first at the opening of the winter sports
season. Among those invited by Mr. and
Mrs. Grew to meet Mr. Morgan were
Mrs. Arthur Clafin and Miss Gertrude
Clafin, of New York; Mrs. James N.
Winslow and Mr. L. Lanier Winslow.
There was dancing afterward, particu-
larly by additional guests.

Another dinner and dance of the week
was given by Mr. and Mrs. Hermann
Stilke, who had among their guests many
distinguished persons from high mili-
tary circles and the German world of art
and letters. Mrs. Stilke has left for
Celerina, where she will be joined by
Fran Otto Eysler, also of Berlin.

An illustrated lecture on Yellowstone
Park was given by the Rev. Dr. A. A.
Pflanzl, pastor of the Highland Park
Presbyterian Church, of Chicago, who at-
tracted a large audience to the American
Church on Tuesday. The silver offering
taken at the door will be applied to the
Parish House fund, which is being
slowly accumulated toward the erection
of a social centre for American students
in Berlin. The fund in hand amounts to
something like \$13,000.

Berlin operators are still under the sway
of the "Parsifal" production at the Royal
Opera, and so unprecedented has been
the application for tickets that fourteen
successive performances have been found
to be entirely inadequate to meet the de-
mand. By consent of the Kaiser, the
"Parsifal" period will be extended until
January 25, at which time the work must
be taken off to make way for the com-
mand performance of Meyerbeer's "Eaf-
ricaine," the first act of which will form
the gala opera to close the Kaiser's birth-
day festivities on January 27.

The Kaiser again witnessed "Parsifal,"
coming in for the last act to join Prince
and Princess Eitel Friedrich, whose ap-
pearance together in public is considered
a refutation of persistent reports con-
cerning an approaching separation.

"MONA LISA" FAILS TO
ATTRACT PARISIANS

(Special Dispatch)
Paris, Jan. 24.
Before being restored to the Louvre
in the Louvre, from which it was stolen
a couple of years ago, "La Gioconda,"
which was brought safely back to Paris, is
being exhibited at the Ecole des Beaux
Arts.
But whether it be that the enigmatic
smile of the "Mona Lisa" has lost its
legendary fascination or that the Parisian
public, with its usual fickleness, has tired
for the moment of the picture of which
it has recently heard so much, to the gen-
eral surprise but few persons have been
to see Leonardo da Vinci's masterpiece.
On New Year's Day the numbers were
but small, while a few days later there
were not more than sixty callers at the
Ecole des Beaux Arts. This may be ex-
plained to some extent by the fact that an
admission fee of 5f. (1) was charged.

years, the late peer dying in 1900, and as
there was no issue the title passed to a
nephew, the present peer. Eight years
later the widow became engaged to Mr.

ment was broken off.
The present Lord Lyveden has had a
most adventurous career, having been in
his time a soldier, a market gardener and
a ship's steward. When he was roughing
it in America, without any apparent pros-
pect of becoming a peer, he lodged over a
stable and earned a precarious living as
a cab driver.

Brantford factory worker to give \$200

Chapman and Boylan was made at
Osgoode Hall this morning by Mas-
ter-in-Chambers Cameron. An applica-

examination at the institution of the
police to establish the fact that she
could not be implicated in connection
with the murder of a babe whose
body was found in the Grand River.
The police assert that Miss Meredith
consented to the examination. So much
popular indignation was felt over
her treatment, however, that the
Brantford police station was mobbed
a year ago. Miss Meredith's action
against Chief Stelm is to go on at
Simcoe.

A Third Fire

James Marshall, on the
Caledonia Road, Has
Serious Loss.

HAMILTON, Ont., Jan. 26.—Fire
early Sunday morning destroyed a
large barn on the Caledonia road near
Ryckman's Corners, and caused a
loss of several thousands of dollars
to Carlton Fletcher, who rented the
building from James Marshall. Fifteen
head of cattle and a number of
horses lost their lives in the blaze,
and the barn and its contents, including
implements, thirty tons of hay and
other stuff, being totally destroyed.
A man was seen running away from
the place, and an empty whiskey bot-
tle indicated that a tramp had been
sleeping in the place. This is the third
time that Marshall, the owner of the
building, has suffered heavy loss from
fire to his buildings, and he is won-
dering if some enemy is taking re-
venge on him.

DIED OF INJURIES.

HAMILTON, Ont., Jan. 26.—Mrs.
Lottie Beattie, the aged victim of an
early fire in her home on Sunday
morning, died at the hospital early
this morning as a result of her in-
juries. She recovered consciousness
for just a few minutes after being
admitted to the hospital, and called
loebly for her son who saved her
from being burned to death, but
lapsed in a state of coma again be-
fore recognizing him.

They were greatly impressed with

(By Special Wire to The Courier)
CHICAGO, Jan. 26.—Butter that
has travelled 12,000 miles from New
Zealand soon will be placed on sale
in Chicago and other sections of the
United States.
A Chicago produce firm announced
to-day that it has signed a contract
for three hundred thousand pounds
of butter to be shipped this year. Re-
duction of the tariff on butter from
five to two and a half cents a pound
is said to have enabled merchants to
profit on importations. Part of the
shipments will be received by way
of the Pacific coast and others by way
of London.

AVIATOR KILLED

BASSE TERRE, Guadeloupe, Jan.
26.—Reybaud, the French aviator,
was probably mortally injured when
he fell with his aeroplane, while fly-
ing here on Saturday. The flying ma-
chine capsized at a height of 400 feet
and fell on an ice factory in the
city. Reybaud was unconscious and
suffering from severe hemorrhages
when picked up, and the doctor said
there was small hope for his life.
Reybaud had made successful flights
over Pointe-Au-Pitre and Rivere
Salee on the same day.

REDMOND SAYS
HOPE SEEMS
SLIGHT

Of Securing Ulster's
Goodwill Towards
Home Rule.

It Is Worth Buying, Even
at a High Price, He
Says.

WATERFORD, Ireland, Jan. 26.—
"Every sane man knows that, bar ac-
cidents, the Home Rule Bill will be
the law of the land this year," said
John E. Redmond, leader of the Irish
Nationalists, speaking before an im-
mense gathering here yesterday af-
ternoon.
"If any change is made in the
Home Rule Bill," continued Mr. Red-
mond, "it will only be to buy the
good-will of our opponents. But I
say frankly that I see no prospects
of their good-will being purchased at
any price whatever. That good-will
is worth purchasing at a big price,
but any change in the bill should be
consistent with the unity of Ireland.
There are no lengths short of aban-
donment of the principles you and I
hold to which I would not go to win
the confidence of the men of Ulster."
Referring to William O'Brien's
resignation from his seat in Cork,
Mr. Redmond asked his supporters to
refrain from contesting the seat, de-
claring that a fight between two pro-
fessing Nationalists at the present
moment would be a scandal and an
injury to the cause.

Estimates Down

(By Special Wire to The Courier)
OTTAWA, Jan. 26.—It is expected
that the Commons debate on the
address in reply to the speech from
the Throne will conclude Tuesday
night, and the estimates will be
brought down on Wednesday.
It is understood that the Liberal
resolution embracing the free food
policy and calling for free wheat will
be introduced as an amendment to
the budget. The Liberals will hold a
caucus to-morrow.

Western Counties' New
Rate For Lighting is to
Be Half the Present One

That the Western Counties Elec-
tric Company will shortly reduce their
current charges for house lighting
from 8 1/2 cents per kilowatt to 5 cents
per kilowatt, or possibly 4 cents, is
information which the Courier has
secured from an authentic source. At
the local office of the company this
morning no confirmation could be se-
cured of the report, it being stated
that when the company had an an-
nouncement to make it would be
done through the advertising medi-
ums. That a fight with Hydro is con-
templated is assured, and it is figured
by the Cataract interests that a rate
of 4 cents per kilowatt is as good as
the Hydro rate as announced.

LONDON, Jan. 26.—The body of
the late Lord Strathcona and Mount
Royal, high commissioner for Can-
ada, was buried to-day with the most
simple ceremonies in Highgate
cemetery, North London, beside that
of his wife, who died only a few
months ago. Before the interment,
a great funeral service was held in
Westminster Abbey and was attend-
ed by a large gathering of state offi-
cials and persons prominent in all
circles of society.
From the residence of the deceas-
ed statesman in Grosvenor Square to
the Abbey, the streets were lined
with crowds of people who reverent-
ly uncovered as the procession pass-
ed.

