ENGLISH MAKE GAIN OF 1000 YARDS AT VERDUN House of Commons in an Uproar Over C. N. R. Bill

PROCAR IN THE COMMONS; CLOSURE TO BE APPLIED

Sir Thos. White Clears Way to Force C. N. R. Bill Thru Today, Despite Opposition By Liberals, and Will Have Good Majority.

Ottawa, Aug. 27.—Worn out by long and persistent obstruction, the government tonight invoked the closure rule and began to force thru committee stage the Canadian Northern bill.

It was when Sir Thomas White moved to proceed to section 2 of the bill that the Liberals put up an aggressive fight.

Hon. Wm. Pugsley, who precipitated the violent scene that attended the closing hours of the debate upon the naval aid bill, once more occupied the centre of the stage.

Finally, however, order was restored, and except for one or two sporadic outbursts of dissent from Liberals the steam roller worked smoothly.

The Division List. The division list on vote sustaining the deputy speaker's ruling was as follows:

Yes—Sir Herbert Ames, Armstrong (Lambton), Arthur, Bennett (Simcoe), Sir Robert Borden, Boyce, Brabazon, Burrell, Clark (Bruce), Clark (Red Deer), Cochrane, Crothers, Descares, Donaldson, Edwards, Sir George Foster, Fry, Glass, Hanna, Hazen, Henderson, Maclean (S. York), McLean (Queen's P.E.I.), Meighen, Nicholson, Paul, Rainville, Reid, Roche, Schuller, Scott, Seagram, Secomb, Shepherd, Steele, Stevens, Stewart (Lanenburg), Sutherland, Taylor, Turritt, Webster, Sir Thomas White.

Nays—Bourassa, Cardin, Demery, Douglas, Gauthier (St. Hyacinthe), Gauthier, Hughes (King's P.E.I.), Kyle, Landolt, Lapointe (Kamouraska), Lapointe (Montreal), Levesque, Lemieux, Loggie, Macdonald, McKenna, Merelle (Bagot), Michaud, Murphy, Nesbitt, Oliver, Papineau, Pugsley, Sequin, Verville.

C. N. R. Purchase Bill. When the house went into committee, Hon. Wm. Pugsley denounced as "false and malicious" the statement in The Toronto News that he was acting as counsel for the Canadian Pacific Railway Company in leading the opposition to the Canadian Northern bill.

Mr. German (Welland) opposed the bill principally upon the ground that Mackenzie and his party had no equity in the property. He defended the Drayton-Ackworth report as accurate, and said that in any event the road could not have cost over \$350,000,000, while its indebtedness amounted to \$385,000,000.

Mr. Wm. Mackenzie nor Sir Donald Mann had ever invested in the enterprise, but on the contrary they had drawn out a great deal of money from the earnings of the company.

Mr. Armstrong (East Lambton) wanted to know if Mr. German was willing to trust the interests of the country to Sir Wm. Meredith. If Mackenzie and Mann were not entitled to anything they would get nothing from a board of arbitration presided over by some eminent judge.

MEIGHEN IS SECRETARY OF STATE TILL UNIONIST CABINET IS FORMED

His Swearing In Taken to Mean General Election, and Eight Weeks Hence Is Time Set for It

By a Staff Reporter. Ottawa, Aug. 27.—Hon. Arthur Meighen, solicitor-general, was sworn in as secretary of state this afternoon, in succession to Hon. E. L. Patenaude, who resigned on the conscription issue.

The appointment is regarded as temporary, pending the formation of a union government. A mass of business has accumulated at the state department which requires immediate attention.

The swearing in of Mr. Meighen as secretary of state is taken in some quarters to mean that a general election is soon to be held.

Western Liberals to Give Borden Their Answer Today

May Agree to Enter Unionist Cabinet Under Some Other Leader--Conservative Caucus Will Be Called.

By a Staff Reporter. Ottawa, Aug. 27.—The somewhat jaded minds of the politicians here have received a stimulus by the announcement, more or less confirmed, that Hon. Arthur Sifton, premier of Alberta, will arrive in Ottawa tomorrow morning, bringing the answer of himself, Hon. J. A. Calder of Saskatchewan and T. A. Crerar, president of the United Grain Growers' Limited, and of other leading men of the west, to a proposal made to them by Sir Robert Borden to join in the formation of a national war-time cabinet.

It was published in the papers on Monday morning that the answer would not be given until it had been delivered by Premier Sifton to Sir Robert Borden, but rumors are current here, as they were current in some of the newspapers of Toronto yesterday, that the answer was more or less in the direction of some kind of a coalition, but that those making reply were suggesting some further modifications.

It nevertheless transpired in the course of this evening that certain gentlemen on the inner side of the Conservative circle had some inkling of the reply that was coming and that in all likelihood a Conservative caucus would be called to see what action should be taken.

The name of Sir Adam Beck as possible premier of a unionist government is also said to have been suggested by some of the gentlemen at Winnipeg. In view of these rumors it may be just as well for the public to wait for some statement more or less official coming out Tuesday morning after Hon. Arthur Sifton, premier of Alberta, reaches town and delivers the message.

To sum up, it may be said that the word so far received by the prime minister from the western Liberals is not altogether satisfactory, but that it will not be given publicly until after Premier Sifton's arrival tomorrow and the conference that is expected to follow.

GENERAL SALE ORDERED OF FRENCH PROPERTIES. Copenhagen, Aug. 27.—The German authorities in Alsace-Lorraine are engaged in rooting out the remains of French influence in the captured provinces. They have ordered a general sale of all French-owned properties, much of which are scattered throughout the country in the form of little farms and individual homes in the smaller cities, which it has been planned to sell to Germans.

GERMANY'S REPLY EXPECTED. Buenos Aires, Aug. 27.—The Argentine minister to Germany in a cablegram received at the foreign office today, says he expects to receive Germany's reply to Argentina's demands regarding attacks on Argentine vessels by submarines within forty-eight hours.

ITALIANS KEEP UP DRIVE ON NORTH ISONZO

Allies Slowly Make Way Towards Upper Carniola Border.

FOE GETS STRONGER Additional Reinforcements Slow Up Rate of Advance.

London, Aug. 27.—Slowly but nevertheless surely, the Italians are breaking down the resistance of the Austrians in the region around Monte Santo, north of Gorizia, and making their way eastward toward the border of upper Carniola.

In their endeavor to hold back the Italians, the Austrians have brought to this sector large numbers of fresh men, and at last reports the fighting was most intense, but with the Italians having overcome the resistance of the Austrians at various points.

On the Bainsizza plateau the intensity of the struggle has increased with the extreme desperation of the enemy, who by the greater employment of forces is seeking to prevent us from progressing towards the eastern extremity of the plateau.

At Monte Ronale and Monte Pasubio Alpine battalions distinguished themselves by their valiant conduct.

We took more than 500 prisoners yesterday. Our airplanes by effective and repeated bombardments sowed destruction in the interior of the enemy lines, increasing the disorder which reigned there on account of the hurried retreat.

It was reported from Austrian headquarters today that the Austrians who were fighting to the north of Gorizia, on the Isonzo front, have now retired, says a Central News despatch from Amsterdam.

THOUSAND-YARD ADVANCE IS MADE BY THE FRENCH

ENEMY WILL BE UNABLE TO ENDURE MANY MORE BLOWS ON VERDUN FRONT

Haig Congratulates Petain, Who Returns Compliment to British Troops on Western Front.

London, Aug. 27.—(Via Reuter's Ottawa agency).—Reuter's correspondent at British army headquarters in France says: "Field Marshal Sir Douglas Haig telegraphed General Petain, commander-in-chief of the French armies, as follows on Aug. 22: 'All ranks of the British armies in France join me in hearty congratulations to you and your gallant armies on the splendid results gained at Verdun yesterday. The enemy will not be able to endure many more such blows.'

