DEVELOPING OF GRAND FALLS

Interesting Story in Circulation in Saint John.

The Royal Securities Co. and the Montreal Engineering Co. are interested in a new proposal for development of the Grand Falls, according to a report from Moncton. The scheme is, it is alleged, to have the development carried out by a group of corporations, including the International Paper Co., the Frasers and other big North Shore lumber concerns. Plans for the work provide, it is said, for a smaller development than was laid out by Dr. H. G. Acres, eminent hydraulic expert, who was consulting engineer to the Veniot government, the Moncton story relates. It is argued on the other hand that a saving in initial cost would be attained, but there is the objection that a smaller canal would limit the flow of water and would entail construction of an additional canal should it be decided later to attempt to take advantage of the maximum possibilities of the Grand Falls.

The latest proposal would involve development under private corporations who would take for their own use a certain amount of power and would sell the balance for general consumption.

The presence in Saint John for several days of W. C. Pittfield, formerly of this city, and now vice-president of the Royal Securities Corporation, Montreal, lends some color to the Moncton report. It is further supported by the fact that Colonel Allen and D. Stairs of the Montreal Engineering Co. were also here. Mr. Stairs is reported from Fredericton to have inspected the Grand Falls.

Since the Grand Falls is the only first class hydro possibility in the Maritimes, there is keen interest in suggestions which relate to that great water power, and rumors and reports have been current in this province and in Montreal which indicate that the Grand Falls has not been lost sight of. There appears to be some disposition to limit the proposed development to water obtainable from Canadian territory.

Should there be a decision to harness the Grand Falls, by private corporations or otherwise, a railway will be available right up to the spur line which is under construction, is about two-thirds finished.

GIFTS PRESENTED DEPARTING PASTOR

Several people of the United Baptist Church met at the home of Mr. and Mrs. A. H. MacKay Friday evening to tender Rev. F. E. and Mrs. Bishop and Miss Ruth Bishop a farewell party, who leave today for Digby where Mr. Bishop is to take his new pastorate. He was presented with a gold-headed cane. The presentation was made by F. E. Locke on behalf of the congregation, while the address was read by Byron Tozer, Mrs. Bishop was presented a piano lamp by Mrs. C. S. Amos, on behalf of the congregation, while Mrs. F. E. Locke read the address. Miss Ruth Bishop was presented an umbrella by Miss Blanche Russell on behalf of the congregation. Miss Mildred Somers read the address. Each replied in a pleasing manner. Luncheon was served by the ladies.

The Coldest October in Many Years

The month just passed is the coldest October recorded in thirty-five years, at the Dominion Experimental Farm, and it may be that it has been the coldest over a still greater number of years, as this is as far as the records at the farm run. The mean temperature for the month was 35.9 degrees Fahrenheit as compared with the average of 46.6.

Fish's Majority Over Tweedie, 1,517

Charles E. Fish, Conservative candidate in Northumberland, had a majority of 1,517 over F. M. Tweedie the Liberal in the Federal election of Oct. 29. Declaration Day proceedings were carried out in the Court House Wednesday afternoon; Sheriff W. A. Shidd presiding. The result of count was: Fish, 5,331; Tweedie, 3,814.

A Saint John financial man and a prominent citizen of King's County are said to be active in support of a movement to make the Grand Falls power available for use, especially in so far as benefit may accrue in the application of electrical power to the basic industry of lumbering.

ANNUAL MEETING HIGHLAND SOCIETY

The Highland Society of New Brunswick at Miramichi held its annual meeting at the Miramichi Hotel Thursday afternoon. General business was transacted and officers elected for the year. The usual grants were donated to Miramichi Hospital and to charity and two scholarship grants made. A committee was appointed for the society celebration on St. Andrew's night, Nov. 30.

Charles Robinson, of Saint John, was re-elected president for the third term. Other officers elected were: First Vice-President, James Stables, Newcastle; second vice-president, F. M. Tweedie, Chatham; treasurer, D. P. McLaughlin, Chatham; secretary, A. J. Ferguson, Newcastle; chaplain, Rev. J. H. MacLean, Newcastle. Dr. Robert Nicholson was appointed representative to the Miramichi Hospital. Twenty-four directors were also appointed.

Jury Awards \$1,500 in Trespass Case

A verdict of \$1,500 damages was awarded the plaintiff by the jury in the case of Mullin vs. McLean Thursday morning. Mullin sued McLean for damages for cutting trees and lumber off his (Mullin's) property. P. J. Hughes, K. C., was counsel for the plaintiff and Dr. H. A. Powell, K. C. and A. A. Davidson, K. C., for the defendant.

The case of Canadian General Lumber Co. vs. L. J. O'Brien was settled out of court. H. Carr for the plaintiff and P. J. Hughes for the defendant.

Burpee Construction Gets Federal Contract At Escuminac

The Burpee Construction Company, of Devon, N. B., has been awarded a contract for construction of a section of the extension of the breakwater at Escuminac on the Miramichi River by the Federal Department of Public Works. The Company's tender was between \$50,000 and \$60,000.

The work is to be stone filled work in which a large quantity of creosoted lumber will be used.

FORECASTING OF NEW CABINET

Predictions that parliament will assemble on January 7th meet with little support in Liberal circles. While the Prime Minister contented himself with the bare statement that he intends to retain office pending the expressed will of parliament, when it meets, and that the session will be called as early as possible, the impression gains ground that it will be either the last week in January or early in February before the parliamentarians gather at the capital.

In the meantime the great game in Ottawa is forecasting the reconstruction of the cabinet. Efforts are being made to have Hon. G. P. Graham reconsider his announcement to retire from public life, but it is not believed that they will be successful. He has been offered a seat in Eastern Ontario. So has Hon. T. A. Low, who expressed a desire to retire to private life, and it is unlikely that Hon. Vincent Massey or Hon. H. M. Marier, ministers without portfolio, will again seek elections.

Forecasting the cabinet reconstruction is largely a matter of guess work, but one guess is as good as another, and the following is based on information gathered in circles where it is assumed that the parties should have knowledge of what is being done. There are only ten portfolios:

- Prime Minister, Secretary of State, External Affairs and President of the Council—Rt. Hon. W. L. Mackenzie King.
- Minister of Finance, Customs and Excise—Hon. J. A. Robb
- Minister of Railways, Canals and Public Works—Hon. J. H. King
- Minister of Defence and Marine—Hon. P. J. A. Cardin
- Solicitor-General—Hon. Lucien Canon.
- Minister of Justice—Hon. George Boivin.
- Postmaster General—Senator Murphy.
- Department of Soldiers' Civil Re-establishment—Senator Beland.
- Minister of Agriculture—Hon. W. R. Motherwell.
- Minister of Interior, Immigration and Mines—Hon. Charles Stewart.
- Ministers without portfolio—Senator Dandurand, E. A. LaPierre and one from the Maritimes to be selected.

HOCKEY LEAGUE SCHEDULE

At the annual meeting of the northern section of the Maritime Amateur Hockey Association held in Bathurst the following officers were elected: President, Joseph Wood, Moncton; vice-president, Dr. John Bates, Bathurst; secretary-treasurer, W. P. Keiver, Moncton. The following schedule was drawn up:

- First Section
 - December 29—Moncton at Chatham, Campbellton at Bathurst.
 - January 4—Campbellton at Chatham.
 - January 5—Campbellton at Moncton.
 - January 7—Chatham at Bathurst.
 - January 8—Chatham at Campbellton.
 - January 11—Bathurst at Moncton.
 - January 12—Bathurst at Chatham.
 - January 14—Moncton at Campbellton.
 - January 15—Moncton at Bathurst.
 - January 18—Bathurst at Campbellton, Chatham at Moncton.
- Second Section
 - January 25—Campbellton at Bathurst, Moncton at Chatham.
 - January 28—Campbellton at Moncton.
 - January 29—Campbellton at Chatham.
 - February 1—Chatham at Campbellton.
 - February 2—Chatham at Bathurst.
 - February 5—Bathurst at Chatham.
 - February 6—Bathurst at Moncton.
 - February 9—Moncton at Bathurst.
 - February 10—Moncton at Campbellton.
 - February 12—Bathurst at Campbellton, Chatham at Moncton.

STEAMER SAILED

The large steamer "Certo" sailed for U. K. loaded with lumber on Friday morning. not benefited to the extent promised in the confederation pact. He outlined the main handicaps under which the Maritimes operated, and gave a list of reforms which he declared were the right and need of Prince Edward Island. These included better rail connections, and train and automobile ferries to the mainland; a national hotel, golf links and park in the island; better storage and terminal facilities by the consolidated revenues of Canada; and the same federal encouragement for scientific research in fisheries and other resources as that accorded agriculture.

MAILS FOR THE UNITED KINGDOM

During the Week Ending November 14

Mails for the United Kingdom, during the week ending Nov. 14 will be despatched as follows:

Correspondence specially addressed for the New York route to connect with the steamer Aquitania sailing from N. Y. Nov. 11. No closed mails but letters will be sent to New York Close 4 p. m. Nov. 9. Full mail for Great Britain and countries via Great Britain to connect with the C.P.R. steamer Em Press of France sailing from Quebec to Cherbourg and Southampton on the afternoon of Nov. 11. This steamer will also be used for direct mails for the Continent, including direct parcel post for France. Close 4 p. m. Nov. 10.

