ROOSEVELT IN A GALLOP

Judge Parker, Democratic Candidate, Never Had a Chance.

Republicans Standing in the Electoral College Will Exceed That of 1902 Given to McKinley in 1904—Democratic Successes Are Confined to the Solid South—Watson, Bryan and Hearst to Organize a New Party—Story Summed Up.

New York, Nov. 9.—The Republican national ticket has been elected by a vote in the electoral college that will exceed that of 1902 given to McKinley in 1904. The result of yesterday's balloting was a resounding even to the most sanguine of the Republican managers. Confident as they were of success, they were not prepared for the astonishing figures which followed the closing of the polls—bringing into the Republican column not only all those States they had claimed as safe for their candidates, but with the possible exception of Maryland, every State classed as doubtful.

Democratic successes are confined to the solid south, in which Kentucky is included, and Mr. Parker has not carried a single State which did not give its vote to Mr. Bryan four years ago. Unofficial returns indicate that he has lost some of those who the Nebraska candidate held for his party. Official figures from some of the Northwest States may slightly change the totals, but based on the returns available at a late hour last night the electoral vote stands as follows:

The Electoral College.

For Roosevelt:

State.	Plurality	Electoral Vote.
Colorado	5,000	5
California	25,000	10
Connecticut	2,500	7
Delaware	2,500	7
Idaho	3,000	3
Illinois	150,000	27
Indiana	50,000	15
Iowa	125,000	13
Kansas	30,000	10
Maine	37,000	6
Maryland (prob. Repub.)	30,000	8
Massachusetts	100,000	16
Michigan	100,000	11
Minnesota	100,000	11
Montana	3,000	3
New Jersey	50,000	12
Nebraska	30,000	8
New Hampshire	20,000	4
Nevada (probably Repub.)	3,000	3
New York	185,000	36
North Dakota	25,000	4
Ohio	100,000	23
Oregon	30,000	4
Pennsylvania	300,000	24
Rhode Island	5,000	4
South Dakota	30,000	4
Texas	50,000	12
Vermont	30,000	4
West Virginia (prob. unknown)	3,000	5
Washington	30,000	7
Wisconsin	60,000	13
Wyoming (largely Rep.)	30,000	4
Conceded Republican.		
This gives Roosevelt a total of 325 electoral votes.		
For Parker:		
Alabama	37,500	11
Arkansas	40,000	9
Florida	15,000	5
Georgia	45,000	13
Kentucky	10,000	13
Louisiana	35,000	9
Mississippi (largely D.)	35,000	10
Missouri	35,000	13
N. Carolina (largely D.)	25,000	12
S. Carolina (largely D.)	25,000	12
Tennessee	25,000	12
Texas	190,000	15
Virginia (largely D.)	15,000	12
This shows a total electoral vote of 151 for Parker.		

New Party to Arise.

As a dramatic climax to the sensational majorities given him, came President Roosevelt's formal announcement that he would not be a candidate for re-election, lending the night otherwise so one-sided that it was impossible for even the victors to attain that degree of enthusiasm which usually marks the occasion.

Late in the night came an announcement from Melvin G. Palliser, manager of the campaign for Thomas E. Watson, Presidential candidate of the People's party, that as a result of the overwhelming Democratic defeat, steps would be taken to form a new party. To this end, according to announcement given out, Mr. Bryan, Mr. Watson and William R. Hearst would hold a conference in New York in about a week's time.

Story Summed Up.

Beginning with the State of New York, which gives a Republican plurality of approximately 185,000, the tale runs practically throughout the country, Kentucky alone showing Democratic gains. Indiana is credited with at least 40,000 plurality, Iowa 125,000 and Pennsylvania heads the list as the banner Republican State with the magnificent plurality of 325,000. Even in the Southern States the vote has been light. Georgia's Democratic majority being only between 30,000 and 35,000. Texas will probably not exceed 100,000. Nevada, which was carried by Mr. Bryan four years ago, is Republican, and the indications are that Montana, Idaho and Colorado, also Democratic in 1900, have come back into the Republican column. Delaware is credited at about 50,000 Republican, Massachusetts about 90,000, and Connecticut, in which the more sanguine of the Democratic leaders claimed to have had hopes, is about 25,000 for Roosevelt. While on the national ticket the Democrats have suffered a crushing defeat they have retrieved themselves on some State tickets. They have reversed the national vote by electing Governors in Massachusetts, Minnesota and probably in Colorado.

Very Formal.

Esopus, N. Y., Nov. 9.—At 8:30 p.

m. yesterday Judge Parker sent this telegram to the President:

"Rosemont, Esopus, N.Y., Nov. 8, 1904.

"The President, Washington, D. C.—The people by their votes have emphatically approved your Administration and I congratulate you.

"(Signed) Alton B. Parker."

Washington, Nov. 9.—President Roosevelt's reply to Judge Parker was as follows:

"Alton B. Parker, Rosemont, N.Y.—I thank you for your congratulations.

"(Signed) Theodore Roosevelt."

No Third Term For Roosevelt.

Washington, Nov. 9.—President Roosevelt last night, after the election returns clearly indicated the result, issued the following statement: "I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the full the solemn responsibility this confidence imposes upon me, and I shall do all that in my power lies not to forfeit. On March 4 next I shall have served my first term. The wise custom which limits the President to two terms regards the substance and not the form. Under no circumstances will I be a candidate for or accept another nomination."

DOUBLE CROSSED BALLOTS.

Recent in London May Show Defeat of Hon. G. S. Hyman.

Toronto, Nov. 9.—William Gray of London, who, though in the field only eight days, came within an ace of defeating a Cabinet minister strongly entrenched, is stopping at the Queen's. In fact, Mr. Gray is not beaten yet. His solicitors yesterday made application to the local judge for a recount of the ballots. The official return gives the majority of Hon. G. S. Hyman as 23, but a transposition of figures gave this result. The majority should be 18, and Mr. Gray and his friends are hopeful that a scrutiny of the ballots will entirely wipe this out.

DOUBLE CROSSED BALLOTS.

It is believed that when the recount is held practices similar to those which prevailed in No. 9 division at St. Vincent in the North Gray bye-election will be brought to light. In one of the sub-divisions of London three ballots were given the double cross, that is, ballots marked and counted for Gray were afterwards recounted and rejected. The Conservative scrutineer, Mr. Gray asserts, found the ballots all right when he counted them. He left the poll, and in his absence the district returning officer decided to make another count, with the result that the three ballots were found to have faint crosses opposite the name of Mr. Hyman. Being marked for both candidates the ballots were thrown aside.

Another ballot that was marked "Hyman Socialist," was counted for the Cabinet minister, and there are others which the judge may allow or reject, changing the result.

ROSS PRAISES MR. STRATTON

But Makes No Statement
Re Dissolution—Stratton
Gives Banquet

Probably His Farewell to the Heads
of Institutes Under His Control—
Presentation.

Toronto, Nov. 8.—Hon. J. R. Stratton, Provincial Secretary, tendered a banquet in the Parliament buildings to-night to the superintendents of the public institutions and the heads of the various branches of his department. Premier Ross was present, but none of the other Cabinet ministers.

During the evening Mr. Stratton was presented with a magnificent cabinet of silver from the staff. The Premier, in his speech, made no reference to the political situation, other than to say that he believed the Government would be sustained on its record. He spoke in great praise of the manner in which Mr. Stratton had administered his department.

Nor did Mr. Stratton refer more definitely to his probable early retirement from Ontario politics. He said: "Whether my time be short or long—if you believe the newspaper press, it may be short—but it may be longer than they say. Whether it may be long or short, there is no feeling but that of the greatest kindness between the Premier and myself. It is not the wish of the Premier that it be short, and perhaps it is not my wish that it may be too long."

