INSANITY DEFENSE OF SUMMERSIDE MURDERER

The Trial of Alonzo Doherty for Murdering Joseph D. McMillin Commenced Yesterday

Charlottetown, P. E. I., June 11 (Special).—The trial of Alonzo Doherty for the murder of Joseph D. McMillin, of Miscouche, opened in the Supreme Court yesterday before Justice Fitzgerald. Atorney General Palmer and Hon. F. L. Hazard appeared for the crown and Neil McQuarrie for the prisoner. Doherty pleaded not guilty. The defence will be insanity, the prisoner having been examined last week by Dr. Goodwill, superintendent of the Provincial Insane Hospital and other doctors. It took one hour to empanel a jury who were addressed by Mr. Hazard. He pointed out that they should be guided by the weight of evidence and the country looks to them to do their duty. Among the witnesses examined were Prapente Desoches, Daniel Malene, who found the body in the woods near the railway track, Doctor McNeil and Dr. McLellan, who performed the autopsy, Urbane Gillis, who talked with the prisoner after the murder and before the arrest. He testified that the prisoner told him that if the other girls who had started out with McMillin and Stella McDonald from Summerside, had gone all the way he would not have shot him. Catherine Gillis aunt of Stella McDonald, to whose house Doherty went after the murder, Rev. Dr. Monahan, the priest to whom he admitted having done the shooting and Walter Schurman, a neighbor of Doherty's also testified. No new important evidence was adduced. The case for the crown will be concluded today and the defence taken up.

POLICE COURT

John McGlone and Michael O'Donnell appeared in the police court this morning charged with fighting together on Sheriff street last night. It appears that the two men got into a dispute, in which they finally came to blows. O'Donnell, evidently realizing that he was getting worsted, broke away and ran towards Main street, and when rounding the corner encountered Patrolman George Totten, to whom he came hurrying around the corner, and seeing Totten, to whom O'Donnell was still talking, laid a similar charge against the latter. Totten settled the matter for the time by arresting the contending, who were this morning remanded by Judge Ritchie. William Rogers, who was arrested yesterday on a charge of obtaining goods under false pretences from D. J. Purdy, was also remanded. James Lockhart, drunk on Mill street, was taxed \$1, or ten days in jail. Charles Carleton, aged 10, and Harry McNally, aged 12, appeared in court on trunkey charges and were remanded. John Smith, who was arrested Tuesday night for using profane language and who was yesterday ordered out of town by Judge Ritchie, was again in court this morning on a charge of wandering about the street late last night, and was given another chance to shake the dust of St. John from his feet. Teddy Bear natives for children at the Nicol tomorrow. A thousand foot picture, all about the Teddy Bear and his ver locks.

THREE WEDDINGS IN 75 MINUTES --A RECORD

Rev. J. W. Kierstead Solemnized Three Weddings in an Hour and a Quarter Last Night.

Rev. J. W. Kierstead, pastor of the Tabernacle Baptist church, had a very busy time last evening with June brides. The popular clergyman of the Haymarket square church was the good fairy who made three blushing brides and three happy grooms into man and wife. The ceremony in order to perform the three ceremonies had to travel first to the west side and then back to the extreme east, but the duties were satisfactorily performed between the hours of 8 and 9:15 o'clock. The first wedding was that of Harry S. Stockhouse of Winter street, to Miss Minerva B. Sanderson, daughter of William Sanderson, 228 King street, West End. The ceremony was performed at 8 o'clock, at the home of the bride, only the immediate relatives of the contracting parties being present. The bride was given in white silk and was given away by her father, Mr. and Mrs. Stockhouse will reside on St. Paul street. The scene of the next nuptial event was Thorne avenue, where at the home of her father, Miss Nellie Graham became the wife of Spurgeon Hayward, of King street east. The bride was attended by her cousin, Miss Graham, and the groom was supported by his brother Leonard. The ceremony was performed about 8:45 o'clock in the presence of the immediate relatives and friends of the bride and groom. They will reside on King street east. The third and last visit was to 34 Brunswick street, where Miss Lottie McDonald was united to Andrew Holder of Adelaide street. The ceremony took place in the presence of their immediate relatives and friends. The bride was given away by her brother Harry, and the bridesmaid was Mrs. S. Thorne, sister of the bride, while Mr. Thorne supported the groom. The bride wore old rose crepe-de-chine over lace and the bridesmaid was gowned in pale blue cashmere. They will reside at 166 Adelaide street. In each instance the brides were the recipients of many beautiful and costly presents and they will be followed by the best wishes of a large circle of friends.

