GET READY TO HELP

The Military Y. M. C. A. Campaign

THE FORMER POLICY

In past years the money to provide for wonderful service which the Military Y. M. C. A. has been able to render the men of our fighting forces, at home and abroad, has been raised by consecutive campaigns throughout the year. This proved an expensive method from the standpoint of the time given by busy business men and the leaders of the work.

THE 1918 POLICY

This year it is proposed to organize and conduct a simultaneous campaign covering the entire Dominion on the lines of the Victory Loan. To do this, the leading citizens of Canada are conscripted, as it were, to concentrate on this effort. The exact dates for securing subscriptions are MAY 7th, 8th, and 9th.

THE ORGANIZATION

A National Campaign Committee has been formed with headquarters at Toronto.

Each Province has been divided in different committees representing the various Counties. Northumberland County has as a general Chairman, Warden G. Percy Burchill. The Towns of Chatham and Newcastle are the headquarters of Northumberland East and West respectively.

Mr. F. E. Nealie has undertaken to push this great work in the Chatham District and the work of Newcastle district is being brought to a successful issue under the Chairmanship of Mayor John H. Troy.

THE OBJECTIVE

THE DOMINION OF CANADA WILL BE ASKED TO RAISE \$2,500,000 FOR THIS WORK. OF THIS AMOUNT THE PEOPLE OF NORTHUMBERLAND COUNTY ARE ASKED TO CONTRIBUTE \$5,500.

The work of the Military Y. M. C. A. is a noble work and well done. This organization has succeeded wonderfully well in providing every comfort possible to our soldiers in the field or in training. Our soldiers need the comfort, the Military Y. M. C. A. needs funds in order to supply these comforts.

Remember The Dates May, 7th, 8th, and 9th.

Let this old English saying be Yours,
"READY MEN?... AYE, READY WE"
 And have your contribution ready when the solicitor calls.

WALLS-CAMERON
 The marriage of Miss Josephine Cameron of Chatham to William A. Walls of Blackville was solemnized in Holy Trinity church St. John by Very Rev. J. J. Walsh, V. G., at half-past seven o'clock on the 24th. They were supported by Miss Florence Henry of St. Paul, N. B., and Corporal James Phalen, of Chatham. The bride looked very pretty in a suit of navy blue satin, trimmed with georgette and black picture hat with ostrich plume. Miss Henry was dressed in a suit of brown with black plume. After the mass the wedding party returned to the home of the bride, where a wedding breakfast was served. Owing to the recent death of the bride's mother, only a few friends and relatives of the contracting parties were present. They will reside at St. John.

The Best Every-Day Work Shoe Made in Canada

THE "GREB SHOE"

HERE ARE A FEW WORDS FROM THE MANUFACTURER THEMSELVES.

WE are every-day work-shoe specialists, manufacturing only good heavy work shoes. Specializing in this one line for eight years. You will find they have an individuality and many characteristics distinctly their own, that place them, as everyday shoes, in a class by themselves.

All "GREB SHOE" lasts are designed and constructed by a footform specialist connected with our factory ever since we made the first "GREB SHOE" and you cannot find an every day shoe, that fits better, gives more comfort and carries more snap and style than the "GREB SHOE."

The uppers are cut from special patterns of our own, having gradually been brought to absolute perfection in size and proportions by eight years of experiment.

As to telling you in detail how "GREB SHOES" are constructed, it seems unnecessary. Their reputation is sufficient guarantee that they are put together from sole to upper, inside and outside, as honest as any shoe can be made out of leather, with one thought of making an everyday shoe that will give satisfaction to the wearer.

GREB SHOE CO. LTD.

For the next week there will be on display in my window, eight different lines of shoes manufactured by these people. Make it a point to call round and look these goods over, come in and examine them, no trouble to show you anything we have, and you need not feel under any obligation to buy either.

Many Homes Saddened During Past Week by Loss of Loved Ones

MRS. THOMAS STEWART
 The death of Mrs. Thomas Stewart occurred at her home at Lockstead last week, after an illness of just four days from pneumonia. The deceased is survived by her husband Rte. Thomas Stewart who is serving in France also four small children, her father Mr. John Watson and one brother Walter.

MRS. WM. DAVIS
 After a long and painful illness, Maggie C. Davis, wife of Mr. Wm. Davis, of Taxis River, Boiestown, passed away on April 29th, at her home.

She bore her illness bravely with christian fortitude, never failing in consideration for her family, who in turn ministered, unselfishly to her needs. All the members of the family were present at the end and remained for the interment on May 1st.

The service was held at the home where the deceased had so faithfully served those who now so truly mourn her loss. Deceased was in her forty-fifth year. The remains were interred at Boiestown, Rev. A. J. Patstone of Doaktown officiating.

MRS. SAMUEL MILLER SR.
 The death of Mrs. Samuel Miller, Sr. occurred on Sunday, after a long illness. Deceased, who was Miss Mary Lowe and a native of Oak Point, in this county, was 67 years of age and a much respected member of the Anglican Church here. She leaves her aged husband, one son, Clifford, of Ottawa, and one daughter, Emily (Mrs. Wm. Price), of McLeod, Alberta, also one sister, Mrs. Donald Johnston of Loggieville. The funeral took place at two o'clock Tuesday afternoon, to St. Andrew's Church, services were conducted by the Rector, Rev. W. J. Bate. Interment was in the Miramichi Cemetery. The pallbearers were Charles M. Dickison, Patrick Dann, B. F. Maltby, H. R. Moody, James Murphy, and James Stables.