THE GAS JET ROUTE

R. S. Ludlow, the dentist, was arraigned to-day in the police court on the charge of attempting to commit suicide. An employee of the Bell Telephone Co. went up to the conservative committee rooms to take the telephone out and he was met at the door by an odor of escaping gas. On investigating he found that R. S. Ludlow was lying in the room partially overcome with gas. Apparently he had knocked the gas jet off. P. C. Darr was notified and took the man in charge. This morning he was arraigned and remanded to jail.

MR. STRATTON HONORED

Premier Ross Regrets His Coming Retirement.

Heads of Departments Under the Provincial Secretary and Mr. Ross Testify to Their Esteem, and the Latter Eulogizes the Ministry of Mr. Stratton—Made Personal Sacrifices in Order to Do Valuable Work For Government and Public.

Toronto, Nov. 9.—As a pleasant interlude in political campaigning Hon. J. R. Stratton will be able to look back on Nov. 8, 1904. The occasion was a little dinner given by him in the Parliament Buildings last night. Besides the Provincial Secretary and Mr. Stratton there were present the Premier, Mrs. O'Sullivan, superintendent of Mercer Reformatory; T. Mulvey, assistant Provincial Secretary; T. F. C. Usher, Deputy Registrar; R. Christie, Inspector of Asylums; Dr. Smith, Inspector of Prisons; J. Noxon, Inspector of Prisons; E. Saunders, License Department; J. W. Gordon, Provisional License Inspector; E. A. MacLaurin, Inspector Criminal Justice Accounts; Dr. C. A. Hodgetts, Secretary Board of Health; Dr. D. Clark, Toronto Asylum; Dr. G. A. McCallum, London Asylum; Dr. C. K. Clarke, Kingston Asylum; Dr. Jas. Russell, Hamilton Asylum; Dr. N. H. Beemer, Mimico Asylum; Dr. T. D. Moher, Rockville Asylum; Dr. E. C. McNicholl, Colongue Asylum; Dr. A. H. Beaton, Orillia Asylum; Dr. J. T. Gilmour, warden Central Prison; Dr. P. H. Spohn, Penetang Asylum; R. Mathison, Deaf and Dumb Institute; H. F. Gardiner, Ontario Institution for the Blind, and E. C. Myers, Private Secretary to Mr. Stratton.

Hospitality Reciprocated.

After the dinner Mr. Stratton's hospitality was reciprocated and his personal popularity testified to in a substantial way by the presentation of a massive oak chest of silver plate containing 112 pieces, of handsome appearance and solid design. This magnificent gift was conveyed to Mr. and Mrs. Stratton in appropriate terms by Daniel Clark. The inscription engraved on a silver plate on the chest read: "Presented to the Honorable J. R. Stratton, Secretary and Registrar of the Province of Ontario by the Superintendents of the Public Institutions and the Deputies of the Department as a token of their esteem, 8th November, 1904."

Mr. Stratton appeared much affected and replied feelingly. He was glad of the opportunity to meet the heads of the departments who had so ably and efficiently supported him in the administration of affairs. Whether his time with the Government should be long or short he hoped their pleasant relations would continue.

The Premier eulogized Mr. Stratton's ministry. It was not his wish that Mr. Stratton's time should be short. He would regret very much should he find it necessary to retire. He had come into the Cabinet at great personal sacrifice, and had he not done so he might possibly today be one of the wealthiest men in the Province. He had done valuable work, not only satisfactory to the Government, but of great service to the public.

LIBERAL WORKERS BLAMED.

For the Death of a London Man By a Trolley Car.

London, Nov. 9.—It is likely that the death of John McDonald, an old Scotch carpenter, will be laid indirectly at the door of the Liberal workers in this city who on the night before the election took him and a number of other Conservatives to a barn east of the city, whence they did not escape until too late to vote.

The men were made drunk at a city hotel before being taken to the country, and it is presumed that McDonald was endeavoring to make his way home from the barn when he was struck by an electric car a mile east of the city. He was apparently under the influence of liquor when killed, as in no other way could he have risked his life in front of the car.

Arrested For Impersonation.

London, Nov. 9.—Martin Quinn was arrested here yesterday, charged with impersonation and perjury. The warrant was issued at the instance of the Conservatives. Quinn, who belongs to London, is alleged to have cast more than one illegal ballot, and upon one occasion he was sworn and took the oath. His employer is a well known Liberal worker.

Gabaria Buys In.

Yorktown, N.W.T., Nov. 9.—Nominations for MacKenzie were made here yesterday and resulted in a big surprise, Mike Gabaria entering the field as an independent candidate, thus making a three-cornered fight, Dr. T. A. Patrick being the Conservative nominee, and E. L. Cash, medical superintendent of Indian agencies, Liberal standard bearer. Gabaria, is a Galician and his candidature will, Conservatives hope, detach a large Galician vote from Cash. Sifton's nominee, and give the seat to Patrick. Election is yesterday week.

Under all circumstances be patient, speak gently and deal justly with thy neighbor.

THE CONSERVATIVE LEADERSHIP.

Writing in the Toronto News Mr. J. S. Willison says:—

The Conservative party should take immediate steps to provide Mr. Borden with a seat in Parliament. It is true that he has been routed in his own Province, and that for the moment his prestige is seriously impaired. But in Halifax and throughout Nova Scotia Mr. Borden confronted powerful hostile influences. For many years Mr. Fielding has led the Liberals of his Province in Provincial and national contests. He is an adroit politician, greatly esteemed even by his political opponents, personally clean-handed, and marked by general consent for the succession to the Liberal leadership. Besides, in this contest he had the active assistance of the Provincial Premier, who is hardly less popular or less influential in Nova Scotia than Mr. Fielding himself, and is a singularly sagacious manager of party. Then all, or nearly all, the corporate and industrial interests of the Province have intimate relations with one Government or the other, and there seems to be no doubt that both their good will and their contributions were enlisted in behalf of the Ministerial candidates. In Nova Scotia, as elsewhere in Canada, corporations and industrial concerns are likely to take a practical view of politics, and under the circumstances of the moment practical considerations told strongly for the Government.

In Halifax the prospect of a great expansion of the port through Western traffic over the Grand Trunk Pacific was influential, and operated directly against the Conservative candidates. There was a clear local conviction that the Grand Trunk's Eastern terminus must be at Halifax rather than at St. John. This is probably the general conviction of the Maritime people. Mr. Borden had also to meet the power of the Intercolonial Railway, which under this, as was the case under other Governments, was made an active electoral agency for the ruling party.

Then there is probably less genuine protectionist sentiment in Nova Scotia than in any other other Province of the Confederation. Liberal speakers still dare to use the old tariff arguments in Nova Scotia, and we do not find in the East even such a body of protectionists as immigration from the older Provinces and the United States has established in Western Canada. It is true that under such influential leaders as Sir Charles Tupper and Sir John Thompson Nova Scotia gave a liberal measure of support to Conservative and protectionist Governments. But it is doubtful if tariff was the determining issue. The considerations were personal and local rather than fiscal, and disappeared with the defeat of the Conservative Government and the appearance of Mr. Fielding in Federal politics. When to these facts and circumstances there is added the further consideration that Mr. Fielding is the only commanding personality of the Liberal faith who has appeared in national politics in Nova Scotia since Confederation, it is not so amazing that even an overwhelming disaster should have overtaken Mr. Borden, who has had only a few years of active public life, whose name is still strange to the people and who has not yet had that intercourse with the voters which gave authority to Howe and Tupper and gives added strength to Fielding.

