SEVERAL PERSONS NARROWLY ESCAPED

North Shore Motor Boat Was Destroyed by Fire

Newcastle, N. B., June 27.—Several persons had a narrow escape from death early this morning, when a motor boat of J. A. Rundle, was burned. The tug left Chatham about ten last night to take a tow to Bartibouche this morning, and two lady friends of the engineer accompanied it. When off French Cove the motor broke down and drifted on the tide to the railroad wharf. In endeavoring to make repairs the lamp was overturned, and the boat was in flames in a few seconds. The occupants had barely time to escape with their lives. The boat was totally destroyed.

RESOLUTIONS OF CONDOLENCE

Campbellton, N. B., June 27, 1916.

Dr. Murray, M. D., Town.

Dear Sir: At a meeting of the Restigouche Branch of the Canadian Patriotic Fund Committee recently held I was instructed to express to you the sincere sympathy of the Committee in the loss you have sustained by the death of your son, Lieut. Austin R. Murray, of the field of honor, June 16th last. We sympathize with you sincerely, realizing, as we do to some extent, the sacrifice that both you and your son have made for the cause of right and justice.

We trust that you will be enabled to take comfort in the thought that your son was actuated by a keen sense of the high principles involved in this great struggle for freedom, and a steady devotion to duty.

Again assuring you and the other members of your family of our heartfelt sympathy, I am, Yours sincerely, JOHN T. REID, Sec'y Patriotic Fund Restigouche County.

Campbellton, June 27, 1916.

To Mr. and Mrs. Stephen Turner, Town.

In pursuance of a resolution passed at a meeting of the Restigouche Branch of the Canadian Patriotic Fund Committee recently held, I wish to extend to you the sympathy of the Committee in the irreparable loss you have been called upon to bear by the death of your son, Co. Sgt. Major Chas. Edward Turner, as a result of wounds received in Flanders. Although his death leaves a vacancy in your family circle and a heartache that is difficult to assume, yet there is consolation in the fact that he was one of the first to respond to the call of King and country and was ever attentive to the duty before him until he made the last supreme sacrifice in his young life. Such devotion as his cannot have been in vain.

Yours sincerely, JOHN T. REID, Sec'y Patriotic Fund, Restigouche County.

WITH OUR SOLDIERS AT VALCARTIER

132nd North Shore Battalion Arrived in Good Form

The 132nd Overseas Battalion, C. E. F., from Chatham, Newcastle, Bathurst and Campbellton, arrived in camp at Valcartier Wednesday afternoon under command of Lieut. Col. Mersean. They had a very comfortable journey and no casualties occurred en route. They have now settled down to camp life and all ranks seem very happy. They brought with them, as a regimental mascot, a large black goat, which is greatly admired by the other units in camp.

The 115th, 132nd, 145th and 168th Battalions will form the 4th Brigade at Valcartier Camp, under command of Lieut. Col. Mersean.

At present the brigade is being administered by Brigade Major Hubert Stethem, who is supervising the laying out of the brigade camp and organizing the brigade orderly room.

The brigade camp lines are at the northerly end of the camp, about one and a half miles from the camp headquarters. Two units are encamped on either side of the main road which runs through the camp, and the brigade headquarters staff lines lie at the southern end of the brigade on the banks of the Cartier River.

There has been a great deal of heavy rain lately, but owing to the sandy nature of the soil, the ground is in splendid condition.

Campbellton, N. B., June 29, 1916.

Our local contemporary makes the  
statement in criticising the town Council  
that "the stationary printed at one  
of the town councillor's printing offices  
at exorbitant rates, etc." We wish to  
state that no member of the Campbell-  
ton town council owns stock in the  
Graphic, and that our prices have al-  
ways been reasonable. The Town of-  
ficial who looks after the buying of  
stationary is a printer and has expert  
knowledge of the cost of such. Be-  
cause our prices in the past have been  
reasonable is the reason we do practi-  
cally all the printing required by the  
town.

As an example of exorbitant prices  
we wish to state one case only which  
came to our notice during the past  
week. In reading the account for ad-  
vertising the Belgium Royal Concert  
Co., an organization which is touring  
Canada to raise funds to help the  
starving Belgian people, our contem-  
porary made it out as follows:

To adv. Belgian Royal Concert	\$10.00
Co.	
Discount	5.00

Bal. due \$5.00  
The five dollars was presumably a  
donation towards the funds of the poor  
Belgian people.