MRS. JOHN MATCHETT
 The death of Mrs. John Matchett occurred at her home in Red Bank on Tuesday, April 23rd at the age of 92 years. Mrs. Matchett was a lady of sterling christian character and was a good friend and neighbor. Her maiden name was Louisa Estey and is survived by two brothers, Robert Estey of Redbank and Geo. of Seville. She leaves to mourn her loss five daughters and five sons. Mrs. Mand Flanders, Lawrence; Mrs. Mary Ann Murphy, Everett; Mrs. Louise Alward, Barnaby; Mrs. Margaret Foley, Nelson and Mrs. Elizabeth Curtis, Curventon; Daniel and John of Red Bank; Robert of Everett, James of Wisconsin and William of Curventon. Also surviving are 10 grand children and 100 great grand children. The funeral was largely attended interment in St. Thomas cemetery, Red Bank.

MRS. JOSHUA STOREY
 The death occurred at Storeytown on April 27th of Beatrice Ethel, wife of Mr. Joshua Storey at the age of 31 years.

Although subject to attacks of a dangerous disease, the death was quite unexpected and sudden.

Deceased was always interested in every good work, and of a cheerful disposition. Her husband and four children will sadly miss a devoted wife and mother. Other relatives who mourn her loss are her father and mother, Mr. and Mrs. Will Storey, two sisters and one brother.

The funeral service at St. Andrew's Church, Doaktown was largely attended by a congregation anxious to pay every possible respect to the memory of one always ready to do her bit for the good of the community.

Rev. A. J. Patstone, who officiated spoke helpfully to the mourners from the text "What I do thou knowest not now, but thou shalt know hereafter." Among the floral tributes was a wreath from Storeytown W. A. and a cross from the Doaktown branch of the same society.

FOR THE Y. M. C. A. AT THE FRONT

Eloquent Addresses on Behalf of Sending Help Through the Y. M. C. A. to the Boys at the Front.---Campaign Begins at Once.---The Drive Next Week

A rousing meeting on behalf of Y. M. C. A. war funds, of which Canada is expected to raise \$2,250,000, N. B. \$100,000 of this, and Northumberland County \$5,500, was held in Newcastle Opera House Sunday evening. Councillor G. P. Burchill, head of the County Organization, presided, and the speakers were Rev. Dr. Geo. M. Campbell and Lieut. Cockrell.

Dr. Campbell has been in all kinds of recruiting work the past three or four years, and was heartily welcomed back to Newcastle. Lieut. Cockrell, who is at present in charge of the troops training at Chatham, is a returned man, who was attached to the fighting 38th and who therefore speaks with authority on war matters.

Dr. Campbell, in his usually able way presented the claims of the Y. M. C. A. upon us, and was heartily applauded. He pointed out the extreme seriousness of the Military situation at present in France, which requires the fullest and most perfect cooperation of everybody at home with the government and with the brave boys at the front. He felt sure the country would rise to its great opportunity and not let the Germans dominate the world.

Lieut. Cockrell, who speaks from experience at the front also received a hearty welcome. He pointed out that we were not so far from the battle line, for as soon as the German gets to England he gets to Canada. He had, himself, seen in the War Zone girls with their arms cut off and mutilated women. The stories told about murders by the Germans in Belgium were true. Scarcely a child was left in Poland. And the desolation in Serbia and Italy was frightful.

The war was a hard one, and, as Lloyd George says, we shall win, but only just win. England was hungry, with a less meat ration than

in Germany. Five million British women were replacing men. The men in the trenches serve four days and nights at a time. Coming out soaked, weary in body and mind, they rest in the Y. M. C. A. huts, get hot coffee and food at cost, a place to wash, and an opportunity to write home. The men could not do without the Y. M. C. A. It is the only home a soldier has away from home. The Y. M. C. A. huts are close up to the battle line, and the wounded pass through them and are refreshed.

The Y. M. C. A. huts are entirely non-sectarian and all religions use them for services.

Lieut. Cockrell closed with stories of the great heroism of Canadian soldiers. One of his own men, a Peter Newman, 17 years of age, died at Ypres. He was the last of a Machine Gun section of ten. He held to the last and sent for men to come to replace him when he should be gone. Thirteen were sent, of whom only three arrived. They found him dying, but he gasped out "I guess I did my duty." He was a lance-corporal.

Lieut. Cockrell was heartily applauded many times.

Manager Richards will give 25% of the gross receipts of the Opera House for May 7, 8, 9, the dates of big Y. M. C. A. drive for that fund.

Meetings.

An enthusiastic organization meeting for the Y. M. C. A. Campaign was held at Millerton Tuesday night. It was addressed by Rev. W. J. Bate, Mr. A. H. Cole and returned soldiers John P. Hiler and A. Platt.

Tomorrow (Friday) night, a similar meeting will be held at Boiestown, to be addressed by Rev. Dr. Patstone of Doaktown and Rev. Dr. C. W. Squires and Ald. H. H. Stuart of Newcastle.

Next Monday night a meeting will be held at Redbank, and similar meetings at many places.

JOHN BRENNAN
 The death of John Brennan, one of the oldest and most respected residents of the county, occurred on Sunday at his home at Bartibog, after an illness of some four or five months. Deceased was 87 years of age. He was born in County Waterford, Ireland, and came to the Miramichi in 1849. He lived for a while in St. John, and then returned to this county. He had resided at Bartibog over 50 years. He was the last of the settlers in that section who were born in the old country. His wife, who was Miss Mary McLahan, died sixteen years ago. Deceased leaves the following children: Bridget (Mrs. George Driscoll), Douglastown; Kate (Mrs. Michael Driscoll), Bartibog; Dennis, Chatham; Mrs. Annie Lee, St.

Stephen; and Miss Elizabeth, at home. He also leaves 26 grandchildren and 9 great-grandchildren.

