CHECK MUST BE PUT ON MEXICO

Nations Aroused Over Slaying of British Subject

NO OFFICIAL ACTION YET

Inquiry Being Made and Meanwhile United States is Being Looked To—Strong Comment By Some London Papers

(Canadian Press.)

London, Feb. 20.—The Evening Standard says:—The execution of Benton, if true, emphasizes the fact that some kind of international compulsion will soon be necessary to stop Mexico from wallowing in this style of corruption and cruelty.

The "Globe" after asking what is going to happen in case investigation proves the guilt of Villa says:—The United States has not only the responsibility involved in its assertion of the Monroe doctrine, but also the responsibility of having supplied Villa and the rebels with arms, thereby promoting the lawlessness which has had such grievous results for British lives and interests. President Wilson has gone too far to shrink from going farther.

London, Feb. 21.—The British government, up to noon today, had not taken any action in regard to the execution of William S. Benton, a Scottish rancher in Juarez, beyond instructing Sir Cecil Spring-Rice, British ambassador at Washington, to obtain from Secretary of State Bryan all possible information. Although the tragedy drew a widespread sensation throughout the British Isles, it has not aroused any disposition on the part of responsible members of the British government to change their policy in regard to Mexico.

There is no concealment of the fact, however, that murders of British subjects in Mexico, unless they are followed by the punishment of the perpetrators and the payment of indemnities are likely to arouse public opinion here to the point where it will demand that the British government take a strong line.

Great Britain's official attitude is that of looking to the United States government to protect British subjects and it has no doubt that the United States will do its best although it recognizes that the United States is practically helpless to protect foreign residents in Mexico.

The state department at Washington had already informed the British government that where there were no British consuls in Mexico the consuls of the United States would look after British interests.

The British government has no communication with the Mexican Constitutionalists through diplomatic or consular channels. Members of the British government have considered the recognition of the Constitutionalists as belligerents, a mistake.

El Paso, Texas, Feb. 21.—El Paso today awakened to anxiety and conjecture as to the fate of Gustave Bauch, an American accused by the rebels in Juarez as being a spy, and of two Englishmen who disappeared in Juarez on last Wednesday. Bauch disappeared from his cell last evening. He is believed to have been shot.

Of the Englishman, one is said to be a rancher named Curtis, from New Mexico, and the other John Lawrence, chief engineer of the California Development Company, in Yuma, Ariz.

Samuel Stewart, known also as Thompson, an English soldier of fortune, reported their disappearance. He said they went to Juarez on Wednesday to aid in the search for Benton, a school mate of Lawrence's and were seen no more by himself or other friends.

Lawrence and Curtis, Stewart said, registered here on Tuesday under assumed names, as they came on business of a nature which, for financial reasons, required secrecy. He did not know what names they used. Stewart told a circumstantial story of his search for the two friends yesterday, but his tale was received with reservation.

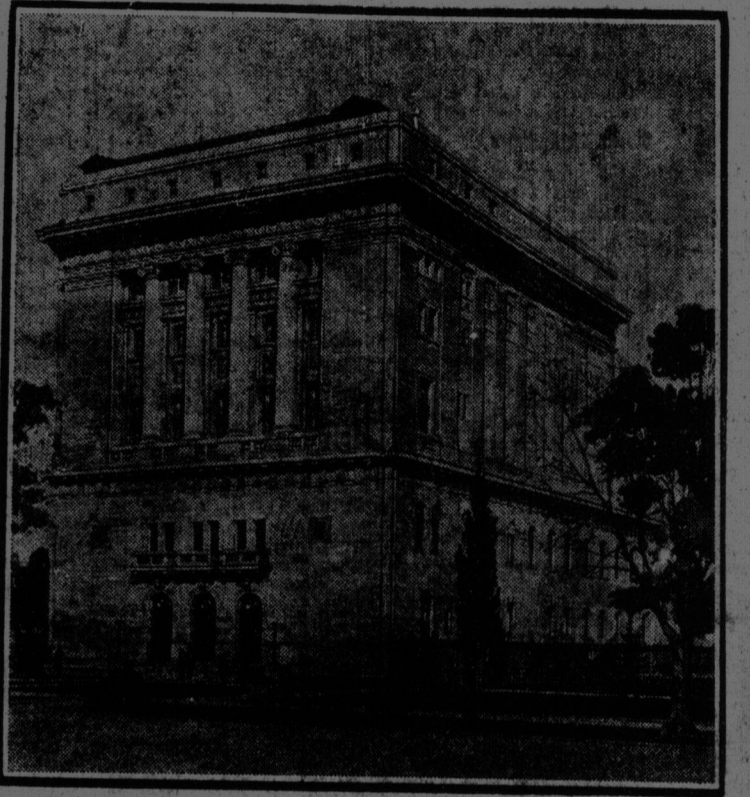

Huerta Frees Prisoners.—Mexico City, Feb. 21.—To commemorate the anniversary of his accession to the presidency, President Huerta yesterday ordered the release of fifteen more members of the chamber of deputies who were imprisoned last October when he dissolved congress. None of the men was of national prominence.

Two of General Villa's emissaries, said to have offered the Federal General Velasco 2,000,000 pesos to surrender Torreon to the rebels, were summarily executed by Velasco, according to a story reaching here from Torreon.

The war department announced last night that it had received advice that 3,000 rebels had started from Chihuahua toward Torreon.

Dr. Ignacio Alcocer, minister of the interior, last night notified the newspapers that anti-American attacks must cease. He also announced that "Mister Lind" is new weekly newspaper, wholly devoted to attacking Americans, would be suppressed.

NEW HOME FOR TORONTO MASONS

A firm of New York architects was awarded first prize, \$1,000 for competitive plans for the new home of Toronto Masons. The property was the former home of Sheriff Mowat.

Fourteen Life Savers Drowned

Go Down In Effort to Save Crew of Bark Ashore On The Coast Of Wexford

Queenstown, Feb. 21.—Fourteen life-boatmen were drowned when they went out from Fethard, to rescue the crew of the Norwegian bark Mexico driven onto the rocks near the Saltee Islands, Wexford, last night.

Two life-boats had answered the distress call of the Mexico, which was bound from Leguna, Mexico, to Falmouth. The first to reach her was stove in, but the life-savers were able to scramble on board the wreck and remained all night.

When the crew of the bark and the life-boatmen landed safely on one of the islands today, they found that the second life-boat, for which they had waited all night, had sunk with her crew of fourteen men.

Speaking to a Times reporter at noon today in the Union Dept., while passing through from Ottawa to his home in Moncton, Hon. H. R. Emmerson, M. P., denounced strongly the action of the government in allowing Manager Guinness of the I. C. R. to withdraw the Ocean Limited from the service, and to lessen the suburban service between St. John and Hampton.

"It really looks to me," he said, "as though the aim of the government was to make the I. C. R. so unpopular that the people would become anxious for almost any kind of a change in the hope that it might be improved, thus paving the way for the benefit of the C. P. R. for return from the suburban service between St. John and Hampton."

When Mr. Guinness was in St. John he spoke of the I. C. R. as a "dead end" at this end of the service, and surely he must have had some tabulated statement to base his remarks upon. Considering this, why could not the government give the information desired, without asking that a notice of motion be made in the matter? It is merely evading the question, for it is realized that this talk of loss does not carry much weight. It is ill-advised for Mr. Guinness to talk of "business" and his remarks about "losses" are absurd.

"By his taking off the Ocean Limited he has merely added the C. P. R. again, a move which seems to be most popular on his part, and it hardly remedies the case to replace this train in summer, for the interest in traffic is naturally diverted through its being taken off in the winter. There is too much catering to the C. P. R. on the part of the I. C. R. management, and this fact must long have been made itself clear to people in St. John and elsewhere."

Hon. Mr. Emmerson will remain in the city for a few days before returning to the federal capital.

Thirty Thousand Dollars Increase in a Single Year

One Way Borden Government Makes People's Money Fly—More About St. John Lawyers' Share

In the Times yesterday was published a list of the taxed costs drawn from the dominion exchequer during the last fiscal year by certain favorites of Mr. Haazen. The order in which they stand, judging by amounts is as follows:—

D. Mallin \$8,665.00
E. J. McKeown 1,731.75
J. E. Cowan 481.30
C. F. Inches 429.84

On further research Mr. Cowan, whether on account of his grit or sand, seems to have entitled his charges to a greater extent than some of the others. It appears by the auditor-general's report he drew further sums, as follows:

J. E. Cowan, legal services, St. John new post office, \$387.98.
J. E. Cowan, legal services, Upper Salmon River pier, N. B., \$78.37.

J. E. Cowan, not legal, but grit services, 500 barrels sand at 25c. per barrel, Negro Point improvements, St. John harbor, \$125.

It is said that Mr. Cowan is now entrusted with the conduct of some suits for the government.

