C. G. I. T. CAMP AT CHIPMAN

About Seventy Girls Will Enjoy Ten Days' Camping Out.

An interesting and helpful feature of the work being done in the churches among the girls of the teen age is that represented in the Summer Camps, a series of which is being conducted in different parts of the three Maritime Provinces under the leadership of the Maritime Religious Education Council. A Girls' Work Board consisting of representatives of the Anglican, Baptist, Methodist and Presbyterian Churches and Y. W. C. A. has been created in each province through which these organizations co-operate in this sphere of Religious Education.

The Girls Camp for New Brunswick is to be held near Chipman, on the bank of the Salmon River, and opens July 27, continuing for about nine days until August 5. Accommodation is provided here for 70 campers, girls 15 to 19 years of age under the care and guidance of capable Leaders. "Camp Wegesegum"—for this is the name given to it—is well situated and accessible from all parts of the province. The enrolment this year will include girls from Campbellton, Chatham, Moncton, Fredericton, Woodstock, St. John, and other parts of the province. The site of the camp possesses splendid facilities for camp life, a large level field for sports, delightful shady nooks along the river bank, a safe shore and good water privileges for bathers and swimmers. The camp equipment consists of good strong tents, a marquee for dining-room on fine days, a cook house and, added this year, a large airy bungalow with a "comfy" fireplace for wet days.

The camp combines the features of home training school, social conference and holiday. It gives the girls of the province an opportunity to withdraw from school and business life into God's out-of-doors and there live the four-fold life—physical, intellectual, social and religious—for which all Canadian Girls are training.

The Camp Officers and Leaders include: Miss Mary E. Allen, Girls' Work secretary, who is the Camp Director; Mrs. R. D. Taylor of Fredericton who will be camp Mother; Mrs. J. D. Hunter of St. John, business manager; Mrs. George Sample of Moncton, Land Sports Officer; Miss Phyllis Woods, Miss Dorothy Lowe, Miss Jean Sommerville of St. John and Miss Flora Peck of Hillsboro who will be group leaders. Besides these above named there will be others including a Nurse and a Water Sports Officer. The officers of the New Brunswick Girls' Work Board which organizes the Camp include Mrs. R. A. Jamieson, president; Miss S. B. Ganong of Rothesay, vice president; Miss Bessie Holder, St. John, Secy-treas.; and Miss Mary Allison, ex-officio.

Misses Dorothy Ingram, Marion Baird and Elizabeth Anselow represent the Campbellton C. G. I. T. at this camp. They left Tuesday morning for Chipman.

R. R. EMPLOYEES ASK FOR BOARD

Seek to Prevent Wage Cut—Formal Application Made.

Ottawa, July 26.—A formal application for a board of conciliation to mediate the matter of wage reduction proposals affecting the employees of the Canadian National Railways was received by the department of labor this morning.

The application was the result of a conference at Ottawa yesterday and today of representatives of the stationary trades on the National, including clerks, freight handlers, station round house and other employees, also parlor, dining, sleeping car employees.

This constituted the first step taken by employees of any branch of railway service in Canada to prevent the railroads putting into effect wage reductions based on the reductions suggested by the United States railroad labor board for the railways of that country.

It is also the first occasion of any importance in which the Labor Department has been asked to convene a board to deal with a question of wage reductions. While the management of the Canadian National Railway has not been given an opportunity by the department indicating its intention of concurring or otherwise in the appointment of a board, the employees' representatives claim that President Hanna has already had cause to take the matter of wage reductions to arbitration.

CAMPBELLTON MAN SHOT IN MONTREAL

Was Mistaken by Detectives for Alleged Confidence Man.

Montreal, July 26.—Suddenly confronted by two armed detectives whom they thought were hold-up men, three men who were sitting under a tree near the corner of University and Deschamps streets this morning took to their heels in panic.

The pursues opened fire as the fleeing men and J. G. McCormell, of Campbellton, N. B., fell, wounded in the leg. McCormell and two other men were making their way to a tree when they were stopped by the police. McCormell was captured and taken to the police station but was later released.

The other escaped. McCormell himself was able to leave the hospital, after having his wound dressed.

A LONG TOWN.

Caracut is the longest town in Canada, about twenty miles, but it has only one street. Many of the residences and stores are fine buildings.

