ENEMY WANTS TO MAKE USE OF GREEK TERRITORY

Paris, Oct. 27.—The Hestia, of Athens, as quoted by the Havas Agency, says that steps are being taken by the Bulgarian and Turkish ministers to Greece with the intention of establishing the line of their governments' troops near the Serbian and their allies into Greek territory, should the occasion arise. These ministers, the Hestia says, have complained to Premier Zaimis of Greece, that the presence of foreign troops in Greece Macedonia is contrary to a spirit of neutrality and places the Bulgarian forces operating in Serbian Macedonia in a difficult situation. M. Zaimis recalled the fact that Greece had protested to the allies at the time of the first landing of troops. Since making this reply to Turkey and Bulgaria, the question has not been discussed, but it is expected that further representations will be made to Greece. The Bulgarian newspapers are conducting a campaign against the presence of allied troops at Saloniki.

THE RUSSIAN

Lugano, Switzerland, Oct. 27.—Negotiations between Russia and Roumania appear to be near a successful conclusion, says the Information. While awaiting the coming of Roumania for the passage of Russian troops, the newspaper asserts, Russia has temporarily suspended arrangements for disembarking troops on the Black Sea coast of Bulgaria.

Drive Bulgars Out

Saloniki, Oct. 27.—The Bulgarians have been completely driven out of Serbia on a line extending from the French section of Krušedol to Lulekdol. They have been pushed back also from Veles to the outskirts of Titov probably rendering their Komarovo-Vranya line untenable. Offensive operations against Nish have not proceeded beyond Pirot. The Austro-Germans are making the most violent efforts but their progress is extremely slow. The city of Nish is tranquil and seems to be in no immediate danger. The government archives and the foreign legations have been moved only as far as Kraljevo, where they are awaiting developments. Crown Prince George arrived at Saloniki this afternoon.

German Report

London, Oct. 27.—It is semi-officially announced in Berlin, says a despatch from Rotterdam to the Daily Telegraph, that all the important harbors of Eastern Serbia, on the Danube, are in possession of the Bulgarians, and that further access for the Serbians by way of Roumania is therefore stopped.

The Serbian town of Rashtica is almost completely destroyed in the fighting and Monastir is being evacuated by the Serbians. A despatch to the Lokal Anzeiger asserts that the Serbian fortress of Pirot is completely surrounded.

THRILLING WAR TALE OF THE AIR

French Sergeant Aviator Destroys Aeroplane and Balloon

WRITES OF DOUBLE EXPLOIT

Balloon Was One Well Guarded and Sentinel Airship Had to Be Got Out of the Way First

Paris, Oct. 27.—Sergeant Aviator "G. G." who recently destroyed a German captive balloon and an aeroplane on one trip, describes his double exploit in a letter received by friends at Fontenoy-les-Comtes, where he was a high school teacher. "It was our fourth attempt," he writes, "to attack a famous balloon which was so well guarded that we never were able to get near it. When we got over the Boche lines, I saw our balloon emerging from a sea of clouds fifteen miles away. Being wary, we made a wide detour, so as to get to the windward and bear down upon it from its own lines, whence it was certain not to expect an attack. "On the way, however, we came upon a sentinel aeroplane which, being beneath us did not appear to see us. I signaled our pilot. He pushed his engine to 1,800 revolutions and dropped vertically upon the enemy. My position was precarious, my body hanging out over space, clinging to a strut with the left hand, my right hand on the butt of a machine gun. "At 800 yards I opened fire. Instantly the Boche swerved and tried to flee, but he got across and I gave him a broadside. He pitched downwards into the sea. "We were then within three miles of the balloon. We advanced crabwise, jumping from cloud to cloud. The balloon did not bud. We got close up. I gave the signal and we swooped upon it. I saw the signal and we swooped upon it. I saw the signal and we swooped upon it. I saw the signal and we swooped upon it."

