TEN ENTER CONTESTS THE AIR

Big Aviation Meet at Los Angeles is Opened Today—Curtiss Claims Will Settle Wright Controversy

Los Angeles, Cal., Jan. 10.—A faultless day, dawning cloudless and bringing with it a mere zephyr of a breeze, opened the international aviation meeting at Dominguez Junction today and witnessed the first competitive trials of aeroplanes in America.

The grandstand, with the tiers of boxes, holds nearly 2,000 people. They were crowded before the first attempt at flight was made, and beginning at 2:30 o'clock, three air trains were run every two minutes from the city and it is estimated that the facilities at hand were capable of handling 15,000 persons in forty minutes.

It was announced early that Glenn H. Curtiss would make the first flight today and would be followed probably by B. H. Pate and the two aviators who brought from France with him, M. A. B. Wright and in his opinion would end the litigation which all but prevented the holding of the meet.

WAS NEARLY A MONTH CROSSING THE ATLANTIC

Boston, Jan. 10.—The long overdue steamer Forster, with a valuable cargo from California and Colombia, arrived yesterday with a tale of severe weather conditions. Captain Gardner said that three days ago, while far north of Boston, where he had been blown by the gales and with his coal bunkers almost depleted, he started to head for Halifax to secure some fuel.

HER SAILS TORN OFF, BARK GETS INTO HALIFAX

Halifax, Jan. 10.—(Special)—With her yards and masts here of sails and hull strained, the bark Gaspé, sixty-four days out from Rio Janeiro, put into port on Saturday, in distress. Capt. Zinch sailed from the southern port on November 24 for North Sydney, C. B. The Gaspé was in ballast and soon after leaving Rio ran into strong gales, which continued up to a few days ago.

EVIDENCES OF FEARFUL COMBINE IN THE WHITE SLAVE TRAFFIC

New York, Jan. 10.—In the grand jury room today, District Attorney Whitman asked the investigators of the "white slave" traffic to find indictments against certain individuals who, he is satisfied, are leaders in the business.

LIVED FOR 20 YEARS IN ST. JOHN

James Baldwin, British Navy Veteran Dead in Lebanon, Maine, at Age of 93—A Daughter in Maine

Lebanon, Me., Jan. 10.—(Special)—James Baldwin, perhaps the oldest "Jackie" of the British navy, is dead in this town. "Jackie" Baldwin, as he was known, lived to be ninety-three years old and was the grand old man of Lebanon. He died on Saturday afternoon at the home of James Thompson, where he had been for some time. His illness was very brief.

HEARS HE IS ONE OF HEIRS OF BIG FORTUNE

Spokane, Wash., Jan. 10.—Alex. McLaughlin, foreman in a logging camp near Sandpoint, Idaho, has advised friends in Spokane that he is one of the ten heirs to an estate valued at \$5,000,000, left by his brother, who died in Australia, he is several years ago after amassing a fortune in the gold fields. He has gone to Vancouver, where he will visit relatives to establish a claim of \$300,000, which he believes is his share of the estate. McLaughlin is thirty-five years of age and a bachelor. The sole heirs for the estate have been searching for the heirs since 1907, but did not locate the last one until a few days ago, when Sandy McLaughlin, as he is known among the workmen in northern Idaho, received a letter from a relative in Vancouver, advising him of his good fortune.

MILITARY ACADEMY IS PREY OF FLAMES

Newburgh, N. Y., Jan. 10.—The New York Military Academy at Cornwall (N. Y.) was destroyed by fire this morning. The main building, which was originally a hotel, the observatory, the laboratory and the manual training buildings, were all burned to the ground. Bard Hall, used by the younger students, escaped. Nobody was hurt in the fire.

STURGEON FALLS FIRE LOSS IS ABOUT \$75,000

Sturgeon Falls, Ont., Jan. 10.—(Special)—Fire which visited this town last night wiped out about \$75,000 worth of property and destroyed money that is waiting shipment back to the mint. For the defaced silver and bills 75 per cent of the face is allowed. The regulations for the redeeming of smelt silver have been in effect some thing more than two years. For the first two years the amount sent from here amounted to about \$2,000,000 in smelt and defaced money, and this year, which is in April it will reach nearly \$6,000,000.

BARK ALEX. BLACK ABANDONED AT SEA

Honolulu, Jan. 7.—The captain and crew of the British bark Alexander Black have reached here, after abandoning their ship, which went ashore Tuesday as she was entering the harbor of Kahului, island of Maui. The vessel is breaking up, and the cargo, valued at \$144,000, will be a total loss.

AERO CLUB CHALLENGES

Paris, Jan. 10.—The Aero Club of France has decided to issue a formal challenge to the Aero Club of America for both balloon and aeroplane international cups.

BRICKLAYERS AND MASONS

Boston, Jan. 10.—More than 800 delegates representing more than 10,000 members of the International Bricklayers & Masons' Union, throughout the country assembled in Faneuil Hall today for the biennial conference of the order. The sessions are expected to continue for nearly two weeks during which time a number of questions of importance to the craft will be considered.

TORONTO PLEA FOR EBB BOS WORTH SPEAKS OF INCREASE

Passenger Business Saving Steamship Lines, Says C.P.R. Man—Canadian Northern Makes Liverpool its Terminus

(Times' Special Cable) Liverpool, Eng., Jan. 10.—G. M. Bosworth, fourth vice-president of the C. P. R., says in an interview that if it were not for the passengers the Atlantic lines would be in receivers' hands. His opinion was that the increase in freight receipts would not neutralize the Canadian preference.

