

## MT 'A' DOWNED 8-3

Saturday evening, January 16th, was the date for probably the most bizarre sports event ever staged on this campus.

The UNB Red Devils easily humbled the Mt. Allison 'rats' by a score of 8-3 but by the time the game ended, the score was only of incidental interest.

Fans were treated to fist-cuffs, player expulsions, injuries (faked and real) and the fine play of a Devil team on the spot.

At the eighteen minute mark of the first period, with the Devils holding a 3-0 lead, play stopped and the fighting began. The fans roared and cheered on the combatants — result — goaltender Wrigley,

defenceman McKinnon, and forward Belliveau joined the audience.

Coach Kelly, forced by a MIHL ruling that the replacement for a goaltender who receives a game misconduct must come from the bench, then put Charlie McClusky between the pipes. Since McClusky had very little experience at this position, onlookers waited with bated breath.

Obviously, though, the members of the Devil team knew what they had to do — for the remainder of the game, UNB fans were treated to a top-notch exhibition of extra effort and defensive skill. As the final statistics showed, Mt. A. was kept down to only thirteen shots on McClusky in two

periods of play.

Standouts in this thorough humiliation of the Allison bladesmen were Jack Dwyer and Daryl LeBlanc. Besides scoring three and two goals respectively, they completely controlled play when they were on the ice almost adding humour to the game as one watched the futile attempts of the opposition to contain them.

This performance of the Red Devils after three previous mediocre efforts at home bodes well for the future. They showed themselves capable of adjusting to a situation that would demoralize many other teams and came up with a display of spirit and drive that has another MIHL championship written all through it.

FREDERICTON, N.B. JANUARY 21, 1965

THE VOICE OF UNB

## RADIO EXPANDS

Radio UNB director Ross MacLeod announced last week that the university station plans to acquire \$80,000 worth of new equipment for their proposed new studios in the new Student Union Building. This figure, he said, includes eight new Ampex recorders at a cost of \$2600 each in addition to other technical and office equipment. The new station headquarters will house five studios and three control rooms, in addition to office and library space.

The reason for the number of recorders, MacLeod said, is that Radio UNB expects a great increase in recording duties. He remarked that in the present location, there is "no recording space".

## All-male residences barbarous'

SANTA BARBARA, Calif. (UNS) — An editorial in El Gaucho, student newspaper of the University of California, has called for co-ed dormitories.

Opponents on campus say students don't entertain in their bedrooms at home so they shouldn't be allowed to at university.

But the editorial countered that the university doesn't provide a living room adjacent to the bedroom for such entertaining.

"The barbarities of separating the sexes are far greater than those of integrating them," the editorial said.

"Anyone who has been under a military form of life, or in a residence hall, knows the crude language that is invited by this unnatural situation.

"Providing for the realization that the opposite sex is a form of human life, can have ideas, and make intelligent conversation is not evil."

The new studios, one of which will be about the size of the Tartan Room in order to contain an audience, will be classified either for recording or for 'on the air'.

The station, he added, was asked to plan for 20 years ahead. The advice of professional stations was solicited by Radio UNB, and it is on this that these plans are based.

### NEW PROGRAM

"University Highlights" is a new half hour Radio program Saturdays at 1:30 p.m. on Radio Station CBZ by Radio UNB. To feature the various aspects of the 'culture' existing at our university is the aim of the program. Professors are invited to give short talks or discussions about their particular interests — be it poetry or politics. Professor W.F.M. Stewart is faculty advisor for the program.

The producer of the program, Stephen Hanson, a third year Arts student, has three years experience with Radio UNB. For Radio UNB this is the first series produced for weekly broadcast by the CBC.

The line up for this Saturday at 1:30 p.m. promises to be varied and lively: Members of the Drama Club will be asked to comment on the controversial play "Rashomon" they will be staging soon, there will be a discussion with the "Little Theatre Group" and Mr. Bobak will review the Fred Ross exhibition now at the Arts Center.

## Marriage

VANCOUVER (CUP) — A Lutheran pastor told a student audience at the University of British Columbia last week that he can see nothing wrong with marriage between two men or two women.

L.G. Thelin said he approves of marriage between two homosexuals if it develops greater humaneness. Homosexu-

Con. on page 5

Pictured above from left to right are: Dr. Walter J. Mueller, U. S. Consul General in Saint John; Co-ordinating

Chairman David Tilson; S.R.C. President Preston Thom; and the Hon. John R. Matheson, M.P. They were attending the

Ricker-U.N.B. Conference on Canadian-American Relations held at U.N.B. last weekend.

## UNB-Ricker Meet Here

Fourteen student delegates and three professors from Ricker College, Houlton, Me., arrived last weekend for a two-day Conference on Canadian-U. S. relations. On Friday night they, and our UNB delegates attended a public address at 8:00 p.m. in McConnell Hall by Walter J. Mueller, U. S. Consul General in Saint John, and John R. Matheson, M.P., chairman of the Standing Committee on External Affairs.

Mr. Mueller, a Cornell graduate, who has served since 1945 with the State Department in Frankfurt, Berlin and Bonn, told the group that although the difficulties between the U. S. and Canada had been much-emphasized in recent times, a long history of salutations through negotia-

tions exists. He gave as an example our joint defence plans, and described the overall situations between the two countries as "a rising barometer".

Mr. Matheson, a Liberal in the House of Commons since 1961, and a Canadian Parliamentary Observer at the sixteenth session of the U. N., stated that both Pearson and Johnson were top-level experienced parliamentarians who could meet on common ground because of their common background. He felt that the strongest point the two countries have is the democratic theory.