He has two brothers in uniform, Walter and Beverley, both younger than he, serving in the artillery at Halifax. Germans Attack At La Courtine Again But Are Defeated

Heavy Fighting on That Part of Front in West—The Russian Position—Tension on Dvinsk-Riga Front is Increasing Rapidly

Paris, Oct. 27.—Another attack was made last night by the Germans in the region of La Courtine, where heavy fighting has been in progress for some time, for possession of the German salient. The War Office announced today that this attack had been defeated.

Should the Russians succeed in breaking through there, the Dvinsk operations threatened by the Germans would be completely frustrated. The Germans have, therefore, sent special reinforcements with the object of covering their right flank, to the rear of Von Buelow's army, thus linking it up with Von Eichhorn's.

THE SITUATION IN RUSSIA

Petrograd, Oct. 27.—The tension of the fighting on the Dvinsk-Riga front is increasing rapidly. This is particularly noticeable on the road to Riga, where this communication is being affected in the northeastern corner of Serbia, where the distance between the Hungarian and Bulgarian frontiers is only forty miles in a direct line.

To the local conditions, the Germans hope it will be easier to cross the Dvina than at Dvinsk. The successful advances of the Russians, debouching to the westward from the region of the lakes into the open country in the direction of Sventitsky has greatly alarmed the Germans, as this spot is the junction of Von Buelow's and Von Eichhorn's armies.

Should the Russians succeed in breaking through there, the Dvinsk operations threatened by the Germans would be completely frustrated. The Germans have, therefore, sent special reinforcements with the object of covering their right flank, to the rear of Von Buelow's army, thus linking it up with Von Eichhorn's.

RIVER BURGLARS TRY TO MAKE A BREAK IN LINCOLN

Family Aroused, Neighbors Form posse and Shots Are Fired—Stephen Taylor Back to Capital

Fredrickton, N. B., Oct. 27.—Burglars who have been terrorizing people of the river parishes of Sanbury county have not yet been rounded up. Last night three of them appeared at the home of John McLellan of Lincoln and started to effect an entrance through a window. The family was aroused and McLellan ran to a neighbor's house to borrow a shotgun. Neighbors joined in the chase and pursued the culprits in the direction of the river, firing several shots at them. In the darkness the would-be robbers made their escape. People living along the river were notified by telephone, and armed men remained on guard all night, but without result.

Stephen H. Taylor of Shelburne is returning home today after a trip to Fairville. An effort was made to have him confined in the Provincial Hospital, but proved unsuccessful. It is contended that his arrest was illegal and his counsel wired to Supt. Anglin protesting against Taylor's admission. This, coupled with the fact that Taylor did not have the necessary \$200, resulted in the health authorities rejecting him.

An advance party of the 26th Field Battery, which is to be quartered here this winter, is due here this evening.

Far and above the violation of military rules is the unbelief for and spreading of such false and unjustifiable rumors—picked up in the street corners, and passed on from mouth to mouth without any verification whatsoever.

It is high time this grievance was put a stop to.

Yours truly CIVILIAN.

### SOME FINE DAY, BILL

I'll put on some life insurance and when I do I'll take it with you."

In these words last summer a young man declined to apply for an Imperial Life policy to protect his widowed mother against the contingency of his death.

Four weeks later he and a friend were drowned while bathing.

Supposing you should die suddenly—what would then happen to your dependents? Would they be destitute to a life of hardship? It is for you to say.

You can prevent it by means of an Imperial Home Protection policy. Let us tell you more about it? A postal will bring the information.

Soldier Who Lost Sight at Front and Had it Restored by Shock When Hesperian Was Torpedoed

The treasurer's annual report presented to the Women's Canadian Club annual meeting on Monday evening was most encouraging. It was explained that a donation of \$800 to patriotic work at the end of the preceding year had caused the accounts to open with a much smaller balance than usual. However, owing to the club had entered strongly into many of the undertakings that the present national situation had rendered necessary, all expenses had been met and there was a balance of \$75 on hand. Total receipts were the largest in the club's history, \$14,646.

All the reports were of a highly satisfactory nature and spoke of a strong and united work on the part of the entire membership.