SMOOTH SILVER SHOULD BE TAKEN AT FACE VALUE

Times Asked to Look Into Matter and This is Savings Bank Statement

Is it compulsory for merchants and others in trading to accept smooth silver? This is a question that was asked the Times today and this paper, on enquiring at the Dominion Savings Bank is told that as the government redeems smooth money at its face from the banks it becomes compulsory on the part of traders to accept it. No matter how smooth, cent for cent and dollar for dollar will be allowed for worn money. Old and worn notes, too, are exchanged for bright and crisp ones. It is made clear, however, that this is only done for the banks and no money will be taken from others.

SIR HUGH BELL TAKES STUMP

London, Jan. 10.—Sir Hugh Bell, the Liberal candidate in the city of London, addressing the city Liberal club today said: "The had known tariff reform under many aliases but they were all sophisms and the electors had knocked the bottom out of them. The question of Ireland no longer stood in the foreground. The dominant question was financial, divided with two questions, one the absolute surrender of the house of commons, the second the absolute purity and freedom from snare of our fiscal system."

ASTRONOMERS FIND TAIL OF THE COMET

Cambridge, Mass., Jan. 10.—A straight and slender tail has been discovered behind the nucleus of Halley's comet, according to a despatch received at the Harvard Observatory today from Prof. E. B. Frost of the Yerkes Observatory. The tail is a faint one as yet, about ten miles in length, and has an angle of 69 degrees. Halley's comet may now be seen through small telescopes like faint nebulae. The tail, however, is too faint to be caught by anything except a highly sensitized photographic plate. The comet is in the western sky in the early evening, but later in the week the moon will become too bright to permit a sight of the celestial visitor.

FOUGHT ON LONELY ROAD; ONE IS DEAD

Granby, Conn., Jan. 10.—As a result of a fight between Albert Filley and Frederick Messenger, on a lonely road last night, one man was killed and the other is in a hospital. The fight, which took place on a lonely road last night, was the result of a dispute over a woman. The fight was so fierce that one man was killed and the other is in a hospital.

FOUND DEAD IN BED

Leicester, Pa., Jan. 10.—State Treasurer J. A. Stober was found dead in bed this morning at his home at Shoenck, in the northern part of this county.

YORKSHIRE WRITER SAYS COLONIALS SHOULD REMAIN LOOKERS ON IN THE BRITISH STRUGGLE

Canon Henson Places Their Duty Before Churchmen—Norfolk, England's Premier Duke, Howled Down When He Attempts to Speak—Unionists Claim London; Liberals Figure—Carrying the Country

(Times' Special Cable) London, Jan. 10.—A correspondent in Yorkshire says that the Toronto message, declaring Jobb's presence in parliament to be most desirable, is respectable from the point of view of tariff reform and colonial preference and that it is, distinctly calculated to prejudice the Unionist policy and cause. Colonial manufacturers, in common with colonial politicians in office, should play the role of lookers on in this struggle. It cannot assist the movement in favor of colonial preference to exhibit several hundreds of Canadian manufacturers pulling party wires in this country in order to get their wares preferred in the markets of the United Kingdom.

ITALY AGAIN SHAKEN, PEOPLE PANIC STRICKEN

Rome, Jan. 10.—(Special)—A severe earthquake shock was felt at Gallina near Reggio Di Calabria yesterday morning. A big shock was followed by a slight one a few minutes later. People of the various towns were panic stricken.

DUKE OF NORFOLK HOWLED DOWN

(Toronto Telegram's Special Cable) London, Jan. 10.—Imagine the sensation in Canada if Lord Stinchcombe, Cox or MacKenzie were howled down in trying to make themselves heard at a political meeting. Lord Norfolk is the premier duke of England, as the duke of Devon is the premier duke in America or the capitalists named in Canada. A Unionist introduced Norfolk to a Bristol meeting and organized disturbers greeted Norfolk with hoots and howls. Liberal songs and cheers for Asquith and Lloyd George. The duke was surprised at the noisy and unparliamentary conduct of the disturbers. The duke, in clothes that did not cost \$100,000, was in a pair, but assumed many figure, standing up against the disturbers, the single never leaving his face, trumpeting through his hands in the noise of the singing and in pairs, but Norfolk's unaffected enjoyment of the voices of the disturbers would win Canadian hearts and gain a hearing from hearers as hostile as the audience that howled down Tipper in 1898.

SOCIETY OF THE BANANA IN BLACK HAND TRIAL

Toledo, O., Jan. 10.—The case against fourteen Sicilian, members of the society of the Banana, an alleged Black-Hand band of Ohio, was called for trial in the federal court today. With a small army of witnesses, menacing letters, and a mass of documentary evidence seized in the homes of the defendants raised last June by postal inspectors (the government) expects to prove that the alleged headquarters of the band in Marion, Ohio, were the centre of widespread black hand operations. Twenty lawyers are engaged in the defense. The indictment contains sixteen counts alleging attempts to extort money from as many Italians by means of threatening letters.

MAD DOG HAS TOWN OF GALT IN A PANIC

Galt, Ont., Jan. 10.—(Special)—This town is in a state of panic in consequence of several dogs having been bitten by a mad cur. The bitten dogs, valuable animals, have been destroyed, and all stray canines are being rounded up and made away with, and all dog owners are keeping their pets safely locked up.

