home industry—we ask you to see
the quality of goods we manufacture
and get our quotations. Goods man-
ufactured by us are considered high-
grade in the building cities of Canada.
Foreign woods imported direct from
the south.

MAIL ORDERS
We submit out of town orders, which receive
our personal attention. The length of time taken
to fill orders is governed very largely by how
busy we are in the department of our factory in
which the particular goods are made. While
we have exceptional facilities for promptly
turning out goods, it is impossible to place orders
as far ahead as possible. Orders are filled by us
in the relation in which they are received,
and customers are always dependent on our doing
everything in reason to give prompt despatch.

BACHELOR MASONS HOLD GOOD DANCE

Second Reception and Ball
Enjoyed by Large
Numbers

The Bachelor Masons' second
reception and dance was held in
the Masonic Temple on Thursday
evening. Although not so crowd-
ed as on a previous occasion, the
dancers enjoyed a splendid time,
the dancing being kept up till
nearly three a.m.

The hall was gaily decked out
in a scheme of red, white and blue,
long streamers being carried from
the centre of the room to the walls,
forming a canopy, while the Jap-
anese lanterns and colored shades
sent a softened glow of light over
the hall.

The supper room was laid out as
at the last dance, the running but-
fet being an innovation which has
gained great favor at these dances.
The dresses were very beautiful,
many new gowns being worn, a
description of which in full we are
unable to give in this issue.

The committee in charge are
very grateful to the chaperons,
Mrs. W. E. Napier, Mrs. H. R.
Smith, and Mrs. P. F. Matheson,
(Mrs. D. A. Stewart being absent)
and to Mr. W. F. Napier for his
assistance as floor manager.

The music was supplied by the
Campbellton orchestra and gave
every satisfaction.

This will be the last public dance
till after Lent, and it is proposed
to bring off a big ball at the end
of the season, some time about the
end of March. This, it is expected,
will be carried out in some new
way and should be the most inter-
esting of the season.

TRAIN WRECK AT RICHARDS SIDING

Two Freight Trains Collide on
Wednesday Evening—Little
Damage Done

On Wednesday evening a freight
special, Conductor Mar hall was
held up at Richards Siding at a
point where the section men were
working. While hung up there
they were run into by Doyle's spe-
cial freight train which without doing
much damage, The second train
was conducted by Doyle.

Beyond keeping the Ocean Limit-
ed late about five hours, no damage
was done to the track or rolling
stock.

An investigation will be held at
once into the cause of the collision.

REMARKABLE OP- ERATION ON MAN

Brought Back to Life After
Heart Had Ceased
to Beat

Washington, Jan. 27—Although
his heart apparently had ceased to
beat, William Lane, lumberman,
lately from Oshkosh, Wis., was to-
day able to sit up in a local hospital
and relate how he had blown out the
gravel in a downtown hotel. When an
ambulance was summoned to the
hotel, surgeons pronounced the man
dead, but more as a matter of form
than with any hope of resuscitating
him, they called the pulmonologist into
use on a rapid run to the hospital.
After vigorous use of the machine
Lane's pulse was found to be
beating feebly. Throughout the
night the doctors worked over the
man, and to-day he is believed to be
out of danger. Hospital authorities
report the case a remarkable one.

CLOSING SESSION OF COUNTY COUNCIL

Dalhousie Council Will Call
for Tenders on New Elec-
tric Light Plant

SOCIAL NEWS

Dalhousie, Jan. 29—The January session of
the Dalhousie Co., Council closed on Fri-
day afternoon after four days sitting. No
business of great importance was transacted
during the session. The resolution passed during the
early proceedings authorizing the placing of a
wire fence around the Dalhousie Court House
square was rescinded and instead power was
given the public lands committee to plant
trees to beautify the county property on which
is located the Court House, Jail, Reformatory,
Police Station and Band Stand.

Resolutions were also passed granting in-
creased salaries to the Sheriff of the county
and the Secretary of \$500 each. The Auditors
salary was raised also from \$500 to \$550.

No reasonable person will find fault with
the council's action in adding to the pay of
the three officials mentioned. The secretary
of the county has been receiving the same in-
come that was paid 30 years ago while the
work has more than doubled. Everybody
knows that sheriffs are poorly paid, especially
in small counties. The auditor who is a col-
lege bred man and very apt with figures is
certainly worth the \$500 proposed for the
future.

The following are the names of some of the
officials appointed for the Dalhousie Co.:
Parish Clerk, Peter J. Golden; District
Clerk, James Adams; Assessor, Robert
Wright; Alexander McNeish, Daniel L. Mc-
Carty; Collectors of Rates, Alex. McDonald,
Wm. McKinnon; Overseers of Poor, Andrew
Adams, Wm. St. George, James Hynes.

The Dalhousie Town Council met in special
session on Monday evening to take steps to-
ward securing legislation and calling for
tenders for the installation of an electric plant.
The aldermen present besides Mayor Mon-
gomery were Aldermen Doucet, McDonald,
Lavoie, O'Keefe, Elzinger and Wallace, alder-
men absent, Shannon and McLeod.

A resolution was unanimously passed
authorizing the town clerk to call for tenders
for the placing of an electric light system in
the town, tenders to be received on or before
the 6th day of March 1913. It is understood
that the tenders will be opened on March
10th in the presence of Mr. Willis Chipman,
the engineer who has prepared the plan and
specifications. A bill is being prepared to be
submitted to the Legislature dealing with
light, water and sewerage.

Miss Marie White, of Bathurst, was the
guest of Mrs. John Baldwin, last week. She
and Miss Kate Harquail left here last Friday
for Montreal, on their way to New York,
where they intend spending several weeks.

Mr. F. Fraser, of Cross Point, P. Q., was
the guest recently of Mr. Charles Stewart, at
Bellevue.

The ladies of Maria, P. Q., are organizing
a large excursion party to be held on Monday
evening Feb. 3rd. Their object is to raise
money for the building of a side walk along
the main highway in the business portion of
the beautiful parish.

Miss Yvonne Samson left for Quebec on
Tuesday's Maritime to spend sometime visit-
ing friends.

Mrs. H. J. Guignard was the host on Mon-
day to a most enjoyable party of seven
ladies. The ladies prize was won by Mrs.
Dr. Doucet, gentlemen's prize by Mr. E.
Rene Richard, consolation prize went to Miss
Yvonne Alain and to Mr. A. L. Gaucher.
Dainty refreshments were served, after which
the guests enjoyed a few dances.

The Misses Green of Miguasha, P. Q.,
were visitors to town on Tuesday.

Mr. Wm. McNeil has obtained a position
in the Dalhousie branch of the Bank of Nova
Scotia.

Mrs. Frank Daughney and Miss Jessie
Dunn of Dalhousie Junction were in town on
Tuesday.

Miss Margaret Baldwin entertained about
twenty-five of her friends on Monday evening
after a very enjoyable snow shoe tramp.
Dainty refreshments were served.

Miss Rennie Arsenault who had charge of
the ladies department in the Dalhousie Mer-
cantile store for the last three years has ob-
tained a month vacation and will leave next
week for Boston to visit friends. While in
the great American city, it is Miss Arsenault's
intention to gather new ideas for the
future success of the business she has so suc-
cessfully managed.

Mrs. Walker of St. Omer, P. Q. spent
Sunday here, the guest of her father, Mr.
John McNeary.

The Messrs Hilyard have gone to Gaspe on
a business trip.

Mr. John S. Bassett and Esq. Connolly,
John C. McLean of Colborne were among
those who watched the proceedings of the
Municipal Council last week.

Miss Emma McCurdy of Point St. Charles spent
several days in Campbellton last week visiting
friends.

Miss Emma Miller who was last week the
guest of her sister, Mrs. Angus McNeill re-
turned home on Saturday.

The ice in the river between Dalhousie and
the junction made at the joy of the fishermen.

WOMAN DIED FROM NATURAL CAUSES

The Sensational Riviere du
Loup Story of Maltreat-
ment Exploded

Montreal, Jan. 29—The Montreal
Star publishes the following:

Riviere du Loup, Que., Jan. 28—
"Died of tuberculosis caused by ex-
cessive use of alcohol," is the conclu-
sion of Drs. Pareau and Pettigrew
who attended the woman Desjardins,
who died ten days ago, in the Lock
Hospital, kept by the Sisters of
Providence.

The reputation of the deceased
was none too good and stories told
about her years ago were unearthed
and enlarged to the extent that
mention of crime was made.

The local police, who have in-
vestigated the cause, do not find the
remotest cause for a crime in all
the story, and the physicians also
state emphatically that death was
caused by tuberculosis only, and no
traces of violence were found on the
body of the woman, either before or
after her death.

The woman was suffering from
tuberculosis for a long while, and
her death was absolutely natural.

Several people are indignant at
the circulation of the story of a crime
which seems to have originated in
Quebec, but notwithstanding this
many railway employees, still ad-
here to their opinion, that there is
something in the story that has not
yet come to light.

With regard to the above state-
ment the GRAPHIC interviewed Dr.
L. G. Pinault who is conversant
with the matter and he stated that
there was absolutely no truth in the
murder story.

The woman died from tubercu-
losis but unfortunately many other
stories of past days were resurrected
and made to appear as if they had
happened now.

It is an unfortunate thing that
such slanderous statements could
gain such credence and wide pub-
licity.

although many nets were torn and some lost,
the men report good catch.

Mrs. and Mrs. Howard Jamieson arrived
from the west to spend a few weeks with their
parents Mr. and Mrs. John Jamieson, of Dal-
housie Junction.