The funeral took place on Tuesday forenoon, interment in All Saints Roman Catholic cemetery at Millam. The pallbearers were Messrs. George and Michael Driscoll, Dennis Connell, Martin Fox, John Dempsey and Wm. Moran.

MRS. WILLIAM BURNS
 The death of Mrs. William Burns took place at her home Bartholomew River on Friday afternoon, April 26th after a short illness. She is survived by her husband and nine children. The funeral was held Sunday afternoon and was largely attended interment was in the Catholic cemetery, Blackville.

Too Little Exercise

THE necessity of using medicine to regulate the action of the liver, kidneys and bowels is largely due to the changed conditions of life during recent years.

Our fathers lived a life of activity in the open air. If they ate heartily they had sufficient exercise to keep the liver and bowels active and to thereby remove the poisonous waste from the body.

To-day we get too little exercise and too little fresh air. The food we eat is more concentrated and artificial. The result is much discomfort and the development of serious disease from constipation of the bowels and torpid condition of the liver. Kidney disease, rheumatism, lumbago, backache—all have their begin-

ning in the inactivity of the liver and bowels.

The great secret of keeping in health is to look to the regularity of these filtering and eliminating organs, and Dr. Chase's Kidney-Liver Pills is the most satisfactory medicine obtainable for this purpose.

If you read the reports appearing in this paper, from time to time, from persons who have used this treatment with good results, you will find that Dr. Chase's Kidney-Liver Pills are effective where ordinary medicines fail. This success is due to their combined action on the liver, kidneys and bowels. One pill a dose at bedtime as often as is necessary to keep the bowels in healthful action, will also ensure the regularity of the liver and kidneys and thereby keep the blood pure and the system free from the accumulating poisons which cause disease and suffering.

The N. B. Free Masons met in annual Grand Lodge in St. John last week. Thirty-seven of the 39 L.L.G.s reported an increase of 78 members. Total membership 27th Dec. 1917, was 3,898. Among the officers elected were: D. C. Clarke, G. M.; Herbert MacDonald, Dist. Dep. G. M. for the North Shore Counties; J. Twining Hart, G. Sec.; Mayor John H. Troy, Newcastle, Grand Steward; Ald. P. M. Tweedie, Chatham, Grand Royal Arch Captain.

DEATH AT DOAKTOWN
The death of Herbert Arbo, a former resident of Blackville, but late of Boston, Mass., occurred at the home of his brother, Justus Arbo, Doaktown on Tuesday of last week. Deceased leaves a widow and one son Clarence, of Boston. The funeral took place on Thursday last. Interment in the family lot at Upper Blackville. Services were conducted at the house and grave by Rev. Mr. Stackhouse, Moncton; Rev. Mr. Kibade, of Doaktown; Rev. Mr. Kochel, Upper Blackville.

FAILED TO HAVE PAPERS
A young farmer in the vicinity of Doaktown had a disagreeable experience Saturday. He drove from his farm to a flag station, tied his team of spirited horses in the barn, and boarded the train for Doaktown to purchase seed. On the train was a Dominion policeman, who wished to see his papers that gave him freedom to roam at large. The young farmer had neglected to fortify himself with the papers and was brought along to the city. After he arrived here he was able, by use of a telephone, to convince the police that he was married, and he was permitted to leave for his home, happy but wiser—Monday's Clearer.

A DELICATE OPERATION
Pte. Walter Burke, of Chatham has been successfully operated on by Dr. Richardson of the Royal Victoria Hospital, Montreal, and his chances for a complete recovery are now excellent. Pte. Burke was wounded in the head by a shrapnel and a piece of the cranium was actually cut out so that the cerebellum was exposed. This made a dreadful wound and placed the patient in danger every minute of a fatal injury. By means of a very delicate grafting from the hip, the surgeon has made a covering for the cranium and it is hoped that it is only a matter of time before a practically complete recovery will be made by this young veteran.

Childhood Constipation
Constipation is one of the most common ailments of little ones and unless relieved may become chronic and baby's health for all time become impaired. Nothing can equal Baby's Own Tablets in regulating the bowels. They are a mild safe laxative, easy to administer and never fail to be effective. Concerning them Mrs. Emilio LaChapelle, Terrebonne, Que., writes: "I have used Baby's Own Tablets for my baby who was badly constipated and they quickly relieved him. All mothers should keep a box of these Tablets at home." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Best Insurance You Can Put on Your Buildings

is the protection that good paint guarantees. Fire Insurance does not prevent fire—it only partly reimburses you for loss sustained, should fire destroy your property.

Fire may never happen.

On the other hand, the use of good paint actually prevents a loss from decay which is not just a possibility, but an absolute certainty. The destructive effects of weather, upon buildings that lack proper paint protection, go on every second of the day and night.

MARTIN-SENOUR "100% PURE" PAINT

is the greatest known protector of all building material against time and weather, because it is made only of pure White Lead, Pure Zinc Oxide, and Pure Linseed Oil.

You would not think of letting your Fire Insurance Policies lapse in order to save the yearly premiums. It would be even poorer economy to let your Paint Protection Policy lapse by neglecting to repaint your increasingly valuable buildings this season.

When you do paint use Martin-Senour "100% Pure" Paint. It spreads easier, covers more surface, and protects longer than most other makes.

Ask for copies of "Farmer's Color Set" and "Town and Country Homes". Many good painting hints in each.

R. A. N. JARVIS, Manager.

THURSDAY, MAY 2nd, 1918

PROVINCIAL LEGISLATION

The session of the New Brunswick Legislature, which closed on the twentieth (ultimo), was a busy one, and a large amount of work was done by the members, and a large amount of money was accounted for as received and expended.