Full mail for Great Britain and countries via Great Britain to connect with the C.P.R. steamer Montcalm, sailing from Montreal to Liverpool at 10 a. m. / Nov. 13. This steamer will not stop at Quebec but mails will be placed on board by tender. Close 4 p. m. Nov. 12.

Correspondence specially addressed for the New York route to connect with the steamer Majestic sailing from New York on Nov. 14. No closed mails but letters will be sent to New York. Close 4 p. m. Nov. 12.

Full mail for Great Britain and countries, via Great Britain, to connect with the White Star steamer Megantic, sailing from Montreal to Liverpool at 10 a. m. Nov. 14. This steamer will stop at Quebec. Close 4 p. m. Nov. 13.

Bishop O'Leary And Party Leave For European Tour

Right Rev. Louis O'Leary, Bishop of Prince Edward Island, accompanied by Rev. Father John J. MacDonald of Summerside and Rev. Father William Monaghan of Borden, P. E. I., passed through Newcastle on the Ocean Limited Thursday en route to Montreal from where they will sail on a trip to Rome. While in Europe the distinguished clergy will also spend some time visiting in the various countries including Italy, France and Switzerland, as well as in the British Isles.

Large Cathedrals

But few American tourists visit Rome and go away without seeing St. Peter's Cathedral.

The cathedral is the largest in the world, covering an area of 227,069 square feet. Its length is 718 feet, and its dome rises to a height of 448 feet, 85 feet higher than the cross of St. Paul's London.

Next largest cathedral in the world is the Spanish cathedral at Seville. It covers little more than half the area covered by St. Paul's and rises 400 feet high.

St. John's cathedral in New York, (Protestant Episcopal), when completed will take third place. However, it will beat all others in height. The plans call for a tower 500 feet high. Other large cathedrals of the world are St. Paul's in London, the York Minster at York, the Milan in Italy, and a new one being built at Liverpool, (Anglican), which when completed will be the largest cathedral in England.

Provinces Have Not Benefited

Charlottetown, Nov. 5—J. O. Hyndman, Chairman of the New Brunswick committee, included in his report to the conference of the Board of Trade, a review of the economic status under Confederation, expressing a belief that the Maritimes had

W. Shives Fisher, of Saint John, said that in Quebec and Ontario, he had found shippers anxious to make the fullest use of Canadian ports and quite in sympathy with the progressive aims of the Maritimes.

Cakes to the States

Through Miss B. E. Sullivan of Brooklyn comes an order for a \$10. wedding cake to be forwarded to Mrs. M. Murphy, Dorchester, almost paste, decorations and all.

The chances are there are few firms in Canada receiving such orders from across the line. One of the magazines carries a story of an experiment going forward by Alfred W. McCann which suggests that the human body can absorb several times its present intake of sugar to advantage.

Usurption of Power and Contempt of the Popular Will, Declares Meighen

Never Been a Case in Canada Where the Leader of a Minority Group Has Waited for the Calling of Parliament or Refused to Resign.

Conservative Leader Says the Premier's Statement Stripped of its Sophistry is Merely an Announcement of His Determination to "Hang on" in Defiance of a Heavily Adversely Verdict from the People of Canada--The Popular Majority Against King's Government Is Overwhelming and to Cling to Power Under Such Circumstances is Contempt of the Popular Will.

Right Hon. Arthur Meighen, Conservative leader in a statement issued last Thursday characterized the announced intention of Premier King that his government would continue in office and meet parliament as usurpation of power and contempt of the popular will.

Mr. Meighen's statement reads as follows:

"The Premier's statement stripped of its sophistry is merely an announcement of his determination to hang on in defiance of a heavily adverse verdict from the people of Canada.

"The Cabinet, he says, "considered the alternative of advising a second dissolution of parliament." The Premier Minister knows that his cabinet had no such alternative and could not get another dissolution no matter what they advised. They have made their appeal and have been defeated.

"Mr. King is now merely the leader of a minority group. There has never been a case in Canada and none for a third of a century in Britain, where the leader of a minority group has waited for the calling of parliament or has refused to resign immediately the will of the people was known.

"Mr. Baldwin waited for parlia-

ment in 1923 but Mr. Baldwin emerged from the election the leader of by far the largest group. In Mr. Baldwin's case also, parliament being already summoned to meet in three weeks, there was no time for a new government to be formed and ready to meet the House. Mr. Drury, in April 1923, announced, and announced properly, that if another party in the then forthcoming elections it would be his constitutional duty to resign in favor of the leader of that party.

"Mr. King declared as the reason for his appeal to the people that his government could not satisfactorily conduct public business while dependent upon Progressive support. In defiance of this declaration he now decides to cling to office, though dependent infinitely more than he was before upon Progressive support.

"Of the 27 Progressives, Independents and Labor candidates elected 18 of them denounced his record and defeated his candidates.

"The Premier himself and eight of his Ministers have been rejected. The majority against his government is overwhelming. To cling to office under such circumstances is usurpation of power and contempt of the popular will."

CROP PROSPECTS IN CANADIAN WEST

Weather Clear and Cold and Favorable to Carrying on Fall Work.

FRUIT REPORT FROM BRITISH COLUMBIA

Heavy Movement of Grain by Canadian Pacific--The Movement to Vancouver About Equal to Movement Last Year.

Winnipeg, Man. Nov. 3--Weather mostly clear and unusually cold throughout the West, but turning milder towards week-end, and is now favorable for carrying on balance of fall work, according to the Canadian Pacific Railway crop report. Threshing has been resumed generally and the continuance of present conditions will enable speedy completion of this work. Further progress has been made with fall plowing, but heavy frost has delayed operations. Many farmers and gardeners, who were unfortunate enough not to sow their potatoes deep enough have lost considerable percentage in the ground by frost. Unfavorable weather conditions throughout the West for some time past has caused considerably heavier run on the livestock market, and prices consequently showed a drop during the week. Export market indicates more activity, and prices are considered satisfactory. Winter feeding of hogs and cattle expected to be carried on more generally than usual owing to ample winter feed supply available.

Since the last report, weather in Manitoba has been cold until towards the week-end, when the conditions improved greatly and threshing was generally resumed. A little threshing has been done each day under difficulties and taking the province over, there remains approximately ten to fifteen per cent. of grain still to pass through the machines. It is expected under favorable conditions that this will be cleaned up within the next week or ten days. Sixty per cent of the fall plowing is completed.

In Saskatchewan the weather turned favorable towards the week-end. Threshing is now proceeding everywhere, with about twenty per cent. still to do. This will require from ten days to two weeks to complete, and under present conditions there is every prospect of all the grain being threshed before winter sets in. Plenty of help is available and fifty-five per cent of the fall plowing is accomplished.

Continued inclement weather has again hampered threshing in Alberta but has become more or less general towards the end of the week, and is now being carried on everywhere. What grain farmers were unable to thresh was damp, and in a majority of cases graded tough. If the present weather holds for the next two weeks there is no doubt practically all the grain will be threshed on Coronation, Lacombe and Wetaskiwin sub-divisions seventy-five to ninety per cent. of the threshing has been done. A long Red Deer sub-division only twenty per cent of the wheat and fifty per cent of coarse grains. Leduc sub-division sixty per cent. From Calgary South along MacLeod and Alameda sub-divisions twenty to forty five per cent Bassano, Brooks, and Battleford sub-divisions fifty to sixty per cent of wheat, forty to fifty per cent of coarse grains. Table and Stirling sub-divisions sixty to seventy per cent. Cochrane and Alameda sub-divisions fifteen to twenty per cent.

A Richness of Flavor

recommends

"SALADA"

TEA

to every discriminating tea drinker. Its freshness and purity are a constant delight. Try it.

Fifty-five per cent of fall plowing done.

In Edmonton, Dunvegan and British Columbia, snow and rain are again responsible for the delay in threshing and fall plowing. At many points former operation is completed, and the balance is generally well advanced. It is expected that within the next week or ten days everything will be done.

The weather in British Columbia has been good, but quite frosty at night, but so far there has been no snow. The crops are practically all harvested and orchard operations in the Okanagan, which are about completed, show a considerably larger apple crop than estimated early in the season.

Prices have been and continue quite satisfactory. There is a good general demand for dairy cows. In the Kootenay district they are very scarce and good fresh milk cows are selling as high as \$100 a piece, and even at that figure dairymen are having difficulty in securing them. Notwithstanding the fact that threshing has been held up for several weeks in southern Manitoba, Saskatchewan and Alberta, on account of adverse weather conditions, with certain sections of the north country have also been affected, especially during the past two weeks, the marketings and loadings on western lines of the Canadian Pacific this year from August 1st. to October 31st. show a substantial increase over last year's figures.

From August 1st. up to and including Oct. 31st. 1925, there were marketed at stations served by the Canadian Pacific 80,670,037 bushels of wheat and 19,375,857 bushels of other grains, or a total of 100,045,894 bushels. For the same period last year 64,907,527 bushels of wheat; 19,033,481 bushels of other grains, or a total of 83,938,008 bushels were marketed. The figures covering the marketings this year represent an increase of 20 per cent over last year. During the period mentioned above, 50,382 cars of wheat have been loaded on the Canadian Pacific, representing 71,428,340 bushels. 10,382 cars

of other grains were loaded, representing 19,109,522 bushels, the gross total being 60,545 cars of all grains, containing 90,529,362 bushels. Last year a total of 47,834 cars of all grains, representing 70,183,780 bushels, were loaded. The figures this year represent an increase of 28 per cent over last year.

