TO THE TRADE.

HUNDREDS of our customers never come to market. Our acquaintance with them has been made through the medium of Salesmen, Price Lists, and other Advertising.

We hold their business for the reason that in Advertising we never intentionally misrepresent. Goods do not always come up to the Customer's expectations, but with reliable houses no difficulty is experienced in adjusting differences. If we have never done business with you, we want to do so. We are sure that in examining our Price List you will find a Good Many Lines that will interest you. Send us an order for some of them, and you will be convinced, on receipt of same, that it is not necessary to see samples to get just what you want and at the lowest prices.

Compare Quotations with Former Lists, they will be found Right. Order Sample Pairs; if not satisfactory, return at our expense. You can order exactly what you want, from a single pair upward. Is it any advantage to "Size up your Goods?" Try this idea of sizing up your stock from time to time and you will find you won't have to carry as large a stock.

Faithfully yours,

PREFACE.

THE

IN compiling the RED BOOK, the publishers have kept before them the request of their numerous patrons for a complete list of person, firms and companies engaged in trade; the kind, location of business, name of partners, and an estimate or "rating" of responsibility from a creditor's standpoint. Over 6000 names are listed, being from two to three thousand more than are enumerated by any other publishers. To this has been added gazetteer information locating the various points and places with distances, railway stations, post offices, etc. Some 550 places are thus enumerated and described of which over 200 have never before been gazetted in any directory publication.

Owing to the lack of accurate compilations in the past, it has been found necessary for the most part to personally investigate the different localities; and although in such a new and rapidly developing country it is impossible to insure absolute accuracy in every detail, the publishers claim the Red Book covers the ground well. The major portion of the matter is published for the first time in this form, and the matter gathered from other works having been so altered by corrections as to be unrecognizable, it is justly claimed that the work is entirely original, as is the general style and principle of the Book.

An enlargement and other improvements are already contemplated for the next edition.

The main features of the Red Book are: A complete guide to each city, town, village, settlement, mining camp, railway station, express, telegraph and post office, P. O. savings bank, money order office, etc., distance from some well-known point or distributing center.

It is, in short, a complete Railway and Transportation Guide to the province of B. C.

A complete list of Trade and Professional concerns and enterprises engaged in business at the different points, with kind of business, names of partners in a firm, full christian names, etc.

Names of Recorders, Government Agents, Registrars, Barristers, Justices of the Peace, Notaries, etc. Street address given in cities.

Victoria, B. C., March 31, 1896.

Entered according to Act of the Parliament of Canada in the year 1896, by A. M. Jones, at the Department of Agriculture.

LAWS RELATING TO FAILURES, COLLECTION OF DEBTS, &c. BRITISH COLUMBIA.

ACTIONS—

May be brought by or against a firm in the firm name. The assignee of a debt or chose in action may sue in his own name. The right of action in such case (except negotiable notes indorsed before they are due) is subject to equities existing between the debtor and the assignor. Actions in the Supreme Court must be commenced by writ of summons, which may be specially indorsed for money demand. The plaintiff may sign judgment eight days after service of writ, in default of appearance. In cases of writs of summons, specially indorsed and where an appearance is entered for a money demand, judgment will be ordered to be signed by a judge in chambers, when he is satisfied appearance is filed for purposes of delay only, and when the plaintiff verifies his claim by affidavit, and the defendant does not satisfy the judge by affidavit that he has a defence which should be tried in the ordinary way or he may order the amount to be brought into court. Actions in the County Court are commenced by a summons which must be served ten clear days before the return day. County Courts sit twice every month and have jurisdiction up to \$500. There are two sorts of summons; a default summons in which the plaintiff has not to prove his debt unless the defendant files a defence, and the other an ordinary summons. The former must be served personally.

APPEALS—

May be taken to the Supreme Court within four months after judgment, or in County Court cases to two judges of the Supreme Court upon notice within ten days after judgment.