"General Petain replied as follows: 'Heartily thanks for the kind congratulations of the gallant British troops, who have so brilliantly distinguished themselves during the last few days in Flanders and at Lens. It will touch the hearts of the soldiers at Verdun, who are united to their allies by a common determination to win and a common assurance of success.'

UNITED STATES STOPS EXPORTS TO GERMANY

President Wilson Puts Shipments to European Neutrals Under Strict Control to Tighten Blockade of Enemy Countries.

Washington, Aug. 27.—President Wilson tightened the government's control of exports tonight by issuing an order forbidding the shipment of any goods to European neutral countries except under license, by extending the lists for which license is required in shipment to the allies and neutrals other than European countries to include cotton, all meats, sugar and most of America's other export commodities.

In a statement accompanying his proclamation the president said one of the first intentions of the government will be to see that no American products are made "the occasion of benefit to the enemy, either directly or indirectly."

Officials interpreted the order as forecasting vigorous use of the export control as a war weapon and a policy of the strictest rationing of countries contiguous to Germany.

Exports to Germany and her allies also are formally prohibited by the president's order, and it is expected that the export control is about to supersede the giving, by Great Britain, of orders of assurance for European exports.

First News of Change. The president's order contains the first formal announcement of the transfer of the export control to the United States.

Territory South of Beaumont Heights, Almost to the Village, is Captured, With 1000 Prisoners.

By Associated Press. Grand Headquarters of the French Army in France, Sunday, Aug. 26.—The gallantry of the French troops before Verdun carried them forward again today when they attacked between Mortcourt Farm and La Chaume Wood, and advanced another thousand yards, capturing nearly a thousand prisoners. The territory to the south of Beaumont Heights and woods almost to the village of Beaumont fell into their hands, despite the most severe German counter-attacks, which came under a vigorous fire from the French artillery.

The first attack in this centre was checked for a time, but the resistance of numerous nests of machine guns was overcome by the wonderful dash of the French troops, who would not be denied. The German artillery, which seems to be weakening, has been heavily hit and before retiring under pressure, but the firing has been wild and little harm has been done.

GERMAN U-BOAT SUNK AFTER FUTILE ATTACK

Attempt to Sink Merchantman Interrupted by Arrival of British Submarine.

An Atlantic Port, Aug. 27.—The destruction of a German submarine, with all hands, by a British submarine in the Atlantic Ocean, was described here today by the captain of a British steamer which was torpedoed by the enemy submarine. The trader, which was attacked on a voyage from this country to a British port, returned here after being repaired abroad.

According to the captain of the trader, the commander of the German submarine attacked the British merchantman by firing his deck guns when the torpedo which struck her failed to explode at the bottom. The trader's crew, who had taken to the open boats, witnessed the arrival of the British submarine, and its attack on the German U-boat, which was broken in two and sunk by a torpedo from the British undersea craft. The steamer crew then boarded their vessel, pumped her out, and reached a British port.

INDIAN GIRL SAYS SHE SHOT BROTHER

Confesses to Having Used Neighbor's Shotgun Which She Accidentally Fired.

LITTLE BOY IS DEAD Longford Mills Mysterious Tragedy of Sunday Now Cleared Up.

Special to The Toronto World. Orillia, Aug. 27.—The four-year-old Indian boy, son of John George, of Longford Mills, nine miles north of here, who was brought to the hospital Sunday by Dr. Bryant, a summer visitor in the district, suffering from a shattered skull, the result of a gunshot wound, died at that institution early Monday morning, and his nine-year-old sister has confessed that she accidentally shot the little fellow while they were playing with a neighbor's gun.

The story first told by the little girl was that a man had come out of the woods and deliberately shot her brother as they were playing in the clearing, and then returned to the woods out of sight.

The circumstances, which seem to be fairly well authenticated now, however, are that the children were at the home of Archibald McPherson, who advised the little girl to take her brother home. They left the house, but apparently returned unknown to him, and secured the shotgun which he had left in the kitchen to have handy for a fox she which had been watching for some time.

It is understood that the children took the loaded gun into the clearing, and while playing there with it the girl discharged the weapon while her little brother was within range, and he was struck in the head and died.

MONTREAL MAN FACES CHARGE OF MURDER

Antonio Bolduc Arrested for Killing Longueuil Automobile Agent.

Montreal, Aug. 27.—Antonio Bolduc, alias Romeo Paradis, was arrested today charged with the murder of Zotique Bourdon, the automobile agent of Longueuil, whose dead body was found yesterday near St. Guillaume de Cadon. The arrest followed the coroner's inquest, the jury having decided that Bolduc was responsible for the crime. He had been held on suspicion, pending the outcome of the inquest. An autopsy showed that three bullets from a revolver had been fired into the head of the deceased. The accused was the last person seen with Bourdon. Robbery is supposed to have been the motive for the murder. Bolduc is now in jail at Sorel.

VON PAPAN CONTROLS SPIES IN ARGENTINA

Well-Known German Ex-Official at Washington Is Being Kept Busy.

Buenos Aires, Aug. 27.—Some of the newspapers insist that Captain Franz Von Papan, former German military attaché at Washington, is directing the work of German spies here. Persons whose veracity is not doubted, say the newspapers, report having seen Von Papan many times accompanying German propagandists, and have so reported to the British command.

CONSCRIPTION AT ONCE

Bill Will Be Signed Wednesday and Put Into Operation.

Winnipeg, Aug. 27.—I have it from Sir Robert Borden himself that the conscription bill will receive the royal assent on Wednesday and will be immediately enforced.

The foregoing telegram was received by Lieut. W. A. Sheppard, first vice-president of the army and navy veterans in Canada, tonight, from Lieut.-Col. G. F. Carruthers, president of that organization, who is at present in Ottawa on private business.

MACROBBIE SEEN ON SUNDAY NIGHT

Was in Royal Oak Hotel Shortly Before His Tragic Death.

NEW WITNESS FOUND

Mrs. Baker Saw Light in Oil Company Building and Heard Cry.

Hamilton, Tuesday, Aug. 28.—Further particulars of the movements of Dr. Douglas G. MacRobbie a few hours previous to his tragic death and the finding of a new witness, Mrs. William Baker, 28 East Barton street, were the important developments of the MacRobbie case yesterday.

Slightly over a week has passed since the almost lifeless body of the doctor was found in an upper store room of the Crescent Oil Company, with Smith, MacAuliffe and Scott asleep nearby and, it is said, under the influence of liquor. Since the discovery of the body, the police and members of the press, no facts that would tend to solve the mystery of how Dr. MacRobbie met his death have been secured. Several new witnesses have been dug up as the result of countless interviews in the vicinity of the oil company; the evidence of Asselstine and Bell, prominent figures in the case, has been taken; exhaustive details in connection with all the principal figures have come to light, but instead of clearing up they have only added to the mystery.

Mrs. Baker's testimony. Mrs. Baker, the latest witness secured by the police, and whose testimony at the inquest next Friday night is expected to further substantiate the already growing theory that Dr. MacRobbie met his death as the result of violence, stated yesterday that on the night of the tragedy she passed the Crescent Oil Company about 11 o'clock. "The building was brilliantly lighted up," she said, "and as I passed the door I heard a surging cry. I also saw the shadow of a man, who appeared to be in his shirt sleeves, against the window shade. He did not move a muscle, so I thought that he was asleep."

The fact that Dr. MacRobbie was in the Royal Oak Hotel about 9 o'clock on Sunday night was brought to light yesterday. The doctor was in a perfectly sober condition at the time, it is said, but up to the present the police, providing they know, have not divulged who his companions were. That these men were with him at the hotel has given bearing to the rumor that other men than Scott, Smith and MacAuliffe were in the building previous to the tragedy and to the finding of the body. It is safe to say that when the doctor awoke next Friday night a number of new faces will appear in the witness box.