Both men asserted that the basic objectives of Canada and the United States were identical, although the tactics used in reaching these objectives were at times different. Can-

ada has followed a middle-of-the-road policy, whereas the U. S. is the world leader of the West ideology.

The delegates spent Saturday in informal discussion and continuation of the topics raised the previous night.

## Actors Trained in Samurai Fighting

One of the problems in the challenging play "Rashomon" is the difficulty of staging realistically the exciting fight scenes. Graham Whitehead and David Attis, as the Husband and the Bandit, have been working hard to master the exacting movements involved in Japanese sword-play. Both have done extensive reading about the ancient art.

There are other problems connected with Japanese tradition. Female lead Christa Bruckner, for example, must learn what is involved in being the wife of a Samurai. Those who play the parts of the three travellers have done considerable study of the professions of the characters they portray.

The "impressionistic" set, designed by Michael Eagan, is rapidly nearing completion in the hands of Gilbert Croome. The structural difficulties to be met in carrying out the design are numerous. Unless the specially ordered shipment of bamboo arrives in time from Florida, Mr. Croome (P.G. Forestry) will find himself constructing by hand all 500 feet of trees.

Full houses are expected for

all three scheduled performances at the Playhouse. Students of the University are admitted free and may pick up tickets at the Drama Workshop in the basement of Mem-

orial Hall. Tickets for other students are priced at one dollar.

Albert Ting, a third year engineering student, has been giving assistance in translating English to Japanese, as well

## LAND FOR UNB

SAINT JOHN — Mayor Stephen H. Weyman Monday handed over to the University of New Brunswick the deed to property in Tucker Park for the location there of a brand new UNB campus.

University President Dr. Colin B. Mackay accepted the deed in brief ceremonies at City Hall.

Initial construction on the Tucker Park site 3½ miles from the city will include classrooms, laboratories, a library and offices for the first two years of study in Arts and Science. At present, the University of New Brunswick in Saint John is holding classes in temporary quarters in Beaverbrook House.

The cost of new construction at Tucker Park is estimated at \$1,350,000 so that it may move ahead quickly with construction in Saint John and on the Fredericton campus. Business and industry, interested individuals, alumnae and alumni are being asked to contribute to the development program.

K. C. Irving of Saint John is the national chairman of the development program.

The deed presented at ceremonies Monday is the result of action begun by City officials in 1963. They asked the New Brunswick Legislature to authorize the City of Saint John to set aside "an appropriate and sufficient portion" of Tucker Park "for the occupation and use of a Saint John branch of the University of New Brunswick".

UNB has now been given 87 acres for the development of a new campus in the port city.

In the winter of 1962-63 a committee of UNB's faculty began a study to implement the recommendations of the Royal Commission on Higher Education in New Brunswick as it relates to Saint John. The committee estimated that initial construction costs would be in the order of \$1,350,000.

## Winter Carnival

### SCHEDULE OF EVENTS

Sunday, January 24 —

Queen's Tea in the Student's Center at 3:00 p.m. (This gives the Queens a chance to talk to the judges.)

Monday, February 1 —

Fashion Show at the Lord Beaverbrook Hotel at 7:00 p.m. Fashions by Levine's.

Thursday, February 4 —

Torch Parade beginning at 7:00 p.m. followed by Opening Ceremonies 7:45 p.m. Crowning of Queen 8:00 p.m. Fireworks 8:30 p.m. Bo Diddley in gymnasium 9:30 p.m. Ken Hamilton at Playhouse 9:30 p.m. Movie in Chemistry Building 9:30 p.m.

Friday, February 5 —

A special army winter tactics display. Women's Basketball vs. Mt. Allison (2:00). Men's Basketball vs. Mt. Allison (4:00). Swim meet vs Mt. Allison also at 2:00 p.m. Residence Sports starting at 1:30 p.m. There will also be skiing all day at the Royal Road Ski Area. Ken Hamilton at the Playhouse 8:30 p.m. Bo Diddley at the gymnasium 9:30 p.m. Movie in the Chemistry Auditorium 8:30 p.m.

Saturday, February 5 —

Annual Float Parade beginning at 10:30 a.m. Carnival Follies starting 1:00 p.m. Hockey vs. Loyola University of Montreal 2:00. Hoot 'n' Dance 4:30 - 6:30 p.m. Ken Hamilton at the Fredericton Playhouse—separate admissions will be available — show begins at 8:30 p.m. Snoball Dance in the gymnasium 9:00 - 12:00 p.m.

There will also be a display in Parajumping throughout the UNB Carnival with a special show on Friday, February 5 over the St. John River at 12 noon. This is feasible only if the weather permits.

Members of Corona discuss plans for the upcoming elec-

tions. Pictured above are (l. to r.) Dave MacLaren, Gerry Rogers, president of the Society, and Phil Allison.

## Corona to Run Election

Corona will be running the upcoming SRC elections at the University this year for the first time.

"The chief returning officer will be Preston Thom, and he will be assisted by members

of Corona at the polls, in choosing voting locations, publicity, and ballot counting," said Corona president Gerry Rogers.

Rogers pointed out that Corona is in a rather unique

position in that the organization has been functioning for the better part of a year, but still does not have a constitution approved by the SRC. In other words, according to the SRC constitution Corona does not exist as an official UNB organization. This doesn't matter because the only reason a club needs an approved constitution is to get money. And so far, Corona has asked the SRC for no money.

Rogers said that the society welcomes new members. The requirements are that the applicant have a 60% average, be an undergraduate, and have been at the University for at least two years.