The Graphic's account for a larger  
space and with at least three times the  
circulation, was made out as follows:

To adv. Royal Concert Co.	\$2.00
No charge for readers.	

Fredericton, N. B.,  
June 23rd, 1916.  
His Honour, the Lieutenant-Governor  
has received communication from  
Mr. Henry Cust, Chairman of the Cen-  
tral Committee for National Patriotic  
Associations, London, which reads as  
follows:—

"24th May, 1916.  
Dear Sir:—  
You will remember that on the 4th  
August last, Meetings were organized  
throughout the United Kingdom, the

Self-Governing Dominions, the Colonies,  
the Crown Colonies, and the Depen-  
dencies, at which an identical Resolu-  
tion was passed, affirming the deter-  
mination of the Empire to carry the  
War to a successful conclusion. These  
meetings were held with the direct ap-  
proval of the Prime Minister, and the  
Secretary of State for the Colonies;  
and by the kindness of the Govern-  
ments and Authorities throughout the  
Empire, the success achieved was very  
great, and the result most impressive  
and invigorating.

I have consulted the Prime Minister,  
and Mr. Bonar Law as to whether  
these meetings should be repeated on  
the coming 4th August. They are  
both very strongly of opinion that this  
should be done, and see no reason why  
the words of the Resolution should be  
altered. May I therefore ask for your  
goodwill and active co-operation in  
the furtherance of this undertaking?

As the long and unflinching endurance  
of the Empire is more and more se-  
verely tested, a visible demonstration  
of its changeless resolution victoriously  
to achieve our high and solemn pur-  
pose, will be of equal power and value  
in the faith and purpose of our fellow-  
citizens and in the eyes of hostile and  
neutral countries.

Believe me,  
Yours faithfully,  
(Signed) HENRY CUST.

The Resolution which was moved at  
the meetings throughout the Empire  
on August 4th, 1915, and which it is  
proposed to have adopted at meetings  
on the 4th of August next, and which  
meets with the approval of both the  
Prime Minister and the Colonial Sec-  
retary, reads as follows:—

"That, on this the second anni-  
versary of the declaration of a  
righteous war, this Meeting of the  
citizens of the Empire records its in-  
flexible determination to continue to  
a victorious end the struggles in  
maintenance of those ideals of  
Liberty and Justice which are the  
common and sacred cause of the  
Allies."

It will be necessary for each com-  
munity to make such arrangements  
for the celebration of the day as they  
think most fitting. His Honour ex-  
presses the hope that the City and  
County officials, as well as other prom-  
inent men, will take an active part in  
endeavouring to make this a success,  
and especially that the leaders of the  
different religious bodies throughout  
the Province will hold such religious  
services as they consider most fitting  
for impressing on the public the use-  
ful and solemn lessons of this terrible  
war.

J. BACON DICKSON,  
Private Secretary.

Publishing a weekly newspaper at  
\$1.00 per year is a losing game. While  
this price was sufficient five years ago,  
prices of raw material, labor, equip-  
ment, etc., have advanced to such an  
extent that publishers are selling their  
product at a loss. This loss has had to  
be made up by increasing advertising  
rates, and from profits from the job  
printing department.

The war has further increased the  
cost of production and publishers are  
face to face with a heavy deficit in  
their subscription departments. It is  
not possible, even if fair, to further  
shoulder the increased cost upon the  
readers, so we have decided to ask  
our subscribers to pay their fair pro-  
portion of the increased cost. There-  
fore on and after July 1st, 1916, the  
yearly subscription price of the Graph-  
ic will be \$1.50 in advance and \$2.00  
to the United States.

**RESULT OF TREMENDOUS  
ITALIAN OFFENSIVE IS  
SEEN IN AUSTRIAN PLEA**

London, June 28.—The continued suc-  
cess of the great Italian offensive,  
made possible by the swift movement  
of half a million troops in a great con-  
centration, has evidently given the  
Austrian Headquarters Staff, a great  
scare, for it is reported on reliable  
authority today that appeals have been  
sent to Berlin to arrange for German  
aid to be despatched at once to the  
hard-pressed forces on the Italian  
front.

That the Germans will be able to  
respond, even if they wished, is doubt-  
ed here.

the Defences of Kovel.

Petrograd, June 28.—More than 100,  
000 men, of whom a large proportion  
are prisoners of war, are at work  
strengthening the defences of Kovel,  
according to the Bouras Gazette. The  
new defences extend more than ten  
miles from the town.