HER LAST MARK HER OWN HEART

Medford, Mass., Jan. 10.—Mrs. Sarah E. Partridge, formerly champion woman pistol shot of the world, committed suicide at her home by shooting herself through the heart. She had been suffering from nervous trouble. Her husband, Eugene C. Partridge, is an expert marksman and widely known.

TRAGEDIES OF A DAY IN CANADA

Brandon Man Loses Life Trying to Stop Runaway—Lad Falls Dead While Skating—Engineer Falls Down Shaft

Rochester, Sask., Jan. 10.—(Special)—A search party headed by William Doyle, of Stoney Beach, nephew of Patrick Doyle who has been missing since Friday, found the body of the unfortunate man five miles from town. Doyle evidently had lost his way and was frozen to death.

ITALIAN SLAIN IN QUARREL, MAN WHO SHOT HIM FOUND STABBED AGAIN AND AGAIN—POLICE AT WORK

Dayton, O., Jan. 10.—Dominic Nelson, prominent among the Italian colony here, was shot dead last night in a quarrel. A search party headed by William Doyle, of Stoney Beach, nephew of Patrick Doyle who has been missing since Friday, found the body of the unfortunate man five miles from town. Doyle evidently had lost his way and was frozen to death.

WENGEANCE ON SLAYER WAS SWIFT

She said that Alito killed an Italian by the name of Rezzo on the night of December 1, 1907. During the christening of a girl baby at their home. Alito disappeared and was gone for some time, but came back, was arrested, tried and acquitted on the ground that he slew the man in self defence.

NELSON HAS A MATCH THIS MONTH

Chicago, Jan. 10.—Meeting Nelson will meet Eddie Lang, a local lightweight, in an eight-round bout in Memphis on Jan. 21. This contest will be the champion's first since he won the title at San Francisco for the eighth fight with Ad Wolf.

CONSTANTINOPLE UNDER WATER AND EIGHT PEOPLE DROWNED

Constantinople, Jan. 10.—(Special)—Large part of the city of Mecca has been flooded, including Mahomet's sanctuary. Eight persons have been drowned.

REFORM OF LIFE SAVING SERVICE IS ADVOCATED

New England Coast Guards Ask Senators and Congressmen and Give Reasons

Portsmouth, N. H., Jan. 10.—Plans to reorganize the life saving service of the United States and increase its efficiency, are advocated in a pamphlet which New England coast guards have sent to senators and congressmen, representing states bordering on the sea and great lakes. The pamphlet states that in the life saving service there are no inducements offered for recruits, no rewards for the veterans and practically no relief provided for those disabled as the result of duty. The complaint is also made that no increase in pay for long and faithful service is given and that nothing in the shape of retirement or pension exists.

KILLS WIFE AND CHILDREN AND SELF

Winters, Tex., Jan. 10.—Frank Kemler, living twelve miles north of here, yesterday, with a hatchet, killed his wife and two children, two and eight years of age, and seriously injured a young man living in the family. He then took his own life with a razor. The cause is believed to be despondency. His 70th birthday.

FREDERICTON MAN DEAD; BODY ROCKING IN CHAIR

Middleboro, Mass., Jan. 10.—(Special)—The elderly gentleman sitting in the rocker, at first he believed him asleep but in a moment a glance told him that the final summons had come and that the old man, who had been here only a few years ago, was found by his son yesterday. The younger Wheeler, John A., was passing through one of the rooms of the house where his father made his home and saw

PURITY FLOUR

And Its Keeping Qualities

SOME people find it necessary to buy a considerable quantity of flour at one time—sufficient to last for a long period.

Naturally they are anxious to procure a flour of the kind best adapted to lengthy storage.

There are two important reasons why PURITY FLOUR possesses these qualities. One is that it is made entirely from Manitoba Hard Wheat.

The other lies in the fact that the careful milling necessary to produce "Purity" absolutely excludes all low-grade particles of the wheat berry.

That's "Purity."

"Purity" flour may cost a little more, but is more than worth the difference.

Try it. Watch results both for quality and yield.

"More Bread and better Bread"

CHAPTER XXI

The New Commandment

By Anthony Verrall.

CHAPTER XX.—(Continued.)

Fully twenty times that third awful night, both Judith and Ghent returned to haunt the spring.

CHAPTER XXI

Winter in the desert had commenced. In the stress of life to which they had both been subjected neither Ghent nor Judith had been aware of the passing of the weeks.

CHAPTER XXII

In the higher mountains, off to the north and the eastward, the snows had fallen fully three weeks prior to the first mad onrush of the desert rain.

CHAPTER XXIII

At all these times the gullies ran with tangled streams of ice and snow, the needles of a net.

CHAPTER XXIV

When they met there was no exchange of speech, yet a strange sense of fellowship had sprung into being between them.

CHAPTER XXV

Down through the narrow oasis a torrent plunged, as if some great reservoir had given way.

CHAPTER XXVI

The oasis itself was a desolate sight to behold. What the second day of the oak-shrubs had disappeared entirely.

CHAPTER XXVII

Fortunately for Ghent the roof of earth had made for his shelter had only been partly washed away in the deluge.

CHAPTER XXVIII

He had not leapt; his grass bed was dry and almost comfortable. He threw a new

30 Tons Pressure on a Bar of Soap

Every bar of Taylor's Borax Soap is put under a pressure of thirty tons to drive out the moisture.

When you buy Taylor's you get all soap—not a large percentage of water. It makes a saving of half in your soap expense.

There's a big difference between "just soap" and Taylor's Soap.

