IMPOSING WELCOME FOR THE EMPEROR OF RUSSIA

A Hundred and Fifty British Warships Met the Royal Yacht at Cowes—King Edward and Queen Alexandra There to Greet the Visitors.

CHERBOURG, Aug. 2—Emperor Nicholas of Russia left here today on board the Imperial Yacht Standart for Cowes to visit King Edward, the Standart and the Russian warships conveying her cleared at six o'clock this morning and were escorted in the middle of the channel by a number of French war vessels.

Foreign Minister Jovelsky today confirmed the reported intention of Emperor Nicholas of going to Italy and Turkey but said these visits would not occur until the fall. Emperor Nicholas will go to these countries direct from the Crimea.

COVES, Aug. 2—The Russian Imperial Yacht Standart bringing the Emperor and the Empress from Cherbourg to Cowes on a visit to King Edward, anchored in the Coves yesterday shortly before 1 o'clock today. Their majesties were given an official welcome even more imposing than usually attends such important occasions.

Not only were King Edward and Queen Alexandra, the Prince and Princess of Wales and a large gathering of other members of the Royal Family present to greet their guests, but 150 of the pick of the British war fleet, dressed in flags from stem to stern and flying the Russian ensign, encircled the anchorages allotted to the Standart.

The presence of the English Foreign Secretary, Sir Edward Grey, M. Jovelsky, the Russian Minister of Foreign Affairs, and Count Von Buelow, the Russian Ambassador to Great Britain, further emphasized the significance attached to the diplomatic visit to this visit of the Russian Emperor to England.

The unusual welcome of this morning was arranged designedly for the double purpose of helping to strengthen the links in the chain binding Great Britain, France and Russia in a triple entente and to dispel any ill feeling engendered by the harsh denunciation of Emperor Nicholas and his methods so frequently vented by the members of the labor party both in and out of parliament since the coming of the Emperor first was announced. The function, however, was distinctly political in character.

King Edward and Queen Alexandra went out on board the Royal Yacht Victoria and Albert and met the Standart outside of Spithead. King Edward went over to the Standart and welcomed his guests and then escorted them to the Victoria and Albert where luncheon was served. After this repast the two sovereigns reviewed the assembled fleets from the Victoria and Albert.

THE WAR GAME WILL CENTRE AROUND BOSTON From Aug. 14 to 21 16,000 Troops Will Engage in Attack and Defense of City—Provincetown Choked With Sailors

BOSTON, Mass., Aug. 1—Not since the days of the civil war has Massachusetts seen such a gathering of armed men as will participate in the "war game" of August 14 to 21. Defending Boston, the capital, particularly, and endeavoring to stem the invasion of 16,000 men of the New York, New Jersey, Connecticut and District of Columbia National Guards will be the 7,000 members of the Massachusetts militia, argued by the mounted assistance of three troops of regular cavalry.

PROVINCETOWN, Mass., Aug. 1—Provincetown's few streets—narrow, winding and sandy—were choked today by the influx of nearly 4,500 sailors from the Atlantic fleet and a horde of Sunday excursionists. Contrary to the hopes of the merchants of the town, Rear Admiral Schroeder gave the necessary orders which permitted the men to take "shore leave."

His hesitation, due of excessive drinking by the sailors last Sunday, was apparently overcome by the arrest of an alleged liquor seller. It was the last Sunday of Provincetown freedom for the jockies as the fleet leaves for Hampton Roads on Wednesday.

The naval militia men of Massachusetts and Maine, who have been receiving instruction aboard the battleships during the past week, had scarcely vacated the ships today when the members of the Pennsylvania and New Jersey state naval brigades and those from the district of Columbia arrived.

The funeral of the late Jarvis Dible took place this afternoon at 2:30 o'clock from his residence, 114 Charlotte street. Rev. Mr. Hand conducted the service and interment was made in the Church of England burial ground.

SLEEPY CANDIDATES SHOULD WAKE UP NOW

These are Days for Hustling the Votes

Every Inducement Offered to Those Who Have Reserve Energy, to Sail in and Win One of the Big Prizes.

News agents will of course realize that the coupons cannot be put out and voted in the interest of a candidate if they wish the office to credit them with the papers as uncollected copies.

Contestants who roll in their subscriptions during the Extra Vote Period have a big advantage that will place sleepy candidates under a handicap. This is the greatest opportunity of the contest to build up a strong reserve fund.

THE EXTRA VOTE OFFER.

This is just another of the Star and Sun's generous streaks. It has already provided over \$5,000 worth of prizes: it has arranged that ten prizes must go into each district, giving five to the ladies and five to the men, thereby assuring an even and equitable distribution; it has provided that the winners of the four grand prizes cannot be the winners of the district prize, and even goes so far as to offer a prize to be won by that person who has sent in the nomination of the winner of the grand prize, and then it had an inspiration. Why not offer something as a reward for faithful work?

So the Extra Vote Offer was arranged. This is certainly what candidates are after, an opportunity to get more votes. And that is what they are given. In a spirit of generosity never again to be equaled. It is an incentive to further endeavor to those who have already proven themselves worthy of better chances: it comes as a great boon to those candidates who have been handicapped by lack of time to properly prosecute a campaign, and it is positively a glorious inducement to those who have been considering the matter of entering but have been "waiting for some such chance."

It is hardly necessary here to enlarge upon the value of the prizes, the number, the easy condition under which they are to be won, the manner of their distribution and all other facts concerning this great contest, but it is always in order to urge that the time to make the effort of your life is RIGHT NOW.

THE GOLDEN OPPORTUNITY.

There is, and can be, no question about it, this is the very best time of the contest to get votes. At no other time during the race will subscription money be so plentiful. This is positively the biggest offer that will be made. There will be others, of course, but they will decrease in size after August 14th. The present offer is for "Bargain Days" only, and positively will not be repeated.

Candidates and their friends are not confined to the district in which they enter to do their work. They may secure subscriptions anywhere.