The crossing of the Dniester south-  
west of Busiacz by the Don Cossacks is  
regarded here as another nail in the  
coffin of Kolomeja. The Cossacks are  
now expected to sweep around the

**Opposition Platform**

The following platform was adopted at the Opposition Convention held in St. John recently:

In the event of the Opposition being returned to power, we pledge ourselves:—

- NO PARTIZAN CONTROL OF CROWN LANDS.**  
1. We pledge ourselves to completely reorganize the Crown-Lands Department, so that its administration shall be entirely severed from politics and administered on sound business principles under systematic plans by a non-partizan commission specially appointed for that purpose, responsible to the Legislature and working in co-operation with the Dominion Commission of Conservation.
- TAKE THE HIGHWAYS OUT OF POLITICS.**  
2. We pledge ourselves to take the highways out of politics, giving the expenditure of the money collected from the people and the control of the labor, together with the Government appropriations, into the hands of supervisors, chosen by the people of each parish, to whom a detailed and audited account must be rendered every year at the annual meeting, and a duplicate thereof forwarded to the Department of Public Works, the work of the supervisors to be under the inspection of a competent provincial engineer.
- PROHIBITION PROVINCE WIDE.**  
3. We pledge ourselves at the first session of the Legislature to pass a law prohibiting the sale of intoxicating liquors within the Province to the fullest extent allowed by the Constitution, and within three months after the passage of said Act to submit the same by referendum to the electors of the Province, and should the majority of votes cast be in favor of the said law, then to bring the same into force by proclamation within one year thereafter.
- ELECTION LAW.**  
4. (a) To amend the electoral law so as to make it impossible for members of the Legislature to traffic with the Government and still retain their seats.  
(b) To make it possible for young men, when they reach the age of 21 years, to register their names and be placed forthwith upon the voters' lists, instead of waiting for the tedious machinery of revision as it now exists.  
(c) To divide the counties into electoral districts which shall each be represented by one member.  
(d) We will also consider amendments to the election law to make bribery in municipal as well as provincial elections impossible.
- PROVINCIAL FINANCES.**  
5. To obtain at once a correct statement of the financial condition of the Province in order that the people may have definite knowledge of the vastly increased public debt and the enormous obligations of guaranteed bonds they will be called upon to pay; and to reduce the cost of the administration of affairs and the number of useless officials as to avoid the necessity for direct taxation now confronting us.
- AGRICULTURE.**  
6. To give the farmers all the practical assistance that the resources of the Province will permit, to improve agricultural methods and the quality and quantity of the stock upon the farm; to reduce the enormous salary list in the department, and to spend the educational grant received from the Federal Government without regard for political patronage.
- VALLEY RAILWAY.**  
7. To complete the Valley Railway from its point on the Trans-continental Railway at or near Grand Falls, to St. John, and insist upon the Dominion Government carrying out the terms of the original legislation and allow the Province forty per cent. of the gross earnings thereof.
- EDUCATION.**  
8. To always maintain and improve the educational service of the Province and to co-operate with the Federal Government in carrying out the recommendations of the commission upon technical education.
- IMMIGRATION.**  
9. The inauguration of a vigorous immigration policy to properly place before intending immigrants, whose number will be large after termination of the war, the advantages of the agricultural possibilities of New Brunswick.

**It is true-- the Ford car  
is best adapted to  
Quebec roads**

Over the rough roads, through the sandy coun-  
try highways, up the steep Quebec hills past the la-  
boring heavier cars, the Ford goes easily, speedily,  
without fear or hesitation.

It is so strong--so light! The Ford engine has  
more power per pound weight of car than any other  
automobile engine made.

More Fords are being bought in Quebec this year  
than all other makes of cars put together--unques-  
tionable proof that the Ford has given the greatest  
satisfaction for service over Quebec roads.

The demand for Fords is so great that produc-  
tion capacity has been strained to the utmost. If you  
want a Ford this season you should get your order in  
immediately--a day's delay may bring disappoint-  
ment.

**Gin Pills FOR THE KIDNEYS How They Help**

ST. RAPHAEL, ONT.

Four years ago I had such pains in my neck that I could not work. The pains extended to my arms, sides and shoulders. I used many kinds of medicine for over a year, none of which did me very much good. I read about Gin Pills and sent for a sample and used them, and found the pains were leaving me and that I was feeling better. So I bought one box and before I used them all, the pains were almost gone and I could keep at work. After I had taken six other boxes of Gin Pills, I felt as well and strong as I did at the age of 25. I am a farmer, now 65 years old.

