

# The Acadian

Vol. XL. No. 4.

WOLFVILLE, NOVA SCOTIA, FRIDAY, OCTOBER 15, 1920.

\$1.50, payable in advance.

## Wolfville A. A. A.

### Good Meeting of Local Votaries of Clean Sport

The adjourned meeting of the Wolfville Amateur Athletic Association in the Temperance Hall on Thursday night of last week, from the view point of business done, was eminently successful. Devotees of the "good old game" of Cricket predominated in the attendance, with those of Lawn Tennis coming next, while Baseball and Hockey were well represented. What would have enhanced the zeal of the promoters of "clean sport in Wolfville—and plenty of it" would have been the attendance of the baseball and hockey players themselves. The better the sporting citizens know and understand those who seek to "put Wolfville on the map" by their skill and prowess in any branch of Athletic sport, the more generous and cordial will be the co-operation to promote the association's objects, and the players, realizing that their efforts and sacrifice are being appreciated, will be encouraged to strive with utmost vim and determination to win highest honors for Wolfville.

Unfortunately, Mr. H. W. Phinney was unable to be present, but Dr. C. E. Avery deWitt proved an efficient substitute. The report of the enlarged Constitution Committee was submitted and amply discussed, clause by clause, with the result that the whole constitution amended was unanimously adopted, and the officers in accordance therewith were elected as follows:

Honorary President—H. W. Phinney  
President—C. E. Avery deWitt, M. D.  
Vice-Pres.—W. A. Cole, M.A., Ph.D.  
E. Percy Brown  
Treasurer—J. Reginald Black  
Secretary—M. J. Tamplin

Pursuant to the clause enacting that "the management be vested in an executive committee composed of the officers and two members elected by each club organized within the Association", the remaining members of the Executive will be elected by the Baseball, Cricket, Hockey and Tennis, to which may be added any other branch of sport, such as Bowling, Curling or Basketball, each of which would seem to claim a fair amount of attention among the membership.

The President, with the Rev. R. F. Dixon (Cricket), Dr. Gilt (Baseball and Hockey) and Professor Balcom (Tennis), as colleagues, was appointed chairman of a sub-committee to draft the necessary Bye-Laws, Rules and Regulations to be approved by the Executive Committee. The annual meeting will be held on the third Tuesday in March. In the meantime a colossal task will tax the combined wisdom of the Executive to "lick things into ship shape".

The Secretary begged leave to explain that the item of \$21.00 credited to M. J. Tamplin in the balance sheet as published should have been "affiliation and registration fees, proportion of Valley League delegate's expenses to Truro, postage and sundry stationery incidental to the secretarial duties".

## Guard The Children From Autumn Colds

The Fall is the most severe season of the year for colds—one day is warm, the next cold and wet and unless the mother is on her guard, the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mothers' best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose of the Tablets will prevent colds, or if it does come on suddenly their prompt use will relieve the baby. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### A CONUNDRUM

A prayer to the departed, a demand on the authorities, a call to labor, beseeching, peremptory, appealing. It appeared on the hem of her mantle in black and white with mural decorations, when the quiet hours of the fourth merged into the quieter hours of the fifth.

What interpretation? Whose mantle? Can ink enough be found for an answer?

Order your Christmas Private Greeting Cards at THE ACADIAN store. We have a splendid assortment from which to choose.

## Fatal Railway Accident

### Kentville Man Meets His Death.

One man was killed and three others seriously injured when a Dominion Atlantic "double header" special freight train, was derailed a mile and a half from Truro, on Tuesday morning. Fireman Fred Yould, of Kentville, was killed and those seriously injured were Drivers Wm. Rawding, of Waterville and Thomas Walsh of Kentville, who were badly scalded and otherwise injured. Fireman Clarence MacMann, of Kentville, was severely scalded. The injured will recover.

Two cows were responsible for the derailment, which occurred near the Truro Golf Links. The train was a heavy one drawn by two engines, and on hitting the cows both engines left the rails, rolling down the embankment. Some of the cars were smashed while others left the rails. One of the engines was nearly buried in mud at the foot of the embankment. It is not unusual for cows to put trains off the track, as this has happened in Nova Scotia on several occasions.

Wrecking crews from both ends of the Dominion Atlantic service, aided by a heavy crane belonging to the Canadian Government road were employed all day clearing the track of wreckage. There was so much damage done to both engines that only a succession of miracles seem to have prevented the death of all the men comprising the engine crews. In making an estimate of the loss caused, a railway man put it at beyond \$75,000.

Porter's Garage had a booth at the exhibition at Kentville last week where Mr. John Calkin illustrated acetylene welding to crowds of interested spectators.

The Navy League of Canada will undertake a drive this month for some \$750,000, \$50,000 of this amount is what the Province of Nova Scotia is called to contribute.

The deciding game of the World's Baseball Series was played on Tuesday when the Cleveland Americans defeated the Brooklyn Nationals by the score of 3 to 0.

## An October Wedding

### Marriage of Popular Wolfville Girl.

One of the most charming weddings of the autumn season took place Tuesday night in the Baptist Church at eight o'clock when Elmore Blanche Eaton, youngest daughter of Mr. and Mrs. Lawrence Eaton was united in marriage with Edward H. Freeman, M. D. The church was appropriately decorated in autumn leaves and green foliage. Rev. Dr. MacMann performed the ceremony.

The bride, dressed in white (satin and trimmed in silver with conventional veil) and carrying white roses, entered the church on the arm of her father, preceded by the little flower girl, Mary Carry Freeman, of Halifax. Miss Jean Fudge played the wedding march. The bridesmaids were Mr. Kenneth Eaton and Mr. Stewart Eaton of Canard. After the ceremony a reception was held at the bride's residence. Mrs. Eaton, mother of the bride wore a handsome gown of black satin and georgette. The going away gown was of broad white leather hat to match. The groom's gift to the bride was a seal coat. The bride, who is one of Wolfville's most popular girls, early made a name for herself as a most efficient nurse and supervisor. Dr. Freeman enlisted with the Imperials in the West and saw overseas service. Before enlisting he practiced his profession in Wolfville. Dr. and Mrs. Freeman left at once for Victoria B. C. where they expect to reside followed by the good will and best wishes of a host of friends.

