BEAVER BOARD.
If you are building or going to complete some unfinished rooms, let us show you some colored samples, illustrating the beautiful color effects obtained by using this sanitary and durable board for walls and ceilings in all classes of buildings.
We carry a large stock in assorted sizes.

MAIL ORDERS.
We solicit out of town orders which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the relation in which they are placed, and customers can always depend on our doing everything in reason to give prompt dispatch.

Our Office is connected with the N. B. Telephone by two separate lines insuring prompt attention.
Office Hours—7 A. M. to 5 P. M.

RESTIGOUCHE HERO RETURNS HOME

Wounded at Ypres On June 4th—Shrapnel Wounds and Arm Broken

Co. Serge. Harry S. Murray of Richfieldville is home from the front on three months leave. He was one of the first Restigouche boys to join the colors. On August 7th he went to Newcastle for guard duty at the Western end on the 9th signed on for overseas service and went with the 48th Battalion, which he claims has had more men on the honor list than any other Battalion, although his men were sent to other Battalions to fill up the gaps. For fifteen months he served in the trenches with the 48th Highlanders of Toronto. On the 2nd of June he went into the front line trenches at Ypres and when the German rush commenced the next day he was in the thick of it.

Although he got a sniff or two of gas he was not seriously affected. On the 4th he was wounded in the leg and ankle by shrapnel. After being attended to at the nearest dressing station he attempted to get off a stretcher to make room for more seriously wounded comrades when he fell and broke his arm. At the hospital his case was considered so serious that he was placed on the operating table to have his leg amputated, but the doctors decided that he was too weak to stand the operation. Two days later it was found that his splendid constitution had worked wonders and that his wounds were healing nicely, so his leg was saved.

For six months he was in hospital and then he went to France for two weeks. He was then granted three months leave to visit his home. He arrived home a week or so ago but went on to Boston where he was at the big celebration at which he told something of his work in France.

In conversation with the Graphic he said that the greatest economy was being practiced in regard to food in England. At the front the soldiers were well fed and looked after, while in hospital nothing was too good for the Canadians. He is very modest and has nothing to say of his personal exploits.

\$1,002,000 FOR Y. M. C. A. IN CANADA

Almost Twice As Much Was Asked For.

Following a special meeting of the executive committee of the National Council of the Y. M. C. A., Captain Chas. W. Bishop, general secretary, made the announcement that the results of the Y. M. C. A. appeal for its military and other national work had reached approximately \$1,002,000.

The amount that was asked for in connection with the budget for this year was \$750,000.

The reports showed that almost all of the cities and towns in which the campaign had been held had exceeded the amount requested. The campaign held in fourteen large cities, which were conducted by Major Gerald W. Birks and Captain (Rev.) W. A. Cameron, resulted in \$690,000 being subscribed, Montreal leading with \$280,000.

The "secondary" campaign, carried on all through the country, resulted in \$302,000, while some Provincial Governments made grants totalling \$88,000. In addition to these, campaign contributions of organizations and individuals, amounted to upwards of \$70,000.

SURPLUS FOR BOYS WORK.

The committee in charge of financing the Union Special Services held in the Empire theatre report on the finances as follows:

Amounts collected by Subscription \$116.00
Amounts by collections at churches and at theatre at mostings \$179.32
Total \$295.32
Amount paid by Bank checks \$284.70
Amount returned to Treasurer by D. C. Fifth. Meal tickets by Mr. Beatty 2.35
Bill paid W. H. Miller and Co. 1.20
Balance in Cash 3.15
Total Balance \$11.77
Also paid Mr. Beatty \$19.10 for by-stander books sold by Mr. E. E. Betts, W. J. Appleton.

It was unanimously agreed by the committee that the balance on hand \$11.77 be handed over to the committee in charge of Canadian Standard Efficiency Tests for boys.

SUDDEN DEATH OF PROMINENT MAN

W. A. Trueman Passed Away Monday Afternoon—Had Been Ailing

The death of W. A. Trueman, Barrister took place suddenly Monday afternoon at the residence of Mr. W. D. Duncan.

For some time Mr. Trueman had been unwell, suffering from kidney trouble and heart disease. He had been undergoing treatment at the Hotel Dieu, but upon the arrival of his daughter Mrs. Hazen, who is a trained nurse, he went home for the summer months. Here, as he was able to move about, he worked at his profession.

On Sunday he attended service in the Methodist church, and on Monday afternoon was out for an auto ride. Shortly after returning, and while working in his office he complained of not feeling well, and taking up a book proceeded upstairs to lie down. A few minutes later his daughter heard a groan and rushed to his room to find him unconscious. She went to the phone to summon a physician and on returning to her patient found him breathing his last.

The late Mr. W. A. Trueman was born in Westmorland County, N. B., and received his education at Mount Allison University, after which he studied law in the office of the late Judge King of St. John. He practiced his profession in Albert, Albert Co., where he was Judge of Probate, until 1904, when he removed to Campbellton where he has since practiced with the exception of a few years spent at Dalhousie after the Campbellton fire in 1910. He was in his 68th year.

Deceased was twice married, his first wife being Miss Georgina Currie, daughter of Rev. D. D. Currie. This marriage was solemnized in 1858. Four children were born to this marriage, one of whom, Miss Muriel passed away in 1908. The three surviving children are Mrs. George W. Hazen of St. John, Miss Georgina Helen of St. John, and Mr. Ernest Bayard, Manager of the Bank of Commerce at LaHave, N. S.

On Oct. 4th, 1911, he married Miss Clara Jane Thompson, daughter of the late Robert Thompson, Dalhousie, who along with the former children are left to mourn the loss of a kind and affectionate husband and father.

During his residence here Mr. Trueman has held many important public and church offices. For years he was town solicitor, and at the time of his death was legal adviser for the Municipality of Restigouche. He was recognized as an able lawyer and one whose integrity was never gained. Ever ready to assist he made many friends throughout the town and country who will regret to hear of his sudden death. In the Methodist church and Sunday School he was one of its foremost members. A member of the Quarterly and Trustees Boards, and of late he has been treasurer of the latter. He was also a P. M. of the Masonic order, a member of the Independent Order of Foresters and of the Canadian Home Circle.

The bereaved family have the heartfelt sympathy of the entire community in their sudden bereavement.

The funeral took place this afternoon at 2:30 o'clock. Interment being in the Rural Cemetery.

CAMPBELLTON BOY WOUNDED

E. J. Allingham Esq. received word Monday morning that his brother Fred had been seriously wounded at the front on July 4th. Many friends here earnestly hope that his wounds may not prove as bad as first reported.

UNION SERVICES

To enable the pastors of the Presbyterian and Methodist churches to enjoy a vacation arrangements have been made to hold union services during the months of July and August. The first of these union services will be held on Sunday when Rev. F. T. Bertram, the new pastor of the Methodist church will preach in the Methodist church in the morning and in the Presbyterian church in the evening. Union mid-week prayer meetings will also be held alternately in the Methodist and Presbyterian church halls.

MARRIED.

At the Manse, Tide Head, July 4th, by Rev. J. R. McKay, John C. Underhill of Campbellton to Hilda McDougall, daughter of Mr. and Mrs. Allan McDougall.

It was in a churchyard. The morning sun shone brightly and the dew was still on the grass. "Ah! this is the weather that makes things spring up," remarked a passer-by casually to an old gentleman seated on a bench. "Hush!" replied the gentleman. "I've got three wives buried here."

HOW JUSTICE WORKS AT DALHOUSIE

Mayor and Councillors Protested Against Act as Ova Judges

Dalhousie, July 9, 1917
Editor of Graphic,
Campbellton, N. B.

Dear Sir:

We have had a week of Comic Opera, Name of play "Guilty of Not Guilty" chief artist, the "Man Who Would Be Mayor." In other words, the alleged mayor and council who occupy this position by what many believe to be dishonest means are by law the judges of their own conduct, have heard "the evidence in the case" and as was expected, declared themselves all elected. This was a foregone conclusion and Mr. Scott and his party only appeared before this tribunal as a matter of form, because the law required them to do so. At the time this election was held certain schemes were afoot the completion of which made it essential that W. S. Montgomery and a council or his selection should be declared elected at all costs. Mr. Scott's honesty and integrity, if elected mayor, would have put a sudden end to them.