# MODEL PARLIAMENT PLATFORMS

Model Parliament is going to be with us again, and the Brunswickan invited the three active political clubs to submit an outline of their respective platforms. Two did so, the third refusing the free publicity for reasons which were not fully clarified by press time.

The two "less flashy, but more realistic" clubs, to quote one experienced student, have submitted platforms, which have been published here verbatim. The Liberal Club chose to publish a separate paper, "free of bias and unfair treatment." This all-Liberal leaflet (produced under the auspices of a powerful New Brunswick Liberal) will be distributed some time next week, probably before the election.

Russ Greene, CA Grand Patriarch, and Macey MacLean, leader of the PC's, were unavailable for comment on this unexpected action by the Liberal Clubbers.

## C.A. TRASH

The UNB Chapter of the Christian-Atheist Party of Canada announces its platform for the upcoming election. We feel that our platform comes to grips with the most pressing problems facing Canada which the other parties avoided.

1. As a first step in fighting urban congestion, we urge the creation of a crown corporation to build the Oromocto and Pokiok Falls Underground Railway.
2. A higher duty is to be charged on imported tomatoes and oranges (however, parts of tomatoes and oranges imported to be assembled in Canada shall be duty-free).
3. To put our troops on an equal footing all Canadian troops in the Congo shall be armed with the most effective weapons, spears. Also all soldiers shall be treated to make them tasteless.
4. To accommodate faster planes we propose a flip-top runway extension for H.M.C.S. Bonaventure. Should this prove to be unfeasible we recommend that the Bonaventure be limited to service on Lake Winnipeg.
5. To eliminate the need for a causeway we recommend P.E.I. be moved in to shore.
6. To prevent espionage, the staffs of embassies of Communist countries in Ottawa shall be limited to 200 members each.
7. The government shall suspend the duty on imported Marijuana to try and cut down the use of tobacco.
8. The government shall charge a tariff on all U. S. athletes imported by Canadian universities.
9. To fight the unemployment problem the government shall set up national workshops for the unemployed. These workers shall be paid the minimum wage, which shall be raised to \$1.26/hour.

In conclusion I urge all students to remember one thing. Our program is entirely our own. It was not prepared in Ottawa by the usual gang of incompetents in Parliament. A C. A. vote stays on campus. A vote for the Liberals is a vote for the man who made it indecent to wear a bow-tie. A P.C. votes to put a renegade in power. Would you want your son to marry Judy LaMarsh?

RUSS GREENE  
Grand Patriarch

## P.C. BILGE

Progressive Conservative UNB Model Parliament Platform.

Each year in competing for UNB Model Parliament seats, the Liberal and Progressive Conservative clubs try to out-mastermind each other with their new political platforms. The Christian-Atheists seem to try to emphasize the laughable side of politics, meaning their own platforms. In recent years this platform included a plank which would eliminate all campus P.C. and Liberal Clubs across the country. In view of the fact that they didn't succeed, we of the Progressive Conservative Club of UNB submit for your approval our undeniably brilliant platform. (modesty is not a political virtue)

- 1) double the present 20% dividend tax credit on Canadian Company shares. When paid a dividend on Canadian stocks one would be eligible for an income tax reduction of 40% of the dividend's value. This would encourage Canadians to invest in Canada.
- 2) tax free dividends from speculative Canadian stocks for the first five years of dividends providing the dividends do not exceed 10% of the stock's market value (taken from the first day of that financial year.) This would encourage investment by Canadians in new Canadian Companies.
- 3) make the "Hull-Ottawa" area a federal district turning the city into a showcase of French - English co-operation complete with bilingual traffic signs.
- 4) Concentrate our foreign aid in 3 or 4 countries at a time for greater efficiency and co-ordination (which is greatly needed) Prime target areas would be located every 3 or 4 years when a certain level of accomplishment was reached, eg., completion of a basic system of roads.
- 5) force unions to produce financial statements showing income, expenditures and a balance sheet for the protection of union members from graft.
- 6) tax and economic adjustments to help Maritime manufacturers break into the European and New England markets. This would be coupled with a re-invigorated sales and promotion program.

It was suggested that some dedicated Canadian marry the present "Minister of Health and Well-fed" to remove her from office. A far better idea would be to vote for the P.C.'s in the coming election because we have the best platform and because it would remove the need for such a sacrifice.

## LIBERAL CHOKE

It appears that the glorious Liberal party is very keen on winning this election. After the Brunswickan extended the deadline for the Liberal platform, the Liberals decided to do without the free publicity. (Without ever notifying us).

We have been informed that the Liberals will be publishing their own paper. In fact, some of the staff members of the 'Old Bruns' assisted with technical problems. Or assisted as much as they could while having to contend with being told how to lay out newspapers by people who didn't know a layout tool from a ruler.

The paper will be published in Woodstock. Liberal club members informed us that the publisher is Hugh Tait. Mr. Tait is (believe it or not) a Liberal.

One club member informed us that the paper would be checked by local Liberals downtown. In fact, it appears that this was a condition of publication.

Anyway it seems a shame that amateurism is disappearing from campus politics. Such undertakings can indeed lead to control from off the university campus which would stymie many worthwhile policies which originate in our clubs.

# The Student Voice

There has recently been a great deal of speculation regarding "athletic scholarships" to strengthen some of our university teams. The total argument is based on a comparison of the athletic achievements of UNB to that of other, smaller universities in the area. The *Brunswickan* asked various students what they thought about athletic scholarships at the University, and some of their views are given here.