Hydro Men All
Back On The

There was no strike among the em-
ployees of the Hydro Electric com-
pany, but a conference will be held be-
tween their representatives and En-
gineer Ireland over alleged grievan-
ces under which the men claim they
are working. One of the reasons for
the announcement of the strike on
Saturday was that the men claimed
pay when laid off work because of
bad weather.
Many friends of Mildred Beattie
will be pleased to learn that she is
able to be out again.

Fire Chief, Lewis, Abandons Plan
Of Motor Truck—Strongly Favors
New Fire Hall on Terrace Hill

Fire Chief D. J. Lewis says that a
motor truck for Brantford is not ne-
cessary this year, providing that a
new fire hall is erected on Terrace
Hill. The statement may sound rather
startling, in view of all the publicity
given to the demands for a motor
truck for Brantford, in order to pro-
tect the outlying districts. The chief
says that a fire hall on Terrace Hill is
absolutely necessary. The private re-
sidences on Terrace Hill need
scarcely any protection, because
there have been very few fire losses
in recent years of such a nature. "But,"
said the chief, "when you come to
think of the Hospital, of the O.L.B.,
as well as the Malleable Iron Works,
the Brantford Carriage Works, I be-
lieve that a fire hall on Terrace Hill
right near the nurses Home would
prove an admirable thing. The de-
partment could get down to the Buck
Stove works and to the Ham and Nut
factory very quickly. Doesn't this
mean something? Again, the same
force of men could go down to the
Holmedale, with very little effort. It
is all down hill, via St. Paul's avenue.
I have come to the conclusion," said
the chief, "that a new motor truck
is not necessary at the present time. I
believe a fire hall on Terrace Hill is
much more essential, because it will
help the city in general. It will be
near the Hospital, and I strongly fa-
vor having any new fire hall right
near the Hospital and Nurses' Home.
I honestly think it will be the best
arrangement that the city can make.
If the city does not make this ar-
rangement, of course, we will have to

LIBERALS ARE
IN DISMAY
BADLY

The Free Food Fiasco
Has Prostrated Op-
position Forces.

Most Woebegone Party That
Has Been Seen at Capital
in Twenty Years.

(By Special Wire to The Courier)
OTTAWA, Jan. 26.—The second
week of the session opens with no
prospect of greater Liberal activity
than was shown in the funeral be-
haviour of the Opposition during the
week that has gone. The collapse of
the free food expedient, and coming
on top of it the bribery attack on the
Laurier "right arm" in Quebec, have
prostrated the Opposition. There has
not been so woebegone a party at
Ottawa in a score of years as there
is now, huddled to the left of Mr.
Speaker, a party completely dis-
heartened and discouraged, moving
very slowly, very apprehensively, with
its chin on its shoulder.
A Liberal caucus is to be held
within the next couple of days when
the dismal outlook will be discussed.
If the Opposition had the fixing of
prorogation it would be fixed at this
meeting.
It has become plainly evident dur-
ing the measured progress of the de-
bate on the address that the Liberals
in Parliament don't want to fight.
The Opposition has gone to pieces on
the free food fiasco. The refusal of
the Liberals from the rural constitu-
encies to hang themselves with a free
food rope was made pointedly mani-
fest at the outset of last week's sad
proceedings. This was the reason for
the abandonment of the free food
amendment, and the substitution of
the meaningless assortment of sen-
tences moved by Sir Wilfrid Laurier.
The protectionist party is opposed
to the Hamilton policy on princi-
ple. Every rural member has a con-
fession of food items which for local
reasons he must vote to protect.
When these collectors are assembled
together there is nothing left of "the
policy I give you at this moment."
The decision of the Government to
postpone the reintroduction of the
naval bill has increased the em-
barassment of the Opposition.
The debate on the address is sched-
uled to end on Tuesday. The Laurier
amendment will, of course, be lost of
indeed the opposition goes the length
of calling for a division on it. The
Minister of Finance will then bring
down his estimates, and the House
will get down to business.

LONDON HAS
EARLY CLOSING

But There is a Lot of Trouble
Over Way By-Law Af-
fects Grocers.

(By Special Wire to The Courier)
LONDON, Ont., Jan. 26.—There
has been a lot of trouble here of late
over the recently established by-law
compelling all grocers to close at 7
including Saturdays. After the by-law
had been passed, many small grocers
complained that it was ruining their
business, in that the consumer could
go to those stores which combined
the sale of meat and canned goods.
As a result of this three dealers were
fined one dollar and costs this morn-
ing by Magistrate Judd, who ruled
that no store could sell "groceries"
after the prohibited hours.

Livery Barn of Chief of
Fire Brigade is
Burned Up.

(By Special Wire to The Courier)
GALT, Ont., Jan. 26.—A serious
fire occurred this morning in the large
livery barn of J. E. Keewee, chief of
the fire brigade and at noon was still
burning though under control. The
blaze started from some unknown
cause in the second storey and got
a big start in the hay loft before be-
ing discovered. Twenty horses, a
number of buggies, cabs and motor
cars were taken out, but the damage
to the building will be considerable.
The livery, a frame and metal struc-
ture, is beside large business blocks
on two streets and six lines of hose
were laid in order to prevent the fire
spreading.

SMALLPOX AT FALLS

NIAGARA FALLS, N.Y., Jan. 26.

has been assigned by Dr. Herman M.
Biggs, of the state health department
to take charge of the smallpox situ-
ation, arrived here to-day. He will
work in conjunction with the local
health department. There has been
no increase in the number of cases
of the disease during the last forty-
eight hours, the total remaining at
122.

Four Dead In
Terrible Wreck
On M. C. R.

(By Special Wire to The Courier)
JACKSON, Jan. 26.—Four per-
sons are dead and a dozen injured,
some perhaps fatally, as the result of
the head-on collision last night be-
tween a passenger train and a freight
train on the Saginaw division of the
Michigan Central railroad, three miles
north of here. A misunderstanding of
orders is believed to have been re-
sponsible for the accident. The dead
are:
Cal. Johnson, Jackson, engineer on
passenger train, and the following
passengers:
S. W. Cochran, Lansing, Mich.
Theodore Schoogie, Owosso, Mich.
J. W. Beck, of this city.
Although a relief train was prompt-
ly rushed from this city to the scene
of the accident, it was three hours
and fifty minutes after the crash
when the first victim was removed
from the wreckage. So great was the
force of the collision that the smoking
car was telescoped over the bag-
gage car. The cries of the mangled
and helpless victims within the car
were plainly heard by the rescuers
long before the relief corps was able
to penetrate the twisted and jammed
wreckage and render assistance.

LIME AND SALT
PURIFIES THE
GAS

Expected That Process
Will be in Operation
To-day.

But Sulphur Will be in the
Mains for a Little
While.

The Brantford Gas Company has
its purifying plant all complete and
this morning expected that the puri-
fying process would be at work be-
tween 12 and 1 o'clock to-day. At
any rate a change can be expected
this afternoon, although it will not
be a sudden one as it will take some
time to get the sulphur gas out of
the mains.
For the benefit of Mayor Spence,
an experiment was conducted on Sat-
urday and there was no question but
that the process resulted in pure gas.
The company has four large pans
through which all the gas used in the
city will be put. These pans contain
a mixture of salt, lime and iron saw-
dust filings. The gas goes through
the holes in the bottom of the pans
and is forced to work its way up
through the material. The result is
that the sulphur is all drawn off. The
process looks on the face of it a very
simple one and the wonder of it is
that the company put up such a
strenuous fight against the city in
making the installation.
The material in the pans must be
changed frequently. It is proposed
to renew one of the four pans every
day with salt and lime, and if this
doesn't prove satisfactory, the re-
newal will have to be made oftener.
However there will likely be some
sulphur noticeable in the mains for
some days as it will take time to
get it out.

Dragoons Hold Fine Banquet

A Pleasing Event—Harmony and Enthusiasm Are Shown.