We have an institution here called the Dalhousie Land Company, W. S. Montgomery is president and Alex J. LeBlanc, Town Clerk and returning officer in its secretary and are its chief proprietors, so the latest date available show. Please keep these facts in mind.

For the most of the fall and winter sums of Town money had been spent by the Mayor with the connivance of the former Council, developing and improving the property of the Dalhousie Land Coy. Since the election these improvements have been continued night and day. Whether with Town money or not remains to be seen.

After the declaration on election day Alex LeBlanc refused to seal the Ballot box though requested to do so as an investigation would be demanded. He however took possession of the ballots and they were at the disposal of the Mayor and his party. The company for 24 hours, when the so-called second was held. It is stated that this count was held in the presence of W. S. Montgomery, Alex J. LeBlanc and Mr. Comeau, with one other person. The three former very sympathetic to the interests of the Dalhousie Land Coy. Not one of Mr. Scott's party were asked to be present at this recount, neither were they notified of the result. A. T. LeBlanc attorney for Mr. Scott on April 25th wrote Alex J. LeBlanc asking for an official statement of the result of the election, enclosing a stamp for reply. The latter withheld this information until 8:10 p. m., April 27th when it was then that Mr. Scott's Aldermen to qualify, even they desired to, that is within ten days of election. They were then declared disqualified by the President of the Dalhousie Land Company, a new election ordered as there was no opposition these five men were declared elected by acclamation. This gives the Town as the alleged Mayor and Council as the original election on April 17th. Mr. Scott and his party did not put up any candidates at this so-called second election because they felt that with the same men in control of the election it would be useless.

In 1907 W. S. Montgomery and Alex J. LeBlanc were Mayor and Town clerk respectively. In that year they were instrumental in securing an act doing away with the ward system. A change was also made in the form of ballot, which I believe reads, a "ballot containing any or all names of the candidates for Mayor and Aldermen shall be legal." This form of ballot Mr. Scott and his Aldermen used. These two men were also very familiar with the incorporation act and the fact that the Mayor and Council would be the judges of any protest, in regard to the methods of securing their election.

I shall not take up more of your space. Nor make any deductions from these facts, but shall allow the public to draw their own conclusions. What sort of men do we have on our Town Council. I will allow "Billy" to say. To one man who questioned the mental equipment of his Council, he said, "I just picked them, so they will do as I tell them." To a second he said "If I had an arbitration in which my own interests were involved to the extent of \$100,000, I would not trust to their judgment."

Yours truly,
A. G. FERGUSON.

TIPPERARY CLUB MEETING

A meeting of the Tipperary Club will be held at Mrs. A. H. English's home on Friday evening, July 13th at 7:30 sharp. A full attendance is urgently requested as business of importance is to be transacted.

SAYS FAREWELL TO CONGREGATION

Rev. Geo. M. Young Preached Farewell Service Here Sunday Evening

Rev. Geo. M. Young, who for the past year has so acceptably filled the pastorate of the Methodist church here preached his farewell sermon last Sunday evening, and left Monday on the Limited for Fredericton where he will enter upon his duties at once.

The Methodist church was well filled and Mr. Young preached an eloquent sermon.

Both Mr. and Mrs. Young and the members of their family made many friends here who wish them success in their new charge.

YOUNG MAN FROM McDAVIDS

MT. KILLED IN ACTION

Enlisted in B. C.

LANCE CORPORAL JOHN S. McDAVID. Killed in Action.

A very impressive memorial service was held at McDavid's Mountain conducted by Mr. Brown for Lance Corporal John S. McDavid, who was killed in action March 2nd. Mr. McDavid was 38 years of age, and enlisted at Vernon, British Columbia. His relatives have the sympathy of the entire community in their great bereavement.

The following letter has been received by Mr. John McDavid from J. H. White, Chaplain of the Battalion in which his son was.

54th Canadian, B. E. F. France. 15-8 1917

My Dear Sir:

I deeply regret having to confirm the sad intelligence already sent you of the death of your son Lance Corporal John McDavid, who was killed in action on the morning of the 2nd inst.

He took part in a raid of the German trenches, and was hit by machine gun fire, and died almost instantly. His remains were reverently laid to rest in No Man's Land by the side of many of his brave comrades, who fell in the same engagement.

I knew your son well, and I want to bear my testimony along with that of his comrades and officers, that he was a fine manly fellow, well liked by all, and held in deep respect. He was brave and fearless, always ready and willing to do his part and to share any perilous duty. And you have the consolation of knowing that he did his best, and finally gave his life for home and country and our Christian civilization.

He died as a man, we all deplore his loss and the loss of so many of our fine brave fellows. Let me assure you of my deep personal sympathy and my earnest prayers that God may comfort and sustain you in the loss of such a gallant son. Believe me, Yours most sincerely,
J. H. WHITE, Chaplain.

P. S. A testament belonging to your son was picked up by a comrade on the battlefield. I have ordered it to be forwarded to you under a separate cover.

MATAPEDIA RED CROSS.

The Group wishes to acknowledge knitting which has been done by the following:

1 pair socks each: Mrs. Porter Pratt, Mrs. James Fraser, Mrs. E. Goodbonit, Miss Annie McLeod, Miss Elizabeth Bulmer, Mrs. Jas. Craswell, Mrs. J. R. Miller, Miss Pratt, 2 pairs each: Mrs. Jas. McNaughton, and Miss Margaret McNaughton, Robinsonville. The last mentioned ladies are workers of which the Group is proud, having knitted 19 pairs since early spring.

A shipment of 25 pairs of socks will be made this week making a total of 90 pairs sent in.

NOW C. G. R. POLICEMAN

O. B. Lawson has been appointed C. G. R. policeman and is now on duty at the depot here.

LOCAL BOY HAS EXCITING TIME

Escaped From German Prison Camp—Made Many Attempts

Lodon, July 4.—Two Canadian soldiers who were in the right spirit to appreciate Dominion Day were Privates F. C. MacDonald, 106416, of Fox Warman, Man., and J. O'Brien, 73194, of Moose Jaw, Sask., who had just arrived in London in time for the Dominion Day festivities after escaping from a German prison camp where they had spent the past year.

Private MacDonald, who enlisted in the 1st Mounted Rifles, of Winnipeg was captured in June of last year, after having been wounded in the knee and in the eyes with shrapnel, but he is now recovered from both injuries. Private O'Brien, who belonged to the 28th Battalion, was buried for two hours in a crater, but was taken out unhurt by the Germans.

Both men were sent to the internment camp at Dulmen. The worst treatment they received from the officers, the bad food they were given and the unhealthy surroundings made them determine at the outset of their imprisonment to get away if possible. MacDonald made four attempts at escape, and O'Brien made two attempts, all of which were unsuccessful. Each failure was punished by period of bread and water diet and confinement to underground cells, where their beds consisted of bare boards. Finally, they managed to slip away while engaged in working with a party. Just how they escaped cannot now be explained. They still retained their identity discs, attached to the wrist which proved their story to the Dutch authorities, and they were shown every kindness.

General Turner has assured both men that they would not be sent to the front again, as theoretically they are still prisoners of war. Both MacDonald and O'Brien are Canadian born.

Friday evening's papers contained the news of two Canadians who escaped from a German prison camp, and got back to London in time to celebrate Dominion Day. One of these men, Pie. Frank C. MacDonald is a brother of Mrs. J. A. Ryan of Matapedia and has many friends in town who will rejoice to hear of his escape.

He was taken prisoner at Hooge on June 3rd of last year and was imprisoned first at Dulmen and later at Munster, where all prisoners were forced to work in the mines.

Mrs. MacDonald's wife is at present in Scotland.