Mrs. Thos. Dickie of Campbellton accom-
panied by her sister, Mrs. Rufus Hicks of Dal-
housie Junction, spent Tuesday in Dalhousie.

Mrs. Wallace, wife of Alderman Alex.
Wallace, who fell last summer and broke one
of her limbs is now able to leave her room.

Posters are out announcing a fancy dress
carnival to be held in the Dalhousie skating
rink on Mardi Gras evening. The rink is al-
ready nicely decorated for the occasion.

Mr. Charles Brown of Escumac, P. Q.,
was a visitor to town today.

Messrs. W. H. Marquis and Dr. Mann
of Campbellton were here on Sunday and
registered at the Queen.

Miss Greta L. Johnson of Eel River Cross-
ing, who spent months visiting relations
at Fair Haven, Mass., returned home some-
time ago. Over-viewed by four correspon-
dents, Miss Johnson stated that while she had
had a very enjoyable visit, yet there was no
place like Restigouche.

The thermometer registered 20 degrees be-
low zero here this a. m. and 25 at St. Omer.

SPECTACULAR BLAZE IN EARLY MORNING

Thos. Ellsworth's Store and
Dwelling Completely De-
stroyed by Fire

HEAVY LOSS

Shortly after five o'clock this
morning fire was discovered in the
upper part of the building on Ger-
ard Street, occupied by Thos. Ells-
worth as a store and dwelling.
A crowd quickly collected even at
that early hour while no one thought
of sending in an alarm, until the
Fire Chief made his appearance and
rang in for the apparatus.

A number of the firemen being
already on the scene, operations
were not long delayed and aided by
a strong pressure of water the fire
was confined to the one building
which was in dangerous proximity
to other buildings, this part of
the town being very closely built.

The inmates had to make a hasty
exit by way of the verandah on the
first floor and were unable to save
property or personal effects of any
kind.

The fire burned fiercely till the
roof collapsed, streams of water be-
ing played on the ruins till well on
in the forenoon.

Seen today Mr. Ellsworth apprais-
es his loss at \$25,000 with insurance
of \$5000 on building and \$9000 on
stock and fittings. Mr. Lavoie
who occupied part of the dwelling
fixing his loss on personal property
and furniture at \$2000 with insur-
ance of \$500.

The building which is completely
ruined present a sorry appearance,
nothing but the walls and a few roof
boards remaining.

PEACE NEGOTIATIONS BROKEN OFF

London, Jan. 29—The peace
negotiations which reached a deadlock
over the cession of Adrianople on Jan.
6, were finally broken to-day by a
note which the plenipotentiaries of
the allied Balkan nations presented to
Rechad Pasha, head of the Turkish
delegation. Notwithstanding this
rupture there are still optimists in the
diplomatic world who hope that the
resumption of the war may yet be
averted either through fresh proposals
that Turkey is reported to be includ-
ing in the note which she will deliver
to the Powers tomorrow or through
the fall of Adrianople before activities
can be begun again at the Tchatalja
lines. A majority of the Balkan
delegates refuse to admit the likelihood
of either contingency, believing that
the life of the Young Turk government
depends upon the resumption of the
war even though the Allies were willing
to postpone the conflict. They are
of the opinion that the present failure
of diplomacy at the worst, only an
interlude however, for they will leave
four representatives in London to
undertake the settlement anew.

Wasted Opportunities.

Napoleon once said he didn't wait for opportu-
nities, he made them. Having made them he took im-
mediate advantage of every chance open. This land-
ed Napoleon "King of the Castle" for many years.
Then, he too, joined the down-and-out club, when
Blucher's opportunity came before Grouchy's at
Waterloo. It was a question of opportunities then
even as it is today.

"Does Opportunity Knock But Once?"

We believe we are justified in answering an em-
phatic "No" to that question.

Why?

Because of the thirty-one days full of the oppor-
tunities our January sale offers you. Opportunities
of purchasing clothes that you can wear right now
both seasonable and stylish garments at just about
what they cost us.

Our January Sale

is a make room sale. New Spring Goods
begin to arrive about the first of February and
we must have space in which to store them.

You Want the Goods,

We want the space and the money. This creates
the thirty-one days brim full of opportunities.

Seize These Opportunities!

Drop in and let us show you some of the values
we are offering. Even if you don't buy, we'll get
acquainted anyway, and that is always progress in
the right direction.

THE DALHOUSIE MERCANTILE CO., LIMITED

BOARD OF TRADE REPORT FOR YEAR SUBMITTED MONDAY NIGHT

New Officers Elected and Efforts to be Made to Increase Membership and Usefulness of Board

An interesting meeting of the Board of Trade was held in the Council Chambers Monday evening, President Harquail in the chair.

After routine business was dispatched the annual report was read as follows:

To the Board of Trade: Gentlemen:

We herewith submit a brief report of the work of the Board of Trade for the past year:

Considerable has been accomplished making it perhaps the most successful year in our history. Among the many important matters dealt with are the following:

A delegation was sent to Ottawa last February with regard to I. C. R. improvements and dredging at wharves. The results were most satisfactory on the whole.

Some of our delegates attended the Immigration Convention at Fredericton and took part in the deliberations.

Our Executive inaugurated the Old Home week celebration which was so successfully carried out on July 11th, and which we believe has borne good results in advertising our town. There was considerable dissatisfaction with the freight shed road and our Executive got into communication with the authorities pointed out how it could be remedied by changing its route. Our suggestion was readily acted upon with every satisfaction to the public.

We also wrote the Dominion Live Stock Commissioner with regard to the possibilities of sheep breeding in this district and the committee visited this section and went over the ground, which they pronounced well adapted for sheep breeding industry.

A committee has been appointed to re-organize the Agricultural Society and are now at work. Their report will probably be submitted to the Board in the future.

Some time ago a couple of gentlemen visited this town from New York with a view to securing a location for a pulp mill. Your executive did everything possible in pointing out the advantages of Campbellton and there is every reason to believe that they are seriously considering this location for their mill.

A delegation of this Board and

FOR BURNS—ZAM-BUK

Stops Pain at Once

This is the verdict of all who have tried Zam-Buk. The woman in the home knows best its value. A burn from the stove, from a flatiron, or a hot pan, is instantly soothed by Zam-Buk. When the little ones fall and cut or scratch themselves Zam-Buk stops the pain and incidentally, their crying. The best proof of this is the fact that children who have once had Zam-Buk applied come for it again.

For more serious burns, too, it is unequalled. Mr. John Johnston, of 734 South Main Street, Fort William, a moulder in Copp's Laundry, says: "Some time ago I burned the top of my foot severely by dropping some molten iron from a ladle I was carrying. A large hole was burned through my shoe and into the top of my foot. I was taken home, and Zam-Buk was applied to the burn directly. It was so soothing and so effective that I did not need any other treatment. In the course of two weeks the burn in my foot had been quite healed."

W. R. Elson, of Belleville, writes: "I have tried Zam-Buk often on cuts and burns. I think there is nothing that can be so effective as Zam-Buk."

Zam-Buk will also be found a sure cure for

the Town Council went to Ottawa last month and interviewed the Minister of Public Works with regards to the building of a railway and highway bridge across the Restigouche. The report of this delegation is herewith submitted for your information.

There are many things demanding attention during the coming year and it will be necessary for you to consider carefully the selection of your executive.

During the year the membership increased from 46 to 61. The question of increasing the annual dues has been referred to the Board for consideration.

Respectfully submitted J. HARQUAIL, Pres. J. T. REID, Sec'y

The report of the delegation to Ottawa was presented as follows: To the Board of Trade:

The following is a report of your delegation to Ottawa re combination bridge:

Your delegates accompanied by Mr. Thos. Ellsworth, from the Town of Campbellton, Mr. W. S. Montgomery from Dalhousie, Messrs. Mousseau, Busted, and Kempfer of Bonaventure County, met the Honorable Minister of Public Works of Canada at Ottawa on Friday, the 20th Dec. The Minister granted us a very cordial reception. We placed in his hands the different memorials and petitions from each county and each delegate went over very carefully with him the various strong points which we had to submit in connection with this important work. The Honorable Minister expressed to us the deep interest he felt in the bridge and assured us that he would lay the matter before his colleagues at an early date and would do all in his power to further the project; and we may add, he spoke strongly in favor of it being a railway bridge.

Your delegates also wish to report that it is the opinion of this joint delegation that the laying of these petitions and memorials before the Dominion Government is only the initial step towards the obtaining of this great public work which means so much for the future advancement of the two counties, and believe it is the duty of every person in these Counties to follow up this initial step with vigorous and unfailing effort until we achieve what we set out to obtain.

We might further say that we received from the Hon. J. D. Hazen, Minister of Marine & Fisheries, his promise that he would do all in his power in the way of setting out the advantages and benefits this bridge would be to the two Counties, as well as a feeder to the different railways.

J. HARQUAIL D. A. STEWART

The following officers were elected for the ensuing year. President—John Harquail. Vice-Pres.—F. E. Blackhall. Sec.-Treas.—John T. Reid.

COUNCIL

D. A. Stewart, M.P.P., F. M. Anderson, Dr. Murray, Dr. Pinault, W. D. Duncan, A. C. Belle-Isle, A. D. MacKendrick, and F. G. Kerr.

