ARREST OF KERENSKY REPORTED BUT NEWS IS NOT CONFIRMED

Germans Say Russian Army on North Front Has Joined Maximalists and is Marching on Capital—Some Opinions on Situation

Amsterdam, Nov. 9.—The Rheinische Westfälisch Zeitung, of Essen, Germany, publishes a Stockholm despatch saying that Premier Kerensky has been arrested.

London, Nov. 9.—A telegram reaching Amsterdam from a German source and forwarded by the Central News, says the Russian army on the northern front has joined the Maximalists and is marching on Petrograd.

Statement by Lenin

London, Nov. 9.—Several transports from Kronstadt arrived in Petrograd on Wednesday carrying the provisional government, says a despatch to the Daily News from Petrograd. The correspondent gives the following account from Nicolai Lenin's address to the council of workmen's and soldiers' delegates on Wednesday.

"The second revolution has been accomplished. We shall offer a peace acceptable to the proletariat of all countries, publish all secret treaties, take over all land and establish the control of workmen over industry. The council will be the accomplishment of the third social revolution."

London Opinion.—"That the Russian coup d'état was engineered and subsidized by Germany for the purpose of eliminating Russia from among her enemies is the virtually unanimous opinion expressed in newspaper editorial comment. A despondent view of the outlook is taken by some commentators, while others say that the triumph of the Maximalists is probably a passing phase and refuse to believe that Russia will agree to a separate peace."

The Times partly blames the Kerensky government for tolerating anarchy. Before the Blow Fell

Petrograd, Wednesday, Nov. 7. (Delayed).—The preliminary parliament today adopted the following resolution in response to a request from Premier Kerensky for a vote of confidence.

"First—The armed demonstrations which have been in preparation for several days, and which aim at taking over all the power, threaten civil war, will create advantageous conditions for the programme of the movement, including mobilization of the Black Hundred and the culling of the Constituent Assembly, and will cause a military catastrophe, the ruin of the revolution, the annihilation of economic life and the absolute destruction of the country."

"Second—The soil for the success of such agitation has been prepared by the postponement of the carrying out of the absolutely necessary measures and, therefore, it is first of all necessary to publish statements regarding the handing over of the land to the land committee and to take an open stand on a foreign policy in order to fight the active signs of anarchy. It is necessary immediately to take measures, and to liquidate them, which will consist in forming in Petrograd of a committee of public safety from the representative organizations of the revolutionary democracy, who shall act in conjunction with the provisional government."

Trial of Korniloff

Petrograd, Nov. 9.—The military revolutionary committee has decided on the arrest and imprisonment them in the fortress of St. Peter and St. Paul. They will be brought to trial before a military revolutionary tribunal.

Rebellion

New York, Nov. 9.—The Russkoye Slovo, a daily in New York city, publishes an editorial article signed by its editor, Leo Pasvolzky, in which he says: "The Bolsheviki calls this a coup d'état, a revolution. But it is neither one nor the other. It is a rebellion, pure and simple. It is a revolt against the legally established government, recognized by the Russian people. It is a rebellion against the Russian people, and Russia will regard the actions of Trotsky and his companions as a rebellion and as high treason."

"Russia will not follow the mad Petrograd. It is impossible that the Russian giant should not awaken from its terrible sleep, should not cast away from its eyes that bloody curtain which blinds its vision and darkens its mind. The Bolsheviki government in Petrograd will re-enact the bloody Paris commune. But this commune of our days will be shattered to splinters by cannon and machine guns. The rebellion will be crushed, and then the country will again come out upon the road that leads to the constituent assembly."

Kerensky Held Them Up

Petrograd, Nov. 9.—At a meeting of the congress of soldiers' and workmen's delegates last night a member of the revolutionary military committee said on Wednesday Premier Kerensky had Gatchina, 23 miles from Petrograd, addressed 6,000 soldiers and ordered them to proceed from the front to Petrograd. After a conference the soldiers decided not to proceed for the time to Petrograd.

Ambassador Hopeful

Paris, Nov. 9.—"Those who thought the Russian revolution had been finished, made a mistake," said M. Makoff, Russian ambassador, in an interview which appears in the Petit Parisien, "alas, now the blood of the people will flow again in the streets of Petrograd."

"But however that may be the ad-

vent of the Maximalists to power can be only a momentary success. In my opinion is the supreme effort of the Maximalists. This desperate attempt, this daring stroke, can be only the signal for their downfall, and organization of the revolution in a national and patriotic sense which is bound to secure victory against enemies within and without.

"Russia, as a whole, is about to rally around a national government and form it a rampart of flesh and blood. A radical surgical operation was perhaps necessary, after the misunderstanding caused by General Korniloff's move, in order to assure the salvation of immortal Russia."

Appeal to Army.

Petrograd, Nov. 9.—The congress of soldiers' and workmen's delegates today appealed to the Russian army to stand firm and to protect the revolution against imperialistic attempts until the new government had obtained a democratic peace.

The Women's Battalion.

Petrograd, Nov. 9.—The women's battalion which was among the defenders of the Winter Palace, surrendered yesterday before the battle began.

Ex-Ministers in Prison.

Petrograd, Nov. 9.—It is confirmed that the former ministers of the provisional government who were arrested by the military revolutionary committee have been incarcerated in the fortress of St. Peter and St. Paul.

The cabinet ministers placed under arrest were Minister of Trade and Industry, Komoroff; Minister of Public Welfare, Kishkin; Minister of Foreign Affairs, Terestchenko; Minister of Justice, Malynovitch and Minister of the Interior, Nishkin.

The confirmation was given by the commissioner in command of the fortress, who received the Associated Press correspondent and personally explained to him the details regarding the confinement of the ministers.

The cabinet members, he said, were all arrested at the Winter Palace after they had surrendered to the military revolutionary committee, where they were placed in solitary confinement, but were courteously treated. He gave the list of those taken into custody, in addition, Chief of Staff Bagratuni and many of his subordinates were arrested. The commissioner said he did not know the whereabouts of Premier Kerensky, who had "run away."

It is impossible at this hour to ascertain what the casualties were in the Winter Palace battle, although they are reported to have been many. The fighting proceeded with the rival forces earnestly in possession of a huge pile of wood stored in the plaza, a part of the city's winter fuel supply. The glare of an acridly illuminated positions of the forces in the plaza, while the rest of the city was in almost total darkness, this condition increasing the visibility of the flares from the guns of the cruisers on the position, which gave warning of the speedy burning of shells.

The palace, which already had been stripped of most of its historic art objects, today completely denuded of its tapestries and paintings. This was while the provisional government was still in control of the palace. The fighting proceeded with the rival forces earnestly in possession of a huge pile of wood stored in the plaza, a part of the city's winter fuel supply. The glare of an acridly illuminated positions of the forces in the plaza, while the rest of the city was in almost total darkness, this condition increasing the visibility of the flares from the guns of the cruisers on the position, which gave warning of the speedy burning of shells.

PLANNING BIG DEMONSTRATION FOR SIR WILFRID

Opening of His Campaign Tonight in Quebec

CAUGHT IN CRUSH LAST NIGHT

Had to be Taken Out of Depot by Side Door—The Speeches Tonight—Stormy Time Over Soldier Candidate—Other Political News

Quebec, Nov. 9.—Friends of Sir Wilfrid Laurier prepared today to give the opening of his campaign tonight in Quebec.

The vacant staff positions of Military District No. 7 are gradually being filled up. Word was received at local headquarters this morning that Captain E. R. Blanchard would arrive in the city tomorrow morning and take over the position of commanding Royal Canadian Engineers of No. 7. Captain Blanchard, although not an overseas man, has had considerable experience along engineering lines. He was camp engineer at Valcartier this summer and last, and filled the position with success. At present he is attached to the engineer depot at St. John's, Quebec. He is a native of Truro, N. S.

Major Van Tapp, who has been looking after engineering activities in Military District No. 6, is in the city and will be in command of the depot at St. John's, Quebec, so far as New Brunswick is concerned will be tomorrow.

Blondin Commander of Legion of Honor

London, Nov. 9.—Col. P. E. Blondin, Canadian postmaster-general, was yesterday invested as commander of the legion of honor, Legion of Honor, by the French government.

FRATERNAL ORGANIZATION FOUNDED IN WATERLOO STREET BAPTIST CHURCH

A gathering of the men of Waterloo street Baptist church was held last evening at the home of the pastor, Rev. F. L. Westwood, for the purpose of forming a fraternal organization.

A delightful evening was spent in discussion and fellowship. It was decided to organize a fraternal organization, and the name of the organization to be the Waterloo Street United Baptist Church Men's Fraternal Association.

The meeting will take place twice a month at the homes of the various members in turn. The objects of the organization are to promote the interests of the church and to foster a closer and more active co-operation in the work of the church. Plans will be made at the next meeting.

It is hoped from time to time to get outside speakers who will interest the men in activities beyond the walls of the church. The following officers were elected: President, Harmon Hoyt; vice-president, W. Kierulff; secretary, R. Robinson; treasurer, R. Mawhinney; additional members, M. Galley, John Mott and E. Th. Duval.

MEANS ADDING SEVEN MILLION DOLLARS TO REVENUES OF RAILROADS

Washington, Nov. 9.—Seven million dollars more in railroad revenue is contemplated in proposed increases in rates on grain and its products at the Central Freight Association territory, on which a hearing was conducted today by Examiner Disque of the interstate commerce commission.

The case is part of the fifteen per cent. freight rate increase which the commission is considering and which will be re-shipping rates on domestic and export grain from Chicago, Mississippi and other points to eastern cities, including all North Atlantic ports.

FROM SOUTH AUSTRALIA TO TAKE PART IN THE CAMPAIGN IN CANADA

New York, Nov. 9.—An Associated Press cable despatch from Sydney, N. S. W., dated Thursday, November 8, says: Crawford Vaughan, former premier of South Australia, has been selected for the United States to take part in the campaign in Canada.

PROGRESSIVE IS MADE THE VICE-CHANCELLOR

Amsterdam, Nov. 9.—Friedrich von Payer, a progressive leader, has been designated as German vice-chancellor, according to a semi-official telegram from Berlin. It adds that the appointment of Herr Friedberg, leader of the National Liberals, as vice-president of the Finance ministry, is considered probable.

NOW DOUBTFUL OVER THE VOTE IN OHIO

Cincinnati, Ohio, Nov. 9.—The wet and dry campaign in Ohio early today remained virtually unchanged, with the state in doubt as to whether prohibition had carried or not in the election of last Tuesday.

Alaska Railway Service.

Seattle, Wash., Nov. 9.—Before the end of next season the first regular train service over the coast end of the Alaska government railway will be established, according to a statement by Chairman Edes, of the Alaska railroad commission, who is here.

BELGIAN A SPY

Convicted in London and Sent To Penal Servitude For Life

London, Nov. 9.—Official announcement of the conviction of a Belgian as a spy was made today as follows: "A Belgian subject was tried by the general court martial in London on Sept. 24 and 25, on the charge that he had come to the United Kingdom with the intent to commit acts of espionage on behalf of the enemy. He was found guilty and sentenced to death. The sentence was duly confirmed, and subsequently was commuted to penal servitude for life."

LEAVE GILLIS BUILDING

Canadian Fairbanks-Morse Co. Ltd. Secure Larger Quarters

The rapid growth of their business has made it necessary for the local branch of the Canadian Fairbanks-Morse Co. Ltd., to secure premises that will give them even more room than the large building in Prince William street that they now occupy.

In order to meet this need the growth of the conditions which have made the change imperative, K. N. Forbes, the local manager, said today that the growth of their business was due very largely to the steady industrial expansion which has been taking place in the province in spite of war conditions and partly on account of them. The erection of new manufacturing plants and the enlargement of existing industries had been responsible for a great increase in the demand for many of the lines they make or sell. The growth of their own business was thus a result of the general prosperity of the province.

The new premises will have a frontage of thirty-five feet on Prince William street, and extend through to Water street. Contractors already are at work preparing the building for their needs, and when they are through the company will have most modern arranged and equipped offices, salesrooms and storage facilities. On the Prince William street floor the space will be devoted to show-rooms and city sales-rooms. On the next floor the offices will be located. The top floors will be used for the storage of stock. On the Water street front an entrance will be used for receiving goods, and the other doorway will be devoted to shipping.

One of the comparatively new departments of the business, that of automobile accessories, will receive special attention in the new building.

WHOLE TURK ARMY IN PALESTINE IS ON RUN; BRITISH ARE HOTLY PURSUING

London, Nov. 9.—The entire Turkish army in Palestine is retreating towards the north. British airplanes are following the retreating Turks and bombing them. Forty Turkish guns were captured, says the British official statement announcing the Ottoman retreat.

British and French naval forces are co-operating against the Turkish communications along the Mediterranean coast.

LEFT MANY DESCENDANTS

The death of Mrs. James Capton occurred on Nov. 8 at the home of her daughter, Mrs. Thomas Snodgrass, Milford, N. B. She had been in failing health for the last year and bore her suffering with great patience and fortitude. She leaves behind her two daughters and four sons; also thirty-three grandchildren and forty-six great-grandchildren. The daughters are: Mrs. J. James Manning and John Keefe, one son, Mrs. J. Snodgrass of Milford. The sons are: John of Passakeag, James of Milford, William of Norton and Wilfred of Titusville.

Mrs. Capton was eighty-four years of age, and was born in Antrim, Ireland, but came to this country when quite young. Prior to the last four years, she resided in Kings county. The death of the aged and respected woman marks the passing of a generation. The burial service will take place on Saturday at the home of her son, Wilfred, of Titusville.

ATTENDED INAUGURATION

John Kerr returned today from Fredericton, where he was present at the inauguration of the lieutenant-governor. Mr. Kerr has been a life-long friend and ardent follower of Hon. Mr. Pugsley and made the trip to Fredericton to witness his inauguration.

MRS. ANNIE McGRATHAN DEAD

Mrs. Annie McGrath, widow of Henry McGrath, who at one time was prominent in the granite cutting industry, died this morning at her home in St. George after a brief illness. She is survived by two daughters, Mrs. Joseph Murray of this city, and Miss Bessie, at home, and five sons, John, Edward, Louis and Charles of St. George and Leo of Sydney. The funeral will be held from her late residence in St. George on Monday.

SPRUCE LAKE REPAIRS

A diver is at work at the water supply intake at Spruce Lake this afternoon investigating the damage to the gatehouse. If it is found possible, the service will be continued through one gateway while repairs are being made to the other. Several days' work will be necessary and, if it is found necessary at any stage of the work to shut off the water supply, this will be done on Sunday when the least inconvenience will be caused.

