MAIL ORDERS

We solicit out of Town orders, which receive our personal attention. The length of time taken to fill orders is governed very largely by how busy we are in the department of our factory in which the particular goods are made. While we have exceptional facilities for promptly turning out goods, it is important to place orders as far ahead as possible. Orders are filled by us in the rotation in which they are received, and customers can always depend on our doing everything in reason to give prompt despatch.

DECLARATION DAY ON WEDNESDAY

Declaration day proceedings passed off quietly on Wednesday at Dalhousie, there being a good attendance of electors at the county court house, while Sheriff Stewart conducted his court. The official count was as follows: Culligan, 1,575; Stewart, 1,572; LaBillicois, 1,021; McKenzie, 975.

Courtesy was extended Mr. LaBillicois, who was the first speaker. He thanked the electors who voted for him and Mr. McKenzie, who was attending camp at Sussex. He said he left the platform for a little rest after thirty-five years of service with the kindest feelings towards everybody. Speaking for the future, he said that while the Liberal party carried in its programme such principles as had been announced by Gladstone, Sir Alex. MacKenzie and Sir Wilfrid Laurier, that party could count upon his services.

Messrs. Culligan and Stewart spoke briefly, thanking the electors for their support. Mayor W. S. Montgomery also thanked the electors for supporting the government candidates. The proceedings were presided over by Police Judge Matheson.

BOARD OF TRADE COUNCIL MEET

The Council of the Board of Trade met on Wednesday evening in the Council Chambers, Pres. Harquail in the chair. There was present Messrs. Blackhall, Anderson, Dr. Murray, W. P. Gray and the secy.

After reading the minutes of the previous meeting the president reported having an interview with T. C. Burpee, Engineer of Maintenance regarding new road to the freight sheds. This matter met with the approval of Mr. Burpee and plans will be prepared at once.

Letter received from A. M. Campbell, Deputy Minister of Railways regarding new siding at Dalhousie Street. This matter has been reported to the officials at Moncton before anything further is done.

The Secretary was instructed to write Mr. Potteniger to use his influence to hurry this matter along.

A letter was received from the secretary of the Maritime Board of Trade advising that the annual meeting of this body would be held in Toronto on 21st Aug. and asking that delegates be appointed. This was referred to the general meeting.

A letter was received from the live stock commissioner relative to a visit by the New Brunswick Sheep Breeders Association. This was in reply to a communication sent by the Board of Trade, and a visit is to be made to Campbellton by this association some time in August.

After discussion on the transportation for "Old Home Week" the following names were approved for members of the Board of Trade, Messrs J. F. Gallagher, F. E. Shephard and L. F. Wallace.

SPLENDID CELEBRATION IS ASSURED COMMITTEES' PLANS WELL ADVANCED

Fine Programme Being Arranged for July 11th.—Auto Parade to be Special Feature.

EXCURSION RATES ARRANGED FOR.

The various committees for the Old Home Week have their plans well ahead. The various parades will be well attended, the automobile one especially will draw good attention, the various owners vying with each other in their decorations. The trades parade will embrace all the largest and best industries in the town, and from all reports will be viewed with satisfaction.

The sports committee although handicapped by the absence of A. E. G. McKenzie who is at camp, are getting into line and will not be behind the other committees. The baseball managers have been successful in arranging with Van Buren for a tit bit on the ball field and this team will be accompanied by a large following including Van Buren band. Music will not be lacking as our local band are busy practising and will give a good account of themselves. From all points around the district people are making preparation to spend the day in Campbellton, and given good weather a most successful time is looked forward to.

"THE HAVOC"

The engagement of Paul Gilmore and Associate Players at Opera House for "The Havoc" beginning Wed. July 3 will present the actor-manager in a big dramatic role of the type which playgoers have learned to associate with his name. "The Havoc" is a tense gripping drama, built upon the story of a duel of wits between an injured husband and a treacherous guest in his home. The big role of the play, the husband, offers one of the most convincing characters seen on the stage in recent years and is played by Mr. Gilmore with quiet power and tense nervous force. By the sheer power of his acting he dominates the powerful dramatic situations of "The Havoc" with perfect ease, and during the scenes that are followed by brilliant comic scenes he makes the author's satiric lines snap and sparkle and burn by his quick, nervous, crisp, decisive tones.

CAMPBELLTON HIGH SCHOOL CLOSING

The closing exercises in the High School took place today, before a brilliant gathering of scholars and parents. The large assembly hall used on this occasion for the first time presented an animated scene when Judge Matheson, chairman of the Board of Trustees took the chair.

The hall was prettily decorated the pillars and walls being festooned with blue and white streamers. The front of the platform was a mass of flowers and with the white dresses of the girl graduates made a very pretty picture.

Supporting the chairman on the platform were Messrs. D. A. Stewart M. P. P., D. F. Graham, Mrs. A. A. Andrew, Dr. Murray, His Worship Mayor F. M. Murray, Rev. J. E. Purdie, S. Laughlan, Secretary to school trustees and Principal Carr.

Judge Matheson in a short speech welcomed the visitors and scholars to their first graduating ceremony since the fire, and without further delay called on the class to give the first number on the program which was as follows:

PROGRAM

Chorus—"Oh Canada" class.
Piano Duet—Misses Lingley and Mowat.

Class History—Austin R. Murray.

Solo—Miss DeCorrevant.

The chairman then called on Mayor Murray to present the diplomas. He said it must be a matter of congratulation to both teacher and scholar to see a class of so many graduates who had passed their examinations with such high standing. It was a sterling tribute to their hard work in the past. His Worship then distributed the diplomas accompanying each with a hearty handshake and a pleasant word and kindly smile. After the distribution the girls of class X showered the graduates with bouquets of flowers.

The order of the program was then resumed.

Reading—Gladys Kean.
Violin Solo—Miss Redden.

Class Prophecy—Lillian Wheeler.

Chorus—"The Maple Leaf for ever," class.