Source of Liquor Sought. In an effort to secure some of the mysterious strangers the police are working on a new track. They are endeavoring to find the source of the liquor which figured in the Sunday night. While there is no doubt that MacAuliffe was heavily under the influence of liquor, there are grave doubts as to the intoxication of Scott and Smith. All sources by which the liquor could have been received have been traced up, but without result. As a last resource the police will fine-comb the district with the object of unearthing an alleged "blind pig" doing business in the vicinity of the oil company.

Bell was again refused the three prisoners whom he arrested in the police court yesterday, so any way he has to remain in the cells, at any rate, until Friday night. Counsel for Smith and Scott and counsel for MacAuliffe were present, but as Crown-

HAMILTON NEWS

Hamilton, Ont., August 27.—On the suspicion that he is a Turkish spy, Sam Johnson, alias Hassem, 31 South Walnut street, was remanded for one week when he appeared in the police court today on a criminal charge of vagrancy. Johnson, 24 years of age, claims that he spent twelve years in the French secret service, and when he came to this city a few weeks ago asked the aid of the police in securing an appointment with the Canadian secret service department. When arrested in the Royal Consuaght Hotel by Detectives Shirley and Smith he had an application for admittance to the United States secret service and \$3 in his possession.

While crossing the tracks at Stuart Street Station to meet his wife as she stepped off the train, David Caplin, 480 West Main street, was knocked down and cut in two by the incoming Muskoka express today. Those who witnessed the shocking affair believe that Caplin either did not see the train or thought that he had time to cross the tracks.

Thos. V. Holman, 167 Walnut street, sustained a fracture of the skull and a number of broken ribs when he was knocked down by a motor car driven by David Perry, 24 Jarvis street, near Red Hill. The condition of the injured man, who is about 50 years of age, is reported to be serious.

Proof that Hamilton has effectively dealt with the farming problem in the vicinity was given today by T. H. Willis, in charge of the local government employment bureau, who stated that there was hardly any demand for help now. Out of 230 circulars sent to surrounding farmers, offering co-operation with the bureau, 12 replies were received and only one man was employed.

There will be no extension in the matter of summer holidays, the schools opening as usual on Sept. 3. Pleading guilty to stealing three motor cars, Philip Young, East Cannon street, was remanded for sentence until tomorrow by Magistrate Jelfs. Norman King, 175 East Jackson street, who was charged with the "joy-riding" of a motor car, was found guilty also, and remanded for sentence.

One month in jail was the reward reserved by Magistrate Jelfs for a woman charged with the assault on a man, who was charged with the assault on a woman. The woman, who was charged with the assault on a man, was found guilty and remanded for sentence.

Attorney Washington stated that he was not going to take any chances with the prisoners, who are being held by a visit to the city hospital. Magistrate Jelfs remanded them again.

THIRTY-BUSHEL CROP OF ALBERTA WHEAT

Thrashing Will Be in Full Swing Throughout Province in Fortnight.

Winnipeg, Aug. 27.—A special despatch to The Free Press from Calgary, written by its commercial editor after a tour of southern Alberta, says: "Seventy-five per cent. of the wheat around Medicine Hat, Bassano, Bow Island, Lomond, Leithbridge, Nobleford, Rynmond, Magrath, and Carmangay is in stock and by the end of the present week the whole crop of the main line of the Canadian Pacific Railway to the international boundary will be safe from any serious damage from frost."

"This is more than two weeks earlier than last year. Thrashing will be in full swing by September 10. While the crop of wheat, taken as a whole, is not so heavy as last year, it will probably carry the largest percentage of No. 1 over produced in the territory, and in view of the lighter straw and good progress it will be possibly the most profitable crop ever had."

In summing up, The Free Press correspondent says that putting the lighter yields in the east against the tremendous yields in the west, the average of southern Alberta will be at least 30 bushels to the acre.

FAIR WHEAT CROP IN SASKATCHEWAN

Weekly Report of Provincial Government States Average Yield.

Regina, Sask., Aug. 27.—The weekly crop report issued today by the provincial department of agriculture indicates that harvesting is general in the province. Wheat on breaking and summer fallow is mostly good, and will be a good crop. The heavy rains early last week have been very beneficial for the late oats, which are picking up wonderfully, but will still be a short crop. Barley is being cut in a number of places, but will be below the average. Thrashing has started in some districts. Scattered hail storms have done considerable damage.

The southeastern part of the province will have a wheat crop average of 18 to 17 bushels, samples good. Oats and barley are looking up. In the south central cutting is in full swing, and some thrashing started. Oat crop short but sufficient for local requirements. East central: wheat cutting general; heads well filled; estimate placed at twenty bushels. Oats picking up.

In the central district a bad storm did considerable damage in the Sutherland, Aquist and Swanson districts. Wheat cutting is general and some thrashed grades No. 2 and No. 3. In the west central the yield is better than anticipated. The northeastern section is about average, 18 to 20 bushels. In the northwestern section about seventy-five per cent. of high-grade wheat is in stock. Oats are green but improving.

LIBERAL HOUSE OVER C.N.R. BILL

Closure Will Be Applied by Sir Thomas White Today.

(Continued from Page 1.) Mr. Stevens (Vancouver) came back from his visit to the Canadian Northern bill was engineered by and carried on in the interests of the Canadian Pacific Railway Company. He said that he favored the bill because it was a forward step towards the general nationalization of all the railways of Canada.

AD THE SITUATION IN BRITISH COLUMBIA

to show that most of the construction work for which the province had guaranteed bonds for the Canadian Northern had been completed.

Mr. Thomas, in closing, said that there had been an interminable discussion on section one, and unless his members were to remain in Ottawa all of the autumn, as well as the summer, some progress would have to be made. He, therefore, moved that clause one of the bill be not further debated at present, but that clause two be taken up for discussion.

Mr. Pugsley Not Sustained. Mr. Pugsley wished to start another debate on this motion, but Deputy Speaker Rainville, as chairman of the committee of the whole, ruled that it was not debatable. From this Mr. Pugsley appealed, and the Speaker being brought in the ruling of the chair was sustained, upon division, yeas, 42; nays, 21. A party vote, except the Conservatives (Assiniboia) and Clark (Red Deer) voted with the government.

The irrepressible Mr. Pugsley, quite unabashed by the ruling of the chairman and the vote of the committee, announced that clause two could not be intelligently discussed without also discussing clause one, and forthwith began a general discussion of the bill.

When Mr. Pugsley concluded, Sir Thomas White said that the Liberals had stated their intention to make the amendment to clause 2, and he thought they were likely to be gratified. He, therefore, moved that further consideration of clause 2 be deferred and that the committee proceed with the consideration of clause 1.

This motion was adopted, and the finance minister then moved an amendment to clause 2, of which he had formerly given notice. The amendment limited the wide power given to the governor-in-council to expend money in the purchase of equipment and payment of claims. Its terms the government is only authorized to spend \$25,000,000 until further authority is obtained from parliament.

Exact Figures. Mr. Macdonald (Victoria) then addressed the house, ignoring the amendment, but discussing the general principle of the bill. He figured out in some mysterious way that the liability to be assumed by the company, including the award to Mackenzie & Mann, would amount precisely to \$68,248,839.19. Upon this he argued that our national debt would reach the colossal sum of \$220,000,000 and that we would have to repudiate interest charges on the same.

Mr. Marcille (Sagot) followed in French. When he concluded Mr. Gauthier, Liberal member for Ste. Hyacinthe, rose to address the chair, but the deputy speaker, who was not looking for a moment later recognized Sir Thomas White, who moved that the committee now proceed to consider clause 2.

This was the signal for a dramatic scene of disorder which has not been equaled in the house since the closure rule was applied in the naval aid bill debate. Hon. Wm. Pugsley rushed from his seat and stood beside the deputy speaker, loudly protesting that the speaker was not looking for a moment later recognized Sir Thomas White, who moved that the committee now proceed to consider clause 2.