HOW ARRAS HAS SUFFERED IN WAR

Arras, France, Nov. 9.—Only 229 buildings of a former total of 4,221 remain intact in Arras. During two and a half years of more or less continuous bombardment, 4,002 buildings were destroyed, and 1,986 were beyond repair.

THEY PUT HIM IN A-2

Winnipeg Lawyer Was Believed To Have Faked in Eye Test

Winnipeg, Nov. 9.—It is learned that a special board appointed to examine a well known Winnipeg lawyer, believed to have faked his eyesight at one of the four boards he appeared before, has graded the barrister "A-2." This means that he is fit for the infantry service.

ANOTHER APPOINTMENT TO DISTRICT NO. 7

The vacant staff positions of Military District No. 7 are gradually being filled up. Word was received at local headquarters this morning that Captain E. R. Blanchard would arrive in the city tomorrow morning and take over the position of commanding Royal Canadian Engineers of No. 7. Captain Blanchard, although not an overseas man, has had considerable experience along engineering lines. He was camp engineer at Valcartier this summer and last, and filled the position with success. At present he is attached to the engineer depot at St. John's, Quebec. He is a native of Truro, N. S.

Major Van Tapp, who has been looking after engineering activities in Military District No. 6, is in the city and will be in command of the depot at St. John's, Quebec, so far as New Brunswick is concerned will be tomorrow.

BLONDIN COMMANDER OF LEGION OF HONOR

London, Nov. 9.—Col. P. E. Blondin, Canadian postmaster-general, was yesterday invested as commander of the legion of honor, Legion of Honor, by the French government.

HOW ARRAS HAS SUFFERED IN WAR

Arras, France, Nov. 9.—Only 229 buildings of a former total of 4,221 remain intact in Arras. During two and a half years of more or less continuous bombardment, 4,002 buildings were destroyed, and 1,986 were beyond repair.

BRITISH AND FRENCH TROOPS OFF TO ITALIAN FRONT

Announcement From Cadorna's Headquarters—Enemy Announces Further Advance—Successful Raids on Hun's Lines in West

Italian Military Zone, Nov. 8.—Both British and French troops are going toward the front.

The Livorno Crossed.

Berlin, Nov. 9.—(British Admiralty, per Wireless Press)—The Austro-German forces in Northern Italy, overcoming the resistance of the Italian rear guards are advancing toward the Piava river. The war office announces that the Livorno river has been crossed.

On West Front.

London, Nov. 9.—An official statement issued today by the British war office regarding military operations in France and Belgium says: "We made a successful raid last night on the eastern front. The military measures were of special interest to report."

Paris, Nov. 9.—"We carried out with success last night surprise attack in the Argonne and on the left bank of the Meuse, in the region of Avocourt Wood, and brought back prisoners," says today's official announcement. "The Germans made two attacks after violent bombardment, one of our positions at Chauva Wood, the other in Lorraine, in the region of Arracourt. These assaults were repulsed. The enemy suffered serious losses and left prisoners in our hands."

"In Upper Alsace one of our detachments entered the German trenches northwest of Bieslin in the region of Sepois. After exploring the positions, destroying shelters and capturing material, all our men returned to their lines."

The French and British representatives who have come to Italy had a conference of two hours today with King Victor Emmanuel. The military measures called for by the political situation were discussed in active and cordial collaboration. On leaving the king the party visited French and British troops going toward the front.

WHOLE TURK ARMY IN PALESTINE IS ON RUN; BRITISH ARE HOTLY PURSUING

London, Nov. 9.—The entire Turkish army in Palestine is retreating towards the north. British airplanes are following the retreating Turks and bombing them. Forty Turkish guns were captured, says the British official statement announcing the Ottoman retreat.

British and French naval forces are co-operating against the Turkish communications along the Mediterranean coast.

LESS LUMBER THROUGH BOOM THAN USUAL

The Douglas Closed—Late River Season is Fredericton Prediction

Federicton, N. B., Nov. 9.—Rafting operations of the St. John River Log Driving Co. were completed yesterday when the Douglas boom was closed for the season. The crews now are engaged in storing the plant for the winter. No definite statement of the quantity of lumber reported, but it is believed to be in the neighborhood of forty million feet. This is less than last year and very much less than the total of the average season's rafting of a few years ago, when 140,000,000 feet went through the boom.

The St. John river is at high level on account of the heavy rains of the last few weeks. Ice will not form until there is a fall in the water and on that account a late season of navigation is expected.

It is not known how large the cut of lumber on the St. John river will be during the coming winter. Labor problems must be solved before the cut can be made as large as it was last winter.

SMALLPOX CASES IN PROVINCE NOW 21

All Public Gatherings in Infected Districts Have Been Prohibited

Federicton, N. B., Nov. 9.—There are now twenty-one cases of smallpox in the province. Since last night no new cases have been reported, but this cannot be taken as indicating that there has been any change for the better. The Provincial Board of Health has forbidden all public gatherings in the district in which smallpox exists. Churches, schools and all places of amusement have been ordered closed and even war loan meetings have been cancelled. It is also probable that all other gatherings of a public nature will be prohibited. The possibility of gatherings connected with the approaching federal election being called off the province is awkward.

FORD PLANT FOR WAR WORK

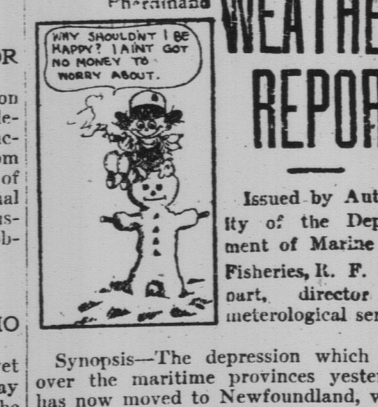

Detroit Factory to be Used—Washington Will Not Recognize New Russian Revolutionists

(J. M. Robinson & Sons, private wire telegram) New York, Nov. 9.—Ford Motor Co. at Detroit to be devoted to war work. Berlin claims capture of 17,000 more Italians and eighty guns. Henry P. Davis, of Morgan Co., believes Detroit revolt will not overthrow purpose of Russian people and that great mass of Russians will remain loyal to the allies' cause.

Wets now leading in Ohio by 6,643 on face of returns. New Russian revolutionists will not be recognized by Washington and supplies will be withheld from them until stable authority is established.

HOW ARRAS HAS SUFFERED IN WAR

Arras, France, Nov. 9.—Only 229 buildings of a former total of 4,221 remain intact in Arras. During two and a half years of more or less continuous bombardment, 4,002 buildings were destroyed, and 1,986 were beyond repair.

Weather Report

Issued by Authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service.

Synopsis—The depression which was over the maritime provinces yesterday has now moved to Newfoundland, and the interior of the continent. Fine weather now prevails throughout the Dominion.

Lower Lakes and Georgian Bay—Light to moderate winds, fine today and on Saturday.

Ottawa Valley and Upper St. Lawrence—Fine and comparatively mild today and on Saturday.

Lower St. Lawrence, Gulf and North Shore—Fresh westerly winds, fine today and on Saturday, not much change in temperature.

Fair and Cool.

Good Things Coming to Theatres of St. John

IMPERIAL RESUMES WITH A BIG SHOW

Madame Petrova, the New Serial and Good Comedy—New Vaudeville Starts Tomorrow Matinee

After the run of "The Boat," the Imperial resumes a picture policy today with the famous Poland star Olga Petrova in George Broadhurst's powerful, emotional play "The Law of the Land."

The second chapter of the new Vitaphone serial story, "The Fighting Trail," will relate the story of Thara, the kindly old mine keeper—supposed to be the heroine's father—who was mortally wounded at the opening of the mine.

On Saturday afternoon the new vaudeville acts will appear. They are Russ, LeVan & Sully, in novelty athletic creation occupying full stage; the Herbert Sisters, known as "Those Jolly English Girls," who sing and dance lightly, and Jones & Greenlee, in smart conversational and singing performance.

The Herbert sisters, who are traveling with their mothers, are well known to the English stage. Their father and three brothers are in the British army, the father being at the present time in a hospital back from Flanders to the home-land.

Opera House Tonight: NEW BILL TOMORROW. Lovers of good dancing should not miss the last chance tonight to see Rowley and Alton, those classy dancers at the Opera House, and everybody, young and old, should certainly see "The Five Old Veterans Boys in Blue" before they leave the city tonight, for Halifax. There are three other good vaudeville novelties on the programme and the sixth chapter of the gripping Canadian Northwest Mounted Police serial drama, making a complete show, and a splendid entertainment.

The change in programme, opening tomorrow afternoon, promises to be up to the usual Opera House high standard, with the Filyama Royal Japanese Troupe of four clever artists from the Land of Nippon as the principal feature, supported by Marjorie and Gertie, who are dancing and singing in modern methods of war surgery, Sir Berkeley Moyalhan, senior consulting surgeon of the British army, told 2,000 physicians this at a dinner given in his honor here last night by the New York state committee of the Council on National Defense. He said the Allies look to America to bring the war to an end far more speedily than if they had been left to themselves.

"Germany is stronger today than ever before," Sir Berkeley Moyalhan said. "She says she can put in the field from one million to one million five hundred thousand fresh men every year. She is ruthless and implacable, and most efficiently organized. Germany is going strong. She will not be conquered from within; she must be conquered from without, by you and us."

"America must prepare herself for a war that is long and arduous."

Mr. Powell as Candidate? Discussion of the matter of candidates seems to indicate H. A. Powell, K.C., as the possible choice of the Conservative convention for the union ticket. Mr. Powell represented Westmorland in the House of Commons at one time, taking the seat at a by-election in 1906 and being returned in 1908. Since his removal to St. John he has been prominent in the ranks of his party and contested the city of St. John in 1911. He is a member of the International Waterways Commission.

In Liberal circles the indications do not seem to point conclusively to any one of the several possible candidates who have been mentioned, and there is considerable talk of a compromise candidate on whom the various elements of the party could unite.

SMALLPOX IN MAINE. Gardiner, Me., Nov. 9.—Because of an outbreak of smallpox, schools, churches and all places of amusement in this city have been closed temporarily. There are between seventy-five and 100 cases, but they are of a mild type. Vaccination is general. At Fort Fairfield, near the Canadian border, twenty-one cases have been reported.

On Sunday at Point de Bute, John Robinson died at the age of 83. He is survived by one daughter, Mrs. Fred Gay of Vancouver, and one son, Fred at home. The grand children are Vera Robinson, of Seckville and Johnson Robinson of Point de Bute. The brothers Trenholm of Amherst Head, Edward, of St. John and Alex. of Port Elgin; the sisters, Mrs. William Doyle of Point de Bute and Mrs. Owen Clark of Jolicure.

Mrs. A. H. Fryers, Moncton, has received word that her brother, John Kendrick, had died in Edmonton. He is survived by his wife and two sons, Norman and Raymond and also by two sisters, Mrs. A. H. Fryers, Moncton, and Mrs. Marks of Grand Bay, Kings County. His wife was formerly Miss McQuade of Irishstown.

Engagement Announced. Mrs. Annie L. Baxter of Fredericton announces the engagement of her daughter, Miss Helen V. to George Webster Reid of Fort Fairfield, Me., the wedding to take place the latter part of November.

McGrattan. At her late residence, St. George, N. B., on the 9th inst., Mrs. Anne, widow of the late Henry McGrattan, leaving two daughters and five sons to be placed on Monday.

JOAN THE WOMAN AT LYRIC

Mon., Tues. and Wed. Will Mark An Epoch in Local Film History

Joan the Woman, claimed to be one of the most wonderful photodramas of the age, in which Geraldine Farrar is seen as the Immortal Joan of Arc, begins an engagement of three days at the Lyric Theatre next Monday, Tuesday and Wednesday. The dramatic reviews, unstinting in their praise of the story by Jeanne McPherson, C. De-Mille's masterly direction, the wonderfully artistic acting of Geraldine Farrar, the star, the magnificent support of her accompanying organization of artists, the grandeur of the spectacle and the marvelous photography, have announced this photodrama as one of the greatest achievements of the screen.

It is so spectacular that one watches the story unfold itself with awe and wonder. Its merits cannot be judged by mere advance notice of its coming. This attraction will be shown three times each day, one in the afternoon at two-thirty and twice in the evening at seven and eight forty-five. There will be no advance sale of tickets. The price scale has been arranged to suit the pocket-books of all, so that none will miss seeing this magnificent subject. The matinee tickets will be children ten cents and adults twenty-five. Evening performances, fifteen and twenty-five cents. In other cities and towns from fifty cents to \$2 was charged for this production.

BIG TIME AT THE GEM TONIGHT AND TOMORROW

The Gem tonight at 7.15 and 8.45 will close its present rich programme—that gripping lumber camp light picture, the ventriloquist and the sprightly vaudeville team. It's a great show. Better come tonight. For tomorrow afternoon and night comes Wm. Parson, hero of the screen, in "The Price of Silence"; also Jim Murray, a natty comedian and The Delmar Trio, men and women in a big vaudeville novelty act. The Gem's the place for entertainment.

SAYS GERMANY TODAY STRONGER THAN EVER

New York, Nov. 9.—America has sent to the battle-fields of Europe, an army of physicians and surgeons who are capable of leading and teaching in modern methods of war surgery, Sir Berkeley Moyalhan, senior consulting surgeon of the British army, told 2,000 physicians this at a dinner given in his honor here last night by the New York state committee of the Council on National Defense. He said the Allies look to America to bring the war to an end far more speedily than if they had been left to themselves.

"Germany is stronger today than ever before," Sir Berkeley Moyalhan said. "She says she can put in the field from one million to one million five hundred thousand fresh men every year. She is ruthless and implacable, and most efficiently organized. Germany is going strong. She will not be conquered from within; she must be conquered from without, by you and us."

"America must prepare herself for a war that is long and arduous."

BORDEN TO LEAVE OTTAWA FOR HALIFAX TOMORROW

Ottawa, Nov. 9.—Sir Robert Borden has definitely decided to leave for the maritime provinces on Saturday afternoon. He will open his campaign in Halifax some time next week, possibly on Wednesday night. The premier speaks at three points in the maritime provinces before he returns to the capital.

MR. POWELL AS CANDIDATE?

Discussion of the matter of candidates seems to indicate H. A. Powell, K.C., as the possible choice of the Conservative convention for the union ticket. Mr. Powell represented Westmorland in the House of Commons at one time, taking the seat at a by-election in 1906 and being returned in 1908. Since his removal to St. John he has been prominent in the ranks of his party and contested the city of St. John in 1911. He is a member of the International Waterways Commission.