O. B. LAWSON KILLED IN WRECK

Popular C. N. R. Special Police Agent Meets Instant Death.

Newcastle, N. B., July 26.—The most disastrous fire that has visited the Miramichi for some years, broke out about three o'clock this morning in the lumber yards of the late D. J. Buckley, at Nordin. The blaze was first discovered on the upper side of the road, evidently started from a cigarette or match being thrown from a passing car or wagon.

Assistance was asked of the Newcastle and Chatham fire departments. Both responded promptly, the former with their steamer and the latter with tugs, Kex and St. Andrews, and soon had several streams playing on the blaze and after a strenuous battle of six hours brought the fire under control.

Much praise is due the firemen of both towns for their work in saving the mill, also the houses and barns in the vicinity, several of which were on fire at different times.

The loss is between four and five million feet of lumber valued at about \$200,000, partly covered by insurance.

WILL SPEAK AT ST. JOHN.

It has been announced that one of the speakers at the convention of the Union of New Brunswick Municipalities which will be held in St. John on Aug. 21 and 22, will be R. F. Armstrong, town manager of Woodstock, N. B., who will speak on town management.—Telegraph.

OBITUARY.

William Patrick Murray.

Mr. and Mrs. M. E. Murray, Cross Point, P. Q., have the sympathy of all in the death of their little son William Patrick, aged sixteen months, who passed away on Wednesday, July 20th after a week's illness.

The funeral was held Thursday afternoon, Rev. Father Pacific officiating, and was largely attended.

Brakeman Isadore LeBrun of Mont Joli had an arm broken and was badly hurt.

Campbellton was immediately notified and the auxiliary crew under the personal supervision of Dist. Supt. Martin, carrying Dr. McPherson left almost immediately for the wreck.

Corporal DeWolf of Matapedia was also notified and proceeded to the wreck, and held an inquest.

The wreck was not bad and the line was only blocked a very short time, the Maritime Express which was following the freight specials, being very little delayed.

The injured after being attended to by Dr. McPherson were brought to Campbellton and sent to the Hotel Dieu Hospital for further treatment. Both trains were running at the time of the collision.

An investigation was held Monday by Supt. Martin.

Special agent Lawson entered the railway service at Campbellton on May 8, 1917, as police officer. On October 15 of the same year he was promoted to the position of police inspector, and on January 1, 1919, was appointed to the position of special agent. He was also Chief of Police of Chatham, going to that town from Glace Bay, N. S., and he was a policeman at Dalhousie just previous to going on the C. N. R.

Many friends will learn with sincere regret of his tragic death.

Funeral Monday.

The funeral was held Monday afternoon and was very largely attended. The members of North Star Lodge I.O.O.F. of which deceased was a member marched in full regalia and took charge of the service at the grave, Rev. F. E. Boothroyd, Chaplain, leading the impressive service. The floral tributes which were as follows were very beautiful:

- Pillow—Family.
- Wreath—Supt. and Staff C.N.R.
- Wreath—Special Service Dept. C.N.R.
- Wreath—Chatham Lodge, No. 45.

FIRE AT CHATHAM. The planing mill in connection with the Snowball lumber mill at Chatham was destroyed by fire last evening.

MUCH LUMBER IS DESTROYED

Estimated Five Million Feet of Lumber Goes Up in Smoke.

Newcastle, N. B., July 26.—The most disastrous fire that has visited the Miramichi for some years, broke out about three o'clock this morning in the lumber yards of the late D. J. Buckley, at Nordin. The blaze was first discovered on the upper side of the road, evidently started from a cigarette or match being thrown from a passing car or wagon.

NEW BRUNSWICK LOCAL SOCIETY

Dr. L. G. Pinault of Campbellton Elected President at 41st Annual Meeting.

St. John, July 20.—Dr. L. G. Pinault, of Campbellton, was elected president of the New Brunswick Medical Society at the concluding session of its forty-first annual meeting which was held in the Board of Trade rooms yesterday afternoon. The other officers elected were: Dr. S. H. McDonald, St. John, first vice-president; Dr. E. Stanley Bridges, St. John, second vice-president; Dr. W. P. Kirby, Moncton, corresponding secretary; Dr. E. J. Ryan, St. John, recording secretary; Dr. J. B. Lawson, St. Stephen, treasurer. Trustees: Dr. A. F. Emery, St. John; Dr. A. E. Loggie, St. John; Dr. A. J. Sormany, Shediac. Executive: Dr. L. G. Pinault, Campbellton; Dr. Murray MacLaren, Hon. Dr. Roberts, Dr. E. J. Ryan, St. John; Dr. P. J. Veniot, Bathurst; Dr. J. D. Lawson, St. Stephen.