(Continued on Page 9)

U. M. W. LEADERS ARE INDIGNANT

Over Wreck of Their Parade—Company Mined 10,000 Tons on Saturday.

SYDNEY, N. S., Aug. 2—The situation at Glace Bay is unchanged and peaceful after the excitement occasioned by Saturday's U. M. W. demonstrations. The demonstration itself was a peaceable affair, not one arrest having occurred as a result. The U. M. W. leaders are naturally loud in their denunciation of the Dominion authorities in their action in stopping the parade at the town limits, declaring it was the first time a body of men carrying the Union Jack had ever been stopped by soldiers wearing a British uniform. The output at the collieries on Saturday was rather over 10,000 tons, most of which was mined. The company claim a larger number of men at all the collieries today except Number one, where the usual after effects of pay-day are visible.

The hearing in the case of Rose and McKenzie, charged with complicity in the explosion outrage at Reserve, was begun today before Stipendiary Magistrate Donald of Glace Bay.

NEW U.S. CONSUL ARRIVED TODAY

He Will Take Charge of the Office Immediately

Maxwell K. Moorhead Succeeds Judge Willich, Who Leaves for Quebec in a Few Days.

Maxwell K. Moorhead, the new United States consul, arrived in the city on the Boston express this morning and will immediately assume charge of the consulate. Mr. Moorhead has had extensive experience in the service

of his government and is likely to be well received here by the merchants and others who have to do business at the consulate. He was accompanied to the city by his wife.

Judge Willich, the retiring consul, will remain in the city a few days before leaving for Quebec, where he will take charge of the consulate.

SPANISH TROOPS IN HORRIBLE SLAUGHTER

Absolute Lack of Military Skill Brings Disaster

Moons Caught the Columns Massed in Narrow Delle—Hospital and Commissariat the Worst Possible.

ORAN, Algeria, Aug. 2—The steamer Emir came in here today from Melilla and her officers, referring to the fighting there between the Spaniards and the Moors of July 27, say the former made the mistake of advancing in solid masses through the gorge dominated on both sides by hills whence the enemy poured down as fast as they issued from the pass. The unfortunate soldiers of Spain did not know where the fusillades came from. The butchery was terrible. Many of the Spaniards had only just disembarked, and were without rations.

SAN SEBASTIAN, Via the Frontier, Aug. 2—Further particulars received here regarding the situation at Melilla say the arrangements for caring for the wounded are most deplorable. There are but few doctors on the scene and medicines, surgical instruments and other appliances are almost entirely lacking. During the fighting of July 27 the staff of General Marina, the commander of the Spanish forces, was decimated and some companies lost half their strength and three-quarters of their officers. All reports speak of the bravery of the soldiers and officers but dwell upon the stupidity of antiquated tactics displayed and the disorganization of the commissariat.

BOYS PLAY INDIAN IN REALISTIC MANNER

Tied Companion to the Stake and Let His Clothes Catch Fire.

MONTREAL, Que., Aug. 2—Three boys in Outremont fired by the recent Buffalo Bill circus gave an exhibition of Indian warfare yesterday afternoon. The youngest was tied to a stake beside a fire which they built to roast the potatoes. When more wood was thrown into the fire the sparks scattered and set fire to the clothes of the boy tied and one other. The third and biggest boy ran away. A neighbor heard their screams and put on the flames. The boy who threw on the wood was badly burned and is in bed at home. The little fellow who was tied to the stake and whose screams aroused the neighbors was not much injured.

A THOUSAND LIVES LOST IN FLOODS IN MANCHURIA

THE SITUATION IN SPAIN IS SERIOUS

Believe That Revolutionists are Fully Organized

King Alfonso Wants to Go to Barcelona—Refugees Say a Thousand Have Been Slain.

BAYONNE, France, Aug. 1—Reliable news regarding the situation in Spain received here this morning from San Sebastian represent conditions as very grave throughout the northern part of the country, where all trade unions have given notice of the beginning of a general strike today.

The government has sealed all the telegraph and telephone wires in the affected provinces to prevent the leaders of the strike movement from communicating with each other. The transmission of newspaper despatches has been suspended entirely, forcing a suspension of a majority of the journals.

The greatest excitement reigns among the working classes. Reports received here direct from Madrid say that King Alfonso is greatly depressed over the interior situation. He desired to throw his personal popularity in the scale, and it was with difficulty that he could be dissuaded from going to Barcelona in person. Premier Magra told him it would be equivalent to suicide to enter that hotbed of anarchism.

Some of the highest officers of the army are protesting vigorously against the maintenance of the censorship. They regard this restriction as foolish and useless and giving play to the wildest and most exaggerated stories. They say they have received despatches from officers at the front insisting that all the anarchy has been caused by the useless censorship. They declare this only has aggravated matters and that it would be better to tell the entire truth.

PARIS, Aug. 2—Judging from the reports received here the situation in Barcelona still remains somewhat shadowy, as no correspondent yet has reached the city which is isolated by land and sea. The censored reports coming by the telegraph are suspected of being over optimistic. Nevertheless it appears certain that General Sanjurjo declines to restore a semblance of order in the city, and today a serious effort will be made to resume work. An investigation of the disaster has been ordered by the authorities. About one hundred of the inhabitants are receiving public assistance.

POULTRY HOUSES AND GRAND STAND WILL GO

Exhibition Association Will Have to Move Them to Make Room for New Army

The plans of the Exhibition Association for the big Dominion fair to be held here next year have been somewhat upset by the announcement that the government will start the work of building the new army next season. As all the ground between the Barrack Green and Sheffield street has been expropriated all the buildings in this section will have to be removed. This will include the exhibition's poultry houses and the grand stand. It will be necessary for the association to find a new site for both of these structures and their removal and reconstruction will involve considerable expense.

The building committee of the association meets this afternoon, but it is thought that they will not be in a position yet to cope with the new development.