ARBITRATION BOARD

F. F. Matheson, C. A. Alexander, S. A. Poirier, J. R. MacKenzie, A. C. Roy, A. T. LeBlanc, H. B. Anslow, M. A. Kelly, A. E. G. McKenzie, L. T. Joudry, O. Smith, and J. M. MacLean.

A delegation in reference to the bridge over the Restigouche submitted their report and a committee composed of A. E. G. McKenzie, D. E. Richards, F. E.

Blackhall and W. D. Duncan were named to keep the matter in hand.

The matter of the building of the bridge over the Restigouche naturally led up to a discussion of the government Branch Line policy and D. A. Stewart, M.P.P. moved, seconded by F. M. Anderson, the following resolution.

"That the government be memorialized to continue the operation of the I.C.R. as a government road, also that branch lines be taken over and operated as a part of the I.C.R., and that a copy of this memorial be sent to the different Boards of Trade throughout the Maritime provinces with the request that they pass similar resolutions and forward same to the government at Ottawa."

P. M. Shannon spoke in favor of handing over the I.C.R. to a strong company. He claimed that company owned railways made some efforts to develop the territory through which the road ran, while the government made no such efforts and as a consequence long stretches of territory were undeveloped. He also complained that through this lack of development living in Campbellton was higher than it should be.

F. M. Anderson claimed that the people of the Maritime provinces did not want the I.C.R. controlled by a company. We enjoy a good service at reasonable rates. With regard to the claim of the high cost of living in Camp

bellton Mr. Shannon was not conversant with the facts. Rents and all kinds of produce were much cheaper here than in Montreal and many Maritime province towns. It was true that farming was not carried on as progressively as it might be, but we must remember that Restigouche was a lumbering county.

A. E. G. McKenzie also made a strong plea for government ownership.

The matter of increasing the membership was taken up and each member undertook to get at least one new member for the next night of meeting which will be held shortly.

THE NEW MARRIAGE

Paris, January 27.—A French judge in a recent breach of promise case gave his decision against the defendant, the man, with words which have aroused the ire of the sentimentalists of the Paris press.

"In ancient times marriage was founded solely upon the love of two persons of different sex. But what has marriage become today? Today the social system looks upon marriage as a financial contract made for the purpose of thwarting the possible swindling tricks of either husband or wife, and to lull the lurking suspicion of both; for the true foundation of the modern marriage is money. The man looks out for a dowry and the woman buys both a protector and a steward for the management of her property, who is supposed to be more experienced than she would be."

LOST VITALITY

Caused by Kidney, Stomach and Bowel Disorders

St. John, N. B. September 18th, 1911.—My brother was a great sufferer from kidney, stomach and bowel troubles and was given up by two doctors. He was advised to try your Fig Pills, which he did, and after taking five boxes was completely restored to health and is better to-day than he has been for years. You can't recommend Fig Pills too highly. J. W. MANVERS

Write Ideas For Moving Picture Plays!

YOU CAN WRITE PHOTO PLAYS AND EARN \$25. OR MORE WEEKLY

We will Show You How!

If you have ideas—if you can THINK—we will show you the secrets of this fascinating new profession. Positively no experience or literary excellence necessary. No "flowery language" is wanted.

The demand for photoplays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering \$100. and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photoplays, are located in or near New York City. Being right on the spot, and knowing at all times just what sort of plots are wanted by the producers our Sales Department has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as Vitagraph, Edison, Essanay, Lubin, Solax, Imp. Rex, Reliance, Champion, Comet, Melies, etc., urging us to send photoplays to them. We want more writers and will gladly teach you the secret of success.

We are selling Photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week, and will write it out as directed by us, and it sells for only \$25., a low figure.

You Will Earn \$100 Monthly For Spare Time Work.

SEND YOUR NAME AND ADDRESS AT ONCE FOR FREE LOPE OF OUR ILLUSTRATED BOOK, "MOVIE PICTURE FLOWING"

Don't hesitate. Don't argue. Write NOW and learn just what this new profession may mean for you and your future.

BOARD OF TRADE

The Campbellton Board of Trade report for the past year shows that something has been accomplished, something that benefits every citizen.

We would ask all to read the report of Monday night's meeting on page two of this issue.

A determined effort is being made to increase the membership of the local board and we trust that as a result of the canvas now under way many business and professional men who have not affiliated will do so at once. We read of the work of other Boards in booming their respective towns, bringing to the notice of promoters and others the advantages of their localities as a site for new industries, and what they are accomplishing for their towns we can do for Campbellton.

All that is necessary is united action by our business men and we hope to be able shortly to announce of the success of the present campaign for additional members. Join the boosters.

If you like Campbellton best
Tell 'em so,
If you'd have her lead the rest
Help her grow!

When there's anything to do
Let the fellows count on you
You'll feel bully when its through,
Don't you know.

Some people in Great Britain are giving much attention to the task of persuading Canadians, that they should pay from 4 1/2 to 5 per cent. interest on the municipal loans they make. To some extent the persons in question have the facts with them. European cities with no better credit or prospects than those of Canada, however, seem able to borrow at better than the specified rates. The City of Bergen, Norway, appears as putting out a 4 per cent. loan at 95, while a Queensland Government 4 per cent. loan is offered to the public at 94. These rates, compared with the 92 1/2, which was all Toronto could get its issue placed at, suggest the latter figure is not reasonable. It may be necessary to show the financiers of London that though they are an important part of the money market they are not the whole.

Brigadier-General Clarence R. Edwards, of the United States army, has been telling some people the theory that one United States citizen can lick from three to six redcoats is all "tommyrot." In several of the fights of the war, 1812-15 the facts are that one red-coat licked from three to six United States citizens acting as militia. The circumstances of that war, however, were peculiar. The politicians made it and the United States people did not want it or put their hearts into it, and got away from it as soon as they could. They did not give justification for the theory General Edwards condemns.

The Speaker of the British House of Commons having ruled that the acceptance of a vote for women amendment would alter the form and substance of the Franchise Bill that it ought to be presented as a new measure, the Asquith Government has resolved to drop the thing. Perhaps this means that in the opinion of ministers the amendment would have been carried. Perhaps it only means they were afraid of the issue they had raised. In any case the bill is better off out of the way.

It is over a century and a half since Robert Burns, the poet, was born in Scotland, and his poems are

read to-day wherever English is spoke. It is safe to say that they will be read a century and a half from now. Burns wrote real poetry in a way that appeals to many different types of men.

LETTERS TO THE EDITOR

Campbellton, N. B., Jan. 27th, 1913
Editor of the GRAPHIC

Dear Sir:
Would you kindly allow me space in your paper, for the following words.

Some time ago, there appeared in some St. John paper, a report that Mr. Matthew Lodge, an officer of the Maritime Board of Trade was a new convert to the idea of selling or leasing the I. C. R. to a good, strong company. I was very much pleased to note, that a man so high up in the commerce of the lower provinces had at last realized that a politically run railway was a draw back to this part of the country.

Ten years ago I took a trip as far as Lake Superior, taking in part of the State of Michigan as well as was then Northern or New Ontario. I took seven months along different railways always working as I went, in the mills, shingle and lumber, on railway construction, in the lumber camps, and even fished on that great lake for some months. I was in two cases furnished with a pass over railroads, in consideration of some information given them concerning the manufacturing of cedar shingles, and after seven months of hard study into all the resources of that part of Canada and after gathering a lot of information about the Northern States (for my mother's people are all in Mich., and my father's in Minn., so I know the history

of these States pretty well), I made up my mind that the I. C. R. was a draw back to the East and would be so as long as politics ran it. Although it has done good years ago, and had to be built by the government in order to bring the Provinces together, these Provinces would have been developed much faster, and far more of our young men would have remained East had a good progressive company owned or operated the road this last twenty years. Ever since I came back here, I have been trying to convert the people to my idea, and for the first five years I seemed to be the only one that believed what I said, but I am glad to say that in the last five years, many people have changed their minds and I am positive that some of our politicians would be with me and be outspoken about it if they were not afraid to lose their election on it, and they would not be elected if they did express their opinion freely as I do, for the people of the Maritime Provinces have not studied it in a business way. Now the public can judge how proud I was when I read Mr. Lodge's statement in Montreal, and it is to bad a man like Mr. Lodge holding the position he does in the commerce of the Maritime Provinces, should take the statement back, if he made it, for I will go further and say that the I. C. R. is not only a drawback to Eastern Canada, but is a curse to the North Shore of New Brunswick and I am satisfied to wait a few years when a big majority of the people will agree with me, even if there is only about twenty-five per cent with me now, but like many others my hind-sight is far better than my fore-sight, and the latter is good enough to make that statement. Many of our Eastern Canada business men would stand up and say: sell or lease and make all the conditions necessary to protect the people of these provinces, but give it business men who will develop this country. There are millions of acres of lands in Northern New Brunswick which do not bring one cent of revenue and if a good, reliable railroad company gets the I. C. R. this land which is not worth fifty cents an acre today will be worth ten dollars an acre in a few years, and the men who today say that these companies do things to sell their lands will find out that lands owned by the people will advance in value as well as railway company lands.

This land would be settled and factories located along a company owned road much quicker than politics can do it, and if any one of the many hundreds that will not agree with me, can name a section of a country in any part of the civilized world with a Trunk Line running through it for thirty-five years, with as many natural resources, and yet so little developed as it is, between Matapedia and Moncton let them point out one, and they can then show me reasons why the I. C. R. shall be run as it has for the last twenty years.