In Liberal circles the indications do not seem to point conclusively to any one of the several possible candidates who have been mentioned, and there is considerable talk of a compromise candidate on whom the various elements of the party could unite.

SMALLPOX IN MAINE. Gardiner, Me., Nov. 9.—Because of an outbreak of smallpox, schools, churches and all places of amusement in this city have been closed temporarily. There are between seventy-five and 100 cases, but they are of a mild type. Vaccination is general. At Fort Fairfield, near the Canadian border, twenty-one cases have been reported.

RHEUMATISM GOES IF HOOD'S IS USED

The genuine old reliable Hood's Sarsaparilla corrects the acid condition of the blood and builds up the whole system. It drives out rheumatism because it cleanses the blood.

It has been successfully used for forty years in many thousands of cases the world over.

There is no better remedy for skin and blood diseases, for loss of appetite, rheumatism, stomach and kidney troubles, general debility and all ills arising from impure, impoverished, de-vitalized blood.

It is unnecessary to suffer. Start treatment at once. Get a bottle of Hood's Sarsaparilla from your nearest druggist. You will be pleased with the results.

PERSONALS

The many friends of Hugh Campbell will regret to learn that he was very low this afternoon.

Friends of Mrs. George W. Currie, who has been ill, will be pleased to learn that she is very much improved.

G. H. Arnold returned from Toronto and Montreal yesterday.

Mrs. J. S. Murray, 11 Elliott row, has been called to St. George owing to the serious illness of her mother, Mrs. Henry McGrattan.

G. H. H. Nase of Woodman's Point, with his mother and sister, has returned to the city for the winter months and will reside at 89 Goodrich street.

Chief Justice McKewen and Lieutenant-Col. James L. McAvity returned to the city today from Fredericton, where they were in attendance at the ceremony of swearing in the new appointed Lieutenant-governor, Hon. Wm. Huskey.

Captain B. M. May, R.C.F. of Woodstock, is registered at the Victoria.

Jackson-Mavor. A pretty and quiet wedding was solemnized on Wednesday afternoon in St. Paul's Presbyterian church, Fredericton, by Rev. J. S. Sutherland, when Olga Catherine, only daughter of Mrs. Mary Mavor, bride of the Rev. M. D. Jackson of Clinton, Ont.

Pool Lake Tonnage. Cleveland, Ohio, Nov. 9.—The tonnage of the Lake Carriers Association will be needed next season and the boats will be operated by a committee.

BEST QUALITY BANDED VELOUR HATS. Knowing there would be a scarcity of real French velour hats we purchased very largely early in the season and now find ourselves overstocked. We could keep these hats for another season as velour hats are always fashionable, but this is not the way we do business. We offer them today at \$3 each, which is less than they cost to manufacture. Buy them for future and present wear. Felt hats, today specially marked at \$1. Velvet hats, for today, \$2 and \$3.—Marr Millinery Co., Limited.

German Professor Dead. Amsterdam, Nov. 9.—Dr. Adolph Wagner, former professor of jurisprudence and political economy at the University of Berlin, is dead.

ANOTHER DEVELOPMENT IN PARIS SENSATION

Paris, Nov. 9.—By order of the military governor of Paris, a formal charge was today preferred against Jean Leymarie under the law providing against commerce with the enemy and complicity with others charged with the same offence. This is looked upon as one of the most important developments thus far in the Daudet-Malvy affair.

M. Leymarie was an intimate friend of former Minister of the Interior Malvy, and was his chief assistant at the ministry of the interior until M. Malvy appointed him acting head of the state secret service.

MONCON TRAVELLER'S AID (Moncton Transcript).

Miss Sutcliffe, a representative of the Young Women's Christian Association, visited Moncton on Wednesday in the interests of that branch of women's work. She interviewed the chiefs of police of both the city and the C. G. B., and also Mayor Masters and the management and officials of the C. G. B.

The object of Miss Sutcliffe's visit was to try and establish a representative of the Y. W. C. A. here in Moncton. She stated that numerous complaints had reached headquarters respecting the railway station here, and it was the aim of the women's association to place a representative at the station to take care and handle the women folks who visit and pass through. The branch represented by Miss Sutcliffe is under the supervision of Commissioner Sherwood, chief of the police for Canada. She believed the matter could be solved at our station here if a representative were placed there. Miss Sutcliffe left in the afternoon for P. E. I. and will return within a few days to Moncton to find out the result of the interview of Wednesday.

Not Popular Plan. Copenhagen, Nov. 9.—The proposed settlement of the eastern problem by annexing Poland to Austria-Hungary and Courland and Lithuania to Germany has few friends in Germany, aside from the proponents of the idea. Virtually the entire press opposes it.

Hope Abandoned. Washington, Nov. 9.—All hope for the safety of Lieutenant John T. Melvin and the twenty enlisted men reported missing after the torpedoing of the American patrol ship Alcedo, has been abandoned.

WOMAN'S EXCHANGE LIBRARY

Few of our new books—"Calvary Alley" (Rice); "In Happy Valley" (Fox); "Fortitude" (Cullum); "Dwelling Place of Light" (Churchill); "Salt of the Earth" (Sedgwick); "Closed Lips" (Vane); "The Wanderers" (Johnson); "Broken Gate" (Hough), etc.

WHAT IT TAKES TO KEEP ARMY FED

London, Nov. 9.—The British army in France gets nearly 2,000,000 pounds of jam every week from this country. The daily ration of just over half an ounce of tea absorbs more than half a million pounds each week.

New Coal Order. Washington, Nov. 9.—Temporary relief from the coal shortage existing in many sections was seen today in a new order of the fuel administrator granting permission to jobbers to take a small profit margin on coal they had purchased at high prices prior to the fixing of government rates.

Not Popular Plan. Copenhagen, Nov. 9.—The proposed settlement of the eastern problem by annexing Poland to Austria-Hungary and Courland and Lithuania to Germany has few friends in Germany, aside from the proponents of the idea. Virtually the entire press opposes it.

Hope Abandoned. Washington, Nov. 9.—All hope for the safety of Lieutenant John T. Melvin and the twenty enlisted men reported missing after the torpedoing of the American patrol ship Alcedo, has been abandoned.

The St. John Evening Times is printed at 77 and 79 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act, 1885.

IF LAURIER WON—WHAT?

Those who are not favorably disposed toward union government should ask themselves what would happen if Sir Wilfrid Laurier should have a majority in the next house, including the Nationalists of Quebec province. Let no one be in doubt—the Nationalists are in favor of the policy of withholding reinforcements for the men at the front.

ALL EYES ON RUSSIA.

All eyes are turned on Russia. The provisional government has been overthrown, Kerensky has fled from Petrograd and five of his colleagues are under arrest. The capital is now in the hands of men whose spokesman says:— "Now we have a revolution."

THE FOUR ARMIES

The following extracts from an address by Mr. Carl Vrooman, assistant secretary of agriculture in the United States, before the American Bankers' Association is as applicable to Canada as to the United States.

try an imperishable renown, fighting and dying triumphantly in the trenches, the country will be disgraced at home by a despicable scramble for illegitimate war profits on steel and coal, on munitions and food.

"Those of us to whom the gods have not vouchsafed the distinction of service in the trenches evidently will find opportunity at home to show courage, self-sacrifice and patriotic devotion, fighting side by side with those federal officials who have drawn down upon themselves venomous abuse for having dared to insist on keeping this war free from any taint of graft, extortion or other forms of illegitimate war profits."

The Maritime Merchant says:—"Illustrating the increased amount of capital required to carry on business, a wholesale grocer remarked to the Merchant that whereas 100 puncheons of molasses used to cost him between \$2,500 and \$3,000, the same quantity now costs him \$10,000 that 100 barrels of sugar which formerly cost \$1,200 now costs \$2,800; that a cask of cream tartar crystals formerly \$200 is now \$750. And so on through the list.

If the Austro-Germans took 250,000 Italian prisoners since the great drive began there must have been a lot of Italians who did not want to fight. And yet the story of the Italian defence contains thrilling chapters, telling of the heroism of battalions which died to hold the enemy in check and cover the retreat of the main army.

It is not surprising that Quebec welcomes Sir Wilfrid Laurier. He is the foremost son of Quebec province, and he expresses the Quebec view of the military service act. If he supported that act he would be not less popular in the other provinces, where so many are reluctantly compelled to part company with him on that issue.

A London paper suggests that Japan should go to Russia's aid. Why not to the aid of the Allies on other battlefronts? A Japanese army at Saloniki would be very useful. But that suggestion brings up at once the question of ships. There are not enough ships to do the work of the Allies as it should be done.

British needs more men. A London cable says a great addition to the army will be necessary this winter, and there must be another overhauling of the manpower of the country to get the necessary additions to the fighting forces. What of Canada?

German prisoners say they received special lectures on the ferocity of the British troops, and their cruelty to any Germans who fell into their hands. This is a part of the German war game, designed to make their own men fight more savagely.

It is difficult to understand how any Canadians can read the war news and then protest against sending more men to the front as quickly as possible. The quickest way is by the way of the military service act, and it is slow enough.

Late reports of the battle of Passchendaele tell of heavy enemy losses, and of remarkable success gained by the Canadians. But apparently the British, do not expect to go very far beyond the captured ridge this winter.

New Brunswick farmers are urged to raise more wheat. The telegram in today's Times from Mr. Reek and the statement by Mr. E. A. Schofield explain the situation. A great campaign for increased production is necessary.

Where are the great armies which Italy was understood to have in the field? It is surely a remarkable state of affairs if as is stated her troops are greatly outnumbered by the enemy.

Today's cables indicate that Kerensky is still a factor to be reckoned with in Russia. And a Russian daily in New York asserts that Russia will not follow "the mad Petrograd."

A German naval critic frankly tells the German people that their submarine campaign is not starving the English. And he is right.

Australia is to take another vote on conscription, although the newspapers deplore the delay it will cause. There is no time for delay.

LIGHTER VEIN.

"Silence is golden." "Maybe, but I'd like to see anybody get any money out of you without talking for it."—Detroit Free Press.

"What is the name of that handsome young woman?" asked the impressionable prisoner. "No. 2205, Miss," replied the guard. "How funny! But of course, that is not his real name."

Sherlock Holmes was taking a holiday. "A, my dear Watson," he said, as he sat down to breakfast at his boarding-house. "I see we have a new cook!"

He was always boasting about his ancestors, and one day employed a genealogist to hunt them up. In due time the genealogist of pedigrees returned, and was cordially received by his patron.

"So you have succeeded in tracing back my ancestors? What is your fee?" "Forty pounds."

"But that's high!" objected the patron. "What's it for?" "Principally," responded the genealogist, "for keeping quiet about them."

It was the first week that the Jinkses, who had fallen heir to considerable property, had been in their new home. Mrs. Jinks was given a dinner party with the fond hope that from this occasion she would be fairly launched in society.

A BASE ATTACK. (Winnipeg Telegram.) Men with a waistline over forty inches are unattractive.

Their whole existence is one long fight against the conservation of food products. It is stated by a statistician in a scientific monthly that there are immense numbers of men between the ages of thirty-five and fifty-five who are hoarding and accumulating sufficient fat to supply energy equivalent to that generated by 690,858,588 loaves of bread, or enough to supply an army of three million men for sixty days.

The attention of Mr. Hanna is respectfully directed to the suggestion that through conservation of the food supply of Canada is contingent on the elimination of the fat man.

LECTURE ON GREECE. Greece, Literature and Art was the subject of Mrs. W. E. Raymond's lecture at the Natural History Museum yesterday afternoon. The president, Mrs. J. A. McAvity, presided and introduced the lecturer, Mrs. Raymond spoke in her entertaining manner of the Hellenic age, and showed how the best of Ancient Greece to the world has served to keep an almost inseparable association between Greece and the world of today.

FOR MEDICAL INSPECTION

Children's Aid Society Will Appeal To School Trustees

OFFICERS ELECTED

Greatly Handicapped in Present Quarters—Hope for Larger Home—Question of Tenancy—The President's Report

The annual meeting of the Children's Aid Society was held at the shelter last night. The president, A. M. Belding, was re-elected to office. Mrs. H. A. McKeown was elected first vice-president, Mrs. D. McLellan, second vice-president, and M. E. Agar, third vice-president. Rev. George Scott was elected a member of the board of management and secretary. James Patterson was again chosen treasurer and J. King Kelly, K.C., honorary counsel. The annual reports of the president and treasurer were read and adopted. Rev. Mr. Scott, who has been acting secretary for the last five months, read his report for that period. Abstracts of all these will be prepared for publication later. An interesting discussion took place on the subject of medical inspection in the schools and a resolution was passed asking the board of school trustees to adopt such inspection as soon as possible. Another resolution was introduced favoring approaching the school board to ask for an interpretation of the law in regard to those children of school age who are not on the school registers.

The president's report was as follows: In presenting my second annual report as president of the Children's Aid Society of the City and County of St. John, the thought uppermost in my mind is the need of adequate facilities for the work. Our agent has been compelled to work in our own institution, but whom because we have no hospital wing

SPECIAL Black Pony Coats

We have on hand a large assortment of Black Pony Coats, trimmed and plain. These garments are made from No. 1 qualities, full skirted, and trimmed with Wolf, Opposum and Raccoon.

BLACK PONY COATS—Size 38, trimmed with Raccoon collar, lined with flowered silk. \$95.00

BLACK PONY COATS—Size 34, trimmed with Natural Wolf, fancy silk lining. \$85.00

BLACK PONY COATS—Plain, size 40 by 44 in. length, fancy lining. \$75.00

As Black Pony skins are practically of the market, we would advise your buy now, as it will be impossible to secure skins until after the war.

 Toast Luncheon Tea or Coffee

Dinner
 Cauliflower Soup Baked Potato
 Cornmeal Gems Syrup

**Meat Pie Mashed Potatoes Turnips
 Tapioca Pudding Oatcakes**

The recipe for Cauliflower Soup is as follows:
 Cauliflower Soup—
 Make a thin white sauce of—
 1 cup milk
 1 cup of water in which cauliflower was cooked
 2 level tablespoons flour
 2 level tablespoons butter
 Pepper and salt to taste
 Cook until done, and add to this the Cauliflower that has already been cooked and strained.