THAT HOOVER MAN

People who love justice take much pleasure in reflecting upon the resourcefulness of Hoover, the food controller in the United States. Long before the war, it happens that Hoover had made himself one of the master mining engineers of the world, with an income far beyond that of most of his critics. Wherever the engineers who were doing the world's big work fore gathered, Hoover was known and admired and welcomed. But it was the war which gave him his splendid opportunity. Dropping his own life's work and the big enrolments it brought him, he devoted himself, in association with the British agents, without reserve and without pay to the Christ-like service of feeding and clothing 11,000,000 Belgians and Frenchmen. In all the history of civilization there has been no job just like it and in all history no such job was ever carried on with greater smoothness, swiftness, economy, efficiency and honesty. No history of the war can ever be written without devoting pages of glowing praise to Herbert C. Hoover. His name will be known and honored when the names of some men in politics will become nothing but names to those who once for a brief space held office.

CAMPBELLTON ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh, ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach organs and prevents appendicitis. It has QUICKEST action of anything we ever sold. A. McC. McDonald.

HOUSE BURNED.
The home of Mr. Peter Cyr of Little Cascapedia was burned to the ground on Saturday afternoon, the cause of the fire is unknown.

Advise to the amateur gardener on how to recognize weeds: "A good plan is to pull them out of the ground. If they come up again they are weeds."

BON. AND GASPE AUTO ASSOCIATION

On Thursday last, a meeting of the automobile owners of the Counties of Bonaventure and Gaspé—New Carlisle, having been called together by the Honorable John Hall Kelly, in order to form an organization to obtain better roads for the Counties of Bonaventure and Gaspé.

Among others the following gentlemen were present:—A. Langlois; Alfred Arbour; J. P. Comeau; J. A. Fallo; Thomas Meier; A. Michaud, Dr. Richard; Victor Cote; C. Langlois; William Paré; Raymond Bellin; J. F. Levesque; H. S. LeBlond; Joseph Lagace; Preston Taylor; P. J. Cyr; James Henderson; John W. Keays; P. DeGruchy; Dr. J. E. Milne; Charles Briard; Dr. Verge; E. W. LeGrand; Ernest LeMarquand; Charles Nadeau; R. P. Travers; H. LeGrand; Joseph Bernard; Lee Caldwell; Henry Nadeau; J. N. Albert; Alexandre Bernard; Arthur Nadeau; Isaac Larocque; E. Bunton; J. O. Sherar; W. P. Nonouf.

At the opening of the meeting, the Honorable John Hall Kelly was appointed chairman, and Mr. W. P. Renouf acted as Secretary.

Honorable Mr. Kelly then explained the reason why the meeting had been called. He stated that everybody wanted good roads and that if we did not have good roads, it was not for the want of enough law on the subject. He then read various articles of the municipal Code among others the following, in order to show that the law provided amply for good roads:

Art. 478:—"Every municipal road must, at all times, be kept in good order, free from all holes, cavities, ruts, slopes, stones, incumbrances or impediments whatsoever, with hand-rails at dangerous places, in such manner as to permit of the free passage of vehicles of every description, both by day and night, except in the case mentioned in article 558."

Art. 479:—"Every road must have, if required, on each side thereof, a ditch properly made, of sufficient width and with sufficient fall to carry off the water from the road and from the adjoining lands, and as

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel
As If Walking On Air

OSWEGATCHA, Ont., Nov. 25th, 1914.
"For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

DAN McLEAN.
50c. a box, 6 for \$2.50, trial size, 25c. All dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

many small drains as are necessary, communicating from one ditch to the other."

Art. 471:—"If, in order to carry off the water from any road, it is necessary to make any water-course or ditch upon the lands bordering upon such road, such water-course or ditch is regulated, in accordance with the provisions of article 574, and is constructed and kept in repair, either by the persons liable for road work upon such road, or at their expense, or by the owners or occupants of the lands, the water wherefrom flows off or should flow off by such water-course or ditch, according as it is provided in the process-verbal, or at the expense of the corporation."

Art. 453:—"Every corporation is bound to have the road, bridges, water-control, maintained in the condition required by law, by the process-verbal and by the by-law which governs them, under penalty of a fine of not more than twenty dollars for each infraction thereof."

"It is further responsible for all damages resulting from the non-execution of such process-verbal, by-laws or provisions of law, saving its recourse against the ratepayers or officers in default, as the case may be."

Art. 573:—"Every person in default under article 583 to perform, on any municipal road, bridge, watercourse or sidewalk, any work prescribed by any provision of law or of the process-verbal or by-law governing such work, is responsible for all damages resulting from the non-performance of such work, in favor of the parties interested, or of the corporation or of any municipal officer when such damages have been exacted from them and is further liable to a fine of not less than one nor more than four dollars for each day that he refuses or neglects to perform such work."

Art. 561:—"The municipal road inspector may, without being authorized by the council, perform or have performed the work required on any municipal road, bridge, water-course or sidewalk without his jurisdiction, which has not been performed in the manner or at the time prescribed, by the person bound to perform such work."

"He may also furnish, purchase or cause to be furnished the materials which should have been furnished or purchased for such public work, and which have not been so furnished or purchased in the manner or at the time prescribed."

"Nevertheless, the cost of the work performed and the materials furnished or purchased under this article, must not exceed five dollars each year for each piece of land liable for such work, unless the inspector has previously served on the persons liable for such municipal work, a special notice, either verbal or written, enjoining them to perform such work or to furnish the materials required within a delay of four days, the whole without prejudice to penalties or damages incurred by such persons, by reason of their default to perform such work or to furnish such materials in the manner and within the delay prescribed by the process-verbal, by the by-laws or by-law."

"In every case, the municipal inspector who has performed work, or had the same performed, or furnished or purchased materials, or had the same furnished, under this article, must, as soon as possible, inform the persons in default by a special notice, containing a statement of the amount due for such work or materials."

If a road inspector refuses to do his work he is liable to a fine:—
Art. 242:—"If his refusal or neglect is without cause, he is, in addition, liable to a fine:—
1. Of twenty dollars, in the case of the office of county delegate, local councillor, assessor, rural inspector, district road inspector, auditor, special superintendent, or pound-keeper; or
2. Of thirty dollars, in the case of

the office of mayor or county councillor; or
3. Of forty dollars, in the case of the office of warden."

Mr. Kelly then went on to say that the reason why we do not have good roads is because the law is not enforced. The reason why the law is not enforced, was because the municipal councillors were elected by the people and consequently, wish to be popular, and in order to obtain that popularity, most of our municipal councillor are quite willing to allow their friends to have bad roads. A man who is so neglectful that he refuses to repair his road generally resents any movement made by the council to compel him to make his road and hence the council does not act.

On the other hand, the suffering public hesitates to take proceedings against the parties in default, because again it is not popular. In the meantime, those who are obliged to make use of the roads: the farmer, the merchant and the automobile owners, are paying bills which could be avoided if the roads were kept in the repair required by law.

He then quoted the law of the Province of Quebec which gives automobile owners the right to form a corporation for the protection of their interests. "By signing a declaration that they wish to form such an association, any ten owners of automobiles could become incorporated. He then read the declaration which had been prepared and which sets forth the objects of the association which are as follows:—

1. To promote more friendly relations between the owners of automobiles who shall become members of the said Club;
2. To undertake a campaign in order to impress upon the people of the counties of Bonaventure and Gaspé the great importance of having good roads and the advantage to be derived therefrom;
3. To start a movement in order to eventually bring about the building of a macadamized or gravelled highway from Matapedia to Gaspé Basin;
4. To try to induce the Municipalities of the two said counties to take advantage of the various laws by which Government assistance can be obtained for the public roads;
5. To see that the laws relating to roads are lived up to and to adopt such proceedings in the name of the Club as may be deemed expedient in order to have the law enforced.

Honorable Mr. Kelly then commented upon these various articles of the law and showed all the advantages that the various Municipalities could obtain from the Government if they wished to take over the roads in their Municipality; he explained that a municipal council could take over only the front road, the King's highway, if it wished, and that if \$800.00 were spent each year on the road for per-

manent work, that the Government would reimburse the council the half thereof, to wit: \$400.00. He also showed the other advantage that could be derived by good law.