Considerable routine business was transacted at the afternoon meeting.

MUCH ANIMAL LIFE.

A traveller who reached Chatham on evening recently, from Bathurst, by motor over the direct road says he never before saw so many animals on a highway. They included one bear and he thinks, about 200 rabbits. He says he had taken no home-brown—World.

FOR CHILDREN'S WARD.

On Wednesday, July 20th, a fancy sale was held by the Misses Evelyn LeBlanc, Gabrielle Allard and Yvonne Gaudry at the home of Miss Gaudry. Candy and refreshments were also sold. The proceeds were given to the Hotel Dieu Hospital for the furnishing of the Children's Ward.

ON MOHAWK TRAIL.

A post card from Mr. W. H. Gray from Pittsfield, Mass. says that he and party were having a nice auto trip to New York. They went by way of the Mohawk trail which is one of the best auto roads in the east.

WERE PREVENTABLE.
The forest fires in Ontario, Quebec, New Brunswick and Nova Scotia this year have been in the great majority of cases humbly set. Few were caused by malevolence, but the effect on the public purse is not made easier to bear because of that. Of the thousands of dollars of public money expended by these provinces for fires fighting, of the millions of dollars in timber and other property, not to speak of the sacrifice of several lives, the greater part would have been wholly unnecessary if fishermen, campers, and settlers chose to observe common sense precaution with fire in wooded districts.

The Canadian Forestry Association points out that of the series of huge conflagrations in the forests of Eastern Canada this year, practically all commenced without legitimate excuse, indirect defiance to the fire laws and the interest of the public. Lightening has caused a number of this year's forest fires but ninety per cent of the loss is attributable to such classes as settlers, fishermen and campers. The camp fire which the user fails to extinguish is a formidable enemy and the cigarette and match thrown down on the inflammable floor of the forest take an enormous annual toll.

HYDRO-ELECTRIC.
Now that hydro-electric power has been turned on at Bathurst and arrangements are being made to have a transmission line erected through to Newcastle, it is not time some steps were being taken to supply hydro-electric for Restigouche. There is not a doubt but that there are thousands of horsepower running to waste in our northern rivers that should be harnessed. Our present electric light system is overloaded and if we cannot get hydro-electric development, we will of necessity in the next year have to spend from \$75,000 to \$100,000 for new machinery at our present plant.

Under these circumstances it would seem wise to look about for some site for development, and the looking should not be delayed.

NEW BRUNSWICK'S STANDING.
The financial position of July 8th contains the following paragraph—
"New Brunswick is a province of vast potentialities, inasmuch as the great wealth of varied natural resources has been scarcely touched. Agriculture, fishing and lumbering are the predominating industries, while mining is becoming of more and more importance. The province has an all-year-round ocean port which is an invaluable asset. Provincial finances are sound, and all municipalities are in a position of enviable stability."

DOGS ON AUTOMOBILES.
A number of motorists and dog lovers about the city have developed the habit of carrying their dogs on the running board of their cars. This is detrimental to the eyes of the dogs, and in Massachusetts the S. P. C. A. have had such practices declared illegal. It was found there that the dogs carried their eyes constantly glued on the road directly in front of the car and the strain on their eyes was so great that ultimately the dogs became blind.—Ex.

THE GOVERNMENT PAYS.
At every court meeting which the prohibition law has been discussed some councillor makes the statement that the town or municipality has to feed the prisoners sent to jail for violation of the prohibition law. This is not correct as the local government pays all prisoners board. All that is necessary is for proper accounts to be forwarded the government, when they will be paid.

SAVE LEGISLATURE.
An amendment made to the Criminal Code at the recent session of Parliament makes imprisonment without the option of a fine the penalty for the person who drives an automobile while intoxicated. That is a wise change in the law. The drunken automobile is a menace and against such a menace the public must have thoroughly adequate protection.