Several resolutions of sympathy were passed and the president spoke of the "missing faces" of strong helpers of the past, Mrs. Robert Thomson's loss at a valued member of the executive committee being specially mentioned.

A resolution of condolence in connection with the convalescence home so generously provided for this district by Mrs. Parks and in carrying on of which this club will, in due time, be ready to assist.

The war trophies exhibition to take place this week and the sending of Christmas stockings to the front were discussed. After some discussion, it was announced that all stockings made by the club will be sent to the front to be collected from all friends as well as those made by the club itself, and then sent them to the Soldiers Comforts Association as donations.

It was reported that the Women's Canadian Club, so that they might go to any Canadian boys at the front not otherwise provided for, it was announced that all stockings made by the club will be sent to the front.

A most interesting resolution was moved by Mrs. E. J. Hooper in a very patriotic and eloquent manner, winning instant and hearty support of all present.

"That this club decorate with a small Union Jack every house in this city which has gone toward a man to fight for his king and country."

Mrs. G. H. MacLennan, president of the club, seconded and approved of this happy suggestion, which was enthusiastically carried.

It was reported by the president that Stanley Chambers would come to St. John to assist in the exhibition. He is the soldier who returned from the front on the Hesperian, having lost his sight from wounds and who was miraculously restored by the shock of the torpedo which sank the vessel.

Thanks were tendered to all who had helped in so many ways to carry on such a successful year's work and the meeting closed after a general discussion on future efforts and many expressions of satisfaction and appreciation.

## ROLL OF HONOR IN PORTLAND ST. CHURCH FOR THEIR SOLDIERS

A congregational rally was held last night in the St. John's Church and was well attended. An honor roll was unveiled in the church containing the names of thirty-seven members who have joined the colors. Another interesting feature of the programme was the presentation of a scroll to the Rev. J. Lingley to the Sunday school, in behalf of the Ladies Aid Society, Rev. Mr. DeLindsay, pastor of the church, presided at the meeting which was of special interest. The unveiling of the honor roll was conducted by R. T. Hayes, while, in the musical and literary programme given, those taking part were Misses Hanson, Staghove, Hilda Wood, Miss Champion and Rev. Mr. and Mrs. Champion.

## FEED CHILDREN

On Properly Selected Food. It Pays Big Dividends.

If parents will give just a little intelligent thought to the feeding of their children the difference in the health of the little folks will pay many times over, for the small trouble.

A mother writes: "Our children are all so much better and stronger than they ever were before we made the change in the character of the food. We have quit using potatoes three times a day with coffee and so much meat."

"Now we give the little folks some fruit, either fresh, stewed, or dried, some Grape-Nuts with cream, occasionally some soft boiled eggs, and some Postum for breakfast and supper. Then for dinner they have some meat and vegetables."

"It would be hard to fully describe the change in the children, they have grown so sturdy and strong, and we attribute this change to the food elements that I understand, exist in Grape-Nuts and Postum."

"A short time ago my baby was teething and had a great deal of stomach and bowel trouble. Nothing seemed to agree with him until I tried Grape-Nuts softened and mixed with rich milk and he improved rapidly and got sturdy and well."

"There's a Reason."

## SENDING LETTERS AND PARCELS TO SOLDIERS

An enquirer writes as follows to Postmaster Sears:—

"My daily business occupations afford me the opportunity of meeting with people, who have members of their family at the front. On such occasions I can't help but feel interested in remarks passed by them. The question I wish to ask you is: is it compulsory, according to law that persons sending letters, parcels, and such, must pay the postage, or is it the right of the government to do so? I have heard that the latter is correct. If so, why are poor people who have sacrificed their main support, compelled to pay out of their small allowance money for mail sent to those who have left their homes to protect our country and its same government? Please answer me through 'The Times'."

The reply to this is that the sender may pay postage on all letters or parcels sent free if properly packed and addressed through the Soldiers' Comforts Association, C. P. R. Building, corner Germain and King street.