It has also to be remembered that Mr. Borden was practically unknown throughout Canada when he accepted the Conservative leadership four years ago. He accepted with profound reluctance, with a full consciousness of the magnitude of the task to which he had set himself, and no doubt, with clear apprehension that selection by a parliamentary caucus is but the first step in the making of a party leader. He had still to impress his personality upon the country, and make his way into the affection and confidence of the people. This is the slow growth of years even in the case of such men as Sir John Macdonald and Sir Wilfrid Laurier, and there can never be certainty that even the finest parliamentary figure will become a successful popular leader. For sheer intellectual power Mr. Blake and Sir John Thompson have had few peers in the Canadian Parliament. Neither had the rare gifts of popular leadership which belonged to Sir John Macdonald, and which are possessed in equal degree by Sir Wilfrid Laurier. Hence a change of political leaders is always an experiment, and no purely parliamentary reputation gives at once that authority which intercourse with the people and ac-

The choir of Knox church spent a very enjoyable evening at the home of Miss Maud Langford on Monday evening last. The occasion celebrated the birthdays of Misses Maud Langford and Anna Shaw, and Mr. James Hughes. It was the wee small hours ere the party broke up.

SLIGHT SPRAINS GROW WORSE
Unless promptly treated. The great strength of Nerviline enables it to quickly cure all manner of sprains and strains. "I sprained my wrist," writes Leonard E. Milford, of Rockland, "while working in the mill, but had to lay off, it became so painful and swelled. I rubbed my wrist thoroughly with Nerviline twice a day and put on a bandage. The pain soon went away and frequent rubbing with Nerviline soon cured. Nerviline is undoubtedly an excellent liniment and the best pain reliever I ever used." Nerviline certainly is extra good. Price 25c.

CROTON.

A very pleasant event was celebrated at the home of Mr. and Mrs. Daniel Leach, of Harwich Township, on the evening of Oct. 26th, when their daughter, Margarette Olive May, was united in marriage to Mr. Henry Paul, an enterprising young farmer of Dawn Township. The ceremony was performed by the Rev. W. J. Ashton, of West Lorne. The bride, who was charmingly attired in white silk with trimmings of shirring and white silk lace, carrying a beautiful shower bouquet of cream roses and ferns, was given away by her father. The bridesmaid, Miss Nellie Paul, sister of the groom, was dressed in a beautiful gown of blue silk trimmed in cream silk and lace. The groom was assisted by Mr. Duncan Leach, brother of the bride. The wedding march was played by Mrs. Ashton, cousin of the bride. The ceremony was performed at six o'clock in the evening, after which over one hundred guests sat down to a sumptuous repast. A very pleasant evening was spent in music and social converse, after which the wedding party took their departure for their new home. The presents were numerous and costly, showing the respect in which the young people were held. The next evening the Croton brass band marched in a body from Croton to the young people's home and gave them a pleasant serenade, the young people of the neighborhood joining in and giving them a heartily welcome. Their many friends unite in wishing them long life, happiness and prosperity.

Some of our citizens who went to Chatham or Ridgeway on election night were not too well pleased with results.

AS A WORKING TOOL

for the student and the writer, as an authoritative reference book for schools, teachers, families, business and professional men, there is one book which offers superior advantages in the solid value of its information, and the ease with which it is obtained.

One's admiration for Webster's International Dictionary increases daily as it comes to be better known. It never refuses the information sought and it never overwhelms one with a mass of misinformation illogically arranged.

The St. James Gazette of London, England, says: For the teacher, the pupil, the student and the literateur, there is nothing better; it covers everything.

The New and Enlarged Edition recently issued has 25,000 new words and phrases, a completely revised Biographical Dictionary and Gazetteer of the World, 2800 pages and 5000 illustrations.

Our name is on the title-pages of all the authentic dictionaries of the Webster series.

UP-TO-DATE AND A LITTLE MORE.

Guy Bros' Minstrels is an organization now in its 33rd year, yet it shows no signs of age. It is not only up-to-date in the splendor of its scenic and electoral effects, and in the freshness and excellence of its long list of performers, its singers, dancers, comedians, and acrobats, but it is a little more than this in its display of the cinematograph wonders it may be said to be "up to to-morrow." For in the moving pictures shown by this costly machine, imported newly from Paris, will be found not only the humorous drama of every-day life, but vivid representations of scenes from the St. Louis Fair and thrilling sights from the battle ground in the far east, Presidents of the United States and crowned heads of Europe. At the Grand Opera House, Saturday night, Nov. 12.

George Klimt's \$10,000.00 production of W. L. Robert's new comedy-drama, "On the Bridge at Midnight," which will be seen here on Monday, Nov. 14th, is a production on a more elaborate scale than any heretofore attempted with this style of a play. Mr. Klimt as leading man, supported by Miss Alma Hearn, whose well-known ability as a comedienne needs no comment. This production is magnificently staged and tells an extremely interesting story of the search of a blind mother for a kidnapped child, this theme being combined with romance, comedy, and some exceptionally good character sketches all go to make the play one of surpassing interest, while the scenery is wonderfully realistic and on a massive scale, the jack-knife bridge scene, in which a working life bridge is seen in operation, being considered to be a triumph of the stage builder's art. Seats go on sale Friday.

THE SILENT SEARCHERS.

When the darkness of the night has fallen,
And the birds are fast asleep,
An army of silent searchers
From the dusky shadows creep:
Over the quiet meadows,
Or amid the waving trees,
They wander about with their tiny lamps
That flash in the evening breeze.
And this army of silent searchers,
Each with his flickering light,
Wanders about till the morning
Has driven away the night.
What treasures they may be seeking
No man upon earth can know:
Perhaps 'tis the home of the fairies
Who lived in the long ago.

For an ancient legend tells us
That once, when the fairy king
Had summoned his merry minstrels
At the royal feast to sing,
The moon, high over the tree tops
With the stars, refused to shine,
And an army with tiny torches
Was called from the oak and pine.
And when, by the imps of darkness,
The fairies were chased away,
The army began its searching
At the close of a dreary day;
Through all the years that have followed
The seekers have searched the night,
Piercing the gloom of the hours
With the flash of their magic light.

Would you see the magical army?
Then come to the porch with me!
Yonder, among the hedges
And near to the maple tree,
Over the fields of clover,
And down in the river-damp,
The fire-flies search till the morning,
Each with his flickering lamp.
—Henry Ripley Dorr.

WHERE THE LICORICE COMES FROM.
Pretty nearly \$2,000,000 worth of licorice is used up in this country every year. It all comes from the lands bordering on the Mediterranean.
Most people think that licorice comes from the wooden twigs and branches of a tree. But in reality the licorice wood is the root part of a very pretty, dainty plant, which has heart-shaped leaves that are colored bright green on one side and pale silvery green on the other.
The licorice plant is a perennial, and in England, where they are trying to make an industry of raising it, the experimenters plant it in rows between cabbages and potatoes. In the Mediterranean and Oriental countries great plantations are given up to it altogether. The licorice plant throws out immense fleshy roots, full of juice when they are fresh. They spread and burrow far in the earth, and a good big hole has to be dug to get them out.
The licorice wood, as we see it here, represents only about half the original weight and size of the root, for fully 50 per cent. of the juice is lost in drying it. Therefore the licorice dealers are getting to be more and more in favor of squeezing the juice out of the roots on the spot and then shipping this extract.

The Lennie Assize Case.

Toronto, Nov. 8.—"We find the prisoner guilty of assault with intent to murder, with a recommendation to mercy," said the foreman of the jury in the Criminal Assize Court after two considerations of the charge. "Upon what grounds do you base your request for mercy?" asked Chief Justice Falconbridge. "Upon his previous character and not abusing his family," replied the foreman. His Lordship deferred the passing of sentence on Malcolm Lennie, who was found guilty of this serious charge, until he learns something further about the character of the convicted man.