### BIG DROP IN APPLE PRICES

Owing to heavy export of apples arriving in great Britain during the past few weeks, and there in a slack and otherwise bad condition occasioned by the unusual warm weather, prices on the local market have taken a serious slump. Apples received the last few days were 1 1/2 and 2 1/2 a 35¢ domestic, 20¢ to 25¢ to 30¢.

Hallows in Post Cards, 2 for 5 cents, at the ACADIAN store.

## The Spirit of Acadia

### Dramatized by Clever Wolfville Lady. Play Well Put On by Students.

The drama, "Acadia", by Mrs. Mary Kinley Ingraham, was given in College Hall, Friday evening, October 9th, under the direction of Miss MacChesill Deane. The audience was most appreciative. Miss Helen Starr, as the Genie of Acadia, charmed every one by her grace and by the dignity with which she interpreted her part. In the first act Acadia comes, a spirit just awakened, lovely, wondering, and half aware of her work and destiny. She knows only that the Truth called her, in answer to the prayers of the people of Nova Scotia. She is welcomed by Learning, Art, Science, Theology, Man, Woman and War. The Truth then enters, consecrates Acadia, and claims for herself the homage of all. For War she prophesies the gigantic struggle then seventy-five years away.

In the second act we see Acadia in sorrow, chiefly because of Penury, Sloth, Ignorance and Bigotry. She is cheered by Man and by all her votaries. In the third act Woman, after a spirited argument with Man, is admitted to Acadia. Then comes War. Mr. Albert Corey, dressed as a Greek warrior, was a real artist in his interpretation of this part. So was Mr. Bannerman, as Man, the Man of Acadia leaving Woman with her head in the lap of his alma mater, while he went out with War. The exit was stately indeed. Finally Acadia takes up her work again. Learning, Science, Art, and Theology arise from their knees at her command, Man and Woman join hands as equals in their submission to Learning. War is comforted, and Truth crowns Acadia.

Too much cannot be said in praise of the tableaux arranged by Miss Deane, and of the artistic effect of the costumes required under her direction. Miss Starr, as Acadia, was draped in the colors of the province, Miss Beth Bellard, as Truth, in white and gold, and Miss Pauline Parry, Miss Marion Grant, Misses Muriel and Clare Catten, Mr. Bannerman, Miss

## Anniversary Service

### An Interesting Sunday at St. Andrew's Church.

On Sunday last the services at St. Andrew's church were of a most interesting character, in celebration of the tenth anniversary of the induction of Rev. Mr. Miller as minister and the sixth anniversary of the opening of the new church. The church was artistically trimmed for the occasion with autumn leaves and potted plants and presented a pretty appearance. The new Book of Praise was used for the first time. Excellent music was furnished by the choir. At the morning service, Mrs. (Dr.) Thompson rendered a delightful violin solo and in the evening the congregation was favored with an exceedingly well rendered vocal solo by Miss Amy Prescott.

Rev. Prof. Falconer of Pine Hill College, Halifax, was the speaker at both services. In the morning his subject was "The Church of the Living God", and his sermon was most thoughtful and inspiring. In the evening, the text was "Be ye also perfect", he preached a most thoughtful and telling sermon which was much enjoyed.

The provincial general elections held in New Brunswick last Saturday gave the Government 23 of the 48 seats, the Opposition 13, the United Farmers' 10, and Labor 2.

Grace Stewart and Mr. Albert Corey, were appropriately draped as Learning, Science, Theology, Art, Man, Woman, and War, respectively. A strong chorus under the direction of Mrs. Hanna R. Gregory of the Seminar Staff, interpolated hymns and songs, suggesting the part of the chorus in the Greek drama. Miss Pauline Nelson directed the orchestra, composed altogether of Seminary students. The drama symbolized the spirit, the mission, and the work of Acadia, and was pronounced by one well qualified to judge, the best of our dramatic entertainments both in dignity and in beauty.

LABOR AND THE LIQUOR TRAFFIC

The following letter was received from Mr. J. B. McLachlan, Secretary of the United Mine Workers of America, Nova Scotia Branch. It is addressed to Rev. H. R. Grant, and dated:

September 6, 1920.  
Today I am in receipt of your favor of the 3rd inst. asking me for "an expression of opinion as to the benefits that would result from the suppression of the liquor traffic."

Let me say that at a Convention of miners held in Sydney, N. S., Nov. 19-23, 1918, in a reconstruction program drawn up, the fifth item on the program read as follows:

"Temperance Reform in the shape of an absolute Prohibition Act Dominion wide."

This item was passed by that Convention by a majority of four to one.

I have been actively engaged in the Labor Movement during the last thirty years, and know of nothing that is better calculated to upset the best efforts of Labor men and Labor Unions than a drinking member.

I hate the liquor traffic with a whole hearted hatred because I have seen it used over and over again to dash the hopes of working men when they were on the eve of doing something useful for themselves. I am,

Yours truly,  
J. B. McLachlan.

CANNING NOTES

Mr. A. S. Burgess, of Canning, has returned from the hospital at Montreal, where he has been undergoing treatment for the past two months.

Rev. Harry Barbour, Baptist minister exchanged pulpits with Rev. Mr. Lezenby, of Kingsport, on Sunday evening.

The Canning United Baptist church has been renovated, and is having a new pipeless furnace installed, in the main auditorium. This is the first one of this kind to be put in, in this district, and is considered one of the latest inventions for heating churches.