Ontario now has a better opportunity to enforce the prohibition law. It is no longer legal to import liquor into that province, and when the supplies which were rushed in during the last few weeks are exhausted there will be a marked change in conditions. New Brunswick must wait till October for the prohibition, but it will follow Ontario's lead.

FIFTEEN THOUSAND AUTOMOBILES NOW

New Brunswick Fees Reach Quarter of a Million Dollars.

Fredericton, July 22.—Hon. P. J. Veniot, Minister of Public Works, has given out a statement showing that receipts for motor vehicle license fees in New Brunswick this year have already reached a quarter of a million dollars.

The highest receipts for this source in any year has been \$198,000, which was the amount taken in last year, when the estimated receipts were \$185,000. This year, with an increased rate of fees and a bright business outlook at the time the estimates were made, it was figured that the province would receive \$275,000 from this source in revenue.

While accurate figures are not available, it is learned that the number of motor vehicles in New Brunswick now approaches 15,000. There are more than 13,000 touring cars and other pleasure vehicles, while there are about 800 trucks and a large number of motor cycles. The minister said that about 2,000 new autos had been licensed in New Brunswick this year, as well as about 200 new trucks.

OBITUARY.

Elizabeth Mowat.

The death of Miss Elizabeth Mowat took place at her late home in Maria, Que., on July 2nd, 1921 after a short illness of Arteriosclerosis.

Miss Mowat was one of the oldest residents of the County of Bonaventure, living to the ripe old age of 98 years, 4 months and 17 days, being born at Maria, Que., on March 14th, 1823.

She was a very active and industrious person, as were all the members of her family and took a keen interest in all the events of the day, until the last hours of her life.

Miss Mowat was of Scotch descent, her father and mother William Mowat

and Lucy Lindsay McCormick respectively, being natives of the Orkneys Scotland. Her parents came to Canada shortly after their marriage in Scotland and settled on a large farm at Maria, Que., being one of the first settlers of that place.

Miss Mowat was the third daughter of a family of eight children, and was the last survivor, all of whom lived to a ripe old age.

This family was very popular and prominent in their day throughout the counties of Bonaventure, Gaspé and Restigouche, where hospitality and welcome were extended to many a weary traveller on his or her journey through the country, railroads being unknown in that part of the country in her younger days.

Their old residence which was built over one hundred years ago is still standing.

Mr. J. D. Robertson, nephew of the deceased, with his family now occupy the old homestead.

After a short service at her late residence the remains were taken to St. Andrew's Church, New Richmond, where a most impressive and pathetic service was conducted by her pastor, Rev. A. McKay. The service at her late residence and St. Andrew's Church were largely attended by neighbours and friends from far and near.

Rev. A. McKay spoke of the beautiful christian life Miss Mowat lived, her cheerful disposition, her kindness and thoughtfulness till her last dying moments. He read parts of her favorite chapters, John 14, Psalms 23 and 103. Her favorite hymns, "Bringing in the Sheaves" and "Nearer My God to Thee" were beautifully rendered by Miss Harvey.

The remains were laid to rest in the Mowat family plot in St. Andrew's cemetery. The floral tributes were many and beautiful.

The pall-bearers were: Messrs. Campbell Gilker, John Watson, William Campbell, David Robertson, Boyd Woodman, James W. Robertson, and Alexander Gilker.

Twenty four million dollars was paid to beneficiaries by the Life Insurance Companies in Canada last year, and thirty-one million dollars was paid to living policy-holders.

Of the 11,450 policies which became claims:

- 850 policies were in force less than one year.
- 1,050 less than two years.
- 2,100 between three and five years.
- 2,450 between five and ten years.
- 2,700 between ten and twenty years.
- 2,200 more than twenty years.

and all of these persons were in good health when they applied for Life Insurance.

Life is very uncertain, as last year's death claims show, and on the other hand, insurance money has brought untold benefit to thousands of homes and individuals.

Performance heads the list of essentials of those who actually drive the car. Ruggedness of chassis that spells dependability; engine power, and flexibility that result in quick acceleration, plenty of speed and rare pulling and climbing ability—these are inherent in Oldsmobile "Four".

This touring car brings to the family all the comforts of a very high grade automobile at a cost that the man of average means can comfortably afford. And the moderate investment price is enhanced by the very low cost of operation.