From August 1st. up to and including October 31st, approximately 45,500 cars containing 66,400,000 bushels have arrived at the head of the lakes over the Canadian Pacific and unloaded into elevators served by this company, while last year, for the same period, 26,513 cars, containing 31,630,980 bushels, were delivered and unloaded. The figures this year show an increase of 36 per cent over last year's figures.

The movement to Vancouver, so far this season, is just about equal to the movement last year, 31,600 cars of grain having been delivered at that port, representing 5,248,000 bushels. Last year the movement for the same period amounted to 3,616 cars, representing 5,319,136 bushels, the movement of grain from Alberta to the coast this year has been retarded to some considerable extent on account of threshing being held up in Alberta, especially in the southern portions, by inclement weather conditions.

Kentuckians Have 3,954 Superstitions

On Hallowe'en there are few other places in the English-speaking world where superstitions concerning witches receive so much credence as in the Kentucky mountains.

Kentucky has been found to have 3,954 superstitions. Daniel Lindsey Thomas, late Professor of English at O'Connell and founder and president of the State branch of the American Folklore Society today brought them out of records in the State Library archives.

Some of the number will share a nation wide observance tonight. Among the traditional merry-making, playful ceremonies and charms to disclose future husbands and wives are the rules of looking into a mirror at midnight; walking in a graveyard and biting a bobbing apple.

The superstitions beliefs still maintained by the old type of mountaineers are in general those brought to Kentucky by English and Scotch-Irish ancestors, said Dr. Thomas, although the superstitions are not alone confined to mountains hereabouts. He said that a canvass of believers in superstition at Harvard only as far back as 1911 showed only 26.6 per cent of the Faculty to be entirely free from superstition.

Dr. Thomas stated superstitions beliefs were more persistent and widespread than most persons would suspect. He traced their origin to the desire of mankind to propitiate fate and avert evil. Primitive man, in his fear of evils that he did not understand, sought to avert disaster by any means he could find.

One of Kentucky's native sons, Abraham Lincoln, used to walk on certain sides of streets.

Of the nearly 4,000 Kentucky superstitions, 534 relate to marriage, 513 to hard luck, 227 to good luck, 263 to death and 86 to money.

A favorite Blue Grass belief that a filly cannot win the Kentucky Derby, has been known as superstition No. 3414, but this was broken in 1915.

Football warriors battling today were cautioned that the teams that lost first blood would lose.

FEEDING DAIRY COWS.

Ensilage produced more milk and butter at a less cost than mangels, pound for pound, in an experiment carried out at the Experimental Farm at Agassiz, B.C. Each cow was fed ten pounds per day of a grain ration composed of three parts oat chop, three parts bran, one part barley chop and one part oilmeal with some mineral added. Each cow also received ten pounds of alfalfa hay and fifty pounds of either ensilage or pulped mangels. The cows getting ensilage produced two pounds each more milk per day than those fed mangels. It took ten pounds more mangels than ensilage to produce a hundred pounds of milk and twelve more pounds to produce a pound of butter fat. The cost of producing a hundred pounds of milk was \$1.23 with mangels.

The Value of Father John's Medicine as a Body Builder

Is Positively Proven by Over 70 Years of Success

FIRST--The quality of the Cod Liver Oil used, along with other valuable ingredients compounding this remedy. Dr. Harvey A. Sell, one of the best known analytical chemists on this continent, made an analysis of Father John's Medicine and said, "We have never examined finer cod liver oil than used in Father John's Medicine."

SECOND--The tiny particles into which the Cod Liver Oil is divided by the wonderful equipment in our new Montreal laboratory. Concerning the degree of fineness, Dr. Sell states in his report on Father John's Medicine, "The cod liver oil is broken up more completely than in any other medicine we have ever examined of this type, many of the oil particles in Father John's Medicine being only one-tenth the size of the particles of butter-fat found in cream."

The cod liver oil is so excellent in quality and is so finely divided that its full food value is easily absorbed by even weakened digestive systems.

This is why people, especially the aged and weak, and pale, thin, underweight children grow healthy taking Father John's Medicine

Silence That Is Not Golden

The merchant, who fails to "speak up" lets a lot of golden sales slip past his store. This lost business goes either to his competitor down street or, by mail order route to the big city stores.

People are often surprised to find that the goods they bought "unsight unseen" from a catalogue can be seen and examined in the local store!

Tell your buying public what you have--ADVERTISING in "The Union Advocate" will invite the whole community to your store. And--

**CLAIMS TO HAVE
DISCOVERED PER-
PETUAL MOTION**

After working on his invention for sixty-nine years, John Smith, engineer of Winnipeg claims to have perfected a stationary engine capable of controlling and producing its own, "self-manufactured power." He has a "perfect" model on demonstrations.

**The City of Yokohama
Coming Back**

At last light is breaking on the situation in Yokohama. This eastern gateway of Japan seems in a fare way to "come back." Not improbably the next years will produce a better and more beautiful Yokohama. The much vexed perpetual-lease problem has been removed, the foreign leaseholders having reported as having agreed to exchange square feet for enhanced values. They will give small slices of land in order that the laying out of a widened street system may be put into operation.

Marshall Martin, one of the large holders of perpetual-leased land, has sold a block of land to the Japanese municipality at the rate of 130 yen a tsubo. A yen is nominally 50 cents and a tsubo is six feet by six. Mr. Martin and the Japanese authorities have thus set the value of town lots in Yokohama at about \$2 a square foot. On the site purchased from Mr. Martin, it is said a modern hotel is to be built. Yokohama already has its country club again. It races, plays cricket, baseball or bridge and dances at the Tent Hotel the very name of which takes one back to the days of earthquake fire and desolation. Yokohama rebuilt, the Japanese hope, will be a rival to Shanghai. But Yokohama probably will wait long for the fulfillment of the promises of today. And when Yokohama has "come back" it will hardly be the same Yokohama.

**OIL ELECTRIC GARS
OF C. N. R. RUN WELL**

Running easily on its trial test schedule time, No. 85820, one of the new oil electric cars recently put into service by the Canadian National Railways, arrived in Winnipeg last night, thereby completing the first half of its trans-continental journey of 1,372 miles. The car was operated under its own power and not once did the engine stop running. D. Crombie, chief of transportation, who is in charge of the movement, expressed himself as satisfied with the showing made by the car to date. He pointed out that the 2,937-mile trip to the coast was being made as an endurance test, and that the performance already shown was most encouraging.

From the time that the car left Montreal on Sunday, the greatest of interest was shown in the test trip by the various towns through which it passed. At Coteau Junction, Alexandria, North Bay and other towns crowds gathered at the station to await its arrival. Though Capreol was not reached until the early morning, the platform was thronged when the car arrived.

Only a five minute stop was made in Winnipeg, after which the car proceeded on its run to Vancouver. Car No. 15820 is 60 feet long and will accommodate 57 passengers, having also a compartment for the handling of baggage and express. The engine is oil burning, and this in turn operates an electric generator which provides the motive power. Upon arriving at the coast, the car will go into regular service as a local passenger train.

ALTA OF UNUSUAL FLAVOR

ALTA OF UNUSUAL FLAVOR
Everybody, when once tried

YOUR HEALTH

What do you do for a sore eye, it all depends on what is wrong with the eye. because if a foreign body of some sort has entered it, there are a number of harmless things to do.

It is a pity that everybody isn't taught how dangerous it is to have the eye poked at by untrained fingers. It hurts so to have something in the eye that in the hope of relief you are ready to submit to anything.

I have seen hundreds of eyes which were wounded and infected by awkward attempts at removal of a cinder. These efforts were made by well-meaning persons and usually in response to the appeal of the victim.

In every mill and factory there is somebody who is believed to possess exceptional skill in extracting cinders. You ought to examine some of these eyes afterward! The magnifying glass shows that the surface tissues have been scraped away and that an area a hundred times the size of the offending object has been denuded by the rough, even though tender-hearted, amateur surgeon.

Here and There

Wishing farewell and bon voyage to the celebrated writer of the Scarlet Pimpernel, a bouquet of scarlet pimpernels was presented to Baroness Orczy, when she embarked with her husband, Mr. Montagu Barstow, on the SS. Montclare of the Canadian Pacific line, for England. The presentation was made on behalf of the company by Capt. Geo. Webster and President E. W. Beatty's card was attached. Baroness Orczy came out to Canada to assimilate local colour for a new book, which will be eagerly awaited here.

Motor tourists from the United States brought \$150,000,000 in revenue to Canada in 1925, according to estimates of government officials. This sum is equal to a quarter of the value of the Dominion's wheat crop and approximates the value of the annual mining output of Ontario, Quebec and British Columbia combined. More than 2,000,000 American automobiles, it is estimated, have crossed into Canada this fall. They carried in the neighbourhood of 9,000,000 persons, or a number equal to the total population of Canada.