We use only the purest coconut oil from the Isle of Ceylon. Then we boil it doubly long and mix in the borax. While boiling we run thousands of gallons of clean water through the soap which carries away all impurities.

Twenty-one days are required to make a single cake. The labor of more than 200 people is represented in the cake.

We put every bar through an ageing process equal to six months in your pantry. You don't have to age this soap.

The bar is hard and firm. It wears much longer. The borax softens the water which also reduces the amount of soap by almost half that ordinarily required.

This pure soap is utterly harmless to the skin—it leaves the hands whiter and softer than ever before.

LOVE. "I know a man," said Uncle Eben, "dat says he loves nature. But he never goes out in de woods without a shotgun."

ALL SHE NEEDED. "I love you! Will you marry me?" "This is so sudden!" "Wait a minute, and I'll—" "But I want to know whose president now-not who's going to be president a minute from now!"

SURE! A man's respect for old age is apt to go lame when it bumps against boarding house poultry.

A SPRAY OF PHILOSOPHY. The man who habitually mixes copious tears with his sentiment is like a water-core apple—looks best on the outside.

GOOD ENOUGH. George—"Do you think that I'm good enough for you, darling?" Darling—"No, George; but you're too good for any other girl."

UP-TO-DATE. "Hello! Is this the information editor?" "Yes." "Who is the president of Nicaragua?" "Wait a minute, and I'll—" "But I want to know whose president now-not who's going to be president a minute from now!"

SUP NOT TOO SUMPTUOUSLY. A skeleton sat on a mouldering tomb, And he laughed with rusty jaws.

NINETY FIVE MILLIONS FOR U. S. ARMY

Appropriation Bill up in Congress on Saturday and Debated

THE CANTEN

Missouri Representative Will Offer Amendment Providing for Its Restoration—Texan Denounces Tariff Bill While Payne Smiles at Severe Thrusts

Washington, Jan. 8.—General debate on the army appropriation bill consumed the entire time the house was in session today and as there seemed to be no disposition to discuss that measure, members took advantage of the opportunity to make speeches on a variety of subjects.

Representative Hull, of Iowa, chairman of the committee on military affairs, explained that the bill carried an appropriation of \$95,212,718 for the maintenance of the army during the fiscal year 1911 and urged its passage as represented, saying that the estimates had been pared to the bone.

Representative Barbo of Missouri indicated that he would offer an amendment to the measure providing for the restoration of the army canteen when it is taken up for amendment.

A lengthy speech in opposition to ship subsidies legislation, and directed particularly against the Humphrey bill recently introduced was made by Representative Kusterman, of Wisconsin.

Representative Oldfield, of Arkansas and Representative Smith, of California, also spoke. Representative Goulet of New York spoke in favor of deeper waterways and he had resolutions adopted at the recent Norfolk Atlantic deep waterways convention read.

Representative Henry, of Texas, denounced the tariff bill passed at the special session. The father of the measure, Representative Payne, of New York, sat in dignified silence in the middle of the sea of empty seats on the Republican side paying close attention to the speaker, and smiling broadly and incredulously now and then at the severe thrusts of the Texas representative.

A delegation from the Exhibition Association waited on Premier Hazen and Hon. R. Maxwell on Saturday and were assured that a grant of \$3,000 would be forthcoming from the provincial government for the fair, provided that the city would grant \$3,000, and with the understanding that any deficit would be shared by the government and city equally.

Dr. C. C. Jones, of the U. N. B. will address the Canadian Club at a luncheon on Friday next.

AMUSEMENTS FOR OURSELVES AND OTHERS

INDIAN PICTURE AND BIOGRAPH AT NICKEL

The Daughters of the Sioux is criticized as the best of Selig Company's Indian pictures. The scenic detail and appropriateness thrown in the dramatic story is wonderfully fine, being genuinely Nebraskan. This is to be the Nickel's premier feature for today and Tuesday, although the Biograph Company will continue to show the domestic drama entitled The Rocky Road. Close followers of Nickel programmes will observe how gradually the Biograph company of stock players are being changed, new faces appearing from week to week and familiar ones dropping out. There will be a whole reel of additional pictures for matinee patrons. Musically the Nickel has a dainty bill. Miss LeRoy, who made such a favorable impression last week with her old-time homestead songs, will jump into the whirl of popular numbers and render the novelty, It's the Pretty Things You Say. She has a fetching encore bit too. Master Packer will sing an illustrated song and the orchestra will play the latest and best.

BARBEAU FAMILY AT THE ORPHEUM

The Orpheum is to the front this week with an attraction said to be of extraordinary merit and variety. It is the celebrated Barbeau Family, of ten people, six adults and four clever children who are not only a whole brass band in themselves but have an endless variety of high class vaudeville turns. In singing, dancing and musical selections, the Barbeaus have won reputations as entertainers from coast to coast, and their engagement at the Orpheum represents, it is said, the most expensive act yet engaged in motion picture vaudeville. The Barbeau Family will arrive in the city early, and give their first entertainment at the matinee today. As this big act will doubtless draw immense audiences it will be well for patrons to attend early and avoid the regular Monday evening rush.

NEW SHOW AND ANNIE EDWARDS AT "STAR"

That the Star management is always willing to bow to the expressed wishes of its many patrons is evidenced in the welcome return of Miss Annie Edwards, St. John's sweetest soprano, who commences a second engagement tonight in a lovely number, Miss Edwards has just returned from an extended visit to her home in England and is in better voice than ever. She brought a lot of charming English songs with her too. The Star's picture list includes the educational-industrial film "The Honey Industry," by Edison Co., the domestic comedy "Hester, the Angel Child," and the social drama "If Her Love Be True." Extra reel at every show, choice western pictures and scenic selections.