PERSONAL

Mr. C. J. Lockwell, of the Miller & Lockwell-Gow-Lodge, Quebec, P. Q., has been seen in the city. He is in the interests of the Dixie cigar. Mr. and Mrs. A. C. Smalley returned to the city on Tuesday. Mr. Wm. McCreedy was a passenger on the city on the Montreal train today. John Sayre, son of F. E. Sayre, came to the city on the Montreal train today. Mrs. J. W. Richardson left last night for a few months' visit to the United States. Mr. and Mrs. Arthur Tower, of Vineyard Haven, were in the city Saturday on their honeymoon and were guests for the night at the Hotel Victoria. Mr. J. FUNERALS

The funeral of little Alice M. Boyd was held from the home of her father, George Boyd, Paradise row, this afternoon at 2:30 o'clock. Service was conducted by Rev. James Crisp and interment was made at Cedar hill. LUSITANIA MAKING A RECORD. New York, June 11.—That the Cunard Line steamer Lusitania is breaking all Trans-Atlantic records on her trip from Queenstown to New York, is made known in wireless despatch from the captain, which reached the agents here, via Halifax, N.S., last night. The message says that at 11:36 there were strong spots. Other active features included Steel 18, Pfd. 43, Detroit 39.34, Power 94.12, Toronto Ry. 99.34, Twin City 91.12, Lake of the Woods 87.18, Richfield 79.12, Shawinigan 69, Rio Bonds 85.

HITCHCOCK NOT-GUILTY

New York, June 11.—The jury in the case of Raymond Hitchcock returned a verdict of not guilty early this morning.

THE TIMES WAS RIGHT

The man drowned from the ferry steamer E. Ross yesterday was not Connolly, as stated in a morning paper. The name Connolly, as stated in this paper yesterday, is correct. A little child belonging to Mrs. Rubins, King street, East, strayed from its home this morning and was discovered on Leinster street by Police Sergeant Caples, who returned it to its mother. Debt is the beginning of slavery. A creditor is worse than a master, for a master punishes your dignity and can spank it with a blow.

GREAT BALL GAME

Mr. Hiram Hornb entered into negotiations with the grounds committee of the Evening Day Club this morning for a game of football between any city team (preferably a picked team from the two leagues) and the Potato Pounders of Hornb Settlement. Hiram says that the Settlement team has one man who frequently bats the ball over the county line, and another who maddens the opposing pitcher, while there is still another who runs so fast to first base that he has time to sit down it and rest before the ball arrives. "I call it," said Hiram, "that we kin show the town fellers a wrinkle 'er two."

BUSINESS SUSPENDED

Ottawa, June 11 (Special).—The house will not sit tomorrow. The St. John delegates will be at the capital. Earl Greg and Dr. Purley had a long conference this morning. The weather is fine.

SHOCKING INTELLIGENCE

The shocking intelligence comes from Montreal that a new civic by-law "prohibits the immediate extermination of all unlicensed dogs, all dogs not accompanied by owners at the end of a chain, and also of all dogs which indulge in vocal exercise at such hours as to make themselves a public nuisance." There can be no objection to a dog taking his own "out" at the end of a chain, but the contemplated destruction of all unlicensed

THREE MONTHS AT HARD LABOR

This Was the Sentence Imposed on Fred Thibodeau by Judge Wells This Morning.

Fred Thibodeau, who was recently sent up for trial by Judge Ritchie on charge of stealing goods belonging to the Canada Railway News Co. from the I.C.R. station, was before Judge Wells, in the county court this morning, when he pleaded guilty under the Speedy Trials Act and was sentenced to a three months term in jail at hard labor. Thibodeau stated that when he came for sale at public auction at noon today, on Chubb's Corner, the following crown land timber limits belonging to the estate of R. A. Estey were offered for sale by the auctioneer and two square miles on Gulkup river. The two miles on Fourmile brook and the one on the Gulkup river were bid in by Stetson & Cutler for \$30. Twelve miles on the Rockaway river, Madawaska, were sold to Randolph & Baker for \$100. There was only one bid in each instance. Sixty-eight and a half miles on Green river and vicinity were offered, but were withdrawn at the upset price of \$8,000, there being no bidders. The auctioneer and the assignee for the Estey estate are John E. Moore and George McKean, St. John, T. Thompson and A. H. Fitz Randolph, Fredericton.

EXPLODING SODA WRECKS DRUG STORE.

Soda Fountain Blew up in Springhill Jct. Drug Store--Whole Front Blown out of Store and Much Damage Done.

Moncton, June 11.—(Special).—I.C.R. Police Officers Tingley, of Moncton and Noble of Campbellton, yesterday morning raided a lumber camp of Upper Blackville and arrested Adam Harris who was indicted for creating a disturbance on the Intercolonial train. Harris was taken without trouble and arraigned before Magistrate Matby, of Campbellton, being fined \$25. A highly charged soda fountain in the drug store of Harry McKenzie at Springhill Jct. blew up yesterday. The proprietor had been charging the fountain and seeing that an explosion was imminent first jolt in time. With terrific force, the fountain exploded, wrecking the front store, shattering the plate glass windows, and tearing down the whole front of the shop. So great was the force of the explosion that a portion of the building was hurled against an I.C.R. car, some thirty feet away, staying in the side of the car. No one was injured.

BRITISH PAPERS PREDICT DEFEAT OF THE GOVERNMENT

Opinion is That Canadian Liberalism is Approaching an End of Its Twelve Years' Reign.

Montreal, June 10.—The Star's London cable says Canadian forecasts had prepared the public here for Hon. Mr. Whitney's victory in Ontario, and the result was received with general satisfaction, quite apart from local politics, for Mr. Whitney made an excellent impression and many friends during his visit here last year.

