LEAGUE DESIGNS COURT OF JUSTICE FOR ALL NATIONS

Plan Still Lacks Obligatory Appearance, and Penalty for Ignoring Decision.

EFFECTIVE IN SEPTEMBER

Geneva, Dec. 13.—The assembly accomplished today the first important constructive act in the work of the League of Nations in adopting a statute for a permanent international court of justice. The organization as planned still lacks the obligatory appearance of both parties to a dispute, and provides no penalty for non-compliance with the decisions of the court.

The advocates of the project, however, believe that it is the most complete plan that could be accepted by the different governments, and are confident that the goodwill of the nations will remedy its defects. The plan will go now to the different states for ratification.

Some of the speakers made reference to the small majority in the committee which had forced a large minority to bend to its will. It was also pointed out that the big powers had used their greater influence to defeat the most important features of the measure.

U. S. HOUSE PASSES IMMIGRATION BILL

Goes to Senate After Attempt to Make Period of Exclusion Two Years.

Washington, Dec. 13.—The house today transmitted to the senate the Johnson bill, prohibiting practically all immigration to the United States for a period of one year. The vote in the house on the measure, 293 to 41, brought to an end more than three days of heated debate on immigration affairs. It also followed futile attempts by the bill's supporters to lengthen the prohibition period to two years, as originally proposed.

Will Shoot 40 Sinn Feiners If Kidnapped Man Not Freed

Cork, Dec. 13.—Late today a notice was received for publication by The Echo, saying that if a young member of the editorial staff of The Cork Constitution named Horgan, who was kidnapped several weeks ago is not returned by four o'clock Tuesday afternoon forty Sinn Feiners will be shot in their beds.

Employment Agencies Report Movement From Toronto Is Greatest in Six Years—General Survey to Be Made in City to Reveal All Possible Sources of Employment.

That the unemployment and distress situation in Toronto is on the way to relief, is evident from a survey made yesterday. It has been found difficult to provide employment of a "permanent" order, but there has been less trouble in ensuring temporary relief.

HOME RULE BILL WILL PASS LORDS

Is Expected to Go Thru With a Few Modifications, Including Second Houses.

London, Dec. 13.—In the house of lords today the report stage of the home rule bill was taken up. The third reading of the bill is scheduled for tomorrow.

OIL FIELD PLANES ARRIVE THIS WEEK

Two Machines Due in Edmonton—Are All Metal—Six-Passenger Style.

Peace River, Alta., Dec. 13.—Work has already begun on an air harbor at this point, in line with the announcement from Edmonton of the proposed inauguration of an air force to the Mackenzie oil fields. A site for a landing place and aerodrome has been secured, and operations are under way for the construction of buildings that will form the southern terminal of the new aerial transportation system.

EXPRESS FIRMS' FIGURES CHALLENGED BY GEARY

In Presenting Toronto's Objections to Increase in Rates, Corporation Counsel Also Declares Railways Absorb Too Much of Companies' Earnings—Hearing Over Until Next Week.

Ottawa, Dec. 13.—(By Can. Press.)—Argument by counsel in the express rates case was adjourned at five o'clock this afternoon until Tuesday afternoon, because tomorrow forenoon the railway commission will confer with the representatives of the various bodies interested in the general freight rates inquiry shortly to be commenced, and which will deal with the question of discriminatory rates as between the east and the west, as well as other matters. A large array of counsel and business men from all parts of the Dominion is expected to arrive in the morning, and many suggestions as to the proper method of procedure to be adopted will likely be made.

Kingston, Ont., Dec. 13.—(Special.)—Mayor H. C. Nickel was waited on by two deputations today and will go to stand for a second term, and will give his answer tomorrow. Ex-Alderman Samuel Corbett has been asked to be a morally candidate for the Independent Labor party.

SAYS TRUE TEMPERANCE ENDANGERED IN ONTARIO

Col. W. H. Price, M.L.A., Scores Liquor Law Administration of Drury-Raney Regime—Says Biggs Takes Palm for Spending "Money Like Water on Scattered Roads."

Sarnia, Ont., Dec. 13.—(By Canadian Press.)—Col. W. H. Price, M.L.A. of Toronto, addressing a Liberal-Conservative rally here tonight, compared the methods of the late Hon. W. J. Hanna, dealing with the liquor traffic, with those of the Drury-Raney regime. To the latter, he said, the vast majority of the people were strongly opposed. Prohibition, which had come in strongly, began to lose its effect when the U.F.O. came into power.

Agreement Between Grower and Proposed Corporation Is Prepared.

BUSINESSLIKE PLANS

Winnipeg, Dec. 13.—(By Canadian Press.)—Steps to effect the pooling of the wheat not only of western Canada, but of Ontario, have been taken as a consequence of the decision arrived at, at the recent meeting of the Canadian council of agriculture in Winnipeg, and a tentative form of marketing agreement between the individual grower and the proposed United Farmers' Grain Corporation, has been prepared.

EYEWITNESS OF CORK FIRES SAYS MUCH PROPERTY CARRIED OFF BY LOOTERS

Cork, Dec. 13.—Eye-witnesses of the burning of Cork graphically related how men, masked with scarfs, removed the loot from the flame-engveloped shops. Some of them had leather bags overflowing with plunder and additional plunder slung over their shoulders. It is reported that a large number of the employees of the destroyed establishments, anticipating their destruction, insured their salaries with British companies.

GERMANY SCOUTS LEAGUE COUNCIL

Want Eupen and Malmédy Plebiscite Protest to Go to Assembly.

WANT EUPEN AND MALMEDY PLEBISCITE PROTEST TO GO TO ASSEMBLY

Geneva, Dec. 13.—The general secretary of the League of Nations today made public another note from Germany, demanding that her protest against the approval of the plebiscite in the Eupen and Malmédy districts, on the Belgian border, be communicated to the assembly.

PRESENTS NOTE OF PROTEST

London, Dec. 13.—The German ambassador at London delivered a note today to the British government protesting against the decision of the allied powers that the plebiscite in upper Silesia shall be taken on different days with voters placed in categories according to their length of residence. The note declares that this violates the Versailles treaty.

BLUE PRINTS!

Montreal, Dec. 13.—There's a new move on among newspaper profiteers; if they can't make a killing out of their non-par-value shares, why not cancel them and give the mills a chance of paying something on the original issue? Why be water-logged with non-earning shares which they may have to sell at waste paper prices?

SPENDING MONEY LIKE WATER

His department had spent \$6,000,000 on different roads so widely scattered that the money was simply wasted.

BINBROOK OPENS MEMORIAL HALL

Manning Doherty, in Dedication Speech, Refers to Unemployment Situation.

Hamilton, Dec. 13.—(Special).—Binbrook residents who subscribed \$20,000 to the memorial hall fund today honored the brave boys of the municipality when the hall, which was recently completed, was dedicated in the presence of prominent speakers, and hundreds of relatives and friends of the boys. During the war 503 Binbrook sons left their homes and 12 of them were called upon to make the supreme sacrifice. Tablets containing their names were placed in an honored position in the hall and these were also unveiled this afternoon. The ceremony was a most impressive one. Among the speakers were Hon. Manning Doherty, minister of agriculture; George Hogarth, chief engineer of the Ontario highway department; Col. J. J. Grafton, Major Armand Smith, Rev. Andrew Robb and Reeve Hugh Johnson, Binbrook. Col. Grafton was in the chair. Some Work on Farms. Reference was made by the government representative to the unemployment situation, but nothing new on the situation was given. It was stated that the unemployment situation would be relieved to a certain extent if the men who were out of work would accept positions on the farms. Mr. Hogarth said he thought that the government could give many men employment in connection with the roadway scheme. The hall will be used as a community building. It has a fine basement, with suitable rooms for dances or meetings upstairs. It is a credit to the township and a suitable memorial to the brave boys who lost their lives overseas. Much of the credit for its erection is due Reeve Johnson, who suggested the scheme and stood loyally behind it until the hall was completed.

START UNEMPLOYED MEN ON NEW WORK TODAY

Hamilton, Dec. 13.—City Engineer E. R. Gray announced tonight that he would be able to start 100 men tomorrow morning on the Homestead water main work. Work will also be found for two or three shifts of men with other city work to help out the present situation. Returned soldiers and men with families will be given the preference and only residents of Hamilton need apply.

Ring Worth Thousand Sells for Two Hundred

Montreal, Dec. 13.—Mr. Justice Dugas dismissed with costs today the action in which H. P. Phillips of Boston, Mass., sought to recover from Rose Vineberg possession of a diamond ring, valued at \$1,000, which plaintiff alleged he pledged with defendant at the latter's store here for \$200. The judge said plaintiff came here from the dry, arid areas of Boston to enjoy the hospitality of Montreal. Being without funds after a good time he raised \$200 on the ring and now claimed that he had pledged and not sold it. Judge Dugas found for defendant, that the ring had been sold.