**Cliff Moore (Physical Education):** "Academic scholarships are given to students with exceptional ability. Why shouldn't students good in athletics be given a scholarship, providing they can maintain the academic standards of the university. I believe a combination of both would improve the overall standard of the university."

**Russ Greene (C.A.):** "I think they are a good thing for this university. They will help to raise the opinion of the University of New Brunswick in sports just as the C.A.'s have raised the level of the University of New Brunswick in politics."

**Sue Kinnear (Physical Education):** "They are acceptable with certain reservations. Special consideration would have to be given to the student concerning his character and of course academic ability before granting a scholarship."

**Joe Salter (Arts):** "Granted, good athletes deserve recognition for their activities and do much to increase the prestige of their university. They also encourage more activity on the part of other students. However some universities do tend to stress the athletic aspect of university life to too high a degree. They tend to go overboard with the granting of scholarships in an attempt to gain prestige and status."

**Gus vanLoon (Business):** "There is too much prejudice against athletic scholarships. There's no reason why a student who can maintain the standards and has athletic ability shouldn't be given a scholarship. It would be of benefit to the teams as well as, say, the Phys Ed faculty."

**James Walker (Science):** "There are students who cannot financially afford to go to university. Many of these students have exceptional athletic as well as academic ability. Athletic scholarships would aid the individual as well as the university itself."

## "A DOER OF DEEDS"

If you dial the same telephone number one hundred times, you are bound to get two or three wrong numbers. Since telephones are usually perfect, it will be you who makes the mistakes. Now all of us get a little bit embarrassed when we make a mistake . . . and sometimes, if the mistake is a serious one, we get enraged because it cost us money or ashamed because it made us look like fools. However, the only alternative to making mistakes is not to use the telephone.

If you never do anything, you will never do anything wrong . . . unless it is considered wrong just to do nothing. There are a few of us who believe that the occasional mistake . . . and even an infrequent, stupendous blunder . . . is not too high a price to pay for the satisfaction of knowing that we are at least trying to accomplish something.

Because the members of a university are usually preoccupied with ideas rather than with actions, they are often accused of living in an "ivory tower". It is not a bad thing in itself to concern yourself with ideas . . . but (with some notable professional exceptions) it is usually bad to concern yourself with ideas alone.

It is often said that the student affairs of this (or any, for that matter) campus are "run" by only two dozen people . . . it is true. The reason is that they are the only people out of three thousand who possess the initiative to plunge right into student activities and do something. Mind you, there are at least fifteen hundred students who will be willing to spend several hours each day criticizing the two dozen . . . but they wouldn't dream of doing anything constructive themselves . . . except swill student centre coffee.

Not too long ago the local newspaper printed a letter from a UNB student who didn't like the Red 'N Black Revue because of the bawdy humour and the general calibre of the skits. For two months before the show, he had his chance to contribute something himself . . . even advice . . . but he didn't. My guess is that he won't offer his services next year either. So how does he expect the show to improve?

In ten years this fellow will be the type who will be telling his friends that politics is a dirty business, full of crookedness and graft. Ask him what should be done about it . . . he'll say that somebody should clean it up. But, of course, not him. If all people were like that, politics would be a long time dirty.

People seem to envy and admire the people who do things successfully. I admire the person also who tries to do things and fails . . . At least he isn't a wall-flower of society who can only comment on what others do. As Marie Antoinette used to say, "If you nevaire steek your head above ze crowd, you weel nevaire get eet cut off . . . but zen, of course, you weel nevaire see ze view either. . ."

## HERBY'S MUSIC STORE

## UBC and Birth Control

**VANCOUVER (CUP)** — A newly-formed student society at UBC plans to distribute birth control literature even though it is an offense under the Criminal Code of Canada and though the club may, as a result, be denied official status on campus.

The constitution of the Demographic Society, which states that the group intends to "disseminate birth control literature" will be placed before the UBC Students' Council for approval as soon as it is passed by the University Clubs Committee (UCC).

The founder of the Demographic Society, Sieglinde Steda, said last week (Jan. 7) she was not worried by the possibility that the constitution may not be passed by council. She pointed

out that although the distribution of birth control literature is outlawed under a subsection of the Criminal Code, a further subsection of the Code states "no one shall be prosecuted under this section if they are acting in the public good."

"This means that we may be able to spread birth control information legally, because as far as we are concerned it is in the public good," she said.

"Girls in this country know nothing about birth control," she said. "There is a great need for more knowledge about it."

In the meantime, Students' Council President Roger McAfee denied reports given Vancouver news media that council had approved the spread of birth control information at

UBC. "The council has nothing to do with these matters until they are passed by UCC," he said.

The Demographic Society constitution has been delayed by UCC because of a change required in the by-laws. UCC officials said, however, that the question of legality of the constitution — and the granting of official status to the club — was the responsibility of the students' council.

MARRIAGE  
Con from page 1

ality should be looked on as an abnormal personality structure and homosexuals should try to live ethically before God, he added.

## EAGLES OUTPLAYED

On Wednesday night the Red Devils met the University of Moncton Blue Eagles. The Devils couldn't find their scoring range in the first period and trailed 1-0 at the end of twenty minutes. Starting off early in the second period the team started to click.

By the end of the second period the Devils were ahead 5-1. Mike Currie, making his first appearance with the varsity team, came up with three counters, as he opened the scoring for the Devils in the second period.

Also turning in the hat trick was Darrell LeBlanc who scored the second counter. Jack Drover and Dave Peterson each scored two goals. Bill Meehan and Jeff Leach got one each.