Cyrus F. Inches, in addition to the amount of \$429.84, stated in yesterday's issue, drew \$1,731.75, from the exchequer for legal services re meteorological property, St. John, \$91.60.

Roy Campbell and Cyrus F. Inches sold for the St. John drill shed site an additional piece of property for \$1,595. Mr. Inches is a legal partner of D. King Haazen, the son of the minister.

With what reckless waste and extravagance the Borden government is exploiting the finances of the country in the face of a falling revenue, the Auditor General's report plainly shows. Contrast for a moment the amount of the expenditure in this one branch, and it shows the direction in which we are being led.

Legal Expenses and Taxed Costs.

This is an increase of more than \$30,000 in one year.

THREE KILLED BY TRAIN BANDITS

Robbers Use Guns When They Are Resisted

ONE OF DEAD A C.P.R. CONDUCTOR

Lights Shot Out, Passengers Are Robbed, Bell Cord Pulled and Train Stopped and the Outlaws Get Away

(Canadian Press.)
Bellingham, Wash., Feb. 21.—Three bandits shot three passengers to death on a northbound Great Northern train near here last night.

The dead—Thomas S. Wadsworth, of Vancouver, C. P. R. conductor; H. R. Adkinson, of Vancouver, traveling salesman; E. L. Lee, of Bremerton, Wash., a time clerk in the Puget Sound Navy Yard. His parents live in Ackerland, Kan.

The bandits boarded the train in Burlington, a few miles south of here and passed from the smoking car into the day coach, tying up the handbrakes over their faces. One stood on the platform as the train stopped, and stepped just inside, and a third walked the length of the car.

As the robber started to lock the door the three men sprang at him. He then threw down the robber at the other end of the car began shooting out the lights. His companion emptied an automatic pistol into Lee's body and then ran the length of the car, frightened passengers, and a third walked the length of the car.

The train slowed down in response to a pull at the bell cord, and the three disappeared.

HITCH OVER WORK OF BOULEVARD IN KING STREET EAST

A difficulty has arisen in connection with the ambition of the residents of King street east, to have a modern boulevard. A majority of the property owners have expressed their willingness to pay half the cost, but, in addition to the street pavement, they want concrete walks. The present act makes no provision for sidewalks and the city commissioners do not feel justified in paying the whole cost of a special kind of pavement for one particular street. The only way in which the arrangement for the division of expense could be reached would be by contract between the city and every owner and mortgagee of property abutting on the street. Commissioners Agar points to this situation as one of the reasons why the present act is in need of amendment.

Yesterday marked the twenty-fifth anniversary of the wedding of Colonel and Mrs. E. T. Sturdee.

Representations have been made to Mayor Frink regarding the inconvenience suffered by passengers who land from steamers at some of the berths at West St. John not located near the immigration and passenger shed and which have not convenient access to the passenger accommodation.

A remedy suggested is the adoption of a regulation that all passenger steamers shall be required to dock at the berths handy the immigration shed and the mayor has been asked to take up the matter.

The Board of Trade recommendations to the federal government included a berth at the entrance to the harbor where all steamers could dock to land their passengers and then proceed to a cargo berth elsewhere.

Myrtle Fivelling and Gussie Ackerman were arrested last evening by Detective Lucas charged with street walking. They are both twenty years of age. In court this morning they were remanded until more information could be obtained.

Both said that they were servants, one in a home in Paddock street and the other in Delhi street. They said they had the evening off and went up town and after going to one of the picture shows, they went into the Royal Cafe for a lunch.

Detective Lucas said he saw them stop and talk to two young men, also speak to others. At the corner of Horsfield street they were talking to two young men in a sleigh. He heard the girls say

COUNTY COURT ORDER INVALID, DECISION OF JUDGE McKEOWN

Decision in City Court Case Also Reversed—Two Workmen's Compensation Cases

Mr. Justice McKeown delivered judgments this morning.

Ex Parte David A. McLeod—A writ of certiorari was granted at the last term of the county court en banc, returnable before Mr. Justice McKeown to show cause why certain orders made by the county court judge should not be set aside. The Victoria Hotel Co., Ltd., had obtained a judgment against McLeod three years ago for \$146.45, including interest, and McLeod at the last term of the county court secured a verdict against the county court judge, returnable before Mr. Justice McKeown to show cause why certain orders made by the county court judge should not be set aside. The Victoria Hotel Co., Ltd., had obtained a judgment against McLeod three years ago for \$146.45, including interest, and McLeod at the last term of the county court secured a verdict against the county court judge, returnable before Mr. Justice McKeown to show cause why certain orders made by the county court judge should not be set aside.

His Honor decided that the last order be set aside, and the writ of certiorari to set aside an order of the county court judge by which he reversed a finding of the city court judge. The grounds of the application were that the magistrate had adjudicated on a question of fact and, the amount being under \$40, there was no appellate jurisdiction. His Honor upheld the application and ordered a rule absolute to restore the verdict of the judge of the city court, which was in favor of the defendant.

Ex Parte James Crenit and Ex Parte James Corbett. Both of these applicants were convicted in August last, before J. W. Richardson, police magistrate of St. Stephen, for causing liquor to be brought into Charlotte county and each fined \$50 and costs, or one month in jail. Rules nisi were granted on the ground that the police magistrate had no jurisdiction, because there was no evidence that the offence charged was committed at St. Stephen, and further that the liquor was caused to be brought into the county by other persons than the defendant. His Honor restores the verdict of the judge of the city court, which was in favor of the defendant.

ASSAULT CHARGED
Ready McDonald was arrested last evening on a charge of assaulting a man in Brussels street in view of the police. He pleaded guilty and was remanded.

BERMUDA GRANTS \$80,000 SUBSIDY

Steamship Service From New York to Be Started in Next January

New York, Feb. 21.—A cable to the New York "Times" from Bermuda says:—After a long hard struggle through parliament and then through the legislative council, the bill to subsidize the Canada Steamship Lines, Limited, by the colony of Bermuda, was passed yesterday, in the legislative council by a vote of six to three.

The subsidy calls for \$80,000 annually to the steamship company, which is to operate weekly, commencing on January 1, 1915, a 10,000 ton passenger steamer between New York and Bermuda, having a speed of eighteen knots, with ability to develop twenty-one.

A second steamer meeting similar requirements is to be operated later on payment of an additional \$80,000 annually. By leaving at one o'clock in the morning the future tourist will have to spend only one night on the ocean between New York and Bermuda.

DOZEN DOUGHNUTS AND HALF PIE KILLED HIM
Kingston, Ont., Feb. 21.—David Morton, aged 75 years, a well-known resident of the Village of Freetown, died as the result of eating a dozen doughnuts and two pieces of pie. Mr. Morton purchased the doughnuts and, taking them home, made a meal of them, with half a pie. He died a few minutes later from acute indigestion. He leaves two daughters and three sons.

POTATO BAN LIFTED FROM DENMARK AND BELGIUM
Washington, Feb. 21.—The quarantine on potatoes was modified today by the department of agriculture, so as to permit the importation, under certification and inspection, of the vegetable from Denmark and Belgium. An investigation showed freedom from injurious potato diseases and insect pests.

MONTREAL ADDED 1,750 FROM FOREIGN LANDS IN LAST YEAR
Montreal, Feb. 21.—In all, 1,750 foreigners of twenty three nationalities took out naturalization papers last year, while in the previous year only 974 certificates were issued. Russians and Italians represent about two-thirds.

More than thirty per cent of the Italians came from the United States. The number of Chinese has greatly decreased this being due, in the opinion of the commissioner, to the increase in the tax.

Superior, also along the Nova Scotian coast.

You can win it. 2-23 RECENT DEATHS The many friends of Mr. and Mrs. Arthur Love, 11 Exmouth street, will sympathize with them in the death of their youngest daughter, Evelyn Margaret, which occurred yesterday afternoon. Mrs. Margaret L. Ludlow died yesterday afternoon at the residence of Mrs. C. D. Dykeman. Mrs. Ludlow was the widow of Captain Nelson Ludlow, formerly of this city. She was seventy-seven years of age and had been living with Mrs. Dykeman at Lemay for about eight years. Mrs. Ludlow was formerly Miss Margaret Hamm and lived at Grand Bay. She leaves two nieces living in St. John. They are Misses Agnes and Elizabeth Hamm, who reside in Elm street. The funeral will be held at 10 o'clock on Sunday morning.

Many friends will regret to learn of the death of John E. McDonald, which occurred yesterday afternoon after an illness lasting nearly two years. He was a well known meat dealer of the city and was connected with the firm of McDonald Bros., doing business in the city market. He was 44 years of age. He is survived by his mother, two brothers, William P. and George, and one sister, Mrs. George McSherry, all of this city.