Harold Woodworth of Wildermere, has been appointed Government Apple Inspector.

CASPEREAU NOTES

Mr. Otis Schofield, who has been out on a hunting party, was fortunate enough to shoot a nice large moose.

Miss MacDougall, the supervisor of the Women's Institute of Nova Scotia, speaks to the women of the Valley this Friday afternoon at 2.30. All ladies of the Valley are cordially invited to attend.

Although being so late in securing a teacher for the Advanced Department, Miss Smith of Lunenburg, has at last been secured.

"You can talk about gramophones all you want to," explained the American visitor, "but we can whip you at that. I've heard a gramophone in New York that you could hear clear to Chicago."

"That's nothing," retorted a quiet Britisher. "In our regiment there was a bugler who blew a call in 1914, and they heard it in the States at the end of 1917."

Don't believe all you hear—especially when it is about yourself.

Rheumatic People

Can Only Find Relief by Enriching the Blood

Rheumatism is a disorder of the blood. It attacks people when the blood is overcharged with acid and impurities, thus setting up inflammation in the muscles and joints. Wet weather or cold weather may start the tortures of rheumatism, but is not the cause. The cause is in the blood and the blood only. Victims of this malady have every reason to fear the first dull ache in the limbs and joints, followed by sharp pains through the flesh muscles; these are the symptoms of poison in the blood which will shortly leave the victim pain-racked and helpless.

There is only one way to cure rheumatism, and that is through the blood. Liniments, hot applications, and rubbing may give temporary ease, but cannot possibly root the trouble out of the system. That can only be done by the rich, red blood which Dr. Williams' Pink Pills make. This new blood drives out the poisonous acids and impurities, and the rheumatism disappears. If you are a sufferer from this painful malady begin the use of Dr. Williams' Pink Pills and see how soon the pains and stiffness of the joints fade away, leaving behind new energy and new health.

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

BRITISH CAPITALISTS AFTER OIL IN WEST

EDMONTON, Alta.—According to D. B. Dowling, Dominion geologist, the most extensive explorations for oil ever undertaken in the West, save by the Imperial Oil Company, will be conducted next year by the Whitehall Oil Company of England. The company is composed of a group of British Capitalists, of whom Lord Cowdray is the chief. A number of experts from the Dominion Geological Survey Branch have been loaned to the company and are making extensive surveys in the foothill area of Alberta and also up in the extreme north. A great deal of machinery and drilling equipment will be introduced next spring.

An immediate expenditure of several million dollars is to be made by the Empire Silica Company in the development of silica properties near Whyococmagh, and in the manufacture of brick of various kinds as well as lime and cement products, according to one of the directors of the company who is also the owner of the newly acquired property. The land consists of 60,000 acres and the brick plant to be erected will, it is stated, give employment to more than 1,000 men.

THE REBUILDING OF KING'S COLLEGE

In response to the repeated inquiries concerning the rebuilding of King's College, the Windsor Tribune states that at last the powers have been moved to action, and there is reasonable ground to hope that in as short a time as possible, the grand old University building swept out of existence last year by fire will be replaced by a handsome new structure of red brick with white stone trimmings.

At an executive meeting at the office of President Boyle, and presided over by His Grace Archbishop Worrell, the contract for constructing a concrete foundation for the centre unit was awarded to Mr. Bedwin, of Halifax, work to begin immediately.

The building will consist of three units. The centre unit will be the first part constructed. It will contain lecture rooms, offices, the Halliburton room and students' reading room. The top floor will be used for a time as a residence, until the end units are erected.

The corner stone will be laid in a few weeks. It is hoped that the Governor-General of Canada may be here for that purpose, but he may not be able to grant this request. It is, however, assured that the erection of this occasion will be delivered by Dr. Nicholas Murray Butler, President of Columbia.

THE WAVE OF LOWER PRICES

(From the Baltimore American.)  
After having travelled so long and arduously under the desert sun of high prices, with the skies above them brazen with hopelessness, it may be too much for the housewives of America to believe when told that within thirty days there will be an average drop in the price of groceries of 15 per cent. Yet this is the word that comes from the watchtower agents of the Federal Reserve Board. These who look abroad over the land and can readily detect the dust of the approaching columns of reduced price declare that in seven districts groceries show a heavy decline in respect to the volume of trade transactions during the past four weeks. What does this mean in the terminology of the table? It means that both wholesalers and retailers are more cautious about making purchases. With the geometric sixth sense that business men must develop if they are not to go to the wall, they have discerned the movement of prices downward and are governing themselves accordingly.

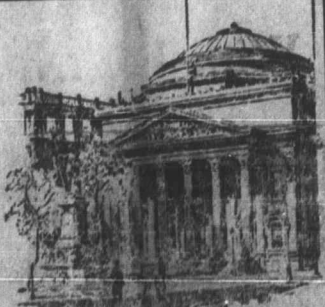

On account of the present pulpwood situation, 27 Western Canadian publications have been forced to close.

Twenty-three thousand men are employed in Canadian shipyards.

Would you Accept Skim Milk? When you Ask for CREAM?

NO! You know that all the goodness has been taken out of skim milk!

But do you know that exactly the same thing is happening today with the so-called Molasses, blends and table syrups with which the Canadian market is flooded?

Do you know they are taking 9 pounds of good sugar out of the gallon of cane syrup and selling you the refuse as Molasses! Or mixing it with common glucose for table syrups?

And now it costs no more than molasses!

Plantations Limited are supplying Canada with the real, old time, whole-sugar Barbados—the pure concentrate of the finest, ripest sugar cane—every barrel branded "Windmill".