Dodd's Kidney Pills doing Good Work around Port Arthur

Mr. Dick Souvey and Wife Both Had Kidney Troubles and the Great Canadian Kidney Remedy Cured Them.

Port Arthur, Ont., Nov. 7.—(Special)—The Dodd's Kidney Pills cure the Kidney ills of men and women alike has been proved time and again in this neighborhood, but it is only occasionally they get a chance to do double work in the same house. This has happened in the case of Mr. and Mrs. Dick Souvey, a farmer, and his wife, living about seven miles from here. In an interview Mr. Souvey said:

"My wife and myself have used Dodd's Kidney Pills and have found them a big benefit to our health. We had La Grippe two winters and were exposed to much frost and cold. Our sleep was broken on account of urinary troubles and pain in the kidneys. We each took six boxes of Dodd's Kidney Pills and now enjoy good health."

Italian Election Returns.

Rome, Nov. 8.—Definite returns show that all the members of the Cabinet have been re-elected. The Government has been victorious over the extremists, who lost twenty seats. Signor Nasi, former Minister of Public Instruction, and a fugitive from justice, accused of peculation, was re-elected unanimously by his fellow townsmen at Trapani. Signor Pallizzolo, who is considered to be the head of the Mafia Secret Society, was defeated at Palermo.

THE WIFE WHO HELPS HER HUSBAND

Have you ever noticed how some men prosper after marriage, while others make no progress whatever, and in many cases fail, after a time, to retain the position they had previously won? The reasons, of course, are many and various. Ill-luck and misfortune doubtless have a great deal to do with many of the failures. If a census of the true opinions of married men was taken, however, it is safe to affirm that the majority would be found to confess that their prosperity or failure, as the case might be, was due to the women they had married.

Lookers-on often see the wonderful influence a wife can exert for the good or evil of the man she has married. Shakespeare has said that "A young man married is a man that's married." But this is by no means the case when a man marries a woman who understands her power and influence over her husband, and determines that she will use it for her husband's good.

In the first place, a wife who wishes to help her husband to success, must take a real practical interest in his work and doings. Not in an obtrusive, inquisitive manner, which will irritate a man and lead him to tell his wife not to worry about matters which do not concern her; but in a quiet, thoughtful way, which will enable her to understand his difficulties and sympathize with him accordingly.

When he is comfortably seated in his arm-chair after his evening meal, enjoying a quiet smoke, it is then that the tactful wife will draw her husband out so to speak, and get him to talk of the day's events. Maybe he will only speak a sentence or so on such matters, or perhaps refuse to "talk shop" in any way. Then the tactful wife knows that she must wait until he commences such conversation himself.

She does not set him down as grumpy and disagreeable because he will not talk. Neither does she decide not to trouble herself about his affairs if he will not confide in her when she wishes him to do so. Instead she talks of other subjects, and in nine cases out of ten it will not be long before some chance remark leads her husband to talk over the business worries of the day.

It is surprising how, when real troubles come, he will go to his wife for encouragement, sympathy, and advice. He knows that she is quite capable of helping him when things go wrong. And then he remembers that she has such a brave way of looking at things. He cannot possibly see a bright side to his trouble, but immediately on confessing such to his wife, she shows him quite plainly that there is a silver lining to the cloud. It is very rare indeed that you hear of a man with such a wife confessing a failure.

In nearly every walk of life a wife can help her husband to success—making the yoke easier and the burden lighter. It is not sufficient that she should perform her domestic duties in an exemplary manner, and nothing more. She must attend to the other wants of her husband beside his creature comforts. He needs a little encouragement and praise in his struggle to provide as much, and as well as possible, for her and the children.

Many a wife takes her husband's efforts to increase the prosperity of their home quite as a matter of course. She accepts everything from him without recognizing in the least the worthy manner in which he has labored. Nothing so disheartens a man. He will work ten times more strenuously and cheerfully when he knows that his wife thoroughly understands and appreciates his fight for success, that when she just accepts the additional luxuries he is able to provide for her in a matter-of-fact spirit.

The latter type of wife is not the one to help her husband up again when adversity throws him down. Success does not come at once to every man. But it will surely fall to the man whose wife is able to stand by him when the darkness and gloom of depression have settled about him, and infuse new hope into him, pointing a way to a new beginning, no matter how small. She must also be willing to retrench in every way to relieve the sadness and despondency that may bid fair to wreck his life.

And this brings me to a point which has an important bearing upon the success in life of a married man. The wife who would contribute to such success must help her husband to save. It is lamentable that there are so many wives who are ready to spend every penny their husband earns. I do not mean to say that they spend the money in a wasteful manner. The fault lies in the fact that no matter what the increase in their husband's income may be, they are always ready to spend the total in improving their social position. A larger house is taken, more furniture bought, and a great show made in order to let the world know that the husband is rising in the world, as the saying goes.

And more often than this method results in the husband coming down in the world again. It leads both husband and wife to live beyond their income instead of well within it. A wife must encourage her husband to follow out the saving plan if she wishes him to be really successful. For there is a great deal of truth in an old Latin phrase, the translation of which reads, "He who has acquired wealth in time, unless he saves it in time, will in time come to starvation."

The reason most people are poor is because they spend their money before they get it.

Offers Sent to Mr. Borden.

POLITICAL AFTERMATH.

Thomson (Liberal) is elected for Qu'Appelle by twelve majority.

Winnipeg Conservatives are advocating a great convention to be held next year. The party in the West are determined to continue the policy of public ownership.

Chancellor Boyd and Mr. Justice Teetzel on Monday gave judgment awarding Dr. Snider, the petitioner, in the North Norfolk election trial, \$280 costs for witness fees.

The Dominion Cabinet will hold a session on Wednesday. Premier Laurier visited Lord Minto at Government House Monday at noon. He declined to be interviewed as to his choice between Quebec East and West.

At the meeting of the Ottawa City Council Monday night something unique in the way of a resolution was passed. Sir Wilfrid Laurier as a citizen of Ottawa was congratulated on his success in the recent elections, and the motion was moved by two Conservatives, Ald. Stroud and Ald. Champagne, the latter being one of the recently defeated Conservative candidates in the city.

An Ottawa Globe Special says: A meeting of the Cabinet will be held on Wednesday. When important developments are looked for. Mr. Aylesworth has been offered a seat in Gaspe, and it is believed he will accept. He may be sworn in as a member of the Cabinet on Wednesday. Gossip has been busy with Mr. Fitzpatrick's plans, and it is quite within the bounds of probability that he may retire from politics at an early date. Mr. Fitzpatrick himself yesterday morning pronounced the reports concerning himself to be all "poppycock." Nevertheless there is a persistent rumor that he will succeed Sir Hector Taschereau as Chief Justice of the Supreme Court.

Failures are often God's fitting for future successes.

WOMEN FOUGHT DUEL

Evanston, Wyo., Nov. 9.—Mrs. Leon Demars, shot in a duel by her neighbor, Mrs. Nancy Richards, is dead. Several times the women had come to blows and each had warned the other the next encounter would be with guns. Mrs. Demars went to Mrs. Richards' ranch near Fort Bridge, and upon being ordered away displayed a big revolver. Mrs. Richards had been carrying a weapon in expectation of meeting Mrs. Demars. Mrs. Richards says Mrs. Demars fired first, but there were no other witnesses. At the second shot Mrs. Demars fell, with a bullet in her breast, but kept on firing, emptying the revolver. Mrs. Richards also fired six shots. Both are wives of ranchers. They were 30 years old. Mrs. Richards was arrested.