## REV. DR. W. O. RAYMOND HEADS NATURAL HISTORY SOCIETY

Marked progress in every department of their work was shown in the reports submitted at the annual meeting of the Natural History Society last evening. The retiring president, W. F. Burditt, occupied the chair and the election of officers for the coming year resulted as follows:—

President, Dr. W. O. Raymond; 1st vice-president, W. F. Burditt; 2nd vice-president, R. B. Emerson; treasurer, A. Gordon Leavitt; corresponding secretary and curator, William McIntosh; recording secretary, W. L. McDermott; members of council, Dr. Geo. F. Matthews, Dr. J. Roy Campbell, T. H. Estabrooks.

Two additional members of the council will be added at the first regular meeting. C. H. Fiewelling and Timothy O'Brien were appointed auditors.

A new provision was made for "sustaining" members who shall contribute not less than \$5 a year.

The curator reported that 7,000 persons had visited the rooms during the year, including several eminent scientists from abroad. Professor Gardner of Boston, who came to St. John for the express purpose of examining their collection, said that the relics of the stone age of the Acadian Indians were the largest.

They're going quickly—the tickets for the \$5,000

## MORNING NEWS OVER THE WIRES

The body of an unknown man was washed ashore near Digby, N. S., yesterday. It is thought to be that of a sailor from the steamer Ruby L, lost some months ago. St. Hilaire, Madawaska, will be "dry" after May next, 185 votes of a majority having been cast against license in yesterday's elections. The municipal council will remain about the same except for three new members. Before leaving for Valcartier to take up his duties as chaplain with the 55th Battalion, Rev. Father Lochary, of Riverview, N. B., was the recipient of a purse of gold from his congregation who held him in high regard. A special farewell service was held.

WHO ANSWERS THE CALL?

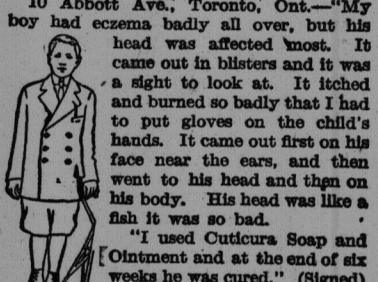

Greece will not join the Central Powers. In the House of Lords yesterday Lord Lansdowne said: "I must say, with great regret, I am afraid we must admit that the progress of the campaign in northern Serbia has been such as to render it highly improbable that the Serbian army will be able to withstand, for any great length of time, the attacks to which it is exposed from the Austro-Germans on the north, aided by the stab in the back which Serbia is receiving at the hands of Bulgaria."

**P. E. I. CROPS**

Charlottetown, P. E. I., Oct. 27.—The potato crop will be only about 75 per cent of an average crop. The farmers know there is a shortage on the mainland and are not in a hurry to dispose of their stock.

The oat crop will be a little below the average.

The island had a heavy hay crop this year, and, thanks to fine weather, it was saved in good condition. A large quantity of last season's crop was shipped to France for war purposes, and it is possible that there will be a demand from the same quarter for a portion of the new crop as well. There is generally a good demand for this product in eastern markets.

An imperial family pass for a year is one of the prizes in the patriotic drawing.

CITY VOTES \$5,000 FOR BRITISH RED CROSS SOCIETY

At the meeting of the common council yesterday afternoon \$5,000 was voted for the British Red Cross Society.

On application of the automobile association a ten foot space near King Square, opposite the Imperial, was set aside for a motor park-way.

Renewal leases were granted to L. A. Burdon, R. L. Adams, William Baxter, six lots to F. A. Peters, and one lot to Mrs. Julia McEann. The renewal of permission to the C. P. R. to carry its tracks down the city wharves in West St. John was postponed.

A resolution of condolence was passed and ordered forwarded to the widow of Captain G. E. Barker of the fire department, with \$400, two years pay.

A suggestion for garbage collection was referred to the incinerator committee. Commissioner Potts submitted a lengthy report of the street railway situation, saying that they had completed the turn-up section, as required, and commenced another short section, but he could get little information or satisfaction from them and suggested that the city apply for an injunction requiring the company to bring 108 rails up to grade over the city.