The death took place at 189 Pitt street yesterday, of Miss Susan Green, aged 78 years. She was the last surviving daughter of her late father, James Green, a member of St. John's Presbyterian Church. The funeral will take place this afternoon at 4 o'clock from her late residence.

The death took place very suddenly yesterday of Jacob V. Troop, son of the late J. V. Troop of this city. Mr. Troop was only six years of age and was widely known in shipping circles having long been identified with Troop & Son. He had a great number of friends in the city who heard of his death with keen regret. Two sisters, Mrs. A. C. Smith and Mrs. Charles McLachlan survive.

The funeral will take place at 2:30 o'clock Sunday afternoon from the residence of Mrs. McLachlan, 189 Princess street. Mr. Troop was never married. His father was the senior member of Troop & Son of which the surviving partner was the late Howard Troop. The firm was formerly known all over the marine world as ship owners and agents, Jacob Troop who died yesterday had an extensive knowledge of shipping affairs and possessed a great memory which was of great value in the business where so many vessels and ports were constantly coming up.

Earning Power. Do you realize how much depends upon good eyesight? That your pleasure in life as well as your earning capacity is governed by the quality of your sight? Defective sight, even in a small degree, causes imperfect understanding, and therefore less enjoyment than has the possessor of perfect sight. Imperfect sight must also affect the earning powers. Neglect small defects and they grow more serious. We test the sight scientifically. We find out exactly what the defect is, then we know what glasses should be worn. Our experience and methods ensure your safety.

LOCAL NEWS

The discussion of bills for the legislature with the city recorder was continued by the common council yesterday afternoon. Some of the amendments suggested include keeping polling booths open until six o'clock instead of five and extending the vote at by-elections to all who have paid their taxes within twenty-one days of the election. In the new paving bill the clause permitting the city to charge abutters for repairs and repaving is likely to be dropped. The water and sewerage by-laws have been codified.

CONSERVATIVE CLUB The St. John Conservative Club will hold their usual Saturday evening musical in their rooms, Market Building, this evening. The famous Black Diamond Quartette will appear. F. L. Potts will also address the club on subject "The Land Tax." A full attendance is requested.

The Courtney Bay Pierrot Troupe were given a great reception when they presented their concert in the York Theatre last evening. There were more than 200 persons present and the proceeds will be divided among the Catholic and Protestant orphanages in the city. Besides several choruses in the troupe, individual numbers were rendered by Miss Read, Miss Armstrong, Mr. and Mrs. Read, Mr. and Mrs. Thompson and Mr. Ferney.

CO-ORDINATE THE FORCES

Rev. E. H. Ramsay of Amherst, in a very interesting letter to the News, urges the need of a social centre for the men and especially the youths of that town. There are three methods which in his view, might be adopted.

Mr. Ramsay is on the right track. A town or city needs a social engineer just as much as an engineer for streets or water and sewerage, or any other department of its business.

THE KINDERGARTEN

Premier Fleming gave an attentive hearing yesterday to the ladies and gentlemen who urged that the kindergarten system be made a part of the public school system in the province, at least to the extent of a permissive act under which those cities or towns which desired it could adopt the system.

BIRTHDAYS OF NOTABILITIES

SATURDAY, FEBRUARY 21

Major R. W. Leonard, chairman of the National Transcontinental Railway Commission, born in Stratford, Ont., fifty-four years ago today.

SUNDAY, FEBRUARY 22

Hon. James J. Foy, attorney-general of Ontario, is sixty years old today. Born in Toronto, he received part of his education in his native city and the rest of it in England.

LIGHTER VEIN

Good Neighbors "We were mighty good neighbors to them."

Ordinary "How did you enjoy the concert the other evening?"

Her Reason "Why didn't you scream when he kissed you?"

He Agreed With Her "It's hard," said the sentimental landlady at the dinner table, "to think that this poor little lamb should be destroyed in its youth just to cater to our appetites."

The nomination of Hon. Messrs. Rogers, Pelletier and Reid as members of the committee to work out the details of the redistribution bill is an evidence that the Borden government will take the fullest advantage of whatever opportunities may be offered to gerrymander the constituencies in the interests of Toryism.

The accident on the Moncton and Bouchette Railway yesterday, which caused the death of four men and injury to five others, is the most painful affair in the history of New Brunswick branch railways. It is surprising under the circumstances that more persons were not killed or seriously injured.

The accident will put this branch railway out of business for some time, but the most serious result of the wreck is the loss of life, the news of which shocked the whole province today.

Hon. S. N. Parent, former president of the National Transcontinental Commission, brands the Gutelius commission's report as a partisan deliverance, dictated by political motives, and demands that a Royal Commission be appointed to inquire into not only what was done under the Laurier government, but what has been done since.

Of course the Borden government will take care not to accept any such suggestion. They had hoped to make great political capital out of the Gutelius report, although in this they are already seriously disappointed.

These have just come to hand, and are the best buy we have ever made.

We mention these to your order, in single settings, hoops, twins or clusters.

We are willing that you compare these values with any offered in the whole country.

W. B. Dupre, Unionist, yesterday won the by-election in South Buckingham, England, by a majority of 2,381, defeating T. Mosley, the Liberal candidate.

The adoption of the revised regulations concerning the Blesley meet have been postponed for a year by the British War Office, and Canada will send a team to compete this year.

The supreme council knights of Pythias, in annual convention at Washington, yesterday, celebrated "peace day," T. J. Carling, supreme chancellor, pledged the support of the order to Secretary Bryan's peace policy.

Sir Donald Mann yesterday in Toronto said that six or more branches of the C. N. R. would be constructed this year in Alberta.

Much damage was done to the convent of the Grey Nuns in Quebec yesterday by fire, and the church attached to the institution was wrecked badly as well. The loss is about \$62,000, well covered by insurance.

The home of James Price, at Salisbury, was totally destroyed by fire yesterday morning and the occupants barely had time to escape with their lives. Mr. Price is an I. C. R. employe in Moncton and expected to retire to his Salisbury home shortly. He carried only \$700 insurance.

New Brunswick and P. E. Island are the only provinces of Canada to show a decrease in the charges of criminal offences for the last year. The number was 12 per 100,000 in the island and 88

per 100,000 in New Brunswick. For all Canada the proportion of criminals is 208 per 100,000.

WANT KINDERGARTENS AS PART OF PUBLIC SCHOOLS SYSTEM

There is at least some prospect that the provincial government will amend the cities and towns which desire it to make the kindergartens a part of the public school system, with teachers who would have to pass the regular Normal school examinations for school teachers, and also have certificates showing that they had been trained in kindergarten methods.

Premier Fleming told a delegation yesterday that while he could not say the necessary legislation would be granted, he would be very sorry to say that it would not. He said he would state their case in writing, and send it to Superintendent Carter, to be placed before the board of education at its meeting in Fredericton next Tuesday.

The delegation which waited on the premier included Mrs. E. Holman, president of the Free Kindergarten Association; Mrs. Matthews, the director; and Mrs. Fladon, with W. F. Hatheway, Rev. F. S. Porter, T. H. Estabrook, A. M. Belding, R. T. Hayes, W. F. Burditt and W. E. East. The delegation were introduced by Hon. John E. Wilson, who expressed his full sympathy with their request.

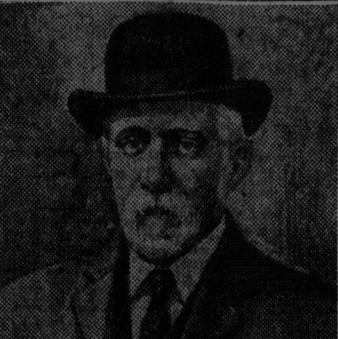

A resolution of the board of school trustees in support of the aims of the association was presented by Mrs. Holman, who pointed out that there are now four free kindergartens in the city, in addition to one conducted by the church and a private school. The association would like to have authority given to the school board to place a room at the disposal of the association, even if the other legislation were not granted.

In reply to an inquiry from the premier she pointed out that each of the four kindergartens costs about \$600. The work had gone beyond the means of the association, and it would take ten kindergartens to meet the present needs. Therefore, the board of education should make it a part of the school system.

For thirty years, Captain Swan followed the Great Lakes. He has now retired and lives at Port Burwell, where he is well known and highly esteemed.

H. SWAN, Esq., Port Burwell, Ont., May 28, 1913. "A man has a poor chance of living and enjoying life when he cannot eat. That was what was wrong with me. Loss of appetite and indigestion were brought on by constipation. I have had trouble with these diseases for years. I lost a great deal of flesh and suffered constantly. For the last couple of years, I have taken "Fruit-a-Lives" and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that "Fruit-a-Lives" have helped me greatly. By following the diet rules and taking "Fruit-a-Lives" according to directions, any person with dyspepsia will get benefit."

