not be Legislated by Legislation,"

which was published on first page

of last issue, was an abstract of a

Brecken on Sunday, 22nd ult.

DEATH OF DR. BOTSFORD.—Dr.

LeBaron Botsford, brother of Sena-

tor Botsford, and son of the late

Hon. Wm. Botsford, died very sud-

denly at his home in St. John last

Tuesday morning, aged 76 years.

For nearly half a century Dr. Bot-

sford has been one of the leading

citizens of St. John, and has always

been foremost in good works. He

will be greatly missed in the city

and his death is deeply regretted.

ROUWAY ACCIDENT.—On Satur-

day a horse driven by Mrs. David

Snowdon, of Wood Point, took

fright near Shaw's Hill, and ran

away, upsetting the sleigh and

throwing Mrs. Snowdon out. The

horse then collided with a horse be-

longing to C. A. Cole which was

bitched near H. W. Knight's. All

the harness, including even the

bride, was stripped off Cole's horse

and his sleigh was broken. Mrs.

Snowdon escaped without serious

injury, but her sleigh was nearly

destroyed.

TEMPERANCE MEETING.—A very

successful temperance meeting was

held in Music Hall last evening.

Prof. Burwash presided and the hall

was seldom held a larger audience.

After prayer by Rev. Mr. Wyllie,

and a few remarks by the chairman,

the meeting was ably and eloquently

addressed by Rev. R. S. Crisp and

Rev. W. B. Hinson, who forcibly and

effectively presented the evils of the

liquor traffic and the claims of the

Scott Act. At the close of the ad-

dress Dr. Stewart moved that the

sense of the meeting be taken on the

question, "The matter was tested by

a rising vote which was practically

unanimous, as a large majority of the

audience voted for the Act and none

against it. After a vote of thanks to

the speakers, the meeting was closed

with the benediction by Rev. W. E. Hall.

GENERAL NEWS.

—The sugar trust in the States has

closed up four refineries.

—A large quantity of cotton seed has

been sent to Zanibar for planting.

—Advices from Victoria, B. C., place

the loss of life in the Wellington mill

disaster at 85.

—Loaded teams have been crossing the

Annapolis river this winter. It is said the

loss of life is the worst for 107 years.

—The building was destroyed and the

workmen blown in all directions, sev-

eral being badly injured. Every pane of

glass within half a mile of the factory was

broken.

—Last week a terrible explosion occur-

ed at a dynamite factory at Bethayres

station, Pa. The building was destroyed and

the workmen blown in all directions, sev-

eral being badly injured. Every pane of

glass within half a mile of the factory was

broken.

—The annual statements of the Bank of

Nova Scotia and the Merchants' Bank of

Halifax show these institutions to be in a

thoroughly prosperous condition. Their

net profits were \$320,000, out of which

\$138,000 were paid in dividends and \$80,-

000 were retained in the funds. They have

over six millions on deposit in these two

banks alone.

—The Frederick Glaser says: The

spruce loggers in all the northern wood-

lands are in a state of great anxiety and

good weather for hauling can make them

happy. Reports indicate that the outlook

has changed a good deal. The January

came in, and that with good weather in

February and March a big cut of spruce

can be got in.

—Sir FRANKBURY MIDDLETON's article

on the Canadian Militia in *Columb's**United States Magazine* comes as a timely

reminder that there is another view of the

service than that presented by Sir

CHARLES DILLON's disparaging remarks in

the *Fortnightly*. It may be that the

Canadian system is not so much exten-

sive, "cheap system," and this will, it is hoped,

be to some extent remedied this year; but

Sir Charles's remarks are, in the main, un-

founded. It is a citizen soldiery.

It certainly is not true that the Canadian

Militia are inefficient. On this point

GENERAL MIDDLETON will admit of no

hesitation. He points with good reason

to the North-West rebellion, the various

insurrections of the Canadian troops under

fire, and to the courage and foresight of

their officers; and finds in it a complete

refutation of any such charge.

—On Wednesday evening, December

28th, the elegant home of Mrs. T. Lee

Terrell Stantford Plain was the scene of