The advertising committee also meets this afternoon to prepare plans for an extensive advertising campaign. It is understood that a programme will be adopted which will give about every body in the Dominion a chance to hear all about the big show. Some of the advance advertising will be put out at an early date.

STEAMER IS MISSING WITH 300 ON BOARD

Search is Being Made for the Warathah, Which Left Sydney for London

DURBAN, Natal, Aug. 2—Three hundred persons are aboard the British steamer Warathah, en route from Sydney for London, and failure to hear any report of the vessel since she sailed from here July 26th has resulted in some alarm. A search is being made for the steamer.

LUNATIC LITHUANIAN COMMITTED SUICIDE

BOSTON, Mass., Aug. 1—Declaring that he was pursued by men who wanted to kill him, Frank Saulia, 32 years, a Lithuanian, after attending mass at the Lithuanian Catholic church on East Seventh street, South Boston, committed suicide by cutting his throat with a razor.

The man recently came out of the woods at Brewer, Maine, and was befriended by Rev. Joseph A. Crikus, pastor of the Lithuanian church. He was apparently deranged and was sent to a doctor by the priest. Last night he spent with the priest who occupies rooms in the basement of the church. The man had a wife and two children in his home country.

PERSONAL

F. R. Taylor returned to the city on the Boston express this morning. O. L. Miller came in on the Atlantic express today.

Geo. N. Miller, accompanied by his wife, formerly Miss Winifred Elizard of this city, arrived in the city today and will visit Mrs. Blizard's parents at their summer home at Woodman's Point. Mr. Miller, who has been on the staff of the Bank of Nova Scotia at Barrie, Ont., has been transferred to Summerside.

G. F. Smith of Woodstock is in the city today. A. W. Robb left this morning for Silver Bay, Lake George, to attend an institute for Y. M. C. A. workers.

R. terminal office, West Side, left last evening for Montreal. Mr. Doherty was transferred to the head office of the railway, where he will act as private secretary to the terminal agent.

MARATHONS CAPTURE

FIRST GAME OF SERIES Fourth Inning Disastrous for St. Peters—Marathons Send Sphere All Over the Lot and Not Seven Runs—Score at End of Game 8 to 2. In the championship match on the Shamrock grounds Saturday afternoon, the Marathons were victorious over the St. Peters by a score of eight to two. The ball tossers attracted a crowd that rivaled the attendance at the game in the day-old. There were fully 2,300 enthusiasts on the grounds and the fans supported the favorites in a manner seldom seen on the baseball field. Megaphones were not in the class with the rosters and section during the entire exhibition was there a dull moment.

SPLENDID ROWING MARKS CLOSE OF CANADIAN HENLEY

Weather Was Perfect and Contests Were Witnessed by Record Breaking Crowds—The Results. PORT DALHOUSIE, Aug. 1.—One of the largest crowds that ever attended the Canadian Henley assembled here Saturday on the second day of the great meeting. The weather was perfect and the races much enjoyed, only for a couple of accidents resulting in four time-outs.

OUT THIS OUT The Great Prize Contest OF THE St. John Sun and Star 10 VOTES Candidate, Address, This coupon when neatly clipped out, name address properly filled in and brought or sent to contest department of The Sun will count as 10 votes. THIS COUPON NOT GOOD AFTER AUG. 12

FOUR THE ST. JOHN STAR is published by THE SUN PRINTING COMPANY. (Ltd.) at St. John, New Brunswick, every afternoon (except Sunday) at \$2.00 a year.

THE REVISED TARIFF. The United States tariff debate is nearing its finish. The conference report has been adopted by the house of representatives and now awaits the sanction of the Senate. There will probably be no further changes in the much-amended bill, but the feeling in Washington is that this revision is only a patchwork affair, calculated to temporarily appease those interests which were most strenuously demanding changes. It is apparent to leaders of both parties that the tariff is fast becoming the predominant political issue and as the natural result of this impression, members of Congress are inclined to look upon proposed changes from a purely political standpoint.

CHERBOURG, Aug. 1.—The final day of the visit of Emperor Nicholas to France was attended with beautiful weather. Emperor Nicholas attended religious services on board the imperial yacht Standard this morning and later took luncheon with President Fallieres on board the French battleship Verite. Emperor Nicholas will leave early tomorrow morning for England to visit King Edward. He will be accompanied half way by a division of the French fleet.

ST. PAUL, Minn., Aug. 1.—An explosion of gasoline in the fourth floor of a brick building at 73 West Third street yesterday afternoon resulted in the death of three persons and the destruction of several buildings adjoining that occupied by the machine shop were demolished. Three persons were killed and several others injured. The explosion was caused by a gas leak from a boiler in the machine shop.

THE USUAL LIST OF SUNDAY DROWNINGS. Half a Dozen Victims Recorded—Young Man Dies on Special Train After Being Run Over.

SHARON, Mass., Aug. 1.—Samuel C. Lee, of Boston, was killed by a train of the United States Shirts and Collar Company, who, until recently, lived at the Hotel Plaza in that city. The victim, a clerk at a liquor store in Dartmouth street, Boston, was drowned at the late today in the millpond at the rear of the Acme Thread Company's works. Lee was unable to swim. He slipped into a deep hole in the dam and was unable to get out. He was rescued by a man named Hambley, who tried to save him, but he died.

WINCHESTER, Mass., Aug. 1.—August Minton, 39 years old, is believed to have been drowned in Lake Denison today, when he jumped from his boat after it had "shipped" considerable water. He was seen from shore and Harry Schavran went out to his assistance, but Minton sank. Mrs. Tisdale was 52 years old.

ELECTRICS CLASH; TWELVE ARE DEAD. South Carolina Joins the Dry District.

WASHINGTON, D. C., Aug. 1.—Better railway traffic conditions showing larger movement of coal and iron ore are indicated in the annual inter-commerce report issued by the bureau of statistics of the department of commerce today. The report shows that the coal trade is the most important factor in the inter-commerce of the United States.