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat enters the kidneys, they become overworked; get sluggish; clog up and cause all sorts of ailments, particularly rheumatism, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the salt of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, which means that men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

WHAT THIN FOLKS SHOULD DO TO GAIN WEIGHT

Physician's Advice For Thin Underdeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertising flesh-stimulators, food-fads, physical culture stunts and rub-on creams, resign themselves to life-long skininess and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. Leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and stimulant, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

CHAIN OF BANKS TO FIGHT "SHARKS"

\$6,000,000 United States Company to Lend Money to Deserving Poor

New York, Feb. 21.—A \$6,000,000 corporation designed to end forever the loan shark evil is being incorporated in Richmond, Va.

The Industrial Finance Corporation, as it will be known, will establish and back banks in all parts of the United States. These banks are to lend small sums to all applicants of good character. The borrower may get from \$10 upward without giving security on the indorsement of a fellow workman.

The banks are designed to help wage-earners and others of humble means. Their dividends will be limited to 6 per cent, that the lending rate may be kept low and a surplus quickly gained.

Dr. Elgin R. L. Gould will be the head of the new enterprise. It will be in no sense a charity, although it will be proper to call it a paying philanthropy.

The organization committee of the Industrial Finance Corporation has received the advice and assistance of many of the best known men in New York. The corporation's purpose, as expressed in its charter, is:

"First—Provide for the worthy wage-earner and other small borrowers, where the need of a loan is apparent, opportunity for borrowing small sums of money without the necessity of submitting to the extortion of money lenders, but at rates which are reasonable to the borrower and yet fairly remunerative to the lender; to enable the small borrower to secure such moneys largely upon the faith of indorsements and guarantees of fellow workmen; and to provide a pledge of chattels as collateral security for repayment, and

"Second—To provide opportunity for

STABS HIMSELF WITH SCARF PIN

Noted Tennis Player Broken in Health By Worry

San Francisco, Feb. 21.—Shattered in health, owing to worry, Carlton Fawcett, at one time a noted tennis player, stabbed himself with a scarf pin while on a visit to members of his family in Palo Alto.

Gardner had been detained by the police because of his actions in the streets. He was taken to a hospital where it was found that the pin had penetrated the lower portion of the heart. When restored to consciousness he was removed to a sanitarium in San Jose, where it was said his condition is serious.

According to his physician, Gardner has been ill for some time, due largely to worry because he was not winning his way as an artist rapidly enough.

Gardner has played in many tennis tournaments, including those of Newport, R. I. and Del Monte, in this state. He has won several Pacific Coast championships in the seasons of 1912 and 1913 and was ranked among the thirty best players in the United States.

OPPOSE HALF-HOLIDAY

Swiss Women Object to Introduction of "English Saturday"

Geneva, Feb. 21.—The "English Saturday," that is, the afternoon half-holiday, is not popular in Switzerland, where attempts are being made by large firms to introduce it for the benefit of the work people.

The men accept the innovation without enthusiasm, but the women workers strongly resent it. They say that the men spend so much money on Saturday afternoons that there is nothing left for the family excursion on Sunday.

The "English Saturday" has just been adopted by fifty-nine factory proprietors in the Canton of Argovia, employing 8,000 workmen.

AFRAID TO EAT.

Girl Starving on Poorly Selected Food.

"Several years ago I was actually starving," writes a girl, "yet dared not eat for fear of the consequences. I had suffered indigestion from over-eating, irregular meals and improper food, until at last my stomach became so weak I could eat scarcely any food without great distress.

"Many kinds of food were tried, all with the same discouraging effects. I steadily lost health and strength until I was but a wreck of my former self.

"Having heard of Grape-Nuts and at great expense, I purchased a package, but with little hope that it would help me—I was so discouraged.

"I found it not only appetizing but that I could eat it as I liked and that it satisfied the craving for food without causing distress, and if I may use the expression, 'it filled the bill.'

"For months Grape-Nuts was my principle article of food. I felt from the very first that I had found the right way to health and happiness, and my anticipations were fully realized.

"With its continued use I regained my usual health and strength. Today I am well and can eat anything I like, yet Grape-Nuts food forms a part of my bill of fare."

BLUE EVENING DRESS

Colored Instead of Black Clothes Introduced at Banquet of Master Tailors in London

London, Feb. 21.—An important change in evening dress which may mean the introduction of colored instead of black clothes, is suggested by the fact that several diners at the Master Tailors' Association meeting wore dark blue evening dress, which gave the wearers a smart appearance.

Some of the diners freely prophesied that further changes in evening dress will soon be seen in London. These changes are expected to be followed, in all the other capitals of Europe and America.

Socialism

The Viewpoint of The Catholic Church Is Presented

FATHER HOGAN'S LECTURE

Redemptorist Priest Speaks to St. Peter's Y. M. A.—The Honor of The Home—Divorce—The Mother, The Father and The Child

Before St. Peter's Y. M. A. on last Sunday Rev. Wm. Hogan, C. S. R., spoke on Socialism. Father Hogan's powerful address is here reproduced in full.

To all thinking minds it is evident that our actual world is being whirled onward toward a crisis more terrible for the magnitude of its conflicting causes; more tremendous for the gravity of its deep issues and more ominous for the menace of its inevitable doom than any which has ever befettered history with moral refuse or paralyzed it with a nation's agony.

Father Leo XIII attributes the impending crisis to three causes: 1.—Economic changes in the material order. 2.—False philosophy in the intellectual order. 3.—Professional agitators in the social order.

But now we are called upon to face the alternative—we must choose between the path that leads toward the precipice, or the royal road to Christ.

It will help much toward a thorough understanding of our subject to begin by taking a short glance at socialism.

What is socialism? Socialism is a sort of communism. Communism has a wide meaning. There is what is called negative communism, which has faded away from practical politics. There is positive communism and there are three kinds of positive communism.

First—extreme positive communism, which leaves nothing whatever to the individual, so that the community shall give him, but merely for his own personal use.

Secondly—Moderate positive communism makes the community the sole owner of capital or means of producing wealth, but leaves to the individual the ownership of whatever the community shall give him, but merely for his own personal use.

Thirdly—We have anarchistic communism. It is communism in the sense that it transfers all ownership to small independent communities of workmen. It is anarchistic in the sense that it excludes all law, all authority, all government, leaving everyone absolutely free to act as he chooses.

The only system which we need speak of is—moderate, positive communism, which is the same thing as socialism.

Tortures of Rheumatism Yield to This Remedy

A Marvel of Speed, an Unfailing Cure for Old Rheumatic Cases.

GET A TRIAL BOTTLE TODAY. With reliable old Nervine you can rub out the pain of Rheumatism, Sciatica, Lumbago, or Neuritis—rub away so completely that you feel like new all over.

It matters not how deeply seated the pain is, or how long you have had it—rubbing with the King of all Liniments "Nervine" will cure you.

Nervine is highly concentrated—about five times stronger than the ordinary white ammonia liniment—there it penetrates quickly—sinks in deeply—and gets right at the core of the pain at once—drives out the lameness, takes away the stiffness—causes the joints that have hurt you so much.

Out comes the pain every time you rub on Nervine, which contains some of the most valuable pain-subduing remedies known to science. Worth its weight in gold to every family in the land, and sure to cure the emergent and minor ills of a hundred kinds that constantly arise. Get the large 60c. family size bottle; small trial size 25c. Nervine is sold by every druggist.

TO CURE CATARRHAL DEAFNESS AND HEAD NOISES Persons suffering from catarrhal deafness and head noises will be glad to know that this distressing affliction can be successfully treated at home with the medicine that in many instances has effected a complete cure after all else has failed. Sufferers who can scarcely hear a watch tick have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear.

Therefore, if you know someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand to them and you will have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength), about 75c worth. Take this water, and add to it 1/2 pint of hot water and 4 oz of moist or granulated sugar, stir until dissolved. Take one tablespoonful four times a day.

The first dose promptly ends the most distressing head noises, dizziness, cloudy thinking, etc., while the hearing rapidly returns as the system is invigorated by the tonic action of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are quickly overcome by this efficacious treatment. Nearly ninety per cent. of all ear troubles are directly caused by catarrh; therefore there are but few people whose hearing cannot be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form should give this prescription a trial. There is nothing better.

Important—In ordering Parmit always specify that you want Double Strength; your druggist has it or he can get it for you; if not, send 75c to the International Laboratories, 74 St. Antoine St., Montreal, P. Q., who make a specialty of it.

A BEAUTIFUL COMPLEXION

May Be Obtained by the Use of Stuart's Calcium Wafers, the Greatest of All Blood Purifiers.

No need for anyone to go about any longer with a face covered with pimples, blotches, eruptions, blackheads and liver-spots. These are all due to impurities in the blood. Cleanse the blood thoroughly and the blemishes will disappear.

"Stuart's Calcium Wafers will give you an excellent skin color and remove all face eruptions."

That's what Stuart's Calcium Wafers are intended to accomplish and do so completely. Their principal ingredient is Calcium Sulphide, the quickest and most thorough blood cleanser known.