Tariff Commission Meets In Kingston Next Monday

Kingston, Dec. 13.—It is announced today from Ottawa that the postponed meeting of the tariff commission in Kingston will be held on Monday afternoon next in the board of trade rooms. The mayor's banquet will be held that same evening, and it is expected that all the members of the commission will be guests at that banquet. Sir Henry Drayton will be one of the speakers.

HOLD TURKEY FAIR

Kingston, Ont., Dec. 13.—(Special).—A turkey fair was held in Lyndhurst and the sum of \$3000 was realized. The prevailing price was 48 cents to 50 cents. American buyers bought the bulk, as on account of the exchange they were able to pay the highest price.

FAMILY NEARLY HIT BY TEN-POUND SHELL

Kingston Ma. Has Narrow Escape During Brooklyn "Bombardment"—Breaks Through Roof.

Kingston, Ont., Dec. 13.—(Special).—Justice of the Peace George Hunter, who recently went to Brooklyn two months ago to reside with his son, Dr. Harry Hunter, came within an inch of being killed in the recent explosion there when a shell weighing ten pounds was driven through the roof of their home and passed to the cellar, only missing Colonel and Mrs. Hunter by a few yards. At the time the shell hit the house the members of the Hunter family were holding a birthday party in honor of Mrs. Hunter. The ten-months-old baby of Dr. and Mrs. Hunter was asleep in its cot on the second floor and a 15-inch shell crashed through the roof, passed down through the room where the baby was sleeping, missing it not by two yards.

SAMUEL J. DICKSON NEW POLICE CHIEF

Assumes Office in Few Days—Other Promotions Also Made.

The six months' leave of absence granted to Chief of Police H. J. Graessit by the police commissioners will expire on December 13, and Acting Chief of Police Samuel J. Dickson will, on that date, become Toronto's chief of police. At the same time Acting Deputy Chief Langford R. Geddes will be appointed deputy chief constable and Acting Inspector J. J. Deasy will become acting assistant deputy chief. Acting Inspector N. Guthrie will become inspector to succeed Deputy Chief Dickson. Chief Dickson will be the first man to rise from the beat to the office of chief constable and his promotion is extremely popular in police circles, as he is highly respected and well liked by all branches of the force. Like the acting chief, the new heads of the police force have all risen from the ranks.

SAYS ONTARIO CABINET BUNGLED ON EMBARGO

Ottawa, Dec. 14.—The Ottawa Journal this morning publishes the following: "That members of the Ontario cabinet have injured Canada's chances of having the British embargo on Canadian cattle removed by public declarations that have antagonized the British minister in London, giving the opinion of the British minister of agriculture, Lord Leith, according to the despatches, exhibited surprise and statements made by provincial politicians to the effect that they were succeeding in compelling the British government to alter its position, and pointing out the matter was one which could be negotiated by the Dominion government alone."

ROBBED FIVE HOUSES AFTER BREAKING JAIL

London, Ont., Dec. 13.—Vincent Strong, aged 20, of Chicago, who escaped from jail here last month and later was recaptured, was this afternoon, at the county criminal court, found guilty on the fifth charge of housebreaking committed during the time he was free. CORK RESEMBLES EARTHQUAKE CITY

Blocks of Business Premises in Main Artery Wiped Out.

Cork, Dec. 13.—More than three hundred buildings are said to have been destroyed in the fires which yesterday laid waste a great part of this city. St. Patrick street, one of the main thoroughfares of Cork, this morning presented the appearance of having been wrecked by an earthquake. Looting has been general. Outside the fire zone the police seized a gang of burglars who were killing a woman. The destruction of Cork was a wild and terrible destruction. It is said that today the main part of the city lay a mass of ruins. In St. Patrick street, which was the main commercial artery of the city, solid blocks of buildings have been locked up in Cork, have been wrecked. The city engineer stated today that the destruction was on a scale too great for him to offer an immediate estimate of the number of buildings destroyed, but in the first quarter, it was said more than three hundred had been burned with the loss of more than \$500,000. From St. Patrick street the flames passed rapidly to the more congested mass of buildings at the back, and at some points penetrated a distance of one hundred yards.

MORE OFFICE ROOM FOR COURT HOUSE

Special Committee Instructs Architect McPhee to Prepare Plans. Hamilton, Dec. 13.—Office space is urgently needed at the court house, and the joint court house committee this afternoon discussed plans of alteration. Warden John E. Peart presided, and all members were present. After some discussion, it was decided to ask H. McPhee, architect, to prepare plans for cutting the present main court room in half, and also arrange for the removal of the law library from the first floor to the attic. The attic would be retrofitted and an elevator installed if this plan is considered feasible, and the two rooms would be available for other purposes. Other offices will be changed if these arrangements are decided upon.

MAN IS SHAKEN UP WHEN HIT BY MOTOR

Hamilton, Dec. 13.—At the corner of King and James streets tonight, about 10 o'clock, Samuel Brown, 414 McNab street north, was knocked down by an automobile driven by Louis Brisson, 44 Division street. Brown's clothes were torn and he was severely shaken up.

WOMAN WITH CIGARET CAUSES SERIOUS FIRE

Inmate of Aged People's Home, London, Starts Blaze Which Threatens Many Lives.

London, Ont., Dec. 13.—Cigarette smoking by an irresponsible old lady at the Aged People's Home here caused a fire which endangered the lives of more than 80 other inmates and damaged the building to an extent of \$2,000, at 5:15 this morning. Prompt action by Miss Fannie McDougall, the matron, and other attendants, prevented what might have been a fatal panic. The old woman who caused the fire is said to be an inveterate cigarette smoker. She has always been carefully watched to prevent her indulging in the practice, but Sunday she managed to smuggle tobacco and matches to her room. On December first, these companies raised the price of their product from five to seven cents a pound for the first half of 1921, this being done with a view to making up a loss sustained when some companies were selling at five cents against other companies' six cents. Considerable objection having been raised to the new rate of seven cents, the Montreal Star states that it is understood a compromise rate of six cents has been agreed upon for December shipments to the states, to be followed by a 6 1/2 cents rate for the first half of 1921.

CHRISTMAS TREATS FOR ORPHANAGES

Kitchener and St. Agatha's Kidnappers Being Entertained by the Knights of Columbus.

Kitchener, Ont., Dec. 13.—(Special).—The kiddies of Kitchener and St. Agatha's orphanages will have a real Christmas treat as a result of the plans of the Knights of Columbus, who are rapidly nearing completion of the program of the kiddie excursions. A visit to both orphanages, where gifts will be given to the kiddies and a genuine entertainment enjoyed. Multiple orchestras will accompany the kiddies. Judgment was reserved by Judge Hearn in division court here today after the following evidence in the case of J. C. Healey vs. the Royal Workmen's Union. The plaintiff is suing for \$200, alleging breach of contract and illegal dismissal as business agent. The big new ambulance which was purchased for the K.-W. Hospital by the trustees of the hospital arrived at the hospital today. It is electrically heated and is the latest word in ambulance construction.

RUMOR THAT POLICE HOLD SMALL WITNESS

It was rumored last night that one of the material witnesses in the Ambrose Small disappearance case had been "picked up" by the police in the city and held in detention. Chief of Detectives Guthrie, however, said that nothing of the kind had been done. "We have not picked up anybody in connection with the Small case," he said.

Athens, Dec. 13.—The Greek destroyer Navkratos, founded in the Mediterranean near the island of Malos today. The crew were saved. The Navkratos was built in 1906, and displaced 400 tons. She was 219 feet long and carried two 12-pounders, four six-pounders and two torpedoes. Her crew numbered 55 men.

CANADIAN PATENT LAWS

Applications for patents in Canada should be addressed to the commissioner of patents, Ottawa, Ont. The term for the duration of a patent is limited to eighteen years, but patents are also granted for six to twelve years, subject to extension for another twelve or six years, respectively, when the first term has expired. The fee for a patent for the full term of eighteen years is \$60, for twelve years \$40, for six years \$20. Any intending applicant for a patent who has not yet perfected his invention, and is in fear of being despoiled of his idea, may file in the patent office a description of his invention so far, with or without plans, when the commissioner, on payment of a fee of \$5, causes the document, which is called a caveat, to be preserved in secrecy; but the secrecy of the document ceases when the applicant obtains a patent for his invention.