The provincial bonded debt increased, during the year, by \$750,000. Most of this amount, says the Provincial Secretary, was the necessary consequence of acts of the ruling government, but the counter claims of the Opposition leader do not entirely agree with this book-keeping. The Provincial Secretary, in his Budget speech, gives the bonded debt of the province on October 31st 1916 as \$9109,059 without the St. John Valley Railway bonds, which amounted to \$3,560,000 extra; making the total \$15,069,059. On October 31st, 1917, the total had grown to \$15,899,855, an increase of 750,000. He also gives the total increase of the ordinary debt between 1905 and 1916 as \$2,274,525, or about 400,000 a year, not counting the railway bonds. The latter are supposed to represent face value and may therefore be counted as Assets. The total amount of the Valley Railway investment appears to have been \$6,177,501, and that on the N. B. Coal and Railway line, now loaned to the C. P. R., \$1,246,431, total \$4,223,932, which would leave our net debt something like \$8,355,923, or \$29 per head. The annual interest charge has risen to \$441,384, which is more than one-fifth of the gross receipts of the government. The sinking fund is \$1,033,887.

The Highway Act was amended during the session, and among the changes was that of the rule of the road. The Act does not come into effect until ordered by the Governor in Council.

The shooting of caribou and partridges is forbidden for three years and moose and deer meat may not be sold by anybody. To sell a man a license to shoot deer and moose and then forbid him to sell the meat will doubtless prove hardship to many, and may have to be soon repealed.

The popular habit of attending moving pictures is to be made to increase the provincial revenue.

Pulp Wood cut on crown lands may no longer be shipped out of the country before being manufactured into paper.

Two very important Acts, the Health Act and the Workmen's Compensation Act, the former the pet project of Hon. Dr. W. F. Roberts and the latter prepared by an able and non-partisan commission who largely followed the lines already laid down in the advanced legislation of Ontario and Nova Scotia, were passed, but not without important mutilations.

The Health Act passed nearly as originally drafted, except that great opposition developed to its being administered by a salaried member of the cabinet. Rather than lose the Act, Dr. Roberts agreed to this weakening of it. The opening of the item of \$2,100 for a Health Ministry was a "short-sighted" action. That amount should not loom up so large in the vision of an Assembly that does not balk at an annual increase in the provincial debt of from \$400,000 to \$750,000. However, the Health Act was saved, and great good should result from it as the years go by.

The Workmen's Compensation Act takes the place of the older Employers' Liability Act, which was fathered some ten years ago by W. F. Hatheway of St. John. The new act is to be administered by a Commission, and the losses are to be paid out of a fund raised by contributions assessed on all the employers according to the particular conditions of each business, and not, as formerly, on each employer as losses occur in his own establishment. One important change in the Act as introduced by the Government was the elimination from all benefits of compensation of the men engaged in cutting and driving logs. The workers in sawmills, who are thoroughly unionized in St. John, are included in the Act, but the unionized men, who work in the woods and on the streams, at as great a risk, are left out, and by the Government's own decision and against the vote of the Opposition party! This is unjust and if not speedily rectified may prove a fatal decision for the dominant party. Why the men who is so well protected while engaged in a mill is left without any protection when he goes into another part of the same business will require a whole lot of explanation.

Early in the session the House declared itself in favor of Woman Suffrage. When the leader of the Opposition afterwards submitted a resolution to give effect to that declaration the Government would not allow him to do so, and they introduced a such bill themselves. The whole proceeding was a very

strange and unusual one. It is to be hoped that the truth of the matter in dispute between Speaker Currie and the lumber scaler will be discovered by the Commission and full justice done the guilty party, also that due punishment will henceforth be meted out to all found guilty of misappropriation of funds.

A MOTHER'S WORK

Is Too Often Followed by Nervous Debility and Shattered Health.

Mothers as a rule spend so much time in looking after their children and in household work that they overlook the absolute necessity for that rest and relaxation upon which their health depends. The consequence is that soon they find their health breaking down. The daily humdrum of household cares, quickly thins the blood and weakens the nerves. There follow headaches, pains in the side and back, swollen limbs, palpitation, a constantly tired feeling, and often an inclination to fretfulness. These symptoms are the sign of poor blood, and are the inevitable penalty of overwork and over anxiety in the care of children and the affairs of the household.

When a mother finds her health failing and household duties becoming more than she can comfortably manage, whenever extra demands are made upon her strength, she should adopt the safe and simple medical of enriching her blood with Dr. Williams' Pink Pills. These pills are especially valuable to the nursing mother and a woman worn out with household cares. They renew her blood supply, strengthen her tired limbs, and drive away the headaches and backaches that have made her so miserable. They have restored thousands of despondent women to good health and bright spirits, and will do for you as much as they have done for others if you will give them a fair trial.

Mrs. W. F. Burns, Guelph, Ont., says:

"A few years ago we had three children born in three years which left me so run down and nervous that I was not able to do my work. The last baby lived only two weeks and the worry that added to my weak condition shattered my nerves. Our family doctor for several months tried to build me up, but nothing seemed to benefit me. I suffered agony with my head, and waterfilled with a fear that I would lose my reason. The headaches from which I suffered would leave me prostrated. During one of these spells I went to another doctor, who advised a change of scene. I went away for a few weeks but was disappointed and wanted to be back home, so my husband came and brought me home again. A few days later my sister came to see me and asked me to try Dr. Williams' Pink Pills. I got three boxes, and by the time I had used them all I was completely well, could do all my own work without feeling tired, and was feeling like a new woman. This was five years ago, and since then two other children have come, and I am still enjoying perfect health."

You can get Dr. Williams' Pink Pills from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The Local Legislature Prorogued on Friday

The Health Act Passed Health Act Passed adopted, Hon. Dr. Roberts consenting that it be administered by a member of the Government without portfolio and a few additional but minor amendments being made.