He stated that the Gaspé Coast was one of the prettiest parts, not only of the Province of Quebec, but of the whole Dominion of Canada, and that if the road between Cascapedia and

Matapedia could be built and kept in proper repair, that it would make a connecting link with the rest of the two counties. He also explained that a gravelled and macadamized road extending from Matapedia to Gaspé Basin is bound to come, but it will only come if the people are alive to it. In the meantime, other

Mailed postpaid on receipt of 25 cents.

WESTERN CANADA FLOUR MILLS COMPANY, LIMITED
TORONTO WINNIPEG

BOUNDED AND CASE AUTO ASSOCIATION

(Continued from Page Two)

parts of the Province of Quebec are getting good roads, and are deriving a benefit therefrom, but the reason why we are not obtaining such roads in these two counties is simply because the people are indifferent.

He therefore explained that one of the principal objects of the association was to obtain a good road extending from Matapedia to Gaspé Basin. For this, co-operation of all was required, of the municipal council and of the people.

In waiting until these results could be obtained, however, the public could not any longer endure the roads which we now have. In the meantime, the association could see that the law was enforced against the municipal councils that have failed to have the roads put in proper repair, and that also proceedings could be taken against the owner of roads which are not up to the standard required by law simply on account of neglect.

It was then decided that the Automobile Association should be formed and the following officers were elected.

President—Hon. John Hall Kelly.
Vice President—Dr. E. G. Michaud.
Directors—J. S. Gorden, Jas. O. Shearer, Edmund Levesque.

The Board of Directors were then authorized to take proceedings against various municipal councils which have failed to comply with the law, and also against various owners of roads.

The annual subscription was fixed at \$2.00 per year. Mr. Eugene M. P. P., also addressed the meeting explaining that the Association did not wish to try to persecute anyone, but that the man who obstinately refused to make his road had to submit to the consequences. He also stated that if the people took an interest in the roads it would make it easier for him in his official capacity to obtain public aid and to help build permanent roads.

DANGER TO IMITATE

"My little girl is very clever," said a lady to her guest. "She can imitate almost anyone." "She can indeed," echoed the husband proudly. "Come, my dear, show us what you can do, pretend to be the housemaid," the little girl then demonstrated her cleverness by giving a most realistic impersonation, greatly to the amusement of the guests. "Go on, my dear," chuckled the proud father.

LOWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and crying would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROSE STORMS, 2200 Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

WAS MISSING; NOW REPORTED KILLED

On Saturday news was received from Ottawa of the death of Corporal John Garrett, who had been missing since October 8th, 1916. Corporal Garrett, who had just passed his 24th year, joined as a private in the Cameron Highlanders in Winnipeg soon after the war started. He was transferred on his arrival in England to the 16th Battalion Canadian Scottish, and saw fifteen months service in the trenches before the end came. Corporal Garrett was the youngest son of the late Captain J. G. Garrett of Port Daniel, Que., and is survived by his widowed mother, one brother, William, and three sisters, Mrs. S. E. LePotvin, of Port Daniel, Mrs. John Harding and Mrs. G. E. Clegg, of Quebec City.—Chronicle, July 3rd, 1917.

Backing from her father, she exclaimed, in a terrified tone: "Sir, let me go! Don't touch me, sir! Let me go! Give you a kiss, indeed! Suppose missus was to hear you." Then the clever darling was suddenly bundled out of the room.

SOLDIERS' COMFORT ASSOCIATION REPORT

The Soldiers' Comfort Assoc. made their 27th month packing of socks and parcels for the trenches on Feb. 29th at the home of Mrs. H. R. Smith. The box contained 478 pairs of socks, besides 13 pairs sent by mail and 5 parcels.

The Society wishes to acknowledge with thanks the following cash donations which aided them so much in the procuring of yarn to carry on their work.

The C'ton Musical Club \$10.61
The Athol Circle \$15.00
The Tea and What-Not-Sale \$68.91
The Oak Bay Circle as per statement membership fees .75
Ice Cream Social at Escuminac 17.00

FOR SALE AT A SACRIFICE

My eight roomed residence on Victoria and Ramsay Streets, Dalhousie, N. B. Part Cash, balance on time. Address, MRS. EDITH TAIT BLACKMER Garden Grove, Orange Co. Cal. June 14-1f.

An Irishman passing a shop where a notice was displayed saying that everything was sold by the yard, thought he would play a joke, on the shopman, so he entered the shop and asked for a yard of milk. The shopman, not in the least taken aback, dipped his fingers in a bowl of milk and drew a line a yard long on the counter. Pat not wishing to be caught in his own trap, asked the price.

"Sixpence," said the shopman. "All right, sorr," said Pat. "Roll it up; I'll take it."

Is sold and recommended by the leading druggists throughout the Maritime Provinces.

2 sizes—25c and 50c

Send 3c in stamps for generous size sample.

The Mentholum Co. Bridgeburg, Ont. 134-17.

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezezone can be obtained at little cost from the drug store but is sufficient to rid one's feet of every hard or soft corn or callus.

Simply apply a few drops of freezezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

Local Items of Interest

Newspaper Notes of Town and Country Happenings Gathered by Graphic Reporters

MISSISSIPPI AND DOWRY
An interesting case of dowry is being heard in the court of Justice Adams.

TOWN COUNCIL
A meeting of the Town Council is called for Friday evening at 8 o'clock.

SERIOUSLY ILL
Many friends throughout the county will regret to learn that Mrs. Daniel McGowan of Point St. is seriously ill.

FIRE ANNIVERSARY
Wednesday was the anniversary of the Campbellton fire. It passed without any outward display. But no doubt all who were residents of the town seven years ago thought of it.

POACHERS CAUGHT
Two men with a fine net were caught drifting for salmon in the river at Flatlands last week. Information has been laid against them and they will appear before His Honor shortly.

RETURNING HOME
Among the returned wounded soldiers who recently arrived at Halifax was Mr. M. Wheelhouse, Campbellton, who is a fine young man, formerly of the 10th Battalion, and Mr. J. J. McLaughlin, and Mr. R. J. Jollymore of Chatham.

NAMES OMITTED
In last week's issue the following names of pupils passing the grading examinations in the school, were omitted:
GRADE X—George McDonald 84.
GRADE VII—Conditionally, Jennie McNamee.
GRADE II—Francis Matheson 82.2.

NEW CARLISLE
Mr. S. W. Dimock, Manager of the Opera House, Campbellton, will be in New Carlisle, Que., for two nights next week, Tuesday and Wednesday, July 17 and 18th, with a good picture show. A complete change of pictures each night.

ANNUAL CONVENTION
The Annual Convention of the Restigouche and Bonaventure Sunday School Association will be held at New Richmond, Que., on July 17th and 18th. A good programme is being arranged and it is expected that a representative of the Provincial Executive will be in attendance.

LIQUOR CASE
Two young men who took a flask of liquor away on a fishing trip, and then landed it over to a third party were up before His Honor on a charge of transporting liquor from one part of the province, not being public carriers. They were fined \$20.00 and costs.

ERECTING NEW OFFICE
The McLennan Foundry & Machine Works are erecting a fine two story office building on their lot to the east of the present plant. The growth of business has been so great since the fire of 1910 that the office staff find it impossible to keep up with its work in such small quarters.

ROADS NEEDS ATTENTION
The road from the end of the Macapedia bridge up through Moore's Settlement, P. Q., is in a disgraceful condition for a district in which there is so much traffic. A few hundred dollars spent intelligently would make great improvement. There is large quantities of gravel for roads all along and if this was used good roads would soon result.

HOW WILL CENSOR CON- CEALS THE NEWS.

Having Habits of England's Chief Executives.