These wonderful little wafers get right into the blood, and destroy eruptive substances present in it. In some cases a few days are sufficient to make a marked improvement. And when the blood is pure the whole system is a hundred per cent. better.

Go to any drug store and get a 50 cent box of Stuart's Calcium Wafers. Get them today.

Don't fret any longer about those blackheads, pimples, boils, better, eczema, spots or skin eruptions, they all go and "go quick" if you use Stuart's Calcium Wafers.

When it demands, as it almost always does, that all power in the social state should be in the hands of the people, is called democratic socialism.

The root idea of socialism means two things: 1.—All means of production, transit, to be owned exclusively by the state.

2.—All property, wealth, etc., to be administered by the state. This is the essence of socialism and from this it is clear that socialism is often misunderstood and misinterpreted by many.

For instance, many "all these" socialists because they would improve the condition of the poor or the unemployed, or force employers to give better wages. Such a man is a socialist philanthropist, but he is not a socialist.

Another will dream dreams of how the world might become a Paradise of men, angels, and human society, a home like Heaven—without reckoning with the thousand and one difficulties that would prove his system to be no more real than a fairy tale. Such a man is a dreamer, not a socialist.

Another man may be a type of very many to be found among the working classes. He is very anxious to get his share of the wealth of the rich, but he is not a socialist.

Lastly, we have those who call themselves Christian or some times Catholic socialists. On the one hand they dilute socialism, and on the other hand they dilute religion; hoping thereby to get both to mingle their waters in the sea.

Once for all, we must understand a socialist to be that man, and only that man, who holds the essential principle of socialism, i. e., that all wealth-producing power and all that appertains to it belongs to the ownership and control of the state alone.

Whether will our modern world turn its steps in the great battle that is now going on between capital and labor and which seems to give socialism an opportunity to pass off on the people its superficial nonsense? On the one side the Church of Christ beckons you to follow the road made royal by the tread of the feet of God. On the other side the socialist tells you that "whether you will it or not, you shall be forced over the path of a shadow—the path that leads toward the socialistic precipice."

Socialists strike at the liberty of every wage earner, for they deprive him of the liberty of disposing of his own money. "Every man," says Pope Leo XIII, "has, by the law of nature, the right to possess property of his own."

Socialism wears a goodly face and affects an air of philanthropy. The moment it speaks of a marvelous union that shall grow out from it between man and man, it speaks of a marvelous union that shall grow out from it between man and man.

The rights of labor are understood by socialists to be their greatest argument against private ownership, and the rights of labor are understood by Christians to be their greatest argument against socialism.

On which side stands our common sense? The socialists must stand or fall by the truth or falsehood of the principle that labor is the only source of value. This is the definite statement of Carl Marx, Carl Marx, the "Father of Socialism," as socialists call him, asserts that use value or the real worth of a thing has nothing to do with the exchange value or market value. He asserts that without any real proof, and it is not true. He asserts that exchange value is only estimated by the human labor embodied in it. This is also unfounded and false. Labor alone cannot use value—therefore labor alone cannot constitute exchange value.

Thus the fundamental principle of socialism is false. This principle is the keynote of the whole question of socialism, we will examine it more closely. Socialists say,

DR. DEVAN'S FRENCH PILLS SPECIFIC for all ailments of the throat, nose, and eyes. The SORELLI DENTON, PHOSPHOR FOR MEN. Restores vitality for Nerve and Brain; increases energy matter for all ailments of the throat, nose, or eyes. The SORELLI DENTON CO., St. Catharines, Ontario.

APOL & STEED'S PILLS For Ladies. Are the acknowledged "leading remedy for all Female troubles. Recommended by the Medical Faculty. The genuine bear the signature of Wm. Martin registered without which none are genuine. No boy should be without them. Solely of Chemists, 25, St. Martin, Phar. Chemist, Southampton, Eng.

"Labor alone is the only source of value."

Is that so? What do you mean by labor? Do you mean mere muscle work? Test this principle.

A cabman sits on his box and drives his horse and gets his fare. Who has a right to this fare? Certainly not the horse, for he only draws the horse. It was the horse that gave the labor, and therefore owns all the cab fare.

Quite absurd is that all value comes from only muscle work. What about work that combines both muscle and brain? Take the cab-horse and the cab-man together. Will that do? The horse may be strong and the cab-man skilled, but they cannot get on without the cab, and the cab means money. Besides muscle-work and brain-work there is money work. Value may come from muscle, brain or work. It need not come from labor alone.

If labor is the only source of value, there is no other source of value. Hence, the more labor you have, the more value you hold. That is not true. You may spend days of wood, yet they will not have the value which a cobbler can get from the few hours he has spent on a pair of brogues.

Socialists say that a man has no right to unearned increments. Why? If I am owner of a plot in a city which has been bought in the days in which it was peopled with fashion and fun, has any right to claim compensation when the fashion and fun have flown? "No! It is his bad luck, the value of his property has gone down. But if the fun and the fashion come back ten times more fun and fashionable than ever they were, is he to give up this increase in the value of his plot? No! It is his good luck. The property is his property and its value whether it go "up" or "down" is the value of two properties and, therefore, it is his property.

The Honor of the Home Socialism would ruin the home. 1.—Because it would rob the father of the home, of the God-given right to be master in the home. 2.—Because it would banish home's queen from what ought to be her kingdom. 3.—Because it would break the bond, which alone can safe-guard innocence and the stability of the home. It would make the wife of the home practically a tenant at will.

4.—Because it would kidnap the child. I have said that socialism would ruin the home. Let me show you how. Socialists, real socialists, deny the unbreakable character of the marriage bond and admit that it can be undone at the mere will of those who have been married. Think of it—may on their own authority alone, bid each other good-bye in order to meet the embrace of other partners. This is the essence of socialism's mere indulgence of a moment; that when a man wants to desert the girl or the girl leaves another man, they could be free to try other partners, until they get tired of them. This brings what is called marriage down to the level of the dog.

Do you Believe

in going straight to the weak spot in treating disease? If so, you will never use anything but Peps for coughs, colds, bronchitis, and throat and lung troubles. Listen why!

Peps are tiny tablets, ingredients, so prepared that they turn into vapour in the mouth, and are breathed down to the throat, the breathing tubes and lungs direct.

Coughs, catarrhs, sore-throats, "cherry-man's throat," asthma, and all lung troubles, no poison, and are best for children.

Don't rule your stomach to heal your lungs. Take a remedy that goes right to the spot—Peps.

Surprising how they cure coughs, catarrhs, bronchitis, sore-throats, "cherry-man's throat," asthma, and all lung troubles. No poison, and are best for children.

Dr. Gordon Stables says—"If you wish to ease and cure a cough, if you desire to loosen sticking phlegm, and clear the throat and the breathing tubes, use Peps. The nice fumes and balsamic fumes, so beneficial in throat and lung troubles, which are absorbed when a Peps is put into the mouth, also serve another good purpose. They are strongly germicidal, and germicidal in the mouth, on the palate, in the throat, and in the breathing tubes, are at once destroyed by their action."

Have you tried this famous remedy? If not, cut out this article, write across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All drugs, grocers and stores sell Peps at 50c. box.

Divorce is an insult to womanhood. In this matter woman can never stand on an equal footing with man. Her place is higher than man's place, when there is a question of what is chaste. A man may be a most immoral man, yet, if in outward respect he is a gentleman, his weakness is readily condoned by the weak, wicked world, and once he is well conducted, he can leave his shame behind, while he has left the victim of his sin.

But a woman who has fallen from her throne of purity carries her shame about with her, and has to look back with a heavy heart to the day when she was a question of what is chaste. A man may be a most immoral man, yet, if in outward respect he is a gentleman, his weakness is readily condoned by the weak, wicked world, and once he is well conducted, he can leave his shame behind, while he has left the victim of his sin.

QUEEN; WOMAN: Turn from that weird picture to the true ideal of woman's dignity—WOMAN: She was created queen—the must always be man's queen. Queen of his infancy, when, as home's queen she bent over his cradle teaching him, without knowing it—how good, and loving and beautiful our great good God is, queen of his boyhood, when as a weak sister that played with him she has yet a something that he venerated unconsciously, a queen-type of sweetness of fondness—of sympathy; queen of his manhood when the strange relation came before him that took hold of all his life with a love that could only end with death and in death must hope for resurrection.

ANOTHER NORTH END DIVORCE CASE

The second prospective divorce to be announced this week has been learned of in the North End. In this case the man and woman were married about seven or eight years ago, and lived together for five years. After that the wife went away on a trip to the United States, but did not return. While in Boston a short time ago, it is said the man found that his wife had gone through a second form of marriage. Papers have been filed and divorce proceedings will be instituted at the next sitting of the divorce court.