PATENT TREATY BETWEEN U. S. AND GERMANY. Will Benefit Both Manufacturers and Inventors.

WASHINGTON, D. C., Aug. 1.—A reciprocal patent treaty between the United States and Germany which is of far-reaching importance to the commercial world was simultaneously promulgated at noon today by President Taft and the Emperor of Germany.

NEW CHURCH AT NEWPORT, VT., COST \$100,000. Newport, Vt., Aug. 1.—In the presence of bishops and many priests from Canada and the United States the beautiful new \$100,000 stone church of St. Mary's was consecrated on Prospect Hill here today.

SHEET METAL WORKERS HOLD ANNUAL OUTING. The third annual outing of the Sheet Metal Workers' Union was held on the grounds of the Log Cabin Fishing Club, Loch Lomond, on Saturday, and was well attended.

BURTON McLEERY FOUND DEAD IN A CANOE. Went Out Duck Shooting Alone and Accidentally Shot Himself.

By a shocking accident which occurred Saturday morning near Jones Creek, Burton McLery lost his life, while duck shooting in a canoe. Mr. McLery left his home early in the morning and alone in a canoe started up the river duck shooting, and while it is not known just how the accident occurred, it is supposed the gun was accidentally discharged, the shot entering his lungs, killing him instantly.

ALEXANDER GIBSON'S 89TH BIRTHDAY

At Fredericton yesterday Alexander Gibson celebrated his 89th birthday. To him the town of Marysville owes its existence, and one of the largest lumbering industries in Canada brought to its present state of efficiency. The great cotton mill there is of his erection, as was the New Brunswick railway from Gibson to Edmundston as well as the Canada Eastern from this city to Leasideville. Though Mr. Gibson has now retired from active participation in the many enterprises

DOG SAVES A WOMAN'S LIFE

Found in Semi-Conscious Condition
DOG LED SEARCHERS

Woman Seized With an Epileptic Fit at Sussex Saturday

SUSSEX, N. B., Aug. 1.—Led by a dog to the place where a domestic lay in a semi-conscious condition, a large crowd of persons saved the woman from probable death, with the able assistance of the dumb animal.

The woman was a domestic of Mrs. Stone, of Boston, who is visiting J. Albert McArthur of Sussex. The domestic woman, who was said to be frequently seized with epileptic fits, left Mr. McArthur's house, about 10 o'clock last evening to take a short walk.

About 12 o'clock it was noticed that she had not returned. Members of the family started out in search for her, but their efforts were in vain. About 3:30 o'clock this morning the fire alarm was sounded and a great sensation was caused about Sussex when the whole fire brigade, with the able assistance of a large number of persons, turned out to search for the domestic. After hunting for about two hours and rousing the whole neighborhood, they found the woman about 3:20 this morning lying in a semi-conscious condition, between two piles of deals near the railroad track. Only through the dog which accompanied her was she found. He seeing the crowd passing barked at them, attracting their attention, after which he directed them to the spot where the woman lay, thus saving her from probable death.

Tonight she was said to be resting quite easily, although not by any means recovered.

MACHINE GUNS AND BAYONETS STOP MINERS

Parade at Glace Bay Came to a Sudden End, but Strikers Heard Speeches by Leaders.

GLACE BAY, Aug. 2.—Saturday's proceedings proved the most striking event in the trouble so far. Steps had been taken at Dominion and Glace Bay to prevent the miners' procession. The United Mine Workers started out in a parade led by four Glace Bay policemen in a carriage led the procession. Then came District President MacDougal on horse-back. Then a band, then the International and District officers and behind these came the ten U. M. W. bands with banners. About 2000 persons were in the procession. As the procession neared Dominion it was found that the troops were there with fixed bayonets and machine guns. The procession halted and then counter marching returned to Glace Bay, where a meeting was addressed by the speakers.

The reason offered for stopping the parade was that Saturday was pay day and that a large public gathering on that occasion would be dangerous to the peace.

LABRADOR FISHERMEN

VENISON ISLAND, Aug. 1.—This coast has been so blocked with ice until a few days ago as to make fishing practically impossible. This is the worst season fishermen have experienced for years, and not half a dozen quintals of fish have been caught up to the present time, whereas the fishermen usually make their harvest before this.

Not half of the vessels are at their destination owing to the ice. The fishermen say that the people of Labrador will starve unless the fish soon come near the land or the government sends relief.

Several fishermen lost heavily by a gale on the 16th instant. The boys had been clear of ice for a few days, and fishermen thinking it would stay out long enough for them to make a catch, set their nets and traps. Hardly had they done so when the storm came upon them so suddenly that they were unable to save them. Some lost two and three traps, each of which cost them at least \$60.

Fishermen say that the prospects for even a fair season are very poor indeed.

Two schooners have been seen bottom up in the Straits of Belle Isle. One was the schooner Trinity, which hailed from Trinity Bay, Newfoundland. The name of the other is unknown.

The whaling steamer Caribob, of the Hawkes Harbor whaling factory, has killed four whales thus far this season, but is now out of commission owing to an accident.

The steamer's crew had shot a whale and the Caribob was towing it to the factory, when the chain which bound the whale to the stern of the boat parted. The whale was sucked under the steamer and was struck by the propeller breaking one of the blades, and the shaft was bent so badly that the steamer struck a harbor with difficulty.

The steamer Hawk, of the Cape Charles whaling factory, near Battle Harbor, has also killed four whales to date.

Beutley's best Liniment for Sprains, Strains, and Rheumatism.

WHY I PREFER ENGLAND.

(By an American Millionaire.)