**GERMANY DEMANDS SWITZERLAND MEET WISHES WITHIN TIME**

Paris, June 28—A Zurich despatch to the Matin says that Germany's demands on Switzerland for the exchange of commodities are in the form of an ultimatum which expires at six o'clock Thursday night.

Announcement was made in the Swiss Parliament last week that Germany had demanded that the Swiss Government permit the exportation of cotton and foodstuffs collected by German agents, stating that if the demand were not complied with Germany would prohibit exportation of coal, iron and other materials essential for Swiss industries. The Swiss authorities asked for time to reply, and sent a delegation to Paris to confer with representatives of the Entente Allies.

**Medicine Which Made Surgeon's Work Unnecessary.**

Astoria, N. Y.—"For two years I was feeling ill and took all kinds of tonics. I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation."—Mrs. JOHN A. KOENIG, 602 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do, but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

**PAPER SUSPENDED FOR THREE MONTHS**

Sentries on Duty at Doors of the Sault Ste. Marie Express

Sault Ste. Marie, Ont., June 28—Lt. Col. Chambers, chief press censor for Canada, arrived here on last evening's train from Ottawa, and was met at the station by Lieut. Col. Jones, commanding the 227th overseas battalion, and Chief Vincent of the city police. A quarter of an hour later a guard from the 227th marched up to the office of the Sault Express, and took possession of it by direction of the chief press censor, under authority of the order-in-council of June 10th last.

Sentries are on duty at both doors of the newspaper office, and the edition will be kept under suspension for three months.

This drastic action of the censorship authorities is due to the publication of an anti-recruiting article printed in the Express on the 23rd instant, which, according to the chief press censor, contained statements calculated to cause disaffection to His Majesty, to assist and encourage the enemy, and to prevent, embarrass and hinder the successful prosecution of the war.

NEW RICHMOND, P. Q.

The many friends of Mr. and Mrs. Alfred G. Gilker of New Richmond, will hear with deep regret of the death of Mrs. Gilker on the 23rd inst. Only four months ago, she, accompanied by her husband went to the Royal Victoria Hospital, Montreal, where she made a speedy recovery; but it was not for long. She grew gradually worse till death relieved her of her sufferings. She bore her pain with Christian patience, having always a bright word and kind welcome for the many friends who went to see her. She died without a fear or doubt—trusting fully in the Saviour, whom she loved. All that medical skill and loving care could do was done, but in vain.

Mrs. Gilker was H. Evangeline Kerr, daughter of the late David and Susan Kerr. The father is still well remembered, being for many years mail-contractor for the District of Gaspé.

To mourn her loss are her husband and children: Wilbur in Milwaukee, U. S.; Herace at home; Mrs. J. H. Robertson of the Caspédia House, N. R., Archibald, Grace, Eleanor and Edgar at home. Her brothers and sisters are Augustus of Black Cape; Evelyn of Stillwater; Eubulus of Caplin, Austin of Bonaventure and Weston of New Richmond, and Mrs. A. D. LeGrand of Port Daniel, Mrs. White and Mrs. Franklin of Mass., U. S.

The funeral which took place on Sabbath, 25th inst., was the largest on record in the municipality, as one hundred and twenty-six carriages and four automobiles followed the remains to the cemetery. The service was conducted by her pastor, Rev. E. J. Ratte, B. A., and very touchingly he spoke of the deceased; her early death, her strong faith, and the assurance they had that she had gone to be with Jesus—our loved ones to follow her to heaven. Slowly and reverently they wended their way along the beautiful drive to the highway, and thence to the cemetery, where they were joined by others anxious to show their respect and sympathy with the family. Among those were Prof. Carton of New York and Messrs. Harg and Johnson of Montreal. Much sympathy is felt for the bereaved husband and the children thus early deprived of a mother's care.

GRAND RIVER The weather has been very rainy since last Sunday, but cleared on Friday. We feared that we could not have the procession of the Blessed Sacrament, but when the rain ceased the roads soon dried up and we had the happiness of having an ideal day, and a very large crowd attended.

The procession started from the church at ten-thirty and went to Carberry's, where the repository was erected. In the afternoon we had the pleasure of having the Chandler band in our midst. They came by motor boat and gave us some music for which we are very thankful, and we hope they will come again. Later in the day the Pioneer Base ball team of Chandler paid us a visit. They had played in the afternoon and won their game, so they celebrated the victory by a car ride to Grand River.