Now I don't expect to get the support of all the papers, for it would be unreasonable for me to expect the ones which are paid to publish many columns headed with the British coat of arms, to advocate the leasing or selling of the I. C. R. It would not pay them to support me in this. The Liberal papers would not hear tell of it before 1911 and no doubt the Conservative papers will protest against it now but there is a time coming not far distant when men of Eastern Canada will consider this proposition from a business point of view, and consider the welfare of the country, as well as the holding of positions, because the future of that country as the future of our children, and he who is not trying to do something for them is a very small man indeed.

P. M. SHANNON

ITS BUSINESS

To the Editor of the GRAPHIC
Dear Sir:

A familiar expression and it interests us all. If certain conditions were brought about in the town, the merchants would be benefitted and benefit to the merchants spells out benefit to all the citizens. That's business.

How can we succeed in bringing about these conditions. I can't do it alone, one citizen remarks. The suggestion of the old proverb "united we stand etc." thus appears.

The Board of Trade is an organization of citizens whose object is to improve the business conditions affecting the town. It may direct its energy to forwarding the develop-

ment of business schemes, or it may interest itself in removing certain restraints that bear heavily upon the business interests. It invites the co-operation of progressive, intelligent, patriotic citizens who when banded together are more certain to attain direct results, because of united effort.

Our new town needs the best advice and direction in its affairs. In the meeting together of business men, where public needs and public questions are discussed, light is thrown upon the situation—wise plans are evolved. After planning wisely the next thing is to carry out those plans. Unity of purpose and co-operation of energy will certainly produce great results, and the Campbellton Board of Trade is in existence for this purpose.

Are you one of the number. The call is now to you, to unite with your fellows for these objects. Meet with the rest of the citizens on Monday night Feb. 15th, and increase the strength of the Campbellton Board of Trade. You are invited.

LOCAL CURLERS

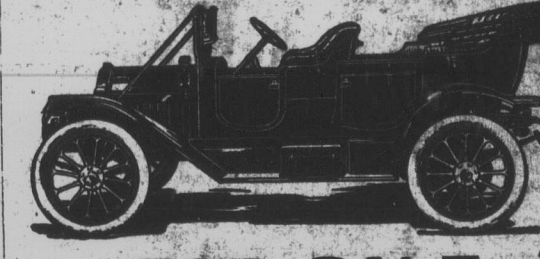

RETURN FROM TRIP

Had a Most Pleasant Time and Were Royally Treated

The Campbellton Curlers returned from their Nova Scotia tour last Friday evening and all had a most enjoyable time. At each city they were well looked after.

The scores as reported to the GRAPHIC by telegraph were not quite correct so we publish the correct scores as given in the Truro News:

A summary of the game by ends will show that Campbellton led

SUGAR DECLINES

A decline of ten cents per hundred pounds in all grades of sugar was announced Tuesday.

HARD AT WORK

Members of the Campbellton Board of Trade are canvassing the town and country for new members. Don't let a knacker, but join the Board and become a live wire.

DANCING CLASS

The Europa Dancing Assembly will meet in Murray's hall, Tuesday evening, Feb. 4th at 8 o'clock.

R. N. WYSE HAS A FIND

The discovery at Moncton of a nugget of gold in a chicken's crop is creating some excitement. R. N. Wyse, dry goods merchant, has the nugget, but beyond saying that it was taken from the crop of a chicken, raised near Moncton, he is very reticent.

VALENTINES

A large variety of beautiful and comic valentines and post cards at the Standard Book Store, McDonald building.

BE ALIVE

Come into the game. Be a sport. Throw all prejudices aside and work in the interest of the Bay Chaleur country. Join the Campbellton Board of Trade.

CANDLEMAS DAY

The blessing of the candles for the Feast of the Epiphany (Candlemas Day) will take place in the Catholic churches on Sunday, Feb. 2nd. The feast itself has been transferred to the next day, Monday, but the benediction of the candles will be performed as usual on the day itself.

OPERA HOUSE

All next week, commencing Monday, Feb. 2nd, the Gilder Family consisting of seven people, real vaudeville artists, will be at the Opera House for one week, with change of program each evening, also new picture shown every night. Come early and see the whole show. Don't miss the opening night, Monday, Feb. 2nd, watch for posters. Admission, adults 20c, children under 12 years of age 10c.

CARNIVAL COSTUMES

Gold and silver paper, paper flowers, colored tissue, etc., for costumes for sale at the Standard Book Store, McDonald building.

CHILDREN'S CARNIVAL

The children's carnival in the rink last Saturday afternoon was well attended and many picturesque costumes were on the ice. A large number of prizes were won. The prizes were awarded as follows: Best girls costume, Miss George McDonald; winter sports, best boy's costume, Ed. St. Onge; Indian chief, best original prize was divided between Misses Edna Parry and Marion Larnum.

WON THIRD PRIZE

The Family Herald and Weekly Star of Montreal, recently offered prizes for the four best essays upon the Maritime Provinces, their resources and the best means of developing them. A very large number of competitors from the three provinces sent in essays, which the judges describe as being more than usual excellence, and G. M. McDade, Publicity Commissioner of Fredericton, was successful in obtaining third honors.

EXTENDING SERVICE

The Dominion Express Company on Saturday extend and operate their Express Service over the Intercolonial and Prince Edward Island Railways, with direct connection to Newfoundland, and will also establish service on the following lines—Atlantic, Quebec and Western Railway; Quebec, Ontario, Railway; Temiscouata Railway; Casquet and Gulf Shore Railway; International Railway; Kent Northern Railway; North Shore Railway; Moncton and Buctouche Railway.

HOCKEY STICKS

A few hockey sticks of approved patterns for sale cheap at the Standard Book Store, McDonald building.

LED THE POLL

Harper Allen, who was a civic candidate in ward 3, Moncton led the poll in the election held Tuesday. This is Mr. Allen's first entry into civic politics and he will, no doubt make a first class alderman.

COLD

It was nineteen degrees below zero Tuesday morning, the coldest morning this winter. This has been a record breaker as far as mild winters are concerned. There is however enough snow for all purposes and lumber operations are making good progress.

EXPRESS LATE

The Maritime Express train from the north was about seven hours late in arriving here Wednesday, due to being held up at L'Islet, owing to a wreck of a freight train. The Maritime was further delayed at Moncton, while a disabled baggage car was taken off and a new one put on instead.

ART CALENDARS

A few 1913 art calendars will be left. These will be sold below cost to clear. Standard Book Store, McDonald building.

OCEAN LIMITED

TO BE CONTINUED
The Transcript, on inquiry at the General Offices, Moncton, learns that no instructions have been issued for the Ocean Limited to be discontinued to-morrow and that the trains will run the same as they have been running since early in the summer. The Passenger Department was telegraphed to from Montreal, last night, asking about this matter, and word was sent to Montreal this morning to the effect that no instructions had been issued to discontinue the Ocean Limited Expresses. Moncton Transcript.

MARRIED

The marriage took place on Wednesday morning, at Cocagne, N. B., of Miss Maude Dyeart Sears and Mr. John Raymond Gray of Chatham. Miss Sears lived here until a few years ago when she left for the States where she trained for a nurse. She was very popular and her many friends here will wish her every happiness.

BIRTH

Congratulations to Mr. and Mrs. Alex. S. Walker on the arrival of a bouncing baby boy on January 26th at their home at Riverside, N. B.

MAGAZINES AND BOOKS
Good reading for all members of the family at the Standard Book Store.

BATHURST PRIEST NOW A BISHOP

Rev. Henry O'Leary, D. D., is Appointed Successor to Late Bishop MacDonald

Charlottetown, Jan. 26.—News was received here on Saturday of the appointment of Rev. Henry O'Leary, D. D., of Bathurst, N. B., as Roman Catholic Bishop of the Prince Edward Island, Diocese, and successor to the late Bishop MacDonald. Dr. O'Leary is thirty-one years of age, was educated at Montreal and the College at Rome. He has represented the Bishops of the Maritime Provinces a

WILL SEIZE ALL UNLICENSED FILMS

Inspector Ordered to Confiscate all Films Purchased from Unlicensed exchanges.

The St. John Standard of Jan. 30th, says:

In view of the fact that some of the moving picture houses of the province have been bringing in films from Montreal instead of dealing with the local film exchanges which pay a license of \$200, the factory inspector has received orders to seize all the films of the Chrystal Palace Film Company, of Montreal, which may be found in the province.

The factory inspector has returned from a trip to the northern parts of the province where he has been making an inspection of moving picture houses. He reports that the picture house of Mr. Dimock at Campbellton and that of The Victoria Specialty Company at Andover are fitted up as well as any in St. John, but that in some of the smaller towns the picture houses will have to be greatly improved to make them conform with the law. There are about 35 moving picture houses in the province.

Rome.

The new bishop is a son of the late Henry and Mary O'Leary. Mr. O'Leary, it will be remembered, was an energetic business man at Richibucto, and for years occupied a prominent place in the Local Legislature. Mrs. O'Leary belonged to St. John and was a daughter of Mr. Wm. O'Leary. The Bishop-elect is about thirty-three years old. He studied at St. Joseph's University, St. Joseph, Laval, Montreal, and the Canadian College, Rome, learning at the latter institution his degree of Doctor of Divinity. He made a brilliant course. Father O'Leary is considered an exceptionally able man, and his selection for the See of Charlottetown will be learned with much satisfaction by his co-religionists. He has been parish priest at Bathurst for several years and previously was temporarily stationed in various parishes. For a time he represented the Bishops of the Maritime Provinces at Rome.