ANTHRACITE COAL—1921

To those who are hoping for lower prices:

We are in the coal business. We believe we know conditions.

We cannot predict future prices. We do not think further reductions are likely. Present mine wage agreements don't expire until March 31, 1922.

There isn't much hope of general reduction in freight rates.

If the proposed Pennsylvania State Tax on anthracite becomes a law, this will mean an additional 15.30 or even 25 cents after next July 1st.

Coal is far cheaper today than it will be next winter if you hold off buying! That is absolutely certain.

You received the same advice in 1919—those who took it suffered no hardship of consequence during the big bituminous coal strike.

We are simply appealing to your common-sense.

You insure your house against fire, don't you? Not because you expect fire, but as a protection in case a fire does occur. The best insurance you can buy now is coal insurance—you don't know what's coming next winter.

The Real Estate interests of Montreal recently had a survey made, with a resulting recommendation that coal be bought now, and stored to the limit of facilities.

The Manufacturers' Record of Baltimore says:

"Protect yourself at once for all family and factory coal needs."

We say: "Buy your coal now—take reasonable quantities throughout the spring and summer. In the fall, when the coal is scarce and prices are high, you will find it difficult to get what you need. Then, if unusual conditions arise in the winter, you can measure the value of the coal already in your cellar."

Call us up—we'll work with you.

DOUBLE WEDDING AT MARPOLE B. C.

Former Campbellton People Married at Pretty House Wedding.

Marpole, B. C. July 8—A double wedding of much interest was solemnized last evening at the home of Mrs. and Mr. Harvey L. Champion, Franklin Street, Marpole, B. C. The brides being Miss Beulah Roseland Champion daughter of Mr. and Mrs. Harvey L. Champion, and Miss Clara Lydia Champion daughter of Mr. and Mrs. Chas. B. Champion. The ceremony was performed by Rev. M. Vansickle and Rev. Dr. J. A. Logan.

The entire house had been transformed into a bower of green and white by special friends of the brides and the ceremony was performed under a bell of white roses framed against a background of English Ivy and white blossoms.

Miss Beulah Roseland Champion who entered the room with her father Mr. Harvey L. Champion was united in marriage to Mr. Ray MacLeod son of Mr. J. A. MacLeod of Chilliwack. The bride looked very winsome in a gown of white chamois with a combination of georgette over-laid with silver and seed pearls. She wore a veil and orange blossoms and carried a shower bouquet of Ophelia roses.

Miss Clara Lydia Champion who was given away by her father, Mr. Chas. B. Champion was united in marriage to Rev. Charles Young, son of Mr. and Mrs. Young of Springbank, Alberta. She looked charming in a gown of white chamois with a combination of georgette and rich with Irish crochet, and with this she wore a graceful veil wreathed with orange blossoms and carried a shower bouquet of white roses.

In attendance were Miss Eunice Duncan and Miss Marie Graver the dearest of little flower girls in white and blue and white and pink respectively and carried pretty baskets of pink carnations with the wedding rings attached to the handles by blue and pink ribbons.

The wedding march was played by Miss Elsie B. Wilson and during the signing of the register, Mrs. Robt. Whitson sang, "Love was meant to make me glad," and I love you truly," a solo by Mr. John MacLeod was also appreciated. At the close of the ceremony Mrs. Harvey Champion in a handsome costume of navy blue satin with touches of henna and jet trimmings and Chas. B. Champion wearing a rich gown of grey crepe de chene trimmed with gold lace received the congratulations of friends and relatives.

Later Mr. and Mrs. W. MacLeod sailed for Skagway, on their return will reside in North Vancouver. Mrs. MacLeod's travelling costume was a smart midnight blue tailored broadcloth suit and white fox fur worn with a hat of black horsehair relieved by facing of blue.

Rev. Chas and Mrs. Young left for a trip to Calgary. The bride travelled in a suit of wool American beauty and close fitting hat of sand and blue. They will sail in August for the Orient where Mr. Young will take up his work in the Gwalw Mission in Central India.

THROUGH RAIL SERVICE

ATLANTIC TO PACIFIC.

Canadian National Railways Furnish Connections With Famous "Continental Limited" Out Of Montreal.

The finest train service to the Pacific coast is via Ottawa, North Bay, Coburn and via the Transcontinental to Winnipeg and by the Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National railways to Vancouver—the finest of scenic routes through the Rockies and over the smoothest roadbed.