METHODIST DISTRICT MEETING

The annual meeting of the St. John district of the N. B. and P. E. I. Methodist conference was concluded yesterday. The financial reports of the churches showed a total expenditure of \$42,757.94, a decrease of \$4,534.20 from the previous year.

THE MILK SUPPLY. The local board of health has declared that all milk dealers must take out licenses. In connection with the subject of milk inspection and supply the following paragraph from a report of the proceedings of the Canadian Medical Association at Ottawa on Wednesday is worthy of attention: "Dr. C. J. O. Hastings of Toronto, in a paper on the improvement of pure milk, read before the section on public health, declared that impure milk was primarily responsible for the loss of 15,000 of the 30,000 children who die annually in Canada. He strongly urged a more stringent inspection of the milk supply in every municipality, and he emphasized the paramount importance of proper pasteurizing of milk in all dairies. At the conclusion of the paper a committee was appointed to wait on the government, with a view to securing more stringent regulations governing municipal inspection."

PERTINENT QUESTIONS. Noting the fact that nearly four million cords of wood were used in the United States last year in the manufacture of pulp and paper, and that an increasing portion of the supply must be procured in Canada, the Toronto News emphasizes the need of wise action on the part of Canada. "In the meantime" says the News, "the United States look to Canada for its supply. The Canadian forests are a source of enormous wealth, provided that they are administered wisely. No one will deny that wise administration means the application of scientific methods in cutting and the drafting of such regulations as will bring to the Canadian people the greatest return for the development of this splendid resource. The provinces will not have the best interests of the people at heart if they neglect this great opportunity. Is it wise to ship raw material abroad when it is possible to manufacture it at home, greatly increasing its value and stimulating the industrial life and progress of the country? The United States must come to Canada for pulpwood. Why not establish pulp mills here, and sell the finished product to the Americans?"

TO FIGHT DISEASE. The startling statement is made by Dr. Norman E. Ditman of Columbia University that the annual loss to the United States from preventable deaths is fully \$600,000,000. He makes this and other equally striking statements the basis of an argument in favor of a school of preventive medicine and of sanitary science and public health, in connection with the University. Dr. Ditman says in part: "One-third of the human beings born alive die before the age of 5 years have been attained, largely from preventable causes. The death rate of children in New York is as high as 204 per 1,000—five times as high as in the well-to-do districts. "The number of deaths occurring in the world from epidemics of plague, smallpox, yellow fever and cholera is still enormous, in spite of the fact that methods for prevention of these diseases are known. "Each year the world yields up 1,000,000—our own country 100,000 of its inhabitants—as a sacrifice to tuberculosis, although this loss is not necessary; the avoidable losses from diphtheria, rabies and malaria are also enormous. "Pneumonia kills 100,000 people in the United States annually, and the number is increasing rapidly. Yet the cause of this disease is known and it should be in our power to stamp it out. "Twenty-five thousand people in the United States who are needlessly blind could have had their vision saved had the causes of blindness and methods for its prevention been widely enough appreciated. "Of the twenty-eight thousand insane people in New York state, a large number could have escaped insanity had a

proper knowledge of the causes of the insanity been disseminated. "A great deal of disease and incompetency of adult life exists which could be prevented by the eradication of the underlying causes during childhood. "Five hundred thousand people are killed or crippled every year in this country as a result of preventable accidents. The dangers of evil tenement house conditions on the health and happiness of hordes of our inhabitants is well known. "One-fourth of the distress which manifests itself from poverty is caused by sickness—largely preventable, and one-half is the result of alcoholism, which is preventable. In like manner one-half of the crimes committed in New York state are due to alcohol as one of the causes. "There are few departments of state, municipal, state or national administration where the promise for the direct accomplishment of economic good so certain of fulfillment as in the field of reduction of disease, accident and poverty by methods of prevention. "A few concrete statements will suffice to illustrate this: While the annual loss to this country from preventable deaths is \$600,000,000 annually, England, by the employment of preventive measures, during nine years (1880-1889) saved \$1,283,300,000, as the result of an expenditure of \$75,000,000. "By a reduction of its death rate during the past twenty-five years, the City of New York has saved \$2,240,000,000. This reduction saved the work of three great hospitals; it saved many wives from being widows and many children from being fatherless; it also saved many from poverty. "The epidemic of smallpox in Philadelphia in 1891 cost that city \$22,000,000. Measures suitable for its prevention would have cost \$700,000. "The epidemic of yellow fever in 1878 cost the country \$100,000,000, while, as a result of Major Reed's preventive measures in Cuba, the commercial interests of the world are saved a greater financial loss each year than the cost of the entire Cuban War. "New York City's annual loss from tuberculosis is \$23,000,000—that of the United States is \$330,000,000—a wholly needless loss. "The annual cost to the state of New York for the maintenance of public institutions for the pauper, the insane, the blind, the epileptic and the tubercular is \$11,500,000. "From an economic point of view then, it is seen that rarely can investment be made more profitably than through action by which sickness, poverty, accident and crime are obviated. "The last decade has been marked in this country by two notable efforts conceived for the determination of the cause of physical and social evils by the establishment of the Sage Foundation and the Rockefeller Institute—the former being chiefly concerned with the social, the latter with the pathological conditions. Both institutions are of fundamental and extreme importance and necessary for the next great advance in the field of prevention—education. In order then, to complete the efficiency of both institutions, it is essential that means shall be found to transmit the knowledge thus acquired regarding the causative factors of disease, crime, poverty, etc., to the ultimate desired goal—individual, home and administrative departments having jurisdiction over these fields. "Important as it is that every facility should be provided which shall make such knowledge available to those capable of its utilization, there exists, today, where in the land the necessary agent to insure the application of the knowledge in question—a school of sanitary science and preventive medicine. "Such a school Dr. Ditman proposes in connection with Columbia University, and there are hopes that the money needed will be forthcoming. Among the subjects of study suggested for the school are: element houses, dairies, markets, slaughter houses, offensive trades and dangerous occupations, child labor in factories, antitoxins, vaccines, filtration, and disinfection methods. Dr. Ditman also advises teaching of the relations between varieties of food and disease, utilization of sewage for commercial purposes, methods of garbage disposal, modes of transmission of contagious diseases, epidemics, and modern conditions of life in general.