Rev. Louis O'Leary, D. D., Chatham, is an elder brother of the new Bishop. Mrs. George V. McInerney, St. John, is a half-sister, and Mr. Richard J. O'Leary, Richibucto, a half-brother.

FOR SALE!

A Snap if bought at once.

AUG. VAN BIENE DIES ON STAGE

Celebrated as Author and Player of "The Broken Melody"

HAD ROMANTIC CAREER.

London, January 28.—Auguste Van Biene, known to theatrical audiences all over the world as the composer and player of "The Broken Melody" died on the stage of the Hippodrome at Brighton tonight.

The haunting refrain of "The Broken Melody" had inspired over six thousand audiences before its composer brought its career to an end.

"If I had not done so," he once said, "it would have driven me to a lunatic asylum."

"The Master Musician" was its successor. For some time it was played in theatres, but recently a shortened version occupied a place in music hall programmes. Like "The Broken Melody," it afforded Van Biene an opportunity for some wonderful cello playing. Three solos were his share of the melody, and the last was "Home, Sweet Home." At the conclusion the curtain was rung down on the musician, collapsed in this chair.

Van Biene went through the act at both performances tonight. When he fell back in his chair at the second performance nobody in the audience thought it more than the prescribed dramatic finis to the scene. The stage manager, however, noticed unaccustomed realism about it, and the curtain was rung down more hurriedly than usual. When the stage manager went to the actor he found he was past human aid. Van Biene was dead when lifted from the chair.

Van Biene had a romantic career. He was born in Holland sixty-three

INFLAMMATORY RHEUMATISM

Completely Cured by GIN PILLS

Mr. W. G. Reid, of Hamilton, Ont., one of the best known and most highly respected commercial travellers in Canada, was a cripple from Rheumatism and suffered terribly. GIN PILLS cured him. Mr. Reid writes as follows:

"I have been for the last two years a cripple with Muscular and Inflammatory Rheumatism. I tried almost everything known to medical science to relieve me of the intense pain and inflammation. I sought change of climate in Kentucky and other Southern points without relief. Your manager in this city recommended GIN PILLS and I have since taken eight boxes and am now cured. I consider GIN PILLS the conqueror of Rheumatism and Kidney Diseases."

Gin Pills is sold with a positive guarantee to cure or money promptly refunded, per box, 6 for \$2.50. Send a free if you write National Drug and Chemical Co. of Canada, Limited, Toronto.

FREDERICTON MEN LOST IN THE WOODS

Herbert G. Winter and Frank McCausland Lost For Twelve Hours

Fredericton, Jan. 26.—Two well known residents of the capital had an experience today that they will not soon forget. About two o'clock this afternoon Herbert G. Winter, chief clerk in the customs office, and Frank McCausland, accountant with John J. Weddall and Sons, went for a stroll outside of the city, expecting to be back for supper. They did not return to their residences for supper, and as the evening wore on the anxiety of their relatives and friends increased. Before long it was decided that they must have lost their way in the woods, and search parties were organized and sent out in quest of them bearing lanterns and horns.

For some hours the search parties roamed the district where they were supposed to be, and fears began to be entertained for their safety.

About 11 o'clock one of the parties sent out on the search discovered the missing men some miles from the town. It appears that in crossing a wood with the intention of getting from one road to another, they lost their bearings, and shortly after Mr. McCausland took sick, and was only able to proceed very slowly and with frequent halts for rest.

Persons troubled with partial paralysis are often very much benefited by massaging the affected parts thoroughly when applying Chamberlain's Liniment. The liniment also relieves rheumatic pain. For sale by all dealers.

THE PRIVILEGE OF SEX.

According to reports which come across the Rocky Mountains from the region of the Sierras, the Legislature of California has passed a law relieving women of the need to register their names as voters. All that they will have to do is to swear that they are of the legal voting age. If this is a wise exemption in the case of the sex that cheers why isn't the same done for the male? Registration laws should bear equally on all voters. There should not be one rule for one class of persons and different rules for another or others. If it isn't any business of the law or the election officers how much able-bodied men or women who come to the ballot-box, it is no more matter of concern whether the masculine person is twenty-one, or ten or twenty or thirty years old. If exact knowledge of age is a necessity in one case, none is in the other. Primarily all this is of concern to California alone, but example is contagious and there are woman suffrage States which may be inspired by the legislature just reported. Also there are States which may adopt woman's suffrage after the other in bunches, and the example of California will be before them. Therefore this legislation of California is generally important. The States is a pioneer in an exemption which it has merit should be given general instead of special application. Where women have been given the franchise it has on the ground of destroying privilege of sex in government. Now we have in California a new doctrine of privilege inconsistent with previous contentions.

652,000 and of foreign produce \$28,873,000. The corresponding figures for the preceding year were \$26,895,000, and \$17,853,000 respectively so that there again there has been an increase of over 22 per cent.

WHERE FARMING IS PAYING WELL

Production in the New Glasgow Industrial District Cannot Keep Pace With the Demand

The town of New Glasgow, Nova Scotia, is selected by Mr. W. A. Craik in "The Canadian Countryman" as typical of many towns and cities in the Maritime Provinces where industries are bringing business and prosperity to both farmer and citizen. He points out that the revival of progress in the provinces by the sea, where there was stagnation for thirty years or more, is directly attributable to a single cause, namely, the development of industry. "Sydney, New Glasgow, Truro, Amherst, St. John, Halifax, Moncton and Sackville," says Mr. Craik, "to name a few leading examples, are all on the up grade because of what their industries are accomplishing and, as the industrial towns advance, the whole country will respond to the call. It was the building of ships that was the basis of the former development of the Maritime Provinces. It will be the manufacture of many other commodities that will bring back those days of prosperity."

Industries and Prosperity

The writer then refers to New Glasgow in particular, tracing its development from the days when it rode along the waves of prosperity as a shipbuilding centre, dropping into depression as the wooden ship was displaced by the steel vessel, built elsewhere. Sailors and their families moved away and the agricultural classes suffered accordingly. Associated with the building of wooden boats, however, were some infant industries, one of which had to do with the manufacture of iron knees used to fasten the frames to the deck stringers on the wooden ships. These industries pluckily turned their attention to other lines, and ultimately came to their own through big industrial undertakings. The steel and iron industry has been the great factor in New Glasgow's history and the extensive works of the Nova Scotia Steel and Coal Company have been the determining element in much of its growth. As auxiliaries and offshoots of this basic industry, most of the other local enterprises have been called into being. Many of them have now passed the stage of dependency and have become of prime importance in themselves, while from year to year new developments are to be noted, swelling the population of the town and bringing more cash to the coffers of the merchants and the pockets of the farmers. Mr. Craik adds: "Looking down on the valley of the East river from the hill above the town, one sees a panorama of exceptional attractiveness. Away in the distance lies Pictou and the open water. Then comes the river, which is now being dredged out so that ocean-going vessels can come right up to New Glasgow and load or discharge cargoes at its docks. To the right of the town is the village of Trenton, where all the larger industries are located. Then New Glasgow itself, stretched out over a considerable length, and linked up to the left with Stellarton, divisional point of the Intercolonial and headquarters of the Acadia Coal Company. Away beyond rises smoke from the collieries of Westville. All these towns and villages are threaded together by the Intercolonial and a local electric train line. The picture impresses one, not only with the progress that has been made, but with the possibilities of the future. The day is dawning that will see a vast hive of industry in this beautiful valley."

A Benefit to All

And now to answer the question: What benefit does the community derive from this industrial development? New Glasgow is far enough away from other towns to be self-centred. Therefore, its working classes spend their money at home. Wages are undoubtedly good as compared with the cost of living. The average pay of machinists ranges from \$2.50 to \$2.75 per day, while in the structural shops workers earn from \$3 to \$3.50 per day, the latter price being paid for good, all-round men and riveters. Men who are capable of handling blue prints and acting as squad bosses in the structural shops get from \$3.50 to \$3 per day. In the N. S. Steel and Coal Co. all the men employed in the mills are paid by the tonnage; helpers earn from \$2.50 to \$3 per day and rollers from \$5 to \$6 per day. Wages of ordinary laborers in New Glasgow are 17½ cents per hour. Summing everything up, it is computed that between \$75,000 and \$100,000 cash is put into circulation every fortnight in New Glasgow, Stellarton and Westville, of which a large percentage is spent in New Glasgow stores.

The effect of the increasing industrial population on the agricultural

JOHNSON'S ANODYNE LINIMENT

Used 102 Years for Internal and External Use. Are you prepared to relieve sudden cramps and pains that may come any time?

"COLD LIGHT" IS EXPLAINED

Some Details of Discovery Which May Revolutionize Electric Lighting

Paris, Jan. 28.—M. Dussaud, a French scientist, who has discovered a means for the production of what he terms "cold light," gave today some details of his discovery, which, it is thought, may revolutionize electric lighting.

Starting on the principle that rest is an essential to "matter" to animal organism, he has constructed an electric lamp, in which the light is concentrated on a single point by filaments working successively; thence the light is projected through

a lens, magnifying a thousandfold. Thus he has succeeded in concentrating a 2,000 candle power light on one light and passing 32 volts into an eight-volt lamp, which with the ordinary light would burn.

Experiments with this lamp have established that the new light is absolutely without danger, as no heat is given off and it requires a hundred times less current than the ordinary lamp. It can be worked by a tiny battery, or sufficient motive power can be obtained from a jet of water from an ordinary faucet, or even a squirrel turning a cage.