The Catholic church which is being enlarged, is nearly completed and is very fine and large. From one wing to the other it measures across one hundred and eleven feet, and the church, from front to back is about two hundred feet long.

Dr. E. Verge is having a residence erected. The contract for which was awarded to Mr. Ed. Jones of Little Pabos.

Fishing was poor since the start, but last week fish struck in more plentifully, some boats bringing in thirty-five drafts of two hundred and twenty-four pounds.

This department is conducted by the Local Union, and is under the charge of an Editor appointed by them. This Editor assumes the responsibility for the statements and articles which appear in this column.

Flower Mission Day was observed in the Womens Christian Temperance Union on Tuesday afternoon, June 13th. Mrs. A. G. Adams read a short sketch on the "Message and Inspiration of Flowers", which was very appropriate. Twenty seven bouquets were made up, tied with the white ribbon together with the text card and sent to different people.

This department is one of the greatest importance and certainly it has been carried on most efficiently during the past year.

### Flowers and Cheer

Did you ever stop to observe how the beauty and brightness of flowers are lent to the faces of persons who lovingly care for them?

There is a certain relation between the flowers that grow in your garden and your own spirit.

And, whether consciously or not, you are affected in no small degree by the blossoms and their state of prosperity.

If the flowers come out bravely and bloom as they should, you are correspondingly elated. The sight of them tranquilizes the nerves. The odor soothes the temper. The very presence of the cheerful, growing things makes you content with the earth and your lot upon it.

Have you not among your acquaintances some kind soul who revels in her garden or in the pots in her window? In the Winter her window is filled with roses, when all other windows stare bleak and bare into the sullen street. In the Summer it is twice as gay, and the woman who tends the garden spot is perpetually hovering over the sweet beds.

Did you ever know such a woman to be peevish, pessimistic or anything but busy and contented with life? She herself is a bright flower, casting beauty and cheer into the world.

The secret lies in the fact that we get out of life only what we put into it. We grow only as we give.

Love for flowers is sunshine in the soul.

The heart that is devoted to flowers is a flower garden in itself, sweetening its atmosphere with immeasurable influences for good.

The care of flowers is good exercise for the muscles, and better still for the nerves, for it trains to tenderness of touch; the thought of them is good occupation for the mind; the love for them develops and sweetens the spirit.

The Annual meeting of the Local Union was held in St. Andrew's church hall on Tuesday, June 27th at 3.30 p.m. The Superintendents of the different departments reported on the work of the year. These reports showed that interest and work were not lacking and that great good had been accomplished.

The following officers were elected for the ensuing year:  
Mrs. R. B. Gerrard—President.  
Mrs. D. Richards—1st Vice Pres.  
Mrs. Jasper Davidson—2nd Vice President.  
Mrs. Clarence Cool—3rd Vice Pres.

### OCEAN FREIGHTS DECLINE

Ocean freights, which have been at the top notch for some months, are now declining. Recently, it is said that a vessel was chartered to load deals from a Maine port for the old country at 286 shillings a standard.

### WILL TAKE ACTION

If American Cavalrymen Are Not Released Within 48 Hours

Washington, D. C., June 27—There were clear indications to-day that if American cavalrymen, captured by Mexican troops at Carrizal, were not released within forty-eight hours action would be taken by the United States.

The impression prevailed in official circles that President Wilson would not wait beyond Thursday at the latest and possibly not beyond to-morrow afternoon for a definite reply from the Carranza government to the note demanding that immediate release of the prisoners and a declaration of intentions.

Publishing a weekly newspaper at \$1.00 per year is a losing game. While this price was sufficient five years ago, prices of raw material, labor, equipment, etc., have advanced to such an extent that publishers are selling their product at a loss. This loss has had to be made up by increasing advertising rates, and from profits from the job printing department.

The war has further increased the cost of production and publishers are face to face with a heavy deficit in their subscription departments. It is not possible, even if fair, to further shoulder the increased cost upon the advertisers, so we have decided to ask our subscribers to pay their fair proportion of the increased cost. Therefore on and after July 1st, 1916, the yearly subscription price of the Graphic will be \$1.50 in advance and \$2.00 to the United States.