GIVE CLEMENTS ROYAL SEND-OFF

A Large and Enthusiastic Meeting at Pain Court Last Evening

Good Speeches Made and a Splendid Time Enjoyed by Everyone—New Member Cheered

A meeting of the electors of Dover was held in D. Gagnier's Hall, Pain Court, last evening to celebrate the glorious victory won by Mr. Herbert S. Clements, M. P., and also to give Mr. Clements an opportunity to thank the good farmers of the township who had done so nobly in assisting in his election.

The hall was crowded to the doors showing the high esteem in which Kent's new member is held by the people of the very division where he was brought up and raised. It was an enthusiastic meeting from every standpoint and each of the speakers was received with cheers and applause.

Mr. Isadore Pelletier was elected to the chair and the meeting progressed. Mr. Clements was first called upon and at the mention of his name the meeting was set wild with cheers. It was sometime before the cheers were concluded. It was the heartiest and most enthusiastic and unanimous reception ever given to any man during the past campaign. Mr. Clements thanked the electors present for their past support and hoped that he would always act in such a manner as to be worthy of that support.

Ward Stanworth, who has done valuable work during the campaign, was next heard and he also enthusiastically received. He took occasion also to thank the electors for their able support.

Mr. Boyer, Dover's popular councillor, spoke a few words next and was received with open arms by the meeting. Mr. Boyer is a popular man around Pain Court where he is known and highly respected. Dr. W. R. Hall was thankful for the result of the last election and hoped that the coming Provincial election would end just as satisfactorily. This suggestion was a popular one with the audience.

Dr. Thornton, the eloquent president of the West Kent Liberal-Conservative Association, was unable to be present and it fell upon J. M. Pike to close the meeting. It could not have fallen upon a better man. Mr. Pike is a speaker of no mean ability and the electors have not forgotten his eloquent style and pleasing manners. He made the speech of his life and was warmly applauded.

Mr. Pike always a favorite wherever he speaks and last night was no exception.

Among the others from the city who attended the meeting were the Messrs. J. M. Northwood, Ex-Mayor G. W. Sulman, Ed. Massey, Mark Daniels and others.

FOREIGN MISSIONS

Rev. Dr. R. P. McKay, of Toronto, Secretary of the Foreign Mission Board of the Presbyterian Church of Canada, is spending the day in the city on his way home, after addressing a Woman's Foreign Missionary Society meeting last night in Glen.

In conversation with a Planet representative this morning, he said: "There is a large increase in the work, which is in many cases extremely encouraging. The mission in Hanan, China, which is always liable to be disturbed by secret societies, is full of encouragement. The people are becoming more sympathetic and more ready to listen to the gospel than they ever were before. Although it is a young one apparently, there are over 60 points at which Christians have formed the nucleus of Christian churches. They are multiplying almost indefinitely. The special difficulty today is in being able to keep up with the work in the new centres. These are unable to be visited on account of the small staff of missionaries."

The same can be said of the Canton mission. It was started for the purpose of establishing a community of the Chinese in Canada and the home land. Our special aim there has been to develop a native ministry which we hope to utilize among the Chinese in Canada and other colonies as Christian agents among their own people.

"Forma" is also extremely interesting and greatly in need of a stronger staff. There we have a college, a hospital, a girl's school and 60 native churches that need supervision. We ought to have, immediately, three new men to take the oversight of that field.

"Missionaries for India are equally urgent owing to the great number thrown on our hands by famine and plagues. The suffering has greatly increased the burden on the staff. There are in that section in the province of Central India, occupied by missionaries, 17,000 villages accessible if we but had the staff to enter and take possession.

"Never at any time before were the doors so open and the appeals so urgent."

REFLECTIONS OF A BACHELOR. Babies seem to do all their teething in the night time.

The worst of being right is you always have to prove it. No harm comes to a girl who loses her heart if she keeps her head. It takes faith to teach your children what you don't believe yourself. A mother isn't willing to lose her figure even when her daughter begins to get hers.

PLEASANT EVENING

Chas. Austin, of the Bargain Centre, celebrated his 25th anniversary in business by entertaining his staff of clerks to an evening at his splendid home on Wellington street. There were about 60 present and a most enjoyable time was spent by everyone. Mr. Austin is one of the Maple City merchants who takes a kindly interest in all of the people who are employed by him and this is not the first time that they have spent a few pleasant hours as his social guests.

The evening was opened by a guessing contest. Each one represented a book, and the one guessing the most books correctly won the prize—a bottle of perfume. It was won by Miss Kate Delahanty.

An excellent program was then rendered consisting of songs by Miss Morrison, Mr. G. Brackin, Miss Ruby Gwilt, and Miss O'Reilly; an address from Mr. McArthur, readings by Miss Clements, Miss O'Reilly and Mr. Carter; recitations by Miss Cartier and Miss Oldershaw; duets by Misses Thompson and Gwilt; and a vocal trio by Messrs. Northwood, Noah and Killop. The last number was by all means the gem of the evening, as none of the participants professed to sing a single note. Miss O'Reilly's reading was a take-off on all of the clerks in the store. It was purely original and cleverly prepared and delivered.

The evening broke up at 1:30, all voting Mr. and Mrs. Austin capital entertainers. The employees were given a half hour's grace this morning in reporting for duty.

CLOTHING DEPT.

The tailor-made man and the man who wears one of these SUITS or OVERCOATS, in so far as his clothes are concerned, there isn't an atom of difference. But what a difference in the cost. The former pays say \$22 to \$25, the latter pays \$10 to \$15, if it's a suit—and \$9 to \$15, if it's an overcoat. And how keenly the first named feels the difference when he meets the last named, face to face, admires the faultless cut of his trousers, and inimitable swagger effect in his coat or overcoat, so much that he asks—"Who is your tailor?" And is informed that the clothes in question came from Austin & Co's.

We're proud to have our name associated with quality of clothing. We seek to interest more men in it whenever the opportunity affords itself.

MEN'S SUITS equal to \$15 and \$18 to measure suits at \$10. These are handsome Tweeds, all the newest effects that smart dressers will wear this Fall, also Black and Blue plain cloths—See new double breasted models—See how admirably they are trimmed, full range of sizes.

TOOK A SEVERE COLD.

It Settled In The Kidneys.

Pain In The Back The Result.

Catching cold and having it settle in the back is often the cause of Backache—the primary cause of kidney trouble. When the back aches it is a warning that the kidneys are liable to become affected. Heed the warning: check the Backache, and dispose of any chance of further trouble.

If you don't, serious complications are very apt to arise. Mrs. E. Williams, Hamilton, Ont., caught cold, and it settled in her kidneys. She used

DOAN'S KIDNEY PILLS, and is thankful for the immediate relief they gave her. She writes us as follows:

"It is with pleasure that I add my testimony in favor of Doan's Kidney Pills. Some time ago I took a severe cold, which settled in my kidneys. The soreness and pain in the small of my back bothered me greatly. After suffering for some months, and finding numerous remedies fail, I procured a box of Doan's Kidney Pills, and received immediate relief from my sufferings."

Doan's Kidney Pills may be procured at all dealers, or will be sent direct by mail on receipt of price—

50 cents per box, or 3 for \$1.25.

EARL GREY SPEAKS.

Glad to Know Our Lady of the Snows Idea Is Disappearing.

London, Nov. 8.—(C.A.P.)—Speaking at a banquet at Newcastle in honor of his appointment as Governor-General of Canada, Earl Grey paid a tribute to the national resources giving every advantage to those desiring a freer life. He was glad to know Our Lady of the Snows idea was fast disappearing. It was not wonderful that Sir Wilfrid Laurier said the nineteenth century belongs to the United States and twentieth belongs to Canada.