The deputy chairman's lips were seen to move, but no sound could be heard, and meanwhile Mr. Pugsley stood by him gesticulating furiously. "Call in the police," shouted some of the members. "Call in Mackenzie and Mann!" shouted back the Liberals, and then from the opposition benches came a tremendous roar of "Call in Clifford Sifton!"

For fully five minutes pandemonium reigned, and it looked for a time as though the session would have to be adjourned. However, the storm finally subsided and the motion was carried: Yeas, 44; nays, 25.

Before the deputy chairman finished reading clause four, Mr. Gauthier said a word of French to the members, and there was a tremendous howl from the Liberal benches when Sir Thomas White attempted to take the floor away from him again. The deputy speaker got into a wrangle with some of the French members and there being no understanding of the French by the government was absolutely helpless. The wrangle proceeded. Finally Sir Thomas gave it up in disgust and Mr. Gauthier proceeded to speak amid uproarious applause from the Liberal benches.

Mr. Gauthier was followed by Mr. Kyte (Richmond, N.S.), who argued at length that the government, having directed the attention of the people from economic problems by raising the consumption tax, was trying to smuggle a nefarious deal thru parliament. A further consideration of clause four, the final clause of the bill, was then postponed upon motion of Sir Thomas White.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

The British, advancing in a heavy rainstorm, attacked the Germans established east and southeast of Langemark in Belgium, and, according to the first and only reports received at the time of sending the official bulletin from general headquarters, they made satisfactory progress. The enemy attempted a raid on a British post north of Lens, but the defenders drove him off with losses.

The Belgian situation continues a delicate one, for until the British can drive the Germans off the one or two remaining ridges still held by the enemy, they cannot begin their direct operations on the Flanders plains. The Germans have seen the value of these remaining bits of dominating ground and they are disposed to hang on as well as at Lens, even at the risk of further losses from the French at Verdun or elsewhere. The inevitable doom of the German garrison. The Canadians could doubtless rush the collars and other underground recesses held by the enemy, but General Horne has probably balked at the losses which they would incur, and he has decided to let his big guns and his deleterious gas do the work of his infantry as much as possible.

The French, north of Verdun, have defeated several German counter-attacks in the region of Beaumont Village. They have taken 1000 additional prisoners. The crown prince appears to have allowed himself to be after the first big success and therefore to have neglected to reinforce his lateral. The French apparently are designing their latest strokes to turn the Germans massed in the region of Ornes, behind which the Verdun. The loss of the bulk of their artillery for their big effort to capture the enemy as captured documents show.

The Austrians have contrived to bring up reinforcements from some of the Plateau, but the Italians are forcing their way still onward in intense fighting. The Rome official communication asserts that the allies have further dented the enemy line in places and took 500 more prisoners. Count Cadorna is carrying on his offensive under conditions of the strictest secrecy known since the war began. The inference is that he is striving to win another still greater victory.

The Germans continue their restlessness on the eastern front, but so far they have done no vital damage to the Russian defences. Berlin reports transfer their activity to other sectors, with the usual initial success. The Rumanians have recaptured a lost position near Oena, in Bukovina, repulsing other attacks. The Russians, in the Caucasus, are engaged in a considerable advance in the mountain ranges between them and Kharput in a movement to enter the tablelands of Asia Minor, the chief home of the genuine Turkish peasantry. Over the country, the shadow of the inevitable that the Moslem soldiery is fighting. The present Russian advance may create a diversion against the projected attack on the British force in Mesopotamia.

RETURNED TROOPS ARRIVE AT QUEBEC

Nearly Twelve Hundred Officers and Men Reach Canada.

Quebec, Que., Aug. 27.—A White Star Dominion liner arrived here at midnight brought 195 officers and twenty Canadian army men of other ranks besides two hundred civilian passengers. Among the latter were Lady McBride, widow of the late Sir Richard McBride, who, up to a short while before his death in England, was representative of British Columbia in London, and at one time premier of British Columbia. Lady McBride returned with her six daughters and is on her way to her home in Ontario.

Among the returning Canadian soldiers is Regimental Sergeant-Major Marden who was wounded at Vimy Ridge and returned to the military cross for some exploit he modestly refused to speak about when approached, shortly after the steamer arrived. Presently he won the Distinguished Conduct Medal. In the South African War this warrior won the King's and Queen's medals with the seven clasps. He is back on short leave, recovering from wounds.

CANADIAN BRAVERY FURTHER EXEMPLIFIED

Canadian Associated Press Cable. London, Aug. 27.—The following further decorations have been awarded Canadians for various deeds of bravery: Distinguished Conduct Medal: Sergeant C. T. Beer, Engineer, exhibiting large blazing ammunition dump amidst continuous explosions. 47248, H. Cairns, recovering two guns and holding on, also wounded, until his ammunition was expended. Sergt. I. Greaves, for leading a bombing attack and capturing two guns, wiping out the crews and, also wounded, refused to retire. Corporal R. Hooten, Engineer, mining seven days prior to attack. Sapper C. Crowden, maintaining a whole week's work prior to our attack, thus insuring mines in readiness for firing the moment required. Corp. D. McEachern, Engineer, dragging a wounded comrade, caught in barrage over a hundred yards to safety, and investigating dug-outs and gas fumes and shell fire. Sergt. E. Steele, Engineer, opening mine shaft where five men were buried and rescuing them under heavy bombardment.

WHITE ANSWERS MURPHY

Sir Thomas White thought that Mr. Murphy was saying things. He read over the list of the noble 18 to prove that a majority of the noble 18 of the Liberal party in the Canadian House of Commons, the National Trust Company of the Canadian Northern Railway Company, the Dominion Bank, several of them were connected with other banks such as the Dominion, the Standard and the Sterling. The Govt. Bank of Commerce, he said, was not a Conservative institution. Two-thirds of its directors, Liberals, including Mr. McRae, M.P. for the riding of St. John's, was that a leader member of the Liberal party. The whole discussion, he thought, had been conducted in a pleasure way unworthy of the subject. He reviewed.

Mr. Murphy then proceeded to trace the history of the Canadian Northern legislation back to the anti-reciprocity fight in 1907. He said that the Canadian Northern bill was introduced by Sir Thomas White in 1911. He said that the bill was introduced by Sir Thomas White in 1911. EXHIBITION DAY STARTED ON THE ROAD TO SUCCESS

Duke of Devonshire Under Ideal Auspices Opens Canadian National Fair Which Promises To Beat All Records.

Yesterday's attendance at the Exhibition totaled 36,000, as against 32,500 for the same day last year. This constitutes a record, being the biggest opening day in the history of the fair.

Embodying to the fullest extent the development of Canada since confederation, enlarging upon its sphere of usefulness and emphasizing service and sacrifice as qualities of patriotic value, the 39th annual Canadian National Exhibition has started out on its mission to beat all records. Under auspicious circumstances and amid a blaze of splendor it was officially opened by His Excellency the Duke of Devonshire yesterday afternoon. The duke was deeply impressed with the fair and paid a warm tribute to the resourcefulness of the directors at the luncheon which preceded the opening ceremony.

Consideration year will be a year of achievement. It has been planned to reach the apex of success and if the success which accompanied the events of the opening day can be taken as an augury, the highest aspirations of the directors will be attained. The numerous buildings are filled to capacity. Indeed, as President Marshall declared at the luncheon, there are more exhibits than can be accommodated. The weather was ideal for the occasion and the ground never looked more inviting, with fountains and shrubs in luxuriant profusion and the lawn respondent with their carpets of green.