The light, it is said, offers great advantages in photography, as its photogenic power is four times that of the magnesium flash light. It has been tried with great success at the Biarritz Lighthouse, and M. Dussaud is working on its application to searchlights for the Ministry of War.

WILL GIVE \$500 TO SICK READERS OF GRAPHIC

Famous Scientist Who Originated the Now Wonderful "Home Treatment" Offers \$1.00 Package Free to Sick and Ailing.

In order that every reader of the Graphic, who may not have heard of this wonderful "Home Treatment" may have an opportunity to test this celebrated medicine, the now famous scientist, Dr. James W. Kidd, offers to give absolutely free a full size \$1.00 package to five hundred readers of this paper, to prove the wonderful claims which have been made for it. In making this offer the scientist said: "I know that there are many people who have been suffering for years with some chronic disease and, many of them have spent large sums of money seeking a cure. I know that people hesitate about investing money in medicine because they have despaired of ever getting well. Thousands have told me that story and many thousands of the same people have told me afterwards that my treatment had cured them and that doctors and everything else had failed. I want to prove to a limited number—no matter what the disease, no matter how long they may have suffered, no matter how blue and discouraged—that my treatment really and actually does accomplish the wonderful results that have been reported."

People who suffer from rheumatism, Kidney Trouble, Stomach Trouble, Liver or Bowel Disorders, Catarrh, Bronchitis, Asthma, Chronic Coughs, Weak Lungs, Lung Cancer, Dropsy, Urinary Disorders, Female Weakness of any kind, the weak, worn out, broken-down, and despondent will be delighted at the effect of a few doses. This wonderful treatment creates a fine appetite and helps the digestive organs to carry on their functions as they should. It strengthens the kidneys, too, and drives rheumatism poisons from the blood as if by magic. That is why people who try it become so enthusiastic. Any reader of the Graphic, who will try this treatment medicine that has created so much excitement by its cures, can obtain absolutely free a full \$1.00 package by simply filling in the coupon below or writing a letter describing their case in their own words, if they prefer, and mailing it today to James W. Kidd, Toronto, Canada. No money need be sent and no charge of any kind will be made. As this offer is limited, you should write at once, in order to be sure to receive your free treatment.

Coupon KID-245 For Free Dollar Treatment

Dr. James W. Kidd, Toronto, Canada. Please send me a Full \$1.00 Course of Treatment for my case, free and postage paid, just as you promise.

ONTARIO WOMAN'S FORTUNE

Freed From That Weak, Languid, Always Tired Feeling, by Lydia E. Pinkham's Compound.

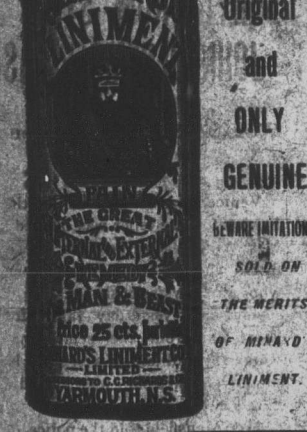

Thessalon, Ont.—"I cannot speak too highly of your medicine. When my appetite is poor and I have that weak, languid, always tired feeling, I get a bottle of Lydia E. Pinkham's Vegetable Compound, and it builds me up, gives me strength, and restores me to perfect health again. It is truly a blessing to women, and I cannot speak highly enough of it. I take pleasure in recommending it to others."

Mrs. ANNE GARRISON, Thessalon, Ont.

Women who are suffering from those distressing ailments to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

There are probably hundreds of thousands, perhaps millions of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over 80 years ago by a woman to relieve women's suffering. If you are sick and need such a medicine, why don't you try it?

If you want special advice write to Lydia E. Pinkham Medicine Co. (Send 10c) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

45 YEARS OLD AND THE BEST OF THE BEST

The same enterprise, earnestness, ability and devotion to students' interests which have given this college its present standing, will be continued, and every effort made to be worthy of the generous patronage enjoyed.

Next term will begin Thursday, January 2nd.

AEMIUS JARVIS

Yachtsman, Horseman, Financier, Amateur Athlete—All Round Man

Of Aemilius Jarvis, the Toronto financier and yachtsman, two appreciations have been expressed of which any man might be proud. Sir Geo. W. Ross on one occasion referred to him as "Aemilius's friend," while on another occasion he was very truly described by one who knew him well as "a sportsman always whether he wins or loses."

He was born in York County in 1859 and was educated at Upper Canada College. In 1876, when but 16 years of age, he was permitted by his parents to go to sea. In that year nine Canadian vessels were chartered to carry timber from Lake Michigan to England and young Jarvis shipped on one of these vessels, the "Edward Blake," a three-masted schooner, in the capacity of "ship-boy," remaining before the mast. Going aboard at St. Catharines he went with the boat to Cheboygan, Michigan, where the cargo of timber was obtained, and then set sail for London. The voyage from Quebec to London took just 45 days.

Returning home Mr. Jarvis entered the service of the Bank of Hamilton in 1877, and until 1892 he was identified with the banking business. In that year he started business as banker and broker, his firm rapidly becoming recognized as one of the most conservative financial houses in Canada. The firm has been responsible for the financing of many prominent companies, including the diversified interests as the Toronto Hotel Company, which built the Hotel Edward Hotel, the Hamilton S. and Iron Co., the Niagara S. Catharines and Toronto Railway, Panama Canal, the Aemilius Jarvis & Co., Canadian Locomotive Company, and numerous other industrial concerns.

To Mr. Jarvis was allotted the difficult task of attempting to save the Sovereign Bank from wreck when it was already on the rocks, or, failing to do the impossible, the task of saving the wreck. Many people wondered how it came about that Mr. Jarvis assumed command of the Sovereign Bank and but few know that it was really J. Pierpont Morgan who sought Mr. Jarvis and persuaded him to act. The Morgan had become quite heavily interested in stockholders in the bank, and when one day they suddenly found things were not as they should be, they turned to Mr. Jarvis, naming their own president to see what might be possible out of the wreck.

From the time that Aemilius Jarvis made his first voyage in 1876 he has been continually devoted to the water. He has been a member of the R. Y. Canadian Yacht Club since 1885, and has served as Commodore for several terms. During his career Mr. Jarvis has personally sailed his own boat, and won over 500 races. He has been associated with practically all the international yacht races on the Great Lakes, and on a number of occasions has sailed the Canadian boat.

Mr. Jarvis is a most enthusiastic horseman, and his collection of horse show ribbons is one to be envied. In his younger days he took a very active and active interest in all kinds of athletics, and has more than once captured championships. In 1882 he won the rowing championship at Kempenfelt Bay, Barrie. In 1879, when the Marquis of Lorne visited Hamilton the Canadian Athletic Association games were held there and Mr. Jarvis won the championship in the quarter mile race.

who was chosen "Editorial" leader of the Senate in succession to the late Sir Richard Cartwright.

Saved by His Muscles Alfred Looney, a well-known football player, accidentally shot himself in the leg with his 32-calibre rifle while hunting near Cobalt. The bullet entered the thigh, but was deflected by the remarkable development of the muscles, brought about by his football playing, and the wound did not prove a serious one.

New Use for Thorns Very sharp thorns can be used successfully as phonograph needles. These substitutes will reproduce sound very clearly and with beautiful tone. The harsh scratching of the ordinary needle is reduced to a minimum, and the thorn is not injurious to the record.

For the Bath-tub An English inventor has combined a rubber brush and soap dish and has given it a vacuum cup on the bottom to hold it upright when used for the latter purpose.

A Household Hint If one quart of one per cent. of potassium permanganate is added to the water with which plaster of Paris is mixed, the plaster will harden more quickly and it will be stronger.

"IMPOSSIBLE TO HELP MY KIDNEYS"

Until I Used "Fruit-a-lives" Worlds Greatest Kidney Cure

Practically everybody in Toronto knows Professor F. F. Davis. For years, the elite of that city has taken lessons from Prof. Davis in the art of Dancing and Deportment.

His constant and gradually weak kidneys, which calamity threatened to make him an invalid. But read Prof. Davis' letter—

Dear Sir, I have been using your "Fruit-a-lives" for some time and I am now feeling much better. I was formerly a very weak man, but now I am strong and healthy. I am now able to do all my work and I am now able to enjoy life.

Yours truly, F. F. DAVIS.

Important Militia Changes Announced

Col. Rutherford Goes to Halifax to Succeed Late General Drury

Ottawa, Jan. 23.—A batch of important militia appointments has been decided upon at the militia council.

Col. R. W. Rutherford, at present master general of ordnance on the headquarters staff, goes to Halifax, to succeed the late General Drury in command of the force there.

Col. T. Benson, now divisional commander at Kingston, will come to Ottawa in succession to Col. Rutherford, master of ordnance.

Col. H. D. R. Hemming, of Toronto, will succeed Col. Benson as commander of the third divisional area at Kingston.

Col. Elliot, director of artillery at Ottawa, goes to Toronto vice Col. Hemming.

Col. E. W. B. Morrison, D. S. O., of field artillery at Ottawa, replaces Col. Elliot as director of artillery on the headquarters staff.

Col. Rutherford, who goes to Halifax, saw service in the Northwest Rebellion and was at the relief of Battleford and the fight with Big Bear.

Col. Morrison is editor of the Ottawa Citizen, and an enthusiastic artillery man. He began service with the Hamilton Field Battery and was afterwards with the second battery of Ottawa. He was in the South African campaign where he was repeatedly mentioned in dispatches and won the decoration of Distinguished Service Order for conspicuous bravery in saving the guns at Littlefontein. Latterly he has commanded the eighth artillery brigade at Ottawa.