Pulp Wood Bill The bill relating to the manufacture of spruce and other lumber cut on Crown Lands was taken up, recasting that portion of the previous Act, which permitted the exchange of logs cut on the Crown Lands, so far as regarded the manufacture of pulp for export from such logs. Hon. Mr. Smith said that the province must get all the manufactures it can, and not send them abroad, where foreigners get the benefit of our raw material and all benefit from it. A delegation had recently interviewed him, with a view of having the mill waste and the tops of the trees, that were used for making pulp, allowed to be exported, but all tops up to 4 inches diameter could be put through the mill and he was informed that only about 12 per cent of the lumber put through mills was above 4 inches. He thought it would be wise to allow even the tops to be exported, but he was not so particular about the mill waste.

He was willing to allow the Act not to come into force till May, 1919, which would give people who had a lot of pulp wood piled up already, a chance to export it.

Mr. Burchill said that there would be no guarantee that transportation facilities would be any better next year than they were at the present time, and the people who already had pulpwood cut might find the same stuff still on their hands.

Hon. Mr. Smith said that in that case he would be perfectly willing to grant an extension of time.

Hon. Mr. Veniot said if the bill did not come into operation until May, 1919, that would give operators time to cut during the whole ensuing season. He favored an amendment providing that pulp wood already cut, or cut before a fixed date in the near future, might be exported and no other.

Dr. McCreath opposed the proposal to allow mill waste and slabs to be exported. The pulp mills at home could use that just as well as anybody else, and what these mills did not need could be used for fire wood, which from all appearances would be badly needed.

A motion to allow the export of mill waste was lost.

Permanent Highways An increase of the bond issue for permanent highways from \$500,000 to \$700,000 was authorized. House prorogued at 7.30 p. m.

Have you any patriotic druggists that would give something for a gift overseas—if so do you know something that is good for everything? I do—Old MINARD'S Liniment. Your affectionate son, Ros.

Manufactured by the Minard's Liniment Co. Ltd. Yarmouth, N.S.

It Works! Try It

Tells how to loosen a sore, tender corn so it lifts out without pain.

Good news spreads rapidly and druggists here are kept busy dispensing frezzone, the only discovery of a Cincinnati man which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of frezzone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn or callus.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved and soon the corn is so softened that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue. This discovery will prevent thousands of sufferings annually from lockjaw and infirmities heretofore resulting from the suicidal habit of cutting corns.

Public Notice

Owing to the advanced cost of the Patent and Proprietary Medicines and Toilet Articles, due to war conditions, we have been forced to advance our prices slightly on these lines. Many of these lines that sold for 25c, 50c, and \$1.00 will now be 30c, 60c and \$1.25 respectively. In making this advance we desire to state that this is the first advance we have made in three lines, since the outbreak of the war, while others have advanced their prices in some cases 50%. We would also call the attention of the public to the fact that it is necessary that all Proprietary, Patent Medicines and Toilet Articles that come under must have stamps of fixed and money collected for same in sending children, kindly remember to include the 1c, 2 or 3 cents as the case may be to cover cost of the stamps. The above represents the number of years spent in fruitless efforts to cure a bad case of eczema with ordinary ointments...

This was the experience of Mr. H. C. Buckley of 41 East Broadway, Portland, Ore. Writing to the Zam-Buk Co., he says: "For fifteen years I suffered with a bad case of eczema, and used all kinds of so-called cures and treatments, but nothing was capable of curing me until I tried Zam-Buk. This wonderful balm, however, completely cured me in less than a year, and not only so, but I have had no return of the disease. I strongly recommend Zam-Buk to anyone who has eczema."

This is but one of the hundreds of cases where Zam-Buk has effected a cure when everything else failed. The reason is easily explained. Zam-Buk being usually refined—containing absolutely no animal fats or mineral drugs such as are contained in ordinary ointments—is capable of penetrating to the underlying tissues where skin diseases have their roots. Ordinary ointments, on the contrary, never get beyond the surface skin and so are incapable of effecting permanent cures. Zam-Buk is just as good for salt rheum, ringworm, boils, ulcers, abscesses, hemorrhoids, piles, cuts, burns, scalds and all skin injuries. All druggists or Zam-Buk Co., Toronto, 307, box 3 for \$1.25.

The Enemy at a Standstill on the West

Has Failed in all His Attacks the Last Week.—Serbians win From the Bulgarians

The War situation on the western front, which a week ago looked very bad for the allies, there being great danger that the enemy would soon break through to Dunkirk and Calais, capturing the remainder of Belgium on his way, now looks very much brighter. Again, after a week of fierce fighting, there has come a pause in the battle in Flanders, where the ground everywhere is covered with the gray-tinted bodies of German dead, and the British and French are holding securely to all their positions. From Saturday until Monday night General von Arnim's forces continued their efforts to break the British lines on the Ypres salient and to press back the British and French from the high ground to the south west, but everywhere their efforts were fruitless. True they once gained their objectives and again captured Loos, but a counter-thrust forced them out again and at last accounts the French were holding the village. In the hilly region just to the north of Loos the British also pushed back the enemy at several points, notably between Kemmel and La Clytte. Much of the snap of the German attacking force has been absent from the manoeuvres they have been carrying out in Flanders under the stiffened line of the Entente troops, which has been visibly apparent since last Sunday. To the south near Amiens and to the east around Noyon the enemy likewise has failed in all his attempts to push further forward. The British, east of Villers-Bretonneux, which lies directly east of Amiens, have advanced their front and on the Noyon sector the French re-established their lines which the Germans previously had captured from them. In Macedonia the Serbians in the region of Monastir again have entered an enemy position and annihilated the garrison. They also have been successful in repulsing an attack by Bulgarians which had as its object the recapture of positions near Vetersk, taken by the Serbians week ago.