From Maritime points there is connection by Ocean Limited with the Continental Limited daily, and by the Maritime Express daily except Sunday. The Maritime arriving in Montreal at 7:40 a.m. offers the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime arriving at Levis at 1:50 P. M. affords connection with train No. 11 leaving Quebec daily for Cochrane at 5:00 P. M. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific coast by train leaving Toronto daily at 10:30 P. M. via Sudbury, Port Arthur, Fort William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal, and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the west will be explained by all C. N. R. ticket agents, and folders and illustrated matter may be obtained by application to any of the City Ticket Offices or by writing the General Passenger Department, Montreal, N. B.

WERNER HORNE TO BE RELEASED

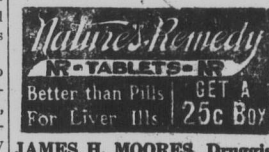

Prisoner at Dorchester Will be Departed Says Ottawa Report.

Fredericton, N. B., July 22.—Werner Horne, captain in the German army and noted war criminal now serving a term of imprisonment in the Maritime Penitentiary at Dorchester, N. B., for attempting to blow up the international bridge on the Canadian Pacific Railway between Vancouver, Maine and McAdam, N. B., may soon be released and deported from Canada as an undesirable alien.

So far no official word has been received by officials here or at the penitentiary at Dorchester, but it is understood that some early developments in the case are expected by officials at the penitentiary and that New York newspaper men are now in the Maritime Provinces investigating various features connected with the case.

Horne's brother in Brooklyn, N. Y., is said to be taking the principal part in the efforts to bring about the release of the German officer, although it is said favorable representations for his release have been made on behalf of the German government.

Ottawa, July 22.—The government has ordered the release from the Maritime Penitentiary at Dorchester, of Werner Horne, the dynamite, who tried to blow up the international bridge on the C. P. R. between Vancouver and McAdam during the war, and who, on October 13, 1915, was sentenced to ten years on a charge of endangering life and property by damaging a railway bridge.

PREPARE NOW FOR GOOD TIMES

Wheels of Business Starting up With Increasing Momentum.

Readjustment of costs is proceeding with surprising smoothness and business is daily nearing a stable foundation upon which may be erected a new and strong business structure, is an opinion expressed in the New York Commercial by W. F. H. Koelsch, just retired president of the National Association of Credit Men, which body is in close touch with, and accurately informed upon, business conditions throughout the country. Mr. Koelsch believes that the time is here to prepare for optimistic attack. He says:

"Every day business conditions are drawing nearer stability. Though business has weathered the greatest price drop in the history of the country, the business fatalities have been surprisingly low. The liquidation in many lines is now complete. "The prices of raw materials are now comparatively stable and manufacturing lines can now move forward with confidence in prices. The liquidation of manufactured commodities is over many lines and is now rapidly being completed in others, and stability of prices of manufactured articles is increasingly in evidence. "The readjustment of costs is improving with surprising smoothness. The problems that the present deflation has brought with it are being solved in a spirit of splendid co-operation. The clouds that have hung over the business world are being rapidly dissipated, and there is every reason to believe that we stand at the threshold of a new era of good business."

"There still remain a few obstacles to remove before we can open the throttle wide, but the inherent strength and soundness of American business is a pledge for the future. The fineness of the American character has shown itself once more in its ability to solve the tremendous difficulties of a

HAVE ELECTION IN FALL IN VIEW

Work in Quebec on Reported Hint from Hon. C. J. Doherty.

Quebec, July 28.—The Telegraph says: "A quiet but well defined political activity is making its appearance in the city, following a hint conveyed by Hon. C. J. Doherty, minister of justice, to local Conservative workers that the general elections would likely be held this fall. This activity is not confined alone to Unionist campaigners, but has also spread among the Liberal ranks. For the last two weeks, special emissaries of the Conservatives have been scurrying to Ottawa for instructions and committee meetings have been held to formulate campaign plans."

MORE MEN THAN WOMEN HAVE APPENDICITIS

Medical reports show men are more subject to appendicitis, although many sudden cases occur among women. It can be guarded against by preventing intestinal infection. The intestinal antiseptic, Adler's, acts on BOTH upper and lower bowel, removing all foul, decaying matter which might cause infection. It brings out matter you never thought was in your system and which may have been poisoning you for months. Adler's is EXCELLENT for gas on the stomach. A. McG. McDonald, Druggist.