J. Laforge who opened the scoring in the first frame at the 6:30 mark gave the Blues their 1-0 lead. Cam Gaudet was the other marksman.

Belsile in the Moncton nets was a busy player. He blocked 51 shots, 24 of them in the first period. John Wrigley had a total of 23 stops for the game.

Saint Dunstan's Saints beat the Eagles 7-2 last weekend.

## 'Let the white cane introduce us'

The white cane as a symbol of the sightless, was first introduced in 1921 in Bristol, England. James Biggs, a photographer, who lost his own sight, thought up the idea, and found it so successful in his district that he started to tell people about it. He even wrote to other countries. Soon, Lions clubs in Canada and the United States became interested. Through the thirties, inventors produced different types of white canes. Battery-powered canes, wheel-equipped canes and others have all made their appearance and been discarded. With the exception of the folding variety, which fits a purse or pocket, the original simple white cane has proved the most serviceable. In 1951 strips of reflector were attached to the cane as a safety measure. The tape lights up brightly in the flash of an auto light and warns the driver.

In her annual message for White Cane Week, February 7-13, sponsored by the CCB and The Canadian National Institute for the Blind, Mrs. Patterson pointed out this history of the white cane.

Today we are apt to forget that our personal interest is still the chief factor in the independence of the blind, Mrs. Patterson said. "For this reason we have revived an old theme 'Let the White Can Introduce Us'."

## Colleges Leave AFC

Dr. A. P. Stuart, President of the Maritime Intercollegiate Athletic Association informed the Atlantic Football Conference that all intercollegiate football teams presently playing in the AFC have given notice that they will withdraw from this conference at its annual meeting. This has been necessitated by a MIAA decision to operate football under intercollegiate auspices as is done with all other MIAA athletics.

## 'Student Means' Survey

The Education Committee, in cooperation with the Canadian Union of Students (CUS), will be conducting a STUDENT MEANS SURVEY. This national survey of student income and expenditure is a \$45,000 project and will form the basis of the CUS submission to the Bladen Commission on the Financing of Higher Education (CUF), whose report is expected in late autumn of this year. As the Bladen recommendations will largely determine the future levels of students fees, it is "absolutely vital" that we present them with a minutely accurate picture of student financial resources. The Dominion Bureau of Statistics is acting as technical advisor for this project and the gathered data will be processed by computer and broken down into the national, provincial and individual university pictures.

Here at UNB, the survey will poll 10% of the student body (approx. 300) through a random selection and the bulk of the work is expected to be carried out during the 3-week period beginning January 26th. The Education Committee, therefore, is requesting the assistance of about ten interested individuals for this 3-week period. The work will involve the mailing of materials and maintaining an Information - Administration Centre where the survey respondents will return their forms.

The MIAA desires that its managers will still supply competition for the service teams and will give strong consideration to these games in its scheduling meetings.

Dr. Stewart said, our withdrawal is not to be construed as an indication of any dissatisfaction with the very efficient AFC operation. It is necessary at this time that we put up our own house in order to ensure that the MIAA fulfills its role as the guiding and operating force behind all competition in athletics by its members.

The AFC will continue to operate with Standacona Shearwater, the Halifax Buccaneers and perhaps some other teams that played in 'B' league last season.

## JV Devils

UNB's Junior Varsity Hockey Team is off to a good start in the newly-formed Fredericton District Hockey League. They edged the Fredericton Red Wings 5-4 and drubbed Fredericton High School 10-3. The only other team in the four team league is Teacher's College who the J.V.'s play this Saturday, January 23 at 3:30 p.m. All games in the league are at 3:30 and 5:00 o'clock on Saturday afternoons.

## 'Best Carnival' Expected

The University of New Brunswick Winter Carnival will be held the weekend of February 4, 5, 6 & 7, and the Committee expects it to be one of the best ever, since there will be more to see than ever before. On Sunday January 24, there will be a Queen's Tea in the Memorial Student's Center, where the queens will get a chance to meet the judges. Following this, on Monday February 1, everybody will be able to see the queens at the Fashion Show and dinner to be held at the Lord Beaverbrook Hotel. Fashions will be by Levine's, and tickets can be reserved by telephoning Mrs. Wood (475-3371). The price will be \$2.50 per person.

Entertainment this year will feature Kenny Hamilton and Bo Diddley. Hamilton is a calypso, ballad, and folk singer who hails from Jamaica; and pass holders will be able to see him at the Playhouse on Thursday and Friday, while there will also be separate admissions available for the Saturday performance only, at a cost of \$1.50. Pass holders will be able to see "the man who made the electric guitar the thing in rock 'n' roll" — Bo Diddley at the UNB Gymnasium on Thursday and Friday also.

Opening night will be Thursday this year, and will be kicked off by the Torchlight Parade beginning at 7:00 p.m., followed by the Opening Ceremonies, Crowning of the Queen, a fireworks display, and shows by Bo Diddley and Kenny Hamilton, and a special movie in the Chemistry Building all starting at 9:30 p.m.

Friday will provide diverse entertainment for Carnival Pass holders. There will be men's and women's basketball games against Mount Allison in the afternoon, while a swim meet against Mt. 'A' will be going on concurrently. Friday will also be ski day and pass holders will be able to get free transportation and skiing at Royal Road, leaving McConnell Hall at 1:00 and 1:30 p.m., returning at 4:45 and 5:00 p.m. Others will be able to get transportation for \$1.00 and skiing will be \$1.00 also. There will be prizes for winners in the novelty races and for best costumes at the Sugar Derby. And just to add confusion to all the hilarious Sugar Derby events, the Maritime Intercollegiate Jumping Championships will be held on the upper section of the mountain. A person doesn't have to be a skier to participate in the fun

of a Sugar Derby. Toboggans, skis, and other snow transportation should be taken along.