THE GEM WATERLOO STREET

Don't fail to see "A Red Cross Heroine," a story of the Spanish-American war, a film story that is sure to please, a story which we have all heard about during this war. This picture will be featured tonight at the Gem. Four other subjects, comedy-drama and scenic films. Mrs. Gibson in illustrated song. An up-to-date programme, come early.

NO ROUGH WORK IN HOCKEY

Ontario Association Announcement That They Will Nip It In Bud.

HALIFAX SNEERS

Our Players Jeered at by Newspaper—Bowling, Baseball and Other Sport News of Local and General Interest

The following from the Halifax Herald on the Wanderers-All St. John at the sister city on Friday:

"It would be wrong to say that the hockey season opened in a blaze of glory last night, for without doubt the affair was very ordinary. The contesting teams were simon-pure aggregations with no one to sling mud at them. That is something that has to be noticed in these days of wandering puck chasers. Just think of supposedly senior calibre and not a man against whom the finger of suspicion can be directed.

"But then the game. It was a very tame affair, as before stated, with a score of five to nothing in favor of the local Wanderers. The visitors were called an All-St. John team. When a city the size of St. John gets together a hockey team and sends them forth with the prefix of "All" before the name of that city, it makes a big noise. Then one might expect the hockeyists to be a big noise; one looks for an aggregation made up by brilliant individual stars of fast skaters and of artistic stick handlers. One can picture the process of cutting out a septet from miryads of hockey players to be branded with a name that essentially means the best. But then St. John cannot help it. It is not a hockey town, and never was. Baseball and checkers are their game, and their wielding of hockey sticks suggests more of the former idea than of the puck chaser."

This would seem to suggest that it is well always to take away a good team.

The Montreal Star says:—"Hockey is being run a little more businesslike than it was in the past, and the proof is that when Rolin Norman, desired to take advantage of the advance in wages which the All-Montreal team at his request gave him a businesslike release, and treated him very nicely in the matter."

"As such a release and the terms of it are rather a novelty, it is published herewith."

"All-Montreal" Hockey Club.

Montreal, 8th January, 1910. As requested by you verbally today, as regards your contract with us, The All-Montreal Hockey Club hereby release you from all obligations from said contract.

We might add that you have been entirely satisfactory and would recommend you to any club needing your services.

G. W. Sheehan, Secretary.

"If Russell Bowie will only consent to turn professional he can name his own price to play with Cobalt. They have intimated this to him and his friends several times, but up to now he has turned a deaf ear to them."

The Ontario Hockey Association executive committee announces that they intend to nip the rough work in the bud, and players that go to the fence too often will be suspended without further notice.

The O. H. A. stands for clean hockey, and there is no room for the rough house players in the association. The referees' reports will be closely scanned, and players that have unenviable reputations as far as rough work is concerned will suffer the extreme penalty. There will be no halfway measures.

Amherst, Jan. 8.—(Special)—Saturday night witnessed the first game of the Cumberland County Hockey League Series.

There are five teams in the league, the immediate Ramblers and Regals, both of Amherst, and the Oxford, Pigeon and Sprucehill teams. The Intermediate Ramblers and Regals opened the ball on Saturday night.

The game was one of the roughest ever witnessed on Amherst ice. Ill-feeling was evinced from the first, and notwithstanding the efforts of the referee, tripping, shoving and sawing characterized the game from start to finish.

Locke, who played point for the Ramblers, received a severe blow in the face, inflicting a serious wound, injuring the face bone. He was taken to the hospital at the conclusion of the game. Lovther, of the Ramblers, also received a nasty cut in the face, necessitating stitches in the wound.

The teams were well matched, and both of them have material to play good hockey but unfortunately there were offenders against all rules on both sides. The Regals at one time had a lead of two, the score standing 5 to 3 in their favor, but in the last twenty minutes of the second half, the Ramblers carried war into the enemy's territory and won out with a score of 8 to 6.

Baseball

The national baseball commission has promulgated its finding regarding several former major league players whose reinstatement or return to the clubs which they served before joining the California state league was sought by Secretary Moring of that organization.

"Joe" Nelson, former first baseman of the Pittsburgh team, is restored to good standing and awarded to the Oakland club.

Elmer Stricklett and Thomas Sheehan, former members of the Brooklyn team, Monte Phyle and Outfielder Henderson are denied reinstatement as members of the California league.

H. Smith, an outfielder, was awarded to the Chicago Nationals. The commission denied the New York Americans a rehearing in the case of Player Savage of Watertown, Ct.

George Daily, the young pitcher John McGraw secured from the Springfield club of the three I league, won 23 out of 34 games last season.

The St. Louis American club has bought the release of Bill Abstein, the Pittsburgh first baseman of last season, probably for the waiver price of \$1,500. Roseman and Abstein will fight it out for first baseman.

Tommy Madden has signed for 1910 with the Boston Americans.

CHILDREN

In disorders and diseases of children drugs seldom do good and often do harm. Careful feeding and bathing are the babies' remedies.