Valedictory—Aubrey McLean.
After which Dr. Murray a former chairman of the Board spoke a few words of encouragement to the graduates telling them that this was their commencement of life, and wishing them God speed on their journey.

The graduates receiving diplomas were:—Aubrey McLean, Dominique Renault, Austin R. Murray, Muriel M. Mowat, Lillian Wheeler, Margaret McLennan, Jean Henderson, Irene Murray, Hazel Mowat, Florence Nelson, Kathleen Dickie.

After singing the National Anthem the gathering broke up.

"THE HAVOC"

Paul Gilmore to appear here in his greatest success "The Havoc". Mr. Paul Gilmore is no doubt one of the greatest actor-managers in this country and has proved this on several occasions in the past. In "The Havoc" his present starring vehicle he is said to have one of the most powerful plays before the American public to-day. Mr. Gilmore portrays a fine type of the American business man, whose wife is won from him a treacherous guest. He does not resort to the unwritten law, but instead works out the punishment of the traitor along now it is and in a manner that makes the play seem not acting but real, thrilling, vital life. "The Havoc" will be seen at the Theatre Wed. July 3rd.

COUNCIL MEETING IS POSTPONED

A meeting of the Town Council was called for Tuesday evening but owing to the small number of councillors being present the meeting was not held. Important matters were to be discussed and it was felt advisable to await the attendance of a full board. The special meeting will be held next Tuesday to take up the matter of the assessments.

THE LADIES OF CAMPBELLTON MAY NOW GROW BEAUTIFUL HAIR

The White Drug Co. backed up by the manufacturers of SALVIA, the Great Hair Grower, guarantees it to grow hair.

SALVIA destroys Dandruff in ten days. The roots of the hair are so nourished and fed that a new crop of hair springs up, to the amazement and delight of the user. The hair is made soft and fluffy. Like all American preparations SALVIA is dainty perfumed. It is hard to find an actress who does not use SALVIA continuously. A large bottle for 50c.

A lawyer of New York overheard the following conversation between two newsboys: "Say, Harry, what's the best way to teach a girl how to swim?" asked the younger one.

"Dat's a cinch. First on puts yer left arm under her waist and you gently takes her left hand."

"Come on, she's me sister."

"Aw, push her on the dock."

Casher: "I can't cash this check, madam. You have overdrawn your account."

Haughty Lady: "Oh, that is all right. Just make out a new account."

PRINCE OF WALES REACHES MAJORITY

Sunday the Anniversary of His Birthday.

The Prince of Wales attained his legal majority last Sunday and although the day was not marked by any general celebration of an official or popular character, it meant a great change in the life of the young prince and heir to the British throne. The provisional regency of the Queen, created in the event of the prolonged absence of or dire misfortune to the King, terminated for henceforth in any such eventuality the Prince of Wales, being of age is legally able to take the King's place, either as regent or as heir to the throne.

Heretofore the Prince of Wales, although the oldest son, and prospective heir to the throne, has enjoyed few privileges beyond those which naturally fell to the lot of the royal children. It is true, the superiority of his age and position gave him some advantage over his brothers and sister, but like the latter he was under the strict control and supervision of his parents, a supervision not merely nominal, but actual and extending over his family life, his studies, recreations and associations. All this will in a measure be changed from now on.

In view of the domestic training and the strict family discipline to which the young prince has been subjected all his life, it is safe to assume that the King and Queen will for some time continue their parental control of the young

prince's occupations, pursuits and studies, but he will have his own household, including a governor and comptroller of the household, an equerry and two secretaries, a large retinue of servants, coachmen and grooms. For his use special separate suites have been prepared under the supervision of Queen Mary at Buckingham and Windsor palaces and later on adequate establishments will probably be arranged for the young prince at York House and Frogmore House. The Prince of Wales' suite at Windsor consists of a dining room, breakfast room, two reception rooms and a bed and dressing room as well as apartments for the members of the prince's future household. Similar provisions have been made at Buckingham Palace. The young prince will be well able to maintain an establishment of his own, as his revenues as Duke of Cornwall, which, with his majority, come under his own control, amount to \$500,000 a year.

There is no doubt that the Prince of Wales will not sever himself abruptly from the happy family life to which he has been accustomed and that he will, in a large measure, continue to live with his parents, his brothers and sister, but he will be in the position of socially entertaining on his own account in his own apartments. In the future he will receive his invitations direct, not through the King.

The Prince of Wales, who returned from Paris with his tutor, Mr. H. P. Hansell, the other day, to spend his eighteenth birthday with his family, will not remain in England long enough to fulfil any social engagements beyond attending a few functions arranged in his honor by certain ladies of the court, such as the Duchess of Devonshire, the Countess of Shaftesbury and the Duchess of Teck. Accompanied by his tutor the Prince of Wales will return to Paris in a few days and continue his studies, until the Cowes regatta, the first week in August. He will then go to Scotland and remain there until October, when he will enter Magdalen College, Oxford. It is quite probable that during his brief stay in Paris the Prince will be entertained by the Marquise de Breteuil, the American wife of the head of one of the most exclusive families in France. The Marquise, who was Miss Garner, of New York, is a woman of great tact and is in a position to give the young Prince

valuable advice in regard to his social career.

Upon attaining his majority the Prince of Wales will be the recipient of many honors. It is understood he will be promoted to the rank of Lieutenant in the navy, and receive a commission in the army, being temporarily attached to the 19th Hussars until such time as the 10th Hussars return from India. His former regiment now forms part of the first cavalry brigade at Aldershot, and it is expected that the Prince will pay a flying visit to his brother officers before returning to Paris.

In due course the Prince, who is already a Knight of the Garter, will be made a Knight of the Thistle and a Knight of St. Patrick. He will also make his first appearance in the House of Lords, not in his capacity as Prince of Wales, but as Duke of Cornwall. The exact date for this debut in the House of Lords has not yet been fixed.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by all dealers.

"I thought you had sold your motor-car?"

"No, I exchanged the machine for that horse over there."

"But you seem to have both the car and the horse."