### FRENCH REPULSE GERMAN ATTACKS

Paris, June 27—The official statement follows:  
"On the left bank of the Meuse a night attack with grenades against one of our trenches west of Hill 304 was repulsed easily.

"On the right bank local operations during the night enabled us to make further progress in the region of Thiamont. The fighting was rather spirited in the region of Fleury, where the situation is unchanged. On the heights of the Meuse a grenade attack on our positions near Mouilly broke down under our fire.

"In Belgium three of our aeroplanes, which were engaged in a reconnaissance, fired 65 bombs on German ships near the Belgian coast."

F. V. DALLEY CO. OF CANADA, LTD. HAMILTON, CANADA

WHEN you put your foot into shoes that were never intended for you—nature rebels. It doesn't help to have shoes a size or two larger—chafing is just as bad as squeezing. The remedy is to choose from a line that considers the natural needs of the human foot—not just one perfect foot—but all kinds of feet.

Red T Shoes offer comfort, and ease, and that true style that follows when your feet are properly fitted, because in the complete line there is probably a last and a style for every pair of feet that enter a shoe store.

STILL AT THE WHEEL  
The police a few weeks ago gave warning that boys would not be allowed to run autos in the streets of Campbellton, but it has had no effect. When the disaster happens, the public will hold the police strictly responsible.

RECKLESS DRIVING  
When a Western regiment, led by a band last Tuesday was marching up Water St., a smart Alick running a Ford car, deliberately ran full speed at the marching troops, with the apparent intention of driving them off the centre of the street, and falling in his object, sheered off at the critical moment, but still would have struck the front corner musician, if he had not sprung to the side. A week previous, another well known driver, forced his car through a marching regiment on two occasions. These are acts of uncivilized and ignorant persons, and we are thankful that not many of this type reside in our community.

S., formerly of Woodstock, N. B. The ceremony was performed by the Rev. Hugh Miller, pastor of St. Andrew's Presbyterian Church. The bride looked charming in a gown of white taffeta with velvet trimmings and wore a veil with trimmings of pearls and carried a bouquet of carnations, sweet peas and maiden hair fern. After the ceremony a dainty breakfast was served. Many valuable gifts of cheques, silver and cut glass, etc., testify to the high regard entertained for the young couple.

Mr. and Mrs. Moores left on the Ocean Limited for Amherst, where they will make their future home, followed by the best wishes of many friends who gathered at the station to wish them happiness in their journey through life. The bride's travelling gown was of navy blue with hat to match.

POLICE COURT  
A citizen appeared before Judge Matheson for selling fruit on Sunday. As this was his first appearance a fine of \$5.00 was imposed.

More than the usual number of drunks have been arrested during the past week.

Saturday four sailors were arrested for drunkenness. Monday four more drunks and Tuesday another. The usual fines of \$3.00 and costs were imposed. This is to small a fee. The price of every commodity is advancing and \$5.00 is little enough.

A beggar, who was displaying a sore head was warned by the police to leave town. Cases of begging should be promptly reported to the police.

Kidney Trouble?  
The waste material which the kidneys are intended to remove from the blood, if allowed to accumulate in the system, poison the blood and thus produce deleterious effects.

If from over-work, exposure to cold, or some local injury, the kidney become congested or inflamed and cannot perform their functions, the system becomes filled with uric poisons. Whenever a dull, heavy pain is felt over the region of the kidneys for any length of time, accompanied by a sallow complexion, loss of appetite, decrease of weight, and a puffy condition under the eyes and in the ankles, a chronic inflammation of the kidneys must be suspected, and if not relieved promptly chronic Bright's Disease will certainly develop.

Abney's Effervescent Salt, sold everywhere at 25c and 50c, which is a Diuretic as well as an Aperient, will carry out of the system the poisonous material which the kidneys cannot get rid of, and will relieve the congestion of the kidneys.

Buy a Ford, not because it is cheaper, but a better car  
Mark well the sterling construction of the Ford car.  
The testing department of the Conservatoire National des Arts et Metiers of the French Republic made a highly scientific comparison between Ford constructive material and the material used in another very noted and expensive car. In every test the Ford material proved superior.  
The service given by Ford cars in Quebec has fully substantiated the results obtained by these French scientists.  
Buy a Ford, not only because its first cost is less, not alone because its maintenance cost is less, but because its quality of service is greater,—because it gives more mileage per dollar invested than any other make of car you can buy.  
And if you want your Ford this summer, buy it today to ensure prompt delivery.