DEDICATION OF REREDOS

The handsome oak reredos lately erected in the Memorial Church, was solemnly dedicated last evening by the Right Rev. Bishop Richardson. Full choral evensong was sung by Rev. J. V. Young, priest in charge, with procession of choir and clergy the bishop's eulogy being carried by one of the choristers. After conclusion of evensong and special lessons, the lord bishop addressed the congregation on the words "He is not the God of the dead, but of the living." He said these were solemn words which were in our hearts during this terrible war, but the truth of the words must be in our hearts when we think of John Metcalfe, a young man, not dead but living—alive unto the Lord. He spoke of his saintly life, and remembered the first time he had met Father Davenport when he came to the city as a stranger, and the great impression he made on him, his wonderful face, Christian character and charm of manner, and as he knew him better he realized what a wonderful addition to strength he was to the church in this diocese. He made the Mission church what it is and what it stands for, and the congregation will well remember the splendid reredos as a memorial to their first priest, he being dead, yet speaking for the beautiful work which he did in the diocese. He said that the reredos will realize the truth he taught, so well endeavor to follow his great example.

TO VOTE AGAIN ON CONSCRIPTION IN AUSTRALIA

Melbourne, Nov. 8, via Reuter's Ottawa Agency.—The newspapers warmly applauded the government's decision to allow another referendum on conscription, but deplore the delay which it involves.

The newspapers declare that the government should stake its existence and the life of parliament on the success of the referendum. They stated that the soldiers at the front will again have the vote. The official Labor party, which bitterly opposed the conscription bill, is now fighting strongly against the coming referendum owing to lack of funds.

Over twenty million pounds sterling have been subscribed to the Liberty loan.

Help we have received from citizens at large. With adequate facilities the scope of the work would be necessarily and very greatly enlarged. It is gratifying to observe that the children of the neglected and abandoned children of the city are being cared for in the Municipal Home. Unfortunately the Municipal Home is always crowded, and our medical adviser objects to sending mild cases to the epidemic hospital, because of the possible danger of contracting some worse; hence the only solution of the problem is to get a home large enough to provide a hospital wing, which would also enable us to have all children medically examined and kept under observation if necessary for a short period after their admission, and before they are permitted to mingle with the other children. I hope we will soon be able to announce that such a home will be made available. That problem must be solved this year, and I trust it will be solved that all cases of delinquency as well as neglected children may be dealt with under the roof of that Home. The executive is now giving this question their earnest attention, fully realizing the urgent need. The welfare of the neglected children of the city cannot be promoted properly until such a Home, fully equipped, is provided.

There was a case in point last night. Because there is one case of infectious disease in the Home we should not take any more children, but late yesterday afternoon our agent was called upon to take charge of three children. He tried to get them into the Municipal Home, but was unable to do so. He had therefore no choice but to bring them to our own Home.

It is very gratifying to be able to say that apart from infectious and contagious diseases brought into the Home, the general health of the children has invariably improved. Almost all of them were undernourished and many of them needed medical treatment and great care on their admission to the Home. We are greatly indebted to Hon. Dr. Roberts, Dr. Metcalfe and the physicians and nurses of the General Public Hospital for valuable services and hearty co-operation.

The Home was the subject of some unwarranted criticism not long since, due to a lack of knowledge of our difficulties, but we cannot be too grateful for the public sympathy and practical

VISIT CANADIANS IN SWISS CAMPS

Ottawa, Nov. 8.—The government has received through Sir George Perley, high commissioner, a report by Brigadier-General Lord Brooke, who, during the month of August, made a tour of the internment camps in Switzerland. He was accompanied by Major G. R. Geary, 26th Canadian Battalion and formerly mayor of Toronto. The camps visited were Gunthen, Interaken, Murren, Chateau D'Oex, Rosinieren, Leyrin, Very, Laurance and Geneva. Lord Brooke, in his reports, speaks highly of the general comfort of the soldiers interned at Gunthen. The men, he said, looked well and are happy. Conditions are also good at Interaken where the Canadians are looked after by a Miss Simkins, who is an English lodging-house keeper. All the men speak highly of her devotion and desire to provide for their comfort.

RECENT DEATHS

James A. Schofield. Newcastle, Nov. 8.—The death occurred at his home on Friday last of James A. Schofield, a highly respected resident of Ramous. The deceased, who was sixty-six years of age, had been in ill health for the past eight years. Besides his wife, formerly Miss Annie Hopkins, he is survived by the following children: Miss Jennie, R. N., Boston; Mrs. Clifford Underhill, Blackville; Miss Victoria E., at home, and J. Weldon, at home.

Charles Van Blarcom.

Digby, N. S., Nov. 8.—(Special)—The death occurred this afternoon of Charles Van Blarcom at his residence, Brighton, at the age of sixty-three years. The deceased was born at Liverpool and when a young man became traveler for the Comet Manufacturing Company for the province. He afterwards set up in business for himself at Brighton as a merchant and has carried on a successful business for a large number of years, meriting the goodwill and esteem of the whole community.

LOCAL NEWS

At the anniversary exercises at the Main street Baptist church last night, under the auspices of the B.Y.F.U., Rev. F. P. Denton spoke on the subject, His Masterpiece.

District Commissioner S. C. Waring and staff visited the St. Jude's troop of boy scouts, West St. John, which is now up to full strength of fifty members.

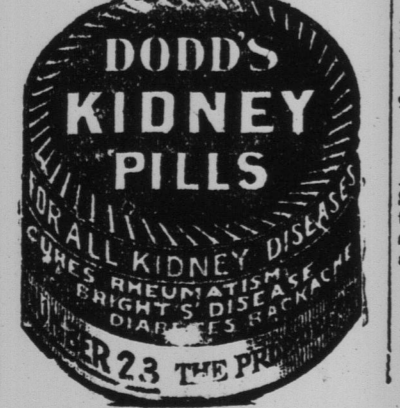

Rev. H. R. Boyer of the Canadian Bible Society delivered an address to the Men's Bible Class of St. Luke's church last evening on the pioneer work of the society. David Latimer rendered vocal selection and refreshments were served.

In the case of the King vs. Wilson, charged with buying five automobile tires from four boys, known as the three to be stolen by them, the jury in the county court yesterday brought in a verdict of not guilty. W. Scott handled the case very satisfactorily for the defendant.

Yesterday afternoon the semi-annual tea and sale was held in the Church of England Institute. In the evening the sale of second reading of papers and novelties was held. J. B. Jones acting as auctioneer. In opening the sale Canon Armstrong made a few appropriate remarks and two solos were rendered in pleasing style by Mrs. G. K. Bell of Stone church choir. At the conclusion of the sale Miss Dunham of St. James street church sang two solos.

BUFFS REMEMBER ST. DAVID'S. About 300 members of the Ninth Siege Battery were present at the soldiers' social held at St. David's church last night. A. P. Crutshank presided and an enjoyable programme was offered. A large photo of the 19th Canadian Buffs was on exhibition, having been presented to the church as a token of good-will for the treatment afforded them by St. David's while in the city.

Hon. P. J. Veniot's Son Hurt. Frederickton Mall—P. J. Veniot, Jr., a returned soldier who has been employed on the Valley Railway at Gagetown since July, met with a severe accident a few days ago. He had the misfortune to fall from a pile of sleepers and sustain painful injuries in the abdomen. His parents have been called to his bedside. His friends will be glad to learn that his condition is now greatly improved, and he is considered past the danger point.

GERMANS IMPATIENT OVER FAILURE OF THEIR UNDER-SEA CAMPAIGN

Copenhagen, Nov. 9.—Captain Persius, naval critic of the Berliner Tageblatt, notes a growing impatience among Germans over the result of the submarine campaign registered in a swelling flood of letters demanding an answer to the question "when shall we have England beaten?" He throws cold water on the optimists and warns them against accepting as reliable figures on destroyed tonnage, including those apparently German, and other statistical matters. Captain Persius says with the 1917 harvest and the imports of grain the food problem can scarcely become a matter for the next six months at least, to make Great Britain inclined to conclude peace. He holds that the submarine question for the British will be not "can we continue the war?" but "will it pay?"

STOCKS MAKE GAIN IN EARLY MARKET

New York, Nov. 9.—(Wall street)—The stock market after yesterday's severe reversal due to the new Russian developments, appeared to receive substantial support at the opening today although the undercurrent of the general list continued uncertain. Steamship shares were the strongest features. Marine preferred stock rising three points. War stocks and equipments as represented by U. S. Steel, Bethlehem Steel, Baldwin Locomotive and Central Leather were one to two points higher and coppers also developed firmness. Rails strengthened, Pacific and Reading leading that group at average advances of a point. Trading was fairly large but without trace of the feverish excitement that marked yesterday's operations.

Noon Report.
New York, Nov. 9.—Further discouraging advices from abroad and new minimums for British, French and Russian bonds, also Russian and Italian exchange caused a general setback in the first hour. United States Steel retreated to 90 1/2, and other prominent stocks fell 1 to 2 points under the new setback. Weakness in American Telephone and General Motors was ascribed to belated liquidation. Ralls in marines, steel and stock hardware prices again at noon. Liberty 4 1/2 held at par, but the 3 1/2's made a new low record on the decline from 99.28 to 99.25.

Desjardins Bail \$30,000.
Montreal, Nov. 9.—Charles Desjardins, a detective who worked for the Donatien family in gathering evidence against the dynamiting gang here and who is charged with conspiracy, etc. in connection with the gang, was liberated yesterday afternoon on bail for \$30,000.

WANT VON TIRPITZ TO RUN FOR THE REICHSSTAG

Copenhagen, Nov. 9.—Admiral Von Tirpitz, former minister of marine, has been asked by a committee of the Conservative party to stand for election to the Reichstag in the vacant Saxon district of Bautzen-Kamms. The voters say that the parties of the Left will regard such a candidacy as a provocation.

USE THE WAT AD. WAY

WIRELESS PLANT FOUND CONCEALED BY TREES

Norwich, Conn., Nov. 9.—A complete wireless receiving plant has been discovered by federal agents near here and has been confiscated by the government. The owner and operator, Charles Troland, was not arrested. A code book found in his possession contained messages concerning movements of ships sent out from Berlin, Germany, and also containing messages sent out by wireless from Sayville. The wireless was found in trees fifteen feet from the ground.

CORN MARKET STIFFER

Chicago, Nov. 9.—Strength developed in corn prices today owing to the fact that the government crop report indicated a smaller yield than the trade had expected. It took but little buying to bring about a rather sharp advance. Offerings were comparatively scarce. Initial quotations, which ranged from unchanged figures to 1-1/8 cent higher with December 1.17 1/4 and May 1.12 3/4 to 1.13 1/8, were followed by a material upturn all around.

FARMERS URGED TO RAISE MORE WHEAT

New Brunswick's Deputy Minister of Agriculture Sends Call From Ottawa

The farmers of New Brunswick are urged to raise more wheat. A. Schofield has received the following telegram from W. R. Reek, deputy minister of agriculture, who is in Ottawa, Ont. Nov. 8.

E. A. Schofield, St. John, N. B. Necessity for greatest production of wheat very urgent. Situation becoming more serious. Every farmer's province should arrange to produce some wheat next year. Seed can be procured if early arrangements made. Day's count if frost has not reached province. Market for hay not promising. Advise some buy land for wheat. Acreage must be increased many times. Feeling here tense over gravity situation.

W. R. REEK, Following receipt of this telegram Mr. Schofield has issued the following statement:—

Increased Production. The provincial committee on increased production met recently with the agricultural department of the government at Fredericton and it was decided, in order to protect against possible shortage in seed grain or fertilizer for the farmers for next season that the department would purchase:

16,000 bushels seed oats, 8,000 bushels seed wheat, 1,000 bushels seed buckwheat, 850 bushels seed barley, 1,500 tons 8-6-6 fertilizer. All of the above will be available for spring, or sooner, through the agricultural societies and will be sold for cash. In addition to this there is a special offer to the farmers of St. John county only of twenty-five bushels of seed wheat, through the Board of Trade, and possibly a second twenty-five bushels through the Rotary Club, that will be available free to the extent of two bushels to each farmer applying, as long as the stock lasts.

This wheat is offered absolutely free through these channels in order to help to possibly increase the production of this particular grain, as it is one that is specially called for by the food controller, and it is hoped that some of the farmers of this county will avail themselves of this offer, and make provision for the breaking of a little extra land this fall, before it is too late—so that this county, at least, will make the necessary and called for increase.

Wheat, beef and bacon are imperatively required for the large increase that is to be demanded from Canada for overseas next season. We would like to hear from any who can attempt even a small acreage of wheat next season. Provincial Increased Production Committee. E. A. SCHOFIELD, Chairman.

LOCAL NEWS

SENT TO STATES.

Howard Beardsley and Anna Beardsley, who were in the police court yesterday, were sent back to the St. John Infirmary for treatment, was able to leave for his home today.

HAS RECOVERED

Mr. Donovan, a farmer who was seriously injured by a threshing machine at Elmiskillen, N. B., about three weeks ago and who was brought to the St. John Infirmary for treatment, was able to leave for his home today.

FOR CLASS A OFFICERS.

Col. Powell announces that militia officers within Class 1 were instructed to report at once for service or claim of exemption; at the same time reporting that they are qualified officers in the Canadian militia, giving units, and advise Headquarters Office, N. B., No. 7, that they have reported or claimed exemption.

NEW CHIEF JUSTICE HERE

Hon. J. D. Hazen, newly appointed chief justice for the Province of New Brunswick, arrived in the city today at 10 o'clock and was heartily congratulated. It is understood that he will be sworn in at the early part of next week, probably on Tuesday. The oath will be administered in Fredericton. Hon. Mr. Hazen will now make his permanent residence in St. John.

LAUNCHING DELAYED

A schooner which is being built at Moss Glen for Peter McIntyre of Main Street, will not be launched this fall. The weather during the summer months was so unfavorable that work was held up and as a result cannot be completed before winter sets in. If all goes well she will be launched when the ice runs out of the Kennebecasis river in the spring.

THE COUNTRY MARKET.

The feature of this week's market is drop in the wholesale price of pork. Its price, however, is so uncertain that change has yet been made in the retail price which continues at from 25 to 30 cents. Chicken was also cheaper, one sells at 25 to 30, venison 25 to 30, lamb 25 to 35, mutton 20 to 30, pork next week, probably on Tuesday. A plentiful vegetable market is reported. Parsnips and carrots are at forty cents a peck, turnips at thirty cents, squash five cents, beets forty cents and potatoes fifty.

TO BE AVIATOR.