(Detroit News)

No body loves a joke like the censor. He is always up to some trick to make the people enjoy themselves. For instance, Major-General Perching arrived in England. How could the censor tell the people of Great Britain and America where the general had without conveying the news to the Germans? It took a minute for the censor to solve that problem. He dated his story: "A British port." Of course there are many British ports. The German, reading the text, would immediately be bewildered. But the wily censor must convey his news to America. For two-thirds of a column he continued his story, without mentioning the name of a port, but at last:

The British delegation which welcomed the party was composed of Rear Admiral, etc., etc., and the Lord Mayor of Liverpool. And last any American, familiar with the roving habits of chief executives in his own country, might think the Lord Mayor of Liverpool, was joking. In Portsmouth, the censor informed him that the Perching party, having arrived at 9 in the morning, would reach London at 3 in the afternoon. And Liverpool is 200 miles from London. What German mind would ever figure that out? Ah! Now you who have doubted the value of the censor have a concrete instance of what he can do.

CULL THE FLOCK

(Experimental Farms Note.) The urgent need of conservation demands that all poultry not paying its way in either eggs or growth be killed for eating.

The present high prices of feed also make the keeping of such classes of poultry decidedly unprofitable as well as unpractical. Therefore, for your own good and for the good of the country, kill them.

There are in every poultry yard birds that have outlived their usefulness and others that will never pay their way, these might profitably be finished and marketed, not necessarily all at once but as soon as practicable, taking into account the market etc.

In these classes might be mentioned in the order in which they should be disposed of, the following:

1. MALE BIRDS. The breeding season being over, all males should be culled and killed. It will cost \$2.00 or over to keep each male until next breeding season, therefore, get rid of them, it will also be better for the layers, the eggs and the growing of chicks.

2. TURKEYS AND WATERFOWL. W. L. Toms and turkey hens, geese and ducks, not absolutely needed for next year's breeding should be disposed of.

3. HENS. All hens of the heavier classes that are 2 years old and over might better be marketed now. In even the light classes many of this age ought to go. Others that are laying but are not worth keeping for another year should be kept until the egg yield does not pay for the feed. Better still keep culling out those that show signs of early moulting as you go along.

4. BROILERS. If broilers are early it pays best to sell the cockerels when two or three pounds in weight rather than to keep till heavier. This is especially so when the sexes cannot be separated and where the runs are small, the pullets will soon require all the room and green feed available.

Light breed cockerels should be sold early; it seldom pays to feed them to maturity.

5. ROASTERS. Don't leave the marketing of all roasters till late in the fall. Distribute this sale over as long a period as possible. Never market without finishing.

The best of the one and two-year-olds of the lightest breeds might pay to keep all summer but only the year-olds should be kept over winter and even these will stand culling fairly closely.

6. BROILERS. If broilers are early it pays best to sell the cockerels when two or three pounds in weight rather than to keep till heavier. This is especially so when the sexes cannot be separated and where the runs are small, the pullets will soon require all the room and green feed available.

Light breed cockerels should be sold early; it seldom pays to feed them to maturity.

7. ROASTERS. Don't leave the marketing of all roasters till late in the fall. Distribute this sale over as long a period as possible. Never market without finishing.

VALENTINITY.

Mr. Chairman, Trustees, Teachers and Class mates, Ladies and Gentlemen:

We are told that "Life is a boat that is drifting, riding high, rocking low, while the tide turns." If we had read that a year ago, we would have passed it over as a mere piece of poetical nonsense. But now as we are about to leave our school life and go out into the world, in which each must do his or her work, we realize the truth of it. Three years ago we started on our high school course, ever getting nearer our graduation, yet we kept saying, "there's still a year more for us to play." We see now that it was "play" and that many a golden opportunity for further advancement has come and gone unheeded by our carelessness.

Graduation means a great deal in the life of school boys and girls. It is the goal of attainment, the mountain peak of desires that marks the land of preparation and the land where we each must fight and "make our way." In one sense, it is like a cross-road where we hesitate, looking to right and left before taking a decisive step. And that step must necessarily be different from those of former years, on account of this great world war which has changed the face of everything and which has shown clearly how high is love of country in the heart of every Canadian.

Our men and boys from all over Canada have gone and our school also has done its part. Six of our graduates besides many others, who left school before graduation have fallen. But they have not died in vain. Every one of us ought to be able to face the future more bravely with the example of those heroes before us, remembering that they left all they had to give, not for their own gain but to uphold the traditions of our glorious country.

When we think that but for this war they would be here among us, carrying on business, at our social gatherings, living a life of comparative ease, we realize their stupendous sacrifice. Does it not seem that we ought also to do our part, even though it may be small, to increase rather than lessen their glory?

This war is being waged, not for selfish gain, but that right may triumph over brute force; and Canada's part in it has brought her forward before the gaze of the world. Fifty years ago, Canada was just, it might be said beginning to realize what measure must be taken in order to become a real country, with a real national spirit.

This work was begun by the Confederation of the four Provinces in 1867. During the fifty years which have elapsed since that time, she has indeed become a country that any one would be proud of and her strength and patriotism have been well demonstrated in this war, in which not only Canada, but United States and many European powers are taking part.

We hope that it will soon cease, but it is said that after the war, conditions will be worse than ever. We, and all who are now about to take a place in the world, ought to prepare ourselves to meet these conditions so that when Canada looks to us to take the place of those who have fallen, we will not disappoint her.

Our school life has been one of preparation; many of us may go on with this preparation for life, by entering a college or university, but the teaching we have received here, will remain long with us, and it is our teachers who have done everything in their power to further us that we owe our greatest debt of thanks.

Especially in the higher grades, they have taken a greater interest in us, and have spent many an hour with us that might have been spent in personal enjoyment. More particularly is this true of Mr. Carr, who has spent a great deal of time drilling us in geometry and other subjects in which I am afraid, he found us rather backward. And now as we are leaving we take this opportunity to extend to them all our grateful thanks.

Fellow classmates, this day is our own. It marks a milestone in our lives. After today we will never meet again as a class, with the same bond of sympathy between us. And as we stand on the threshold of life, we pause for a parting word. Let us, each one strive to make this old world a little better and a little brighter, by doing our part faithfully and well, and as may the words of wisdom to which we have listened, these last eleven years, bear fruit. And now dear friends, one more word, farewell.

WE ARE HERE TO SERVE YOU

McLaughlins At The Front

Read the letter below from a former Campbellton boy and learn what the McLaughlin Cars are doing in France.

To McLaughlin Branches and Dealers. July 3rd, 1917.
To Pink and Blackburn Co.,
McLaughlin Dealers,
Ottawa, Ontario.

Dear Sirs:—
Several of my officer friends in the French Army are keenly interested in the performance of McLaughlin 6 cylinder motor which I am using for Army Engineering work in this area. They are especially interested in the Delco electrical self-starting, lighting and ignition system and are desirous of getting full information of this and other systems of similar kind such as the Rijo and Delco, commonly fitted on all American cars.

I have no doubt that you will be rather interested to learn that I have recently driven one of the 1916 McLaughlin-Buick Canadian machines over the Alps on three different occasions. I was accompanied at different times by French machines costing several times the price of the Canadian car; the performance on the mountain roads compared very favorably with any machine in the convoy, and I have no hesitation in coupling on either to the front or tail end of the other machines I find on the high way. My opinion of the Canadian built machine has gone up since my recent experience with the McLaughlin-Buick.

Trusting you will be able to give me some information on the electrical system mentioned above, I am
Yours sincerely,

(Signed) GEO. H. JOHNSTON, Major.

IF YOU ARE THINKING OF ATTENDING
FREDERICTON BUSINESS COLLEGE
next term, NOW is the time to write to us for full particulars, which will be supplied on application.
There is a great demand for young men and women to take the places of those who have gone to the firing line. Address:
W. J. OSBORNE, Prin.
Fredericton, N. B.

ARE YOU
prepared for a successful business career? Have you the training demanded by big business? Can you "fill the bill"?
If so, your future is assured. Big business will want you—WILL DEMAND YOU!
Investigate today.
It pays to attend an Accredited School.
Moncton Business College
Geo. J. Schmidt
Moncton, N. B. Principal

We would like to take a SUMMER VACATION, but will not get a chance to do so, as some of our students would be inconvenienced thereby. We can stand it, however, as St. John's summer weather is ideal for study.
One of the principals, and other experienced teachers, always in attendance. Students can enter at any time.