BOY BICYCLIST STRUCK DOWN

Struck down by a motor truck at the southeast corner of Yonge and Bloor streets about four o'clock yesterday afternoon, a boy about thirteen years of age, mounted on a bicycle, received slight injuries. He was taken to the office of a nearby doctor and afterwards able to go home. The driver of the truck did not stop, and several motorists following closely behind passed by the boy lying on the pavement without making any effort to give help. The boy was unable to stand, was lifted up by bystanders.

BANK PROTECTION

The robbing of banks in broad daylight by men who hold up the cashier at the point of the pistol has caused inventors to concentrate on this matter, and several ingenious devices have been patented for the protection of bank tellers. Among others is a kind of turnstile thru which each person must pass to do business with the cashier or teller. A bank employe controls this turnstile, and if a suspicious character enters he can be locked in until the police are summoned.

NEW YORK CHURCH ROBBED OF GEMS

Ten to Hundred Thousand Dollars' Worth of Pearls and Diamonds Taken.

New York, Dec. 13.—Pearls and diamonds, said to be worth from ten to a hundred thousand dollars, were stolen from a golden vessel in the Catholic Church of St. Vincent Ferrer here within the last day or two, by thieves, who escaped without leaving no trace as to their identity or the exact time of the robbery. A lay brother entering the church today discovered the disorder wrought by the burglars and gave the alarm. The precise value of jewels and money stolen from the church could not be learned today because of the absence from the city of Father Hoffman, the pastor. The theory on which detectives assigned to investigate are working is that the theft took place on Friday night or early Saturday morning, when it was believed the intruders came out of hiding places. Most of the valuables taken were piled from the luna, a vessel of gold used in the church's ceremonies. They constituted part of the furnishings of the church, regarded as among the finest and most beautiful in the city. St. Vincent Ferrer is located at Lexington avenue and Sixty-fifth street in a neighborhood including many handsome and fashionable residences.

BRANTFORD JUDGE DISMISSES CHARGE

O.T.A. Case Against Veteran Dropped—Spotter's Evidence Unimpressive.

Brantford, Ont., Dec. 13.—(Special).—The two charges against Edward Hume for selling liquor were thrown out in the police court today, Magistrate Livingston having the evidence of two spotters to work on, neither of whom identified Hume in court and whose evidence was contradictory. The hearing of one of the spotters in the witness box, giving his story in a flip-pant manner, was not impressive, and the magistrate said he would rather take the word of a man who had given four years for his country than the private agency detective. Guilty of Robbery. T. Vinzouk was given from six to eighteen months, being found guilty of robbery on two counts. Reuben Lowe, whose activities as a spotter for the liquor license department has recently brought him into the limelight, was charged by his wife this morning with non-support. As he did not appear, a warrant was issued for his arrest.

MURDERED WOMAN'S TORSO FOUND IN NEW YORK BAY

New York, Dec. 13.—A woman's torso was found today in New York Bay, off Staten Island. The police found no marks to aid in identification. They expressed belief it had been in the water for a long time. Investigators said the woman was murdered, as the trunk bore marks of having been cut by a sharp instrument, such as a knife. They declared it was impossible for arms, legs and head all to have been slashed off by the propeller of some harbor craft. Police reports showed no reports of a woman missing from Staten Island within a week. The authorities are working on the theory that she may have been slain either in New York city or along the Jersey shore, and her body tossed into the water.

TWO WOODSTOCK MEN FACE BURGLARY CHARGE

Woodstock, Ont., Dec. 13.—(Special).—Charged with breaking and entering the house of Alex. Moore, Vanstarrt avenue, early Sunday morning, Alex. Green and Sam Bickley, the latter a former member of the local police force, appeared before Magistrate Bull today. The police were called by Moore about one o'clock, after he had heard someone endeavoring to get in. Both men were remanded until Saturday. Green was arrested on the lawn of the Moore premises. He stated that Bickley was nearby. Cellar windows were found smashed and the iron bars pried apart. The men appear on Saturday.

WHEN it is necessary to increase the price of gas the City Council is informed. They then send their auditors to examine into our affairs, and they determine whether the increase is justified.

During the long period when we were reducing the price of gas, the City Council were as careful to see that the reduction was full and complete, as they are now, when the necessity for increases has come about.

We have nothing to conceal. We are public servants. Our affairs are public affairs. Our trust the public's trust. In fact, as well as in name, we are The Consumers' Gas Company.

URGES PROCEEDING WITH CIVIC WORKS

Heads of Departments Will Prepare List of Projects Now Possible.

TO HELP UNEMPLOYED Complaint That Bylaw Tinkering Cause of Slums in City.

At the meeting of the property committee yesterday, Alderman Honeyford moved that a list of the works which could be done with immediately be prepared by the heads of the departments, so that steps may be taken to provide work for many men now idle.

Chairman Plewman asked Commissioner Chisholm whether he would be able to give employment to any more men and the commissioner replied he was finding difficulty in keeping his present staff busy.

The application for a permit to operate a grocery store at 115 Balfour street was held up pending the taking of a poll of the district by the property commissioner.

The commissioner said that the hazardous way in which council had interfered with the residential bylaw in the last ten years had created slums equal to any in New York.

H. C. Russell was given authority to act as a temporary real estate office on the southeast corner of Danforth and Monarch Park avenues.

Permission was given to W. A. Walker to convert No. 88 Madison avenue into a three-story apartment house.

The recommendation of the commissioner was accepted to permit the opening of a public garage and repair shop at 472-482 Church street.

The collector is of the opinion that the city cannot adopt such a bylaw and cites a Partridge precedent.

The report of the grand jury recommending improvements at the men's municipal farm was referred to the property commissioner.

Chairman Plewman and Commissioner Chisholm were tendered the thanks of the city for their work during the year.

The collector is of the opinion that the city cannot adopt such a bylaw and cites a Partridge precedent.

FACTS ABOUT TANALOG ARE GIVEN TO PUBLIC

Special Representative Tells Why It Has Become Most Talked of Medicine in the World Today.

NO GREAT MYSTERY ABOUT IT, HE SAYS Merit Alone Has Confirmed It in the Minds of the People All Over the American Continent.

P. B. Smith, special representative of Tanalog, the medicine that has created such a sensation all over the United States and Canada, is in Toronto to supervise the distribution here.

"Contrary to popular opinion," he stated, "there is no great mystery about Tanalog, except in so far as the chemistry of the human body itself is a mystery."

"Tanalog is simply a co-mingling of these medicinal elements in a way hitherto unknown and which brings out their curative and reconstructive powers to a most remarkable degree."

When seen today, he gave some highly interesting facts about Tanalog and the remarkable results achieved by it.

The tremendous popularity of Tanalog grows steadily and its demand for it has necessitated working the laboratories night and day.

TURKS AND ARABS NO TERROR TO HER

Gertrude Bell's Remarkable Career Qualifies Her to Prepare Report.

Canadian officers who were attached to Colonel Dunsterville's column in the Euphrates district during the early part of 1918, and whose forces were designated the "Hush, Hush" crowd, will be pleased to know that Miss Gertrude Bell, formerly political officer at Baghdad, has been selected to prepare the compilation of a government report on the civil administration of Mesopotamia during the British occupation.

When the Turks opened hostilities against the British, Miss Bell was in Baghdad, and she was one of the first to be wounded by the British.

After the British occupation of Baghdad, Miss Bell was made a political officer under General F. E. Lake's administration, and did most remarkable work pacifying and dealing with the various tribes on both banks of the Euphrates.

ROYAL EAST CAKES

PROPOSE POLICE FOR PARKS IN TORONTO

Commissioner Makes Recommendation to Protect Property and Ensure General Control—Suggests Nursery Farm—Provision for Winter Recreation—Twelve Thousand Trees Planted on City Streets.

Parks Commissioner Chambers has prepared a report on the work of his department in the present year, and among other suggestions urges the establishment of a nursery farm and for the establishment of a parks police force.

The report, addressed to the committee on parks, follows in part: The grading of Greenwood athletic field, comprising 13 1/2 acres, resulted in a valuable addition to the recreation area of the east section. The total outlay upon these improvements was \$23,850.

The improvement of the roadways in High Park—deferred for several years—was commenced in the complete resurfacing of the whole of the west road, from Bloor street to the Lake Shore road, a length of 1.53 miles, involving a cost of \$23,850.

The vast increase in number of organized clubs using our recreation areas during the summer season taxed our resources to the utmost. The department aims to make definite use of the whole of every park property for some form of recreation, either active or passive, and to secure proper supervision of all games played there.

In the matter of provisions for winter recreation, our city stands well ahead of any other on this continent with its total of forty public skating rinks, forty one hockey rinks, two large toboggan slides, and nine children's slides.

In the protection of park property, and a proper control of persons frequenting the parks, it is imperative that a park police force be established.