"Yes, I made a contract that the purchaser was to employ me to haul the machine every time he got stuck or broke down. Finally, he owed me so much that he sent the car back as part payment."

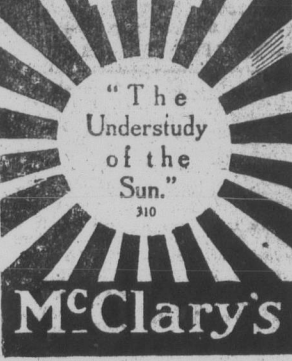

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

THE LURE OF THE SEASHORE

From time immemorial the sea has been calling the children of men. Sea faring men are lost ashore. The dwellers of inland cities and towns hearing the call come down to enjoy the cool breezes that are found by the sea. There is always life and action, even the coming and going of the tide, the eternal restlessness have a lure. People are looking for a change of scene and new places to visit each year, and Canadians cannot do better than to spend their summer this year at Long Island Sound in the vicinity of New London, Conn. The Grand Trunk Railway System will make it easy for their patrons as a new train service will be inaugurated. A handsome booklet entitled, "The Seashore," has just been issued and can be secured for the asking, from any G. T. R. agents.

BH "ENGLISH" PAINT

SAID THE FARMER—"I never look for bargains in paint—and I wouldn't buy cheap paint if my wife, my time is worth money to me, so I use **BRANDSMA HENDERSON** Limited, "ENGLISH" paint whenever I have a job of painting to do. I find **BH "ENGLISH"** paint spreads easier than cheap paint—I can do my painting quicker with it. I find too that it holds its color longer—so I don't have to paint so often. The examinations which took place in our Superior school here last Monday afternoon, proved a great credit to the Principle Mr. L. Jones and his fellow teachers, Miss Emma Harquail, Miss Vera McInerney, and Miss Lena Miller. A most enjoyable programme of music was carried out followed by a splendid reading by Miss Hilda Stewart after which came the distribution of prizes, Master Alfred Kirk being the lucky winner of the silver medal for Chemistry. A very nice presentation was then made to Miss Lena Miller, who has been teaching here for several years, and who was much thought of esteemed by her pupils as well as outside friends.

Master Everett Harquail ably read the address, while her class presented her with a bouquet of lilies of the valley and a handsome leather pocket book. Miss Miller who has resigned from teaching, will be greatly missed and she leaves accompanied by a host of good wishes.

Appropriate speeches were made by Rev. Mr. Kierstead one of the professors of the University of New Brunswick, Rev. Mr. Coleman, Mr. Geo. Haddow, ex-M. P., Mr. T. G. Scott and Mr. E. Rene Richard.

Mrs. De Troop (who is short-sighted) "Good morning, Mrs. Simkins! Your husband must be very fond of gardening. I saw him the first thing this morning down in the bottom of the garden. And how well he looks, to be sure!"

Mrs. Simkins turned her back and slammed the door in her neighbor's face. The latter, agitated, went to tell her daughter.

"And you told her, mother, that the thing in the onion-bed was her husband?"

"Of course I did."

"Well, that's not her husband; that's a scarecrow!"

MANN'S MOUNTAIN

Many of our men are away, working on the river.

Our school has been closed for the summer vacation.

Mr. Wesley D. Babcock has purchased a new carriage and harness.

Some of the young ladies are casting shy glances in Wesley's direction.

Mr. Randolph Mann paid a flying visit to Moncton last week.

The many friends of Mr. Roy G. Myles are glad to hear that he is rapidly recovering.

BRIDGEVILLE

A long time has past since anything has been said about our little village so I thought I would break the long silence.

We have had quite a spell of rainy weather, but it is quite fine now, and the farmers are quite busy getting in their crops.

All the drives are out and the Sherbrook Mill has started sawing and expect to be running all summer.

Mr. Sandy Robertson left Thursday for Gaspe where he is employed in the Coall Lumber Co.

Mr. Kerr, school Inspector, visited the school under the care of Miss V. M. Conell and was delighted with the progress made during the past year.

Mr. Erin Tapp and son arrived on Sunday where he intends remaining for a visit at his home in Barachois.

Mr. J. C. Allan of Shigawake is visiting at his daughter Mrs. J. C. Ross.

Miss Cull and Miss Quinn were the guests of Miss M. Buckley Barachois on Saturday.

Wedding bells will ring in the near future.

EXCURSION TO CARLETON P. Q.

On Sunday June 23rd, about thirty of the Chaleur Bay Mill's employees with Mr. Henry Allan at the head, left the wharf at Restigouche at 11 o'clock a. m., on the tug boat Frankie H., calling at Campbellton to take a few friends on board making the party about thirty five all told. After leaving the Campbellton wharf a song was rendered by Messrs Pichette Bros., Mr. Gelmices, and Mr. Lemay who are remarkably good singers. The song was the popular Canadian song "Oh Canada". Arriving at Carleton wharf about one hundred people were on the wharf awaiting their arrival as they could very well see that something was up as the Union Jack and National flags were up on the little craft. We received a hearty welcome from the good citizens of Carleton, offering at their ripe to go through the village and inviting us to dinner. The afternoon was spent in driving about the village and visiting the friends. At 7 o'clock p. m. we were all ready to return and before leaving the wharf we all joined in a song "Bon Soir mes Amies Bon Soir au Revoir" which was responded by about one hundred of our Carleton friends on the wharf. At 11 o'clock we called at Campbellton to let our few friends off and then proceeded to our destination. It was quite a nice trip for some of them had never seen the salt water before, having been brought up in an inland country. Not forgetting Capt. Barton and his crew who done all they could to make us comfortable on the little Frankie H. It will not be surprising if we renew this pleasure trip again in the month of July.

Mrs. De Troop (who is short-sighted) "Good morning, Mrs. Simkins! Your husband must be very fond of gardening. I saw him the first thing this morning down in the bottom of the garden. And how well he looks, to be sure!"

Mrs. Simkins turned her back and slammed the door in her neighbor's face. The latter, agitated, went to tell her daughter.