TEMPTING SALADS. Bouquet Salad—Use a good head of cabbage lettuce. Arrange the white leaves in a bun resembling the natural head in the center of a flat dish. Garnish with slices of tomato and hard-boiled eggs. Dress before serving cover the whole with plain French dressing. Use a spoon and pour the dressing on carefully, so that all parts will be moistened without being disarranged. Mayonnaise may be used on the eggs and tomato, if preferred, in which case the dressing must be put on the eggs in the cans under the yolks. Salad of Artichoke Bottoms—Take artichoke bottoms as they come from the can. Rinse them with cold water. Spread each one with mayonnaise and pile on it as many vegetables as it will hold. Use green peas, string beans, flowerets of cauliflower or any mixture of vegetables that may be convenient. Place a little mayonnaise on top of the vegetables and place the artichoke cups on leaves of lettuce arranged around a bed of mayonnaise.

ACCIDENTAL SHOOTING. Portland, Me., June 10.—Llewellyn Adams, the 17-year-old son of Frank Adams, of Falmouth, seven miles from this city, was instantly killed this evening by the accidental discharge of a double-barreled shot gun. Young Adams after supper started over to the house of Frank Henton to go hunting for crows. In hitting the gun up the front steps, the trigger was caught on the steps, discharging one barrel of the gun, which was a ten gauge shot gun. The contents of the barrel struck young Adams, blowing off his nose and the top of his head. The gun was loaded with number four shot. The coroner was called, but deemed an inquest unnecessary. The person who buys any other tea always hopes it will be "as good" as "Salada."

SYMPATHY You tell me that the world is fair; You say the bedrock runs with glue; But all day long I try in vain To hear a little kind again Call lovingly to me. You tell me fragrant roses gleam Upon the vine beside the wall; But all day long from place to place I search to see a little face With no success at all. You tell me there is gladness yet; That still young tender hearts learn to twine; But all day long I try in vain To clasp a little hand which I May never hold in mine. —S. E. Kiser, in Chicago Record-Herald.

IN LIGHTER VEIN CAN'T GET AWAY. "Why do fashions change so frequently?" "I don't know, it may be that they're trying to shake some of the people who follow them."—Louisville Courier-Journal. THE LADY'S AGE. Chalmersley—"You and your sister are twins, are you not?" "I don't know, I was when we were children. Now, however, she is five years younger than I!"—Philadelphia Inquirer. A SPANISH POSTMASTER. A nobleman's new land agent and steward who went to live on the estate about fifteen miles from Granada, Spain, sent letters to the village post-office every day for three weeks but got no replies. Thinking this very strange, he rode over to the village and interviewed the postmaster. "Oh," exclaimed the postmaster, "you are the new agent on the estate, are you? Your letters are all safe. The villagers rarely answer letters, but I have them all here in my donkey four miles to the railway station to catch the mail train. You don't suppose for one moment, do you, that I am going to undertake this pilgrimage every day with your stupid letters? I have them all here in a broken jug, and when the jug gets full I shall take a ride to the station and post the whole lot at once."

THE OUTCAST. He sneaks through the darkened alley, His motions are scared and quick; and ever he seems to dodge the slender fingers of a brick; he hides in the shady corners, or croups by abandoned doorways, or listens to the sound of footsteps, seeks refuge in vacant halls. He's peeped with him by children, men chase him with butcher knives; and always he hears the shrilling of furious maddened dogs. The first in his heart is a killing, the dread in his eyes is sad; and he moans as he hurries for safety. "O surely the world is mad!" And never an Eastern leper, who is hunted for his "itch," is kinder than this outcast in the world of men, if he were a barren shore, found heaven and earth so empty, found his such a brutal bore, O for the modern outcast, as he sits in his store-pipe hat! He's only a railway owner, a bondholding plutocrat, a newspaper editor.