In the course of the spring bedding out, 272,136 plants were placed in the flower beds in the various parks and squares throughout the city, and 15,776 were furnished for planting at firehalls, police stations, etc., or a total of 287,912.

In pursuance of our usual custom of planting street trees in defined areas from year to year, a total of 4865 trees were set out upon city streets during the spring season. During the year 12,715 trees upon city streets were pruned, and 329 were removed, and 112,890 street park trees were sprayed and cleaned.

SEES RED MENACE AS FOE OF WORLD

Ireland All Destruction, Also States Speaker at Canadian Club.

Victor Bruce Grant, journalist, traveler and soldier, is perhaps as much qualified by experience in world politics to speak on the remedy for the present conditions in the world, as any man who has addressed a Canadian Club this year.

Mr. Grant believed that the history of the world was written in the biography of great men, and that it was the duty of the historian to direct knowledge into the most useful channels for the benefit of the people of the future.

Any man who made plans for tomorrow, in business or otherwise, was a theorist, and Mr. Grant referred to Lord Leverhulme who would have been hailed not only as a theorist but a lunatic if he had said that thirty-six million pounds sterling, Lord Leverhulme was a theorist, but he was also eminently practical in things of the moment.

In 1912, Mr. Grant interviewed the late czar and found him to be a man with shiftable eyes, uncertain in his decisions, and totally lacking in the sense of more importance than the curves of office, and he seemed to be a victim of the aristocratic party. He was very worried over the degradation of the church.

Menace of Bolshevism Speaking of Bolshevism, Mr. Grant said that the red menace was infinitely greater today than the German menace in 1914. In Moscow he had an interview with Lenin, a little man with a large domed head, and a Jewish countenance.

Lenin wants revenge against the privileged classes, said Mr. Grant, "and he is a destroyer. We do not want destroyers, but builders, and we want them as never before. Canada has much to thank God for in that respect."

"Ireland also, is a place where all is destruction," he continued. "I met Miss Healy, Nationalist M.P., there, and told him he was the greatest truth that ever tackled a witness."

Mr. Grant related anecdotes which revealed the character of the Irishman and his law on his address, and that the education for revenge there would never achieve anything. He also gave a sketch of Lloyd George, who was, he said, the greatest man of the world had ever known. "Today," said Mr. Grant, "there is a great lack of cohesion and brotherhood, and it can see no solution. Nothing can save the world if we do not revive the humble doctrine of the Gospels. Our frontiers and barriers have been a curse on the world for two thousand years, and there must be a better spirit of honor. We must play the game if we are to arrive at a solution."

Prices went up a step at a time

They can't come down the bannister

Do you realize what's happening? Canadians are on a "buying strike". A "buying strike" to a nation is what a "hunger strike" is to an individual. Business is languishing today; and why? Because demand has fallen off? No sir! Because there is lack of capital to carry on? Not at all. The demand is there, but you are stifling it. Canada has ample capital, and plenty of labor eager to work.

Canada is like a moody, prosperous individual, hanging around the house with money in his pocket, wanting lots of things, needing lots of things, but harboring an obsession that he won't spend his money till prices come down to where they were six years ago. Prices didn't go up in a day. They can't come down in a day. Prices went up gradually from 1914 to 1919. Prices went up a step at a time. They can't come down by the bannister. They must come down the same way they went up.

The reason we were able to finance the war so well was because business was good—people bought and sold. The only way we can PAY for the war is by buying and selling—trading. And, moreover, prices are down—for many commodities they are already down to lower level than they should be—things are selling for less than they cost to make. That is an impossible situation. If you won't buy the things the other fellow makes, HE can't buy the things you make. That is reasonable, is it not? And if he doesn't buy the things you make—the shutters will soon be up on your place of business. Those who are insistently determined to wait until things "crash" before they buy are not doing humanity a service. For nobody can sell things long at a loss.

The prices of overcoats, shoes, furniture, tires, and so forth, are based on the cost of raw materials, labor, freight, etc., and profit to those who make, handle and sell them. Your livelihood and prosperity are bound up in the livelihood and prosperity of other men—you can't deny that point. There is nothing fundamentally wrong with the country—we have bountiful crops, ample money, capable heads and hands. But we can't survive a "buying strike" nevertheless. Business is a gigantic organization, kept alive and active by trade coursing through its veins. When trade stops circulating—business dies. Your particular trade can't flourish in splendid isolation. The articles you make can't sell to men "out of a job."

True thrift is always wise, but a stubborn refusal on the part of the Canadian public to buy the things they need NOW is simply slowing down the wheels of commerce that feed and clothe and house us ALL. If you are on a buying strike—"forget it." Go out and buy today the things you need, for the prices are down. If you are waiting for them to come down further tomorrow or next day or next month, you may not then be in a position to buy.

MORE STATE AID ASKED FOR QUEEN'S

University Commission Listen to Claims for Increased Grants.

The claims of Queen's University and the faculty of medicine of Toronto University for financial assistance were presented yesterday to the provincial commission of enquiry which is sitting at the parliament buildings. In the case of the former the number of students and range of activities were increasing; present resources were inadequate and donations from private individuals were growing less.

At the morning session the faculty of medicine of Toronto University urged that the increased appropriation granted by the government during the last session, together with the annuity of \$50,000 a year recently presented by the Rockefeller Committee would supply only about half of the increased annual expenditure of \$200,000 urgently required for the development of the medical school.

It was pointed out that the Rockefeller endowment was made upon condition that the university carry out a program of development, including a new building to be provided from funds other than those supplied by the Rockefeller Foundation. Three of these requirements are the erection of a new institute of anatomy at a cost of approximately \$800,000; an addition to the pathological building for clinical laboratories at a cost of about \$300,000, and an annual increase for salaries on the scale set forth in the last estimate of the board of governors. In addition, "Toronto is equipped very badly with laboratories in anatomy and pharmacology, moderately in hygiene and not at all in the clinical departments."

Big Increase Asked. It was estimated that the faculty will require an increased annual expenditure of \$200,000, which would bring the total annual budget up to \$342,823, of which \$243,350 would be devoted to the clinical and final departments, while \$100,000 would go to the primary departments.

The Workers' Educational Association also asked for support from the commission. It desired a building or headquarters with a resident instructor and library facilities.

PLANS FOR EXTENDING HARBOR IMPROVEMENTS The mayor has arranged for a meeting on Thursday between the board of control and the harbor commissioners and the aldermen for wards one and eight. The harbor board now have the plans ready for extending the harbor improvements to the east end of the city, within the city limits, and an estimate of the cost. This will give ward eight the benefit of the harbor improvements.

The whole matter will be gone into on Thursday at noon and a policy laid down.

SITE IN JAIL GROUNDS FOR ISOLATION HOSPITAL An inspection of the site selected in the jail grounds for the Isolation Hospital and nurses' home, was made yesterday by Property Commissioner Chalmers, H. Rowland, of the department of public health, and D. D. Dunlop, inspector of prisons for the provincial government. Dr. Hastings says work on these buildings will be started as soon as council gives the word.

RUSH ORDERS GIVEN FOR "GYM" FITTINGS Finance Committee Hasten Things at North Toronto High School.

Rush orders for the completion of the auditorium, gymnasium and swimming pool at North Toronto High School were issued by the finance committee of the board of education yesterday afternoon.

Dr. John Noble, chairman of the board, had to put up a fight against Trustee McClelland, chairman of the committee, over the transformation of part of Park School into an opportunity school.

Trustee Douglas was given a vote of thanks for his services as finance chairman.

SUCCESSOR TO HARDING. Attorney-General Ramsey announced yesterday that no successor has yet been chosen to R. T. Harding as crown counsel in the timber probe. In the meantime the assistant counsel, L. Grant, would carry on.

ALLAN GARDENS FLOWER SHOW. The parks commissioner announces that a special display of flowers for the Christmas season will be on exhibition in the south greenhouse, Allan Gardens, from now until the new year. The public are invited.

TO ADDRESS MEETINGS ON CLEAN-UP BYLAW Council last week voted \$3,000 to pay the cost of meetings and advertising to explain the power and radial bylaw, which will go to the ratepayers on January 1. Mayor Church will lay before the board of council a suggestion that the proposed meetings be held exclusively in the interests of the bylaw, and that the following be asked to deliver addresses: Hon. I. B. Lucas, F. A. Gaby, W. W. Pope, Hon. Col. Carmichael, J. W. Lyon of Guelph, Jeffrey Clark, George Wright, P. W. Ellis, Fred Miller and H. H. Cousins of the local Hydro and traffic commission.

CHILD'S GET PERMIT FOR KING STREET BUILDING Child's, Limited, have taken out a permit for the erection of a six-story office building at 9-18 West King street, which will cost about \$300,000. The building will be of steel and brick.