The annual Float Parade will be starting things off on Saturday morning beginning at 10:30 a.m., and the afternoon will be filled with activities starting with a local figure skating show in the form of 'Carnival Follies' immediately preceding the hockey game against Loyola University of Montreal (which begins at 2:00 p.m.). Following the game from 4:30 - 6:30 there will be a Hoot 'n' Dance in the gymnasium featuring UNB talent. And to wind things up, the Tony George organization will be supplying music for the Snoball Dance in the gym from 9:00 - 12:00 p.m.

Throughout Carnival there will be a special display of Parajumping — this will exist in the form of an invitational meet with participants coming from all over Canada and the U. S. At twelve noon on Friday February 5 there will be a special display over the St. John River. All this will only be possible if the weather permits, however, since parajumping can only be done under the most rigorous of safety conditions.

Separate admissions will be available for the Saturday night performance of Kenny Hamilton only, in other words — a UNB Winter Carnival pass is essential for most events. They can be obtained starting January 26th in the Student's Center, daily between 10:30 a.m. and 3:30 p.m., and downtown at the Mag & Fag and Mazzuca's starting February 1.

LOOKING FOR WATER? — Dan Patterson, Webb and Bisson appear to be in Deep concentration during St. FX Raider tilt. Barry and Simms look on.

## Raiders Drop Two Beat SDU

by ANDY GORMAN

The Raiders opened their homestand this past week with a stunning defeat at the hands of WSTC. On the weekend the powerful St. Francis Xavier X-Men handed them a 71-63 setback. The Raiders scrambled back to their feet and trimmed SDU 85-71.

On Tuesday the Raiders led at the half 35-30 but the roof fell in the second half and the Teachers shocked them with a 74-63 win. Jim Willis with 19 points led all scorers for WSTC, while Doug Foster threw in 16. Don Patterson sparked for UNB with 19, while Rick Cotter meshed 11 points.

On Friday evening Packy McFarland's X-Men proved too much for the Raiders. With the big boys, Barry and Webb crashing the boards, X easily were in control. Former St. Malachy's of Saint John star, Dave Barry hooked and drove for 15. Sam Webb notched 12 points for the Xaverians. Dan Patterson led the UNB offense with 11 points. Doug Ewart and Bill Redden scored 9 points apiece in the balanced attack. Bobby Piers was a bright spot in the Raiders lineup. Improving steadily this hustling Nova Scotian is going to be heard from in the future. Defensive lapses were

costly especially during the early part of the second half. At this time X broke away, guided by the floor leadership of senior Paul Chenard, a Biddeford, Maine native.

On Saturday afternoon the Raiders snapped their losing streak by rolling over the SDU Saints 85-71. Captain Pete McAleenan, rebounded aggressively with help from lanky Dan Paterson; they cleared the boards in the first half which saw the Raiders take a 39-38 lead. The Raiders came out flying in the second half, and despite the feathery shooting of flashy Bob Franceour cruised to an easy victory. Once again Bob Piers was a standout and may turn into the floor general the Raiders must have if they are to win consistently. This game without a doubt was their best effort and perhaps the Raiders are starting to jell. Cotter had 22 for the Raiders while McAleenan and Patterson had 20 and 14 respectively.

## Beavers, Mermaids Beat Mt. 'A'

by Carol Scarborough and Pete Fillmore

In swimming action Saturday afternoon, the UNB Beavers defeated the Mount Alison Goldfish 84-27 for their fourth consecutive win this season.

The team showed versatility and depth by swimming to an easy win in spite of the fact that several key members were missing because of illness. One of the two events which Mt. A. won was the 60 yard freestyle in which Paul Leaman turned in a time of 30.5, just 4 slower than the pool record. In an exciting finish in the 100 yard freestyle, Brian Barry of UNB touched out Leaman for 1st place, both swimmers being clocked in :57.5. In the 100 yard butterfly, Charlie Price won with a respectable time of 1:04.3 which is a personal best. Bob Jack who usually swims this event, withdrew to swim the 200 yard and 400 yard freestyle. He won the 400 handily but had a 'bad race' in the 200. Mike Hutchins, displaying good form, took the men's diving event followed by Rod Morrison of Mt. A. Breaststroker George Pentland came up with hidden talents to win the 200 backstroke, swim the freestyle leg of the Medley Relay and do his personal best time in the 160 yard Individual Medley. Charlie Colpitts won the 100 yard and 200 yard breaststroke events pushed closely by freshman Bill Hay.

In one of the most exciting swim meets ever staged in the LBR pool, the UNB Mermaids defeated the Mount Alison University Goldfish by a score of 57-56. The Goldfish had defeated the Mermaids by a 71-41 count in a previous meet this year.

Going into the final event, the 160 yard freestyle relay, Mount A. was leading by six points — the winner of this

race would decide the outcome of the entire meet. UNB's team of Carol Scarborough, Sue Kinnear, Judi Ritchie, and Helen Sinclair sped to a new pool record of 1:34.6 with Mount A.'s team of Steele, Dawson, Lutz and Waddell right on their heels. Thus ended a terrific competition between two of the most evenly balanced college teams in the Maritimes!