The great event of the afternoon was the review of the great War Veterans and veterans of other wars, by the duke, before the grand stand. It was a sight that instilled pride in the hearts of Canadians where more than 2,000 battle-scarred men who had bravely upheld Canada's reputation in France marched past the representative of the King. A crowd estimated at 25,000, a record for the grand stand on opening day, gave them an enthusiastic and fitting welcome. A feature of the review was the posthumous presentation of the much coveted Victoria Cross to J. J. Sifton of Wallaceburg. His Lance-Sergeant Ellis Wellwood Sifton, killed after he had performed the heroic act which won the decoration. After the presentation the proud father was the recipient of hearty congratulations and handshakes from the veterans.

His excellency arrived at the grounds at 12:55 and was received at the western gate by Mr. J. J. Sifton, Honorary Manager Kent and the directors of the fair. A guard of honor composed of 100 men from the physical and bayonet training detachment from Camp Borden, in charge of Major G. N. Bramfit from the Provision School of Instruction; Capt. G. C. Willis, 3rd Battalion, and Lieut. P. Blackey, also of the 3rd Battalion, was drawn up on the south side of the administration building and came to the salute as the duke arrived.

At the luncheon which immediately followed, President Marshall expressed his pleasure in welcoming the governor-general, who had attended the opening of the fair at considerable inconvenience to himself. Ottawa was a very busy place at present and it was possibly not as pleasant as it might be. The Exhibition, he told the duke, had been founded to encourage agriculture and to bring it into closer touch with the business man. It had developed by leaps and bounds until today there was not sufficient accommodation for the exhibits. It was the intention of the directors to add considerably to the acreage and buildings, but no step in this direction would be taken until after the war.

His excellency did not take the welcome in a personal manner, but rather accredited it to his position as representative of the King in Canada. He hoped during his tenure of office in the Dominion to identify himself closely with the Exhibition and its work. He had heard much about it and he was certain that when he made an inspection his appetite would be keenly whetted.

SCHOOL CHILDREN GUESTS OF THE DIRECTORS TODAY

Arrangements Carried Out to Make Visit to Canadian National Exhibition Memorable in Lives of Little Folk.

This is Children's Day at the Exhibition, and it is a foregone conclusion that it will be one of the greatest of the two weeks of great days which the National of 1917 promises to score up to its credit.

Today the boys and girls, from the tot in the arms of its mother to those of high school growth, will flood the grounds and take possession of the buildings; and there will be none to say them nay, for the exhibitors and their exhibits are all looking forward to having the children as their guests during the next ten or twelve hours.

There are no more critical critics anywhere than the schoolboy and schoolgirl, and none more alert to avail themselves of opportunities offered. So it is to be expected that they will enjoy the entire day's program. The model camp will find many admirers among the embryo soldiers of the empire, and the trap shooting tournament will also have its devotees. The various demonstrations and the wonderful spectacle of Canada's justice year before the grand stand are all waiting to give them pleasure.

Every child in Toronto is wanted—the gates are open to receive them. Let the record be a full roll call—not one absent.

Earl Grey, who he said had a great admiration for Canada, the duke stated that the former governor-general had told him before coming to Canada to visit the Toronto Exhibition whenever possible. At the present time, he said, development demanded their attention. The face of civilization had changed and was changing; they had many new problems and conditions, and many of them had changed their views held in pre-war days. He could not conceive of a greater work for the nation and the empire than that conducted by the Canadian National Exhibition. By its agency the question of production would be thoroughly altered.

Speaking of the fifty years of progress which had followed confederation, he said that when they looked at the marvelous achievements they were all convinced that the future of the country was bright. He knew of no occasion which took a more direct part than that for which they had assembled, and he hoped the great success it had been in the past.

Guests of Directors.

The following were the guests at the luncheon: Col. J. J. Sifton, Hon. J. H. Kent, W. K. McNaught, C. M. H. R. Frankland, Sam McBride, Jos. Oliver, Prof. J. C. Munro, Lieut.-Governor Sir John Hendrie, G. L. Englehart, B. H. Haney, Arthur Hewitt, F. G. Morley, S. R. Parsons, C.M.A.; Hon. I. B. Lucas, Hon. W. McArthur, Hon. W. D. McPherson, Hon. R. A. Fyfe, Sir Edmund Walker, Hon. Thomas Crawford, J. Antonio Munro, Cuba; Chevalier Ermanno, Hon. J. J. Sifton, Hon. J. H. Kent, Hon. W. K. McNaught, Lieut.-Col. S. P. Biggs, Lieut.-Col. Cowan, Col. E. H. Mackenzie, Lieut.-Col. W. J. James Grant, James Somers, Dr. Charles Hastings, Col. Sir Henry Pallat, Commodore W. Brent, R.C.Y.C.; E. C. Fox, Canadian Club; Major Lord Innes-Ker, Lieut.-Col. Allan, Major Storbell, Lieut.-Col. Wanklyn, Major Cruikshank and Col. Fraser, aide-de-camp to the Lieutenant-governor of Ontario, Mayor Church, Col. G. T. Denison, Gen. Logie, Dr. Kull Khan, Persian consul to the United States; Hartley H. Dewar, K.C.; Col. Osborne, Fire Chief Smith, E. S. Gourlay, Hon. Findlay Macdonald, Deputy Chief of Police Archibald, Sir John Willison, Sir William Mackenzie, Bishop Sweeney, and Professor Macdonald of St. Andrew's College, chief officials and members of the city council.

Opening Ceremony.

The duke and party then proceeded to the dactyl building, the amphitheatre of which was filled to overflowing for the official opening ceremony. On entering the building the huge audience and enthusiastically cheered the governor-general. Bishop Sweeney offered up prayers for the success of the allies and the Exhibition, after which the address of welcome was presented by President Marshall, who said in part:

The fervent patriotism of the house of Devonshire has ever been admired in Canada. Its democratic tendencies are traditions, but the realization of the deep sincerity and simplicity of your daily lives have been an inspiration to us and has sounded the very depths of Canadian hearts. You struck the note of harmony with the

EFFORTS TO IMPROVE HEALTH OF CHILDREN

Provincial Health Department Putting up Bigger Campaign Than Ever.

The provincial health department at their exhibition, in the government building are putting up a bigger campaign than ever before to safeguard the health of the child. Ministers side shows which change automatically, demonstrate the evils of airless sleeping quarters, the fly menace, right and wrong clothing. The heavy infant mortality, 3838 deaths in 1915, 3600 of which, it is claimed, were preventable is placed upon the fact that numbers of tiny figures trooped over a field, which represents the cemetery of children's diseases. An army of dolls, dressed to represent various stages of babyhood, each held banners by which they demand their rights. Some of the plea which are supposed to represent the needs of the children of Ontario are: "Give us sensible mothers," "Give us fathers who think," "Give us plenty of sleep," "Give us parents free from disease," "Give us plenty of fresh water, clean homes, and sensible clothes." "Nature-fab babies" is to be the slogan of the baby department this year, and emphasis is placed upon the fact that all babies need to drink water if they are to be kept in health. Dr. Smith of the Hospital for Sick Children is in attendance at this clinic daily to give free advice to mothers, and practical demonstrations of right and wrong methods of clothing and infant care will be given by trained health nurses.

LACE-MAKING EVEN INTERESTS MEN FOLK

Many Are Attracted by the Demonstrations in Lace Section.

All day yesterday interested little groups of visitors in the women's building hovered around the hand-made lace section, where two energetic workers were demonstrating the making of pillow lace, and they were not all ladies who hovered, one or two men stopped to ask questions, and one said reminiscently that he remembered the same lace being made in the country when he was a boy.

Some years ago she learned the trade when a girl in Bedfordshire, and since coming to this country has found a more ready market for her work, as 14 years ago in England, the trade in this hand-made lace which has been revived during the past five years, was in danger of dying out.

APPLIED ART EXHIBIT HAS MANY FEATURES

Lovers of the Antique Will Find Much to Interest Them.