Asquith's View.

London, Nov. 8.—(C.A.P.)—Right Hon. Henry Asquith, speaking at Southampton, said Mr. Balfour at Edinburgh, had shown retaliation was no longer a possible program for the protectionist party when he accepted the irreducible minimum of Mr. Chamberlain's demands and assented to a fiscal conference within the Empire, thus leading the colonies to believe we were prepared to impose a preferential and, therefore, protective duty on food supplied by countries competing with the colonies. It was a betrayal of the confidence of the colonies if we did not warn them that under no terms were the people of this country prepared to assist such a policy as that to which authoritative statesmen in Australia and Canada seemed most predisposed.

Mr. Chamberlain's plan entered into no arrangements allowing British goods into their markets on level terms with our own. The conference idea was a sham and imposture.

The Question Is.

London, Nov. 8.—(C.A.P.)—The Times, commenting on Mr. Asquith's speech, says the question is not whether the colonies will admit our goods free, but upon what terms that shall neutralize the artificial disabilities imposed by foreign tariffs. It says there is good reason to be content with what the Liberals in Canada have done and are willing to do in the tariff matter.

Sympathy Significant.

London, Nov. 8.—(C.A.P.)—Speaking with reference to the messages of sympathy received from the colonies in connection with the Dogger Bank incident, Colonial Secretary Lyttelton said it showed how vitally the pulse of our great Empire beat together. This close sympathy and union was the guarantee and warranty for the righteousness of any cause we took up and the colonies cordially espoused.

Distant Reflections.

London, Nov. 8.—(C.A.P.)—The Morning Post, says that Liberals who have consistently fought shy of the Imperial issues raised by Mr. Chamberlain have given great offence in the colonies by disparagement of the colonial "offer" and cannot even discuss the Canadian election without reflections exceedingly distasteful to Sir Wilfrid Laurier and his friends.

Canada to Own Wireless.

London, Nov. 8.—(C.A.P.)—The Canadian Government has agreed if Great Britain takes over the national control of the wireless telegraph they will do the same in the Dominion.

Two New C.P.R. Steamers.

London, Nov. 8.—(C.A.P.)—The Glasgow Herald reports that the C. P. R. is arranging the building of two new steamers for the Liverpool and St. Lawrence service.

Sir Edward Protests.

London, Nov. 8.—(C.A.P.)—Sir Howard Vincent has written to The Times protesting against Sir Henry Campbell-Bannerman making political capital by interpreting the Laurier victory as a Chamberlain set-back.

Fire At Niagara-on-the-Lake.

Niagara-on-the-Lake, Nov. 8.—About 4 o'clock yesterday afternoon the residence of Miss Anna Dregar on the corner of Regent and Centre streets was discovered on fire. The alarm was given, and the fire brigade was soon on the scene. In a short time they had the flames under control. The fire is said to have been caused by a defective grate. The damages will reach nearly \$1,000, fully covered by insurance in the Royal.

Ottawa Man Missing.

Ottawa, Nov. 8.—Edward B. Cope, a well known citizen of Ottawa, has been missing since Wednesday afternoon of last week and the police are endeavoring to locate him. He is about 58 years of age and had been district agent for the Canadian Railway Accident Insurance Company. He had no apparent reason for leaving home and a baffling mystery surrounds his strange disappearance.

Australia and Canada.

Ottawa, Nov. 8.—According to a report received by the Trade and Commerce Department from J. S. Larke, Canadian commercial agent at Sydney, New South Wales, the Commonwealth's import from Canada for 1903 were \$352,939, as against \$246,580 for 1902. Australian exports to Canada amounted to \$24,837, as compared with \$33,372 for the year previous.

Exploration Party Returns.

Copenhagen, Nov. 8.—Mylius Erickson's expedition, after two years and a half of exploration of Greenland, has returned with valuable ethnographical and scientific records. The explorers lived with natives studying their language and customs.

Fire in Cardston.

Winnipeg, Nov. 8.—A despatch from Cardston says that a serious fire has broken out there, and that the Alberta Hotel and livery stable, also Horner's harness shop, have been destroyed.

Scandals Promised.

Montreal, Nov. 8.—The City Council has accepted the resignation of Chief of Police Legault and the investigation ordered promises most scandalous revelations.

AN OBJECT LESSON

IN A RESTAURANT.

A physician puts the query—Have you never noticed in any large restaurant at lunch or dinner time the large number of hearty, vigorous old men at the tables, men whose ages run from sixty to eighty years; many of them bald and all perhaps grey, but none of them feeble or senile?

Perhaps the spectacle is so common as to have escaped your observation or comment, but nevertheless it is an object lesson which means something.

If you will notice what these hearty fellows are eating, you will observe that they are not munching bran crackers nor gingerly picking their way through a menu card of new fangled health foods; on the contrary they seem to prefer a juicy roast of beef, a properly turned loin of mutton, and even the deadly broiled lobster is not altogether ignored.

The point of all this is that a vigorous old age depends upon good digestion and plenty of wholesome food, and not upon dieting and an endeavor to live upon bran crackers.

There is a certain class of food cranks who seem to believe that meat and coffee and many other good things are rank poisons, but these cadaverous sickly looking individuals are a walking condemnation of their own theories.

The matter in a nutshell is that if the stomach secretes the natural digestive juices in sufficient quantity, any wholesome food will be promptly digested; if the stomach does not do so, and certain foods cause distress, one or two of Stuart's Dyspepsia Tablets after each meal will remove difficulty, because they supply just what every weak stomach lacks, pepsin, hydro-chloric acid, diastase and nux.

Stuart's Dyspepsia Tablets do not act upon the bowels and in fact are not strictly a medicine, as they act almost entirely upon the food eaten, digesting it thoroughly and thus giving the stomach a much needed rest and an appetite for the next meal.

Of people who travel, nine of ten use Stuart's Dyspepsia Tablets, knowing them to be safe to take at any time and also having found out by experience that they are a safeguard against indigestion in any form, and eating as they have to, at all hours and all kinds of food, the travelling public for years have pinned their faith to Stuart's Tablets.

All druggists sell them at 50 cents for full-sized packages and any druggist from Maine to California, if his opinion were asked, will say that Stuart's Dyspepsia Tablets is the most popular and successful remedy for any stomach trouble.

Wife Murderer Pleads Guilty.

Winnipeg, Nov. 8.—Taylor, who murdered his wife in Winnipeg recently, pleaded guilty at the Winnipeg fall assizes on Saturday afternoon. He is in an advanced stage of consumption, and although he will be sentenced, it is hardly likely he will live till the day he is to be executed.

Grant Hall Handed Over.

Kingston, Nov. 8.—Last evening Grant Hall, which cost \$40,000, was handed over to Queen's University authorities. The ceremony took place before a brilliant gathering in the hall.

SOME GOOD SUGGESTIONS FOR YOUNG GIRLS.

Some one has suggested 12 things that every girl can learn before she is 15. Not every girl can learn to play a string or point well enough to give pleasure to her friends, but the following "accomplishments" are within everybody's reach: Shut the door, and shut it softly. Keep your room in tasteful order. Have an hour for rising and rise. Learn to make bread as well as cake. Never let a button stay off 24 hours. Always know where your things are. Never let a day pass without doing something to make some one comfortable. Never come to breakfast untidily dressed.

Bedfast for Three Years With Inflammatory Rheumatism

Helpless as an Infant—Now Walks Without Crutches

Wonderful Recovery of Mr. John McCullough, of Uxbridge, Ont.

