Parties Set in Mutual Co-Operation Game—Friends on Both Sides "Looked After"—Inside History of Parliament's Pretty Gift to Itself—Government Nowadays is Carried on by Secret Understanding and Conference; That's the Lesson—Where is There the Nucleus of a New National Party. So Much Needed?

Ottawa, July 20.—(Special.)—The prorogation of parliament to-day marked the wind-up of the rankiest session in the political history of the Dominion. The salary grab was but an indication of widespread rottenness of the entire absence of principle in the two great parties. The story of the grab will throw light on other things. Here it is:

For weeks past some of the newest of the members of parliament, and some of the older ones, have been complaining to one another of the loss of the session, of the money they were losing by being here (as if they did not all turn every kind of tumble to get to Ottawa) and that the indemnity would have to be increased. Conservative and Liberal alike were busy at their desks. When the opposition to the autonomy bills looked threatening the government supporters were refreshed as to their staying powers by promise of increased indemnity. A round robin was prepared, the most daring signed it with avidity and gradually (it was concealed in a basement compartment under guard all the time) it was signed by a majority of members. Both sides signed in an equal proportion.

Those who refused to sign were called cranks, and anyone who had a conscientious scruple was jeered. The men signing it expressed willingness to vote for an increase in ministers' salaries at the same time. One province, thus, its members, is said to have intimated that they would vote to get \$500 a year. Outside of Sir Wilfrid's increase of \$4000, every one of these votes is scandalous. No retiring allowance above \$1500 or \$2000 at most should be recognized in this country. Two thousand dollars a year would have kept the wolf from the door of any retired minister of the crown. But giving men \$2500 indemnities, \$6000 a year each.

So that the men who conferred did remarkably well for themselves; they also incidentally looked after the members, the judges and a few other ministers. Sir Charles Tupper, \$5000 a year, and Hon. R. W. Scott, who are to retire in a few weeks. Even Sir Mackenzie Bowell is to get \$500 a year. Outside of Sir Wilfrid's increase of \$4000, every one of these votes is scandalous. No retiring allowance above \$1500 or \$2000 at most should be recognized in this country. Two thousand dollars a year would have kept the wolf from the door of any retired minister of the crown. But giving men \$2500 indemnities, \$6000 a year each.

ALIBI BILL PASSED ITS TERMS NOT SEVERE

Does Not Debar Landing of Indigents Who Seek Relief From Political Persecution.

London, July 20.—In the house of commons the alibi bill passed its third reading by a majority of 90. Premier Balfour, in winding up the debate on the bill, contended that the proposed restrictions were less severe than those imposed by any other nation. He referred to the American immigration laws, and asked whether anyone would assert that the Americans were indifferent to freedom of looked upon as the suffering and the oppressed, yet their restrictions, as well as the restrictions imposed by the British colonies, were, he said, more severe than those imposed by "this moderate and reasonable bill."

STRIKE IS OVER.

Chicago Transferors Have Made Almost a Complete Surrender.

Chicago, July 21.—The teamsters' strike, that has so greatly disturbed the business of Chicago for the last 165 days, was at 12:30 o'clock this morning officially declared off by the men who have been ordered to seek their old positions, and it is estimated that one-half of them will be re-employed. The men who have made a complete surrender, and will apply for work as individuals and without agreement of any kind with their employers.

Expert Figures Hamilton is Entitled to Reduction in Price of Arc Lights From \$85 to \$62, But This is Not Enough.

Hamilton, July 20.—(Special.)—This city is again wrestling with the electric lighting problem. The present contract with the Cataract Power Co. was made in July, 1899, for 10 years, and, consequently, it has four years to run. The city has the privilege of securing a renewal at the end of five years. In order, however, to reopen the negotiations, it remains for the city to show cause, namely, what inventions and discoveries have been brought about to diminish the cost of producing power.

LOOK TO AMERICA.

Reasons Why Australians Buy Manufactured Articles Here. A. W. Jones of Melbourne, Australia, on his way around the world, was at the Walker House last night. Mr. Jones is a director of a large farming corporation, operating wheat farms and sheep pastures extending over an area of nearly 50,000 acres. Speaking of Australia and the American invasion thereof, Mr. Jones said: "It is to America that the farmer looks industrially. Whatever our sentiments with regard to the old land, there is a feeling that English business methods are too slow. It is most noticeable in the matter of farming implements among the farmers of the United States and Canada. In Australia, the most recent year quantities are shipped in every day. This is as much due to labor conditions as to anything else. There are capital—who wish to get the most out of the land—and labor who are to be hoped they will stay there. Labor supremacy produces the most unhappy situation in the country. This and the lack of people is keeping Australia down."