THE EMPRESS LAUGHED. In a book Ernest Daudet has just written about Joseph de Maistre and Comte de Billeart he relates an amusing story of an occurrence which happened in the court of the Empress Maria Theresa. When the Chevalier de Fron, Ambassador of the Venetian republic to the Austrian court, presented himself for his farewell audience, he expressed his deep regret that the Empress had spent so many years without having once beheld his face. The Empress, who was then in her 60th year, was astonished and asked what he meant. The Ambassador then explained that he was very young and had been seduced by etiquette from raising his eyes to the sovereign's presence. "If that is all, I grant you the privilege with pleasure," said the Empress, laughing. The Chevalier de Fron stepped back, raised his forehead and with the men of a connoisseur inspected the beautiful Empress. "You are indeed a foot, muttering meanwhile very audibly: 'Handsome, pardee! She is handsome!'" The Empress, so the chronicler says laughed till the tears ran down her face.

NORTHUMBERLAND CO. CONSERVATIVES ORGANIZE. Newcastle, June 10.—At the call of T. W. Butler, organizer, prominent Liberal-Conservative of polling division No. 1, Newcastle, met in Town Hall last night and organized a division. Those present were, besides the organizer: W. A. Hickson, Hon. D. Morrison, M.P.; C. E. H. Alnwick, W. H. Bolyea, Aik. D. Doyle, J. D. Creagh, John Clark, John Ferguson, Gavin Copeland, W. D. Doyle, Eugene Connelly, R. H. Grenley and H. K. Malby. Mr. Hickson was elected chairman, and Mr. Bolyea secretary. Mr. Butler reported that the county was nearly all organized, divisions having been established in Nos. 4, 5 and 6, Alnwick; Nos. 2 and 3, Newcastle; Rorburgh, Blissett, Ludlow, Blackville, Derry, Priddy, and Tynemouth. Mr. Butler, secretary, John Clark, and one being organized that night by John Betts at Scotta. And on the 12th instant, an organization will be effected at Bay du Vin; on the 13th at Hardwood; 15th at Nelson; and 16th at Chatham, then at the one remaining station—Loggville. Then a county convention will be called and the county organized. The new division then elected the following officers: President, W. A. Hickson; 1st vice president, J. D. Creagh; 2nd vice president, John Ferguson; secretary, W. H. Bolyea; treasurer, John Clark, additional members of executive, Col. R. L. Malby, R. H. Armstrong, D. J. Doyle, H. D. Morrison, John Dalton, C. E. Fish, Thos. Russell, R. H. Grenley, John F. McKane, Edward Hickey, Eugene Connelly. Meetings may be called by president or any two of executive. Messrs. Malby, Doyle and Bolyea were appointed a committee to secure a hall for meeting purposes. The meeting was enthusiastic and confident that a Conservative candidate can be elected here at next election.

LETTER OF CONDOLENCE. The following letter of condolence has been adopted by Johnson L. O. L., and presented to John Howe of St. John West: John Howe, Esq., St. John, West. Dear Brother Howe—We, your brothers and fellows of Johnson L. O. L., No. 21, have learned with the deepest regret, of the sudden death of your dear wife, and your loss and yours. The fire which consumed your home seemed a very severe trial, but it was as nothing when compared with the cruel street car accident which terminated the earthly life of your little daughter Elizabeth. We know your hearts were torn by that calamitous event, which cast a gloom over our entire city; and we beg to assure you that you are not our only sympathy. It is in an hour like this that we realize the shortness of the human arm and the limitations of human ability to give success and comfort to another in an hour of grief; but dear brother, we commend you and your dear wife to the great God above us, who has a father's heart and who is able to make all things work together for the good of those who love him. In this dark hour may it be yours to know that the eternal God is your refuge, and underneath are the everlasting arms.

FURNITURE TALK. The Piano—Hear what happened to gas last night? The Sofa—No—What was it? The Piano—Made light of a young couple and got put out. FEARFUL. The Questioner—I hear his wife is a brunette, but I thought he married a blonde. The Joker—He did, but she dyed.

Buy Your Refrigerator Now Time now to think of Refrigerators. You should be careful in choosing a Refrigerator. A poor Refrigerator is expensive at any price, for it uses up more ice than a good one and doesn't keep its contents fresh. You are safe in buying a Refrigerator from us, as we guarantee everyone we sell or your money back. Prices The Lowest

**GREEKS AGAIN IN THE LEAD**

Downed the Clippers Last Evening 6 to 5; Latter Have New Battery.

The Marathons went in the lead in the St. John league race last evening by defeating the Clippers in an exciting game on the Every Day Club grounds by the score of 6 to 5. The Greeks clinched the game in the fifth with a run by Chase, and darkness prevented another inning.

The Clippers came out with a new battery, Treacrian and McLeod, and with the exception of the first inning Treacrian proved effective. McLeod made a home run in the third inning, the first of the season in St. John. Gilmour pitched for the Marathons and allowed some corking hits, but darkness prevented another inning.

The Clippers opened the game but were quickly blanked. In their half the Marathons made five of their six runs and things looked bad for the Clippers.