IT GROWS HAIR

Here Are Facts We Want You to Prove at Our Risk.

In all our experience with hair tonics there is one that has done more toward gaining confidence than any other. We really have a hair tonic known as "Recall '98" Hair Tonic is a superior to other preparations that we offer to you with our pen and our qualified promise that if you use it and it does not prove in every way satisfactory to you, we will, upon your mere request at our store, return to you the money you paid us for it.

Recall '98' Hair Tonic acts scientifically destroying the germs which are usually responsible for baldness. It acts to penetrate to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, is delicately perfumed, and will not gum nor permanently stain the hair.

We want you to try a bottle of Recall '98' Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out, and promote an increase growth of hair and in every way give entire satisfaction, come back and tell us and get your money back. Two sizes 50c and \$1.00. Sold only at our store—Recall Store, 715 & 717.

LOOSE LEAF SYSTEM

Mechanical and optical systems in the loose leaf system should remember that the Graphic can supply some in short notice.

WALKED 5,000 MILES

Through Africa, From Capetown to Cairo on Foot

Amid thronging dangers a historic walk of 5,000 miles across Africa was accomplished, by Emil Lund, a Rhodesian settler, thirty-six years of age.

Lund walked from Cape Town to Cairo, not in fulfillment of a wager, or without money, or to test a system of diet or training, but simply from love of adventure. He has been a soldier and scout since he was seventeen.

"My wish," he said, in telling the story of his great walk, "was simply to be the first man to accomplish the feat. I am proudest of having walked across the Nubian Desert. That was the hardest tramp of all."

Until he left Elizabethville, in the Belgian Congo, he had a comparatively easy time, for he could obtain supplies, good food, and good water, but beyond that point he had a very trying time. He had no porters, carrying all his own baggage which weighed about 70 pounds.

"Sometimes," he said, "I shot a buck; but I could only eat the liver, which I broiled in the ashes of my fire. Having no salt, I cannot say that I enjoyed my food. In passing through the great forests I camped on the ground, lighting a large fire to keep off the wild animals. I had to be very careful to keep this going throughout the night."

"At early dawn I renewed my march, tramping continuously until about eleven o'clock. After that I used to hunt round, collect wood, and cook my own daily meal. Then I slept all sundown."

"Lions and other carnivores do not usually attack in the heat of the day. They are asleep, and it is only when night falls that they set out in search of prey."

He met with a good many lions, but was never attacked by one. The idea that water will protect one from lions is, he says, erroneous, for lions are excellent swimmers.

In the Katanga district he was bitten by a black snake, and would probably have died, but he reached a native kraal, and was treated by a woman, who applied a decoction of herbs to the wound, and cured him.

One of the worst troubles with which Mr. Lund had to contend was the venomous flies and insects which swarm in tropical Africa.

He was bitten near the eye by a certain kind of malignant tick, and for a time was nearly blind.

In the course of his walk he fell in with the Baluba and Valesi cannibals. When they have a cannibal feast the victim is usually a prisoner of some crime. In such a case the man is offered a draught of a poisonous decoction.

If he takes a long drink the poison is inoperative, producing merely nausea. But if, from timidity or guilt he drinks but a small portion, the effect is almost immediately fatal.

Reaching Khartoum after crossing the Nubian Desert, Mr. Lund went into the hospital to patch himself up for the last stage of his journey which he completed without further mishap.

UNHAPPY DIPLOMATS

The Turkish Government used at one time to make foreign envoys in Constantinople conform in some degree to Mussulman customs. They were not allowed to appear in public accompanied by their wives, as this practice might have caused heart-burning among the native women, who could never hope to be treated on an equality with their husbands. Endeavors were also made at one time to extend Mohammed's prohibition of wine to foreign diplomats. This was found impossible, but until the end of the eighteenth century all the wine consigned to them had to be conveyed from the harbor in the dead of the night, so that the faithful should not be contaminated by seeing the accursed liquor.

DOGS CAUGHT FIRE-BUG

Bloodhounds Used in England for Midnight Man-hunt

For two years an epidemic of fires in South-east Hampshire kept the residents of the district in a state of panic. Sometimes there was as many as five in a week. They were evidently incendiary, but despite all efforts the author could not be trapped. Recently, however, a young lawyer named Benjamin Chant was taken into custody under dramatic circumstances. A hay stack was discovered afire on the farm of Mr. F. J. Hole, and hundreds of people rushed to the spot, but were stopped by the firemen, who formed a wide cordon round the spot, while the two bloodhounds were brought up on a leash.

With noses close to the ground they went slowly round the stack. Presently they picked up a hot scent, and made off over open country, dragging their keeper behind them, until they reached the old-time village of Westbourne. The trail took them to the back door of a house where Chant lived. The dogs scraped the closed door.

It was two o'clock in the morning, and Chant was in bed. He was brought down and made to stand in the middle of the road with eight other men, and the dogs were allowed to come up from a distance of 500 yards, and they instantly went up to him.

King Boxes Carter's Ears While King Alfonso of Spain was recently motoring with the Queen in the outskirts of Madrid he saw a drunken carter brutally ill-treating his fallen horse. The King alighted and helped the animal to rise, and then vigorously boxed the driver's ears, saying as he left, "Now you may go to the King and tell him I have chastised you."

Our Readers are Asked to Contribute Items to this Column.

Mrs. P. W. Cook of River Charles spent a few days in town visiting friends.

Mrs. Andrew Adams spent the week in Belle-dune visiting her mother.

Miss B. Dickie of Charlott spent the week end with her sister Mrs. J. H. Taylor.

Miss Irene Ullman attended the County Ball in Bathurst on Friday last.

Mr. Fred LeBlanc left last Thursday for St. John, where he will enter business college.

Mr. Thos. N. Dickie is in Sayabec this week.

L. B. McMurdo of Calgary, but who was in business at Newcastle for some years and who worked here previously that was a visitor here Tuesday on the journey to Calgary. Mr. McMurdo is making good in the west and was looking in the black fox industry in which he is investing some western capital. Friends here were pleased to welcome him.

Last Friday evening a few young people, enjoyed a pleasant snow shoe tramp "By the Light of the Silvery Moon". Afterwards going to the home of Mrs. A. E. G. MacKenzie where lunch was served, etc. Those present were: Misses Mona MacLennan, Sadie Mowat, Bessie Redden, Muriel Mowat, Mary Graham, Margaret MacLennan, Ruth Cameron, Etta Mowat, Ida Cameron, Estelle MacKenzie. Messrs: Geo. Wallace, Hugh Carr, Will Ferguson, Ollie Mowat, R. Fraser, Ross Malcolm, B. Dodge, Harry Ferguson, Melvin Allison and Ross Malcolm.

Miss Bernadette Arsenault formerly employed at D. Goldenberg & Co. is back to Campbellton and has accepted her same position while the Messrs Goldenbergs are visiting Montreal.

Mr. Ed. Mann who has been ill at his sisters Mrs. J. A. MacKenzie returned to his home in Matapedia accompanied by his wife and son Hubert.

Miss Isabella Hopper Mrs. Wm. Caldwell and Mrs. Isaac Mann of Matapedia spent Friday with friends in town.

Mrs. Andrew Delancy entertained a number of her friends on Tuesday evening.

Among the visitors to the Masonic dance from Dalhousie were: Misses Irene Arsenault in satin charmes, pearls and flowers; Youngs, Alain in silk tulle and flowers; Alice Alain in cream tulle and flowers; Lucienne Samson in pink tulle and flowers and Lucienne Mercier in cream net.

Ross Malcolm is in Montreal this week.

Miss Blanche Keith of Moncton is visiting Miss Eva Wilson.

Miss Maude Lodge is visiting Mrs. Dr. Murray.

G. S. Grimmer of St. Andrews is in town this week.

H. A. Fowell, K. C., was in town on Tuesday.

Messrs James Reid and David Henderson of Charlott are in town today.

MORE PAY FOR MONCTON TEACHERS

Moncton, Jan. 30.—At a special meeting of the school board last evening it was unanimously decided to add the sum of \$550 to the 1913 estimates for the purpose of increasing salaries of the lady teachers in the city schools at the beginning of the next school.

INTERCOLONIAL IS DOING GOOD WORK

Montreal, Jan. 30.—Mr. E. Tiffin, general manager of the Intercolonial Railway, declared here today that the railway had up to the present date this year carried more grain to St. John, than last year's entire total.

NEW CHURCH IS NEAR COMPLETION

Dedication Services in Baptist Church Will be held on Sunday 16th Feb.

The new Baptist church edifice is nearing completion. It is expected the dedication services will be held on Sunday the 16th. The building will be both a credit to the denomination and an ornament to the town.

Constructed of red, pressed brick it occupies a conspicuous site on the corner of Andrew and Patterson streets with a bell tower about fifty feet high on the junction.

There are four means of entrance, two to the auditorium and two to the vestry and broad concrete steps lead to each entrance.

The church without any gallery has a seating capacity of over three hundred and this can be increased when necessary by throwing open the large drop doors leading into the school room. The school room, which will serve as prayer-meeting room also joins the church on the south end.

The interior is tastefully finished in fumed oak with ceiling of cream and walls a delicate shade of buff color. The pulpit platform which is in the corner, is beautifully paneled in oak and the choir gallery just in the rear of the pulpit, is also finished in paneled oak with a fancy patterned choir railing. The baptistry is just in the rear of the pulpit and under the choir gallery. This is beautifully arched with glass top to the font. Entrance to the baptistry is gained from the rear.

