tary.

Hon. Mr. King emphasized the imprortance of the commission conducting its proceedings so as to be the means of furthering the industrial efficiency of the Dominion. It should, he said, be the aim of the Dominion to have the most efficient methods known to any country. He doubted if ever a commission had been issued by the federal government which had quite the same opportunity of rendering a national service to the country.

The minister said the information gathered would be placed at the ijsposal of the province, and he had received replies which were favorable from all provinces. The reply of Premier Roblin of Manitoba, had been non-committal, but a previous letter from him had been an endorsation of the idea.

Peterboro Delegation Say Our Streets Are Well Kept—Went on to Detroit. In quest of knowledge concerning pavements, a civic deputation from Peterboro arrived in the city yesterday

and were given an opportunity to in-Queen-street to the church. Rev. J. C. spect the condition of Toronto's streets. "They were delighted with our pavements, and particularly with the clean way in which they are kept," said Ald. Maguire, chairman of the reception committee, who, with Ald. Chisholm, committee, who, with Ald Chisholm, chairman of the works committee, and George Pcwell, readways engineer, piloted the visitors around in autos. The men from Peterboro included Mayor Morrow, Engineer Hay and six aldermen. In addition to the foadways, they were given a peep at the sample section of seawall and the work on the trunk sewer.

Peterboro is thus far without improved roadways, but the baby city is waking up. The party left last night for London, and will go on to Detroit to see how roads are kept in

PROVINCIAL TREASURY WINS Secures an Accounting on \$20,000 in Thomas McCormick Estate.

The provincial treasurer's depart-

ment has succeeded in forcing the executors of the estate of Thomas McCormick to pay 5 per cent. of the assessed value of over \$20,000, which, it is stated, they had previously escaped paying by making a sworn affidavit that the estate did not amount to more than \$2500 amount to more than \$8500.

This was the result of reference proceedings taken before Judge Winchester. McGormick died on July 1, 1509, leaving an estate consisting, among other things, of three houses, Nos. 160, 162 and 164 East Richmondstreet. On the affidavit of the execu-tors, Michael Ryan and William J. Wells, the provincial treasurer's department consented to the of letters of probate. On Jan. 3 the three houses were sold for \$20,000, and the department commenced proceed-

JIM WIGGS PITCHES NO HIT, NO RUN GAME.

ROCHESTER, N.Y., July 6.—Jimmy Wiggs of Montreal was the whole cabbage patch this afternoon at Baseball Park, when he pitched the first no-hit norun game of the season in the Eastern League, against the champion Hustlers. In the whole nine innings only one Rochester player got to first; he was Tooley, who drew a base on balls in the sixth. Only twenty-eight men faced Wiggs. On the other hand, Rochester played errorless ball, but Savidge was found on two occasions, the Royals getting two runs in the second and one in the ninth on real hits. Score: real hits. Score :

LONDON, July 6.—(C.A.P.)—Stroke Riley of the Winnipeg crew, when interviewed, said it was a very hard race, but he considered the prospects for a final victory very bright.

Guy Nickalls now admits that he was wrong in his idea of the Thames-Winnspeg race. The wind, he says, proved too much for Thames. Winnipegs won handsomely by a length and three-quarters, in which he was again wrong, for the official decision was abare length. His opinion, given for what it is worth, is that Winnipeg should lift the trophy. ictory very bright.

"Davis' Perfection" 10c Cigar

When Your Friends Call

you naturally like to offer them cigars. As it is undesirable to keep a great many kinds on hand, it is well to have a box of a brand pleasing to the average smoker.

Such a brand is "Davis' Perfection." This unique cigar has the mellow, rich Havana taste, and yet it is so delightfully mild that you can smoke all day with enjoyment. Not every good cigar pleases so many smokers as this. It seems to give perfect satisfaction, not only to smokers of heavy cigars, but also to those who smoke mild

Therefore, when your friends call, if you offer them "Davis' Perfection" they will not only enjoy their stay, but will carry away pleasant memories.

DISCONTINUING SALE OF

Men's Furnishings 33 to 50 Per Reductions

QUALITY is a feature of deepest significance in this sale. Well dressed men who have bought our furnishings for years know it adds tremendously to the values over and above what the discounts' would indicate, because our goods afford added service and continued good appearance out of proportion to their price.