I. P. MacKENZIE
Teacher.

DALHOUSIE.
Miss Vera Dean who has recently returned from France where she went as a volunteer nursing sister a year ago, will spend the summer at Inch Arran House the guest of her father Mr. John Dean.
Mrs. J. H. Jenner and daughter Muriel of St. John are the guests of Mr. and Mrs. Dean at the Inch Arran. The arrivals for the season at the Inch Arran during the past week were Mrs. T. H. Taylor and family of Montreal, Mrs. R. N. Taylor and family, Mrs. Sarah McAllan and Mrs. Wm. Leke of Montreal, Mrs. Billingsley, Miss Billingsley, Miss B. Fiske, Mrs. George Duncan and son of Ottawa.
Among the transient guests recently were Sgt. Harry Culligan, Mr. J. Culligan and two sons and Miss Norah Utison of Quebec River, Mr. R. N. Taylor of Montreal, C. P. Chalmers of Ottawa and Miss Mera Dean of Boston.
The lateness of the season and the unusual cold has made things somewhat backward but the past few bright days, and especially Sunday brought many auto parties to this resort. "The Afternoon Tea" an innovation of this year, has added much to the enjoyment of the casual visitor.

ATHLETIC.
Sgt. A. B. Klippert spent a few days here this week.
Miss Alma Douglas left for St. John on Tuesday.
Miss Eliza and Ethel Comely of Campbellton were guests of Miss Hazel Wilkins recently.
Miss M. Murphy left for Newcastle where she will spend her summer vacation.
Mrs. Jolicœur and children of Montreal are guests of Mrs. F. X. Russell.
Major Hanningford of the Forestry Battalion held a recruiting meeting on Saturday evening in the Athol Opera House.
Pte. A. Hill is in Shediac this week.

NEWSY ITEMS FROM NEARBY PLACES

Gathered by Graphic Correspondents.—Contributions to this Column are Solicited from every District of the Bay Chaleur.

BLACK CAPE.
Mr. and Mrs. Charles Robinson and family of Toronto are spending the summer in Black Cape.
Mrs. J. C. Fair and Miss Renie McNair left on Monday last to attend the Presbyterian which was held in Tabusintac, N. B.
Mrs. Frederick Munro left on Saturday for her home in Paspébiac West.

Miss Ruby Steele is visiting relatives and friends in New Carlisle.
Mr. Earl Campbell who is employed with the Gloucester Lumber Company at Bathurst spent Sunday at his home in Black Cape.
Mr. Ernest Steele is in New Carlisle for a few days.
Messrs. Stewart and Greeman left on Friday for Bonaventure River where they are holding Gospel meetings.

Friends of Miss Annie Burton will be sorry to learn that she is confined to her room from the result of an accident which she sustained on Saturday evening.
Mrs. John Argie and her sister Miss Mary Hardy are spending the summer months at their cottage here.

NEW CARLISLE.
A meeting of the Girls Khaki Club was held at Mrs. Allard's on Monday, June 25th. One officer and ten members were present. One new member, Winnie Chisholm.
Receipts of the evening amounted to:
Membership Fee \$25
Donations 2.75
Fines .85
Total \$28.60

Next meeting to be held at Mrs. Hocquard's Monday, July 2nd. A meeting was held at Mrs. Hocquard's July 10th which had been postponed. One officer and eleven members were present. The next meeting to be held at Mrs. G. F. Maguire's on Monday July 16th.

Miss Lillian Astles teacher at Veilleux Que. returned home on Thursday to spend her holidays here.
Mrs. David Le Furgey and children of Campbellton are visiting her parents Mr. and Mrs. Ernest Astles.

DOUGLASTOWN, P. Q.
There passed away at her residence at Douglastown, Que., on June 30th a most respected citizen in the person of Mrs. Edward Bond, aged sixty-four years.
The deceased is survived by four sons and four daughters, also, two sisters, Mrs. H. White of Montreal and Mrs. J. Brothers of Douglastown.
The funeral was held at the Roman Catholic Church, requiem Mass being celebrated at nine o'clock while appropriate hymns were rendered by the choir.
Much sympathy is expressed for the family and relatives of the deceased.
Miss Rosie A. Kennedy has returned from visiting her sister Mrs. L. Kennedy.
Mr. Carl Gaul has returned to his home here from Quebec, friends will regret to know that he is ill.

DALHOUSIE.
Miss Vera Dean who has recently returned from France where she went as a volunteer nursing sister a year ago, will spend the summer at Inch Arran House the guest of her father Mr. John Dean.
Mrs. J. H. Jenner and daughter Muriel of St. John are the guests of Mr. and Mrs. Dean at the Inch Arran. The arrivals for the season at the Inch Arran during the past week were Mrs. T. H. Taylor and family of Montreal, Mrs. R. N. Taylor and family, Mrs. Sarah McAllan and Mrs. Wm. Leke of Montreal, Mrs. Billingsley, Miss Billingsley, Miss B. Fiske, Mrs. George Duncan and son of Ottawa.

The lateness of the season and the unusual cold has made things somewhat backward but the past few bright days, and especially Sunday brought many auto parties to this resort. "The Afternoon Tea" an innovation of this year, has added much to the enjoyment of the casual visitor.

ATHLETIC.
Sgt. A. B. Klippert spent a few days here this week.
Miss Alma Douglas left for St. John on Tuesday.
Miss Eliza and Ethel Comely of Campbellton were guests of Miss Hazel Wilkins recently.
Miss M. Murphy left for Newcastle where she will spend her summer vacation.
Mrs. Jolicœur and children of Montreal are guests of Mrs. F. X. Russell.
Major Hanningford of the Forestry Battalion held a recruiting meeting on Saturday evening in the Athol Opera House.
Pte. A. Hill is in Shediac this week.

JACQUET RIVER.
Miss Kathleen Hayes is receiving congratulations on her exceptional ability, having received three prizes at St. Michael's Academy at Chatham, where she has been pursuing her studies. The prizes are gold medal for General Excellence, presented by Judge Connors; gold medal for Mathematics; prize for Pen and Ink Drawing, presented by Miss Lawlor. We are certainly extremely proud to have such a talented young lady from our home town.
The French Red Cross Society have extended an appeal to Canada for assistance in the shape of funds and July 14th Saturday has been appointed as French Red Cross Day. The local branch of the Canadian Red Cross Society will hold an Ice Cream Sale in the evening at the Red Cross rooms. Proceeds in aid of this most worthy object.
The tax payers of the district have been doing the annual road work last week and there is a decided improvement in consequence. A large number of men and teams were employed and hauled gravel in many of the mud holes created by the extensive rains.
Congratulations are in order to Mr. and Mrs. Patrick Shannon of Archibald Sett, on the arrival of a baby boy at their home last week.
Also to Mr. and Mrs. H. P. Doyle of Campbellton where the stark deposited a baby girl recently.
The local Red Cross Society will give an entertainment in the C. M. B. A. Hall on Wednesday, July 18th, in aid of the local branch of the society. A comedy will be staged, entitled "The Poor Married Man," by some of the stars of local talents and no doubt will be well patronized. Candy will be sold between the acts and every one is looking forward to a very enjoyable evening.
The death occurred last week of Mrs. McCormick of Belledune. The aged lady had been in ill health for some time, and was quite advanced in age. The remains were brought to the home of her daughter, Mrs. Peter Barclay from which place the funeral was held. Services were conducted by Rev. F. L. Jobb at 2 o'clock, at the house. Interment took place at New Mills cemetery on Thursday afternoon. The sympathy of a large circle of friends is extended to Mrs. Barclay at her irreparable loss.
Warden A. C. Marchie and Councilor John Lawlor attended the meeting of the municipal council held at Dalhousie last week.
Mr. Wilfred McLean of Black Pointe Liquor Inspector, was in town last week on business.
Rev. J. Z. Lambert of St. Hilaire, N. B., formerly of Nashes Creek was warmly welcomed back last week by his former parishioners as well as a host of friends.
A very pretty wedding was solemnized at the home of Mr. and Mrs. McLean, Archibald Sett, when their daughter Emmeline was united in marriage to Mr. Lester J. Smearey son of Mr. and Mrs. Martin Smearey also of Archibald Sett. The ceremony was performed in the garden at 2 o'clock in the afternoon by the Rev. F. L. Jobb in the presence of a large number of friends and relatives. Miss Evelyn McLean sister of bride acted as bridesmaid, while the groom's brother Mr. David Smearey was groomsmen.
A dainty luncheon was served after which dancing was indulged in, till the wee sma' hours. The large number of presents received testified to the popularity of Mr. and Mrs. Smearey happy future.
who have a host of good wishes for a happy future to the family and guests, to the number of fifteen, of Springfield, Mass., arrived Saturday to spend the summer months at their country home, Hillcrest Cottage here.
Mrs. D. McAllister and Miss Majorie McAllister visited friends in Dalhousie recently.
In the report of the closing of Harkins Academy, Neweastle we note the names of Miss Delphine Clarke, and Miss Katherine McMillan among the graduates. Both these young ladies are to be congratulated on their achievements.