Robert McKim, who has been accepted as a missionary to China, will continue his course at Wylliffe for a year or more before leaving for the mission field. During the remainder of his studies he will make special preparation for his work. Mr. McKim is a son of Rev. R. P. McKim, rector of St. Luke's church, and has at different times acted as lay-reader in the diocese during his summer holidays.

The janitor of Dufferin school, in Elm street, is of the opinion that the hot water furnace which heats the building, needs to be remodelled to give entire satisfaction and then it may not be necessary to close the building on extremely cold days, as was the case a few days ago. The janitor is of the opinion that the outlet from the boilers is not sufficient and says that more pipes should be installed and that with the greater flow of hot water brought about in this way, the building would be more readily heated and with less fuel than is now required.

A petition for the recall of Commissioner H. R. McLellan being circulated in the North End, it is said that only about 200 names have been secured. His friends will be pleased to learn that S. R. Maxwell, who was injured on Saturday last by being struck by a street car on the foot of King street, is recovering, though slowly, from his injuries. It will, however, be some time before he is able to return to his duties in the post office.

THE RHODES SCHOLARS

The Report for 1913 - There Were 74 New Ones. A cable to the New York Times from London says: The annual statement of the Rhodes scholarship trust shows that in 1913 seventy-four scholars, representing all the principal British colonies, the United States, and Germany entered Oxford University as Rhodes scholars.

The Times, outlining the work done by Rhodes scholars, says that, on the whole, they seem to be standing the test of Oxford competition fairly well in all subjects except classics. Only one first class was obtained in Literae Humaniores, and that by an American scholar from the Pacific coast. On the other hand, in the school of Jurisprudence Rhodes men gained five firsts in the summer of 1913 out of seven awarded. The presence of the scholars at Oxford has apparently affected this school more than any other. In economic diplomas "with distinction" were taken by one German, two Americans, and one Australian. The university prizes won during the year include the Vinerian scholarship in law, the Davies Chinese scholarship, the Bell prize in colonial history, the Robert Herbert memorial prize, the Charles Oldham prize for an essay on classical literature, the Matthew Arnold prize for an essay on English literature, and the Gladstone memorial prize. Do Not Stay in England. While many of these can scarcely be recognized as among the major prizes of the university, says the Times, they show that the scholars are making fair share in the intellectual competitions of the place. Some interest, says the Times, attaches to that part of the report dealing with the occupations of the men after leaving the university. Of 431 ex-scholars in this list, 144 turned to educational work, 113 to law, forty-seven to the Civil Service of Great Britain, Germany, or the United States, twenty-five to medicine, eighteen to business, the

FOUR MEN KILLED ON M. & B. RAILWAY NEAR MONCTON

Moncton, N. B., Feb. 20.—Four men were yesterday killed and five or six injured on the Moncton & Buctouche railway this afternoon as the result of a collision, plow and a car, which occurred through a bridge at Scotch Settlement, twelve miles from Moncton. The Dead. Frank N. Hall, general superintendent, age 45 years. George Freeman, fireman, aged 25 years. Sylvain Bousquet, age 23 years. Injured. Alex. McKim, locomotive engineer, left arm and left leg broken, internally injured, will recover. William Bartschke, temporary employe of the railway, severely bruised and shaken up. L. Richards, temporary employe, badly cut about the head. Conductor John McFadden and brakeman McCintock each had a leg slightly injured.

The M. & B. road had been blocked with snow since Monday last and a crew was at work trying to clear the line to Moncton. A snow plow left the rails cutting away the sleepers, toppled over. Under the lee of the derailed plow a span of the Scotch Settlement bridge gave way and into the creek below plunged a mass of twisted iron and splintered wood which had just a few moments before been the plow, two locomotives, flange car and passenger coach. The men in the engines and flange car were buried in the debris. Superintendent Hall who was in the car was killed almost instantly, but Conductor McFadden escaped. Sylvain Bousquet, fireman in the head engine, was buried under it, while Driver McKim in the second engine escaped. About thirty-three men were in the car on the rear of the train but none of them was injured. Driver Smith and Fireman Freeman, who were killed instantly belong to Buctouche, while Bousquet's home was in Notre Dame, Kent county.

Delayed more than fifty-five hours by high and dangerous seas and a strong head wind of hurricane force, the Royal Mail Steamer Royal Edward, arrived in port last night from Bristol, docking at No. 6 berth, West Side, at 7:15 o'clock. The steamer had a terrible battle against the elements and sustained damage to her rail and deadlights, but otherwise

10 CENT "CASCARETS" STRAIGHTEN YOU UP

When Headachy, Bilious, Constipated, Stomach Sour, Breath Bad. Get a 10-cent box now. Turn the rasals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets. Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach. Don't put in another day of distress. Let Cascarets cleanse your stomach, remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great. A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

Her 1,501 bags and 821 packages of mail were landed in the record time of 1 hour and 20 minutes, or 1,839 bags per hour. The Edward has also 1,100 tons of general cargo and about 200 packages of express. Among the passengers were R. Cross-dell, head of the publicity department of the C. N. R.; Mrs. Hamer Jackson, Canadian representative for Reynolds's newspaper; and R. H. Lee, of Toronto, Canadian representative of the Great Western Railway, of England.

Ontario Synod Against Divorce. Kingston, Ont., Feb. 18.—At this morning's session of the Synod of Ontario a notice of motion was given by the Rev. R. C. Blackgrave, of Belleville, seconded by the Rev. Rural Deah Greegan, of Tyndinagh, as follows: Whereas there is a resolution before the parliament of Canada for the purpose of considering the whole question of divorce proceedings in this country. Be it resolved, that this synod, in line with the belief of the Catholic Church of the ages, is unalterably opposed to the whole principle of divorce, and to, so accordingly urge and pray that great care be taken not to widen or popularize a practice which undoubtedly undermines the integrity of the social order, but rather to discourage by every means anything that may tend to cheapen or weaken the marriage tie. The feeling of the synod is overwhelmingly in favor of the spirit of the resolution, which will be introduced tomorrow.

NEW YORK PUTS BAN UPON BICHLORIDE. New York, Feb. 20.—Bichloride of mercury can be sold at retail in this city after March 1 next, only upon prescription of a physician. A sanitary code regulation adopted by the board of health so provides. As an additional precaution the tablets must have the word "Poison" stamped upon them and must be kept in containers labelled "Poison."

Besides, they outlast 3 ordinary copying pencils. L. & C. HARDTMUTH. J. E. PARKER'S APPOINTMENT. Amherst News.—The town council at its meeting on Monday night engaged J. E. Parker of St. John as street superintendent and Mr. Parker will at once enter upon his duties here. We understand that Mr. Parker has had a wide experience in street, sewer and water work construction and we sincerely trust that his labors here will be materially profitable to himself and to the town.

Bilious? One of Ager's Pills at bedtime—just one. Acts on the liver. Gently laxative. Sugar-coated. All vegetable. Sold for 50 years. Ask Your Doctor. L. C. Ager Co., Lowell, Mass.

Here Is Nerve Strength. Are you losing your grip? Do you grow tired from the least physical or mental exertion? Do you lose your ambition? Do you get up as unrefreshed as when you went to bed? Does your back ache? Have you Rheumatism, Sciatica, Weak Stomach, Constipated Bowels, or any other ailment which drugs or other treatments fail to cure? In fact, are you feeling older and weaker than you ought to be or than other men are at your age? If this is your experience, you may be sure that your Nervous System is breaking down, for the above symptoms are strong in the picture of health, acts like a strong, healthy man, makes no complaints of his physical condition, is ambitious, strenuous and inspiring to his fellows and enjoys life. If you need a renewal of strength, don't take the drug route—it is like going one foot forward and two backward. What you want is new life, a renewal of vitality which is being exhausted. This new life is Electricity, for Electricity is life itself. It is the mainspring of the body. You lack it, and therefore you are weak. If you hear what the cured men and women say who come into my office to express their gratification at the result of using my method of re-building their bodies, you would understand the enthusiasm that inspires me when I say to you DR. McLAUGHLIN'S ELECTRIC BELT. It is the greatest invention of this grand age of electrical discovery. When used as directed it never fails to cure. It is pleasant to use, never burns nor annoys, as do the cheap imitations, and does its work while you sleep. I have room only in this notice to publish a few examples of cures; if you would like to read more and know where to get outside information as to what my Belt is doing in the way of curing diseases that baffles the doctors and drug shops, write me for reference and I will gladly send it. This is Convincing Evidence of the Claims I Make. Dear Sir—I have worn your Belt for three weeks and find that I have already received good results from it. MALCOLM McLEOD, Box 114, Bedford, N. S. Dear Sir—I received your Belt on the 28th of June and have worn it ever since, and must say that it is doing splendidly and all you claim for it. THOMAS PAULKNER, Burncoat, N. S. Dear Sir—I have used your Belt for two months and am glad to say that it has helped my back a great deal, and as I was telling a neighbor today my back is better this summer than it has been for years. CHARLES PALMER, Waterville, N. B. DR. H. L. McLAUGHLIN, 237 Yonge St., Toronto, Canada. Dear Sir—Please forward me one of your books as advertised. NAME: ADDRESS: Office hours: 9 a.m. to 5.30 p.m. Wednesday and Saturday till 9 p.m. FREE BOOK.—If you can't call, send it today. I'll give you a free book if you call, and demonstrate how and why electricity cures. DON'T DELAY, WRITE TODAY. FREE CONSULTATION.