Lovers of the antique and curious will find many interesting specimens of beautiful embossing and illuminating in the applied art building. These are arranged in the galleries of the eleventh and twelfth stories.

In the same building are examples of seventeenth century Persian art in pottery and ceramic.

Among modern pictures are many by local artists. Eugene Beaupre has several pencil studies of child life, and Estelle Kerr is showing a poster designed for the Serbian Relief Fund.

DUKE PERFORMS UNIQUE CEREMONY

Father of Man Who Fell Carrying Out Heroic Deed Receives V.C.

REVIEWS VETERANS

Remarkable and Inspiring Spectacle as Battle-Scarred Men Parade.

Spectacular and unique beyond those of any other year were features in connection with the opening of Canada's great national Exhibition. Brilliant blue sky and verdant green field over which brooded the dove of peace, were a wonderfully contrasting setting for the greatest gathering of war veterans ever collected to one centre in the Dominion of Canada, and no former opening witnessed as great a crowd on the grand stand as that which welcomed the more than two thousand veterans and saw the conferring of the Victoria Cross by His Excellency the Duke of Devonshire.

The program was scheduled to begin at two o'clock, but it was fully an hour before the vital things of the afternoon began to materialize. Meantime workmen within the ring were busy giving finishing touches and arranging material and paraphernalia for the many events to follow, and the coming of the band of the 109th was the signal for the first cheer that went up from the waiting crowds.

Cadets Appear.

First to appear before the grand stand were the Cadets, who made a brave showing in their uniforms of khaki and red as they marched along the campus in double file. They came to a position of ease facing the many admiring thousands of Toronto's citizens and making a striking background for the girls of the schools, some five hundred in number, who later marched to the scene, making their summery dresses of white and graceful springing step, one of the 10th Battalion, whose wonderful feat on the battlefield in the performance of which he lost his life and won the Victoria Cross, has now brought to Canada, one of the most signal honors recorded to her credit. Among the group were two uncles, Frank Sifton, and his wife, of St. Evans, and Harry Sifton of Highgate, a sister-in-law, Mrs. W. C. Sifton, of Port Hope, Harry Sifton of Palmyra; Mrs. Hobbs of London, a daughter. Later the group was joined by J. J. Sifton of Wallaceburg, Ont., father of the hero, to whom the Victoria Cross was given as the nearest kin to his son. A pathetic little figure was that of Mrs. J. A. Sifton, mother of the hero, who had come to receive the Carnegie medal won by her husband in a brave attempt to save the lives of three women at Grand Creve. The group to the decoration Mrs. Fraser gets a pension.

In conferring the decorations, his excellency was accompanied by the Lieutenant-governor, Sir John Hendrie; Noel Marshall, president of the Exhibition, and a number of officers of the staff. The presentation, by reading of an accompanying letter which told of the conspicuous valor of the winner, and stating that he had charged single-handed a crew of a machine gun, killing the entire crew and doubtless thereby saving many lives. The duke shook hands very cordially more than once with Mr. Sifton and was evidently very much moved in the performance of his office. Mr. Sifton received the decoration and letter with quiet dignity, bowing slightly to the crowd as soon as the great cheer which went up from the surrounding multitude had subsided. The sincere applause which the appreciation of their dead comrade was received by the thousands of soldiers present was a remarkable tribute to the generous admiration that the men of the empire have for the brave act of one of their number. Other decorations conferred were the Carnegie medal, given to Mrs. Fraser; the Military Cross to Lieut. Brody, and the Military Medal to Lance-Corp. Ransom.

At the conclusion of the conferring of honors, the vaudeville performance before the grand stand was continued, some very clever acrobatic feats drawing forth enthusiastic applause, and the military ride with the splendid horses attached to the gun carriages of the artillery, winning for the riders vociferous recognition from the grand stand benches. From a point of vantage near the judges' stand, his excellency watched the manoeuvres, and was evidently impressed by the skill and dexterity of the horsemen.

W. H. STAIRS FIRST TO ENTER GROUNDS

"Fine Sight," He Observes, as He Surveys Green Plazas and Decorated Buildings.

SCENE TRANSFORMED

Finishing Touch Given by Mechanics and Fair in Full Swing by Noon.

"A fine sight," observed W. H. Stairs, as he strolled thru No. 11 gate on the west side of the Dominion street entrance of the Exhibition grounds at 7:50 yesterday morning, and surveyed the splendid array of buildings of the C. N. E. The beautiful grounds and the patriotic fluttering everywhere in commemoration of allies arms and Canada's contribution year. Mr. Stairs is an American engineer, and has traveled extensively. He enjoyed the honor of being the first man in the fair. He was enthusiastic at his first glimpse of Canada's national fair when he met The World after his debut. "I have seen many exhibitions in many various places around the American continent, and I may say in all fairness that none can surpass this splendid spectacle."

The sight of Old Glory ranged alongside the other flags of the allies and waving proudly in the breeze, evoked the patriotic exclamation: "I sure am glad to see that old flag up there!"

The first woman to enter the Exhibition grounds was Mrs. Martha Castelman of Ontario, She and her husband came in by No. 11 gate at 8:04 yesterday morning. Mrs. Castelman is a native of Ontario, and Mrs. Castelman are here for the week.

In defiance of the dark clouds and the heavy rain which preceded the dawn and threatened to make the miserable sun show out as the hour of opening drew night, and the thirty-ninth anniversary of the Canadian National Exhibition was celebrated under a smiling sky.

In Full Swing.

While the opening hours of the Exhibition showed no pronounced rush of visitors, as the morning advanced, the click of the turnstiles increased, and a steady stream of people poured thru the gates. Everywhere pervaded an air of gladness. The grounds were packed with merchandise of every description lined the thoroughfares, and the heavy rain which preceded the dawn and threatened to make the miserable sun show out as the hour of opening drew night, and the thirty-ninth anniversary of the Canadian National Exhibition was celebrated under a smiling sky.

The officers of the Exhibition are optimistic regarding the success of this year's event, and every eye is directed toward the goal of desire, the "million market." Efficiency, energy and courtesy will do the trick, if only the weatherman will co-operate in the matter.

CARPET-MAKING MACHINE IS MARVEL OF INGENUITY

Toronto Carpet Company Has Interesting Exhibit in Process Building.

One of the most complete and interesting exhibits in the process building this year is that operated by the Toronto Carpet Manufacturing Co. Limited.

In it will be seen carpet machinery ranging from the old-time hand loom, which performed such good service in the days of confederation, to the latest word in carpet weaving—a huge loom for weaving nine feet wide seamless Wilton rugs.

This latter machine, which was formerly the product of German machine shops, but is now being built in Canada, is a marvel of ingenuity, and must be seen in operation to be appreciated.

In the manufacturers' building, also, the Toronto Carpet Manufacturers Company have a complete display of the latest styles in high-grade rugs. These goods are manufactured in their factory at Toronto, and are produced by Canadian designers and operators for the particular requirements of Canadian homes.

The Amputation Cases of the War Veterans Who Were Driven to the Exhibition by Owners of Hudson Super-Sixes and Other Cars. The Event Was Under the Supervision of Mr. A. M. Thompson, Vice-President and General Manager of the Dominion Automobile Co.

The people in the grand stand were thrilled as automobile after automobile whirled by yesterday previous to the opening performance, each containing its load of wounded soldiers known as "amputation cases." At the request of the Exhibition authorities Mr. A. M. Thompson, the well-known manager of the Dominion Automobile Co., called up his many friends, owners of Hudson Super-Sixes and other cars, who very graciously consented to loan their cars for the occasion. The boys were collected from the College and Davisville Hospitals, conveyed to Queen's Park, and from there were driven to the Exhibition to be reviewed by His Excellency the Duke of Devonshire, Sir John Hendrie, Col. Noel Marshall, Hon. T. W. McGarry, Hon. I. B. Lucas, George Gooderham, John G. Kent and others.