The second inning without incident, but in the third the Clippers became busy. McLeod came to bat with two men on bases and rapped out a long one to centre field which rolled nearly to the fence. The three men romped home, and the result of the game was in doubt. Duffy was safe at first but was caught at second when A. Howe hit to Copeland for a base. Gilmour outted A. Howe and the game was tied at second base and was declared out.

In the second half, Chase went to second on Duffy's error. D. Malcolm was out at first. Stubbs batted and reached first but was caught at second. Clawson led to McLeod.

The fourth was short and snappy. For the Clippers, W. Sprout hit to right field and Treacrian and McLeod were put out at first. For the Marathons, Gilmour, J. Malcolm and Brechard were all out at first.

The fifth and last inning brought excitement and both teams scored. Lynch opened with a three-bagger to centre field. McLeod died at first. The three men romped home. Duffy struck out D. Malcolm. H. Howe reached first safe on J. Malcolm's muff. Duffy struck out D. Malcolm. H. Howe reached first safe on J. Malcolm's muff. Duffy struck out D. Malcolm. H. Howe reached first safe on J. Malcolm's muff.

**JAKE KILRAIN'S SON LAST BATTLE**

Had the Best Up to Third Round of Bout With Kid Gibson When Foul Occured.

Baltimore, Md., June 8.—After having his man beaten to a standstill, Cecil Kilrain, son of Jake Kilrain, lost his fight tonight to Kid Gibson in the third round on a foul. The result was disappointing to the spectators, as Kilrain proved early in the battle that he was Gibson's master.

The foul came near the close of the third round. Kilrain shot a right uppercut for the body and the blow went low, catching Gibson and doubling him up.

Up to the time of the abrupt ending, Kilrain had all the better of the contest. He assumed the aggressive from the start, using his left to the stomach and right to the head. He was, however, and always came back for more punishment, trying hard both right and left to his opponent's face. Kilrain was by far too clever to be caught napping, and skillfully evaded a right hand napping Gibson's eye and he was in a wobbly state when the foul was committed.

Jack O'Brien Defeats Blackburn.

Philadelphia, June 10.—Jack O'Brien tonight defeated Jack Blackburn, colored, in a six round bout before the Philadelphia Athletic Club. O'Brien knocked Blackburn down in the opening round hanging on to avoid punishment. The bout was one of the fastest ever seen in this city.

**VETERANS AGAIN WIN AT CRICKET**

Match Won by Five Runs—Interest in the Game is Reviving.

The return cricket match between the High School and a team of Veterans was played on the Every Day Club grounds yesterday afternoon and resulted in the defeat of the boys by five runs. The wickets were scarcely as good as in the first match and bumped considerably, but the match was keenly contested and thoroughly enjoyed. The High School had the assistance of Rev. H. R. Trumppur, Sidney H. Beckley and T. D. Topham and played fourteen against the Veterans' nine men.

The High School went first to the wickets. Beckley and Trumppur were sent in to face the bowling of Sturdes and Walker. The High School lost Trumppur in Walker's first over, the batsman playing all round a straight one from the slow bowler. Topham followed, and Beckley made things lively for a while, scoring eight in one over off Walker. Topham retired for a single, and G. Morriway was run out through a misunderstanding. Beckley then fell a victim to the fast bowler in his next over, having an unlucky thirteen to his credit.

The remainder of the side put up a better defense than in the previous match and with two exceptions all bowled to the score. The innings closed for thirty-seven, Walker taking seven for eighteen; Sturdes three for twenty and Thompson two for two.

The Veterans opened with Jackson and Walker against Beckley and Topham, and runs came freely, twenty being registered before Jackson was caught off a miss hit. Sturdes and E. D. Outram succumbed to Trumppur, who replaced Topham at the lower wicket. Thompson arrived and added ten before falling to a full pitch from Topham who succeeded Beckley. Fairweather came in and the High School total was passed before Walker was beaten by a fast one from Topham and retired for twenty, made by steady cricket. The innings closed for forty-two, leaving the Veterans the winners by five runs. F. C. Cooper, himself a veteran, umpired the game very satisfactorily.

A feature of the High School fielding was the wicket keeping of Smith, who stood up well to the fast bowlers and had but two byes scored against him.

Interest in the good old English game appears to be reviving, and other matches are likely to follow. Judgment of the two games which have been played this evening. It is thought a fairly strong eleven could be chosen. The score yesterday was:—

**AGRICULTURAL COMMISSION**

It is Organized Now and Ready for Work.

The agricultural commission created by an act of the legislature at the late session, held a preliminary meeting in St. John recently, and organized for work. To W. W. Hubbard were delegated the duties of secretary. The office of the commission will be in the House of Assembly, Fredericton, and correspondence is invited from everyone interested in the agricultural development of the province. Letters should be addressed, "Agricultural Commission, House of Assembly, Fredericton." Forms, stating the subjects upon which the commissioners desire to be informed, are being prepared and will be sent to prominent men in every school district.

It is expected that the traveling work of the commission will begin during the fourth week in June, and continue until such time as having operations prevent farmers from attending the meetings. These meetings will be held at convenient centres in the various counties so that representatives of the commission may be within convenient driving distance, and will be open to the public and the press. All residents of the county who have hitherto been neglected, as far as possible, an opportunity of expressing their opinions upon any matter affecting the province will be afforded; but the spokesmen, representing the various school districts, shall first be heard.