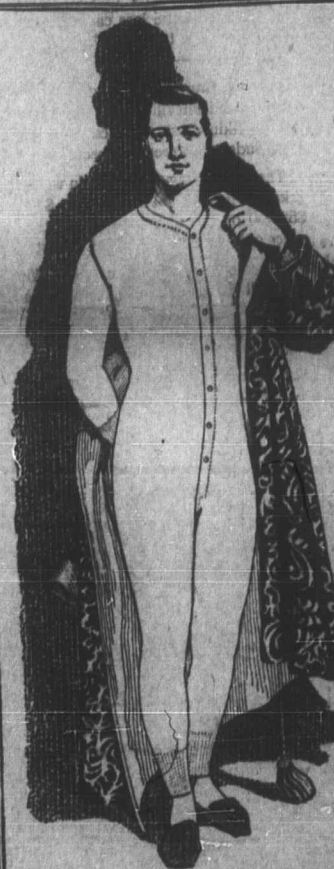

Now you know the facts, help in the good cause by demanding the genuine

Windmill Barbados Super-Fancy

Tell your dealer you MUST have "Windmill" Barbados. He sells it in bulk—any quantity! Never in sealed cans or containers. You cannot imitate the Barbados. It would explode!

**W. C. T. U. SISTERS—ATTENTION**

**Referendum, Twenty-fifth of October**

Every woman should vote October 25th. Your vote cannot be spared. It is our vote not our opinion that on the 25th of October decides for or against the betterment of Nova Scotia.

The question on the Referendum ballot is:—"Shall the importation or bringing of intoxicating liquors into the province be forbidden?" It is written twice on the ballot, and after the question in the upper part is the word "NO," and in the lower "YES". Within the space containing the question, there is room for the voter to make a cross (X) after "NO" or "YES", and thus express the conviction that importation should be prohibited.

The Act clearly states that the prohibition applies only to intoxicating liquor for BEVERAGE purposes. Prohibition will not prevent importation for sacramental, medical, manufacturing or commercial purposes.

The Referendum is a Dominion measure. The officers will be appointed and the election conducted as in a Federal election. All our women who are British subjects, twenty-one years of age and over have the Dominion franchise as well as the Provincial franchise and can vote on the coming referendum.

**DEATH OF JAMES I. FOSTER**

The following from a Yorkton, Sask., paper refers to a brother of Mr. Robt. Foster, of this town:

The death occurred at his home here last night of one of Yorkton's best known and most respected citizens in the person of Mr. James Israel Foster, former C.P.R. agent here and for the past seven years in charge of the C.P.R. telegraph office. Deceased had been suffering periodically from heart trouble and an acute attack last night hastened the end.

Mr. Foster came here about fifteen years ago from Birtle, Man., and was born in Nova Scotia. His wife predeceased him about ten years ago and one son, Procter, in California, and two daughters, Mrs. Geo. Oliver, of Neepawa and Miss Heatherbell at home, are left to mourn his loss and have the sympathy of the entire community in their great bereavement.

Mr. Foster was very prominent in Masonic circles and has been an officer of Yorkton Lodge almost continuously since his arrival here. He is a past grand master of the craft and took a keen interest in its welfare and of that of his masonic brethren.

A public funeral service under masonic auspices will be conducted at the I.O.O.F. lodge rooms tomorrow evening at 7:15 followed by a service at St. Andrew's church at 7:45 p.m. The remains will be taken to Birtle for interment and a masonic service will be conducted there on Saturday, at 2 p.m.

The late Mr. Foster's age was 64 years, 7 months and 23 days.

**PROFITS FROM PROHIBITION**

(From the Cleveland Plain Dealer.)

In the first two and a half months of prohibition San Francisco banks gained \$666,640,000. The grape juice business and the hop business are taking a big spurt in California.

**FREE BED AT NOVA SCOTIA SANATORIUM**

The attention of Doctors and the Public is called to an offer of the Olympic Chapter of the Imperial Order Daughters of the Empire, of Kentville, to support a needy, tuberculous person at the Nova Scotia Sanatorium. Their offer is to assist four people during one year, keeping one patient at the sanatorium for a period of three months.

A letter will be required from the patient's doctor and from a clergyman of the locality stating that such assistance is necessary. If this bed is not needed by a person residing in the town of Kentville or in Kings County, then the offer is open to any similar case in the province.

**Bear Island Aug. 26, 1903. Minard's Liniment Co. Limited.**

Dear Sirs.—Your traveller is here today and we getting a large quantity of your MINARD'S LINIMENT. We find it the best Liniment on the market making no exceptions. We have been in business 13 years and have handled all kinds, but have dropped them all but yours; that sells itself the others have to be pushed to get rid of.

W. A. HAGERMAN.

The Nova Scotia Sanatorium takes care of early, hopeful cases of tuberculosis, but up to the present time has not been able to make arrangements for permanent cases, for other than ex-servicemen.

**LOWER PRICES**

Rumours of reduction in the cost of living continue, but as rumours, they don't seem to materialize to any great extent not in general any way.

Sugar is a bit cheaper but it can fall a long ways before it hurts the speculators.

However we must have patience, the tumble will come in the near future. A big slump in all kinds of prices is on the way, but it is accompanied by a quiet period in all kinds of business. Prices do not slump in a buoyant period, but during a slack period.

Manufacturers are looking forward to a quiet spell, indeed some of them are already feeling it.

**Impure Blood, Pale and Worn-Out?**

**VITAL TABLETS**

IS WHAT YOU WANT

There is no other remedy that acts as quickly as Vital Tablets. A Tonic for the kings. They will build up the whole system, especially they will purify the blood, and make new blood. Young men and girls will be greatly benefited by taking Vital Tablets. They fortify the system. A great tonic, easily taken. Go to your drug store and get a box to-day. Price 50c or by mail. The Scobell Drug Co., Montreal.

**\$5,000 provision for your home**  
— plus —  
**\$50 a month indemnity for yourself**

**Guaranteed to You Under Our New Special Indemnity Plan**

Whatever your income may be, a certain part of it is vital to your existence. Let us suppose that vital sum is

**\$50 a Month**

That you must have.