This fact alone makes the sale unique. But the absolute necessity of making room for a greater Fur department, means price reductions in addition that could only be expected under the extraordinary reasons for this complete clearance.

Hundreds of men take advantage of the unusual values daily, but assortments are still good. Your visit cannot be made too early.

Dunlop in 3 Sets Won Feature Match In Tennis Tourney

Good progress in the city championships was made yesterday at Rusholme courts. Excehent weather and the keenest of tennis make the courts the Mecca of all tennis enthusiasts this week. Play starts early in the morning and continues until dusk. Progress made has been excellent, and the committee are to be congratulated on the smoothness and celerity with which all the events are being run off. In the men's opens, Samuel and Duniop played a very hard and interesting match. Samuel plays the short English style, his volleying being very effective, while Duniop depends on smashing and long, hard drives. Duniop won finally in a three-set match. Score, 6-3, 5-7, 6-2. All the games called for to-day in the men's and laches' opens should prove excellent exhi-

Shamrocks make their first trip away from home this season when they come to Toronto to play the Tecumsehs at the Stadium on Saturday afternoon. For years the Shamrock-Tecumseh engagement here has always been looked upon as an exciting match, and it is safe to say that the Irishmen will not allow the Indians to pile up a score such as has been done in previous matches this season. The easterners have shown improvement every time out, and in the last two games have held their opponents down to very small scores. A Montreal despatch says the Montreal lacrosse team got a great send-off last night when they left for the Pacific coast to try and take the Minto Cup from New Westminster. About 500 supporters gathered on the platform and led by Big Joe White cheered each member of the team and the executive as they appeared. Frankie Hogan, who is sufficiently recovered to make the trip, was greeted with rounds of applause. "Bring back the cup, boys," cried everyone as the train pulled out, and President Billie Findlay, from the rear platform, assured them that they would see it in Montreal in a few weeks' time. The players to make the trip are: Tierney, Roddy Finlayson, Geo, Finlayson, Clarrie McKerrow, Andy Hamilton, J. "The reservoir needs to be cleaned it." so Dr. Sheard told the local board of health yesterday.

The question of the city's water supply was introduced by the chairman, Ald. McMurrich who asked the medical health officer whether he thought it necessary to test the soundness of the waterworks tunnel under the bay. Dr. Sheard didn't, for the reason that analysis had shown the water at the city or tap end of the tunnel to be "cleaner and better" than at the south end of the tunnel. "Contamination by the bay wouldn't improve the water," ventured the M.H.O., who was then asked what he thought of the reservoir. His answer was emphasic that it should be cleaned

Ex-Aid. J. J. Graham asked what was being done to enforce the law against overcrowding in lodging houses of "the ward." Dr. Sheard replied that the congested conditions prevalled chiefly in the winter, and that notices would be posted in the lodging houses stating the number of persons who could be housed, the estimate being based on the requirement of 400 cubic feet of air space ment of 400 cubic feet of air space for each.

Health Good Dr. Sheard reported the city's bill of health to be satisfactory. The figures for contagious diseases are:

FISHERIES ARBITRATION Dispute Caused by Desire of Americans to Fish for Herring.

THE HAGUE, July 6.—Continuing his argument on behalf of Newfoundland and before the tribunal, Sir James Winter applied himself to show-The car is ornamented outside according to the standard Grand Trunk design.

James winter applied himself to show ing that during the negotiations concerning to the treaty of 1818, Americans only desired to have access to the bays and harbors of the southern porof Newfoundland for salting and drying their cod, but not in order to fish there. Moreover cod fishing is not carried on in the bays of New-foundland, because that fish is only found on banks in deep water and on the coasts of Labrador.

Sir James Winter then endeavored to show that until some years ago Americans had never fished in Newfoundland waters, and that the pre-sent dispute was merely caused by the claim of Americans to catch herring in those waters, whereas the treaty only provided for cod fishing. Next Charles B. Warren submitted ernment' had recognized on different occasions that only bays with an open-ing not exceeding six nautical miles were territorial waters, unless terri-torial jurisdiction had been extended by a special convention. DROUGHT CAUSES WORRY TO VEGETABLE GROWERS

Complaint is General Thruout the Province-Detailed Remarks Concerning Crops.