There is a good deal of agitation among my countrymen because a great many Americans who can afford to live outside the United States are purchasing homes in England or occupying one of the many of our delightful and most comfortable hotels. I am of opinion that this movement is only in its infancy. England, with its delightful towns and country houses, is likely to become the headquarters of the more wealthy of the English-speaking peoples and there is a sort of rough justice in the movement inasmuch as the United States and Canada have been almost entirely populated, so far as their better elements are concerned, from England, Scotland, and Ireland. One of the real reasons so many of us are escaping from America is the desire to be left alone. In London, and for the matter of that in Paris, though not so much there as in London, people are accustomed to mind their own business. Private gossip and scandal are at a minimum here, not only in houses, but in clubs; and your newspapers do not print it. My day, as a wealthy man in England, is so entirely different from my day in the United States that I will describe both for the benefit of American friends who may be desirous of joining us in this delightful country.

It is in the London season. I rise at half-past eight or nine to a quiet meal at which we help ourselves without the aid of servants—who are not present at English breakfasts—to the accompaniment of newspapers that prefer world-politics to what we call "neighborhood news." I walk in my car as I choose, and there is no crowd of curious spectators to watch me as I make my exit. There is, in fact, no matter in the United States, or as I choose, and there is no crowd of curious spectators to watch me as I make my exit. There is, in fact, no matter in the United States, or as I choose, and there is no crowd of curious spectators to watch me as I make my exit.

"MY DAY IN NEW YORK"

Now compare my day in the particular American city which was my headquarters. I lived, latterly in a hotel, in a beautiful building in design, in mechanical comfort far superior to anything in England, but over-decorated, over-heated, over-bled, and with very little of the milk of human kindness about it. Just as it takes half an hour to get shaved in America, so does it take twice as long to be waited on at table. The waste of time in these matters is intolerable to one accustomed to the quickness of London. I am barely awake when I am, once a week at least, beset by reporters asking for information in regard to the affairs of my friends. As like as not, were I to say a word—which I do not do—it would be twisted and distorted. Perpetually I establish such a reputation for never speaking to the newspapers that even when interviews are desirable to my friends know they have not taken place.

Hastening down town to attend to the affairs of the corporations with which I am connected, I am snatched by photographers, worried by impudacious acquaintances, hurried by time-wasters all day long, so that concentration of business is almost impossible. I am glad to return at night to my noisy hotel to seek a little relaxation in a quiet dinner and a game of bridge with a few friends.

Right here I would like to say something that does not please my American friends, and that is about the much-vaunted American climate. Let any man compare the pale children of the torrid months of June, July, August and September, with the sturdy youngsters of the London gutters, and he will realize to the full what the climate means. None but a wonderful people like the Americans could work in these conditions, and I prophesy that in the future only those who have to work will do it. The sunbaths do not make up for the heat trials which make city life in the summer almost impossible and compelled to send our women folk to the seaside and mountains just at a time when London is so delightful.

These are a few of the reasons why those who have wrestled fortunes in the fierce business battles of the United States are more and more spending their middle and old age in bringing up their children in Europe.

I have said nothing of your public school and university education; nothing of the unpunctuated, quiet national spirit of England—too self-deprecating, too much inclined to put its worst foot forward; I have said too little of the fact that a man is received here for what he is, and not for what he is worth. If the subject pleases I will return to it later.

ENGLAND'S LACK OF CLASS FEELING.

The absence of class feeling in England is another reason why many of us prefer to live here. The rich and the poor are not divided into two hostile factions. Every man has his place. There is not the rush, envy, and malice of New York society, with its continual struggle of Western and Eastern money, and brains occupy about the same position, are now impossible in most American cities, and certainly in New York.

From a man's point of view, the constant dressing up of the American man is extremely trying. Here, contrary to the average American notion, there is very little formality of any kind; little, many people think in these days of what is known as the "rat-catcher" style of dress adopted by the Englishman. Such things as card-making and calling are rapidly going out of fashion, and one is free to do as one chooses. If I desire to entertain, provided, however, that there is something beyond food to offer, the simple reason that no one would be so unkind as to refuse it.

FRENCH AVIATOR BREAKS ALL RECORDS

Games Postponed Because of Pulliam's Funeral.

Two Puro-Carr Cars Finish Hidden Tour With Perfect Scores—New World's Record for Hop, Step and Jump.

CHALONS-SUR-MARNE, Aug. 1.—M. Sommer today made a flight of one hour, fifty minutes and thirty seconds duration in his biplane, beating the records of all the French aviators.

CHICAGO, Ill., Aug. 1.—All games in the American League, scheduled for tomorrow will be postponed because of the funeral of Harry C. Pulliam, the late president of the National League, according to announcement made by President B. B. Johnson today.

KANSAS CITY, Mo., Aug. 1.—Pierce-Arrow car No. 9, driven by W. F. Winchester, with a perfect score, won the children trophy in the annual reliability tour of the American Automobile Association, according to official announcement made tonight.

Pierce-Arrow, No. 108, driven by J. S. Williams, won the Mover trophy with a perfect score.

Children-Detroit car, No. 52, driven by Jean Hemp, won the Detroit trophy with a perfect score.

The two Pierce-Arrow cars were the only ones to finish with perfect scores.

NEW YORK, Aug. 1.—The Cleveland track and field games at Colitic Park, N. Y., today were productive of a new world's record in the two hops and jump in which Daniel F. Ahearn made only one trip, but he covered 59 feet, 6 inches, which is six inches more than the recognized world's record made by Dan Shumann at Limerick, Ireland, nearly 30 years ago.

Ahearn in a similar contest yesterday at the Knights of Columbus games made 59 feet, 2 1/2 inches.

Today's marks were measured carefully by the Amateur Athletic Union of officers and will stand.

Laid Behind the Counter Until Relief Came.

TERRIBLE SUFFERING OF AN OWEN SOUND CONTRACTOR AND BUILDER.

MR. Wm. KRANTZ, Owen Sound, Ont., writes: "Having read some of the testimonials of cure effected by Dr. Fowler's Extract of Wild Strawberry, I thought it advisable to say a word of praise for its merits.

"Some years ago I was much troubled with stomach trouble and cramps. I used to roll on the floor in agony, and on one occasion I went into a faint after suffering intensely for four hours. A short time after this, in driving to town, I was attacked again and had to lie down in my big seeking relief.