ROCHESTER ATHLETIC COMING

Return Meet With West End Y.M.C.A. at Varsity July 20.

The West End Y.M.C.A. of Rochester, N.Y., is making an athletic meet on July 20, at the Varsity athletic field.

Mr. Wegener, physical director of the Rochester association, telegraphed to the West End last night, stating that his team would be here with their best men.

The meet will be a close and exciting one on account of the West End agreeing to drop the half mile events from the program.

The winning of these events at Rochester in the past has been the pride of the West End. The 100 yards was one of the prettiest races ever witnessed and the other events were all close.

The meet will be held at the Varsity athletic field, which is a very fine track, and the events will be open to all amateurs.

The relay is a pretty exciting event, and the Physical Director Messing of the West End is confident with the material at his disposal.

The meet will be held at 8 o'clock on Friday, July 20, at the Varsity athletic field.

The relay team will be sent off for a trial.

Good Racing at Montreal.

Montreal, July 20.—There was some good racing at Delmore Park to-day. Five heats were run off. Following were the results:

SYSONBY, 100.30, GALLOPED IN THE 37500 TROUBLES

Migraine Was Second and Pasadena Third, Only Three Starters—Sue Smith Led Up.

New York, July 20.—James R. Keene's great colt, Sysonby, scored an easy victory in the 37500 Troubles at Brighton Beach to-day. The victory was almost a walk-over, as Migraine and Pasadena, his opponents, never threatened the colt at any part of the journey.

Sysonby was held at 1 1/2 to 30 and galloped the distance with 128 pounds up in 2:04 1/2. Migraine, receiving 130 pounds from the winner, was second.

Sysonby rushed into the lead in the first few strides, and passing the stand in the first half he was well ahead of Migraine, a length and a half before Pasadena, the favorite led the back lengths in the race down the back stretch.

O'Neill, on Migraine, made an attempt to catch the leader, but Sysonby was too good for him and he was held by two lengths from Migraine, ten lengths in front of Pasadena. Sue Smith, who rode the colt, was second.

CRAMPS CURED. I was troubled with Cramps for a long time, and had several doctors attend me, but their medicine did not seem to do me any good. I got three bottles of Dr. Fowler's Extract of Wild Strawberry, and it cured me. It is the only medicine I can recommend. I would not be without it in my house.

WEAK BOWELS CURED. After a severe attack of Typhoid fever, I was left with a very weak condition, and I could get nothing to do me any good until I commenced taking Dr. Fowler's Extract of Wild Strawberry, and it cured me. I am now in perfect health.

DYSENTERY CURED. I was very bad with Dysentery and used Dr. Fowler's Extract of Wild Strawberry, and it completely cured me. I can keep it constantly on hand, and could not get along without it. It is the only medicine I can recommend.

SUMMER COMPLAINT CURED. I take pleasure in recommending Dr. Fowler's Extract of Wild Strawberry. Last summer I had a severe attack of Summer Complaint, and one bottle cured me.

Refuse Substitutes.—Price 35c.—They're Dangerous. I take pleasure in telling you what Dr. Fowler's Extract of Wild Strawberry has done for me. I was taken with Diarrhea and severe Cramps in the Stomach. I secured a bottle of your medicine and had only taken a few doses when my trouble disappeared. In the future I will always keep it in the house ready for use.

ELOPES WITH A BOY OF 13

Ann Arbor, Mich., July 20.—Wanted by the sheriff's force of Washtenaw County—Mrs. Julia Kohlach of Ypsilanti, aged 29 years, and Carl Peffer of Ypsilanti, aged 13 years.

The husband of Mrs. Kohlach, who is Charles Kohlach, a sidewalk builder, and Orson Peffer, the father of Carl, firmly believe that the pair have eloped. Kohlach has made a complaint against his wife, charging her with abandoning her two children, aged 4 and 6 years. This means a maximum penalty of ten years in prison.

It seems that Mrs. Kohlach was about to be apprehended by the sheriff's force and submitted to an operation. She soon as she was able to be moved from the hospital, she was taken to a house secured a wheel chair for her and hired young Peffer to push it. An affection sprang up between the invalid, who is a comely woman, and the boy, who has attractive, but rather odd, manners. Three weeks ago Kohlach, upon coming home suddenly, found his wife and the boy together in a compromising position. He protested, and yesterday Peffer came to Ann Arbor for the purpose of securing a divorce for Mrs. Kohlach. When Mr. Kohlach returned home he found that his wife had gone and had taken with her extra clothing and pictures of her husband. The children were alone in the house. Mr. Kohlach went to Carl Peffer's house, and found that Carl had gone also. The children were alone in the house, and the boy did not have much money, so that they could not travel very far. The wheel chair which Mrs. Kohlach used was also taken.