Other permits issued by the city architect's department yesterday were: Hobbs Manufacturing Co., re-inforcing floor of factory building, 121-179 Liberty street, \$3,500; H. Goldstein, printing office, rear of 222 Simcoe street, \$10,000; Wm. Johns, dwelling, west side Cuthbert crescent, near Belize drive, \$4,700. Dr. Ollie has purchased from Hugh Munro the residence at 89 South drive, for about \$50,000. The lot is 50 by 250 feet.

MINISTERS ENDORSE TAXATION BYLAW At a meeting of the Ministerial Association of Toronto, the following resolution was moved by Rev. S. C. Bland and seconded by Rev. Canon Skye: "That this association approves of the proposal to be submitted to the voters on the first of January, 1921, to grant a partial exemption of cheaper dwelling from taxation, and thus encourage the building of homes and discourage the use of land for speculation."

HOUSE PURCHASERS ON LISTS AS OWNERS The county judge yesterday ordered that the purchasers of Toronto housing commission dwellings be put on the voters' list as owners rather than tenants, which qualifies them to vote on money bylaws. The application was made by the assessment commissioner.

The judge yesterday concluded the hearing of voters' list appeals, of which there were 1,200. About 150 were disallowed.

MANY PAY TRIBUTE TO HERMAN HEINTZMAN The funeral service of the late Herman Heintzman, of the firm of Heintzman and Company, took place yesterday afternoon at 2.30 at the family residence at 482 Avenue road.

The service was conducted by Rev. D. T. L. McKerrill, pastor of Victoria Presbyterian Church, who had been a close friend of Mr. Heintzman for a number of years. He paid a tribute to the character and integrity which had been an influence for good and which would be greatly missed.

The floral offerings from relatives and friends were many and various, every department of the Heintzman factories and the various stores throughout the Dominion sending beautiful contributions. Hundreds of employees visited the residence to pay their last respect to their dead employer.

Interment took place in Mount Pleasant Cemetery.

Put on the Accelerator!

Why should T. White and Cassels take such a time to close up the arbitration of the Grand Trunk purchase? Pay them more if they work overtime and let the doubling-up of the National and Grand Trunk systems get under way at the earliest moment.

Spending the Money at Home!

Recent spending by Canadians for American goods is keeping the Canadian dollar at a record discount. An American dollar rates at \$1.15, as against a Canadian; and this presses heavily on those compelled to buy across the line such necessities as coal and raw products.

A One-Sided Appeal.

There is no question of imperialism or anti-imperialism, of loyalty or disloyalty involved in discussing and deciding whether or no we should have the decisions of Canadian judges reviewed and reversed by law lords sitting in London.

When, however, the one-legged man goes round to get his money he is told that the defendant has decided to appeal the case to the privy council.

Quite naturally the big corporations are highly in favor of this appeal, and they are busy getting resolutions passed by bar associations, boards of trade, and party conventions against any change in the existing system.

But, as a matter of fact he has no such right in Canada. He cannot carry a civil case to the privy council unless \$4000 be involved.

New Temperance Laws Being Framed in Quebec

The Quebec Position.

Senator David takes much the same view that The World on more than one occasion has taken of the position of Quebec in Dominion politics.

There is finally the national argument. If Canadians have intelligence enough to make their own laws they should be credited with enough intelligence to interpret and administer these laws.

Now, the dream of Quebec as glimpsed by Senator David, runs something like this. If that province can return a solid Quebec First delegation at the next election, that delegation will be able to make or unmake any government.

True, this position may challenge the English-speaking provinces to united action. The Quebec Liberal leaders expect this. They frankly tell us that the next election will be run over Canada, not upon the tariff issue but upon the issue of Quebec.

Remarkable in Passing.

The League of Nations has devised a plan for an international court of justice; but, as it lacks power to compel appearance or to enforce penalties, it will be about as effective as the Irish Committee of One Hundred.

Many a toy citizen is having an awful time this month putting off deputations who demand that he accept nomination for council and save the city from almost certain ruin.

Editorial: The application of the Bell Telephone Company of Canada, made to the government of Canada at Ottawa through the board of railway commissioners for the purpose of permission to impose an additional tax of \$4,500,000 per year for all time to come on every farmer, manufacturer, business man, woman and householder, and their successors and descendants, in the provinces of Ontario and Quebec, deserves the serious and immediate consideration of all those persons affected by it.

In the meantime compare your own rates with those of the following proposed new rates which they are now asking for, and see how you like them. If they do not arouse you to action, then nothing will, and you deserve to pay all the additional taxation that the Bell Company seek to burden you with.

CHAPTER IX. A Family Gathering.

To REACH the domicile of "Shifty" Slade, one went down a certain alley that was pitch dark at night, and cluttered with tin cans and odds and ends of building materials, and permeated with an odor offensive to delicate nostrils.

"Shifty" Slade turned out the gas and got into bed. It was a quarter past two o'clock when "Shifty" Slade awoke, his eyes bulging, the lids blinking rapidly in the glare of a flashlight.

"Shifty" Slade sat up quickly on the side of the bed. All he could see was a circle of flame and the edge of the muzzle of an automatic that menaced him.

REFLECTIONS OF A BACHELOR GIRL

By Helen Royland

MARRIAGE IN HASTE

When a girl married, in the old days, all the other women used to sigh and exclaim, "How did she do it?"; now, they merely yawn and ask, "Why did she do it?"

THREE TEAMS FOR LIVE BEACH CLUB

Back Strong in the T. H. L.—Clubhouse Is the Next Venture.

The annual meeting of the Beaches Amateur Athletic Association, which was held last night with President F. D. Smith in the chair, to elect officers for the coming year, was well attended and enthusiastic affair.

The report of the dance committee was both heart and hand, and the social benefits were also presented.

The election of officers provided several keen contests, and resulted in the re-election of President Frank D. Smith and Secretary-Treasurer D. Johnston.

WANT GUARANTEE OF KNIGHTHOOD

Knights Bachelors Complain They Have Nothing to Show for Their Rank.

London, Nov. 28.—(By Mail.)—According to The Advertiser, the Imperial Society of Knights Bachelors are entering the lists in defence of their dignity which, it is alleged, was somewhat impaired by the outbreak of the late civil war.

"We have nothing to show that we really are knights," complained one of the stoutest-hearted of the society yesterday. "There is no guarantee of the general public of our knightly other than our word of honor that we have received the accolade."

"It is due to the fact that there was once upon a time a sumptuous law-designed more particularly to restrict the extravagant use of velvet."

"The outbreak of the civil war, however, put the velvet guarantee to rest, and after the restoration of monarchy it fell for a time into disuse."

"At present the unhappy knight bachelor has no ceremonial robe, no parchment, no paper—no guarantee in a situation the reverse of that once described as 'all dressed up and no place to go'."

Washington, Dec. 13.—Repeal of most of the war-time laws was voted today by the house which adopted the Volstead resolution for that purpose after two hours of debate.

The vote on adoption of the resolution was unanimous, 223 yeas being recorded as favoring it with none opposing it.

The amendment, which covers all provisions of the food control act with the exception of section relating to rents in the district of Columbia, was carried by a vote of 179 to 107.

The resolution, which now goes to the senate, exempts from the trading with the enemy act, and its amendments, and measures dealing with the issuance of liberty and victory bonds.

The measure, as adopted, is practically identical with that passed by congress just before the adjournment of the last session and vetoed by President Wilson.

Under the resolution, the president would invite France, Italy, Sweden, Belgium, the Netherlands, Switzerland and Argentina to appoint one representative each to the commission and to co-operate with the United States government in the investigation.

CATTLE MARKET IS GOOD SHADE EASIER

Butcher Heifers a Little Better—Other Classes Off—Sheep Trade Bad.

With around 2300 cattle on sale yesterday the best demand was shown for some heavy weight butcher heifers with quality. The market for this class was a shade higher than last week.

The canner cows held about steady, and all other classes of cattle were quoted lower. There were several loads of good feeding steers on sale, but the prices were the worst of the season.

In the milkers and springers good cows sold at fair prices. Ordinary cows were lower. The bull market was steady to lower.

Prospects are not very good excepting for some good to choice butchers. Excepting for some good to choice butchers heifers the prices yesterday, as would say, were about the lowest of the season.

Sheep and Lambs. The sheep and lamb market held about steady on the lambs at \$12.75 to \$13 per cwt. The sheep market is bad. It is fact it could not be any worse and is being quoted at from \$5 to \$8 per cwt. It looks as tho the farmers and sheep breeders in general are anxious to get right out of the business for keeps.