A pleasing and successful banquet was given by Lieut. J. H. Pearce to the members of the band of the 25th Brant Dragons. The event was held on Saturday evening at the rooms on George street, thirty members of the band being present. Maj. Gordon J. Smith filled the onerous duties of chairman. After a substantial repast was partaken of, the toast to "The King" was proposed and loyally received, the National Anthem being sung. A violin solo by Mr. S. J. Timbs followed and received an encore. The toast to the non-commissioned officers was replied to by Regimental Sergeant-Major Roberts who complimented the band on their progress and conveyed to them the hearty support of the non-commissioned officers of the regiment. Mr. Jaggard sang two songs which were well received and encored.

Lieut.-Col. Muir and Capt. W.

Bentham responded to the toast of the Officer Commanding and Staff. The toast to the Mayor and City Council was ably replied to by His Worship Mayor Spence, who received a perfect ovation from all present. The Mayor expressed his good feeling towards the band and regiment stating that he would at all times be ready to lend any assistance towards the band.

Col. H. Cockshutt and Lieut.-Col. J. H. Fisher were unable to be present but both sent their regards.

Major W. K. Muir of Burford and Major W. W. Patterson, Paris were unable to be present but sent their regards, conveying the sympathy and strong support of all their officers on behalf of the band.

Major Gordon J. Smith gave a short history of the organization of the band and the many difficulties the organization has had to encounter but happily the difficulties were matters of the past. He stated the band was now on a firm, solid and sure foundation and that for himself and officers the band have their entire and undivided support.

"Our Host" was proposed and responded to by Lieut. Pearce, all present rising and loudly cheering this popular officer. Lieut. Pearce stated that he was well satisfied with the progress the members of the band had made in the past. Last year had been very successful, indeed, the band receiving many engagements, and the prospects for this year were brighter than last. He predicted that the organization would be one of the best in Canada before many years.

Mr. Kellett In Montreal; Money Easier

An announcement regarding the resumption of work on the Lake Erie and Northern Railway is expected some time this week. Chief Engineer W. P. Kellett is at present in Montreal and it is stated that there is every prospect of things being fixed up so that the work can be resumed and the railway completed this summer. The hope is supported by recent changes in the money market, an all-round loosening up in the big financial centres having been reported.

Many Given Jobs

Some 130 Men Out of 510 Applicants Employed by the City.

The amount of civic work provided has failed utterly to combat with the unemployed problem. In the neighborhood of 510 men have registered at the City Engineer's office, and of the number barely over 200 have been given work and the duration of the employment was but for a short period. Granting that there have been in the neighborhood of 200 men given employment there are over 300 who have not. The men have been worked in shifts of a week. At present there are 130 men employed. Of this number 15 have been laid off and 15 others substituted this morning in order that the very small kettle of fish might to some extent be divided.

Mr. S. H. J. Reid, Albion street, is visiting his father in Welland.

With the City Police

One defendant stated plainly this morning at the police court that he had never since he had been billed obtained liquor in Brantford. The point was in doubt and the defendant, who had been found under the influence was doubted when he stated emphatically that he got all his booze in Paris three weeks ago. He was not billed in that town and, he therefore was telling the truth, the Paris dealers were safe. The chief thought a remand would enable an investigation into the defendant's testimony. Reminding him of his oath the magistrate asked him as to the truth of his assertions. He was still emphatic and for being drunk supposedly on the bottle bought three weeks ago he was fined ten bones.

Friction between neighbors caused an appearance of the parties in question in court when Fred Tapley charged three neighboring people with abusive language. Mr. and Mrs. Leek and Fred White were the defendants and flat contradictions flew across the court. Complainant alleged he was an angel and never used any foul language to defendants. He was painted different colors by his neighbors, who were also good citizens by their own words. There was no way of getting over the difficulty when Leek mentioned he had a witness. She came forward and testified volubly in favor of defendant. Then it transpired that she was his daughter. "Oh, I thought she was a valuable witness," he added facetiously. Although a witness, she knew more of the facts than the actual participants, and did not have much regard for Tapley whom she characterized as a very bad man. Her statements were made in her honor. "On your oath," she replied, "it's all the same to me." Magistrate Livingston, who was extent discounted by its one-sidedness and Magistrate Livingston discharged Mrs. Leek, while her husband was fined one dollar and 50 cents each, amounting to \$4.50 each.

TOWNSHIP APPOINTMENTS

The Expositor sneers at the fact that three Conservative assessors were appointed in Brantford Township this year.

The Expositor fails to remember, at the same time, that two Reform Assessors had been appointed for years previously, the innovation of a change only being made last year.

Outside of the Assessment department there are only three other positions in the gift of the township council, viz: the two collectorships.

This year, both these positions are being filled as has been the case for years past by Liberals.

Also the chairman of the Board of Health this year, a Liberal.

In all reason, why cannot the Expositor be honest and state the case fairly. For years, in Brantford, Township, a Conservative, when it came to getting votes hardly dare declare himself, but now the Conservatives have a majority in the council and have made what are considered eminently fair appointments, the hue and cry of politics is raised.

BORDEN VS. LAURIER.

It takes the official verbatim reports of the House of Commons debates to demonstrate how completely Premier Borden can take care of Sir Wilfrid Laurier.

The last named gentleman, as leader of the Opposition, has lost much of his old time urbanity.

It seems to be gall and wormwood to him to have to sit on the left hand side of Mr. Speaker and his remarks bear constant evidence of his chagrin.

In the opening addresses, after the speech from the Throne had been read, he, among other things, started to jibe Mr. Borden upon not having sooner filled the position of Solicitor General.

He admitted that the man chosen, Mr. Meighen, member for Portage La Prairie, was fully qualified, but claimed that the delay was because of rival applicants.

Continuing, he said: "That hon. member was not the only pebble on the beach. The beach was strewn with pebbles. Looking before me now, I can see one, two, three, four, five, six."

Some hon. member: Oh, oh. Sir Wilfrid Laurier: Yes, six I can see, the friends of each of whom he believed that he was entitled to occupy the position, and each one of whom he believed he was more entitled to than his neighbor.

How is it that they have been left and my hon. friend from Portage la Prairie chosen? That is where the subtle mind of my hon. friend from Portage la Prairie served him. That subtle mind taught him that something more than legal ability must play a part in the choice to be made.

He was not satisfied to show only his ability as a member of this House; he showed his teeth also. And when the Prime Minister saw those sharp teeth bared and ready to sink into his quivering flesh, all hesitation was gone.

gratulate the Conservative party that it is not in the condition of poverty of talent which seems to be indicated by the course which the right hon. gentleman chose on five occasions. We have an abundance of splendid material on this side of the House.

This is only one of many similar illustrations which might be given of the neat and effective manner in which the First Minister so constantly turns the tables on the ex-Premier.

THE FREE FOOD COLLAPSE

Already one of the main features of the present session at Ottawa has been the collapse of Sir Wilfrid Laurier's free food slogan.

As recently as November 26th last the ex-Premier, speaking at Hamilton, made in a most dramatic manner this pronouncement:—

"The policy I give you at this moment; the policy I believe every patriotic man in Canada ought now to support, and the policy I believe it to be the duty of the Government immediately to inaugurate, is a policy of absolutely freed food—food free from customs duty."

Sir Wilfrid seemed to think that he had made a master move when he gave that declaration, just as he thought he had done a very clever thing when he perpetrated his reciprocity blunder. It did not take him long, however, to be told that he had made another bad break, and even the Farmers Sun, intimated that he was talking nonsense.

Since then, Laurier has kept mum with regard to his new propaganda, which he foolishly thought would take like wild-fire, but didn't.

Meanwhile in more than one country farmers, as a remedy for high prices and the difference between what they receive and the middleman charges, are forming co-operative selling associations. The agriculturalists of Elgin County are the latest to get together in this regard.

It should be remembered with reference to the high cost of living that there are tons and tons of food stuffs at present in cold storage plants in Montreal, Toronto, Winnipeg, Vancouver, Halifax and other places. These are held until such times as scarcity and the market prices warrant an extra profit, and thus the consumer becomes too often exploited.

More and more the remedy for the present condition of affairs is seen to be the more direct bringing together of the producer and the consumer.

NOTES AND COMMENTS.

A recount in Chesley has shown that Mr. Halliday was elected Mayor by one vote over Dr. Crow. And now the latter can't do that.

The Dominion estimates are to be brought down this week. Another safe estimate is that the Borden Government will be in power for a great many years.