GENUINE LEATHER

Studebaker bodies are upholstered with genuine leather, and it is of high grade quality—the same that you find on cars costing from \$1000 to \$1500 more than Studebaker cars.

It is soft, pliable, durable, fast-colored, and it will not work off, scale, crumble or check. We describe this leather to you because it shows the construction of the car.

Expense has not been spared to cheapen the car in any particular. It is distinctly a high grade, fine automobile. Your comfort, your safety, your pride, have all been considered in the design and construction of both the FOUR and SIX.

It costs only a little more to obtain the quality that you find in Studebaker cars, and this quality is the thing that gives you real economy. "It is better to pay a little bit more and get the BEST."

"Made-in-Canada"

40 H. P. FOUR \$1375
50 H. P. SIX \$1685

In the Balance

"In acute disease or sudden injury the steady, constant drinkers' chances of recovery are diminished 50 per cent."—Professor Gilbert Barling, F.R.C.S., Vice-Chancellor of Birmingham University.

It was at the bedside of a very sick man. The physicians gravely watched the struggle between Life and Death. All depended upon the heart. Could it cope with the crisis? Life hung by a thread. The thread snapped. The newspapers said he died of pneumonia, and so he did. But the physicians remarked, "Too had he used alcohol, or he could have passed the crisis."

Yet this man was no drunkard—just a moderate drinker; he could "take it or leave it alone just as he liked," and all the rest of it; was a highly respected citizen, and a staunch supporter of "British Liberty" (to have his drop when he wanted it).

Here's the tremendous significance of his case: He always voted—true to his convictions. Moderate drinkers form a large proportion of the vote upon which the Traffic depends for existence. In fact, in many communities the moderate drinkers hold the "balance of power."

Help to Enforce Prohibition

When, after the war, the people vote for or against permanent Prohibition the moderate drinker may turn the scale as he wills.

Prohibition is on trial. The moderate drinker of the class mentioned is needed in the fight for vigorous enforcement—the means to permanent victory—and who is more likely to be indifferent? Would the moderate drinkers in New Brunswick could thoroughly realize the seriousness of even slight acquaintance with John Barleycorn, Prohibition would be assured forever!

In the name of common sense, why will intelligent men vote for such a curse? Think of thousands of good citizens being the Traffic's main political support by voting "wet."

Will the moderate drinkers take the responsibility of killing Prohibition after the war? We think decidedly not. But we want their help now—to enforce the laws and thus make freedom a certainty.

Use your influence with every moderate drinker you know. Help to enforce Prohibition.

The Red Cross Nurse says to you:—

"Alcohol, by lowering resistance, nine times out of ten, makes it just so much harder for the patient to recover."

"In addition to the event noted above, the two greatest achievements in connection with the Dunlop Rubber

Company, Talks In An Interesting Manner of the Development of the Rubber Industry and Its Possibilities in the Future.

by Race were put on, firstly, in 1912, when before thousands of people the Dunlop company staged the first bicycle, motorcycle and auto meet ever held in Canada on one track at one time, and secondly, in 1915 when a monster meet was held before ten thousand people and the entire proceeds given to the Red Cross, the Dunlop company paying all the expenses."

PASSING OVER LEATHER
The Dunlop man was next interrogated apropos of the talk commonly heard that the scarcity of leather has brought rubber more than ever into the limelight. He answered: "It is needless to point out that good leather is scarcer than before the war. This condition immediately benefits two portions of the rubber industry—rubber belting and 'Acme' soles. You probably have seen some of our announcements concerning 'Acme'—'The Sole of Perfection.' This product, which outwears and outlasts leather, is fast coming to the fore, and undoubtedly, will be taken up by the people on a large scale. Why should the people, in time with the government's appeal, save money on their shoe soles, as well as in household articles? Naturally too, conditions governing the leather market will further popularize the rubber heel through Dunlop Heels have been accepted as standard for more than a decade. As a matter of fact the demand for Dunlop Heels has been little short of phenomenal."

MAKING RUBBER MATS
Mr. Briggs gave a thorough education in the whereabouts of Mechanical Rubber products. He stated that the Dunlop company has to its credit the sales of tens of thousands of feet of heavy rubber belting for the elevation and conveyance of sand, gravel, coal

and one in one province alone. This is exclusive of the many thousands feet of belting sold for various other purposes. To one huge elevator the company supplies belting measuring over two miles in length and weighing thirty-two tons. At another time they shipped to one of the largest conveying and elevating systems in the world belting which weighed well over fifty tons.

BELTING ENDURANCE
Carrying approximately half a million tons of destructive rock and gravel and one million tons of coal are certainly some tests of belt endurance. These are the respective records of Dunlop Conveyor Belts have to their credit since being installed.

ONE MILE OF BELTING
It wasn't so very long ago, either, since one of the largest saw mills in the maritime provinces was fully equipped throughout with "Gibraltar Red Special" Belting, approximately one mile in length. More than two-thirds of this belting was on its way by express from the St. John headquarters of the company on the same day the order was received. The owners same brand of belting in no less than a most efficient medium for the fighting of fires. It is a great source of pride to the company that their product is daily keeping guard over innumerable lives and millions of dollars' worth of property. Thousands of feet of other hose for all manners of use are turned out daily at the Dunlop factories. Steam, air brake, car tender, and water hose in enormous quantities have, and are being supplied to practically all the railroads either domiciled or operating in Canada. Huge Dunlop dredge sleeves, into which several men could easily crawl at one time, are in commission in many big dredges.

UNDERWRITERS LEND APPROVAL
In Mill and Gasoline Hose the company has achieved creditable success and has been given authority by the Underwriters' Laboratories Inc., Chicago, to manufacture Dunlop Underwriters Mill Fire Hose (Cotton Rubber-Lined) bearing the grade of approval.

RUBBER PACKING INDISPENSABLE
It seldom occurs to many people that if all packing was taken out of a factory, and the way was no more obstructed along with the inevitable result. Wherever there is steam there is packing. Rubber packing, therefore, is a necessary in order to keep the wheels of industry moving to the zenith of their efficiency. Dunlop "Sunset" Red, and "Globe" Spiral Packings are doing just that in practically all the busy centers throughout Canada. Particularly in the big steel industries, where abnormal conditions call for super service, such as 175 lbs. steam pressure, they are living up to the general reputation of Dunlop Rubber Products.

RUBBER TILING IN DEMAND
In hospitals, Dunlop Tiling is finding constant and increased favor. Particularly in this case it is suitable

by Race were put on, firstly, in 1912, when before thousands of people the Dunlop company staged the first bicycle, motorcycle and auto meet ever held in Canada on one track at one time, and secondly, in 1915 when a monster meet was held before ten thousand people and the entire proceeds given to the Red Cross, the Dunlop company paying all the expenses."

Admission 10cts. Supper 25cts.

OBITUARY.