The Clafin Chemical Co., Windsor: Gentlemen,—It is with much pleasure that I send you this testimonial regarding the wonderful benefit I have derived from the use of "Bu-Ju" Kidney Pills. Have been an invalid for nearly three years with inflammatory rheumatism, and was bedfast until about six months ago, when an old friend of the family called to see me, and left me some of your pills. I began to feel the benefit of them after taking one box. I have continued using them, and am now able to get out of bed and dress myself, and can go out without crutches. Before taking the pills I was as helpless as an infant, and had to be taken care of like one.

I honestly believe that your pills have been the cause of my getting better. I have tried about everything that could be thought of as a cure for my trouble, but feel this remedy of yours has done me more good than any of them, and I feel if I were a younger man, that by taking them for another few months I would be better. I have tried about everything that could be thought of as a cure for my trouble, but feel this remedy of yours has done me more good than any of them, and I feel if I were a younger man, that by taking them for another few months I would be better. I have tried about everything that could be thought of as a cure for my trouble, but feel this remedy of yours has done me more good than any of them, and I feel if I were a younger man, that by taking them for another few months I would be better.

I hope this simple story of the way your pills have helped me will be of value to others. I remain, yours truly,

SNAILS A POPULAR

FOOD IN LONDON

In many London restaurants, particularly in Soho, says the London Globe, snails now figure in the daily menu. This is an imported taste from France, but in the West Country snails are highly esteemed by the lower classes. As a matter of fact, the snail is extensively eaten in Somerset and Gloucestershire, both as a dainty and a medicine. There are men who make a living by collecting snails and selling them under the name of "wall fish." Boiled in their shells they are picked out and eaten with bread and butter, being counted a great luxury and very nourishing. In pulmonary diseases they are popularly ranked as a specific.

Frogs are a dainty which prejudice denies to the Englishman, though in the United States and Canada they are esteemed as highly as in France. Spasmodically a sturgeon is offered for sale in London, and the accident of its capture affords a novel dish which should not be passed by, for it is generally sold at 8d. a pound. Cut and cooked as a cutlet it tastes rather like veal, without a suspicion of fish about it.

In Germany bear's flesh is greatly favored, and smoked bear tongues, hams and sausages are both appetizing and expensive. Ever since Paris, in the siege of 1870-71 was driven to eating up the animals at the Zoo, camel's flesh has been demanded by French gourmets. Remarkably like beef in appearance, it is as tender as veal, and there are Parisians who import it regularly from Algeria. On the same testimony, lion steaks are reported to be only moderate eating, while tiger is both tough and sinewy. Jaguar flesh, however, is delightfully white and toothsome, and alligators and crocodiles provide a meal of the most delicate flavor midway between that of veal and pork.

Beef and mutton, with pork, so entirely make up the menu that lamb and veal are actually regarded as distinct dishes. Why should not goat flesh be introduced into the bill of fare? It is more eating, says Robinson Crusoe and Don Juan testify. In France it is largely eaten, Paris alone requiring 100,000 goats annually for the table. The donkey, whose flesh when killed young, resembles that of the turkey, is of much finer flavor. Though a hippopotamus banquet arranged by the late Sir Henry Thompson, was held in London some years ago, it is still almost dangerous to suggest horse flesh to an Englishman as food. In reality it is very excellent eating, and only prejudice gainsay the fact. Old and worn-out horses cannot afford either nourishing or palatable meat, or for the table, but that of a horse reared like an ox, for the table, has a finer flavor and flavor than beef though darker in color. It is served in the best French restaurants as well as being largely eaten by the people.

"It was in Paris," wrote Mr. Vandam, the author of "An Englishman in Paris," "that I learned how the cat had been misjudged. Call the dog the friend of man if you like, but don't eat him. Fry him, stew, or bake him, do what you will, his flesh is and remains oily and flabby, with a strong flavor of castor oil. But I declare that stewed puss is far finer than stewed rabbit."

Another neglected article of food, is the guinea pig. Were the edible virtues of the hedgehog known it would be of origin in epicurean favor. The correct way is to encase the hedgehog in bristles and all, with a thick coat of soft clay, and place it in the glowing embers of a fire to bake. The bristles and skin come off with the hardened clay, leaving the tenderest and most delicate meat imaginable.

HOW IT HAPPENED.

He was in doubt. On this particular evening he made up his mind that he would reach the point where doubt ends or know the reason why.

Thus it happened that he got a little closer to her than usual when he found that they were sitting side by side on the sofa.

"Do you ever think about marriage?" he asked.

"No," she replied. Of course that was a fib, and she knew that he knew it. Consequently she wished that she hadn't answered so lightly, but that is so customary in a woman that it should attract no attention.

"If I were a woman like you," he said, reproachfully, "I would think of it."

"Would you?" she inquired carelessly.

"Yes, I would," he asserted aggressively. "Perhaps," she suggested tantalizingly, "you wouldn't mind telling me just what course your thoughts would take, if you were a woman like me."

"I don't know that I can give you the exact course of reasoning," he answered, fearful that he might be getting beyond his depth, "but if I were a woman like you I feel pretty reasonably sure that I would marry a man like—er—like me."

"You do?" she said, coloring a little, but still speaking in the same tantalizing tone.

"Yes, I do," he returned doggedly. "Well, if I were a man like you," she asserted, "I wouldn't expect a woman like me to do anything of the sort until a man like you had asked her to."

It is no trick at all to hold to the course of true love after the marriage once gets his bearings so long as the signal lights continue to burn, and thus it happened that their bark sped merrily on its way.

LINEVITCH IN COMMAND

The Russian Front Now Extends Sixty-Six Miles.

Russian Cannons of Terrific Intensity Broke the Quiet On the Morning of Nov. 7. But There Is No Sign of Japanese Advance—Japs Had a Success But Russians Re-occupied Lost Positions—Japs Ignore Stossel.

Mukden, Nov. 9.—Lieut.-General Linevitch, recently appointed to the command of the first army, arrived yesterday by special train and was met by Gen. Sakharoff. He was enthusiastically welcomed by all the troops. His escort consisted of men who had been decorated with the St. George's cross. Gen. Linevitch will command the offensive on Nov. 7 along the line from Changtiao to Khenan, and occupied the villages of Outskate, Kitaitow and Paosintung, from whence, however, the Russians afterwards expelled them, re-occupying the original line. There was no fighting yesterday.

No Fighting Yesterday.
St. Petersburg, Nov. 9.—Gen. Sakharoff reports that the Japanese vanguard assumed the offensive on Nov. 7 along the line from Changtiao to Khenan, and occupied the villages of Outskate, Kitaitow and Paosintung, from whence, however, the Russians afterwards expelled them, re-occupying the original line. There was no fighting yesterday.

JAPS IGNORE STOSSSEL

Offer Terms of Surrender to the Russian Soldiers in Port Arthur.

Che Foo, Nov. 9.—The Japanese besieging Port Arthur, ignoring Lieutenant General Stossel, the commander of the Russian military forces there, have offered terms of surrender to the Russian soldiers, according to advices leaving Port Dalay Monday. In the meanwhile the ceaseless activity of picks and spades, gradually advancing the trenches, spells inevitable fate, to the watching Russians.

A Russian prisoner, captured Oct. 26, said the soldiers composing the garrison of Port Arthur, in want and dispirited, saw the hopelessness of the struggle. Despairing of relief, with food scarce and medicine, and hospital supplies insufficient it was admitted by the Russians that a Japanese victory was ultimately inevitable. The soldiers, according to the prisoner, see no reason to prolong the resistance which brings glory to their officers, but chiefly hardship and death to them. Upon hearing the prisoner's story General Nogi drafted a letter to be circulated among the soldiers themselves, the prisoner having promised to deliver it in mercy to his comrades. The letter related General Kuro-patkin's retreats and his inability to make an impression on the army of Field Marshal Oyama, to say nothing of breaking through his forces and relieving Port Arthur. The letter also pointed out that the second Russian Pacific squadron has just started on its voyage. Continuing, it called attention to the resistance of the Japanese trenches, making it a matter of weeks when the Japanese would walk into the main Russian strongholds.