Scott's Emulsion

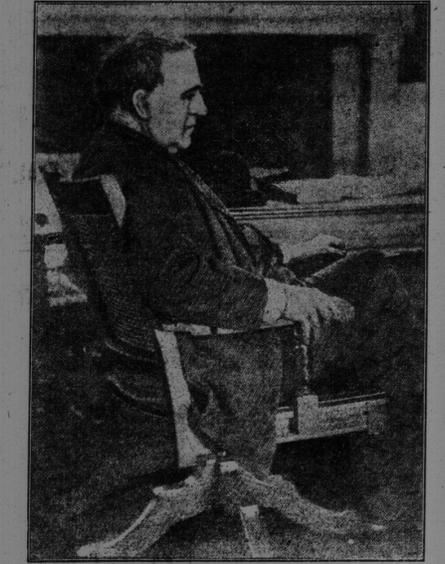

is the food-medicine that not only nourishes them most, but also regulates their digestion. It is a wonderful tonic for children of all ages. They rapidly gain weight and health on small doses.

Read the name of Scott's Emulsion on the wrapper. Beware of cheap imitations. Scott's Emulsion is the only one that will do good. Scott & Bowne, 125 Wall Street, New York, and 125 Wellington St., West, Toronto, Ont.

WONDERS THAT ARE FORSEEN BY THE WIZARD EDISON

Time When Laborer Will Live Like \$200,000 Income Man—Some Problems of Future—The Power of Tide and Wave—Full Value From Fuel

THOMAS A. EDISON

Thomas Edison, in an article in the Independent, making a number of remarkable prophecies concerning inventions of the future.

"There is much ahead of us," he says. "We don't know what gravity is; neither do we know the nature of heat, light and electricity. We are only animals. We are coming out of the dog stage and getting a glimpse of our environment. We don't know; we just suspect a few things. It will take an enormous evolution of our brains to bring us anywhere. Our practice of shooting one another in war is proof that we are still animals. The makeup of our society is hideous.

"In two hundred years, by the cheapening of commodities, the ordinary laborer will live as well as the man doing now with \$200,000 annual income. Automatic machinery and scientific agriculture will bring about this result.

"The following are some of the suggestions of future development made by Mr. Edison:

"The most important problem of the future is to get the full value of fuel. A pound of coal has enough energy to carry itself around the world. We are only able to extract a small fraction of its heat and power."

"Radium is the cause of the earth's heat. The possibility of harnessing this force for our use is somewhat of a speculation. A radium clock has been made that will go several hundred years without winding.

"Tidal and wave power, of course, immense. Consider the force that jogs up and down a steamship like the Mauretania. More practically, however, are windmills connected with storage batteries, to lay up the energy of the winds in electrical form. Sun engines are very promising machines.

"In steam volcanoes there is a source of power which might be obtained and sent out by electricity.

"The earth has quite a bulk, but it slips through the ether with so little friction that your thumb in the right place could move it.

"There are a number of earthly motions and all potential sources of energy. Throw something out of balance, and you win power without end. Six feet of orbit would be quite enough for all purposes.

"To get rid of friction in our machines is one of the future problems.

"The aeroplane of the future will, I think, have to be on the helicopter principle.

"The clothes of the future will, I think be so cheap that every young woman will be able to follow the fashion promptly, and there will be plenty of fashions.

"Communication with other worlds has been suggested. I think we had better stick to this world and find out something about it before we call up our neighbors. They might make us ashamed of ourselves."

One mile—L. Coleman, W. Riley, H. Belyea, M. Bell, E. Ingraham.

The entries close tomorrow evening.

Bowling

In the City League games on Black's bowling alley, Saturday night, the score was as follows:

Table with columns: Name, Total, Average. Includes names like Lunnery, McKiel, A. Bailey, F. Bailey.

The Interscholastic League games this week are tonight—St. John the Baptist vs. A. O. H.; Tuesday—L. and B. vs. A. O. H.; Thursday—C. M. B. A. vs. St. Joseph's.

If the change from Wednesday to Thursday in the C. M. B. A. St. Joseph's game is not satisfactory, the captains of the two teams are requested to meet and endeavor to come to some satisfactory understanding.

The weekly roll off at candlepins is the attraction at Black's Alleys this evening.

The opening games in the Independent Basketball League will be played in the Algouquin Club room tonight. The first game will be between the Algouquin and Exmouth Street Y. M. A., and the St. Andrew's and Portlands will clash in the second game.

The customs house curling team went to Hampton on Saturday and were defeated by a score of 33 to 26. The game was very interesting and the St. John men had a good time. The same team will probably go to Hampton next Saturday for another game. They are now all members of the Hampton curling club.

The Bank of New Brunswick defeated the Royal Bank of Canada at Hockey in the Queen's rink Saturday night, by a score of 4 to 2. The game was a fast one, Ralph Parker was referee.

The Thistle Club has received notification that the club has been affiliated with the Royal Canadian Curling Club of Scotland. The local club will now be entitled to send a full rink to Scotland with any Canadian team, and as a matter of right will be entitled to a match with any Scotch team that comes to Canada.

In the basketball series in the Y. M. C. A. on Saturday, Harvard defeated Yale 10 to 6. Yale and Oxford are tie for first place. In class B the Athletians won from the Egyptians 16 to 2. A meeting of the Y. M. C. A. Harriers will be held this evening. A special meeting of the Harriers and other Y. M. C. A. members interested in hockey will be held tomorrow evening.

Los Angeles, Cal., Jan. 10.—Barney Oldfield, driving his Benz racer over the Ascoo Park track, broke the world's circular track records for 2, 3, 4 and 5 miles. His time for the five miles was 4:24 1/5. The previous record of 4:26 was held by Ralph de Palma.