Ever a splendid fighter, Sir James Whitney seems now to have a fair chance for recovery, even after hope had been practically abandoned. Stamina counts in every direction of life.

Hon. George Foster has arrived at the Capital from the Old Land to take up his parliamentary duties. N. B. Sir Wilfrid, who lately criticized his absence from the House wasn't on hand to meet him.

"Prosperity wave fast returning," and "The West Confident, despite its problems" are two headings in the Toronto Globe of to-day, while the editorial columns still continue to endorse Laurier's blue ruin cry.

Mr. J. Lockie Wilson, formerly a leader of the Patrons of Industry, expresses regret that rural mail delivery has destroyed one of the best social features of country life—going for the mail. Of a truth it's a queer silver lining which hasn't some cloud.

Here is a forcible illustration of how Sir Wilfrid Laurier can right about face on any question:— Speech in Winnipeg, 1894:—

"When the Liberal party are in power they will at once give a measure of freedom of trade, and step by step they will follow it up, and if God spares our lives we shall progress steadily until we have it as full as Great Britain has it. I come before you to-night to preach to you this new gospel of Free Trade. I denounce to you the policy of protection as bondage, yes bondage, and I refer to it as bondage in the same way as American slavery was bondage. Sir, our policy is freedom of trade such as exists in England, such as is practiced in Great Britain."

Two years later:— "Whether a policy of absolute freedom of trade would or would not be injurious to the manufacturing industries of this country is a question which I will not stop to discuss here. There is no occasion for such a discussion, as the intention of the Lib-

eral party is not and never was to establish Free Trade in this country."

Laurier made the statement in the House last week. There are to-day in Montreal, Toronto, Winnipeg, Regina, Calgary, Edmonton and Vancouver not fewer than 100,000 men asking for work. The Montreal Star has since secured the official figures with this result:—

Montreal	5,000
Toronto	4,549
Winnipeg	2,000
Regina	300
Calgary	2,000
Edmonton	1,000
Vancouver	2,900
Total	17,449

Laurier's statement was 100,000 or 82,551 more than the reality. This, by the bye, is getting pretty close to the facts for him.

THE CITY COUNCIL

Meeting To-night—Two Committees Will Submit Reports.

The City Council session to-night will be the first gathering of the 1914 aldermen since the inaugural meeting. The board of works and the buildings and grounds committees will furnish the chief reports, the former committee having a report on the provision of work for the unemployed and the expense thereof, while the buildings and grounds committee will recommend the appointment of Mr. John Thresher as Superintendent of cemeteries. A deputation from Grand View will also be present to protest against the establishment of a pest house on Charing Cross road.

THE RURAL MAIL

A fierce and bitter storm's abroad. It is a bleak midwinter day, and slowly o'er the frozen sod the postman's pony picks its way. The postman and his horse are cold, but fearlessly they face the gale; though storms increase a hundredfold, the farmer folk must have their mail. The hours drag on, the lonely road grows rougher with each mile that's past, the weary pony feels its load, and staggers in the shrieking blast. But man and horse strive on the more; they never learned such word as fail; though tempests beat and torrents pour, the farmer folk must have their mail. At night the pony, to its shred, drags on its cold, exhausted frame; and after supper, to his bed the wearied postman does the same. To-morrow brings the same old round, the same exhausting, thankless grind; the journey over frozen ground, the facing of the bitter wind. The postman does a hero's stunt to earn his scanty roll of kale; of all the storms he bears the brunt—the farmer folk must have their mail!

CANADIAN BIRTHDAYS

MONDAY, JANUARY TWENTY-SIXTH

Sir Percy Girouard, a son of Canada who has won Imperial renown, is celebrating his forty-seventh birthday to-day.

Sir Percy's fame rests on his skill as a railroad builder. Lord Kitchener picked him out when he was still under thirty and gave him the difficult task of providing railway transportation for the troops in the Sudan. This necessitated the construction of 200 miles of track in the space of a few months, but it made possible the victory of Omdurman. Later when Kitchener was sent to South Africa, he took the young Canadian engineer with him and put the work of constructing and operating railways in his hands. For this service he received knighthood. After acting for some years as Governor of British East Africa, Sir Percy retired a year ago and became associated as a director with one of the big English gun manufacturing companies.

Aroused Her Curiosity. Marie—I wonder how old you are Julia—I just told you my age. Marie—Yes; that's what set me wondering.—Exchange.

To The Editor

CEMETERY APPOINTMENT

Brantford, Jan. 24, 1914.

To the Editor of The Courier: Sir,—In reading the daily news as published in your valuable paper, I am surprised at the number of applications for the position of caretaker for Greenwood and Mt. Hope cemeteries. Undoubtedly all applicants are good, honest, industrious, hardworking members of the community, and are regarded as such, but are they men who understand anything about landscape gardening and floriculture?

I believe the time has now arrived when our city fathers should consider well the capabilities of the man they elect for the position of caretaker of the Brantford cemeteries. Has it not been somewhat of a joke when you look at the appearance of God's acre, to see the delapidated

state of the walks and tumble condition of many of the stone markings? Cannot something now be done to secure the services of a man or men to put our cemeteries in a condition which would be a credit to our city? We want some attention given to appearance. The grass kept trimmed, use every spot available for the planting of flowers and shrubs and make the spot so sacred to many a place of beauty. I would ask you to go to any of the cemeteries in the country, and could name several such as Paris, Simcoe, St. Thomas, Stratford, Niagara Falls, Brockville, Hamilton, Toronto, Buffalo, Cleveland, Detroit, and compare any of them with Brantford, and you cannot but admit that we in Brantford, are sadly in need of some reform. If the Aldermen are unable to cope with the question, why not place the cemeteries under the control of a commission independent of the council, or the Parks Board, if possible. Now is the time to do something towards this, and as it can be done without

offence to any, as I understand a vacancy now exists for some one who will take charge of the cemeteries who understands landscape gardening and thoroughly conversant in floriculture, and who will be able to make the most beautiful spots in the city which can be looked up to by all with pleasure.

SOCCER GUESSING

Results of Courier Competition Will be Announced Tuesday.

Much interest was taken last week in the Courier's guessing competition in connection with the Old Country soccer leagues, and a goodly number of coupons were sent in. On account of the amount of work entailed in checking up the guesses, the result will not be announced till Tuesday. See to-morrow's paper for results and for list of prizes in this week's competition. The prize list will be increased this week.

The announcement Saturday night that Bill Bradley had signed a Federal League contract and would manage the Toronto team was concurrent with one to the effect that the Canadian League would have a team in Toronto without fail. Any connection? Note that the Bradley report, as well as most others from the Feds came from the "Windy" City.

FUR ANKLETS

One way of keeping the ankles warm, when thin silk stockings and paper-soled slippers are worn on a midwinter day, is by adding a fur bracelet to one's foot-covering. This latest whim of fashion affords one more way to use the inevitable fur which garnishes everything this season, from motor wraps to lingerie petticoats and robes du nuit. The costume pictured is of brown velvet, with sleeves of gold net and a sash of pomegranate silk.

ATHLETICS FOR ALL THE PUBLIC SCHOOLS

New Movement Has a Successful Inauguration—Organization Meeting.

A new movement for the uplifting of the physical welfare of the youths of this city has been inaugurated, and the six schools of Brantford are incorporated in an effort to promote the interests of the reform, which will be known as the Public Schools Athletic League. An informal meeting has been held and five city schools were represented, while the sixth is interested although not represented. The organization has been, as far as committees are concerned, perfected, and the executive will be composed of Mr. E. C. Kilmer, chairman; Mr. Foster, vice-chairman; Mr. Rowe, treasurer, and Mr. G. H. Roper, executive secretary.

The athletic sports included in the category of the league include hockey, baseball, basketball, swimming, and standard efficiency tests. An important rule divides all aspirants for diplomas into classes or sections for weight. Age does not count, and the man of 80 pounds is in the same schedule of the slender youth of this avordupois. The various weights are up to 80 pounds, between 80 and 95, between 95 and between 110 and 125, and an unlimited class.