With the low price of wool there may be some discouraging features about the market, but the Wool Board ventures the opinion right now that there never was a better time to get right into the sheep industry than the present. When good breeding ewes can be bought at so steep a price almost anybody would be tempted to take a chance on it.

The calf trade holds about steady, from \$14 to \$16, and heifer are quoted at \$14.75 to \$16, with the buyers taking lower prices for the best of the week.

Quinn & Hisey sold some good lots yesterday at outstanding prices for these days. Two baby heaves, 1800 lbs., brought \$14.00, and a lot of 29 calves \$14 to \$16, and a deck of hogs, \$14.75 to \$16.

Great Price for Cows. J. W. Wilson (The H. P. Kennedy, Ltd.) sold a cow yesterday, weighing 1750 lbs., at \$13 per cwt. Two cows at \$9, 6 more at \$8, and a load of butcher cows at \$7.75, with a baby heifer at \$12.

GENERAL SALES. J. W. Wilson (The H. P. Kennedy, Ltd.) sold a load of baby heaves, \$10 to \$13 per cwt.; a load of butchers, \$12 to \$15; two cows, 1100 lbs. apiece, at \$9; a load of 1700 lbs. of butchers, \$9 to \$10; a load of 1800 lbs. of butchers, \$8 to \$9; a load of 1900 lbs. of butchers, \$7 to \$8; a load of 2000 lbs. of butchers, \$6 to \$7; a load of 2100 lbs. of butchers, \$5 to \$6; a load of 2200 lbs. of butchers, \$4 to \$5; a load of 2300 lbs. of butchers, \$3 to \$4; a load of 2400 lbs. of butchers, \$2 to \$3; a load of 2500 lbs. of butchers, \$1 to \$2; a load of 2600 lbs. of butchers, \$0 to \$1; a load of 2700 lbs. of butchers, \$0 to \$1; a load of 2800 lbs. of butchers, \$0 to \$1; a load of 2900 lbs. of butchers, \$0 to \$1; a load of 3000 lbs. of butchers, \$0 to \$1.

W. J. Neely (Canadian Packing Co.) sold common to medium, \$8 to \$9; good to extra, \$9 to \$10; common, \$7 to \$8; good, \$8 to \$9; extra, \$9 to \$10; common, \$7 to \$8; good, \$8 to \$9; extra, \$9 to \$10.

Sparkhall & Armstrong sold, among other lots yesterday, the following: Butcher—1, 2400 lbs., \$7.10; 2, 2400 lbs., \$7.10; 3, 2400 lbs., \$7.10; 4, 2400 lbs., \$7.10; 5, 2400 lbs., \$7.10; 6, 2400 lbs., \$7.10; 7, 2400 lbs., \$7.10; 8, 2400 lbs., \$7.10; 9, 2400 lbs., \$7.10; 10, 2400 lbs., \$7.10; 11, 2400 lbs., \$7.10; 12, 2400 lbs., \$7.10; 13, 2400 lbs., \$7.10; 14, 2400 lbs., \$7.10; 15, 2400 lbs., \$7.10; NEW YORK STOCKS DROP ON HEAVY LIQUIDATION

Losses Run From Two to Nearly Ten Points With Dealings on Heaviest Scale, With Few Exceptions of Year - Further Signs of Retrenchment Evident.

New York, Dec. 13.—Values in the stock market were subjected to further drastic depreciation today, losses of two to almost ten points through the list being accompanied by transactions aggregating 1,400,000 shares, the largest total, with few exceptions, of the year.

Pressure, in which shorts again were prominent, began at the outset, initial quotations showing declines of 1 to 3 points. These were almost steadily extended, there being little or no interruption to the attack at any stage.

Weakness appearing in the paper stocks. The speculative state of the Montreal market is the governing factor in the time being for Canadian stocks for the time being. The papers are beginning to feel the effect of a changed sentiment and, although there is said to be a large short interest in them, it is not sufficient to give prices any sustained strength.

LARGER MONTEAL STOCKS TO SELL AT LOWER LEVELS. Montreal, Dec. 13.—With few exceptions the Montreal stocks in today's market on the local stock exchange met with a meagre demand, and offerings were absorbed only at lower levels, the largest losers being the paper issues, sugar converters and a couple of utilities.

U. S. COTTON PRODUCTION LARGEST SINCE 1914. Washington, Dec. 13.—Cotton production in the United States this year is larger than that of any year since 1914 when the record crop was grown.

Absorption of Standard Shares Going on Persistently. Many Clews says of New York stocks: Liquidation, all along the line during the last couple of months has been so drastic that prices of nearly all issues are now at the lowest level of the year.

Stock Exchange Prophecies Lower Commodity Prices. The Guaranty Trust Company of New York says the following of commodity prices: Those who give credit to the prophetic tendency of the stock exchange see in the prevailing levels of the securities confirmation of the belief that commodity prices will go still lower.

THE MONEY MARKET. London, Dec. 13.—Bar silver, 48 1/2 per cent. Discount rates—3 1/2 and 3 1/4 per cent. Gold premiums at 11 1/2 to 13 1/2 per cent.

GUTELIUS GRUDGINGLY GIVES WAY TO FIGURES

Admits to Radial Commission Possibility of Suburban Districts Surrounding Toronto Providing Large Future Traffic Increase—Probe Recovers From Unfavorable Testimony of Steam Railroad Expert.

The session yesterday afternoon in Osgoode Hall of the Hydro radicals commission was notable as registering the complete recovery of the radial project from the unfavorable testimony which it has faced during the past several days. E. F. Gutelius, a former general manager of the International Railways, who resumed the witness stand, reiterated his testimony, declaring the radials to be at best a dubious proposition. He clung to his viewpoint, however, with a tenacity which suggested the inherent prejudice of steam rail interests against invasion of their field by any agency, and, under the cross-examination of Hydro municipalities' council, Mr. McKay, he was forced in several instances to declare simply his refusal to agree with the conclusions to which authenticated facts led.

Mr. McKay first inquired into the witness' expressed reluctance at the morning session to accept the results of a district canvass as indicating its freight and passenger traffic potentialities. In what other way, Mr. McKay inquired, would the witness appraise the possibilities of an area.

"I certainly would not make a canvass," reiterated Mr. Gutelius.

Council then cited the Hamilton and Brantford railroads as hauling, in spite of its paralleling the T. H. and B. 5,000 tons of freight a year. The revenue afforded by this traffic was \$33.9 per ton, a figure 15 cents in excess of Mr. Gutelius' estimate.

"That earning basic typical," asked Mr. McKay.

"Not necessarily," argued the witness, adding: "The traffic on that Brantford line might have come from some special factory which would remove conditions from normal."

Quotes Toronto and York.

Mr. McKay also quoted the Toronto and York radial line as handling 47,000 tons of freight per year, earning thereby \$119.65, and securing an average of 2 1/2 tons freight per head of population. This line, he pointed out, had practically no facilities for aggressively catering to a freight business.

"It has the field practically to itself," remarked the witness.

"No," he insisted, emphasized Mr. McKay, showing the witness the manner in which the C.N.R. and Grand Trunk roads paralleled the radial.

"Then it comes down to this," declared Mr. McKay, following Mr. Gutelius' refusal to accept these figures as a justifiable basis for estimates. "The only method of estimating is a house to house canvass of the district concerned."

In answer, the witness stated that the Hydro radicals were reversing the usual order of full construction. Customarily, he stated, the railroads were confronted with the traffic and built their line. With the radials, however, it was proposed to build the road and then endeavor to find traffic for it.

The witness was asked for an opinion regarding the revenue estimates for the Toronto and Eastern and Toronto and St. Catharines divisions. He agreed, he stated, that the first of these branches would probably realize their estimate along the section of the line which catered to Toronto's suburban population. The figures for the remainder of the road, however, were "scandalous." On the

"It's unnecessary," stated. "Would you be surprised to know that actually more people than that do travel daily?" inquired Mr. McKay. "Very, but why trouble me if you know the figures?" replied Mr. Gutelius.

"Well, I want to test the reliability and foundation of the evidence which you are giving the commission," returned Mr. McKay.

The witness strongly denounced the estimated traffic increase during the next five years of 30 per cent, for which Hydro figures provided.

"I can show you places right along the Lake Shore that have increased 50 per cent in a shorter period," rejoined Mr. McKay.

Mr. Gutelius later acquiesced in the possibility of the suburban districts surrounding Toronto exhibiting this increase.

The remainder of the afternoon session was taken up with an examination by Mr. McKay of the legitimacy of comparisons which Mr. Gutelius had drawn between the proposed radials and American roads. The witness admitted that certain Albany districts previously introduced did not sufficiently approximate the local project to make comparison fair. The Toronto, Johnston and Gloversville road was further stated to be unsuitable for comparison along with the Toronto-St. Catharines line.