TORONTO TO BRITISH COLUMBIA

Impressions of the Trip With the Canadian Weekly Press Association Party.

Vancouver, B. C.

Friday, June 10.—They tell us that to-day we are enjoying the usual brand of Vancouver weather, a little rain, a little sunshine, then a little more rain. But no one cares for a little Vancouver rain, it wouldn't ruffle the feathers of a canary, so we do as we see the natives doing, go about just as if it were fine.

In the morning, before the convention is called to order, I strolled down to Hastings Street to look up Jas. F. of the Bank of Nova Scotia and found him behind the counter, pleasant as usual, and glad to greet anyone from Restigouche. After a chat it was back to the morning session for me, and a very profitable day was spent, listening to papers and discussion on business problems which brought out many new points upon business management of weekly papers. These features alone were worth the whole trip.

At 4.30 the autos were again in line at the Vancouver Hotel to take us for a drive through the residential districts, Marine Drive and Stanley Park.

I was fortunate in being placed with Mr. A. A. Austin, a real estate man of Vancouver and we had also a British Columbia newspaper man in our car who knew Vancouver thoroughly and talked very interestingly of the early history, legends, etc.

Although rain was falling it failed to dampen our spirits, and besides it gave the landscape a freshening up, while the perfume of roses, which were just beginning to bloom, was delightful.

We motored through Vancouver residential sections of which Shaughnessy Heights is the most beautiful. Here the magnificent homes are set in generous sized lots, with beautiful grounds and gardens. Roses were in bloom everywhere, and gorgeous blooms and foliage such as Canadians thought could be seen only in California, surrounded many lots.

In passing we must say a word of the good roads of Vancouver. Miles and miles of paved streets with plenty of room for all kinds of traffic, were there for us, and made motoring very pleasant.

Stanley Park is a beautiful resort, free to all and its drives and walks are enchanting. Here are trees so large that in the hollow of one twenty men can stand comfortably, or an auto can back into the recess. On all sides are trees towering up a hundred or more feet, five, six, or even ten feet in diameter.

In a secluded spot is the grave of the Indian poetess Pauline Johnson, whose folklore stories in verse have charmed so many readers and who by her pleasing manners on the concert stage won many friends throughout the east. She rests near the water which she loved so well.

Stanley Park contains over one thousand acres and much of it is still in its natural rugged beauty, so our readers can judge that in the two short hours we spent herein we could not do justice to the many interesting sights. On our return Mr. Austin drove me to the home of Mr. Graham Jardine, a former Kent county boy, and manager of one of the branches of the Royal Bank of Canada at Vancouver, but who years ago spent some time at New-castle and married a charming lady, Miss Margaret Elliott, of that town. I had an invitation to dinner and to spend the evening, which was a most pleasant one, meeting other Miramichi friends.

About 11 o'clock Mr. Jardine called a taxi and we made a midnight visit to one of Vancouver's fashionable cabarets, and later to Chinatown.

British Columbia was just in the midst of a change of government control of the liquor traffic, and to the writer it was disgusting to see young men and young women drinking the strong beer and smoking cigarettes between the dances. Things appeared to be very loosely run.

After this experience and a run through the Chinese district I was ready to retire for the night.

Vancouver is a very beautiful city. Its public buildings, hotels, stores and many of its residences are magnificent. As the gateway of the Pacific its port is a very busy one and as many as 23,000 vessels enter its harbour in a year. Here we saw more building activity than in any Western city. Like every city on the west Vancouver was hard hit during the war, but things are gradually coming back to normal and everyone is optimistic of the future. Every Vancouver citizen is a booster, and has confidence in the future of his city.

On the morrow we follow the birds to Victoria, leaving by steamer at 10.30.

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

to carry women safely through the Change of Life.

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose." Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms. Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the common ailments of women are not the surgical ones—they are not caused by serious displacement or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious trouble.

Lydia E. Pinkham's Private Text Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts.

This book contains valuable information.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one reliable, constitutional CATHARTIC DEAFNESS CURE. CATARRHIC DEAFNESS is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it becomes closed, Deafness is the result.