When efficiency has been attained in any branch of sport, a bronze bar is qualified for, and various bars obtained can be formed into a belt of honor. The awards divided according to the sections. Standard efficiency consists of efficiency in running, jumping, throwing and swimming, and in addition the unlimited man must be able to cover 50 yards in 35 seconds, which means he will have to travel in the water fairly fast.

The hockey committee has been formed, and is made up of a boy from each of the six schools, supplemented by Messrs White, Dixon, Bingle and Roper. Meetings will take place in Room D, in the Y. M. C. A. A meeting of this committee will take place to-day at 4.15 for the purpose of organizing the hockey section.

Competitors in various classes will be advanced, but in the standard efficiency test no competition is allowed, the candidates only doing the required performances under specified conditions.

The movement, although the meetings have been held in the Y.M.C.A., is not to be confounded as a branch of that institution, and all sports will take place at the various schools except for the swimming events, which will necessitate the use of the Y. M. C. A. pool.

Defects of Transfer System in Soccer

It is no secret that many directors of Southern League Clubs consider that a serious mistake was committed when the transfer agreement was made with the Football League. Play in the Southern League is, in the opinion of many good judges distinctly on the down grade and this in a measure is attributed to the transfer system. No doubt many clubs have materially benefited from the financial standpoint, but others find the strain of paying for players a great hindrance, particularly those clubs who live from hand to mouth.

At first there was a run on Southern League players of outstanding merit by the wealthier league clubs, but to use the expression of a football journalist who is opposed to the system, they did not realize there would come a time when all the "assets" would be used up and snapped up by the League clubs. Now they are beginning to understand that they want players to maintain the standard of play, and indeed to keep their place in the First Division of the Southern League.

Southern clubs are not as a rule financially strong, and they can hardly pay summer wages let alone large sums for brilliant men, and the consequence is that the standard has been lowered.

New men of value are, of course, discovered, but there is a great temptation to transfer men to the Football League clubs, when large sums are offered for their services. The fees for transfers have gone on increasing.

Up to the end of last year Daniel Shea, of Blackburn Rovers, scored more goals than any other player in the First and Second Leagues, Southern League, or Scottish League. Since he joined the club in January of 1913 he notched 32 goals in 35 matches.

Croydon Common are favorites for first place in the Second Division of the Southern League. They have not lost a match, and in 16 games have only given away six goals.

DENY CHARGES OF JACK JOHNSON

Chicago Officers Deny That They Were Bribed to Let Him Go.

CHICAGO, Jan. 26.—A Paris cable quoting Jack Johnson, the prize fighter, as saying it cost him \$25,000 to escape from Chicago where he had been convicted of violating the White Slave Act, brought forth vehement denials from the federal building today.

Harry A. Parkin, special prosecutor for the government said: "I never got a dollar from any one except the United States Government in connection with the Johnson case. I was in Jack Johnson's saloon once and that was when I went to get Lucille Cameron, now Johnson's wife, to start proceedings against Johnson. Johnson simply jumped his bond, that is all there was to that."

Charles F. Dewoodie, until recently local agent of the department of justice, said: "Johnson's charge is absurd. It is evident that Johnson had reason to spend \$25,000 or 25 cents to get out of the country. Every one knows how I trailed him and watched him to prevent his escape."

Roy Jones, a cafe proprietor and friend of the fighter up to the time he testified against the defendant in the white slave case, said by Johnson to have acted as a go-between for Parkin and Dewoodie, denied the allegation.

A federal grand jury is investigating various stories connected with Johnson's escape. Canceled checks left behind by Sol Lewinson, a professional bondsman, when he disappeared from this city, figures in the investigation.

83 MAJOR LEAGUE PLAYERS WITH FEDS

Rollie Zeider Is Latest to Sign With Tinker's Chicago Federal Club.

CHICAGO, Jan. 26.—Minutes of the Federal League, after two secret committee sessions, Saturday issued two optimistic reports—one that 127 players had been signed, 83 of whom were major leaguers, and the other that the construction of all the stands would be under way next week.

Among the 83 big leaguers are Rollie Zeider, of the New York Americans, who it was announced, signed a contract last night to play with Tinker's Chicagoans, and William Bradley of the Toronto International League team, who signed to manage the Toronto Federals. Zeider accepted the Federal terms Saturday night after Arthur Irwin, the Yankee's representative, had declined to promise him a \$5,000 salary and a chance at playing third base. Bradley gained fame as an infielder with Cleveland.

The committee which heard reports on players consisted of Walter Mulfin, Buffalo; E. H. Hanlon, Baltimore and Chas. Weeghman, Chicago. The committee on stands, to which was referred reports on contracts and plans, consisted of Edward Steinger, St. Louis; President J. A. Gilmore and Edward E. Gates, Indianapolis.

Everybody concerned denied a widely circulated report that the St. Paul American Association team to be purchased by Weeghman, would be transferred to Chicago, and would play on the north side grounds, leased for the Federals. Weeghman said he would stand by the Federal League, and President Chivington declared there would be no change in the association.

A large envelope with the name of Charles Ebbets, of the Brooklyn Nationals, and addressed to Chas. Weeghman, caused some excitement when it arrived at the headquarters of the Federal League Saturday, but when it was opened it was found to contain only press clippings.

Jack Hollan, the St. Joseph manager, who was expected to arrive today, to talk to Joe Tinker concerning Alexander Zwilling's signing with the Federals, did not appear, according to Tinker.

A story printed here Saturday to the effect that C. Weeghman would withdraw from the Federal League, by the St. Paul franchise of the American Association and place the club in Chicago, was denied by all concerned who could be found. The story said that Weeghman and some of the association magnates agreed on terms for the transfer at a secret meeting here.

PARRELL TO FIGHT FEDERALS FOR COLE.
NEW YORK, Jan. 26.—Frank Parrell, president of the New York Americans, said he would totally ignore Russell Ford, his former star pitcher, who has jumped to the Federal League, but says he will fight the limit for King Cole, the former Cub, drafted by the Yankees from the Columbus Club.

Parrell would not say in what manner he would fight for Cole, but said it would come out in time. He admitted however that he could do nothing until Cole appeared in a Federal uniform.

Parrell said that he did not think that Sweeney had jumped to the new league. He admitted Scout Arthur Irwin was sent to Chicago to sign Zeider and Sweeney, but because a member of Sweeney's family was dead, Irwin decided not to try to do any business with the catcher until next week.

FEDERALS SIGN UP THREE MORE

Pres. Coleman Makes Announcement, But Declines to Give Names.

CHICAGO, Jan. 26.—Three more major league players, making a total of 86 have signed with the Federal League, President Gilmore announced Sunday. He refused to give their names, but asserted they were among the stars of organized baseball. Their identity will become known when all the big leaguers signed and those who are expected to sign have been assigned to the various clubs of the new league.

Mr. Gilmore appeared to be well pleased over the new acquisitions. He said Catcher Arthur Wilson, of the New York Nationals, was not one of the three.

The Federal League president said he was not worried over the threats from the New York American League Club that a legal effort would be made to prevent Pitcher Cole from appearing in a Federal uniform. He said he did not believe the New York club had Cole's written acceptance of its terms.

"Cole wrote the Yankee club under date of December 22 and told them what he thought his services would be worth the coming season," said Mr. Gilmore. "When he received no reply he negotiated with the Federal League and signed a contract on December 31. Two days later he received a telegram from the New York club accepting his terms. Cole has a distinct recollection of what he wrote and I am positive that he will play with us this season."

CLINTON ORGANIZES STRONG CURLING CLUB.

CLINTON, Jan. 26.—At a meeting held for the purpose of organizing a curling club, the following officers were elected: President, W. Jackson; vice-president, Major McTaggart; secretary-treasurer, H. E. Paul; executive committee, C. E. Dowling, J. T. Stevenson, W. R. Counter. The weather so far has been unfavorable for winter sports, but hope for better in February. They will curl in a fine new rink.

MIDGE CRAVEN TO MANAGE ST. THOMAS

ST. THOMAS, Jan. 26.—The St. Thomas Canadian League Club held its annual meeting, Saturday, Jan. 24, and judging from the enthusiasm displayed by the directors and fans, the club will enjoy the best season in its history, since the classification of the league has been raised and the franchise transferred to Eric and Toronto. The most important bit of news handed out at the termination of the gathering was the announcement that Garnet "Midge" Craven, last year's outfielder, was selected as the member for the coming season.