**But---**

If some day, before you reach age sixty, you should become totally and permanently disabled through accident, paralysis, nervous break-down, blindness, rheumatism, or any mishap or illness that would leave you without an income and unable to earn a living—

**How Could You Get Along?**

From a financial standpoint that would be worse for you, for your family, and for your business than the loss of your life because, while your income would stop, your expenses would go on just the same.

Suppose, however, now that you are in good health, you take out a Canada Life Special Indemnity Policy—

**Your Problem is Solved.**

The Canada Life would become responsible for sending you \$50.00 a month (or more, as you may have arranged) for the rest of your life.

When totally disabled you cannot earn premiums, so the premiums cease.

You will also need immediate funds. By allowing your dividends to accumulate for a few years you would have a substantial cash sum at your credit ready for an emergency.

The Policy will go on earning dividends which will be paid to you in addition to your income.

**What Then?**

It makes no difference how long you may live and continue to draw the monthly income, the Policy still carries the full \$5,000 payable to your beneficiary. In other words, not one dollar of all that you receive in monthly payments will be deducted from the amount of the Policy.

**Nothing Left to Chance.**

This is the Policy you will want when you know how completely it does away with hazards that you are now taking. The premium required for all these benefits is very moderate.

Ask for Particulars

It safeguards your income—

### Editorial Notes

Canada's revenue for September showed a large increase, and yet over 22 millions was added to the public debt!

Under government auspices the sugar combine has unmercifully bled the Canadian public since 1914, and the public has patiently borne the operation. Now that world competition made conditions right for a tumble in prices the government through its "Board of Commerce" is protecting its pets by "fixing" a sugar price. A government that is "against the people" need not be surprised to find the people "against the government" when the opportune time comes.

### MUSIC NOTES

A large Community Chorus is being formed under the direction of Mr. Frank E. Marsh, Jr. and Miss Winifred Stephens of the student body of Acadia University, Seminary, Academy and lovers of good music in Wolfville. Mr. Marsh plans to devote a Day to Music in May, having three Concerts. One in the morning by the Senior Class, afternoon by the visiting Artists and in the evening the Chorus will sing "Ruth" by Gaul. All who are interested in good music and love to sing are invited to meet with Mr. Marsh Thursday evening, October 21, 1920, in College Hall at 7 o'clock. Come and help him make this the largest and best chorus in the province.

Friday evening, October 29, the first of a series of Faculty Recitals will be given by the following Artists: Mr. Frank E. Marsh, Jr., Pianist; Miss E. Marie Underhill, Mezzo Soprano; Miss Pauline Tourjee Nelson, Violinist; Miss Florence A. Holt, Reader.

This will be the first appearance of three of these artists in Wolfville. Come and enjoy good music. Let's make Wolfville the home of everything that is good in music.

Last Tuesday eve about thirty Seminary students met with Mrs. Hannah Gregory to organize a Girls Glee Club. Plans were made to make this year's Glee Club the best ever produced at Acadia. The girls are to appear in the Students Recitals and to put on the Operetta "The Japanese Girl", in the near future. They are trying hard to make this one of the most enthusiastic organizations in the school.

Tuesday evening the members of the Orchestra met with Miss Nelson in the Seminary Chapel for their first rehearsal. They are expecting to do big things this year. They will give a concert and assist in the Musical Festival. Watch them grow.

Saturday evening, Oct. 30, 1920, will be the first of a series of monthly student recitals given in the Seminary Chapel. Those who are interested are invited to come and encourage these young people.

### Personal Paragraphs

Mrs. J. R. Starr, of Starr's Point, is visiting friends in Halifax.

Mrs. R. deWolfe Archibald is attending the meetings of the United Baptist Women's Missionary Union at St. John, the guest of her cousin, Mrs. James Johnston.

Mrs. W. A. Chipman and Mrs. J. Howard Bars, are visiting in Dartmouth, where they attended the wedding of their nephew, Mr. Walter DeW. Bars, which took place on Tuesday evening of this week.

Mr. C. A. Brown, manager of the local telephone exchange, is spending a few days at Hampton, Annapolis county. His many friends will be pleased to learn that he is rapidly recovering from his recent electrical accident.

### ENLARGEMENT OF NORMAL COURSE IN CONSERVATORY

There will be an opportunity for two pupils (beginners) in violin and one pupil (beginner) in voice to take lessons with Senior Pupils of the Conservatory, beginning after the Thanksgiving Recess.

The work will be done by pupils under the supervision of the Teachers. For full information apply to Mr. Frank Marsh, Jr., at his office in the Seminary.

### URBAN STOCK COMPANY

**At Wolfville Opera House**  
The Theatre going public of today is clamouring for the better class of entertainment—the days of inferior plays, actors and productions are past. With this thought in mind the plays, personal and productions selected by Mr. Urban will surpass any former efforts.

During their stay in our midst they will produce the following plays, "The Woman in Room 13", "Cappy Ricks". In the entire list of plays there is not one that has been produced at popular prices before. It is a well known and conceded fact that the Stock company of today must secure the best available talent, as the actors are called upon to play a wide range of parts. That the Urban Company is capable of such achievement has been proven beyond a doubt, and their engagement in Wolfville is looked forward to with great pleasure. Wednesday night's bill will be announced later.

Potatoes, which were as high as \$4 a bushel in Halifax early in the summer, then came down rapidly to around \$1.50 a bushel, and stayed about that price for some time, have again begun to descend and they were bought at \$1 a bushel in Halifax Saturday. They are coming down some more, for the big new Prince Edward Island crop is being put on the market.