Frederick E. Power, son of Mr. and Mrs. F. J. Power, Wentworth street, and Joseph Brosnan are to leave tonight for Halifax to report for duty. They recently passed the first examinations for the flying corps and soon will be sent to Toronto to begin their course of instruction. Mr. Power, who has been on the staff of Robertson, Foster and Smith, received from the firm a handsome gold wrist watch and a substantial check with expressions of the best of good wishes. Both young men are of fine type and popular in the city and their many friends will follow their war work with interest.

Fred Ennis and Fred Kelly left last evening for Halifax to join the Royal Flying Corps. Both are popular young men of the city and their many friends will wish them every success.

WHISTLES AND BELLS ANNOUNCE LIBERTY LOAN

Two Minutes of Uproar, at Nine O'Clock on Monday Morning

City to be Canvassed by Seventeen Teams of Hustlers Among Whom Rivalry Already Has Developed — The Bonds Will be Registered

There will be no danger that any one in the city will overlook the fact that the Victory Loan campaign will open in St. John at nine o'clock on Monday morning. The occasion will be marked by a signal that every person in or near the city will hear without fail. As the hands of the clocks reach the hour of nine every factory and steamboat whistle in the city and harbor will sound a prolonged blast. The church bells will join in, and every bell and other signal that is available will swell the chorus. For ten minutes the racket will continue, and at the end of that time it is expected that the citizens will fully realize that the Victory Loan campaign is under way.

In order that the city may be covered thoroughly and every citizen given an opportunity to place his subscription to the issue, the local committee has arranged for a canvass of the city by volunteer workers. There will be seventeen teams, consisting of a captain and two to six men in each, who will cover the wards. Already there are signs of keen rivalry between the various teams, each of which will strive for the largest total of subscriptions. Plans are being made for office parties in order to provide an opportunity for the discussion of methods of work.

As one way of making sure that St. John will be credited with its full proportion of the subscriptions, the managers of local business houses, whose head offices are situated elsewhere, have been asked to take up the matter with their head office to arrange that the local branch be given credit for a proportion of the company's subscription. In at least one case the St. John manager has been successful in that a generous offer of his company's undertaking will be placed through St. John.

An extensive advertising campaign is being planned and, through the co-operation of the Retail Merchants' Association, it has been arranged that local merchants will donate their advertising space for the purpose. It is expected that the advertising will be original and striking.

In connection with the sale of the bonds, one point which is being emphasized is that the financial minister has arranged that every bond will be registered under the name of the owner, thus affording full protection in the event of the bond being lost or stolen.

PLEASED WITH NEW CAR SERVICE; RENEW PLEA FOR WAITING ROOM

The recent stormy wet weather has again revived the question of some sort of waiting room or shelter at Fairville crossing, where connection is made with the West End cars. At present there is merely a platform with no protection against inclement weather. According to the schedule now in operation, a wait of fully five minutes is sometimes necessary at this point, which is directly open to winds from the northern quarter.

With winter approaching the need is enhanced, for scores of men from Fairville and vicinity, working at the winter port, travel this route every day and with the certainty of bad weather ahead, the matter of a waiting room becomes vital affecting hundreds every day. It is true there is very little land available for the platform stands, but all behind is government property and a bit might be secured that the traveling public might benefit.

The through car service operated to the foot of King street is being warned by Fairville people. The building of a waiting room at the crossing would add to their commutation.

CORPORAL E. C. CLARK WOUNDED

Mrs. E. C. Clark of West St. John has received word that her husband, Corporal Edwin C. Clark of the first Canadian contingent, has been wounded and admitted to No. 28 General Hospital. Corporal Clark has seen much active service, as he has been in France nearly three years. His many friends will hope for his speedy recovery.

DEATH OF MISS FRANCES E. KETCHUM

The death of Miss Frances Elida Ketchum, daughter of Mr. and Mrs. Charles H. Ketchum, occurred at noon yesterday at her parents' home in Lower Norton, Kings county, after a prolonged illness. Miss Ketchum, who was thirty-one years of age, is survived by her parents, one brother, George L., with the 236th Killies, and three sisters, Misses Edna, Leola and Muriel all at home.

COUNTY COURT.

In the County Court this morning before His Honor Judge Armstrong, the case Annie Conway, appellant, vs. Eva Simpson, respondent, came up on appeal from summary conviction. The appellant was fined \$20 and costs in Magistrate Allingham's court. After hearing the evidence of the respondent, Mrs. Louisa Simpson, and Harry Simpson in behalf of the appellant, and E. J. Heineberry for the respondent. The case arose over a dog.

The court adjourned until the 21st inst. at 10 o'clock when the case of Knox vs. Cunningham will be taken up. In this case D. Mullin, K. C., will appear for the plaintiff and Dr. J. B. M. Baxter, K. C., for the defendant.

Big Orders From The States

Canadian Officials and Manufacturers Went to Washington to Complete Arrangements; Orders Are For New Type of Shell

(Financial Post)

Within forty-eight hours an official announcement can be expected of the placing of American orders in Canada for shells to the value of \$20,000,000. Prominent Canadian manufacturers and members of the Imperial Munitions Board, including Sir Joseph Flavelle, have returned from Washington, where they completed the necessary arrangements.

This is the most important development of the past three months. It nullifies the probable effect of the slackening of munition orders from Great Britain and assures a continuation of industrial activity in Canada. As the orders forecast are but a starter it is not unreasonable to assume that for an indefinite period business conditions in this country will continue as favorable as during the past eighteen months. The importance of the impending announcement cannot be overestimated. It will completely change the outlook. A brisk, prosperous winter is ahead. Negotiations to this end have been pending for some time. From the standpoint of the U. S. government, the placing of orders in Canada is purely a time consideration. The curtailment of imperial orders left a number of Canadian plants, equipped to produce shells. Uncle Sam could not turn out as

large a supply of munitions as he needed. Therefore, he is willing to utilize the capacity of Canadian plants to speed up deliveries. It was the same motive behind the earlier placing of orders in Canada for underwear and other knit goods.

It is understood that the negotiations from the Canadian end were conducted jointly by members of the Imperial Munitions Board and manufacturers of munitions. Sir Joseph Flavelle and Sir Charles Gordon were in Washington, and among the munition men who figured in the proceedings were H. J. Fuller, president of the Canadian Fairbanks-Morse Co., and W. G. Harris of the Canada Metal Co.

The initial order will, it is understood, be for 3.8 in. shells, which corresponds to the 3.3 in. that has been made in Canada for the Imperial Munitions Board, and the 3 in. one that fitted the Russian guns. Experiments on the U. S. Shell have been conducted in Canada very recently and the results are said to be so satisfactory that a guarantee could be given the U. S. government.

The financing of the orders

It is not yet clear how these orders will be placed and handled. There will not likely be any difficulty in connection with arrangements for financing.

OPINIONS DIFFER

on most questions, but Canadian housewives are agreed that Purity Flour is the best and most economical flour for ALL baking requirements.

A trial will convince you, of its great superiority.

PURITY FLOUR

More Bread and Better Bread---and Better Pastry, too.

It will not be necessary for the Canadian government to extend credit as has been done according to report with imperial orders. The American government will pay for the shells as they are delivered.

It is possible, however, that the orders will be placed through the Imperial Munitions Board and that payments will be made the same way. This is the likeliest explanation of a rumor that is current to the effect that the board is to receive 50 cents per shell on all American orders filled. It is possible that this charge is being made to cover the work of supervision which would be entailed if the responsibility of filling the orders were laid on the Imperial Munitions Board.

H. J. Fuller will represent the manufacturers and have charge of the placing of orders from New York.

The Handling of the Orders

This spectacular development crystallizes much of the groping toward co-operation with the United States that has been apparent for some time. It was clear to fore-sighted manufacturers that Uncle Sam was going to need assistance and that Canada was in a position to step into the breach. As a result the Russell Motor Co. took the important step of securing U. S. shell orders and arranging to produce them across the line. On the other hand, some American manufacturers proceeded to make connections on this side of the line. It looked certain, not so long ago, that new industries would develop in Canada out of this situation. The organization of the American Steel Products Corporation with a capital of

one million dollars to take over the plant of the Dominion Steel Products Co., at Brantford, Ont., is a concrete result. The Brantford plant has been working on line and propeller shafting for a type of ship that is now being built in the United States to meet the lack of shipping facilities created by U. S. government will expect Canada to supply credit to cover such orders as may be placed here. This is deemed as unlikely, however. The orders are being placed simply because American industry is being taxed to the limits of its capacity now, and cannot produce immediately all that is needed. Under the circumstances some orders must be placed abroad, and Canada is so placed that she can handle them. That the U. S. government is prepared to finance the operations seems logical, although it is too early to suggest what has been arrived at in that connection.

The Effect on Business

The placing of American orders in Canada is of tremendous importance in its bearing on the business outlook. Foresighted men were preparing for a gradual "letting down" of activity this winter. It was not feared that our prosperity would desert us, but, with the end of the munition industry in sight, a curtailment of buying power was foreseen. American orders will throw us back into the position we occupied before. Factories will be busy and help scarce as a result. Wages will continue high and buying power will be as great as ever. Our remarkable era of war prosperity has been given an indefinite lease of life.

His Chances

"What are the chances for getting a drink in this town?"

"Have you a \$5 bill you have no particular use for?"

"Why, yes."

"In that case your chances are good."

—Birmingham Age-Herald.

What is Crushed Coffee?

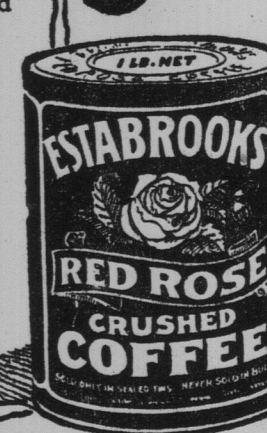

Briefly, Crushed Coffee is coffee that has had the beans crushed between steel rollers with just enough pressure exerted to break the beans into clean, even grains from which the bitter chaff and dust are easily separated by air suction—

Resulting in a coffee so pure that no egg is needed to settle it. Red Rose Coffee is as easy to make as Red Rose Tea, and its flavor, aroma and smoothness are a delight as compared with the ordinary ground coffee.

Sold only in double-sealed air-tight cans to keep it good.

The same price as it was three years ago.

Red Rose Coffee

Hours 9 a.m. to 9 p.m. Dr. A. J. McKNIGHT, Proprietor.

The Military Service Act, 1917

Notice to Employers

The attention of Employers is especially called to the following provisions of the Regulations passed under The Military Service Act, 1917, and The War Measures Act, 1914, which directly affects them!

EMPLOYER TAKING UNDUE ADVANTAGE OF EMPLOYEE. Every employer, and every person acting on behalf of any employer, who stipulates or attempts or offers to stipulate with any employee or other person for any reduction of an employee's salary or wages, or for the alteration of any other term or condition of his employment, in consideration of the employer exercising or refraining from exercising his right to claim exemption from military service on behalf of any employee, or proposes to alter, adversely to any employee, any of the conditions of employment affecting such employee by exercising or refraining from exercising or by authorizing or suggesting the exercise or abstention from exercising of his right to claim exemption from military service on behalf of any employee, shall be guilty of an offence, punishable on summary conviction, by fine or imprisonment, or both, in the discretion of the convicting magistrate; the fine to be not less than one hundred dollars and not more than one thousand dollars, and the imprisonment not to exceed six months.

EMPLOYING MEN WHO ARE IN DEFAULT. Every person shall be guilty of an offence, and liable on summary conviction to a penalty of not less than fifty dollars, and of not more than five hundred dollars, who, after the expiry of the time within which a man is by proclamation or regulation required to report in accordance with section 4 of the Act or to apply for exemption, employs or engages in his service, or continues in his service for a period of seven days, any man who belongs to any class or sub-class which has been called out, and who has not reported as required by section 4 of the Act, or in respect of whom an application for exemption has not been made, unless such person prove that, having made due inquiry, he believed upon reasonable grounds that the man so employed, engaged or continued in his service did not belong to any class or sub-class called out, or that he had reported or had at the time a certificate, or that an application for exemption by or in respect of the man was at the time pending.

EMPLOYER TO MAKE ENQUIRIES. (a) It shall be the duty of every person who is an employer to make inquiries forthwith after the issue of any proclamation calling out men for military service under the Act whether any, and, if any, which of his employees are within the class or sub-class called out by such proclamation; and, forthwith after the expiry of the time limited by the proclamation for reporting for service or claiming exemption, to inquire and ascertain whether there are any, and if any, which of the men in his employ so called out who have failed to report or apply for exemption from service, or in respect of whom an application for exemption from service has not been made.

EMPLOYEES TO ANSWER. (b) It shall be the duty of every employee to answer any questions that shall be put to him by his employer, and to give any information which his employer may require of him for the purpose of enabling the employer to comply with the duty imposed upon him by this section.

REPORT TO MINISTER. (c) Every employer shall, forthwith after the expiry of the time so limited by any such proclamation, report to the Minister (of Justice) according to the best of his knowledge, information and belief, the names and addresses and the whereabouts at the time of all employees in his service called out by any such proclamation who have failed to report or apply for exemption from service.

PENALTY. And any person who is an employer who refuses, neglects or fails to comply with any of the requirements imposed upon him by this section shall be guilty of an offence and liable, upon summary conviction, to a penalty not exceeding as to each employee in respect of whom he has so refused, neglected or failed to comply, one hundred dollars and not less than fifty dollars, or to imprisonment for a term not exceeding three months, or to both fine and imprisonment in the discretion of the convicting magistrate.

EMPLOYING DESERTERS. Every person who employs or retains in his service any man who has deserted, or who is absent without leave, from the Canadian expeditionary force, shall be guilty of an offence, punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than one hundred dollars and of not more than five hundred dollars, unless such person prove that he was not aware, and had no reasonable ground to suspect, that the man so employed or retained in his service was a deserter or absent from the force without leave.

Under the proclamation issued on the 13th of October, 1917, the last day for members of Class One under the Act to report or claim exemption is

November 10th, 1917

The Military Service Council

NEW PILOT NOW AT ITALY'S HELM

A Courageous Man Needed For Task Before Him

Much Expected of Orlando

Has Built up Eminent Reputation in Smaller Sphere - Another College Professor as National Leader

When the octogenarian Boselli finally got his cabinet together in June of last year, Italy heaved a sigh of relief. It was felt that the tried judgment of the old statesman and his well-known conservatism would balance safely against the radicalism of men like Bissolati, and that the Boselli coalition ministry would last a good few months at least. No one, however, was bold enough to prophesy that it would hold out for nearly a year and a half. The fact that it has done so is, in itself, a tribute to the guiding power of the kindly old statesman who was handed out of a pleasant political retirement in order to serve his country in a moment of need.