The crop reports received by the Ontario Vegetable Growers' Association from the central part obontario, from the branches of the association at Oshawa. Toronto, Berlin and Brantford, show that the tomato crop is looking well, but rain is needed. Early potatoes are rather patchy, suffering from drought, bugs very plentiful; spraying with poisoned Bordeaux mixture has been effective. The onion crops are looking well. Celery shows an acreage much the same as last year, with the crop looking fairly well. There is no damage as yet from blight, althosome is reported to be running to seed. Cabbage and cauliflower show little change in acreage so far. Drought has retarded late planting; much damage is reported from cut worms, and the pest is controlled by using poisoned bran. Oshawa reports that the beets grown for the canning factory are looking well.

In the southern division, as represented by the branches of the canning factory are looking well.

In the southern division, as represented by the branches at Ojibwa, Tecumseh, Dunnville and Hamilton the sented by the branches at Ojibwa, Tecumseh, Dunnville and Hamilton the tomato crop is reported to have decreased in acreage, owing to the reduction in prices by canning factories. The crops are looking well. Potatoes, the early crop is a little late, the main crop good. Dunnville reports damage from the flea beetle, with bugs abundant. In onions, the conditions of the crop are fair, altho the root maggot is very bad. In celery there is a slight nerease in acreage, with crop looking good. Rain is needed. Cabbage and cauliflower shows a fair crop. Dunnville reports that beans, peas and corn for factory purposes are looking well, for factory purposes are looking well, peas excellent. Peter Macdonald of Binscarth-road has written the mayor calling atten-

has written the mayor calling attention to the dangerous condition of the roadway extending from the east end of Roxboro-street to North Rosedale Valley Drive.

The opinion freely voiced by autoists and pedestrians who know the locality is that, unless something is done soon to relieve the dangerous grade, there will be a serious accident. Already a number of minor mishaps have occurred, and only good fortune has prevented loss of life.

The road, besides being precipitous, has corkscrew twists, which makes it a most dangerous spot. These turns make it impossible for the autoist or driver of a vehicle descending the road to know whether another is starting to toil up it. So sharp is the decline, that an auto, unless carefully controlled, makes a runaway dash of, it and hairbreadth escapes are reported.

Assessment Commissioner Forman

Assessment Commissioner Forman admits that it is desirable that the road should be graded and that to carry out this improvement, it is necessary to acquire adjacent property. The city sought to buy it many months ago from the owner, S. H. Townsend, but considered his terms excessive. The official arbitrator, P. H. Drayton, was called in, but the proceedings have been more complicated than anticipated, and to continue them to the end will involve considerable ex-

Shorts Scramble to Cover on N. Y. Stock Exchange

CANADIAN MARKETS INSECURELY BALANCED.

World Office

Wednesday Evening, July 6. The Toronto Stock Exchange followed Wall-street in its movements to-day, and values thruout were somewhat irregular. The issues interlisted with New York sold off early, but recovered later on in accord with the larger market. The tropical traction shares were again the mark for realizing sales, and both Rio and Sao Paulo registered further large declines. The only signs of steadiness were in the purely domestic stocks. Trading sentiment here is hinging largely on the actions of New York securities, and with the Canadian markets showing indications of being insecurely balanced, lower prices seem highly probable, especially in Montreal.

The heavy decline in New York stocks on the big exchange to-day had a material influence on the Toronto stock market and the issues interlisted

for the day on the local exchange, the shares selling down over a point to the selling movement increases in volume the market will be oversold at an early day, and substantial recoveries stock sold to 107 1-2 and closed firm may then be expected.—Town Topics.