All newspapers are invited to send representatives to the meetings. Meetings will be held at convenient centres in the various counties so that representatives of the commission may be within convenient driving distance, and will be open to the public and the press. All residents of the county who have hitherto been neglected, as far as possible, an opportunity of expressing their opinions upon any matter affecting the province will be afforded; but the spokesmen, representing the various school districts, shall first be heard.

**DIED LAST NIGHT AT FREDERICTON**

T. Bradshaw Winslow Secretary of the Provincial Board of Works Passed Away Last Evening.

Fredericton, June 10.—T. Bradshaw Winslow, for nearly forty years secretary of the department of public works, died at his home here at 6:45 tonight after a long illness from asthma and heart disease. For some months he had been unable to attend to his duties and suffered greatly in the past few weeks.

Deceased was 69 years old, a son of the late Sheriff Winslow, of Carleton County, and a native of Woodstock. He spent some years of his early life in Australia. Shortly after confederation he was appointed to the office he filled very satisfactorily for so many years. He was the last of his family, his deceased brothers including the late E. Byron Winslow, of this city, and Frank E. Winslow, for many years manager of the Bank of Montreal at Chatham, and John C. Winslow, postmaster at Woodstock. His wife, who survives, was Miss Bull, of Woodstock, and his four children living are Mrs. W. E. Smith, and Miss Grace Winslow, of this city, Frank Winslow, in South America, and Donald B. Winslow, of the public works department.

The coroner's jury empanelled to inquire into the death of the late Edward Currie met this evening and examined Dr. Geo. Emery Scott, Samuel Cassidy and John B. Harvey, who were called as witnesses. Dr. McNally stated that he had made an examination of the body and found no marks of violence. He believed deceased came to his death by drowning.

Ross Currie, brother of the deceased, and Emery Scott positively identified the body as that of Edward Currie.

The jury brought in a verdict to the effect that the body was that of Edward Currie and that the deceased came to his death by accidental drowning.

At the annual meeting of the New Brunswick Telephone Company yesterday the equalization of rates was decided upon. General Manager Robinson was authorized to take action regarding the application of people residing in the parishes of Dumfries and Prince William, who are desirous of having the company extend its lines from Prince William to Harvey station. The end of this week or early next week Mr. Robinson will visit the section and look the situation over.

**ACCIDENT AT BONNEY RIVER**

Young Italian Run Over by Shore Line Train and Leg Amputated.

A young Italian who had his right foot crushed while working with a gang halting the track of the N. B. Southern Railway near Bonny River, was brought to the city last evening on the train which arrived at 7:30. He was taken to the hospital in the ambulance.

It was found necessary to amputate his leg below the knee and the operation was performed last night.

The man was accompanied by two other Italians, but owing to their inability to speak English the authorities could gather but few particulars. It was said that the man was on one of the flat cars used in ballasting the track and fell between the rails while the car was in motion, one of the wheels passing over his foot.

Rev. David Hutchinson, of Main street Baptist church, will leave on the 23rd inst., for a trip to Great Britain. He will sail on the steamer Cassandra from Montreal, and will be absent till August. During his absence, Rev. E. W. Kelly will occupy his pulpit. Mr. Kelly will then return to Burmah.

Arthur Crilly, who acted as collector of the Merchants Protective Association, with an office in Horsfield street, is reported missing and is said to have been heard of in New York. No formal charge has been laid with the police against him.

Harry Horsfall, director of the Conservatory of Music, Mount Allison, is in the city for a few days on his return to Sackville, from New York, where he has been to study the Leschetzky method of piano playing.

**A BOARD OF CONTROL FOR MONTREAL CITY**

By Law Presented at City Council Yesterday to Provide For Its Creation in Modified Form.

Montreal, June 10.—A by-law was presented at the city council today proposing the creation of a modified board of control. The by-law provides for the appointment of a board composed of seven expert engineers to consolidate the public works department of the city, which at present overlaps in several departments, and to supervise expenditures on general construction work. The members of the board to be appointed for at least three years, and their reports only to be overruled by an absolute two-thirds majority vote of the council.

The board is also to be called upon to pass on any committee reports involving construction works or the purchase of materials, and no committee reports are to be submitted to the council without the board's approval.

This by-law was given a first reading without discussion but it will probably be very much discussed when it comes up again, as the council is strongly divided on the board of control question.

Another by-law provides for the immediate extermination of all unlicensed dogs, all dogs not accompanied by owners at the end of a chain, and also of all dogs which indulge in vocal exercise at such hours as to make themselves a public nuisance.

The Artillery Band will furnish music in the afternoon. The train service will be announced later.

**THE YORK LOAN CO**

Increase in Value of Its Assets May Give Shareholders Larger Dividends.

Toronto, June 10.—Estimates based on the upward tendency of real estate in West Toronto, where York County Loan Company has its holdings, are that the dividend to shareholders when liquidation is complete will be at least forty cents on the dollar, and may even reach fifty cents.