"When I reached the drug store I asked the druggist for a quick remedy and had behind the counter relief came. The remedy I received from the druggist was Dr. Fowler's Extract of Wild Strawberry. An area of over four miles square, containing some of the city's hand-sonest structures, including the Hand-son temple, the largest in the world, was entirely buried over before the fire was brought under control. The stock exchange, which was one of the most important in this country, was entirely destroyed. This loss, it is believed, will tend considerably to dislocate the business of Osaka, which with its manufacturing concerns, is one of the chief commercial cities of Japan.

FIRE SWEEPS THROUGH OSAKA

20,000 Buildings Destroyed
LOSS ENORMOUS

Number of Casualties in Japanese Town Not Known

OSAKA, Japan, July 31.—A fire which threatened to destroy this city started at four o'clock this morning and in spite of the most energetic efforts to check it, is still burning. The firemen, who have been fighting it all day, are completely exhausted, and troops have been called out to assist in fighting the flames and to preserve order in the city. Everything is dry on account of the drought and the water supply is falling. The fire is being fanned by a strong breeze and thousands of buildings, including the world famous Buddhist Temple, have already been destroyed.

Confusion Prevails

OSAKA, Japan, Aug. 1.—Confusion prevails as a result of Saturday's disastrous fire. Thousands of persons are homeless and hunger is starting many of them in the face. A system of relief has been organized by the municipal authorities, but it is inadequate. The number of casualties has not yet been determined, but hundreds of injured persons are crowding the hospitals.

The last estimates are that 20,000 buildings were destroyed, these including banks, the stock exchange, the museum, government edifices and factories. While at present it is impossible to state accurately the losses, these are given roughly at several million yen. It is feared that some of the insurance companies will fail as a result of the heavy losses they will have to pay.

The conflagration lasted more than 25 hours and today the burned sections presents a deplorable sight. The streets of the city are very narrow and the houses mostly of wood construction. Under a strong breeze, the buildings were easy prey for the flames. Once hope was almost abandoned that the conflagration could be arrested. The firemen fought valiantly against the odds of lack of water and wind and many of them fell unconscious at their posts. Had not the water supply been curtailed by the existing drought, it is believed this fire would have been checked without great damage.

During the fire the greatest confusion prevailed among the spinning girls in the factory quarter, but fortunately, no serious loss of life occurred there.

The belongings of the people who were able to save anything from their burning homes are piled in great heaps along the railroad tracks from Osaka to Kobe, where they were removed early Saturday morning when the fire broke out. The able-bodied members of families returned to the city to assist in fighting the flames, leaving the old people to guard their effects from thieves.

An area of over four miles square, containing some of the city's hand-sonest structures, including the Hand-son temple, the largest in the world, was entirely buried over before the fire was brought under control. The stock exchange, which was one of the most important in this country, was entirely destroyed. This loss, it is believed, will tend considerably to dislocate the business of Osaka, which with its manufacturing concerns, is one of the chief commercial cities of Japan.

1909

ST. PETERS 25 YEARS OLD

Celebration of Its Jubilee Yesterday

INTERESTING SERVICES

Rev. E. F. Schauer and Rev. H. Urban Deliver Interesting Sermons

The celebration of the twenty-fifth anniversary of the coming of the Redeemer to St. Peter's was begun yesterday in a manner most suitable to the occasion.

Twenty-five years ago on Thursday—that is on the 26th of July, 1884—Rev. Michael Oates, C.S.S.R., and Rev. Henry Urban arrived in St. John to take charge of the St. Peter's parish.

In the following January, on the 18th, the church was dedicated, an event which excited great interest at the time.

The history of St. Peter's church began long before the arrival of the Redeemer to St. Peter's—now a public hall on Magazine street—was commenced in the thirties and was opened April 17, 1840.

Following this was the celebration of pontifical high mass. His lordship, Bishop Casey was the celebrant and the following assisted him as officers of the mass: Very Rev. Mr. W. C. Chapman, V. G., arch priest; Rev. Martin Maloney, C.S.S.R., deacon; Rev. Father Woods of Quebec, sub-deacon; Rev. A. W. Moahan, 1st master of ceremonies; Rev. A. J. Duke, C.S.S.R., 2nd master of ceremonies.

The sermon was preached by Rev. E. F. Schauer, C.S.S.R., who was here at the event of the coming of the Redeemer to St. Peter's.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery.

LONDON, July 30.—Cuckoo Hill, Hanwell, one of the prettiest spots in West Middlesex, is to be built on.

CHINA AT ODDS WITH BRITAIN OVER MINES

Sir John Lister Kaye Leaves Peking for London After Fruitless Negotiations.

PEKING, Aug. 1.—After nine weeks of negotiations Sir John Lister-Kaye has left for London. He expects to arrive on August 13 and lay the conditions before his syndicate.

PERU PREPARING TO FIGHT CHILL

Buying Arms Hurriedly and Massing Troops Near the Border, Says German Officer.

VALPARAISO, Chile, via Galveston, Texas, Aug. 1.—An intense sensation has been caused by the statement delivered in public by Colonel Von Hartrott, a German, now a resident of Santiago, who says Peru is hurriedly buying arms and concentrating troops near the border to fight Chile.

British War Office

Bishop Taylor-Smith, Chaplain General of the British Army, has kindly given us permission to publish a statement that he has at various times ordered supplies of Moharallah's Sea and Train Sick Remedy that he has found it most effective.

REPAIRS TO ST. JOHN'S FINISHED SATURDAY

The repairs which were being made to the St. John Presbyterian church for the last two months were completed Saturday evening. The church now presents a handsome and modern appearance, despite the fact that it is one of the oldest wooden edifices in the city, having been in existence for upwards of seventy years.

GOT OFF EASILY.

HAMPTON, N. B., July 31.—Fred Bell, who has been in jail here since last Saturday, sent there by Stipendiary Magistrate March to await trial before the county court judge for the theft of a wagon and harness belonging to Dr. J. Scovill Murray, of this place, having pleaded guilty, was sentenced to three months imprisonment in the county jail.