C. B. Foster, passenger traffic manager of the Canadian Pacific, states that the success of the crop in the West this year will make money more free and is bound to stimulate travel between Canada and the Old Country. To handle the expected increased volume of traffic, his company, he states, will run special trains early in December connecting directly with the company's Atlantic liners, sailing from the winter port of Saint John, N.B. These liners sail on dates that are calculated to get passengers home to any point in the British Isles or the near continent in plenty of time for Christmas.

Taking the North American route over to Europe with a view to acclimating it in Northern Europe is the part of the plan of Heinrich Carl, Count Schimmelmann, one of the largest land owners in Denmark. The Count and Countess were taken to the Cains river district, where they spent three weeks. During this time they walked an average of fifteen miles a day for twenty days, covering three hundred miles on foot, not reckoning the distance they traversed in canoe. They went to the woods of Northern Quebec for another shot at the elusive moose before sailing for home on the Canadian Pacific liner Montclair.

A recent epidemic of motor accidents, five of which occurred in one night, though luckily none of them proved to be fatal, elicited the following editorial comment from the Montreal Star: "That five drivers of automobiles should drive their cars into moving trains within a period of twenty-four hours in Canada would seem to indicate that carelessness is the main cause of accidents. The location of level crossings is either well-known or clearly indicated at a distance that gives even a fast driver ample time to stop. At many such crossings bells automatically ring as trains are approaching. At others, hazy lights are lit down. Some are open—these almost entirely in the country districts. But despite all safeguards, warnings, signals, and precautions, accidents continue to happen at local crossings with an alarming consistency. In some instances, indeed, it almost looks as though the drivers were determined to defy all attempts to ensure caution." The paper calls for cancellation of driving licenses in cases like the above.

**MacDonald Fears
For The East of
Europe**

London, Nov. 3.—Ramsay MacDonald, former Labor Prime Minister of Great Britain, returning home from a tour of central Europe told the Labor Herald's Brussels correspondent that although the Locarno agreement was welcome as a first step it is no wise settled the real problem of Europe.

"The real problem is in the East," Mr. MacDonald is quoted as having said "and the Locarno pact does not touch it. If war is again to devastate Europe it will come from the East. To face the danger is the most urgent task of European statesmen."

Mr. MacDonald said he talked with statesmen and other leaders of opinion in Vienna, Budapest, Prague, Berlin and Brussels while on his tour.

"I am profoundly impressed with the persisting state of apathy in Central Europe," he declared. "Political instability, financial chaos, economic unsettlement and misery grow worse as you go farther east and south. Tariff barriers prevent a return to stability and prosperity. The new frontiers are only accepted with a gnashing of teeth by the vanquished nations. Nationalist exasperation is breeding a dangerous spirit of chauvinism and Fascist and social reaction."

**Children

Frozen directions on each package. Physicians everywhere recommend it.

Tide of Christmas Traffic Flows East

Ever since that time, some years ago now, when the West was discovered by the East as the most likely place to amass a fortune in the briefest possible time, and the simple words, "Go West, young man!" were the best advice a parent could give a son; well, ever since that time, the young man who heeded the advice has been coming back East at least once a year, and that once is generally Christmas.

Perhaps the young man has amassed no great fortune; perhaps he has; and perhaps again he has fared rather ill; but in any event he usually finds that as Christmas draws near, recollections of his childhood, his Christmas stocking, the tree at home, the plump-pudding or the turkey and cranberries, constitute too powerful a memory to negate. And because these recollections are so potent, transportation companies operate special services to handle what they call the Christmas traffic.

This year this crop has been extremely good; money will be more free in the West than for some time past. The season's work is done and the Westerner will have lots of time on his hands. If he has few financial worries he may spend quite some time in the East; there is much to attract him. There is the social life in the big hotels, where all is luxurious comfort; winter sports such as hockey, skating, sleigh riding and tobogganing to indulge in, or to watch, if he so prefers; the round of the theatre to make, where he will hear the tunes that will be popular for the year, or see the plays that will be discussed at most civilized dinner tables; and if he has brought friend wife, there are the shops to visit, though many a man has found this a costly pastime, more so perhaps, than poker or the races.

However, from every angle, the season in the East is rich and pleasant. That side of the continent is a magnet for holiday seekers and it is at that particular time that the ancient provinces reclaim their sons, if only for the briefest of visits. This year it will have visitors galore.

The Canadian Pacific Railway announces that many inquiries and requests for reservations have already been made at their agencies throughout western Canada. This would indicate the likelihood of a huge volume of traffic moving in an easterly direction this December. A portion of it will no doubt move straight through to the British Isles and the Continent, as many settlers are originally from those places. The Canadian Pacific will run special trains from all western centres, connecting directly with their Atlantic liners, sailing from the winter port of Saint John, N.B., to all the larger ports in northern Europe.

But the great portion of the traffic will be pointed for Eastern Canada and the company will facilitate its movement by offering special train services and special tourist cars that will obviate the necessity of change at any point along the route, and further than this, special excursion rates will be given. These conditions will prevail from December 8th to January 5th, and will be effective from all stations in Manitoba, Saskatchewan and Alberta.

MEDICAL SCIENCE

acknowledges that cod-liver oil because it abounds in vitamins is a specific in rickets or bone-weakness.

Scott's Emulsion

is rich in the vitamins that children need in great abundance. It is a vitamin-rich food and tonic that is available for use at any hour. Children thrive on it.

GET INTO BIG PAY WORK

Why drift from year to year as a labourer at small pay and hard work, when with a few weeks training under expert guidance, you can be earning big money in any of the following trades: Automotive, Mechanical, Electrical Ignition expert, Battery work, Welder, Hairdressing, Mechanical Dentistry, or Barbering. Large demand. Pleasant work. Big future. Write at once to Dept. C, for special offer. Hemphill Trade Schools Ltd., 163 King St. W., Toronto.

How To Relieve
Children's Colds

Avoid Serious Results by Using
Baby's Own Tablets.

When a child shows the first symptoms
of a cold, such as sneezing,
redness of the eyes, clogged or running
nose, prompt measures for relief
may avert serious results.
Mothers should always have on hand
some simple, safe and effective remedy
for immediate use.

Baby's Own Tablets act quickly,
contain no opiates or narcotics, are
tasteless and harmless. Mrs. Joseph
Cadioux, Holyoke, Mass., says:—"I
have used Baby's Own Tablets for
my children and find them a very
satisfactory medicine. When my
little boy had a cold I gave him the
Tablets at night and he was well
next day. I give them to the children
for constipation and they always do
good. I think Baby's Own Tablets are
much easier to give a child than
liquid medicine. I recommend the
Tablets to all mothers who have
small children and believe they
should always be kept on hand."

Baby's Own Tablets are sold by
all medicine dealers or will be sent
by mail at 25 cents a box from The
Dr. Williams Medicine Co., Brook-
ville, Ont.

Hohenzollerns to
Get \$200,000,000?

BERLIN, Nov. 1.—The Prussian
Government is willing to award the
Hohenzollern family \$200,000,000 in
cash, castles, lands and pictures in
settlement of their claims; citizens
who loaned the monarchy gold before
and during the war may receive 12
1-2 per cent of their investments
after 35 years. This is the way the
Morgen Post sizes up the Prussian
Government's secret negotiations
with Hohenzollern lawyers for settling
the estate of the former ruling family.

This sum is in addition to \$3,000-
000 in gold sent to Doorn the year
after the revolution to enable Wil-
helm to keep the wolves from the
door, and the granting of other prop-
erties now in possession of Hohenzollern
princes and princesses, such as
the Gell estate which was awarded
to the former Crown Prince by the
Prussian courts.

According to the same paper the
Prussian Government has offered the
Hohenzollerns 150,000 acres of land
and 25 castles if their claim could be
settled out of court. However, this

For Sore Throat

offer was refused by the former
reigning family who are demanding
everything over which the crown
held administration during the
monarchy. Among other demands are
the pictures in Schach Gallery at
Munich, which were presented to the
Kaiser by Schach in exchange for
the title of count; two-thirds of all
pictures in the Kaiser Frederick
Museum at Berlin, which was recom-
pense for the Achilleion Castle on
Corfu, jewels, etc. It is rumored num-
erous pictures from the castles now
are gracing homes of Republican pol-
iticians and that the Kaiser's law-
yers are demanding the highest sums
for these, believing the Government
will pay rather than have the pol-
iticians humiliated.

GRAND FALLS CON-
TRACT DENOUNCED
BY PREMIER

Denouncing the Grand Falls pow-
er contract between the New Brun-
swick Company, consummated during
the regime of ex-Premier Veniot,
to be a "monstrous injustice," it
that it "fetters the action of the
Power Commission in every possible
direction," Premier Baxter today
denounced the agreement in the
course of an exclusive statement to
The Telegraph-Journal.

The Premier's statement results
from conferences held recently be-
tween the New Brunswick Power
Commission and representatives of
the Fraser Companies, Ltd. and
Fraserburgh Company, Ltd. Both com-
panies declare the agreement re-
stricts their development, and Pre-
mier Baxter concurs with them by
declaring that it has created a situa-
tion which is "simply intolerable."

After discussing the agreement,
Premier Baxter comes to the con-
clusion that, in the event of the
International Paper Company insist-
ing upon holding to the letter of
their bond, the only way out is "for
a private corporation to be found
to acquire the lands within the pro-
vince of New Brunswick necessary
for the prosecution of the enter-
prise, and to develop Grand Falls
with purely Canadian water."