Commissioner McLellan said that if the public works department could not clear up the situation he would have to take a hand, as his department is responsible for damages if any accidents occur. The mayor suggested a conference with the company to seek a definite basis for future action.

HAS LETTER FROM LADY ROBERTS

Wife of Lt. Col. Good Lent Field Telescope For Use in War

Acknowledging the loan of a telescope valued at \$100, Lady Roberts, has written a personal letter to Mrs. W. C. Good, wife of Lieutenant-Col. Good, now in France. Mrs. Good, who moved from Woodstock when her husband went to the front is a daughter of Rev. J. C. Berrie of this city. The letter is as follows:

Dear Mrs. Good,  
I waited to answer your very kind letter of September 7, until the arrival of the telescope which you so kindly sent me for the use of the soldiers in the field. It has arrived and I know will be of the greatest value to some artillery officer. It is very good of you to have sent it to me for I know you must value it, but I can assure you that your gift is greatly appreciated for as you will see by the enclosed paper the demand for them is as great as ever.  
I trust that perhaps you will get it back at the end of the war.  
With best thanks, believe me,  
Yours very truly,  
AILEEN ROBERTS.  
Mrs. Good,  
59 Carmarthen street,  
St. John, N. B.  
A circular was enclosed with the letter, telling the need of glasses as follows:  
Lady Roberts' Field-Glass Fund  
National Service League  
72 Victoria Street, Westminster.  
The late Lord Roberts asked the nation for the loan of field glasses for the period of the war, for the troops. Lady Roberts has since written to the press in the same sense. In response more than 25,000 glasses have been lent.  
The great conflict on which the coun-

try is engaged brings to light, as time goes on, unprecedented needs. No one could have anticipated the scale and urgency of the demand for good glasses for all ranks, and despite the very large number distributed, this demand grows daily more insistent. Those responsible for the scheme are in a position to say that every good glass given means the saving of gallant lives.  
Lord Roberts desired the National Service League to undertake the administration of this scheme. Glasses should be sent (with a card enclosed in the case), addressed as above. They will be acknowledged by Lady Roberts, engraved with a registered number, lent to an officer, N. C. O., or man in need of them and returned where circumstances permit at the end of the war.  
Types of glasses considered in order of preference--  
(1) Prismatic glasses, 25 by Zeiss, Goerz, Ross, Negretti & Zambra, Doll and other well-known makers.  
(2) Prismatic glasses, 25 and higher powers by the above.  
(3) Non-prismatic, by Dolland, &c.  
(4) Good old-fashioned non-prismatic racing-glasses.  
Good deer-stalking telescopes are most useful for batteries.  
In answer to many enquiries, ordinary opera glasses are hardly suitable for military purposes.  
Please address the secretary.