Looking over the list of players signed up for the coming season the Saints should be able to withstand the gaff and be right up among the first division right from the offset of the league games. Manager Craven boasts of one of the best hurling staffs in the circuit, and it is thought that with a good catcher the team will be very formidable.

This year's outfield will be composed of the same trio, Koop, Kautus and Manager Craven, which constitutes one of the best in the circuit when speed and defensive work is considered, to which several others will be added and the regular be made to step to catch regular places. The pitching staff, left intact since last season, will be composed of the following: Baker, Clements, Howick, Hughey, Reilly and Wilkinson. Brundage, who proved to be a great hitter with the Brantford team last season, will be given a chance at first base, and the Chatham boy should make good. The remainder of the infield will be given a chance with men like Hess, of Cleveland; Fergie, of the 1212-13 team; Lamb of Toledo and Barney, to which several others will be added before the training season commences.

Craven is in communication with two high-class backstops, who will try out for a place, besides Inker. The team will train at Charlotte, Michigan for two weeks and then a barnstorming trip East will conclude the team's preparations.

Craven is well known in baseball circles, having played and managed a number of teams in the Central League. Midge's home fits in Detroit but he has given St. Thomas the preference since he went into retirement for the winter. Midge was a popular attachment of the locals last season. His last engagement with the Central League was at Grand Rapids. Among the score of applicants for the position were Geo. Ort, Mattie Matheson and Dave Stewart.

WOODSTOCK'S BIG TEAM DEFAULTS AFTER TONIGHT

After Continual Reversal They Decide to Drop, But Will Meet the Parisians.

WOODSTOCK, Jan. 26.—Realizing that they were down and out so far as the race for group honors in District No. 8 was concerned, the Woodstock intermediates have decided to default the remainder of their games, with the exception of the contest in Paris on Monday night. While the boys have not won a game this season they have had the satisfaction of making the top-notchers, Paris and London, go the limit to win, the scores in many of these games being very close.

BUFFALO FEDERAL LEAGUE ORGANIZED.
ALBANY, N. Y., Jan. 26.—The Federal League Baseball Company was incorporated here Saturday. The capital stock is \$200,000.
Geo. A. Orr and Everett H. Hunt are named directors, and Richard T. Carroll, Walter F. Mullen and Owen B. Augspurger as incorporators.

OTTAWA, Jan. 26.—The Ottawas continued their winning streak in the N. H. A. Saturday, beating the Torontos by 4 to 1. That makes it seven straight for the Senators and puts them on top in the Stanley Cup race. For 37 minutes there was no score. Seventeen minutes after the second period begun Darragh dashed from end to end and scored for Ottawa. It was 1 to 0 for eleven minutes in the third, when Roman made it 2 to 0. McGiffin raised the hopes of the Toronto followers with a pretty goal for the blue shirts, but Darragh sealed it up with another rush in four minutes and the pack had just been refueled when Roman shot and caught Holmes off his guard, leaving it 4 to 1. The Torontos put up a battle royal in the first and second periods, but they were played to a standstill in the third. Holmes gave a remarkable exhibition in goal for the visitors.

Over 7,000 persons were in attendance, seats selling as high as \$25 per pair. Hundreds had to be turned away. The play was clean, McGiffin and Marshall drawing the only penalties. None of the Ottawas were ruled off. The crowd rushed at McGiffin when the game ended, but his team mates saved the "bad man."

Ontarios 4; Quebec 2
TORONTO, Jan. 26.—Playing excellent hockey from start to finish, Jimmy Murphy's tail enders sprang a surprise at the Arena on Saturday evening defeating Quebec by the score of 4 to 2. The local team won on their merits, showing considerable reversal of form.

Canadiens 9; Wanderers 1
MONTREAL, Jan. 26.—Canadiens defeated Wanderers Saturday night by a score of 9 to 1 in a match that developed into a painful bluesque. Wanderers' collective efforts would hardly have earned them a decision in the city league, and the individual play of some of the team would almost create the impression that they were seeking their release rather than championship honors. The heavy condition of the ice did not offer any advantage to either team.

TWO JUNIOR WOODSTOCK TEAMS TO MEET FRIDAY

WOODSTOCK, Jan. 26.—Providing that no other arrangements interfere in any way, Woodstock hockey fans are to be given an opportunity on Friday night next, of seeing the two Woodstock junior O. H. A. teams in battle, one against the other, the officers of the Woodstock Hockey club have been successful in securing a match with the Woodstock College team of the O. H. A. The keen rivalry now existing between the two teams is assurance of the fact that there will be one great game, and it is expected that a record crowd will witness the contest. Much doubt exists regarding which is the better team of the two at the present time, both aggregations having many supporters who think that they can win.

ERIE AWAIT'S O'NEIL

ERIE, Jan. 26.—Geo. H. O'Neil, who has been granted permission to put a Canadian League team in Erie, has not yet reached the city, though he has been expected since the meeting of the league since last Monday. When he does arrive in Erie it will be in the final effort to make satisfactory arrangements for the playing of league ball at Perry field.

O'Neil was a former director and large stockholder in the London club of the Canuck circuit, but since he purchased the franchise which he expects to put in Erie he has disposed of his holdings and resigned from the board of directors of the ball club in the Canadian city. All his time will be given to providing Erie with good baseball.

Restoring the Fallen

Crime is generally the result of bad surroundings, poor education, defective physique, false ideals, lack of employment arising from lack of training; it is rarely due wholly to heredity. Merely to confine a boy or man in prison is to bring him in contact with other bad men, to cultivate a spirit of revenge and the continuance of false notions. Education and rebuilding of character should be the goal of effort, and especially should a strong appeal be made to the better nature that is dominant in every soul. Personal influence of the right kind seldom fails of a response even though at the moment there should be no visible indication of it.—J. J. Kelsa.

CHAPTER VI. A Tip From Headquarters.

AGGIE gave herself over to more cigarettes in an easy chair sprawled out in an attitude of comfort over taught in any finishing school for young ladies. Soon the coming of Joe Garson, who was usually in and out of the apartment a number of times daily, provided a welcome diversion. Aggie explained in response to his question that Mary had gone out to keep an engagement with Dick Gilder.

"Mary has been with him a good deal lately," he said, half questioningly.

"That's what," was the curt agreement.

"Think she's stuck on him?"

"Why not?" Aggie retorted. "Bet your life I'd be if I had a chance. He's a swell boy, and his father's got the coin too."

At this the man moved impatiently, and his eyes wandered to the window. Again Aggie studied him with a swift glance of interrogation.

"Joe, if there's anything on your mind shoot it."

"It's Mary," Garson explained, with some embarrassment; "her and young Gilder."

"Well?" came the crisp question.

"Well, somehow," Garson went on, still somewhat confusedly, "I can't see any good of it for her."

"Why?" Aggie demanded, in surprise.

"Old man Gilder's got a big pull, and if he caught on to his boy's going with Mary he'd be likely to send the police after us—strong! Believe me, I ain't looking for any trip up the river."

"You ain't done nothing that can touch us for, Mary says so."

"Whether we've done anything or whether we haven't don't matter," he objected. "Once the police set out after you they'll get you. Russia ain't in it with some of the things I have seen pulled off in this town."

"Oh, can that 'frail talk' Aggie exclaimed roughly. "I tell you they can't get us. We've got our fingers crossed."

A noise at the hall door interrupted her, and she looked up to see a man, while behind him appeared the maid, protesting angrily.

"Never mind that announcing thing with me," the newcomer rasped to the expostulating servant in a voice that suited well his thick set figure, with the bullet shaped head and the bull-like neck. He was Cassidy, who had had Mary Turner in his charge on the occasion of her ill fated visit to Edwain Gilder's office four years before.

"Hello, Joe!" he cried familiarly.

"Well?" Joe demanded.

"Just a little friendly call," Cassidy announced in his strident voice. "Where's the lady of the house?"

"Out," Aggie spoke very sharply.

"Well, Joe," Cassidy went on, "when she comes back just tell her it's up to her to make a getaway and to make it quick."

"Say," Aggie retorted viciously, "you can't throw any scare into us. See?"

"Nothing on you, eh? Well, well, let's see," Cassidy regarded Garson with a grin. "You are Joe Garson, forger?"