A REVOLUTION IN LABOR CONDITIONS

The following fantastic looking forecast of a revolution in labor conditions in Great Britain comes from one of the most reliable London papers: In a room in Whitehall some forty clerks are at this present moment engaged in working out the details of a scheme which will, when completed, bring about the biggest industrial revolution that England has ever known.

Every one of the fifteen millions of wage earners in Great Britain will be affected by it. For it aims at nothing less than roping them all into a so-called "Benefit Club," established by the State, and subsidized by the State, which will insure them against unemployment, and, secondly, it is hoped, against sickness also.

MODERN PRICE OF ADMIRALTY

(The manifold dangers of life in the British Navy in peace and the military of war; familiar illustrations showing the modern price of admiralty.)

If blood be the price of Admiralty, Lord God, we 'ave bought it fair!—Kipling's "Song of the English." The melancholy disaster to one of the latest of the British submarines which occurred the other night in the North Sea brings before us far more vividly than is possible in words the great and ever increasing dangers which attend upon those who go to sea in ships of the Royal Navy.

A HUNDRED YEARS AGO.

Many of the dangers of naval life a hundred years ago have been outgrown. Never was there a more dangerous profession for an occasional youth in a harbor training ship—most death by falling on to the sea in ships of the Royal Navy.

These things we have left behind, but what have we in their place? If science has given us sanitation, she has also given us dangerously sensitive explosives. If she has enabled us with engines of 40,000 horse-power to defy wind and waves, she demands that men should face a full score of risks of death in manufacturing that power.

DEATH OF MISS READY

The death took place on Saturday evening at 5.30, after a two months' illness, of Miss Florence T. Ready, third daughter of James Ready, the well-known brewer of Fairville.

works are to be undertaken by the State in order to provide work for the workless. The expense will be heavy at first, but it will be more than met in the long run by the abolition of the work-houses and all the costly system of poor law administration as at present established.

LABOR COLONIES. "But," it may be asked, "what of the wastrels? Everybody knows that there are men so incorrigibly lazy that no industry that you can offer them will tempt them to work."

WOMAN FOUND DEAD; UGLY RUMORS AFLOAT. St. John Man Makes a Gallant Rescue.

LONDON, Ont., Aug. 2.—Mrs. Martha Jenkins, wife of J. C. Jenkins, a prominent farmer of London township, was found by her husband in a stall in the barn with her head crushed.

HAMILTON, Ont., Aug. 2.—A well known Toronto broker named Patricia, who was married to a woman, was found in an auto when the machine passed over a hollow spot in road, the car disintegrating the rear seat on which were Mrs. Sheridan and one of the ladies.

THE CURREY SEPARATION CASE STILL DRAGS ALONG

The Currey case was resumed before Judge McKenna this forenoon. When court opened Mr. Teed said: "In pursuance of an intimation made by me on Friday, I make a motion for a further sum of suit money. The disbursements have been heavy. Mr. Hamilton served counsel for Mr. Currey with an affidavit to that effect."

Mr. Hamilton—You have enough money. At any rate I must have time to reply to the affidavit. The affidavit was served on me as I was leaving town on Saturday afternoon. Counsel then entered into a discussion as to the practice of the court in such matters.

Mr. Skinner—Of course the father is entitled to the custody of the children, but Mrs. Currey has taken them. I do not think that we should pay any further moneys until the case is concluded.

Mr. Skinner—You said this off your hat. Did you say anything about Mr. Currey having murdered his father? "No," said Mr. Skinner.

WAS NOT TRYING TO BEAT THE RAILWAY

Frank McAllister Had Ticket With Him

There were four prisoners on the police matinee this morning. Two drunks were fined \$8 or 30 days jail each, and one being a young man was told to do better in the future.

Mr. Hamilton—It is not my intention to object to such testimony. It has nothing to do with the case.

LOCAL NEWS

Come to the C. B. Pidgeon store at the corner of Main and Bridge streets, for real bargains in worthy goods.

Fydek Curran, Jr. and L. Monahan wish to have it stated that they have never corresponded to a weekly publication in Montreal which has printed objectionable matter.

The orders of the Board of management of the I. C. R. doing away with the night operation on Robbsey, Colborne and Memramook went into force last night. Henceforth these stations will be closed each night at 7 o'clock.

Mrs. Albert E. Coombs of Rockland Road, met with a painful accident at Seaside Park Saturday afternoon. She was struck in the back with a stone, and rendered unconscious. Dr. L. M. Curran attended the woman and although she is badly shaken up, serious results are not expected.

A large number of people attended the funeral of the late Mrs. M. Lantulum which took place yesterday afternoon at 2:30 o'clock from her residence, 104 Union street. The remains were taken to the Cathedral, where the burial service was read by Rev. A. W. Meahan. Interment was made in the old Catholic cemetery. Relatives acted as pall bearers.

Plans have been made to continue the observation of the silver jubilee of the St. Peter's church during the present week. High mass was sung this morning at 8 o'clock in the presence of a large congregation. This evening at 7:30 o'clock there will be rosary, sermon and benediction. Rev. J. Woods, C.S.S.R., will deliver a sermon on "Our Patron." A large congregation is expected to attend.

A gang of young toughs, who have been frequenting Lombard street, invaded Paradise Row last night and stationed themselves near the corner of Kinella's marble shop. Stones were hurled at pedestrians and the members of the gang. Officers Smith and Merrick headed of the affair but upon reaching the corner the birds had flown. This is the same gang who indulged in a base ball on Sunday afternoon and evenings on Lombard St.

The handicap sports will be held this evening on the Victoria grounds at 7 o'clock sharp. There is a fine list of entries and both the sprint and distance races will be very exciting. The officials are: Referee, C. E. McMichie; starter, Arthur McMichie; timers, C. W. 45th, Wm. Vincent, H. Tapley; clerk of course, B. L. Sheppard, E. McAfee, G. Stanton. The new cinder path will be used for the 100 yards dash.