"And you told her, mother, that the thing in the onion-bed was her husband?"

"Of course I did."

"Well, that's not her husband; that's a scarecrow!"

SUNDAY SCHOOL CONVENTION MEETS

Continued Report of the Proceedings from last Week

STRONG RESOLUTIONS

(Continued from last week.)

The new officers for the coming year were then installed by Mr. Ross, who offered a brief prayer, and presented the members of the executive with leaflets bearing on their duties.

The report of the Credential or Enrollment committee was presented to the convention as follows:

Total number of delegates 39.

" " " Supt's 8.

" " " Teachers 11.

" " " Scholars 18.

" " " Ministers 2.

Schools represented 16.

It was moved and seconded that this report be accepted. Carried.

A report from the Audit committee was then called for, but owing to Mr. MacMillan's absence, and a misunderstanding on the part of Mr. Appleton, this report was not forthcoming. It was moved and seconded that Mr. D. C. Firth be appointed to assist the Audit committee. Carried. This committee was instructed to audit the books of the Sec'y-Treasurer before handing them over to the new Sec'y-Treasurer.

The next item on the programme was a talk by Rev. W. A. Ross on "Teaching Temperance by charts." Mr. Ross pointed out the great importance of thorough temperance training in the S. S., and suggested different methods of taking up the teaching of Temperance so as to interest the pupils. He had obtained a set of 14 charts, showing the evil effects of alcohol upon the human body, which he showed to the convention, speaking a few words on each one.

The committee on resolution then submitted its report. The chairman first reading a letter from the Provincial Secretary of Anti-Narcotics, in regard to the Anti-Cigarette campaign, asking the aid of the convention to assist them in this campaign. The following resolution in this connection, was read:

Resolved by this convention that we ask our secretary to assure the W. C. T. U. of our sympathy with them in their anti-cigarette campaign and urge them to continue in their efforts to secure the contemplated legislation.

Also resolved that in accord with the request of our Prov. Supt., Mrs. Clarke, our secretary also be asked by this convention to write a letter to Premier Borden requesting his earnest consideration to the above legislation sought for by the W. C. T. U.

Moved and seconded that the above resolution be adopted.

The following resolutions were also brought before the convention, and were passed on:

(1) Resolved that this convention place on record its high appreciation of the presence of Mr. Geo. Haddow, who for so many years was connected with Sabbath School work and who frequently occupied a prominent place in the Provincial and County conventions.

(2) Resolved that we tender to our Field Secretary, Rev. Mr. Ross, our confidence in his painstaking ability and earnestness, and for the splendid way in which he has arranged for this convention and for his efforts to make this convention a success.

(3) Resolved that this convention express profound thanks to the kind friends who so royally entertained delegates—to the ladies who kindly gave us such a treat—to the Presbyterian congregation for the use of their church, and to the committees and individuals and press, railways and steamboats who in any way assisted in making this convention a success.

(4) Resolved that this convention extend its sympathy and encourage

agement to superintendents, teachers and school who through difficulties and great discouragements are "warring a good warfare," and further that the convention raise its parting word in enjoining upon all our teachers, supts and delegates to remember the glorious work in which they are engaged and to prosecute it with all the enthusiasm they are capable of, that the youth of our land may be won for Jesus Christ.

(5) Resolved that the convention note with great pleasure the enterprise and endomitable perseverance with which the citizens of Campbellton have risen out of the ashes of the old, and that since we have met with them in this convention, we learn that the love of new Campbellton is as warm as ever the old was, and we believe that greater and vaster opportunities of doing good are now before them and therefore we bid them Godspeed.

Signed.

R. B. Keith,

J. H. Kirk.

The resolutions Nos. 1 and 3 were carried by a standing vote.

Moved and seconded that these resolutions be adopted as a whole. Carried.

Hymn 427 was then sung, and offering taken.

Rev. Mr. Ross then spoke a few words on the importance of Organized Class Work. He showed the great advantage of system over a haphazard method of doing work, and mentioned the various forms of organized classes, such as Adult Classes, classes for boys and girls under 20, etc. The numbers of organized classes has greatly increased during the last few years and among the members may be found prominent laymen, judges, doctors, lawyers etc.

Mr. Clarke then told of his very successful organized Adult Class in Jacquet River, their zeal, enthusiasm and perseverance being an example to many.

The next item on program was "One minute Addresses on How the Convention helped me." The following people took part in this:—Rev. Mr. Kirk, Mr. Shearer, Mr. Geo. Haddow, Mrs. Wm. Firth, Mr. Kelly, Mr. John McLean, Mrs. A. Dewar.

In the course of Mr. Shearer's remarks he invited the convention to hold its next annual meeting in New Carlisle.

Moved, seconded and carried, that this invitation be accepted.

Meeting closed with singing hymn 501 "God be with you till we meet again," and Benediction by Rev. W. A. Ross.

Schools in the two Counties, with the names of Superintendents—Flatlands, N. B., Mr. W. Gillis; Sellersville Que, Miss M. Sellers; Broadlands Que, Miss B. Dickson; Kempt Road, Que, Mr. Thos. Firlotte; Glen Levit N. B., Mrs. D. Adams; Glencoe N. B., Mrs. Wm.

THE CELEBRATION

The various committees in connection with the "Back to Campbellton" movement have been doing well, and all matters relating to the celebration are well forward.

But we hear some reports which although not disquieting do not show very much of an unselfish spirit. It seems to be the purpose of certain of the merchants to remain open all this day, allowing the others who are working for success to close their places of business and make sport for the multitude. Now does this not seem a very selfish proceeding. Does it not seem manifestly unfair to ask some of the merchants to close their stores in order to take part in the various parades, and allow others to gather in all the stry purchasers who will certainly be in town? Sure it does. Its not what you call a square deal. The hotels, restaurants and soft drink places must remain open all day but all the other stores should remain closed at any rate until the parades are over and then open say from 6 till 10 p. m. Now this would give everybody a chance, and we surely are not out so much after the almighty dollar that we wish to make hogs of ourselves. If the celebration committee were to make a pronouncement on the matter that all stores were to be closed during the time of parades and sports, and had the same printed on the official programs it is not at all likely that visitors would patronize a store which was keeping open in an endeavour to corner the market. This is worth thinking over, as we must bring our programme to a successful issue and it is only by the hearty co-operation of all the store keepers that such can be done.