As he spoke the detective took a notebook from a pocket, found a page, and then read: "First arrested in 1891 for forging the name of Edwin Goodsell to a check for \$10,000. Again arrested June 19, 1898, for forgery. Arrested in April, 1898, for forging the signature of Oscar Hemmenway to a series of bonds that were counterfeited. Arrested as the man back of the Reilly gang in 1903. Arrested in 1908 for forgery."

"Haven't any records of convictions, have you?"

"No, but we've got the right dope on you, all right, Joe Garson." He turned savagely on the girl.

"And you're little Aggie Lynch," Cassidy declared as he thrust the note-

book back into his pocket. "Just now you're posing as Mary Turner's cousin. You served two years in Burnside for blackmail. You were arrested in Bur-

lington, convicted and served your stretch. Nothing of you? Well, well!"

Again there was triumph in the officer's check. He went on speaking with obvious enjoyment of the extent to which his knowledge reached.

"And the head of the gang is Mary Turner. Arrested four years ago for robbing the Emporium. Did her stretch of three years."

"Is that all you've got about her?" Garson demanded with such abruptness that Cassidy forgot his dignity sufficiently to answer with an unqualified yes.

"Nothing in your record of her about her coming out without a friend in the world and trying to go straight? You ain't got nothing in that pretty little book of yours about your going to the military store where she finally got a job and tipping them off to where she came from?"

"Sure, they was tipped off. We got to protect the city."

"Got anything in that record of yours?" Garson went on venomously, "about her getting another job and your following her up again, and having her throw you out? Got it there about the letter you and old Gilder wrote, so that his influence would get her caught?"

"Oh, we had her right the first time."

"You did not. She was railroaded for a job she never done. She went in honest, and she came out honest."

"And that's why she's here now with a gang of crooks," Cassidy retorted.

"Why she should stay here?" Garson demanded violently. "You ain't got nothing in that record about my jumping into the river after her. That's where I found her—a girl that never done nobody any harm, starving because you police wouldn't give her a chance to work."

"The river because she wouldn't take the only other way that was left her to make a living, because she was keeping straight! Have you got any of that in your book?"

"Anyway," the officer went on, with a new confidence, now that his eyes were free from the gaze that had burned into his soul, "you've got to clear out the whole gang of you—and do it quick."

"We don't scare worth a cent," Aggie snapped, with the violence of a vixen. "You can't do anything to us. We ain't broke the law." There came a sudden ripple of laughter, and the charming lips curved joyously as she added, "Though perhaps we have bent it a bit."

"Well, you've got the tip," Cassidy returned, somewhat disconcerted, after a stolid fashion of his own. "It's up to you to take it, that's all. If you don't one of you will make a long visit with some people out of town, and I'll probably be Mary. Remember, I'm giving it to you straight."

Cassidy turned and went noisily out of the drawing room. As he heard the outer door close behind the detective Aggie's expression grew vicious.

"The truck horse detective!" she sneered. "An eighteen collar and a six and a half hot! He sure had his nerve to get up and talk us!"

"Perhaps it wasn't a bluff, Aggie," Garson suggested.

"Well, what have we done, I'd like to know?"

Garson answered with a note of weariness that was unlike him.

"It ain't what you have done," he said quietly. "It's what they can make a jury thing you've done. And once they set out to get you—God, how they can frame things! If they ever start out after Mary"—He did not finish the sentence, but sank down into his chair with a groan that was almost despair.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Lustre with Grandma's Sage Tea Recipe

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of mess.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Agent, T. George Bowles.

Sporting Comment

President Nelson, of the Brantford Baseball Club, announced on Saturday that he did not know as yet whether London would trade Denaut for Coose or not. He said it all depended on London, and he was hopeful that the deal would go through. "I am very anxious, not for Denaut particularly, but to get straightened away so that we can get a manager, and start the season properly. We owe this to the fans. They have been loyal in the past and they will continue to be loyal, if they get a good break for their money. Of course, we want a winner. It will pay the ball club a hundred-fold to have one, and it will pay me and my partner, Mr. Brown. Considering everything, we have \$3000 invested in organized baseball in Brantford. Owing to unfavorable circumstances we have not realized very well on our investment as yet. For all that, we intend to provide a good clean sport to the thousands of patrons of good sport in this city. We believe conscientiously that sport in Brantford is behind us, else we would never undertake the task to try and pay a salary limit of \$3,500 per month and keep Brantford in what promises to be a big and important International League in a very few years. Naturally we expect public support in our enterprise. It means something to Brantford, to have a team in the new league as formed. We have got to hold our heads up. If we are not at present a big city we will soon be one, and we have got to let them know it. A baseball game in Brantford on a Saturday afternoon, is better many times over than an excursion out of the city. That is what baseball means, especially the good brand, and we propose to give it to the fans this year, if we can possibly do so."

Thus spoke President Nelson, of the Brantford Ball Club to a representative of this paper on Saturday. The President takes his position seriously this year. He knows, that as a baseball magnate he has got to make good. In the old days of lacrosse, he made good, when he was a member of the Minto Cup Chasing Executive. It surely is up to Messrs. Nelson and Brown this year to hand us something like a winner. It will be a stiff fight all the way, especially when you figure that Jim McCaffery is in a league with a surplus of both players and money from Toronto. Brantford, however, should make a big noise this year. We are due, for a noise and we will make one.

Toronto's Feds. are thriving in a most unexpected manner. Bill Bradley has been appointed manager. All that now remains to be done is the signing of a team, securing of grounds and the inveighing of an "angel" or two.

Jim McCaffery admits that "Shiner" likes company, but says that there is nothing significant in the fact that

the cables are so plugged up with Sir Tea Liptons plans for lifting the America's Cup that nothing has filtered through since the globe-girdling Giants and White Sox. Assuming that they are going along about as they did before they embarked at Vancouver, the standing of each team is somewhere between .499 and .501.

Sherwood Magee is in town with his manager, Charley Dooan of the Phillies. Perhaps we should say that Dooan is here with Magee. The Feds. are abroad in the land, y'know.

Knowing the skill of the Chinese in carving ivory it was with considerable trepidation that friends of Fred Merkle saw him enter the borders of the Celestial Kingdom with the Giants. He passed through safely, and a New York paper points out that the danger is not yet over as India has yet to be bridled.

Manager Charley Dooan of the Philadelphia Nationals is registered at Ye Olde Bay Tree Inn during his week at Shea's Theatre. The Feds. have been stalking some of the Leafs as well as a number of the Phillie.

Jack Dunn, the present manager of the Baltimore Orioles, says that at the schedule meeting of the International League in February the much discussed salary limit will be abolished. When seven of the eight clubs in the league were in favor of the inter-league series with the American Association, Dunn took the International by the nape of the neck and converted it to his way of thinking with the result that the rejection of the proposal was made practically unanimous. "Dunnie" wants to abolish the pay limit to enable him to fight the Federals the better in Baltimore. Price cut no figure with him when he was signing his 1914 team. Who's the boss of this league anyway?

On Saturday night Bombardier Wells knocked out a French heavy named Pigot. On the same evening "Kid" Kenneth applied a brick to Arthur Parley's jaw at Bakersfield, Cal. In Paris another "hope" named Pat Curran was put to sleep by Sam Langford. It would have been a saving of time and patience to have put the whole mob in one ring. "Tham" would have toted off all the money.

The consensus of opinion is that Wolgast is improving, and many are inclined to the belief that the former champion is as good as ever. It is a fact that since he lost the title Wolgast has been boxing more than he did when he held it, and if he ever got it again he would not be likely to be so tardy in its defence. But nowadays there are more sturdy lightweights in the land than when Wolgast and Battling Nelson were enjoying the festivities by themselves.

Must Get Your Soldiers Young Says French

LONDON, Jan. 26.—Field-Marshal Sir John French, chief of the Imperial General Staff, was the principal guest at the recent annual Wolfe birthday dinner, held under the auspices of the Westham Society, at the George and Dragon Hotel, Westham, where the hero of Quebec played on his last visit to Westham in 1758. Colonel C. E. Ward, P. D., presided, and on the table before him stood the claret jug which formed part of Wolfe's cabin furniture on the occasion of his last voyage to Canada. Another interesting relic produced was a multilined volume of historic importance—the journal written by Wolfe recording the proceedings during part of the three months preceding the taking of Quebec. This book was discovered recently among some old books after a fire at a West of England mansion.