ODDFELLOWS ASSEMBLY Newcastle Lodge No. 33, I. O. O. F. of Douglastown attended service in St. Mark's church, Sunday evening. A number of the Chatham Lodge were also present. The preacher was Rev. W. McN. Matthews, of Bathurst. A large congregation was present and the service made a very fine appearance.

ENJOYABLE DANCE The boys of the Wireless Garrison gave a very enjoyable dance in the Town Hall on Tuesday evening. A large number were present. The proceeds were for World Comforts for the soldiers overseas.

Vast Issues Depend Upon the Welfare of Our Men!

Cheer Up and Thank God for the Y.M.C.A.

TRY to picture yourself in the muddy cold trenches after exciting days and long nights of mortal danger and intense nervous strain. Rushing "whiz-bangs" and screaming "coal boxes" are no respecters of persons. You are hit! But despite shock and pain you still can face the long weary trudge back to dressing station. Weary, overwrought and depressed, you are prey to wild imaginings of that other coming ordeal with the surgeon. There are other "walking wounded," too! You must wait, wait, wait. And then— Up comes a cheery Y.M.C.A. man, the ever-present "big brother" to the soldier, with words of manly encouragement. Close beside the dressing station the good generous folks at home have enabled him to set up a canteen. He hands you biscuits, and chocolate or coffee.

Y.M.C.A. Red Triangle Fund \$2,250,000 May 7, 8, 9 Canada-Wide Appeal

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity." The tremendous helpfulness of the Y.M.C.A. as an aid to the "moral," or fighting spirit, of the soldiers is everywhere praised. No wonder the Germans make every effort to smash the Y.M.C.A. huts out of existence. The Y.M.C.A. is everywhere. You first met the helpful, manly Y.M.C.A. worker in camp, then on train and boat, at camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King! Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of camp and city. You cannot comfort him in his supreme hour of trial. Your parcels to him are necessarily few. But the Y.M.C.A., thank God, is "over there," going where you cannot go—doing the very things you long to do—doing it for you and for him. Will you help? This vast organization of helpfulness needs at least \$2,250,000 from Canada for 1918. For your boy's sake be GENEROUS!!

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binzer, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

THE LOCAL LEGISLATURE PROROGUED ON FRIDAY

Bills to Tax Theatres, To Establish Vocational Schools and Provide Health Dept. Passed-- Woodsmen and Stream Drivers Excluded From Workmen's Compensation

Fredericton, April 22—Premier Foster promised additional assistance to the Miramichi Hospital at Newcastle. This, he said, was a new institution only opened during the last two years, which was provided by the munificence of Mr. Ernest Hutchinson, of Douglastown. It was, he understood, one of the finest equipped hospitals in the province and served a district where the help it gave was much appreciated.

Mr. Crockett of York, said he wished to corroborate most heartily the remarks with regard to the Miramichi hospital. It was one of the best managed institutions of its kind in the province and it deserved an additional grant.

Hon. Mr. Byrne introduced "an act to assist and enable His Majesty the King to recover money illegally or improperly withheld or retained." He explained that it was prompted by disclosures made in regard to the St. John Valley Railway. Mr. Byrne said that the leader of the Opposition wished to include the Central Railway in the scope of the bill, but the report of the Central Railway Commission, which alleged the diversion of \$130,000 from its proper channels, had been brought down in 1908 under the Hazen administration and no action had been taken upon it.

Protection of Game
Hon. Mr. Smith explained that amendments to the Game Act prohibited the shooting of Caribou before October 10, 1921, and Partridge before Sept. 15, 1921. It also provided for a bounty of \$2 on wild cats and fifty cents for porcupines. He said that he had received many complaints from different parts of the country regarding the destruction wrought by porcupines. It was said that they had destroyed much valuable timber.

Workmen's Compensation
Fredericton, April 22—The House went into committee to consider the Workmen's Compensation Act.

Mr. McGrath raised an objection to the section and sub-section of the bill, which has to do with medical and surgical treatment for injured workmen. He contended that it was unfair to hospitals, as well as to the medical profession, that provision was only made by the Act for first aid treatment. He said it was difficult for a man to pay medical and hospital charges when in receipt of his full income; and it would be much more difficult when that income had been reduced to 55 per cent of what the man usually earns. St. John had a large hospital, which was supported by the province and city and, therefore, would not be affected by the section to which he had called attention if such were not the case, he felt sure there would be a large delegation from St. John on hand to oppose that feature of the bill. He read to the committee a resolution adopted by the Miramichi Medical Society, in opposition to the sections of the bill to which he called attention. He thought that an accident, instead of being reported to somebody competent to judge the nature of the injury, and the man should be kept under medical supervision to prevent something more serious from developing. He held that doctors who practiced their profession among the working classes, gave about one-third of their time without remuneration, and they were fortunate if they got paid for the other two-thirds. It looked to him as if the bill would compel medical men and hospital authorities to treat cases of accidents and industrial diseases free of charge. The Employers' Liability Act gave them some protection, but the Act now before the House did not.

Mr. Tilley of the Opposition pointed out that the section to which the honorable member had objected, had been taken from the Nova Scotia Act, and it worked well in that province.

This section was adopted. Fredericton, April 24—With Hon. Mr. Burchill in the chair, the House took up further consideration of the Workmen's Compensation Act.

The section giving compensation for industrial diseases was allowed to stand. No Compensation for Loggers and Drivers
Attorney-General Byrne advised that those engaged in "logging, cut-

ting lumber, pulpwood, fire wood and railway ties, rafting, booming, transportation of lumber, pulpwood, firewood and railway ties" be exempted from the Act.