Anti-Hydro Evidence.

At the morning session of the inquiry, Mr. Gutelius was emphatic in his anti-Hydro evidence. He questioned the economy of electric operation over present type steam locomotives and expressed the opinion that a district canvass had greatly exaggerated the freight and passenger potentialities of the territories through which the radials would run.

Mr. McKay, following Mr. Gutelius' refusal to accept these figures as a justifiable basis for estimates, the only method of estimating is a house to house canvass of the district concerned.

In answer, the witness stated that the Hydro radicals were reversing the usual order of full construction. Customarily, he stated, the railroads were confronted with the traffic and built their line. With the radials, however, it was proposed to build the road and then endeavor to find traffic for it.

The witness was asked for an opinion regarding the revenue estimates for the Toronto and Eastern and Toronto and St. Catharines divisions. RECOMMEND WORK IN PARKS PROCEED

Committee Makes Proposal to Find Employment for Large Number of Men.

On motion of A.M. F. M. Johnston, the parks committee decided at their final meeting of the year yesterday to recommend to the board of control that the grading of unimproved park lands be proceeded with immediately. The commissioner recently reported that portions of the parks totaling 63 acres, which are still in an unusable condition, could be graded and made fit for games for about \$100,000. The purpose of the motion said A.M. Johnston was to provide employment and do a necessary work.

Some time ago the committee adopted a resolution to the effect that island projects should be renewed only with a clause inserted providing for one-man family residences. The members were therefore surprised yesterday to hear the solicitor general, in the light of expiring recently on the 10th inst., it was decided to ask the solicitor for an explanation, and to insist that in future the one-family clause should be inserted.

A vote of thanks to Commissioner Johnston and Chairman Beaman for their services in the past year was adopted.

TO RETAIN CONTROL OF KINGSTON ROAD

Sir Adam Beck Consents to Revision of Clean-Up Agreement.

Before he left the city last week for the old country, Sir Adam Beck consented to a revision of the proposed agreement between the Hydro Commission and the city, to permit the city to retain control of Kingston road within the city limits.

In this connection Mayor Church gave out the following statement yesterday:

"After the fight, the city had to recover Yonge street to Fairbank street and the years of fight to recover Yonge street to the city limits from the Metropolitan, we must retain control of the streets for all times, including the Kingston road and the road from Sunnyside to the Humber, within the city limits, and the Kingston road."

Before Sir Adam Beck left, it was discussed this question with him, and upon his return, before the clean-up agreement was signed, we will be able to adjust this matter satisfactorily to the city."

The harbor commission own the right-of-way from Sunnyside to Morley avenue. We have discussed the operation of this Hydro radial entrance with Sir Adam and the local traffic commission. This harbor will retain the fee and the Hydro radials will pay a nominal rental to the harbor commission and have a nominal right-of-way and running rights.

"On the Kingston road to the east-city limits, the city must not give up the right-of-way and running rights. The city must retain control of the streets, and the Hydro radials and the traffic commission can have joint operation along with the city for a nominal rental. We now have control over all streets which these power and radial companies have had in the past, except the Kingston road, which we hope to gather in next year. There will be no difficulty adjusting the Kingston road, as this is a subject of future negotiations. The city's interests will be protected. We will retain control of the Kingston road and give the Hydro radials and local traffic commission running rights over it."

GIVES BECK CREDIT FOR CLEAN-UP DEAL

Mayor Church Also Points to Having Some Share in Negotiations.

Mayor Church has issued a statement giving Sir Adam Beck credit for bringing about the deal with the Mackenzie interests, but adds that he (the mayor) had a hand in the negotiations for 15 months. Following is the statement, in part:

"It was with the utmost difficulty that the present purchase deal for the power companies, the T.E.L. and the radials went thru. It would not have gone thru only for the co-operation of the Toronto and Eastern and Toronto and St. Catharines divisions. He agreed, he stated, that the first of these branches would probably realize their estimate along the section of the line which catered to Toronto's suburban population. The figures for the remainder of the road, however, were "scandalous." On the

JOHN DOUGHTY IS AGAIN REMANDED

Ambrose Small's Former Secretary Appears in Police Court Third Time.

John Doughty will soon think that he occupies the same status as "Ned Clark" and other police court habitués. He appeared in Col. Denison's court yesterday morning for the third time in as many weeks, and was remanded once more without bail. The two charges laid against the missing millionaire's former secretary are theft of Victory bonds and conspiring to kidnap Ambrose J. Small but neither charge was read out.

When his name was called Doughty stood up in the dock and the colonel simply informed him that the crown wanted another remand. The remand this time, as before is for a week. The accused man's lawyer was not present. He was not needed.

Detective-Sergeant Mitchell, who returned to Toronto from Montreal last night, accompanied Doughty into court. Mitchell made full of the Montreal despatches which credited him with contemplating a trip to Russia. According to him there were no new developments in the case.

The jail confinement is evidently tiring on Doughty as he does not appear to be so bright as he was three weeks ago.

The order of the courts designating Doughty an absentee has not yet been rescinded. It is probable that some one will appear today and make an appointment to take the man to the effect that Doughty is no longer legally an absentee.

SESSIONS GRAND JURY RETURNS TRUE BILLS

The sessions grand jury in the sessions yesterday returned true bills against Fred Jackson and Ralph Payne for criminal negligence in driving an auto; William Payne hurt; a separate charge against each; Charles S. Swayne, negligence in driving an auto; Samuel Goldsmith hurt; Rose Salvovich, wounding Herman Harvey's automobile; Charles W. Johnston, stealing suit case and contents belonging to Henry Webb. In stealing clothing, ladies' and men's from William Walker, the grand jury returned no bill.

FIRST NIGHT AT THEATRES

"Linger Longer, Letty" Welcomed to Royal Alexandra—David Warfield Scores in "The Return of Peter Grimm" at the Princess—Good Vaudeville and Pictures at Other Houses.

"The Return of Peter Grimm"—Princess. Of David Warfield's successes—and there are many of them—"The Return of Peter Grimm," which opened a week's engagement at the Princess Theatre last night, as a dramatic effort probably stands out as the most notable. It is the work of David Belasco and has been referred to by critics of recognized authority as one of the greatest of his plays. The play is written. Certainly, it is not a play of the hands of Mr. Warfield and a capable supporting cast.

"The Return of Peter Grimm" was first produced about ten years ago and made an instant hit, although the subject, it deals with mainly psychical research, at that time was of little interest generally. As compared with today in the light of the writings of Sir Oliver Lodge, Conan Doyle, Thomas Edison and others, and the explanation, and to insist that in future the one-family clause should be inserted.

MINISTER DECLINES TO APPOINT BENGOUGH

Dr. John Noble was yesterday advised by Hon. R. H. Grant, minister of education, not to appoint T. W. Bengough as not to appoint T. W. Toronto board of education. Dr. Noble agreed to accept the advice. The statute does not provide for such an appointment without the minister's approval.

the whirling Gelsa girls. The latter act is rather a novel one and was well received.

Loew's Yonge Street. The bill at Loew's Yonge Street Theatre this week is probably the finest that the management has offered for many a day, the vaudeville show and pictures being of unusual merit. The principal feature was Odette and her troupe of performing seals, whose agility, tricks and swimming with Miss Odette in a large tank called forth round after round of applause. Master and Manley are comedy actors of rare brilliancy, their turn being quite new. The Autumn Three, Wilbur, O'Donnell and Westfield are good singers, old English songs. The Perlins are a first-class bunch of equilibrists, their hand-balancing and bar stunts are really something to gaze at. The principal play, "Home Sweet Home," is a well-written film, embracing those touches of country life, love and humor for which Charles Ray is famous. A Mutt and Jeff comedy and the Big Weekly round off an enjoyable program.

Loew's Uptown. A distinctly pleasing feature of the show this week at Loew's Uptown Theatre is the presentation of a film that is fully one hundred per cent Canadian. "In Lumberland," one of the finest photographs that has been offered in Toronto this season, was presented yesterday afternoon and evening, and, judging from the applause, it was thoroughly enjoyed. It is the first of a series of photoplays that the management has arranged to present, a mystery photoplay, Robert Warwick appears to excellent advantage, being the part of a Highland officer, whose tendency for championing the underdog gets him into all kinds of adventures. Warwick makes a typical knight errant of modern times. A snappy comedy and other well chosen screen attractions were also presented, to the accompaniment of a number of beautiful orchestral selections.