MARITIME PROVINCE PEOPLE IN CALGARY ENJOY A RE-UNION

The maritime province people in addition to being good politicians and leaders in church and state affairs, are a jolly bunch, and when they get together generally have a good sociable time. The annual parties and reunions held each year in Calgary and vicinity are always well attended, and the men and women who come from down by the sea show that they can take the lead at a banquet or a tea fight as well as in other affairs.  
On Tuesday evening those who are proud to claim the maritime provinces as their birth place gathered to the number of about 600 at the Hillhurst Presbyterian church, held a banquet, sang old time down east songs, renewed old friendships, talked patriotism and had a good time generally.  
Owing to the war time the gathering was somewhat in the nature of a patriotic one. T. M. Tweedie, M. L. A., a real "Blue Nose" from Nova Scotia, and T. B. Kidner, who said that he was so fortunate as to spend the best years of his life in New Brunswick and Nova Scotia, each made an appeal to the people from the old Loyalist provinces to support the Patriotic Fund. A quartet composed of Mr. and Mrs. Miss Dorothy Watson, a former Halifax family possessing more than ordinary musical talent, with Mr. Campbell, played the "Songs of the Allies" on violin, cornet and piano. Mrs. Florence Blake Mahoney and Miss Dorothy Watson each sang appropriate solos, while readings were given by Miss Robertson, a leading Calgary elocutionist, and by L. U. Fowler, who gave a description of a country basket social in Prince Edward Island.  
Mrs. Mahoney and Miss Elodie Bourque played a number of down east selections which were taken up in chorus by the large audience present.  
Addresses were delivered by Rev. Peter Walker and Rev. J. A. Huntley and also by C. W. Matheson, K. C., the retiring president, and by J. A. Irvine, the newly elected president of the Maritime Province Association.  
The election of officers of the Maritime Province Association took place. John A. Irvine was elected president, and J. L. Neville secretary, while the provincial vice-presidents elected were New Brunswick, S. B. Hillocks, M. L. A.; Nova Scotia, Ald. J. L. Jenkinson, K. C.; Prince Edward Island, L. U. Fowler.  
The ladies of the Hillhurst Presbyterian church, who provided the banquet, came in for loud praise, and those who have been present at many such affairs pronounced it "the best yet."  
It is worthy of remark that many of Alberta's leading citizens, including Bishop McNally, Canon Montgomery, I. B. Bennett, M. P., Messrs. Tweedie and Hillocks, M. L. A's, J. A. Irvine, Ex-Mayor Stansfeld, Hon. G. H. V. Bulyea, Hon. Charles Mitchell and others come from the Maritime Provinces and all have made good in Alberta.—The Sunday Standard, Calgary.

BASEBALL "Babe" Ruth Loss Diamond Baltimore, Oct. 25—While "Babe" Ruth was pitching his old team the St. Mary's Industrial School to victory yesterday afternoon, one of the brothers of the institution, to whom Ruth entrusted his 2 1/2 solitary ring, lost the ring while working to keep the big crowd back from encroaching on the infield. Ruth paid \$500 for the ring which contained the first diamond he ever owned. He bought it from his share of the proceeds of the world's series games. "Babe" won his game, 13 to 2. gue and a definite ban will probably be placed against the custom. FOOTBALL Captain Protests Debarments New Haven, Conn., Oct. 25—Louis S. Middlebrook, captain of the Yale 1915 nine in a statement made public on Monday, says he feels almost personally responsible for the debarment of Captain Arthur M. Milburn and four other baseball players from intercollegiate athletics for violation of the summer baseball rule. He said that he understood that the conditions under which the men were playing at Quogue, L. I., where the infraction occurred, but did not know they constituted a violation of the Yale rule. It was not until Prof. Robert N. Corwin, chairman of the Yale athletic committee had written him during the summer, asking him if the no-baseball rule was being kept that he looked up the rule, Middlebrook said. He then placed the matter in the hands of George B. Case, of New York, the graduate baseball adviser, and subsequently the athletic committee took action. Mr. Middlebrook says: "As a Yale baseball captain I wish to say I should have known the rules and been in a position to advise the players against breaking them. I wish to relieve all the players and the members of the athletic committee from a responsibility that I feel ought to be on my own shoulders." Bernard Tommers, Yale, 1911, assistant coach of the baseball team, also issued a statement in which he says he advised the men to play, not knowing that the conditions under which they were to play would be a violation of the rule. Prof. Corwin declined to comment on or say whether they would have any effect on the status of the debarred players.

THE RING. Bouts in Gloucester. Eddie Mack, a new promoter, of Gloucester, is hustling hard. New York, Oct. 26—Johnny Dundee, of New York outpointed Willie Ritchie of San Francisco in their tenth round bout at Madison Square Garden here tonight.

Lewis Defeated Mandot. Boston, Oct. 26—Ted Lewis, the English lightweight, was given the decision over Joe Mandot, of New Orleans, by a wide margin in a 12-round bout tonight. Mandot put up a game exhibition, but was knocked down for the count of nine in the first round, and was felled again in the tenth and twelfth rounds.