### HISTORICAL

The value of the study of the history of one's own country, its relationship to good citizenship and to national ideals was the subject of a talk given by Dominion Archivist Milner at the College Library on Sunday afternoon, to students of history. The collection and preservation of local documents, correspondence etc bearing on local history was advocated as necessary to the future writing of township histories. The immense collection of the Archives at Ottawa, gathered from the four corners of the earth, largely concerned with Acadian annals, is a store house from which young writers of history can draw records of the past.

Advertise in "THE ACADIAN."

Items of Local Interest

Dr. and Mrs. E. H. Freeman have our thanks for wedding favors received.

"Silent Policemen" on some of our street corners would greatly minimize the danger of collisions.

Rev. Dr. Bennett, of Gaspereau, occupied the pulpit of the Methodist church on Sunday evening.

The D.A.R. passenger rate of four cents per mile, has been approved by the Board of Railway Commissioners.

Mr. N. H. Parsons and family are occupying their new home on Acadia street, formerly occupied by Mrs. and Miss Schofield.

The ladies of the Presbyterian church will hold a Pantry Sale on Friday the 15th in "The ACADIAN" building, from 3 to 5 o'clock.

A meeting of the order of Railroad Telegraphers was held at the Royal Hotel one day this week. Mr. Mein, of St. Louis, an officer of the order, addressed the members present.

Next Sunday being "Children's Day" in the Anglican church, there will be appropriate services in St. John's church at 11 a.m., with special music. It is hoped there will be a large attendance of children and parents. The service will be a shortened form of Matins, with address, after which there will be a celebration of Holy Communion.

The harvest Thanksgiving services at St. John's church last Sunday were attended by large congregations. The church was beautifully decorated with fruit, vegetables, flowers and grain. In the morning Rev. Professor Kingston preached an able and interesting sermon on the duty of thanksgiving to God as the source of all good. The rector preached in the evening. The singing at both services, which was of a high order and much admired, bore witness to the excellent training of Prof. Manely, as organist and choir master. Miss Stevens, of the Seminary, sang a beautiful solo at the evening service. Next Sunday will be Children's Day.

Capt. Clarence Eagles, a native of Wolfville, who with Mrs. Eagles is spending a few days in town, paid THE ACADIAN a pleasant call on Wednesday. It has been twenty-three years since Capt. Eagles last left Wolfville and he is much pleased with the progress made by his native town in the intervening years. Since the beginning of the war he has had many interesting experiences. His ship was sunk by a German vessel and he was made prisoner. Last spring Capt. Eagles made a trip up the Black Sea of which he tells many thrilling instances. Many old friends were very glad to welcome Capt. and Mrs. Eagles back to Wolfville and only regret that there stay is necessarily such a brief one.

THE BOY SCOUTS

The regular meeting will be held from 6:45 to 8:30 this (Friday) evening. A special meeting for reorganization of the Band will be held at 8:30. All those who have instruments belonging to the Scouts in their possession are requested to be present also those Scouts who wish to join the Band may hand in their names at this time.

We are very glad to be able to announce that Mr. Phinney, though at great personal inconvenience, has agreed to take charge of the boys for this work. The first practice will be held at the Club-Room at 7 o'clock Saturday evening.

A very interesting program of work is expected this year with both the Boy Scouts and Tuxis Scouts. A "Student" Committee has been formed and will look after this work and the readiness with which these young men have offered to take up this extra task affords another interesting example of the value of co-operation between the College and the Town.

The Tuxis Scouts' own room will be ready in a week or two.

VALLEY REAL ESTATE AGENCY WOLFVILLE, N.S.

THE NOBLE MONUMENT

Col. Noble of the United States Army, in company with Dr. Cutten and Mr. W. C. Milner came to town on Wednesday and visited Grand Pre. He is a great grand son of the Col. Noble, whose remains are interred in the orchard, north of Crane's corner. Readers of history will remember that in January, 1758, he was surprised by a force of French principally from Chignecto, who marched through the winter's snows and attacked them at night. They were easy victims being billeted in French houses extending over a mile and a half along the edge of the upland from Grand Pre to Gaspereau. Col. Noble refused quarter and died fighting. The Dominion Government is taking steps to erect a suitable monument over the remains of him and his men. It is scarcely creditable to our country that this work has been deferred so long.

The Acadia football team plays its first game on Monday, when they go to Halifax for a game with the Wanderers.

### GREENWICH NOTES

Mr. Lewis Forsythe, who has been having a few weeks rest, has again resumed his duties as mail driver on R. R. No. 1. His place was filled by Mr. Harry Chace.

Miss Edith Reid, of Aylesford, recently visited at the home of Mr. and Mrs. F. J. Borden.

Eleven of the young people of this place motored over to Canning on the evening of Sept. 30th and enjoyed the play "A Southern Cinderella", put on at the Armories by local talent of Canning.

A number from here attended the play "Acadia", at College Hall, Wolfville, last Friday evening, and a few enjoyed the "Measuring Party", held at the home of A. B. Rand, Port Williams, on the same evening.

Mr. and Mrs. Lee Bishop moved last week from the Cottage on the Ridge Road, where they have resided during the last year, and are now boarding at the home of Mrs. Emma Harvey. We understand Mr. Raymond Schofield, who bought the house, will move his family in this week.

John Andrew has commenced work at the Royal Bank, Port Williams.

Miss Betty Fenwick, who has been ill is again able to be out.

Miss Verta Lantz, of New Ross, one of our former school teachers has commenced a College course at Acadia, Wolfville. She recently visited for a week-end with relatives in this place.

Miss Evelyn Forsythe, of New Minas, who taught our school last year has a good position in one of the stores in Kentville.

At present our school is progressing finely under the instruction of our two teachers, Miss Bowes and Miss Harvey.

Mrs. Cutler Forsythe has as her guests, her sister, Miss Georgina Bell and a friend, Miss Buzzard, both being graduate nurses of Mass.

Mr. Maurice Bishop, the young inventor, who has a splendid piece of work in an aeroplane, was requested to exhibit it at the three counties' exhibition held in Kentville last week. We hear he was awarded a special prize.