Dalhousie, N. B. July 8.—Patrick B. Troy, one of Dalhousie's most respected citizens, passed away at his home here on Saturday morning after an illness of only a few hours. For several months Mr. Troy's health had been failing but it was not known that death was so near. The news was a great shock to the community as he had been about town on Thursday and Friday. He was born at Douglastown (N. B.) sixty-seven years ago, being a son of the late John Troy. He was an expert architect and his first work in Restigouche county was the building of a large school at Campbellton. He came to Dalhousie in 1881. Many fine buildings adorn the North Shore and Gaspe Coast due to his great skill, such as the convent, R. C. and Presbyterian churches, Dalhousie; Academy, Gaspe; R. C. church, Port Daniel, and the great modern stores at Gaspe and Paspébiac (P. Q.) owned by Robin, Jones, & Whitman Company. Mr. Troy was a quiet disposition, was well posted and interesting in conversation. At the last annual meeting he was elected president of the Dalhousie Social Club. He leaves his wife, formerly Miss McAliskill, of Dalhousie; four sons, Frank, St. John; Aloysius, Wignepie; Leo, assistant paymaster 132nd Battalion, England; Bernard, at home, and three daughters—Stella, Dorchester, (Mass.); Audrey and Ellen, at home; three brothers—James M., Newcastle; John, Douglastown, and William, Chatham; and one sister, Mary, Douglastown. The funeral of Mr. Troy took place on Tuesday morning to the R. C. Church and was largely attended. Beautiful floral tributes were sent to the bereaved family. High mass of requiem was celebrated by Rev. A. A. Boucher. The body of a devoted husband, a cherished father, a generous man was buried in the cemetery near the church, he had designed and built, and in which he often knelt to offer his homage to God. The pall bearers were his two sons, Frank and Bernard Troy and his four nephews, Allie LeBlanc, Gregory, Raymond and Everett Marquis.

"TOTHER DEAR CHARMER."

Rastus and Judge Herbert had been friendly since boyhood, and when the negro came sheepishly in to the Judge's office the other day their greetings were extremely friendly. "Well, Rastus," said the judge, "What's on your mind?" "Nuffin, ch, jedge, 'cept I wants to git a license to git married." "Going to get married, eh. Well, well! And who's the lucky lady?" "Miss Johnson, sub—Miss Rosie Johnson." The license was made out, the requisite sum paid to the clerk, and Rastus departed grinning and rejoicing. Two days later he came back. "Say, jedge, can't you change de name on dat license f'm Miss Rosie to Miss Lily? I's sort o' changed mah mind favor o' Rosie's sistah." "You have, eh? Well, hand another dollar over and it shall be done. We'll have to make out a new license, you know." Rastus drew a long face. "Can't you just scratch de name o' Rosie, jedge and put Lily down instead?" Finding his friend obdurate, the negro declined further parley. He turned away. "Dey Ain't dat much difference 'tween den two gals, is how?" he declared, carefully pocketing the original. A. A.

N. B. STRAWBERRY CROP A RECORD ONE

Probable That Boston Market Will Take Bulk of the Juicy Edibles. A. G. Turney, Provincial Horticulturist, who returned from Montreal early in the week, after spending some days there investigating conditions related to marketing of strawberries, is now in Boston on the same errand. It is probable that the Boston market will take the bulk of the strawberry crop of New Brunswick, which promises to be a record one.

A SENSIBLE FRENCH PAPER

Published in City of Quebec, Yet its Editor Tells A Few Plain Truths. L'Evenement, one of the courageously loyal papers of Quebec combats with energy those who are proclaiming at the street corners that we owe nothing to England. "History teaches us that from the beginning of English supremacy we have had the same prerogatives and freedom of government, as well as the protection, accorded to free countries. It has been falsely said that we have given great commercial advantages to England, for under the present Government the last atom of preferential tariff was taken away. Consequently, we must admit that Great Britain has accorded us in their entirety and in all their plenitude our civil and religious liberties. We must also admit that England has protected us throughout all the dangers which menaced Canada in 1775 and in 1812, when British frigates remained in our ports protecting us against the Bostonians and the Fenians. Therefore, while being a colony and subject to the same fate which our masters gave us in 1759, we enjoy absolute freedom in government and civil and religious liberty, which cannot be contested. Free to the blind to declare that he would be quite as well under German rule yet it would be well for these same people to cite one German colony enjoying autonomy. Indeed, England they say, has never protected us and we owe her nothing. What has, as a matter of fact, the British fleet done since three years or more? Not only has it protected us at home, but also has permitted us to export everything that our industries or agriculture can produce at most advantageous conditions. That is what we owe to Great Britain.

HEROES AT HOME.

One summer's day in Aug. A cry went o'er the land, The news of war came to our door Like flames which had been fanned.

A war which most expected Would be the worse ere fought, So to the help of England Men, by this news were brought.

Men from every line of work Came forth to do their bit, And though not regular soldiers To their task did quickly fit.

Those who first came forward Have gone to face the foe, A number have been spared their lives But the majority have been laid low.

Many a home has been poorer Many a friendship lost, But the sacrifice of our heroes Who knew full the cost.

Many a circle is broken Many an arm chair Stands in the corner vacant And no one ventures there

Memories it brings to loved ones Of days for ever past Days filled with love and sunshine No cloud the sky obscures.

BORN.
At St. John, on July 5th to Mr. and Mrs. F. J. McRae, a son.

IMPROVEMENTS AT DEPOT.

The C. G. R. office are being renovated by painters and a great improvement is being made to the interior appearance.

GIRL'S STATEMENT WILL HELP CAMPBELLTON

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried backhorn bark, glycerine, etc., as mixed in Adler's Laxative. ONE SPOONFUL helped me INSTANTLY." Because Adler's Laxative flushed the entire alimentary tract it relieves ANY CASE of constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything ever sold. (A. Mc G. McDonald, druggist).

NOTICE OF SALE.

To Paul Caisie, of Mountain Brook, in the Parish of Balmora, in the County of Restigouche, and all others whom it doth, shall or may concern: Take Notice that there will be sold at public auction in front of the Court House in the Town of Dalhousie, in the County of Restigouche, on THURSDAY the sixth day of September A. D. 1917, at the hour of two o'clock in the afternoon, under and by virtue of a certain proviso or power of sale contained in a certain Indenture of Mortgage bearing date the twenty-fifth day of April A. D. 1916, made between Paul Caisie of the one part and the undersigned James Martin of the other part, and registered in the Office of the Registrar of Deeds in and for the County of Restigouche as Number 15667 in Book "L-2" pages 106 to 109, for the purpose of satisfying the mortgage due and secured in and by the said mortgage, default having been made in the payment of the principal money and interest due owing and secured under and by virtue of the said Indenture of Mortgage.

ALL that certain lot, piece or parcel of land and premises situate lying and being in the Parish of Coleborne, in the County of Restigouche, and described as follows:—Beginning at a spruce tree standing at the southern angle of the east part of Lot No. 4 in the second tier of lots south of the Chaleur River, thence south six degrees west one hundred chains to a birch tree, thence west forty-four degrees west ten chains to a cedar tree and thence south forty-four degrees east ten chains to the place of beginning, containing fifty acres more or less, being the easterly third part of Lot 40 in the third tier of lots south of the Bay Chaleur.

ALSO ALL that certain other lot, piece or parcel of land and premises situate lying and being in the Parish of Coleborne, in the County of Restigouche, and described as follows:—Beginning at the southwest angle of lot of land owned and occupied by Joseph J. McIntyre on the North side of boundary line of road going to Balmora, known as the "Brest Road or Mountain Brook Road," thence along said boundary line of said road the whole breadth of lot of land owned and occupied by the said William Craig thence at right angles in a westerly direction along the easterly boundary line of lot owned and occupied by John G. Craig, thence at right angle running parallel with the boundary line of said road the whole breadth of the said William Craig senior lot of land, thence at right angle along the western boundary line of lot of land occupied by the said Joseph one acre to the boundary line of said road or to the place of beginning, containing three acres more or less.

Together with all and singular the buildings and improvements thereon and the rights, members, privileges, hereditaments and appurtenances to the said premises belonging or in any manner appertaining.

Dated the twenty-seventh day of June A. D. 1917.
JAMES MARTIN, Mortgagee.
E. BENT RICHARD, Solicitor for Mortgagee.