Unless the International Paper
Company is willing to give way, the
Premier contends that it would be im-
possible for the province to develop
along the lines of public ownership
as it is tied by the contract with the
International and cannot get power
for existing industries.

Vocational School
Opens in Newcastle

The Newcastle Vocational School
opened its free evening classes Tues-
day in the new Harkins High School
The following classes started:—
Typewriting and shorthand; teach-
er, Miss McCain; 13 pupils.
Typewriting; teacher, Miss Mc-
Cain, four pupils.
Elementary bookkeeping; G. Jones
teacher; 16 pupils.
Home millinery; Mrs. A. H. Cole,
teacher; 12 pupils.
Sewing; Mrs. J. Ingram, teacher
33 pupils.
Foods, nutrition; Miss S. Hayes
teacher, 28 pupils.
General education; B. J. Gulliver,
teacher; 16 pupils.

Agricultural Meeting

The annual meeting of Agricultur-
al Society No. 122 will be held in the
Town Hall, Newcastle, N. B. on Fri-
day, November 13th, 1925 at 3 o'clock
p. m. A full attendance of the mem-
bers is requested as important busi-
ness is to be transacted, including
the election of officers for the en-
suing year.

CANADA WAS WELL ADVERTISED

Ten million people visited the pavilion of the Canadian National Railways at Wembley during the two seasons, according to cable advices received at headquarters of the Company following the final closing of the British Empire Exhibition. This number included thousands of school children. Literature dealing with various phases of Canadian life and natural resources was supplied to more than two thousand school teachers. This literature, it had been learned has been accepted in the majority of instances as the text by which instruction on Canada is given to school children in many parts of Great Britain.

Before the exhibition closed on Saturday Rt. Hon. J. H. Thomas, M. P., visited the Canadian National pavilion and on behalf of the directors of the exhibition, wished God-speed to the staff and asked that the thanks of the directors be transmitted to Sir Henry Thornton for the splendid exhibit which the company had maintained and for the co-operation which had been given to those who had the welfare of the exhibition at heart. He stated that the directors had recognized the Canadian National exhibit as one of the most outstanding contributions to the fair and that this opinion was held also by the many distinguished visitors, including the king and queen, who had visited the pavilion and also by the millions of ordinary visitors.

FEEDING LAYING PULLETS.

Especially good results were obtained from alfalfa leaves in an experiment conducted at the Brandon Experimental Farm to determine the value of different supplements when fed in conjunction with the regular ration. Alfalfa leaves fed in an open rack kept before the pullets continuously, mangels split and fed fresh each day, and canned's meat cooked and mixed with the mash, were the supplements used. During the 63 days of the experiment the hens given alfalfa leaves laid an average of 26.9 eggs as compared with an average of 22.9 laid by those given meat and 20.1 by those given mangels. The alfalfa leaves therefore, gave the greatest profit over cost of feed, and in this test were shown to be worth 10.8 cents per pound as a winter feed for laying pullets.

INFORMATION BY DEMONSTRATION

The extent and value of the work of the 145 Illustration Stations conducted under the Dominion Experimental Farms would be enhanced by a study of the report of the Division for 1924, prepared by the Chief Supervisor, Mr. J. Fixter. In this report which can be had free on application to the Publications Branch, Ottawa, are given in detail, instances of benefit conferred and progress made through the information and guidance furnished by the Superintendents of Experimental Farms and Stations and especially appointed Supervisors. The aim and object of the Division is to take direct to the agriculturist knowledge obtained by test and experiment at the Dominion Experimental Farms and Stations and far spread agricultural colleges. To give the largest number of farmers the best opportunity of taking advantage of the demonstrations and proceedings the Illustration Stations are located, as far as possible, on road-fronting farms or in centres of districts. Nor is soil or plant cultivation the sole object of attention. Encouragement of better live stock is aimed at and as a consequence many farmers, some for the first time have been induced to obtain improved sties and to weed out inferior animals.

NEWCASTLE PLAYS AT CAPITAL TODAY

The semi-finals for the New Brunswick scholastic title between Newcastle High School, winners of the North Shore Schoolboy League by virtue of a victory Friday over St. Thomas College, and Fredericton High School will be staged at Fredericton tomorrow. The final between the winner of the F.H.S. Newcastle game and Mount Allison Academy will take place about Thursday of this week. It has not been decided yet where the game will be staged. With the Provincial title settled the final for the Maritime crown will take place, probably at Fredericton, in a game between the two winners, with Picton Academy as guests.

The Advocate \$2.00 Yr.

PERSONALS

Mr. Alex Haug is suffering with blood-poisoning in his left hand. Mr. Frank White spent several days of last week in Moncton.

Mr. and Mrs. James Stables spent Thanksgiving Day in Halifax, N. S. Mr. and Mrs. Fred H. McKean of Quebec were visitors to town last week.

Mr. and Mrs. James Stewart of Moncton spent Thanksgiving Day in town.

Rev. L. H. MacLean was confined to his home last week, owing to illness.

Mr. Claude Masson leaves today for Florida, where he will reside in future.

Mrs. A. R. Melrose, of St. John is visiting Mr. and Mrs. Stewart Weldon.

Miss Jessie Keating spent the weekend and holiday with friends in Moncton.

Mr. and Mrs. H. B. Cassidy spent Thanksgiving Day with relatives in Fredericton, N. B.

Mrs. Q. E. Campbell of Chatham is the guest of her parents Mr. and Mrs. John Allison.

Miss Ella Bernard spent the holiday in Moncton; the guest of her sister, Mrs. Geo. Masson.

Messrs Edward Dalton and Wm. Murphy leave today for Miami, Florida, where they will spend the winter.

Mrs. Archibald W. Foster, of Amherst, is the guest of her parents Mr. and Mrs. Howard Williston.

The many friends of Rev. P. W. Broudeau, of Balmoral, were pleased to see him, while in town last week.

Clive Lindon and Ellis Thompson, of Allison University spent Thanksgiving at their homes here.

Mrs. W. A. Hickson left Tuesday for Montreal, en-route to New York, where she will spend the winter months.

Mrs. Wm. Richards entertained number of her daughter's friends at Tuesday evening, in honor of her birthday.

Friends of James Sargeant, who is a patient in Miramichi Hospital, will be pleased to learn that his condition is improving daily.

Groves Cleveland has accepted a position in Buctouche and spent a few days of last week in town en-route from Buffalo, N. Y.

Mrs. Andrew MacMurray returned home on Saturday from a five weeks visit spent with relatives in Boston, Portland and Bangor, Me.

Mrs. John Russell, was hostess at a bridge of nine tables at her home on Wednesday afternoon, when the prizes for the afternoon's play went to Miss Bertie Pierce and Mrs. F. M. Tweedie.

Mrs. P. J. McEvoy very pleasantly entertained at bridge last Wednesday evening at her home, King Highway. Cards were played at four tables, the prize winners being Mrs. S. K. Codner, first and Mrs. E. W. Keating, the travelling prize. At the conclusion of play, luncheon was served.

H. A. Johnson of La Salle Extension University (Maritime Division) will be in Newcastle at the Miramichi Wednesday and Thursday of this week and would without obligation be glad to discuss with any ambitious person who wishes to increase their salary and business knowledge, the details of training. La Salle University is the largest business training institution in the world, its mission being to prepare anyone with a common school education to fill a responsible position anywhere eliminating the drudgery of long years of routine work. Ample evidence is available of what La Salle members have accomplished and Mr. Johnson will be pleased to acquaint anyone with the facts.

WEDDINGS

CORTES-PLEADWELL

The wedding took place at the home of Mr. and Mrs. Robert Pleadwell, Quarryville, of their eldest daughter, Miss Ruby M., on Wednesday Nov. 4th to Mr. Wilson W. Cortes of Portmont. The service at which a large number of guests were present was conducted by the Rev. Robert M. Brodie. The bride was given away by her father. She was attended by Miss Ella Goodfellow as bridesmaid, Mr. David M. Goodfellow was groomsman. After the ceremony the company had their pictures taken, after which the happy couple sat down with the guests to a lovely tea.

Their many friends wish them much happiness and success in their new experience. They will reside at Williamstown.

GAHAN-KENNEDY.

A very quiet but pretty wedding was solemnized at St. Michael's Cathedral, Chatham, on last Wednesday morning at 7 o'clock when Rev. Mons O'Keefe united in marriage Miss Katherine Kennedy, of Chatham daughter of Mrs. John Kennedy, and Mark Gahan, son of Mr. and Mrs. Peter Gahan, Newcastle.

The bride was attired in a navy seriet twill suit, with hat to match and was attended by Miss C. Murphy of Chatham and Bernard Gahan of Newcastle.

After the ceremony the happy couple motored to Newcastle where breakfast was served at the groom's home. They will reside in Newcastle.

Health Broke Down Could Not Get Sleep for Hours After Going to Bed.

"It is not natural for me to sit down and write a letter in praise of a proprietary medicine as I had always been skeptical as to their virtues." Thus writes Mr. Arthur Seguin, Storthoaks, Sask., who further says:—"But three years ago I opened a general store here in Storthoaks and placed on my shelves a few lines of the best known proprietary medicines. Among these, naturally, were Dr. Williams' Pink Pills. As there were three of my customers who were obtaining good results from taking the pills, and as I was in need of a medicine I decided to try them myself.