Members of "Greenwich Dramatic Club", who are actors in a play to take place in a few weeks, are having rehearsals for same. A jolly evening may be expected.

Those who attended the recital given in Temperance Hall here, on Monday evening, by Rev. D. E. Pratt, of Digby, enjoyed to the full an hour and a half of splendid entertainment. At times the good audience roared in laughter. Mr. Pratt gave a well selected recital and is a perfect imitator and actor. He will be gladly welcomed to this place at any time.

### GRAND PRAE AND HORTONVILLE.

Miss Alice Rose is visiting relatives in New Germany, N. S.

Miss Phyllis Martin, of Hortonville, met with a painful accident, having fallen and dislocated her arm.

The war triphy, namely a German machine gun, presented to the returned boys, has arrived. It is not yet decided where it will be placed, but much interest is being taken in it by all.

We are glad to hear that Miss Jean Curry, who has been ill at home in Hortonville, is recovering.

The men are all busy picking apples and digging potatoes, there being good crops of both in this vicinity.

We were glad to see our pastor, Rev. G. W. Whitman, who has been absent for a short time, back in his pulpit on Sunday.

### PROHIBITION ACT STANDS

EDDY'S MATCHES  
are made to give satisfaction

Although matches are turned out of the Eddy factory in their millions—each match is machine made and is well and truly made.

For nearly seventy years, we've been making matches, and are by far the biggest makers of matches in Canada. The Canadian business was not only built upon satisfaction in the use of Eddy articles—but is being maintained by the same honest policy.

When you buy matches look for Eddy's name on the box. To get the most perfect match made, ask for Eddy's "Silver Five".

Over 20 Varieties  
These are short matches and long matches; Paper matches and safety matches (which strike only on the box). There is an EDDY match to suit you. Be sure the name EDDY is on the box you buy.

"Your husband dresses very quietly, doesn't he?" remarked one lady to another.

"Well," was the response, "not always. You should have heard him this morning when he couldn't find a collar stud!"

The Sammy—"Over in America we gotta lilac bush fifty feet high." The Tommy—"I wish I could lilac that."

The cost of living in Canada has increased 105 per cent. since 1913.

DISABLED CAR OWNERS' RIGHTS

That the disabled car, unable to proceed upon its way, is as much a responsibility to drivers of other cars as though its owner was driving it has been ruled in several of the Eastern states. These courts hold that though an owner be compelled to leave a car that has broken down, other motorists must look out for it and are responsible for any damage to other property that adjoins the highway.—Motor Life.

Canada's population is two persons per square mile.

BATTERY REPAIRING

Is it necessary to take a storage battery to an expert for repairs?

This question was recently asked of J. M. Noble, electrical engineer for a large manufacturing concern, who replied:

"Unless a man has made a close detailed study of storage batteries he ought to leave any repairs that may be needed to an expert. He should neither make them himself nor permit a so-called handy man to do them for him."

Minard's Liniment for sale everywhere

Nothing Like Internal Bathing for Constipation

If people only knew what Internal Bathing is doing for thousands of others there would be fewer Pills and Laxatives swallowed, and very much less suffering from Constipation and the accompanying Stomach and Nervous Troubles resulting from it.

J. A. Darrach, Copper Cliff, Ont., writes: "I have been using your J. B. L. Cascade for the past three months, and am convinced that it is the most modern and scientific method of dealing with Constipation that has ever been devised, and I will lose no opportunity to promote its use among my friends, as I can speak truthfully and enthusiastically as to its merits."

By the proper application of Nature's cure, warm water, by means of the J. B. L. Cascade, the lower intestines are kept free from all poisonous waste. Drugs force Nature. Internal bathing assists her.

Dr. Chas. A. Tyrrell of New York, a specialist on Internal Bathing, invented and perfected the J. B. L. Cascade, which has done more during the past 20 years in restoring health and lessening disease than all other means combined.

See A. V. Rand, Druggist, Wolfville, for booklet, "Why Man of To-day is Only 50 Per Cent. Efficient." They will also be pleased to show and explain the J. B. L. Cascade to you, or write to Tyrrell's Hygienic Institute, 163 College Street, Toronto.

AN ALLEGED CURE FOR TUBERCULOSIS

TORONTO, Oct. 4.—A special despatch to the Mail and Empire from New York under yesterday's date says:

"Countess Delgarcia, reputed one of the most brilliant women in Europe, arrived here today aboard the Emperor, and stated that she brought with her a most positive cure for tuberculosis. The Countess holds a physician's degree, and is the widow of the late Belgian minister to Russia. She said that the cure was the discovery of a famous French doctor, who is preparing to follow her to the United States. She would not discuss the details of the discovery."

**An Established Reputation**

The quality of KING COLE ORANGE PEKOE TEA needs no explanation. Its four years of service to the public has earned for it a reputation of which we are justly proud. From the first we claimed it to be "the extra in choice tea."

Users repeatedly tell us it is all that and more. We shall see to it that it is never any less.

KING COLE ORANGE PEKOE TEA  
"THE EXTRA IN CHOICE TEA"

"Save the surface and you save all" Paint & Varnish

**Furniture, floor and Woodwork all Transformed BY A LITTLE China-Lac**

When the floor, woodwork or furniture gets dull or cracked, there's one easily applied remedy that both beautifies and protects the surface. China-Lac stains and varnishes and gives a tough elastic finish of pleasing lustre and yet does not destroy the natural grain.

There's a suitable China-Lac shade for every piece of woodwork in your home—a "gloss white" for kitchen or bathroom, and a "flat white" for rooms requiring a soft finish.

Try China-Lac on a shabby table or for brightening up a floor—a few cents worth goes a long way to make your home beautiful. Covers up scratches completely and supplies a surface so permanent that you can wash it with soap and water without fear of damage.