A total of eight pool records were broken during the afternoon. Marilyn Lutz, Doris St. Amand, Sally Steele and Jane Waddell were pushed to a new record of 1:46.7 in the 160 yard medley relay by the UNB team of Glover, Cameron, Scarborough and Sinclair.

Helen Sinclair of UNB broke two records; the first was the 60 yard freestyle in a time of 36.6, Helen just out-touched Mount A.'s powerful Sally Steele in the 100 yard race with a new record of 1:03.6. Sally Dawson of Mount A. and Judi Ritchie of UNB finished third and fourth respectively.

Doris St. Amand of Mount A. was also a double record breaker. She took the 60 yard breaststroke over UNB's Marg Cameron in 46.7 seconds. In the 100 yard event she was pushed by Marg to a new record of 1:26.3. Janet Eastwood of UNB and Webster of Mount A. were third and fourth respectively in both events.

Marilyn Lutz of Mount A. broke the 100 yard backstroke record with a time of 1:21.2 over UNB's Carol Scarborough and Kathy Glover, and Mount A.'s Guilford. Sally Steele of Mount A. won the 200 yard freestyle in the record breaking time of 2:24.6 over teammate Sally Dawson and UNB's Pat Hanson.

Jane Waddell of Mount A. was a double winner taking the 60 yard butterfly in 49.1 and the 100 yard butterfly in 1:30.0.

The 60 yard backstroke went to UNB's Carol Scarborough in 46.0, with Marilyn Lutz of Mount A. second, Kathy Glover of UNB third, and Guilford of Mount A. fourth. Jenny Adam of UNB took top honours in the diving over Nancy McCarthy of Mount A. Elaine McEwan of UNB, and Kathy Braid of Mount A.

## Bloomers Drop in Overtime

by Diane MacKeigan

The opening game of the '65 season proved to be a heartbreaker for the Red Bloomers. When the final whistle blew ending regulation play the score stood — Mount St. Bernard 50 to UNB 50.

A tense 3 minute overtime period was played to determine the winner. Mt. St. Bernard, with its outstanding ability to shoot from any position, notched two baskets and a free throw. UNB continued to fight for the ball but the score stood and the period ended; Mt. St. Bernard 55 - UNB 53.

From the opening minutes the game prove to be a fast, evenly matched contest with both teams in top physical condition. The UNB guards, working well as a unit, intercepted passes and blocked shots. Barb Bray using a hard driving lay-up led the offensive attack with 25 points.

Red Bloomers — L. Stubbs 5, P. Martin, J. Carson 3, A. Austin 2, B. Bray 25, S. Barr 18, A. Allen, L. McKeigan, L. McLellan, G. Hills; Manager J. Hepburn.

## Ice Trials

Last Sunday afternoon the UNB Sports Car Club held its first Ice Trial of the season. The event took place on the St. John River by the Burton Ferry Crossing. For the novice, Ice Trials means a contest of man and car against the clock. The object of the contest is to run over a pre-selected and laid-out course, which may range from under a mile to several miles in length, and to do it in as short a time as possible. The course surface may be hard packed snow, but is usually plain ice.

The results for last Sunday's run are as follows:

1. Martin Prince ..... Volvo ..... 3:77 min.
2. Peter MacNutt ..... MG-B ..... 3:90 min.
3. Brian Ross ..... Volvo ..... 4:03 min.
4. Tom Forbes ..... Anglia ..... 4:04 min.
5. Peter Fillmore ..... Anglia ..... 4:07 min.

errands? Chestnut House has been rented at a fair rate.

The Alumnae Society only partially equipped Chestnut House. Most of the money spent was university funds.

It is certainly not very encouraging to hear from someone who calls himself an alumnus of this university dis-

playing such bigotry towards what you call a "sectarian school". While the Brunswick is not wholly satisfied with the arrangements made with Saint Thomas University, we try to find out the facts first.

Why did you remain anonymous? Who are these "many other alumni and alumnae?"

**HOCKEY GAME**

The hockey game next Wednesday night is a St. Thomas home game. UNB students will have to pay 50 cents at the door; the tickets will go on sale at 6:30 that night.

**W.U.S.C. CONFERENCE**

Delegates from at least eight Atlantic universities are expected at this year's Atlantic Regional WUSC Conference. Host university will be UNB on the weekend of January 29-31.

This year's theme will be "The Overseas Student On Campus" and students are invited to come and participate in the discussions taking place in the Tartan Room.

Speaking at the conference will be Mr. Douglas Mayer, the General Secretary of WUSC; Desmond Green; Prof. F. W. Cogswell, and Cecil Abrahams from UNB, with John Kenny of Mt. Allison also will be presenting addresses.

**CHESS CLUB**

Mr. Dan Elman will give a simultaneous chess exhibition Sunday, Jan. 24, in the Tartan Room of the Student Centre at 2 p.m.

Everyone is invited to watch or participate.

**ADS IN THIS COLUMN:** 50 cents for about 20 words or so. (Apply at Brunswickan office for details.)

# SRC Election Candidates Announced

Brian Malone, a third year Arts student at UNB has won the position of President of the Senior Class by acclamation, it was announced late Sunday night. The full list of candidates was released at that time, and other offices in which there will be no contest are the positions of Forestry representative (2 acclaimed), Secretary-treasurer of the Senior class, and vice-president of the life executive.

Malone, who has considerable experience in many facets of student affairs, was considered "too much for me to run against" by a candidate who pulled out of the race at the last minute. Malone is studying Economics, and the Aitken House resident said he was "very pleased" with the honour.

Full details on candidates are given below.