FALSE ALARMS

The fire department were called out this week again at an early hour to another false alarm. To some people it is quite a joke to see the brigade turn out, but when the firemen have to tumble out of bed and rush from one end of the town to the other for a false alarm it ceases to be a joke. Something must be done to stop this, or we will have a large fire on our hands some night and the firemen will not be there thinking that the alarm is the work of the crazy false alarm idiots. When a person rings in an alarm he is supposed to stand at the box till the

fire waggon appears and direct the driver to the seat of the fire. Within a very few days, the person so ringing an alarm will require to wait at the box as a device is being prepared and will shortly be installed whereby the ringing of the alarm releases a powerful battery giving a shock to the person ringing in the alarm and while not injuring him prevents him from leaving go of the handle. This will effectively cure the false alarm fiend, for once he is caught the penalty he will suffer is very severe under the laws of the province.

LETTERS TO EDITOR

Dear Editor,

With reference to our "Old Home Week" holiday, I do not see any reference whatever made to any water attractions. This is a feature that certainly should not be overlooked by our committees. With a river at our doors, that all should be proud of, we should take advantage of the evening hour, to collect every motor boat, and canoe available, and with tasty bunting and chinese lanterns, make a river scene that all would appreciate.

Yours
Canoe.

BASEBALL NEWS AND JOTTINGS

Now that the teams comprising the leagues have got over their initial stage fright, good games are now the rule at the ball field. To stimulate the rivalry among the players Mr. A. McG. McDonald has put up a prize of 12 pipes for the winning senior league team. These are very valuable pipes costing each from three to four dollars. Then Mr. Thos. Wran is donating a prize of a special Gillette razor set value \$25 for the one having the greatest number of home runs at the end of the season, and Mr. John White will give a prize of twelve silk shirts value about \$50 to the winners of the league. All that can be done to stimulate interest in the games is being carried on, and the enterprise of the managers deserves better treatment from the hands of the public. The games are worth seeing. Monday evening's encounter between the Firemen and Mechanics being worth the price of a season ticket itself.

The wants of the fans are being well looked after. Arrangements are being made to have a first class foreign team here on July 1st. Campbellton will run a special excursion train to Van Buren on July 4th and play a game with their opponents while on July 11th celebration day, Van Buren will visit here, and a great game is assured. Remember July 1st. You can fish any other day so go to the ball field that day and you will not be able to stay away from it.

Latest Games

The game on Friday evening between the Mechanics and the Firemen was well contested the railway boys winning out by 9 to 7. Scores.

Firemen & Mechanics

The game on Monday evening was a thriller between the Firemen and Mechanics, the loyal fans turning out in large numbers to view the strife. The field managers wore an extra large expansive grin when the box seats were filled to overflowing and with good ball being played all went "merry as a marriage bell." Some great stunts were seen in the field, a splendid running catch by Duncan eliciting loud and abundant cheers which no doubt soothed Chip's feelings after his somersault. Chip is some acrobat believe us. His next daring act was to try a high jump over Paterson at first, but George is rather tall and his nasal appendage suffered. First aid to the injured was of the spartan type, some one pouring water on Paterson's neck, while others said hold up your head. Gee no wonder George laughed, while his gore dyed the field of battle. The next event of the season, was from the peerless second baseman of the Firemen, Mr. J. Smith. Mr. Smith is some smiter believe us and after being safe at first, he made to steal second. When the ball was down in Water street he fell asleep and was tagged. Mr. Smith should know never to believe an opponent.

AT THE RANGE

The local Rifle Club are getting busy. With the advent of the hot weather a number of shooting enthusiasts are taking full advantage of the ranges.

TO PREACH HERE

Rev. W. McDonald of Fredericton will preach in the Presbyterian church during the month of July during the pastor's absence.

CLEANING UP

The citizens are doing nobly in the matter of cleaning up their places, and if they keep going we will have quite a swell place by the 11th of July. Keep it up.

GET BUSY

Cannot the city Council remove a few more eye-sores—filthy shacks—from Water St. before the 11th July.

FALSE ALARM

On Monday night at 12:30 an alarm was rung in from Box 21 which turned out to be a false alarm. Much grumbling ensued as it is not a nice thing to turn out of bed and rush to a call and find nothing doing. An example should be made of a false alarm fiend.

STILL ANOTHER

On Wednesday forenoon an alarm was sent in to the Fire dept. for another fire in the Asker building burned just the other day. It was found that some rags were burning, catching fire presumably from the mill as there are no windows in the building. The fire was stamped out without the need of the brigade.

OFF TO CAMP

F. Company, of the 73rd regiment left for Camp Sussex on Tuesday morning under the command of Capt. A. E. G. McKenzie. Capt. Fair and Lieut. A. T. LeManc accompanied the men, and Lieut. F. E. Lockhart will join the company at Camp. F. Company this year has a signalling corps attached and at parade made a good showing.

Rhubarb, cabbage, cucumbers, lettuce, tomatoes and celery, tomatoes ketchup, salad and mustard dressing, sour and sweet mixed pickles, Pickled onions, walnuts olives, etc. Marquis & Co.

PRETTY SPOT

The Cemetery Co. have had men employed for the last couple weeks, trimming hedges and renovating the grounds generally in that exceedingly pretty spot on the highlands to the west of the town.

At no time of the year will you find them looking prettier than at the present and all our citizens should take most interest in doing something to beautify "Campbellton's Rural Cemetery."

PRESBYTERY MEETING

The Presbytery of Miramichi held its regular quarterly session in St. Andrew's Church here Wednesday.