Roddie McDonald Shot. Halifax Recorder.—A message from Gloucester Bay last night said that Roddie McDonald had been accidentally shot in the leg. Later particulars brought the information that Roddie, who has recently moved into his new residence was doing some work about the dining room when a revolver fell to the ground and exploded and McDonald had received a wound just above the knee. Bay Wood was to have left for Boston this afternoon but he has been wired as to the accident to McDonald, and that the bout is therefore off.

All English battalions were recently warned to keep a careful watch for any contrivances which the Germans might use with the object of producing poisonous gases. Shortly afterward a certain regiment on taking over some trenches found an old bag pipe left in the lines. At once the colonel who commanded a rare sense of humor sent the following message to brigade headquarters: "A weird instrument has just been discovered in my trenches; it is believed to have been used for producing asphyxiating noises."

There are still three survivors of the original Mormon band to find its way into the Valley of the Great Salt Lake in 1847. One is Lorenzo Sobek Young, who belonged to the third "10" of the original company, to which Brigham Young also belonged. His first home was a wagon box lifted from its truck and supported by posts.

MORAN REFUSED TO MEET COFFEY

Attachment Had Been Made Against His Share of the Receipts—Chairman Weack Averted Trouble

There were very few of the ten thousand spectators at Madison Square Garden on Tuesday evening, when Frank Moran wrecked the hopes of Jim Coffey, who realized that by a slight margin of good fortune a desperate situation that would undoubtedly have resulted in a riot of serious consequences was narrowly averted. Fifteen minutes before the big battle was to be staged Frank Moran said that he was not going to enter the ring. An attachment, which had been plastered against his share of the receipts brought about the startling crisis. The big battler, knowing about the court order, declared determinedly to the promoters: "No money, no fight." There was no use arguing with the fighter, for the situation had been threshed out repeatedly and always brought forth the same response: "No money, no fight." Down in the vast amphitheatre were those ten thousand frenzied fans who had been whipped up to the nerve-racking point, for they were to see the two best big white men in the country fight for the privilege of hurling a well-backed deft at Jess Willard and his world's crown. The management knew all this, and they also knew that it would be verging on foolhardiness to tell those ten thousand and fans there would be no fight. The bare announcement; a mighty howl; a leader, and what a raging mob would do

under these circumstances can easily be imagined. There was only one thing to do; put the hair trigger situation up to the State Athletic Commission and hope for relief. Fred Wenck, the recently appointed chairman of the board, was sought out and the case explained. It did not take Wenck long to solve the difficulty. Court order or not, the chairman ordered the management to hand over the \$6,500 (Moran's share), and within a few minutes it was given to Ike Dorgan, Moran's manager. Two minutes before Wenck handed over the money Moran, satisfied he would not receive his guarantee, started for the street. He was making his way through the crowd when Wenck sent Willie Lewis to overtake the fighter and get him back. When Moran returned and learned that his money was secure he undressed again, entered the ring and achieved a victory that will bring him a fortune.

**ST. PHILIP'S CHURCH**  
 Rev. J. H. Franklin, pastor of St. Philip's church, referring to the statement of R. H. Advertising bills, three years' insurance, lumber, paint, stove and other bills were unpaid when Mr. Franklin took charge. Those bills have been paid, the church renovated and books bought. Mr. Franklin adds that Mr. McIntyre is not a member of St. Philip's church and does not worship there, and he invites the public to visit St. Philip's and see its work for themselves.

**Final Plans For Tomorrow Night's Big Patriotic Rally For The 104th Battalion**

Lieut.-Col. Geo. W. Fowler's big meeting in Queen's rink tomorrow night will have the distinction of being the first occasion in St. John during the present war on which an outside commanding officer has met prospective members of his battalion in intimate discussion of military affairs. This fact is being highly appreciated by the men of St. John and vicinity. Col. Fowler's natural friendliness to everybody will no doubt make him very popular as the head of the new 104th Battalion.  
 The bands which are to escort the people of the city to Queen's rink tomorrow night will march from Haymarket Square, the Army in south end, from the west side ferry floats by way of the ferry, the 104th Battalion and North end contingent will start at Riverview Park, Douglas avenue, where they will pick up Col. Fowler, who will be dining with friends in that locality.  
 The Fairville and North end crowd will therefore be called upon to do the honors of the occasion. The bands will start from Riverview Park about 7:40 o'clock, giving the procession about twenty minutes to reach the rink in Charlotte street.  
 In addition to Col. Fowler's address, outlining his plans for the crack 104th, Sergt. Knight will make one of his spirited speeches. There will be musical features as well, and possibly some short remarks from some of the returned soldier boys. Citizens are asked to help make tomorrow a gala day in the matter of inaugurating the 104th Battalion by flying all their flags, and dressing their show-windows appropriately.