KILLED ON SPOT

WHERE UNCLE MET A VIOLENT DEATH. Boy's Life Lost in Coasting Accident—Fifteen Others Hurt in Another Collision.

Pawtucket, R. I., Jan. 10.—Wilfred Barabec, 12-year-old son of Louis Barabec of Berkeley, a village five miles from here, lost his life in a peculiar coasting accident here yesterday. While the boy was in full career down a steep hill, the hat of a passerby blew off and across the course of the speeding lad. While trying to catch the head-piece the boy lost control of his sled and dashed into a tree, dying almost instantly.

Less than a month ago, Joseph Miner,

an uncle of the boy, was killed by a train within a few rods of the same spot.

Alton, Ill., Jan. 10.—Fifteen persons were hurt, six seriously, in two coasting accidents here yesterday.

A ball-sled, carrying eight persons collided with an ambulance en route to the home of a suicide and the horses fell on the sled. James Coleman, fifteen years old was scalped and every other passenger suffered minor injuries. Another sled on the hill collided with an automobile with disastrous results.

Horse Distemper

Prince Edward Farmer Solemnly Declares Nerviline is a Specific.

"After fifty years' experience in raising horses I can safely testify that no remedy gives such good results for an all-round stable linctus as Nerviline." Thus opens the very earnest letter of J. J. Pryanston, who lives near Wellington, P. E. I. "I had a very valuable horse that took distemper a month ago, and was afraid I was going to lose him. His throat swelled and hard lumps developed. His nostrils ran and he had a terrible cough. I tried different remedies, but was unable to relieve my horse of his pain and suffering till I started to use Nerviline. I mixed a bottle of Nerviline and sweet oil and rubbed the mixture on the throat and chest three times a day and you would scarcely believe the way that horse picked up. Nerviline cured him. I also have used Nerviline for colic in horses and cows, and earnestly recommend it to every man that is raising stock."

For strains, sprains, swellings, colic-distemper, coughs and colds, no liniment will prove so efficacious in the stable as "Nerviline"—it's good for man or beast, for internal or external use. Whenever there is pain, Nerviline will cure it. Release substitutes. Large bottles 50c., trial size 25c., at all druggists, or The Canadian Horse Co., Kingston, Ont.

Nerviline Cures Quickly

Boy's Life Lost in Coasting Accident—Fifteen Others Hurt in Another Collision

Pawtucket, R. I., Jan. 10.—Wilfred Barabec, 12-year-old son of Louis Barabec of Berkeley, a village five miles from here, lost his life in a peculiar coasting accident here yesterday. While the boy was in full career down a steep hill, the hat of a passerby blew off and across the course of the speeding lad. Special meeting of Thistle Curling Club in the club rooms at 7.30. Young People's Association of St. David's church, historical evening in the school room.

LOCAL NEWS

West India steamer Orno, Captain Bale, left this port Saturday night for Halifax and the West Indies. A special meeting of the members of the Thistle Curling Club is called for this evening at 7.30 in the club rooms. Charles Cahill has been reported by the police for throwing snowballs in a public street. C. P. R. steamship Mount Temple, now on the way to London from St. John, took away 85,500 bushels of wheat and a large shipment of flour.

The new Canning, (N. S.) schooner, A. B. Barreux, which put into this port last Saturday from Hantsport for Havens with 9000 barrels of potatoes, cleared today for her port of destination.

Arrangements have just been completed for a lecture to be delivered in the Temple building, Main street, on Tuesday evening, January 25, by Rev. David Hutchinson, on his trip to the British Isles and return. As this lecture will be illustrated by stereoscopic views and as the ability of the orator in question is well known to the St. John public, a treat is in store for those who attend.

Hearing was continued in the county court, this morning before Judge Forbes in the case of Hamilton vs. Whittier. The session was occupied principally with the taking of the evidence of A. W. Gay, who was examined by S. B. Bustin. A. A. Wilson appeared for the plaintiff, A. E. Hamilton, and G. H. V. Belyea for the defendant. Hearing was adjourned until 2.30 this afternoon.

Regarding the stealing of the \$5 bill, as reported elsewhere in this paper, from the young son of Mrs. Mary McLaughlin, proprietress of the restaurant in Market square, she desires to state that it was not stolen by her son. She said he would have had ample opportunity to have taken it before this time, as he had full recourse to the till at all times. Mrs. McLaughlin also stated that she was suspicious of a man who was in the restaurant at the time, and who followed the youngster outside. The man was a Scotchman, she said, and the police could learn of him from a man who was in the shop at the time and who recognized him.

ST. JOHN SOCIALISTS

At a meeting yesterday afternoon in McLean's building, Union street, a local branch of the Socialist party of Canada was formed. The following officers were elected:-- Temporary chairman, J. W. Eastwood. Vice chairman, B. Bodnar. Financial secretary, M. Deskin. Treasurer, H. Jacobson. Recording secretary, E. Taylor. Corresponding secretary, J. W. Eastwood. Meetings will be held on the first and third Monday in each month. At the next meeting Mr. Taylor will give an address. At the close of the meeting an interesting discussion took place on the part that socialism will play in the future of the dominion.

\$25.00 For The Best Suggestion To Boost St. John

A movement is afoot to boost St. John. How can it best be done? For the best suggestion, told in not more than 100 words, The Times and Telegraph will pay \$25.00. The contest will close on January 31. Try to suggest something practical. The award will be made by independent judges. Address 'Suggestion,' Box 14, The Times, St. John.