"I had been suffering from catarrh for years, and my inside work had completely broken down my health. I was coughing all day, suffered from indigestion, and could not sleep until three or four hours after retiring. I started the pills not with any great confidence, but by the time I had finished the second box I marked much improvement. At the fourth box I felt quite recovered, but continue them for some further time. My cough has left me, the indigestion has disappeared and I now fall asleep almost as soon as I am in bed. In my store now I do not hesitate to recommend Dr. Williams' Pink Pills to anyone who are feeling run-down or without energy, as I think they are a blessing to mankind."

If others who may feel skeptical will give Dr. Williams' Pink Pills a fair trial they will be convinced as was Mr. Seguin.

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

YOUR SUBSCRIPTION

The date of the expiration of your subscription appears on the colored label on your paper. For instance: Aug. 22, means that subscription terminated August, 1922. Look at your label and see if you are in arrears. If you are, we would appreciate a remittance.

PERSONAL

Mrs. Finley Copp and children left last week on a three months visit to her former home in England.

OBITUARY

MRS. MARK SINCLAIR

The sudden death of Mrs. Mark Sinclair, of Whitneyville, occurred at her home Friday morning. She was formerly Miss Lottie Sherman, of Whitneyville, daughter of Mr. and Mrs. Alex Sherrard. She was 37 years of age and is survived by her husband and six small children Veda, Annie, Billy, Lilian, Elsie and Helen, six weeks old, who have the sympathy of the whole community in their great loss. The following brothers and sisters survive: Stanley, Robert and Osborne, of Campbellton; Priscilla, at home, and (Janie) Mrs. Hubert Thomas, Cross Creek. The funeral was held Sunday afternoon at the Presbyterian cemetery.

MRS. MARGARET LEACH.

The death of Mrs. Margaret Leach occurred at her home in Sunny Corner, Tuesday, October 27th, after five days illness, of pneumonia. She was the widow of the late James Leach who predeceased her four years ago. The late Mrs. Leach was 72 years old and lived in Sunny Corner all her life. She was a good neighbor and a kind friend and many social evenings were spent in her home by both old and young. She was a faithful member of St. Stephen's United Church of Red Bank, and her death will be felt with deep regret in this community. She leaves to mourn their sad loss of a kind and loving mother, six sons who were with her during her illness and did everything that loving hands could do to make her last hours restful. The sons are, George, Alfred, Henry, Fred, Allen and Ernest, all residing in Sunny Corner. She leaves also one sister, Mrs. John Harris, Boom Road and two brothers, William and Allen Nowlan, Sunny Corner.

The funeral took place Wednesday afternoon at three o'clock and was largely attended. Mr. A. Bell being in charge. Services at the house and grave were conducted by Rev. William Girdwood. Hymns sung were: "Shall we gather at the river" and "Asleep in Jesus." Interment was made in St. Stephen's cemetery Red Bank. The pallbearers were Wm. H. Matchett, Fred Stewart, Wm. Dunn, David Sherrard, Wm. Nowlan Jr. and John Porter.

The floral tributes included:—Wreath—River View Club, Sunny Corner. Broken Circle—Mrs. Wm. McAllister, Sunny Corner. Spray—Mrs. Hiram Whitney, Whitneyville. Spray—Mrs. Allen Tozer, Sunny Corner. Bouquet—Wesley Tozer, Sunny Corner. Bouquet—Helena Sherrard, Sunny Corner.

CARD OF THANKS

Fred Leach and brothers of Sunny Corner wish to thank their many friends and neighbors for their kindness and sympathy shown them in their recent sad bereavement.

NEW LAMP BURNS 94% AIR Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

HAMILTON'S Fig Bars. No skimping of figs in Hamilton's! Filled to bursting—Just like mince pie!

Bartibogue Man Got The Best of Two Bears

Vincent Conell, of Bartibogue had a thrilling experience in the woods back of his home on Saturday. Starting out in the morning in quest of game he brought along his 35 rifle and six bullets. He shot a big bull moose and a fox using four of the bullets and after dressing the spoils started on his way home.

A short distance from the place where he had made the killing Conell came across two fresh bear tracks. He followed and came up on the two of them, a big bruin and a female just as they were going into their den. He fired and wounded the big fellow who ran into the den turning and bawling with pain, charged back at Conell but fell dead at the hunter's feet.

The female also showing signs of fight, advanced towards Conell who fired his last bullet into her and grabbed his axe. The last shot was all that was necessary and the female fell dead in her tracks.

Mr. Conell is an experienced guide and a crack shot.

NERVES AND FAINTING SPELLS

Sent Woman to Bed. Great Change After Taking Lydia E. Pinkham's Vegetable Compound

Sarnia, Ontario.—"After my girls was born I was a wreck. My nerves were too tender for words and I simply could not stand or walk without pain. I suffered with fainting spells until I was no longer any good for my household duties and had to take to my bed. The doctor said I should have an operation, but I was not in a fit condition at that time. My neighbor said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound?' I am sure it will do you good and will save those doctor's bills." So I was advised by my husband to try it after I told him about it. I am very thankful to say that I was soon able to take a few boarders for a while as rooms were scarce at that time. My baby is 17 months old now and I have not had an operation, thanks to your medicine. I have recommended the Vegetable Compound to a few people I know and have told them the good it has done me. I know I feel and look a different woman these last few months and I certainly would not be without a bottle of your medicine in the house. You can use this letter as you see fit, as I should be only too glad for those suffering as I have to know what it has done for me."—Mrs. ROBERT G. MACGREGOR, R. R. No. 2, Sarnia, Ontario.

A recent canvass of women users of the Vegetable Compound report 98 out of 100 received beneficial results. This is a remarkable proof of its merit. C

BOSTON DEMOCRATS LOST MAYORALTY

For the third time in a quarter of a century, Democratic Boston has elected a Republican mayor. Malcolm E. Nichols, who resigned as collector of inland revenue, to enter the mayoralty race, had a 22,160 lead over his nearest Democratic rival, Theodore A. Glynn, city fire commissioner, on return from 338 of the city's 339 precincts.

Mayor-elect Nichols polled 64,233 votes, and Glynn had 41,933. Joseph H. O'Neill, banker, who finished third in the ten-mar race for the mayor's chair, polled 31,500 votes.

Glynn, supported by Mayor Jas. M. Curley, was unsuccessful because of O'Neill's presence in the race. The latter was induced to run by the anti-Curley faction of the Democratic party.

The election, conducted on non-partisan lines, was the climax of the most tangled campaign in the city's history. The large number of candidates was due to the fact that Boston does not hold a primary contest to select its municipal candidates, and the names of all office seekers able to secure 3,000 signatures on nomination papers go on the ballot on election day.

In the neighboring city of Cambridge, Mayor Edward W. Quinn was re-elected mayor for a fifth term of two years, defeating Councilman Ralph W. Robart, by 2,046 votes.

In Lynn, Ralph S. Bauer, former president of the Lynn Chamber of Commerce, was elected mayor by more than 3,000 votes over John V. Phelan, lawyer.

Summerfield chose its mayor L.M. Conwell, Republican in one of the closest elections in the history of the city. He defeated John J. Murphy, Democrat by 1,040 votes.

New York, Mrs. Ruth Pratt, prominent society leader and welfare worker, was elected an alderman from the "Silk Stocking" district in upper Manhattan. Running on the Republican ticket, she defeated her Democratic opponent James O'Gorman, Jr., son of United States Senator O'Gorman, 2,831 votes.

Indianapolis—The Republican party elected its city ticket in Indianapolis, headed by John L. Duvall, former Mayor, and wrested Evansville, Lafayette, and other important cities from Democratic control in yesterday's municipal elections. The Republicans lost the South Bend mayoralty which they had held.

Panama Bathing Beauties

Twenty of these twenty-two children are girls whose ages range from seven to fourteen years, and they are not mere bathing beauties. From their infancy they have played in and around the water at Panama, and they now give regular exhibitions of their aquatic skill. The girl on the left of the rear row is a back-stroke and crawl champion of the Panama Canal Zone and she is to take part in the Olympic Competitions. The photograph was taken after an exhibition before the passengers of the Canadian Pacific S.S. Empress of Canada, now on World Cruise.

Breaking New Ground in the Rockies

(1) Surveying the Glacier from a neighboring peak. (2) Paul McIntyre, 17-year-old son of J. B. McIntyre, of Providence R. I., with the Swiss guide Chris Hassler, entering the newly discovered cave on the Illecillewett Glacier at Glacier B. C. (3) The summit of the Illecillewett Glacier.