**BRIAN MALONE**

The Student Representative Council and Student Athletic Association elections are to be held Wednesday, January 27th from 8:30 a.m. to 4:30 p.m. Polls are to be located in the following places:

1. Carleton Hall — 2nd and 3rd floors
2. Biology Building
3. Chemistry Building
4. Students' Centre
5. Forestry Building
6. Civil Engineering Building
7. Electrical Engineering Building
8. Nursing Building
9. Lady Dunn Hall (at dinner hour)
10. McConnell Hall (at dinner hour)

Ballots will be received only on presentation of the SRC card.

**CANDIDATES:—**  
Students' Representative Council

- President:—**
1. R. Kenneth Carty — Forestry IV
  2. Clyde Gordon McElman — Arts III

- First Vice-President:—**
- NOTE: Nominations have been re-opened for this position and election day for this post only has been moved to Saturday. See SRC for details.
1. Ron Brabander — Arts III
  2. Ron MacLeod —

- Science Representatives:—**
1. Beverly Ann Boone — Science II
  2. Charles Warren Colpitts — Science III
  3. Lawson Allan Welch Hunter — Science II

- Engineering Representatives:—**
1. Eric Bodtker — Mechanical Engineering IV
  2. Robert H. Brittain — Electrical Engineering III
  3. Eric Bruce Champion — Electrical Engineering II
  4. Keith Chedore — Engineering I
  5. Herbert Gibson — Chemical Engineering III

6. Samuel A. Hinds — Chemical Engineering III
7. R. Neil Likely — Civil Engineering IV
8. John S. McPhee — Engineering II
9. Thomas Stuart Nelson — Electrical Engineering IV
10. Edward (Ted) Ruitter — Civil Engineering III
11. David S. Taylor — Civil Engineering III

**Nursing:—**

1. Marybeth Campbell — Nursing III
2. Joan Hutchison — Nursing II
3. Sally Keith — Nursing III

**Forestry:—**

1. Robert K. Meisner — Forestry III
2. Neil Seely — Forestry IV (elected by acclamation)

**Business Administration:—**

1. Alfred Brien — Business Administration II
2. William Harry Freeland — Business Administration III
3. John McCartney — Business Administration III
4. Peter McDerby — Business Administration II

**Education:—**

1. Ann Armstrong — Physical Education II
2. Donald Gordon Eagle — Physical Education III
3. Ross Eddy — Physical Education III
4. James Hancock — Physical Education II
5. Michael C. Peacock — Physical Education II

**Arts:—**

1. David R. Clark — Arts III
2. John Brian Church — Arts III
3. Stephen M. Chandler — Arts III
4. Garry Dupereault — Arts III
5. Thomas Forbes — Arts II
6. Jerry Gadd — Arts II
7. Arthur Blair Inch — Arts III
8. Gale D. O'Brien — Arts II
9. Elspeth (Beth) Watters — Arts III
10. John Albert Webster — Arts II

**SOPHMORE CLASS**

- President:—**
1. Rodney W. Allison
  2. Robert Asprey
  3. Harold Beyea
  4. William Foster
  5. Peter Harding
- Vice-President:—**
1. William Campbell
  2. Scott Wade
- Secretary-Treasurer:—**
1. Wayne Beach
  2. Douglas Robertson

**SENIOR CLASS**

- President:—**
- Brian J. Malone — Arts III
- Vice-President:—**
1. William Harry Freeland — Business Administration III
  2. Florise (Flossie) Stickles — Arts III
- Secretary-Treasurer:—**
- Charles Kennedy — Business Administration III

**LIFE EXECUTIVE**

- President:—**
1. Donald Patton — Arts IV
  2. David A. Tilson — Arts IV
- Vice-President:—**
1. John Edward Champ — Arts IV
- Secretary-Treasurer:—**
1. Amanda Margaret Ferguson — Arts IV
  2. Wayne Wyers — Bus. IV
- Valedictorian:—**
1. Harold J. Geltman — Arts IV
  2. Daniel Anthony Mersich — Science IV
  3. Douglas Ross MacLeod —

Left to right, Peter Chipman, Don Forbes, Jim Storrington, Ross Eddy, Steve Holmes. Inset: Ross Webster. Above: Brian Malone.

Annually the Ladies' Society participates in a drive for pen-

nies, nickels and dimes to be given as a scholarship to a deserving woman entering her sophomore year at UNB. When the girls run around with their cans, asking for money, all those contributions are go-

ing to help some young lady to study for another year. The campus kings have joined together to urge everyone to "vote as you like, but vote" and "be generous for this very worthwhile cause."

## Tweeddale Directs Programme

Reginald E. Tweeddale, general manager and chief engineer of the New Brunswick Electric Power Commission, is directing Fredericton efforts to assist the University of New Brunswick's \$10,000,000 Development Programme.

Mr. Tweeddale is chairing a committee who will undertake in the next few months a large scale canvass of Fredericton area firms, professional people and other citizens interested in the development of the University. Several business and com-

munity leaders will assist Mr. Tweeddale.

K. C. Irving of Saint John is National Chairman of the Development Programme.

University alumni throughout the province and across the country will be canvassed to support the Programme. Officially launched in 1964, the Development Programme has been seeking gifts to date from national corporations.

Gifts will be applied to the costs of campus development in Fredericton and to the develop-

ment of the University of New Brunswick in Saint John. Construction on the Fredericton campus will include additional

library facilities, an engineering building addition, a maintenance building and heating plant extension, more residences for men and women, an academic

Building to provide more classroom and office space, additional Gymnasium facilities, and permanent buildings for the School of Nursing and the Law School.