A Great Task. The task which Boselli faced was, however, a picnic labor compared with that which faces Orlando, says James Walter Smith in the Boston Transcript. In fact, it is a task from which many an older and more experienced statesman might pardoningly shrink. For Orlando takes office in a day of gloom such as his country has not known since the war began—perhaps not since she won her liberty as a nation. Proudly she entered the great conflict against Austria, and bravely she carried her standards across the mountains—losing hundreds of thousands of lives in the difficult onward march—only to be thrown back ignominiously in one of the greatest Allied catastrophes of the war. We need not believe too readily the rumors of cowardice which are being put abroad, but we must believe that the terrible reverse which has befallen the Italian armies has not been exaggerated. The details of Germany's victory—that of wiping out, in the short space of two or three days, the Italian effort of eighteen months with the terrible wastage of human life involved—are too clear and too well substantiated to make us doubt the truth. Verily, this Orlando must be a brave soul to promise in such an hour of national depression and shame, the re-erection of his country's honor. For that is really what his acceptance of the

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh. Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls, waxy, pasty or muddy complexions; instead of the multitudes of "nervy wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-checked people everywhere. An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach. These subject to sick headaches, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

For Bilious Troubles

That heavy headache, torpid liver, sick stomach, bitter taste in mouth, furred tongue, dull eyes and muddy skin, all come from a poor supply of bile. These unhealthy conditions are promptly corrected by

BEECHAM'S PILLS

which stimulate the liver, regulate the flow of bile, sweeten the stomach, and renew healthy bowel action. A household remedy approved by sixty years of public service. For every-day illnesses, Beecham's Pills are a tested Remedy.

Largest Sale of Any Medicine in the World. Sold everywhere. In boxes, 25c.

premiership means. Before he undertook to form his cabinet, he must have known of the Italian defeat, or at least have been prepared for it.

Orlando is one of those public men—and there are dozens of them in Europe—who conscientiously build up in their own country a reputation for conspicuous ability, but are never heard of by the outside world. Except, of course, until some event of political importance at home becomes of international interest. Who, for example, ever heard of Bethmann-Hollweg, before he became Baciowski's successor, or who of Boselli, or Harding? Well, Orlando is one of the class we mention—unknown yesterday outside Italy, but known everywhere today simply because his merits in the past have justified his promotion to the highest office in the state. His career has held no flashy moments. What he has done he has done well, but the repute gained by his efforts has been local only. He has been in public life for twenty years, and it was not until this year, when, as home secretary, he refused passports to the Italian Socialists to go to the Stockholm conference, that he was ever mentioned at any length in the foreign press. It was Orlando, by the way, who said at that time that the Stockholm conference "was a manoeuvre of the Central Powers, aided by Russian Extraneists," and that, just what it was, which goes to show that Orlando, if he was an "unknown" at the time, possessed the knack of putting the political truth in a nutshell.

Has Had Distinguished Career. The new Italian premier is a tall, well-built, gray-haired man of fifty-seven, with brilliant eyes and pompadour hair. Of very distinguished appearance, he has had an equally distinguished career. He was born at Palermo in 1860, and took his degree as doctor of law at the University of Palermo in 1881. Four years later he became professor of jurisprudence at the University of Modena, and in 1888, after a short stay at Messina, went back to Palermo as full professor. For nearly ten years he now devoted himself to his teaching duties, but found time to write a very important treatise on the "Principles of Constitutional Law," since accepted as a standard Italian work on the subject. The success which attended his political career began with his entry into the Deputies in 1897. When Giolitti, the "old fox," who was given his proper political quietus by Gabrielle d'Annunzio two years ago, formed his cabinet in 1908, he made Orlando his minister of public instruction. In the Giolitti cabinet of 1909 he was minister of justice and in the Salandra cabinet of November, 1914, was appointed to the same post. This important office was held by Orlando until Boselli formed the coalition ministry of June, 1916, when he was promoted to the more important post of the interior.

A Safe Man. Such is the brief record of the political activities of Victor Emmanuel Orlando, who, in political parlance is known in Italy as a "safe man," and in whom the Italian king has so far placed his confidence as to ask him to accept the highest office in that monarch's gift. Having got a cabinet together he is certain to tackle his new responsibilities with vigor, for he is possessed of great powers of physical endurance, and has shown in the past that he is a man of great political courage. Of one thing we may be sure—Orlando's very recent and intimate knowledge of internal affairs in Italy will help immensely towards the distressed conditions now prevailing in the country owing to the shortage of food and coal, the prevalence of strikes and other forms of discontent, and the reported growth of republican propaganda. Some of these conditions faced Boselli when he took power last year, but they were as nothing to the conditions now confronting his successor.

Germans in States Burn Millions in Food

Incendiary Fires Since America Entered War Cost Heavily

October Total \$10,000,000—Nation's Losses Show Alarming Rise Despite Good Results of Safety Campaign

(New York Times.) Since the United States entered the war more than \$28,000,000 worth of food has been destroyed by fire in this country. This is at the rate of about \$45,000,000 a year, or enough to feed an American army of 1,000,000 men for almost a third of the year.

It has been estimated that three-fourths of this loss has been caused by incendiary fires—the work of German

AN OPERATION AVERTED

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not give me any relief until I would be operated on. I had suffered four or five years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and this picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Pinkham's Vegetable Compound, and believe me, I soon noticed a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and am only too glad to let other women know of my cure."—Mrs. Thos. McDONALD, 2482 Hartville Street, Phila., Pa.

PILES

Nothing known to science is better for this painful ailment than Zam-Buk. It reduces inflammation, stops bleeding, ends the agony. Easily applied and cleanly. Why go on suffering? Why not try it? Read the following cures.

Mrs. C. Hanson, Poplar, B.C., says: "I suffered for years with bleeding piles. The pain was often so bad I could hardly walk. I tried remedy after remedy, and finally underwent an operation, but only got temporary relief. At last I tried Zam-Buk. Perseverance with this remedy completely cured me, and there has been no return of the trouble." Mr. W. J. Donovan, of New Edinburgh, Ont., writes: "For two years I suffered with bleeding piles. The pain was most intense. I tried one after another of the so-called remedies, but without effect. At last I decided to try Zam-Buk. This gave quick relief from the dull, gnawing pain, and perseverance with Zam-Buk cured me. The cure has been permanent."

ZAM-BUK ALSO CURES ECZEMA, BLOOD POISON, ULCERS, COLD SORES, CHAPPED HANDS, SCALD SORES, CUTS, BURNS, BRUISES, SCALDS and all SKIN INJURIES and DISEASES. All druggists and states of Zam-Buk Co., Toronto, send free for sets. Return harmful substitutes and preparations advanced as "just as good."

Zam-Buk

spies or sympathizers. The enormous increase above the normal of incendiary fires is shown by the fact that the total incendiary loss in the United States in 1916 was \$10,000,000. The destruction of food was larger by far in October than in any other month. It included the Rochester fire, \$1,000,000; the Kansas City stockyard fire, \$1,500,000; the Brooklyn elevator fire, \$2,000,000; the Baltimore fire, \$5,000,000. The food loss from other fires in October may run, easily, to \$10,000,000. The Rochester, Brooklyn, Kansas City, and Baltimore fires are admittedly the work of incendiaries. An estimate of the food losses by large fires since April 1 follows:—April, \$2,000,000; May, \$2,500,000; July, \$1,500,000; August, \$2,000,000; September, \$1,500,000; October, \$10,000,000, making a total of \$19,500,000. Adding to this total the losses in smaller fires throughout the country for the seven months will bring the total losses to something in excess of \$28,000,000 since the United States entered the war. A graphic idea of what the fire losses in the United States owe to the work of war incendiaries may be gained from consideration of the fact that the total fire insurance paid in the United States in 1915, according to the figures of the National Board of Fire Underwriters, was \$183,000,000. It is estimated that sixty per cent of the loss by fires in this country is represented in insurance. Therefore, the total fire loss in the United States in 1916 was something over \$200,000,000. Of the \$195,000,000 paid out by the insurance companies, \$43,000,000 was represented by incendiary fires. A total of \$200,000,000 was charged to the unknown causes. In 1916 the total jumped by twenty per cent, meaning an increase of about

\$40,000,000. The biggest items in this loss were those sustained in munition fires and explosions. Black Tom holds the record with a loss of \$11,000,000; there was the Kingsland explosion, the Penick Grove explosion, and others, all generally admitted to be the work of spies, which caused losses running into millions. It was estimated yesterday by an insurance official that the incendiary loss in 1916 was easily \$25,000,000, or \$15,000,000 above normal. And these figures take into consideration only fires where the origin was proved to be incendiary. On the books of the underwriters the Black Tom munition fire is not listed as incendiary, because it was never definitely proved that a German spy set it going. This increase in losses for 1916, when the big munition explosions occurred, derives significance in the discussion of losses by spy fires since this country entered the war, because the figures of fire losses in the United States for 1917 may reach \$300,000,000, or a larger increase over 1916 than 1916 losses showed over 1915. An estimate made yesterday

FIG SEN TAKE ONE AT NIGHT MAKES YOU FEEL RIGHT 10¢. Quality Stores. ENLISTED Over 100 Years JOHNSON'S ANODYNE Liniment For more than a century this wonderful liniment has been solving the seemingly intractable rheumatism, neuralgia, sciatica, sprains, strains and many other common ailments from unknown causes. In 1916 the total jumped by twenty per cent, meaning an increase of about

by the head of a fire insurance company shows that if the average of the losses in the first seven months of the year is maintained until January 1 the total would reach well above \$250,000,000, and with the increases of the past few months might easily total \$300,000,000 as the cost of the American ash heaps for 1917. Insurance men called attention repeatedly to the fact that this increase

was taking place despite the campaign for fire prevention. It was admitted that the spurring up in business would be responsible for a slight increase in fire losses, but it was believed the safety campaign would offset this to a very large degree. In 1916 the loss in fires of strictly preventable origin was 21.4 per cent of the total, and from partly preventable causes 37.5 per cent. When the compilations for the year 1917 are made, insurance men believe that the losses from ordinary causes will not show the increase generally experienced in the country this year. In other words, they believe the American public is showing more care with regard to fire causes. This belief would place the blame for the increase in fire losses upon incendiaries.

PYREX--Transparent, Sanitary, Heat-Retaining Ovenware

Said a lady of deep penetration, I cannot see why in creation You should bake in the dark, As they did in the ark, When PYREX permits observation!"

Pyrex will satisfy your desires for sanitary baking ware, combined with attractiveness of a serving ware.

PYREX is Practical. It is a sturdy oven ware. It is ready for immediate use, and with reasonable care will last a lifetime. Pyrex never crazes, chips, dents, bends or discolors. Food cooked in Pyrex actually tastes better because it is baked quickly, thoroughly and retains its full flavor, for Pyrex has the unusual quality of absorbing and retaining heat to a remarkable degree.

PYREX is Economical. It saves fuel, requires less time to bake, saves time in the kitchen and in washing dishes, saves food. You serve from the same dish in which you bake, and it saves shelf room in the pantry.

PYREX is Easily Cleaned and easy to keep clean. Pyrex shows up the dirt. There is no excuse for a speck remaining on it. The hard polished surface is odor-proof, grease-proof and flavor-proof.

PYREX is Attractive. It is a double purpose ware, a baking and a serving ware, in one, for you bake in and serve from the same dish.

PYREX may be seen in every practical shape and size for baking at this store, from 30 cents to \$3.00 the piece.

A popular assortment is 11-Piece Set \$7.50

Special Sets to suit every purse.

When making up your Christmas Gift list don't forget PYREX.

TM AVITY & SONS LTD. Pyrex items: Pudding Dish 1 qt. to 2 1/2 qts. \$1.00 to \$1.75. Casserole from \$1.75 to \$2.50. Bread Pan, \$1.10. Cake Dish, \$1.00. Utility Pan, \$1.35. Pie Plate 8, 8 1/2 and 9 inch, \$1.00 and \$1.15.

DYSPEPTIC FOR SIX YEARS

Halifax, N. S., Sergeant Tried Everything on the Market, But Only Cure Was Dr. Cassell's Tablets.

Sergt. Duncan MacNeil (home address 116 Pleasant street, Halifax, N. S.), writing from Europe, says:—"For six years I suffered from frequent attacks of Dyspepsia, and though I tried all the remedies on the market I obtained little or no relief. I had not been long with the E. F. when my old trouble returned. Then a friend told me about Dr. Cassell's Tablets. The first box brought me pronounced relief that I continued, and to make a long story short complete cure was effected.

A free sample of Dr. Cassell's Tablets will be sent to you on receipt of five cents for mailing and packing. Address, Harold F. Ritchie and Co., Ltd., 10 McCord street, Toronto.

Dr. Cassell's Tablets are the supreme remedy for Dyspepsia, Kidney Troubles, Sleeplessness, Anæmia, Nervous ailments and Nerve paralysis, and for weakness in children. Specially valuable for nursing mothers and during the critical periods of life. Price 50 cents per tube, six tubes for the price of five, from Druggists and Storekeepers throughout Canada. Don't waste your money on imitations; get the genuine Dr. Cassell's Tablets.

Proprietors, Dr. Cassell's Co., Ltd., Manchester, Eng.

Lieut.-Governor, Hon. Wm. Pugsley, Is Inaugurated

Fredericton, N. B., Nov. 8.—In the assembly chamber of the legislative buildings of New Brunswick, in which he for many years sat as member of the legislature, attorney-general and premier, Hon. William Pugsley, of Hothessay, was tonight sworn in as lieutenant-governor of the province. The ceremony, although simple, was very impressive and was attended by a large number of persons. Shortly after 9 o'clock his honor entered the chamber from the speaker's room, attended by Lieut.-Colonel J. L. McAvity, A. D. C., and H. S. Barker, private secretary. The assemblage arose to its feet, and remained standing until the ceremony was completed. His honor stood in front of the table at the foot of the throne, his staff Hon. Robert Murray, provincial secretary, and R. W. L. Tibbitts, deputy provincial secretary, standing beside him. Rodolphe L. Boudreau, secretary of the Privy Council, Ottawa, at once proceeded to read the commission of the date of November 8 appointing Hon. Mr. Pugsley to office. The new governor then in a clear voice swore allegiance to his majesty. The oath of office was then administered by Chief Justice H. A. McKeown, and the record of Secretary Boudreau was signed by the new chief officer of New Brunswick.