A FAMOUS CATTERY. That Will Have Entries at Toronto's Great Exhibition.

It is anticipated that the cat show to be held in connection with the Canadian National Exhibition, on Aug. 30, at the Toronto Exhibition grounds, will be an exceptionally fine trip.

The proprietors of several cat series in the United States have announced their intention to make entries. Among these is Miss Jane R. Cathcart of Ardell, N.J., proprietor of the Black and Seal series, which is one of the most valuable in the world.

She owns not only a cattery in her native country, but also in England and one in France. In the last mentioned country she has also a kennel for the breeding of black poodles. She says she has cats with long prize hair, and no pedigrees, and cats with both regular and irregular pedigrees. In order to show the rules and regulations are here with her submitted. Miss Cathcart has promised to make liberal entries at the exhibition show, and she hopes, with the best of time, to be in Paris, France, that she will be able to visit Toronto.

DEATH OF THE SECOND STAGE

Bisley Camp, July 20.—The garden party this afternoon was a great success. Lord Strathcona presented his own prize to Commandant Heintz, asking him to present it to the winner. He also presented the Canada Company's prize in the same way.

Sergeant Richardson is regarded as a likely winner of the Strathcona prize, and Sergeant Grove and Pte. Morrison probably stood off for the choice of the second prize.

There are very few bull-eyes to be seen on the boards along the 600 yard range. The best there are many inner, impenetrable, and quite a number of misses. The conditions are the same this afternoon as in the morning. Trickery will be mostly absent.

The leading Canadian scores in the first stage for the King's Prize are as follows, the first seven being eligible for the second stage:

Table with 3 columns: Name, Score, and Rank. Includes names like Jones, P.E.I., Richardson, Toronto, etc.

Capt. A. Elliott, 12th Regiment, Toronto, is the second stage of King's Prize. This means that he is the 300 best marksmen at Bisley.

The "St. George's" challenge vase match, first stage, was fired this morning. The first stage is an aggregate of 600 and 600 yards, seven shots at each range. The Canadians scored at 500 yards as follows:

Table with 3 columns: Name, Score, and Rank. Includes names like Boulton, Brayshaw, Elliott, etc.

THE TORONTO WORLD

Board of Control Hear Argument of Massey Fall Trustees—How Paving Agent Fared.

The proposed street railway loop lines to relieve the congestion of traffic along Bay, Richmond, Queen, and Queen and Yonge-streets was discussed from a good many points by the board of control yesterday. General Manager Fleming was on hand to further the project, and from directly opposite motives there were also present Chester D. Massey, S. J. Moore and A. E. Ames. They, as trustees of Massey Fall, objected to the alleged statement that would be created by the cars in rounding the corner of Victoria and Shuter-streets.

The company wanted to make Queen and Yonge-streets the discharging point for as many lines as possible, explained Mr. Fleming, and the loops as suggested by Massey, Moore and Ames, and Shuter-streets would relieve the congestion south of Queen-street. Mr. Fleming said that cars on Shuter-street would be necessary to the plans, but indicated that it might be arranged that the service on Shuter-street might be discontinued, entering the cars in rounding the corner of Victoria and Shuter-streets.

The Graphic, which has been in the hands of the board of control, has been given out to the effect that construction was to begin immediately. Mr. Crawford's announcement causes much unfavorable comment and dissatisfaction. Crawford intimates that Manager Morse is the direct authority for his statements, and that it would be an arrangement might lack permanency, and that once the tracks were laid the company would be bound upon to observe the compact. This somewhat ruffled the general manager's feelings, who declared that this intimation was a good deal of heat.

The alternative offered by Controller Spence, which would have the cars on Yonge-street to Adelaide, up Victoria and back along Richmond to Yonge, was not considered, as it would involve turning cars at points where there was great traffic congestion. He maintained that a saving of time by Bay-street would be a public benefit, and that to run down York would be a waste of time.

On the whole, the controllers did not appear to view the plans of the company with great favor, particularly the plan to run down York and back along Richmond to Yonge, and so did the mayor. However, Mr. Fleming and the city engineer, Mr. Kelly, both agreed together on the whole scheme.

"How'd do" Mr. Agent. "If the report is true, the Devil himself can't be the ruler of Controller Spence's thought. It should be cut out, and so did the mayor. However, Mr. Fleming and the city engineer, Mr. Kelly, both agreed together on the whole scheme.

Quebec, July 20.—The steamer Arranmore, which is bound for Montreal, was held up by a heavy fog, and was obliged to anchor in the harbor of Quebec. The vessel is expected to arrive in Montreal in the course of a few days to hold an investigation.