Perhaps the most magnificent thing will be the two large memorial windows commemorating the late Deacon J. E. Miller who for so many years was recognized as a spiritual leader of the church and Mrs. David Richards, for many years a faithful member and devoted follower of Christ. The place these occupied in the church has never been filled and the windows presented as a memorial by the loving wife and daughter of the one and the family of the other are a fitting memorial of their noble lives.

The school room seems small. It is finished like the auditorium in fumed oak and will be seated with chairs. The eastern end of the school room may be cut off with folding doors forming a charming room for committee or small meetings. At one end of this improvised parlour is a large open fireplace in terra cotta brick.

Provision is made for a large room for adult bible class work over the school room and two large sized rooms are finished in decorative metal work in the basement. These together with four other class rooms provide for the growing needs of the Sabbath School and young people's work.

The bell will be the cast of the well known bell makers, McShane & Co., Baltimore and together with the mounting will weigh over 2700 lbs. This is the munificent gift of Mr. David Richards. The complete individual communion service is the gift of Mrs. J. W. Morton as a memorial to her mother so long an honoured member of the church.

The construction of the building as well as the seats have been the work of the local firm of J. & D. A. Harquail, Ltd.

A program of the dedication service on the 16th will be published in our issue of next week.

SUFFRAGETTES ARE DESPERATE

Speakers Declare Women's Latest Militant Methods Will Surprise World

SEVERAL ARRESTED

London, January 27.—England is on the brink of another campaign by the suffragettes in comparison with which former outbreaks of the militant women will appear insignificant. Tonight 2,000 policemen were engaged in dispersing the huge crowds around the Parliament buildings, shopkeepers were boarding up show windows, and excited women were making incendiary speeches in several halls. The women believe that the politicians have played a carefully studied trick upon them, and the decision of the Government to drop the Franchise Bill is likely to lead to serious consequences.

In the House of Commons today the Speaker, the Right Hon. James William Lowther, in response to an inquiry by the Prime Minister, announced that if any of the amendments to the Franchise Bill giving women the vote should be adopted, he would be obliged to rule that they made it substantially a new bill, which would compel its withdrawal.

Mr. Asquith thereupon announced that the Cabinet decided under such circumstances that it would be useless to proceed. This decision was taken in a crowded House, which displayed more interest in the subject than has been shown in the last stages of the Home Rule Bill.

In the meantime police in great numbers, mounted and afoot, were having difficulties outside the building to keep the vast crowds in check, while reserve forces stationed in court-yards in the vicinity of Parliament were held in readiness to check disorders of more serious nature.

WIDOW IS AWARDED \$5,000 BY JURY

Victim of Montreal Street Car Accident

Montreal, Jan. 25.—Because a motorman did not give a carter time to get out of his way but ran him down with fatal results, a jury yesterday rendered a verdict calling upon the Montreal Tramways Company to pay the widow of the victim \$5,000. The accident figuring in claim took place on Notre Dame street bridge facing the Place Vigor Station. The victim, Alfred Boivin, was a carter in the employ of the Ogilvie Flour Mills Company and was proceeding along the street with a heavy load when the conveyance was struck by a street car, the victim being thrown to the sidewalk breaking a rib which penetrated the lung with fatal results.

MAPLE GREEN

The weather for the past few weeks has been very stormy.
We are glad to report that Mr. H. St. Onge is feeling better.

Mr. James Crowley is able to be out again.
Miss Agnes Callahan has returned home for a few weeks visit but will return to town again.

Mrs. John Callahan returned home last week after being to Tide Head visiting her daughter, Mrs. S. Mahoney.

Mr. Austin Callahan has returned home from Dalhousie Junction where he was fishing for Mr. Robinson.

Miss Thersa Callahan and Miss Mary Campbell, paid a flying visit to Campbellton on Thursday last.

Christ Church

Morning, Holy Communion and sermon at 11 o'clock, subject: "Why does God allow such things?"
Sunday school at 2.30 p. m.

Bible class for young women taught by Mrs. Purdie.
Young men's Bible class taught by the Rector.

Evening service at 7 o'clock, subject: "The hem of his garment."
Monday night the Men's Association meets at a quarter of eight.

Wed. Feb. 27th is Ash Wednesday, services at 10 a. m., "The lost chord found," at 7.30 p. m., "The kingdom of God."

Next meeting of the Women's Association of Mrs. Barberie.
Friday, 7.30 p. m. Girls' Auxiliary at Rectory.
Saturday, 2.30 p. m., sewing class for little girls in the Sunday school.

CHEER UP!

Cheer up, Campbellton! Another man in the Real Estate business. Our best wishes, Mr. Dimock. It's the profession that built Western Canada, that built Montreal, that is building Quebec and St. John; and we want at least ten more to help build the greatest centre in Eastern Canada.

"CAMPBELLTON"

I started alone under very hard circumstances. I am glad to have company. I have used everybody honestly. I have worked hard. I have gathered more information about this section of the country than any other man in it. I am entirely satisfied with what I have accomplished. There is room for more and I hope some of our money men will put their shoulder to the wheel. It would pay us all. Come in and I will show you what we have.

P. M. SHANNON, MARQUIS BUILDING.

ONE MONTH ONLY!

C. R. MERSEREAU, THE PHOTOGRAPHER

Will deliver One Dozen Folder Photos of your family or yourself for \$2.50.

Avail yourself of this great opportunity. Beginning FEB. 1st. CALL AND SEE OUR STYLES.

LIVE BABY SENT BY PARCELS POST

Mail Carrier Delivers Strange Parcel Safely

Batavia, Ohio, Jan. 27.—Vernon O. Lytle, mail carrier on a rural route of this place, is the first man to accept and deliver under parcel post conditions a live baby. The baby a boy, weighing 10 3/4 pounds just within the 11 pound weight limit, is the child of Mr. and Mrs. Jessie Beague of near Glen. Este. The "package" was well wrapped and ready for "mailing" when the carrier got it to-day. Its measurements reached 7 1/2 inches, also just within the law, which makes 7 1/2 inches the limit. Mr. Lytle delivered the "parcel" safely to the address on the card attached, that of its grandmother Mrs. Louis Beague, who lives about a mile from its home. The postage was 75c and the "parcel" was insured for \$50.

BUILDING A PASSENGER STEAMER ON MIRAMICHI

Chatham, Jan. 28.—The Miramichi Foundry have started work on the passenger steamer that they will build this winter for Cape Breton parties, and a good deal has been done on the machinery already.

The steamer will be 80 feet long with 14 feet beam and in addition to building the boat and machinery the foundry will also build and fit it with condenser pump, boiler, etc. The boat will be of juniper and black spruce, and planked to the waterline with hard wood. The house will be of the same type as is on the Miramichi with upper deck and wheel house.

The type of engine is the Foundry's fore and aft compound engine with 71 x 14 x 10 str. ke, and the boiler of the upright variety with a working pressure of 180 pounds. The boat will be finished and delivered about the middle of May.

BLACK CAPE

J. Morrice's rink at Black Cape was largely attended on Wednesday night and fancy skating being performed much to the crowd's delight. The chief feature of the event was the snow shoe race on the rink three laps won by Ernest Campbell, Black Cape. The justice and honor now all went to Black Cape the ladies single lap being won by Mrs. McAdams. The couple was a hotly contested one was won by R. Henderson and B. Robertson of New Richmond and the other single lap being won by J. Morrice.

Breaking time.
This young gentleman is a fast road to be coast champion if he keeps on improving. Now boys get your skates sharpened and have a bid for championship honors.

SAILED FROM ST. JOHN DECEMBER LAST

Woman's Strange Experience in Italy

Venice, Jan. 28.—An unidentified French fortune teller was blamed by Mrs. William Mansfield for her condition when the American woman who was mysteriously missing for several days, yesterday, rallied for a short time from the semi-coma in which she had lain in a Venice hospital ever since she was picked up, dazed in the streets.

Mrs. Mansfield told the police, during her lucid interval, that she met the clairvoyant and a woman supposed to be his wife, while in Rome. They induced her to come to Venice, she said, and then drugged and robbed her. She could supply few details, but the police at once set a city-wide dragnet for the alleged fiends.

In the meantime Mrs. Mansfield is under the protection of United States Consul Long. She was a party composed of Canadians, which sailed from St. John, N. B., in December.

DEATH OF PRIEST AT CHATHAM HOSPITAL

Rev. T. Fitzgerald, Aged 54 Years Was Ill For Some Time.

Chatham, N. B., Jan. 27.—The death took place this morning at the Hotel Dieu of Rev. Father Fitzgerald, in the 54th year of his age, after an illness from stomach trouble. Father Fitzgerald was a son of the late Mr. Alexander Fitzgerald, who was a native of Chatham, and spent the most of his life in this town. Father Fitzgerald was born in Glenelg, and in 1891 was ordained priest at Chatham. He is survived by four sisters, Mrs. Michael Noonan, Chatham; Mrs. John Buckley, of Rogersville; Mrs. Thomas Poirer, of Newcastle; and Mary, who lives at home for her late brother. His brother, Edward, went to the States many years ago, and has long been considered as having passed away, though nothing definite was ever received. Three first cousins, Kouchibouguac, and Mrs. Kelly and Mrs. John Conroy, of this town. The funeral will be held on Monday morning at nine o'clock.