WINDING UP PHILLIPS & WHITE COMPANY, LTD.

Judge McLeod Has Matter Before Him--The Affairs of The White Catering Co., Ltd

In the matter of winding up the Phillips & White Candy Co., Ltd., who have carried on confectionery manufacturing business in Dock street for the past two years, an application was made before Judge McLeod in supreme court chambers this morning by James H. White, Ltd., for a winding up order to have them placed in liquidation.

The affairs of the White Catering Company, Ltd., are somewhat involved and several meetings of the directors of the concern have been held lately to consider the affairs, but beyond straightening matters, Frank White, manager of the company, has resigned his position and a new manager is being advertised for.

Up to the present the only action taken by the company has been the filing of a bill of sale for \$3,000 with C. P. Barreux as trustee, to cover an overdraft at the bank, which has been standing since the formation of the company.

Mr. White would make no statement this morning beyond saying that he had resigned his position as manager, and did not care to discuss the matter.

J. Fraser Gregory, president of the company, also declined to make a statement.

From H. J. Smith, solicitor for the company, it was learned that several meetings of the directors had been lately to consider the affairs, but beyond the filing of the bill of sale, he said nothing had been done. A statement of the company's financial condition was being prepared and would be submitted to all interested parties this week.

Regarding Mr. White's retirement from the management, he said he had voluntarily resigned, so that the directors would feel free to act. He still, however, retains the largest interest in the business. The difficulties have arisen altogether over the amusement features at the parks, the confectionery store and restaurant having been successful, but not enough to make up the deficit. As to future plans nothing has yet been decided. Several applications for the position of manager have been received, but no action taken.

Speaking of the suit pending between the White Candy Co. and the White Catering Co., Thos. F. White, president of the former, said today that the amount of the claim his company had against the catering company was \$1,000. Half of this amount was overdue and writs had been issued for that amount. The remainder was paper maintaining the principle at stake was the suits as put forward by the Ganong Company of St. Stephen in their suit against the Phillips & White Company, namely as to whether a bill of sale held by the directors should have priority claim to anything else.

Mr. White said that if he had known in March last that there was this bill of sale he would have refrained from selling goods to the company.

His brother, Frank White, was, Mr. White said, forced out of the catering company with a consideration of \$200. He held two-thirds of the stock, but a \$8,000 note was used as a club against him, said the president of the White Candy Company. Mr. White did not accept 30 cents on the dollar, he added as I would rather that the other 70 cents was paid in fighting the bill so that we will know whether their action is legal or not.

THE DONALDSONS' CARE FOR BODIES OF HESTIA VICTIMS

The following letter has been received by The Robert Reford Co., agents of the Donaldson Line:

Shipping Office, 4th January, 1910. Messrs. Robert Reford & Co., Ltd., St. John, N. B. Gentlemen--It has been my purpose for some time to express to you as agents of the Donaldson line, my appreciation of the noble and generous manner in which you have dealt in burying the bodies of the unfortunate crew and passengers of wrecked S. S. Hestia, who were cast up on your shore.

I thought it advisable before referring to the creditable manner in which you have acted, to await the time when we could feel assured that no more bodies would be found, which time I now think has arrived.

In viewing this matter, I note that you have not taken advantage of your right in such cases of a \$10 burial in the marine burying plot situated on the island near the marine hospital, but have elected to provide for a burial in our cemetery, of all the bodies found, and erecting tablets to their memory, at a much larger expense, and have also purchased a lot for the officers of the ship, and I am informed provided for perpetual care of said lot, as well as erecting a suitable monument to the memory of the deceased.

To my mind, this generous act on the part of the Donaldson line, will live long in the memory of the citizens of Yarmouth, and not only so but the tidings have gone abroad and is voiced in words of appreciation in Canada and Scotland. This kindly act to the sacred dead of the friends who survive, will have its effect and will add to the popularity of the Donaldson line.

I am, truly yours, H. L. TREFRY, Shipping Master.

William Nugent, one of the most popular members of the Y. M. A. of St. Peter's, left last week for New York, where he will study to become a brother of the Redeptorist order. The college in which he will be a student is situated a few miles up the Hudson, from New York. The news of his going away came as a surprise to a great number of his friends. All wish him every success.

The annual meeting of the New Brunswick Board of Fire Underwriters was held in their rooms, Canterbury street, this morning. H. B. Robinson was re-elected president and Peter Clinch secretary. The annual report of the president was brief, being made verbally. Business of a routine nature was transacted.

OAK HALL'S

Annual Mid-Winter Sale of Men's and Boys' Clothing and Furnishings

Starts Saturday Morning Jan. 15th.

The announcement is welcome news to men who know our clothes and ways. It can hardly mean as much to others. Advertised 'reduction sales' are so common these days. But it is a mistaken idea to suppose that all reduction sales are alike. 'Sales' are not alike because business houses are not alike. Business houses are not alike because men are not alike.

Give two men the same materials--wood, stone, iron, cloth, paint or what not. One turns out a thing of beauty; the other a botch. Cloth comes to us as to others. But it goes to our patrons in suits and overcoats, plus our ideas and designing, our workmanship and finish, our individuality, and style.

This--coupled with the fact that as manufacturers we sell to you direct--is why our clothes have the preference of discriminating men. Now the time has come to let go--and the same excellence, the same strong value, is it to be yours at a big price discount! Everything you may need in clothing or furnishings for yourself or boy is to be reduced--our entire stock.

See papers tomorrow and following days for details.