FIRST-DAY CROWD BIGGEST IN YEARS

Number of Visitors at Hotels Greatest Since Nineteen-Thirteen.

TAXED TO CAPACITY

Reservations to Keep Almost All Rooms Occupied for Two Weeks.

That the attendance at the Canadian National Exhibition, which opened yesterday morning for two weeks, will exceed that of last year, was forecasted last night when hotel managers and clerks announced that the largest crowd of visitors since 1913 had sought accommodations on the opening day of the annual fair.

It is the first time within the memory of hotel clerks that so large a number of visitors have arrived in Toronto on the opening day of the two weeks' annual event, and they are the belief that this fact forecasts an unusually large attendance for 1917, which may prove a record-breaker in attendance figures.

Many of the visitors who arrived yesterday included an unusually large number of Americans. Clerks estimated that the number of Americans who reached the exhibition yesterday was about 10,000, and that the number of people who arrived on any single day last year.

Cully Ross and the management of the Canadian National Exhibition are to be congratulated upon the excellence of the grand stand performance this year. It is a spectacle of much historic importance, being reminiscent of old Quebec, and singularly appropriate for this, Canada's Centennial year.

The jubilee spectacle is presented by 1200 performers, and is engineered on the same magnificent scale as the exhibition. There is no stint, and the exhibition patrons leave the big show filled with raptures.

Washington, Aug. 27.—Signs were in evidence today of the despatch of President Wilson's reply to the peace proposals of Pope Benedict at an early date. Officials conceded the probability of the early completion of the communication, indicating that the president and Secretary of State Lansing at least have agreed upon the basic features of the reply, so that what remains to be done is to put these ideas into diplomatic language.

GOOD PROGRESS MADE ON THE BRITISH FRONT

Enemy's Positions Near Langemark Attacked and Slight Advance Made. London, Aug. 27.—The official report from British headquarters in France tonight reads: "A heavy rain has fallen through the day. This afternoon our troops attacked the enemy's positions east and southeast of Langemark. First reports indicate that we made satisfactory progress. The enemy attempted a raid on one of our posts north of Lens this morning, but was driven off with loss. Bombing raids and observation work for the artillery were carried out vigorously yesterday by our airplanes. The enemy's batteries, transport, and infantry were effectively engaged with machine gun fire. During the fine intervals the enemy aircraft were active and aggressive. In the air fighter four German airplanes were brought down; three others were driven down out of control. Two of our machines are missing."

WOODSTOCK BAKERS COMPELLED TO DOUBLE WAR BREAD OUTPUT

Special to The Toronto World. Woodstock, Aug. 27.—The sale of "war bread" by the bakers, which was inaugurated Saturday, has proved a great success; so much so, in fact, that it is as if "war bread" is on the market today. There was such a demand for the bread that the bakers called on today to double their output. The bread sells for the same as the white-ten-cent flour, 50 per cent, whole-wheat flour, 30 per cent, oatmeal, rice flour and corn flour, approximately 7 per cent, each.

REEVE BY ACCLAMATION

Special to The Toronto World. Woodstock, Aug. 27.—James Wellwood of Raleigh was today elected to the reeve-ship of that township to fill the vacancy caused by the resignation of Levee L. Pardo, who was recently appointed superintendent of roads for Kent County. Snoch Broadbent, deputy reeve of the township, who was to contest the seat with Wellwood, withdrew, the latter securing the seat by acclamation.

WOODSTOCK SCOUTS COMING

Special to The Toronto World. Woodstock, Aug. 27.—At the invitation of the Toronto Scout Council, the local boy scouts will leave for the Queen City early tomorrow morning, and will take part in the big review in the afternoon before the Duke of Devonshire at the Exhibition. The boys will camp at Exhibition grounds for the night and return home Thursday. The Rev. D. Wallace Christie, scoutmaster, will be in charge. The boys will sport a new banner which just arrived from England today. It is a green flag, with a yellow fleur-de-lis in the center, bearing the motto, "Be Prepared."

KITCHENER POPULATION GROWS

Special to The Toronto World. Kitchener, Aug. 27.—An incomplete assessment returns for this city show an increase in the population of Kitchener of 161. These returns are from three of the four remaining wards which bring the increase to over 200. Full test collections have been especially heavy this year. The collector expects to exceed this estimate by 2000. The amount collected this year is far in excess of last year.

YORK COUNTY AND SUBURBS

NEW TORONTO MAY BECOME A TOWN

Board of Trade Appoints Committee to Push Incorporation. BYLAWS DISCUSSED Arrange Public Meeting So That School Board May Be Heard.

Important civic questions relating to the incorporation of New Toronto as a town, the changing of its name, the lifting of the ban on a public meeting to discuss the two money bylaws to be voted on Sept. 15 and acted upon by the Board of Trade at its meeting on Sept. 15.

Against this, George H. Lucas spoke, pointing out that it would mean more liabilities for New Toronto, because Long Branch would need sewers, water and gas, but for incorporation, "there is no valid objection."

The motion was then unanimously passed by the board. The board also authorized a committee to be formed to study the question of the incorporation of New Toronto, and to report to the board on or before Sept. 15.

Mistake in Wording. Both John Gaudin and George Ironsides cleared up the situation by telling the board that it was a mistake in the wording of the original resolution that had caused the taking of a vote on it.

On a motion of George Ironsides, the board voted in favor of holding a public meeting on the night of Sept. 12, when both town and school officials would be present.

Attacks upon Sir Henry Drayton and the Dominion Railway Board for refusing to lift the embargo on stone cars followed.

On a motion of Edgar Appleton, a resolution was passed to demand of Ottawa immediate relief. He launched the criticism, which was followed up by President Andrew and Geo. Scott, the town clerk. The latter was in favor of a deputation going to Ottawa to place their case.

The next body to be hit was the Toronto and York Radial Company, on the ground of poor service to the people along the Lake Shore road. No definite answer, however, made by the board, as George Scott advised waiting until the pending motion relative to the radial and consent was disposed of by the Ontario Railway Board, now in session.

WESTON TOWN COUNCIL HONORS REEVE'S MEMORY

Passes Resolution of Sympathy With Widow of Late Charles Silverthorne. At a special meeting of the Weston Town Council, held last night, George Keys of Weston was given the contract for the heating system to be installed in the council chamber, auditorium and fire hall.

In honor of the late Reeve of Etobicoke Township, Charles Silverthorne, the council passed a resolution of condolence and sympathy to be forwarded to Mrs. Silverthorne. He was spoken of in high terms by the councillors, and sincere grief was expressed at his sudden death.

Offers Prize for Name. It was reported yesterday in New Toronto that J. P. Brown, of Brown's copper and brass rolling mills, has offered a prize of \$100 for the most suitable name to take the place of "New Toronto," as soon as the council authorized the change. Chief Librarian Locke is named as the judge.

Charge Was Mistake. Mrs. William Moir, of 39 Seneca street, Fairbank, whose husband was killed at the front, stated that the tolls on the message announcing his death which she paid to the C.P.R. had not been returned, there having been an error on the part of the messenger in making delivery charges.

NEW ASSOCIATION FOR EARLSCOURT

Inaugural Meeting of Citizens Committee Held Last Night. SCORE COAL DEALERS Decide to Hold Mass Meeting and Invite the Fuel Controller.

A meeting of representative citizens of the Earls Court district was held last evening in the Royal George Chambers, corner of St. Clair avenue west and Dufferin street, when a new organization was inaugurated under the title of the Citizens' Committee of Earls Court, having for its object the discussion of live questions of interest to the residents of the northwest section.

The following officers were elected: President, Geo. R. Doolan; secretary, R. D. Lloyd; treasurer, T. S. Smithbone; executive committee, W. H. Thompson, Robert Saragatovich, P. J. Piley, Doolan, T. Williams, J. Jennings and S. Walker.