ARREST—

A debtor in a sum exceeding \$100 may be arrested upon an affidavit that he is about to quit the province, or has parted with his property to defraud his creditors. A judge of a County Court may, under a judgment summons, commit the defendant in default of payment if he has transferred his property fraudulently or does not satisfactorily account for same.

ASSIGNMENTS—

There are no insolvency or bankruptcy laws in force. Assignments of debts must be in writing and notice in writing given to the debtor. Preferential assignments or cognovits,

giving one creditor priority are void as against other creditors. A debtor may make a general assignment to a trustee or trustees for the benefit of creditors, rateably and proportionately. Such deed of assignment must be registered forthwith in each of the Land Registry Offices in the Province, but shall not take effect until recorded in the office for the district where debtor resides or has his principal place of business. Trustees shall publish notice of deed within fourteen days from execution by debtor and call a meeting of creditors.

ATTACHMENTS—

No original attachment, except where debtor has absconded leaving property. After judgment, debts due or accruing due to the debtor may be garnisheed.

CHATTEL MORTGAGES—

Must be registered within twenty-one days after date of execution. If affecting property on Vancouver Island, with the Registrar General of Titles at Victoria, if affecting property on Mainland within any established land registry district, in the office of such registry, if elsewhere on the Mainland, in the office of Stipendiary Magistrate of the district where the property is situate, or with such other person as may be named. If not so registered does not take effect, as against creditors of mortgagor. Registration must be renewed every five years, if not so renewed, leave of Court to be had to register.

EXECUTIONS—

May issue immediately after judgment in the Supreme Court, or after fourteen days in the County Court, unless otherwise ordered. Lands may be sold by execution. Five years after judgment leave of Court must be had to issue.

EXEMPTIONS—

Personal property of debtor to the value of \$500 is exempt from execution. Stock-in-trade of merchants and traders not exempt. No goods or personalty, however, is exempt from seizure in respect to debts contracted in regard to the identical goods. Registered homesteads are exempt from execution to the value of \$2500.

GARNISHEE—

A creditor may garnishee money owing to a debtor by a third party, both before and after judgment in the County Court, and after judgment only in the Supreme Court.

HUSBAND AND WIFE—

Husband is not responsible for his wife's debts incurred before marriage to a greater extent than the amount of the property he receives through her.

INTEREST—

Where not otherwise agreed upon, and where due by law, is six per cent. No usury law.

JUDGMENTS—

If registered, are a lien upon all lands, and interest in lands then or thereafter owned by the defendant. Registration must be renewed every three years. Judgments are good for twenty years, and may be registered at any time.

LIENS—

Unless there is an agreement to the contrary, every contractor, sub-contractor and laborer has a lien for work and labor, limited in amount to the sum actually owing to the person entitled to the lien. Lien expires, unless registered thirty-one days after completion of work and suit must be brought within same time. If lien is on mortgaged premises it takes effect prior to mortgage against increase of value of mortgaged premises by reason of such work or improvement; but not further, unless work is done at request of mortgagee in writing.

LIMITATION OF ACTIONS—

Six years for simple contracts, and twenty years for specialties and judgments.

MARRIED WOMEN—

Have the same powers in respect to their separate property, or earnings, or rents, as a *feme sole*.

PARTNERSHIP, GENERAL-REGISTRATION—

All general partnerships must be registered within three months next after formation of firm.

REPLEVIN—

Goods unlawfully withheld from owner can be obtained on replevin on institution of suit and on giving security for twice the value of goods claimed, to return same if so ordered.

SALES, CONDITIONAL, OF CHATTELS—

All receipt notes or hire receipts or order for chattels, when the condition of the bailment is such that the possession of chattels would pass without any ownership therein being acquired by the bailee until the payment of the purchase or consideration money, or some stipulated part thereof, are void as against subsequent purchasers or mortgagees, unless registered within twenty-one days after the bailment.