The tractions were again subjected to liquidation and Sao Paulo dropped back nearly two points, but recovered most of this later on in the session, \$2,000,000 gold has been engaged in the last sale recorded being 139; or only London for shipment to NewYork, and fractionally below the previous day. It is expected that further amounts will be secured. the last sale recorded being 139, or only

rallied later on. There was little change in the purely domestic issues. Trading was generally limited to small lots and beyond a few fractional price alterations, steadiness was the general feature. Maple Leaf Milling was the weak issue, these shares dropping four points from the previous sale, and closing a point below the bottom figure. The preferred stock was off nearly four

points, at 89. The Montreal exchange experienced another day of heavy liquidation with consequent lower values, Soo declining to 123, and Canada Pacific dropping to 185 1-4, in common with Wall-street.

Then it is likely stock taken to-day with a view to supporting the market will again be returned and another reactionary movement ensue. This is the sort of a market we are likely to see for some time to come. Recoveries from the extreme declines ran from 1 to 5 points, and the market showed in the end net gains ranging from a small fraction to a point. The heaviest trading of the day was in Steel common, which gave an excellent account itself. Shorts were eager buyers on reports from semi-official quarters that new business is being freely blocked and that the June business was at the rate of \$120,000,000 a year.

doubt if the benefit to be derived at this stage can be important. Each succeeding day seems to bring further reliable confirmation of the damage to spring wheat. This is making holders of winter wheat very firm in their ideas, and keeps all natural selling pressure of that nature off the market. Our advice is to buy wheat on all recessions.

Corn—Sentiment locally is so strongly bullish that quick advances like that today are easily accomplished. Real pressure is lacking, as country offerings are light. We do not believe corn is in any way suffering and cannot advise its purchase, but we do not care to take the short side.

Oats—Prices followed other grains, opening easier, firming later, closing strong. Elevator interests which bought yesterday were again on that side of the market. Crop reports generally good.

Mining Securities Develop Reactionary Tendency

Cobalts Seek Lower Levels Cheap Stocks Thrown Overboard

Mining Markets in Depressed Condition, and Liquidation Forces Values to New Low Levels.

World Office,
Wednesday Evening, July 6.
The local mining exchanges developed weakness to-day, and under realizing sales several of the cheaper issues made low levels. There was little breadth to the spe

ulative movement in the market, but the exchanges were practically bare of it looked as the stocks were thrown away for about what they would

of from 1 to 3 points were general in the active specialties. Beaver, Rochester and Timiskaming were the issues most widely traded in, and of these both Beaver and Rochester dropped a full point from yesterday, while Cimiskaming lost 3 points at 59. Cobalt Lake sold as low as 14 3-4,

In the higher priced Cobalts trade was very narrow and there were no material price changes.

Total sales, 71.640.

OF REASONS FOR EARLY SIMPSON SHOPPI

WE advocate early shopping every day as long as it does not put our customers to

actual inconvenience. But on Bargain Day we go further-we say "Shop early,

There is nothing like early shopping, especially on such glorious summer mornings as these. Read the Bargain

Page to-night with your mind made up to shopping early to-morrow, remembering that Saturday is but a half day

Simpson-isms

We have every telephone facility-50 lines to central, branch lines to every department. Perhaps you don't always fancy the trip down-town. Use your telephone and shop from the comfortable coolness of your home.

Main 7841. WE INSISTED ON FRESH AIR.

The weather man said, "To-morrow will be hot and humid." We said, "So far as this store is concerned, to-morrow shall be fresh and cool." And, by the aid of a great revolving fan and a curtain of cold water, the store is cool-coolest refuge from the hot street you could wish for.

ICE CREAM AND SODA BEVERAGES.

We boast the largest soda fountain in Toronto-in the Basement. Best of ice cream always ready, together with the newest and best cream and soda confections.

In the Lunch Room also we serve ice cream and soda drinks; and here, too, one is served sparkling cold Lake Ontario water, without suspicion of impurities. Our water is filtered by the wonderful Jarvis filter, and we can guarantee it.

VISITORS TO THE CITY

are assured of a welcome to all the store's public comforts and conveniences. We have a check room for wraps and parcels on the main floor, James street; a post office, a telegraph office, public telephones also on that floor; and a commodious ladies' waiting room, with writing tables and other conveniences, second floor.

Nicest and largest Lunch Room in the city

The store opens at 8 a.m. Closes at 5.30 p.m. On Saturdays during July and August the store is closed at 1 p.m.