In conclusion the letter offered humane treatment to all who surrendered, saying it was in the interests of humanity to prevent further useless slaughter.

Several copies of the letter, written in Russian were given to the prisoner, who regained the Russian lines unobserved by his officers. That night the Russian returned, saying his comrades would answer within a few days. He said the temper of the men seemed to show that while they were mutinous to show fate, they also did not like the idea of an unofficial surrender.

The letter did much, however, to dispel among the Russian troops the impression fostered by their officers that a massacre would follow a Japanese victory. The company which the prisoner belonged to originally numbered 800, and now totals thirty men.

Proceeding Satisfactorily.
Tokio, Nov. 9.—Unofficial news received from Port Arthur since Saturday's report of the progress made by the besiegers, indicates that the Japanese operations are proceeding satisfactorily, though slowly. Lineaments formations and rocky ground interfere with firing. It is now considered that the capture of Rihlung Mountain and East Kechwan Mountain without Antae and Elise Mountains is not sufficient to force the Russians to abandon the city proper.

Both Armies Passive.
Tokio, Nov. 9.—Reports from the Shakkie River state that both armies are still strengthening their positions along the river and are otherwise busily preparing for another great battle. The scouts are constantly in touch and frequent outpost skirmishes occur, but there is no likelihood of a general engagement. Reinforcements of Russian troops, guns and supplies are constantly arriving at the front, filling the gaps caused by the crushing losses at the battle of Shakkie River.

None Ever Returns.
New York, Nov. 9.—A Berlin despatch to The Times says: A circular, widely distributed to the Russian army, despite the strictest control, has reached here. It contains the following: "No one going to war returns. It is better to defend our rights than to shed blood unnecessarily. We workmen cannot look on with indifference while our comrades perish." As a result of these circulars further riots were reported Monday at Kaner, where several persons were killed or wounded. At Rodesack in a clash between reservists and police several men were killed.

Firing Continuous.
Mukden, via Pekin, Nov. 9.—Artillery firing was continuous all along the lines on Monday and intermittent yesterday morning. A battle might commence at any hour. It will be a question of many days, if not weeks, to decide the position which is the most interesting since the commencement of the war. Each side is waiting for the other to attack.

Jap Ship Sunk.
Shanghai, Nov. 9.—It is reported in British naval circles that a Japanese man-of-war has been sunk by a mine off Port Arthur.

Chinese Spy Executed.
Shanghai, Nov. 9.—It is reported here that a Chinese official of high rank was executed by the Japanese on Nov. 2 at the village of Shakes. The official was discovered in the act of spying on the movements of Japanese troops, it is said, on the order of Cheng, the military Governor of the Province of Szechwang.

Recalled by War Department.
St. Petersburg, Nov. 9.—Captain Reichmann and Lieut.-Col. Walter Schuyler, the United States military attaches with Kurapatkin's army, are returning to the United States, having been recalled by the War Department.

Russia Will Not Join.
St. Petersburg, Nov. 9.—Foreign Minister Lamsdore has received through Charge d'Affaires Eddy the American proposal for a second peace conference at The Hague to proceed with the work begun in 1899. Russia will decline to participate so long as the war lasts.

WM. TYRRELL DEAD.
One of Foremost Holders of Municipal Office in the Province.

Toronto, Nov. 9.—In the death of William Tyrrell, which occurred at his residence in Weston yesterday morning, there passed away one of the foremost holders of municipal office in the Province, reckoned by length of service. Mr. Tyrrell, who was 88 years of age on March 5 last, was the first reeve of Weston and was reeve of York for a continuous period of 23 years, besides having been warden of that county for several terms. Death was due to a paralytic stroke.

Mr. Tyrrell, who was a native of Kildare, Ireland, came to Toronto in 1836 and has ever since resided in the vicinity. He served as a captain of militia in the rebellion of 1867. He married Elizabeth Burr, daughter of the late Rowland Burr of Toronto, by whom with three sons he is survived. The sons are: R. S. Tyrrell, 1 Rusholme road; J. A. W. Tyrrell, C.E. Hamilton, the noted explorer, and H. G. Tyrrell of New Britain, Conn.

Killed By a Train.
Kincardine, Nov. 9.—Yesterday John Kirkpatrick, an old and highly respected resident of the Township of Huron, lost his life. Mr. Kirkpatrick was driving to town on the Saugeen road with a load of grain in a crossing. The Grand Trunk Railway track was struck by the engine of the incoming train. He was instantly killed. One of the horses was killed and the other so badly injured that it died shortly afterwards. Mr. Kirkpatrick leaves a family, consisting of wife, one son and one daughter at home, and three daughters married. Mr. Kirkpatrick was sixty years of age.

Gave Himself Up.
Toronto, Nov. 9.—D. A. Weeger of the village of Northfield, in Stormont County, came to Toronto yesterday and gave himself up to the police. He was given his liberty upon substantial bail bonds being furnished. Weeger carried on business as an implement agent in Northfield. He ordered two bicycles from the Toronto Cycle and Motor Co. This company was not satisfied with the settlement made by Weeger. They wrote him to that effect. He replied in such terms that a charge of sending indecent literature through the mails was laid against him.

Glad Suspense Is Over.
Montreal, Que., Nov. 9.—A cable dated Havana, Nov. 8, states Cuba officially delivered Hamel, the ex-paymaster of the City of Montreal, to the English minister yesterday morning. The latter immediately released the prisoner to Chief Carpenter of Montreal. Hamel is resigned, and says that while he regrets being forced to return to Montreal he is glad the suspense is over.

Fell From Scaffold.
Stratford, Nov. 9.—A nasty accident happened at one of the houses being erected by the building syndicate. Thomas Lennon and Thomas Keith fell from a scaffold, a distance of some eight feet to the ground. Mr. Keith had his shoulder hurt, and Mr. Lennon, who is a heavy man, had two ribs broken. The latter will be incapacitated from working for some weeks.

On Suspended Sentence.
St. Thomas, Nov. 9.—Edward Johnston, Albert Boughner and Leonard Graham, who pleaded guilty to twice burglarizing S. A. Crawford's store, and also burglarizing two creameries and George Wegg's carriage shop, were yesterday morning arraigned before Police Magistrate Glenn and discharged on suspended sentence.

Duck Hunters Drown.
Detroit, Nov. 9.—Jas. H. Foote and Alfred Gaines, electricians, were drowned while duck hunting at the St. Clair flats on Sunday and their bodies were recovered in the north channel in shallow water, about 150 feet from the shore, yesterday.

Hunter Shoots His Eye Out.
Kingston, Nov. 9.—J. Kenny, who lives near Arden, met with a serious accident Monday. While cleaning out his gun one of the cartridges exploded and the bullet entered his left eye. He was brought to the Kingston General Hospital and the eye removed.

Fall in Line for Your Fall Suit.

We put more care into the making of our garments than the ordinary wholesale manufacturer does.

Natural that we should, we have to stand behind them and sell them to the man who wears them, and who can easily get back at us if anything is wrong. Not so with the regular wholesale manufacturer. He never sees the man who wears the clothing. Natural too, that he should not be quite so careful as we are compelled to be. We never had so many smart styles in new suits as we are showing just now.