There were present Rev. J. H. Kirk, of Dalhousie, Moderator; Rev. J. M. McLeod, of New Mills, Clerk; Rev. R. H. Stavert of Harcourt, Treasurer; Rev. J. F. McCurdy of Redbank, Rev. A. D. Archibald of Rexton, Rev. C. A. Hardy of Flat Lands, Rev. W. M. Mathews of Bathurst and Rev. W. B. McCallan of New Richmond. Mr. Joseph Henderson of Bathurst and several other elders were also present.

The regular routine business was gone through with. An appeal from action of the session of New Richmond occupied considerable time. Rev. A. D. Archibald gave a report of the proceedings of the Assembly. Rev. R. H. Stavert was appointed Moderator of Presbytery for the ensuing term. Rev. J. M. McLeod was re-appointed Clerk and Rev. R. H. Stavert was re-appointed Treasurer. The next quarterly session will be held in Rexton on the second Tuesday in September. Meeting closed with the benediction.

FIRE DESTROYS BARN

An alarm fire was rung in this morning about seven o'clock for a blaze in a small barn owned by Mr. H. J. Currie in the rear of his residence. The fire had a good start before the sparatus arrived and was totally destroyed. There was no insurance on the building or contents.

SUMMER VACATION

If you must stay at home fix up a corner of your porch or verandah in camping out style. You will be delighted and surprised to find what a vacation you can enjoy at home. A little money will get you quite an outfit at Kerr's Store, Queen Street, East End.

FIRE AT DURHAM

Word reached here yesterday of a serious fire at Lower Durham, which occurred there Saturday night, when Mr. Moses Pond of that place lost his house, barns and sheds with all their contents. The fire started at about eleven o'clock, when all the inmates of the house had retired, but its origin is unknown. Besides the loss above mentioned, Mr. Pond also lost a considerable amount of produce and live stock. His horses and wagon however were saved.

O'KEEFE-KEAYS

A quiet and pretty wedding was solemnized on Wednesday at the church of Our Lady of Snows when Mr. Hugh O'Keefe was united in marriage to Miss Opal Keays. Rev. Father Wallace performed the ceremony.

The bridal party were afterwards entertained to breakfast at the home of the groom's mother Mrs. D. O'Keefe, and the young couple left that morning for Gaspe on their honeymoon.

Mr. and Mrs. O'Keefe are well liked and popular among their friends and are accompanied on their tour with all good wishes.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

NEW CONTRACTS

Contractor W. H. Wallace has now his new concrete plant in operation and is at present making blocks for a two story dwelling tenement for N. Audet on O'Leary St. near St. Louis Hotel. He is also making the blocks for a residence he intends to build on the lot recently purchased from A. G. Adams on Prince William St.

FERRY LOST

Some of the lieges were rather astonished on Thursday afternoon to see the cross river Ferry up by the salmon sheds. We don't see why this wouldn't make an extra good landing place for passengers. In fact it would be more handy than the present ferry slip, especially during "Old Home Week."

The curiosity and desire for knowledge on the part of Canadians have assumed a tantalizing form as far as the census department is concerned, for it is being daily bombarded with requests for almost every conceivable type of information that the brain of man could devise. As the details of the last census have not yet been published, the thirst grows apace on the part of the public.

The Grand Trunk Railway aims and intends to make New London and its environs a popular seaside resort. The first move in this direction is the inauguration of an up-to-date night express service between Montreal and New London, which will have connection at Montreal for passengers eastbound and westbound between Chicago and Montreal and intermediate points. Such well known resorts as Fishers Island, Watch Hill, Block Island and Long Island, which are in the immediate vicinity of New London, will be reached with ease and comfort. There are splendid hotels at these places to suit the pockets of all, and many delightful cottages are open to those who desire more exclusive accommodation. A handsome booklet profusely illustrated will be mailed free on application to any of the G. T. R. agents.

MONTREAL, June 26-It is stated that the plague of tent caterpillars which has recently attracted so much attention throughout this province is likely to have a serious effect upon the apple crops, not only of this, but of next year. Wherever modern spraying methods have not been practiced, the orchards have suffered severely, while many of them have been as completely denuded of leaves as though a fire had gone through them. The caterpillars, while it may not cause permanent damage to the trees, will almost certainly greatly reduce the crop, while the upsetting of ordinary leaving conditions, and the extra demands on the trees to turn out a fresh supply of leaves after the caterpillars have finished their work, will probably seriously affect next season's crop.

Every man, every woman, boy and girl should fight the dandruff germs that are sure to cause falling hair and baldness.

PARISIAN SAGE is so delightful to use it is instantly refreshing and invigorating and best of all it kills the dandruff germs.

Thos. Van guarantees it for itching scalp, falling hair, dandruff and for faded, dull looking hair. He guarantees it as good as a bond.

Premier Asquith, receiving a deputation from the Associated Chambers of Commerce regarding industrial unrest, said he was unaware of how far the Canadian labor law made compulsory an investigation before a strike or lockout became possible, but he intended having a careful enquiry made into the working of the Canadian law, and seeing if it could be adopted here.

It Was a Marble Reproduction, However, And Was Quickly Repaired

The statue of Sir Wilfrid Laurier which was supposed to have gone down with the Titanic, while it was actually on La Bretagne, has been put up at Ottawa. Monsieur Paul Chevre, the sculptor watched anxiously while the product of his art was moved by the ship's crew from its position under the water to take it himself. How careful he would be with it—how much more genteel! Then one cannot tell how things happened.

"It fell on its nose." The nose of Sir Wilfrid Laurier was broken.

The workmen stood back amazed at the horror stricken M^r. Chevre tore through the crowd shouting "Hurry hurry!" He stopped in his wrath. He looked at the men. "Allons," he said. That was all. And they went. He sat alone looking after them as if he had afternoon sleep drearily on. He saw nothing in his sleeves. He hesitated something along around him. He was walking off and the statue was broken. But he worked on till the twilight. Then he got up and looked at it. One more touch there and one here. One more touch there and another broken piece.