The fastnesses of the Rockies abound in virgin territory never touched by the foot of man and one of the latest of these to be traversed is the Illecillewett Glacier where a new ice cave has been discovered this year of which the photo above gives a good idea. It was found by Chris Hassler, one of the Swiss guides stationed at Glacier B. C., and the ascent to it was made in September by 18-year-old Paul McIntyre, an annual visitor with his family to Glacier, the guide and W. J. Oliver of Calgary. Mr. Oliver describes the adventure as follows:— "It was a glorious day, Mount Sir Donald was crowned with a circular cloud like a halo; the vegetation was at its peak and with the early morning dew the valley was filled with a delightful fragrance. After walking through massive timber we gradually emerged into jackpine, brush, and on to the tongue of the Glacier. Here were the headwaters of the Illecillewett River winding its way down the steep valley from this huge Glacier. Our progress from this point was somewhat slower, our good trail had been left far behind; the first 1,500 feet was over rock and moraine, crossing freshets and miniature waterfalls from the ice above. As soon as we reached the ice we adjusted the grapples to our feet, these grapples are made of iron and are similar to a small bobble each having 12 spikes distributed evenly over the surface and about 1 1/4 inches long. "Travelling along these huge crevasses is very thrilling, at times there was only a walking surface of 2 feet and on either side of this narrow ledge of ice were drops from 1,200 feet. Chris Hassler the Swiss Guide led the way and roped to him was Paul McIntyre and self. Our course over the ice field was continually brought to a halt on account of a huge gulch in the ice being too wide to cross, we would then have to travel either up or down until our guide could locate a place narrow enough to cross. Finally we located the ice cave after travelling along the base of one of these huge crevasses, it proved to be 10 feet high and 20 feet long, the sides were worn like the sands after an ebbing tide and with the strong sunlight that was coming in at its entrance these pieces of jutting ice scintillated like huge diamonds. Right in the centre across the valley, framed by this wonderful oval cave stood the Swiss Peaks and Mt. Hermit. "Leaving here we travelled on to the ice seracs near the top of the Glacier and it made the unaccustomed stand in awe to see the Swiss Guide and Paul McIntyre run around these ice columns and up and down the sides of their steep ice banks like children at play."

**Two Arrests
In Nova Scotia
Murder Case**

Baddeck, N. S., Nov. 2.—Angus
McKenzie and John McLeod, re-
sidents of North River, N. S.,
both about thirty years of age,
were arrested today in connection
with the death of Murdock A.
Morrison, of North River, near
here, whose lifeless body was
found floating in the North River
last Friday.

Morrison had taken an active
part in the federal elections and
was last seen alive on Thursday
night of last week, several hours
after the polls had closed.

He was then, it had been stated,
being chased in the direction of
the North River bridge by two
men who have not as yet been
identified.

Dr. McDonald, of Murray, N.
S., conducted an autopsy on the
body today and declared Morri-
son had been alive when his body
struck the water, as water had
been found in the lungs. Funeral
services were held today but the
body was not interred.

Broke All Speed Laws

QUEBEC, Nov. 1.—Piloting a
touring car "Cannon Ball" Baker,
United States racer, established a
new auto record between Montreal
and Quebec yesterday when he
covered the distance in three
hours sixteen minutes and thirty
seconds or an average speed of
62.8 miles per hour. Baker left
the limits of Montreal yesterday
morning at 1.30 and flashed into
the city of Quebec at 4.46.30,
hitting the stretch leading into
the capital at a 70 mile an hour
clip.

Baker stated that the highest
speed he had reached during the
trip was 78 miles an hour, but the
speedometer generally registered
around 75, except for one bad
stretch near Donnacona, where
the roads had forced him to slow
down to 65 miles an hour.

A number of Quebec news-
papermen and others clocked
Baker as he passed into the city,
their watches all catching him at
the same time.

The former record for the trip
was four hours and one minute,
this being made last summer, and
although Baker clipped consid-
erable time off this mark, he is not
satisfied with it, remarking that
with good roads he will guarantee
that he will make the journey in
less than three hours.

**43 POLICEMEN SLAIN
IN N. Y. IN TEN YRS.**

NEW YORK, Nov. 1.—The
bronze nameplate of Detective
Richard M. Heneberry, who was
shot and killed by a bullet from a
bandit's pistol on Aug. 7, 1925,
which is soon to go on the list in
the lobby at police headquarters,
will be the eighty-third of the
policemen who have been killed in
the performance of their duty
from 1854 to the present day.

The dates on this bronze roll
of honor show that the majority
have been slain in the last ten
years. Forty-three policemen
have been slain in the last decade
as against forty in the sixty-one
years preceding.

The list shows more policemen
have been killed in the last five
years than were killed in the fifty
years from 1854 to 1904. During
Police Commissioner Richard E.
Enright's eight years in office
thirty-six policemen were killed,
a greater number than was killed
in the preceding forty years.

The figures show that there
was now sudden increase in the
number of policemen killed im-
mediately after the World War.
Four policemen were killed in
1918, two in 1919 and three in
1920. The era of reckless shoot-
ing of policemen by bandits began
with 1921. Six policemen were
killed in that year. The worst of all
years was 1922 when ten police-
men were killed. Four were killed
in 1923, four in 1924 and three so
far in 1925.

More policemen were killed in
1922 than were killed in the first
eighteen years since the records
began in 1824.

Twenty-eight policemen were
killed in the last five years, or an
average of nearly six a year. In
the single year of 1925 as many
policemen were killed as in the
twenty-eight years from 1872 to
1900.

This does not include the police-
men who were wounded and then
partly recovered, but died a few
months later from the effects of
the wound.

**SHORTAGE OF
SPUDS IN U. S.**

An unusual shortage of potat-
oes throughout the country has
resulted in extraordinary high

Chicago prices for the product in
the opinion of local commission-
men. They predict the price will go
even higher. Wisconsin potatoes
were quoted at market prices,
wholesale, today from \$4.25 to
\$4.50 a hundred pounds, while
Idaho russet "spuds" were one

dollar higher from \$5.25 to \$5.50.
This means a wholesale price of
about 60 cents a peck and a retail
price of \$1. to \$1.10 a peck.

"BUY AT HOME"

Canada's Wool, Woollen and Knit Goods Industry at the C. N. E.

1. Mrs. Cockshutt, wife of the
Lt.-Gov. of Ontario, looking ex-
ceedingly smart in an "all-Can-
adian" costume. In which she at-
tended the opening of the Cana-
dian Woollen Goods exhibit at
the C. N. E. The two-piece sports
costume is of pancy purple trim-
med with grey at the collar,
cuffs and pockets, the wool being
Canadian. The ensemble coat is of
grey marvella, a magnificent spe-
cimen of pile cloth with a silken
finish from a Canadian loom. The
coat has a straight back with pocket
flap, with a shawl collar and
cuffs of grey Canadian baby lamb,
lined with grey flat crepe silk pro-
duced by the silk industry of Can-
ada. Grey shoes and stockings,
and a purple cloche hat, completed
the "all-Canadian" costume.
2. Exhibit of Canadian Woollen
Knit Goods machinery at the C.N.E.
3. His Honor the Lieutenant-
Governor of Ontario opening the exhibit of Canada's Wool, Woollen and Knit Goods Industry at the
C. N. E. He is seen wearing a suit of milled worsted made from wool grown on the Alberta ranch of H. R. H.
the Prince of Wales. Mrs. Cockshutt is looking at the prize bred Canadian lamb presented to her by the
officers of the Canadian Co-operative Wool Growers' Association.

Tens of thousands of people obtained an entirely new
idea of the wool growing and wool manufacturing
possibilities in Canada at the exhibit of the Wool,
Woollen and Knit Goods Industry at the Canadian
National Exhibition. The pillars of wool from the nine
provinces of Canada supplied by the Canadian Co-
operative Wool Growers Association excited considerable
comment, and emphasized the fact that although we
maintain only 2,500,000 sheep and lambs in Canada,
the size, feed conditions and climate would permit the
keeping of 25,000,000, and that sheep keeping is the
most profitable branch of agriculture. Also that of the
70,000,000 lbs. of wool used annually to clothe the
population of our country, some 50,000,000 could be
grown here instead of only 15,000,000 lbs. as at present.
The small factory installed with twenty operatives
showed the actual manufacture in Canada of fine
woollen and worsted yarns, the weaving of fine blankets,
woollen cloth and worsted cloth, and the knitting
machines making underwear and hosiery. It was a mini-
ature representation of the work that is being done in
over two hundred and seventy woollen and knitting
mills in over one hundred and forty municipalities.
The finished goods display, which showed what the
completed goods looked like after being made on the
machines, showed that in quality and style the \$75,000,-
000 worth of goods produced by the industry annually
were equal, and in many cases better, than goods made
abroad. It conclusively showed that so far as climatic,
physical and technical conditions in Canada are con-
cerned there is no reason why 90% of the woollen and
knit goods used in Canada should not be produced in
Canada.

RUMMAGE SALE
The Lord Beaverbrook Chapter of the I. O. D. E. will hold a Rummage Sale in St. Andrew's Sunday School Building, on Saturday, November 14th. Many useful articles including clothing for men, women and children, bedding, furniture, music etc. will be on sale. Doors open at 10 o'clock a. m. sharp. Prices reasonable. All are cordially invited to attend.

NEEDED IMPROVEMENTS
Chatham has expended \$7000 for rink improvements this year. Campbellton purposes a large expenditure also. Newcastle attempted to raise sufficient funds last summer to provide suitable accommodations for this year's skating and hockey, but apparently the project has failed. Why is it that our neighboring towns can accomplish things while we fall down in almost everything we attempt? Will some one give the public an answer?

