## GENERAL MEETING.

The annual meeting of the Holstein-Friesian Association was held at two o'clock, with the President, Mr. Wm. G. Ellis, Bedford Park, in the chair.

The other gentlemen present were Messrs. A. C. Hallman, New Dundee; G. A. Gilroy, Glen Buell; T. W. Charlton, St. George; Alfred Rice and George Rice, Curries; Wm. Shunk, Sherwood; S. Shunk, Jr., Edgely: Wm. Armstrong, Locust Hill; H. Bollert, Cassel; R. S. Stevenson, Ancaster; J. H. Patten, Paris; Wm. Suhring, Sebingville; A. Hoover, Jr., Emery; Edward Adams, Toronto; Henry Welsh, Weston; John Clarkson, Summerville; Wm. McClure, Norval; R. W. Walker, Utica; G. W. Clemons, W. A. Clemons, St. George; President W. A. Matteson, Utica, N. Y., of the H. F. Association of America, and Messrs. Henry Stevens and Ralph J. Stevens, Lacona, N. Y., and the usual representatives of the press.

In his opening remarks the president took occasion to express his gratification at once more meeting the representative breeders of Canada, and also extended a warm welcome to the American friends present. It was very gratifying to be able to state that the last year had been an unusually prosperous one for the Association, the increase in registrations amounting to over 40 per cent. Volume III. of the Herd Book had been published during the year, and liberal prizes given in aid of the Dairy Tests held at the leading fairs, and which had invariably resulted in triumphant success for the Holsteins. Reference was made to the attempt of the Canadian Association to induce the American Association to reciprocate in the matter of registration, by recognizing our certificates of registry in the same way that we recognize theirs, and which attempt had been unsuccessful. Extracts were read from letters by Prof. C. F. Curtiss, and Alexander Galbraith in regard to the influence of food and climate on the farm, and other characteristics of horses

and cattle, and the desirability of agreeing upon a uniform type of cattle was impressed upon the breeders present.

The Secretary next read the report of the last general meeting held on February 1st, 1898, and it was moved by Mr. Charlton, and seconded by Mr. Gilroy, that they be adopted as read. Carried.

President W. A. Matteson, of the Holstein-Friesian Association of America was then permitted to address the meeting, and in a brief, but eloquent speech, he outlined the advantages which he considered would result from a union of the two Associations, and asked that a committee of three members be appointed by the meeting to meet a similar committee from the American Association to discuss the advantages or disadvantages of the change proposed.

Mr. Henry Stevens, of Lacona, N. Y., also spoke briefly along the same lines. Discussion of the matter was then deferred until after the other business had been transacted.

The Secretary then read his annual report as follows:-

For Sherbrooke—Joseph Fletcher, G. W. Clemons.

The meeting then adjourned until after tea.

When business was resumed, it was moved by Mr. Charlton, and seconded by Mr. Suhring that whereas this Association has increased to such an extent that it has outgrown the present manner of doing the business of both the Executive Committee and the general meetings, therefore it is expedient that a committee be appointed for the purpose of revising or changing the Constitution and By-Laws governing this Association, so that the affairs and interests of the Association may be more satisfactorily promoted, and the work required be more efficiently performed; said committee to consist of the President, Secretary, Messrs. Hallman, Bollert, Stevenson, and the mover; and to report to the next general meeting, giving the necessary notice of any changes which may require the ratifying and approval of the general meeting. Carried.

The appropriations for the dairy tests were next considered. The president read a letter from the Secretary of the Brandon Fair asking for a grant to the dairy test at that place, and it was moved by Mr. Gilroy, and seconded by Mr. A. Rice, that as active interest is shown from Brandon district by Holstein breeders, be it therefore resolved that \$50 be granted to the Western Agricultural and Arts Association of Brandon, to be given as prizes for a dairy test carried on similarly to the test at Toronto Industrial Exhibition. This amount not to be granted if the Western Agricultural and Arts Association do not duplicate this amount, viz. \$50.00. Carried.

Rules governing these tests to be the same as those governing the test at Toronto, with the exception of the test held at the Fat Stock and Dairy Show. Carried.

Moved by Mr. Stevenson, and seconded by Mr. Hallman, that owing to the number of applications for registry which are unavoidably in the Secretary's hands during the time that must necessarily elapse between the printing of different volumes of the Herd Book, it is considered advisable to purchase a safe for the use of the Association, not to exceed in price \$50. Carried.

A long discussion took place in regard to the question of appointing a committee as requested by President Matteson of the American Association, and although there was little sentiment in favor of affiliation or amalgamation of the two Associations, it was considered as a matter of courtesy such a committee should be appointed.

It was moved by Mr. Charlton, and seconded by Mr. Patten, that after hearing the addresses of President Matteson of the Holstein-Friesian Association of America, and of Mr. Henry Stevens, regarding the advisibility of appointing a committee to meet a similar committee from that Association, for the purpose of considering the advantages to be gained by affiliating the interests of the two associations: therefore be it resolved that a committee consisting of the President, Secretary and the mover be appointed and that the said committee give notices and report to the next annual meeting. Carried.

It was moved by Mr. Gilroy, and seconded by Mr. Shunk, that a vote of thanks be given to the proprietors of the Albion for the use of the room for the meeting. Carried.