This amendment was strongly opposed by Messrs. Tilley, Sutton and B. F. Smith of the Opposition. Northumberland Men want to be left out?

Mr. McGrath said that, coming from a lumbering country, he felt that he was competent to express an opinion upon this matter. Conditions in Northumberland were similar to those in Gloucester as far as woods operations were concerned. Small sub-contractors doing most of the work. He had no hesitation in saying that the people in the lumber woods would not object to being left out of the scope of the Compensation Act.

The amendment was adopted. The amount payable on account of the death of an employee caused by the negligence of a fellow employee was limited to \$3,500.

Mr. McGrath moved an amendment to section 89 to the effect that the board might provide for the payment for hospital care for an injured workman.

Bill Agreed To
The bill was agreed to with amendments and reported.

Note the Short Grain Rubber Friction

This Belt Section illustrates a Heavy "Poundage-Pull" Friction. To secure this result the Friction Grain is short and stiff. Elasticity and Flexibility have been sacrificed to secure such a result.

Dunlop "Gibraltar RedSpecial" Belting

Abnormal Friction Pull vs. Elasticity of Friction

BETWEEN every ply of specially-selected, heavy Cotton Duck in Dunlop "Gibraltar RedSpecial" Belting is a layer of pure Rubber which, through a Dunlop calendaring process, so permeates the fabric that it binds the several plies into one integral piece.

Some belt manufacturers offer to sell their product on the basis of "Heavy-Poundage in a Friction-Pull" Test. To obtain the latter result it is not necessary to secure such an expensive Rubber Friction as is used in "Gibraltar RedSpecial." This fact alone ought to be a pretty good gauge of the value of the "friction-pull" test.

In buying "Gibraltar RedSpecial" you get the advantage of years of careful laboratory work on our part with this result: The friction is of that "just-right" elastic quality which allows for the give and take necessary in rounding the pulleys; hence the reason "Gibraltar RedSpecial" is known for maximum Power, Speed and Service.

Note the Long Grain Rubber Friction

Dunlop "GIBRALTAR REDSPECIAL" has a Friction of Special Rubber Friction, as illustrated. Elasticity has not been sacrificed for Abnormal Friction Pull.

UNLIMITED capacity for service is an intrinsic quality with Dunlop "Gibraltar RedSpecial" Belting. The success of nearly a quarter of a century in the manufacture of Rubber Products is built into Gibraltar. The original Made-in-Canada Red Rubber, Frictioned Surface Belting, "Gibraltar RedSpecial" has stood the inflexible test of time in turning the wheels of industry in a multitude of Canadian plants from the Atlantic to the Pacific.

The Dunlop Unreserved Guarantee

If you have a difficult drive anywhere in your factory drop a line to our Head Office, or to our nearest branch, and we will send a man experienced in belt engineering to consider your requirements. If it is an instance where the "Gibraltar" Belting may be suitably employed we will recommend it in any way and we will stand behind our recommendation with the fullest guarantee ever issued by a firm producing rubber products.

"THE FIGHTING TRAIL"
NOW SHOWING AT THE HAPPY HOUR

(Continued)
"He's dead!" Drant muttered curtly.
Von Bleck sat mutely in his chair. He said not a word while Drant made the explanation, but his heavy brows were drawn close together in a frown that signified that he was anything but pleased.
Suddenly, as Von Bleck was peering through the half light at his two companions the three men started to their feet with a jump. Outside in the distance, could be plainly heard hoof-beats of two horses. They were approaching the hut at a gallop, but they were still perhaps a quarter of a mile away. Von Bleck and Drant looked at each other: in the minds of all was a single thought. Gwyn and Nan were returning, possibly with assistance, to get the chart. It was impossible to tell, from the sound of the approaching horses, how many of them there were. The three in the cabin knew that they would be caught if they did not act immediately. They would have to think quick, and move quick. Drant was the first to awaken to the situation. He ran into the kitchen and returned a moment later with a can of Kerosene oil. Von Bleck watched him almost with dread as he poured the fluid over the floor and furniture, and then went into an adjoining room to which the body of Cordoba had been removed, to sprinkle the oil about there. His motive was obvious—he intended to burn the hacienda to the ground. Although Von Bleck and Rawls knew this much, they did not read all of Drant's dastardly thoughts. When he had poured the kerosene profusely about and emptied the can, he lit it with a candle which had been serving as an illumination. Then, with wave of his hand he motioned toward the kitchen. Von Bleck and Rawls followed him out.
The hoof-beats by this time had grown louder and more distinct. Just as Drant drew the bolt of the door that separated the living room from the kitchen, they stopped suddenly. In another moment the living room door swung open and Gwyn rushed in, closely followed by Nan. They were alone. A glance at the flames which were now leaping high and the odor of the kerosene revealed the truth to them immediately. Gwyn, shouting over his shoulder to Nan, rushed toward the door. He turned the knob and pulled. Then, his face ghastly white in the light of the flickering fire, he turned to Nan.
"It's locked!" he exclaimed, his voice choking, as he feared to utter the words. "They have been here and started the fire—and they have locked us in. It's a trick. We can't get out!"
Gwyn's words were truth. Von Bleck, Rawls and Drant had bolted the kitchen door after they had gone through it. They had run outside by the rear entrance as Nan and Gwyn had entered, and locked the door through which they had come, from the outside. The windows of the hacienda were barred with stout iron imbedded in the sills. This had been a precaution taken by Cordoba when he had flown to the house from Chihuahua. Nan and Gwyn were prisoners in the burning building. Already the heavy smoke caused by the burning oil was filling the little room. They could feel it filling their throats and lungs. Suddenly, Nan was racing frantically about the room beating the flames with a rug, and while Gwyn was vainly attempting to bend the window bars apart the leering, hard countenance of Von Bleck stared at him from the outside. In the raktish glare of the fire as it shone through the panes it looked hideous. Von Bleck broke the glass with his fist.
"You might as well give in," Von Bleck announced. "You can't get out until the side burns away and you'll suffocate before then. All we want is the chart—the half you have—and we'll open the door and be your friends. What do you say?"
"All I can say," replied Gwyn, "is that if you want this map you'd better find a more practical way to obtain it. It is in my pocket and it will stay there—if it burns. And then it will be more impossible for you to get it than than it ever was."
He turned and left the window.
Von Bleck's face remained at the window for perhaps a minute longer and then disappeared. The agent of the Central Powers realized that what Gwyn had said was true. If he burned to death in the flames, the chart would burn as well.
Meanwhile, Nan had thought of a plan. Taking Gwyn by the arm, and glancing out of the window to assure herself that Von Bleck or his companions were not watching, she led him to a trap door through which Cordoba had brought the cases of dynamite from the cave. With nervous haste, made even quicker by the fact that the room was filled with smoke, almost to the point of suffocation, they opened the door in the floor. Gwyn helped Nan through the opening and then layered himself from view, closing the door after him.
Von Bleck raised his head from his hands and gazed meditatively through the open door. For hours, it seemed, he had been sitting before the hard board table in the mountain abode of Drant and Cut-Deep Rawls, with his head resting in his open palm. He had been staring blankly at the rough wood that served as a table top, and his fingers had drummed nervously against his forehead.
Now, as he raised his head and a breath of cool air swept through the door, he braced himself. He arose, brushed back his ruffled black hair, and strode out to the trail.
For nearly half an hour he wandered aimlessly down the trail, without raising his eyes. Suddenly he started at the sound of a voice. He looked up and glared with an expression mingled with fear and astonishment. Not fifteen feet away seated upon two horses, were the two he had thought dead—burned to death—burned to death in the hacienda of Don Carlos de Cordoba. His first impulse was to turn and run, but the facility of that occurred to him almost as quickly as the thought. He forced a smile and regained his bearing in a moment he was again the cool, calculating, wary Von Bleck that had borne successfully the responsibility of the Central Powers upon his shoulders.