All members of the provincial government with the exception of Hon. J. F. Bredidale, minister of agriculture, who is out of the province, were present at tonight's ceremony. Deputy heads of departments and other officials also attended. A military touch was given by the presence of Major W. J. Osborne and the other officers of the K. unit.

M. H. C. C. The formalities of the administration of the oath were followed by an informal reception, those present being presented to his honor. This very pleasant feature of the inauguration of Lieutenant-Governor Pugsley enabled many to make the acquaintance of the new governor whose urbanity and courtesy especially fit him for the office. During the ceremony the floor of the assembly chamber was occupied by a large number of interested spectators and the galleries also contained many.

Need of Larger Endowment For Mount Allison

Sackville, Nov. 7.—The regents of Mount Allison convened in semi-annual session Tuesday afternoon with the following members present: Dr. C. J. Bridgetown (N. S.), chairman; N. T. Avar, Amherst, secretary; Hon. Josiah Wood, Sackville, treasurer; H. A. Powell, K.C., Mayor R. T. Hayes, W. B. Tennant, Rev. George Steel, St. John; E. E. Hewson, Amherst; H. F. Payling, J. T. Burchell, Sydney (N. S.); George R. Hart, Rev. A. S. Rogers, Halifax; Rev. George J. Bond, D.D., St. John's (N.B.); Mrs. Josiah Wood, Mrs. C. W. Fowett, Sackville; Mr and Mrs. R. C. Tait, Sackville; Rev. Dr. Borden, Dr. J. M. Palmer, F. B. Black, Rev. H. E. Thomas, Rev. Hamilton Wigle, C. C. Avar, Rev. A. D. Morton, Sackville; Rev. R. G. Fulton, Chignecto (P. E. I.); Rev. G. W. F. Glendinning, Truro (N. S.).

During the afternoon session the financial reports of Mount Allison University, Ladies' College, and Academy were presented and carefully considered. Although the past year has been a most difficult one yet considering everything the showing was as good as might reasonably be expected. One of the institutions showed a small loss on the year's operations while the other two had a small surplus. Hon. J. Wood presented the report of the endowment fund. In the evening the question of increasing the endowment fund by a campaign of some sort was considered at some length. The necessity of paying the professors of the university higher salaries in view of the excessively high cost of living was urged and various schemes suggested with a view to meeting the exigencies of the strenuous time. It was decided to honor the memory of the founder of Mount Allison institution the late Charles F. Allison, by holding a Founder's Day some time each year with a view to arousing in the students a higher appreciation of the services rendered education in the maritime provinces by the late Charles F. Allison of revered memory. The matter of working out the details was left in the hands of a strong committee. The theological department of the university was invited to a discussion for some time. Since the beginning of the war, attendance in this department has been small and the problem of keeping it going has been a very difficult one. The consideration of the whole department was referred to the executive of the board with instructions to report at the May meeting of the regents. The treasurer of the endowment fund was authorized to purchase up to \$10,000 worth of Victory bonds. An annuity was voted to Mrs. Smith, wife of the late Dr. Alfred D. Smith who for nearly half a century was professor of classics at Mount Allison. In supporting this resolution which was moved by Mrs. J. Wood and seconded by E. E. Hewson, Dr. H. A. Powell paid an eloquent and glowing tribute to the memory of the late Dr. Smith whose splendid scholarship and strong personality exercised such a wide influence over these maritime provinces.

Y.W.P.A. ACTIVITIES. The regular meeting of the Young Women's Patriotic Association was held last evening in the Great War Veterans' rooms, Union street, Miss Nan Brodie, the second vice-president, in the chair. The secretary, Miss Jessie Church, read the minutes of the last meeting. It was decided to accept an offer to place a weighing scale in the lobby of the Imperial Theatre, the proceeds to go to Y.W.P.A. funds. The preparation of the Santa Claus fair was discussed as was also the proposal by Miss Haley to unite with the Local Council of Women. The treasurer reported that there was \$19.29 in the general fund and \$10.18 in the returned soldiers' fund. The plea on behalf of a patient in the hospital was considered and it was decided to render aid. The association decided to collect old stamps in aid of the fund. They will receive \$5 for every thousand stamps which they secure. A donation of wool was made to the Old Ladies' Home. They decided to assist the G.W.V.A. in giving a Christmas treat to the wives and children of soldiers at the front.

Nerves of the Stomach

Were Weak and Inactive as Result of Nervous Prostration—Lost Twenty Pounds—Had to Take Sleeping Powders to Get Any Rest.

St. Catharines, Ont., Oct. 24.—Many people never realize that the mind and action of every organ of the human body is dependent on the energy supplied by the nervous system. When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected. Appetite fails, digestion is poor, you do not get the good of what you eat and gradually grow weaker and weaker.

This process can only be stopped by such treatment as Dr. Chase's Nerve Food, which goes directly to create new nerve force and thereby to invigorate the whole human body. When Mrs. Geo. S. Ellis, 46 Davidson street, St. Catharines, Ont., writes: "My husband had an attack of nervous prostration, and although he doctored for some time and tried different other medicines, he could not get relief. He had to resort to sleeping powders given him by the doctor to make him sleep. The greater part of the trouble seemed to be with the nerves of his stomach. He began to lose weight, and kept on going down until he had lost twenty pounds. We had read advertisements in the newspapers for Dr. Chase's Nerve Food, and noticed that it seemed to be doing a lot of good for people troubled with nervousness, so my husband decided to try it. He found benefit almost from the start, and continued this treatment until he had taken about twelve or thirteen boxes. The results were most satisfactory. He is now enjoying good health, sleeps well, and has gained back nearly all the weight he had lost. He also uses Dr. Chase's Kidney-Liver Pills occasionally, and thinks them an excellent remedy. I have also used this latter medicine for dizzy spells and liver trouble, and was completely cured of these complaints. We think a great deal of Dr. Chase's medicine, and cannot speak too highly of them." Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$3.00, at all dealers, or Edmanston, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

REGISTRATIONS. A total of 866 names passed through the registrar's office in Prince William street yesterday. Of this number forty-nine service cards were filled out and 817 filed exemptions. To date there have been 11,648 registrations with an estimated 7,816 still to hear from. There are just two days left for these young men in the province to give their names to the provincial registrar which means an average of well over 6,000 today and tomorrow. Tomorrow evening at 10 o'clock the time will have expired and those who have failed to fulfill the obligations of the M. S. A. will be classed as deserters, liable to arrest and lose their right to claim exemption. This is imperative and there are two whole days yet for the larky ones to "fall in line."

Five Hundred of America's Most Critical Followers of Music Have Written Hundreds of Obituaries of Wholly Favorable Comment in the Leading Newspapers of the United States in Regard to These Marvelous Proofs of the Perfection of

The NEW EDISON "The Phonograph With A Soul"

MARIE MORRISEY the Famous Contralto, in the Imperial Theatre, Tuesday Afternoon, October 9th, stood beside the New Edison and sang in direct comparison with the Re-Creation of her voice.

"The Phonograph with a Soul" has created a new form of music. It is known as the Tone-Test Recital. In every city of this country music shrines welcome this form of Entertainment as of the highest.

PHILIP SCHEIB the Talented Violinist, gave a similar convincing demonstration with his violin.

COME TO OUR STORE Hear this marvelous musical instrument—The New Edison—Let us know what you think of "The Phonograph With a Soul" The Masterpiece of a Master Mind

BORDEN TO ISSUE HIS SECOND MANIFESTO

Ottawa, Nov. 8.—No date has been fixed for Sir Robert Borden's Halifax meeting. The premier now expects to leave for Halifax on Saturday evening but the meeting is not likely to be held until two or three days after his arrival

Laurier Warmly Welcomed

Quebec, Nov. 8.—Sir Wilfrid Laurier arrived at Quebec tonight. He opens his campaign here tomorrow. His arrival was heralded by a welcome beyond question. The crowd jammed the station and the streets outside.

Sir Lomer Gouin, prime minister of Quebec and Hon. Walter Mitchell, provincial treasurer, tendered the official welcome; and cheering crowds lining the roads, a procession of automobiles led the way to the Chateau Frontenac where Sir Wilfrid is staying.

At every stop down the line from Montreal there were demonstrations on a smaller scale. The approaches to the station at Three Rivers—half way to Quebec—were packed. As the train steamed in a brass band discoursed "Oh, Canada" and here and there among the crowd were huge

placards bearing in red letters "For Laurier, the hope of the Canadian people" and "Go, Laurier and victory." Here, Sir Wilfrid alighted for a few minutes to receive an address of welcome and a bouquet of roses. In a brief speech he thanked the citizens of Three Rivers for their "enthusiastic welcome" and their expression of "unshaken confidence."

"This," Sir Wilfrid added, "is a light duty for me to undertake in the midst of a strenuous campaign." "The world I give you," he went on, "is a fight, but we must win the cause and fight for the country's sake."

SPORT NEWS OF THE DAY HOME AND ABROAD

BOWLING.

Sparrows Take Three.

In the Y. M. C. I. bowling league last night on the Y. M. C. I. alleys, the Sparrows defeated the Crows in three points. In the senior league tonight the Falcons will bowl the Hawks, and in the junior league the Shamrocks will bowl the Clippers. The scores of the individual teams were last night:

Sparrows:	Total.	Avg.
Smith	106	95
Harrington	82	82
Colgan	76	88
Cogrove	84	94
Chisholm	88	90
Total	406	465

Crows:	Total.	Avg.
T. Jenkins	79	109
Jenkins	87	100
McLumber	85	95
Waners	88	92
Total	406	473

Tie in City League.

The bowling match between the Farmers and the Specials of the City League on Black's Alleys last night resulted in a tie, each team winning two points. The match was very close and interesting throughout. Tonight the Tigers will bowl the Maples. The scores of the individual teams were:

Farmers:	Total.	Avg.
Bestley	97	86
Covey	93	89
Total	190	175

Duffy	89	90	82	261	87
Coughlan	98	91	78	268	89
Riley	92	87	86	275	91
Total	469	453	441	1368	

Specials:	Total.	Avg.
McIntyre	83	108
Fitzgerald	102	81
Connors	80	86
White	82	88
Wilson	85	109
Total	492	469

BASKETBALL

Y. M. C. A. Schedule

The Basketball Leagues at the Y. M. C. A. are now all formed and the schedules made out for the first half of the season. The High School league runs from November 12th to December 14th, playing on Monday and Friday afternoons from 4 to 4:45 o'clock. The teams are Acmes, Chippewas, Maple Leafs, Crusaders and Loyalists. The Junior "A" and Junior "B" leagues run from November 14th to December 19th, playing on Wednesday afternoons, the former from 4 to 4:30 o'clock, and the latter from 4:30 to 5 o'clock. The schedules for the Junior "A" and Junior "B" indoor baseball leagues have also been drawn up. These leagues run from November 17th to December 22nd, playing Saturday afternoons, the former from 2 to 2:45 o'clock, and the latter from 3 to 3:45 o'clock.

BASEBALL

"Robbie" Re-Engaged

New York, Nov. 6.—Wilbert Robinson, manager of the Brooklyn National League Club, signed a contract today to continue his management of the team for the season of 1918.

Joe Wood to Become Fielder

Smokey Joe Wood has decided to give up pitching. He took himself off the Cleveland club's payroll on July 1 because he realized that he couldn't earn thirty

his big salary. Wood, after losing his effectiveness in 1913, soon retired temporarily because the Red Sox refused to grant his salary demands. Last winter the Cleveland club purchased Wood from the Red Sox for \$15,000 and signed him to a \$10,000 contract. Wood took his own time in the early weeks of the recent campaign and did not attempt to pitch a game until the first visit of the Yankees to Cleveland. He was battered freely and became discouraged. He didn't try his arm again until midsummer, but with the same result. Then Wood reached the conclusion that his pitching days were over. But he will not retire from the game. Lee Fohl and Tris Speaker, who are running the Cleveland team, will try Wood in the outfield next spring. Smokey Joe is a natural hitter and a splendid all-around player, for which reason the Cleveland mentors are not yet ready to part with him.

AQUATIC

A new surf casting record for the longest single cast of three in an open field with three or four ounce lead was established Wednesday when J. Charles Ellingshausen, Midland Beach Bait and Fly Casting Club, won this event at the tournament of the Newark Bait and Fly Casting Club, held at Weequahic Park, Newark, N.J. Ellingshausen's cast of 485 feet eclipsed by more than 5 feet the best previous record, made by himself last August. This old mark was 480 feet 6 inches.

TURF

New York, Nov. 6.—Schuyler Livingston Parsons, one of the old American owners of race horses, died of heart disease yesterday at his home, 524 Fifth avenue. He had returned the day before from the races at Baltimore.

In partnership with H. K. Knapp he owned a valuable stable of thoroughbreds. When the Belmont Park paddock was burned last spring he lost thirty horses, valued at \$200,000. His

paternal grandfather was an officer in the British navy. His mother's family of that name.

Hourless Retires For Season.

New York, Nov. 6.—August Belmont's star three-year-old, Hourless, has wound up his racing career for this season. Hourless, which has been working out at Pimlico in preparation for several important stakes, will be shipped to Belmont Park this week to go into winter quarters. He will not meet Omar Khayyam until next year, when both may be seen in one of the important handicaps. Trainer Hildreth seems to think that Hourless has had a trifle too much work, and that his recent victory over Omar Khayyam at Laurel capped the climax. The Belmont colt should be a leading stake winner in 1918.

FOOTBALL

Montreal, Nov. 6.—"Chuck" Waterous, famous line plunger and inside wing for the champion McGill University Rugby team, was a visitor in town over the week-end. "Chuck" Waterous enlisted with the Heavy Artillery two years ago, and was granted the commission of lieutenant. He went overseas with a draft about eighteen months ago, and after being in France about a year, was sent back to Canada for medical treatment.

Lieut. Waterous has been confined in a sanatorium at Gravenhurst for the past four months. He returned to Canada with orders to remain here for medical treatment, and report on November 18. Since being here he has received more recent orders and must remain for further treatment.

Lieut. Waterous was one of the best known players ever developed at McGill. He played on the team that won the championship from Toronto University in the play-off at Ottawa, and again with the team that won in 1913. He was also a member of the beaten team in 1914, the last year the Intercollegiate Rugby Union operated.

The Reason Why \$15 Is Our Price For Made-to-Measure Garments

WE can say the same thing about the QUALITY and STYLE of our Made-to-Measure Suits and Overcoats, their beauty and reliability, that we said about them a year ago. This in spite of the fact that wool cost has nearly doubled.