"Your Teeth"

By Rea Proctor McGee, M. D., D. D. S.  
Editor ORAL HYGIENE.

CONTOURS

The shape of a tooth is the result of ages of evolution. It would be impossible for us to improve upon the plan of a normal tooth. When decay, or caries, has destroyed a part of the contour of a tooth, that contour must be restored if the tooth is to do its work and remain a desirable neighbor to the other teeth in the mouth and to the gums. After the cavity is shaped right, the dentist thoroughly dries and sterilizes it and places the filling material so that every part of the cavity is exactly filled. Then he builds the filling to imitate the original shape of the tooth. Every little line and every ridge and cone is duplicated. The margins of the filling are so carefully and closely approximated that the cavity is hermetically sealed. The most difficult place to shape and finish a filling is at the gum margin between the teeth. If a filling should be left rough or should become roughened from hard use, it becomes a source of danger to the health of the mouth because it retains food, causes irritation to the tongue or cheek or lip and many times holds food tightly packed against the gum. If there is too much space between the teeth, or if there is a projection filling or a roughened area, pyorrhea will usually be started by infection that follows constant bruising of the gum.

If a filling is too high, the tooth will have more than its share of pressure and either the filling will give way or the tooth will be loosened in its socket and the pulp will be destroyed. This means soreness at first and eventually an abscess. The correct filling of a tooth is one of the most skillful operations that man has ever learned to perform. Like many other good things, the better they are, the less we hear about them. It is the bad ones that raise Cain.

THE TRUTH

A certain clergyman has said that no newspaper which took truth for its standard would make a pecuniary success. The press might return the compliment by remarking that no minister who told the truth about his congregation, alive or dead, would occupy the pulpit much longer than one Sunday afterward.

WOLFVILLE

Canada ranks eighth among maritime nations.

Personal Paragraphs

Rev. Prof Falconer, of Halifax, was the guest of Mr. and Mrs. W. H. Chase on Sunday.

Mrs. B. O. Davidson and Mrs. (Dr.) McKenna were in Windsor on Wednesday, attending the Convention of the Dominion W. C. T. U.

Mrs. J. Austin Lyon (nee Miss Ida Wagner), of Falmouth, has been visiting friends in Wolfville, Greenwich and White Rock, during the past week.

Mr. J. Ernest Barns has returned to the States where he will resume his studies at the Medical School of The University of Michigan, Ann Arbor, Michigan.

Mrs. Rachel deWolfe Archibald has recently had as guests her sister, Miss Flora M. deWolfe, and her cousin, Chas. deWolfe, Esq., of Conway, Massachusetts.

Mrs. Harry P. Oland, of Dartmouth, one of the delegates to the Provincial W. C. T. U. Convention, remained in Wolfville over Sunday, the guest of Mrs. B. O. Davidson, Summer street.

Mrs. W. O. Taylor has been in Windsor this week attending the Dominion W. C. T. U. Convention, she having been appointed a delegate by the Provincial Convention last week.

Word was received here yesterday that Miss Gladys Vaughn, who has been spending some months in Poland with the relief commission, arrived in New York on Wednesday, and would soon be home.

Miss Linda Higgins who has been spending the summer in Wolfville, recently spent a few days at Parrsboro, returning on Monday. She leaves to-day for her home in Vancouver, and will stop at Boston and St. Louis en route.

Mr. D. W. Eagles, of Newton Centre, Mass., is visiting in town at the home of his sister, Mrs. John W. Vaughn. Mr. Eagles left Wolfville over fifty years ago but has not lost interest in the old home town. He was formerly a frequent visitor here, but it has been twelve years since his last visit. Old friends are glad to see him again.

**WOLFFVILLE, N. S.**  
BOOTS SHOES CLOTHING

### BOY WANTED

An energetic and capable boy wanted for the composing room of "THE ACADIAN". First-class opportunity to learn the trade.

PROGRESS BRAND CLOTHES

In the Spring a young man's fancy lightly turns to thoughts of clothes.

The same thing happens in the Fall, and when it comes to "thoughts of clothes" we're all young.

Suppose you could buy clothes only at those two seasons.

It might be possible to reduce the price because such an arrangement would reduce the cost of doing business, but would you approve of a reduction gained in such a way?

No, you would not.

You want service; you "want what you want when you want it"; and we're here every working day in the year to supply you with the best of clothes and the best of service at the lowest possible prices.

## GEO. A. CHASE

PORT WILLIAMS, N. S.

# Wives Will Vote "YES"

Mothers of Nova Scotia's Children Will Not Compromise With Drink

Do not spoil your ballot by marking it with anything but X

Shall the importation and the bringing of intoxicating liquors into the Province be forbidden? **NO**

Shall the importation and the bringing of intoxicating liquors into the Province be forbidden? **YES X**

Simply put an X after "Yes"

**D**RINK is an ugly word in the ears of a woman.

Thousands of women have had all hopes of happiness in this world blasted by Drink.

Drink has starved little children and clad them in rags.

Drink throughout history has made fiends out of men and rewarded the tender affection of women and children with curses and abuse.

### DRINK BRINGS POVERTY AND SICKNESS

Drink decreases the household income, lessens the husband's earning power and kills his ambition to succeed.

### DRINK DOOMS CHILDREN TO INSANITY

Children of both alcoholic fathers and mothers are doomed to be mentally backward, feeble-minded, morally degenerate, epileptic or insane. Alcoholism affects the child unborn, and alcoholic degeneracy may descend to the children of the third and fourth generation.

Drinking in the home makes the home a school for future drunkards.

### WOMEN HAVE POWER TO VOTE

Once women of this Province suffered Drink to wreck and destroy in silent sorrow or bitter pride. Today they have a vote. On October 25th they can order that "the Menace of Drink shall be ended."

**MARK X AFTER YES**