Shea's Hippodrome. Gladys Hulette, a vaudeville of a more than average order, was the highest standard on the bill at Shea's Hippodrome this week. Her picture, "The Silent Barrier," is a heart-stirring play, depicting graphically the life of a young girl who blossoms from amid the snow-clad peaks of the Alps. Gladys Hulette is the star who carries the picture to the front. Her charming young actress is ably supported by Lewis Sheldon, leading man of the evening, and by a number of other hooping-rolling fellows, which is the last word in dexterity and skill. It is an act which will have a lasting effect on the mind of a similar nature. Marie Dore styles herself as a chit singing and dancing comedienne, and she has a repertoire of new stunts, which are out of the ordinary. In their comedy, "The Drug Store," Wallace and Drew provoke much merriment and received a good hand. Their act of comedy, "The Silent Barrier," is a comedy chaser, and a really clever climax. Mack and Lane, in comedy, songs and a number of other stunts, which are more than fair in her act, which includes singing, dancing, and instrumental playing. A two-reel comedy, entitled "A Kick in High Life," completes an excellent bill.

Variety at Pantages. Variety is the spice of vaudeville, and the Pantages Theatre has a variety of offerings. Lovers of bright musical comedy had their taste gratified by the offering of "The Oulie Party," with its good voices, pretty costumes and graceful dancing. The comic duo of Wallace and Drew, supported by six musicians whose vocal and instrumental numbers were rendered with the peaceful islands of the Pacific. "Griff," the noted English comedian, was welcomed by his audience as he was flashed upon the stage. His clever impersonations and fascinating "Bubbles" act of yesterday evening was the most absorbing detective stories was disclosed in the film drama, "13," which is cleverly worked out and has too many murder scenes to be pleasant. Others who contribute to the amusement are Hinkle and Gray, Baird and Allen and Pajama's Circus.

Education Fair at Strand. "Enlighten Thy Daughter," the sensational exposing of the social evils that are eating at the vitals of civilization today, is being presented at the Strand Theatre. It has been supported by clergymen and welfare workers and vividly illustrates the danger devolving upon the world by the failure of the young to grow up in ignorance of the snares and pitfalls that fill the paths of young women. A showman who has obtained the results obtained by a wise mother and the laxity of a careless one, who is welcomed by his audience as he was flashed upon the stage. The two charges laid against the missing millionaire's former secretary are theft of Victory bonds and conspiring to kidnap Ambrose J. Small but neither charge was read out.

When his name was called Doughty stood up in the dock and the colonel simply informed him that the crown wanted another remand. The remand this time, as before is for a week. The accused man's lawyer was not present. He was not needed.

Detective-Sergeant Mitchell, who returned to Toronto from Montreal last night, accompanied Doughty into court. Mitchell made full of the Montreal despatches which credited him with contemplating a trip to Russia. According to him there were no new developments in the case.

The jail confinement is evidently tiring on Doughty as he does not appear to be so bright as he was three weeks ago.

The order of the courts designating Doughty an absentee has not yet been rescinded. It is probable that some one will appear today and make an appointment to take the man to the effect that Doughty is no longer legally an absentee.

MINISTER DECLINES TO APPOINT BENGOUGH

Dr. John Noble was yesterday advised by Hon. R. H. Grant, minister of education, not to appoint T. W. Bengough as not to appoint T. W. Toronto board of education. Dr. Noble agreed to accept the advice. The statute does not provide for such an appointment without the minister's approval.

STARED. A BACH NUMBER

"Linger Longer, Letty" Welcomed to Royal Alexandra—David Warfield Scores in "The Return of Peter Grimm" at the Princess—Good Vaudeville and Pictures at Other Houses.

"The Return of Peter Grimm"—Princess. Of David Warfield's successes—and there are many of them—"The Return of Peter Grimm," which opened a week's engagement at the Princess Theatre last night, as a dramatic effort probably stands out as the most notable. It is the work of David Belasco and has been referred to by critics of recognized authority as one of the greatest of his plays. The play is written. Certainly, it is not a play of the hands of Mr. Warfield and a capable supporting cast.

"The Return of Peter Grimm" was first produced about ten years ago and made an instant hit, although the subject, it deals with mainly psychical research, at that time was of little interest generally. As compared with today in the light of the writings of Sir Oliver Lodge, Conan Doyle, Thomas Edison and others, and the explanation, and to insist that in future the one-family clause should be inserted.

A vote of thanks to Commissioner Johnston and Chairman Beaman for their services in the past year was adopted.

TO RETAIN CONTROL OF KINGSTON ROAD

Sir Adam Beck Consents to Revision of Clean-Up Agreement.

Before he left the city last week for the old country, Sir Adam Beck consented to a revision of the proposed agreement between the Hydro Commission and the city, to permit the city to retain control of Kingston road within the city limits.

In this connection Mayor Church gave out the following statement yesterday:

"After the fight, the city had to recover Yonge street to Fairbank street and the years of fight to recover Yonge street to the city limits from the Metropolitan, we must retain control of the streets for all times, including the Kingston road and the road from Sunnyside to the Humber, within the city limits, and the Kingston road."

Before Sir Adam Beck left, it was discussed this question with him, and upon his return, before the clean-up agreement was signed, we will be able to adjust this matter satisfactorily to the city."

The harbor commission own the right-of-way from Sunnyside to Morley avenue. We have discussed the operation of this Hydro radial entrance with Sir Adam and the local traffic commission. This harbor will retain the fee and the Hydro radials will pay a nominal rental to the harbor commission and have a nominal right-of-way and running rights.

"On the Kingston road to the east-city limits, the city must not give up the right-of-way and running rights. The city must retain control of the streets, and the Hydro radials and the traffic commission can have joint operation along with the city for a nominal rental. We now have control over all streets which these power and radial companies have had in the past, except the Kingston road, which we hope to gather in next year. There will be no difficulty adjusting the Kingston road, as this is a subject of future negotiations. The city's interests will be protected. We will retain control of the Kingston road and give the Hydro radials and local traffic commission running rights over it."

GIVES BECK CREDIT FOR CLEAN-UP DEAL

Mayor Church Also Points to Having Some Share in Negotiations.

Mayor Church has issued a statement giving Sir Adam Beck credit for bringing about the deal with the Mackenzie interests, but adds that he (the mayor) had a hand in the negotiations for 15 months. Following is the statement, in part:

"It was with the utmost difficulty that the present purchase deal for the power companies, the T.E.L. and the radials went thru. It would not have gone thru only for the co-operation of the Toronto and Eastern and Toronto and St. Catharines divisions. He agreed, he stated, that the first of these branches would probably realize their estimate along the section of the line which catered to Toronto's suburban population. The figures for the remainder of the road, however, were "scandalous." On the

JOHN DOUGHTY IS AGAIN REMANDED

Ambrose Small's Former Secretary Appears in Police Court Third Time.

John Doughty will soon think that he occupies the same status as "Ned Clark" and other police court habitués. He appeared in Col. Denison's court yesterday morning for the third time in as many weeks, and was remanded once more without bail. The two charges laid against the missing millionaire's former secretary are theft of Victory bonds and conspiring to kidnap Ambrose J. Small but neither charge was read out.

When his name was called Doughty stood up in the dock and the colonel simply informed him that the crown wanted another remand. The remand this time, as before is for a week. The accused man's lawyer was not present. He was not needed.

CIVIC NOMINATIONS ON TUESDAY NEXT

Voting Will Take Place as Usual on New Year's Day.

Civic nominations will be held one week from today, Tuesday, the 22nd inst., and voting will take place on January 1. Heretofore, nominations have been held on December 23, but legislation was passed at the last session giving the city power to pass a bylaw fixing the date earlier. The reason for the change is the necessity of having more time for the preparation of the ballots.

The nominations of candidates for mayor and the board of control will be held in the city hall at 10 a.m. while the nominations for aldermen and the board of education will be held in the various wards at noon in the following buildings: Ward 1, Riverdale Collegiate; Ward 2, Wincott School; Ward 3, Wellesley School; Ward 4, Lansdowne School; Ward 5, Harbour Collegiate; Ward 6, Kent School; Ward 7, Annette Street School; Ward 8, Kew Beach School.

GRADUATE OF VICTORIA GETS MEMORIAL PRIZE

With his poem, "To the Unfortunate," H. D. Langford, B.A., a 1920 graduate of Victoria College, has been named for the Jardine memorial prize in English verse, donated last spring by Mrs. Herbert Barton in memory of her brother. The prize itself consists of \$100, to be awarded annually for fifteen years.

After his return from overseas, where he served as lieutenant both with the 27th Battalion and the 4th C.M.R., Mr. Langford resumed his duties at Victoria, and last session detailed for the part played by the college in the great war. This year he has done post-graduate work in English at the university. His father is Rev. Charles Langford of 794 Shaw street, Toronto.