**SUCCESS ATTENDS EVENT IN THE K. OF C. ROOMS**

The sale and tea conducted last night in the rooms of the Knights of Columbus, which had been generously given for the purpose, in aid of the St. Vincent's Infants' Home, Coburg street, was a pronounced success. A very large and enjoyable supper was served while various games were well patronized and a pleasing musical and literary programme given. The rooms were nicely decorated for the event. The booths were arranged in the main assembly hall with supper served in the dining room upstairs.  
 The City Cornet, band played several choice selections, and others taking part in the programme, were: S. C. Hurley, Fred Joyce, Mrs. J. P. O'Toole, Miss Irene MacNeil, Mrs. A. W. Simons, with Miss Molliday, and Miss Lynch as accompanists. A committee from the officers of the Knights of Columbus assisted in the direction of the event, the arrangements for which were made by a committee composed of Mrs. M. E. McLoughlin, Mrs. John Sullivan, Mrs. Allan McGuire, Mrs. Wm. Donahue, Mrs. J. A. McCarthy, Mrs. E. J. Sullivan. The fancy table was presided over by Misses Winifred MacNeil, Ethel Flaherty and Elizabeth Wallace, the candy and ice cream booth by Misses Susan McWilliams, Roxina McIntyre, Agnes McGuire, Nan McDade, Mrs. E. J. McGuire, W. J. Magee and G. F. Cunningham attended to the wheel of fortune and F. Driscoll and P. J. Fitzpatrick to the spinning. A large staff of pretty young women aided in the dining room. A neat sum was realized for the very worthy object.

**PREPARATIONS FOR CELEBRATING THE TWENTY-FIFTH ANNIVERSARY OF Y.M.C.A. LADIES' AUXILIARY**

Preparations for celebrating the twenty-fifth anniversary of the founding of the organization were discussed at the monthly meeting of the Ladies' Auxiliary of the Y. M. C. A. yesterday. Mrs. E. Williams presided and there was a large attendance, with several new members present. The house committee reported on extensive renovations, they having completed the retinting of the walls and the refinishing of the wood-work on the two main floors of the association building.  
 A special committee is arranging for a reception to the past presidents and all active and associate members, in honor of their twenty-fifth anniversary.  
 The first meeting for the organization of the auxiliary was held on October 30, 1888, and at a subsequent meeting the first officers were elected as follows: President, Lady Tilley; vice-presidents, Mesdames David McLellan, W. H. Truck, George McLeod, William Peters, J. V. Ellis, and T. W. Daniel; secretary, Mrs. W. J. Stewart; treasurer, Mrs. J. E. Irvine. The presidents who have held office since then are Mesdames H. J. Thorne, J. V. Ellis, D. McLellan, Henry Austin, A. R. Melrose, T. H. Somerville and the present president, Mrs. J. Willard Smith. Other officers this year include Mrs. H. Climo, secretary, and Miss Alice Estey, treasurer.

**"The Shoe Tax"**

Father's income knows what it is and to mother it is also a very real thing. It means the high cost of keeping a growing boy or girl properly shod.  
 When father and mother figure out all the new shoes they have to buy they are apt to conclude shoes are made out of paper rather than leather.  
 Care in purchasing will cut down this tax, care in choosing the right shoes and care in buying at the most favorable time.  
 And the first step in the right direction is a study of the advertising in The Telegraph and Times that gives the helpful information.