"Unsinkable Ship"
Captain A. C. Caines, of Swansea, Wales, has invented a safety vessel which he claims to be unsinkable. The model, which has taken him a year or more to construct, shows a kind of airtight belt round the hull of the craft. The belt, which brings out the hull in a curve, consists of a range of airtight compartments, along its whole length, and the inventor claims that if the ship was cut in two it could not sink.

Joseph Doucet, who left his home in Rogersville sometime about the middle of May returned home last Sunday week in an exhausted condition. Mr. Doucet says he does not remember anything that occurred up to a couple of days prior to his reaching home. He had an awful experience getting home when he regained his senses; he had to crawl on his hands and knees, he was so weak that he could not walk, and it is reported that, although a very large number of people were scouring the woods, that he had not seen a man from the day he left home until his return. The first glimpse that the neighbors got of Mr. Doucet during his absence of seventeen days was when they saw him crawling towards his home, coming from the direction of the woods. Although Mr. Doucet still feels the effects of his rough experience, he is improving as well as can be expected. Mr. Doucet is a fine man, and it appears that his mind is unbalanced every year during the month of May.

HEAVY DRINKER CURED

Samaria Cured Him and He Helps Others.

A man who has been released from the awful ravages of drink and whose first thought is to help others, shows the spirit of true brotherhood and philanthropy. Read his letter.

The Samaria Remedy Co., Toronto, Ont. "Will you please send me book on drink, also circulars relating to your valued remedy for the drink habit. I wish to hand these to a friend who is going to ruin through drink. You will remember that I have taken your remedy, and I find it all you claim it to be. I never think of taking or using strong drink in any way, as all I desire for it has left me. I cannot speak to highly of your wonderful remedy. You may use my name in any way you wish in public.

H. Lillywhite, Bridgen, Ontario. Samaria Prescription is tasteless and odorless, and dissolves instantly in tea, or coffee, or can be mixed with food. It can be given with or without the patient's knowledge. It removes the craving for drink, builds up the system and restores the nerves. Drink becomes distasteful and even nauseous.

Drink is a disease not a crime. One drink of whiskey always invites another. The inflamed nerves and stomach create a craving that must either be satisfied by more whiskey or removed by a scientific treatment like Samaria Prescription. Samaria Prescription has been in regular and successful use by Physicians and Hospitals for over ten years. If you know of any family needing Samaria Prescription tell them about it. If you have a husband, father or friend that is drifting in to drink, help him save himself. Write to day.

A FREE TRIAL PACKAGE of Samaria Prescription, with booklet giving full particulars, testimonials, price etc. will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence strictly confidential. Write to-day THE SAMARIA REMEDY CO. Dept 77 49 Colborne Street, Toronto, Canada. Also for sale by Thos. Wran, Druggist, Campbellton, N. B.

BRITISH SOCIETY CIRCLES AGITATED

A sensation has been caused in society circles in connection with a remarkable application which has been made to the courts for an injunction to prevent a woman, whose name is not disclosed, from trafficking in the badges that admit to the royal inclosure at Ascot. The handling of the charges is under the management of Viscount Churhill, of Wyckwood, the fee or grant resting in the King. For obvious reasons every precaution is taken to prevent unauthorized persons from obtaining admittance to the inclosure, but it was discovered recently that several official badges of admittance had been sold or transferred, the names on the badges have been erased and others had been inserted. A leading society woman is understood to be the guilty one.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all dealers.

ENJOYING THE BEST OF HEALTH

"Fruit-a-lives" Cured His Rheumatism

PROF. J. F. DAVIS

I want to say to the people of Toronto and elsewhere that "Fruit-a-lives" is my only medicine and has been for the last four years. Previously that, I had been very much troubled with Rheumatism and Kidney Disease, and had taken many remedies as well as employing hot applications of salt bags etc., without getting satisfactory results. Noticing the advertisement of "Fruit-a-lives", I adopted this treatment altogether and, as everybody knows, since taking "Fruit-a-lives", I have been enjoying the very best health and find it a pleasure to follow my vocation of Dancing and Department Instruction.

Prof. J. F. DAVIS, the celebrated teacher of dancing and department in Toronto, is quite frank in stating that "Fruit-a-lives" alone cured him of distressing Rheumatism and Kidney Trouble. 25c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

FORMER WINNIPEGGER HIGHLY HONORED

Frank Mariaggi Elected to French Chamber of Deputies—Made Fortune in West

Mr. Frank Mariaggi, a former well-known resident of Winnipeg who made a fortune in Winnipeg and Edmonton real estate, and who removed to Corsica six years ago, after 30 residence in the Canadian northwest, has been elected a member of the French chamber of deputies for Corsica. He had the choice of being mayor of Ajaccio, the island's capital, or a member of the nation's parliament for the island, and chose the latter.

Mr. Mariaggi went to Winnipeg with the Wolsey expedition as a private soldier, and continued in barracks' life for a few years. Then for several years he was a well-known chef, and later on conducted the Winnipeg club, but finally entered into the restaurant business, but in 1888 removed to Calgary. After two years residence there, he went on to Edmonton, and then to Fort Saskatchewan, where he conducted an hotel. When the gold excitement broke out, he went on to Dawson, and finally joined the Yukon gold rush in 1900. Returning from Dawson he sold his business in Fort Saskatchewan and removed to Winnipeg establishing The Mariaggi, which he conducted for six years and went back to his native land, having accumulated considerable money through shrewd speculations. There he bought back his father's inherited estate to his landed area, built a beautiful home, and laid out one of the finest gardens in the city, employing 50 hands for several months in carrying out his plans. Mr. Mariaggi has resided there ever since, except two trips he has made to western Canada closing out his real holdings, including an hotel at Port Arthur, which he had purchased during his term of occupancy of The Mariaggi in Winnipeg. In Corsica he soon became a leader in every progressive movement, his new world ideas soon placing him at the head of the progressive branch of French politics.