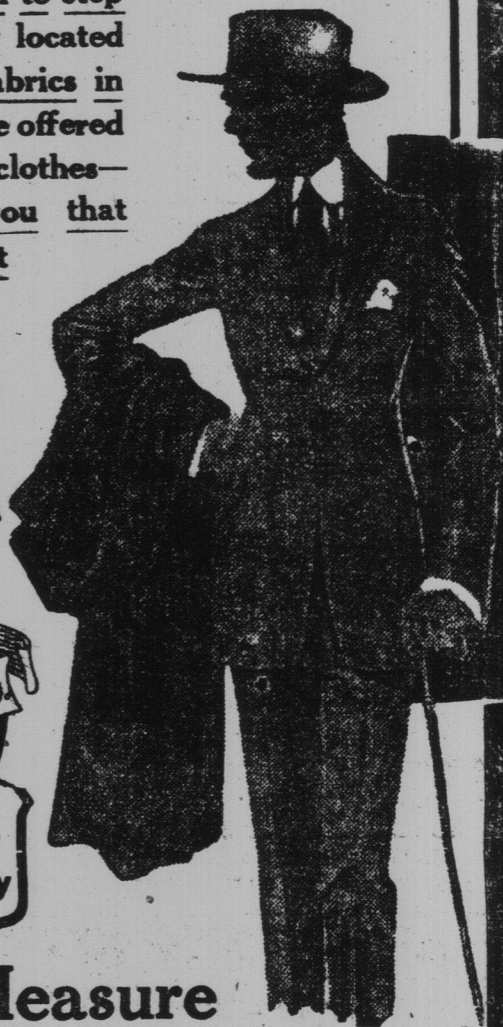

Then why hasn't the price of English & Scotch Woollen Co. Made-to-Measure Suits and Overcoats advanced?

The price has advanced in most stores, but not in our 21 Great Tailor Shops, because our volume of business justified us in placing Mills under contract to protect you and us from a rising market.

Our fabric selection consists of over half a thousand imported woollens—we invite you to step into any one of our conveniently located tailor shops and compare our fabrics in weight, fibre and quality with those offered by tailors or in "ready-made" clothes—a comparison will convince you that E. & S. VALUES are the utmost in custom tailoring.

Suit or Overcoat

Made To Your Measure

OUR irrefragable Suits and Overcoats at \$15 have piled success on success for us—and has enabled us to spread our tailoring service until now we own and operate 21 Great Tailor Shops in Canada, for your easy looking and easy buying. Never before to our knowledge did the men of Canada yield such decisive and overwhelming recognition to our enterprise and merit. The source of our power rests in you—you, our customers, are its centre and circumference. Your generous patronage supplies us with the means to control the wool market. You have made us the tailoring giants of the Dominion, and all our giants' strength is used for you in maintaining our \$15 price.

JOAN THE WOMEN

By JEANIE MACPHERSON
Based on the Life of JOAN OF ARC
Produced by the Cardinal Film Corporation
Under the Personal Supervision of
CECIL B. DE MILLE

JOAN OF ARC.....GERALDINE FARRAR
The Girl Patriot, who fought with men, was loved by men, and killed by men, yet withal retained the heart of a woman!

CHARLES VII.....RAYMOND HATTON
King of France—Deserted by his most powerful nobles—was opposed by his own cousin, the Duke of Burgundy, whose wealth and soldiers were at England's call.

GENERAL LA HIRE.....HOBART BOSWORTH
Who by an iron hand and grim devotion held to the service of Charles VII. the handful of men, unpaid and underfed, who called themselves the King's army.

CAUCHON.....THEODORE ROBERTS
Who did not hesitate to misuse the mighty power of the church to defeat his personal enemies.

ERIC TRENT.....WALLACE REID
In all the tents of the English, none was so light of heart, none so quick with his sword, as this "devil-may-care" young captain.

LA TREMOUILLE.....CHARLES CLARY
Known as the King's evil genius, called "The Spider." He stood close to Charles VII. and pondered to all that was evil in him.

Laxart, Joan's uncle.....James Neil
L'oiseleur, a fanatical monk.....Tully Marshall
Gaspard, the coward.....Larry Peyton
Jacques d'Arc, Joan's father.....H. B. Carpenter
Isambau, Joan's mother.....Lillian Leighton
Katherine, Joan's sister.....Marjorie Daw
Pierre, Joan's brother.....Sheridan Gray
Robert de Beaudricourt, the Governor.....Ernest Joy
Jean de Metz, in the service of the Governor.....John Oaker
The Duke of Burgundy, cousin to Charles.....Hugh B. Koch
John of Luxembourg, in the service of Burgundy.....Wm. Conklin
The Executioner.....Walter Long
Guy Townes, a friend to Eric.....Walter Elmer
Michael, the Messenger of God.....Emilius Jorgensen

TEAMS SELECTED TO FORM NEW LEAGUE

Barrow Will be Elected President at a Salary of \$10,000 a Year; Talk of New International League

New York, Nov. 6.—Newark, Baltimore, Buffalo, Toronto, Toledo, Columbus, Louisville and Indianapolis, have been selected to form the new baseball circuit which will bear the name of the union league of professional ball clubs. The organization of this league will be ratified at a special meeting of the club owners to be held in this city within the next two or three weeks. Edward G. Barrow will be elected president at a salary of \$10,000 a year.

Newark, Baltimore, Buffalo and Toronto will formally resign from the International League, while Toledo, Columbus, Louisville and Indianapolis will secede from the American Association. The union league will operate under the protection of the National agreement.

The promoters of the new circuit are prepared to conduct business under the rules that have governed the International League, and the American Association for the past fifteen years. They will not demand representation on the National Baseball Commission, but it is possible that their clubs will be relieved from the drafting system, which will enable them to keep many of their best players. In short, the Union League

will be a big minor circuit covering the best eastern and western cities that cannot get into the National and American leagues for obvious reasons. The formation of the Union League will receive encouragement from the National Commission, and the two majors for the reason that play is expected to help baseball in many ways.

A new International League may be formed to include Providence, Rochester, Syracuse, Montreal, Utica, Albany, Ottawa, and Springfield. At least, this is the arrangement that is under serious consideration.

FOOTBALL BOOMS IN BRITISH ISLES

Great Crowds Attend Games and Keen Interest Taken in Results

British soccer leagues are all enjoying prosperous seasons. Attendances have been large, and more enthusiasm is being shown than since the outbreak of the war. Attendances run from twenty to forty thousand, the latter figure being reached in Glasgow Cup games.

Of the Liverpool interest in the chief local teams, Liverpool and Everton, The Manchester Sporting Chronicle says: "The receipts at Goodison Park on Saturday were just below £1,000. Glasgow has often been described as 'the city of football,' but such a 'gate' as this will set the Scottish fathers thinking."

"This sum is a distinct tribute to the popularity of football in Liverpool, as well as a powerful argument in favor of 'carrying on,' whilst it reflects with equal lustre on the players themselves. The quality of their exhibition has been such that interest has never abated—may, it may be said to have increased, and when normal times are restored the clubs will, no doubt, remember the men who have been such good sportsmen and so loyal to their colors."

Miss Annette Benton, on returning from a visit, brought a gift to each of her mother's colored servants. It was the "day out" for Lily, the housemaid, so Annette distributed her gifts, reserving for Lily a scarlet-silk blouse. "That won't do," said Mrs. Benton. "Mourning!" "Yes, for her husband, he died in jail, and Lily's wearing a long crape veil." When Lily returned, her young mistress expressed regret. "I'll give the blouse to Lizzie," she said, "and get you something else." Lily looked at the blouse, then she

A YEAR'S ADVANCE IN THE PRICES OF COMMODITIES

Expert Believes Upward Trend Has Reached its Limit—High Costs Make Thrift a Necessity

(By C. W. Bolton, Department of Labor) The cessation of the rise in the prices of many of the basic commodities during the summer as well as in the stock markets, together with governmental action in regulating prices, production, distribution, etc., has led to much consideration as to the future of industry and trade. It is appreciated by all concerned that industry cannot go on indefinitely at the high pressure of the last two years unless the production of food and raw materials, and the provision of transportation facilities is concurrently increased.

No Spooning Allowed

If you have been unfavorably impressed with the flavor of Roman Meal Porridge, sure enough you must have stirred it! Be fair to yourself and to Roman Meal! Don't stir it except while mixing meal and water. Remember "no spooning allowed!" Force of habit made you stir the porridge without knowing you did so, perhaps. Just get another package; make the porridge according to the directions. Surely it is no trouble NOT to stir Roman Meal porridge after mixing the meal and water.

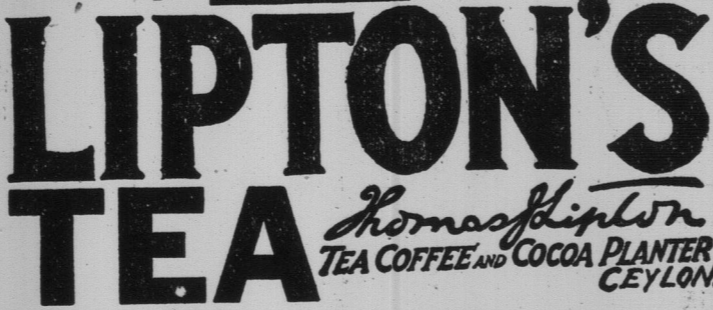

Dr. Jackson's Roman Meal

makes the most delightful flavory porridge of all—when not stirred. The flavor of grains lies in their DARK parts. Roman Meal is rich in the dark parts of wheat and rye. It is made from the WHOLE berries of these grains, bringing to you every bit of their nut-like flavor. Roman Meal also contains wheat-bran and flaxseed; and you know how splendid these are for relieving constipation. The flaxseed in Roman Meal is absolutely tasteless and odorless, rendered so by a special electrical process invented by Dr. Jackson. Stirring Roman Meal porridge while cooking brings back the flaxseed taste and odor. Don't stir except while mixing meal and water.

Roman Meal Company, Toronto, Canada; North Toronto, New York; Tacoma, Washington.

Wherever tea is liked to-day, you will find the first favorite is always LIPTON'S.

etc., in order that factories and labor may be employed in the production of shells, airplanes, railroad cars, farm implements, uniforms, belts, boots, etc., instead of luxuries. Herbert Hoover has expressed that Canadians have devoted a great part of the profits from war business and industry to expenditure on luxuries except in the following cases: (1) Those unfortunates who were so burdened with debt before the war that they took the opportunity to pay that off. (2) Families which have been able to do no more, at most, than keep up in income with the rising cost of living, even with the additions earned by daughters at work, etc. (3) Those capitalists who have laid aside reserves out of their profits, instead of investing these in war loans, etc.

Germans Liken The American Army to Rumanians in 1916

The Hague, Nov. 8.—Since the receipt of the first reports that American troops are actually in the trenches the Cologne Gazette evidently considers it imperative to reassure Germans as to the alleged futility of the American army and its influence on the war. The paper says that the training of the army is inefficient, as shown in Mexico, and that after seven months no full section of the new army is at the front, but at most one division which has been put on the quietest section of the front, merely for training. These troops, it says, must not run great risks, as they are too valuable to America for training other troops and are only sent to the front for the purpose of gaining European experience. The Gazette then refers to transport difficulties, stating that at most America will have 500,000 men ready by the spring of 1918, but no facilities for their transportation, and that most of the American fleet has been promised for the use of the Allies, as well as the German shipping seized in American ports. "Even if this is not the case," the paper asks "what influence on the world

war would the arrival of four to five hundred thousand American troops have?"

The Gazette continues: "There is justification for the opinion that the American army will be perhaps equal to the Rumanian army at the commencement of hostilities. America can certainly fight in 1918, but has she really the intention to transport troops to the front in Europe? If America is to use her troops for useless frontal attacks, months will be required to train new men."

"Also on other fronts America's help is not anticipated, either in the colonies or Mesopotamia, owing to transport difficulties. Some have arrived at the conclusion that America will be neither in a position nor have the desire to join in the struggle in 1918. She is in earnest about building a fleet, training an army, and the acquisition of a mercantile marine, and for this Wilson has used the world war. Her army must have European experience to be worth anything."

The paper says that the moral influence on the Allies is, of course, to be counted. It also admits that in regard to American aircraft and aviators there is a danger to be foreseen and that a large fleet of airplanes may be expected next spring. "But the more noise the Americans make the less they accomplish."

Advertisement for Lea & Perrins Worcestershire Sauce. Includes text: 'Dash a Little of this Sauce—just a very little—in the foods you are cooking, or on your meals, fish or fowl. Note the added keenness of flavor—the zest and life it gives. Keep a bottle in the kitchen, or on the table, always. The small cost is more than recompensed. To be had from all grocers. Try it.' and 'The Original Worcestershire Sauce'.

Bread, Meat, Butter, Bacon, Eggs all go higher and higher in cost while CATELLI'S "MILK"—"HIRONDELLE"—"L'ETOILE" MACARONI

remain the most economical food you can serve. They have greater food value than eggs, chicken or lean meat and can be prepared in dozens of appetizing ways. Our booklet, "The Girl at Catelli's" gives you over 100 recipes for Macaroni Dishes—some of them exceptionally delicious—all are nourishing and satisfying. Send us your name and we will mail a copy to you free. THE C. H. CATELLI CO., LIMITED, MONTREAL, Que.

Will Kaiser's Italian Success Bring Victory to the Allies?

"The collapse of the Italian Eastern front is disheartening to the Allies," says the Indianapolis News, "not because it points to sure defeat, but because it postpones their victory." In all sections of the country, we find the press discussing this staggering and unexpected blow in a tone not of pessimism, but of increased hopefulness and grim-determination. The Chicago Tribune remarks that "the Stars and Stripes are in the trenches today, and they are going forward there, not back; forward till the enemy's power is beaten down, and he is ready for peace for all time;" while the Pittsburgh Chronicle-Telegraph remarks that "Germany is making a fight to a finish and America must deliver the knockout blow." A full-page map graphically explains the military operations. In THE LITERARY DIGEST for November 10th, the leading article discusses from every angle the recent retreat of the Italian army and its probable effect in bringing ultimate victory to the Allies. This number of "The Digest" is particularly interesting, as a glance at the following headings, describing additional articles, will prove:

"Over The Top" With Men and Money

"With the Money We Are Borrowing We Are Going to Give You Men the Best Guns and the Best Equipment in the World, and We Hope to Put on Every Gun a Bayonet That Will Reach to Berlin."—Secretary McAdoo.