Land has been selling readily at the increased prices. Land that was selling at \$10 a foot front a year ago cannot be touched now at \$20.

**MUCH EVIDENCE IN THE KIERSTEAD CASE**

May Not be Finished for Some Days Yet—Five Witnesses Heard Yesterday.

The case against Christopher W. Kierstead, charged with attempted assault upon Gertrude McNamara, a twelve-year-old girl, is developing unusual interest. The arrest was made in May 22, and the defendant has been in jail since that time, awaiting the termination of his preliminary hearing. A large number of witnesses have been examined and the amount of evidence is great. J. B. M. Baxter and D. Mullin, K.C., opposing lawyers, are fighting each step of the case, and sharp passages between them are frequent.

Yesterday afternoon, two little girls, playmates of the McNamara girl, also Joseph Dryden, Jr., and Policemen Covay and Rankin testified.

The little girls told of Gertrude McNamara coming back from Kierstead's as she came up the road, and when she was asked what the matter was she replied that she had fallen. She showed her arm where it was black and blue, and pointed to her dress, which was torn below the waist. They also told of her going down on Thursday evening and were quite sure as to the distinction between the nights, as on Thursday some fish had been procured for a neighbour, Mrs. Scott, who wanted them for dinner on Friday. There were no lessons to study on Friday evening as there was no school on Saturday. The girls said they were playing hide and seek about the mill yard. It was getting dark and there were two boys in the yard. The witness did not see whether or not Gertrude McNamara was talking to the boys.

Joseph Dryden told of seeing the McNamara girl coming up from Kierstead's on Friday evening. She was alone and carrying two dinner kettles.

The policemen were asked to testify as to statements made by John McNamara and Alfred Kierstead at the time the arrest was made. Mr. Kierstead has previously testified that McNamara had said to Alfred Kierstead, who is a son of the prisoner, "we got the old man, but it is we we want; you shot my dog in your yard."

Kierstead was said to have answered, "You can't find anything against me. My heart is white, which is more than can be said about you, or you would not have a poor innocent old man arrested at this hour of the night."

Policeman Covay said that he had heard some talk about a dog being shot, but did not hear McNamara say that she wanted to see Alfred Kierstead arrested.

Though it had been announced that an effort would be made to close the case soon, it was stated yesterday by one interested that the case might now drag along another fortnight.

**STMR. LADY ELLEN**

IS A TOTAL LOSS

Campbellton, N. B., June 10.—A survey of the Interprovincial Navigation Co. steamer Lady Ellen, wrecked at Newport Island on Saturday night, was held today and she was declared to be a total loss. The heavy sea of the past two days is pounding her to pieces. Already the manager has had offers from three parties having steamers to charter, and it is likely the steamer will be running a snail in a few days.

Coroner Deberry was notified yesterday by telephone that the body of a man had been found at Lawlor's Beach, near Matapedia. He made enquiries and was informed that the body was that of the man Gallen, who, with a companion, was drowned on the Kidgewick drive a short time ago. The other body has not yet been recovered. After gaining positive information that the body was as above, Coroner Deberry did not deem an inquest necessary and gave permission to have the body removed. The unfortunate man belonged to New Mills, to which place the body was sent.

Yesterday, Dr. Lunan reported to the

**MILK DEALERS MUST TAKE OUT LICENSES**

At a meeting of the board of health yesterday afternoon, Col. J. K. Armstrong, counsel for the board, was instructed to proceed against milk dealers who have not procured licenses. The time set for taking out licenses was May 1, but up to yesterday only about twenty had complied with the law.

Last year there were more than ninety licensed milk dealers in the city. It is thought there are quite so many this year.

**ALMOST CHOKED TO DEATH**

Mr. Lionel E. Schwartz, a commercial traveler, writing from Winnipeg, Man., says "Catarrhone cured me of Asthma after the doctors had despaired of my recovery. I seldom slept through a whole night without waking up in a fit of coughing. Sometimes I almost choked to death. I have not been bothered since using Catarrhone. It is the only remedy I have ever met to give such good results." Sold by all dealers in 3 sizes, 25c, 50c, \$1.00 for two months' treatment which is guaranteed to permanently cure.

**ALWAYS ON HER MIND.**

Arthur—You didn't take the pretty hair-dresser out rowing this afternoon?

Harold—No, she talks too much shop.

Arthur—Shop? How is that?

Harold—Why, when I told her how glorious the waves looked the other evening she said they looked just like marcel waves.

**SICKLY DEPENDENT, TIRED**

The world is full of sickly, dependent, tired, overworked people, all hoping to be well some day. The surest road to health is along the way of taking Ferreroze after meals. Ferreroze is a great appetizer and enables one to eat plenty of wholesome food without fear of indigestion or dyspepsia. This results in a rapid formation of an abundance of red, vitalizing blood, which will restore the nerves, increase flesh and vigor, and nourish and feed every organ of the body. Ferreroze is an ideal restorative and invigorant. It is a tonic of unequalled merit that anyone can use with benefit. Price 50c per box, or six boxes for \$2.50 at Druggists, or W. C. Polson & Co., Kingston, Ont.

**THEIR BUSINESS.**