PRESBYTERIAN MISSIONARY SOCIETY FORMED
Last Wednesday afternoon Mrs. L. A. Moore, of North Sydney, President of the Presbyterian Women's Missionary Society met with the ladies of St. James' Presbyterian Church Congregation at the home of Miss Falconer and organized the Newcastle Presbyterian Auxiliary. There was a large gathering of ladies present, who listened to a splendid address given by Mrs. Moore.

The following officers were elected President, Mrs. James Balslev. Vice-President, Mrs. John B. Robertson.

Treasurer, Mrs. Allan J. Ferguson Secretary, Miss A. Elva McCurdy

COUNTY COURT.
The Northumberland County Circuit Court, adjourned since Oct. 7th was resumed on Tuesday morning, Justice Byrne presiding.

The first case called was that of Mullin vs. McLean. Mullin claims damages for trespassing and cutting ties and lumber on land which he claims belongs to him. P. J. Hughes appeared for Mullin and A. A. Davidson and H. A. Powell for the defendant.

The other civil cases on the docket were:
Royal Bank of Canada vs. W. S. Anderson Co.

Canadian General Lumber Co. vs. O'Brien Ltd. Settled out of court.

Royal Bank of Canada vs. Thos. Russell, Record withdrawn.

C. N. R. vs. A. Alcorn, Settled out of court.

Maloney vs. Somers. Settled out of court.

The session finished its deliberations on Thursday morning.

SOCIAL DANCE
A social dance was held in the Town Hall last evening, at which there was a good attendance and an enjoyable evening spent. Chaplin's Orchestra furnished the music.

SOCIAL DANCE.
A Social Dance was held last evening in the Town Hall, which was much enjoyed by those present. Chaplin's Orchestra furnished music.

FOOTBALL
The Newcastle High School Football team defeated the Chatham High School team in an interesting game of football here last Friday afternoon by a score of 6 to 3.

THANKSGIVING DAY
Yesterday was Thanksgiving Day and was generally observed here as a public holiday. The weather was bright, although cool and many citizens enjoyed the holiday in various ways.

NOTICE TO CURLERS
A meeting of the Newcastle Curling Club will be held in the Town Hall, Wednesday November 11th, at 8 o'clock p. m. All those interested in curling are requested to attend. JOHN RUSSELL, President 45-0 A. M. McMURRAY, Sec'y

HOUSE MEETS DEC. 10TH.
Premier King announced Friday that Parliament would meet on December 10, provided legal requirements can be met. All the defeated members of the cabinet holding portfolios with the exception of Right Hon. Geo. P. Graham, Minister of Railways and Canals have handed their resignations to the Premier.

SEND XMAS. PRESENTS EARLY TO OLD COUNTRY.
The British Post Office has issued a warning that all persons who decide to send Christmas presents to the Old Country should mail them long in advance of the Holiday. The warning is for the purpose of avoiding delay to packages similar to that which occurred last year owing to the great congestion in the mail.

COMPLAINING.
Radio fans in town complain of considerable interference by users of regenerative sets. Those who claim to know, state that those responsible for the interference, should refrain from the continual turning of their dials. They further say, that when a station is silent, if these persons would remain quiet and not twist their dials, as doing so, does them no good, much of the interference would be stopped.

PRESBYTERIAN SERVICE.
Presbyterian Service was conducted last Sunday evening in the Opera House by Rev. Dr. Stevenson. The reverend gentleman delivered a forceful and able discourse, which was much appreciated and enjoyed by the large congregation that was present. Next Sunday service will be held in the Opera House at 11 o'clock a. m. with Rev. Dr. Stevenson the minister. All are cordially invited to attend.

MARITIME BOARD OF TRADE OFFICERS.
The following officers were elected:
President, Angus MacLean, Bathurst, N. B.; Vice-Presidents, John Pilkington, North Sydney, A. A. Pomroy, Charlottetown; Executive, S. Fisher, Saint John; H. S. O'Connell, Charlottetown; R. H. Simmonds, Fredericton; M. C. Hanson, Amherst; George Nuttall, Summerside, A. E. Chesley, Kentville; A. J. Matheson, O'Leary, P. E. I.; Secretary, C. H. Maloney, Moncton, N. B.
The next annual meeting will be held in Saint John.

A NEW BUSINESS.
Elsewhere in these columns will be seen an advertisement of Mr. Frank White, who is opening up a meat store in the MacMillan building formerly occupied by P. N. Brown.

APPOINTED SUB-INSPECTOR
Joseph P. Manderson, received notification on Wednesday from Chief Inspector John B. Hawthorne of his appointment as prohibition Sub-Inspector for the town of Newcastle.

ARMISTICE DAY.
Tomorrow is Armistice Day. At 11 o'clock in the a. m. a Memorial Service will be held at St. Andrew's Church Memorial Cross by Rev. W. J. Bate. The G.W.V.A. will attend in a body and a large number of citizens are expected to be present.

PREMIER WILL NOT SIT.
Premier King will not sit in the House of Commons in the coming session which it is expected will open on Dec. 10. What his course will be after Parliament in the pre-Christmas sitting decides who is to govern will be determined then.

PRESENTATION
On the evening of the 2nd inst. the members of the Ladies' Aid of St. John's Church with some other friends gathered at the home of Mr. and Mrs. Henry McLean to offer them congratulations on the occasion of their forty-fifth wedding anniversary. It was a complete surprise to Mr. and Mrs. McLean, but their daughter Mrs. Theo. Bell of Chatham was present and relieved her mother of the duties of hostess.

The evening passed quickly in social chat and reminiscences. When Mrs. Bessie Gough, president of the Ladies' Aid presented the bride of forty-five years ago, with a beautiful flower bowl, Mrs. McLean replied feelingly, expressing her appreciation of the kind thought prompting the gift.

Delicious refreshments were served and the gathering dispersed each one expressing the hope that another such gathering might take place on the golden anniversary of the happy couple.
Mr. and Mrs. Robertson Lingley whose forty-fifth anniversary too place on the same date were unable to be present, but were remembered by the ladies with a gift similar to that presented to Mr. and Mrs. McLean.

OPPOSED TO DIMMING LIGHTS.
The members of the New-Brunswick Automobile Association express opinions that the present law compelling automobiles to dim their headlights when meeting other vehicles on the highway was a detriment to safe driving, causing danger to the drivers and pedestrians.

A resolution was passed calling for a study of the question and the meeting decided to prepare a case to carry before the next Provincial Legislature to ask for some improvement in the existing regulations. The members were asked to assemble all the data possible in regard to the probability of accidents and as to the customs in other provinces and in parts of the United States.

Mrs. Wallace Smallwood and baby of Moncton are visiting Mr. and Mrs. William Touché.

King Will Meet Parliament

It is officially announced that Premier King will meet parliament. Parliament will be called at the earliest possible date.

Premier King's statement reads: "The latest official returns having made it apparent that as a result of the general election held on Oct. 29 no one of the participating political parties would of itself have a clear majority in the House of Commons when parliament assembles, it became my duty as Prime Minister to acquaint His Excellency, the Governor-General with the situation and to advise His Excellency as to the course which should be pursued. After several interviews with His Excellency at which the position brought about by the recent general election was fully discussed and all alternatives presented, I have taken the responsibility of advising His Excellency to summon parliament for the earliest practicable date in order to ascertain the attitude of the parliamentary representatives towards the very important question raised by the numerical position of the respective political parties. His Excellency has been pleased to accept this advice.

"After careful consideration of the constitutional precedents and their bearing upon the situation which has arisen as a result of general election, the cabinet decided unanimously this afternoon that it was their constitutional duty to meet parliament at the earliest possible moment, regard being had for the legal requirements with respect to the time necessary for the return of the writs and the official gazettement of members who have been

electd.
"In the interval until parliament assembles it is the intention of the Government to refrain from making appointments beyond such as are essential for the proper carrying on of the public business.

"In the present situation there are three possible courses of procedure each of which has been carefully considered by the cabinet.

"1--That His Excellency be asked to grant an immediate dissolution of parliament.

"2--That His Excellency be asked to call upon the leader of the largest political group to form a government.

"3--That His Excellency be asked to summon parliament at the earliest practical date for the purpose aforementioned.

"With respect to an immediate dissolution, it was felt that it was not in the interests of the country to occasion the turmoil and expense of another general election until at least parliament had been summoned and the people's representatives in parliament had been afforded an opportunity of giving expression to their views.

"With respect to the leader of the political party having the largest definite number in the House of Commons being called upon to form an administration, the cabinet holds the

view that responsible self-government in Canada rests upon the principle that the majority are entitled to govern, the majority so understood meaning not the political party or group having the largest number of members, but the majority as determined by the duly elected representatives of the people in parliament. Far from indicating that Mr. Meighen is in position to command a majority in the newly elected House of Commons, the results of the election appear clearly to indicate that he is not in such a position. I am not aware of any precedent in Great Britain or Canada of recommending before parliament meets that the leader of a party not commanding a clear majority in the House of Commons should be called upon to form a government.

"To summon Parliament and to allow the House of Commons to disclose its attitude upon division is the procedure by constitutional precedent and by the present circumstances. "To take any other course would be to fail to recognize the supreme right of the people to govern themselves in the manner which the constitution has provided, namely expressing their will through their duly elected representatives in Parliament and in accordance with recognized parliamentary practice."