Sir John French, replying to the toast of his health, said these annual gatherings served to keep him alive in the minds of the rising generation the history of one of England's greatest heroes, who illustrated in his own life and deeds the qualities which every aspirant to military fame should try, so far as he was able, to inculcate in himself.

Speaking of Wolfe's indomitable courage, Sir John pointed out how he preserved in the face of constant illness, and said his life presented one of the finest examples we could have of the triumph of soul and spirit over body. But what had struck him more than anything was the extraordinary fertility of Wolfe's brain in the ingenious and varied form to strategize which he conceived to deceive his enemy and effect surprise. His military genius came out very strongly in this way, and the consummate skill and daring of his surprise of the 13, 1759, was unsurpassed in the annals of military history.

Old Canadian Indian War Has Been Recalled

LONDON, Jan. 26.—Army orders announce that the king has approved of the Black Watch (Royal Highlanders) and the King's Royal Rifle Corps being permitted to bear the honorary distinction "North America, 1763-64," in recognition of services rendered during the war against the Red Indians (Pontiac's Conspiracy).

The operations in question extended over a wide area of country bordering on and to the south of the Great Lakes, and were of a most arduous nature. In the summer of 1763 the Indians under the leadership of Pontiac, a chieftain of exceptional ability and intrepidity, treacherously attacked the outlying British forts, which were mainly garrisoned by detachments of the 1st Battalion 6th Royal American Regiment (now the King's Royal Rifle Corps). In many instances the garrisons of the forts and settlers in their neighborhood were barbarously murdered.

Fort Detroit, an important post between Lakes Huron and Erie, was besieged for 15 months before it was relieved. Fort Pitt, another important strategic post on the Ohio River, was also invested, but was relieved by a force under Colonel Bouquet. Royal Americans who defeated the Indians at Bushy Run after a severe engagement lasting two days. The 42nd (Black Watch), the 1st Battalion 6th Royal Americans (less the detachments garrisoning the forts) and the 77th Montgomery's Highlanders (a regiment since disbanded) were present in this action.

After a period of some 18 months of desultory warfare the leaders of the various tribes involved sued for peace, and hostilities were concluded on the surrender of the principal chiefs as hostages and the return of some 300 captives to the British camp.

Mr. Redmond as Old Moore the Prophet

LONDON, Jan. 26.—No one knows better than Mr. Redmond the best solution of the Home Rule question. There is a point of similarity between the statements of the two which suggest that they are one. Mr. Redmond professes to know what is going to happen in 1914. So does Old Moore. And because the subject of their prediction is Ireland, and because both are hopeful, it is not surprising that Old Moore is Mr. Redmond.

There surely cannot be two distinct eminent public persons cheerful about Ireland in 1914? Mr. Redmond says that Home Rule will be the law of the land in 1914. Old Moore is more roundabout. After predicting "rather serious news" from Ireland in February, mostly from the southern portion of the Emerald Isle, and registering his profound grief that the disturbances will be caused by those who have no real personal interest in that country, the prophet of the Almac proceeds:—"On several occasions Old Moore has hinted in his strong liking for Ireland and for her people, and has ever predicted a happy future to all their troubles in the near ending." It will be noticed that the dissimilarity between the two is no greater than is necessary to maintain deception. But the reader can now penetrate the disguise and identify Old Moore as Mr. Redmond.

FALLING HAIR MEANS DANDRUFF IS ACTIVE

Save Your Hair! Get a 25 cent bottle of Danderine right now.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

The Cheerful Politician
To be cheerful is an inestimable advantage to the politician. But there is not much ground for cheerfulness in the prospect. Strikes, increased expenditure, increased taxation, Ulster—the cadence is compact of jaus. Mr. Asquith himself has dwelt on the arduous burden of his office in a way that shows he does not approach with unalloyed pleasure the event which will make the session open on February 10th unrecedented. The fine flower of Mr. Asquith's genius—the Parliament Act—is to be seen in all its glory for the first time. If the Commons pass Home Rule and Welsh Disestablishment a third time, and the Lords reject them again, each bill shall be presented to His Majesty and become an act of Parliament on the royal assent being made thereto. May 9th and May 16th are the respective dates on which Home Rule and Welsh Disestablishment could reach the statute book by this arbitrary mechanism.

Is Irish Settlement Possible?
Mr. Asquith and Mr. Bonar Law have not met to discuss whether an Irish settlement by consent is possible. Mr. F. E. Smith and Mr. Churchill have explored the ground together, but their meetings are not official. The flood of autumn oratory has cleared the way for an interchange of views between the two leaders. But the House is very suspicious; since the futile Constitutional Conference of arrangements conducted "behind its back." The most that can be expected is a private effort by the leaders to ascertain each other's disposition. This may go on after parliament meets, and the Home Rule Bill be kept back accordingly while other business is proceeded with. An agreement on the basis of special treatment for Ulster may be accepted by the Lords, and therefore embodied in the bill. On the other hand a "die hard" movement in the Lords might wreck an understanding; or no agreement might be reached at all. In either of which events the bill would pass as it is and the country would be right up against the danger of civil war. The probability of a cabinet split at that stage is strong. Lord Morley was the hero of an anti-coercion campaign in the eighties before he left the editorial chair for the cabinet. What would Lord Morley do if it came to a question of coercing Ulster?

Appeal to the People Popular
The most popular man in the country would be one who could go to this moment and promise an immediate appeal to the people on Home Rule. That remains the best solution over and over again Mr. Bonar Law pointed it out on patriotic grounds. If an election or referendum favored the government, the Unionists of Great Britain are pledged not to encourage the resistance of Ulster. An election has of late seemed less likely but it is in the range of possibility. Powerful forces are working for an election, and the fact that Radicals believe their land campaign has "caught on" makes that way, though it also shows the difficulty of getting a verdict on Home Rule alone. Mr. Lloyd George's speeches have been more and more an election appeal.

IN CHURCHES SUNDAY

Many Inspiring Services Held Throughout the City Yesterday—Helpful Sermons, Good Singing

THE FIRST BAPTIST.

Sunday was a good day with the First Baptist church, both in point of attendance and also in interest. The morning service was in charge of the Rev. D. T. McClintock, who exchanged with the pastor. All were delighted and helped by the able sermon preached by Mr. McClintock. There were 411 present at the Sunday school at 9 p.m. In the evening the church was crowded and a splendid service was enjoyed. The pastor spoke for ten minutes on the life of the late Lord Strathcona and emphasized his industry, patriotism, achievement and generosity. The sermon property centered about the watchword, "Safety First." The music of the day was excellent. The choir sang in the morning, "What Will It Be When the King Comes," and in the evening, "Just As I Am," in the evening.

SYDENHAM STREET.

The services yesterday were well attended, the pastor preaching at both services. In the morning he spoke on "The Life of Lord Strathcona," and in the evening he preached the third of a series on the Ten Commandments—"The High Crime of Profanity." Mr. W. Wilson sang a solo at the evening service. In the Sunday school the attendance was splendid, and diplomas were given to bright scholars, eleven receiving "perfect" marks and as many more being short a few marks and also receiving diplomas.

CALVARY BAPTIST.

The services of the Calvary Baptist church were well attended on Sunday. Rev. W. E. Bowyer, the pastor, preached in the morning on the subject, "The Aristocracy of Labor" and in the evening on the subject "In the Eye of the Public." During the evening the ordinance of baptism was observed. The communion service will be held on Sunday evening, Feb. 1st. At this service some new members will be received. Individual communion cups will be used.

SLINGSBY FIRE EARLY SATURDAY

Damage of \$500 Occasioned by a Mysterious Outbreak.

The Slingsby Manufacturing Co. might have had a very disastrous fire early on Saturday morning had it not been for the vigilance of the night watchman and the effectiveness of the sprinkler system installed throughout the shop.

In the early hours of the morning a fire broke out in the carding room on the third floor, and when it was discovered by the watchman the whistles of the factory were immediately blown. The fire got so hot, however, that the sprinkler system worked eventually. The city fire departments were not summoned although many employees of the factory turned out at the sound of the whistle. The origin of the fire is a mystery, but the damage is estimated at \$500.