Bombardier Ellis, a member of the 3rd Battery Artillery, which camped at Petawawa, had the misfortune to break his left leg while sightseeing at Montreal on Saturday. He was conveyed to the Notre Dame Hospital and the physicians operated on the leg. Major B. K. Armstrong visited the young soldier at the hospital. He informed the star this morning that the break was a clean one near the ankle. Lieut. Allan remained with the injured soldier in Montreal.

THEY HAD A GREAT TIME AT PETAWAWA

Artillerymen Learned Quite a Lot in the Week

Used the New Aiming Rifle and Found it a Valuable Aid—Sixty Pounder to Replace 4-7 Guns—Home This Morning

The St. John Artillerymen who have been at Petawawa reached the city on return at 4 o'clock this morning on a special train over the I. C. R. Detachments from the three batteries of the 3rd Regiment left here at 4 o'clock in the afternoon on Saturday, July 24th, the special train conveying one hundred and twenty men and twelve officers. The train and party were under command of Major L. W. Barker, who also commanded No. 3 Battery, while Major Harrison was in charge of No. 1 and Major Smith of No. 2. Going by I. C. R. the Artillerymen changed to the C. P. R. in Montreal and reached Petawawa at 8 p. m. Sunday. Everything was in readiness for their arrival; they were met by officers from the camp and within half an hour were comfortably settled for the night.

On Monday, Tuesday, Wednesday, Thursday and Friday the men were working all the time, scarcely an idle minute being allowed them. Unquestionably they received the best instruction ever given them, including a course of new material which will be of value in their regular work here. They were able to use for the first time the one-inch aiming rifle and the 47 gun just as the morning drill. The men report, with a wonderful help to the gun layers. It is inserted in the 47 gun just as the morning drill.

In the work at Petawawa the shooting all through was good, and although the men of course cannot tell what the marks will be, they expect a fairly high standing. Particularly creditable was the fire discipline, the work of the men on the gun could scarcely be improved and this applies to all three batteries. There were three instructional and two competitive series for each battery besides the work with the aiming rifle.

Only the 47 gun was used, but next year there will be practice with the new sixty pounder, a 5-inch gun which is but to be very much superior to the 47 now in use. It is more easily manipulated, the recoil is all taken by the buffers, and it operated on most of the batteries. The new twelve pounder are on the field at Petawawa but the local men were given opportunity for work with these field guns, nor were they in use while the St. John men were in camp.

The detachments left Petawawa at 10 o'clock last Friday night and reached Montreal early on Saturday morning. They spent the whole day there, entraining in the evening. Their orders were to stop at Matapedia so as to come through New Brunswick on Sunday. They left Matapedia at 4 o'clock Sunday evening and had a fast run to St. John, reaching the city at 4 o'clock this morning.

The weather at Petawawa was ideal. Heavy rain fell on Thursday night but by morning the weather had cleared and before work had commenced the ground was quite dry. Altogether it was the finest trip the St. John Artillerymen ever had.

WALLACE GETS THREE YEARS BUT MAY BE DEPORTED

Took Judge Forbes Just Eight Minutes to Dispose of the Check-Raiser This Morning

Under the speedy trials act, before Judge Forbes this morning, Frank Wallace, after pleading guilty to the charge of obtaining goods under false pretenses by means of a forged check, was sentenced to three years in Dorchester penitentiary. Efforts will be made to deport Wallace to the United States.

The case was heard at eleven o'clock and eight minutes were sufficient to finish the sitting.

Wallace admitted the charge and in answer to queries from Judge Forbes declared that he had been in the United States since he was six years old. Since his return he had visited Montreal and Moncton, but could not secure work. He reached St. John with the intention of returning to the United States.

His Honor stated that Canada did not desire a man who had acquired such cleverness as Wallace. There were a number of other shifty matters in which the prisoner was connected.

Upon sentence being pronounced the court adjourned.

PERSONAL

Miss Beattie Murphy of the Bank of Nova Scotia staff has returned from a vacation to Baywater. Her health is greatly improved.

Miss Edith Ranney, trained nurse, has returned to the city from Chipmunk.

Miss Nellie Ryan is spending a few days at Fredericton.

Miss May Connolly left by the Calvin Austin Saturday evening on the visit to Maurice D. Coll, principal of St. Peter's school, is enjoying a vacation in Boston.

Misses Kitty and Josephine Fitzpatrick were passengers on the Calvin Austin Saturday evening to Boston.

Harry W. Lunney, of the Montreal Star staff, is in the city, having been called here by the death of his grandmother, Mrs. Lantulum. Mr. Lunney was lately connected with the St. John Globe. He leaves for Montreal this evening.

Mrs. W. H. Shaw and Mrs. F. W. Stanton, and Miss Lillian Shaw are visiting at Beach Govey, Wickham.

MAGISTRATE HAS NOT SENT THE EVIDENCE

Lively Time Expected When the Driscoll Beer Case Comes Up Before Judge Forbes Tomorrow

The beer appeal case of the King vs. Timothy Driscoll comes up again for argument before His Honor Judge Forbes in Chambers tomorrow morning at eleven o'clock, should Magistrate Ritchie, before whom the convictions were made and from whose decision the appeal is taken, still refuse to sign the evidence and forward it to C. H. Ferguson, clerk of the county court, by tomorrow morning, further adjournment will have to be made. Mr. Ferguson informed the Star this morning that he had not yet received the evidence. It is understood that Mr. John A. Barry, counsel for the appellant, made a formal demand to have the evidence sent down but could not get satisfaction from the magistrate. Mr. Barry will likely report the matter to the attorney general or else apply for a writ of mandamus to compel the magistrate to forward the evidence. His Honor Judge Forbes may also take a hand in the matter, at any rate tomorrow morning's proceedings will be swayed with interest.

TOO LATE FOR CLASSIFICATION