Fresh Salmon, 11 cents Pound Lent Commences Next Week. Owing to the continued stormy weather there is an extreme scarcity of all kinds of fish on the Atlantic Coast. To meet this difficulty, and having in view the approach of the Lenten season with its increased demand for fish, we have ordered a large shipment of fresh salmon from British Columbia and intend selling it direct to the consumer which enables us to offer it at lower than wholesale prices. We have only a limited supply in this shipment, and as they are intended exclusively for our retail trade we shall only sell one salmon to each customer. The fish average from 8 to 10 pounds each, and above price is by the whole fish only. Sale commences next Monday morning, Feb. 23rd at 10 o'clock and will continue for the remainder of the week until the stock is exhausted. As we have no delivery and sell for cash only we are in a position to sell at a very small margin of profit, thus eliminating a considerable portion of our working expenses and thereby giving our customers the benefit of the saving. SPORT NEWS OF A DAY; HOME AND ABROAD

Local Team Wins. The St. John hockey team last night won a victory from the Amherst team, defeating them 6 to 3. The game was clean and fast, but St. John had the better of the combination.

Says It Was Rough. When the Chatham hockey team arrived home from Fredericton yesterday they said that they were subjected to a very rough usage while playing the pits the night before. Three of the men, Duncan, Jones and Veno, got out of the game entirely. They said that five of the Fredericton players attacked Duncan and that the Mar- s joined in flooring Veno. The referee, they said, was lax.

Socials Win From Crescents. For the sixth consecutive time the girls defeated the Crescents in Halifax tonight, 8 to 1.

Fredericton High School last night defeated the local High School team in the semi final, 4 goals to 2.

Art Ross New Manager. Montreal Star—The Wanderers have new manager, Art Ross. He was in charge of the team last night, although the team also went up with them. Toronto. He certainly made a success of his position yesterday, but it is no means certain that he will continue to hold it till the end of the season.

England Wins. By a narrow margin of two points, Great Britain defeated Scotland in the international curling match at Edinburgh, which concluded on Thursday. England won after a tough up-hill fight, Scotland being a lead of sixty-five points after the first day's play.

Calcedonians Retain Cup. Montreal Star—Calcedonia curlers retained their hold of the Quebec Curling Cup yesterday, defeating the challenge of Ottawa, in brilliant manner, by an aggregate margin of thirty-one points. This being the first time since 1907 that Ottawa has been able to pick rinks from Ottawa this season, many watched the games in order to estimate the playing form of Ottawa as compared with local clubs.

Fund for Aged Drivers. Chicago, Feb. 20—The American Trotting Association has adopted a resolution asking the managers of tracks to let from horse owners an offering of 5 per cent of all winnings over \$100 to raise the fund for aged drivers.

Wanted Wrong Man. At Stafford, England, asserts the other way was told the tale of an Italian man, Biolletti, who unsuccessfully picked one of England's most famous footballers, Jesse Pennington, in the interests of a football betting system run by his son in Geneva.

Lightweights A-Plenty Now and They Are Good Ones

Milwaukee, Feb. 20—There are more good lightweights in the middle west at the present time than for several years. There was a time when a really high class lightweight was very scarce here, but they seem to be coming in to their own again. Charley White, a Chicago 133 pounder, has developed into a real first class light weight and it will not be surprising to find him battling for a title before a great while.

Pal Brown, a Minnesota light weight, is another who stands in the front rank and at the present time he has a chance for a battle with Willie Ritchie of the 20-round route for the championship. Brown is not making any bluff, but has a forfeit of \$5000 to go with his challenge. This forfeit is only in case of a 20-round battle.

Johnny Griffith, an Akron, O. light weight, has shown himself to be a wonderfully clever boy and a fairly good hitter. He is coming along at a very fast clip and he now ranks with Charley White and the rest of the stars.

Joe Mandot, a Southern light weight, who is making Chicago his home, is another who seems to have come back in pretty good shape. Jimmy Duffy, a Buffalo light weight, can be classed with the best and he also is out with a challenge to Ritchie for the championship.

Jack Britton, a Chicago 133 pounder, is near the top and only awaits a chance with Ritchie for the title. There are also some very good ones in the east and on the coast. Of the entire lot, there is no one better fighting any better today than Ad Wolgast, who demonstrated by his fight with White and Rivers that he is in the fine shape now as when he fought Ritchie for the title and lost on a fourth-Wolgast's one ambition at the present time is to get on with Ritchie again in a ten-round contest, or over the marathon route.

Bob Mohr, a Milwaukee light-heavy weight (or middle weight whenever he goes to the 168 pound notch), has been going at top speed of late and is due for some good matches if he only sticks to his work. He has thrown away many good contests by not taking good care of himself and he probably is aware of the fact now. He has had several matches in the east and has won all of them, his latest being the defeat of Jack Driscoll in Brooklyn. He gave away more than fifteen pounds in weight and had Driscoll nearly out several times, the bell alone saving him. Bob is about due for a mill with Battling Levinsky.

reserve, which "Big Chief" built for her with his first earnings as a professional runner. She leaves three sons and two daughters.

BASEBALL. Big League Notes. Steve Evans, right fielder of the Cardinals, is slated for the discard, according to reports from St. Louis. He fell off badly in his work last season and adorned the bench most of the time. The Boston Club now has three Cuban under contract in Catcher Octavio Gonzalez, and Pitchers Angelo Lugo and Adolph Willason.

league team, which played exhibition games in Syracuse last season and attracted the notice of the baseball world generally, when he won from the Red Sox and the Giants, and should have won from Cincinnati with the proper support. For Syracuse, last season, in twenty-seven games he won twenty and lost seven.

In a letter, which accompanied the contract, Johnson said that he had some private business to attend to, and asked to be allowed until March 1 in which to report at Hot Springs. His request will be granted, and he will arrive at the training camp a few days before the main body of the Red Sox gets there. Johnson's home is in Middle Falls, Tex., where his father is mayor and recorder. Johnson has the physique necessary in a great pitcher. He stands 6 ft. 8 in. and weighs 180 pounds. He is twenty-six years old. He pitches and bats right handed. He declares that his best playing throughout his baseball experience has been after the weather got warm, which, he says, accounts in a measure for his having jumped about from one club to another heretofore.

His professional baseball career has been as follows: 1908, Austin, Tex.; 1909, Galveston, Tex.; 1910, St. Louis Nationals and Dallas, Tex.; 1911, Newark, N. J., and York, Penn.; 1912, Birmingham, N. Y.; 1913, Baltimore and Syracuse.

Frank Chance Saves Men. Glendora, Calif., Feb. 20—Frank Chance, baseball manager, saved the lives of his brother-in-law and two other men in the floods caused by the storm here.

The three men were riding in a motor car when a retaining wall gave way and loosed a wall of water five feet deep in front of them. The car was overturned and the men were swept through an orchard near Chance's place.

Chance witnessed the accident, and, procuring ropes, floated them down to where the imperiled men were clinging to trees. All managed to grasp the ropes and were dragged to safety.

THE RING. Bout Tonight. Ed McCoy and Dave Smith, Sydney, N. S. W. Joe Mandot vs. Johnny Griffiths, New Orleans. Young Mike Donoran vs. Tom Teague, Brooklyn.

"Buffalo" Costello. Martin Costello, better known to ring followers of the game a quarter of a century ago as "Buffalo" Costello, died recently in New York. While Costello was never considered a champion, still he was somewhat in the same class as Joe Choynski, being a little too light to get into the heavy weight class, especially with the stars. One of the greatest fights that Costello ever had was against Billy Woods in the old Columbia Athletic Club run by Dominick O'Mally near Hobey, Ind., about 1893. It was during the time that racing was so popular with the stars. One of the greatest fights that Costello ever had was against Billy Woods in the old Columbia Athletic Club run by Dominick O'Mally near Hobey, Ind., about 1893. call the contest a draw. They had battled sixty-five rounds and it was afterwards learned that Costello broke his hand in the early part of the fight and went through the latter half with only one good hand to defend himself.

It was a case where the fighter showed real gameness, and he was also able to fool Woods by using his broken hand in making wild swings at times, but always careful not to connect with it.