Gwyn dismounted and approached him.
"I'll trouble you to come with me," he said calmly. "I could cause your immediate arrest and conviction on the charge of attempted murder, but I have better use for you."
Von Bleck made no reply. He turned and followed, quietly as Gwyn again mounted and rode slowly along the trail in the direction from which he had just come. Nan walked her horse behind, so that the agent of the Central Powers was between her and Gwyn.
For several minutes they travelled thus, until Gwyn finally drew to a halt beside a clearing. A barn, dilapidated and dirty, stood a few feet in from the road. Into this Gwyn led Nan and Von Bleck. There were no signs of life about the place, and an old box, standing on end, was its only furnishing. Gwyn moved it to the side of a post that ran to the roof and motioned to Von Bleck to sit on it. Then, without speaking a word, he proceeded to tie his captive to the post with a rope he had taken from his saddle. Then, with a stick he made a tourniquet of a piece of the rope and drew it tighter and tighter about Von Bleck's arm until the latter winced with pain.
"There will be no bush-beating," Gwyn announced firmly. "Tell me where the other half of the chart is or I'll break your arm. You are a sensible enough person, Von Bleck, to know when you are beaten. You have the country and the law against you. You can't go on acting like a cheap outlaw and kecer on getting away with it. The cards are against you and you might as well give in. Where is the other part of the map?"
"Cut-Deep Rawls has it," he said slowly. "He will be at the hotel in Lost Mine some time today. I was to meet him there."
Gwyn smiled as Von Bleck spoke. He could see from the defeated look upon the Central Powers' agent face that he was telling the truth. Taking the coveted half of the chart which he held from his pocket, he gave it to Nan with his revolver.
"I am going back to Lost Mine to get the rest of it," "I'll leave this with you. I might get into a fight and lose it. I don't think you'll have any any trouble with our friend, here, so just keep him covered with the gun until I get back." He went out, mounted his horse and rode away toward the town.
As soon as the clatter of hoofs died to silence in the distant, Von Bleck began to plead with Nan. He complained of a stinging pain in his arm, and induced her to look at his hand. The sight of it made her shudder. It was wet with blood that had been flowing from the bullet wound made by Yonqui Joe in the fight at the hacienda. At first Nan refused to listen to his pleading, but finally, giving way to her sympathies, she loosed the rope that bound the wounded arm of Von Bleck, as she did so, reeled backward against the post in apparent exhaustion. Nan watched him for a moment to see if he would recover, but, when he did not, she became frightened and rushed out for some water, which she obtained in a gourd that lay beside a well but a few feet from the barn.

CHATHAM BOY DIES AT TORONTO

Sincere sympathy will be extended to Mr. and Mrs. Troy of Chatham in the death of their eldest son, William, who passed away Saturday night in St. Michael's Hospital, Toronto, after an illness of several weeks' duration. Mr. Troy was with his son at the end, having been summoned to Toronto a week ago owing to the dangerous nature of his son's illness. The late William Troy was 26 years of age, and a bright, generous minded youth whom everyone liked. For some years he was in McKenzie's Medical Hall, and then went to Toronto for a course in the Ontario College of Pharmacy. From this he had graduated in good standing and was clerking in a Toronto store at the time he received an injury to his foot which resulted in blood poisoning. Besides his parents, there survive one sister, Sister Troy, of the Hotel Dieu, and three brothers, Leo of the Cyclist Corps in France, Tom and Dick at home.