Price of Coal. W. F. Doolan pointed out that, according to official statistics, the price of coal delivered in Toronto depots was \$6.50, and that there was an unjust margin of profit charged at present rates to householders, \$2.50 and \$3.00 per ton.

Other speakers were equally emphatic in their condemnation of the coal dealers, claiming that they were holding back deliveries and jumping prices upwards. It was decided to hold a mass meeting of the citizens in Earls Court school, when Fuel Controller McGrath will be invited to be present and explain the present situation and state what action he is taking to secure supply to the people at a fair price.

Score Coal Dealers. The following resolution will be submitted to the meeting by T. S. Smithbone: "That the Dominion Government be requested to make it a criminal offense for commodity speculators to speculate with the commodities of the people while the war is on."

ALLEGED COLONEL HELD BY POLICE

Arrested by Request of Officers, Who Question His Right to Uniform. Benjamin Edward Parkinson, who was arrested by Detective Levitt Sunday evening in a down-town hotel on complaint of two officers of the American army, is being held in custody under the name of a deserter from the American army.

By the order-in-council recently passed the rear-of-allies is given power to dispose of the suspected deserter. The latter having any resources to the contrary, Deputy Chief Archibald who is in charge of the American military authorities at Washington, Parkinson claims to be a deserter from a home guard and scout militia unit in New Waterford, Ohio.

Get Fine Return. D. Lloyd of Newmarket, who owns a field of six acres within the limits of the town, last fall sowed it with wheat. Last week he threatened the holder of the great quantity of bushels to the acre. The wheat was a good sample.

Fire Brigade's Practice. New Toronto's newly organized fire brigade held its initial practice with the new equipment last night. The practice was held at the intersection of the new station and 18th street, a distance of over half a mile, being covered in exactly nine minutes.

Police Have Quiet Time at Exhibition. The police force had a quiet time at the Exhibition yesterday. Two cases of epileptic seizures were reported to headquarters, but neither was of a serious nature.

Accused of Shoplifting. Charged with shoplifting Joseph Joel, aged 38, who gave his home address as 288 Ossington avenue, was arrested in a downtown store yesterday afternoon by Detective McConnell. Joel has a police record for theft and when arrested had a quantity of goods in a motor car outside of one of the stores. He is alleged to have entered one of the large departmental stores with a bag and put \$45 worth of goods into it and carried it to the car. He then proceeded to another store and was caught while leaving three medals, one of which had been received for sharp shooting and

Are Still Using the Can-Opener. Despite the fact that Hon. W. J. Hanna, Dominion food controller, announced last Thursday an embargo on the sale of certain canned goods, such embargo to be effective from last Friday until Oct. 15, no official order has yet been received. The canners, wholesale and retail grocers were told by Mr. Hanna that the order would come thru from Ottawa within two days of the meeting on Thursday last but up to last night no order was received nor any further word from Mr. Hanna regarding the matter.

By the order-in-council recently passed the rear-of-allies is given power to dispose of the suspected deserter. The latter having any resources to the contrary, Deputy Chief Archibald who is in charge of the American military authorities at Washington, Parkinson claims to be a deserter from a home guard and scout militia unit in New Waterford, Ohio.

Get Fine Return. D. Lloyd of Newmarket, who owns a field of six acres within the limits of the town, last fall sowed it with wheat. Last week he threatened the holder of the great quantity of bushels to the acre. The wheat was a good sample.

Police Have Quiet Time at Exhibition. The police force had a quiet time at the Exhibition yesterday. Two cases of epileptic seizures were reported to headquarters, but neither was of a serious nature.

Accused of Shoplifting. Charged with shoplifting Joseph Joel, aged 38, who gave his home address as 288 Ossington avenue, was arrested in a downtown store yesterday afternoon by Detective McConnell. Joel has a police record for theft and when arrested had a quantity of goods in a motor car outside of one of the stores. He is alleged to have entered one of the large departmental stores with a bag and put \$45 worth of goods into it and carried it to the car. He then proceeded to another store and was caught while leaving three medals, one of which had been received for sharp shooting and

Are Still Using the Can-Opener. Despite the fact that Hon. W. J. Hanna, Dominion food controller, announced last Thursday an embargo on the sale of certain canned goods, such embargo to be effective from last Friday until Oct. 15, no official order has yet been received. The canners, wholesale and retail grocers were told by Mr. Hanna that the order would come thru from Ottawa within two days of the meeting on Thursday last but up to last night no order was received nor any further word from Mr. Hanna regarding the matter.

CONIAGAS OPTIONS

MAIDEN McDONALD

Developments at Anchorite

Warranted Acquisition of Adjacent Claims.

It is reliably reported that the Coniagas have taken an option on the Maiden McDonald claims in the Coniagas area...

Development of machinery at the Anchorite property is being pushed. The road south from Dons Lake, also graded, is comparatively unsatisfactory condition...

The Anchorite has been extensively tested by drilling and from results obtained in the prospect at the 100-foot level, there would appear to be an excellent chance of its developing into one of the important properties of the camp.

Manufacturer's Samples of Women's New Fall Suits at \$16.95

This Price Means a Big Saving on Every Suit

There will be 75 happy women in Toronto today—they will be the purchasers of these beautiful new suits. They have served their purpose as samples in the manufacturer's showroom, and we secured them at a big discount. That is why the price of such high-grade new suits will be only \$16.95. Everyone knows that samples are perfectly fashioned and tailored, making them most desirable. Of these we have only one, two and three of a model, and only in sample sizes, 34, 36 and 38. Materials are serges, poplins and gabardines, in black, navy, brown and green. Every suit perfect—and every suit a rare value at the price.

Another Sale of Sample Boots Today

In Which Women Can Secure the Most Fashionable High-grade New Fall Boots, Dollars Less Than Usually

No Phone Orders No C. O. D. Orders

Another firm that makes women's high-grade boots sold us their fall samples, enabling us to place on sale a great variety of Fall and Winter Boots; every pair at dollars less than they would cost you if they were not samples. Button and Lace Boots, Fall shapes. Because the sample sizes run only in 3 1/2, 4 and 4 1/2, we shall add several hundred pairs of American Boots of equal value, so that women wearing any size from 2 1/2 to 7 may share in this splendid bargain. **8.30 a.m. sale 3.24**

The Fashions in Tailored Hats Are Now on Display

The simple, unadorned tailors' hat is the fashion of the day. Therefore we have extended that section of our Millinery Department, and obtained all the latest and most exclusive types of plain hats from Paris, London and New York. Sailor shapes, beautiful in line and coloring, softly draped, close fitting hats always becoming, and smart hand block shapes; made of rich silk velvet and silk beaver in a range of Autumn colors. Priced from \$5.00 up to \$15.00.

Exhibition Special—Tailored Hats
 By making up these hats ourselves we are able to make this astonishing offer for today of New Fall Hats at \$5.00. They are made of Lyons silk velvet, including the velvet draped effects, satins and tam crown hats, suitably trimmed and finished with corded ribbon bands and novelties. Special. **5.00**

Everyday Suits of Splendid Style and Quality \$10.75

This morning we place on sale a lot of Men's Suits that are so much better than what is usually offered at this price as to make this a most uncommonly special value.

They are all nice, clean, new suits, never shown before. All made of serviceable tweeds of Fall and Winter weight in really attractive patterns. One is a neat brown mixture, another a dark grey with small broken patterns, still another is a medium grey with a blue stripe, etc. The style is the usual conservative 3-button, single-breasted coat, single-breasted vest and regular trousers with straight bottoms. Sizes 36 to 44. If you want a good, durable, neat appearing suit at a very low price, get one of these today at... **10.75**

\$1.00 for Men's Fall Underwear

The reason why we mention this line of shirts and drawers is because they are better than the kind ordinarily obtainable at this price. Made of Fall weight natural wool, perfectly finished. Per garment... **1.00**