REGISTRATION CARD TO PREVENT LOAFING

With the object of preventing or at least checking the spread of idleness and loafing a plan has been suggested by Rev. Father Minehan of Toronto, to have a registration system. Father Minehan's plan would require every man over eighteen years of age to have a card similar to the card of identification nearly always issued by accident insurance companies to those they insure, setting forth the holder's name, address, employment, and the place where he works.

This, Father Minehan thinks, would prevent loafing, and with that obviates a large proportion of crime, as the bulk of it is committed by loafers, who "do nothing but hang around and sponge on other people." If this plan were carried out, a policeman finding a man loafing in a park could demand to see his card of registration, and if the man could not produce it he would be liable to arrest as a vagrant. If he claimed to come from some other place, he would be required to show what his business was here.

"This method prevails, I believe," said Father Minehan, "in some European countries."

HERO OF LADYSMITH DEAD IN ENGLAND

Sir George Stuart White a Distinguished Soldier.

Field Marshall Sir George Stuart White, governor of Chelsea Hospital, London's home for aged soldiers, and one of the most distinguished soldiers in the British army, died on June 24th in his 77th year. Sir George White, who was an Irishman, having been born in County Antrim in 1835, passed through a strenuous life as a soldier, fighting Britain's battles in all parts of the world. He went through the terrible hardships of the Indian Mutiny in 1857, as a young officer, taking part in many engagements with the Sepoys. It was, however, during the Afghan war in 1879-80 that he had his fame and won the rare distinction of the Victoria Cross, "for valor." At the Battle of Charasiab he led two companies of his regiment, the Gordon Highlanders, up a steep mountain to attack the strongly posted Afghan fanatics. When his men halted exhausted, he seized a rifle advanced alone and shot the Afghan general dead. He accompanied Lord Roberts on his march to Kandahar, and in the charge rode straight up to the muzzle of the Afghan cannon, captured one with his own hands and assured the British victory. He afterwards participated in the Sudan expedition in 1885 for the relief of General Gordon and the same year in the Burmese war. In 1897 when he was commander in chief of Natal he defended Ladysmith against the Boer besiegers for 119 days. After the Boer war he was appointed governor of the fortress of Gibraltar.

Each age of our lives has its joys. Old people should be happy, and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by all dealers.

UNIQUE EXPEDIENT

Needing more money for their schools than was being raised by taxation, the inhabitants of Wake County, North Carolina, adopted the unique expedient of cultivating the land surrounding the schools, the money obtained from the sale of the crops being used for the benefit of the school. Seventeen such school farms of from two to ten acres each were started last year. They were worked by 1,200 persons, men, women and children, who contributed their labor free. The net gain from the enterprise was nearly \$1,200.

The income, received from the sale of the products raised on the school farms is used for general school purposes. It is hoped by this movement to accomplish three things: First to make money to be used in supplementing the school fund; second, to offer an opportunity to make practical agriculture in the rural school entirely practical and to distribute how pleasant farm work can be made under proper conditions; and, third, to offer rural communities opportunities for gathering to develop the social side of farm life, with the school-house the social centre of the community and the principal occupant of the people farming—the centre of interest.

MOTHER OF LARGE FAMILY

Tells How She Keeps Her Health—Happiness For Those Who Take Her Advice.

Sentville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, Lydia E. Pinkham's Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has helped her.

"I am always ready and willing to speak a good word for Lydia E. Pinkham's Vegetable Compound. I tell every one I meet that I owe my health and happiness to your wonderful medicine."

—Mrs. J. G. JOHNSON, Scottville, Mich., R. F. D. 3.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy for woman's ills known.

LIVINGSTONE'S DAUGHTER

Mrs. Bruce Was Keenly Interested in All That Pertained to Africa

Mrs. Agnes Livingstone Bruce, whose death took place in England was the elder daughter of Dr. Livingstone. Mrs. Bruce was born in Africa, at Kuruman in 1848. When four years of age she was sent home to England for her education, and on her father's return, after the famous journey in the Dark Continent, she spent a large amount of time in his company, travelling with him in Scotland and England. Her enthusiasm for her father's work in Africa was maintained all through her life, and it is matter for regret among those who knew her intimately that a good deal of direct and personal information relating to the explorer and his work must now be lost. As Mrs. Bruce had not seen her way to record her impressions and reminiscences in any permanent form, Mrs. Bruce herself made six journeys to Central Africa and visited and explored the districts associated with her father's name.

A HIGHLY PAID MAN

Only Kaiser Receives More Than German's Ambassador to London

Baron Marschall von Bieberstein, the new Ambassador of Germany at London, will receive a salary of \$37,500 per year, which is a higher salary than is paid by the German Government outside of the compensation which the Kaiser receives. Baron Hans von Bieberstein, the German Minister at Paris, who has been raised to the post of Ambassador and who is a nephew of Count Bernstorff, succeeded in 1907 to the post of the right-hand man and Controller of the Embassy in 1906. He was married to a daughter of Count Alvensleben, a German-American at Paris, and was divorced in 1897 after a duel with Count Waldemar von Gyllenbrand, who divorced his wife a few months later. Baron von Wangelheim then married the Baroness Johanna von Spitzberg.

YOU THINK IT'S RHEUMATISM

You Haven't Rheumatism!

It's only fallen instep—a breaking down of the foot arch—easily cured. Flat-foot brings muscular pains that feel much like rheumatism and are often diagnosed as such. The one cure is to properly support the arch of the foot long enough to give it time to grow right. The Scholl "Foot-Eazer" does this—takes off all the strain—Nature cures the trouble. The

Scholl "Foot-Eazer"

worn inside any shoe—gives just the right pressure at the right spot—and not only overcomes the strain produced by flat-foot—which is responsible for all the aches and pains of the feet and limbs—but also eases the feet, body and nerves and prevents flat-foot. The Scholl "Foot-Eazer" gives the feet a well-arched even tread. For men and women—price \$2.00 the pair.

Your money back if they do not ease your feet.

Get the Scholl "Foot-Eazer"—not an imitation. Your health is too important to run any risks. Ask your shoe dealer or druggist to let you try a pair.