Costello was built somewhat on the lines of Jim Corbett and he had a great left hand. He journeyed to Australia one time and met all the best heavyweights there. He also fought a sixty-five round battle with Alex Greggianni in San Francisco and some of the old-timers will recall that Greggianni was considered a star in those days. Costello depended mostly on his cleverness to carry him through against men much heavier than himself. He was a finely built fellow and strong. However, he never made much out of the ring, there being very few of the big purses those days for the average fighter. He was content to labor in New York for a living on a moderate scale.

Kid McCoy Once More. Kid McCoy, considered one of the cleverest middleweights who ever put on a glove, has an idea that he can come back and display his old-time form. However, McCoy is picking pretty tough games, for he wants to meet George Carpenter, French champion, in a 20-round fight on March 14. It may be that McCoy is willing to take his share of the gate receipts and risk a beating from the Frenchman. McCoy has been out of the ring for the last six or seven years, except for an occasional spurt against some mediocre fighter. He was fighting in 1891 and is now forty years of age—an age that finds most fighters down and out. The Kid has been a very careful liver and has taken remarkably good care of himself, even though he has been traveling in high society, but it does not seem possible that he stands any show against the clever French boy, who is also a remarkably strong hitter.

Men's Working Clothes That Wear

It's the easiest thing we know to get good working clothes. No trouble to us to find them. There are brands that every dealer with honest sense is acquainted with, manufacturers whom everybody knows by name. Their guarantee is as good as the Bank of England and their goods as reliable as the Rock of Gibraltar.

We flatter ourselves that we know what working men of the North End want, and when it's no more trouble to get it than it is to get the other kind, that's all there is to it. We may not make so high a percentage profit but we'll do better in gross returns. Besides, we do pretty much all of it, hereabouts. What more can we expect?

TWO SPECIAL TRAINS

Early this morning a special train passed through the city on its way from the west to Halifax. Another went through about 11 o'clock. Both carried more than 800 passengers. They were held up for some hours west of Vancorboro.

SEVENTEEN DEATHS

At the board of health office this week seventeen deaths were registered from the following causes: Senility, three; cerebral hemorrhage, two; and asthma, carcinoma, convulsions, malarium, meningitis, heart disease, arterio sclerosis, natural causes, broncho pneumonia, collapse after labor, intestinal obstruction, and chronic endocarditis, one each.

MANY BID BISHOP FAREWELL

Two or three hundred people, including the priests of the city and nearby churches were in the cathedral last night to bid farewell to His Lordship Bishop LeBlanc on his leaving for Rome. His Lordship stood on the car steps for some minutes and there personally greeted all. Each kissed his ring and wished him a happy voyage and safe return.

I. O. G. T. WORK

E. N. Stockford, grand chief templar, visited officially Albion Lodge, I. O. G. T., Fredericton during the week and found that organization thriving and doing a good work. He also visited the district lodge of York-Sunbury in Oranocoto. The reports were most encouraging and showed good progress throughout the district. On Thursday evening a public meeting was held in the Methodist Church in Oranocoto and was addressed by Rev. Mr. Holmes, H. T. Brewer, D. C. T. and Mr. Stockford. There was a large and appreciative audience and stirring addresses were given.

FAIRVILLE INCORPORATION

Contrary to some reports in circulation, said a member of the Fairville Board of trade today, the report of the incorporation committee will not be ready for next week, in fact the regular meeting of the board will not be until the first week of March and nothing can be done before that date. Information is being sought from outside towns which have changed their form of government, there are many local matters to be looked into and all this takes time. Many of the townsfolk do not realize what such a step really implies and the committee are becoming acquainted with facts and figures that will require a good deal of thought before recommendations of any sort could be made. Meanwhile the Board of Trade is asking for more hearty co-operation of the taxpayers generally. A question such as this requires the best minds in the village in consultation, irrespective of politics or any side issue so that when a decision is finally recommended one way or the other it may be in the best interests of all the people.

LESSENS FIRE RISK IN CITY

Chief Blake Makes Close Inspection of Business Premises With Good Results

That it is remarkable that more fires do not occur about the city is the opinion of Fire Chief Blake who has been making a rigid inspection of various commercial and private properties for the purpose of lessening the fire risk. In many buildings he has found conditions which are not thought generally to exist and he has done his best to remedy them without taking action in court, although to some it has been necessary to make more than one trip in order to remove the cause of danger. His inspection has been thorough and credit must be given to him for the prevention of many fires.

In some of the stores quantities of excelsior and other inflammable matter are used for packing purposes, either in receiving or delivering goods, and some have been found careless in leaving it in a position where it could easily catch fire, or where, if once it did become ignited, it would be as so much oil to flames. The surprising feature is that much of the rubbish, paper, excelsior or other refuse is allowed to remain near fires blazing in warehouse or cellar stoves, or in furnaces. In one block in the business district Chief Blake ordered the installation of several new chimney connections and in other buildings working girls have been greatly relieved at his ordering another door in rooms into which they gather for their daily toil, for should a fire have occurred their chances of escape would have depended upon its progress. As a result of the activities of the fire chief and his prompt action there have been fewer fires than from ordinary causes, but many others could be averted if there were not so much carelessness and neglect, and it is in the hope of causing a stronger realization of this truth that Chief Blake has been conducting his inspection.

Hon. Mr. Pugsley Has Only Cold

So Little Indisposed That He Is Not Kept to His Rooms in New York Hotel

(Canadian Press.) New York, Feb. 21.—It was learned last night that Hon. William Pugsley, a member of parliament, who was reported to be seriously ill in a hotel here, is suffering only with a cold. Hon. Mr. Pugsley was so little indisposed, indeed, that he was not confined to his room in the hotel.

Fredericton Mail.—A telegram received last night from this city says that the condition of Hon. Mr. Pugsley shows gradual improvement and that the specialist in charge expects recovery in a short time.

HOME OF LATE CHIEF JUSTICE NOT SOLD

The brick residence of the late Chief Justice Tuck, on a leasehold lot at the corner of Orange and Wentworth streets was offered at auction at Chubb's corner this morning by T. T. Lantam but was withdrawn at \$7,900. In the proceedings in connection with the foreclosure of a mortgage on properties, including 375 acres of land with several buildings in the African settlement in the parish of Simonds and owned by William C. Brothers the property was offered for sale by auctioneer Lantam and purchased by Joseph Jones for \$1,450.

VIRGINIA HEROINE WELL PRESENTED IN ST. PATRICK'S HALL

There was a large gathering last evening in St. Patrick's Hall, West St. John at the presentation of a charming three act playlet entitled "A Virginia Heroine" presented by the members of the D. D. McArdy Dramatic Club. The production proved most enjoyable and gave delight to the large audience which showed appreciation throughout and applauded frequently and heartily. The roles were each well taken, though possibly Miss Ella McNeely in the leading part as Ruth Lee, is deserving of special praise, as are Misses Edgerton Murphy, Tobin and O'Reilly. The other young ladies acquitted themselves most capably also.

The cast of characters was as follows: Mrs. Dare, Mistress of Greytown, Miss Mary McCaffrey, Margaret Leighton, sister of Mrs. Dare, Miss Loretta Morrissey, Virginia Leighton, niece of Mrs. Dare, Miss Jean Quinlan, Betty Dare, Mrs. Dare's daughter, Miss Alice Coyne, Ruth Lee, a Southern Girl championing the North, Miss Ella McNeely, Bessie Allen, Miss Agnes Wilcox, Nell Carey, Miss Katie Graham, Granny Royal, Miss Agnes Edgerton, Toppy, Miss Kathleen Murphy, Nora, Miss Mollie Tobin, Martha Lane, the village gossip, Miss Lena O'Reilly. Between acts Jas. C. Bond gave clever comic specialties which afforded pleasure. Miss Teresa McKenna was pianist. There were specialties also by W. J. Devenie. Much credit is due W. J. Kindred and J. W. McCauland for the stage management, while the young ladies in the cast were highly complimented upon the success of the piece.

PRIVILEGE WAS ABUSED At the recent annual meeting of the St. John Horticultural Association, a regulation was made prohibiting snow shooting in the public gardens, except on public walks. This regulation has been entirely ignored and so much damage has been done to the beds of the bulbs and to small shrubs by snow showers during the last week or two that it has been decided while snow shooting continues to close the gates at dusk each evening.

Men's Custom Tailoring FOR SPRING

One of the most interesting books on clothing a man could peruse, if he was wondering where to get his spring suit made, is the order book of this custom tailoring branch of the Oak Hall clothing business.

Page after page, as he turned the leaves, he would find orders following one after the other, for the same man—in lots of instances it's been going on for years.

That fact and steady increase in our to-order business together spell a safe place for men to come who have not yet proved Oak Hall custom tailor work.

- MEN'S BUSINESS SUITS TO MEASURE \$20.00 to \$30.00
MEN'S EVENING DRESS SUITS TO MEASURE 30.00 to 40.00
